## Roosevelt Was Shot By Lunatic at Milwaukee

### With Bullet Lodged in Right Breast, Roosevelt Made Hour's Address and Was Then Rushed to Hospital

### Hold-up Man Robs Three Liquor Stores | Mayor Geary is Corporation Counsel

#### THREE LIQUOR STORES ROBBED BY HIGHWAYMAN, WHO FIRED AT POLICE AND THEN ESCAPED

**More Than \$200 Was Secured in Stores on Yonge, Gerrard and King Streets by Man Who Got Away on a Bicycle After Wounding a Clerk and Being Chased and Fired Upon by Police.**

An armed highwayman last night held up three liquor stores, riddled the tills, shot point blank at two people who tried to interfere, and, with a posse of detectives in his wake, made good his escape. During his flight the robber was fired upon five times by a constable on Tecumseh street and the G. T. R. tracks, but was uninjured. The police lost track of him in the exhibition grounds on Dufferin street. From descriptions furnished the detectives, the bold marauder is thought to be a close relation of O. H. Latremouille, who is in jail on a charge of robbing three liquor stores last week. An arrest may be made at any time. In the three hold-ups the robber got close on to \$250.

The stores were S. R. Dandy's, at 360 Gerrard street; J. H. Wallace, 608 Yonge street, and M. Wade, at the corner of King and Tecumseh streets.

**ONE CLERK WAS SHOT.**  
 Charles Howard, a clerk at Wallace's store, had his cheek seared by a bullet when he refused to yield to the demands of the highwayman. Mrs. Wade and her niece also had a narrow escape from being shot.

The first place to be visited was Dandy's. Charles, brother of the proprietor, was standing behind the counter, when a man entered and purchased some whiskey. The customer asked permission to use the phone. Altho they generally refused at other times, Mr. Dandy consented on this occasion. The man got his connection and was carrying on a conversation in the little office behind the partition, when another man entered. He asked for a couple of bottles of Labatt's ale.

Mr. Dandy reached below the shelf, secured the bottles, and placed them on the counter.

**UP WITH YOUR HANDS!**  
 "Up with your hands!" was the command. The clerk looked up, to find the customer covering him with a revolver. The robber then ordered Dandy to stand back. The latter did so, hoping to get into the little office and secure a loaded gun, kept there since the proprietor was held up last week in much the same manner as last night.

The hold-up man possessed this move at once, and with a wave of the revolver told Dandy to come nearer. Placing his left hand on the keys of the till, he attempted to open it. Falling in his purpose, he ordered the clerk to open the register for him. When this was done the hold-up man slowly gathered up the bills and stuffed them in his pockets.

While he was doing this the man who had been telephoning walked right by, showing not the least surprise. Nor did the robber molest him. The two glanced at each other, and the previous customer passed out to the street.

**KNOW HIM NEXT TIME.**  
 "The next time you go down to identify a man, you'll know him," remarked the man with the gun to Dandy in a sarcastic way.

Dandy identified O. H. Latremouille a few days ago as the man who held him up last week.

"Have you got any 'kayo' on you?" he asked. When the clerk replied that he had not, the robber sneeringly said that he (Dandy) was only a workman.

After pocketing about \$11 the caller walked to the door.

"I MAY CALL AGAIN."  
 "Good-night, my friend," smiled he. "I may call again."

The Dandy rushed to the phone and called the police. He described the man who used the telephone as about 40 years old, black mustache, dark clothes and black hair.

The robber was about 5 feet 10 or 11 inches in height, clean shaven, with sharp features, and wore a brownish cap with a pepper and salt tuft. With in a few minutes after the crime had been committed Detectives Cronin, Miller and Armstrong were on the scene.

"Only that time," was the answer. Without a word the caller picked up the silver and bidding the two good-night, walked out.

**Heard the Report**  
 Howard Carter, 87 Yarmouth road, was standing at the corner of Gloucester and Yonge streets. He heard the report of a revolver and was about to enter the store when a man came out and ran down Gloucester street to a lane behind the shop. A few seconds later a young fellow in his shirt sleeves rushed out, calling to Carter to stop the robber.

Carter ran up to the lane in time to see the man mount a bicycle.

"Look out or I'll shoot you," he shouted, flourishing a revolver. The young man stepped back and the robber rode east on Gloucester street. Carter ran along the lawns as far as Church street, where he saw another man step off the curb and halt the bicycle. This man wore a dark Christie and had a black mustache. The two looked back toward the Wallace store, Carter ran back, fearing that they would shoot.

By this time Detectives Wallace, Mitchell and Newton had arrived. When they took up the search the two suspects had disappeared.

**Hot on Trail**  
 Detectives scoured the railway tracks as far as Humber Bay, High Park and Exhibition Park, and the men were out till long after midnight without results. The police believe that two men worked the hold-ups, that one man acted as sentry, while the other used the revolver. All of the victims say they can recognize the hold-up man if he is brought before them.

**Jumped the Counter.**  
 The third place to be visited was the store of Martin Wade at the southeast corner of King and Tecumseh streets. Mr. Wade was sitting behind his counter at the north end of the store away from the door leading to the till.

"Have you any money?" he demanded of the cabbie.

G. R. GEARY, K.C., who resigned his position as Mayor of Toronto, to accept the corporation counselship.

#### USING COAL OIL COST HER LIFE

**Mrs. Chas. Gilliard of Newmarket Was Burned to Death While Cooking Dinner for Family.**

NEWMARKET, Oct. 14.—(Special).—Mrs. Charles Gilliard was burned to death at her home on Timothy street here today, when she attempted to hurry the fire with coal oil. She was preparing dinner for her family, and as the fire was slow in burning up, she took the coal oil can and applied some of the oil to the wood in the stove. Immediately there was an explosion. The coal oil can, which Mrs. Gilliard held in her hand, was blown in two, and the oil spread over the woman's clothing. She at once attempted to reach the telephone to call her husband, who is employed by the Office Specialty Co., and on the way managed to throw off some of her clothing, which burned a hole in the floor. Being unable to stand the pain, Mrs. Gilliard ran into the kitchen, where she fell to the floor and died of the terrible burns. Her husband found her body when he went home to dinner. In addition to her husband, Mrs. Gilliard is survived by two daughters. The family came here from Rochester about two years ago.

#### CONTEST QUERIES ANSWERED TODAY

Jingles on the Contest and Humorous Comments Show Interest in World's \$5000 Proverb Contest.

Enthusiasm now pervades thousands of homes in the City of Toronto and the country over, stirred by The World's great \$5000 Proverb Contest. The naming of the proverb problems as they appear daily has become a festive game, fascinating in itself without the incentive of the costly and handsome prizes offered by The World to those who will succeed in answering, nearest correctly, the largest number of proverb illustrations.

Among the many humorous queries

#### ROOSEVELT ABLE TO LEAVE HOSPITAL ALTHO BULLET WAS NOT EXTRACTED "I AM FEELING FINE," HIS ASSURANCE

#### ROOSEVELT'S CAREER

Theodore Roosevelt was born in New York City, Oct. 27, 1858.

He graduated at Harvard with the degree A.B., 1880. Married Alice Hathaway, daughter of Cabot Lee, Oct. 27, 1880. She died Feb. 14, 1884.

Married second wife, Edith Kermit, daughter of Charles Carow of New York, in London, England, Dec. 2, 1886.

1882, Member of New York Legislature.

1884-6, lived on a ranch in North Dakota.

1886, candidate for mayor of New York.

1889-95, U. S. Civil Service Commissioner.

1895-7, President New York Police Board.

1897-8, assistant secretary of the navy.

