

COMPANY'S ANSWER DELAYED ONE WEEK.

Manager Hawkins Detained in Bermuda By Sickness of One of His Children. Col. Gibson Talks About Street Railway.

Hon. J. M. Gibson, President of the Dominion Power & Transmission Company, who returned from the south last night after spending a short vacation in Bermuda...

In discussing the street railway situation Col. Gibson gave the city credit for meeting the company in a reasonable spirit...

When told that there was a feeling among the aldermen who were most anxious to see a settlement that the city would be forced to appeal to the Ontario Railway Board...

He did not wish to be understood as saying that the company had any new proposals to make. Discussing one of the propositions already made, of forming a sort of partnership with the city...

LONG TIME TO WAIT.

Wesson Wanted in East Orange For Jail Breaking.

The police received a letter this morning from the chief of police of Orange, N. J., asking them to send a photograph of H. T. Wesson, of the White Lyre, who was sent down here for seven years on a charge of forgery...

COREANS KILLED.

Four Lose Their Lives In Fight With Insurgents.

Tokio, April 16.—Advices received here state that four Koreans were killed in a recent encounter near Seoul, when 200 bandits attacked a village. The bandits, however, were driven off. The insurgents are working in bands of a few hundreds and the number of revolutionary deaths does not exceed 4,000, according to reports.

WHITMAN & BARNES PLANT ON THOROLD ROAD DESTROYED.

Almost the Whole of the Buildings a Mass of Ruins---\$200,000 Loss.

(Special Despatch to the Times.) St. Catharines, Ont., April 16.—One of the most disastrous fires that have visited St. Catharines in many years completely destroyed the Whitman & Barnes Manufacturing Co.'s large plant on the Thorold road at an early hour this morning...

Street Car Trouble

Chester, Pa., April 16.—A ticket agent and a motorman of the Chester Traction Co., the conductors and motormen of which company are on strike because the company reduced their wages 10 per cent, were shot and severely wounded early to-day when they attempted to take a car out of the barn. A big crowd of men and boys surrounded the barn and ranged themselves along the car tracks. The local police were unable to control the crowd, and a call was sent to Capt. John C. Groome, superintendent of the state police, for 100 men to help preserve the peace.

Want Military Help.

Chester, Pa., April 16.—President Rigg, of the Chester Traction Co., telephoned to Governor Stuart at Harrisburg to-day, and requested that a regiment of the State National Guard be ordered out. The result of the telephone talk is not known. Attorneys representing the company had an interview with Mayor Johnson, and at its conclusion reported to Mr. Rigg, so the officials of the company say, that the Mayor had admitted his inability to cope with the situation, but he hesitated to call upon the state police.

Prior to calling Governor Stuart on the telephone, Mr. Rigg called Superintendent Groom, of the State police, on the telephone at Philadelphia, and requested that a force be sent to Chester. Superintendent Groom replied that he could do nothing without the consent of Mayor Johnson.

Sheriff McClure, of Delaware county, in which Chester is located, is on his way from Atlantic City to Chester, in response to a telephonic request from President Rigg, who informed the sheriff that the situation was beyond the control of the municipal authorities. President Rigg announced that no further attempt would be made to operate the cars until protection is obtained, either from the state police or the National Guard.

STRUCK IT RICH.

Another Rush Expected to Alaska If Luck Continues.

Seattle, Wash., April 16.—A despatch from Fairbanks, Alaska, to the Post-Intelligencer, says that word has been received there that two men who made the recent rich strike at Nolan Creek, in Koyukuk, have already panned out \$200,000 and that they only took the pans from bedrock, the gravel going to build up a big dump to be washed up in the spring.

GOES TO NANTICOKE

Rev. H. J. Leake Has Resigned From St. Philip's.

Rev. H. J. Leake is soon to sever his connection with St. Philip's Church, having handed in his resignation some time ago to Bishop DuMoulin. It is understood that it will not take effect until after Easter. Mr. Leake is going to Nanticoke, his Lordship having given his consent. Mr. Leake goes to a larger field of labor, and the stipend will be greater, but with the increased work he will no doubt be kept very busy. St. Philip's Church was opened about two years ago, and since Mr. Leake has been at the head of affairs the church has prospered and he has done much good work in the east end.

COMMANDER EVA BOOTH, Head of the Salvation Army in America.

A NOBLE WORK. AFTER INTERPRETER.

Israeli Benevolent Society Does Much Good. STRIKING MOULDERS THINK HE IS WORKING AGAINST THEM.

In connection with the observation of the Passover, which begins at sundown to-night, the Israeli Benevolent Society of this city has accomplished a good work. The society has provided 25 poor Jewish families with all the provisions required for the entire eight days of the Passover. The supplies include 600 pounds of Matzos or unleavened bread, also groceries, meat and potatoes for the week, and in every case a small donation of cash.

Last year, when business was booming and times were unusually prosperous, the society had only five families to provide for. The past few months have been a heavy draw on the funds. In February \$100 was spent in relief work and in March \$130. The amount for April, including the Passover week supplies, will be the largest in the society's history. The work is done in a systematic and efficient way and is greatly appreciated by the poor.

OPENS NEXT WEEK.

Vessel Business Promises to be Quiet This Season.

There is nothing stirring yet in lake marine circles so far as Canadian steamship owners are concerned. The Inland Navigation Company will open its lines on Tuesday of next week. As far as Hamilton is concerned, the trade is likely to be quiet.

THREE ACCIDENTS.

Fortunately None of Injured In Dangerous Condition.

Yesterday afternoon the ambulance was called to the Terminal station, where Charles Cahill, 199 Ferris street east, was lying seriously injured. He had been working on the B. & H. road, and was coming in on a lorry. When in the rear of the Terminal he tried to jump off, and fell, straining his back and receiving several cuts and bruises. He was taken to the City Hospital, but is reported to be greatly improved to-day.

ODDFELLOWS' DAY.

1,200 Expected at the Ceremonies Here To-morrow.

It is expected that 1,200 Oddfellows will be here to-morrow for the No. 9 District rally to be held in the Armory rink. The time card is as follows:

1.30 p. m.—Initiatory degree, Canton Hamilton, No. 4. 2.45 p. m.—First degree, by Unity Lodge, Hamilton, composed of a staff of 48 men. 4.00 p. m.—Addresses by prominent members and short programme. 7.30 p. m.—Second degree, by Excelsior Lodge, of Hamilton. 8.30 p. m.—Third degree, by Empire Lodge, of St. Catharines. Visitors will be here from Niagara Falls, N. Y., and all points this side of the frontier city, and from Toronto and intermediate places.

THE MAN IN OVERALLS

Didn't Ald. Gardner call attention to the state of the police cells, some time ago, and declare that they were not fit for a dog to sleep in?

What are you going to do with yourself to-morrow?

The hydro-electric power scheme is losing friends every day.

The mountain people are afraid that some of the aldermen will throw cold water on their request for city water.

Ald. Sweeney should get after the Canadian Manufacturers' Association. It was it that enticed the mechanics across the water.

The Spectator had Dr. Carr out last night again as a defier. But the boys don't fancy him.

The peach crop may be a failure. But the peanut and banana harvests are all right.

The question is, should a person be locked up at all until he is found guilty?

Ham. Regan can't sleep o' nights puzzling over what he is to say about the three-fifths question. Gordon Wilson will have to choose sides shortly also. It's a plain yee-or-no for them both.

Would some of the Daughters of the Empire mind taking a look at those cells where some of their weak sisters occasionally pass the night?

No Cyrus Birge is talked of in the party organ as a possible Tory candidate in East Hamilton. Wasn't he President of the Canadian Manufacturers' Association when it went into the immigration business, opened offices in England and enticed hundreds of mechanics, many of them now idle in Toronto and Hamilton, to come to Canada?

No Times to-morrow. Day off.

Ald. Sweeney must have forgotten that Mr. Whitney voted \$10,000 to help along the Salvation Army immigration scheme.

Poor Gordon Wilson is being damned with faint praise by the Dundas Star. It draws the line at Gordon.

Isn't my friend, J. J. Scott, to get another trial in East Hamilton? He didn't do so badly last time.

Why does the Herald ignore my power question? Is it afraid to speak the thing it thinks?

No personalities, please. The Merry Widow must be a glass widow.

I hope there will not be bread label on my supply of hot cross buns.

It is doubtful if Ham. Regan will get more than half a dozen votes in Saltfleet.

Stiff sentences for the stabbers, slashers and shooters. The stiffer the better.

Mr. Pratt is right. Innocent people should not be locked up in such places. Even the guilty should have decent quarters.

LATE MRS. HOLDEN.

Funeral of Esteemed Lady Held This Afternoon.

All that was mortal of the late Mrs. Rose Holden was laid in the last resting place this afternoon. The funeral was held from her late residence, 74 George street, at 3 o'clock. Rev. Canon Sutherland conducted the services at home, and the pallbearers were John R. Holden, F. C. Kelley, W. C. Morrison, T. H. A. Begue, H. H. Robertson and Justus Griffin.

REV. N. D. DREW

Goes to St. James' Montreal, as General Secretary.

(Special Despatch to the Times.) St. Catharines, Ont., April 16.—Rev. Nathaniel D. Drew, pastor of Louth and Grantham circuit, in the district of the Hamilton Methodist Conference, has been offered the position of General Secretary of St. James' Church, Montreal, and has accepted. Mr. Drew has been released from his charge here, and will report for duty in Montreal on May 1. His duties will be largely those of assistant pastor. He will also have charge of the church finances. The initial salary will be \$1,000 a year. The appointment marks an innovation in Canadian Methodism, as no assistant pastor will be required at St. James' hereafter, and the General Secretary, it is expected, will serve as a link between succeeding pastors.

For Good Friday.

Green peas, ripe tomatoes, strawberries, wax beans, mushrooms, cucumbers, Boston head lettuce, grape fruit, pineapples, water cress, new potatoes, Tangerine oranges, new beets, radishes, celery, artichokes, Bermuda onions, Chinese oranges, rhubarb, oyster plant, egg plant, etc.—Bain & Adams, 89, 91 King street east.

BABES HELD IN LIEU OF RENT.

Cleveland, O., April 16.—Two babies of Mrs. Bella Cooper, a widow living at 1-380 East Forty-seventh street, were held in lieu of rent this morning. Mrs. Cooper's rent was due this morning, but she did not have the money. She says her husband put her and her furniture on the sidewalk, but kept the children. She swears out a warrant charging assault and battery. Mrs. Cooper got her babies.

TELL HIM HE'LL BE HANGED ON MONDAY.

For George Dixon

New York, April 16.—The Times to-day says plans were approved yesterday by the art municipal commission permitting the Society for the Prevention of Cruelty to Animals to erect a memorial fountain to George Dixon, the boxer, in the little square at Horatio street and Eighth avenue. It will bear the inscription: "In memory of George Dixon; erected by his friends, 1903." The fountain will cost \$1,500, contributed by friends of the late negro fighter. The fund was turned over to the Society for the Prevention of Cruelty to Animals, as that society is supervising the erection of many fountains.

TYPEWRITER CASE.

R. A. Ptolemy Secures Injunction Against Jackson.

Chisholm & Logie have issued a writ against Joseph H. Jackson and Henry P. Coburn, on behalf of Robert A. Ptolemy, for an order restraining the defendants from selling, leasing or disposing of or assigning a patent, dated October 8, 1907, held by Mr. Jackson, one of the defendants, and later assigned to Mr. Coburn, for his new typewriter, and for a declaration that the plaintiff is entitled to a tenth interest in the sale of the patent. The plaintiff also asks for an order for \$5,000. In the defendant Jackson's behalf the plaintiff.

HALF MILLION

Involved In Pigott vs. Guelph and Goderich Railway.

M. A. Pigott & Co., contractors for the Guelph & Goderich Railway, have begun an action against the company for \$523,374.74, for work done and material supplied for the construction of the road. The railway has already paid Mr. Pigott the sum of \$503,540.91 for work done but the claim is made for infringement of the contract and for delays that defendants imposed upon the plaintiff during the construction of the road. The defendants repudiate liability for any other sum over \$100,000. They admit that there is money coming to Mr. Pigott, but say it is not over that amount. Mr. Wallace Nesbitt is acting for Mr. Pigott, and the trial is likely to come up in September.

GUELPH MAN

Commander of Canadian Protective Fishery Fleet.

(Special Despatch to the Times.) Ottawa, April 16.—It is understood that Captain C. E. Kingsmill, commander of His Majesty's battleship Dominion, is to be appointed commander of the Canadian navy, otherwise the Canadian fishery protective fleet, and Capt. Spain will be transferred to another post in the service. Capt. Kingsmill was born in Guelph in 1855, and entered the Royal navy in 1879. He was in Canada a few years ago with his battleship. He is a son of the late Judge Kingsmill, and was educated at Upper Canada College.

TURRIFF OF ASSINIBOIA

WILL ADDRESS LIBERALS.

North Wentworth Nominating Convention to be Held Next Saturday.

Liberals of Hamilton will hear another address that will be worth the while, at the next public meeting, which has been arranged for Saturday evening of next week, April 25th. John G. Turriff, member for East Assiniboia in the Dominion House, will be here, and what he will have to say will not only be good politics, but good educational matter. Turriff took a prominent part in recent timber investigations before the Public Accounts Committee, and is one better able to show up the blatant hypocrisy of the Tories in that matter. He will have documents and maps with which to illustrate his address.

Mr. Adam Zimmerman, West Hamilton's able representative, will also be present and will speak.

North Wentworth Liberals are to hold their convention in Dundas on Saturday afternoon, for the purpose of nominating a candidate for the Legislature, and to elect officers for the year. The meeting will be held in the town hall, and will be open to all Liberals of the riding. It is not a delegate affair, but a general meeting.

Mr. R. A. Thompson, the worthy representative of North Wentworth in the Legislature, will, it is practically certain, be the candidate again. Mr. Thompson is recovering nicely from his serious operation and will soon be around, as well as ever.

Mr. A. Hislop, of East Huron, will address the electors, and there will be other speakers.

Magistrate's Good Cheer to Foreigner.

Big Bully of Jerseyville Sent Down.

Deserved 100 Lashes But Got 60 Days.

"From stories I have heard of you it seems to me that you are the bully of the village of Jerseyville, and a general tough character, but it is not for this that I am going to sentence you. It is because you have committed a dastardly assault, knocking a man down and kicking him in the face. If I had the right to do so I would sentence you to receive one hundred lashes, but I haven't, and I am sorry. As it is, I am going to send you to jail for two months, without the option of a fine. You will have to put up \$100 to keep the peace when you come out." So spake Magistrate Jels at the police court this morning to William Toland, of Jerseyville, who pleaded guilty to a charge of aggravated assault preferred against him by Egebert McPherson, of the same place. The complainant said that on Tuesday night a bunch of toughs gathered around his general store, and when he went outside to order them away the prisoner grabbed his head and threw him to the ground, and as soon as he got him on the ground kicked him in the face. The crown attorney dwelt on the seriousness of the case, and the magistrate delivered the above lecture to the prisoner in sentencing him. "You toughs seem to think because there is only one constable in these small towns you can do as you please, and I hope if there are any more like you in Jerseyville or in any other village under my jurisdiction they will be brought up," added the magistrate. Toland took his dose without a word.

It did not follow that because the doors were locked at the Horseshoe Inn on Tuesday night and the lights doused that there was no one in there. At least that was the way that Inspector Birrell and Constable Gravelle figured up the case after watching sundry boozers wander in via the side door. They went to the alley in rear of the hotel, and, looking through a transom, saw the bartender serving drinks to a number of thirsty souls. Andrew Franks, the proprietor, pleaded guilty this morning, and was ordered to pay a fine of \$40. This is the second time he has been up, but the last time was for a Sunday offence, and the law does not make a week-day violation after a Sunday violation a second offence.

Peter Colinge, 277 Bay street north, said he stole some lumber from the G.

HAS ACCEPTED.

Rev. A. E. Mitchell Met Knox Officials Last Night.

