HON. MR. MITCHELL IS NOW IN BOW VALLEY FOR THE CONTEST

Minister of Public Works Passed Through Calgary Yesterday on Way to Bassano to Arrange for Campaign in District if Opposition is Offered

FEELS CONFIDENT OF HOLDING THE SEAT

Thinks the South Should Have a Representative on Cabinet and for That Reason Accepted the Offer Made by George Lane to Retire in His Favor

HON. C. R. MITCHELL was in Calgary yesterday and went east in the afternoon to Bassano to look after his campaign for the seat of Bow Valley here for the seat vacated in his favor by George Lane.

Mr. Mitchell could not say whether there would be a contest or not, but he was optimistic as to the result if there were. He declared that he was sorry that the legislature should lose such a good man as Mr. Lane. There were several seats in the north for which he might have run, but he felt nevertheless that he should sit for a seat in the south and that the southern part of the province should have a representative in the cabinet.

Mr. Lane, who was also in Calgary, was hopeful as to the outcome if a contest were held. He said Bow Valley would be proud to have Mr. Mitchell as its representative and he would be returned with a huge majority. He was proud to give way to Mr. Mitchell, who had been a close friend of his for a period of many years.

NO COLON BACILLI IN THE WATER OF CALGARY

A very complete analysis of the city water has been received by Dr. MacLeod, medical health officer, from Dr. Howell of the provincial laboratory. The analysis shows absolute absence of colon bacilli.

The chlorination of the water is most satisfactory. Comparative tests before and after chlorination are as follows:

Table with 2 columns: Before After, and rows for Hardness, Total solids, Chlorinity, Free ammonia, Albuminoid ammonia, Nitrate.

The bacteria count was reduced from 194 to 926 by the chlorination process.

WINNIPEG. Three thousand one hundred and fifteen settlers directed here for week ending May 28.

SASKATOON. Two hundred thousand dollar company formed to erect abattoir and soap factory.

LETHBRIDGE. The associated boards of trade here canvass shows wool clip in Southern Alberta follows \$80,000 pounds.

MEDICINE HAT. New Methodist church dedicated which was designed by local architect and to accommodate 1100.

CALGARY. Artificial ice factory to be established here; also company to build indoor skating rink.

THE MORNING ALBERTAN

CALGARY, THURSDAY, MAY 29, 1913.

RATEPAYERS REJECT BY-LAW FOR HOUSING INDUSTRIES-- ALL OTHERS ARE CARRIED

BY-LAW No. 1549, for \$250,000 for an industrial building to accommodate new industries at low rental, was rejected by sixty-eight votes yesterday.

The result of the ballot occasioned some surprise among the aldermen and members of the industrial bureau, many of whom had actively supported the proposition, and confidently expected it to be endorsed.

It is the first time in the history of the city that a by-law supported unanimously by the press of the city has been defeated, commented Commissioner Graves. The commissioner attributes the result to a combination of unfavorable circumstances: the money stringency and the city's already large financial responsibilities, and the necessity immediately of public improvements which the citizens evidently think should take priority.

The following is the return by polling subdivisions:

Table with 3 columns: Subdivisions, For the Bylaw, For the Against.

Other by-laws were voted upon as follows: By-law 1441, for \$40,000 for establishment and equipment of municipal laboratory--For, 47; against, 89; rejected, 4.

CALGARY IS SO GOOD CONSERVATIVES WILL POLICE FEAR FOR THEIR JOBS

If It Wasn't for the Ever Present Drunks Bluecoats Would Soon Be Out Looking for Places as Harvest Hands; Reporters Getting Timid

As if it weren't for the Demon Rum, Calgary might as well discharge its police force and go to bed satisfied that the city would still be on its foundations when morning came.

The record of crime for the past three days fairly reads with the effect of alcohol, but aside from a sprinkling of gasoline, the "wet-goods" merchants have been the only excuse for the city maintaining a police force.

"Well, without jobs in a few weeks if this keeps up," sighed Chief Cuddy last night. "The fullest extent of Calgary's wickedness for the past three days seems to be in the indulging in too much alcohol and benzine cheer."

Last night was the worst of all. Aside from the drunks and one forlorn vagrant the total extent of the city's fall from grace laid in the person of one tramp who tried to steal a ride on a Canadian Pacific freight train and was pulled off before the locomotive had fairly started.

Wednesday night was another dismal affair, as far as the police reporter was concerned. A common drunk, even an uncommon inebriate, is no good from a news standpoint. A vagrant, unless he is away out of the ordinary, like a transcontinental traveler, also makes poor copy.

On the other hand the Liberals are just as equally confident of the outcome of the contest if there is one and they feel that Mr. Mitchell being a member of the cabinet will pull an even larger majority than did Mr. Lane and that was a very big one, the Liberals carrying practically every poll in the riding.

Nomination day is June 12 and the polling day if such be necessary, June 19, so that less than a month is left for the campaign. The struggle will, if it is entered on, be a strenuous one indeed.

PLOWING RECORD OF WORLD Lethbridge, May 28--Seventy-five acres of land, plowed eight inches deep in one day, is absolutely a record for this part of the country at least. The feat was actually performed at a farm yesterday, on the farm of Bas. The work was done in one shift, too, with a 32-horse power steam engine and outfit, consisting of a twelve bottom gang plow.

PROMINENT MILLER RETIRES Winnipeg, May 28--George V. Hastings, general manager of the Lake of the Woods Milling Co., has been elected to the office of the company's grain department in Winnipeg for some time. Mr. Hastings is one of the most prominent grain men in Canada, and has been with the Lake of the Woods Milling Co. since its beginning. He is retiring to Lake Umbagog.

Fraser's Improving. Vancouver, May 28--Rev. C. C. Owen, who was very seriously injured in a runaway, is improving today, but is not yet out of danger.

SENATORS WARM UP IN DEBATE ON THE NAVAL BILL

Senator Pope Delivers an Old-Time Oration Much to the Consternation and Astonishment of His Outraged Colleagues in the Red Chamber

Ottawa, May 28--Speaking as an Englishman, born in England, but living in Canada, Senator Bostock continued the debate on the naval question in the senate today, opposing the measure and supporting the amendment offered by Sir George Ross.

He declared that the present legislation differs in principle from that supported by Premier Borden in 1910.

Canada had made a bargain with Britain, Australia and New Zealand for a national defence program which would include the Pacific fleet unit, and an Australian fleet unit.

Resentment against Canada was now developing in Australia. The Pacific coast of Canada was especially interested in having the plan of 1910 for the protection of the Pacific, which proposed a British fleet unit on the Pacific coast, and an Australian fleet unit.

Senator Pope supported the bill, using the arguments presented in the commonsense.

Senator Ross said that friends of Sir George had assured him that the naval bill was a masterpiece of imperialist and would protect imperial interests.

Senator Dandurand: "Which pledges the jingo or the Nationalist?" The senator was starting a sentiment which would eventually destroy it.

A noisy stump speech Senator Belcourt regretted the tone of the speech.

LOCAL TYPOS ELECT THEIR OFFICIALS FOR NEXT YEAR

President and Vice-President Will Go to International Convention at Nashville, Tenn., and Try to Bring Back Next Convention to Calgary

BIG OFFICES FILLED ALL BY ACCLAMATION

John Luckwell Will Attend Dominion Trades and Labor Convention at Montreal and is Also Elected to Office of Reading Clerk

After an interesting election yesterday J. C. Bleaken and W. M. Joiner, president and vice-president of the Calgary Typographical Union No. 449, were elected delegates to the international convention which is to be held at Montreal, June 10 to 15.

Benefit of Paying Cash. At a former meeting said Mrs. Newhall, the accusation had been made that they did not pay cash, and therefore the retailer was not getting the best terms with the wholesaler, and so on up the line.

Voting on Constitution. Voting on the constitution next came up, each clause being voted on separately.

ORGANIZATION OF CONSUMERS' LEAGUE ATTRACTS WIDESPREAD ATTENTION--IS FIRST IN CANADA

THE Consumers' League which has recently been organized by the women of Calgary has evoked widespread curiosity in other western cities, and the mayor has been the recipient of numerous inquiries from the women of Victoria, Vancouver, and other cities, for information as to the modus operandi of the organization.

This is one of the first organizations of the kind in Canada. It has been undertaken in several American cities with marked success; but the experiment in Calgary is the first important one in the Dominion and is apparently being watched with keen interest by other Canadian cities.

WHEN CITY PAYS OLD BILLS IT WILL HAVE \$1,000,000 FOR THIS SEASON'S WORK

WHEN the back debts of the city are paid, there will remain about \$1,000,000 to be applied to this year's work, which has been started this spring.

Notes amounting to \$221,955 held by the various paying companies for work completed, have been redeemed.

