PRICE—TWO CENTS.

THE CANADIAN CLUB PROPOSE A MEMORIAL

To Honor the Memory of Post-Hero, Late Col. John McCrae, Author of "In Flanders Fields."

Members of the Canadian Club are in receipt of the following announcement: A movement has been inaugurated by the Canadian Club of Guelph to erect a memorial to Lieut.-Col. John McCrae, B.A., M.D., the author of "In Flanders Fields" and other poems. Col. McCrae had been an officer of the Guelph Canadian Club, and had taken a keen interest in the Canadian Club movement, so it was thought fitting that the members of the Canadian Clubs of Canada and the United States should place a monument in his grave in Boulogne, France. Dr. Creighton, of the Ontario Agricultural College, and Hon. Dr. Cody, Minister of Education, visited the grave; and it is thought that a suitable memorial should be erected on which would be engraved his famous poem, "In Flanders Fields," in English and in French. The monument would also record the fact that it was erected by the Canadian Clubs. The movement has been taken up by practically all Canadian Clubs, who have asked their members for dollar subscriptions; and already a generous response has been made. The Executive of the Toronto Canadian Club felt that in the case of such a beloved and world renowned Canadian as Col. McCrae, who represented that high type of Canadian citizenship which it is the aim of all Canadian Clubs to foster, an exception might well be made to the rule forbidding the solicitation of subscriptions from members.

RED CROSS NOTES

The Red Cross Society is finishing the making and packing of supplies this week. Free transportation ceases on April first, so it is necessary that all goods be well on the way before the end of the present week. In addition as much of the unused material as possible is being disposed of. Flannel, flannelette, wool, Turkish towelling, batting and other goods by the bolt and by the yard, may be obtained at reasonable prices. The rooms are open each day from ten to twelve and from four to six.

Miss Julia Jackson, the oldest person in the district passed away this morning at her residence 146 King St., aged 108, 8 months. The funeral will be held on Thursday to Victoria Lawn Cemetery.

There was a large congregation present at St. Thomas Church yesterday morning when the Bishop of Niagara was present to confirm a large number of candidates a majority of whom were boys from Ridley College. The sermon preached by the Bishop was appropriate and keenly listened to by all. Dr. Miller also assisted. The choir rendered excellent music which included the anthem "Jesus Priceless Treasure."

BRIDGEBURG NEWS

Wormman Hit by a Crane but May Recover—Delegation to Toronto. Bridgeburg, Ont., March 24.—Walter Kent, an employee of the Canadian Allis-Chalmers company, was severely injured yesterday when he was struck by an electric crane. His back and hips are badly injured, but it is said he has a fighting chance for recovery. The Bridgeburg council is still up in the air on the pumping question. Engineer Louis Chapman did not have his report ready at the special meeting of the council on Friday night, but spent Saturday here and is making a complete diagnosis of conditions at the municipal pumping station. The majority of the council favors an intake well.

The Welland County Council may abandon the water bound macadam road, which has been built through out the county during the last four years. The concrete roadway is believed to be more satisfactory. A strong delegation from the frontiers will attend the boards of trade of Ontario convention at Toronto on Wednesday and Thursday to urge the importance of enforcing the peace memorial bridge proposition at Fort Erie.

SITUATION AS SERIOUS AS IN NAPOLEON'S DAY

(Special to The Journal) Paris, March 24.—"The situation is as serious as that which arose when the Congress of Vienna learned of Napoleon's return from Elba. Today, as a hundred years ago, negotiators have provoked and have been surprised by destiny," writes St. Brices in the Journal referring to the Hungarian situation.

ADMIRAL SIMS BANQUETED. Presented With Block of Oak From Nelson's Flagship.

London, March 24.—Admiral W. S. Sims was the guest of the Pilgrims Club at a dinner Friday night, and as a souvenir of the occasion was presented with a large block of oak from Nelson's flagship Victory, with an inscription on a silver plate.

AGAINST HUNGARY Czecho-Slovak Army Has Been Sent Out to Battle According to Official Despatch

Copenhagen, March 24.—The Czecho-Slovak army has been sent against Hungary according to an official report received in Vienna. J. C. Masaryk, President of the Czecho-Slovak has resigned.

The Royal George with 1,500 more is expected to dock this afternoon. The Metagama has also arrived at St. John's.

DEMANDS OF RAILWAYMEN ARE CONCEDED THOROLD

Rev. Canon Piper occupied his pulpit at both services on Sunday. After the evening service, Mr. W. T. Thompson, organist of the church, gave a very splendid recital on the new organ. He was assisted by Mrs. Joseph Martin who sang two very pleasing solos, which, as usual, were much enjoyed. Mrs. Martin always leaves a favorable impression on her numbers are rendered. At the morning service, Miss Theresa Williamson presided at the organ in the absence of Mr. Thompson, who presided at Beamsville at a special service.

The services in the Methodist Church were well attended on Sunday. Rev. R. S. E. Large preaching at both services. Miss Grace Johnson sang a very pleasing solo at the evening service and the Misses Simmonds and Johnson sang solos during the anthems, which were exceptionally good.

Mr. Clarence Moore who is taking treatment in a military hospital in Guelph, spent the week-end at his home on Mill street.

WOULD MAKE DANZIG A FREE PORT OF ENTRY

A sad death occurred at the family residence, West street, on Sunday morning, when Annie Eliza, beloved wife of James Wallace, passed away at the age of 61 years, following an illness of seven weeks suffering from acute indigestion. She was born in Cradley, England, and came to this country about eight years ago, and with her husband and family located in Galt Ontario, and about three years ago moved to Thorold where she has resided ever since. In religion, Mrs. Wallace was a devoted Methodist, was a kind neighbor, and loved by the entire community for her kindly disposition. Besides her sorrowing husband, four daughters, Mrs. B. Holland, Mrs. H. Cox, both of Galt, Mrs. Nicholson and Florrie, both of Thorold, and one son, James Wallace, of Galt, are left to mourn the loss of an affectionate wife and mother, and are receiving heartfelt sympathy in their hour of trouble.

Mrs. Oscar Holmgren and son, Fred, of Niagara Falls, N.Y., spent the week-end as guests at the home of Mr. and Mrs. H. Shelvoek, Mill Street.

All organizations and individuals who have been helping with Red Cross work are again reminded that all supplies which are still out, whether finished or unfinished, must be returned to the Red Cross Rooms, within the next two days. It is urged that all workers make sure that any supplies they may have taken out at any time, even if unfinished, be returned.

Fresh caught Niagara White Fish, first of season, at Hodgins, 52 King street.

DIED IN BUFFALO

On Sunday Ev.-Ald. Chas. Gibson received word of the death of his brother, Mr. William Gibson, which occurred at his residence in Buffalo, at the age of 68 years. He leaves besides his brother Charles, two sisters, Mrs. James Mills, residing on Lake Street and Mrs. J. Dulmage, Chestnut Street, all in this city.

AIR PRIZE OF \$50,000 GIVEN BY AUSTRALIA

Commonwealth Offer Inducements for a Flight From Britain to Australia.

London, March 24.—A cable from Melbourne says: "The Commonwealth Government is offering a prize of \$50,000 for the first successful flight from Great Britain to Australia that is undertaken by Australians."

Another entry for the \$10,000 prize offered by the Daily Mail for the first flight across the Atlantic was made in behalf of Major J. C. P. Wood, pilot, and Captain C. C. Wylie navigator. They propose to make the attempt in an airplane of 375 horse power capable of a speed of 95 miles an hour when carrying a weight of 2,32 lbs.

C. P. R. APPOINTMENTS

Montreal, March 22.—According to a circular issued by Mr. E. H. Todd, General Foreign Freight Agent, J. A. Morice is appointed Agent, Foreign Freight Department, with office in the Canadian Pacific Railway Building, King and Yonge streets, Toronto. Mr. Morice entered the service in July, 1907, as canvasser in the Foreign Freight Department, Toronto, and in January, 1910, was appointed Contracting Freight Agent in Toronto. From the latter position he receives his present appointment.

THOROLD

He caustically referred to munition profiteers who he said, had been like vultures during the war, using all kinds of methods to get contracts on which they could make huge profits. He said many of these profiteers had made their money out of travail and blood. Mr. Dewar told of the deal which Mr. Frank Ballies of Hamilton had made to get a contract on which he made three quarters of a million dollars. He afterwards was knighted. The "pork barons" also came in for a scorching from the Toronto member, and titles were held up to ridicule. The speaker also dealt with the big profits made by milling companies and said it was the duty of the Attorney General of this Province to set the machinery of the law in motion so that combines in food would be prosecuted. Continuing Mr. Dewar said he was only pointing these things out as a sample and a sample only of the huge profits made out of the war by profiteers. The International Nickel company had been forced to build part of its big plant at Port Colborne but the Government gave them a fixed taxation rate of \$400,000 a year for a term of five years. The opposition demanded that they be made to pay what they ought to pay even if they were refining the bulk of Canadian Nickel in New Jersey. But Sir William Hearst said no. But in spite of this they have

A WORD FOR THE HUN

Beyond totally disarming Germany and keeping her that way, making her restitute, repair, rehabilitate and cough until she is hanging over the ropes, to say nothing of cramping her in a disciplinary strait jacket for two generations, we believe the allies should be conciliatory and generous with Germany. — Houston Post.

J. E. MASTERS ELECTED NEW PRESIDENT

Splendid Attendance at Annual Convention of Lincoln County Liberal Association—Mr. Hartley Dewar Gives Stirring Address

The Liberals of the city and county met in convention on Saturday afternoon in Queen's Hall. There was a splendid attendance and a number of ladies was present. The chair at the opening was occupied by Mr. J. M. Eikon, president, who stated that the gathering had been called for the purpose of electing officers and otherwise getting the association into working shape. In order that new officers might be selected he suggested that a striking committee be named to retire and bring in the names of new officers for the association. This was done on motion of Mr. Fred Hetherington.

