## HOURS OF POLLING ARE UNCHANGED

(Continued From Page 1.)

ing of freight trains from the divisional points on elections, to protect railway employes.

Mr. Macdonell (South Toronto) offered an amendment to open the polls at 8 a.m. in ridings situated in whole or in part in cities with a population of 200,000 or over, but this was voted down, and the section of Judge Doherty's bill extending the hours of polling was defeated on a vote of 10 to 12 in the committee of the whole by a large majority.

The clause requiring employers to give an extra hour to their employes on election day without any reduction of their wages was adopted. The bill to amend the Controverted Elections Act so as to shorten and simplify the trial of contested election cases also encountered opposition and was finally left in committee.

Adjourn Over Friday. On motion of Mr. George E. Foster, the house adjourned over tomorrow (Good Friday), but will sit on Saturday and Easter Monday.

Hon. Mr. Codrington, secretary of state, announced that the subscriptions to the Canadian patriotic fund to date totaled \$3,496,518.

Several government bills were passed and the bill respecting the National Transcontinental was given a second reading. The formal resolution declaring it to be expedient to enfranchise the soldiers of Canada was agreed to without discussion, and Judge Doherty introduced his bill for the purpose. The debate will occur upon the second reading.

Election Act Changes. The house then went into committee of the whole upon a bill reported by the special committee on elections to amend certain clauses of the Dominion Elections Act.

A. K. Maclean (Halifax) said the first three sections of the bill changed the laws that now existed in Saskatchewan and Alberta. In those provinces, when an elector's name was not upon the list he could vote on election day by making an affidavit before the deputy returning officer as to his qualifications. Mr. Maclean said he had concurred in the recommendation of the committee in ignorance of the fact that the western provinces had no provincial elections lists. The roll for each election was made up by temporary enumerators and a great number of names were omitted.

Mr. Turfitt (Assiniboia) also argued that thousands of electors would be disfranchised in Saskatchewan and Alberta if they were not allowed to qualify by affidavit upon election day.

Carnival of Corruption. R. B. Bennett (Calgary) took an opposite view. He described Alberta elections as "carnival of corruption." The enumerators, he said, were hungry hordes, and usually violent partisans, and they made up the rolls carelessly and corruptly. In Calgary at the Dominion election in 1911 the enumerators omitted many prominent Conservative citizens, including Mr. Bennett himself. The trouble, he said, could be cured by a provincial election list, but the Stinson government had failed to bring into effect a law passed for that purpose. In the pioneer days Mr. Bennett considered it perhaps necessary that men should qualify at the polls, but a more up-to-date system should now be established. Some extraordinary stories were told in the west respecting the wholesale voting of men who were willing to commit perjury. At one election a change of 200 votes at four subdivisions in the same riding. It was quite common, he said, to run a train load of men from British Columbia to vote at Alberta elections. The men, thus brought in voted as directed and then returned to their own provinces.

This section was finally dropped and the house then went into a discussion of section four of the bill, which provides that the polls shall be open from 9 a.m. to 6 p.m. instead of from 9 a.m. to 5 p.m. as at present.

Oppose Longer Hours. A. K. Maclean made many proposals which had been submitted to the select committee, having for their object

# PEACEFUL VALLEY

## "Supplyville" Attacked and Taken by Invading Forces in Sham Fight.

### CREDITABLE SHOWING Col. Logie, Chief Empire, Pleased With Behavior and General Results.

Leslie Junction and vicinity presented the appearance of an armed camp all day yesterday when the second contingent divided into an attacking and defending force fell upon one another and fought for the possession of an imaginary village named "Supplyville," near Edginton avenue. The crack of rifles and "rip" of machine guns filled the peaceful valley of the Don with unaccustomed sound, and the artillery boomed out impressively. The country being both hilly and level in spots was ideal from the point of view of military tactics.

A force called "white" defended the village of Supplyville, about two miles east of Yonge street, and supposed to be the communication line of an army operating in the vicinity of Leslie Junction. The "white" force consisted of cavalry, one company of infantry, 13th Battery C.F.A., and a motor ambulance corps. The "blue" attacking force, contained the 19th and 20th battalions, 14th and 15th batteries, C.F.A., and a company of machine guns, under Field Ambulance Corps, all under Lieut.-Col. John I. McLaren.

The attacking force, preceded by the cyclists, under Lieut.-Col. Danison, discovered "the enemy." They were held up by the Mounted Rifles. The two infantry battalions of the enemy were driven back, and the defenders were dislodged from their first positions. After an hour's let up for lunch the enemy resumed, making the final assault on "Supplyville." They were successful in their attack but not quick enough to dislodge the defending force, which was held up by the cyclists, under Lieut.-Col. Danison, discovered "the enemy." They were held up by the Mounted Rifles.

Col. W. A. Logie was chief umpire. After the manoeuvres were over, he said: "The soldierly spirit displayed by all the ranks during the somewhat trying day was very creditable. No decision of course, was given, as the tactical exercise was for instruction only. Any mistakes made by the units concerned will be pointed out at a conference to be held later."

The troops behaved very well and fire discipline was very well observed by the infantry. The Mounted Rifles, owing to the nature of the ground, did not have any opportunity of using their rifles during the day. To decision, however, was given, as the tactical exercise was for instruction only. Any mistakes made by the units concerned will be pointed out at a conference to be held later.

## COMMISSION WILL INSPECT THE ROADS

### SUPPOSED OFFENDER WAS OUT ON PAROLE

Program of Work for This Year to Be Approved at Next Meeting.

An extensive program of road improvement involving a total expenditure of \$100,000, was submitted to the York County Highway Commission yesterday by Engineer E. A. James, but decision regarding the work to be done was withheld pending a general inspection of the roads by the commission on April 12.

The Western road will be proceeded with at once, the engineer being instructed to call for tenders. Officers will also be received for the construction of the small bridges, one at Castle over the Rouge, on the 6th concession, one at Brown's Corners, on the 4th concession, one at Sherwood, on the west branch of the Don, one over the Rouge at Markham, and another over the Don at Concord.

Inspector of Detectives George Kennedy, talking to The World yesterday, said Arthur Connolly, who is alleged, discharged a number of revolver shots at Acting Detective Nichols on Wednesday night, was sentenced to ten years in Kingston in 1905, and was paroled in 1912. Connolly was known to be a desperate criminal, and when arrested a loaded revolver was found on him. The inspector blames the parole system for the shooting on Wednesday.

Louis Lennox, 12 Bruce lane, was arrested yesterday by Acting Detective Koster, charged with assaulting James Stackman, 2 Agnes street. Just Had a Row. William Hanwell and John Doyle were remanded until Tuesday by Magistrate Denison yesterday on a charge of attempting to rob and assault Wm. Dunn at the corner of St. George and Dundas streets. The men were arrested by Sgt. Sweeney, and aware that there was a little altercation between them following a drink.

Entering a back door, a burglar on Saturday night dressed himself in a suit of John Burns, 25 St. Vincent street, stole jewelry and money and disappeared. The police were notified. On a charge of keeping an opium den, John Burns was fined \$100, and a similar fine was given him for having his doors barricaded, thus obstructing the police.

They are Afraid. The twenty Russian Poles who were arrested at St. Stanislaus Church for illegally drilling and then charged with vagrancy were allowed their freedom yesterday as they were proved to be "free" men.

Mr. Rose Strange was fined \$100 and costs on a charge of keeping liquor for sale in a room in the basement. Gertrude Watson was sentenced to 40 days in jail in the women's court yesterday on a charge of larceny.

# WOULD STOP TRADE IN DECREEIT HORSES

The necessity of putting an end to the large trade in decrepit, unworkable horses, which is carried on in Toronto, was the main point which was discussed at a meeting of the Toronto Humane Society urged in an address on the work of the society at a meeting of the East End Ratepayers' Association in St. John's parish house, Norway, last night.

In showing that a large amount of lameness and sore feet prevalent among Toronto horses was due to the hard roads, he advocated the construction of hard roads for fast traffic and soft ones for slow traffic. During the past year 1850 persons had been prosecuted for cruelty to animals, 1500 of whom were Toronto people; \$2400 was paid in fines.

Speaking with reference to dogs, Mr. Craven stated that the "mad dog" cases should be killed immediately. There have been very few cases of rabies in Toronto, he said, "in fact I am doubtful whether such a thing exists at all."

Following a short discussion among the members, reference to the curbing of the city soldiers, a resolution was adopted demanding that some kind of assurance be effected by the city council.