CONSUMERS' LEAGUE NOW ORGANIZED REALITY HERE

Constitution is Drawn Up and Approved at Mass Meeting of Men and Women of Calgary in Public Library Last Evening

MARKET IS WANTED AT RAILWAY TRACKS

Deputation Will Wait on Mayor Today to Ask His Support for the Scheme; Speakers Claim That Many Benefits Will Accrue to the Members

The Consumers' League, the constitution of which appears elsewhere, and which was voted on last night in a mass meeting of men and women held in the library, is without doubt one of the largest and most vital questions before the citizens of Calgary.

One of the first things to reduce the cost of living, Mrs. Newhall stated, is the opinion of many, would be to have a public market to which produce would be sent direct, and from which retailers could buy direct and early, thus saving shrinkage, drays and the expense of carting.

With regard to the present existing market, Mrs. Newhall stated that she had been informed that the place was not sanitary, and that the prices were the same as the stores, and the average woman preferred to go to a nice down-town store and have her goods sent home rather than pay five cents to get to a market which was not pleasant and gave no reduction.

Benefit of Paying Cash. At a former meeting said Mrs. Newhall, the accusation had been made that they did not pay cash, and therefore the retailer was not getting the best terms with the wholesaler, and so on up the line.

Voting on Constitution. Voting on the constitution next came up, each clause being voted on separately.

TWELFTH YEAR--NO. 77

DRAGNET VANCOUVER FOR MURDERER OF POLICEMAN

Police Take Four Suspects and Assert That Amongst Quartette They Have Man Who Sent the Bullets Into Patrolman Archibald's Heart

At 1:40 o'clock he should have rung up the station sergeant again. No call came in. It is a common occurrence for constables to go off their beat for a few minutes to attend to something that has arisen within their journey and for a time the sergeant thought that nothing particular was the matter.

OFFICER'S BODY FOUND IN BRUSH COVERED LOTS

Policeman's Gun Was Taken But Contents of Archibald's Pockets Were Intact; Officer Was Last Heard From at 12:40 a.m. Yesterday

VANCOUVER, May 28--Four arrests of suspects in the murder of Policeman Jas. Archibald, formerly of Winnipeg, were made by the police. The detective department worked today as it has never done before endeavoring to track down the murderers of the unfortunate policeman.

At 12:40 o'clock this morning Archibald rang up Sergeant Yorke on the telephone to report that all was well. A few minutes before a call had come in from 2132 Powell street, where some roysters had broken a window.

At 1:40 o'clock he should have rung up the station sergeant again. No call came in. It is a common occurrence for constables to go off their beat for a few minutes to attend to something that has arisen within their journey and for a time the sergeant thought that nothing particular was the matter.

Search for Missing Officer Sergeant Yorke got into touch with Sergeant Shirley, who is patrol sergeant on the beat. Shirley said he saw or heard nothing. Detective Jewett was sent out to search for the constable, but no sign was seen.

Under the direction of Inspector McRae, the detectives searched the neighborhood and examined the clothes of the Shingle company.

The contents of Archibald's pockets were intact and the only thing that had been taken from the body was his revolver. It is not known whether or not the men first overpowered the policeman and then shot him with his own revolver or whether they shot him first and then took his gun as an additional protection in case they were pursued by anyone who might have heard the shots.

Woman Heard Shots. Shortly before 1 o'clock this morning Mrs. G. Wootton, who lives at 1314 Powell street, heard three or four shots. Her husband also heard them and started out to investigate, but his wife, thinking that the reports were fire, begged him not to leave the house.

Their suspicions were still further aroused when they looked out of the window and saw a man casually walking up and down on the sidewalk near the corner of Clark street and Powell street. He seemed to be quite annoyed, and acted as though he was waiting for a car. When they looked out again a few moments later the man was gone and was heard to say: "They were shot and dead and to sleep."

Constable Archibald was being dead less than 100 feet from his bedroom. Their slumber had been interrupted by the loudest murder since the shooting place in Vancouver when the shooting of William Urquhart in his liquor store on Cordova street two years ago.

It is supposed that the man they saw was the sentinel who had been guarding the operations of his companions while they were busy looting the office of the Shingle company.

The murdered constable leaves a widow and two children, one aged a year and one aged a few months. The former is a bright little chap with raven hair and the latter is a baby, although she is able to toddle around.

JOHN BRECKENRIDGE, GREAT CONTRACTOR, DIES AT HOME

Pioneer Railroad Builder and Master of Irrigation Projects Expires After Illness of Two Months; Second Operation Proves Fatal.

COMPLETE RECOVERY SEEMED PROBABLE

Was One of Continent's Greatest Railway Builders; Interested in Score of Enterprises Was but Fifty-two Years of Age; Birthday Tomorrow.

Arrangements for the funeral of John Breckenridge, who died at his residence in this city yesterday morning, will be completed this afternoon, and an announcement made to the public. It was determined tonight that the funeral would be held from the late residence of Mr. Breckenridge, at 538 13th Avenue west, but no positive day has been set, and no minister selected to officiate. Mr. Breckenridge's brother, William Breckenridge, of Chicago, is in Calgary, and in company with T. H. Roach, of the Breckenridge contracting interests, will have charge of the funeral arrangements.

The death of Mr. Breckenridge occurred yesterday morning after an illness which lasted for more than two months, and during which he submitted to two operations in an effort to remove the indirect cause of death, gall stones.

Race Between Life and Death. Mr. Breckenridge had been a sufferer from gall stones for many years, and two months ago decided to have the cause of the malady removed. The trouble had reached an acute stage, and a hurried message was sent to Dr. Mewburn, of Lethbridge, the family physician, to come to Calgary immediately and operate. Dr. Mewburn was in Chicago at the time, and he took the first train for Calgary. It was a race between life and death, but the surgeon arrived on time and performed the operation, which at first promised to be successful.

About two weeks ago Mr. Breckenridge was so far on the way to a complete recovery that he was able to sit up in bed. Then a reaction set in and a second operation was performed. This, for a day or so, promised to be a success, but the patient was taken down with a heavy cold, and symptoms of pneumonia suddenly developed. In his weakness he was not able to withstand the ravages of the disease, and he died yesterday morning.

Birthday Was Tomorrow. Mr. Breckenridge was born in Ayrshire, Scotland, and would have been 52 years of age tomorrow, had he lived. During his busy career he had a thorough early training for the great contracting works which he afterward carried to a successful termination. He first engaged in the lumber business, then learned the business of a foundryman, and finally served a hard apprenticeship in railroad building. He branched out for himself as a railroad contractor when but 23 years of age, and from his first venture until his last contract on the C.P.R. was uniformly successful.

He was but six years of age when his father left Ayrshire and settled in Peterboro, Ontario, where the boy was educated in the public schools, after which he engaged in the lumber business for a few years. At the age of 18 the young man decided to learn the boiler-maker's trade, and for the next three years he was employed in the foundry of the William Hamilton company at Peterboro, building up the rugged strength and physique which afterwards stood him in such excellent stead in his pioneer railroad and irrigation work.

Started Real Career at 21. When he was 21 he started to learn the business of building railroads, the entire continent being in the throes of a great railroad building campaign at that time. He started for Winnipeg, and engaged himself to learn the technical details of the business in the Lake Superior region, being employed on a new line on the north shore of the great lake. Two years later he branched out as a contractor in his own interests, and for years consistently and successfully followed the iron rails to the Pacific coast.

Remarkable Feat at Frank Slide. One of the most remarkable pieces of railroad construction accomplished by Mr. Breckenridge in those days was the building of the C. P. R. line across the Frank Slide, a difficult piece of construction work one mile and three-fourths in length, which was finished within 18 days.

In 1902 Mr. Breckenridge and Mr. Lund organized the well known Crow's Nest Pass Lumber company, of which Mr. Breckenridge was president from 1902 till 1908. In 1902 they organized the Breckenridge & Lund Coal company and Mr. Breckenridge was president of it until 1907. The railroad contracting firm of Breckenridge & Lund, active from 1897 till 1907, was a powerful factor in the railroad and industrial development of British Columbia and Alberta in all the years of its existence.

In Charge of Irrigation Canals. In 1904 Mr. Breckenridge came to Alberta an dtook charge of the Canadian Pacific railway company's extensive system of irrigation canals, a work that occupied nearly five years' time, being completed in 1908. In the last named year Mr. Breckenridge, through the purchase of Mr. Lund's interest, became sole owner and head of the great contracting concern. In the same year he succeeded in building the 70 miles of fencing for the Dominion government, enclosing the

JUDGE BECK SCORES POLICE METHODS OF SEARCHING

Says It May Be in Accordance With Regulations to Search Prisoners But Is Not Legal and Should Be Put a Stop to as Soon as Possible.