Rev. A. E. Mitchell, of Erskine Church, Ottawa, who was extended an invitation by Knox Presbyterian Church here to become its pastor, has accepted. Mr. Mitchell was here last night on his way back from London, where he preached at the anniversary services in the new St. James' Church. He met several of the officials of Knox Church, and talked matters over, with a view to finding out the general feeling of the church and just what would be expected of him. Mr. Mitchell will likely place his resignation in the hands of the Ottawa Presbytery at once.

CAUSED HIS DEATH.

G. H. Barr Succumbs to Accident at Saskatoon.

The sad news was received in the city this morning of the death of G. H. Barr, Saskatoon, Sask., formerly of Grimsby, Ont. Death resulted from injuries received last week by a falling chimney. Interment will take place at Saskatoon. Besides a widow and four children, the deceased is survived by an aged father, three sisters and three brothers, and is a son-in-law of Mrs. Sarah Webb, city.

FATED TO LOVE HER

CHAPTER XVII.

"Gabrielle," said Charlie Godfrey, "I hardly like to ask, but you used to tell me everything, and it is true that you are engaged to Mr. Gordon?"

"I am not engaged, and I am not likely to be engaged," she said. "You have been to see Mr. Morris. Was it he who—"

He turned again to Miss Featherstone; but somehow, he could not resume his former lightness. One or two vain attempts he made, then gave it up, and departed with his gun.

BOYCOTT JAPS.

Anti-Japanese Movement Among the Chinese.

Canton, April 15.—From the headquarters of the Self Government and National Disgrace Societies, here in the capital of China's great southern provinces, a secret fiat has gone forth that the anti-Japanese boycott, which under the auspices of these societies, rapidly spread throughout the empire, shall not be reconsidered until the loss to Japanese commerce reaches the stupendous total of \$300,000,000, Mexican. It may be only a coincidence, but this sum represents ten thousand dollars for every dollar the Kwang Tung Government was compelled to pay the Japanese owners of the steamship Tatsu Maru for the arms and ammunition upon that vessel, whose seizure and subsequent release upon Japan's demand form the basis of the boycott movement.

THE TREASURE OF SANE LIVING.

Kipling Dislikes to See Canada's Good Things Going to Aliens.

London, April 16.—Mr. Rudyard Kipling, in his article in The Morning Post to-day, deals with Winnipeg and the wheat belt. He urges the need of labor, and says that if a tenth of the energy wasted in England in social reform could be diverted to supervised emigration work "we might do something worth talking about. It makes one jealous and afraid to see aliens taking so much of this treasure of good fortune and sane living."

THE CONGO.

Discussion on Subject in Belgian Parliament.

Brussels, April 16.—The discussion on the question of the annexation of Congo Independent State began in the Chamber of Deputies, which was called yesterday. Very little progress was made beyond the clearing up of preliminary matters.

The debate opened with a sharp attack on the premier by the Socialist leader, Vandervelde, who declared that the Socialists would abstain from obstruction in any way.

The premier then summed up the benefits which Belgium would derive from the annexation of the Congo Independent State, and M. Davidson, the Minister of Foreign Affairs, followed with an explanation of the international situation arising out of the question which the United States and Great Britain had submitted as to what steps were being taken to carry out the terms of the Berlin treaty with regard to the rights of the natives and the liberty of commerce.

It was decided that the debate on the treaty should continue without interruption until May 2nd, when the chamber rises for the elections.

LONDON SCHOOLS BAR KISSING.

London, April 16.—The county council has issued an ordinance forbidding children attending county council schools to play games in which kissing forms a part.

Teachers are instructed to see that such games are discontinued.

The reason for the prohibition is contained in the sentence of the ordinance reading: "No medical ground, the practice is considered undesirable."

STOLE A KISS.

Cleveland, O., April 16.—Police Judge Levine to-day held that kissing is assault and battery, when the kissing is objectionable to the man. On that charge he fined Jacob Gibson \$25 and costs and sentenced him to thirty days in the workhouse. The complaint was made by his divorced wife.

"They say it's hard to live with a woman." "Rosh! Were not all women geniuses? How would most families exist?"—Louisville Courier-Journal.

Delaware Park Survey

The development of this survey is progressing rapidly. Three additional building permits were taken out on 13th instant, and ground was broken on the same day. Plans for three additional houses are being prepared, and will be proceeded with in quick succession.

Grading operations are being completed and sidewalk construction will re-commence on the 20th instant and be pushed with all due speed.

A maple tree will be planted in front of each lot within the next month, and a general transformation will take place in the appearance of this already beautiful location.

Have you invested in a lot? If you are interested in securing an ideal spot for a home, can you improve on this opportunity? Can you find anyone who will advise you against an investment in a Delaware Lot? Then why delay in making a selection? Are you waiting for prices to advance or is there any good reason you can give?

We recommend an investment here to all our clients and for the best of reasons we advise them to act promptly.

YOUR OPPORTUNITY

To secure a choice lot on "Beulah Survey" at present prices expires in 15 days, when we advance our price \$2 per foot. Every young man should have an ambition to own a home. First necessary step is to secure a building lot, and get it paid for. It will take the savings of the ordinary young man 3 to 5 years to pay for a building lot. This is one of the reasons, young man, why you should buy now. With the average growth of the city you will pay at least 30 per cent. more in five years hence. You should not forget the fact that present prices of Beulah lots, viz. \$12 to \$15 per foot, were made before any homes were built or city improvements were made. Another fact which you must consider is that all these improvements have been paid for by us. Reasonable payments and terms.

MARKETS and FINANCE

Thursday, April 16.—There was a good market this morning, but the cold snap stopped many from being there. Butcher's meat presented a fine show of meat, with a good lot of beef for Easter. Meat continues firm, but finds ready buyers. Hogs are dull. Butter maintains its price, with a very poor supply coming in—not enough to supply the demand. Eggs also are firm and the supply of dairy produce is unusual for this time of the year. Vegetables were very plentiful this morning, with a very fine show on some stands. Quite a number of turkeys were to be had this morning, with easier prices. Flowers made a good showing, but not so many were to be seen this morning as on Tuesday, owing to the cold wind and frost. There was one of the finest displays of fish on the market this morning seen for some time. The benches contained piles of good, fresh caught fish of all kinds, at prices that were popular.

Oats were easier on the grain market, being down to 32 cents.

Stocks and Bonds

New York, April 16.—Noon letter.—The market ruled strong, with fluctuating buying of U. P. The Bank of England reports reserves at 50 per cent. against 51 1/2 per cent. last week, comparing with an increase last year at this time. There is not much anxiety over the good export movement shown. This may attain considerable proportions later on. A high record in bond trading was received for the first hour to-day, as against business recorded previously.

While trading was the smallest for that time, it is interesting to note that of the increases in light freight cars just reported on, Canadian lines are responsible for something like 30 per cent. The Cleveland and Ohio car service assertions report good March gains, in tonnage. The food in Montana reported is now said to be of smaller proportions than that then stated. A good bank statement is anticipated.—Ennis & Stoppage.

Prospects Poor. From present indications, Bradford will not have a new opera house after all this year. The promoter of the scheme, Mr. Frank Johnson, recently asked the Finance Committee to recommend a fixed assessment for the new building for a number of years, but the feeling of the Council is apparently against the proposition, and in favor of securing a higher revenue from all privately owned public places of amusement in the city, in accord with the recent act of the Legislature, whereby theatricumns will have to pay a higher license.

The announcement is received with much regret in local Liberal circles.

Fined \$5 and Costs. J. C. Struthers, an East Ward general merchant, was fined \$5 and costs by Magistrate Livingston this morning for issuing trade coupons with sales made. These were redeemable in silverware at his store. Mr. Struthers said he bought the silverware in a large quantity, and that he merely indulged in the scheme to expedite a cash business. The Magistrate thought that it looked like the old trading stamp nuisance, and imposed a fine.

NIAGARA FALLS TO DETROIT.

HIGH TENSION POWER LINE TO BE BUILT.

According to a Report Which is Current in Well-Informed Circles—Companies Dividing Province.

From a well-informed source it was learned to-day that a deal is on foot to build a high tension power line from Niagara Falls to the Detroit River and the report to an extent is supported by a story in the Globe this morning to the effect that there is to be no duplication of pole lines from Niagara, but that the Government will control the rates, the Province being divided between the Ontario Power Company and the Electrical Development Company.

According to the story, negotiations are on between the Government, the Ontario Power Company and the Electrical Development Company, which, while giving the control of the rates in a great measure to the Government, will yet mean that the ruinous competition which has arisen as a result of duplication of lines and plants may be avoided. It is understood that the basis of the agreement so far discussed provides for the division of the Province into two districts, the first being west of a line from Hamilton to Owen Sound, and the second east of that line of the Ontario Power Company. The Electrical Development Company will have the district east of Hamilton and the Ontario Company that west of it.

The attitude assumed by Mr. William Mackenzie has, it is said, all along been one of conciliation and a desire for the most friendly relations with the Government, and he has, it is also declared, been very desirous to act in complete harmony with the Ontario Power Company.

Recent negotiations with the Premier relative to the railway guarantee led to several consultations about power, and no one need be surprised if on an early date, probably after the elections, an announcement is made to the effect that a complete understanding has been arrived at with all the electrical development companies ready to produce power in this Province, by which all need for a Government-constructed power line from the Falls to points now covered by the Electrical Development lines will be obviated.

The Hamilton report credits the Ontario Power Company with being behind the Detroit scheme. It will be noticed the Globe's story says the territory is to be divided, the Ontario Company controlling the district west of a line from Hamilton to Owen Sound, Building a line through Western Ontario, with the quantity of power the municipalities would take at present would not be much of an inducement for a private company, but with some western terminal to deliver a large block of power to the line would be a paying proposition.

It is said the Ontario Power Company has hopes of selling 50,000 horse-power to Detroit, and that the scheme is being seriously considered at present.

ONLY ONE DAY MORE.

Only one more shopping day before Easter, and it will be a very busy one. Finch Bros. have planned for a great rush of business on Saturday, and they are sure to have it. Their store is convenient from all parts of the city, and, being so bright and roomy, it is one of the most attractive and charming shopping places in the city, and the ladies are finding this out more and more every day, but what will interest the shoppers most are the new styles for Easter. In planning for a large Saturday business, they have studied every Easter want, and have provided liberally in Easter millinery, Easterly coats and suits, blouses, kid gloves, smart Easter styles in women's dress, smart Easter neckwear and belts. Easter postals only arriving from abroad this week, comprising all the smartest styles for present wear, and selling Saturday at prices that are bound to create a sensation among Easter shoppers.

Read Finch Bros' large and attractive advertisement to-night, giving all particulars of their many Saturday Easter sales, and shop in the forenoon, where it is possible. Open at 8.30 a. m. and close at 10 p. m.

Rome, April 16.—The possibility of the transfer of Baron Mayor Des Planches, the Italian Ambassador to the United States, is being considered in connection with the appointment of a successor to the late Count Tornelli, late Ambassador to France.

HOLIDAY MAILS.

Friday, April 17, Good Friday, the Hamilton post office will be open for delivery of correspondence from 6 a. m. to 11 a. m., and from 6 p. m. to 7 p. m. The letter carriers will make their early morning delivery only. The street letter boxes cleared as on ordinary days.

WASHED AWAY.

Heavy Losses by Flood Caused by Bursting of Dam.

Butte, Mont., April 16.—Late estimates of the loss occasioned by the bursting of the Hauser Lake dam, north of Helena, based upon reports received by the Miner from various points in the flood district, place the amount at about \$500,000, though this may be exceeded by about \$100,000 when a more detailed report is had from the more remote sections.

Early to-day the Missouri River at Great Falls was between three and four feet high, rising at the rate of an inch an hour. The slow rise of the river would indicate that the flood had practically spent its force, and the copper smelters of the Amalgamated at this point are not considered in any danger. The greatest damage outside of the destruction of the dam was done at Craig, 40 miles north of Helena, where the school house, the railroad station, two general stores, two saloons and several residences were torn up and wrecked. Losses of herds of cattle are also reported by stockmen.

LABOR SUNDAY.

Presbyterian Ministers Asked to Preach Labor Sermons.

New York, April 16.—The ministers of the 11,000 Presbyterian Churches throughout the United States were to-day requested by the Department of Church and Labor to observe Labor Sunday on Sunday, May 10th.

The 28,000 local labor unions throughout the United States affiliated with the American Federation of Labor, have been requested to co-operate in the observance of labor Sunday.

A special programme has been prepared, which will be generally used by the Presbyterian Churches.

DR. KOCH

Driven From Chicago by Too Persistent Friends.

Chicago, April 16.—"I am literally driven from Chicago, where I came on Monday for a week's rest, by over solicitous friends and citizens and newspaper reporters, and I am obliged to leave at once," declared Dr. Robert Koch, the German scientist, last night. He packed his five trunks and had them shipped to St. Louis by express, labelling them, "hold till called for within two or three weeks," paid his bill, bunched his wife and his brother from St. Louis into a carriage and cab and was driven to the Union Station, where he boarded a train for Milwaukee.

The interruptions which so disturbed the scientist reached a climax yesterday when a party of local scientists and several citizens stormed his apartments with pressing invitations for banquets and social gatherings.

GUELPH ABATTOR.

Municipal One Agitated For in That City.

(Special Despatch to the Times.)

Guelph, Ont., April 16.—For some time past Guelph has been wrestling with the question of a pure meat supply, a problem that is being dealt with throughout the Province by the different Boards of Health. The council appointed a special committee, which has recommended the erection of a municipal abattoir, where all meat sold in the city will have to be slaughtered. The abattoir will be under the jurisdiction of the Board of Health, and Government inspection will be asked for. The agitation was first started by Dr. Robinson, now superintendent of the London Asylum, and a member of the Provincial Board of Health.

GOOD FRIDAY ATTRACTION.

Roller skating, that ideal exercise, at the Alexandra roller rink, will be to a great number of young citizens a fitting way in which to spend the holiday. The morning session will be an especially attractive one for the children as they can have two hours of solid enjoyment for fifteen cents. The afternoon session will run from 2.30 and there will be a special band, playing fifteen numbers. The evening session will be a bright and joyous one replete with good music and grand illuminations.

JOHN AULD QUITS.

Does Not Like Gerrymander—May Run For Commons.

Windsor, Ont., April 16.—Following the redistribution of the two Essex constituencies comes the announcement that John Auld, M. M. P. for South Essex, is to retire from the field of Provincial politics altogether, and it probably will be necessary therefore for the Liberals of the riding at their convention in Kingsville on April 23 to select a new candidate. The loss of Tilbury North, which gave him 140 majority at the last election, and which is now placed in the north riding, is supposed to have something to do with Mr. Auld's decision, but there is another cause. He is said to desire to enter into the larger field of politics, succeeding A. H. Clark, M. P. of Windsor, as candidate for the Commons in South Essex.

Women Makes Pet of Wildcat. Mrs. G. J. Grommet, one of Alton's best-known society ladies, has a Mexican leopard wildcat for a pet.

It is a gift from her husband, who is in Mexico. The leopard cat, which is a mixture of leopard and wildcat, is now four weeks old and is the size of a big kitten. The animal knows nothing but captivity. The mother of this kitten and another was killed that the young could be taken.

MUSIC AND THE DRAMA

In these days of big scenic productions it is worth while to observe that "Red Feather," the big comic opera which will come to the Grand to-morrow, afternoon and evening, reached the high water mark of managerial liberality. It was declared to be the most magnificent and sumptuous production ever given a musical play, and Mr. Ziegfeld has expended more than \$7,000 upon it before the curtain rose on the initial performance. This season the presenting company, which is one of the largest on tour, is headed by Miss Cherish Simpson, whose local following is large and loyal. Her last appearance in this section was as Prince Eagle in "Woodland," and those who recall the physical and vocal charms she displayed in that fanciful work will credit her with having made the most of a great dual role in "Red Feather."

