BRANTFORD DAILY COURIER.

TAX RATE IS STRUCK

The Courier Said it Would be Twenty Three Mills.

And So It Is--The Council Met Last Night.

As announced in the Courier last night, the Brantford tax rate will be 23 mills on the dollar this year, a reduction of one mill from the rate of last year. The special meeting of the Council was a short, sharp affair, and the report of the estimate committee was adopted without objection and unanimously. It will cost Brantford \$472,579 to conduct civic affairs this year and pay all sinking fund and interest charges on debentures. The debenture debt has been increased by the \$10,000 Collegiate by-law, \$85,000 hospital by-law and the new Dufferin school by-law. City Treasurer Bunnell pointed out that while there was an increase in revenue, the increase in debenture debt and the increased expenditure for necessary public works rendered the situation a difficult one for the Council in making a reduction in the rate. In addition, there was an overdraft of \$11,000 from last year to be provided for.

Street Railway Affairs.

It was generally conceded that the committee headed by Ald. Spence did well. At the same time, it was pointed out that the troubles of the city would be obliterated if a settlement with the street railway were secured this year. The street railway at present owes the city about \$17,000, and the city treasurer would be in velvet if this money is paid. The report of the committee is considered excellent on all sides.

Police Affairs.

Ald. Spence also made the pleasing announcement that the police estimates had been satisfactorily agreed upon, through the good offices of Judge Hardy, the chairman of the board, who, with the consent of the mayor, had authorized the putting in of the police estimates the same as last year, and this satisfied everybody. The showing made by the estimates committee is considered excellent on all sides.

Estimates Committee.

At the opening of the meeting Ald. Spence, chairman of the finance committee, read the following report: "Your committee were of one opinion, namely, that in view of the large increase in assessment valuations for 1912 it was the bounden duty of the committee and Council of 1913 to cut the rate of taxation down from the very high rate that existed last year, namely 24 mills on the dollar. With the above object in view, your committee requested the various departments of the city to send reports to the committee to meet with the estimates committee, and when the situation was placed fairly before them, we are pleased to report that they with one accord and the estimates committee have agreed to submit to cuts in their original estimates, which enabled the committee to bring in this report, striking the rate for the year 1913 at 23 mills on the dollar. In connection with paragraph 2 of the report, the mayor and chairman of finance committee had a conversation over the phone, after the meeting on Thursday last, March 6th, 1913, as per instructions of estimates committee, with his Honor Judge Hardy, chairman of police committee, and received his sanction and approval to insert in the general estimate for the police commission the amount as required last year. Your committee have inserted this amount and carried out the arrangements made with the chairman of the police commission, which also received the approval of his Worship the Mayor as a police commissioner. The report was adopted.

The Rate Struck.

The rate at 23 mills was struck by the following report: "Your committee appointed to prepare (Continued on page 10)

Will Street Railway Sale be Effectuated?

It is Understood That Important Deal Rendered Imperative by City's Action is on.

That the receiver of the Brantford Street and Grand Valley Railway Company will effect a sale of the entire holding, and that the holders of the second issue of bonds to the extent of over a million dollars, will lose everything, was the rather startling information which The Courier received this morning from an authoritative source. It is generally known that matters between the company and city have reached a crisis, and also that for some years the Company has been playing horse with the city. Whether a sale will be effected prior to the court action now pending by the city against the Company, is a matter which will only be disclosed in the immediate future. It is stated on reliable authority that Messrs. Dinnick, Firstbrook and others interested have plans whereby they hope to unload.

Brantfordites are interested in the Company to the extent that \$17,000 is owing the city in tax arrears, but the franchise, which can be revoked, is worth this several times over. The plans at present are directed towards getting the water, which is being sold, and if this is accomplished, there is no doubt but that an improvement of the service and enlargement, will take place under new auspices.

GREAT HONOR WAS SHOWN

Vancouver Paid Loving Tribute to Miss Pauline Johnson.

Major G. J. Smith of the Indian Office received the following telegram this morning from the sister of the late Pauline Johnson. The telegram reads: "Vancouver, B.C., March 10, '13. Major G. J. Smith, Indian Office, Brantford, Ont. Mayor, several aldermen and representatives almost every public organization in city attended funeral. Many coast Indians present. Chief Matthias and Chief Brown honorary pallbearers. Full choral choir. Flageolet half-mast. Schools closed half day. Duke Commemorative Society, and all other town and cities where natural gas is used in the movement to secure the legislation it is after."

At the old Mohawk Church yesterday afternoon an impressive memorial service to the late beloved Pauline Johnson was conducted by Rev. Robert Ashton. Present were the Mohawk Institute pupils, who sang two of the late Miss Johnson's favorite hymns, at her special request. "Old Handed" and "As Shepherds Watched their Flocks by Night." A few of Miss Johnson's old Brantford friends were present. Rev. Mr. Ashton read in memorial a writing of the Duke of Connaught to Brantford. Mr. Ashton also, in a brief way, referred eulogistically to the splendid life of the late poetess. The impressive Anglican burial service was conducted by the choir.

MR. FAWKES PASSES AWAY

Old and Highly Esteemed Resident of Brantford Passes to His Rest.

The death occurred yesterday of Mr. George H. Fawkes, one of the oldest and most esteemed citizens of Brantford.

Deceased, who was an Englishman by birth was in his 82nd year and had resided in Brantford for nearly half a century during which time he conducted a business on Colborne Street.

He was a sturdy Britisher in every sense of the word, and a man whose honesty and integrity of purpose were most marked. He was an active adherent of the English church and in politics a Conservative.

He leaves to mourn his great loss, in addition to the sorrowing widow, three children, Mrs. Patricia of Toronto, W. H. Fawkes, Australia, and Fred G. Fawkes, Brantford.

THE PROBS

TORONTO, March 11.—The disturbance which was in the southwestern states yesterday has passed to the middle Atlantic coast and is now causing easterly winds with light snow in the Maritime provinces. The weather continues moderately cold in Quebec and has turned colder again in Saskatchewan and Manitoba, while in the other provinces it is quite mild.

FORECASTS.

Moderate winds fair and mild. Wednesday, Northeast winds, fair with a little lower temperature.

A Jolly Time.