EMPLOYER MAY TAKE ACTION AGAINST POLICE

William Elder of Okotoks, Who Was Arrested on Charge of Obstructing an Officer in Performance of Duty is Acquitted.

The police came in for some strong criticism from Mr. Justice Beck, who presided at the criminal assizes yesterday. "This searching of prisoners is carried to an extreme," said His Honor. "I have said this before and I want to say it again. Though there may be some regulation against the police searching arrested persons, I consider it is often carried to extremes and it may be a police regulation, but it is not law. This searching is carried by the police to a point where it is tyrannical."

The case was that of William A. Elder, of Okotoks, who was charged with obstruction of the police in the performance of their duties. Elder was acquitted by the judge, who sat without a jury, only the evidence for the prosecution being heard, the judge being of the opinion that no case had been made out against the accused. James Short appeared for the prosecution, and W. H. McLaws for the defence.

On April 22 a man named Hodge, who worked in a mine under Elder at the Black Diamond coal field, was arrested for being drunk on Okotoks station. Constable Thompson, who made the arrest, was not able to control the man and called the assistance of Constable Naylor. Two other men were called on as special constables, and the mine was locked up. The man struggled hard, and it was with some difficulty that he was got to the police station.

Soon after he had been got there Elder arrived on the scene and pushed his way past the two special constables at the door. The two constables were bending over the arrested man, who was on the floor, and Elder wanted to take Hodge away back with him to his work. The constables resisted his interference, and there was a general mixup, after which Elder was placed under arrest and charged with obstruction of the police in the performance of their duties.

When the evidence of the two constables and their assistants was taken the judge said there was no need to call any defence. It was quite reasonable for an employer to try and get his employees. The case was therefore dismissed.

OBITUARY
Befus.—Died at the family residence, 524 Seventh street, Bridgeland, on May 28, Alexander Befus, aged 48 years. Mrs. Mary Brown, aged 48 years. The funeral will take place Thursday afternoon at 2 o'clock. Services will be conducted in Graham & Thomson's chapel, 609 Centre street. Interment will be made in Union Cemetery.

Brown.—The death occurred at the home of her son-in-law, Mr. J. W. Mockett, 322 Seventh Avenue N. E., of Mrs. Mary Brown, aged 48 years. The funeral will take place Friday afternoon at 2 o'clock. Services will be conducted in Graham & Thomson's chapel, 609 Centre street. Interment will be made in Union Cemetery.

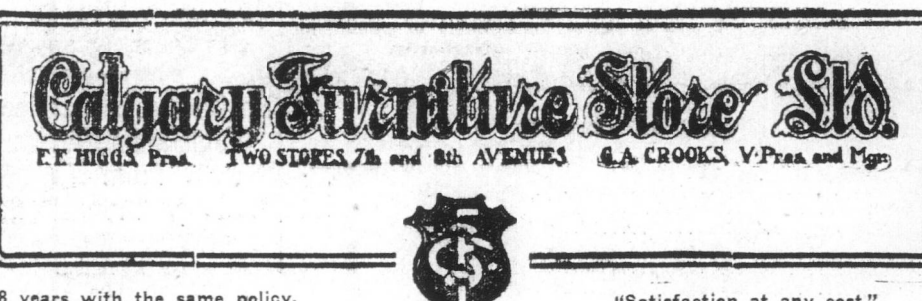

national buffalo park near Wainwright, Alberta. His more recent extensive railroad construction work has been done on the building of the transcontinental line of the Canadian Northern railroad, now under construction from Edmonton west through Yellowhead Pass to Fort Mann, near Vancouver, B. C.

Mr. Breckenridge had always been a far-sighted and progressive industrialist and had taken a leading part in a active improvement and development of the country and its resources. Among the considerable enterprises in which he took a large interest, and most of which he organized, were the Crow's Nest Pass Lumber company, Canrose Lumber & Grain Company, Lundbreck, Alberta; Breckenridge & Lund Lumber and Coal company, Canrose Lumber & Grain Company and the Claresholm Lumber and Grain company. He was president of the Calgary Pressed Brick company, vice-president and director of the Western Canada Lumber company and director of the Calgary Sewer Pipe company. He was a leading member of the Calgary Golf and Country club, and a member of the Presbyterian church. In 1901 Mr. Breckenridge married Miss Irene Porter, daughter of Doctor Oliver Porter of Tacoma, Washington, and has one daughter, Miss Altha Breckenridge, and a widow surviving.

The strongest and surest point in favor of "Salada" Tea is quality. Never in the history of a product has the Canadian people given such a sweeping endorsement of merit as has been accorded "Salada." One out of every five Canadian drinks it, and this number is steadily increasing.

THURSDAY, MAY 29, 1913.

THE RAILWAY SUBSIDIES

The Dominion of Canada will go down to the money chest and get \$16,000,000 more for the Canadian Northern railway.

The Dominion of Canada has already given in land and cash subsidies, about \$36,000,000 to that company and has received nothing in return.

The Dominion and the provinces have guaranteed the credit of this wonderful financial contribution to the extent of \$175,000,000.

The time surely has come to halt. It is true that the government in return for the subsidy gets an amount of the common stock of the railway which may be worth about one-quarter of the money which it gives.

The government goes further. It hands over to the Canadian Pacific railway, the richest railway in the world, subsidies for roads which have actually been built without any cash bonus at all. For instance, the C.P.R. by organizing the Alberta Central under another name, secures a guarantee of bonds from the provincial government, builds the road to Rocky Mountain House and now gets a bonus from the Dominion government for the work that it has already done.

It is simply an out-and-out gift. The Canadian people are being taxed to an extent quite unprecedented to provide these free gifts for the railways which turn about and charge the people of this part of the country, at least, most exorbitant rates.

Unless we are very much mistaken, the patience of the people is about at the breaking point.

The Canadian Northern railway is a wise corporation. It has a lobby which has not been surpassed in this country. It is a generous contributor to both political parties. It owns a chain of newspapers across the continent, as Calgary people know, to influence public opinion in favor of its special undertakings.

The public will watch with interest the passing of the latest through the Dominion house.

A GOOD AND GREAT MAN

Lord Avebury—far better known as Sir John Lubbock, Bart.—who died yesterday, was one of the last, if not the last, of that great school of scientific truth-seekers who shed their lustre on Queen Victoria's reign, imparting to it a halo of intellectual glory rivaling that which rendered illustrious the age of Augustus in antique Rome. Lord Avebury occupies his own particular pedestal among those moulders of modern thought who were the leaders of the tremendous intellectual revolution which distinguished the nineteenth century.

Difficult as it may be now for us to conceive, it is nevertheless a fact that when Queen Victoria mounted the throne in 1837—the great savant just deceased being then three years old—the date 4004 B.C. was still accepted, in all seriousness and sobriety, as the era of the "creation" of the world. Perhaps no single statement could more vividly emphasize the change in the point of view from which scholars regard the past than the citation of this indisputable fact. Today, though Bibles are still printed with the year 4004 B.C. in the margin of the first chapter of Genesis, no educated man, abreast of modern learning would pretend to regard this reference seriously. Astronomy and geology have taught us that when we use such phrase as "the age of the world," we are dealing with a period that must be measured not in thousands but in millions of years. It cannot be less than one hundred millions of years since our planet commenced a separate individual existence,

and even when Canada hands over the \$16,000,000 to the Canadian Northern people, there is no guarantee that the octopus will not rear aloft its greedy head as hungry as ever in some other place at some early date.

Editorial Notes

Some western people rather hoped that Mr. Bennett would consider the fulfillment of a public promise given to the people of Western Canada about the future of the public resources of more importance than the handing over of the Canadian Northern, which promise was not publicly given. The submission of the bylaw for a manufacturing building had the effect of showing the public that the Calgary Board of Trade is not the dead letter that most people believed that it was.

The weather man has founded to and is giving Alberta just what Alberta wants, and altogether there is an ap-

pearance of the very best crop that Alberta has ever had of.

on its severance from the primeval nebula whose descendants are today the sun and the solar system; and it is as likely as not that five hundred millions of years would be a more accurate figure. In 1837, too, the pedigree of mankind, as traced from Adam and Eve, was considered as an historically indisputable fact; to doubt which was a rank heresy, which, though not condemning the sceptic to the rack and the stake—as it would have done a hundred years earlier—was nevertheless sufficient to doom him to social ostracism, and to be shunned and pointed at by his fellow-men. When the late Lord Avebury was 25, however, the story of evolution began to be unfolded by Charles Darwin, the most illustrious of his contemporaries, and one of the most illustrious of men; and today, little more than half a century after 1859, it is universally recognized that man and the ape are first cousins, both having descended from a common ancestor.