At the Bennett Theatre. Manager Driscoll has collected a rare bunch of shining lights for his show at Bennett's next week. The leading attraction will be the comedian's burlesque "The Great Show." In this all the most ludicrous features of the big show will be effectively brought out, which makes the act a great laugh from beginning to end. Dogs, cats, monkeys and ponies will be included in the offering, which is one of the most pretentious in vaudeville. Another first class act will be Lewis and Green, two first class comedians, who act in a screaming sketch called "Engaging a Cook." Netta Vesta will be remembered here as a vivacious young lady who dresses well and sings several vigorous songs. The rest of the show will be composed of strong acts. All the numbers on the bill this week have made good. The headliners, the four Fords, high class singers and dancers; and Cooper and Robinson, colored dancers and talkers, getting an enthusiastic reception as any theatre can give. The four Woods brothers will be seen at each performance, having achieved a success. The seats for to-morrow's shows, afternoon and evening, have been in great demand.

Leslie Harris To-night. Mr. Leslie Harris will appear at the Association Hall to-night, fresh from most successful engagements in Washington, Baltimore and Albany. Excellent risk seats can be had for 50 cents. A great programme of music and merit, songs and sketches. The Legend of the "Holy Grail." It was in the year of 1857 that the immortal Richard Wagner first conceived his idea relating to the grand possibilities contained in the legend of the "Holy Grail." For a wonderful spectacle five years later, namely, 1862, that his idea was carried out to his satisfaction, and the world was given the glorious but was induced later to change his first intention was to present "Parsifal" simply as a dramatic production, but was induced later to change his mind, and produce it in combination music form. By his doing so, the world gained two grand productions instead of the one. It will forever remain as the grandest of all music compositions. It will as surely stand for all time as the grandest drama ever written. It requires a trained mind, a cultivated musician, to enjoy the music of Wagner. One must thoroughly understand a thing to equally enjoy it. But the simplest lay in dramatic experience can understand the exquisite story of "Parsifal," and understanding cannot fail to enjoy it. It is this very quality, simplicity, of the story and plot that endears the play of "Parsifal" to the hearts and souls of all those who witness it. The "Parsifal" engagement here is for two performances at the Grand on Saturday, afternoon and evening.

"We Are King." Unquestionably one of the most pleasing dramatic events of the season is Mr. Edmund Carroll in a complete production of Mr. Walker Whiteside's greatest comedy success, "We Are King," by Lieut. Gordon Keen, author of "The Magic Melody." Mr. Carroll and company will appear in this city on Thursday next, and the company selected for him by Manager A. W. Gross is said to be a most capable one. "We Are King" is replete with clever dialogue. At the Savoy Theatre. The performance at the Savoy last evening under the auspices of the Hamilton and Veteran Firemen attracted a capacity audience that received with enthusiastic applause the splendid entertainment offered there this week. Frank Bush, the well known comedian; Du-mond's Parisian minstrels; Butler Havil-len's splendid sketch, and the other high class attractions that make up the bill, each and all were enjoyed with the keenest delight. On account of the holiday the amateur performance this week will be on Saturday night. There is another large list of entries, assuring a pleasing programme. For both the holiday performance and the advance sale has been brisk and it looks like capacity business afternoon and evening. There has been a splendid advance sale for the evening performances all next week and Manager Appleton produced a show of the same good quality as the one that is meeting with such favor this week. The topiner will be Harry Corson Clark, the celebrated comedian, in his brilliant sketch, "A House Divided." On Easter Monday St. Patrick's Club will give an evening, and besides the regular show Mr. John Blackett will put on one of his big acts. The performance on Wednesday evening will be under the auspices of the Brotherhood

of Railway Trainmen. For that evening it is expected the lower floor and balcony will be sold out before Tuesday night. Thursday will be Cricket Club night and Friday amateur night. Willie Edouin is Dead. London, Eng., April 15.—Willie Edouin, the comedian, died yesterday, in his 67th year. He had been in indifferent health since his latest return from America, a season or two ago, and his death, while not presently looked for, was not wholly unexpected. In England Edouin was known as an American actor and in America he was equally well known as an English actor. As a matter of fact, he was born in Brighton, England, in 1841, of an old English family of actors. He had crossed the Atlantic many times and appeared almost as often in Broadway as in the Strand. Edouin's stage career began when he was four years old and lasted almost to the end of his life. In this long period

he did pretty well everything, from tumbling to leads. He was best known as a low comedian. In London during the last ten years Mr. Edouin appeared in twelve successful characters. He created the extravagant character of Hilarious in "La Bouffe" in London, and followed this up with the leading comedy roles in "The Royal Star," "The Coquette," "Great Caesar" and "Florodora." An appearance in "The Silver Slipper" was followed by a trip to South Africa with his own company, playing "Our Flat," "Turned Up," "Off the Rank," and other farces before returning to London to create the role of Max Hoggzheim in "The Girl From Kay's." "Sergeant Brno" was another of Mr. Edouin's marked successes, and he also played General des Es in "The Little Michus," and parts in "The Blue Moon" and "The Little Cherub." Haydn's Passion Music. The rendition of Haydn's famous setting of the Seven Last Words of our Lord by the choir of Centenary Church tomorrow evening will commence sharp at 8 o'clock. No tickets have been sold, but the general admission has been placed at 25 cents. It is fitting that a recital of this great work should take place on Good Friday evening, and all lovers of good music should hear it.

GREENFIELD-GRAHAM. The marriage of Mr. Frank Greenfield, of St. George, and Miss Maggie Graham, daughter of Mr. John Graham, of Tapscott, was solemnized on Wednesday afternoon, April 15, at the manse of the Saltfleet Presbyterian Church, the pastor, Rev. S. Sarkissian, officiating. All kinds of tea deteriorates with age. The flavor consists in an essential oil which decays. Take only fresh tea, and it only in the sealed-lead packets of the "Salada" tea company. On account of its delicious strength a pound of "Salada" will go as far as a pound and a quarter of other teas.

METAL MEN.

Process by Which Human Bodies Can be Metalized.

Chicago, April 16.—The Inter-Ocean co-day says: Wolfran C. Fuchs, an X-ray expert of Chicago, who died a year ago with "X-ray cancer," a martyr to science, discovered a marvellous secret by which he was able to work certain chemical changes in living organisms that transform them into metal. For two years before his death he conducted a series of experiments, which reached their climax in the metalization of a rose. Reinhardt D. Fuchs, his brother, took up the work where he left off, and brought the secret process to practical perfection. Mr. Fuchs is planning to metalize a human body, which he proposes to put on exhibition in a down-town shop window. The body will be that of a pauper. By the secret process of metalization it will be changed into a statue, which, to all external appearance, will be of solid gold. The cost of this strange conversion of a human corpse into metal, according to the inventor's estimate, will be \$300.

JUVENILE CONCERT.

Young Companions of Forest Have Pleasant Evening.

The Juvenile Companions of Hamilton Circle, No. 1, held their annual concert in the Foresters' Hall. The programme was as follows: Piano solos, Misses May Rowell, Pearl Bagwall, Victoria Malcolmson, Olive Hayward, and Master Clarence Hambleton; songs, Misses Una Hayward, Ruby Bagwall, May Stoker, Ethel Bland, Mr. Stafford and Masters George Gow and Joe Richardson; recitations, Misses Vera Allan and Gladys Hambleton. When the programme was concluded Chairman Ed. Fuller called the retiring Secretary, Companion Mrs. L. Hills, to the platform, and Mrs. E. Fuller, District Deputy, presented her with a beautiful Morris rocker and an address. Companion Hills, though taken by surprise, expressed her heartfelt thanks in a neat little speech. Refreshments were then served, and dancing indulged in.

Mrs. L. Preifer supplied the music. Committee, Mess-lames Baker, Bayden, Griffiths, Hills, Whittier and Miss Boyd, from Concord Circle; Mess-lames Bolton, Wragge, Fuller, Criel, Donnelly, and Midgely from Benevolence Circle. Hundreds of tailored Wash Stacks, Silk Bows, Jabots in net, lace and chiffon, Embroidered Linen Collars, Gibson Collars, Merry Widow Bows, and pretty styles in lace and embroidery. Women will want them by the half dozen. Price hints—

WOODEN INDIAN.

No More Cigar Signs of This Kind in Oklahoma.

Chicago, April 16.—A despatch to the Record-Herald from Guthrie, Okla., says: Senator Lendrum, a Cherokee Indian, introduced a bill yesterday prohibiting the use of Indian figures as cigar or tobacco signs. The bill is certain to pass both branches of the Legislature, and become a law, as all political parties consider the large Indian vote to hold the balance of power. The bill provides a fine of \$50 and six months' imprisonment for any person who uses an Indian figure, no matter for what purpose, or who has such figure in his possession.

TO QUASH IT.

Proceedings Begun Against West Flamboro By-law.

Proceedings have been begun by Col. C. H. Gwyn, on behalf of a private applicant, to quash the by-law recently passed by the Township Council of West Flamboro, limiting the number of hotel licenses for "the ensuing year" to two, thus cutting off two of those now in force. The motion comes up for hearing at Toronto on Thursday next, 23rd inst. What the Council will do in the matter is not known, but it was hinted by Reeve Binkley at the time of the last meeting that if the validity of the by-law was attacked the Council would not defend the action unless it was thought best to do so.

RED CROSS LODGE.

An "at home" was held in the Castle Hall of Red Cross Lodge, K. of P., when a concert, progressive cards and dancing were the order until the wee small hours. The following took part in the programme: Miss A. Hughes, violin solo; Adam Blatz, accompanist; Mr. McLean, solo; Mr. Robb, solo; A. J. Stone, piano solo. C. C. Charles, organ, was chairman, and in a neat address extended a hearty welcome to all present. Red Cross Lodge is the largest in membership of any K. of P. lodge in Canada. The Grand Lodge will meet here in July.

"The Money Lender" in Moving Pictures.

The Vitagraph Co. will close the season at the Oregonian Hall this week, Good Friday and Saturday, with recent matinees both days, should mean big business. Mr. Cardinal says the two programmes are exceptionally good. One subject is entitled "The Money Lender," the latest vitagraph success, splendidly staged. It is the story of a young man at college, being led to a gay and gambling life, and when he gets deeply into debt attempts to rob his own parents, but something happens to prevent this, and after he makes a clean breast to his father of his fast life he is forgiven and the "money lender" gets his money and some other things that he deserved, but did not expect. "The Pretty Typist" is one of the latest vitagraph hits in the humorous line.

AUTO RACE.

Portland, Ore., April 16.—A despatch to the Oregonian from Castle Rock, Wash., says that the French car in the New York to Paris race arrived there last night, and will proceed to Seattle to-day.

THE DIPLODOCUS.

Havre, April 16.—The east of the diplococus presented to President Fallieres by Andrew Carnegie has been unshipped from La Gasseigne. It will be forwarded to the National History Museum in Paris.

in that part of the American world known as Old East. It is cold in Nova Scotia, mighty cold, for six months out of every twelve, and the Nova Scotian nose, peering out from the furs and woolen mufflers, first gets red and then turns blue as the icy breath of the north nips it. But however it is, the easiest way to put the Nova Scotia nose out of joint is to dab it bluenose.

Fewer Women Than Men Color Blind. "Where one in thirty women is slightly color blind one in five men is so." The physician continued his experiments with the testing machine. "You," he said, "can't tell green from blue, and are therefore defective, sir. But you are not absolutely color blind. Absolutely color blind persons are very, very rare. I have met but one. He couldn't tell red from yellow or yellow from blue.

He that wants hope is the poorest man alive.—Italian.

BLUENOSES.

They Dwell in Nova Scotia, but the Reason for the Name Isn't Clear. Those who dwell in the Canadian Province of Nova Scotia are called bluenoses. The name has stuck to them since time out of mind, but how they came to get it is a matter of conjecture. One thing is certain—they don't like it. Nova Scotians pride themselves on their English ancestry, and some will offer the suggestion that the name is a token that the blue blood flows. When the French were driven from Acadia the fertile lands they vacated were taken up by English colonists, chiefly from Massachusetts. The spirit of revolt was strong then in Boston and elsewhere in New England. Those who were loyal to the King and taxes found it a good opportunity to move, and from these loyalists Acadia was largely repopled. It may be that the blue blood flows

and that the name is a badge of honor, but most Nova Scotians don't believe it, for they feel that it is a term of reproach. "Why bluenose?" was the question put to one young woman whose home isn't far from Nova Scotia. "Why, after the bluenose potatoes, of course," she said, "and I think it's mean to name people after potatoes." Now, it's true that the next to apples, potatoes form the greatest product of the rich Nova Scotian soil. And it's also true that the bluenose is the bright particular star among the varieties of potatoes raised in Nova Scotia. But the potatoes were named for the people, not the people for the potatoes. It's a simple question of chronology. You explain it sagaciously to the young woman and she says, "How silly of me!" but you can see with half an eye that you haven't convinced her. Here's another guess. Being the third and last, maybe it's the right one. At any rate it's the one generally accepted

TRIBUTE TO DEAD PRIEST

In Which All Classes of Citizens Solemnly Joined.

Bishop Dowling Spoke of His Beautiful Life. He Lived by Faith and Has Won His Reward.

The tribute of respect paid to the memory of the late Mgr. Heenan at St. Mary's Cathedral last night, where the remains lay in state, was of such a character as might well be anticipated in the sad farewell to one so honored and loved as the Vicar-General was in life. From 5 o'clock yesterday afternoon, when the remains were brought from St. Joseph's Hospital until 9 o'clock last night, when the casket was removed to the chapel, a constantly-moving stream of people passed the sanctuary railing and gazed for the last time on the kindly features of the dead priest, peaceful and calm in death.

The pall-bearers who officiated at the removal of the body from the hospital yesterday afternoon were Messrs. John P. Shea, J. J. Donohue, M. J. O'Reilly, W. H. Lovering, Fred. Harris and John Kavanagh.

The service last evening, profoundly impressive, and beautiful in its solemnity, was officiated at by His Lordship Bishop Dowling. The clergy present included Rev. Dean Mahoney, rector of the Cathedral; Rev. Father Brady, St. Lawrence Church; Rev. Father Coty, St. Patrick's; the clergy of the Cathedral staff; Father Doyle, Freetown; Father Kehoe, Kenilworth; Father Crofton, Hespeler; Father Sobak, C. R., Berlin; Father Cleary, Caledonia; Father Montag, New Germany; Father Burns, Owen Sound, and Archdeacon Laussie, Cayuga.

Half an hour before the service began the big Cathedral was filled with a sorrow-stricken assemblage of men and women of all walks of life. At 7.30 the edifice was filled to capacity and a crowd waited outside to gain admittance.

Bishop Dowling after giving solemn absolution of the dead paid an eloquent tribute to the departed priest. His Lordship said he had no intention of preaching a sermon; that would be done on the morning of the funeral, but he could not refrain from thanking the people for their manifestation of piety and respect to the dead and their prayers on his behalf. While morally certain that the dead priest was in Heaven, enjoying the reward of a noble life, His Lordship emphasized that the people were urged to pray for even the saints and that it was a wholly and whole some thought to pray for the dead. Father Heenan had a special claim on the people of the parish because for many years he was its faithful and devoted pastor. It was a delight for him to discharge his duty of love and labor. He was a faithful and model priest.

His Lordship said that he had known him perhaps longer than anyone there. They had spent many of their college days together. He was a most conscientious and devoted priest, he said. He was a man of prayer and piety. As his bishop of many years he can bear testimony to the fact that there was not a more loving, zealous and devoted priest in the whole diocese of Hamilton.

"An occasion of this kind should be held in honor of later we must leave this world and that we should be prepared to go. His whole life," said the bishop, "was a preparation for eternity. We are told that one live by faith and if ever a man lived by faith he did."

There was a pathetic scene at the cemetery vaulting as the crowds passed by and looked for the last time at the features of the dead priest. When the crowd that filled the cathedral passed out those waiting outside were admitted. The casket was then removed to the Cathedral chapel. At 2 o'clock this afternoon it was taken to the Cathedral again and at 3 o'clock removed by Dean Shea, Vicar-General of the congregation of St. Augustine's Church of which Mgr. Heenan was pastor for twenty years took charge of the remains. On arrival at the church the office of the dead will be recited by the clergy, priests from all over the diocese being in attendance.

THEIR LIGHTS MUST SHINE.