# EARLSCOURT WOMEN HEAR DR. HASTINGS

"If we put our public health on the bargain counter we will get what we pay for, but economy is really economy when efficient," said Dr. Hastings, addressing a meeting of the women's branch of the B.I.A. in Earlscourt school last evening on "Public Health." Sickness is a very expensive thing and so is death. If we make mistakes in public health it is a serious thing which money cannot rectify."

Dr. Hastings gave an interesting description of the work of the health department. He said that the department almost two hours, was much appreciated.

Miss Meldrum, who presided, in the absence of the president, said that the board of education elections, and appealed to the men to place their wives' names on the voting list by making them owners of their property.

Water, if obtained from New Toronto, would be carried from New Toronto street, and as the New Toronto station was not high enough, a "boosting" system would have to be erected. The estimated cost of trunk sewers and water mains, if water were obtained from New Toronto, was \$27,882, and of the trunk sewers, \$12,000, and the extension of branches, amounting to \$35,440, and \$27,000 local improvement tax on an assessment of \$100. Reduction in fire risk would save \$1 per year.

Photography Under Fire. One of the most fascinating spots at general headquarters is the map department. Thousands of maps of various kinds and sizes have been produced here since the war began. They vary from large maps to the smallest, and are used for a variety of purposes. The maps are used for the purpose of the battery and the photographs are used for the purpose of the battery and the photographs are used for the purpose of the battery.

As one goes forward from general headquarters towards the front, one can see in contact with more and more men, and realizes quickly that the war is a struggle of men and machines. The men are the heroes of the war, and the machines are the tools of the war.

Every day brings its letters and newspapers, every day also brings its news of the fighting. The men are the heroes of the war, and the machines are the tools of the war.

**OBEEDIENCE FIRST SAYS THE CHIEF**

Duties of Policemen and Entire Department Told by Him.

**EQUAL TO POSITION**

High Tribute Paid to Inspector George Kennedy in Address.

Altho Detective Inspector George Kennedy has not been in office long he has shown that he is equal to his position. Chief Constable Graesset of the Toronto Police Force spoke very highly in his favor when addressing members of the municipal research bureau yesterday afternoon. He was giving a general talk on the police force and told of a case where Inspector Kennedy had been offered \$10,000 to allow certain American bank-ers, who were wanted in the United States, to go free. The bribe was turned down and the men were subsequently deported.

Detective Wallace located the bankers in a downtown hotel and when he requested them to accompany him to the inspector's office they offered him the above amount. Three officers told them to offer it to the inspector, well knowing that it would be turned down. He assured the present yesterday that the members of the police force cannot be influenced by money when executing their duty.

Several other officials of the department came in for recommendation during the talk. Col. Graesset expressed his deep feeling at the loss the department sustained when former Deputy Chief Stark died recently.

**Obedience is First.**

At the present time there are near 700 officers and men in the police force. Commencing with his own he explained the duties of all subordinate officers down the line to the constables. He stated that he was responsible for the efficiency of the force and had to be strict, firm and just, kind and considerate and had to exact implicit obedience. "If obedience comes before all else," he said, "because without it there would not be discipline in the ranks."

He has to investigate all charges against those under him and attend all serious fires and riots. He has to prepare the estimates which he said would be between \$400,000 and \$600,000 for 1915. He explained that the necessity for the raising of pays was owing to the increased cost of living, that the \$9000 it takes for the upkeep of the police signal system and the maintenance of the wagon and ambulance services and the clothing, made the estimates so high.

"The police commissioners," he said, "have the power to call witnesses and take their evidence under oath the same as a magistrate. They have the final say in all charges laid by citizens against members of the force. They make all promotions and grant all increases and give merit marks. They have power over the benefit fund of the force. The fund commenced some years ago with \$10,000 and has now \$550,000 approximately to its credit."

In explaining that only policemen on night duty are armed he said the detectives were an exception. He cited the case of Acting Detective Nichols, who narrowly escaped being shot by a burglar on Wednesday night during a revolver fight on Palmerston avenue.

**GAMEY CHARGES FELL SUDDENLY**

Summarily Disposed of and Government Satisfied Nothing Was Wrong.

In the morning session the threatened Gamey charges were summarily disposed of. N. W. Rowell asked the premier's intentions and was told that the Manitoulin member had declared his innocence of wrong-doing or improper use of office in selling mining stock. He had intimated that he feared no charge on the subject.

The Corporation Tax Act was amended to make the flat rate on insurance companies reach \$30,000 instead of \$25,000, and another removes the minister's restriction on refund to companies paying up their dues in order.

The clause taxing pullmans, refrigerator cars companies, etc., 5 cents per 100 miles, was cancelled for further consideration. The government bill providing that the members of the advisory council of education members expire no elections will follow caused discussion.

Wm. McDonald's bill to grant legislative franchise to women with municipal votes went down amid great laughter after an impassioned exposition by the Bruce member.

**MEETING FIZZLED OUT**

Public Accounts Committee is Closed for the Year.

The closing meeting of the public accounts committee yesterday fizzled out in remarkably short time. The last attempt of the opposition was to gain from Emil Laverdure, license commissioner of Russell, and License Inspector Campbell, some admission of political activities in the last provincial election. It was suggested that they had worked for Laverdure's brother, who was in the field for the Conservatives, by urging action on hot-telkeepers.

Both men in the stand denied the interchange of any money or the use of their positions to influence voters. After several attempts the opposition gave up and the meeting adjourned for the year.

**JAPANESE DEMANDS QUESTIONED BY U.S.**

Violation of China's Sovereignty Hinted at in Note.

**CHINA GIVING WAY**

Further Important Concessions Made at Peking Conference.

TOKIO, March 27.—(Delayed in Transmission.)—The American Government's note, recently forwarded to Tokio, concerning the negotiations between Japan and China, dwelt lengthily, according to reliable information, on three points in the demands made by Japan: the purchase of munitions of war by the Chinese Government, and the third dealt with the question of foreign loans.

The Washington government it is said, submitted that if Japan insisted on the right to be consulted by China in the selection of foreign advisers it might be a violation of the sovereignty of China.

**Violation of Principle.**

It is further contended that if Japan insisted on the purchase by China of munitions of war in Japan, and insisted that she be consulted with regard to certain foreign loans in the province of Fukien, in South Manchuria, the independence and integrity of China and the equality of commercial opportunity in that country.

**MORE CONCESSIONS.**

PEKING, April 1.—The negotiations between China and Japan, looking to the acceptance by the Republic of the demands presented by Tokio shortly after the Japanese occupation of Kiao-chau, were again saved from disaster today by the fact that the Chinese statesmen made further concessions to Japan. The Chinese offered to waive entirely the question of Chinese jurisdiction over Japanese immigrants to South Manchuria, except in cases involving land ownership. M. Hiroki, the Japanese minister, undertook to submit this proposal to Tokio.

**RURAL POPULATION ON THE INCREASE**

Hon. Jas Duff Upholds Policy of Government in Agricultural Matters.

Agriculture was the theme which consumed the whole afternoon and evening in the legislature, with the Hon. Jas. Duff, minister of agriculture, urging a new policy of administration and the government proclaiming the excellent conditions now prevailing in the province.

A lengthy resolution submitted by T. Marshall of Lincoln proposed an educational system as a solution to many of the difficulties, a check to rural population and an imperative demand in a year when increased production was demanded. Schools, demonstration farms, rural credits, cooperative buying and loans at low interest rates to settlers provided features which he elaborated at length. He advocated the establishment of one model farm in each county, where economic experiment in the various crops, even to the consumer.

Hon. Jas. Duff doffed his cap and congratulated the speaker on his remarks, but in addition to this, engine-men have instructions to stop their trains as gently as a sigh. The day train leaves Toronto Union Station at 10:20 a.m., night train at 11 p.m. 4-3-5

**TENDER FOR BOOTS WAS "IMPOSSIBLE"**

Brown Unable to Explain Why Time Limit Was So Short.

By a Staff Reporter.  
OTTAWA, April 1.—How Charles E. Slater, a Liberal contractor and middleman, got an order for boots in March, 1913, from the militia department thru H. W. Brown, director of contracts, was brought up in the boots committee today, and some pointed questions were put by F. B. McCurdy, M.P.

Several days ago George Slater of the Slater Shoe Company told the committee that when tenders for army boots were called, he was given only four days to deliver 25 per cent. of the order. It was an impossible tender and he protested. Then Charles Slater was given the order for the Gauthier Company on a basis whereby he could not say why the successful tenderer was allowed to deliver his first boots weeks later.