A party of about thirty young people of Calvary Baptist church held a sleigh ride last Tuesday evening to the home of Mr. and Mrs. T. Drummond, first concession, Township of Brantford, where they were most hospitably entertained with games, contests, etc. After a dainty luncheon had been served the young people thanked their hosts for their kindness and returned home in the small hours of the morning.

Both Fell.

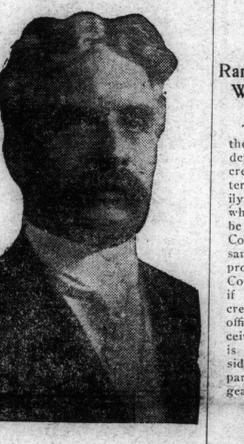

Two young ladies of the Brantford Collegiate, who daily take the 3:55 P. M. and B. train, had the misfortune to fall from the back platform of the car but luckily neither received serious injuries.

BORDEN'S BOOMERANG

Premier Drops Churchill's Letter in Parliament Yesterday.

It Almost Broke up the Debate and Split Opposition.

OTTAWA, March 11.—It is perhaps natural in the present temper of parliament coming in the thick of the long siege on the naval bill, the House is lined up on straight party lines in its views on the Churchill correspondence, which the premier presented last night. The government members so far as they will express their views, consider it a complete and timely justification of their position in opposition to the principle of a Canadian navy, the great obstacle to which they have all along contended is the heavy cost

RIGHT HON. R. L. BORDEN

of a plant and the difficulty of maintaining it. The members of the opposition have more to say and in effect claim that Winston Churchill doesn't know what he is talking about when he discusses Canada's ability to build an armament dreadsights and that his estimate of \$75,000,000 for the ship yards is ridiculous in view of the fact that the United States built a dreadnought shipyard for \$4,000,000. The opposition claims that the recruiting for the Canadian navy went along all right until the government changed. They see in the Churchill statement a desire on the part of the admiralty for the centralization of naval construction in England and affirm that such a policy discounts Canada's ability. "Canada never yet fell down on a job" said one Liberal member "and Mr. Churchill's declaration is belittling to the Canadian people."

Can't Build in Canada

The bombshell consisted of letters and memoranda addressed to Mr. Borden by Right Hon. Winston Churchill, which demonstrate the impossibility of Canada constructing dreadsights for many years to come and incidentally proved that the Laurier plan of two fleet units, was utterly beyond the realm of practical politics. To start a navy on a large scale as proposed by Mr. Churchill involve to begin with the creation of a plant, costing \$75,000,000, which would not be ready to do work for at least four years. The workmen for such a plant could not be obtained in Canada, and moreover, even though Canada possessed two fleet units today, the British admiralty would be unable to spare officers and experts to instruct crews, and take charge of them. In passing the first lord of the admiralty had occasion to say that if the Laurier naval plan had been carried out the Dominion would have been unable to man a single cruiser.

Disorderly House.

Harry and Edith Taylor were charged with keeping a disorderly house on Grey street. Mr. Woodyard appeared for defendants and Mr. McEwen for the Crown, in the absence of Mr. Wilkes, K.C. Mr. McEwen was charged in the first place with the case, so it was adjourned until he was ready to go on with Wednesday.

Pollock Rumpus.

Simon Campura, Tommie Bjilowski and Bruno Bjilowski were up on various counts. The two Bjilowskis were charged in the first place with theft of coal. They elected to be tried by jury. P. C. Cobden said that while on his beat along Pearl street he saw two men unloading coal off the car. He gave chase and followed them into a foreigners' house next to the tracks on Pearl street. When he entered the house eight or nine foreigners attacked the witness, and after pounding him they managed to get Cobden outside the door. Witness then phoned for Sergeant Wallace and P. C. Pelker, who arrived with the patrol wagon, and they tried to arrest the two supposed thieves (the Bjilowskis), which

Hydro Electric Power Price For Brantford

Engineer Ireland Gives Definite Price to the Water Commissioners--A Big Saving.

That the Brantford Waterworks system will effect a big annual saving by the use of Hydro-Electric was the announcement made this morning by Engineer Ireland at the local Hydro-Electric office. Mr. Ireland announced that he had guaranteed a rate of \$23 to \$24 per horsepower, and he was convinced that the waterworks authorities were favorably impressed with the proposition.

"It means," said Mr. Ireland, "that steam and electric power will both be in use, similar to the Toronto system. The electric pump will be used except during the interval when the peak load is on. This will effect a big saving in the electric power charges itself. When the peak load is on the steam pump will be in use." As a matter of fact, steam power is a necessary adjunct because the underwriters require it. It gives the pumping station a duplicate system, ready for any emergency, and the fires can be banked at trifling cost. Discussing local work, Mr. Ireland said the details of the primary distribution system had been approved by the commission. The new pumping station and storage house would be situated in an ideal spot for such purposes on Greenwich street.

PAY INCREASE IS NOW LIKELY

Rank and File of Police Force Will Probably Get Boost.

The Courier learns to-day that the rank and file of the police department will receive an increase in pay, and that the matter has been fixed up satisfactorily. The men do not know to what extent their application will be granted. While the City Council put in the estimates the same amount as last year's appropriation, it is understood the Council is willing to vote money, if necessary, to cover the increases. It is intimated that the officers of the force will not receive any increase, although it is believed that on second consideration the Council will in part meet the request of the sergeants.

Police Court

Interesting Cases Heard by Magistrate Livingstun This Morning

John Saunders was on the carpet this morning, charged with securing liquor for an Indian. The Indian supplied appeared and swore Saunders was the man who bought the firewater. Mr. G. H. Heyd appeared for Saunders.

The Chief asked the Indian, "How long did it take you to drink the flask?" "About five minutes," replied the Indian, smiling.

After the evidence was taken the Indian was asked if he might ask Saunders a question. "Yes," replied his Worship. "What did you do with that fifty cents I gave you to get some more whiskey?" This caused an uproar in court. Saunders could not account for it. Saunders was fined \$50 and costs, or three months. He was given one month to pay the fine. Needless to say, Ras and Saunders will be working hard to get \$58 and \$50 respectively.

"Yes, of course I was," he replied. "How often did the flask go round?" asked the Chief.

"Just once," replied Ras. This caused another uproar. Saunders was fined \$50 and costs, or three months. He was given one month to pay the fine. Needless to say, Ras and Saunders will be working hard to get \$58 and \$50 respectively.