The Department of Marine and Fisheries has issued the following statement, which is to be posted up on the various wharfs and at boat-houses: "Owners, masters or persons in charge of small vessels, such as pleasure yachts, steam, gasoline, naphtha, electric and other motor launches and row boats, under way or at anchor, in all waters frequented by other vessels, are hereby notified that they must comply with the rules imposed by chapter 79 Revised Statutes of Ontario, entitled 'An act respecting the navigation of Canadian waters,' for preventing collisions, especially as regards the light to be shown."

RE BROWN AND FLATT.

At Toronto yesterday, in re Brown and Flatt, J. L. Connell, for vendor, moved under the Vendors and Purchasers Act, to have it declared that vendors can make a good title to a piece of a highway that has never been opened and has been in possession of vendor for over 60 years. W. T. Evans, for purchaser, contra. Motion withdrawn after argument in part.

The Rapid Growth of the Canada Cycle and Motor Co., Limited.

The Canada Cycle & Motor Company, Limited, manufacturers of the celebrated Russell car, announce that they will open a branch of their automobile business for the Hamilton district in their garage premises, 12 Park street. These premises were specially built by the Canada Cycle & Motor Company, Limited, for automobile show rooms and garage, and they are the best equipped of the kind in western Ontario. Intending purchasers will do well to call at the new branch and inspect the Russell models before deciding upon their 1908 models.

California Gold Dollars.

There Are Many Varieties Which Attract Collectors Interest.

The newly discovered variety of pattern California gold dollar, struck in copper, which brought a high premium at a Philadelphia auction of old coins, adds still another specimen to a series to which much attention is being directed at present by collectors. One Massachusetts collector has gathered no less than sixty-one varieties of these small pieces of gold coined money of the denomination of a dollar, in addition to numerous gold pieces of the denomination of 25 and 50 cents.

The new variety of dollar bears the name of "J. H. Bowie" and shows the figure "1" in the centre, with the abbreviation "Dol." below, at either side of which is inscribed "24G 24C"—that is, of a weight of twenty-four grains and twenty-four carats in fineness, which indicated the intention of the private coiner to have his coins contain the purest of gold. On the reverse was a pine tree and the inscription "Cal. Gold." The coin brought \$35, notwithstanding the baseness of the metal in which the piece was struck.

California gold dollars were first struck in 1852 and were at one time in active circulation in the Western States, although in the majority of cases they were used as pocket pieces or souvenirs. It is thought that the majority of them were struck by jewelers, although there were two varieties which seemed to indicate that they had been struck at the mints of the private coiners who flourished in the pioneer gold days and who struck gold coins of the denomination of \$5, \$10, \$20, \$25 and \$50, which have since become so rare.

nothing was done with him, for it appears that he escaped through some technicality in the law, and this action by no means put an end to the making of the gold fractional parts of a dollar. Jewellers were in constant trouble with the United States authorities, but there seemed to be no diminution in the production.

In 1882 a law was passed that these jewelers' tokens should not bear the denominations of "dollar," "half dollar," and "quarter dollar," and with these words omitted the coins seemed to lose much of their interest. In their place came a steady stream of pieces of similar character both of octagonal and round form, with an inscribed head, the words "Eureka," "California Gold." The latter have absolutely no value in the eyes of collectors, although every one of the coins bearing the denomination is sought.

In 1884 some of the gold charms were struck of both the quarter and half dollar denominations, showing on one side the arms of the State of California and the word "Eureka," although later issues showed only the inscription, "California Gold."

The value of the little pieces depends upon the variety, which usually consists of certain distinguishing marks, such as a tiny letter or letters on obverse or reverse, which are thought to have been placed there by the engraver of the dies. Some of the letters are "G," "GG," "N," "FD," "H," "GL," "NR," and "DERI."

It is supposed that the small gold coins with the letter "G" were engraved by a San Francisco engraver named Guion. Those bearing the letters "GG" were probably issued by the firm of Gaipe, Guillemot & Co., who had a jewelry business in San Francisco during this period. "FD" stood for an engraver named Frontier, the second initial representing the name of an unknown partner. The gold pieces showing the letters "DERI" have caused much speculation among numismatists as to their meaning, but when it is considered that an engraver by the name of M. Derberprie was doing business in San Francisco at 38 Kearny street in 1852 there should be

little doubt of the significance of the letters. The designs on the three denominations of gold dollars, halves and quarters were much alike, and the coins were both round and octagonal in shape. Most of them showed the head of Liberty as an Indian queen surrounded by stars, which varied in number from four to fifteen. The other principal design showed the usual style of Liberty head as borne by the regular United States coins.

The obverse of certain half and quarter dollars of 1872 bore the head of Washington, and the reverse half bore the inscription: "California 3/4 Gold Charm." The reverse of one variety of the gold dollar of this year showed a wreath enclosing the inscription, "1 Dollar Token" instead of the usual simple word "Dollar." Another variety of the gold half dollar of 1853 showed an eagle on the reverse and the inscription "California Gold 50 Cents."

All of these gold pieces are now held at a premium of several times their face value, but none of them is extremely rare, with the possible exception of a gold dollar of the Pacific Company. This piece, which was first described by a well known Philadelphia numismatist, apparently belongs to the series of coins of \$5 and \$10 denominations which were struck in San Francisco in 1849 by the Pacific Company, which conducted a private mint for gold coinage. The varieties of this company are regarded as the very rarest of the much sought California coins. Like the pieces of larger denomination issued by the Pacific Company the one dollar piece shows on the reverse a radiated liberty cap with three stars between the radiations.

The obverse shows an eagle holding an olive branch, surrounding which is the inscription, "Pacific Company, California, 1849." This gold dollar was the first of the California coins of the denomination to be struck, and evidently made its appearance at the same time that the first United States gold dollar came into general circulation by the authority of the law of 1849 instructing the mint officials to issue the new gold pieces of the denominations of one and twenty dollars.

Like the Bowie one dollar piece, so far as known the Pacific Company dollar is unique, and probably would bring a much larger premium were it offered for sale than did the Bowie piece.

"FIRES" GOOD FOR BAD.

The Ungodly Hustle, But the Christians Don't "Deliver the Goods."

Los Angeles, Cal., April 15.—Members of the Young Men's Christian Association are deeply agitated because General Superintendent C. B. Weaver, in charge of construction of the \$500,000 association building, has discharged all Christians he could find among the two hundred men employed and declined to hire any. He declares that he can get 25 per cent. more work out of sinners than church members, and will finish the job with men making no profession of faith. Weaver says that when he began his work he had "a few Christians," but they can't deliver the goods. They were a sorry lot of fellows, who thought that because they belonged to the church they ought to get the soft end of every thing. I fired 'em."

Accidentally Shot.

Gilbert Plains, Man., April 15.—While H. Lamond was drawing a gun from a wagon this morning the gun discharged, the full charge entering Lamond's left shoulder, which will have to be amputated.

Dined at White House.

Washington, April 15.—Lord Grey, Governor-General of Canada; British Ambassador Bryce, and others were guests of President Roosevelt at lunch to-day.

SMITHVILLE

Mr. Sively, the gas drifter, is down 300 feet, and has struck a small gas pocket. The prospect is intended to go further, so as to get enough to supply the town.

Mr. John Botwright and his bride, of Lyndoch, who have been visiting Mr. A. T. McLean here, left for home last week. Fred Silder, who went to the Sanitarium at Muskoka a few days ago, is reported to be improving nicely. His many friends hope soon to hear of his full recovery.

The funeral of Mr. Frank Patterson, who was found dead in his house here a few days ago, was very largely attended. Services by Mr. Morril of Buffalo, were held in the Universalist Church.

Mr. A. S. McLean has put up a fine kitchen to his house on St. Catharines street, which adds greatly to its appearance.

Mr. M. B. Cosby, the Massey-Harris agent here, has some work that he had to get Mr. E. S. Cement, of York, to assist him during the summer months. A Scotch concert is to be held on the Methodist Church on Tuesday, 21st inst. Rev. D. A. McKercher, of Lyndoch, in Scotch songs, and Mr. M. O. Merritt, in Irish songs, will open the evening. A good time is expected.

Mr. Charles Grassie and wife, of Welland, spent Sunday and Monday with friends here.

Mr. Roland C. Patterson, who was visiting his old home here, brought with him some wonderful specimens of teeth of animals long since extinct. One, the tooth of a mammoth found 24 feet below the surface of the frozen earth in the Klondike, measures 22 1/2 inches in length, and is 4 inches across. The tooth weighs 9 pounds. He also has the two teeth of a mastodon, one 6 1/4 inches long and 3 inches across, and a smaller one, 4 1/2 inches long and 3 inches across, both taken by him from the same jaw. The larger tooth of the mastodon weighs 5 pounds and the smaller one 3 1/2 pounds. He also brought a spoon made from a tusk 29 1/2 inches long, size of the bowl, 6 inches long by 6 inches wide, and 3 inches deep. The skeleton of the mastodon was found 12 feet in the frozen earth, and is very seldom found so far north. He had also samples of gold and copper, both from the Klondike and Yukon.

Mrs. Geo. W. Hart, of Hamilton, spent several days with her parents, Mr. and Mrs. T. W. Shipman, last week.

Moving is the order of the day at present. Mr. Robert Primer moved on his new farm, bought from Dr. Birdsall, of Niagara Falls; Mr. Wm. Vance took possession of his farm, bought from A. S. Reid, who goes to Stony Creek, and Mr. John Grey takes the house occupied by Thos. Joy, who has gone to Dumfries.

BASINGSTOKE

D. M. Travis sold his farm to Mr. Stevens, of Hamilton, who moved in recently.

Ezra Swayze has rented the J. Horton place.

Mr. and Mrs. Ira Parker and Miss Norma Perkins visited at W. E. Merritt's on Sunday.

Mr. E. Avery made a short visit at his sister's in Beamsville last week.

Willis Lymburner, who is attending the Hamilton Collegiate Institute, is spending the holidays at home.

The Bethel orchestra took part in the programme at a concert at Tapscott on Tuesday night.

Mr. and Mrs. Cecil Lounsbury spent Sunday at E. Bartlett's.

The farmers are becoming anxious to begin seeding. The cold, wet weather has delayed them.

Mrs. A. Bissett is visiting her daughter, Mrs. E. Shaw.

Miss Jennie Shaw is home from Hamilton.

SINCLAIRVILLE

There will be a special Easter service in the Caistorville Methodist Church on Sunday at 11 a. m., for this appointment.

The work of excavating for the basement of the new church is about completed, and it will be only a short time before the masons commence their work.

Some of the farmers have started seeding.

CHILDHOOD SWEETHEARTS.

Were Cousins and Had to Marry in Windsor.

Windsor, April 15.—With Mayor Wigle as one of the witnesses, Lieut. Carl Rademacher, of Emperor William's Dragoon, and Miss Clara Wilhelmine Von Walthausen, of Bay City, Mich., were married at noon to-day at the Crawford House.

They were childhood sweethearts in the fatherland, but twenty years ago when the bride's family came to this country. The ceremony was performed by Rev. Thos. Manning. The reason the couple came to Windsor to be married is because they are cousins and could not wed in Michigan.

WENT TO BRITISH COLUMBIA.

Nearly Three Hundred Settle in Pacific Province.

Vancouver, April 15.—The second train load of Salvation Army immigrants, locally selected in the old country to fill requirements of life in this country, reached Vancouver late last night.

The seventy people who were aboard formed rather a remnant of the party which originally left Halifax a week ago, though practically all of the 280 who came across the ocean came through to British Columbia. The majority were destined for the farming districts of Kootenay and the Okanagan and left the train in the upper country. Many people who came were well supplied with money.

LAG AGAINST BIG HATS.

Cannot See Ball Game Behind "Merry Widow" Creation.

Cincinnati, April 15.—At a meeting of the City Council Councilman O'Brien, of the sixth ward, presented an ordinance providing that any woman wearing a "big hat" at the National League ball park must remove the hat before the game commences in order that those men who have paid to see the game may be able to see it.

The council referred the resolution back to the committee on law, of which O'Brien is chairman. The proposed ordinance provides for a fine of \$50 for each violation of it.

Little Paragraphs of Sport From Far and Near.

At a meeting of the committee of the Hamilton Homing Pigeon Club last night a programme of races for the season was drafted, the route being along the G. T. R. as far east as Cobourg. All the races except two will be for young birds. The report will be presented at the regular meeting of the club in Arcade Hall to-morrow evening.

Vienna, April 15.—The American chess player, Johnner, beat Spielmann in the seventh round of the international chess tournament yesterday, while Marshall lost to Tartakower. Schleier is still in the lead.

Peterboro, April 16.—The walking tournament to be held at the Brock Street rink on April 20th to 25th, inclusive, promises to be a great event. Graham, of Buffalo; Slater, who got second in the Kansas City walk; Brooks, of Toronto, and other good ones, are here for the event, and are training hard. Hartley, is looked upon to uphold the credit of the city against the crack outsiders.

Edmonton Bulletin: Dr. Mason and D. L. Darroch came up to Edmonton on Friday, and in the course of their stay here had a talk with some of those interested in athletics in this city. Their idea was to have Edmonton form an association along the lines of the one in Calgary, and then merge the two into a Provincial institution, thereby forming a very powerful amateur athletic body. The idea was looked upon very favorably by those spoken to, and the matter is at present under consideration.

Vancouver Province: The American Union has threatened to put all Y.M.C.A. athletes in the States who compete with Y. M. C. A. athletes in Canada, holding C. A. A. U. registration cards under suspension, but it is understood that the Y. M. C. A. Athletic League has decided to take no notice of the threat.

Brantford, April 16.—The Wanderer Lacrosse Club organized for the season at a meeting in the Metropole last night and will play its first game to-morrow morning at the Metropole track. The following are the officers elected: President, George Dowling; Vice-President, A. Welch; Secretary, E. Winter; Treasurer, A. Floss; Coach, Geo. Dowling.

Montreal, April 16.—There is practically no change in the championship situation. The directors of the Shamrocks and Montreal Clubs met last night and discussed the situation, but without any practical result.

Akron, Ohio, April 16.—George Sutton, the Canadian billiard expert, and challenger, won the championship, defeated Willie Hoppe, of New York, the 182 ball line champion, last night, by a score of 300 to 244, in an 182 exhibition game.

Woods' Barbers baseball team, champions of Omand's league, will play their first game of the season to-morrow morning at the Metropole track. The Aleris will be the opposing team.

LIONS FOR THE POPE.

Present of Emperor Menelik of Abyssinia Reaches Rome.

Emperor Menelik's present to the Pope of two fine African lion cubs, male and female, has arrived safely at Rome. The animals started from Addis Ababa, in Abyssinia, on New Year's Day.

Shortly after they reached the desert region on their way to Alexandria a lioness took up the trail behind the caravan. She followed it for more than a week, making repeated efforts at night to get through the lines of the soldiers to the captive animals, whose presence she was evidently aware of. She only dropped the pursuit when the caravan got to the desert and into the comparatively thickly inhabited regions on the outskirts of Egypt.

MURDERED IN A BAKESHOP.

Police Explain Mysterious Death of Giovanni Corello.

New York, April 15.—The Brooklyn police declared to-day that they had solved the mysterious murder of Giovanni Corello, whose body was found in a vacant lot in South Brooklyn yesterday. He was shot in the back of his neck and two flower sacks over his head.

They allege that Corello was killed in a bake shop kept by Giuseppe and Vito Bonzetti in South Brooklyn, and that Giuseppe Bonzetti collected the body which he had looted them. The Bonzetti and two other Italians were arrested to-day, charged with implication in the murder. The police say that four sacks similar to those found on Corello's body were discovered in the Bonzetti bakery.

COLLINGWOOD WILL APPEAL.

Council Relies on Government to Pay for Local Option Test.

Collingwood, April 15.—At a meeting of the Town Council held last night, at which thirteen of the fourteen members were present, it was unanimously decided to enter an appeal against the judgment of Mr. Justice Britton, quashing the by-law fixing the license fee for hotels and liquor shops at \$25.00.

The motion was based on the alleged promise of Hon. W. J. Hanna, Provincial Secretary, that the Government would resist any motion to quash the by-law, and it is understood that the Government is to meet all expenses in connection with the appeal.

