## Twitching of the Nerves Broken-down System

Now Entirely Cured—Never Used Any Medicine With Such Benefit as Dr. Chase's Nerve Food.

Headaches, dizziness and nervousness are often very disagreeable, but when your nervous system gets into such a condition that the nerves twitch and jerk, and you have peculiar nervous sensations, come over you there is cause for grave alarm.

Everybody dreads the thought of paralysis or locomotor ataxia. Nothing is worse to look forward to than to become helpless. Sometimes it is helplessness of body, and at other times the mind is affected, which is far worse.

The writer of this letter did not know what to expect, but fortunately began the use of Dr. Chase's Nerve Food in time to head off danger, and

writes that she was entirely cured of the old trouble. The last paragraph proves that the cure was lasting.

Mrs. John McKellar, 11 Boston street, East, Hamilton, Ont., writes: "I was injured some years ago, and that left me with a broken-down nervous system. I could not sleep, and suffered from twitching of the nerves and disagreeable nervous sensations."

"I then began using Dr. Chase's Nerve Food, and can say that I never used any medicine that did me so much good; in fact, I am entirely cured of my old trouble. The Nerve Food not only strengthened the nerves, but also built up my system in every way."

Under more recent data Mrs. McKellar writes confirming her cure, and states that she has had inquiries from many people who had heard of the great benefits she obtained from Dr. Chase's Nerve Food, for a box, 6 for \$2.50. At all dealers.

## Waiting.

Like the fabled lotus-eaters,  
Beside the sea I lie,  
And to the soft, blue distance  
Look forth with a dreamy eye.

Waiting still for my ship to come in—  
Waiting, with many a sigh,  
I see the white sails glimmer,  
And yet they come not near;

They stretch to other havens,  
Bring other looms cheer,  
And I am waiting, waiting,  
In dreamy sadness here.

The Bay of Fundy, N. S.,  
On the western hills again;  
The sea and the sky are blushing  
With the sunset's purple stain,  
And here is the gathering twilight  
I wish, but wait in vain.

And at night I sink to slumber  
With the hope that the morning star  
May see my ship come sailing  
Across the harbor bar.

Precious with golden treasures  
From fairy lands afar,  
But still when I look o'er the ocean  
In the morning dim and gray,  
Is a waste of devotion  
In waters stretch away.

Yet I trust that my ship will follow  
In the wake of the morning star,  
It will sail through calm and tempest,  
It will pass through every ill,  
And in spite of the sorrowful-bone,  
I feel that some time still

## The Spavined Horse's Story.

Here I stand on the soil of France,  
A good Canadian horse am I;  
No skittish colt of tender age  
Who shrinks from the roar of battle's  
trump.

But the wisdom have I, of a time-  
learned sage—  
And look it, eye, I look it!

For I have been I, indeed, the  
stomach,  
An old Canadian horse am I;  
For I volunteered to fight before,  
When my fellows went to fight the  
Boer.

But they turned me down, and I was  
sore—  
And I've looked it, eye I've looked it!

Again, though spavins told a tale,  
(A brave Canadian horse am I!)  
I "buckled on" as this war'd begun,  
And they brought me here to meet  
the Hun.

Though my eyes were dim and I  
scarce can run—  
But they took me, eye they took me!

## Postal Laws of Canada.

Under the Post Office Act, sections 65 and 66, the Postmaster General has the exclusive privilege of receiving, collecting, conveying and delivering letters within Canada.

Bills and accounts, whether in open or sealed envelopes, as well as circulars or other printed matter, enclosed in envelopes, and addressed to be sealed, are letters within the meaning of the Post Office Act.

There is a penalty under section 136 of the Post Office Act which may amount to \$25.00 for each letter unlawfully carried.

It has been brought to the attention of the Post Office Department that some business firms desiring to avoid paying the War Tax which became effective on the 15th of April, propose making arrangements for the delivery of accounts, bills, circulars, etc., through means other than the Post Office, contrary to the Post Act, and a warning is hereby given that the Post Office Department intends to insist that the law shall be rigidly lived up to, and will in no circumstances allow these parties to avoid paying the one-cent tax which has been imposed for war purposes.

All letters conveyed, received, collected, sent or delivered in contravention of the Post Office Act will be seized and necessary steps immediately taken for the prosecution of the offenders in all cases where the law has been contravened.