Simon Campura, Tommie Bjilowski and Bruno Bjilowski were up on various counts. The two Bjilowskis were charged in the first place with theft of coal. They elected to be tried by jury. P. C. SUFFRAGETTES IN LIMELIGHT

They Were in Court To-day for Yesterday's Affair.

Practical Joke Played on the Women on Street.

(Canadian Press Despatch) LONDON, March 11.—A practical joker brought the suffragettes again into the limelight to-day at the expense of a number of tradesmen. While large numbers of women were going to Bow street police court to attend the trial of the five suffragettes arrested yesterday when they attempted to present a petition to King George on his way to open parliament, the headquarters of the society to which the militant suffragettes belong and which are situated on King's Way, were the scene of a series of exciting incidents. Truck after truck drove up to the door of the women's headquarters bringing all manner of goods ranging from a piano to a load of coal.

The truck drivers, all of whom had with them orders written on the printed forms of the Women's Social and Political Union refused to leave until the police who, lately have had such a busy time in protecting the women, threatened to take the men into custody and to send their carts and wagons to the pound.

The five suffragettes, Lillian Wilcox, Dorothy Smith, Kathleen Paget, Gertrude Vaughan and Grace Stuart, were to-day ordered by the magistrate at Bow Street to find sureties for their good behavior or in default, to go to prison for twenty-one days in some cases and a month in others. All of them elected to go to jail. The charge brought against them was that of obstructing the police in the execution of their duty. The police gave evidence that they had received orders to take special care to prevent anyone from attempting to throw a letter or a petition to the King while he was on his way to parliament. The accused argued that their action was perfectly legal and was based on the right of every British subject to present a petition to the King.

The magistrate explained to the prisoners that the right to present a petition to His Majesty must be exercised through a minister of the Crown. Two suffragettes, Dorothy Barham and May Richardson, were sent to prison for a month each by the Bow street magistrate to-day for breaking some windows at the Home Office this morning. The two women stated that they had adopted this method of protesting against the illegal arrest of the women who tried to present a petition to the King yesterday.

The belief that militant suffragettes were responsible for the burning of the railway station at Crossley Green on the North Western Railway yesterday morning has been confirmed by the receipt by the station master to-day of the suffragette newspaper bearing the words: "Afridi copy left got burned."

Successful Close.

The exercises of the Early Hours' Devotion was brought to a close on Sunday evening at St. Basil's church. The Rev. Dr. Brady delivered an eloquent discourse after which the Blessed Sacrament was carried in solemn procession throughout the church. Benediction of the Blessed Sacrament brought the impressive services to a close. A very large congregation was present.

HEADACHY, BILIOUS, UPSET? "CASCARETS."

BILIOUS, THROBBING HEADACHE MEANS BOWELS ARE CLOGGED AND LIVER STAGNANT. You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, your dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box of your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

A RECORD FOR THE CUSTOMS REVENUE.

The ever increasing volume of...

Customs receipts which has been such...

a feature of the administration of...

the Department by the Hon. J. D. Reid...

is shown in the returns by the...

eleven months of the present fiscal...

year. The revenue for the eleven...

months was \$103,485,000, compared...

with \$77,716,000 for the correspond...

ing eleven months of the last fiscal...

year. This shows an increase of \$25,...

769,000 or, in other words, the in...

crease for the eleven months of this...

fiscal year is greater than the entire...

Customs revenue for the fiscal year...

1898-99 which was \$25,734,000.

In order that the bounding revenue...

from Customs alone may be appreci...

ated the following statement shows...

the collections for the first three...

years of the Liberal administration.

The first year of the Laurier reign...

showed a Customs revenue of \$19,891,000.

For the year 1897-98 the revenue...

was \$22,137,000 and only in 1900...

did it reach \$28,000,000 or slightl...

y over the increase for the eleven...

months of the past fiscal year.

This splendid showing not only...

bears ample testimony of the remark...

able prosperity throughout the...

Dominion but also testifies to the...

business-like administration of the...

Department by the present Minister...

of Customs. When the Hon. Dr. Reid...

took charge of the Department its...

affairs were in a somewhat deplora...

to protect the revenue. This has al...

ways been changed and throughout the...

Dominion now there is an army of you...

The revenue for the month of Febr...

SPRING OPENING

Thursday and Friday

OUR complete and authentic collection of Spring-wearing Apparel and yard materials is worthy of your critical inspection.

This Display Will Appeal to the Women Who Understand Dress!

French, English and American Modes in Millinery

The small hat is the notable feature this season. The decorative effects are both bold and striking. The bold shown patterns and colorings of the new Bulgarian order are very conspicuous. This is a most important feature, as the hat simply must have a dash of this bold color; if only a touch it must be there.

The Showing of Smart Gowns, Suits, and Coats Adds Greatly to the Opening Exhibit

Fashion, tiring of the straight lines, has chosen tunics and kindred effects to relieve this straightness. We are showing a most beautiful range of tunics and lace over-dresses.

There is a wonderful display of dress accessories, chosen from the latest and daintiest productions of leading foreign manufacturers. Beautiful new Blouses and Dress Fabrics, exquisite Silks and kindred soft materials, dainty new Laces and Embroideries, in fact everything.

Dressmaking

Miss Truesdale who has charge of our extensive Dressmaking Dept. is now prepared, with a full staff of competent workers, to execute your orders for Spring Suits, Coats or dresses.

Fit, Style and Workmanship Guaranteed

Borden's Boomerang

(Continued from Page 1)
annunciation of the entire programme of the opposition, at least from an imperial standpoint.

Effect Was Crushing.

The announcement of the prime Minister last night came with crushing effect, because all afternoon and evening the Liberals from Sir Wilfrid Laurier down, had taunted Mr. Borden with suppressing important portions of the Churchill letters and memoranda. Indeed, to some extent they justified their obstruction upon the ground that the part of the correspondence which was not laid upon the table might prove of great value to their cause.

Mr. Turiff of Assiniboia, was speaking toward midnight when Mr. Borden entered the House. The galleries rapidly filled, the official galleries being occupied by ladies in evening dress. He asked leave of Mr. Turiff to interrupt him long enough to make a brief statement, and then read his correspondence with the first lord of the admiralty. As the reading progressed the Conservatives gave way to unbounded enthusiasm, and the conclusion of Mr. Borden's speech was a signal for uproarious cheers and applause.