An Unfailing Sign.

A lady who was perfectly well, but fancied she was suffering from fever called on an old and experienced physician to consult him. She described her symptoms at some length, and he listened patiently. At last he said: "I think I understand your case, madam. Sit perfectly still a few moments, and let me look at you."

She complied, and he eyed her attentively for nearly a minute, glancing at his watch once or twice in the meantime.

"There is nothing the matter with you, madam," he said. "You haven't the slightest indication of fever. Your heart beat is perfectly normal."

"Why, how do you know, doctor?" she asked, in surprise. "You didn't feel my pulse?"

"I didn't need to," he answered. "I counted the vibrations of the ostrich feather on your hat." And he bowed her out.—Youth's Companion.

West Pierborno Liberals have nominated Mr. George A. Gillespie for the Legislature. Hon. A. G. Mackay spoke at the convention.

Argument was heard in the appeal against the judgment of Chief Justice Smith quashing the Toronto license reduction by-law.

THE DOINGS IN THE WORLD OF SPORT.

JACK ATKIN WON THE CARTER.

Chapultepec Got Away Badly, But Finished Third.

Guelph Signs Another Pitcher—Marathon Trials Are to be Held in Toronto Next Month.

New York, April 16.—The metropolitan racing season of 1908 was inaugurated yesterday at Aqueduct Park, track, and the day's programme was carried out without interference and with only slight changes in the usual system of betting. Outwardly there were no signs that a stubborn legislative battle had been waged at Albany for two months to make race track gambling impossible in this State, but to one familiar with the old conditions and methods of New York race tracks, there were apparently many small concessions to the public sentiment against the betting system.

Public interest, in fact, was centred almost as strongly in the rumored changes in the betting pavilions as in the betting on the various fields of thoroughbred that made up an attractive programme. Of these fields, the Carter Handicap, with its rich prize of \$10,000, was the one big feature. The race went to Jack Atkin, Barney Schreiber's good horse; Red River second and Chapultepec, the favorite, third. Jack Atkin was held at 8 to 1 in the betting, Red River at 10 to 1 and Chapultepec at 5 to 2. Meelick finished fourth and Brookdale Nymph fifth, both at 8 to 1. The time was 1:27 4/5 for the seven furlongs, a very creditable performance, considering the heavy track.

The running of the Carter Handicap was not particularly thrilling as a spectacle. Though the sky had sufficiently cleared to give the crowd a good view of the struggle from start to finish, the contest was not close enough to arouse their rainy day enthusiasms. Twelve horses of class paraded for the start in this event. All looked splendidly fit, and their riders wore new and vividly bright colors in honor of the first big race. There was the delay at the post, and when starting Cassidy sent them away, the favorite, Chapultepec, fared rather badly, bringing up the rear, while Meelick, Brookdale Nymph, Rifleman, Red River, Jack Atkin and Rosamiro were well out in front. Red River rushed to the front, but Jack Atkin overhauled him and took the lead. This he held to the finish without need of whip or spur to urge him, and won by a length and a half. Red River hung gamely on, and Chapultepec, from a bad last position, raced around the big field and finished third. The others were strung out far behind the leaders. Summary of the race:

Seven furlongs—Jack Atkin, 11 (Mussgrave), 8 to 1; Red River, 108 (Fairbrother), 30 to 1; 2nd: Chapultepec, 105 (McDaniel), 2 to 1; 3rd: Rifleman, 1:27 4/5. Meelick, Brookdale Nymph, Rifleman, Angeli, Welbourn, Rosimiro, Don Enrique, Berkeley, Oxford also ran.

A more unpropitious day could scarcely be conceived to bring out the thousands of New Yorkers who annually attend the opening of the races. Low, swirling, grey clouds, drizzled a cold moisture over everything, and an east wind drove in an ocean mist that for a while obscured the farthest outlines of the track. In spite of these disagreeable climatic conditions, however, there were 10,000 spectators in the grand stand and no one fled when the inaugural scramble of five furlongs went to Pantoufle. Most of these thousands went down to the Long Island course with a feeling of much uncertainty as to what results might hinge about the business of betting. Predictions and rumors of interference that ran the course from the absurd statement that all those betting or taking bets would be arrested, to the more conservative statement that bookmakers would be forced to accept wagers without the comfort and convenience of stools or cash box, were handed about on train and trolley car. As usual, the conservative view proved to be correct. There was betting, almost as much as usual, but there were certain restrictions on both the bettor and the bookie. For instance, no more than 125 books were allowed in the main betting pavilion and 100 in the field. All stools and cash boxes were barred, the bookmakers taking up their stand in two long rows and accepting any paying wagers out of hand. Programmes, with the odds marked opposite the horses' names, furnished the only information available to the spectators. No bet of less than \$5 was accepted in the main pavilion, while \$2 was the minimum wager permissible in the field. These changes had no appreciable effect on the eager bettors. There was plenty of money, apparently, and it was wagered as freely as in previous years.

Printed signs, conspicuously displayed, informed the public that unseasonable haste in placing bets would not be tolerated; that there must be no running, pushing, jostling and other football tactics that have heretofore obtained in the betting ring; that obscene or offensive language also was tabooed, according to the placarded restrictions. Minors were barred, and the enforcement of this rule was apparent in the absence of this element, so often seen on race tracks. In fact, the betting ring was calm and almost subdued in its demeanor. A few of the old signs, so long conspicuous about New York tracks, were to be seen clinging to the posts of the betting rings, in some instances immediately above the bookmakers' heads. These told the public in bold type that "betting, bookmaking or gambling of any kind" would not be permitted on the premises, and called attention to Section 351 of the penal code, covering such offences.

POOL ROOMS IN NEW YORK. New York, April 16.—The opening of the racing season yesterday found fewer pool rooms doing business here than in several years, but the number of land books, it is said, more than made up for the lack of pool rooms.

The few pool rooms that were open were for the most part in the Tenderloin and in Harlem. Many which

have been conducted in the Tenderloin every season for years failed to open yesterday, and, according to their former proprietors, will remain closed for a long time.

Throughout the Tenderloin there are saloons in which hand-book makers could be found yesterday.

PASSED BY THE SENATE. Washington, D. C., April 15.—The Senate to-day passed the House Bill prohibiting race track betting in the District of Columbia.

OLYMPIC CHANGES.

Boxing Has Been Added to the Big Programme.

Ottawa, April 16.—Secretary Pereira, of the Canadian Olympic Committee, yesterday received information from the London office advising him of changes in the programme and dates of the contests.

The date of the great Marathon race will be held one day earlier—July 24th. No change has been made, however, as regards the dates for the entries for the Marathon.

The date for the closing of entries for the gymnastic competitions has been switched from April 30 until June 12. This came as a surprise to the Canadian committee as it had been advised that all the Canadian competitors for the gymnastic events should be in by April 20th.

The Olympic Committee has finally decided to add boxing to its programme, providing that five countries guarantee to send participants. Further particulars as to the boxing are expected in a day or two. Japan, France and the United States will certainly enter men for the boxing, and it is thought that Canada will also fall in line. Only amateurs will be eligible, of course, and the contests will be decided with padded gloves, the Queensbury rules probably governing. Considerable discussion has been heard through the papers regarding the action of the committee in omitting boxing, and their decision to hold competitions in the mainly art is likely to be favorably received everywhere. The question of sending entries for the boxing will also be brought before the Canadian

committee at the earliest opportunity. It is likely that there will be a meeting of the Canadian committee on Tuesday next.

Hamilton athletic magnates have again written asking that Will Sherring be appointed trainer and adviser to the athletic team, and that Bobby Kerr and Tom Coley be sent to England earlier than the rest of the Canadian team. These matters will be disposed of at Tuesday's meeting.

TORONTO "HOGS" TRIALS.

Toronto Globe: Toronto will get both Olympic trial Marathons. On May 23 or May 25 the Provincial Marathon trial will be held in conjunction with the Ontario trials at Rosedale Athletic Field. On June 6th the final Canadian trial Marathon, which will bring together the winners of the Provincial trial Marathons from coast to coast, will run a full 26-mile course, and the men who make the best showing will go to England.

The announcement that the Olympic Marathon for Ontario runners will be held May 23 or 25 puts Peter Christopher's Brantford-Hamilton race into the shade, for first-class runners will compete in the Provincial Olympic trial race, if they don't they cannot compete in the final Canadian try-out June 6th.

C. A. A. OFFICIALS EXCITED.

Toronto Star: "How is it that Tom Crow, David McCaughey, Jack Caffery, Bobby Kerr, White, Fraser, and other Hamilton C. A. A. U. athletes can compete with or at the same meet as Billy Sherring, the suspended runner, and the Hamilton Tiger football players, all of whom are under the C. A. A. U. ban, and nothing happen to them? Why are they not suspended?"

These questions were fired at the sporting editor by a Toronto athlete to-day, and they were promptly relayed to C. A. A. U. headquarters.

"We'll have to get after this matter and see what it all means," said James H. Merrick of the registration committee. "Those C. A. A. U. men have no right to compete with or against Sherring or the Tiger football players at any stage of the game."

He sent the query on to Secretary Crow, who called up A. J. Taylor, the C. A. A. U. representative in Hamilton, who replied that the matter had been put before him and that as the affair was only an exhibition affair, to enable Hamiltonians to contribute to the Olympic fund, he had agreed. Sherring and Coley did not actually compete with each other, and the outlawed Tiger players with each other, and did not mix with C. A. A. U. men.

BYRCE TO LECTURE.

San Francisco, April 16.—Jas. Bryce, the British Ambassador to the United States, will deliver a series of lectures at Berkeley, according to an announcement by the Pacific Theological Seminary, under whose auspices annually the series is held. The lectures will be delivered alternately by James Bryce and Prof. Geo. Adam Smith of the United Free Church College, Glasgow.

COMMENT AND GOSSIP

The local basketball team will leave for Montreal on Saturday. They go direct to Montreal and stay there until Tuesday morning, come back to Kingston on Tuesday, play there and will arrive home on Wednesday morning. Any friends desiring to take the trip should notify Manager Long, so a reduced rate can be secured.

U. S. papers are already claiming everything at the coming Olympic games. One paper says: "Many experts think that the Americans will carry off most of the events, as they did at Athens in 1906."

Hack has landed in England again, and is now hurling all kinds of defies to Gotch. He is perhaps a better long-distance challenger than he is a short distance wrestler.

Harley Davidson, the Toronto "pro" cyclist and ice and roller skater is certainly trimming up the Yankee roller skate artists these days. The other day in Milwaukee he met and defeated at one, two and five miles Moore, the Milwaukee man who won all the American roller skating championships at Pittsburgh.

Moore was a pupil of Davidson's and aspired to defeat his tutor. Davidson holds the world's record for a mile on rollers, 2:37 4/5, made on a banked track in Chicago and his brother John Davidson stands a grand chance of winning the Canadian pro championship, he having defeated George Crispin, of London, the holder of the title. Monday night in the first of a three-race series. The second race takes place to-night.

Secretary Crow, of the C. A. A. U., is evidently backing up on the promise made to Hamilton men, that the Christopher Cup race, from Brantford to Hamilton, would be considered a Marathon trial. He is quoted in yesterday's Toronto Star as follows: "How about Christopher's race?" Secretary Crow of the C. A. A. U. was asked.

"He has no sanction," was the reply. "All he got was verbal word of approval, with the understanding that the Olympic trials would have precedence. We claim precedence, now Christopher must take a back seat."

If he is correctly reported, Mr. Crow will prove a big disappointment to many persons here, who believed he was bigger and had a better sporting spirit than Torontonians are generally credited with.

RUSSELL AND MELLODY, WHO FOUGHT A FAST SIX-ROUND BOUT IN PHILADELPHIA RECENTLY. RUSSELL EARNED THE DECISION.

ATHLETICS AS A CURB ON A MAN'S TEMPER.

Fellow Baseball Players Showed More Regard For His Religious Views Than Spectators—Hard Luck Batting Streak Severe Test of a Man's Self-Control.

"The athletic field," says David Fultz, former star football and baseball player at Brown University, former professional baseball player and now practicing law in New York, "is the best place in the world for a man to learn to discipline himself." Mr. Fultz believes in sports as much for the mental and moral benefit to be had from them as for the physical benefits. While actively engaged in sports Fultz was a capable and versatile athlete, and being of a religious turn of mind he has been in a good position to study the effect of sports on morals and of morals on sports.

"I have always contended," Fultz continued, "that athletic competitions, from the very fact that they put it up to a man not to lose control of himself, make the most effective source of discipline for him. I know that when I first began to take part in college sports I had a good deal of a temper, and that it was sports that got the better of me. It did not take me long, however, to learn that that wouldn't do if I was to get along with and be respected by my associates and if I was to succeed on the athletic field. Unless one is to be a mucker in sports he must learn to control his temper and his feelings, and that is one good moral effect that sports have."

"I don't know just when I actually

took up Christianity. At no particular time. With me it was a gradual development, and I did not have the right to call myself a Christian until I was half way through my professional baseball career. My experience in sports had a great effect on me personally so far as my moral welfare was concerned, but had no effect on my spiritual nature."

Speaking of his experiences in professional baseball, Fultz said he never encountered any real antipathy to his religious views from his associates of the ball field. There might be a little fun making, but in an inoffensive way. The patrons of the game, however, were not always so considerate. He told of how mucker in sports he was in the crowd would yell at him to know whether he had his Bible with him or whether he had been to Sunday school.

"I have been abused in newspapers for not playing Sunday ball," observed Fultz, "but I didn't mind anything they said until one day last summer when I had my nose broken in a game at Yonkers. A St. Louis paper came out with the statement that 'Dave Fultz while playing with a Y. M. C. A. team last

Sunday had his nose broken.' I never played a game of Sunday baseball in my life."

"Christians in professional baseball? There are a number of Christians among the players. I understand, though I haven't happened to come in contact with them. I do know, however, that there are plenty of straightforward fellows. Some are straightforward because they realize that they must keep straight if they are to get along, while others are square because it is their nature to be so. The morale of the profession is much better than it used to be. There is no doubt about that. I imagine the moral tone of the players is better. Ball players are a happy go lucky set and not prone to dwell long on serious things, but as a class they are a cleaner lot of men than they used to be."

"A man's temper, if he has one, is apt to get the better of him many times in sports, but after it is over there is something in him that compels him to realize that he made a sight of himself. In minimizing the tendency to break loose athletes are a fine remedy. You see lots of men in baseball kick and kick and use bad language, and in so far as the decision that made them kick is concerned they may have the right on their side; but whether they have or not is a small matter. The great thing to be learned from such instances is to keep yourself under control and to be able to see the occurrence from the other man's point of view as well as your own."

LONDON BUSY.

Beavers May Get Belrose, a Montreal Slab Artist.

London, April 16.—The signed contract of William Klineke, the Buffalo second baseman, was received yesterday by Manager Wreath of the Londoners. Klineke played with the Erie, Pa., team in the Interstate League in 1905 and 1906. He led the league in batting and was the best fielding second baseman. Klineke led the batting order for the mucker in sports he was in the crowd would yell at him to know whether he had his Bible with him or whether he had been to Sunday school.

In the latter part of 1906 Klineke was sold to the Louisville, American Association, team, but failed to make good, on account of the climate in the south, which brought him down with the fever and left him in a weakened condition. Later Klineke played with Latrobe, Pa., in the Western Pennsylvania League, and stuck until the team disbanded.

BATTERY WITH HIM.

Klineke is working out every day in Buffalo, and has with him a catcher and a pitcher, both of whom he recommends strongly to Mr. Wreath. The former's name is George Duquin, and Klineke describes him as a star.

Mr. Wreath also received a letter from James Belrose, the Montreal pitcher, who wrote a few days ago, Belrose has played in the Connecticut League, and is considered a good class B man.

ANOTHER FOR GUELPH.

Guelph, April 15.—Word comes that Manager Murray has signed one of the best college pitchers in the business, in the person of Thomas Martnet, of New York city. Hartnett is a student at Manhattan College, and is the leading pitcher for the varsity team.

A Golf Story From Real Life.

This is a golf story from real life, an English Police Court scene resulting from a village Hampden's insistence on his rights on a public green.