1898, with Major-General Wood organized Rough Riders. Promoted to colonel for gallantry at Los Guasimas.

1899, became governor of New York.

1900, vice-president of United States.

1901, on death of McKinley, becomes president.

1904, elected president.

1905, awarded Nobel Peace Prize.

He is author of many books on history, biography and outdoor life, including "The Life of Oliver Cromwell" and "The Strenuous Life."

Defeated at the regular Republican convention in June last, he was nominated to lead the Progressive, or Bull Moose, forces.

#### GEARY IS APPOINTED CORPORATION COUNSEL AFTER A LONG DEBATE AT SALARY OF \$8000

By a Vote of 15 to 7 the Appointment Was Made, and by 15 to 6 the Bylaw Necessary to Appoint Him Was Passed—Resignation Will Be Accepted at Special Meeting Next Monday and in the Meantime the Mayor Will Wind Up His Business.

By a vote of 15 to 7 Mayor Geary was appointed corporation counsel, at a salary of \$8000 per annum, by the city council early this morning. A motion, moved by Ald. McBride, was passed, offering the mayor the position, and when this secured the desired majority the bylaw was submitted and carried on all three readings, the division in this case being 15 to 6.

When the issue was settled a sub-committee composed of Ald. Dunn, Maguire and O'Neill waited upon his worship, who formally accepted the position, but requested that he be permitted to remain in his post for a few days until he had wound up the business which was then pressing.

A discussion arose about 1 o'clock this morning as to whether the mayor was now mayor or corporation counsel, in view of the fact that the bylaw appointing him to the new position was passed. It was agreed, however, to hold a special meeting next Monday, when the mayor's resignation will be accepted by the council. In the meantime he will act as mayor.

The division on the first motion to offer the mayor the position was as follows:

For—Ald. Dunn, O'Neill, Rawlinson, May, Spence, Cunderson, Rowland, Ryding, Robbins, McBrien, Weston, McBride, Graham, Controllers Foster and Church—15.

Against—Maguire, McMurrich, Anderson, Wanless, Austin, Controllers Hocken and McCarthy—7.

The council deferred action on most of the important matters in the board of control report for their meeting next

**ALASKA SEAL JACKETS**  
 The Alaska seal jacket is acknowledged to be the finest product of the furriers' art. The fur itself, if it is cut seal, is not only light in weight, but of rich dense texture and very warm. The Dineen Company is showing some splendid ready-to-wear seal jackets and an enormous collection of cut seal pelts from which you can choose should you desire a coat made to your measure. Visit the show rooms, 140 Yonge street, today.

**Another Crane Success**  
 The comedy, "The Senator Keeps House," in which the veteran actor William H. Crane, opened a week's engagement last night at the Princess, was a decided success in every particular and will rival in popularity his "Father and the Boys" of last season.

#### Colonel's Life Saved by Secretary Martin, Who Hurlled Himself From Automobile Upon His Assailant, John Schrank of New York -- Roosevelt, Unaware He Was Wounded, Protected Man From Furious Crowd--Panic at the Auditorium Followed Announcement of Wounding, But Colonel, Declaring "I'll Make This Speech or Die," Spoke for an Hour--Schrank, Fanatically Opposed to Third Term Idea, Suffered From Delusion That He Was Ordained to Kill Roosevelt.

CHICAGO, TUESDAY, OCT. 14.—(CAN. PRESS).—ROOSEVELT'S WOUND NOW REPORTED MORE SERIOUS THAN AT FIRST THOUGHT. REPORTS RECEIVED AT PROGRESSIVE HEADQUARTERS HERE STATE THAT THE BULLET PENETRATED THREE INCHES OF THE ABDOMINAL WALL AND THE WOUND IS MORE SERIOUS THAN AT FIRST THOUGHT. THIS WAS SHOWN BY THE X-RAY PHOTOGRAPH, WHICH HAS JUST BEEN DEVELOPED. COL. ROOSEVELT IS STILL AT THE STATION IN MILWAUKEE.

A SPECIAL TRAIN WILL LEAVE HERE IN A FEW MINUTES WITH FOUR SURGEONS. THEY ARE DRs. JOHN B. MURPHY, ARTHUR BEVAN, A. E. OCHSNER AND L. L. M'ARTHUR.

MILWAUKEE, Oct. 14.—(Can. Press)—After Col. Roosevelt had spoken for an hour at the Auditorium, he was removed to the hospital.

The operating room had been placed in readiness to receive Col. Roosevelt, and six of the leading surgeons of Milwaukee were awaiting his arrival.

Col. Roosevelt was undressed and placed upon the operating table, altho he insisted that he was not badly hurt, and that the doctors were taking it too seriously.

An examination of the wound showed that it had been made by a bullet of large size. It entered the fleshy part of the right breast, half way between the collar-bone and the lower rib. The physicians found that they knew no more after their examination than before as to the location of the bullet, and it was decided to send for an X-ray machine to determine to what depth the bullet had penetrated. While he was waiting for the X-ray machine, Col. Roosevelt sat up on the operating table and talked politics and joked with the physicians.

The X-ray of Col. Roosevelt's wound shows that the bullet lodged in the chest wall and did not penetrate the lung. The wound is not considered serious.

Col. Roosevelt left the hospital at 11.25 p.m. He was able to walk unassisted.

"I am feeling fine," he said.

The would-be assassin gives his name as John Schrank, and his address as 370 East Tenth street, New York.

MILWAUKEE, Wis., Oct. 14.—(Can. Press)—Col. Theodore Roosevelt was shot and slightly wounded tonight as he was leaving the Gilpatrick Hotel for the Auditorium to make a speech. The wound was superficial, and the colonel went on to the hall and began his speech, after he had seen the assailant arrested and taken to the police station.

The man was seized and held until policemen came up. A mob surged around the prisoner, who apparently is mentally upset on the subject of Roosevelt's running for another term as president.

The man, who is small of stature, admitted firing the shot, and said that "Any man looking for a third term ought to be shot."

In notes found in the man's pockets at the police station were statements that the man had been visited in a dream by the spirit of William McKinley, who said, indicating Roosevelt: "This is my murderer. Avenge my death!"

**WAS UNAWARE OF WOUND.**  
 It is believed Roosevelt's injury is not serious. The colonel felt no pain at the time the shot was fired, and was not aware that he was shot until he was on the way to the Auditorium. His attention was then called to a hole in his overcoat, and he found that his shirt was soaked with blood. He insisted that he was not hurt badly. A superficial examination of the wound was made when he reached the Auditorium, and three physicians agreed that he was in no immediate danger.

Col. Roosevelt's life probably was saved by a manuscript of the speech which he delivered tonight. The bullet struck the manuscript, which retarded its force as it passed thru into the flesh.

**SAVED BY SECRETARY.**  
 His assailant was prevented from firing a second shot by Albert H. Martin, one of Col. Roosevelt's two secretaries. Col. Roosevelt had just stepped into an automobile when the would-be assassin pushed his way thru the crowd in the street and fired. Martin, who was standing in the car with the colonel, leaped onto the man's shoulders and bore him to the ground.

Capt. A. O. Girard of Milwaukee, who was on the front seat, jumped almost at the same time, and in an instant the man was overpowered and disarmed.

# Western Development Exceeds That of Any Country in the World

### Sir Donald Mann Returns from Inspection Trip More Than Ever Impressed With Canadian West—Work on C.N.R. Lines Is Being Rushed to Completion.

Sir Donald Mann, vice-president of the Canadian Northern Railway, returned to Toronto last night, after a three weeks' trip to Vancouver and Victoria, B.C., in connection with the C.N.R. western terminals and bridge work. He reports that everything is progressing most favorably for the establishment of the joint terminal system at the three Pacific coast cities—Vancouver, Victoria and Port Mann. As far as Vancouver is concerned, the date has been passed by the city council and comes before the people for decision next month.