Still Obstructing

Nevertheless the house is sitting and may continue to sit until Saturday midnight. The Liberals during the day have been protesting that they were in the fight to the finish and the supporters of the government are determined and enthusiastic. The dissolution talk has faded away, but resort may be had to the closure, although likely not before next week.

On Dec. 18, 1912, Mr. Borden wrote to Mr. Churchill saying: "It has been suggested to me that the construction of large warships of the most modern type has been attended with great difficulties in its earlier stages and that the cost has been excessive. If I am not trespassing too much upon your good nature I would be glad to receive any information along that line so that it would be available if necessary."

Not Practicable. "On Jan. 23, Mr. Churchill replied giving the following memorandum: The suggestion that the proposed battleships could be expeditiously built in Canada cannot be based on full knowledge of the question. The battleship of to-day has gradually been evolved from years of experiments and experience, she is a mass of intricate machinery and machinery all requiring separate and extensive plants of a very costly nature to cope with the constant changes in design and composition. In addition to this the actual construction of a battleship where high tensile and mild steel are largely used, requires the employment of special riveters and steel workers. These men are difficult to obtain in Great Britain, and it is thought it would be a long time before a sufficient number of efficient workmen of this nature could be obtained in Canada.

Wholly Unwise.

Taking the above points into consideration, it is clear that it would be wholly unwise for Canada to attempt to undertake the building of a battleship at the present moment. The cost of laying down the plant alone would at a rough estimate, be approximately £15,000,000. And it could not be ready for four years. Such an outlay could only be justified on the assumption that Canada is to keep no continuing naval building program to turn out a succession of ships after the fashion of the largest shipyards in Great Britain and Europe.

Extracts from Churchill's Correspondence.

Japan's Experience. The Japanese have taken 20 years in working up their warship building, and now take over three years to build a battleship, and although anxious to build all ships in their own country they still find it necessary to have some of them built in Great Britain.

Spain has developed a shipyard in Ferrol and at Cartagena they have only found it possible to put down second-class battleships of about 15,000 tons (the bulk of the material coming from Great Britain), and the yards are being financed and worked by English firms. (Armstrong, Brown and Vickers).

Obituary

Grace McHugh.

The funeral took place yesterday of Grace, infant daughter of Mr. and Mrs. John McHugh, Emily street, from the family residence to St. Mary's church and St. Joseph's cemetery. Rev. Father Padden conducted the services. The floral tributes were beautiful including: Sprays, father and mother, Mr. and Mrs. David Edwards, Mr. and Mrs. George McHugh, Mr. and Mrs. Wm. McHugh, Mr. and Mrs. Jos. McHugh, Mr. and Mrs. A. Crandall, Miss Bella Edwards, Miss Beatrice Steele, Mr. and Mrs. J. D. Montgomery.

The late Mrs. Carey.

The death occurred this morning at the family residence, 38 Niagara street of Mrs. Carey, widow of the late Cornelius Carey. Two sons, one of St. Catharines and one at home as well as two daughters, both of this city are left to mourn the deep loss of a mother. The funeral will take place Thursday from the above address to St. Basil's church and St. Joseph's cemetery.

THE COAL SITUATION.

Next Three Months Coal Will Be Cheap.

Now is the time to order your next year's supply of coal. The price of coal is lowest during April and May than any other time in the year. At present Buffalo harbor is clear of ice and railway companies are busy loading their boats with coal. This is being done to rush the coal to the West as soon as navigation opens on account of the supply getting very low in that section of the country during the past winter. This state of affairs will have a tendency to make coal a scarce article in Ontario. It will pay you to order your coal from F. H. Walsh before May 1st, as after that date all mine-owners advance the prices monthly.

Throughout the past winter several of the local dealers have been buying coal from independent firms in Detroit at an advance in price of \$1.00 a ton over what Mr. Walsh has been paying; therefore, he is able to quote you a better price for April, May and June deliveries, especially car lots for employees of factories.

This coal is mined under the city of Scranton, Pa. (guaranteed), and no better coal can be purchased in the world. Mr. Walsh can quote a lower price than most dealers as he is under less expense than any coal merchant in the city. You get coal of quality and quantity, which is full of weight, worth and warmth, when you have Mr. Walsh fill your coal bins. He is already booking orders for next year's supply of coal at prices which will astonish you. If you are not already one of his many satisfied customers give him your next order and be convinced that he sells the best coal in the city and at economical prices and full weight.

He is also sole agent for Beaver Brand Charcoal, F. H. Walsh, Coal and Wood Dealer, Phone 345.

Like Magic To Weak Nerves

With the nerves exhausted both mind and body are of little use. You feel tired, worn out and down-hearted, and the organs of digestion fail to perform their all-important functions.

Nervous troubles do not go away of their own accord, but gradually grow worse and worse, until some form of paralysis is developed. Dr. Chase's Nerve Food can be depended upon to revitalize feeble, wasted nerve cells as nothing else can. Here is a case in illustration:

Mr. A. Sicard Dana, Sask., writes: "When I began to use Dr. Chase's Nerve Food, on the recommendation of a friend, my system was so much run down that I was weak and exhausted, and could not at times attend to my work. The effect of the Nerve Food was almost like magic: in a few days the weakness wore away and I found strength and vigor being restored to the body."

That cure was effected three years ago, but I generally use the Nerve Food in the spring, as I can find no treatment so effective as a spring tonic.

Congregational Young People

At the meeting of the Congregational Church young people last night Miss Annie Ritchie read a very interesting paper on "The Success of Failure," and Miss Alice Bloxham rendered a solo in capital voice.

Committee Meeting

A meeting of the manufacturers committee of the City Council took place yesterday afternoon, all the members of the committee being present, at which it was decided to recommend to the Council that they grant \$1,000 toward the Greater Brantford publicity fund.

Called Off

The proposed sleigh-ride of the Grace Church A.Y.P.A. did not materialize last night on account of the soft weather, but a social evening was held in the school room, at which lunch was served, and the young people used their new dishes with the A.Y.P.A. crest on them for the first time.

St. Jude's A. Y. P. A.