In pointing out, even in general terms, the vast import of the message of archaeological discovery in the Victorian age, the name of Sir John Lubbock—Lord Avebury, as he afterwards became—will ever be among the very first which fall to paper from the point of the pen.

Anthropology points to the high probability of the efflorescence of man—as distinct from his ape-like ancestor—upon this planet as early as half-a-million years ago—say, 500,000 B.C.; and once the mind has fairly grasped the fact that man was living at so remote a time, it is a simple and natural conclusion that he should have provided himself with weapons and tools more or less rudely fashioned from the stones he found ready to his hand. Lord Avebury stands among the creators of the science of archaeology, as that science is at present understood. Early in his career, in the "middle sixties," such works as "Prehistoric Times" and "The Origin of Civilization," were proceeding from his pen; and it was appropriate that, when raised to the peerage in 1900, he should take his title from the Wiltshire village of Avebury (pronounced "Aybury"), which is famous for the largest specimen of primitive stone monuments in Britain. But in science his attention was not confined to archaeology alone. As an original author and a thoughtful populariser of entomology, botany, and philosophy, Lord Avebury had few rivals in his day, as is evidenced by the number of editions issued of many of his writings, among which the most widely read have been: "The Origin and Metamorphoses of Insects," "British Wild Flowers," "Ants, Bees, and Wasps," "Flowers, Fruits and Leaves," "The Pleasures of Life," "The Senses, Instincts, and Intelligence of Animals," "The Beauties of Nature" and "The Use of Life." To the struggling millions, who toil arduously for bread, Lord Avebury is perhaps best known as the originator of "bank holidays." Scholar and banker, politician and savant, his life was long and useful; he ranks among the "good and great"; and the world today is the poorer by his death.

The ratepayers by a small vote endorsed the obstruction policy of the small faction which is in control of the board of trade and declined to sanction a very aggressive scheme of the city council for a building to attract manufacturers. As the vote was not very large, the objection unreasonable, and the proposition not as well understood as it should have been, the city should not hesitate to submit the bylaw again. It will carry another time.

The bylaw for the purchase of Victoria Park for \$4,000, was submitted three times before the electors thought fit to pass it. What if that bylaw had not been submitted a second time? The bylaw which was rejected yesterday means as much to the city of Calgary as the Victoria Park bylaw meant to the citizens when it was first presented to Calgary citizens twelve years ago. No plainer, straighter, more business-like proposition has ever been placed before the ratepayers of Calgary. The result proves once more what every person knows, that to destroy a worthy enterprise is not very difficult when determined men get at the job. The city council should make preparations for submitting the bylaw again and the progressive citizens should organize as well as the obstructionists and then the bylaw would go through without difficulty.

THE MANUFACTURERS' BUILDING

The regular meeting of the Trades and Labor Council will be held tomorrow evening at the Labor temple. A number of matters will be brought up, including the proposed changes in the city charter, the extension of the franchise being the one in which the labor men are most interested.

Something to say. Arnold Bennett, the novelist, condemned at a dinner the average public speech. "But unfortunately," said Mr. Bennett, "the former chairman of a village council considered the public speech much more effectively than I could ever do when he rose in a somewhat disorderly meeting and remarked: 'Listen, gentlemen, listen, I am not going to make a speech. I've got something to say.'"

There will be a meeting of steam and operating engineers at the Labor temple this evening in hall No. 2. All engineers are requested to attend the meeting.

Engineers Meet Tonight. There will be a meeting of steam and operating engineers at the Labor temple this evening in hall No. 2. All engineers are requested to attend the meeting.

ARTIFICIAL ICE TO BE MANUFACTURED IN FACTORY HERE

Company Incorporated for the Making of Pure Ice has Purchased Location in Centre of Calgary and Will Also Erect An Artificial Ice Rink.

LOCAL MEN AT HEAD OF FRIGID SCHEME

Claimed that the Water Will be Absolutely Pure, Coming from Artesian Wells and When Melted Will Be Excellent for Drinking Purposes.

Calgary is to have an artificial ice factory which will be run in connection with an artificial ice rink. The former will be in a position to supply ice before the fall, and it is expected that the rink will be ready for the winter. The promoters of the scheme have already secured two acres of land in a central portion of the city, and will commence building operations within the next month. The Crystal Ice company, as the body will be known, is incorporated with a capital of \$250,000, and has an office in 417 Judge Travis building. The object is to manufacture pure clean ice on the Powell running water system. The water used will be taken from artesian wells, and in the process of forming the ice such precautions will be taken that the ice will be kept absolutely pure. It will be made by the placing of the water in lead tanks surrounded with pipes which will in no way touch the ice, while there will be

no hand work in lifting the ice, the process being done by suction. The water will be purified by high charges of pure air being driven through it. It is expected that the ice will be supplied at a very cheap rate to the public; in fact, cheaper than is done at present. There will be introduced the coupon system, and the quantity will be measured automatically. The ice will be such that when melted it will make pure drinking water. The president of the company is Dr. W. Egbert, the vice president George Zimmerman, managing director A. D. McLean, secretary-treasurer A. A. Winemate. The installation will be carried out by William Davidson of Winnipeg, who is now in Calgary for the work. Similar plants are being erected in Winnipeg, Montreal and Minneapolis.

WHAT TITLES COST HEIRESES

Twenty-One Million Dollars Expended by Three American Girls

Marriages between American heiresses and titled foreigners have been so frequent this year that newspapers give them each only a paragraph, and news more space. Perhaps the price has decreased within the past few years, but the following shows what titles have cost some American girls.

Anne Gould has to pay 114 million dollars for Count Paul de Castellane's debts and extra expenses, and then married the Prince de Sagan, who owed four million dollars, which she is now helping to pay.

The Earl of Farnmouth, had his debts of 2 million dollars paid by Alice Thaw and had 11 millions settled on him. A million of this was in real estate, and was saved by the Thaw lawyers when the couple separated. The earl soon will wed a middle aged and wealthy English widow, and Miss Thaw recently was married to an American.

Count Szechenyi had 5 million dollars settled on him, of which he was to have the income for life, when he married Gladys Vanderbilt. Three million more, which she had as her share of the Vanderbilt estate, is gone, and four years of the income with it, in the count's efforts to be a financier.

Watch Repairs of All Kinds—American, English, and Swiss. Moderate charges, work legally guaranteed. Dickens, working watchmaker, 331 Eighth Avenue East, "Just below the Queens" Phone 2440. Open till nine every night. Issuer of marriage licenses.

Pryce Jones -- Store News

A Departmental One Price Sale Thursday, the twenty odd sections of this busy store are making a special bid for the attention of Calgary's shrewd shoppers. In each section the sale lines will all be "one price" for the one day, and in preparing for the event each buyer has chosen with thoughtful discrimination that price at which he could give the greatest number of noteworthy bargains. The result is a collection of good values which it would be impossible to surpass, and hard to equal. You'll find the occasion not only one of great profit, but a real help in demonstrating to some extent the store's resources; its ability to help you meet the needs of the current season, whether it be for the home or for the individual.

Four Pairs of Pillow Cases for \$1.00

Tops the Linen Section's one-price offers—and each of the other five specials are equally good values.

Pair Real Irish Huckaback Linen Towels hemstitched or scalloped ends **\$1.00**

Irish Linen Hemstitched and Embroidered Tea Cloths, size 30x36 **\$1.00**

Linen Finished Sheets, full double bed size, hemmed ready for use; size 2x2 1-2 yards. Each **\$1.00**

Irish Linen Table Napkins, all pure linen, splendid design, hemmed ready for use. Half dozen **\$1.00**

8 yards Horrocks' Finest Cotton, 42 inches wide. A wonderful snap **\$1.00**

The Bedding Department's Price Slogan is \$5.75

And on each of the three special lines thus priced the saving is a most substantial one.

100 White Enamel Beds, with brass rods, trimmings and mounts. **\$5.75** Regular \$7.50. All one price

100 Mattresses for Above Beds—Covered in heavy sateen art ticking, faced both sides and edges with heavy layer of felt. Sale **\$5.75** price

Best Scotch Wool Blankets—Laidlaw's famous Scotch Blankets, with pale blue or pale pink borders; an all wool guarantee with every pair; weight 7 lbs., size 68x86 inches. Sale **\$5.75** pair

In the Carpet Sec. You Can Save 20c. on Every \$

In such a large and widely diversified stock of Carpets and Floor Coverings as this it is obviously difficult to fix on "one price" in the ordinary sense of the term. Therefore, instead of featuring certain lines we will give a 20 per cent. discount on every purchase of floor coverings irrespective of price.