Mr. Brown, who said he was private secretary to Sir Frederick Borden, could not explain why he set such a short date for tendering. He admitted it was an impossible tender and it was a very large order, but he could not say why the successful tenderer was allowed to deliver his first boots weeks later.

Col. Brown, chief inspector, gave the committee the following list of 1843 pairs of boots rejected since Jan. 5: Aylmer Shoe Co., 642; Cook-Pitgerald Co., 268; Hart Shoe Co., 124; W. B. Hamilton, 1; J. F. Humphries, 8; Perth Shoe Co., 8; Bellido Shoe Co., 226; Regal Shoe Co., 259; Valentine Co., 75; Williams Shoe Co., 1, and E. P. Wright, 4.

# NEWS OF SPECIAL INTEREST TO WOMEN

## SILKS IN DEMAND FOR FORMAL WEAR

Some Handsome Afternoon Frocks Exploit New Features.

**SMART CABLE-CORDING**

Extensively Used, and Combination of Materials Popular.

Cable corded effects are featured in the smartest of silk frocks for afternoon wear. By means of this cording tiny frills are put on the hems, increasing the voluminous appearance of the skirt.

One particularly attractive afternoon frock in pale heliotrope, with flower trimmings of pink and blue French roses, is cut on the alluring empire lines, and at the hem of the scooped skirt a three-inch ruffle falls over a dainty lace petticoat which extends several inches below the frock proper. At each of the scoops points a tiny nosegay of the flower catches the silk up to increase the picturesque effect. The shirred girdle and low square-cut bodice with shoulder-puff sleeves are interesting features.

The fad for black and white is exemplified in another handsome one-piece costume. The foundation is of rich black and white striped silk with a hem of black velvet about five inches deep.

**Tunic Fashion.**

A series of sheer black chantilly lace frills are arranged in tunic fashion on the skirt, each frill being bound with narrow black velvet ribbon. A bolero jacket effect in the blouse portion and long sleeves of the lace add to the smart effect, and a pretty broad-dropping brimmed sailor hat with dainty and long streamers is a necessary accompaniment for the chic costume.

A striking feature of the most exclusive frock is the combination of plain and figured silks in the one-piece costume. Brilliant and almost daring are some of the designs shown—impressive polka dots, rose patterns of brilliant lines, and all manner of striped silks are displayed in combination with elegant one-toned materials.

The choir of Parkdale Methodist Church are performing Charles Gounod's wonderful oratorio, "The Redemption," Good Friday night. Mr. Frederick Phillips and James Galbraith, baritone and tenor soloists, have the exacting part of narrators. E. R. Bowles, organist and director.

**CENTRAL METHODIST SERVICES**

The choir of Central Methodist Church will occupy seats at the front of the church for the Easter services today, instead of the usual place in the gallery. The pastor, the Rev. Dr. Cleaver, will preach morning and evening and the choir will provide appropriate Easter music. At the evening service, with organ, trumpet and piano accompaniment, part of Gounod's "Redemption" will be rendered under the direction of J. M. Sherlock, choirmaster of the church.

### The Passion Flower

"The Passion Flower or Flower of the Passion is the one main contribution of the western world to the symbolic flowers of Christendom, and these star-like blossoms have taken as worthy place beside the mystical roses and trefoils of ecclesiastical decoration."

So points out Harriet Keeler in one of her charming flower-books.

Certainly the passionflower are true natives of tropical America, not, I think, being found native anywhere else in the world.

The passionflower incarnate is the type of the family that has been chosen as most symbolical of the Passion. A strong hardy vine which throws its clinging tendrils firmly around what supports it may reach, the plant sends out blossoms that have no rival for beauty of form, intensity of color and general splendor of character. These unique blossoms, five-petaled, and crowned with a striking coronal of fringed purple rays, forming a fringe reaching to the edge of the petals, measure often two and even three inches across.

The rich purple of the crowning rays presents a wonderful contrast to the snowy purity of the petals. The devout monks of the last century, who strove by their earnest teachings to fix their faith firmly in their pupils' minds, used these strange blossoms as an example of how the great Passion has been forever perpetuated in flower-land.

They saw that the various parts of the blossom pointed to various sacred things. The three styles, long, and capped by purple heads, represented the nails that fastened the hands and feet; the five wounds; the glorious purple corona, was taken to represent forever the crown of thorns, or the rays of eternal glory. As the floral leaves were but ten, they are supposed to represent the ten apostles, one being absent, having denied his Master, the other lost, since by him was the One betrayed. The palmate leaves call to mind the persecutors, and the clinging tendrils can only fittingly be described as meaning the biting scourges. So did the early Christians take the blossoms and leaves of this wonderful plant as an uplifting representation of the one great suffering.

One cannot but be struck with the mystic beauty of this flower. To study its parts and its beauties is to open one's eyes to the wonders of plant-life, and this means much since it means a certain knowledge.

(Now as to the growing of the vine in the south the plant grows luxuriantly wild, or in the garden. For verandas, pergolas, summerhouses and other situations, this Passion vine stands pre-eminently the first among its fellows. Hardy outdoors as far north as Maryland, it has been known to survive a mild winter even in some parts of our Canada. Here in Ontario, where the ground becomes so frozen that so many long worked plants are killed, the Passion Flower cannot be managed outdoors. In greenhouses, of course, it is a different matter. Several gardeners have told me that they have grown the vine very successfully in Ontario. And this, by planting in a movable tub or deep pot constructed out of a half-barrel, which can be brought indoors to winter up at any rate moved to a spot where the intense frost may be kept from the roots.)

Colds

The best way to treat colds is to prevent them. Yesterday we outlined some ways of protecting the little baby, and these with some added apply to older children as well. Fresh air every hour of the day and night, winter and summer, that is the treatment.

Fresh air's most important ally in the prevention of colds is, of course, constant watchfulness on the mother's part in avoiding over-exposure, direct draughts and wet feet. This same watchful care sees that correct clothing suits the many changes of temperature. It sees that each child is on a right diet and has enough nourishing food. It sees that each child has plenty of sleep, and that his days follow each other, planned after an orderly routine. It sees that adenoids and enlarged tonsils are attended to, and the general health not affected by neglected teeth.

A cold once acquired, however, needs careful handling. If the baby's nose runs, keep it clean with vaseline. Do not give him medicine, except castor oil, and every three hours drop a little warm salt and water into the nostrils. Warm olive oil is good for this purpose, too. If the saline solution seems to irritate. If the throat is sore, apply a hot pack. Take a strip of flannel about two inches wide, dip it in hot water, squeeze thoroughly and wind it around baby's neck. Cover this with dry flannel or cotton and fasten securely. Change the pack every half hour until the inflammation is relieved. If the baby has fever consult a physician, for fear of contagious disease. A cold pack is just as good, but not

### LINES KEPT CLEAR FOR FIRE ALARMS

W. H. Saunders Says He Has Right to Be Conservative Worker.

**INQUIRY GOING ON**  
Evidence Yesterday Very Similar to Previous Day's Statement.

A number of witnesses from Adelaide, Bay and Lombard Fire Halls were questioned at the resumed session of the fire department investigation yesterday before Judge Denton. The general trend of examination was the same as carried out last Monday upon the conduct of the men in the hall; how they spent their time while on duty, if they had seen any drinking, gambling or betting going on in the fire hall in which they were employed, or if any women of loose character had been in the hall.

W. H. Saunders, telephone operator, who testified Monday, was recalled and asked as to political activities interfering with his duties on the fire department.

A clause was read by I. S. Fairly, of the city legal department, who is conducting the examinations, from the report of the Bureau of Municipal Research, which deplored the system of records kept very well understood by the men. The chief also told his honor that he had attempted to institute several reforms, since the last fire department inquiry, two years ago, and since the report of the Bureau of Municipal Research had been published, but the city council had not given him permission to use them.

Thomas Williams was the first man called, who testified that he had been on the fire department for twenty years and was at present at Adelaide.

"What kind of drills are given?" asked Mr. Fairly.  
A: Physical, or ladder drill every day for one hour.  
Q: Any life-net drill?  
A: Yes, a man goes to the top of the stable, which is two stories high, and jumps into nets held by firemen.  
Q: Can you turn in a general fire alarm?  
A: Yes.  
New Alarm System.  
At this point Chief Thompson explained to his honor a new alarm system with proper instructions how an alarm is to be rung in. Mr. Fairly told Judge Denton that he had inspected this new system, and it looked like a good one, and that it had been put in after the Noble inquiry was ordered.

