GERMANS ARE HELD WEST OF WARSAW, BUT GAIN ELSEWHERE

Very Heavy Teuton Forces Attacking Railways--French Take Trenches.

By Special Wire to the Courier.
London, Aug. 3.—The armies of Germany and Austria-Hungary are held by the Russians to the west of Warsaw, but they are making progress elsewhere on the eastern front, according to the official statements emanating from Berlin and Vienna. They most determined attack evident being that directed against Wyszow, a town 35 miles northeast of Warsaw.

Pursuing their policy of cutting the communications of Grand Duke Nicholas, heavy German forces are attacking the railroad linking the main Warsaw-Petrograd line with Ostrovetzka. The latest despatch direct from Warsaw coming from a correspondent of the Associated Press and dated July 31 shows that conditions in the vicinity of the Polish capital are much better than were indicated in the latest direct despatches to the London newspapers which were sent July 29. The later information of the Associated Press states that the people are returning to their homes and that the life of the capital is resuming a normal aspect although the official establishments have made all preparations for the expected evacuation, the French and Belgian consulates being placed in the hands of the American consul.

In the west fighting again is in progress on the British section of the battle front and there has been a resumption of infantry activity with the French admitting that the Germans have captured some trenches in the Argonne and the Marie Therese district, but claiming that counter-attacks have resulted in the recapture of the lost ground. In the Vosges Mountains, Paris states that the French troops took several German trenches after inflicting heavy losses on the defenders. The record of British submarine activity given out by the British admiralty last night was supplemented to-day by a Petrograd official report which announced that an English submarine sank a large German transport on the Baltic.

VERDUN IS VERY HARD TO CAPTURE

An Underground and Well Equipped City Defends This Key to Northern France.

By Special Wire to the Courier.
Verdun, Via Paris, Aug. 3.—The German Hammering at Verdun, the fortress on which the drive of a year ago went to pieces like a wave on a rock, may continue for years and years without making the slightest impression.

The underground life with which the trench combats of this war have familiarized the world and to which the modern soldiers already are accustomed here has reached its climax in an immense underground city prepared for the defenders of the key to Northern France. Miles upon miles of streets, alleys and public squares, chambers stocked with wine, flour and tinned meats and lodgings, recreation rooms, a bakery equipped to make bread for fifty thousand men and heat, light and telephones, like a modern apartment house have been constructed beneath the unrevealing surface of the meadows of the valley of the Meuse surrounding France's barrier which has been placed in the path of whoever attacks from Metz. On the level of the old moats of the ancient fortress 75 feet below the summit, the galleries begin. There are no evidences in the most perfect military preparations that already have been completed of any lack of

FRENCH OFFICIAL

By Special Wire to the Courier.
Paris, Aug. 3, 2:30 p. m.—The French war office this afternoon gave out an official report reading as follows: "In Artois, in the vicinity of Souchez, there was spirited fighting during a part of last night in which hand grenades and bombs were largely used. On the plateau of Quenoyvillers and in the valley of the Aisne yesterday saw rather violent artillery exchanges. Soissons was again bombarded. "In the Argonne, in the sectors of St. Hubert, Marie Therese, Fontenaux-Charmes and at Hill No. 214, the

STRUGGLE BETWEEN ITALIANS AND AUSTRIANS BEGGARS ANYTHING YET RECORDED

The Fighting Along the Lower Isonzo River Has Been the Fiercest Yet—First Authentic Report of What Has Been Transpiring.

By Special Wire to the Courier.
Berlin, July 22.—(Correspondence Associated Press)—Attacks that in bitterness and determination beggar description, losses that run into the thousands, desperate, heroic useless infantry assaults following hour-long artillery fire, have characterized the terrible struggle between the Italian and the Austrian forces along the lower Isonzo River.

When the war shall have ended it is doubtful whether Neuve Chapelle and Ypres will stand out more grimly terrible than some of the bloody battles of early July along the Austro-Italian frontier. A picture of the green Isonzo literally alight with bodies of the meadows and fields along its course a veritable shambles of whole companies and battalions wiped out of existence on both sides, of prowling night attacks checked by ghostlike searchlights, and of almost unbearable artillery fire whithering and destroying in its path is drawn by Leonard Adel, correspondent of The Berliner Tageblatt in a despatch from the Isonzo frontier. Adel sketches dramatically the events leading up to the fearful Italian attacks, the secrecy of the preparations, the terrible strain of withstanding them when they did come and the bravery displayed on both sides. His despatch is in part as follows:

"In single file, the Dalmatians groped their way up the path through the woods to the Saddle of the Plava heights. Soon they could hear the rasp of spades and hacks of picks and took their appointed places in shelters that were shot at by the Austrians in the daytime, and are repaired again each night. On the night of July 4 it was unusually still, on both sides. The ghost-like arm of an Austrian searchlight groped its way along the tortuousness of the enemy, the bags of sand in which looked like rows of dead men. A shaft of light in one of its journeys revealed the enemy's sappers, lying flat behind rocks, their faces distinguishable through a glass in the bright light. "They had placed iron tubes with explosive under the barbed wire entanglements and when they found themselves discovered, they retreated, and advanced. A few of the mines exploded, the explosions followed by tangled wires and flying posts and stones. "Behind the ruin of every house in Ostavija, Gradiscuta and Podgora, behind every stone and bush there were Italians. Their number grew to an entire corps, three infantry divisions. "Their catapults spat mines into our

THE SINKING OF A GERMAN DESTROYER

Was Bagged Off the German Coast—Big Turkish Steamer Also Torpedoed.

London, Aug. 3.—The British Admiralty announced that a British submarine had returned and reported the sinking of a German torpedo boat destroyer, believed to be of the G-195 class, only July 26, near the German coast. The German destroyer G-195 was completed in 1911. The vessel displaced 689 tons and was capable of travelling at a speed of more than 32 knots an hour. She was fitted with two 24-pounders and three torpedo tubes. Her complement in normal times was 73 officers and men. **TURK STEAMERS TORPEDOED** Another statement issued by the Admiralty says: "The Vice-Admiral commanding in the eastern Mediterranean reports that one of the British submarines operating in the Sea of Marmora has torpedoed a large steamer of three thousand tons off the Mudania pier, which had several vessels secured alongside. The explosion was very heavy. A small steamer close to Karabigha Bay was torpedoed. "A report from Constantinople states that a gunboat was torpedoed in the Sea of Marmora about this time and it possibly refers to this occasion. "Torpedoes were fired at lighters alongside the arsenal at Constantinople. The result could not be seen, but the explosion was heavy. "The Zeintnik powder mills were fired at, but owing to the darkness the result could not be ascertained. **BLOW UP AMMUNITION** "The railway cut, one mile west of Jara Burnu, was bombarded and the line blocked temporarily, so that a

A HEAVY STORM

Is Reported From Toronto District.

By Special Wire to the Courier.
Toronto, Ont., Aug. 3.—One of the worst storms in a dozen years is raging in this district. So bad was it that the steamer Chippewa, for the Niagara River, after being out two hours, came back to Toronto with a hole 16 feet square in her side as the result of the heavy seas. The Steamer Garden City, which runs from Toronto to Port Dalhousie had 8 feet of her upper works washed away after being out an hour and had to come back to port, while the Steamer Dalhousie City of the same line, lost her bearing altogether while on the lake. She was located by wireless. The steamer Cayuga, having on board a number of recruits for the camp at Niagara, succeeded in making a landing at her destination after a four hour fight with the waves. The run across the lake usually occupies two hours.

AUTO FATALITY

By Special Wire to the Courier.
Rochester, Aug. 3.—Mrs. Paul West and Charles West of this city were killed and five other occupants of the automobile in which they were riding were seriously injured at Pembroke, near Batavia, at noon to-day.

CONSTABLE BLANCHARD DIES FROM WOUNDS RECEIVED AT FRONT

He Was One of the First to Leave This City as a Reservist.

Chief Slemm received a letter this morning from Mrs. John Blanchard, written in Norwich, England, which stated that her husband, Pte. John Blanchard, had been killed at the front. She also enclosed the following note of sympathy from Lord Kitchener: "The King commands me to assure you of the true sympathy of His Majesty and the Queen in your sorrow. **KITCHENER.**"

Constable Blanchard left the local police force last year, and as he was a reservist, went over to England immediately to join his regiment. He was accompanied by Constable Cobden, and it was through the latter that word was received in the city that he had been killed. A report was afterwards received, however, that he had not received a wound even in the battles of the Aisne, where so many British soldiers were killed. It will be remembered that Constable Cobden reported that Blanchard, when last seen by him, was fighting two or three Germans with his bayonet, and as he was not reported that night Cobden gave him up for lost, with the probability that he had been killed. Apparently Blanchard got away, rejoining his regiment later. Mrs. Blanchard, when news came that he was seriously wounded, went over to England and with her husband before he again went into the fighting. The deceased soldier was very well known in the city, and his death will be learned of with sorrow by a host of friends.

MAGNIFICENT GIFT

Col. Harry Cockshutt has given \$1,000 to the Brant Dragons for regimental purposes. There are many demands to be filled, and this handsome donation will prove very acceptable. Col. Muir and his associates return most hearty thanks. It will be remembered that Col. Cockshutt not long ago gave a motor car for the front.