Regarding the progress being made on the C. N. R. transcontinental, Sir Donald Mann, when seen by The World at night, deplored the fact that much of the line, and that as well, should have been pushed forward with much speed and great progress could be expected from now on. Of the 75 miles of the western end of the line, that section from Yellowhead Pass to Lytton, or Cisco Bridge, B.C., would be completed by next April, leaving but 100 miles of the 750 miles still to be done.

#### Seven Thousand Men at Work.

Great progress was also being made with the Port Arthur section of the C. N. R. transcontinental. Seven thousand men were now at work on this section of the line, and it is well, should be completed early next year. In fact, Sir Donald was of the opinion that close of this coming year will see the completion of the transcontinental.

#### The Best Harvest

Sir Donald was enthusiastic over this year's wheat crop. "It is the best and biggest harvest that I have ever seen in the west, and if we only get good weather, it will probably all be there and saved," said the C. N. R. vice-president. "There has, however, been a little shortening of the crop, due to the size of the crop, but the weather out there now is very good."

"I believe that the lateness of the crop caused by the wet weather will be responsible for a great railway construction. This is not the fault of the railways. They have been busy for the past two months with building stock, waiting idle for the harvest. This means that the crop is to be brown on their right in a lump—in a day. But to make up for this, the railways are in a much better position to handle the crops than ever before."

"I do not think there will be much grain go to ruin this year. It is being cut and stored in a large amount of grain stock all thru last winter and when placed on the market in the spring fetched a price of ten cents or more higher than that of the previous fall."

#### Men Are Needed

"There is still a great shortage of men," declared Sir Donald. "This is due to the fact that the men who were secured had not the opportunity to get work on account of the wet weather."

The C. N. R. vice-president was impressed with the rapid growth of the west. "The growth of the west is very great," said Sir Donald. "It is being settled and developed faster than any other new country in the history of the world along all lines. When the western states of the United States were settled, the settlers that went out were poor and had to borrow money at 25 to 30 per cent. per annum, and found it necessary to buy everything on the installment plan. The Canadian west, on the contrary, is being settled by men with capital, who come to take up land and develop it by the use of the most modern machinery. Such men use the steam and gasoline plow, working night and day with a double crew and turning over sixty acres in the twenty-four hours. The farmers in the west are exceedingly prosperous. I know of one farmer in the west who had 128,000 bushels of wheat in addition to his other crops."

#### Was Not Shot

Sir Donald denied emphatically that he had either been shot or shot at while at Vancouver. "There was a lunatic there who declared his intention not only of assassinating me, but also of taking the life of Sir Thomas Shaughnessy and the late Mr. Harriman, the mere fact of Mr. Harriman already being dead seeming to make no difference to him," said Sir Donald. "As far as I was concerned, I never saw the man, the detectives of Vancouver becoming aware of the poor fellow's intentions and placing him in jail before he had a chance to do anything. It was a case of a man who had lost his mind."

#### Canadian Club Hears of General Brock

General Brock, the dauntless soldier and savior of Canada, was the subject of the regular weekly luncheon of the Canadian Club at Mr. Mackenzie's western day in celebration of the centenary of the heroic general's death at Queenston Heights in the memorable battle of 1812.

The colonel did not specifically dwell upon the battle and General Brock's conduct upon that occasion, but rather went into details, displaying the tremendous difficulties under which Brock labored in mobilizing and getting his little force in shape for the struggle which Britain was at this time engaged in. Life and death struggle with Napoleon, the greatest military strategist the world has ever known, and it was hopeless therefore to expect any assistance from the mother country to well Canada's little army of 6000 untrained men. Fifteen hundred British regulars were, however, spared to assist in the defence of the Dominion, making an army of under 11,000 men to cope with an invading nation of 80,000 population.

The colonel outlined how Brock was handicapped still further by a disloyal parliament, which refused to pass a temporary suspension of the

Habeas Corpus Act to allow Brock to effectually deal with the numbers of traitors and spies which at that time infested the country. These, he explained, were for the most part Americans, who had taken advantage of Governor Simcoe's offer of free homesteads, and moved into Canada. These, he pointed out, were opposed to a monarchy. They were Americans at heart, not loyal British subjects, and Brock had hundreds of these to deal with.

"In his search for loyal soldiers, he turned to the York Volunteers, then 400 strong, and asked every man who would stick to him thru thick and thin, to step to the front, and gentlemen, the whole four hundred of those Toronto men stepped forward."

"Even at the moment the Battle of Queenston Heights was being fought, there were in the Niagara Jail, upwards of 500 against whom treason had been proven, guarded by about 60 old and infirm men, unfit for service, and armed with only a date musketa, scythe, or any other weapon they happened to possess."

Lord Milner, who was present as a guest of the club, made a vote of thanks, accompanying it with a few appropriate remarks.

#### Contest Queries Answered Today

Continued From Page 1.

In the contest that has come to the attention of the Contest Manager is the following from an Ontario contestant:

Would it make any difference to you after I win the automobile if I changed it to one that I could draw in my turpentine washdays, and still have it fixed so that I could take my girl to church in on Sundays? Gussie, my girl, and I have been just longing for years to get an auto, so send her along with the papers. Signed (Hired Man).

P. S.—I forgot to add that next summer, when you fellows take your holidays, you will only need to

phone me and I will meet you at the station. Oh, what a time us farmers and editors will have together.

Of course, we cannot see any objection to the changing of the automobile to meet the desired requirements of this particular contestant, should he be so fortunate as to win it. In fact, the winners of all of the prizes will be they please with them.

Another contestant who thinks that the Proverb illustrations are entirely too easy, expresses himself pectically:

"The prizes! The prizes! It really is too thing. The proverbs are so easy. That everyone will win.

Who's going to pick the winners? There won't be any fight. A whole million answers. And everyone is right.

You give us all the pictures, Almost the answers, too. Why, even a girl could name them. Our brains have not to do.

Please give us something harder. And let the best one win. The first ones are so easy. It really is a sin.

We are making a notation of the above, for later on in the competition we will expect to have another poem from this same competitor which will be just the reverse.

Owing to the large number of queries it has been decided to publish only answers to the queries, giving only the initials of the writer and the street number or town as the case may be. A good plan for contestants would be to keep copies of their papers, as only the answers will be published.

G. B. Spadina avenue—in the event that two or more contestants have an equal number of correct answers, the one with the least number of coupons will be declared the winner.

Mrs. W. H. 18 Sidney street—if there is another family living in the same house with you it would be considered two households.

Children, any age, at home, are members of the family. Away from home not members of parents family. 3. Roomers or boarders.

- 18TH TO 42ND PRIZES—\$2500 ADDITIONAL PRIZES TO BE ANNOUNCED LATER.

### ENTER TODAY! ORDER THE BACK NUMBERS AND FOLLOW UP THE CONTEST BY BUYING A COPY OF THE WORLD EVERY DAY.

There is no objection to your using your father's paper. Either may sign the coupon.

G. F. W., 469 Brock Avenue—In correct answer will not count against a contestant if the correct answer is given.

C. C., 19 Reid Street—It is not necessary to send the pictures with the answers. Neither is it objectionable. Each answer must be written upon a separate coupon.

K. P. O., 14 Duncan Street—There is only one correct answer to each proverb picture. If you buy your copy of The World regularly from your newsdealer, you are eligible.