Samuel Wilkinson was then called.  
Q: Do you confirm what the previous witness said about drills?  
A: Yes.  
Q: How long were you on probation?  
A: I went on in February and got my uniform in May.  
Q: Has there ever been any political influence brought to bear upon you to vote in civic or provincial elections?  
A: No.  
Q: Have you ever seen any loose women in the station, or any drinking, gambling or bets taken?  
A: W. H. Saunders, telephone operator, was again put on the stand.  
Q: You are a member of Ward Four Conservative Association?  
A: Yes; I have an absolute right as a free-born Canadian to belong.  
Q: Are you a prominent member?  
A: Well, after belonging for thirty years I should be very well known.  
Q: Do you hold any office?  
A: No.  
Q: Do you understand you collected funds for the Conservative picnic?  
A: Yes, with others on the committee.  
Q: Who carries the subscription book?  
A: All on the committee.  
Q: Have you done any collecting

### CANADIANS TOOK MANY PRISONERS

More Than Two Thousand German Captured in Recent Encounter.

Canadian Associated Press Cable. LONDON, April 1.—The latest news of Canadians at the front is that up to two or three days ago at least they had enjoyed a period of comparative inactivity for over a fortnight, and were not expecting this to be broken immediately. "We are still stuck off the firing line," writes one in the centre of the Canadian forces. "I am not allowed to tell anything about the fighting we did recently, except perhaps to say we took over two thousand prisoners, while the German casualties are estimated at 16,000. These figures are from an official message of congratulation read out to us. All the troops engaged in the line have been strengthened. The chances of the Huns breaking thru a celluloid cat in Hades. The firing during part of the battle was simply terrific. From four in the afternoon till eight next morning our guns were blazing away and the Germans were blazing back. The rifle fire was one never-ending rattle."

### CAUGHT AT BORDER AND WAS INTERNED

Paul Jokel Was Allowed Freedom Yesterday, However, From Alien Camp.

After repeated applications to the registrar of alien enemies for his release from internment, Paul Jokel was successful yesterday. On March 25 permission was given for his release by Gen. Otter on condition that he would promise to report weekly. Jokel agreed to the conditions, and the registrar changed the order for the reporting to be done semi-weekly. Jokel was interned soon after war was declared, as it was believed he was a German reservist. When a detective was sent to obtain his signature to an undertaking Jokel failed to appear, and the next morning he left for the United States in an automobile with a woman who claimed to be his wife. Information led the police to believe that Jokel's wife was on a visit to Germany, and he was arrested in Niagara Falls and subsequently sent to Kingston. Later he was transferred to Stanley Barracks. When issuing the release Jokel was warned that in the event of his failing to report he would immediately be arrested.

### TWO TORONTO LADS ESCAPE FROM LAW

Boys Arrested at Galt for Theft of Bicycle, Vanish in Night.

Special to The Toronto World. GALT, Ont., April 1.—Roy Black, 16, and Robert Hunter, 15, of Toronto, who were arrested here for the theft of a bicycle, escaped from the Children's Aid Society detention home at Berlin. The boys pleaded guilty in court and were remanded in custody of the Children's Aid Society until it was decided what to do with them. They took the sheets from their beds, tied them together and made their escape. Mrs. Patrick J. Kelleher, 84, probably Galt's oldest resident is dead at her residence, Wellington street. She was born in Ireland and came to Canada when sixteen and for sixty-eight years had lived continuously in Galt. Her husband died thirty years ago. The report of the local customs office on the returns for February and March showed increases due to the seven and one-half per cent war tax. While local manufacturing pieces were slack for a while, war orders have made things busy, and many of the foundries are working night and day on shells. The customs returns are as follows: Total for fiscal year, 1913-14, \$281,677.85; total for fiscal year, 1914-15, \$222,044.81; decrease, \$109,822.51.

### STUDENTS WROTE MILITARY TESTS

Five Hundred Varsity Men Aim to Qualify as Subalterns.

High praise for the action of King George and Lord Kitchener in offering to prohibit the use of alcohol in their households during the period of the war was given by Secretary Ben H. Spence of the Ontario Temperance Alliance yesterday. The students have been fully coached by experienced officers since the beginning of the term. Men who tried the military test are exempt from one of their pass subjects. The written examination will be followed by a practical test, which will be held during the camp at Niagara in May. The men who are successful in passing the tests will be fully qualified lieutenants.

### CORNWALL CITIZEN DIED FROM INJURY

George Fatterly Caught Foot in Sawmill Belt While Adjusting It.

Special to The Toronto World. CORNWALL, April 1.—George Fatterly, 42, of Maple avenue, while assisting in cutting wood at the home of Abe Eligh with a power-cutting outfit, was so seriously injured that he died a few hours later. The belt came off the saw and when Mr. Fatterly went to readjust it his foot caught, he was drawn up to the engine and his right leg was mangled so badly that it had to be amputated above the knee. The operation was performed by Dr. Marcelus, assisted by Dr. Dickey, but the patient was so weak that he died a few hours later. He is survived by his wife, his father and mother, one sister, Mrs. Becker, of Buffalo, and four brothers, Roy, in Yewwood, Alta.; J. Bernice and Earl W., of Toronto, and Oliver, of Ottawa.

A Two Year Compromise

As is usual in long drawn-out debates there is a good deal of truth on both sides of the school trustees term dispute...

There are good reasons for desiring a more permanent membership on the board. They need not be repeated here, but they are valid and cogent.

There are also good grounds for the objection to the piecemeal election, whereby a clean sweep can never be effected...

We cannot agree with those who have been denouncing the school board for extravagance. While the demands of the pupils are at their present level it is the board of control which is to be condemned...

We shall probably have to pay more for temporary accommodation for the surplus school children than we would pay for the annual share of the necessary building expenditure...

Rightly or wrongly, the foreign policy of the present administration of the United States has been regarded as dictated more by pecuniary than moral considerations...

WRONG ONE YEAR RIGHT THE NEXT

Sturgeon Falls Enters Action Against Imperial Land Company for Taxes. Injunction Granted.

Litigation Over Payment of Insurance Held by Late Dr. Ireland.

Mr. Justice Kelly gave judgment at Osgoode Hall yesterday in the action of Sturgeon Falls against the Imperial Land Company for taxes.

The refusal to pay was based on improper assessment, the main grounds set up being that the assessments on lands subdivided are defective and in that they contain no reference to plans and surveys as required by section 22 of the Assessment Act.

His lordship says that there was much carelessness or want of appreciation of the necessity of complying with the imperative provisions of the Assessment Act.

The assessment officers received scant assistance from the defendants' representative.

The plaintiffs' counsel admitted that many of the assessments were invalid for grouping. He found the lands had been improperly assessed in some instances in 1911.

The plaintiffs are entitled to succeed in respect of assessments which his lordship found to be valid in the years 1912 and 1913; also entitled to add to the amount of their liens on each separate lot or parcel a proportionate share of the costs of the proceedings.

Mr. Justice Britton granted an injunction till the trial in the application of the L.O.P. against Mrs. Mary Jane Ireland of Toronto.

The order offers to pay the defendant \$2250 on the policy for \$5000 on the life of her son, Dr. W. M. Ireland, formerly of Court Sherwood, Toronto, which he joined in 1902. He died in Kansas City, March, 1914, and the coroner's certificate gives cyanide poisoning as the cause.

The ground is taken that in case of suicide there is only a limited liability. Mrs. Ireland has entered action in Missouri courts to compel payment of the full amount, but the injunction granted restrains her from proceeding with the action until the question of the order's liability has been disposed of by the Ontario court.

The second division appellate court last Tuesday is: Jameson v. Hydro-Electric, Montgomery v. Walker, Tamborine v. Hamilton Street Railway, Toronto v. Glass v. Toronto, Toronto Plate Glass v. Toronto (cross appeal), Macdonald v. Davies.

EXAMS. UPPERMOST IN STUDENT MIND

University Lectures Closed Yesterday and Final Grind Begun by Undergrads.

Lectures closed yesterday at Toronto University. The students have until April 9 to prepare for their examinations, although the majority will not commence to write until several days later.

The amended time-table for the arts examinations contained a number of changes. The time of writing on the papers in the morning has been changed from 8 to 10.30, as it was found possible to regulate the schedule so that the medical and science students could write their tests in their own buildings.

Tom Smith of Hamilton — it does sound unreal to anyone who does not know Hamilton.