EVERYTHING REDUCED—NO RESERVE

Brussels, Axminster, Tapestry, Wilton Rugs, etc.; all Linoleums and Oilcloths and all other floor coverings on sale. Buy just what you want and choose from the whole stock—20 per cent. off everything.

MAINLY ABOUT WOMEN

THE CONSUMERS' LEAGUE

The following constitution has been adopted by the Consumers' League of Calgary:

Name. The name of this organization shall be The Consumers' League of Calgary.

The Object. (a) To investigate the increasing cost of living and to counteract the same by any legitimate means within their power.

Membership. Any resident of Calgary may become a member of the league on payment of an annual fee of twenty-five cents.

Officers. (1) The officers shall be President, Secretary, and Treasurer, who shall attend to the general current work of the association.

Meetings. The league will be governed by an annual meeting to be held in April of each year.

Altruist Club. The annual meeting of the Altruist club of Crescent Heights Methodist church was held in the home of Miss Peckham.

To Meet Mayor Sinnott. The economic committee of the Local Council of Women which last night formally evolved into a Consumers' league will interview Mayor Sinnott this morning at 11 o'clock.

Canadian Club Luncheon. The Women's Canadian club on Tuesday, the King's birthday, are holding a luncheon in Crown's Bath-keller at 1.15.

Mr. Pinkham has returned from Victoria where she was the guest of her daughter, Mrs. L. F. Crowe.

Mr. and Miss Hutchinson are visitors at the Hat.

Mr. and Mrs. Sydney Keith are guests of Mrs. Eugene, Medicine Hat.

Mr. A. L. Sifton, of Edmonton, is the guest of her sister, Mrs. (Dr.) Sisley.

Bishop and Mrs. Pinkham have as their guests Mrs. and Miss Crowe of Victoria.

A very successful sale of work was held yesterday afternoon and evening in St. Barnabas' church, Hillhurst.

The Cinderella club held one of its regular delightful little dances in Moose Hall, Beveridge block, last evening.

The M.N.R. club had a treat at their dance last night, in the shape of Mr. Thompson, of America, a friend of Professor Robinson.

The last dance of the Social Hop club took place last night in Al Azhar a large number of friends and members being present.

At St. Matthew's, Surbiton, England, on April 25th, Gerald Harvey, second son of Alfred R. Harvey, of London, England to Miss Helena W. Ohvir, daughter of William Ashley of Calgary.

Mrs. H. P. Sheffield and her little son Teddy are leaving today for Victoria, where they will spend the summer.

The Mission Band of Wesley Methodist church will give an entertainment on Friday at 8 p.m., entitled "Mother Goose and Her Friends."

The final of the ladies' handicap at the Golf and Country club was played yesterday, Miss Farrow and Mrs. H. D. Hill having tied last week.

SENATOR BORAH SAYS HE APPRECIATES THE RUSH TO CANADA

Primes the Bad Administration of the Land Laws in United States and Declares the Emigrants from the States to Canada Cannot Be Blamed

SETTLERS DISCOURAGED BY LAW TECHNICALITIES

Government Accused of Throwing Every Conceivable Embarrassment in Way of Bona Fide Settler; the Easterners Should Develop West

One of the best advertisements of Canada land policy is furnished by Senator William Borah, who, in a letter to the Hon. J. M. Smith, New York city, states that "statistics show that 100,000 of our people are going into Canada every year for no reason, in my judgment, other than the manner in which our land laws are administered." This letter has been widely published by the press of the United States and it is certain that it will have the effect of directing attention not only to the unsatisfactory methods of administering the lands of the neighboring republic, but also to the fact that in the Dominion Land is offered to settlers in an attractive form. The views of Senator Borah on the land policy of his government are embodied in the letter, which is appended.

Sympathizes With Poor.
"I am in receipt of your recent letter in which you describe the condition of the congested districts in New York city and ask for assistance to send these people into the states that they may aid in developing the large tracts of uncultivated lands. I certainly sympathize with poor people. I have seen enough of their condition to know how miserable it is. And I am more than willing to give any aid I can in a practical way to relieve the situation."

Practical Sympathy Necessary.
"In dealing with so serious a matter it is not enough to be practical as well as sympathetic, and I doubt very much whether under present conditions it would be wise to send these poor people into the West to aid in developing the large tracts of uncultivated lands."

The situation in which we find ourselves in the west at the present time does not justify us in transporting poor people to public lands. It requires under the present administration of land laws, men of wealth to get a home upon the public domain. I do not desire you to understand that I am writing this letter in a spirit of captious levity, but New York city and other eastern cities are greatly congested with a class of people who have been driven out of their homes by the public lands of the west for the last ten years. Thousands and thousands of acres of agricultural lands are reserved and as a practical result are not open to settlement.

Laws Discourage Settlement.
"While the law technically permits settlement, the operation and administration of the law is such as wholly to discourage people from the attempt. It has come to be that every man who wishes to acquire a piece of public land is looked upon with suspicion, impeded and embarrassed by procrustean, technical objections and strained constructions of the law."

"Hundreds of settlers upon our public domain are enduring hardships almost equal to those of your own people, and for the one reason that the government of the United States, instead of aiding and assisting the bonafide settler, throws about him almost every conceivable embarrassment. My files are full of letters from homesteaders who are at a loss to know how they shall ever be able to acquire title and stand against this delay and constant harassment."

Thousands Go to Canada.
"Statistics show that at least 100,000 of our people are going into Canada every year for no reason, in my judgment, other than the manner in which our public land laws are administered."

"I may be that the east in her congested condition will see the common sense and common justice of opening up the public lands to every bona fide settler, every man who goes there with good faith to acquire and make a home on do not aid him instead of retarding him in his efforts."

"If the new era is at hand, then I can say to you that you can find homes for thousands of your people upon lands which will make most desirable homes and upon which families may be blessed with accompanying prosperity and happiness. But before you send your friends west, out of mercy to them I suggest that you join some of us in an effort to stop this everlasting pouring of people who are in good luck trying to acquire title and stand against this delay and constant harassment."

British Shareholders Discuss the Future of Union Life Assurance
London, May 27.—British shareholders of the Union Life Assurance company were called today to hear the statement regarding the company's position from Mr. William Schooling, chairman of London advisory board.

Mr. Schooling said the Canadian law was unusually severe on industrial life assurance and the department had refused to renew the company's license, although they allowed the company to continue business until the end of the month. Mr. Schooling declared that the company's position was due to rotten investments and reckless extravagance. The London board had been kept in ignorance of the true facts but Messrs. Schooling and Muckle had over to Canada and given the full facts very frankly.

Schooling finally advised the British shareholders to find £1,175,000 which will enable the company to maintain its separate existence. The subsequent discussion was very lively and occasionally excited. Mr. Schooling declared that the company's position in Canada was good with its shareholders and under new management would be made to pay.

"A Firm Bargain and Right Reckoning Make Long Friends"

So wrote Tom Paine, who, whatever else he was, was on the square.

EVERY bit of merchandise in this store is made and sold on the square, hence every item mentioned on this page is on the square.

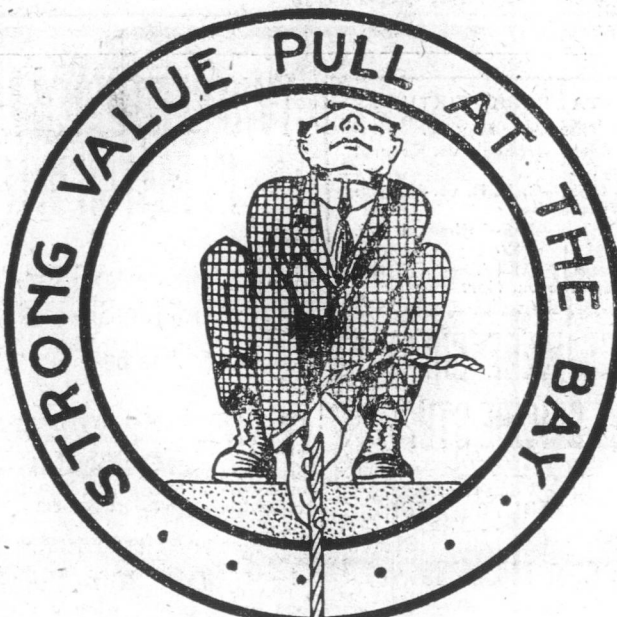

It is a typical Hudson's Bay sale, offering typical Hudson's Bay bargains. If it were not this kind, what do you think would become of this business next week and the next?

This business today must surpass in volume of sales those of yesterday. This end cannot be reached except through "firm bargains and right reckoning."

We are now selling merchandise of every description to the children and grandchildren of people who bought goods from us a generation ago and more. And we want to sell goods to their children. Can we accomplish this without making our deeds square up with our words? Has anyone ever accomplished anything any other way?