Whoooping Cough.

Mrs. Charles Lovell, Agassiz B. C., writes: "Seven of our nine children had whooping cough the same winter, and we attribute their cure to Dr. Chase's Syrup of Linseed and Turpentine. We always keep it in the house, and recommend it as the best of all medicines. I was formerly cured of prostrating piles by using Dr. Chase's Ointment."

Mrs. Murphy was getting the supper for the children on Saturday night when a young woman came to her door, "I'm a collector for the Drunkards' Home," she said. "Could you help us?"

"Come around tonight and I'll give you Murphy," and the housewife as she went about her work.

THE ACADIAN.

WOLFVILLE, N. S., MAY 7, 1915.

Editorial Brevities.

The attention of the War Stamp kickers is respectfully called to an item they will find on the tax bills this year, which reads, 'Provincial War Tax.'

A prominent bank official of western Canada, who is taking a keen interest in the utilization of vacant lots for the growing of garden crops, says: 'It seems to me that the "day-light saving scheme" would be one of the greatest factors in helping on the kitchen garden movement. It would give everyone from Halifax to Vancouver an hour's more time to work in the garden in daylight than they would otherwise have and it would be a great thing for the health of the nation to have an extra hour for out door recreation, and last, but by no means least, there would be a wonderful saving of light, electricity, gas and oil. The one hour extra daylight would mean that by the time dark came it would be pretty nearly bedtime, going by ordinary rules.'

Post Office Department.

Enquiries having been received in regard to postage stamps being used for the prepayment of bank cheques, bills of exchange, promissory notes, express money orders, proprietary or patent medicines, perfume, wines or champagne, as well as upon letters and postcards, postal notes and post office money orders, notice is hereby given that this use of postage stamps is in strict accordance with the provisions of the special War Revenue Act, 1915, which provides that postage stamps may be used in lieu of inland Revenue War Stamps in fulfillment and discharge of any requirement under the Act that adhesive stamps be affixed.

The public is at liberty at all times to use postage stamps for any purpose for which inland Revenue War Stamps may be used, but it is especially provided in the Act that inland Revenue War Stamps are not to be used on letters, postcards, postal notes or post office money orders, the only stamps allowed on these being ordinary postage stamps or postage stamps upon which the words 'War Tax' have been printed.

Saved Baby's Life.

Mrs. J. A. Doroziars, St. Alphonse, Que., writes: 'I cannot say too much in favor of Baby's Own Tablets, as they saved my little one's life. Before giving him the Tablets he was greatly troubled with worms and cried day and night. The Tablets soon expelled the worms and now baby is the picture of health. Baby's Own Tablets also break up colds and simple fevers, cure constipation and indigestion and make the teething period painless. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.'

The Control of Locusts, or Grasshoppers.

The Entomological Branch of the Department of Agriculture has just issued Circular No. 5, on 'The Control of Locusts in Eastern Canada,' which has been prepared by Mr. Arthur Gibson, chief assistant entomologist. This circular has been written especially to help farmers and others living in districts where these destructive insects have caused very serious losses in recent years to various kinds of crops, such as oats, barley, timothy, rye, wheat, etc. In certain localities these insects, known commonly as grasshoppers, have appeared in such enormous numbers that they have been the cause of farmers vacating their farms. In 1914 the Entomological Branch conducted important experiments in the control of locusts with mixtures of bran, Paris green, molasses, lemons, etc., and the results of this work are given in the Circular, as well as the cost of application, etc. In Quebec province where fields were treated with this new poisoned bran mixture as many as 1200 dead locusts were counted in one square yard. Brief notes on the life history of locusts, and on four destructive species which occur in Eastern Canada, precede the discussion on the methods of control. The circular has five splendid illustrations. As it is free for the asking, farmers and others interested should apply for copies to the Chief of the Publications Branch, Department of Agriculture, Ottawa. It queries regarding these and other insect pests should be addressed to the Dominion Entomologist, Department of Agriculture, Ottawa.