ANOTHER STEAMER SUNK

By Special Wire to the Courier.
London, Aug. 3.—The British steamer Ranza has been sunk. The captain and eleven members of the crew of 24 have been landed safely. The Ranza, of 2,320 tons gross, 303 feet long, with a beam of 41 feet, probably was sunk by a German submarine, but a statement to this effect is withheld by the British admiralty, which has announced that it will make public information showing the waters in which German underwater boats are operating. The Ranza, which was built at West Hartlepool in 1902, and was owned by W. Christie & Company of London, was last reported as having arrived at Liverpool on July 4.

IMPORTANT GAIN

By Special Wire to the Courier.
London, Aug. 3.—The crest of the ridge in the Gallipoli peninsula has been gained by British troops, and the position of the British in the Dardanelles has been improved, according to a statement given out to-day by the official press bureau.

PRISONERS OF WAR

Were Lined Up and Shot by the Germans. Paris, Aug. 3.—The final report of the commission, presided over by Georges Payelle, president of the French court of accounts, to inquire into acts of barbarity and violations by international law charged against German troops, has been presented to Premier Viviani and was made public to-day. According to this report, the findings of which are based on the testimony of German prisoners and French and Belgian victims, German troops have been guilty of the following acts: Civilian prisoners, including women and children, were used as shields against the fire of allied troops. Wounded prisoners were put to death by order of the German commanding officer. In one case the wounded were pitched with bayonets into a burning building. Orders were given to take no more prisoners. Cartridges were reversed, split or cut to cause more serious wounds. Bayonets with teeth like a saw were used. Ambulances were bombarded, stretcher bearers fired on and surgeons taken prisoners. German wounded killed Frenchmen going to their relief. The worst charges in the report relate to an order alleged to have been given by en. Stenger, commander of the 58th German Brigade, directing his troops not to take any more prisoners and to kill everyone falling into their hands, even if already wounded and unable to bear arms. "From that day," says the report,

CANT UNDERSTAND IT

By Special Wire to the Courier.
Ottawa, Ont., Aug. 3.—The Dominion Justice Department is at a loss to understand a Seattle despatch this morning to the effect that several hundred farmers of German birth who were expelled from Canada or fled from this country to escape internment are now at Seattle, and that 1000 of them plan to establish a farm colony on the other side of the border. "We have expelled no German farmers unless perhaps an occasional one with a jail record who would be classified as an 'undesirable citizen,'" was the statement made at the Justice department this morning. "Quite possibly some have fled to escape internment, but not many. As a matter of fact very few German farmers have been interned at all. Some have been warned and then sent back to their farms, and most of them are too busy with the harvest to raise much trouble. On the whole, the German farmer of the west has been well behaved. "That a thousand Germans were ever expelled or fled to escape internment is therefore a statement which seems to have been manufactured from whole cloth." The will of Mrs. Sarah Biddick, of Jersey City left \$900 for good masses for the repose of her soul.

Glen Martin, Aviator, Was Injured by a Harmless Bomb

was injured by a harmless bomb to be used in a moving picture play, being made up at Los Angeles. The six Hamburg American liners at Brooklyn had to be turned around to adjust their compasses affected by the iron pier.

FATAL EXPLOSION
By Special Wire to the Courier.
Philadelphia, Aug. 3.—One man was killed and three others were seriously injured in an explosion to-day in the experimental bomb-proof department of the United States arsenal in Brantford, this city. The man killed was James Harkins, a civilian. The injured are two soldiers assigned to the ordnance department, who are in a critical condition, and a civilian slightly hurt. It is understood that experiments were being made with a high power explosive shell at the time

of the explosion. An investigation as to the cause of the accident is being made.
GETS D. S. C.
By Special Wire to the Courier.
Hamilton, Ont., Aug. 3.—Captain Frank Morrison, with the 16th battalion, who has been mentioned several times in despatches, has been granted the D. S. O., according to information received here by his law firm. Captain Morrison was honored for his action at Festubert, where he led his men in the famous Orchard

fight, driving out the Germans after two crack British regiments had fallen.
John H. Smith, Socialist, author, went violently insane at the Single Tax colony at Arden, Del.
The National Temperance Association will have films made to show the evils of drink by movies.
The new municipal electric plant at Cleveland supplies electricity at 3 cents per kilowatt hour.

After three years Louis Poggi, gangster, who forfeited his bail at New York, after a fight, was reraised on Broadway.
Francis M. Edgell, of Huntington, W. Va, got a divorce because his wife persisted in chewing tobacco while in bed.
Recreation—There is not so much in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla, which refreshes the tired blood, sharpens the dulled appetite, restores the lost courage. Take Hood's Sarsaparilla this summer.

Answer to query—"Is it true that Ty Cobb went one month without making a base hit? If so, when?" Absolutely true. It was the month of January of this year.
Consumers' Gas Company beat Royal Edwards 4 to 2 at Stanley Park last night. The winning battery was Dillon and Walker, while Guslin, Wright and Riley performed for the losers.
It is said that McGraw and Stallings are trying to start a strike in the big Philadelphia baseball factory so the Phils can't get balls, bats and gloves to continue their pennant drive.

Gordon Millett, of Wilton, Me., is held for the grand jury on a charge of biting a piece off the ear of W. C. Dakin.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

OWNER sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Application must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made by any Dominion Lands Agency (but not a Sub-Agency), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within some miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader is not standing may pre-empt a quarter section alongside his homestead. Price \$20 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$300 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.

The area of cultivation is subject to re-division in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

W. W. COBY, C.M.G., Deputy of the Minister of the Interior.

WESTERN TROOPS NOT WITHDRAWN

So Declares the London Times in Reply to Russian Statement.

By Special Wire to the Courier.

London, Aug. 3.—The Russian government's declaration that the reported withdrawal of German forces from the western front for the campaign in the east "creates favorable conditions for active operations by our allies there" is characterized by the Times as a "somewhat unusual official statement." The Times declares this indicates "that there must be some lack of co-ordination between the responsible military authorities in the east and west if the publication of such official statements really is necessary."

The newspaper makes the text for again urging "the imperative necessity for closer co-ordination between the operations in both main theatres as well as on the Italian front." From information at its command, the Times does not believe, however, that withdrawals of troops from the western front have materially weakened the German position there, as experience has shown that when such withdrawals are made they are immediately repaired by troops of more recent formation. The Times insists that the main German forces still are in the west, and that the recent operations in the east were undertaken in a large part by Austrian armies.

GERMANY

Is the Only Country Able to Take Rumanian Crop.

By Special Wire to the Courier.

Montreal, Aug. 3.—The Gazette has the following under a Bucharest date: "The question of the export of the harvest this year is taking a serious turn. The Dardanelles being closed, the only country to which it is possible to export the surplus is Germany. The number of waggons owned by Roumanians is not sufficient to convey the quantity of cereals and it has become necessary to apply to Germany to supply the deficiency."

"Germany is seeking by this means to put pressure on the Roumanian Government in order to obtain transit of munitions to Turkey. I am assured by the highest authority that the government will not yield to this pressure."

Tuesday, August 3, 1915

THE SITUATION.

Over the Courier's leased wire the news comes to-day that the British have taken the crest of the ridge across the Gallipoli peninsula. This is an important piece of news, and is evidence of a marked piece of progress.

The Kaiserites have not yet entered Warsaw, although the preparations for the evacuation of the place have been thorough.

John Bull, as an answer to the submarine menace, has developed new motor patrols. The underwater craft have most decidedly not succeeded in starving England, the job to which they were assigned at the start-off, and with the extra precaution named they are likely to do even less in the future.

Meanwhile the British submarines have been doing good work. A German torpedo boat destroyer is one of their bag, and a Turkish steamer another.

Very little light has been let in with regard to the fighting between the Italians and the Austrians, but a special despatch in this issue demonstrates that it has been of unexampled severity.

A CLARION CALL.

The campaign in Brantford to raise \$20,000 or more for machine guns, ambulances and other war appurtenances, has been splendidly launched.

There is no need to dwell upon the worthiness of the cause or the need of it.

We all realize now, even if not previously, that the Allies are at death grips with the most powerful and most completely-equipped foe of whom history has any record.

Their preparations have been in the making for years; those of their opponents, and especially of Great Britain—excepting, of course, the fleet—have become a most hurried necessity, with that much of a handicap to be made up at the start-off.

John Bull, however, is now pulling himself together in thorough style, and in that job he needs the unstinted help of every one of his sons and daughters throughout his vast Empire.

He has been getting it, and will get more until the last ounce of all that is available.

Brantfordites in this new effort are going to show once more just what they can do and will do.

JUDGMENT RESERVED

In Connection With the U. S. Meat Cargo Cases.

By Special Wire to the Courier.

London, Aug. 3.—Sir Samuel Evans, president of the prize court, reserved judgment in the meat cargo cases when the hearing closed to-day with the conclusion of the summing up of the case for the crown by Sir Frederick C. Smith, the solicitor-general. The case affects the disposal of the cargoes of the Norwegian steamship, Alfred Nobel, Kim and Bjornstjerne-Bjornsen and the Swedish Steamer

Friedland, consisting of farm produce, mislaid with the one object of rousing the people at home and meat from the great American packing houses and lard, which have been detained by the British Government.

Sir Frederick claimed that the entire cargoes should be condemned on the ground that they had been intended for Germany; that the claimants had failed to prove their innocent destination, and he alleged fraud on the part of the American packers.

The solicitor-general pointed out that it was only by accident that the crown was enabled to obtain a gleam of light through the interception of telegrams which had found their way into the hands of the British censors because the messages were obliged to traverse the cables passing through this country.