Miss J. G., 149 Marguerita Street—It is not absolutely necessary, but in order to follow the contest closely and intelligently without suffering the loss of a single copy of the contest, it would be well to place a regular order with your newsdealer. Only one correct proverb to each picture.

T. R., 2, Vancouver Avenue—I, Married, daughter and husband living at home of parents, and not in separate apartments, are members of the same household or family.

2. Children, any age, at home, are members of the family. Away from home not members of parents family. 3. Roomers or boarders.

when not related to landlord, are not members of his family.

Many other queries ask if it is too late to enter the contest. Of course it is not. In fact, it will not be too late to get into his interesting and fascinating game until it is all over. But it is to the advantage of everyone who desires to compete for the prizes to begin at once in order that they may be better able to solve the more difficult pictures when they once begin to appear.

However, none of the problems will be so difficult as not to be solvable by those who are persistent and painstaking. Start today. Get the back numbers, all of which may be had at the office of The World or by mail upon receipt of 23 cents, stamps, coin or money order, and then follow up the contest by buying a copy of The Daily and Sunday World every day from now on.

A new record this year. The directors look for a poultry entry of nearly 2000 birds, and it is expected that the other lines of live stock will be correspondingly strong. Last year the entry list exceeded the 3000 mark, and after a favorable growing and breeding season, hopes are held out for the attainment of the 4000 mark this year. The standing field competition for wheat conducted by the Woodbridge Agricultural Society has been judged with the following results: 1. Alex Cameron, Yellow; 2. Jas. Downey, Showwood; 3. J. A. McNeill, Yellow; 4. Jas. Bell, Elder's Mills; 5. A. Russell, Carryville; 6. D. Kinnon, Pine Grove; 7. A. Hamby, Kleinburg. Twelve fields in all were judged.

## HOTEL ROYAL

Largest, best-appointed and most centrally located, \$1 and up per day. American plan.

In November are being made at this meeting, a full attendance of all ladies is requested.

## BRADFORD

Mattland Lowry, a successful farmer near this village, produced a potato on his farm this year that weighed over two pounds. It tipped the scales at 22 ounces a couple of days after it was dug and no doubt had lost some in avoirdupois since it was taken from the earth. In spite of the report that there is a lot of rot thru this part of the county, Mr. Lowry states that he has practically no signs of it, and that he has one of the best crops in years. A number of other farmers have not been so fortunate as some say the rains of September reduced their keeping yield by half.

The famous pontoon bridge at Colborne, which has been one of the attractions of the city for eight years, is about to give way to a modern steel structure of greatly increased capacity.

## THORNHILL

The regular monthly meeting of the Thornhill Women's Institute will be held in the home of Mrs. Scott, above Langstaff, on Thursday afternoon, Oct. 17, at 2 o'clock. Papers will be given by Mrs. Carson, Mrs. Martin and Mrs. J. A. Thompson. The question drawer and roll call will be included in the program, as well as musical selections. The ladies are trying to secure Mrs. Leathers of Toronto to address the meeting. As full arrangements for the annual meeting which is to be held

## WOODBRIDGE

A fine sunny day is all that is required to make Woodbridge Fair a success tomorrow. Judging by the entries that have come in for all the agricultural classes, "the Big at rural fair in the Dominion" will establish

# TORONTO WORLD'S Proverb Contest

## \$5,000 IN PRIZES

Began Oct. 3rd. Last Picture Dec. 16th  
NO. 13 PICTURE Represents the following Proverb:

Name .....

No. .... Street

City or Town .....

DO NOT SEND IN ANSWERS UNTIL AFTER LAST PICTURE IS PUBLISHED.  
Pictures need not be sent in with the answers.

## What Well-Known English Proverb Does This Picture Represent?

TORONTO WORLD PROVERB PICTURE NO. 13

## The World's Book of English Proverbs

### Solves the Pictures Correctly

THE Toronto World's Book of English Proverbs will prove of great assistance to contestants in the Proverb Contest. It contains several thousand commonly used and well-known English Proverbs, including all of the correct ones to be selected to the series of proverb illustrations. The book is well printed and neatly bound, the Proverbs being alphabetically arranged and classified for quick reference. Its use to contestants in arriving at the correct Proverb answers, together with the proper spelling, wording and punctuation, will prove indispensable. The price of the book is Fifty Cents, at the office of The World. By mail, two cents extra.

MAIL ORDERS SHOULD BE ADDRESSED TO THE CONTEST MANAGER THE TORONTO WORLD, TORONTO, CANADA

## Entry to Contest May Be Made at Any Time

Have Your Newdealer Begin to Serve You With a Copy of The Daily and Sunday World Every Day From Now On.

Back numbers of the Proverb Pictures and their Coupon Blanks may be had at the office of The World, or by mail. The price is 1 cent for the Daily and 5 cents for the Sunday. Where back numbers are ordered by mail, 1 cent additional for every ten numbers must be remitted for postage. All of the back numbers from October, 1913, will be mailed prepaid to any address in Canada upon receipt of 23 cents.

## HAMILTON HOTELS

**HOTEL ROYAL**  
Largest, best-appointed and most centrally located, \$1 and up per day. American plan.

In November are being made at this meeting, a full attendance of all ladies is requested.

## TORONTO FURNACE & CREMATORY CO. Limited

### HAS REMOVED TO 111 KING ST. EAST Phone Main 1907

Installation and repairs for Steam Hot-Water and Hot-Air Furnaces.

## \$1,000 REWARD

For information that lead to the discovery of whereabouts of the person or persons suffering from Nervous Debility, Fits, Skin Disease, Blood Poison, Genito Urinary Troubles, and Chronic or Special Complaints that cannot be cured at The Ontario Medical Institute, 439-265 Yonge Street, Toronto.

### Counsel Appointment Entails Heated Debate

## MAYOR SCORES AUDITOR FOR REPORT ON HYDRO

#### City Auditor Sterling Says Civic Hydro-Electric System is Over-staffed and That Business is Conducted on Improper Lines—Mayor Geary Gives an Emphatic Denial.

City Auditor Sterling's report on the business methods of the civic hydro-electric system, the long anticipated, arrived like a bolt from the blue yesterday. In fact, the severity of its contents evoked a severe rebuff on the part of the mayor, who considers Mr. Sterling's remarks as almost wholly unwarranted.

The latter has discovered that the system is not conducting its business along proper lines; that the detail is not so exacting; that there are too many men for the job, and that the current is purchased on the wrong basis, namely, the peak load.

Mayor Geary, who is in a counter report, denies that the criticisms are just, and censures their author for making them. "This is wrong," he writes. "The system has been built up under expert advice, and as a matter of fact, as the best known system and is especially adapted to this class of undertaking. It is the same, for instance, as followed by the General Electric Company of Chicago, built up after years of experience. The auditor, in the face of this, and with quite limited opportunities for investigating the matter, is not in a position to criticize as he has."

As to the question of too large a staff, the mayor said in part: "There is not one man who is not wanted. The commission finds it necessary, in order to run the business properly, to have every case, for instance, to get the exact cost unit, and to take care about it and expeditiously of all the bookkeeping. The controller, after from agreeing with the auditor, emphatically disagrees with him in these two statements, and the commission, knowing the business thoroughly, agrees with the controller."

With regard to the manner of purchase of current, the mayor adds: "The auditor, who is beyond the instructions, criticizes the methods of purchase of current on what is termed the peak load. His opinion is set up against that of the Hydro-Electric Power Commission of Ontario, who, after full enquiry, decided to purchase their current on what the auditor call the peak load system, and on that same plan they sell it. The suggestion of the auditor implies the use of the argument which the auditor has used, that hydro bylaws used so freely during the fight to pass these bylaws."