He caustically referred to munition profiteers who he said, had been like vultures during the war, using all kinds of methods to get contracts on which they could make huge profits. He said many of these profiteers had made their money out of travail and blood. Mr. Dewar told of the deal which Mr. Frank Ballies of Hamilton had made to get a contract on which he made three quarters of a million dollars. He afterwards was knighted. The "pork barons" also came in for a scorching from the Toronto member, and titles were held up to ridicule. The speaker also dealt with the big profits made by milling companies and said it was the duty of the Attorney General of this Province to set the machinery of the law in motion so that combines in food would be prosecuted. Continuing Mr. Dewar said he was only pointing these things out as a sample and a sample only of the huge profits made out of the war by profiteers. The International Nickel company had been forced to build part of its big plant at Port Colborne but the Government gave them a fixed taxation rate of \$400,000 a year for a term of five years. The opposition demanded that they be made to pay what they ought to pay even if they were refining the bulk of Canadian Nickel in New Jersey. But Sir William Hearst said no. But in spite of this they have

SHAKE OUT PROFITS

Facts show that profiteering exists and if they do exist why are they not remedied? Because the Government at Ottawa is morally bound up by the corporate interests and they can't afford to tax their masters. The Liberal party is not opposed to public ownership but we are opposed to men like Sir Clifford Sifton using the knowledge gained as a member of the Government to make a million dollars profit out of the war. And if the law is long enough to reach them and strong enough to hold them, we should take them by the heels and shake them until some of these excess profits roll out of their pockets.

The same monied interests control the Government at Ottawa as at Toronto and there will have to be a change of policy by that Government or the people will see to it that there is a change in the personnel of that government.

WM. HOHENZOLLERN AGAIN THREATENED

Amerongen, March 24.—There was a state of extreme alertness around the Von Bentinck castle throughout the night and this morning in consequence of the former German emperor having received last evening two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of menacing peril.

All the Dutch gendarmes watching over the former emperor's welfare were kept on duty, instead of half their number being allowed their accustomed rest. This morning all the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood were constantly patrolled by armed guards, while even outside the walls of the castle, gendarmes were carrying loaded carbines.

One man was watching each of the four sides of the castle and other precautions were taken to insure safety.

Should Be Regulated. The high cost of living is another matter that should be adjusted at once. Prices are kept at a high level by the combines who have the dealers at their mercy. We know these combines exist and the Hon. I. B. Lucas has charge of the prosecution of these combines but he is doing nothing along this line. There is a combine of the

WILL OPPOSE THE LEAGUE OF NATIONS

Irish People Say Article 10 Would Make America Help Subdue Ireland.

New York, March 24.—The adoption of article ten of the proposed constitution of the league of nations would compel the United States to aid Great Britain in holding Ireland in subjugation and its ramifications would be the most shameful betrayal of a people in history, said a resolution adopted today at a mass meeting of the Friends of Irish Freedom, which called upon President Wilson to insist upon the freedom of Ireland before approving this article.

If Ireland does not gain its liberty before the adoption of the league of nations constitution, the resolution asserts, article ten which guarantees the territorial integrity of the signatory powers forever, would make Irish freedom impossible.

"Irish blood so freely poured out for America in this war," continues the resolution, "will have been shed to preserve the British Empire and rivet the chains of Ireland."

RUMOR NOT CONFIRMED.

(Special to The Journal) Berlin, March 24.—A special despatch from Freilich announces the disarmament of the entire troops at Brest, but it is unconfirmed, however, and appears questionable.

been forced to pay \$3,000,000 in two years but the government did not collect the arrears for the other three years but when the government is turned out of office, men like Mr. Marshall will see that they are collected. It was owing to the laxity of the Government that we did not have the whole plant of the International Nickel Company here in Ontario. What we condemn is the fact that the International Nickel Company was contribution to the United States of \$3,000,000 would have went into the Ontario treasury if the plant had been located here. (Applause.)

SHAKE OUT PROFITS

Facts show that profiteering exists and if they do exist why are they not remedied? Because the Government at Ottawa is morally bound up by the corporate interests and they can't afford to tax their masters. OLYMPIC AND CRETTIC HAVE REACHED HALIFAX

(Special to The Journal) Halifax, N. S., March 24.—The Olympic with 1,800, and the Olympic with 5,000 returning Canadian war veterans entered the harbor this morning, the Olympic proceeding immediately to the dock and the Olympic anchoring in the stream. The clearing depot of officials hope to clear both steamers today. About 3,000 are from Ontario points.

KARL HAUTSUY GOES TO CITY OF MOSCOW

(Special to The Journal) Paris, March 24.—Count von Brockdorff-Rantzau, German Foreign Minister, has sent Karl Kautsky, one of the under secretaries in the Foreign Ministry, to Moscow to see the chiefs of the Soviet Government and furnish an accurate report on the situation which will allow the foreign minister to study the methods as to bringing about of closer political and economic relations between Germany and the Russian Bolshevik Government.

The Government at Ottawa has been a government by Order-in-Council, some of which affected the liberty of the people and were never published in the Gazette until six months after they were passed.

The Government at Toronto seem fit to extend their own life and now say that they will go to the country when they get good and ready to do so.

And to sit in the House and hear some of the speeches by members of the Government you would think that the money they were spending came out of their own pockets. They are shocked to think that the Opposition should presume to even ask questions as they seem to think that they are the God given legislators of the Province of Ontario. When a government reaches the stage that they think they own the country it is time they got their walking stick and I hope Hearst gets his when the time comes. (Applause.)

A MEMORIAL TOWN HALL FOR PT. DALHOUSIE

Plans Under Way for Erection of Modest Building to Keep "Ever-green" the Memory of the Town Heroes.

When the news first came that a Port boy had fallen in battle the thoughts of friends turned naturally towards a suitable memorial. A start was made toward collecting funds, but it was decided to let the matter stand over till the close of the war. Last Thursday evening about forty five persons assembled in the Town Hall at the invitation of the Reeve to consult with and advise him as to the best way to realize this worthy object and bring it before the people that all might share in doing honor to the memory of those for whom all felt honor was due. The full Council was present, together with representatives of the various churches, business interests, Patriotic League, Women's Welfare Association, Navy League, Board of Trade, etc. Reeve Johnson acted as chairman and Mr. A. M. Harris, secretary pro tem, and a full and free discussion was called for.

A Town Hall.

Various plans of a suitable nature were talked of, but the one finding most favor was a memorial town hall. It was wanted to do something big, something worthy of the town, that would carry on the work for humanity for which those young men gave their lives, and preserve their name and memory forever in the minds of coming generations of our citizens. The project seemed a daring one from which the timid might shrink, but it was mentioned that the spirit of our boys was daring when they went over the top. They did not count the cost to themselves.

The weary world is beginning to hope that never again will agonies of this nature be required, and a hall that would look toward realizing this hope through better civic management and better development of the young, while keeping in mind the darks days through which we have passed, would be eminently suitable. It would be a place to hang our Honor Roll, preserve photos and sketches of the lives of all enlisted men with their achievements, tablets to the memory of the fallen, something of a war museum to preserve mementos and souvenirs of the great conflict and provide a library and reading room, Council Chamber, a modest gymnasium and other features looking toward future development. It is a big scheme, but the Port people have not been small in their efforts during the war and by continuing the same spirit something could be realized that would give pride and satisfaction. Generous subscriptions and work of willing hands will make it possible. Opportunity will also be provided at the "Old Boy's and Girl's Reunion," the Regatta and in other ways to raise funds.

Committee Appointed

A standing vote of the meeting was taken and it was unanimous in favor of a Soldier's Memorial Hall. An executive committee was appointed consisting of Reeve Johnson, ex-reeve Foote, Mr. Ness, Mr. Blair, Mr. Williamson with Mr. Wellein as permanent secretary. These will meet as soon as possible to take up the question of plans, estimates and other features and bring it before the general public to see if it cannot be accomplished.

CAVALRY PURSUED THE MEXICAN BANDITS

Marfa, Tex., March 24.—Troops of the eighth United States cavalry under Captain Klopfer, returned here early today from a pursuit across the border of Mexican bandits, bringing with them 35 cattle and 2 horses which had been driven from Nunez by the raiders yesterday. Captain Klopfer reported that he had overtaken the Mexicans eighteen miles south of Ruidosa and that five of them had been killed in the resulting skirmish. None of the Americans was hurt.

DIED

CLENCH—At the Welland Hospital, on Sunday afternoon, March 23rd, 1919, Garland W. Clench, aged 66 years.

The funeral will take place from the residence of his brother, Johnson Clench, No. 72 Welland Avenue, at 4 o'clock on Tuesday, March 25th, interment in Victoria Lawn Cemetery.

AN IMPORTANT OFFICIAL

In an article relating to health and sanitary matters in cities and towns The Municipal Journal thus refers to the officials known as Public Health Officers:

"We wonder sometimes how many public health officers earn their salary. While some men are doing excellent work, the average health officer does not seem to realize what his duties really are, or if he does he neglects them. The fact of the matter is that in many respects the Public Health Officer is the most important man in the municipality, and should be the most useful. Public health is the key-note to the welfare of the community, and requires the vigilance of the keenest medical minds to keep up the standard, but when the least care in the visitation of the awful scourges of the "flu" the health departments, with a few splendid exceptions, of municipal Canada fell down. And so we ask again, "What do we pay our medical health officers for?" Surely for something more than writing out reports."

The St. Catharines Journal has, too, pointed out the shortcomings of medical health authorities in times of epidemic. It was to get more efficiency that it advocated a change here a few weeks ago.

EDITORIAL NOTES

Col. Currie, M.P., in Ottawa, has wanted a tariff as high as Hamilton's gallows. It would be safe to bet that Col. Currie could not tell how high that gallows was even to save his head.

DEATH OF T. S. HARE.

Citizens learned with regret this morning of the death of Mr. T. S. Hare, which occurred at his residence, Carlton street, on Saturday after a short illness. Mr. Hare was in every respect a man of energy, probity and enterprise, and his presence will be missed by many. On the opening of the new canal he erected large warehouses near lock 5, in which he established an up-to-date general marine store, from which the bulk of the ships passing through were supplied at all hours of the day and night. He was also local manager for the Canaba steamship lines, and by his advice and assistance helped other local industries. He leaves a widow, two sons, Roy and Hope L., and one daughter, Mrs. H. Smith, as well as a wide circle of friends to mourn his departure.

DEATH OF G. W. CLENCH

There passed away on Sunday afternoon, March 23rd, 1919, after a very short illness, Garland Whistler Clench, fifth son of the late Lieut. Colonel Johnson Clench. He leaves one brother, Johnson Clench, local registrar of the Supreme Court of Ontario, and one sister, Mrs. D. W. Eshby, surviving, his wife having pre-deceased him some years ago.