To anyone who knows the truth-telling force of fifteen years, the sale of the Semi-ready store at Tom Smith will be left with Mr. Mack after the first week in April.

Mr. Smith will arrive in the city on Monday to pack up what is left of the stock of clothes and of men's furnishings and as this stock is still in first-class condition, he will incorporate it with his present store.

"We are taking our machine bravely in this closing," said a Semi-ready man. "We have already lost thousands of dollars in getting the big stock down so that it could be bargained for by some merchant, and we are glad that the remainder goes to a reputable merchant."

Bargains will be offered on Saturday that will sweep clean some of the lines which Mr. Smith said would not go in Hamilton.

HUNDREDS SLAIN BY TURKISH BUTCHERS

Fresh Atrocities in Persia Reported—General Massacre is Feared.

Verbal messages from Urumiah confirm earlier reports that more than 800 persons ready have been killed in that neighborhood and that more than 2000 have died of disease. These messages also confirm the reports of the Rev. Dr. E. J. Allen, a Presbyterian minister at Urumiah.

Hostilities between Russian and Turkish forces in Persia have been resumed. On March 25 the Russians defeated the Turks in a sanguinary battle at Akatur, north of Dilman.

The Turks lost 12,000 in killed, wounded and prisoners, as well as many guns.

REGINA, Sask., April 1.—Local opinion of government dispensaries was the chief topic asked by a committee of 100 from the "Banish-the-Bar" Association, which waited on the cabinet this morning.

At the conclusion of the conference the premier stated that the requests were reasonable and would receive full consideration.

EXPERT UNDECIDED ABOUT INCINERATOR

Could Not Tell Which Style Was Best When Asked.

DISPUTE IN ACCOUNTS Matters Pertaining to Hydro System Come Up for Discussion.

The tenders for the new garbage incinerator to be erected on Winton avenue occupied a large portion of the board of control's time yesterday.

Controller Spence wanted to know from the city's \$2000 a year incinerator expert if he could say from the plans and specifications submitted by the two tenderers which one would do the most work.

As it is often the case with civic departments, the electrical inspection department requires more men to do the work than the city engineers had.

The board of control yesterday ordered City Treasurer Patterson to pay \$25,000 to Miller & Gibson for the construction of a dock at Ashbridges Bay.

The city's accounts in connection with power for the electric car lines from the hydro-electric system are in dispute and Chief Engineer Gaby has recommended that \$15 per horse power be allowed to vary.

The regular meeting of the city council has been adjourned until 2.30 Wednesday on account of its falling on Easter Monday.

It would appear that the remarks of Dr. Hastings, M.O.H., regarding efficiency etc., when the board of control wanted to cut his estimates, are well founded.

The controllers yesterday refused to allow three civic employees to go to the front. They are T. V. McCarthy of the waste water prevention department, A. Margerison of the marine section of the works department, and G. P. Cates, cost clerk in the sewer section.

Mrs. Wiseneighbour Says:--

"I should have told you the other day, when I was speaking of Eddy's Washboards, that it is just as necessary to have an Indurated Fibreware Tub to hold your clothes if you want to make a success of washday."

Mrs. Newlywed Says:--

"I've heard of Eddy's Indurated Fibreware. What's the difference between fibre and woodenware?"

"Fibreware is made from compressed fibre, baked at extreme heat. All in one solid piece, it cannot warp or fall apart. No chance of splinters. Wears much longer, looks better, and is light to carry. The latter point you should always take into consideration," concludes Mrs. Wiseneighbour.

Princess Mary Will Receive Bracelet With Flags of Allies and U. S. A.

**COURT PRO-AMERICAN**

King Makes Remarkable Speech on Friendship Between Britain and U.S.

Special Cable to The Toronto World. LONDON, April 1.—Princess Mary, on her 18th birthday, April 24, will receive from her mother a \$2500 bracelet bearing the flags of England, France, Russia, Belgium and the United States done in jewels and gold enamel. Originally her majesty had intended to have pictures of the rulers of the countries of allies, with President Wilson added as a friend, but she finally decided on flags as a more permanent souvenir.

This is but an example of the fact that the English court grows daily more pro-American, and if the queen could be seen by the American people, compliments and expressions of goodwill to the latter, the questions would not be long under discussion. There is little doing at the English court at present, but the Anglo-American continent always holds a place in whatever festivities there are in progress.

At a small dinner party at Buckingham Palace a week ago there were present many Americans, including the Duchess of Roxburgh and Lady Beatty, and the table decorations were a noticeable feature at the dinner, in honor of the American guests and the centrepiece was arranged as the flag of the United States. The last time that this particular royal courtesy was paid to another country was when President Loucheur was a guest of King Edward. Anglo-American women have also been frequently in attendance at Queen's Mary's series of afternoon teas, held in her own boudoir, although the series was commenced only for the Queen's most intimate friends.

King's Friendly Speech. Perhaps the most remarkable evidence of the royal desire to be particularly polite to America was the speech of the King, made recently at the headquarters staff mess at Aldershot. After the health of his majesty had been drunk in the usual course, the King replied and proposed the health of the "commanding officer and staff," but in his speech the King made a rather remarkable allusion to England's unbroken friendship with America for the last hundred years, and in proposing the toast coupled it with the health of "our oldest friend, if not ally, the United States of America."

**WITH THE TOUCH OF KIND FINGERS**

Bandages Are Rolled, Cut and Trimmed by Young Artists.

**CANADIAN GIRLS' PART**

Making Materials to Soothe the Pain When Bullets Wound.

Disciples of Hellas who usually are engaged in things poetic and artistic, were yesterday at the rooms of the Heliconians, employed upon the more practical but no less interesting work of making hospital supplies.

Under direction from an expert, the members of the club began the sessions during which they will give of their best, in the patriotic cause of assisting to swell the great bundles which will go later to the big base hospital of the University of Toronto.

Among the first who began operations was the president, Miss Betella Kerr. Usually the time of this young woman is spent in the evolution of pictures and landscapes by means of palette and brush, but the fingers which adapt themselves so skilfully to those implements were none the less expert in the more tender task of making a "compress" or opening up and preparing a dressing.

A producer of books, Miss Emily Weaver, was another who put in an appearance for the first roll call at the Heliconian Club.

The world of music was represented by pretty dark-eyed Isabel Sneath, whose finely interpreted music is known to all Toronto. Miss Sneath is as busy as she is clever, but she found time to give an afternoon for the cause, and to play the baggages which she rolled will have an extra power to soothe, because from the finger-tips of the Canadian girl who prepared them.

They have received something of that which can even "soothe pain to ease and make despair and madness please."

Then there was another artist in the group which had assembled at the early part of the afternoon, Miss Dempster, whose talent in the line of imparting of her own knowledge to others is well substantiated by the responsible position she holds in one of Toronto's ladies' colleges.

"You might take these ravelings from these bandages," said Miss Kerr to the scribe member of the club, who happened along, and in compliance with the request, the loose threads were taken away from between the fingers that usually played the typewriter or pencil, and as the cobweb filaments gathered themselves into fantastic waves, visions of the war seas arose, and one felt surely it is good to be here—surely it is well to be anywhere, when the great work of ministering to the comforts of the men who are saviors of the empire is in progress.

**GOOD FRIDAY CONCERT.**

The leading musical event tonight, from a popular standpoint, will be the big concert at Massey Hall, at which there will be presented the following splendid program: Part I—Quartet, "Hymn Before Action," The Adansac Quartet; reading, "Reggie"; Miss Kathleen English; song, "Sound the Fife"; (by request), Miss Mary Bruce-Brown; violin solo, "Echoes from the Forest"; "Duncan Gray," with variations, etc., Miss Nellie McHugh; quartet, "Jesse, the Flower of Dumbane," the Adansac Quartet; song, "Ave Maria" (with violin obligato), Miss Mary Bruce-Brown; piano solo, Rhapsody No. 2, Dr. Harvey Robb; Part II—Quartet, "Scots Wha Hae," the Adansac Quartet; violin solo, "Echoes from Avshire," introducing "My Boy Tammy"; "This is No Man's Land"; "O' a' the Airts," "My Love She's But a Lassie Yet," Miss Nellie McHugh; reading (a), "The Relief of Lucknow," (b), "The Empty Flag" with musical accompaniment, Miss Kathleen English; song, "Toot's 'Good-bye,'" Miss Mary Bruce-Brown; violin solo, "My Ain Kind Dearie," Miss Nellie McHugh; quartet, "Hail, Smiling Morn," the Adansac quartet. "God Save the King," by the company. The price of tickets is 25 and 50 cents, as usual. Those who have not already secured their seats should do so today, and in that way avoid crowding tonight.