We never tire of our subject. We never tire of our merchandise or our business. It is always a pleasure to show people through the stock and there is never any obligation to buy.

Today, all over the store, the wonderful purchasing power of ONE DOLLAR will be demonstrated at this store. We tell the story frankly today. Read on!

16 Button Silk Gloves at \$1.00

Needless to tell ladies who follow the fashion news that Long Gloves are to be strong in favor this season. Here is exceptionally good value for today.

Ladies' fine quality, 16-button length, Pure Silk Gloves; double tipped fingers, and in all the standard and novelty shades of the season. **\$1.00**

HILLHURST AND LEAGUE WILL FLY FLAG OF TRUCE

THE happy time when the lamb and the lion shall lie down together has not quite arrived, and if the signs of the times may be believed this is something which is liable to happen most any old time now, for Hillhurst and the Football league have practically decided to sign a peace pact.

Last night the Hillhurst football club met and in pursuance of the conciliatory policy already started, decided to communicate with the league with a view to returning to the organization.

This decision will be followed by a meeting of the league immediately for the purpose of considering the matter and there is reason to believe that everything will be amicably arranged.

It is probable that a compromise will be reached whereby both sides recede a little in their demands, and if this is agreed upon then the football men of the city may reasonably look forward to the biggest and best season in the history of the game.

Hudson's Bay Defeat Calgary Furniture in Commercial League. The Commercial Soccer league was further advanced last night when Hudson's Bay defeated the Calgary Furniture team by four goals to nothing.

One of the best intermediate Soccer games will be played tonight at Mewata Park, when the Neilson's Furniture and C. P. R. teams meet. Both these teams are considered the strongest in their respective camps, and judging from the displays put up last year by them, the game tonight will be a hummer.

HATTERS WERE GREAT ON THE SUICIDE STUFF

No Less Than Ten Sacrifices Necessary for Mad Hatters to Beat Moose Jaw

Medicine Hat, May 28.—With the score standing 3 all, and with two men on bases and none out in the ninth, Steel was sent in to relieve Seaton for Moose Jaw, but he failed, and after booting a bunt which filled the bases, was hit for a double by Morse, which scored the winning run, giving the Hat a 4 to 3 victory.

WESTERN CANADA LEAGUE. Won Lost Pct. Saskatoon 16 3 .842. Calgary 12 3 .800. Moose Jaw 12 10 .545. Edmonton 7 13 .352. Medicine Hat 6 16 .273. Regina 6 16 .273.

Regina, May 28.—The visiting Bronchos blanked the locals today. The game standing 3 to 0 at the final. Reese served up a puzzling lot of twists with which the locals were able to connect only four times.

Regina. ABR HPO A E. Moose Jaw 101 000 001-3. Medicine Hat 001 010 011-4. Summary—Stolen bases, Moore; sacrifice hits, Giddings, 2; Morse, 1; Duggan, 1; McNamara 3; Brown 1; Troeh 1; O'Day 1; Roseback 1; Seaton 1. Hits—off Seaton in eight innings 5, and one in ninth; off Steele one in ninth; hit by pitcher in eighth. Bases on balls, off Daniels 2, off Seaton 2, struck out, by Daniels 4, by Seaton 2; two-base hits, Giddings, Moore; three-base hits, O'Day; first base on errors, Medicine Hat 2, Moose Jaw 1; left on bases, Medicine Hat 2, Moose Jaw 2. Time—1:40. Umpire, Ward. Attendance, 500.

TWO CENTURIES MADE BY ST. JOHN'S BATTERS IN MATCH WITH PRYCE-JONES' ELEVEN

P. W. Johnson and Brooke Each get in Century Club; Calgary Record for Sixth Wicket Stand Was Also Made; St. John's Declared Inning Closed at Seventh Wicket

RECORDS went flying at the cricket match between St. John's and Pryce-Jones yesterday afternoon, records that were made by the St. John's batsmen before they closed their inning at the seventh wicket, and proceeded to bowl the eleven opponents in the hour's remaining daylight.

It was a rare day out for St. John's, a record score being made, and a record was also broken for a sixth wicket stand in Calgary, when Brooke and Johnson put on 153 runs for this wicket, Brooke joining Johnson at 125 and the latter going out with the score at 278. Both these batsmen batted freely for their hundred, each having a little luck in being missed a few times in the field. It was Brooke's first hundred in Canada, and he looks like making a lot of runs.

With the score at 326 for 7 wickets St. John's declared their innings closed at seven o'clock, giving the whole of one hour in which to dispose of the eleven men out in an hour, and thanks to their good bowling and some excellent fielding the last wicket fell just one minute before time, the whole side being out for 44 runs.

CARSTAIRS WON GAME IN ROSEBUD LEAGUE

St. Paul	15	19	.441
Detroit	14	24	.368
New York	9	24	.273

Cleveland Won Bath.

Cleveland, May 28.—Cleveland took a double header here with Chicago today. The first game was played in the first two innings, as neither side got a man past second after the first.

After driving Walsh from the box in the second inning of the second game Cleveland secured an early lead of three runs. Three hits off White, who pitched for Chicago, brought two more runs in the fourth. Greig was hit rather early by Chicago after the third inning and allowed five bases on balls.

First game—100 000 000—1 6 4 Chicago—110 000 000—2 5 1 Cotte and Schalk; Kahler and O'Sell.

Second game—000 102 000—3 8 1 Chicago—210 200 000—5 10 0 Walsh, White, and Kuhn, Schalk; Greig and Carisch.

Detroit Took Series.

St. Louis, May 28.—Detroit, by winning today by 6 to 3 took four of a five game series with St. Louis. Two St. Louis pitchers were hit when runs were needed. Hall was a puzzle to the bats, and although he gave seven hits he kept them scattered and generally they were ineffectual.

At St. Louis—001 120 101—6 11 2 Detroit—010 011 000—3 7 2 Hall and McKee, Stange; Baumgartner, Hamilton and Agnew.

At New York—New York-Boston, two games postponed, rain.

At Philadelphia—Washington-Philadelphia, postponed.

Cincy Was Good.

Pittsburg, May 28.—Pittsburg could not hit Suggs, and Cincinnati won its second straight from Pittsburg, 3 to 1.

Long Hits Off Hendrix at the Right Time

Chicago, May 28.—In the longest major league game of the season today, a base on balls in the seventeenth inning with two out cost St. Louis the game, 8 to 7. The locals had the game won until the ninth, when Mitchell dropped McLean's fly after two were out. This, followed by a double, a single and wild pitch tied the score. Har-Cheney, who was the third pitcher for Chicago, put up a great pitcher's bat. The Chicago made all the early scores by bunting hits behind errors of the visitors. Pierce started for Chicago but was hit hard and gave way to Lavender. After Lavender filled the bases in the seventh he was relieved by Cheney. St. Louis, 0101002100000000—7 16 4 Chicago, 0021022000000000—8 15 2 Grier, Harmon and McLean; Pierce, Lavender, Cheney and Archer.

At Boston—New York-Boston postponed, rain.

CALGARY CRICKET CLUB MEETING POSTPONED.

The general meeting of the Calgary Cricket club which was called for tonight has been postponed until further notice.

At the league matches will start this next Saturday, all members are urged to get in as much practice as possible before this time. The nets are up on the barracks grounds every Monday, Wednesday and Thursday night.

Y.M.C.A. Team for Friday.

The following team has been chosen by the Y.M.C.A. to represent them against the Tynesiders in a Senior league game on Friday night at Victoria park at 7 o'clock.

Robertson, goal; E. Smith and Jeffrey; D. Smith, Avery and Willis; Miller, Hilton, Challinor, Roughton and Marr. Reserves Clark and West.

LANCASHIRE IS IN THE COMEBACK CLASS

Footballers Were Somewhat Surprised When Post Office Team Met 4 to 2 Defeat

The Senior Soccer league game at Victoria Park last night, between the Lancashire and the Post Office was one of the best games played in the league competition during the past two years, and although the Lancashire team won by four goals to two, the difference between the teams was not so marked as that.

Early in the first half the Post Office worked well together, and although playing with 10 men, had a big share of the game. Thornhill was playing base alone, with the occasional assistance of Cartwright, who was trying to fill the center half position and left back together. The P. O. had only 10 men on the field.

However, the display put up by the Lancashire team was revelation. They had done so poorly against the Tynesiders that it was expected the P. O. would be able to win out by the men in the primrose colors playing excellently. Hitchin was a star man, and scored one of the four goals. Land was always prominent, and Foulds and Fourshaw were excellent in their different positions. Paterson being splendid.

At half time the score was two goals to one, Evans and Thornhill being the marksmen. Thornhill's goal was a beauty.