Mr. J. H. Townsend, of Greyhound terrace, Mitcham, was fined 10s. and £1 12s. 6d. costs at Croynon on Saturday for using abusive language while playing golf on Mitcham Common.

Mr. H. M. Deeley, J. P., a member of Prince's Golf Club, was playing golf with a friend, and they had got to the fourth tee when Mr. Townsend, who was behind, placed his ball at the edge of the third green, and shouting "Fore!" drove it deliberately towards where they were standing.

new man will not be able to report to the local club until June 15.

Last season, after the college closed, Hartnett pitched for the Plattsburg, N. Y., team in the Northern League. He has received several tempting offers, but has finally agreed to play with the locals. Among the other clubs that have been seeking his services is the Brockton team in the New England League. He has pitched against most of the eastern college teams, beating St. Francis, of Brooklyn, in a game on January 12 to Yale, by the close score of 3 to 2, which was played in New Haven, Conn.

LINERS.

Pittsburg Leader: We are all glad that George Gibson is ready to go in at the start. Hack reported in fine condition, and should be a star this year.

Southern critics claim that Ty Cobb is due to explode. It may all be true, but the other day Ty made a single, a double and a triple, stole three bases, accepted six chances, doubled a man at first, threw a man out at the plate and scored three runs and made a sacrifice hit. That sounds like the real thing.

Umpire Jack Sheridan is out with a boost for Babe Waddell. "He's still one of the game's greatest twirlers, and I can see where the St. Louis braves made a mistake in taking him off the Athletics' hands. He gave Connie Mack two pennants, and may turn the trick for McAleer," states the umpire.

LAWN TENNIS CLUB PROSPECTS.

The Hamilton Tennis Club intends holding a meeting within the next few days for the purpose of organizing for the coming season. Judging from the number of applications for membership already received there is to be a great revival of interest in tennis this year. The club is arranging to have four courts at the cricket club grounds. These courts will be kept in excellent condition. New members who propose joining the club should send in their applications at once to the acting secretary, Mr. J. A. Soule, 65 Federal Life Building.

BOWLING SCORES.

In the City Bowling League series last night the Hamilton II. lost three games to the Gun Club team. Royal was high man with 566. The scores:

REVOLT IN COREA.

PRACTICALLY THE WHOLE COUNTRY HAS RISEN.

Ill-armed Natives Slaughtered in Battle—Over a Hundred Killed in Three Fights With Japanese Troops—Many Wounded.

Shanghai, April 15.—Reliable reports reveal appalling conditions in Corea. The movement against the Japanese is universal, and there have been sanguinary reprisals. Practically the whole country has risen against Japanese rule, which barely exists outside Seoul and the main coast ports. Parties a few miles inland are constantly cut off, stopping developments in the interior. Even the gates of Seoul are now guarded by strong forces, while the Coreans are not allowed to cross the river after 6 o'clock in the evening.

Details of fighting are suppressed in Corea's newspapers, but it is admitted the Japanese around the capital have resumed their aggressive attitude against the ill-armed natives, with results something resembling massacres.

Three recent instances are given. In the first there were twenty-four Coreans killed and seven wounded; in the second, thirty-four killed and none wounded; in the third, fifty-five killed and fifty-four wounded, while the Japanese casualties were only one killed and none wounded.

In two hours' fighting the Japanese in the garrison town of Macheon repelled the Coreans with severe losses on both sides.

It is almost a year now since the last outbreak of any magnitude in Corea. Last spring there were serious riots in the capital. The streets of Seoul were filled with Japanese troops, and some heavy fighting took place about the Imperial palace.

When the Peace Conference was in session at The Hague a deputation of Coreans, claiming to have full powers delegated by the Korean Emperor, presented themselves, but were refused admission to the conference. They complained that the Japanese were violating the rights of the Coreans, trampling on international law and committing all sorts of barbarities against the property and persons of the people, all for the purpose of destroying the independence of the people.

MOUNT TEMPLE FLOATED.

C. P. R. Steamer Has Been Stuck Since Last November.

Halifax, April 15.—After having been ashore on the ledges at Ironbound Island, at the mouth of the Lahave River, since November 30th last, the big C. P. R. Liner Mount Temple was successfully floated on to-night's tide. The steamer was filled with air, and with the rising tide and the assistance of three tugs she slid off the rocks into deep water.

This was the third attempt made to float her. Under her own steam the Mount Temple started for Halifax, but owing to a heavy southeast storm setting in she was obliged to make Lunenburg harbor for shelter at 11:30 to-night. The Mount Temple registers 6,661 tons, and the underwriters agreed to give the salvors \$200,000 if they floated her.

When the steamer stranded she had over 600 passengers on board, and all were saved. She will come to Halifax to drydock as soon as the weather permits. The steamer had been stuck hard on the rocks to save the lives of the passengers, and the rocks protruded through her bottom in several places. The work of floating her was one of the most difficult ever undertaken on the Atlantic coast, and the success of the salvors is regarded by marine experts as a notable achievement.

KIDNAPPED CHINESE.

U. S. Men Took 1,200 From Vladivostok to Mexico.

New York, April 15.—A cable despatch to the Herald from Shanghai says: An extraordinary case is being tried in the British court here. The Crown is applying for the confiscation of the steamship Maori King on the ground that she obtained fraudulent registration under the British flag while she really belonged to a rich Russian Jew named Ginsburg, who chartered her to a naturalized American named Zimmerman, formerly a Russian Jew. Zimmerman and two low-class American conspired to kidnap twelve under Chinese coolies from Vladivostok under the pretence of taking them to a Chinese port. They were actually landed at Chihuahua, Mexico, where they were handed over to a Mexican railway and forced to labor. They still remain there. The captain of the Maori King, a Britisher, even kept the engineers in ignorance of his destination. Zimmerman is one of the richest men in Shanghai.

TOWN WASHED AWAY.

Great Floods on the Missouri in Montana.

Helena, Mont., April 15.—The Black Eagle dam across the Missouri at Great Falls was to-day blown up with dynamite in order to prevent the destruction of the Boston & Montana smelter. This material help, and serious danger from the flood is now probably over. A smelting workman, name unknown, was drowned when the dam was dynamited, he being the second man to lose his life as a result of the flood.

Craig, Mont., was probably wiped off the map, although as far as is known all of the 400 inhabitants escaped.

Cascade, a town of 400 population, 69 miles from Helena and 23 miles north of Craig, is now under water and in danger of being swept away. The river is thickly strewn with debris of ranch houses. Many animals are battling for their lives in the flood.

GOLD IN COTTAGE WALL.

Executors of William Jaynes Discovered \$25,000 Concealed in House.

New York, April 15.—Convinced that Wm. Jaynes, who died last fall at Hempstead, L. I., had possessed a considerable amount of money, the executors of his will made a thorough search of his property, and finally decided to tear down the dilapidated cottage in which the man had spent his life. After a portion of the wall had been taken down the workmen found two bags, one containing \$5,000 in gold, the other \$9,000 in bank notes. Later they discovered bank books which will bring the value of the estate to \$25,000.

VERY SIMPLE TEST.

To Find Out of the Kidneys Are Inactive and a Recipe.

A well-known authority states that there are more cases of kidney trouble here now than ever before, while reports show that more people succumb each year to some form of kidney disease than any other cause.

When there is sickness, examine the urine. Rheumatism is only a symptom of kidney trouble. It is nothing more or less than excessive uric acid in the blood, which the sluggish, inactive kidneys have failed to sift out, leaving it to decompose and settle about the joints and muscles, causing intense suffering; frequently resulting in deformity; often reaching the heart when death ensues.

Pains across the back, frequent, painful and suppressed micturition and other symptoms of weak bladder are not the only signs of kidney trouble; many cases of stomach disease, headache, pain in the heart, inactive liver, etc., are but symptoms; the cause of which can be traced to feeble, clogged kidneys.

The physicians for the insurance companies always carefully examine and report on the condition of the urine. It is a certain sign of sickness or health of the human body.

A test of the urine should be made by every man and woman at least once each year. A simple test is to void a small quantity of urine in a bottle of glass and let it stand overnight; next morning, if there is a reddish brick-dust sediment, or white fecy substance present, either consult some reputable physician or take a good vegetable treatment. The following prescription is recommended highly in these cases, and if desirable the sufferer can mix it at home. Any good prescription pharmacy has the ingredients, which are harmless and inexpensive: Compound Karyon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime. Where any of the symptoms enumerated above are immediately the use of this simple prescription.

BRAKEMAN SENTENCED.

R. Newton Given Nine Months for Criminal Negligence.

Milton, April 15.—Richard Newton, a young C. P. R. brakeman living in West Toronto, was this afternoon sentenced to nine months' imprisonment by Mr. Justice Anglin for criminal negligence in opening a switch at Joseph Junction on search of it last, whereby the special train carrying a body of Mystic Shriners from Toronto to London was thrown off the main line, and the engineer, Charles Armstrong, of West Toronto, and a friend of Newton's, was killed.

The jury was out about half an hour after noon, seriously charged by the judge. "This young man is not, said his lordship, charged with having meant to commit an injury. He is charged with having violated an express rule of the company and with having neglected to do that which it was his duty to do."

In sentencing Newton he said: "In your case I am dealing on the assumption that you have hitherto borne an unblemished character. If I were to consider you alone I would be disposed to accede to your counsel's suggestion to allow you to go upon suspended sentence. But I have to consider not only you, but the great body of railway employees in this country and the public. It is absolutely essential in the interests of the public that it should be known throughout the breadth and length of this land that the rules of a railway company, formulated for the safety of persons traveling upon the railway, cannot be disregarded with impunity. Parliament has seen fit to penalize their disregard, and to treat that as a crime, although no criminal intent be shown."

WOMAN WITH AN AXE.

Chatham Minister's Fence Removed in Short Order.

Chatham, April 15.—Madly swinging an axe, Mrs. James Finley, Process Street, quickly demolished the fence between the properties of Rev. J. C. Richards and Mrs. N. Anderson on that street. The reverend gentleman, objecting, rushed from his house and forcibly took the instrument of destruction from the woman, but found that she had cut the fence to pieces and was not quite until again given the axe, when she promptly completed the job. Mr. Richards lost his hat in the scrimmage. Mrs. Finley was landed in the lock-up, where her mental condition will be investigated.

SAFE DOOR SHATTERED.

Unsuccessful Attempt to Rob Post-office at Leamington.

Windsor, April 15.—About 3 o'clock this morning an attempt was made to rob the post office at Leamington. The large safe was attacked with dynamite and one of the doors completely shattered, but the robbers were frightened away before securing anything of value. This is the third attempt recently made to rob this post office.

BATTLESHIP NEW HAMPSHIRE.

Will Represent United States Fleet at Quebec Tercentenary.

Washington, April 15.—A favorable response will be made by the United States Navy Department to the courteous invitation of the Dominion Government to be represented at Quebec by a war vessel at the coming visit of the Prince of Wales to Canada in July. The present intention is to despatch the fine new battleship New Hampshire, recently put into commission, and in command of Captain Cameron McR. Winslow. The finishing touches are now being put on the vessel.

5620.

A PRETTY SHIRTWAIST FOR A MISS.

No. 5620.—This dainty design for a blouse waist is unusually attractive. Fine tucks in the front and back produce a graceful fullness that is very becoming to the youthful figure. A yoke stay is arranged under the square cut neck, but if preferred it may be omitted, and the edge finished by a tiny frill of lace. White lawn was the material chosen, but albatross, challis, pongee and taffeta will all be suitable. The medium size requires 2 yards of 36-inch material.

Misses' Shirtwaists. No. 5620. Sizes for 14, 15, 16 and 17 years.

The pattern here illustrated will be mailed to any address on receipt of ten cents.

HIRE OTHER MEN TO DO LOVEMAKING

(Chicago Tribune.)

There are thousands of young men in Chicago who hire lawyers to do their lovemaking. These attorneys at the high court of Cupid are not always members of the bar, but they must be skillful framers of honeyed sentences in order to get clients.

More often than not it is love rather than ambition that drives the young immigrant from Poland or Russia overseas. He loves some girl in his native town, but is not able to make a financial showing that will please her family. He hurries to Chicago, and as soon as he gets a job at what seems princely pay he begins to look for a letter writer to conduct his wooing through the mails. He is afraid that the girl he left behind will get tired of waiting, and he wants to assure her that the fortune he came to seek is already within his grasp. Probably he cannot even read and write the words of his own language.

Phrases Make the Heart Tingle.

It is highly important that the young man get the right sort of letter writer—one who will respect confidence and who will write feelingly and poeticaly of the passion that burns in the immigrant's breast and coin phrases that will make the heart of his sweetheart thousands of miles away tingle with delight.

"I want a letter," a young immigrant explained to his letter writer after laying a desperate case of love before him, "that will make her sit up nights and think of me here. She must read it over and over, and every time she gets tired of waiting for me she must find new encouragement in the lines of my letter. In that letter you must invite America in such colors as to make life in the little Lithuanian village where my sweetheart now lives seem intolerable. The letter should make her pine with love for me and for the country where I am, and ought to give her courage and determination to wait—wait until I can send her a ticket. Make it strong. Make it beautiful."

Writers Do Thriving Business.

To meet the demand of this class of immigrants there are numerous professional letter writers in the foreign districts of Chicago. Few of these letter writers, however, depend upon this alone for their income. Most of them are notaries, lawyers, and teachers. With great regularity and on a strictly business basis. Many of them, too, do it with a sort of moral fervor. They consider themselves the trustees and guides of their client and plan his affairs, whether it be love or the disquisition or acquisition of a piece of land in the old world, with cautiousness.

The immigrant looks for a professional letter writer rather than ask a friend, because a professional letter writer is more reliable in business affairs and more trustworthy in the matter of keeping a love letter secret.

Nearly every immigrant has a friend who can write well and would be willing to help him out," said a Polish letter writer on the northwest side.

"But the immigrant is shy of telling his friend or shopmate of his troubles and will seek the professional letter writer, who will not laugh at him nor take advantage of him. A young man who wishes to write to his best girl in Austria or Russia will wait for weeks rather than fall a victim to the gibes of his more clever roommates or shopmates, who is sure to divulge everything which the other begged him to "keep under his hat."

Dangerous to Trust a Friend.

But even where the immigrant is sure that he will not be laughed at and that his secret will be kept he frequently finds it more expedient to entrust his love affairs to any one but his bosom friend, especially if that bosom friend be single.

Peter and Ivan lived at the same boarding house and were bosom friends. One Sunday Peter went to visit another friend of his and was greatly impressed with a picture of this friend's sister. He inquired where the girl was, and was told that she lived with another brother in Pennsylvania. Peter asked for her address, and as his host thought well of his visitor he had no objection to his corresponding with her, and even marrying her, and gave him the girl's address.

Peter could not write himself. Instead of going to a professional letter writer he entrusted his secret to Ivan. Ivan readily assumed the role of a John Alden and proceeded to woo the maiden by mail for him every day. Letters came and went daily, and Peter was hoping for the day when the girl would come to Chicago to marry him. Peter returned from work one day and found that Ivan had moved. Peter hastened to Ivan like one possessed for an explanation. The only explanation he was given was that the girl had been married in a few days. Like Priscilla, the maiden preferred the young man who could write such nice letters to the person for whom he was writing.

Poor Writer Bungles the Job. There are numerous instances where young men who became engaged to girls from other cities have had their engagements broken because the letters which the young man purported to write himself frequently were made to appear either insulting or foolish by the writer and caused the girl to sever all connections with her fiancé.

The dime novels in foreign tongues dealing with the life of immigrants in America and the plays presented in the immigrant districts in their native tongues have this villainous letter writer who betrays his friend always in the foreground.

"A letter to the old world has to be both like a sermon and a business communication," said Attorney T. Loe Sztykowski, 519 Milwaukee avenue, formerly editor of a Polish daily and one of the leading counselors and letter writers for the Polish and Slovak peoples. "Every letter that I write—and I write sometimes fifty letters a day—must begin in a religious tone and must end in the same manner. The most popular beginning is something like this: 'The name of the Lord Jesus Christ be praised,' and the most popular ending is, 'We commend you to the grace of the Almighty.'"