**SOCIETY**

Conducted by Mrs. Edmund Phillips

His Honor the Lieut.-Governor, Mrs. Hendrie and Mrs. Hendrie will spend Easter at The Holmstead, Hamilton, with Mrs. Hendrie.

Mrs. Finlay G. Macdormid, wife of the minister of public works, who has been with her husband during the session, has left for her home in St. Thomas.

A wedding was quietly solemnized at 2:30 o'clock yesterday afternoon, in the presence of only the immediate family, at the home of the bride's parents at 645 Markham street, when Edith Helen, fourth daughter of Mr. and Mrs. Samuel Hassett, was married to Mr. Frank Leroy Wilson, Chatham, Ont., formerly Winnipeg, second son of Mr. and Mrs. J. A. Wilson, Chatham, Ont., the Rev. Dr. W. H. Hincks officiating. After a reception Mr. and Mrs. Wilson left on the 3:40 o'clock train for Chatham, where they will reside, the bride traveling in an Alice blue corded silk tailor-made, white net and marabout stole and mist, black hat with blue and old rose.

Leut.-Col. E. A. Stanton, Government House, Ottawa, was at the Clifton Inn, Niagara Falls, Ont., yesterday; also Col. Made Greene, of the Peniston and Miss Demson were at the inn.

Mrs. C. S. Bond and her niece, Miss Allen Erb (Winnipeg) are leaving for Atlantic City this week.

The musical tea for the University Base Hospital, in the new office building at the corner of Queen and Greenview streets, on Saturday afternoon, from 3 to 5 o'clock, is going to be a very smart entertainment. The room will be under the management of Mrs. Harry Paterson, assisted by Miss Clara Oates, who will have charge of the 24 pretty girls in white, girdled with the University colors, who also appear in the dainty little caps worn by the waitresses. The following are the girls helping the good cause: The Misses Marjorie and Mary Kirkpatrick, Miss Jessie Jean and Grace George, Mrs. Harry Newman, the Misses Dorothy and Mary Langmuir, Miss Gwendolyn McWhinney, Miss Joyce Ince, Miss Sydney Pepler, Miss Betty Brough, Miss Kathleen Temple, Miss Jessie Webster, Miss Gay Caldwell, Miss Constance Henderson, Miss Helen Kitchener, Miss Marjorie Cooper, Miss Edith Scott, Miss North Roberts, Miss Phoebe Aird, Miss North Wilmot, Miss Kathleen Smart. The program will be of special excellence. Mrs. J. A. Roberts will be one of those taking part. Mrs. Arthur has given the exquisite French bouillonniers which will be for sale, and will make charming Easter gifts. Those who have promised candy, etc., will please send them in between the hours of 9:30 and 1 o'clock on Saturday morning.

Mrs. H. D. Gooderham is collecting in Winnipeg for the opening of the Vesley old pupils towards providing beds in the Shorncliffe Hospital, which will be added to those collected in Toronto from the Glen Mawr old girls.

Miss Spooner is leaving on Monday for Atlantic City.

Mrs. T. W. McGarry, who has been in town since the opening of Parliament, has returned to St. Thomas for Easter and later will be back in town.

Mrs. H. D. Warren has presented a motor ambulance to the Queen's Canadian Hospital, Shorncliffe, England.

Mr. Frederic Nicholls and Miss Beale Nicholls have returned from Atlantic City and New York.

Mrs. Mulock has left for Atlantic City.

Mr. H. C. Schofield and Miss Miriam Schofield left on Wednesday for New York and Atlantic City.

Miss Kathleen Chambers is spending Easter in New York with her aunt, Mrs. Kenneth Stuart Forbes.

Mr. and Mrs. J. J. Seitz, of Pine Hill road, are spending their Easter week in New York with Mr. Ernest Seitz.

**Receptions Miscellaneous.**

Mrs. H. C. Tomlin and Miss Tomlin for the first time in their new home, 313 Russell Hill road, corner Heath street, on Wednesday.

Mrs. A. P. Webster, 308 Russell Hill road, met again this season.

## JESS WILLARD IN BOASTFUL MOOD

Fighters at Havana Give Out Interviews—More Officials Appointed.

NEW YORK, April 1.—Interviews with Johnson and Willard were printed here today as called from Havana. The white man is reported as saying that he felt good enough to beat the black with one hand (meaning Willard) tied behind his back, thus casting all past performances to the winds.

Jack Johnson—"I am hardly able to wait for the bell that will send us in the ring. I have waited so long for a chance to win the championship that the time now to start makes me wild to get into the ring. I feel good enough to beat Johnson with one hand tied behind my back."

The fight starts on Monday at 12.30. Havana time, or 1 p.m., Toronto time, in the open air at the race track. A heavy rain would necessarily cause a postponement.

M. J. Hinkel of Cleveland was today named alternate referee. He will referee in case Jack Welch is for any reason unable to reach Havana in time. If Welch does get there it will be Hinkel's duty to sit at the ringside ready to step in and relieve Welch in case the latter should get knocked out by a stray punch or suffer from sun sickness.

## Johnson Tried Shark's Fins Training Diet

Jack Curley got the shock of his life the other day when he went out to Johnson's quarters to see him work. "Where's the big fellow?" asked Curley of faithful old Bob Armstrong, who met him at the training camp gate, when he got in.

"He ain't gone down to range for a shark's hunt," said Bob. "For what?" screamed Curley. "For one of them dar' shark's hunts," repeated Bob.

Curley braced himself against the fence, as he saw visions of his \$30,000 worth of fighting machinery wading into the water, in quest of the gentle man-eaters that gambol about in the waters off Morro Castle. Jack tore for a machine and raced to the docks to head off Curley, when he saw him.

"Well, you can't go," yelled Curley, in a white rage, that was 95 per cent fear. "There's no danger," urged Johnson, as Curley nearly collapsed. "You simply fish for them from the deck of the steam yacht, and your only chance to lose the decision with one of those man-eaters is to be pulled overboard by one of them," said Johnson.

Curley groaned, and his joints cracked like an old barn door in a windstorm. Then he pleaded, Johnson laughed. Jack threatened. Johnson bared his golden smile to the Cuban sun and held it. Curley finally was compelled to agree to the hunt, provided he could come along as a bodyguard over his leading man of the big show.

Eight outside of Morro Castle, there exists the finest little shark colony on earth. Even the awdiddle sharks are twelve and fourteen feet long and capable of eating and digesting a perfectly good sewing machine canvasser. Shark hunting is the class A sport of Havana, and Johnson simply had to be in on it.

It is dangerous in the extreme, this sport. Reports have it that Curley didn't stand guard over Johnson long. By the time Johnson had landed his fifth shark of the day, our noble promoter, Curley, was stretched out on the flat of his back, the most seafish man on the Gulf of Mexico. The largest shark captured measured fifteen feet in length. Shark fins were the piece of resistance at Villa de Johnson's dinner that night. But, mention shark or any other word beginning with "s," and poor Curley gets pale around the gills.

The following team will represent Lancashire against Maple Leafs Saturday at Eaton Field, kick-off 4 o'clock: Dady, Holt, Featherstone, Arden, Sam Jones (capt.), Knowles, Art Jones, Woodward, Bowman, Hammett and Abram. Reserves: Rigby, Rainford and Thompson.