There was a large turnout of the members of the St. Jude's A. Y. P. A. in the school room last night when a debate was the form of amusement: "Resolved—That the farmer is of more benefit to the country as a whole than the manufacturer. The affirmative was upheld by Misses L. Pelling, N. Cooper and C. E. Peddie, and the negative was supported by Messrs. N. McLeod, P. Unsworth and W. Broomfield. The judges were Messrs. Bradley, Herrington and Miss Bremner, who decided that the result of the debate should be declared a draw.

St. Andrew's Young People

The Young People's Guild of Alexandra Church were the guests of the St. Andrew's Church Guild last night, and a very enjoyable evening was spent. G. R. Millard, president of the St. Andrew's Guild, welcomed the visitors and then handed the program over to President McDonald of the Alexandra Guild, when the following

A Novel Turnout

A bang-tailed sorrel horse attached to a hand sleigh driven by a couple of boys sitting in a soap box, caused a lot of amusement on Colborne street to-day noon.

Source of Trouble

A source of continual annoyance to delivery drivers and citizens in general is the mix-up of the numbering of the houses on Chestnut and St. Pauls' Avenue for the reason that the numbers run opposite directions on these two avenues and is the cause of much confusion and annoyance.

With each the overcome if the proper authorities would stretch the matter out by changing the numbers on one avenue and have them run in the same way as the other.

At St. Luke's Church

The services at St. Luke's church on Sunday were especially interesting and inspiring. Rev. H. Wright conducted the morning service at which 13 were baptised; the sacrament of the Lord's Supper was also administered. It was boys' Sunday and the services were largely devoted to the work among boys. The evening service was largely attended and the choir rendered an anthem effectively. Two separate sessions of the Sunday school were held on account of the need of more room. It has been thought wise to adopt this course. The Sunday school is divided into two districts—schools—a boys' school and a girls' school. Much enthusiasm is being shown in church work on all sides.

Military Examinations

Major J. H. Elmsley, G.S.O., has issued orders that the officers who are attending a class of instruction under him will assemble at the armories on March 27 and 28 to write their examination papers, which will be in the following order: March 27, 2 p.m., map reading and organization; 8 p.m., administration and organization; March 28, 10 a.m., tactics and engineering (first paper); 2 p.m., tactics and engineering (second paper). Brooks of this city and Col. Cohoe Col. Howard, Col. Ashton, Major (Welland) and Capt. Vandersluys (Niagara Falls) will write on the papers.

Scouts Entertained

Mr. W. J. Verity's Bible Class entertained about 60 Boy Scouts in the school room of Colborne St. Church last night. The first part of the evening was taken up by a musical program by members of the class, including solos by Mr. Hoalding and Mr. Geo. Humphries, clarinet solos by Messrs. Davidson and Stevens. In the second part of the program the Scouts were the entertainers rather than the entertained. They went through numerous scout movements and drills, which were very novel. The Bible Class afterwards entertained the Scouts at a supper prepared by the ladies' auxiliary of the church.

Communication

The city clerk has forwarded to the City Council communications calling the attention of that body to the resolutions passed at the meeting of the Board of Health at their meeting held on the night of February 27 in reference to the sanitary condition of the public lavatory at the city hall, the advisability of the erection of a public abattoir and that of having a veterinary surgeon inspect the dairies from which the milk supply of Brantford is secured, and the construction and extension of sewers on the following streets: Sydenham street, Wilkins street to Usher street; Usher street, from Sydenham street to Bond street; Brock street, from Grey street to G.T.R.; Foster street, from Eagle avenue to Cayuga street.

Tutela Institute

The Tutela Institute held their March meeting at the home of Mrs. Geo. Howarth, Birkett's Lane. The meeting opened by all joining in singing a national hymn and repeating the Lord's prayer. The Secretary read the minutes of the February meeting which were adopted. Mrs. A. McEwen and Mrs. W. Morrison read excellent papers on poultry raising for profit. A debate "Resolved that the franchise should be extended to women." The affirmative was led by Mrs. R. Birkett; the negative by Mrs. Howarth was decided in favor of the affirmative. The Judges, Misses Oliver, Daws and Richardson. Miss Oliver sang a solo very sweetly. Mrs. Birkett acting as accompanist. Next meeting will be held the first Tuesday in April at the home of Mrs. Lyman Chapin, McPlesant road. All ladies are invited. Mrs. C. McEwen and Mrs. J. Howarth have charge of the programme.

Victorian Order

The regular meeting of the Victorian Order of Nurses was held on Wednesday morning when the reports were given and the accounts passed. Mrs. Henwood, reported having received a grant for one hundred dollars (\$100.00) to assist in carrying on this work. It was moved by Mrs. Henwood, seconded by Mrs. Harris, that a letter be sent to the City Council, conveying the thanks of the Society for their grant. After an absence of two months, Miss Stuart was present and gave the Nurses' report for February, which is as follows: Number of new cases, 36; total cases unresd during month, 34; average daily hours on duty, 8; total number of night cases, 13; operations, 23; confinements, 16; visits during month, 330; medical cases, 10; surgical cases, 3; gynecological cases 1; number of paying patients 41; number of non paying patients, 5.

PLAN MADE TO OPEN UP LAND

Part of Mohawk Institute Property Will Be Sold.

Elsewhere in this issue is the announcement of an application to Parliament for the expropriation of the Glebe property in connection with the Mohawk Institute.

This land, of some 200 acres, is situated back of Rev. R. Ashton's residence, and fronts on the Hamilton road.

All concerned refuse to talk, but the Courier understands that the plan is to open up the area for factory and residential purposes.

Military News

There was an exceptionally large turnout of recruits last night about twenty five were out. The different company armories are beginning to look like beehives these nights, in view of the approach of Spring drills, which in all probability will start the end of the month. This week is the closing of the Company banquets. To-night the Sergeants are holding their weekly euchre in the mess. In the men's mess the Veterans are holding their annual "at home." A great many invitations have been issued and no doubt the mess will be well filled. F. Co. are holding their theatre party Wednesday at the Colonial, followed by a supper at the armories. G. Co. are holding a theatre party and supper Thursday, while A. Co. are being entertained at Capt. Colquhoun's house, Friday night. D. Co. are also having their annual theatre party at the Colonial, followed by supper at the armories. These are the last of the Company banquets. These feasts and theatre parties are the best way the Capt's have of getting in touch with their company, and ensuring a full turn out at Spring drills. The 28th regiment are booked for the camp at Niagara for five days. The local regiment will likely go the latter part of June.