Red and Gun for May, published by W. J. Taylor, Limited, Woodstock, Ont., is out with an interesting list of contents. Edward T. Martin contributes an article 'Have the Pigeons Returned?' all with the possible recurrence of the passenger pigeon, which has been pronounced extinct by as great an authority as Prof. Hornaday of New York. 'A Ram of the Stormy' is a Western story of a man whom he pursues regarded as a creature of the evil one. How its propensity for vanishing into thin air was finally explained and the man secured in most entertainingly related by Ray Giddings. Other stories and the regular departments combine to make an exceptionally interesting number of this well known sportsman's magazine.

Municipal Council.

The April Term of the Municipal Council of Kings County was held in the Court House, Kentville, on Tuesday, April 27th, opening at 10 a. m. Councillors all present. The Warden in the chair. Minutes of January Term, 1915, were read and confirmed. Report of Commissioner Arch Foster on new road from Centreville station to Upper Dyke Village, 67 rods long, three rods wide, was received and adopted, proceedings confirmed and the road established.

Petition of residents of Kingsport asking for new road from a point between stores of W. E. Piggott and E. R. Power to the Middle Road was read and referred to Committee on Roads and Bridges. The Committee recommended that the prayer be granted and that H. J. Nelly be Commissioner.

Petition that a road at Mill Creek be extended to the wharf and on from R. H. Lamont and other residents of Lower Brooklyn Street, asking that a long used private road be laid out as a public road were also read, referred and approved. Arch Foster was appointed Commissioner. The Supervisors of Public grounds in Cornwallis were instructed, on motion of Coun. Campbell, to sell old landing place at Port Williams.

At the afternoon session, in re bill of Mr. A. M. Thomas, \$28.75, action on which was deferred from January Term, Mr. P. B. Chute, Supervisor Public Grounds, by whose order the services were rendered, was heard, as was also Mr. Thomas and Mr. Wickwire.

On motion of Coun. Nichols it was resolved, that Mr. Thomas be paid twenty cents for each notice served; ten cents travel for each notice served in Berwick and ten cents per mile for travel necessary to serve notices on persons residing outside the town of Berwick.

The Collector of Rates for year 1913 in Ward 14 was relieved of \$36.40 taxes which he had been unable to collect. Most of the dogs, it was claimed, were not existent.

Mr. N. W. Eaton and Mr. G. W. Parker were heard in reference to new road along waterfront in Conning. Mr. Eaton claimed that he was entitled to damages for land taken for that road. For contra, it was claimed that a road had been laid out in the same place many years ago and land damages paid. Papers dated 1873 were produced to corroborate this contention.

On motion of Councillor Nichols the matter was referred to a Committee of five Councillors to consider and report at January Term, 1916, and Councillors Meek, Kinsman, Campbell and Reid were named as members of this Committee.

Claim of A. M. Thomas for refund of monies (\$19.50) paid, Berwick & Kingsport for legal services in connection with prosecution of Willis Oikle under N. B. Temperance Act, and bill of D. L. Woodman, for services in the same case, were considered and ordered paid.

Coun. Wood moved, seconded by Coun. Campbell: Whereas, it would be to the advantage of the Municipality to amalgamate the three Poor Districts of the County, Horton, Cornwallis and Aylesford, and provide one poor house with a building connected therewith for the care of the harmless insane:

Therefore resolved, that the three townships of Horton, Cornwallis and Aylesford be amalgamated, provided the towns of Kentville and Wolfville agree to join with the Municipality to provide one central institution with suitable buildings for the purpose of caring for the poor and harmless insane of the Municipality, provided that a suitable basis of amalgamation can be arrived at.

In moving this resolution Coun. Wood gave statistics regarding the cost to the taxpayers of the County of the present system and the saving that, judging by the experience of other counties, could be effected by the union of the three poor districts into one. He had reason to believe that the towns would join with the Municipality, and that the union would be beneficial, financially and otherwise.

Coun. Nichols thought that, before the Council was committed to amalgamation, an assurance should be given on behalf of the towns that they would bear the expense of the proposed institution pro rata of their assessment.

Coun. Campbell urged that this Council should decide in favor of the principle of amalgamation. Details could not be arranged in advance, but no system could be put into force until it had been approved by the Council.

Coun. Bill intimated that, so far as comfort was concerned the poor could be better cared for in three small institutions than in one large one.

Coun. Meek agreed with Coun. Nichols that it might be well to have some assurance from the towns that they would be willing to join in the proposed amalgamation.