The following team will represent Havlock Bros. League: Fisher, 185; 188; 190; 192; 194; 196; 198; 200; 202; 204; 206; 208; 210; 212; 214; 216; 218; 220; 222; 224; 226; 228; 230; 232; 234; 236; 238; 240; 242; 244; 246; 248; 250; 252; 254; 256; 258; 260; 262; 264; 266; 268; 270; 272; 274; 276; 278; 280; 282; 284; 286; 288; 290; 292; 294; 296; 298; 300; 302; 304; 306; 308; 310; 312; 314; 316; 318; 320; 322; 324; 326; 328; 330; 332; 334; 336; 338; 340; 342; 344; 346; 348; 350; 352; 354; 356; 358; 360; 362; 364; 366; 368; 370; 372; 374; 376; 378; 380; 382; 384; 386; 388; 390; 392; 394; 396; 398; 400; 402; 404; 406; 408; 410; 412; 414; 416; 418; 420; 422; 424; 426; 428; 430; 432; 434; 436; 438; 440; 442; 444; 446; 448; 450; 452; 454; 456; 458; 460; 462; 464; 466; 468; 470; 472; 474; 476; 478; 480; 482; 484; 486; 488; 490; 492; 494; 496; 498; 500; 502; 504; 506; 508; 510; 512; 514; 516; 518; 520; 522; 524; 526; 528; 530; 532; 534; 536; 538; 540; 542; 544; 546; 548; 550; 552; 554; 556; 558; 560; 562; 564; 566; 568; 570; 572; 574; 576; 578; 580; 582; 584; 586; 588; 590; 592; 594; 596; 598; 600; 602; 604; 606; 608; 610; 612; 614; 616; 618; 620; 622; 624; 626; 628; 630; 632; 634; 636; 638; 640; 642; 644; 646; 648; 650; 652; 654; 656; 658; 660; 662; 664; 666; 668; 670; 672; 674; 676; 678; 680; 682; 684; 686; 688; 690; 692; 694; 696; 698; 700; 702; 704; 706; 708; 710; 712; 714; 716; 718; 720; 722; 724; 726; 728; 730; 732; 734; 736; 738; 740; 742; 744; 746; 748; 750; 752; 754; 756; 758; 760; 762; 764; 766; 768; 770; 772; 774; 776; 778; 780; 782; 784; 786; 788; 790; 792; 794; 796; 798; 800; 802; 804; 806; 808; 810; 812; 814; 816; 818; 820; 822; 824; 826; 828; 830; 832; 834; 836; 838; 840; 842; 844; 846; 848; 850; 852; 854; 856; 858; 860; 862; 864; 866; 868; 870; 872; 874; 876; 878; 880; 882; 884; 886; 888; 890; 892; 894; 896; 898; 900; 902; 904; 906; 908; 910; 912; 914; 916; 918; 920; 922; 924; 926; 928; 930; 932; 934; 936; 938; 940; 942; 944; 946; 948; 950; 952; 954; 956; 958; 960; 962; 964; 966; 968; 970; 972; 974; 976; 978; 980; 982; 984; 986; 988; 990; 992; 994; 996; 998; 1000.

## PRESIDENT SUSPENDER NONE SO EASY

## STAGE IS SET FOR LACROSSE CONFAB

Delegates Arrive for O.A.L.A. Convention—New Clubs Enter.

Amateur lacrosse is booming. The delegates arrived in abundance last night for the annual convention of the Ontario Amateur Lacrosse Association, in Victoria Hall today, and everybody reports a big revival throughout Ontario. With all the chief offices going by acclamation the preliminary coning was hardly up to last year, but this will not hurt the feeling, and Secretary Frank Doyle looks for an increased membership after notes are counted this morning.

Last year's list had 76 teams entered, comprising seven senior, 15 intermediate, 18 junior and 16 juvenile. Close to 50 teams paid their fees early last night and with the delegates that are to arrive this morning last year's record should be boosted. Stirling, Millbrook and Tara were new clubs to pay fees for the intermediate series last night and Norwood entered the juvenile series. Lakefield is another new one expected.

Joe Lally was very much in evidence. He reported that the national game has caught on with a vengeance and that towns who have not played lacrosse in years will turn up today for the annual doings. Several delegates are carrying the proxies of towns in their vicinity and Lancaster of Hawkeston has no less than 28 votes to cast today.

The convention opens at 10 a.m. and will be in session all day. Following is a complete list of the nominations for the various offices of the Ontario Lacrosse Association: President—J. B. Hinds, Orillia (acclamation). First vice-president—T. W. L. Tegar, Toronto (acclamation). Second vice-president—J. B. Brown, Fergus; W. H. Merklinger, Hanover. Secretary—Frank Doyle, Toronto (acclamation).

Executive (ten to be elected)—J. Dundas, Toronto; E. H. Johnson, London; Dr. W. T. Powers, Port Elgin; C. Hocking, Toronto; E. Lancaster, Hawkeston; E. Dopp, Toronto; E. Doyle, Newmarket; W. J. Westwood, St. Catharines; B. Booth, Orangeville; T. E. Bell, Bradford; W. R. Rutledge, Hespeler; T. Henry, Brantford; W. H. Gurney, Wingham; J. Ross, Toronto; W. G. Hester, Ottawa. Auditor (three to be elected)—J. F. Lennox, Toronto; Col. Craig, Fergus; T. E. Lennox, M.P., Aurora; D. Ross, Toronto (acclamation).

## AN O. A. L. A. CHANCE.

Among the attractions of the annual convention should not miss are the opportunities to buy really good clothes, such as every smart man would be proud and satisfied to wear. At a store like Hickey's, 97 Yonge street, which makes a specialty of meeting the requirements of the many who cannot afford fashionable prices, that city boy will find a line of goods equal to the best, at prices ranging from \$20 to \$35, according to quality of cloth and furnishings.

Harry O'Loughlin of St. Catharines, secretary for many years of the Canadian Lacrosse Association, is sponsor for the candidature of Ald. W. J. Westwood of that city to place on the council of the O.A.L.A. Ald. Westwood is a well-known business man and has also the time and inclination to take up the affairs of provincial lacrosse.

## AMATEUR BASEBALL.

The Acme baseball team, champions of the Independent League, held a very successful meeting last night to organize for the coming season, and at the price of the way the members turned out they expect to have a strong team again. Fred Moyse was elected team captain and Lynch manager. The first practice will be held Monday night at Stanley Park at 7 o'clock. All players please turn out.

McCormick defeated Ellsabeth in a senior playground indoor baseball fixture last night at Stanley Park. Pitching for Ellsabeth, was given very poor support, his team playing away below form. The game will be keenly contested, as it will have a decided bearing on the league.

The Judean A.C. baseball team of the Toronto Lacrosse League, under the management of Joe Penny, will hold their first practice of the season this morning (Friday) at 10 o'clock at Stanley Park at 7 o'clock. All last year's players and new ones wishing to play on a good fast senior team are requested to turn out sharp on time.

## Men's Suits 11.75

Splendid Spring Suits—at a Saving of a Third or More—Start the Big Easter Business Off With a Rush Saturday.

FINE worsteds in pin checks, cashmere finished tweeds in dark grey, with lighter grey chalk line stripes, and chevrot and unfinished worsteds, in light and dark greys. Materials and patterns that men would just naturally choose for spring wear. Beautifully tailored, too, in smart three-button sack style, with shapely soft lapels, and with excellent linings and trimmings. Sizes in the assortment from 35 to 44. Come at 8.30, for it's an Easter Saturday special that will well repay the early comers. Special price 11.75

## NAVY BLUE SUITS IN MEN'S AND YOUNG MEN'S SIZES, 33 TO 44—EXTRA SPECIAL SATURDAY \$10.00

All the Records of the Store for Values in Blue Suits Broken With the Offering of This Line at \$10

IF YOU'RE a blue suit man, or if you would like to switch to a blue suit this spring, don't fail to see this special line at \$10.00 Saturday. It stands out in the midst of the good values, a feature of the great assemblage of smart suits for men this season, as one of the best values we've ever offered, and this at a time when serges are really scarce. But we had the cloth and the men to make the suits, so benefit by the circumstances Saturday. The cloth is an English worsted serge in good shade of navy, and with medium twill, a cloth that will give good service and not readily gloss. The suits are stylishly cut and splendidly tailored throughout. Single-breasted coats; vests button fairly high, and trousers that hang smoothly. In the young men's sizes that run from 33 to 37, the trousers have cuffs, side straps and loops for belt. Value so good that not a suit should be here at 5 o'clock on Easter Saturday. Sizes 33 to 44. Special price, per suit 10.00

EATON'S Big 4 Values in Suits—Immense selections of patterns in suits at \$5.00, \$10.00, \$15.00 and \$18.00, are a special feature of the spring showing of men's suits this season. There will be an unusual showing at these prices Saturday. Come and see the range.

## BALMACAAN SLIP-ON AND BUTTON THROUGH CHESTERFIELD COATS FOR SPRING WEAR, SATURDAY MORNING, \$10.00

A special purchase of men's spring top coats in sizes 33 to 42, priced for early clearance Saturday morning. As in the suits, it's an 8.30 offering, and the values will repay the early visit to the Store. Styles are good; patterns are good and the materials are good looking and serviceable. There are Balmaacaans, slip-ons and button through Chesterfields, with velvet and self collars, homespun tweeds and chevrots in fawns and greys and many other patterns too numerous to mention here. Sizes 33 to 42. Special, Saturday 10.00

—Main Floor, Queen Street.