Insist Upon Literary Finish. It is in between these phrases that the business portion of the letter must be inserted in nicely welded phrases and expressions. There is nothing which a Polish will tolerate less than a letter that

has no literary finish to it. Then, too, the handwriting must be nice. It must be easy to read and pleasing to the eye. Indeed, many of them insist on having letters typewritten, as this, they say, lends dignity both to the letter and to themselves."

The busiest season for these letter writers is before Christmas and before Easter. Their hundreds of people flock to their attorneys to send letters and money to their families. Many of them send their money to the priest of the village, believing that he will best know how to handle it or keep it until they come back.

The most interesting, however, as well as the most difficult kind of writing is where a fellow living in Chicago wants to woo a girl in his home village.

"In the case of those who have known each other before and have made up their minds to marry each other," said Mr. Sztykowski, "the task is not so hard. A few letters are usually sufficient to bring the girl here. Sometimes, however, neither boy nor girl is able to decide quickly, and the affair may drag for five or six months before it terminates. It is during these months that the letter writer has to use all the ingenuity and diplomacy which he can possibly command. It gets tiresome at times. But still one must not be too severe with people like these, for they are usually bewildered by the new surroundings which they are either facing or about to face."

Lovesick Youth Exaggerate. Often a man who stood on an inferior plane socially in his native town seeks to get the belle of the village to be his wife. Were he in his home town he could not even so much as suggest it to her. However, his being in America elevates him at once in the eyes of his fellow townspeople. The chief difficulty he has to overcome is to make the girl, and more frequently her parents, believe that he is rich here and that she will live like a queen if she marries him. To this end he frequently will resort to all kinds of exaggerations about America and about his own station here.

To make the thing more impressive he sometimes will print letterheads with his name and occupation, and will have his letter writer write these communications on the typewriter. The letter writer will put up with these exaggerations because he thinks that in the war with Cupid all means are justifiable.

Frequently, however, the young men who indulge in these exaggerations come to grief after their sweethearts are here and they are married. When the woman finds out that she has been deceived she makes her husband suffer for it by harping away continually that she had been taken from a good home under false promises and assurances.

"Letter writing as a profession may not seem important," said an attorney Sztykowski, "but it is both interesting for the writer and useful for the immigrant. The writer gains a remarkable view of the doings in the immigrant's mind, his struggles and triumphs in a new country, his disappointments and exaltations. In more than one case I have seen men grow before my eyes. Some began as street laborers and six months later these same fellows have come to me with reasonably good command of English and told me what progress they have made. It is a pleasure to see the young ones become transformed in a short space of time."

LOUDEN-FLEMING. Chatham Young Woman Becomes Bride of Strathroy Banker.

Chatham, April 15.—One of the prettiest and most popular of the fashionable weddings which have taken place in this city for some time was that at the First Presbyterian Church this afternoon, when Miss Marion Jean Fleming, only daughter of Dr. Fleming, became the bride of Mr. Herbert S. Loudon, manager of the Strathroy branch of the Standard Bank and son of Mr. J. S. Loudon, of Toronto, the assistant general manager of the Standard Bank of Canada. The wedding was solemnized at 2:30 o'clock. Rev. A. H. McGilivray officiating. Her bridesmaid was Miss Marion Gemmill.

YOU MAN'S W. C. T. U. The regular meeting of the above union was held yesterday afternoon at the home of Mrs. Andrew Martin, 87 Smith avenue.

After the opening exercises and receiving of reports, Mrs. Warner gave an excellent Easter Bible reading, and Mrs. Blandford followed with a paper on "Scientific Temperance," calling particular attention to the fact that in order to have a sober, God-fearing nation we must educate the young.

It was decided to have a sale of work on April 28 and 29 at the Day nursery, Rebecca street, and the ladies are not only preparing to sell aprons, etc., but also home-made goodies, such as pies, cakes and candies.

This union has undertaken Band of Hope work every Friday at 4:15 in the Barton Street Methodist Sunday school, and reports are favorable.

Shaving Supplies. Every shaver should know that Gerie's drug store, 32 James street north carries, besides a wholesale stock of barbers, the most complete retail stock of shaving requirements in Ontario. It is the Hamilton agency for the King Shaver, Carbo-Magnetic and Witch Razors, and also sells the Gillette (the best safety), Star and 20 other kinds.

Physician Cuts His Throat. New York, April 15.—Dr. Alexander M. McDowell, a physician of 119 West 129th street, cut his throat with a razor and died soon afterwards to-day. Just before death he came he urged his housekeeper to summon medical aid.

The man was 35 years of age, a widower and had a son of five years. He had appeared in good health and spirits earlier in the day.

WANT \$500,000

To Redeem Battlefield Before Prince Arrives.

J. Geo. Garneau, chairman of the National Battlefields Commission, has issued a circular, duly authorized by the commission, setting forth the following:

1. All subscriptions, given either by private individuals or by public bodies, other than the Dominion Government, will be applied strictly and solely to the work of redeeming and beautifying the battlefields, and not in connection with the Champlain centenary fetes.

2. That at present the aim of the commission is to purchase the land necessary to redeem the battlefields of the Plains of Abraham and of St. Foy, and not to expropriate such buildings as the jail and the Ross rifle factory. The commission desire, through the various subscriptions, to obtain before the arrival of the Prince of Wales about \$500,000, in order that the announcements may be made at that time that the fields have been redeemed so far as title to the lands not at present vested in the Crown are concerned.

3. Arrangements are about to be made for the systematic collection of subscriptions throughout Canada under the supervision of a central committee at Ottawa.

IT IS ETERNAL.

Dr. Marsh's Opinion as to Future Punishment.

Another large crowd turned out to hear the lecture at Gospel Tabernacle by Rev. Dr. Marsh. His subject was, "Is Eternal Punishment, Punishment Eternal?" and around this subject the lecturer wove an excellent discourse. He dealt with the Greek word for eternal. It is applied to Christ, to God, to the Holy Ghost and the Word of God, he said, and it is also applied to the punishment of the wicked. Being applied to this, the lecturer said, it proved the affirmative of his topic. God, the Son, and the Holy Ghost were eternal, as was the Word of God, and so the punishment of the wicked is the same. "This was the main point of his lecture, which was listened to with interest by the large crowd, which crammed the whole hall. To-night Dr. Marsh delivers another lecture at the Tabernacle, which will be sure to draw another large crowd."

BURLINGTON.

Glover Factory to be Rebuilt—New Post Office.

Burlington, April 16.—The Glover basket factory at Freeman will be built at once, and it is fully expected, will be in running operation by the first of June next, so that all orders will be filled before the goods are wanted by the growers. The business will be run as a joint stock company hereafter, a company having been formed and a charter having been applied for. The company will be capitalized at \$20,000, in shares of \$100 each, nearly half the stock being now subscribed. The provisional directors of the company, appointed at a meeting held on Tuesday evening, are: Wm. F. W. Fisher, W. T. Glover, T. F. Easterbrook, J. A. Pettit and E. W. Lewis. At a subsequent meeting of the directors, W. F. W. Fisher was elected president, E. W. Lewis, secretary, and W. T. Glover, managing director. The company will be known as the W. T. Glover Manufacturing Company, Limited.

Burlington is to have a new post-office. Mr. Wm. Kerns has decided to build a substantial brick structure on the site occupied by the present post-office. Figures are being obtained from local contractors, and the contract will be awarded in a few days. The new building will be 20 x 36 feet, and will be up to date in every particular. The present building will be moved to one side and utilized until the new place is finished.

An Easter concert will be given in the Baptist Church on the evening of Friday, April 24. The following well-known artists have consented to take part: Miss Alberta Presnal, violinist; Hamilton; Miss Lucy Henley, elocutionist, Hamilton; Mr. F. Wood, elocutionist, Waterdown; Mr. F. Atkins, vocal soloist, Aldershot, and several well-known local artists. Henley's orchestra will also assist. Proceeds will be devoted to church renovation fund.

Easter Preparations.

The great preparations at Treble's two stores for their immense Easter trade, have been executed on a broader scale than heretofore, and the first fruits are being shown in these enormous displays of new goods. Their values and goods were never greater, never reached a higher sphere of excellence, owing to their greatly increased purchasing powers, which will establish new precedents in economy. We believe that this Easter and spring of 1908 will surpass their former achievements, for their preparations warrant it. Men's hats, gloves and neckwear in great array at these fine stores, northeast corner King and James streets and northeast corner King and John streets.

METHODIST UNION.

The annual meeting of the Hamilton Methodist Union will be held on Tuesday evening next, April 21, in the lecture room of Centenary Church. Rev. Richard Whiting, B. A., will give an address. The business of the evening will include the election of officers, report on the new Springer Avenue Methodist Church, and the discussion of matters pertaining to the annual conference, to be held in this city next June.

G. T. P. APPOINTMENTS.

An official circular signed by President Charles M. Hays, of the Grand Trunk Pacific Railway, announces that Mr. M. W. Reynolds has been appointed Third Vice-President, with headquarters at Montreal. He will have special supervision of the treasury and accounting departments, and general supervision of the financial matters of the corporation in which the company has a pecuniary interest.

No More Street Sops of Ice Cream. Montreal, April 15.—After May 1st ice cream men will not be allowed to sell their wares on the street. The city's health officer declares that disease was spread by this custom, and a by-law has been passed forbidding the sale.

EASTER SHOE CHANGE

We have always upheld the "short-hour" system, and close our store every evening, excepting on Saturday, at 6 p. m., but on the Saturday before Easter we have found it almost impossible to handle the rush for our up-to-date shoes. This season we are going to divide the Eastern business in this way:

On Tuesday, Wednesday and Thursday nights this store will be kept open until 9:30, when we will OFFER A BIG INDUCEMENT to all economical shoppers to buy their shoes on these three nights. From 7 to 9:30 we will ALLOW A DISCOUNT OF TEN PER CENT, off every CASH PURCHASE made during these two and a half hours.

The public know that our prices are marked in plain figures, and that we have but on price to every person, and that every pair of shoes in this store is well worth the marked price—but on these three nights you get ten per cent off every cash purchase. We want you to fully understand that not any goods will be charged on these three nights.

You pay your money and take your choice from the largest and best assortment of Canadian and American Union-made shoes in the city. This is no firm-stand reduction sale business, but your choice from the most up-to-date stock of shoes in Ontario.

See our windows and note the handsome styles, they come in and examine the quality and WORKMANSHIP. "STETSON" is the highest grade man's shoe imported into Canada, and we have them.

Grand Duchess Marie Paulowna, of Russia, whose latest portrait we give here, is to become the bride of Prince Wilhelm of Sweden on April 21, but the wedding may be postponed because of a quarrel she has had with her aunt and godmother, the Grand Duchess Elizabeth, widow of the murdered Grand Duke Sergius. The young bride wishes her father, Grand Duke Paul, who is in disgrace at the Russian court because of his morganatic marriage to Mme. Pietolgora, to be present at her wedding, and this the Grand Duchess, Elizabeth opposes.

TRAMPS BADLY BURNED.

Stables and Other Buildings at Mattawa Destroyed. Mattawa, April 15.—At about 3 o'clock this morning fire broke out in the rear end of the outbuildings of the Mattawa Hotel, situated in the central part of the town. It only lasted about one hour, when five large stables and storehouses were burned to the ground. Two supposed tramps jumped from the top of one of these stables, having been badly burned and hurt in their escape from the flames. They are now in the hospital. Some valuable cattle perished. The fire department did excellent work or a large part of the town would have been swept.

CONFERRED TO-DAY.

C. P. R. and Its Mechanical Employees at Winnipeg. Winnipeg, April 15.—No trouble developed in the shops of either the C. P. R. or the C. N. R. after the pay cheques were issued to-day, as had been feared, but nevertheless the relations will require diplomatic handling if a strike is not precipitated in the near future. The expected notices of dismissal, with the option of accepting reduced wages, were not served on the Allied Metal Workers' Union, but a conference will be held to-morrow between the C. P. R. and the employees, at which the new schedule will be submitted.

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success: One ounce fluid extract dandelion; One ounce compound salutarin; Four ounces compound syrup sarsaparilla. Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water. This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which if allowed to remain, cause lambo, lame back, rheumatism and sciatia, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost. This advice will undoubtedly be much appreciated by many readers.

NEARLY 500.

Fine Turn-Out of the Highlanders Last Night. The second parade of the season for the 91st Regiment was held last evening, and an excellent turn-out was the result, there being nearly 500 men on the parade state. Company drill was the order of the evening for the course of an hour, some of the companies going out on the street for their work. At 9 o'clock the regiment formed up and took a march out, the route being James to Bold to MacNab to Herkimer to Bay to King, and back to the Drill Hall, Col. Logie did not address the men. The parade state was as follows: Col. Logie; Major Bruce; Capt. Bell, Adjutant; Capt. Chisholm, Paymaster; Capt. Dickson and Lieut. McEdward, Surgeons; Capt. Somerville, Quartermaster; Capt. Drummond, Chaplain; Staff-Sergeants 10, Buglers 38; Pipes 18; Band 38; Beavers 17; Signallers 11; Recruits 36; A 41; B 41; C 34; D 42; E 38; F 46; G 33; H 37; total 488.

TO BAR FOREIGN PAPERS.

Chicago Council Passes Ordinance, But Judge Issues Injunction. Chicago, Ill., April 15.—The Chicago City Council, with a view of encouraging home industries, and it is declared, at the instance of the city newspapers, has passed an ordinance forbidding the sale on the street news stands of any but Chicago papers, thus barring all foreign papers from an extensive field. Following is the ordinance: "The Commissioner of Public Works is hereby authorized to permit stands to be maintained in the public streets between the hours of 5 a. m. and 8 p. m., which shall be used for the purpose of exhibiting for sale daily newspapers printed and published in Chicago, and nothing shall be exhibited or sold therefrom except daily papers as above described."

CHURCHILL'S FIGHT.

Making Great Campaign in North Manchester.

Loses Irish Vote But Gets Vote of Free Traders.

London, April 15.—From twenty to thirty political meetings daily, and incessant house-to-house canvassing, a constant issue of innumerable printed appeals to various interests, and a general disruption of normal conditions of life, are the features of the Parliamentary contest now going on in the Northwest Division of Manchester to fill the vacancy in the House of Commons caused by the appointment of Winston Churchill to a Cabinet position.

It is one of the hottest electoral fights that has ever occurred in this country. Mr. Churchill is keenly alive to the strength of the free trade idea in Manchester, and is playing this card to the utmost, while Mr. Jayson-Hicks, his Conservative opponent, for the same reason, is giving prominence to every issue but free trade. There is nothing yet clearly indicating a marked advantage on either side.

The Conservatives had a disappointing shock today when the Free Traders in their party announced their determination to support Mr. Churchill. There are many Conservatives in Great Britain who are opposed to the idea of a tariff as strongly as are the Liberals, and those in Manchester regard fiscal reform as a heresy, justifying the sacrifice of other party principles in order to secure its defeat. On the other hand, Mr. Churchill will get no help from the Irish voters.

John Redmond, the Nationalist leader, in a speech in Dublin, reviewed the Government's attitude on Home Rule, and advised Irishmen in Manchester not to support the Liberal candidate. It was not, he said, any question of Mr. Churchill's personality, but a question of the new Government's attitude towards Irish aspirations. It was to Ireland's interest to hasten the dissolution of the present Parliament.

Meanwhile both Mr. Churchill and Mr. Jayson-Hicks are anxious concerning the extent to which they will suffer from the interposition of Mr. Irving, the Socialist candidate. Socialism is fairly strong in the constituency, and Mr. Irving is a strong candidate. Mr. Jayson-Hicks apparently stands to lose most from Socialist attack, as Mr. Irving, like himself, favors tariff reform. If no Socialist candidate had appeared many of the Socialists would have probably supported Mr. Jayson-Hicks. A. G. Hales, war correspondent, the independent candidate, has withdrawn.

A WOMAN ON WOMAN'S RIGHTS.

LECTURE BY MRS. ALLEYN IN A. O. U. W. HALL.