Mrs. T. Harry Jones returned last evening from a short visit with friends in Toronto.

Miss Mona McClure of Toronto is the guest of her sister, Mrs. Arthur Rowe of Hamilton at present.

Miss Jaffray of Galt, was a visitor over the week end with Mrs. Norman Andrews, Conservatory of Music, Nelson street.

Many friends will regret to hear that Mrs. Wareham Wisner is confined to bed with a very severe attack of la grippe. Miss Wisner will not receive on Wednesday, the 12th.

The death occurred in St. Catharines on Sunday last of Mr. J. J. Acres of the Canadian Bank of Commerce, son of J. W. Acres of Paris, Ont. The late Mr. Acres had many friends in Brantford who will hear with regret of his death.

Owing to an epidemic of measles at Haverhill College, Toronto, the school is being closed until after Easter. Miss Pearl Brown, Miss Jean Paterson, Miss Helen Adams and Miss Dot Thomson (Paris), are all expected home to-night.

This promises to be an evening of divers amusements in our city: Hockey match banners floating, amateur plays at Victoria Hall, pretty "Shepherd of the Hills" at the Grand Opera House" to say nothing of all the picture houses which are also producing good attractions.

Mr. D. R. Wilkie and Dr. Bruce of Toronto, attended the annual meeting of the Victorian Order of Nurses in Toronto last week, and while there also had the honor of luncheon with their Royal Highnesses, the Duke and Duchess of Connaught.

On Thursday of this week weather permitting, a number of the members of the Minto Skating Club of Ottawa are due to attend the skating party arranged to take place by the Toronto Club in the Queen City on the 13th of the Ottawa contingent being under the chaperonage of Mrs. Charles Kingsmill.

Mrs. E. D. Henwood who was so nearly seriously burned yesterday afternoon, is able to be about again today many friends will be glad to hear. The accident was caused by a curtain which had got on fire. Mrs. Henwood in extinguishing it setting fire to herself. Luckily her husband was near at hand and came to the rescue, otherwise things might have ended very seriously.

Pleasant Visit to Brantford. Friday a number of the members of the Saturday Symphony went to Brantford to pay a return visit to the Brantford Musical Club. The local ladies report having a most enjoyable visit. The program of the afternoon was contributed by the Galt members and each number was well received. Following the entertainment, the Brantford ladies entertained their guests to refreshments and a delightful gathering came to a close altogether too soon.—Galt Reporter.

Farewell to Mrs. Cooper. Mrs. Herbert Mitchell, 1270 Grand Avenue street, entertained the members of the choir of the Court Street church, and their friends, Wednesday evening last. The occasion was a farewell to Mrs. W. H. Cooper, who

has been a member of the choir for a number of years. A pot luck supper was served, and games and music composed the programme of the evening, which was an enjoyable one. On behalf of the choir, W. J. Gregory, choir-master, presented the guest of honor with a handsome case of silver as a token of high esteem and best wishes. Mrs. Cooper is leaving Flint for Brantford, Ont., to join Mr. Cooper, who has opened an office as a chiropractic physician in that city.—Flint Daily Journal.

If woman insists upon being a golfer, an equestrian, a walker or an outdoor person generally, she must content herself to have large feet. One of the largest shoe manufacturers in the country has just discovered that the feet of the women of to-day require a shoe 5-1/2 C in size in place of the 4-1/2 B size worn ten years ago. The calculations were based upon the orders received for shoes for women during the last year and for a like period ten years ago. Thousands of orders were examined and an average struck. An investigation was made as to the cause, and from the results of this, it has been determined that the prevalence of the athletic spirit among women is responsible. It was also found that the height and weight of the average woman have increased considerably in ten years.

In the Isle of Man the wedding ring was formerly used as an instrument of torture. There once existed a custom in that island according to which an unmarried girl who had been offended by a man could bring him to trial, and if he were found guilty she would be presented with a sword, a rope and a ring.

With the sword she might cut off his head, with the rope she might hang him, or with the ring she might marry him. It is said that the latter punishment was invariably inflicted.

The ring was anathema to the early Puritans, who regarded personal adornment as one of the many signs of Satan. In the old English marriage service it was the custom for the bridegroom to put the ring upon the thumb of the bride, saying: "In the name of the Father, and the Son, and the Holy Ghost, and finally on the third finger, with the word 'Amen.'"

The ring was left there, because, as the Saruin Rthvic says, "a vein proceeds thence to the heart." In the modern marriage service the ring is placed at once on the third finger, the invocation to the Trinity being understood.

"Between the towns of Roswell and Vauchan, in the state of New Mexico, there is an automobile road with a road of bridge design," says Dr. Charles G. Percival, in his interesting book of automobile travel, entitled the "Trail of the Bull Dog," in which he gives his impressions of two years travel in North America.

"The road runs through stretches of almost impassable sand, and in spite of the fee of five cents a mile, it is very popular with motorists. The peculiar feature of the route lies in the bridges, which can be used only for automobiles. They consist of two wooden troughs, 56 inches apart, and as they are not connected with cross boards the middle of the bridge is open for its entire length and horse-drawn vehicles cannot pass over.

Each trough has protective sideboards, so that the car cannot leave the track and slide into the ravine. It is a popular road for motorists when touring the southwest.

Alexandra Presbyterian.

"Entreat me not to leave thee or to return from following after thee; for whither thou goest I will go, and whither thou lodgest I will lodge; thy people shall be my people and thy God my God; where thou diest I will die and there will I be buried." The above are the words of Ruth to Naomi, and from which the pastor of Alexandra Presbyterian church portrayed in his people a splendid scene. Naomi, Orpha and Ruth were referred to but Ruth was mentioned for her goodness and faithfulness. Mr. McClintock described the story as one of the finest in literature. In the anthem, the duet was sung by the Misses Marlette and Heath.

The pastor's subject for the evening was that of "War," founded on the text "Thou shalt not kill." Many phases of the consequence of war were given by the Rev. Mr. McClintock. The music by the choir was good. Mr. Crooker, who is at all times a welcome visitor at Alexandra, delighted all in his splendid rendition of Kipling's recessional.