There had been a vast system of communication, he said, which had not come within the reach of the censors, and he asserted that the claimants had persistently refused to produce any documents.

To The Editor

A WORTHY APPEAL

To the Editor of the Courier:

Dear Sir,—May I be allowed to trespass upon your valuable space to say a few words about the appeal for machine guns which is being made through the Board of Trade.

Of all the requests which have come from headquarters, or otherwise, since the war began, it strikes me this is the sanest, most practical, and from every standpoint, most humane. The only fault that can be found with it is that it did not come sooner, thereby lessening the demand made upon our resources for hospitals and Red Cross supplies.

However, I shall say nothing about the failure of the war department to realize and make known to us at an earlier stage of the war, wherein lay the great and greatest need of our soldiers at the front. We have tried to do what we could and give what has been asked for, but surgical supplies, cigarettes and "comforts" will not cripple the Kaiser and knitting needles never saved a nation! These certainly have their place and have been appreciated by the men, but I, for one, believe in the policy of putting "things first."

Our brave fellows on the "far flung battle line," are no more anxious to die a hero's death than you are, dear reader. A grave in Flanders which may be ripped open by a German "Jack Johnson" a day or an hour after one's burial is no more attractive to them than it is to you or me! What they do want, however, is a proper and effective fighting equipment that will enable them to speedily finish the job they have set out to do, bringing to a victorious end the most horrible war on record, and returning safely to the companionship of loved ones and the "comforts" of home in a land of peace and plenty.

Now that we are permitted to know what is actually needed to hasten that glad day—we are made to share the blame and responsibility for every life lost and every day that the war lasts, if we fail to do our plain and full duty at this time of real national peril. It would be well for every Canadian to read and take to heart what Kipling and "Ralph Connor" have said recently about the present situation. They speak the plain, unvarnished truth from their smug indifference and selfish apathy.

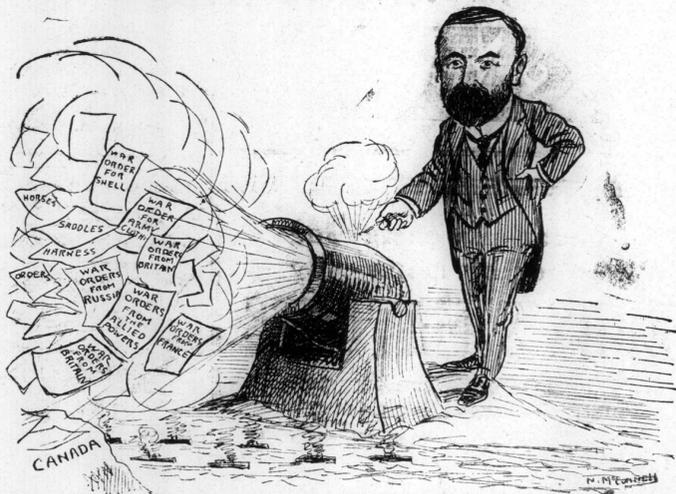

Let me say in closing that in the opinion of the writer, every citizen of the city and county should be asked and expected to contribute to the "Machine Gun Fund" in proportion to his or her property and income, assessment as provided for in the municipal assessment act, excepting those who have enlisted, or intend to enlist for active service.

Of course no obstacle will be placed in the way of the scores of our citizens who wish to, and are anxious to offer individual gift guns. The more the better. Just think of the brave defenders of our homes and Empire and the great and righteous cause for which they are suffering untold hardships and death itself, and then let us do our duty.

Respectfully yours, I. N. S.

Social and Personal

The Courier is always pleased to use items of personal interest. Phone 276.

Mr. Patriarch of Toronto is a guest in the city.

Mrs. R. H. Reville and little grandson left to-day on a visit to Detroit.

Miss Gertrude McFarland is the guest of Miss Elsie Searman, Hamilton.

Miss Kathleen Mather, Oxford st., has left on a two weeks' visit to New York.

Miss Cora McFarland is the guest of Miss Jean Mearns of Nethorn Villa, Huntsville.

Mrs. Bingham and Miss Daisy Bingham of St. Cloud, Minn. are the guests of Mrs. Tomlinson, Brant Ave.

Miss L. Davies of Marlboro street has returned from Waterloo after having enjoyed a pleasant vacation.

Misses Florence and J. Greiner returned to the city on Sunday, after spending a most delightful vacation in Muskoka.

Miss Eunice Schuler has returned to the city after spending a two weeks' visit in Toronto and Hamilton Beach.

Miss Ruth Mintern has returned from a two weeks' visit to Southampton where she was the guest of Miss L. Bowman.

Miss Pearl Littlefield of Boston, Mass. and Miss Louie Swenson of Albany, N.Y., are summering at "Cedar Valley Farm" as guests of Miss Estelle Littlefield.

The many friends of Mr. Ernest Small will be pleased to learn that his condition is very much improved. It will be several weeks yet however, before he will be entirely recovered from his illness.

The pretty grounds surrounding the home of Mr. and Mrs. Geo. Barrie were on fete on Thursday evening, July 29th, when a lawn social was given in aid of the Red Cross, by Moyle-Tranquility Women's Institute. The gaily decorated booths with their bunting and innumerable Chinese lanterns, the torch lights, and the gay crowd, all combined to make a veritable fairyland.

Supper was served in cafeteria style, under the patronage of the President, Mrs. G. T. Wood, while the booths for ice cream, flowers and home made goods were in operation. The chair was taken by His Honor Judge Hardy, who, at the close of the programme, gave a most inspiring patriotic address.

Over one hundred dollars was cleared by the evening's entertainment and will be used by the Institute for patriotic purposes.

TO NEW MEXICO

By Special Wire to the Courier. Seattle, Wash., Aug. 3.—Several hundred farmers of German birth and ancestry who were expelled from Canada on the outbreak of the war, have finally secured instrumentalities and have since found refuge in Seattle, Bellington, Tacoma, other cities of the northwest, are preparing to emigrate to New Mexico. It was announced to-day that 1,000 of them have planned a large colony near Santa Fe, N. M., to be named Hingenberg, in honor of the German Field Marshal.

TO GAIN BULGARIA

By Special Wire to the Courier. London, Aug. 3.—Discussion of the possible course liable to be taken by the Austrians and Germans after the capture of Warsaw, leads the Standard to-day to advocate editorially that the allies make a tremendous effort to gain Bulgaria by influencing Serbia to make the territorial concessions desired by Bulgaria, on the theory that a Germanic force on the south side of the Danube would overwhelm Serbia, relieve Turkey, open the road to the Black Sea and the Aegean, and bring about the complete discomfiture of Russia and have the greatest effect on the fortunes of the allies.

AUCTION SALE

Of Household Furniture. At 8 Charlotte St., on Thursday, Aug. 5th, at 1.30 o'clock the following: Parlor—Parlor suite, walnut sideboard, walnut hall rack, secretary, walnut mantle, rosewood piano, sewing machine, 3 rockers, chairs, leather rocker, cushions, pedestal vacuum cleaner, clock, brass lamp. Pitcher and Son, Auctioneers.

Boy Knight Notes

The D.U.B.S. gave a splendid concert to their mothers on Friday afternoon and the mothers showed their interest in the work by being present in large numbers. The program that was presented to them was an excellent one in all respects, including songs, recitations and chorus, which was much enjoyed by the mothers. At the conclusion of the program the mothers present held a meeting at which it was resolved to form themselves into an organization for the advancement of the Boy Knight Girl Companionship, and play ground work, and election for officers was held and the following ladies were appointed: Vice-Pres. Mrs. Reynolds; Pres. Mrs. Stewart; Secretary, Mrs. Hill; Treas. Mrs. Fear; executive committee, Mrs. Hunt, Mrs. Vansickle, Mrs. Lockyer, Mrs. Hewitt, Mrs. Ladd. Organized work will be commenced immediately.

A big campaign day will be held in the early part of September. A meeting of fathers has been called for Thursday evening. Let every boy endeavor to get his father out to it.

Commencement concert will be held on the 18th of August. The boys' big camp on Aug. 18th is most interesting.

Mr. Hunt was down to Grimsby Reach and completed arrangements on Saturday. Our boys will furnish one officer and four boys for patrol and other work daily, while at the beach.

On the 18th a monster barbecue will be held at which three whole oxen will be roasted. A tremendous crowd is expected to be present for the event. Boys must get their names in for going to camp, so that accommodation will be made for them.

Rev. Mr. Baker and Rev. Mr. Peter were interested visitors at the Armory this week.

A long distance message was received from Rev. Dr. Boville of New York on Friday, who expected to pay us a visit, but on account of train arrangements was unable to do so.

The following extract from his message to the Brantford branch of this important work is most interesting: "I send your boys and girls greetings from schools in Metropolitan and Memorial church in Toronto and from thousands of children I have visited during the past two weeks, as far west as Kansas City. They all held up their heads in token of their good will and their Canadian comrades. The increase this year in the work has been wonderful. There are now 463 schools in operation on the Continent, 1,000 children enrolled, 3,500 teachers. The centre of operations in Canada are Brantford, Toronto, Ottawa, Montreal. May the little seed that is planted day by day continue to grow. This has been a great year in the advancement of the movement."

Dr. Boville's letter and kind words certainly bring encouragement to those who have been bearing the heat and burden of the day in our own fair city.

THE QUESTION OF HEADACHES

and their cure has bothered physicians for many years, yet the bulk of the Faculty have decided that most headaches proceed from a disordered or impaired vision. Glasses will frequently become necessary in order to get rid of pains in the head. Consult us about the right kind of glasses.