LOCAL MEN COMING.

The following St. Catharines men arrived at Portland, Me., per S. S. Araguay:

Pte. D. T. J. McKenzie,
 Etc. P. Hunt,
 Pte. H. Sanders,
 Pte. C. E. Thompson.

While an Ottawa school teacher for three years, the late Hon. W. J. Hanna is reported to have saved \$1,000 toward his law education. Considering salaries even more meagre than now—a number of the fraternity must wonder how he did it.

CONDITIONING HORSES

Must Start Four to Six Weeks Before Spring Work Begins.

Time Now to Build Hotbeds—How to Construct It, Ventilation and Watering Most Difficult Problems Injure Early Vegetables.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE experienced farmer knows the importance of having his horses in the best possible condition to stand the strenuous work of spring. Upon his horse power depends, in no small degree, his success in getting his seed sown early in a well-prepared seed bed in the proper tith to bring best possible returns, for early seeding and a deep, fine seed-bed mean more bushels in the granary in the fall.

The actual practice of conditioning for spring work should commence from four to six weeks before the land is likely to be ready for the plough or cultivator. All changes in feeding should be made gradually. Straw in the roughage ration should gradually be replaced by hay until finally nothing but good quality hay is being fed. Careful feeders generally save their best hay for the spring work. The horse that has been getting little or no grain must not be immediately put on a full ration. Commence with a small feed, say half a gallon of rolled oats or, at most, twice per day and gradually increase this as spring draws near until the horse is approaching full feed. While the horse is still idle the percentage of roughage fed to the whole ration may be continued large. That is, a full feed of concentrates is not necessary until work begins but something approaching a full feed should be reached just before seeding opens. Once hard work has begun the grain or concentrate ration must be gradually increased and the roughage proportionately decreased. The more severe the labor the smaller the proportion of roughage and the larger the proportion of concentrates should be fed. From eight to fourteen pounds of oats per day according to weight of animal, should be enough for the average farm horse just before seeding starts and something in the neighborhood of one pound to one and one-half pounds more per 100 pounds of the animal's weight should be fair feeding. Regular cleaning is important as it aids in shedding and improves the coat of the animal. As the feed is increased so should the exercise increase.

Farm teams should be hitched daily during the "conditioning" period that their muscles become hardened and that their shoulders gain the power of resistance to prevent galls and sore later on. Preparation for the spring work should be a feeding and hardening process, and it cannot be accomplished without good feeding, grooming and regular light work in harness. When heavy work begins, gradually increase the grain feed up to from ten to eighteen pounds daily according to the weight of the horse, and the hay to such an extent that the animal is getting a total ration of grain and roughage of from two to three pounds per hundred pounds of horse, this depending on condition and amount of work done. Always give plenty of pure water, mostly before feeding grain if possible.—Prof. Wade Toole, O. A. College, Guelph, Ont.

Starting Early Plants.

Growers desire to have vegetables as early as possible, and for this reason it is necessary to start plants like cabbage, cauliflower and beets in hotbeds. Others like tomatoes and peppers have too long a season of growth to ripen a sufficient amount of the crop to make it pay. This method gives us from four to six weeks start.

Hot beds should be on the south side of a fence or building. Obtain good fresh manure, turn twice to get fermentation well started. Put it in a pile about eighteen inches to two feet in height, and a foot larger each way than the frame, being careful to tramp it thoroughly. To do this put it up in layers of six inches. Then put on the frame, which should be eighteen inches at the back and twelve inches at the front, facing south. Put in four to six inches of soil and put on the glass. Air every day for the first four days to get rid of the excess generated by the fermentation. The soil is then raked and made ready for seed sowing.

The seed is generally sown in rows three inches apart, about 10 seeds to the inch. When the seedlings are showing the first true leaf they are transplanted to other beds, the plants being set two inches apart each way. With cabbage, cauliflower, beets and lettuce, this one transplanting is all that is necessary. Tomatoes, egg plants, pepper and such plants require two transplantings, the last one four inches apart each way, or into four inch clay pots or quart berry baskets.

Ventilation and watering are the two most difficult problems in hotbed management. Ventilation should be given whenever possible. Even on stormy days the sash should be lifted even if it is only the thickness of a lath that is placed under it. Many growers use a piece of lath three inches long. This gives them three different distances of ventilation, and it may be laid on the glass when not in use, and will be always ready. Always have the opening away from the wind. You should also ventilate after watering to prevent sealding.

Water carefully, only give what the plant requires, especially in the early season, and only in bright days, in the morning. The plants must be dried off by night. As the plants grow the watering will, of necessity, be oftener, but care and thought should be used at all time.—A. H. MacLennan, Vegetable Specialist.

The sleeping influenza has appeared in Vancouver where a number of cases are already reported.

FOR HER VEST

And, of course, she wears a vest this spring. It adds a note of distinction to her

tailored suit.

To make the vests there are richly brocade ribbons.
 They are in the loveliest colors, are gorgeous of weave and come in dark or light colors.
 They are sufficiently wide for the purpose, and one width will make the

THE WORST QUARTER OF LONDON

What is the most disputable bit of London? A writer in the London Sketch asked this question of a policeman the other day. He said, "The

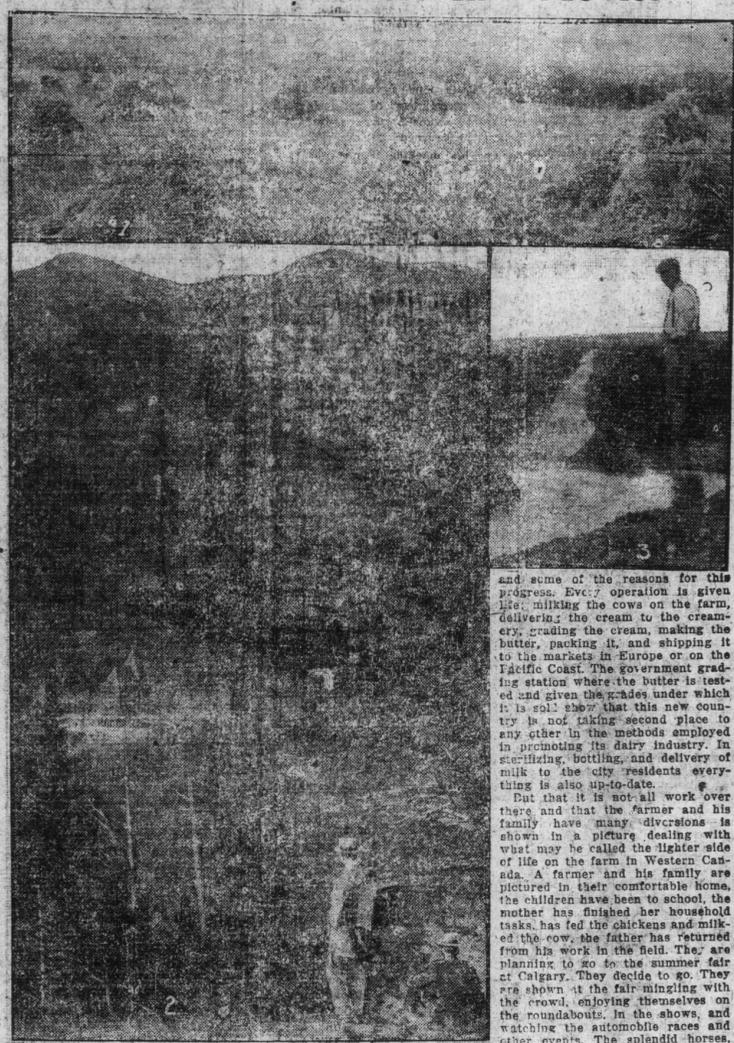

quarter round about the Harrow road.

It appears that there are byways in that region in which no policeman dare venture unless accompanied by a brother officer. Bermondsey, too, is pretty bad. But Wapping, once the haunt of hooligans, has become comparatively respectable of late.

The newspaper commission cost this country \$75,945 and the end is not yet.

The Canada Food Board cost \$623,111. It issued 78,016 licenses for food and took in fees amounting to \$363,261. The cost of the Repatriation Committee to March 11 was \$60,720.

The Canadian Vest In "Movies"

(1) An Alberta Wheat Field.
 (2) Movie Men Near Banff Springs Hotel.
 (3) An Irrigation Stream.

At the present time there are being shown in various parts of the United States some pictures of actual scenes of various phases of farm life in Alberta, one of the prairie provinces of Canada. They show this country in a very different light from what many had been led to believe it to be. The films, which have been produced under the direction of the Canadian Pacific Railway, Department of Colonization and Development, deal with irrigation farming, the dairy industry, and the lighter side

of the farmer's life in Western Canada. The film dealing with irrigation farming shows the land being prepared for irrigation, the application of water, growing crops of grain and alfalfa, harvesting, and livestock on the irrigated farm. It also shows the irrigation works, including the great Bassano Dam, the largest of its kind in the world. The film one gathers of these structures from the picture is that they were built to last, and that those who provided the money had great confidence in the country and the undertaking. The dairy film shows the rapid progress this industry has made in Alberta during the last few years,

and some of the reasons for this progress. Every operation is given in detail, from the milking of the cows on the farm, delivering the cream to the creamery, grading the cream, making the butter, packing it, and shipping it to the markets in Europe or on the Pacific Coast. The government grading station where the butter is tested and given the grades under which it is sold shows that this new country is not taking second place to any other in the methods employed in promoting its dairy industry. In sterilizing, bottling, and delivery of milk to the city residents everything is also up-to-date. But that it is not all work over there and that the farmer and his family have many diversions is shown in a picture dealing with what may be called the lighter side of life on the farm in Western Canada. A farmer and his family are pictured in their comfortable home, the children have been to school, the mother has finished her household tasks, has fed the chickens and milked the cow, the father has returned from his work in the field. They are planning to go to the summer fair at Calgary. They decide to go. They are shown in the fair-mingling with the crowd, enjoying themselves on the roundabouts. In the shows, and watching the automobile races and other events. The splendid horses, cattle, sheep and boxes on view at the exhibition are also pictured. Altogether the party spends a very enjoyable day. Later in the season, they go for a holiday. They have not far to go. They find in the same province holiday resorts that afford an excellent chance. They go to one of these places on the shores of a large inland lake. Here they enjoy themselves bathing, boating, fishing and basking in the sunshine on the sands. Afterwards they visit Banff in the heart of the Rocky Mountains, and in connection with their visit, some magnificent mountain scenery is shown on the screen. Evidently the life of the farmer in Western Canada is not all work and no play.