"A quartette 'Joy to the World' was pleasingly sung by Mrs. Brown, Mrs. Humble, Messrs Jess and Houson.

Lady Marjorie's Love

In truth it was nothing much more, for Mr Jocelyn's tooth had suffered a great deal more than his knuckles, but Marjorie, being a veritable lithe coward in some ways, shuddered and turned white.
"I can't bear to see blood," she faltered faintly.
"Poor child, can't you," he said gently. "No, I see you can't. Never mind, you shan't see this more than a minute. Sit down while I wash it off in the water here and then you must let me walk back to the house with you. The Countess would never forgive either of us if you chanced to faint away, would she?"
Marjorie did not answer; she was not thinking of the Countess, but she sat down on the tree trunk as she had been told to sit, and began to put on her hat with trembling fingers. Barrington stooped to cleanse his bleeding fingers in the water and stood erect again drying it on his handkerchief. His gaze went down the shining, winding stretch of the river, with the lights and shadows of passing clouds and waving branches dancing on its surface. He looked at him again and settled on her face.
"Are you fond of the river, Lady Marjorie?"
"The river?" The river had been so far away from her thoughts as the Countess, and she looked up with a start. "Oh, yes, very. The river is lovely from here. I think you're right."
"It is beautiful, but that isn't what I meant. Don't you care for boating?"
"Yes, I like it. Last year I used to row a good deal, but Dr Barlow said he thought I was not strong enough, and that made my father nervous, and so I gave it up. Besides, the Countess used to complain because the oars histered my hands."
"I should think they would." He glanced at them as they lay folded, small and white upon her black dress. "The oars won't blister mine," he said persuasively, "and the Countess won't call me over the coals if they do. There is a capital little boat in the boat house. I was overhauling it only yesterday and was wondering if you cared about the water. Since you do, let me take you for a row. You are indoors too much and this weather, too much walking tires you. A boat is about the laziest way of taking the air that there is."
"Is it?" Marjorie said doubtfully—doubtful not of the statement, but as to how she should receive the proposition. She would have had no doubt yesterday. If Mr Chadburn's agent had made the daring suggestion that she should go rowing with him only twenty-four hours ago she would have been not only astonished, but she was now, but haughtily indignant at the audacious liberty taken with herself, and her dignity; and she would have snubbed Mr Barrington as utterly and as crushingly as she knew how. But just now that course of action was not clearly not possible. She thought of Mr Jocelyn, who had so opportunely and indignantly, he had gone toppling over the log, of what must have happened,—which made her shrink and shudder—if there had been no one to send him there. Besides, she loved the river, and she seemed perfectly unaware of it. She smiled—it seemed the best thing to do. "Yes, I am very fond of the river. I should like to be on it again. But not to-day, I think."
"To-morrow then?" Barrington said eagerly. "I'll see that the boat is all ready to-day and we will go at whatever time you like, and let the tide float us down as far as we care to go. The scenery lasts us almost as far as Wynneborough."
"Very nearly, but it is not very pretty far beyond the place they call Cross Beggard—all those horrid manufactures they have been building lately have spoiled it close to Wynneborough."
"I know. I scolded myself down one evening last week. You will really come to to-morrow then? Thanks."
"Yes, I'll come—I shall like it very much. It must be almost a year since I went so far." She looked at him with some curiosity as she rose. "I really didn't know that you knew anything about boating, Mr Barrington."
"Didn't you? I do a little. Enough not to drown you at any rate. Are you sure you won't be in a distressed tone?" He is very vindictive, spiteful—I am sure he will."
"I should say that you are very likely to be right. It never fell to my lot to come for a similar dose, but I should hardly fancy that it would be so unkind to amiable feelings." Barrington answered coolly. "He is afraid there is no help for it, Lady Marjorie. You must depend on it that Mr Chadburn is bound to hear of my misdoings."
"But it may do you harm. You know what he said. If he writes a horrid article about me, and he is sure to do that—he may make you lose your post."
"So he may. All things considered I should say he would if he could. Well if the worst comes to the worst I must lay my side of the case before he is now, and let him judge between us. In the meantime, Mr Jocelyn hasn't turned me out, and is welcome to try his best."
"But—but you don't want to do?" said the girl involuntarily and perplexed.
"Oh, bright quick eyes flashed a look at her.
"No, Lady Marjorie, the last thing on earth that I want to do is to leave Castle Marling. Are you ready to go now? And won't you take my arm? You are looking pale."

DOCTORS ADVISE OPERATIONS

Saved by Lydia E. Pinkham's Vegetable Compound.
Swarthmore, Penn.—"For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERS, Swarthmore, Pa.
Canadian Woman's Experience:
Fort William, Ont.—"I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was weak and tired and I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it."—Mrs. Wm. A. BERRY, 621 South Victoria Street, Fort Williams, Ontario.
"Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?"

of instilled spirits. However, this is a mean remark, for the offending ones have already promised to be good and have been forgiven.
Some high hopes of recruit Giant infielders were given a setback when Arthur Schaefer signed his contract with McGraw last Thursday. Schaefer's contract is for three years and it is said that McGraw met his terms. It is hinted also that McGraw was inclined to do this after a week's view of the youngsters who were trying out at Marlin as possible Schaefer successors.
Following the injury to Harry McLean, Manager Higgins of the Cardinals had to hustle around and secure a catcher who could warm up pitchers in practice at the training camp and signed a young fellow named Winger from Cincinnati. The Cardinals already have Wingo, which means more trouble for the scorers in case Winger should be held over until after the season starts.
An American Havana, who is an enthusiastic Brooklyn fan, has written a letter to Manager Dahlen, calling him to account for not signing Thomas Romanach, the Cuban shortstop, landed by Cincinnati. The Havana man says he tipped Dahlen off to the player a year ago and predicts a great future for him. Romanach played last summer at Long Branch, N. J., and Dahlen had opportunity to look him over if he wished.