BRANTS COPPED TWO FROM THE FOREST CITY

NOON STUNT BY 2-3 IN THE TENTH GOT THE MORNING GAME BY 1-0 AND THE AFTER-NOON.

(London Free Press) It is true that Brantford was credited with two additional games in the front column of the Canadian League yesterday morning and afternoon, the occasion being London's civic holiday and the standing tradition that the Tecumseh cannot win ball games before large sized crowds or any day that the working man has a chance to loosen himself to the extent of two bits and even more was not broken by any means; it was rubbed in solemnly.

Sluggishly holding and base running similar to that played when we choose sides practically presented the Brants with both of yesterday's games. The game in the morning was a 1-0-0 affair and by far the best game of the two, while in the afternoon the score was another one-run decision, the Red Legs romping off with a 4-3 score.

THREE HITS OFF WARNER Mulina, pitching for the locals in the morning game, allowed three bunched hits in the sixth inning, a perfect throw by Eckstein to O'Brien doubtless would have left the teams tied in the ninth, as the Tecumseh's

BRANTFORD'S NEXT GAMES AT HOME

Table listing Brantford's next games at home from August 5th to August 11th, including opponents like St. Thomas and Ottawa.

Brantford got their first run early, when Streeter beat out a roller to Hartwell and went to second on the latter's wide throw to first. Dunn sacrificed him to third and Streeter scored when Yelle dropped the third, even Smithson dropped Yelle's throw to the plate to get Streeter.

THAT OLD CHESTNUT In the fourth Burrill started off with a single and Ivers struck out. Comstock forced Burrill at second and went to third on Dunlop's single to Reidy. On a double steal Comstock scored while Dunlop was being put out going back to first.

In the sixth Cooper singled and went to second on Burrill's bunt, and to third on Ivers' infield bunt. Cooper scored when O'Brien muffed up Comstock's roller. Comstock was out trying to steal second.

That gave the Brants their three runs which the Tecumseh equalized by the end of the eighth. Reidy opened with a single in the fourth and Yelle was safe on a sacrifice bunt when Close threw high to Dunlop to cut off Reidy, who went to third and was safe when Comstock dropped Burrill's perfect throw. O'Brien then grounded out and put Yelle on second. Close walked Eckstein purposely and Whitcraft drove a liner to center field, on which Reidy scored. Burrill's throw to Cooper at the plate holding Yelle back, Whitcraft went on to second when Eckstein tore for third, but Cooper's throw to Dunlop put him out and Yelle was out at the plate easily on Dunlop's return, completing a double play and snuffing out London's chances.

Smithson was safe on Comstock's error in the seventh, and with two out Barry was safe on Fried's error. Barry went to second and Smithson to third on Close's wild pitch. Lamy singled to Burrill, scoring Smithson, but Barry was thrown out on a close play.

In the eighth Reidy secured his second hit and advanced on Yelle's bunt. O'Brien sent him in with the tying run on a single through the box. Whitcraft and Smithson struck out with two men on in the eighth.

RYNERSON STOPS LOCALS Lamy reached first on a ball he smashed against the pitching rubber and bounded to Cooper in front of the plate; and this was the best London could do against Ryerson. In the tenth Dunn walked, but was forced at second by Cooper, who went to third on Burrill's single to Reidy. Ivers struck out, but Yelle dropped the third strike, and on the latter's throw to Barry at first Cooper scored the winning run, whereas Cooper had gone fully 10 feet from third and a leg there might have stayed defeat for a period at least. The scores: Morning game—

Sporting Comment

Brantford has of late acquired a nice little habit of winning both games of a double-header. They trimmed Guelph on Saturday and yesterday showed the lowly Cocksies farther into the cellar by taking two more.

Slab Warner, the Brant manager, isn't considered by some people to be a first-class pitcher, but the way he has been getting lately shows he isn't altogether down and out. Just consider his record: July 12, held Ottawa to three hits; July 19, held London to 5 hits; July 22, held St. Thomas to 7 hits; July 25, held Guelph to 5 hits (7 innings); August 2, held London to 3 hits. That is 23 hits in five games, or 4.35 per. Three of the games he won. A pitcher doesn't have to sneak home in the dark with a record like that. When it is considered that the worries of a manager are apt to distract from his ability, his work isn't to be sneezed at.

Ottawa clearly up Hamilton and Guelph is a mystery to local fans. Both teams looked quite as good, if not better than the Senators. But Shaughnessy and luck are a great combination and as a result the champions have a strange hold on another pennant. They play the Brants seven games next week, four here and three in Ottawa, and it is up to Brantford to take the whole series. No other team seems to be able to beat them. Brantford had the edge on Ottawa in the last series and may pull them off the perch before the teams are through with each other for the season.

Taking it all around, there might be better outfielders in the league than Comstock, Burrill and Dunn, but there is no outfield that can touch them in pegging to the home plate. It's a dull day for Brantford when some innocent opponent isn't caught cold trying to come home on a sacrifice hit. Upwards of twenty men almost were nipped at the plate during the month of July alone, by pegs from the outfield. That constitutes a record good enough for the St. Louis News to comment upon.

The ladies of the Dufferin Tennis Club deserve credit for winning their section in the Western Ontario Tennis League. They go against London in the finals and it is to be hoped they continue the good work. Tennis has caught on in Brantford and it will be gratifying to the followers of the game if the championship rests here for the winter.

SAINTS DROP TWO TO HAMS, AS DID LEAFS AT OTTAWA

Hamilton, August 3.—Hamilton started on her uphill climb once again, when she took two from St. Thomas yesterday. Both games were closely contested and the teams certainly put up a splendid exhibition of ball throughout the two fixtures. The morning fixture proved to be a pitchers' battle between Patsy Dougherty, of Hamilton, and Curtis, for St. Thomas. Both heavies pitched great three hits apiece. Dougherty's teammates afforded him better support, with the result that the locals were enabled to score one run in the seventh and the game ended 1 to 0 in their favor. The scores: FIRST GAME: St. Thomas 000 000 0-3 2 Hamilton 000 000 10x-1 0 Curtis and Lage; Dougherty and Lamond.

The afternoon game was also a good exhibition and resulted in a score of 4 to 2 in Hamilton's favor. St. Thomas counted two in the first, when they hit Armstrong freely, but he tightened up and the visitors never had a chance from then on. Hamilton counted one in the first and three in the third on three hits, aided by Zeimer being hit by a pitched ball. Hughey

Ford Runabout Price \$480 ANNOUNCEMENT. The following prices f.o.b. Ford, Ont., effective Aug 2, 1915: Ford Runabout \$480.00, Ford Touring Car \$530.00, Ford Town Car \$780.00. No speedometer included in this year's equipment, otherwise cars fully equipped. There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916. C. J. MITCHELL, 55 Darling St. Dealer for Brant County.

CANADIAN OVERSEAS RAILWAY CONSTRUCTION CORPS

THIS contingent, commanded by Lt.-Col. C. W. P. Ramsay, formerly Engineer of Construction for Eastern Lines of Canadian Pacific Railway, recently landed safely in England on the way to the front where they will be principally engaged in railway construction work. The corps consists of specially selected men from the ranks of the C. P. R. Hon. Lt.-Col. F. L. Wanklyn, who is also General Executive Assistant of the Canadian Pacific, is seen in the foreground, and to the right is the Commander-in-Chief of the Corps.

To The Editor

RE BRANTFORD RAILWAY DEAL.

The Editor Courier:—
I noticed a news item in the paper to the effect that Trades and Labor Council had been asked to send a representative to the joint meeting of the City Council and the Board of Trade, to consider the railway deal. Whether or not they received an invitation is a subject for them to consider, and which they probably will. The point is, the Council had no mandate from the people to sell the railroad. That it was extraordinary business is self evident from the fact that the Council was going outside of itself in calling that meeting, to consult others. Now as the Council had no mandate to sell, who did they represent, and who was asked to represent the unorganized labor, the spinners, the widows, and other classes of citizens entitled to a vote, on all questions affecting property interests, and who, maybe through choice, inclination, or environment, etc., are not associated with any public or organized association.

The question also arises—At that meeting, were the complete and specific figures that are co-related and have a direct bearing on the sale of the railway, from the citizens standpoint given to meeting showing the actual cost per mile of the railway, to the Municipality, as per debenture issue, etc., etc. If not, why not? If they were given at the meeting, why were they not published, is it possible

that any member of the council feels that the public in general are not entitled to the full facts and figures? In my letter of a week ago, I dealt with the fair value of the road to construct and the capitalized value of the elimination of the two diamond crossings.

When the railway was purchased by the municipality, the claim was made that it was at a bargain price. The aforementioned figures, do not however show up, either the apparent or actual loss to the municipality, as a result of such purchase, in the event of the present deal being consummated.

I believe the figures as to the cost of railway to city is as follows: Taxes in arrears to city and charged to capital account \$70,000.00, Debentures \$200,000.00, total capitalization \$270,000.00.

Now for political purposes it might be argued that the \$70,000 item should be charged to the railway within the city. But as business is a matter of percentages and averages, my opinion is that it should be charged pro rata over the whole purchase, with an equal percentage to every mile of the railway, of which I am credibly informed there was at the time of purchase a total of 32.66 miles, composed as follows: 10.7 miles in the city including Mohawk and West Brantford, 7.68 miles from Brantford to Paris, 13.08 miles Paris to Galt, 1.20 miles on the St. George spur and to cement works, of which the latter two, totalling 14.28 miles, I believe are included in the proposed sale. And on which the fair proportion of the \$70,000.00 item would be \$2143.29 per mile or \$30,606.18 total. So we would have an initial loss of \$606.18 here, if the present deal was consummated

and we have not touched yet on the debentures.