POTATO CROP DISEASES

Most Serious of Them Widely Established in Old Ontario.

Varieties of Grains Which Give Heaviest Yields—O. A. C. No. 21 Best Barley of All—Get Everything in Readiness for Spring Spraying Now.

(Contributed by Ontario Department of Agriculture, Toronto.)

OFFICIALS of the Ontario Department of Agriculture inspected 313 seed potato fields in Northern Ontario last year of 278 acres, and 119 fields qualified for certified seed. It is estimated that there were 16,000 bushels of certified seed secured from Northern Ontario. All of this is being shipped to Old Ontario to be planted this year.

The survey which was made last year by inspectors to detect diseases in the potatoes was spread over 22 counties, although the reports from four of that number are not included in the statistics because of irregularities in the work. The territory covered was from Northumberland and Peterborough counties west to Essex, not including Simcoe and Victoria. It was found in this survey that an average of 15 per cent. of the potatoes had the most serious disease of Leaf Roll, and that 7 per cent. were affected with Mosaic, a total of 22 per cent. affected by diseases. An interesting fact revealed by the survey is that the diseases are most common along the shores of Lake Ontario, through Dufferin and Wellington counties, and along the shore of Lake Erie through to Essex county. Farther north the percentage of disease is much smaller. While the average for the two diseases is 22 per cent. some of the counties showed a much higher rate, as Haldimand 29, Welland 31.7, Lincoln 33.5, Wentworth 26.9, Brant 24.8, Halton 23.1, Peel 51.9 and York 25. The standard in this province permits of two per cent. Leaf Roll in No. 1 seed and 5 per cent. in No. 2, in severe Mosaic the percentage is the same, although in slight Mosaic the figures are doubled.

The cause of these diseases is not known. Whether there is some organism, or whether the climate has something to do with them, is a matter of doubt. Prof. P. A. Murphy, of Charlottetown, who is the Chief Pathologist for potatoes for the Dominion, and who is attached to the Central Experimental Farm, is at work on this problem, and it is hoped that before many months the cause will be known. At any rate, it is known that the diseases are more common in potatoes in the Southern States. That is why it is expected Ontario seed potatoes will be in demand there in a few years.

Leading Varieties of Spring Grain.

The old six-rowed barley gave way to the Manchurian, and that in turn has given place to the O. A. C. No. 21, which is now grown throughout Ontario to the exclusion of practically all other varieties. The Egyptian and the Black Tartarian varieties of oats which were popular at one time have been largely displaced by the Banner and more recently by the O. A. C. No. 72 and the O. A. C. No. 3 varieties. The O. A. C. No. 72 variety has a comparatively strong vigorous straw, spreading head, and white grain of good quality, the hull being quite thin. In experiments at the Ontario Agricultural College it has surpassed the Banner in yield per acre in several years out of ten years. It has made a phenomenal record in connection with the Ontario Standing Field Crop Competitions, taking more first prizes than all other varieties of oats combined. The O. A. C. No. 3 variety is ten days earlier than the Banner or the O. A. C. No. 72, and is an excellent variety for mixing with barley when it is desirable to grow the two in combination. Of the spring wheats the Wild Goose are the principal varieties. At the present time, however, when the demand for wheat for bread production is so urgent the Marquis and the Red Fife, and especially the former, should be grown as extensively as possible in Ontario. Spring rye does not yield equal to winter rye but its cultivation will perhaps be increased somewhat during the present year. The O. A. C. No. 31 variety has given the best results, surpassing all other kinds in yield of grain per acre.—Dr. C. A. Zavitz, O. A. College, Guelph.

Prepare for Spring Spraying.

Efficient and economic spraying is hard to attain with the use of poor machinery. The power sprayer is an expensive piece of machinery, but it is effective when properly used. Its usefulness can be greatly impaired by improper care. To secure the highest degree of efficiency in spraying the maintenance of high pressure is necessary. Probably high pressure is not needed in all cases; it is, however, true that by means of it more thorough and, consequently, more effective work can be done in a much shorter time and with much less effort. The agitation of the liquid in the tank is another important matter. In the case of most sprays, the individual particles that make up the insecticide are suspended in the water. Unless the sprayer is equipped with a good agitator, these particles will settle to the bottom, rendering the mixture in the top of the tank weaker than it should be, and that in the bottom stronger, and possibly in some cases too strong for safe application.

It is needless to say that the care of spraying machinery should never be neglected. Indeed, the spraying outfit should never be put away after using until the mixture is thoroughly cleared out from all parts of the pump, rod, piping, hose and nozzle by running clean water through them. The water should be drawn from the engine, and all parts cleaned and oiled.—Prof. Jno. Evans, O. A. College, Guelph.

The back lot farmers in Hamilton claim they raised \$40,000 worth of garden truck in that city last year.

KNOX A COLD

While You Sleep

The most remarkable Cough and Cold remedy known to science. For all lung and throat trouble it has no equal. 25c and 50c per bottle, at all drug stores.

LOCAL LEGAL

Case Heard at Osgoode Hall Toronto—McClément vs. Crain—W. M. McClément (Hamilton), claimant, in person. A. C. McMaster for liquidator.

Appeal by liquidator from judgment of County Court of Lincoln of October 25, 1918, in Chambers, noting that claimant may share in fund in Sheriff's hands.

Judgment: The matter is referred back to the County Judge so that he may consider whether the claim was really one within the provisions of sections 12, and if not reject it, but if it were, to tax or have taxed the bills of costs and determine finally for what amount the claimants should rank with the other creditors upon the money in the Sheriff's hands. No order as to costs of this appeal.

NOTED PLAYWRIGHT DIES

New York, March 24.—Henry Martin Blossom, author and playwright, died here last night of pneumonia. Mr. Blossom, who was 52 years old, was born in Saint Louis and his widow is on her way to New York from that city. Among the musical comedies Mr. Blossom contributed to the American stage were The Yankee Consul, Mile Modiste, The Red Mill, The Slim Princess and The Only Girl.

HEALTHY DWELLINGS ARE NEEDED.

"I have been telling men for years and years that if you want to have contented and happy workmen you must see that there is provision for them to live in healthy dwellings. It does not matter what you pay them. You may pay them \$20 a day, but as long as they live in hovels and have no elbow room and the environment for their wives and children is unhealthy, these men will always growl and will not be contented." Peter Wright, Secretary British Seaman's Union, before Canadian Manufacturers' Association.

KILL THE GERMS OF CATARRH

By Acting To-day You Can Quickly Cure Catarrh and Avoid Bronchitis, Perhaps Consumption

Most Agreeable and Surest Cure Is Catarrhazone, Which Cures Every Curable Case

Catarrhazone proves especially good in those chronic cases where mucous drops down the throat, sickens the stomach, and pollutes the breath. When the nostrils are stuffed only a few breaths through the inhaler are needed to clear the passages and where there is coughing and sore bronchial tubes the soothing healing properties of Catarrhazone act almost as magic.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhazone at work you can be sure of quick and lasting cure for nose, colds, catarrh, weak lungs, bronchitis and speaker's sore throat.

The complete \$1.00 outfit of Catarrhazone is sufficient for two months' treatment, and is guaranteed. Smaller size, 50 cents, at all dealers or the Catarrhazone Co., Kingston, Ont.

The joy of feeling fit and fresh rewards those who heed the laws of health, and keep the habits regular with

THE ROBBERS OVERLOOKED COSTLY FURS

Thieves Make Big Hunt from American Express Somewhere Between Niagara Falls and New York. Niagara Falls, Ont., March 22.—Officials of the Canadian and American Express Companies are in the city investigating the big robbery of one of their express cars either in the G. T. R. yards here or at some point between here and New York. The car, which contained valuable furs, silks, etc., said to total two hundred thousand in value, was looted and many valuable silks, etc., stolen. The car was found with door open in the yards here. The total loss cannot be ascertained till the goods are checked up, but the robbers overlooked one small package of furs valued at forty thousand dollars. This goods were for Toronto.

EIGHTY-FIVE HUNDRED MEN NEARING HALIFAX (Special to the Journal) Halifax, March 21.—A wireless message from the Steamship Olympic states she will be off Chebuco Head at four o'clock Sunday afternoon and dock an hour later. The Olympic is believed to be off the harbour but no word has been received from her this morning. The Royal George is now due but has not been sighted yet. These three boats are bringing a total of eighty-five hundred Canadian war veterans.

POLISH QUESTION IS DISCUSSED AT PARIS (Special to The Journal) Paris, March 22.—The Supreme war council yesterday considered the different aspects of the Polish question and the report of General Helder's troops to Poland and its meeting again today at eleven o'clock.

WORDS OF PRAISE FOR BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother or has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; cure colds and simple fevers; promote healthful sleep and make teething easy. Concerning them Mr. Omer LeBleu, Maddington Falls, Que., writes: "I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BRITISHERS LEASE GROUND

Big Tract of a Land Near St. John, N. B., Secured for Trans-Atlantic Flight Attempt. St. Johns Nfld., March 22.—Two British airmen, Morgan and Fenn, have leased ground in the vicinity of St. John's for the purpose of attempting a trans-Atlantic flight. Morgan has returned to England to bring out his machine. Fenn represents Hawker, who is now on his way here and will fly a Sopwith machine.

SAGE TEA KEEPS YOUR HAIR DARK When Mixed With Sulphur It Brings Back Its Beautiful Lustre at Once Gray hair, however, handsome, de notes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks old, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold. Don't stay gray. Look younger. Either prepare the recipe at home or get from any drug store a bottle of Wyeth's Sage and Sulphur Compound, which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready to use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its comes thick, glossy and lustrous, and you appear years younger. natural color is restored and it becomes while it is only trouble.

TO ENTER FIELD BEFORE NEXT JUNE Quebec, March, 22.—"Sir Lomer Gouin will be out of the Provincial arena and will have entered the Federal arena before next June is over," says La Tribune of Sherbrooke, a daily whose Provincial political "tips" of late have proved quite accurate. It says the Sir Lomer Gouin will enter the Federal Cabinet, and his entry into the Cabinet will be the strongest guarantee "Quebec" could wish for so far as Federal politics are concerned. It also says that the Hon. L. A. Taschereau will become the Premier of Quebec when Sir Lomer quits.