Mayor Fitch, of Wolfville, being present, said that while he had expressed a personal opinion on the subject, he had no authority to speak for the town.

the town as no decision on the question had been made.

Coun. Bill, seconded by Coun. Doyle, moved in amendment to the motion: Resolved, that the question of amalgamation be deferred until January Term, 1916 and that in the meantime the Committee confer with the towns of Kentville and Wolfville and ascertain if they will join with the Municipality in the proposed action.

The amendment being put was carried by a vote 11 to 4, the Horton and Aylesford Councillors and Couns. Nichols and Bill, representing Cornwallis Ward, voting therefor. Councillors Wood and Campbell then moved that the Township of Cornwallis proceed to erect a new Poor House and that the towns of Kentville and Wolfville be asked to join the Township in the erection and maintenance of an institution for the care of the harmless insane in connection therewith.

The motion carried and Coun. Wood was appointed a Committee to carry out its provisions.

On motion of Coun. Meek, Mr. G. R. Pines was heard in reference to the 2nd rod highway. His complaint was that some years ago, by order of the Council, the road was reduced in width to four rods but, no boundary marks having been placed, the lands then reverting to assigns of the original owners, were liable to be encroached upon, especially where wooded.

On motion of Coun. Meek and Kinsman, Archibald Foster was appointed to survey his highway and mark the boundaries.

Owing to the illness of the pastor the pulpit of St. Andrew's church was occupied on Sunday last by Mr. W. B. Ryder, of the college. Mr. Ryder, who was the leader of the debating team this year, is a very clever speaker and his addresses were much enjoyed. In the morning his subject was 'An Invested Life,' the text being in Matt. 16:24—'If any man will come after me let him deny himself and take up his cross and follow.' At the evening service he spoke from the story of the rich young man, his subject being, 'One thing you lack.'

GRAFFING WAR—ready for use at RAND'S.

The people of Wolfville and vicinity will have an opportunity on Sunday next of hearing Rev. J. M. Shaw, M. A., Professor of Pastoral Theology at Pine Hill College, Halifax, who will occupy the pulpit of St. Andrew's church on that day. Prof. Shaw, although still a young man has had a most brilliant career. He is a graduate of Edinburgh University, where he was many distinctions and graduated with first class honors. Since coming to Halifax last fall he has made good his reputation in every particular. No one who can possibly do so should miss hearing him on Sunday.

GRAHAM'S adv. is a reminder for the boys and girls of Kings county.

The many friends of Miss Louise Borden were very glad to see her in Wolfville for a day or two this week. Miss Borden, who has been spending the winter in Boston, left on Tuesday for Moose Jaw, Sask., where she is to be married to Mr. P. Clinton Stuart, of that city. On Monday evening Miss Borden was given a surprise shower party at the home of Mrs. E. E. Harris. During the evening Miss Corie Hayes, disguised as a gypsy peddler, arrived and produced from her pocket many charming gifts for Miss Borden from her friends. Dainty refreshments were served by Mrs. Harris, assisted by Mrs. J. F. Kennedy and Mrs. W. C. E. Harris, after which the guests made the most of this opportunity to wish Miss Borden much happiness in her new home.

Opera House. On next Monday evening 'The Man from Home,' a paramount feature released by the famous Payers Co. in five acts, 350 scenes, will be presented.

This story by Booth Tarkington and H. L. Wilson has lately been published in the Cosmopolitan Magazine and is a comedy drama of high class and 'in many respects will prove superior to any of the paramount features yet shown.

The attendance at the Opera House on paramount nights is increasing by leaps and bounds and while it is not claimed that every feature will please everyone, it can, at the same time, be safely said that at least 97 per cent. of those present are entirely satisfied in every possible way with these superior productions.

Future bookings for May will comprise on the 17th, 'David Copperfield,' on the 24th a 'World's Film Corporation' 6 act feature, 'The Seats of the Mighty,' by Sir Gilbert Parker, and on the 30th, 'The Million,' an exciting romantic farce with as many laughs as titles.

These dates should be observed by patrons of the Opera House for these attractions and it should not be forgotten that the regular service on other nights of the week is interesting and pleasing, especially 'Dolly of the Dailies,' with Mary Fuller playing the lead. This latter feature can be seen on Wednesday and Thursday nights.

A Wolfville Hero.