Now the fair equitable proportion of the \$200,000.00 of debentures on the 14.28 miles would be \$14,000.00 per mile or a total of \$87,402.69 but the loss does not stop there, as there has been nothing said, in public at least, as to the assumption of the liability for those debentures by the L. E. and N. R. The municipality is therefore still liable, and the interest, if secured at the low rate of 4 per cent, amounts to \$3,496.10 3-4 per annum and having about 18 years or thereabouts to run, the total loss from interest alone amounts to approximately \$62,929.24.

The recapitulation of our losses then are initial loss, from what might be called the water stock, in this instance, \$606.18, loss by debenture issue \$87,402.69 and loss of interest to be paid on same \$62,929.24, gives a grand total loss of \$150,938.11 and the debentures do not show the real value of the road according to the city officials, who claimed at the time of purchase they were getting it at a big bargain.

If they wanted to sell, why did they not accept the offer they claimed to have at that time of \$300,000.00 and make a profit for the city in place of the gigantic loss that appears will be chargeable to the road retained, by the city and which loss, will therefore reduce the earning capacity of the mileage retained.

Is it not time we had real justice to the citizens, from the council chamber?

Yours Truly,
N. R. THOMPSON

Six healthy baby ostriches were hatched in an incubator at Swopce Park, Kansas City.

COPPER

Big Response to German Government's Request.

By Special Wire to the Courier.
Berlin, via London, Aug. 3.—Large crowds of women and boys flocked to the Berlin Gas Works and market halls to-day carrying copper kettles, pots, desk ornaments and other articles in accordance with the recent request of the government that the copper supplies of the country be delivered it for public purposes.

This "mobilization of copper" will occupy three days. To-day's deliveries yielded enormous piles at each receiving depot. The government pays cash for each copper article at the market price. The metal obtained to-day covered only part of the available supply, zinc wire and the roof plates of museums, churches and other public buildings, which will aggregate enormous quantities remained untouched. This metal will not be called for until it is needed.

RAILWAY MISHAP

By Special Wire to the Courier.
Parkers Landing, Aug. 3.—Running at high speed, the Buffalo Express on the Buffalo and Allegheny division of the Pennsylvania railroad, ran into a landslide near here early to-day. Jesse Williams, engineer, of Pittsburgh, was killed. Three day coaches and a sleeper left the track, but remained upright.

A fleeing burglar dived into the New York subway pushed by the police and was run over.

ENLIST NOW

Our King and Country need the Canadian farmers in the field of greater food production.

You Will Do YOUR "Bit"

OF COURSE YOU WANT TO DO YOUR "BIT" FOR THE GRAND OLD EMPIRE IN THIS WAR—HAVE DONE SOME OF IT, NO DOUBT, ALREADY—BUT STILL THERE IS MORE—YES, A LOT MORE—TO BE ACCOMPLISHED.

IN ADDITION TO THE MEN, "MUNITIONS, MUNITIONS, AND STILL MORE MUNITIONS," IS THE CONSTANTLY-EXPRESSED DESIRE OF KITCHENER AND FRENCH.

IN THE LONG RUN IT IS THE CUMULATIVE PRESSURE OF THE ALLIES WHICH IS GOING TO WIN IN THE FIGHT ON BEHALF OF LIBERTY AND FREEDOM AS OPPOSED TO PRUSSIAN MILITARISM AND OPPRESSION.

TAKE MACHINE GUNS AS AN EXAMPLE. ONE OF THEM IS CONSIDERED EQUAL TO EIGHTY INFANTRYMEN. AT PRESENT THE BRITISH AND CANADIAN FORCES HAVE AN AVERAGE OF FOUR SUCH GUNS TO A BATTALION. THE GERMANS ARE KNOWN TO HAVE TWELVE OF THESE GUNS PER BATTALION, AND ARE SAID TO HAVE AS HIGH AS FORTY IN SOME BATTALIONS.

THE DOMINION GOVERNMENT HAS ON ORDER 2,250 OF THESE GUNS. THEY WILL PAY FOR 500 OF THEM OUT OF THE PUBLIC TREASURY, AND THE ONTARIO GOVERNMENT FOR 500 MORE. THIS LEAVES A BALANCE OF 1,250, FOR WHICH THE COST IS TO BE MET BY PRIVATE SUBSCRIPTIONS. HAMILTON RECENTLY OFFERED 200 GUNS, AND ALREADY RECORDS SUBSCRIPTIONS OR PROMISES FOR 126. THEY COST \$750 EACH—WITH FREIGHT AND OTHER CHARGES \$950.

BRANTFORDITES SO FAR, IN MEN AND EQUIPMENT, HAVE DONE WELL, BUT THEY CAN DO EVEN BETTER, AND THEY WILL.

THE PRESENT AIM IS TO RAISE \$20,000 OR MORE FOR MACHINE GUNS, AMBULANCES, AND OTHER NECESSARY THINGS, AND THE GOAL CAN AND WILL BE REACHED. LARGE CONTRIBUTIONS WILL BE ACCEPTABLE, BUT SMALLER ONES EQUALLY SO, BECAUSE WE ALL WANT TO HAVE A HAND IN THIS THING.

REMEMBER THAT IT IS UP TO US WHO CAN NOT GO TO THE FRONT TO BACK UP IN EVERY POSSIBLE WAY THE MAN WHO IS THERE.

THERE ARE OTHER THINGS BESIDES OF ALMOST EQUAL IMPORTANCE, FOR EVERY DEPARTMENT MUST BE AT TIP-TOP SHAPE AND BE KEPT THAT WAY, IN ORDER TO SUCCESSFULLY SMASH THE HUGE PRUSSIAN WAR MACHINE.

AN AEROPLANE, FOR INSTANCE, COSTS APPROXIMATELY \$7,500.

NOW, THEN, ALTOGETHER AND NO LET-UP. THE MOVEMENT IS NOMINALLY UNDER THE AUSPICES OF THE BOARD OF TRADE, BUT IN ITS ENTIRE ASPECT IT IS A COMMUNITY DUTY.

YOU ARE GOING TO DO YOUR SHARE—NO DOUBT AT ALL ABOUT THAT—THEN DO IT QUICKLY.

BOTH LOCAL PAPERS WILL BE GLAD TO RECEIVE AND ANNOUNCE SUBSCRIPTIONS.

THIS IS A CLARION EMPIRE CALL AT A TIME OF EMPIRE NEED, AND WHEREVER THAT GLORIOUS EMBLEM OF FREEDOM, THE BRITISH FLAG, FLOATS, IT IS A CASE OF SHOULDER TO SHOULDER FOR KING AND COUNTRY.

You Will Do YOUR "Bit"

RELIC OF 1849

Interesting Poster With Reference to Brantford Municipal Election.

The following poster was on exhibition in Col Leonard's office this morning. It is yellow with old age and in some places, the print is so faint that it is difficult to read. It is the property of the Brantford Historical Society.

TOWN ELECTION.

Brantford, Jan. 17, 1849. Moved by J. Gardner, seconded by H. Yardington: Resolved that the elections for town councilmen for the Town of Brantford, shall take place, pursuant to the act of Incorporation, on Monday, the fifth day of February next.

That Mr. Henry Racey shall be Returning Officer for the West Ward, and that the election shall be held on that day at the inn of Mr. Charles Farrell, in the said Ward.

That Louis Burwell, Esq., shall be returning officer for the North Ward, and that the election shall be held on that day at the inn of Mr. Chas. Edwards, in the said Ward.

That Andrew Higginbotham, Esq., shall be returning officer for the King's Ward and that the election shall be held on that day at the inn of Mr. Henry Yardington, in the said Ward.

That John H. Moore, Esq., shall be Returning Officer for Queen's Ward, and that the election shall be held at the inn of Mr. Joseph D. Clement in the said Ward.

That Mr. Michael Brown shall be Returning Officer for Brant's Ward; and that the election shall be held on that day at the Old School House near the Bell Tower, on the Market Square in the said Ward.

That Mr. Charles Merigold shall be Returning Officer for the South Ward and that the election shall be held on that day at the inn of Mr. Frederick Vanderlip, in the said Ward.

That William Claws, Esq., shall be Returning Officer for the East Ward and that the election shall be held on that day at the inn of Mr. Robert Johnson, in the said Ward.

That the nomination of a candidate thereupon if a Poll be demanded by any person qualified to vote at any such election, the Returning Officer of such Ward shall open and keep open the poll for receiving and entering votes for the election of a member of members of the said Council.

This was signed by Alfred Digby, Mayor of the Town of Brantford, 1849.

The Buffalo and Pittsburg Railway surplus this year is \$3,720, as compared with \$1,354,784 last year.

BIG TEMPLE

Has Been Unearthed at Memphis, in Egypt.

Philadelphia, Aug. 2.—The unearthing of a great temple at Memphis, Egypt, is announced by the University of Pennsylvania Museum. Dr. Clarence L. Fisher, curator of the museum, was the leader of the Eckley B. Coxe Jr. expedition to Egypt, which made the discovery.