Mr. Franklin Brown, of Welland, who was operated upon in the General Hospital a few days ago left on Friday afternoon for his home.

WILL AID SOLDIERS

British Government to Pay Passage to Canada to Those who Wish to Emigrate. London, March 22.—The Canadian Associated Press understands that an agreement has been reached for the promotion of an Imperial scheme of immigration to enable British soldiers to settle in the Dominions. The basis of the plan is free passage provided by the British Government and loans at pre-war interest to the Dominion Governments acting as agents for the British Government. The idea is to open up new tracts, build railways and generally finance settlers. Legislative effect will be given to the scheme, which is independent of the plans of the Dominion for their soldiers.

CAPITAL AND LABOR

The Montreal Gazette has grave fears about the safety of Hon. Mackenzie King's proposal to give labor a share in the control of industry. It looks through its glasses twice at the subject matter of his address and soberly says: "To grant the laborer control over capital, jointly or otherwise, is to give him practical possession of the property of another, and if control means anything, he is enabled to direct the use of such property to his own advantage without risk to himself or responsibility to others. Labor has shown itself lately to be possessed of predatory instincts. The demands of labor have become more and more burdensome, and what has occurred under existing conditions is sufficient evidence of the use to which labor would put its share in the control of capital. If Mr. King is seeking to frighten capital out of industry he is going the right way, about it." If Mr. King proposed to grant the laborer control over capital we, too, disagree. But we don't think that is what he said, or intended. What he has believed, or what we believe he believes, is that labor should more and more be given a "conscious interest in the life of the nation." There is a proper relation which must be observed between the man who is employing and the one who is employed, but that should be accompanied by a sense on the part of both, that one cannot get along without the other. The best results are found to be obtained from industries where the workman is made to feel that he is an integral part of the industry, that his labor is an honorable and appreciated thing and that his moral and physical welfare and that of his family, if he has one, are worth protection and courteous consideration. Sound business today recognizes that efficiency to the highest degree is obtained from the men who are getting on well and who are made to feel an interest in the concern for which they work.

A LOSS TO THE PROVINCE In the case of Hon. W. P. James, the Province of Ontario has sustained a loss. He was a man of unusual ability and strength of character. Though differing from him and his party on many things, we still must recognize that as a man the late Minister was one of the most capable figures in the Legislature during his service there. His interest in things humanitarian was broad and sincere. He took a great interest in the establishment of the prison farm at Guelph as a means of giving better chance to those who err in life and must pay the penalty of serving terms for their offences. In constructive policy and debate the late Minister was also an outstanding figure and friend and foe will join in expressing regret that he has been taken away at such an early period of his career.

OVERSEAS CORRESPONDENTS ARE TO BE ADMITTED

(Special to The Journal) London, March 22.—A limited number of overseas correspondents are at last to be admitted into the lobby of the House of Commons, one representative each for Canada, Australia, South Africa, New Zealand and India being allowed to enjoy the same privileges as already possessed by the leading English papers. The Canadian press will represent Canada.

SALT DIVIDENDS

Many years ago Salt in considerable quantities was manufactured in and exported from this city, the well on the bank of the old canal below the Stephenson House supplied an endless quantity of brine. For several years past those interested in the salt industry in the Huron district have been receiving dividends of about 8 per cent, upon their investments.

STRENGTH WILL RETURN TO WEAK PEOPLE USING THIS TREATMENT

You are discouraged. You feel old and worn. You are sick, but not aware of the fact. You can drag yourself around—but work is impossible. With your stomach crying out for assistance and the nerves all on edge why not try Ferrozene?—it will surely do you good. Ferrozene is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach. When you feel despondent, Ferrozene cheers you up. When languor and depression weigh you down, Ferrozene braces you up. When sleep is impossible Ferrozene calms the nerves and gives you rest. For bounding health, good looks, good spirits, nothing equals Ferrozene; makes the weak strong and the sick well. Good for men, women and children; try Ferrozene, it can work wonders, as it did for Mrs. Mary Melong, of Harbor Bouche, N.S., who writes: "Ferrozene built me up. Before using it I scarcely knew what good health meant. I was just as miserable and weak as any woman could be. Tired from morning to night, bothered by trifles, unceasingly nervous. The first box of Ferrozene improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health." Try Ferrozene. It will make an unexpected improvement in your looks, your feeling, your health. Whether anaemic, nervous or suffering from secret disorders,—if you want cure, use Ferrozene. Price 50c per box, or six boxes for \$2.50, at all dealers or direct from The Catarrozone Co., Kingston, Ont.

DR. ARTHUR B. COBB Dentistry.

AS A LAST RESORT ONLY do we use plates in our Dentistry.

In nine cases out of ten where plates have been used our Crown and Bridge Work Specialists could have accomplished the work without the necessity of a plate. Just as bridge engineers build great spans across seemingly impossible chasms, demanding only TWO SECURE POINTS for their foundations, so do our bridge work Specialists set in place rows of pearly, natural teeth that do everything as well as natural teeth could. These Dental operations are nothing short of marvelous. They bespeak the skill for which this Office is noted.

AND it is gratifying to know that this skilled Dental service can be yours at extremely reasonable cost. As an example—\$5 for a crown of excellent quality and Bridge work at same rate.

The courtesy of an interview and a thorough examination are offered entirely without charge.

War to Peace

Article No. 12 Cut out for Reference

Land and Loans—to Help Soldiers Become Farmers

It is anticipated that a great many soldiers who have served with the Canadian, British or Allied forces may want to become farmers in Canada. The vital need to-day is to increase production and the acreage under cultivation. It is thus in Canada's best interests to give these soldiers every assistance. The Government has therefore been developing a programme that includes the providing of land, the granting of loans and the training and supervision of those inexperienced in farming.

The Present Plan.

Under the Soldier Settlement Act, 1917, an eligible returned soldier is entitled, in addition to his ordinary homestead right, to a free grant of one quarter-section of Dominion Lands on homestead conditions.

For this purpose the Government has suspended homestead entry by others than soldiers on all remaining homestead lands in the Western provinces within fifteen miles of railway transportation, pending enquiry into their suitability.

As soon as a soldier goes on the land, the Board has power to grant him a loan up to the maximum of \$2,500.

This loan is granted to settlers to help them acquire land for farming, discharge incumbrances, undertake improvements, erect buildings and secure necessary livestock, machinery and equipment.

It is not given as an actual advance of cash, but in the form of payment for expenditures. In this way the settlers' transactions are carefully supervised.

The loan is made at the low interest rate of five per cent. It is to be repaid in twenty annual instalments. The first two payments may be deferred by the Board when desirable.

The New Proposal.

The Government have found it necessary to broaden these original plans for the following reasons:

- (a) It has been found that only a limited amount of suitable homestead land is available for soldier settlement.
(b) Some Crown lands are held by the Provinces.
(c) Homesteading may not suit all the returned soldiers.

It is now proposed that the Provincial Governments co-operate with the Soldier Settlement Board in acquiring suitable lands at present held unutilized by private owners. The Dominion Government has announced its intention of introducing necessary legislation along these lines at the opening of the next Session.

The lands so bought will be re-sold to the soldier at cost price. It is suggested that the purchaser be required to make a cash payment of one-tenth of the purchase price. The balance will be payable in equal annual instalments extended over twenty years or longer.

The amount of the land purchased by this plan, if it is approved by Parliament, will be limited in value to \$5,000. Interest will be charged at a low rate of five per cent.

Offices of the Soldier Settlement Board are located as follows: Post Office Bldg., EDMONTON, Alta.; Post Office Bldg., WINNIPEG, Man.; Pemberton Bldg., VICTORIA, B.C.; McCallum Hill Bldg., REGINA, Sask.; 32 Adelaide St. E., TORONTO, Ont.; Drummond Bldg., MONTREAL, Que. In New Brunswick the Board is temporarily represented by the Secretary of the Provincial Farm Settlement Board, St. John; in Nova Scotia, by the Secretary of the Soldier's Aid Commission, Halifax, N.S.; and in Prince Edward Island by the Minister of Agriculture, Charlottetown.

INTERNATIONAL NIGHT AT UNION LODGE, I.O.O.F.

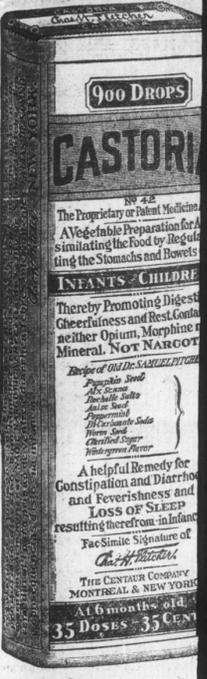

On the 17th. of March, 1846, Union Lodge, No. 16, first came into being in St. Catharines and during the past seventy-three years, this solid landmark of Odd-Fellowship has withstood the storms of time and strife, to triumphantly emerge to the second oldest fraternal organization of the I.O.O.F. in Canada. The anniversary celebration, which is invariably commemorated, will take place tonight, having been postponed from last Monday evening and something in the nature of an international function will grace the entertainment, when Niagara Falls Lodge, No. 81, of Niagara Falls, N.Y., will pay an official visit and confer the degree of friendship upon the class of candidates of Union Lodge. The American members have chartered a special, which leaves Bridge St., Canadian side, at 7.30, arriving here at 8.30. As the visiting lodge boasts of having the degree team in New York State, the local brethren are assured of additional interest. Union Lodge has probably the best musical talent, with in her membership, in Ontario and the city lodge has arranged a special programme of varied numbers, which will be a fitting climax to the evening of the degree. It is confidently anticipated that between three and four hundred will attend, to honor Union's birthday.

ENGINEERS TO HOLD SMOKER IN APRIL

The Executive Committee of the Niagara Peninsula Branch of the Engineering Institute of Canada held a meeting in the office of the Welland Ship Canal last night to arrange for a programme for the Spring and Summer. Those present were Messrs. Blanchard (Chairman), Johnson, Gibson and Bucke of Niagara Falls and Messrs. Grant, Sullivan and Near of St. Catharines. Hydro Development The season's programme will open with a Smoker at Niagara Falls on the evening of April 1st, to be followed shortly after by an evening in St. Catharines at which an illustrated talk will be given on the Chippewa to Queenston Hydro-Electric Development. As this subject is of vital interest to this City arrangements are to be made so that all interested may hear the lecture. It is one aim of the Branch to popularize the Engineering Works in this Peninsula such as the Power Developments, Canals, Transportation Systems and Industrial Plants so that all may become interested and know that there is no section in Canada more remarkable for its achievements along these lines than the Niagara Peninsula.