After going through the audits made, and explanations of certain figures, the auditor stated: "There is no doubt but that some portion of it may be properly charged to capital, but I do not think the whole amount should be thus dealt with."

Coming to the period of the six months ending June 30, 1912, my audit has not gone into the work of this term in detail, and in view of the fact that the auditor's report were I to do so, would only be duplicating that already done by the commission's auditor, and involve the expenditure of time and money which, in my opinion, I have thought it advisable, until further directed, to confine myself to a general review of the figures for the six months, and await your further instructions.

An approximate statement of revenues, etc., has been made, and while several important items of account are used—no entries for which yet appear on the books of the commission—amounts so dealt with are close enough to my own estimates that they may be accepted for the purpose of arriving at a close estimate of the position of affairs at the close of the period.

**Expenses and Revenue.**  
During this period, operating expenses and revenue have been dealt with separately from those expenses properly charged against construction, and dealing with these figures, they may be summarized as follows:

Operating expenses (6 months to 30th June, 1912)	\$212,274 95
Wages, material, etc.	76,524 95
Current, etc.	36,027 16
Carried to credit of depreciation reserve	2,514 23
Accrued sinking fund (half-year)	36,027 16
Interest on bonds and advances (one-half charged to revenue)	36,027 16
Earnings	\$322,899 83
Deficit for half-year ending 30th June, 1912	\$86,642 31

To be added to this, however, an amount is brought into account for sinking fund charges. For the half year preceding no amount had been provided to meet the previous accrued requirements on this item, and an amount has been written into the balance sheet to cover this, amounting to \$50,888.07, which added to the deficit on the working account makes a total of \$137,530.38 for the half year to be carried forward against future earnings. In addition there remains the item of \$36,027.16, the other half of the interest account, which, as it is not dealt with in the revenue account, will fall to be a further charge against the capital expenditure. I am not in favor of this being done as I do not think the capital account should now be further burdened with interest charges, but that such items should be directly charged against the revenue account and treated as a part of the deficit to be provided for out of future earnings. Dealing with these figures in this way, the present position would be:

Total charge to 31st December, 1911, as above	\$2,610,355 00
Cash from city from 31st Dec. 1911	75,000 00
Interest credited to Commission	72,811 84
Total charge to 30th June, 1912	\$2,602,543 16
Summary	
Deficit to 31st December, 1911, carried to capital expenditure	\$17,800 23
Deficit to 30th June, 1912	\$,642 31
Accrued sinking fund at 30th June	36,027 16
Proportion of interest charged to capital	36,027 16
Net shortage to 30th June, 1912	\$20,537 66
Outstanding liabilities	
Unadjusted items in City Treasurer's account	\$16,736 32
Shortage of stores account	248,246 31
Provincial Hydro Commission	\$778,518 82
Total	\$1,043,501 45
A comparison of the principal income accounts for the six months ending Dec. 31st, 1911, and 30th June, 1912, respectively, is as follows:	
Commercial cover	1911 1912
Commercial lighting	\$67,194 78 \$68,562 75
Municipal, building	4,312 99 54,994 07
Light	438 66 827 24
Water	4,312 99 54,994 07
Municipal street lighting	75,893 50 120,968 50
Meter rents	2,919 20 2,919 20
Sundry credit items	\$147,251 06 \$298,313 02
Total	\$262 54
Total	\$160,786 62 \$297,162 31

Included in the sundry credit item amount—the six months ending June 30, 1912—is an item, "stores charges" \$20,557.85. This accrues from an over-charge percentage added to cost of goods and materials used to cover the cost of handling, etc. This is not in any sense a "profit" or "income" item, but is merely an offset to a debit entry on the other side of the account, and, in bookkeeping terms, would come off both sides.

I do not consider that it is my duty to criticize the policy of the commission, but I desire to say from an accounting point of view that the system of Accounting is Overdone.

and another in detail. I desire also to say that in my opinion, considering the volume of business without the aid of it at present on the books of the commission, it has been and is over-stuffed. Were these two matters taken hold of and reformed, it would effect considerable savings in expenses accounts could be effected. I understand the controller recently appointed has in view a reform in this connection, and if so he should be given a free hand. There remains the matter of fixed charges, and taking it as probable that the capital expenditures will have reached a point by the close of the year to call for the full amount of the by-laws passed for the purpose of the commission, viz., \$1,039,000, the fixed charges required, which will have to be met out of the earnings, in addition to operating expenses, will be:

For sinking fund	\$ 70,725 00
For interest	185,900 00
Total	\$256,625 00

What they may not be subjects which come directly within the scope of my audit, in closing, there are two matters to which I desire to draw your attention, as I think they are worthy of serious consideration in connection with the successful working out of this scheme, viz., in the matter of financing, why the annual cost of the undertaking should be loaded with the burden, not only of "renewals" and "depreciation funds," but also with "sinking funds." The matter is one which, in my judgment, so seriously affects the successful working out of this and similar projects, that I venture to bring it to your notice. The other point is the question of the purchase of current on what is termed the "peak load" system, and that producers of electrical energy favor this method. I can only say that from what practical business connection I have had with it, and the fact that an improved system was needed, if the business were to be placed on a satisfactory basis, and on this account only, I refer to the matter.

### Auditor Sterling's Hydro Report Resented by Mayor

## WANT HOSPITAL WITH OPEN DOORS

#### Trades & Labor Council and Fraternal Societies Urge That Time is Ripe for a Municipal Hospital, and That Old General Be Used for Such Purposes.

Urging that the city should maintain a hospital with an open door policy regarding the attendance of doctors, with no compulsory regulations regarding clinics, a large deputation from the different fraternal societies and from the Trades and Labor Council waited upon the city council yesterday afternoon. After presenting their case they were assured by Acting Mayor Church that the board of council would deal with the matter shortly.

**Fraternal Societies.**  
A. W. Adams, representing, as he said, fraternal societies in Toronto with a total membership of 20,000, urged that the time was ripe for a municipal hospital, and he suggested that the old General Hospital be used for the purpose. The rates charged and the conditions imposed by the other hospitals were, he said, such as to inflict a hardship on poor people. He suggested that the institution be controlled by a board of trustees, of which five members should be appointed by the board of council and five by the amalgamated fraternal societies, one from the Associated Charities, one from the Trades and Labor Council and one from the board of trade.

**James Simpson Speaks.**  
According to James Simpson this was the moment to establish a municipal hospital. The city, he said, had shown that it could operate one in the isolation hospital. The minimum fee of \$7 was proposed, and the regulation regarding clinics were not fair to the poor people, he said, who because of the charges were compelled to provide instruction for themselves.

William Banks, sr., and W. Benson were other speakers who advocated the venture.

## Ward Seven

The meeting of the Ward Seven Ratepayers' Association, which was held last night, has been postponed until next Monday evening, in the Cleland avenue school. This will take place at 8 o'clock, and the citizens' mass meeting.

John J. P.A. opened the session last night with a musical performance. An excellent musical program for the evening was presented in games and amusements. The president, Mr. Thos. Bloor, occupied the Keefe street firemen received two calls last night. The first, at 5:30 p.m., was a false alarm at the residence of the Wilkinson Plov Company's box at the intersection of the street and the street.

The death occurred yesterday of Mrs. Hurst of 735 Indian road, in her 66th year. She had been confined for several days in Mount Pleasant Cemetery.

In bookkeeping terms, would come off both sides. I do not consider that it is my duty to criticize the policy of the commission, but I desire to say from an accounting point of view that the system of Accounting is Overdone.

and another in detail. I desire also to say that in my opinion, considering the volume of business without the aid of it at present on the books of the commission, it has been and is over-stuffed. Were these two matters taken hold of and reformed, it would effect considerable savings in expenses accounts could be effected. I understand the controller recently appointed has in view a reform in this connection, and if so he should be given a free hand.