The temple is estimated to be of the period of Rameses II, and was erected about 8000 B.C. While no definite date can be given at this time, the Egyptologists are inclined to believe that the temple is older than that set up by Seti I, and the same one as described in Herodotus.

Memphis was the oldest and the greatest of the ancient Egyptian cities and was noted for its art and architecture. Dr. Fisher reports that he had collected more than 4,000 specimens of art and curios which will be brought to the museum when he returns to this country.

THE KAISER

Knew of the Contemplated Sinking of the Lusitania.

London, Aug. 3.—The Daily News has the following: Edward Legge, whose books on King Edward VII. created some sensation, brings forward in his latest volume, "The Public and Private Life of Kaiser Wilhelm II," a remarkable piece of evidence as to the complicity of the Kaiser in the Lusitania crime. An American gentleman, he declares, "who had founded an organization for securing our troops and those of our allies, was sending his son out to further his benevolent work. Having been long on intimate terms with the Emperor, he wrote to inform him that his son would be passing through Germany, and expressed the hope that the young man would not be interfered with. By return post came a letter from the Kaiser in his own peculiar handwriting, imploring his friend not to allow his son to take passage to England on board the Lusitania. Berlin and Bernstorff may have suggested the commission of the crime, but we have here the Kaiser's own admission that he knew all about it, and sanctioned it."

BRANT THEATRE

The management of the Brant Theatre has secured another of the splendid bills for which it is noted. There are only two vaudeville acts, but either of these alone is equally as good as three of the common variety of acts. The Baeder-Lavelle troupe provide a very interesting half hour with their whimsical and high performance. They all are excellent riders and their graceful act is interspersed with refined comedy touches. The other headline is the "Ministrels De Luxe." The beauty of the girls, together with their high class singing and dancing, made an instant impression on the audience, and every one was loath to see the curtain descend after the last encore. Another photoplay of the popular "Who Pays?" series was shown and proved to be, like its predecessors, splendid.

MOTORBOATS

Of Great Speed the Answer to German Submarines.

Washington, Aug. 3.—Great Britain's answer to the German submarine is almost ready.

The so-called war zone about the British Isles is to be constantly patrolled by an enormous fleet of extremely speedy motorboats, each of which will mount one or two quick-firing guns.

Within a few months, it is expected, there will be several thousand of these sea wasps in commission. Orders have been already placed in the United States for five hundred of them, and the work of construction is far advanced.

SIXTY MILES AN HOUR. The submarine hunters will be from sixty to eighty feet in length over all. They will be driven by gas engines which will send them through the water at from thirty to sixty miles an hour. Their small size will make them a poor mark for torpedo attack, even if it were worth while to launch a missile which costs \$8,000 on the chance of destroying a boat, which compared with other war crafts is not expensive to build. Their great speed and ease of handling will also aid to make them almost invulnerable to attack by gun-fire.

FITTED WITH SEARCHLIGHTS. It is planned to guard the sea lanes with swiftly moving patrols of these armed motorboats. A number of them will be sent out to meet and convoy incoming munition ships and merchantmen. They will be fitted with searchlights, and once a screen of them has been formed about a liner it is not thought any submarine will be safe in poking its periscope above the surface of the water within gunshot distance.

FIVE GUNS

Are Reported as Contribution From Leamington.

Leamington, August 3.—Notwithstanding the fact that Leamington has so far made cash contributions for patriotic purposes, aggregating \$25,000, a meeting of the Patriotic Association was held on Saturday night for the purpose of discussing the advisability of presenting the militia department with a machine gun.

In the course of the meeting Mr. Wm. T. Gregory, vice-president of the association announced that if the Town Council would appropriate funds for one gun, the Township of Mersea the same, and the citizens of Leamington and vicinity donate funds for a third gun, that he would donate two more, thus making five guns to go from the town and township.

Mr. Gregory, who is an American citizen, explained that in the event of the proposition being accepted, the two extra guns would be supplied by himself and Dr. Albert Foster, of Cobalt, who has a summer home at the lake, near Leamington.

A telegram has been forwarded to the militia department in connection with the matter and if more guns are needed Leamington is in the light to the finish.

The sending of tobacco packages to France has had to be stopped by Washington orders.

The 40,000 New York school children, who stutter, stammer and lisp, are to be specially looked after on scientific plans.

TAKING the BREAK OUT of BREAKFAST.

WHEN the Big Man climbed into his berth in the Windsor Station on Monday night, he was feeling a little punk. Yes, sir, punk. It's a pretty good word to describe a man's digestive system, even if it does mean "nothing but rotten wood when you took it up in a dictionary."

He was a big man physically, mentally and financially. Which meant, worried more, ate more, and drank more than was good for him. Also he exercised less than he ought to have done. And as for loafing round and inviting his soul, he hadn't done in twenty years. And which, besides all the lines he played, could a soul be invited to attend without breaking up the game?

To-night the Big Man had to go to Vancouver. The Big Man has seen so many places and so many kinds of places that he was as bored as Beverly Bayne when the management wills her a trunkful of new clothes. Vancouver was just the inconspicuously-placed envelope he had to stick around a deal he hoped to put through. And getting to it—that long wonder-road across two thousand eight hundred and ninety-eight miles of screamingly prosperous country—despite the war—getting to it was nothing but Ursula Major but five days at the Sign of the Dyspepsia Table.

SOMEWHERE in the ragged rock country to the east of North Bay, a little sea-beast, no bigger round than a pencil, slipped in under the blind and tickled the Big Man behind the ear. He woke up, consigning the sunbeam to Halifax—via the C.O.D.F.D.—and when he found that not even a C. P. R. pillow was soft and dreamful enough to make him go to sleep again, he got up and dressed in the mood of a man who'd rather be shot.

"Well, heaven be praised, there's breakfast. Something I can do to fill up three-quarters of an hour anywhere," he said to his watch, "and yet—oh hang it, if I don't eat I get a headache; if I do eat I draw down dyspepsia. Why can't you hibernate across a continent, I'd like to know—get a hypodermic of forgetfulness along with your transportation? Car for cataleptic corpses leaves at 10:15 sharp—how's that for an ad? Some stunt, eh?"

So saying, the Big Man wended his way to the diner and seated himself in front of the pale-salmon portrait of Chateau Lake Louise that decorated the dreaded-and-adored menu.

"Cereal with Cream Plain Omelet Rolls Tea Baked Apple with Cream Fried Eggs with Hasher Bacon Toast Coffee

"Half Grape Fruit Scrambled Eggs Toast Marmalade Coffee

"Hm—why don't he mix 'em? Cereal and bacon, now. Or why don't he—his eyes strayed across beyond the confines of the suggestions. "Nope, that's the broad road that leadeth to destruction—particularly over the page and into the wine list. I suppose. Me for the straight and narrow—just for to-day, mind—and see how it works out. If I'm sick, I'll get transportation south as soon as I come home and wring this Harvey-person's neck."

The waiter grinned when the Big Man ordered Breakfast Number One. He was the sort of Big Man you could grin at, or he wouldn't have had the sense to place such an order.

He looked at the eight strawberries on the inside cover, cheek-by-jowl in it in front of a foot rule. He considered the sanitary co-posses getting milked by machinery. And then, wearily and warily, he opened to the bill of fare and out flopped a young white booklet that was new to him.

"The Why of the Diabetic Element Food—hm, more silliness. The fact artist thinks he'll turn his pen into a soup spoon does he, and make me eat 'em. Not on your next year's list."

"Hm—Traveling by train or boat for a day or more, one needs only about two-thirds of the quantity of food which would be assimilated while engaged in the ordinary occupation at home. If you, Stephen, temptation to devote more time to the table—right you are. What you going to do about it, though? 'A meal so balanced that the needs of the digestion will be supplied without burdening the system with any unnecessary material—Dr. Harvey W. Wiley, formerly chief of the U. S. Bureau of Chemistry.' Hm, well, how now, son Harvey? I won't eat 'em."

The waiter grinned when the big man ordered Breakfast No. 1.

He turned to the menu itself. Down the middle ran a faint sketch of pine trees and white water, across which were printed the food-sharp's suggestions for taking the break out of breakfast.

"I will go to dinner and see what that Wiley man says I gotta eat."

As the train drew into Chateau, the Big Man came to anchor for his dinner. By this time he and the waiter were quite chummy over the Wiley-person, and a man from Ottawa, horse-

A man from Ottawa had been induced to get on to the cinder track, buying for the Government, had been

"Getting to be mighty popular, sir," he remarked, "don't expect a miracle between now and lunch, of course, but when you've tried the Dietetic for a whole day—well see here, I bet you my tip you'll have a good night."

"Done," said the magnate with an answering grin, "and if you win it'll be worth it."

ZILDA, Chelmsford, Larwood—his rough-tempered country, spent past for a day or more, one needs only about two-thirds of the quantity of food which would be assimilated while engaged in the ordinary occupation at home. If you, Stephen, temptation to devote more time to the table—right you are. What you going to do about it, though? 'A meal so balanced that the needs of the digestion will be supplied without burdening the system with any unnecessary material—Dr. Harvey W. Wiley, formerly chief of the U. S. Bureau of Chemistry.' Hm, well, how now, son Harvey? I won't eat 'em."

He didn't stop a jiffy to note that Lake Louise was pale green on this new cover, nor that the eight aspiring strawberries were still lined up at attention for the foot rule.