In the second half, the Lancashire goals were scored from clean breakaways by Hitchin, and although Beveridge stopped two of them, he was unable to get the ball away altogether. The Post office later placed up well and had hard lines on several occasions. Little scored a lovely goal near the end, off a beautiful cross by Cartwright, and the game ended thus.

The following were the teams: Post Office: Beveridge, Thornhill, Miller, Cartwright, Bell, Wrackham, Little, Naylor, Paterson and J. H. Cartwright.

Lancashire: Butterfield, Tutin, Gillam, Foulds, Maise, Forshaw, Wilson, Stewart, Hitchin, Evans and Land.

JONES OF CORNELL FINISHING MILE RUN

John Paul Jones, of Cornell University, won the mile run at the annual track meet at Philadelphia between Cornell and Pennsylvania. In which the athletes from the Quaker City obtained the most points. The final score was 62 to 54. The picture shows Jones, who is one of Cornell's most prominent athletes, finishing his race with a sprint, which carried him over the tape for ahead of his opponents. Time, 6m. 28s.

AUSTRALIAN CRICKETERS LAND READY FOR TOUR

Victoria, May 28.—Australia's touring cricketers were given a royal welcome upon their arrival at the capital this afternoon. A civic committee received the Antipodean party and they were taken to the Empress hotel in motor cars, where a splendid banquet was tendered the distinguished sportsmen.

The Australians play their first match tomorrow at Oakbay, starting at 10.30 a.m. They will meet six outstanding star British Columbia eleven will play the United States. The visitors include a number of the greatest cricketers who have ever represented Australia in international matches: Edgar Mayne, Chas. Macarney, Warren Bearsley, John Crawford, Syd Emery, H. L. Collins, Arnold, Coby, Campbell, Diamond, Down, and Mailey, a goosy bowler of note.

The Australians will play in most of the important contests of Canada and the United States, their itinerary taking in Victoria, Edmonton, Prince Albert, Calgary, Winnipeg, Toronto, Montreal, Hamilton, Saskatoon, Ottawa, Philadelphia, New York, Providence, Schenectady, Pittsburg, New Bedford, Chicago and Bermuda.

See Our Dollar Bargain Window TODAY

This week we are making a long list of specials for the big Dollar Day event, and we would call your attention to the list quoted below. The chance to secure bargains of this nature does not occur very often, and at this season it is particularly appropriate. Many of the articles listed below would make attractive and inexpensive wedding presents.

CHURCH LEAGUE SCHEDULE REVISED—STARTS JUNE 3

A meeting of the executive of the Calgary Church Baseball league was held last night at the Y.M.C.A. and the following revised schedule was adopted on account of the drop from the Olivet Baptist church dropping out. As only one game has been played it was decided to make a fresh start of the league. All the games are to be played at the south diamond of Victoria park, commencing at 6.45 p.m. sharp.

A special meeting has been called for Friday night, May 30 at 7.30 o'clock. As the business to be discussed at this meeting is of vital importance, all teams are earnestly requested to have representatives on hand.

June 3—Grace vs. Central.
June 4—Wesley vs. First Baptist.
June 6—St. Paul vs. Grace.
June 10—Central vs. Wesley.
June 12—First Baptist vs. St. Paul.
June 13—Wesley vs. Grace.

Leach Cross Won.

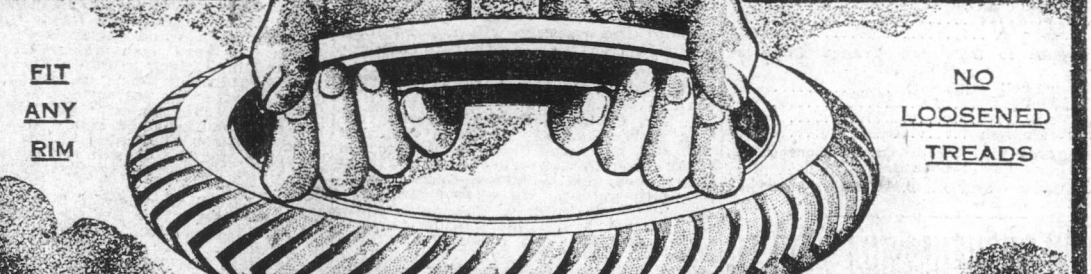

New York, May 28.—Leach Cross of New York had little trouble in out-punching Tommy Maloney of Philadelphia in a ten round bout here tonight. Maloney fought hard, but the local lightweight had the better of every round.

Cy Young Back in Game.

Chicago, May 28.—Cy Young, veteran American league pitcher, came to Chicago today at the head of the Federal league team of Cleveland and lost to the Chicago club 1 to 0.

Winnipeg, May 28.—Motorbuses for Winnipeg within three months—double deckers like those they use in London—is the promise made by a new corporation which is being formed in this city.

THE MOST MARVELLOUS JOURNEY EVER MADE BY ANY TIRE

NO LOOSENEED TREADS

¶ We claimed from the first that Tread was the only anti-skid tire. Do you think in view of what that we claimed too much? ¶ If you manufactured an automobile tire along new lines and, after the tire was about a year old, it went through the most gruelling of tests with flying colors, wouldn't you be as proud of it as we are? ¶ Remember, we didn't have to subject Dunlop Traction Tread to such a test because the tire had made good with a vengeance on the basis by which all other automobile tires are being judged—that of everyday service and anti-skidding. ¶ Now, you know as well as we do that any and every kind of test thought of by man or enacted by nature, must come up in an across-the-continent tour. Railroad tracks, gumbo beds, corduroy roads, worn-out trails, sand hills—these were some of the seemingly insurmountable tests which met the pathfinder, but Dunlop Traction Tread survived them all. ¶ In the face of such a tire triumph can any motorist deny that Dunlop Traction Treads offer him the most of that which any tire can be expected to give, and further, can you as a motorist conscientiously afford to invest your money in anything less?

Flor de Claro

\$25. In A 10c. Cigar

\$1,000 In Cash Presented To The Cigar Smokers Of Alberta

To introduce "FLOR DE CLARO"—The 10c. Cigar With That Fascinating Flavor.

We want to put a regular Western hustle on the sales of "Flor de Claro" cigar. That's why we are giving away \$1,000 in cash to cigar-smokers. This sum has been appropriated to introduce "Flor de Claro" 10c. Cigars in Alberta. We feel that the men who are going to buy this cigar, and enjoy it, and buy more, and tell their friends what a down-right bully smoke it is—are the men who ought to get the greatest benefit from this \$1,000.

In making up "Flor de Claro", our cigar-makers roll an aluminum tag into some of the cigars. Some tags are stamped "25c."—others "\$25." In every box of "Flor de Claro", there is at least ONE 25c. aluminum tag. In other boxes, there are tags which your cigar man will redeem for \$25. in cash.

The Cigar that pleases the popular fancy 20 years skill and study are in every "Flor de Claro" Cigar. All that we have learned about Havana tobaccos and Havana cigar-making—about blending certain tobaccos to get certain results—we have put in "Flor de Claro". This blend is our own—thought out—tested out—proved out—by ourselves. It's a blend you can get only in "Flor de Claro"—a blend to please the popular taste—every man's cigar.

Tell your cigar man you want to try "Flor de Claro"

Get a quarter's worth and see if it isn't all and more than we have led you to believe it would be. Of course, if you get a 25c. or \$25. prize, you'll feel pretty good over your purchase. But whether or not you win a cash prize, you'll get a prize in pleasure with every "Flor de Claro".

TABLOID MUSICAL COMEDY AT THE LYRIC MONDAY

Just as fresh, just as comical and just as melodious as on its former visits here, Boyle Woolfolk's nifty song show, "The Sunny Side of Broadway," will commence a week's engagement at the Lyric theatre Monday, June 2. This ludicrous vehicle with its gaily bedecked chorus, its plaintive melodies and its wit and humor, with many new and pleasing surprises, will inaugurate the Tabloid Musical Comedy De Luxe season at the Lyric theatre. From coast to coast companies will follow each week with the successes of the musical comedy genre, such as "Madame Sherry," "The Place and the Girl," "The Girl Question," and "The Balkan Princess." Each and every attraction will have complete productions consisting of a cast of scenery and effects, with many other original ideas which made their respective shows popular in the two dollar houses, and a fairly large chorus, and a company consisting from 16 to 23 persons.

There will be three performances daily with a matinee at 2 o'clock and two shows nightly, first at 8 o'clock and the second show at 9:30.

An hour and twenty minutes of bright, snappy performance will long enough to hold the audience in rapt attention and not long enough to tire.

Miss Bates' accomplished act could portray the type of woman created by the author. "The Witness for the Defence" is declared to be the crowning achievement of Blanche Bates' record behind the footlights.