SYMPTOMS THAT TELL OF BILIOUSNESS HOW TO PREVENT AND CURE

Are you dizzy? Does your head swim? Does everything turn dark when you rise after stooping? Are you constantly suffering from headache? Are you short of breath after going upstairs? Is your tongue coated and furred? These symptoms give warning that your system needs a thorough cleansing—all poisons must be flushed out. The remedy is Dr. Hamilton's Pills. Marked benefit immediately follows their use. These famous pills loosen the bowels and stop constipation; they act on the liver and kidneys, make them strong and vigorous. This ensures health and purity for the blood and consequently the whole system benefits. No other medicine tones and braces like Dr. Hamilton's Pills; they at once cure biliousness, headache, dizziness, poor color, coated tongue, and all diseases arising through fault of the stomach, kidneys, or liver; try them. Results prove the merits of Dr. Hamilton's Pills, 25c per box.

Farms Wanted for Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to the Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

J. E. MASTERS ELECTED NEW PRESIDENT

(Continued from page 1)

filled. His wise counsel, his vast experience, his almost unlimited knowledge of the public and political questions and issues of the day, his commanding personality and brilliant eloquence, won for him the enviable distinction of being the foremost statesman of his time. He therefore resolved that the Liberals of this county pledge themselves at all times to support the principals of liberty and unity so long and successfully advocated by our revered and beloved leader, the late Rt. Hon. Sir Wilfrid Laurier. And it is further resolved that this convention desires to convey in a humble manner to Lady Laurier the expression of our sincere sympathy in the irreparable loss she has sustained in the death of a devoted husband and life partner.

Moved by Mr. McLaren seconded by Mr. Gilmore: That the Liberals of Lincoln County in Convention assembled desire to place on record their sense of profound gratification that the great war in which Canadians played such a conspicuous and chivalrous part has been brought to a successful conclusion and that the high ideals of justice and humanity for which Great Britain and her allies fought and bled have triumphed.

We wish to further express our deepest appreciation of the noble sacrifices which have been made during the struggle by our fellow countrymen and which will forever glorify the name and history of the Dominion. Carried.

Hands Reins Over

Speaking to the resolution Mr. McLaren said that in olden days when one thought of war they had a conception of flags flying, bands playing and a sort of celebration but little thought was of the grim work which had to be done by the troops engaged. The recent war has been a gigantic struggle for the right of freedom and the part that Canada has played in it shows two predominant features. The first is that there is growing up a young nationhood which is not to be surpassed in the world and the second that the war has advanced us as a nation one step forward and has established the keystone in the arch of nationhood.

The retiring president, Mr. J. M. Elson, in handing over the reins of office to Mr. Masters said that during the seven years that he has held the office he had seen many changes in the riding especially during the war. But as an association we are just as verile as ever and although in the past some may have had a difference of opinion on national questions those days are past and gone and his idea is to let the past be the past. During his term of office he had endeavored to give his best to the interests of the Liberal party and he had no regrets for any stand he took during that time.

In conclusion Mr. Elson said, he would like to suggest that the members of the association accord the new president and officers the heartiest support and if this is done the future of the party will be a success. But unless the element of criticism is left out the best results cannot be accomplished.

The New President.

The new President of the Association, Mr. J. E. Masters of Niagara on the Lake in accepting the office said that he wished to thank the members for the honor that they had done him in selecting him to the position. He then pointed out the need of co-operation in order to gain the best results and said that he had every faith in the future of the Liberal party. In conclusion Mr. Masters said that the people of Canada and Ontario especially wanted a clean government for there are many things in the governments of today that are not clean.

Applause greeted the new president as he sat down.

The next speaker was Mr. Thomas Marshall, M.P.P., who at the outset of his address said he could feel that there is a new spirit coming up in the ranks of the Liberal party and that he felt that the spirit of revival that is taking place in the party is also the same kind of spirit that is springing up all over Canada and is going to sweep the Government out of office. In bidding a welcome home to Capt. Lovelace, Mr. Marshall said that he had fought for the same principals in France as he had fought for here and was ready to fight for again. Mr. Elson, the past president, had done well during his long term of office and during the past few years under very unfavorable circumstances.

Speaking of Mr. Dewar, Mr. Marshall said he is one of the greatest forces in the Liberal ranks today and the strongest fighter in the opposition at Toronto today and knocks the Tories down every time. (Applause.)

Education.

The speaker then touched on the educational system of the Province saying that he had made a careful study of it. He understood the evils of the present system and the people of Ontario know there is something wrong but we are powerless to find a remedy. He had taken the matter up session after session and as a result there had been some improvements made but there is room for many more. Six hours mental strain a day is sufficient for an adult let alone children and to pack two, three, sometimes four hours of the drudgery of home-work on the top of the child is a danger to the health of the child which exhibits itself in after years in the early deaths of so many, instead of the population living to a ripe old age as in years gone by.

Reading, writing and arithmetic should be taught the child in a thorough manner as thoroughness is essential. But they are not taught thoroughly in the Public Schools because they are also taught in the High Schools. The chance of a child's promotion lies on the success of a written examination and not on the teacher's knowledge of the child's ability. And the failure in any one subject may mean rejection and change, perhaps, the whole course of the child's life. We have a new Minister of Education in the person of the Hon. Dr. Cody, who is one of the ablest men in Canada and a brilliant speaker. But from present indications the bureaucratic influence at Queen's Park seems to have got control of him.

Technical education is a good thing after a scholar has received a good general education but we don't want conditions in this country like they were in Germany. There a scholar was given a thorough technical education and was a worker who worked for the state and he became as efficient as possible in one certain line. But his general education was neglected and he was lost in any other branch of work.

The time has come when the Liberal party must be united for there will never be a chance again like there is at present. The government has been extravagant and they are frightening them and they now see the handwriting on the wall just as sure as fate.

Government House.

Continuing Mr. Marshall gave an outline of the tremendous cost of the present Government House in Rosedale. The ground which occupies 24

Natural Gas Will It Last?

WEATHER
Northerly winds; fair and comparatively cool to-day and Sunday.

Efforts to find new sources of Natural gas in Ontario are ceaseless. Hundreds of thousands of acres are leased by the natural gas companies to create a reserve. But a large portion of this area will prove unproductive. No one knows just how small our resources in natural gas are. But they are not inexhaustible. Economy and carefulness will mean a longer enjoyment of what we have.

Although Natural Gas is Cheap, do not waste it—the Supply is not Everlasting.

THE UNITED GAS COMPANIES, Limited.

The speaker was heartily applauded when he sat down.

W. G. Charlton.

The next speaker was Mr. W. G. Charlton of Aylmer who during the course of an interesting address gave an outline of the plans of the organization of the Western Ontario Liberal Association and urged the necessity of co-operation and a first class organization in this and every other district. The speaker said that the past must be a fingerpoint to the future and that the party must profit by the mistakes made in the past in order that they might not occur again. Liberalism is an ideal and something that each and everyone should look up to. Touching on the record of the Dominion government Mr. Charlton said that the spirit of the people showed their unfaith in that government and they made a bad blunder in 1911 and again in 1917 and now they must drink the soup that they brewed with their own fire.

A Fine Tribute.

The last speaker was Capt. E. J. Lovelace who was greeted with applause when he stepped to the platform. During the course of a brief but inspiring address Capt. Lovelace paid a glowing tribute to the heroism of the Canadian troops and especially the men under his command. It was just a year ago said the speaker that the storm broke on the eastern front and that it was expected that the Canadian Corps would be expected to bear their share of it. They did and there was never a time when a man wanted to shrink one iota from the task he was set to do. In all the time he was at the front he never heard one word of grouching or complaint from the men. It was a serious time for many of the men and there is hardly a man who has not made some sacrifice and now that they are coming home the question is what is to be done for them. It was a privilege to go to the

front and lead such splendid men and the period of reconstruction is now at hand and something must be done to provide work for these men. It made the speaker heart sick he said to think that while there were men overseas fighting there were men at home indulging in a system of petty grafting.

Continuing Capt. Lovelace said that if the Liberal party does not take a foremost part in this work of reconstruction it has no call for its existence. He would like to see a progressive policy like they have in England. Lloyd George said that the government meant to make England a nation fit for heroes to live in.

In conclusion the speaker recited Robert W. Service's poem "Carry On" which was well received.

The convention closed with cheers for the King.

AUTO THIEF GIVEN A SEVEN YEAR TERM

Seven years in Kingston Penitentiary was the sentence imposed on Albert Nelson by His Honor Judge Campbell in the County Judges Criminal Court this morning on a charge of the theft of a Reo touring car belonging to an Ontario street firm. Nelson who has a long criminal record pleaded guilty to the charge and the above sentence was meted out by the Court. He is also wanted in the City of Toronto on a similar charge.

Gas in usable quantities has been discovered in Rockwood.

ADVERTISE IN THE JOURNAL

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over...feels weak...feels nervous, irritable, gloomy...gets angry at little things that ordinarily would not be noticed...You feel tired mornings...Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh...all run down. You can't understand why.

Men! Are You In Doubt?

As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?

SYMPTOMS OF VARIOUS AILMENTS

Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unrestful sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbago, dyspepsia, constipation, headache, loss of weight, insomnia. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

NERVE EXHAUSTION.

The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work...everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

DR. WARD, SPECIALIST

OF INTEREST TO THE AILING MAN

28 years' experience and learning, 28 years doing one thing and doing it well. Experimenting days long past. I know! My success is due to system and direct methods. I go after the cause. No delays...no waiting...no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient as long as treatment is necessary. If I make you a fee of \$10.00 or \$25.00 it means that I will treat your case until you are dismissed. Consultation and examination free.