"Chicken bouillon, Spanish omelet, peach tapioca pudding, coffee—not bad, but I was a nest-robber this morning. Celery, jellied ox-tongue with potato salad, bread, milk, sir. Yes, but I'm not and I'd like to be. Here you, Francis, would the Medes and the Persians let me change that milk into coffee? I may come to it yet, but Berlin didn't fall in a day, you know."

Clumps of big towns, mushroom-built and yet Gibraltar-firm on the plains of plenty—

And then the mountains, sheering into the unbelievable blue of a Canadian dawn; the lace-white, spungy glass waters, a-spray down their vast ramparts; the silent, secluded, century-treed valleys—

It isn't the world you live in that matters so much, though. It's the you who live in it. A man would be unhappy in Paradise if he had a toothache. And there isn't any sun that ever danced in the heavens that couldn't be blotted out with a dyspepsia tablet—if that tablet, was yours.

But this time, the foolish mother of poor Editha, and the sun had free access to the soul of him. For he was eating less and sleeping more than he'd done in years. And it was the open air that did it. Plus that Wiley-person.

"And come to think of it, he's saved me dollars and dollars too," said the convert, "guess I'll give that to the Belgian babies. And come to think of it again, if this dietetic business works on wheels, it oughta work going up and down in an elevator and in and out in the Packard of mine—eh? Perhaps I can slip this young health-plant I've found in B. C. and see if it won't grow in Montreal."

induced to get onto the cinder track, too. He and the magnate stayed on the observation "platform" till the stars came out, discussing what part a man's digestive system played in his life's accomplishment.

"No kitchen—no kitchen," how's that for a cook-book?" asked the Ottawa man, "it's the same idea as that an army travels on its stomach. And I'm dead sure I'm going to try this new way of travelling on mine."

ND so it went. Banff in pale green and grey blossomed onto the menu; the Ifs leccilewatt Valley gave place to Mt. Sir Donald. It didn't matter, so long as the straight-and-narrow road still centered the inside page, and the Big Man walked thereon.

He felt so good he got off at a lonesome station and picked wild something or other.

Days outdoors, when the wonderful air of the prairies sang in his ears, and the big man felt so good he got off at a lonesome elevator in the middle of Nowhere, to pick a bunch of wild something-or-other for six year old Editha who cried for them and then cried over them, being cross because her mother hadn't got round to having a Dietetic daughter.

Clumps of big towns, mushroom-built and yet Gibraltar-firm on the plains of plenty—

And then the mountains, sheering into the unbelievable blue of a Canadian dawn; the lace-white, spungy glass waters, a-spray down their vast ramparts; the silent, secluded, century-treed valleys—

But this time, the foolish mother of poor Editha, and the sun had free access to the soul of him. For he was eating less and sleeping more than he'd done in years. And it was the open air that did it. Plus that Wiley-person.

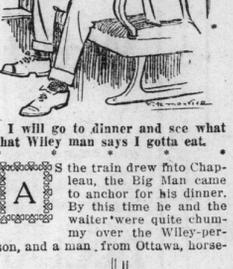

"And come to think of it, he's saved me dollars and dollars too," said the convert, "guess I'll give that to the Belgian babies. And come to think of it again, if this dietetic business works on wheels, it oughta work going up and down in an elevator and in and out in the Packard of mine—eh? Perhaps I can slip this young health-plant I've found in B. C. and see if it won't grow in Montreal."

Out flopped a young white booklet that was new to him.

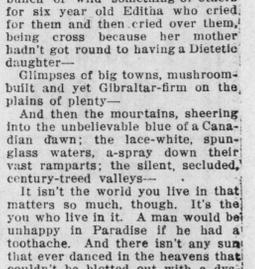

The waiter grinned when the big man ordered Breakfast No. 1.

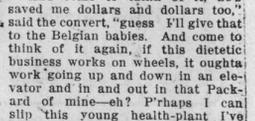

A man from Ottawa had been induced to get on to the cinder track, buying for the Government, had been

He felt so good he got off at a lonesome station and picked wild something or other.

CANADA STEAMSHIP LINES LIMITED

Famous Men In To-days View

Mr. I. G. Ogden, vice-president of the Canadian Pacific Railway in charge of the finances, has just issued the company's annual financial statement. Mr. Ogden, like so many of our prominent Canadian railway men, was born in the neighboring republic. He was born at New York in 1844, so that he is now 71 years of age, or past the usual age when railway men retire from active service. Mr. Ogden commenced his business career in a mercantile house, later transferring to a bank, first joining a railroad in 1871, and going to the C. P. R. ten years later. He is regarded as one of the best accountants on the continent and his management of the finances of the C. P. R. bears out this statement.

Mr. N. T. Hilary, who has been transferred from the office of Toronto manager of the Royal Bank to be general supervisor for the same institution in the Middle Western Provinces, is, as his occupancy of these positions would indicate, an exceptionally competent banker, his years of service having covered no small period of time. His first experience was gained with the Traders' Bank of Canada, advancing to the position of head office in Toronto. When this bank was absorbed by the Royal Bank, Hilary was given the position of responsibility that he is now vacating to enter a wider field of enterprise. He succeeds Mr. T. R. Whitley, who leaves Winnipeg to become manager of the Royal's branch in London, Eng.

The Hon. Thomas Chase Casgrain, Postmaster-General in the Borden Cabinet, has just celebrated his 60th birthday. He was born in Detroit, but his parents came from this province. Mr. Casgrain was educated at Laval University and practised law in Quebec and later in Montreal. His first political experience came in 1886 when he represented Quebec county in the local House. He later represented Montserrat in the House of Commons but afterwards returned to the Quebec Legislature and was Attorney-General of the province for five years, going out of power in 1896. Apart from his interest in law and politics, Mr. Casgrain finds his chief interest in temperance work. He was only made Postmaster-General a few months ago.

Premier Asquith, carries a heavier load than any other man in the British Empire. In the last analysis the Premier of the country is responsible for the conduct of the war and as this war is on a more gigantic scale than any other in the history of the world, places a tremendous load upon the head of the British Government. Mr.

Asquith has been Premier since 1908, succeeding the late Sir Henry Campbell-Bannerman in that position. Under his regime more constructive legislation has been put upon our statute books of Great Britain than under any other Premier in the history of the country. He was born in Yorkshire in 1852 and educated in London and at Oxford. He was called to the Bar in 1876, and obtained his first office in 1882, when he was made Secretary of State for the Home Department. Asquith, more than any other man in Great Britain to-day, possesses the confidence of the people. While his ability to work with men and get the best out of them is a big factor in the formation and working out of his Coalition Cabinet.

Lieut.-Col. E. W. B. Morrison, D.S.O., who was Director-General of Artillery at Ottawa when the war broke out, was slightly wounded in an engagement "somewhere in Belgium," the date of the month is not given, but he was able to return to his command within three days. Apropos of illness—Col. Morrison, in a recent letter home, speaking of a certain fellow officer, said: "He should be in hospital, but he won't go. You see, in the wisdom of the War Office, when an officer is wounded, he goes to England, loses his command and only comes back when there is a vacancy in his rank, and then it may be an entirely different unit. My officers and men are so keen that I can scarcely drive them into hospital." Col. Morrison, in private life was at one time editor-in-chief of the Ottawa Citizen, and is generally acknowledged to be one of the finest and most interesting descriptive writers on the Canadian press. His book on his experience in the South African War, where he won the D.S.O., helped to maintain a reputation already sufficiently well established.

Mr. George J. Cuthbertson, manager of the Board of Trade Branch of the Bank of Toronto, is one of the business men who is "doing his bit" in connection with militia matters. Mr. Cuthbertson decided that he was too young to join the old men of the militia, so he enlisted with the Westmount Rifles. Like Roosevelt, who said that he would go and fight himself and take his four sons, this worthy banker also took his son with him into the regiment. Mr. Cuthbertson comes originally from Western Ontario and is the son of a Presbyterian minister. He has been with the Bank of Toronto for upwards of thirty years and is regarded as one of their best and most efficient managers. He is a member of the "Street" and is known as "a decent head."

Old World Notes

Two German spies, the captain and engineer of the German steamship Lemnos, under detention by the Italian authorities since the outbreak of the war, were recently each condemned to ten years imprisonment in solitary confinement. They were convicted by a military tribunal. The other members of the crew were acquitted.

Harvesting has begun in the western and middle sections of Germany. Reports from Cologne indicate that the crops of rye, oats, wheat and barley will be especially large. Sugar beets are said to be richer in sugar than usual, and it is expected that the fruit harvest will be satisfactory.

Valuable coal deposits have been found in Turkey. It is stated on good authority that a German mining engineer, who went to Turkey, just before that empire took up arms last fall, to hunt for coal deposits which might make that country independent of foreign sources, found three excellent deposits. The Turks proceed to develop them at once, and German Government now believes that the coal problem of its ally will not prove of any embarrassment to her while hostilities last.

The race and color question raised in the French Chamber of Deputies a short time ago by the bill of the negro deputy, M. Diagna, representing Senegal, provided for the extension of general compulsory military service in France to colonial municipalities enjoying French citizenship, was presented in numerous lights and complications at a recent session of the chamber. The question of how to apportion a pension in cases of polygamist Senegalese leaving several widows proved a poser for the deputies.

The total area of China is estimated at 4,278,352 square miles. A census of the kind taken in Western nations has never been attempted in China, and the nearest approach to a reliable estimate is probably the census of households (not individuals) taken by the Chinese Ministry of Interior in 1910. Assuming 5.5 persons to a household which by a test census in various parts of the country was found to be a fair average, the population totalled 331,000,000, including 1,500,000 as the probable population of Tibet.