AUTHOR LIVES IN A GARAGE

Dire Results Predicted if Londoners Invite Hadden Chambers

London, May 28.—The architectural enterprise of Hadden Chambers, the playwright, is to be commenced to house-hunt in London. The author of "Innocence" has converted a Park Lane garage into a charming residence—an idea which suggested endless possibilities.

Others who are looking for a Park Lane address on the economic plan may be informed that garages are very expensive. Park Lane magnates must have their motor cars, almost sleeping on the premises. One could lease a country mansion for the rest of an inspection trip in Mayfair.

Mr. Chambers, having converted the last of the garages, one must turn to another "scent"—"Mews," for instance.

GOVERNMENT WILL ADD TO DOMINION JUDICIARY

Increase Compensation of Judges and Pension Those Who Grow Old in Service

Ottawa, May 28.—The order for Saturday sittings was passed at the opening of the house this morning.

Sir Wilfrid Laurier asked if the government had any new measures to introduce. Hon. Robt. Rogers replied that there were none of any importance. He thought that one or two bills under the order paper would be dropped.

Judgeships Created

Notice of a resolution to amend the Judges' act and to provide for a number of new judgeships has been given by Hon. C. J. Doherty, minister of justice.

By proposed amendments provide for an additional district judge of the province of Ontario at a salary of \$3,000 per year; for an additional judge of the court of king's bench, Manitoba, at \$6,000 per year; for an additional justice of the supreme court of British Columbia at \$7,000 per year; for an additional justice of the supreme court of British Columbia at \$8,000 per year; for an additional judge of the county court of Ontario, \$2,000 per year; for the county court of British Columbia at a salary of \$2,000 per year; for an additional judge of the district courts of Saskatchewan, each at a salary of \$2,000 per year; for an additional judge of the exchequer court of Montreal, \$2,000 per year.

Provision for Salaries

It is also provided that except where otherwise entitled to large salaries,

MUCH FRENCH CAPITAL WILL COME TO ALBERTA

Baron d'Aubigny and Mayor of the Town of Noyen Visiting Edmonton

Edmonton, May 28.—Baron Albert d'Aubigny, an ex-deputy of the French assembly and mayor of the town of Noyen, France, is in the city. René Lemarchand and A. V. Lujebet, two prominent citizens of Edmonton, have just returned from a missionary trip to France, where they went with the object of interesting French capital in Edmonton.

Baron d'Aubigny, who is a brilliant speaker and clever writer, will during his stay here gather material for the completion of a book commenced by Etienne Lamy, secretary of the French academy, who was here for five weeks during the French-speaking congress, which was held last summer. The baron and M. Lemarchand and Lujebet were entertained while in Ottawa by Sir Wilfrid Laurier at a special reception, which was presided over by the high commissioner for Canada.

question of extending the period of military service to three years was being considered.

As a result of the visit of Messrs. Lemarchand and Lujebet to France, it is probable that a good deal of French capital will be invested here. While Messrs. Lemarchand and Lujebet were in Ottawa by Sir Wilfrid Laurier at a special reception, which was presided over by the high commissioner for Canada.

Medicine Hat, May 28.—Yesterday morning the splendid Fifth avenue \$100,000 Methodist church was formally dedicated, following the preaching of the dedicatory sermon by Dr. S. J. Bland of Wesley College, Winnipeg. Dr. Bland spoke at both morning and evening services and presided at the dedication in the absence of General Superintendent, S. D. Kinnon. Assistant Rev. N. McDonald, pastor of the church, and Dr. Bland, was Rev. A. L. Russell, ex-president of the London conference. Rev. George C. Webber, secretary of the Alberta conference, was also on the platform and announced the public meetings of the annual Alberta conference which opens in this city tonight. About 50 delegates have already arrived, and some 200 from all parts of the province are expected.

The new church is attracting unusual comment from visitors because of its impressive beauty and splendid adaptability to church purposes. From an architectural standpoint the building embodies all of the latest ideas and improvements in church construction. It is without question one of the finest church buildings in Canada.

With its immense tower, magnificent windows, and elevation made necessary by site, it gives an impression of massive beauty and symmetry that is not soon forgotten. Its location on the slope of the hill gives direct access to the sidewalk on Fifth avenue and to the pastor's study and choir room on Montreal street.

The interior of the church was designed by the local architect, W. T. Williams, to meet the needs of the Medicine Hat congregation. The main balcony that will seat 450 people, while the combined seating capacity of the main floor and balcony is 1,000. Eleven hundred people were taken care of at the opening Sunday night services without crowding.

The pews, pulpit, altar and furnishings are of dark oak, giving a rich and substantial tone to the general color scheme.

Edmonton, May 28.—The baptismal font will make Edmonton his headquarters during his stay of two or three months in this country, during which time he will familiarize himself with the country as well as possible in so short a time. Notwithstanding the statements of such boosters as Messrs. Lemarchand and Lujebet, the baron was astonished at the size of the city of Edmonton and the class of buildings being erected here. He is particularly charmed with the municipal ownership system which controls all the public utilities.

Regarding affairs in his own country, the baron said that France was enjoying a period of peaceful prosperity, and France desired to remain at peace. It is owing to the warlike rumors in other countries that the

CATTLE STEALER FREE; COMPANION GOT A STIFF SENTENCE

Judge Beck Finds Henry Hough Guilty and Lets him go on Suspended Sentence for Cattle Stealing; Hackman Gets Eighteen Months.

Eighteen months is hardly what one would term a long sentence for cattle stealing, but it will doubtless appear such to Dusty Hackman, who is serving it out at the Barracks, while his companion in the crime, Henry Hough, is free on suspended sentence.

The latter sentence was the justice meted out by Mr. Justice Beck at a supreme court yesterday. The former was given by Judge Carpenter in the first week of February. There is something of irony about the case when it is learned that Hough, who goes free, is the man who fired the shot which killed the stolen beast.

"Absurdly lenient" were the words which Judge Beck said would be applied to his sentence, but he declared himself more lenient to the first offender than any other judge on the bench, and at the same time more severe on the hardened miscreant. The man was young and he would have a chance as evidence in his favor had given him a very excellent character.

The case goes back to the beginning of November last, when Hough, with Hackman and another young man, Fred Chapman, engaged a man Stauffer to cut a crop of hay. The work was done on the farm of Stauffer and the man who owned the farm left and went to Calgary. The others and the work was done, but Stauffer did not return. The provisions ran short. Then they got hungry, and Stauffer, who had employed Hackman to a neighbor's farm at night and shot down a heifer, which they found that Stauffer, who had employed them had gone out of the country.

Buried Remains Found

No more was heard of the matter until January, when Hough, the man who had owned the heifer, with Sergeant Trundle of the Mounted Police, Chapman and the remains at the farm. Hackman was then arrested in Calgary, charged and sentenced to a speedy trial by Judge Carpenter, who stated that it was an unusual instance of cattle stealing as it was done in a mean way and the owner had only a couple of calves and one was taken.

Hough was later arrested at his father's home in Provost and brought up for trial at the Supreme court yesterday. Chapman and Hackman were the witnesses who gave the evidence as recorded above. A. Mc-Gillivray, who appeared for the defense addressed the judge saying that as the only evidence was that of accomplices which was uncorroborated there was only one decision which could be given which was acquittal. Judge Beck thought that might be true to a certain extent but the evidence was too plain to see and his only duty was to consider that the reliance on it was dangerous.

Exemplary Character

His Honor then proceeded to find the accused guilty. Yet before sentence was passed the counsel for the defense adduced the testimony of the father of the accused and a number of friends showing that he was but 19 years of age, and had up to the present been an exemplary character.

The judge said he would be designated by many as absurdly lenient when he declared he would not commit the guilty man to jail. He would merely ask that his father and another would give bonds of \$500 each for his good behavior for two years. He would give the man a chance. He had not his lesson and would probably now turn out a good citizen. The judge said he would not say that his sentence was wrong but, had he been on the bench, he would have been more lenient in the circumstances.

The bond was then signed by the father and a friend of the guilty man and he was allowed to go. While Hackman was taken back by the Mounted Police to serve out his sentence at the barracks having still over a year to go.

CONVICT MADE PETS OF MICE

An Affectionate Farrowed When the Prisoner Was Transferred

London, Eng., May 25.—An interesting story is told in the report of Captain Hanson, the prison commissary at Parkhurst jail, that two pet mice, but was ordered to another prison, where they were kept in a little box he had lined with flannel, and with them a piece of bread and a piece of cheese he had saved.

Fishermen from New England ports are charged with selling mackerel with bottles in the local option districts. It has been discovered that some dealers have been bringing in intoxicating beverages from satisfying his appetite. The sentence is a fine and the judge for a man C. dirty around his own bar in his vest pocket.—Vancouver Sun.