The many friends of Mrs. Rachel deW. Archibald will regret to learn that she was informed by telegram received April 29th a. m. that her son, Leon Archibald, was wounded in the late engagement at Ypres.

Leon was with the B. Sc. Class '10 of Acadia University, and took his D. L. S. degree later in Regina, enlisting for C. Engineering work with a Corps of Guides at that place August, 1914.

He had been engaged in Dominion Land Survey work with C. M. Weeks throughout Saskatchewan and Alberta, Green, C. E., in Winnipeg Lake district for Government purposes, and during the past two years with Reilly Dawson & Reilly firm of C. Engineers, etc., of Regina.

His work has been varied, lending valuable experience in dealing with sterling men of 'the West,' covering ground requiring intuitive skill, acute ability, a cast iron body, with which characteristics Leon seemed to be fully endowed. This preparation fitted him for the strenuous life which he has been obliged to live during the past nine months.

When the 'Call to Arms' came to Canada's sons from the Mother Country Leon had just left a hospital in Regina, where he had been operated on for appendicitis. Notwithstanding this he was among the first to find his place with the corps of Guides, then being formed from engineers, etc., in that city, proceeding at once to Valenciennes, and sailing from there with the First Contingent. His letter describing the voyage of the fleet from Gaspe to England provides particularly interesting reading.

When the corps of Guides was broken up he, with twelve or more companions from Regina, joined P. Company, 2nd Infantry Brigade, 5th Battalion, training as Battalion Scout, and continuing C. Engineer work as before. He was serving in this capacity when struck down.

His letters to the home people all through have been most interesting, inspiring, optimistic, full of love, patriotic spirit for, as he puts it, 'the flag that never comes down'.

Quoting from a letter of Oct. 17th, to his mother: 'Few people realize just how much they owe to England and how few know the true meaning of 'Britannia rules the waves.' If we stay at home where would Canada be in a few years? Think of her sending a fleet such as this, in such times as these. That's what it means to live under a British flag. Now when we have everything to lose, and everything to win it is any wonder that we should line up alongside and do his little best? . . . I know that in your heart you are glad to have a representative at the front. Bats with eight legs are continually around our ships as we are laying in the harbor awaiting transference. Evidently the Canadian is somewhat of a curiosity. In any case a good deal is expected of him and I am sure that he will live up to expectation.'

Writing from France March 23rd, after first experience in the trenches, he says: 'I am more glad than ever that I came for this surely is the place for any able bodied man who has enjoyed the protection of a 'flag that will never come down.' There is a vast difference between reading and actually seeing, and well may the people on the unsheltered outside congratulate themselves for its different here. However we hope it will soon be over.'

We expect to place in our next issue some interesting extracts from the pen of our Wolfville hero, of whom we are all justly proud.

## TORTURED BY CONSTIPATION

"Fruit-a-lives" Cured Paralyzed Bowels and Digestion

It is a pleasure to me to inform you that after suffering from Chronic Constipation for 25 years, I have been cured by "Fruit-a-lives". While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take "Fruit-a-lives" and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take "Fruit-a-lives" for they are the medicine that cures.

MARGUERITE PAQUIN  
"Fruit-a-lives" are sold by all Dealers at 50c. a box, 6 for \$2.50, trial size, 25c. per post paid on receipt of price for Fruit-a-lives Limited, Ottawa.

### The Day's Work.

The day's work counts—  
It isn't what  
You mean to do a week ahead,  
It isn't what you know you'll gain  
When all annoyances have fled,  
It isn't what you dreamed and planned  
Such hopes are but a phantom hand.  
The day's work counts—  
The foot you gained  
Since yonder sun dispelled the dark  
Next week, next month, next year  
Are vain—  
Unto the present summons bark;  
How have you fared ahead since morn  
In garnering life's oil and corn?  
The day's work counts—  
It isn't much,  
The gain of those few painful hours,  
But be content, if there is shown  
Some product of those sacred powers  
Which guide each mind, uphold each hand.  
The day's work counts.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pain in both sides, backache and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind. I had cold, nervous, weak spells, hot flashes over my body. I had a pain in my right side that was as sore as I could hardly bear the weight of my clothes. I tried medicine and doctors, but they did me little good, and I never expected to get out again. ### Children Cry FOR FLETCHER'S CASTORIA