There remains the matter of fixed charges, and taking it as probable that the capital expenditures will have reached a point by the close of the year to call for the full amount of the by-laws passed for the purpose of the commission, viz., \$1,039,000, the fixed charges required, which will have to be met out of the earnings, in addition to operating expenses, will be:

For sinking fund	\$ 70,725 00
For interest	185,900 00
Total	\$256,625 00

The matter is one which, in my judgment, so seriously affects the successful working out of this and similar projects, that I venture to bring it to your notice.

The other point is the question of the purchase of current on what is termed the "peak load" system, and that producers of electrical energy favor this method. I can only say that from what practical business connection I have had with it, and the fact that an improved system was needed, if the business were to be placed on a satisfactory basis, and on this account only, I refer to the matter.

## TEACHERS MUST NOT USE LONG DISTANCE

#### No More Calls Will Be Charged to the Board of Education—Proposal to Cut School Time is Killed—Night School Teachers Refused a Raise in Salary.

Dr. Noble's revolutionary proposal to cure the overcrowding trouble by cutting the school time of the first two classes in half was killed by the finance committee yesterday afternoon.

**Foster Switches.**  
"I have investigated the Humber Valley boulevard project, the school board, last year, before the council, with the result that I have changed my mind, and as that locality will soon be a part of the city, I move that council reconsider it."

## 72% OF TAXES ARE COLLECTED

#### Returns are Largest Received at This Stage in Twenty Years, When Amount Due is Considered.

According to City Treasurer Coady's returns, which were submitted to the city council yesterday, there has been \$3,322,788, or 72 per cent of Toronto's taxes, collected up to date, out of the \$7,289,013 collectible this year. The returns are the largest at this stage of the collection in 20 years, when the amount due is taken into consideration. The report read as follows:

"I have the honor to forward herewith my second return of taxes paid for 1912, showing the result of the collection payable on the 10th ult. The total amount of taxes collectible for the year is \$7,289,013, and the two instalments, including the local improvement rates, due to date, amount to \$5,285,551, and the total payments to date amount to \$3,322,788, or 72 per cent of the whole levy for the year, leaving \$2,066,225, or 27.71 per cent, to be collected with the last instalment. It will be gratifying to the council to learn that, taking into consideration the amount due, the present return represents the largest payment at this stage of the collection for over twenty years."

The total amount of the levy for 1912 is \$956,454 more than that of 1911, and the amount paid in 26 instalments, including the local improvement rates, due to date, amount to \$5,285,551, or nearly 15 per cent, more than the payment received at the corresponding period of last year.

William Banks, sr., and W. Benson were other speakers who advocated the venture.

## Hands Off Reply Turkey Gives to Powers

#### Porte Intends to Carry Out Reforms in Macedonia in Its Own Way—"Criminal Outrages by Agitators" Have Prevented Progress Thus Far.

CONSTANTINOPLE, Oct. 14.—(Can. Press.)—In its reply to the powers today, declining to allow any foreign intervention in the matter of reforms in Macedonia, the Turkish Government contends that one of the chief causes which have hindered the various attempts to ameliorate the internal situation in the Macedonia provinces is the state of insecurity brought about by "criminal outrages of all kinds committed by agitators."

"Turkey's reply, which was handed to the Austro-Hungarian ambassador, thanks the European powers for their friendly interest, but declares that Turkey is determined to carry out the reforms without interference. It protests that the same humanitarian and patriotic intentions as the powers, it hints that many allegations of the Berlin treaty have been put into execution in accordance with the letter and the spirit which dictated them, and that the Ottoman interests have been previously injured. It reiterates that the Hummelian reform scheme of 1880 would have been scrupulously applied as soon as it was passed by the Turkish parliament, from whence it would be unjust to infer from former negligence and evasions, which were more or less systematic and inherent in another regime, that the constitutional empire today would not be capable of breaking away definitely from the errors of the past and seeking only to apply measures compatible with the well-understood interests of the country and the peoples themselves.

## Red Tape Hinders Home Smith's Humber Project

#### "Cannot Legally Deal With Humber Valley Bylaw."—Geary

#### Much Red Tape Holds Up Scheme to Expropriate Watson & Kennedy Properties—Controller Foster Switches and Now Supports the Projects, and Considers It as City Property.

Home Smith's attitude to the city before the private bills committee of the legislature.

Consistent with his former protests, Ald. McBride again condemned the whole agreement which, he said, would only cost the city a lot of money and would in reality be of no use. The city, he said, had no idea of the ultimate cost of the project and hitherto, when the question was up for discussion, the council had not even been in possession of the facts. The alderman was reminded that the council were due to supper and he consented to drop the discussion on condition that he should be given the floor when the city council was resumed.

When the council resumed their places Ald. McBride rose to a point of order. He claimed that the discussion was out of order since the question had already been definitely dealt with twice this year. His point was sustained by City Solicitor Johnston and the mayor.

**Quite a Discussion.**  
A spirited discussion then followed as to whether the council could legally suspend the rules in this instance. Mayor Geary held that it could not, but a motion by Controller Church passed the way for the opening of the discussion at the next meeting.

**Civic Guild Favorable.**  
Fred Risk, secretary of the civic guild, presented letters from the organizations asking that the council take steps to expropriate the Kennedy and Watson properties in the Humber Valley in order to conform with the boulevard agreement with R. Home Smith.

**McBride Obdurates.**  
The bylaw was introduced by Controller Church, and Alderman McBride was on his feet, immediately protesting that the reintroduction of the matter was illegal. Mayor Geary sustained his protest and claimed that the question could not be dealt with according to the manual unless one of the members who voted against it last time would move to reconsider it. Controller Foster then came forward with the necessary motion.

The latter controller stated that he had investigated the proposal since it was last before council with the result that he had quite changed his mind on the matter. The Humber Valley, he said, would ultimately be a part of the city, and hence the city should look upon the matter from their own standpoint.

Dr. Noble's resolution respecting the payment of school taxes was sent to the board's solicitor for an opinion. The resolution read: "That this board memorialize the local legislature to have the Assessment Act so altered that the owner and not the tenant shall determine whether the taxes shall be paid for the support of public schools or of separate schools."

A letter from the night school teachers, asking for a higher rate of pay, was given a sharp turn down by Chairman Brown, who said the teachers applied for the extra work well knowing the requirements, and after receiving the appointments grumbled at the amount of work it entailed. He was inclined to favor a return to the former system of employing college students for the night classes.

## Macadam Sidewalk Better Than Bricks

#### Ratepayers on Front Street, Protest Against the Changing of Boilevard to Brick.

W. C. Chisholm, K.C., representing a number of ratepayers on Front street, between John and Bay streets, protested to the city council yesterday afternoon that there was no necessity to substitute a brick block pavement for the present macadam on the northern section of the thoroughfare. The present pavement was laid 10 years ago, he declared, and if a little money spent on repaving it, there would be no necessity for a new road, particularly because the traffic in the future would be lighter than in the past.

The chief agitators, yet they paid nothing toward the cost. After a number of other speakers, both for and against the improvement, had been heard, the council finally deferred action.

## Trowern Resents Plumbers' Bylaw

#### Backed by Large Deputation, Protests Against Use of Iron Pipes for Drains.

"Gentlemen, we simply ask you not to put us out of business without giving us some reason. If that bylaw is carried we will absolutely be put out of business."

The city council yesterday passed a bylaw providing for the extension of Harrington avenue westerly to Christie street and authorizing the city engineer and other officials to enter upon and use the necessary lands.