A destructive fire took place recently at Langlee House, the property of Captain J. Forbes Gordon, of the Cameron Highlanders, and situated about one mile from Galashiels. The fire broke out in one of the upper turrets on the east side of the house. A southeast wind fanned the flames, which spread very rapidly, and in short time the whole of the upper portion of the house was ablaze. The Galashiels fire brigade arrived on the

CLEARED TENDERS

addressed to the undersigned, and endorsed "Tender for Harbour and River Improvements in the Mission River, Fort William, Ont.," will be received at this office until 4.00 p.m., on Wednesday, August 4, 1915, for the construction of the Harbour and River Improvements.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of the District Engineers, Fort William, Ont., Confederation Life Building, Toronto, Ont., Shaughnessy Building, Montreal, P.Q.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.
NOTE—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of \$25.00, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS, Secretary.
Department of Public Works,
Ottawa, July 21, 1915.
Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—33157.

CANADA CALLS

The Empire Needs YOU!

"If we do not do more in the future than we have in the past, we are going to be beaten." These are the words of Sir John Simon, British Home Secretary. We are going to do more and **WE WILL NOT BE BEATEN**, but Canada must send more men and Brantford and Brant County will continue to do their share. What would happen to the women of Brantford if Britain were beaten? Ask the women of Belgium! They know!

MEN OF BRANTFORD

Will you let the Hun trample British liberty in the dirt, or will you do your bit? Never mind the shirkers and the won't-works. The women of Canada want you to protect them and fight for them. **WILL YOU DO IT?**

ENLIST NOW!

Here are the questions you would ask and their answers

- Q. I am a married man. Must I have the consent of my wife to enlist?
- A. Yes, the following must get proper consent in order to be able to enlist for active service: (a) Husbands, (b) men over 18 and under 21 years of age must get the consent of both parents, (c) sons who are the only support of a widowed mother or whose parents are dependent upon them for their support.
- Q. What are the rates of pay?
- A. The rate of pay is One Dollar per day before moving to camp. A further allowance of 75c a day is made to cover meals and lodging, making \$1.75 per day while in Brantford. When in camp and on active service a field allowance of 10c is made, making the total pay \$1.10 per day.
- Q. What examinations must a man pass in order to be accepted?
- A. The recruit must be over 18 and under 45 years of age. The minimum height is 5 ft. 3 in. and the minimum chest measurement 33 1/2 inches, with the chest normally expanded. The eyesight must be good, teeth in good condition. He must have free use of his limbs and not be flat footed. It is also necessary for the heart to be strong.
- Q. What is the reason in making a man assign at least one-half his pay?
- A. The Government believes that if they are willing to allow a separation the soldier should be equally willing to assign at least one-half the pay received. It is hoped the families of soldiers will have the foresight and common-sense to put in the bank all the assigned pay received, so that when the soldier returns there may be a nest egg to help the family along until he receives employment.
- Q. I am a married man. What provision will be made for my wife and family?
- A. It has been found that a woman requires an income of \$300 per month on her own account, \$7.50 for a child between the ages of 10 and 15, \$4.50 for a child between the ages of 5 and 10, and \$3.00 for a child under 5 years.
- Q. When does the separation allowance start?
- A. Immediately upon being sworn in and enlisted in Brantford, but the first installment will not be paid until after the final acceptance for overseas service.
- Q. To whom are Government Separation Allowances granted?
- A. Separation allowances are granted (a) wives, (b) children of a widower if they are in the care of a guardian. Girls over 16 and boys over 14 years of age are not eligible. (c) Widowed mothers, if the son is unmarried and her sole support.
- Q. What pensions are paid in case of the death of a soldier?
- A. The widow receives \$22.00 a month and \$5.00 a month for each child. In the case of a soldier leaving a wife and three children the pension would be \$37.00 a month or \$484 a year. It would require \$10,800 worth of Government Bonds, paying 4 1/2 per cent. interest, to give a pension of \$484 a year.

"Whatever has been dealt out to Belgium, France and Poland will be our fate tenfold if we fail to subdue the Germans."

—Rudyard Kipling

ENLIST NOW!

Here are the questions you would ask and their answers

- Q. How much pay must a soldier assign to his wife?
- A. Every man who receives a separation allowance for his wife must assign one-half his pay (\$16.50 per month) and may assign as much as \$25.00 per month, but not more.
- Q. Is the assigned pay figured as part of the income necessary to support a family?
- A. No. The assigned pay of the soldier is not taken into account by the Patriotic Fund in determining the amount to be paid to a depending family for support. In the case of the family described above, if the soldier assigned \$20.00 per month, the total income of the family would be \$69.50 per month.
- Q. Are the requirements with regard to teeth as strict as before?
- A. No. Arrangements have now been made at Niagara Camp to do the necessary work on teeth that are not in quite good enough state of preservation. Men are now being accepted with partial sets of false teeth, this being left to the discretion of the examining doctor. A great many men who were turned down for the first and second contingents may now join under the present regulations.
- Q. How is Government allowance paid?
- A. It is paid by check on the Bank of Montreal forwarded from Ottawa.
- Q. How is the assigned pay of a soldier forwarded?
- A. It is also paid by check from Ottawa.
- Q. How is the Patriotic Fund allowance paid?
- A. It is paid by the local branch of the Patriotic Fund.
- Q. My wife is in England. Will she receive a Government separation allowance?
- A. Yes, this will be forwarded from Ottawa regularly just as if the wife were living in Canada.

MONTHLY ALLOWANCES AND PENSIONS

Beneficiary	Government Allowance	Additional Patriotic Allowance	Total Allowance	Assigned Pay to \$25.00 per month	Total Income	Pension in Case of Death	Sum which at 4 1/2 per cent. interest will buy the Pension
Wife only	\$20.00	\$10.00	\$30.00	\$16.50 to \$25.00	\$46.50 to \$55.00	\$22.00	\$ 6,000.00
Wife and 1 child	\$20.00	\$14.50	\$34.50	\$16.50 to \$25.00	\$51.00 to \$59.50	\$27.00	\$ 7,350.00
Wife and 2 children	\$20.00	\$19.00	\$39.00	\$16.50 to \$25.00	\$55.00 to \$64.00	\$32.00	\$ 8,650.00
Wife and 3 children	\$20.00	\$23.50	\$43.50	\$16.50 to \$25.00	\$60.00 to \$68.50	\$37.00	\$10,000.00
Wife and 4 children	\$20.00	\$28.00	\$48.00	\$16.50 to \$25.00	\$64.50 to \$73.00	\$42.00	\$11,300.00
Widowed mother	\$20.00	\$10.00	\$30.00	\$16.50 to \$25.00	\$46.50 to \$55.00	\$22.00	\$ 6,000.00

In case of children under 5 years of age, deduct \$1.50 per month for each child. In case of children over 10 years of age, add \$3.00 per month for one child only.

- Q. Will the Patriotic Fund help dependents of soldiers living in England or out of Canada?
- A. No. The separation will be forwarded, but any other assistance needed would be of a local nature. All children under group ages 10 to 15 are carried at minimum of \$3 per month, one child alone in each family between these ages being carried at \$7.50; ditto between the ages of 5-10, \$4.50 per month being paid one child and the minimum of \$3 being allowed the others. Thus, if a man leaves a wife and four children, aged 13, 11 and 7 and 3, the income would be \$30 for the wife, \$7.50 for one child between 10 and 15, \$4.50 for one between 5 and 10, and \$3 for each of the other children, being a total of \$48 per month.
- Q. How much of the family income does the Patriotic Fund pay?
- A. The Government allowance is \$20.00 per month to the wife of a soldier, the balance is made up by the Patriotic Fund. Thus in the above case \$20.00 would be paid as a Government separation allowance and \$28.00 per month would be paid by the Patriotic Fund. In no case, however, will the Patriotic Fund pay more than \$40.00 per month, and in the case of large families a certain amount of discretion is allowed to the officers of the fund.

DEDUCTIONS

- The following deductions have to be taken into consideration by all branches when giving patriotic assistance:
- A. Amount of separation allowance.
 - B. Allowance from husband's employer.
 - C. Help from private sources.
 - D. Earnings of other members of family. Casual earnings apart from regular wages should not be considered, otherwise self-help would be discouraged.
 - E. If living rent free and fuel free, the amount should be taken into consideration.

LAST EDITION
FORTY-FIFTH
CLOUDB OF

Death Roll Twenty Swept

Eric, Pa., Aug. 4.—Twenty lost, as estimated by millions of dollars in property and the city in total night, is the result of shortly after six o'clock culminated in a flood. Water is running five feet deep in the streets. Many houses have reached the second story and rescuers are working of their ability, convey perilous positions to the city is in darkness. Lines of communication the exception of one at the edge of the town LIGHT CUT. Among the first plan commission was the Electric Company, which city with light. Then patch, a morning paper ing adjoins the electric was flooded, and all out a morning paper until midnight, when moved to the plant Times. In the meantime of the flood was sent world by the Association, who waded in w armpits, to the Western graph office, a distance and there sent out his flood.

FIREMEN LOST
Among the missing Fire Chief James Bue firemen. Reports were police that a house fire Creek with four women children clinging to it, lost their lives in the store in State street, near street of the city, at least fifty houses washed away. The Jarecki mania has been washed away automobiles that were went with them. A little girl standing of Mill Creek was ca her death when the bar. LATER DET. Eric, Pa., Aug. 4—