A son of Erin who had the misfortune to get mixed up in an accident, was immediately conveyed to a hospital, where it was found that his only injury was a slight wound. The house surgeon carefully examined him, after which he thus stated the case to the nurse:  
'As a rehabilitation operation is not observable, I think there is little reason to apprehend general or extraordinary of the wound. What do you think yourself?' he asked Pat, with a mischievous smile.  
'Shure, doctor,' replied Pat, 'you are a wonderful thought reader. You took the very words out of my mouth I was just going to say that'

I had a pain in my right side that was as sore as I could hardly bear the weight of my clothes. I tried medicine and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicine had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fevers and dreads are gone, my home, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your medicine, and all is pleasure and happiness in my home."

### Rheumatism, a Sneaking Disease

Has at Last Met Its Conqueror

Throbbing Muscles and Swollen Joints Made Well.  
RUB ON NERVILINE  
Old age knows no foe more subtle, more unrelenting than rheumatism. At first only a grumbling pain is felt. But, also, it settles in the joints and muscles, and finally fortifies its victims.

To day the disease may be in the muscles of the neck, thigh, shoulder or neck—tomorrow in the joints of the hand, toes, arms or legs it may work with redoubled fury.

Whether the pain is constant or occasional, makes no difference to "Nerviline". Because other remedies have failed don't be discouraged. Nerviline has cured the worst of cases. It has brought health to those in the deepest despair, has ended years of awful suffering for those who never hoped to be well again.

There is a marvelous healing power in Nerviline which is derived from the extracts and juices of certain rare herbs and roots. It acts almost magically the awful pain that only rheumatics can describe. Congestion is drawn out of the muscles, stiffened joints are eased and limbered up, the old time feeling of depression is cast off, and once again Nerviline brings the sufferer to buoyant, vigorous, lasting good health.

Every home needs good old "Nerviline" for its use on cataracts, toothache, headache, neuralgia, lumbago, sciatica, stiff-neck, chest colds and sore throat. Wherever there is pain, congestion or inflammation Nerviline will cure it.

Large family size bottle, 50¢; trial size, 25¢; all dealers or the Castoria Co., Kingston, Canada.

Give the half discouraged man a slap on the shoulder and in good cheer tell him to brace up.

### NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's elements are greater than in mature life. This is shown in so many pig faces, bean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Dr. Grenfel's Food, and need it now. It penetrates in concentrated form the very food elements to enrich their blood. It changes weakness to strength, it makes them sturdy and strong and active.

### Dr. Grenfel's Advice to Boys.

I was reading today a letter from a man called Tertullian. It was written to his school, and the letter is nearly eighteen hundred years old. I expect you will hardly believe it, but the school was really and truly to prepare the scholars to meet martyrdom bravely and not flinch at the suffering.

Here is a thing he says: "An over fed body may be good for the beasts, but it is no use to us."  
If you are to be plucky and brave, and worth while when trouble comes, you must keep yourself hard and fit. In Labrador we have no penny blood curdling novels and five editions of a newspaper a day. Lots of boys cannot read and write. But they can endure hardships like good soldiers.

Last winter one boy of fifteen was left with two teams of huge wolf hounds, while the doctor and his men tried to get to the deer. He was warned not to move, or they would possibly be lost. As it happened, the men got parted by heavy snow and he was left alone.

### Never a Failure With Catarrhzone; It Cures Completely.

Don't sniffle and sneeze with a nasty cold. Kill it at once by Catarrhzone. It's the surest thing on colds ever known; simply knocks them out in no time. The medicated vapor of CATARRHZONE spreads through all parts of the breathing organs, and its beneficial action is felt instantly. Doesn't matter whether the cold is in the head, chest or lungs; Catarrhzone will reach it and cure it quickly.

Easy to use—you bet it is—not a single drug to take because you simply breathe in the most healing and

'An old Scotch woman who had made a great deal of money by selling whiskey was visited when on her deathbed by her minister.  
'And so, Molly,' said the minister, 'you tell me that you have all this money.'  
'Indeed, minister, I have,' replied Molly.  
'And you tell me, too, continued the minister, 'that you made all this money by filling the noggin.'  
'No, no, minister,' said the dying woman, 'I didn't tell you that. I made the most of it by NOT filling the noggin.'