Many Men Remain Bachelors Because Women Think More of Dress Than Anything Else.

A lecture was given last evening in the A. O. U. W. Hall by Mrs. C. F. Alleyne. Her subject was "Woman, Her Duties and Her Rights." Mrs. Alleyne said no man can ever enjoy his rights until woman has hers, for at present woman is handicapped in many things, such as reform work, visiting jails, etc. For this kind of work they needed to be protected by men, and many men are splendid protectors, but a great number are not. The speaker said she would like to see women banded together. She was tired of hearing men say that women are the worst enemies of themselves by the constant way they speak and backbite other women. Yet she believed men were equally as bad in that respect as the female sex. The duty of a woman, said Mrs. Alleyne, was not merely to be a housewife, but to be a noble mother. Many men remained bachelors because some women were so ignorant and thought more of dress than anything else. The duties of women were equally as large as those of men, outside politics, clubs, etc. The moulding of the characters of men is in the hands of mothers, and the higher and nobler they become so will better men be given to the world. Finally, Mrs. Alleyne said the schools and the women doing more for women and their rights than any other agency.

The lecture was fairly well attended, and was especially interesting to women. Mr. S. S. King was chairman.

HAMILTON'S INDIAN NAME.

To the Editor of the Times:

Sir,—Can any one give, with some certainty, an Indian name for Hamilton? Perhaps there has never been any, excepting Wahquatab, which is appropriate to the Stoney Creek Battlefield, for it was the spot where the sandbar joins the northern mainland. This name, euphonious when softly breathed from Indian lips, but not easily pronounceable by white people, was, no doubt, the origin of the vulgar "Wash quarter," which was a name sometimes bestowed upon Hamilton Bay, but, happily, not "for keeps." Yours, etc., Anacraian.

STONEY CREEK BATTLEFIELD.

To the Editor of the Times:

Sir,—I beg to appeal to the public through the columns of your paper for donations on behalf of the various British Veterans' Associations of the city and county, who have formed committees for the purpose of erecting a monument to the memory of those British soldiers, who fell and were interred at that spot, where the final and decisive struggle took place. We feel sure the public will respond to this appeal, as it is purely a local enterprise, and under the distinguished patronage of His Excellency the Governor-General. Any donation will be thankfully received by Mrs. Clementina Fessenden, city.

GAS AND CHEMICALS

USED TO DOCTOR UP SARATOGA WATER.

Adulteration Excused as Being the Only Method that Can Save Great United States Health Resort—The Springs Giving Out.

Albany, April 15.—The hundreds of thousands of persons who quaff Saratoga waters drink a medicine or beverage, doctored with salt, citric acid and other chemicals, carbonated with vitriol and marble dust. This charge was made before the Senate Committee on Judiciary yesterday afternoon by Robert C. Morris, former chairman of the New York Republican County Committee and counsel for a carbonic gas company.

Defenders of the springs confessed that in some instances the charge might be well founded, but excused the adulteration by saying that this method was the only one that could save the great national health resort from ruin. "One spring gave out in 1890," said Mr. Morris. "A pump was installed. Ordinary water was put into the bottling house tanks in a private room, and after the injection of chemicals, it was sold to the trade."

"At another spring large quantities of salt were delivered, consigned as sugar. Cylinders of gas were shipped by a Philadelphia company. Carboys of vitriol and boxes of marble dust were used to generate gas. There was a fresh water spring from which the water flowed into tanks. The pipe led from these tanks through a carbonator to the main spring in the pavilion where the water served to the public. The water was sold as a natural Saratoga water."

"At another spring a solution of coarse salt and citric acid crystals was put into the tanks. This was mixed with water and sold as the genuine natural Saratoga beverage."

THREE MEN KILLED.

Explosion in the Old Mine at Canmore, Alberta.

Winnipeg, April 16.—Three men were killed and four others seriously burned in an explosion at what is known as the Old Mine, Canmore, Alberta, shortly after 10 o'clock this morning. The dead are: Gus Capleson and Matt Saari, Finlanders, and Mr. Wilmott, an Englishman, acting as fire boss. The latter leaves a wife and family of four little ones, who only came out here a few days ago. It is not yet known what caused the explosion, and the fire has not been extinguished as yet. The four injured men are in the General Hospital. The coroner will be brought from Mankhead as soon as possible for the inquest.

MONEY FOR JUNKETING.

Claim That Former Winnipeg Council Was Disqualified.

Winnipeg, April 15.—The street railway has entered a remarkable defence in a suit brought by the city to compel the company to pay damages for failure to fulfill the running schedule demanded by the traffic. The company will maintain that when the council of 1907 passed the by-law under which the action is taken, a majority of the Aldermen and Controllers present were disqualified, through having accepted expense moneys for junketing trips through the United States, contrary to the charter. It created a sensation in civic circles.

SAVE THE CHILDREN

Insure Them Good Health

Ninety per cent. of children, under twelve years of age, are being poisoned and parents don't realize it.

Irregular bowels are the chief cause. You parents know that your bowels should move every day. You know you must be as regular as clock-work, or the blood will become tainted.

Don't you realize that the children must be as orderly in getting rid of the waste matter of their system?

Then, if you find that any of the little ones go two or three days without action of the bowels, don't run to castor oil, senna tea, calomel, cascara or harsh "liver pills." Those simply purge the child—strain the bowels.

"Fruit-a-tives" are the ideal medicine for children. They are fruit juices and tonics in the form of a pleasant tasting tablet.

"Fruit-a-tives" stimulate the liver, causing more bile to flow. It is the bile, given up by the liver, which moves the bowels. "Fruit-a-tives" regulate the liver and bowels, and thus completely cure constipation. They sweeten the stomach, and are the highest tonic in the world to build up the system and make children plump and rosy. 50c a box—six for \$2.50. TOOK FIRST CHANCE

NEVER MET A MAN UNTIL SHE WAS 29.

Colony of Women Who Regard Marriage as a Sin.

Philadelphia, April 15.—Back of the marriage of Miss Adah Pratt, of 1437 Irving street, Washington, to B. Franklin Hoover, of Philadelphia, an hotel clerk, Saturday, lies a story of unusual romance.

Miss Pratt lived until she was twenty-nine years old without forming the acquaintance of a man. She was born and raised in a community of women taught to believe that marriage was a sin. She was bound by teaching and belief always to remain single. Then she married the first man to whom she ever had been introduced. She did more than half the courting herself.

Nearly thirty years ago, in Texas, where Mrs. Hoover's mother lived at the time, a Mrs. Martha McWhirter of Waco, announced that she had had a visitation from the Almighty, and had been told that it was sinful to live with man. Accordingly, she left her husband and, gathering about her a small party of women followers, went to the little town of Beitton, where they established headquarters of the new creed.

It was called the Woman's Commonwealth. Its members were all well to do and self-supporting. Some were spinsters, some had been married and some had children. Mrs. Pratt was one of the converts of the religion, and, leaving her husband, she joined the colony, where, two months afterwards, the present Mrs. Hoover was born. There were ten children in the colony, all girls.

Ten years ago the "commonwealth" moved to Washington, taking up a farm of 172 acres in Montgomery county, Maryland, and a large house in the city. The children were taught to beware of men. They were never permitted to have acquaintance with any of them. Of course they saw men, Mrs. Hoover says she often had noticed them. But she never paid attention to any of them until she met Hoover. To-day she told her own story.

"Five of the girls grew up," she said, "and then slipped away to be married. Of course they were regarded as sinners. I thought them bad. But about a year ago I went downtown with a girl friend and she introduced me to Mr. Hoover."

"Somehow or other I could not get him out of my mind. I found myself wishing I might see him all the time."

There are still three unmarried girls at the commonwealth. They are 23, 28 and 33 years old.

THE FISHERIES TREATY

Favorably Reported by U. S. Senate Committee.

Washington, April 15.—The fisheries treaty between the United States and Great Britain regulating fishing in the lakes along the boundary line between the United States and Canada today received the favorable endorsement of the Senate Committee on Foreign Relations. Secretary of State Root went over the treaty in detail with the committee and also explained the treaty providing for the demarcation of the boundary between the United States and Canada. Upon the conclusion of his remarks, the committee decided to report the fisheries treaty, but final action on the other convention was postponed until another meeting.

Neuralgia In the Face

Long standing case completely cured by Dr. A. W. Chase's Nerve Food.

Headache and Neuralgia. What hosts of people seek for cure of these ailments.

And in vain.

Because they are misled by going after medicines which only relieve.

Dr. A. W. Chase's Nerve Food is not a mere relief for headaches and neuralgia but is a thorough cure in the only way these troubles can ever be really cured—by restoring the nervous system.

Mrs. James Clancy, 714 Water street, Peterboro, Ont., states: "I was troubled more or less with severe headaches and neuralgia for nineteen years. Besides suffering I was useless as far as work was concerned. Dr. Chase's Nerve Food built up my system generally and made a thorough cure of my old trouble. It made a thorough cure of my old trouble. It succeeded in my case after a great many treatments had failed."

Neuralgia and nervous headaches are always an indication of exhausted nerves. Make the cure through using Dr. A. W. Chase's Nerve Food, 50 cents, at all dealers or Edmondson, Bates, & Co., Toronto, Ont. Portrait and signature of Dr. A. W. Chase, M. D., the famous Receipt Book author on every box.

Vesselsmen are expecting a quiet trade on the lakes.

FRIGHTENED TO DEATH.

Fear of Arrest Caused Collapse of Philadelphia Actuary.

Philadelphia, April 15.—Confronted with the accusation of embezzling more than \$1,500 from the Franklin Institute of this city, of which he had been Actuary and Treasurer for twenty-two years, Herbert E. Heyl was seized with what is said to have been apoplexy at his home in West Philadelphia to-day and died shortly afterward. Mr. Heyl was at breakfast when, glancing through a morning newspaper, he saw an account of the alleged embezzlement.

\$7,000,000 HALL FOR LONDON.

Plans of Obscure Young Architect to be Realized.

London, April 15.—The London County Council has decided to proceed with the building of the proposed County Hall on the site selected on the banks of the Thames at Westminster. It is estimated that it will cost \$7,000,000 and that seven years will be consumed in building it.

RETURNING THE DOUKHOBORS.

Minister of Justice in Communication With Fort William Authorities.

Fort William, April 15.—Telegrams received here by Magistrate Falling from the Department of Justice indicate that the Doukhobors will be shipped west to Saskatchewan. The Magistrate received a telegram asking for a report on the nineteen now in jail at Port Arthur, and almost immediately after another telegram asking him to wire to the Minister of Justice asking pardon for them, preparatory to their being shipped back.

JUDGE IN DANGER.

Sir William Mulock's Car Struck by a Bullet.

Woodstock, April 15.—In a case in the Assize Court to-day in which James Cornfoot, of Ingersoll, claimed \$5,000 damages from the Ingersoll Fruit Package Company for the loss of a machine, it became necessary in the opinion of the court for the jury to go to Ingersoll to see the machine. On the way back one of the windows in a car in which Sir William Mulock, the jurymen, counsel for both sides, including Mr. G. T. Blackstock, and the court constables were riding, was struck by a bullet and glass flew in all directions.

Fortunately no person was badly injured, though all were somewhat startled. It is believed that the firing of the bullet was accidental, but the shooter was not discovered. The case was settled upon return by the company agreeing to pay Cornfoot \$750 without costs.

DRUG MANUFACTURER FINED.

Roosevelt Insisted on Jail Sentence for Prominent Washington Man.

Washington, April 15.—As a result of the first conviction under the pure food and drugs law, Robert N. Harper, President of the Washington Chamber of Commerce, formerly President of the American National Bank, a drug manufacturer and one of the best known business men of this city, was to-day sentenced by Judge Kimball in the Police Court to pay a fine of \$500 on one count and \$200 on another count of the indictment, recently returned against him for manufacturing and selling an alleged mislabelled pharmaceutical compound. Many a man displays a lot of ingenuity in making a fool of himself.

SAVED HER LIFE.

School Boy Drags Old Woman From Front of a Train.

Niagara-on-the-Lake, April 15.—A young Niagara-on-the-Lake boy displayed a courage and presence of mind the other day that merits for him a medal from the Royal Humane Society. The young lad in question is Allie Coughlin, the young son of John Coughlin, of Niagara-on-the-Lake. While returning home from school, the lad saw Mrs. Stacey, an old lady, who is quite deaf, standing on the Michigan Central Railway tracks. The old lady had stepped onto the track to put on her rubbers, and being very deaf, did not hear a train approaching. Quick as a thought, young Coughlin rushed up to the old woman, and was just in time to pull her off the track to a place of safety, as the train whizzed by. No doubt the old lady would have been killed, but for the prompt and courageous action of Master Coughlin.

LYNCHED CHARLTON'S CONDITION.

Lynedoch, April 15.—The condition of Mr. John Charlton, for so many years member in the House of Commons for North Norfolk, has become so serious that his recovery is hardly expected. A few days ago Dr. A. R. Gordon, of Toronto, was taken up by William Charlton for a consultation with Dr. Tisdale, the family physician. For some weeks the patient has been in charge of the most experienced professional nurses. Mr. Charlton is 79 years of age.

STOLEN MONEY STOLEN AGAIN.

POLICE HAVE A PECULIAR CASE ON HAND TO-DAY.

Woman Alleged to Have Been Robbed of \$36, of Which She Had Previously Stolen \$25.

The police have a peculiar case on their hands—a prisoner in the cells charged with stealing money that had been stolen by the person from whom he is alleged to have taken it.

Mrs. Mary Vozdek, who says her home is in Berlin, but who has been boarding at 148 Sherman avenue, was knocked down and robbed at the corner of Stuart and Tiffany street, right opposite the G. T. R. station, about noon to-day.

The outcome was the arrest of Ed. O'Connor, who gives Wood street as his address, and who is alleged to be the man who knocked Mrs. Vozdek down and got \$36 from her. No money was found on him. The police are very anxious to get the name and address of the bicycle rider, as he is a necessary witness.

Felix Zaia keeps the boarding house at 148 Sherman avenue. This morning he reported to the police that about 4 o'clock this morning Mrs. Vozdek got up, fastened her door, and descended to the ground by means of a clothes line suspended from her window. He accuses her of the theft of \$25 of his money, and the police infer that the \$25 was included in the \$36 stolen from her. He swore out a warrant for her arrest, and the police, before the second robbery, ascertained that she had checked her trunk for Galt. They had not secured the woman at press time.

HOLY THURSDAY.

Large Number of Priests Here For the Services.

This being Holy Thursday, special services were held this morning in the Roman Catholic churches. At St. Mary's Cathedral Bishop Dowling celebrated pontifical high mass and blessed the oils used in the diocese. At the conclusion of the mass the Consecrated Host was borne under a canopy to the richly decorated repository. The church was almost filled during the long and impressive service and ceremony.

Bishop Dowling was assisted by Very Rev. Lausie, Archdeacon of Cayuga, as priest. The others who took part in the service were:

Deacons of honor—Rev. Fathers Brady and Cronin; Brantford; Deacons—Rev. Father Coty; Sub-deacon—Rev. Father Sabzeak, C. R. Master of ceremonies—Rev. Father Weidner.

Assistant master of ceremonies—Mr. L. Cherrier. Deacons of the oil—Rev. Father Frayne, Acton; Father Cronin, Paris, and Father Kehoe, of Kenilworth.

Among the clergy present were Rev. Fathers Donovan, Dunnville; Doyle, Freetown; Ferguson, Brantford; Savage, Markdale; Heydon, Drayton; Murphy, Dundalk; Arnold, Dundas; Gull, Preston; Burke, Owen Sound; Crofton, Heseler; Englert, Bromham and Holden, Hamilton; Montag, New Germany; Cummings, Brantford; Leys, Benoit, and Dean Mahoney, rector of St. Mary's Cathedral.

The Sanctified Host will be carried in at the mass of the pre-sanctified to-morrow.

SHOT AT HIM.

The "Old Timer" didn't have a chance to install ELECTRIC LIGHT in his home

The modern householder has. It adds tone and comfort to any residence, and in addition to lighting, provides heat for ironing and power to run sewing machines, electric fans, etc.

WHY NOT USE IT?