LATE SPORT NEWS

PENNANT FOR REDS WOULD MAKE NAME

New York, March 17.—If Pat Moran should win a National League pennant with the Cincinnati Red within the next few years, he will, indeed, take rank as the miracle man of baseball. For the second time within a decade he will have accomplished a feat that baffled the best baseball brains of the game.
When Moran took charge of the Philadelphia club for the season of 1915 the Phillies had never won a pennant. It is true that there was dominant playing strength in the aggregation that Charley Domb left Pat. But the record of the club was one of blasted hopes and disappointments.
It is a matter of baseball history that Moran won the National League flag for Philadelphia in 1915. In a single season he accomplished a feat that had proven the despair of managers for over twenty five years.
Now Pat is taking up the burden in Cincinnati. And it is apparently more of a burden than he assumed in Philadelphia.
Back in the dark ages of baseball, when Sam Crane was a youngster, Al Munro Elias, the only man who knows more about figures than Flo Ziegfeld, will tell you that the Red Stockings of Cincinnati were champions. But no fan who is less than fifty years of age remembers those "dead" days.
For years and years the Cincinnati club has been the despair of the National League managers. Material for a pennant winner has often been gathered together, only to have dissolution or some other special of the Bolshevik spring up to blast the championship hopes.
Developed Stars.
No city in either major league has developed so many players who have played in world's series on other clubs as dear old Cincinnati. Mike Donlin, Cy Seymour, Larry McLean, Rube Benton, Christy Mathewson and Bert Niehoff are just a few whose names come readily to mind. But they never won for the Reds.
Joe Kelly, Clark Griffith, John Ganzel, Joe Tinker, Charley Herzog and Christy Mathewson are some of the managers who have sought to lift Cincinnati up from the depths to the pennant heights. Their efforts have all been in vain.
Now comes Pat Moran, the miracle man of the Phillies.
He starts with two stars, Heinie Groh and Eddie Roush, and a good all-round player, Lee Magee. He has no Alexander and no Killifer as he had in Philadelphia. What does fate hold for him in Cincinnati, the city of the blasted managerial ambitions?

COBB DEMANDS SALARY OF \$20,000 AGAIN THIS YEAR

Detroit, March 23.—As first published Tyrus Raymond Cobb refuses to sign another contract with the Detroit Club unless he receives a salary of \$20,000, which he drew for a period of five years ending last fall. Cobb declares that even if he signs before the beginning of the championship season he will not go to the Tigers' training camp.
Hughie Jennings will have to get along for several weeks without the celebrated Georgia Peach. When Cobb joins the team, however, Jennings will have a stronger combination than last year. Veach, Cobb and Shorten will cover the outfield, while the infielders will be Heilmann, first; Young, second; Jones, third, and either Bush or Cooney, shortstop. Bush is demanding an exorbitant salary, but is expected to capitulate. The catchers are Ainsmith, Stange and Yelle, while the pitching staff, which seems to have been improved, will include Ehmke, Boland, Love, Mitchell, James Cunningham.

MERCHANDISE SHOOT HELD ON SATURDAY

Jordan Station, March 24.—The annual merchandise shoot of the Jordan Gun Club was held on Saturday, March 23, and was a huge success. Fine weather brought out a large crowd to compete for the prizes, but a recount of the handicap system which was used the scores were rather below the average, nevertheless, it will be noticed that the handicap committee did their work well as the close scores indicate.
Mr. George Gunn, local manager of the Dominion Cannery, who has always been a warm friend of the Gun Club donated 16 splendid prizes and was warmly thanked at the conclusion of the day's shooting by the Gun Club members for his generosity.
Several St. Catharines shooters were present including Mr. W. Elliott, who has just returned from the great war, and judging from the way he busted the clays, he must have been mighty handy in strafing the flying huns.
In the appended list of scores, the first column denotes the handicap in yards of the shooter, the second column birds shot at and the third, number of birds broken.
Those shooting were as follows:

Trophy For Air Contests.
Col. W. A. Bishop, the famous Canadian aviator, has offered a trophy, to be known as the "Ace of Aces Trophy," to be competed for annually in order to encourage the development of aerial navigation, and to stimulate aerial sport between Canada and the United States. The trophy has been offered through the Aero Club of America.

MERRITTON FOOTBALL CLUB

At a recent meeting the following were elected for the season 1919:
President—Arthur Watson.
Vice-President—Alex Watson.
Secretary—L. Muirhead, Grantham Avenue, St. Catharines.
Executive Committee—Messrs. Sutherland, Teasdale, Timbroech, Millar and Thomson.
The club decided to affiliate with the District Association and enter the league competition.
It was also agreed upon to hold a dance in the Town Hall on April 11. McKee's Orchestra has been engaged for the occasion.
Merrittton has in the past been very successful in their social enterprises. Canadian and Old Country dances will be on the programme arranged.
Always keen rivals, the City and Merrittton officials are hard at it trying to induce the players to connect up with their clubs. Merrittton fully expects, when the season opens to hold their own at the least, and for the benefit of those who think otherwise we will remind them that we trimmed the city team before and have high hopes of doing so again.

CORNS ACT LIKE A PUSH BUTTON

Tells why they are so painful and how to lift them right out.
If you push an electric button you form a contact with a live wire which rings the bell. When your foot presses against your corn it pushes its sharp roots down into a live nerve and you get a shock of pain.
Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of treosone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.

NOTED GOLF LEADER'S Military Recognition

G. Herbert Winder, president of the United States Golf Association in 1908 and 1909, met with the surprise of his life, several weeks ago in London. The Brookline man, who is honorable secretary of the American Officers' Club in London, was presented with a beautiful set by American naval and military officers in appreciation of his many kind acts while the war lasted. In a letter to a friend in this country Winder stated that he will finish his duties about May 1st and that he may pay a flying visit to this country next fall.
Cattlemen Denies Combine.
Col. Mullen, one of the best known cattle ranchers of the Northwest has refuted the alleged statement of Hartley Dewart, K.C., M.P.P., that the cattlemen at the various yards in the city are acting in combine.

LYCEUM LACROSSE CLUB
A meeting of the Lyceum Lacrosse team was held on Saturday evening. There was a very large turnout of members, who all expressed their willingness to get out and revive the game. The officers were elected for the coming year as follows:
Hon. Pres.: Rev. Dean Morris.
Hon. Vice Pres.: Mr. Jas. McSloy.
Pres.: N. May.
1st Vice: E. Boyne.
Secretary: P. Oille.
Treasurer: L. Barnett.
Messrs. May and Walsh were appointed as delegates to attend the public meeting to be held on Friday, March 28, in the Lyceum club rooms in the interest of junior lacrosse. The members expressed a wish that the other clubs would organize and be able to report by Friday night. The meeting closed by wishing junior lacrosse the greatest success in this city.
Eight hundred millions of dollars is the amount of the claim made by the United States on Germany for sinking the Lusitania.

EXCELLENT CARD FOR THE G.W.V.A. SHOW

Main Bout Will be Over the 10 F. and Route Between Irish Kennedy and H. Smith of Buffalo.
Some slashing boxing bouts will take place at the Armory under the auspices of the Great War Veterans Association to-morrow night when some of the best known boxers in these parts will be pitted against formidable opponents from the States.
The main bout will be one of ten rounds between Irish Kennedy of Hamilton, Ont., who has won his last ten bouts by the knockout route, and Herman Smith of Buffalo, a former star performer under the Frawley law, who once obtained the popular newspaper decision in a Buffalo war over Abe Attell when Abe was the featherweight champion of the world.
Smith and Kennedy are built alike. They are both tall and lanky and each possess abundant fistic science. Of the two Kennedy is undoubtedly the hardest hitter, for when he gets a man going he knows how to finish him. Smith has a reputation as a clever boxer, a man who is exceedingly fast on his feet and fairly clever in the art of boxing. It should be a great contest when it does not go the full ten rounds.
The Preliminaries.
Another sensational ten round bout is certain when Dickie Dunce and Young Eber of Hamilton step into the ring. They furnished a thrilling and exciting ten round event at the last show, Eber winning the popular decision. Fans will recall how he floored Dunce in the third round, the bell saving the Buffalo boy. Dunce, how-

This three-piece is finished in the choicest French tapestry throughout in colorings of rose, blue, fawn, mulberry, etc., spring backs and pillow arms, Marshall cushioned seats.

The Chesterfield is 76 inches long, divided cushions, but tied in Marshall cushions, upholstered throughout.

The Chair and Rocker is a good average size, upholstered throughout, pillows, arms and Marshall cushioned seats.

Complete Suite \$255

This suite will be shown in our large window, with a full display of Oriental Rugs. See how nicely it will blend to most any rug displayed.

MERRITTON

The Merrittton Football Club will hold a general meeting in the Railway Hotel, on Wednesday 26th, at 8 p.m. Important business. All interested invited to attend.

Rev. R. E. Railton preached two very forcible sermons at the Methodist Church on Sunday. At the evening service Messrs. Richardson and Ratz sang a very pleasing duet, the latter also taking the solo parts along with Miss Evelyn Hills through the anthems.

Mrs. Knowlton, of Fort Erie, spent the week-end the guest of Mrs. John McClean, Merrittton.

Rev. Mr. Liddy, of Niagara Street Methodist Church, St. Catharines, will exchange pulpits with Rev. R. E. Railton next Sunday morning.

A particularly sad death occurred at the family residence, Chestnut St., this morning, when Mary, wife of Matt, beloved wife of William Horton, passed to her rest, following an illness of about two years. Deceased was a devoted member of the Methodist Church, also a worker in the Ladies Aid Society, she having been in former years a member of the choir of that church. Besides her sorrowing husband, three daughters, Mrs. Percy Embury, Neta and Eleanor, and two sons, Albert D. and William F., all of Merrittton, are left to survive the loss of a devoted wife and mother. Her parents, Mr. and Mrs. James Maitland, and two sisters Mrs. Moiser, of Hamilton, and Mrs. Duncan McRae, of Niagara Falls, also survive.

Two silver collection plates were presented to the Presbyterian Church on Sunday by the Sewing Class Society. Rev. James Annesley offering the dedication prayer. At the evening service Rev. Mr. Ferguson, of North

VOTERS LISTS TO BE REVISED

Consideration Now Being Given to the Matter for the Province Preparatory to Referendum and Election.

While the Ontario Government has not yet decided as to the form of the referendum to be submitted to the electors this fall on the liquor question, consideration is at present being given by the Cabinet to the legislation which will be introduced at this session to enable the voters' lists to be revised. There are no Provincial lists that are up-to-date. Those in existence are the municipal lists, which are not complete, as they do not contain the names of the women eligible to vote in Provincial matters.