## THE T. EATON CO LIMITED

The Chicago White Sox will have about it is the other way with the Chicago Cubs, as Bresnahan has five and possibly six cleaned as regular who are left-handed hitters.

Roger Bresnahan says the Cubs will take no chances with getting into a law suit with that great suifier, Kurt. He says Kurt needn't report if he doesn't want to, and that he won't attempt to send him to another club.

One of the New York newspaper scribes with the Giants proclaims Ollie Kirk's regular hitting high-handed, while the Cubs, as Bresnahan has five and possibly six cleaned as regular who are left-handed hitters.

Secretary Blackwood of the Cleveland Indians, commenting on the progress shown in training, remarks that the individual players have shown up well, and all that is needed is team work. He might have added that was all the Cleveland team ever lacked.

Pitcher Bob Harmon of the Pirates says he has invented a new curve after three years of experimenting which will make his work much more effective. He is much more effective than he was last season, games in which he takes mound might as well be forfeit by opposing teams.

**JUNIOR O.B.A. CHAMPIONSHIP.**  
 The City Playground Junior O.B.A. team is practicing hard for their final game with Bradford for the championship next Wednesday night on the Royal Templars floor. The Playground boys played a practice game against the Telephone City five a beating on their own floor. The forwards are basketgetters on a par with Eranson and Hans West End. Smith at centre is a tower of strength to his team, and the defence players know how stick to their team. The final practice of the team will be held on Monday night.  
 Joe Jackson, after arriving in New Orleans and telling the newspaper men he intended to stay there instead of going to San Antonio, slipped away and showed up in the Cleveland camp, donned a hit ball and got busy in a game against the St. Louis Cardinals. He made a hit his first time at bat.  
 Manager John McGraw, it is said, will keep Eddie Grant and Fred Brinnard as utility infielders, two being all he will be able to carry under the 21-man rule.

**Handsome—Comfortable—Powerful**

The Russell Six "30" stands out through superior style and distinction. The handsome, streamline body, the new dome fenders the long, sweeping lines all contribute.

Striking features are many:  
 Long stroke, high efficiency Continental engine—five two-unit starter—new type instrument board—wide, free doors—flexible upholstery—every up-to-date feature and refinement has been added.

For good service, for hard service, for efficient service, the Russell Six "30" offers greater dollar-for-dollar value than any other car on the market. It is built in a Canadian plant, and is the product of Canadian labor.

**IF YOU** haven't made an intimate acquaintance with this store, you don't yet realize what really fine suits and overcoats we show here. With all the talk about low-priced clothes, you may have an idea that ready clothes are all low priced; made for men who can't afford very fine goods.

One look at the very choice things here at \$20, \$25, \$30, \$35, will change your opinion; suits and overcoats of the richest fabrics made. Your most exclusive tailor doesn't show anything better; you escape here the many try-ons, the week or two waiting, the uncertainty of a correctly fitting garment; and you make a saving of \$15 to \$25.

There's really no excuse for made-to-measure delays and cost with such clothes ready. Don't be stubborn about it; there's profit for you in open-mindedness on this subject.

Here are the finest clothes made:

**SCHEDULE MEETING EARLY NEXT WEEK**

**International Moguls to Gather in New York—Baseball News and Gossip.**

President McCaffery leaves for New York and Washington tonight, and on Monday or Tuesday, President McCaffery and Lawrence Holman will be the Toronto representatives.

Bill O'Hara presented the members of the second contingent at the Exhibition grounds with two complete baseball outfits on behalf of the Toronto Ball Club. The local club sent a couple of dozen balls and bats to France to the first contingent earlier in the week.

A Newark dispatch says: An unexpected hitch prevented the transfer yesterday of the Newark club in the International League from its present owners to a company composed of Newark owners and Charles E. Wright, president of the Newark club, and Stephen W. McKeever, owner of the Newark club, was held during the day, and it was decided to delay the final disposition of the stock until all questions will be straightened out. One of the Newark men interested in the purchase of the Indians declared after the conference that he was confident the sale would be consummated.

Secretary John H. Farrell of the National Association of Professional Baseball Leagues, gave out the following release in minor league clubs through United States and Canada:  
 When the directors of the Montreal Baseball Club are announced, after the annual meeting, which will take place next week, it is very likely that the names of several prominent business men will be included on the list. President Sam Lichtenhein stated that he hopes to interest a number of well-known Montreal financial men in the club, and that if he is successful there will be several new names on the board of directors this year.

There are four hold-outs in the Ottawa Club, and all will be suspended. They are Rogers, Lage, Bramble and Gero. All four were offered contracts, which they returned unsigned, refusing to accept reductions that the club considered reasonable. Bramble and Gero, both pitchers, for whom the Ottawas paid big purchase money last summer, declare that they have decided to retire. Rogers and Lage are ready to return at last year's figures. Pitchers Shocker, Peterson, Kubak and Roberts will be available, also infielders Dolan, Smykal and Bullock. The latter may be traded to St. Thomas for Catcher Nevin. Powers will do the backstopping, and it will be necessary to get two new outfielders to divide the work with Shaugnessy; also a shortstop to succeed Jack Mitchell, who was drafted by Indianapolis of the American Association. The Ottawas will report their men at Chatham about May 15. They will open the season in the west on May 19.

The Royals now have twenty-six players signed up, amongst them being seven pitchers, Fullerton, Stephens, Dowd, McCraner, Richter, Kirschner and Couchman. Other players who have come to terms are: Ireland, Halseth, Yeager, Allan, Holden, Madden, Smith, Purcell, F. Smith, Whiteman and Manager Dan Howley.

HOLIDAY TRADE IN WALL STREET

Traders Were Evening Up Accounts Over the Easter Recess. FAVORABLE RAILROAD RETURNS Failed to Help Market - Bonds Irregular.

NEW YORK, April 1.—The stock market today, reflected in greater measure the mixed and confused conditions which have been its recent characteristics.

Business was lighter and narrower than in yesterday's record session, but activity and strength were again most pronounced in railway securities.

Former leaders like the transcontinental group, U. S. Steel and Amalgamated Copper, were under moderate pressure for the greater part of the day, but made some improvement.

Lowest prices were registered in the final hour, by which time half of the day's rise had been effaced.

Some recovery was reported, New York Central showing a net increase of \$45,000, and Pennsylvania income east and west of Pittsburgh increasing \$53,000 and \$45,000 respectively.

Bonds were irregular, the Rock Island issues showing the irregularity in the stock issues.

Car Valued at Ninety Thousand Dollars Forged From Cobalt Property. BIG DOME HAS RALLY Strength in Imperial on Talk of Reorganization - Vipond Reactionary.

One of the richest cars of ore ever shipped out of Cobalt has just been found in the Timiskaming mine.

Timiskaming was the feature of the Cobalt group on the Standard Exchange yesterday, over 28,000 shares changing hands from 2 1/2 to 2 3/4.

Big Dome was again the leader of the gold group, selling at \$18.40, after opening at \$17.50.

Imperial was active, selling down to 4 1/2 and back to 4 3/4. Vipond was closed at 48 1/2 bid.

Maple Leaf Milling preferred, 1 1/2 per cent. WINNIPEG WHEAT. May wheat in Winnipeg closed at \$1.51 1/2 July, \$1.49 1/2.

RECORD YEAR FOR BEAVER MINES

Company Produced Nine Hundred Thousand Ounces in Year Just Closed. ENORMOUS RESERVES Annual Statement Will Show Over One Million Ounces Ready for Mill.

Mined, 900,000 ounces; sold, 891,000 ounces, the proceeds of which were sufficient to pay all expenses of the company, such as administration, mining and development; profits for the year represented by 608,000 ounces, mostly stored in New York.

This in brief is the showing made by the Beaver Mines during the year and is the best in the history of the company, the output exceeding by 137,000 ounces the previous most prosperous period.

In considering the figures the fact must be taken into consideration that the company was closed down two months after the declaration of war, and toward the end of the fiscal year the management was handicapped by power troubles.

The statement, which will be set forth to the shareholders at the annual meeting this month and were confirmed yesterday afternoon by President Cutler, who has just returned from a visit to the property.

War and Power Shortage. "Had it not been for the war and power troubles the production would have exceeded 1,000,000 ounces," he told The World.

Local Exchange Follows Action of Montreal Body for Broader Market. Starting on Tuesday morning there will be open trading in stocks above the Toronto Stock Exchange.

An official statement issued by the exchange says in part: The following table gives a list of stocks, excluding mining shares, which are being traded in the open market.