Controlled by the city council yesterday as to who was responsible for distributing anonymous letters to the aldermen, giving a number of reasons why the Humber Valley boulevard scheme should be rejected. It reiterated that the letters had been laid upon Ald. Wanless' desk and that alderman had forwarded them to the city clerk's department, from whence they were delivered. Nothing further than this could be learned.

**C.P.R. STRONGER IN LONDON.**  
LONDON, Oct. 12.—(Can. Press.)—Owing to the unusual conditions and the heavy dealings on the stock exchange there was a pronounced improvement in prices on the street this evening. Canadian Pacific closed at 28.

## Robbins After Terrace St. Sidewalk

#### Introduces Bylaw to Make New Office Subservient to the Board of Control.

Ald. Robbins introduced his bylaw to amend the bylaw relating to the appointment of a fair wage officer, so as to provide that the said officer shall be appointed by and report directly to the board of control.

The present fair wage officer, he said, was merely a law student in the office of the city solicitor and knew nothing of the conditions of labor. He was under obligations to do his regular work and then he could devote the remainder of his time to his additional duties, for which he was paid a salary of \$500 a year. A fair wage officer of this sort was absolutely of no value to the laboring community.

The present fair wage officer, he said, was merely a law student in the office of the city solicitor and knew nothing of the conditions of labor. He was under obligations to do his regular work and then he could devote the remainder of his time to his additional duties, for which he was paid a salary of \$500 a year. A fair wage officer of this sort was absolutely of no value to the laboring community.

After a lengthy discussion the bylaw was defeated by 11 to 10.

## GRANT TO HOSPITAL.

#### Controlled Church Introduced a Bylaw Authorizing the City Treasurer to Grant \$250,000 to the Hospital for Sick Children.

The bylaw was given two readings and will be submitted to the ratepayers next January in order to get their decision before giving it a third reading.

## Ward 3 Appeals All Withdrawn

#### Assessment Commissioner Thinks Merchants See Reasonableness of Assessment.

Some of the appeals of greater importance coming from merchants in Ward 3 had been withdrawn, according to an announcement made by Assessment Commissioner Forman.

"Their withdrawals at least show that they regard the assessment as a reasonable one," he declared. "I intend to take the whole question up with my staff, but of course I knew that before I went west the increased assessments in Ward 3 were to be made. We all know that drastic action was necessary in view of the enhanced values on Yonge street. We think we can vindicate our assessment, and we are not alarmed as we believe it to be justified under the circumstances."

The city cannot back out of the Davidson deal on Bloor street at this juncture. Its only recourse is to pay the arbitrator's fee and take the property. The reason is said to be a peculiar one. When the bylaw to expropriate the Davidson property was passed, it included other lands further west, which are necessary to the widening of the street in the High Park neighborhood, a little wider and grading has already been done, and for this purpose the city has entered on the other lands in question. Having entered upon these lands mentioned in the bylaw, it must take all that is mentioned therein, including the Davidson parcel.

The present condition of affairs has evolved itself out of a project to widen Bloor street to Dundas, and sooner than pay the price laid down by Arbitrator Drayton, Assessment Commissioner Forman would close the deal.

It is expected that Mr. Caskey, secretary of the Laymen's Missionary Movement in Canada, will occupy his new and expensive home in Alexander Gardens at an early date.

## All the Work in Sight

#### The new machines in the Burroughs Class 300 line have visible printing, visible adding, and visible writing, all in easy reading range, and all at the same distance from the eye.

The most visible of all visible adding machines, extremely low keyboard, up-to-the-minute typewriter carriage, backed by the Burroughs reputation and Burroughs Service, mechanically perfect, low in price—it is a machine you'll want to see.

May we show it to you?

AT THE THEATRES

"The Senator Keeps House."

Very charming and clever and laugh-provoking is the play at the Princess Theatre in which Wm. H. Crane and his admirable company appeared last night for a full and enthusiastic house.

Ross Snow presents the character of "Mutt" in a manner that would make "Fisher House" sit up and smile, while Harry Merkle as "Othello Montgomery Jeffries" is a real comedian, and follows closely in make-up and action the character as presented in the cartoons.

The Three Dukes.

Frank Finney's new musical comedy, "The Three Dukes," was put on the stage at the Gayety last night before a large and appreciative house.

The marching and dancing of the West Point cadets and Annapolis midshipmen were picturesque and attractive. The chorus singing was equal to the best heard at the Gayety this season.

"Puss in Boots" at Shea's.

Condensed musical comedy of the English pantomime description, is the big feature at Shea's this week. A company of forty in four well-staged acts, tells the old and pretty story of "Puss in Boots."

Will J. Kennedy secures a lot of fun, boisterous, it is true, from his part, with Freddie Wilson ably seconding him. Lena Mason and Gertrude Taylor sing well their prominent parts.

Harry Tighe and Bessie Clifford as singers are good, but their songs in the evening are not their comedy work made a hit.

"The Surprise Party" is a little love story simply told, and in the telling considerable clever rube talk is brought in and also some quiet fun.

Bohemian Burlesquers.

The Bohemian Burlesquers, the attraction at the Star Theatre this week, create a record in the number of songs that get the audience shouting.

The show is divided into two parts, the first part, being "The Bohemian Beauty," in which Andy Gardner, the funny man, plays the leading role.

Mrs. Pollen here, India, who is at present on a Canadian tour, has consented to speak before the members of the Zehman Bible and Medical Mission in the Bible House, 14 College street, on Wednesday afternoon.

The first concert of the symphony season, under the direction of Mr. Frank R. Wadsworth, will be held in Massey Hall on Thursday night, and will again welcome as soloist the great contralto prima donna of the day, Mme. Louise Homer.

Mr. Campbell has completed his arrangements for Thanksgiving (Monday, Oct. 29), and will give two concerts in Massey Hall, afternoon and evening, on the 28th and 29th respectively.

Readers of The World are familiar with the principal of Bud Fisher's cartoon creations appearing daily and depicting in an amusing manner the doings of these two comical chaps, "Mutt and Jeff."

Of course the real big laugh begins when "Mutt and Jeff" appear, and it doesn't relax for a minute until you find yourself on the caw-caw after two and a half hours of such comical fun.

Mr. Campbell has completed his arrangements for Thanksgiving (Monday, Oct. 29), and will give two concerts in Massey Hall, afternoon and evening, on the 28th and 29th respectively.

Notice to Shoe Buyers

Cutting the price on trade-marked Slater Shoes is a breach of contract and good faith, and is subject to a penalty.

It has come to our notice that "Slater Shoes" are being advertised in Toronto and Hamilton at a reduction from the factory stamped price on the sole, on the grounds of a "Liquidation" or "Retirement" Sale.

This procedure is without our consent or approval, and is a distinct breach of contract on the part of the dealer so advertising, who is laying himself open to damages under his contract. Further, it is an entirely unwarranted departure from our fixed-price policy of treating all purchasers alike as to Value Received.

The policy of the Slater Shoe factory is equal VALUE and equal TREATMENT for all purchasers of the Slater Shoe. We are not, never have been, and never will be in sympathy with discrimination in price between one shoe buyer and another.

The Slater Agency in any community should represent the ideal of UNQUESTIONED value and equal treatment for all. On this platform the Slater Shoe business has been built up to enormous proportions wherever dealers have

been in full sympathy with Slater business ideals of certainty value and equitable treatment of the public from year to year.

Feeling that the Toronto public want and will appreciate this ideal treatment in shoe buying, we some time since decided to open a Slater Shoe Store in Toronto, where none but the GENUINE Slater Shoe will be offered for sale.