It is understood that the legislation to be introduced later in the session will provide for the lists being prepared under the enumerator system. This method was first put into force in the Dominion election in 1917. The Ontario Government adopted a somewhat similar plan, although the details were different, and it was in the Provincial contests during the last year. It is recognized by the Government that this method of compiling the lists, especially as thousands of persons will have to be placed on them for the first time will be extremely costly, but it is believed that it will be more satisfactory than the old registration system, which was in force so many years. There has been considerable criticism of the enumerator system, particularly by the laboring classes. In the legislation to be introduced, however, the Government will endeavor to correct the faults that became apparent in the by-elections.

Preparing of the lists will not delay the taking of the referendum, once the soldiers are all home from overseas. Officials of the Government believe that the lists can be prepared within a month or six weeks at the outside. Of course, the lists prepared for the referendum will be available for the Provincial election, which at the outside must be held sometime in 1920.

WHAT TELEPHONE PLAN MEANS TO EMPLOYEES

The influenza epidemic of October 21-November last served to emphasize, in very striking fashion, the benefit to employees of big concerns of an enlightened scheme of sick benefits and pensions.

The Committee in charge of the Pension and Sick Benefit Plan, inaugurated in 1917 by the Bell Telephone Company has just issued its report for 1918.

"The influenza epidemic," says the report, "greatly increased the number of sickness cases, particularly between October 1st, and November 30th. The total number of cases during these two months was 1023, seventy-nine per cent. of which was influenza, while during the first nine months of the year the total number of cases was only 917."

The following figures from the report show the extent to which the fund is serving Bell employees:

Pensions	\$ 5,925.82
Accident Disability Benefits	8,425.63
Disability Expenses (accident only)	3,639.33
Sickness Disability Benefits	102,962.67
Death Benefits (including expenses)	26,308.79

Gross payments from Fund.....\$157,265.26

The report concludes: "Your Committee has recommended to the Company the inauguration of medical examination of all employees entering the service of the company after a certain date. This should apply to all, as it is not only a benefit to the staff and to the Company, but to the applicant, as in some cases, it will doubtless be the means of drawing attention to ailments which if treated in time, can be cured, and will also insure that no one is given work for which they are physically unfit."

CANDSTANCE TALMADGE

IN THE "SHUTTLE"

Constance Talmadge, Select Star Series comedienne, will appear in "The Shuttle" at the Family Theatre Monday, Tuesday and Wednesday. This picture, adapted by Margaret Turnbull and Harvey Thew from Frances Hodgson Burnett's popular novel of the same name, and directed by Rollin Sturgeon, provides in Betty Vandervoort a characterization eminently suited for Miss Talmadge's delineation of high-spirited American girls of charm and resourcefulness.

Cook's Cotton Root Compound.

Social And Personal

About twenty officers of the I. O. O. F. went to Niagara on Saturday afternoon when Mrs. Thairs presented the Standard to Newark Chapter, I. O. O. F., Niagara, in memory of Lt. Edward Thairs of the 176th Battalion who paid the supreme sacrifice on the fields of Flanders. A full account of the affair will be given to-morrow.

A large at home was held last evening at the home of Col. and Mrs. A. A. Cockburn at 195 Roxton road in honor of their son, Lieut. Cockburn, who has just returned with the 4th C. M. R.'s. Both the colonel and lieutenant's wives were attired in beautiful black satin dresses covered with fine black tulle in honor of the older Lieut. Cockburn, who gave up his life in Flanders in 1916. Among the guests were: Mrs. Short, Mrs. Gordon, and Miss Phyllis Cockburn, but most noticeable was the grandmother of Lieut. Cockburn, who is 85 years old, and still healthy and strong. The Misses Williams, of Whitby, poured tea assisted by the Misses Helen and Ethel Cockburn and Miss Bell. Old comrades present included Capt. Bell, Capt. Tennant, Sergt. L. Cockburn, Lieut. R. Cockburn, Sergt.-Major T. Seeds, and Pte. Milton Dodds, of the 4th C. M. R.'s, from Orangeville. A most enjoyable evening was spent and the photograph of the 182nd Battalion to which the colonel and lieutenant Cockburn originally belonged, was closely scrutinized and every man's name and incidents connected with each were remembered. The evening was brought to a close by a most enjoyable dance.—Toronto Star.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Back-ache or Have Bladder Trouble

Meat forms uric acid which excites and over works the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids waste and poisons, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and the bladder disorders disappear. This famous salt is made from the acids of grape and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

A very prominent resident of Grantham Township passed away last evening, in the person of Mr. Chas. Hicks, after a short illness. He leav-

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

THOROLD'S MEMORIAL

Several months ago the patriotic people of Thorold decided to erect a memorial to those from that town who fell in the late war. The cost was estimated at \$5,000, surely modest though yet up to date only a trifle over \$1,200 has been subscribed towards it. Surely there is a lack of energy in the old town or a better showing would appear. The Thorold Post, which is helping the movement thus reverts to the matter and its urgent request should not be overlooked.

At the reception Friday night Maj. Piper, speaking in the interest of the G.W.V.A., urged a more enthusiastic response to the appeal of the band boys to the public for funds for a monument to the brave soldiers who have died in battle, so that the way would be cleared for the drive in the interest of the club house purchase, which has to be closed almost immediately to secure the property. They have an option on the big McFarland place on Ormond street, and must decide very quickly, and at the same time they do not wish to interfere with the work of the band. This puts it up to those who intend to help to do it without delay. "He gives twice who gives quickly." Let the list grow to its objective, then let us take up the other good cause."

THE WEATHER

Toronto, Ont., March 24th., 1919.—The disturbance which has been centered northwest of Bermuda for several days is now passing out to the Atlantic and the area of high pressure still covers the Great Lakes. Showers have occurred in the Maritime Provinces. Elsewhere the weather has been fair and mild.

SISTINE CHOR COMING

Will Tour United States and Probably Visit Canada.

New York, March 24.—The famous Sistine Choir from Rome will make a concert tour of this country, under the auspices of high dignitaries of the Roman Catholic Church this spring, it was announced today.

The choir, which is the oldest and most famous known to the Christian world, will come here in May. It is composed of thirty two choral Chaplains, and for many centuries these singers have had the exclusive privilege of singing at those services and ecclesiastical functions at which the Pope officiates in person. The Sistine Choir was founded in the fourth century by S. Sylvester.

AT THE GRAND

The wonderful educated ponies with Berzac's Mammoth Indoor Circus which comes to the Grand today, Tuesday and Wednesday are over twelve of the best trained ponies before the public today. They are presented in three distinct groups. Each displaying a cleverness unusual to the animal mind. Ponies, dogs, goats, mules and monkeys, all doing their specialty as presented by their trainers have always been a joy to the heart of old and young and with Berzac's Indoor Circus these delightful pets perform unusual feats with a celerity that is astounding.

MARGUERITE CLARK SAID SHE NEVER WAS IN LOVE

Popular Paramount Star Ever Will Remain Winsome Marguerite Clark to the Motion Picture Public

I have never been in love in my life. It seems such an enormous waste of time," said Marguerite Clark, the popular Paramount star to the New York correspondent of a Western paper late in the spring of 1918. Ninety days from the date of that interview that solemn declaration was shown to be only a scrap of paper by the act of the party who made it; for she walked up to the altar as Marguerite Clark and walked away from it as Mrs. H. Palmerson, Williams. Her husband is a lieutenant attached to the ordnance department and stationed at Washington.

Whatever Mrs. Williams may think about it, the millions of motion picture patrons in America positively refuse to recognize her marriage. She is still and ever shall be, Marguerite Clark, best beloved of all screen stars by the

CITY COUNCIL WILL GUARANTEE THE LEGISLATURE—Y (GARDEN AT LAST N

The regular meeting of the Council was held at the City Hall, all the members being present with the exception of Ald. N. J. England on a short visit. Before the general business for transaction, His Worship Mayor Elson stated that a special meeting of the City Council would be held for the purpose of discussing the estimates and in all proceedings the tax rate. The Mayor invited to attend this meeting, when the chairman of the committee will explain the estimates and the Mayor will speak on the whole budget.

COMMUNICATIONS

From G. F. Peterson on behalf of W. W. Walker, filing a claim for \$16.80 for damages caused by a depression in the street in front of the McKim Industries, Ontario street.

From L. P. Cunningham, Great War Veterans' Association, requesting the names of forty soldiers killed in the war, asking that \$250 in each case be paid to the next-of-kin and whose names did participate in the war.

From the Trades and Labor Union, asking that the Council to the Government to amend the Act to abolish property taxes for municipal office.

The detailed statement of accounts for the year 1919, of the Sinking Fund, amounting to \$3,588,520, amount required to be raised in 1919 to cover sinking fund interest is as follows:

Amount required to be levied on supporters of public schools.....	\$
Amount required to be levied on general ratepayers of the city.....	2
Total.....	3

Ald. Eagle, chairman of the Finance Committee, submitted this report of the Committee, pending payment of payrolls totaling \$5,800.77, and a sum of \$2,500 to be advanced to the State School Board, and that Treasurer be authorized to tender for the printing of bills for the year 1919.

Moved by Ald. Eagle, seconded by Ald. Westwood, that the report of the Finance Committee be received and adopted.

Ald. Dakers—"I would like to know a long period that account of the Children's Shelter is for? Ald. Westwood—"The account of the supply from November to January."

Ald. Dakers—"I would also like to ask what the item contingent for?"

Ald. Eagle—"For repairing the house at Martindale. The house is in a badly dilapidated condition and the City and Mr. Seixas are to take up the City owns a share of the building.

Ald. Rose—"My reason for bringing the report is that it contains details of paid accounts that have not been paid by the members of the Council. I think that these should be given to the Commission as the unpaid ones.

Ald. Riffer—"This is not the first time that there have been delays in the report that were not given to the Committee.

Ald. Eagle—"I think Ald. Riffer's report on these accounts is for the Committee.

Ald. Rose—"I was present at the meeting and the members of the Committee were not passed around the members of the Committee at that meeting.

Ald. Eagle—"That is a reflection on anyone. I have never placed any reflection on anyone.

At the request of the Mayor, Treasurer Watt explained the