Music and Drama

"The Shepherd of the Hills," a dramatization of Harold Bell Wright's novel of the same name, by Mr. Wright and Elsbury W. Reynolds, is announced for production at the Grand Opera House, on Tuesday, March 11.
Never in the history of publishing of books has a novel attained such a wide-spread popularity in the short space of four years. It has exceeded by over one hundred thousand copies the sale of the previous biggest seller "David Harum." In making a play of his story the author, in collaboration with Mr. Reynolds, has retained the big dramatic possibilities of the book, making the love story of "Young Matt" and "Sammy Lane" his big theme. The play would be interesting even if it only depended upon its excellent character drawing to entertain, as if it characters of the mountaineers of the Ozarks are indeed unusual upon the stage and lend a picturesqueness that is really worth while.

ROYAL SAILORS

Served in the Navy.
The fact that Prince Albert, King George's second son, has embarked on a career by joining H.M.S. Cumberland, the Royal Navy, shows that past traditions in regard to the naval training of British princes are being religiously observed. Apparently it is intended that Prince Albert, like his father, shall be thoroughly trained in naval matters. His elder brother, the Prince of Wales, it will be remembered, spent some months at Dartmouth studying seamanship; but it was ultimately decided that he should not follow the naval profession.
On the other hand, the naval training of Prince Albert, who is now making his first cruise at sea, will cover some considerable time. And it is an illustration of the thorough manner in which this training is to be undertaken that, when the King heard that preparations had begun on the Cumberland for accommodating the prince in a cabin, His Majesty promptly vetoed any such distinction and directed that his son, during the ensuing cruise, should be in every respect treated as an ordinary cadet. So for some time to come Prince Albert will sleep in a hammock.
The sending of the second son to sea is quite in accordance with precedent. It will be remembered that King George, with his elder brother, the Duke of Clarence, spent two years on the Britannia training ship, and then made a voyage round the world in the Bechante. But after that, while his brother left the sea, King George remained in the navy, and during his naval career commanded closely to the usual custom. It was as a promotion was concerned, he owed little to the advantage derived from his exalted rank. Therein his naval career differed from that of his uncle, the Duke of Edinburgh, who was a pupil of Captain Harris in the Illustrious, the predecessor of the Britannia, but who, to his regret, skipped the grades of sub-lieutenant and commander and became a captain in the navy at the age of twenty-two.
Prince Henry of Battenburg, who recently succeeded Sir Ernest Blyden as First Sea Lord, is the most notable instance of a royal personage attaining a great position in the naval service. It is interesting to recall, however, that Prince Edward Augustus, a younger brother of George III, went to sea at the age of nineteen, was posted in the following year, and hoisted his flag as second-in-command in the Channel. According to The Times, Prince Edward was embarked on the ship's books at a volunteer for war and victuals, and his original commander, who afterwards became his flag-captain, was Lord Howe.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh), that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

AT ONCE! CLOGGED NOSTRILS OPEN AND COLD-IN-HEAD OR CATARRH VANISHES

Instantly Relieves Swollen, Inflamed Nose, Head, Throat, You Breathe Freely — Dull Headache Goes — Nasty Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of Ely's Cream Balm at any drug store. This sweet, fragrant balm penetrates and heals the inflamed swollen membrane which lines the nose; clears the air passages; stops cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold with its running nose, foul mucous dripping into the throat and raw dryness is distressing but truly needless. Put your faith—just once—in Ely's Cream Balm, and your cold or catarrh will surely disappear.

Ald. Ward wanted to know when the report was read if it was not possible to still further reduce the rate of taxation by a half mill on the dollar.

In reply to Ald. Ward Ald. Spence stated that there was \$8,000 street railway tax not paid, also \$1,500 voted to the police board at the end of 1912. This sum practically constituted the overdraft of \$11,000 which had to be met this year.

Ald. Ward again made a kick to have another half mill taken off. The present rate of 24 or even 23 mills was felt by every taxpayer in the city.

Mayor Hartman believed that the striking committee had gone into the question carefully. The independent boards of the city had made a big demand and he believed the committee had done exceedingly well to get down to 23 mills.

Ald. Hollinrake pointed out that there were uncontrollable expenditures to the amount of \$245,000. Ald. Hollinrake remembered when the school board only needed \$30,000 now it was \$63,500. Mayor Hartman said he remembered when the school board expenditure was \$30,000.

The City Treasurer.
Mr. Bunnell, the City Treasurer, said that increase in hospital, public school and Collegiate interest and sinking fund expenditure were responsible for big demands on civic revenue. The library and parks boards also demanded increases, although reductions had been made. Reductions had been made as follows: Public schools, \$1,000; Collegiate Institute, \$1,000; parks board, \$926; public library \$850; fire light committee, \$183; board of works, \$350. The business estimates had also been slightly reduced. Mr. Bunnell submitted that all the boards had been within their rights, and had not asked one dollar more than that to which they were entitled. He believed that payment for public service had been placed at its minimum, that is, if an overdraft were to be avoided next year.

Mr. Bunnell's remarks were accepted with unanimity around the council board, and the reports went through scarcely without question.

Mr. Bunnell's remarks were accepted with unanimity around the council board, and the reports went through scarcely without question.

The estimated available assessment calculated at 23 mills would produce: \$14,963,830 at 23 mills \$344,168
\$57,600 at 23 mills (business tax) 1,324
\$385,330 at 1/4 mill (Grand Trunk) 192
\$491,610 at 7.45 mills (school rates) 3,663
Less probable uncollectable 2,046
Total \$472,579

He felt he was justified in proceeding and the committee felt so too, as the tax bills had to be made out at an early date.

Ald. Ward still kicked for another half-mill reduction. He made a plea with various chairmen to get the reduction.

Ald. Pitcher said the city was already taking care of an \$11,000 overdraft from last year, and he believed in paying as they went.

Mr. Bunnell said that there would be about \$16,000 from the street railway this year which the city would receive.

Ald. Ward—"Hasn't that been absorbed?"

Mr. Bunnell—"No, if we get it we can burn it."

Ald. Quinlan—"Won't we get it this year?"

Mr. Bunnell—"I wouldn't like to be a prophet."

Ald. Spence said that in spite of his reputation as a tightwad, he felt no bigger cut could be made. He thought, in reply to Ald. Ward, that the committee had done remarkably well.

Ald. Ward—"No doubt."

Ald. Ward again jumped to his feet. He asked the assessors to make no further increases in the assessment.

Mr. Bunnell—"In spots."

In fact exclamations all around the board were to the effect that the assessment should in spots be greatly increased.