Announcement of the opening of this Store will be made in the near future.

Meanwhile we request all purchasers of alleged Slater

Shoes to look for the protecting trade-mark on the sole and lining of all shoes offered under the name of "The Slater Shoe" as per illustration here shown.

Slater Shoe Co., Limited Montreal

Day's Doings in YORK COUNTY

MORE MONEY IS NEEDED FOR YORK COUNTY ROADS

County Council Probably Will Vote Another \$100,000 Next Month, and \$200,000 More Will Be Necessary To Complete the System.

Before York County has its projected system of good roads completed it will have to spend at least \$800,000. Already \$200,000 has been expended and about 50 miles of roadway built, according to the high standard set.

MARKHAM

Farm values are holding their own in this section of York in spite of the trend into the city and to the west. Recently a number of farms have changed hands at figures that indicate prosperous times.

THANKSGIVING CONCERTS

Mr. Campbell has completed his arrangements for Thanksgiving (Monday, Oct. 29), and will give two concerts in Massey Hall, afternoon and evening, on the 28th and 29th respectively.

BRAMPTON

BRAMPTON, Oct. 14. — Evangelist Gale of Massachusetts will commence his evangelistic services next Sunday evening in Grace Church. A central meeting will be held on Wednesday evening, when the services of the other churches will be withdrawn.

WARD SEVEN

The fourth annual sports day and athletic meet of the Inter-Church Association was held under perfect weather conditions on Saturday afternoon at the Lambton athletic grounds.

Mount Dennis

One of the new buildings erected by the King Edward Sanitarium on Buntingwood avenue has been completed and patients occupied it yesterday.

MARKHAM

Canada has not grown in area in the ten years 1901-1911, but on the contrary has lost 1,838 square miles, owing to the Alaska survey and ceding of lands.

REAL ESTATE NEWS

Hotel Grosvenor Buys Site For New Building Said To Have Sold Lease

M. Shady, the proprietor of the Hotel Grosvenor, at Alexander and Yonge streets, has purchased a plot of about 50 feet frontage on the north side of Alexander street, just east of the fallings of Yonge, at \$25,000. A garage was being built on the property and the E. M. F. Company had arranged to lease it, but the building could not be completed in time for the year. McKinnon, the owner, sold to the hotel, thru it is understood, Goulding & Hamilton. The garage is built to the second story. The contractor will tear it down. Nothing definite can be learned. It is said that the hotel has sold its lease, which was one of the few outstanding in the various blocks and is erecting an eight-story building on the purchased land, which is just across the street from the hotel.

WORK BEGUN ON A BIG WINTER CONTRACT

A steam shovel yesterday started in to excavate for the Consumers' Gas Co. new building on Dalhousie and Mutual streets, which will have a frontage on each street of over 125 feet. This is one of the big building contracts on which bricklaying and other work will proceed without stop through the winter.

CATTLE HIGHER IN MONTREAL

Prices for Some Grades Up 15 to 25 Cents Per Cwt.—Hogs Advance on Small Supplies.

MONTREAL, Oct. 14.—At the Montreal Stock Yards, west-end market, the receipts of live stock for the week ending Oct. 12 were 1,200 cattle, 300 sheep and 2,000 hogs, 200 calves. The offerings on the market this morning for sale were 1,150 cattle, 300 sheep and 2,000 hogs, 200 calves. A firmer feeling prevailed in the market this morning for cattle and prices for some grades ruled 15 to 25 per cent higher, owing to the lighter run. A few of the trade since the day week has been the arrival of over 20 car loads of northwestern ranch cattle, of which the offerings on the market this morning for sale were 1,150 cattle, 300 sheep and 2,000 hogs, 200 calves.

Liverpool Provisions

LIVERPOOL, Oct. 14.—Pork—Prime mess, 100s; hams, short cut, 14 to 16 lbs., 66s. Bacon—Cumberland cut, 28 to 30 lbs., 72s; clear bellies, 24 to 26 lbs., 72s; long clear middles, light, 28 to 30 lbs., 71s 6d; short cut, 28 to 30 lbs., 70s 6d; shoulders, square, 11 to 13 lbs., 64s. Lard—Prime western, in tierces, 61s; do American refined, 58s 6d. Cheese—Canadian, finest white, new, 5s 6d; do, colored, new, 5s 6d. Turpentine—Spirits, 31s. Rosin—Common, 28s 3d.

MONTREAL PRODUCE

MONTREAL, Oct. 14.—There was an active demand from foreign buyers for Manitoba spring wheat and all the offerings made over the cable yesterday night, which amounted to 60,000 bushels were accepted at 12 per quarter advance, owing to the excitement over the cable sale. The prices, however, were not continued as cables this afternoon were quite tame and the prices bid were all the way from 2 to 4c per bushel under cost. The demand for barley was also good and sales of several loads were made to Glasgow at an advance of 12 per quarter. A fair local trade continues to be done in oatmeal firm prices. In new crop spring wheat flour a good business was done over the cable, including sales of 2,000 sacks at an advance of 12 per barrel. The local trade is fairly active and steady. Millfeed is active and firm. Demand for butter is fair at advanced prices. Cheese is more active with a stronger undertone. Exports for week 6,254 boxes against 5,241 a year ago. Demand for eggs good. Provisions steady.

Chicago Live Stock

CHICAGO, Oct. 14.—Cattle—Receipts, 2,000; market steady to lower; heavy, \$12.50 to \$13.00; mixed, \$12.00 to \$12.50; western steers, \$12.00 to \$12.50; stockers and feeders, \$11.50 to \$12.00; calves, \$13.00 to \$14.00. # Hollinger Crosses \$14 Mark Again—Silver at New Record

## BALKAN WAR SCARE SENDS WHEAT MARKET SOARING

**Outbreak of Hostilities in Storm Centre of Europe Viewed With Alarm—Fear Dardanelles May Be Closed—Corn and Oats Up.**

CHICAGO, Oct. 14.—War excitement sent wheat upward today and prices unsettled, 1-1/4 to 3/4 above Friday night. Corn finished 1-1/4 to 1-1/2 down, oats varying from 1-1/4 to 1-1/2 to a like amount up and provisions strung out from 2 1/2 to 3/4 to a rise of 1/4.

Fear that the Dardanelles would be closed and the fact that British troops had broken through the lowest point in a century formed sentiment against the wheat bears, which was increased also by depression in the domestic security market. Heavy profit-taking brought about a sharp setback after the opening bulge. Later the activity was not so pronounced and fluctuations became less noticeable owing to assurance that the Dardanelles were likely to remain open. For the first time in over two months there was dollar wheat to-day. May went to \$1.09 1/2, a net advance of nearly 3c, but closed at 99 1/2 to 99 1/4.

Corn at first responded to the upturn in wheat, but subsequently worked lower, influenced by big sales of an elevator concern. Cash grades were weak.

In oats the effect of liberal foreign buying was offset by increased shipments to arrive from the country. Irregularity in provisions grew out of the war excitement and a disposition by packers to unload.

Eggs, new-laid	0 28	0 29
Chickens, new	0 18	0 18 1/2

### Northwestern Receipts

Today.		Wk. Ago.		2 Yrs. Ago.	
Chicago	122	105	80	105	80
Minneapolis	105	105	80	105	80
Winnipeg	105	105	80	105	80
Duluth	105	105	80	105	80

### European Markets.

The Liverpool market closed 1/4 to 3/4 higher on wheat, and 1/4 to 3/4 higher on corn. Paris wheat closed 1/4 to 1/2 higher than Friday. Antwerp 1/4 higher and Buda Pest, 1/4 lower.

### United States Visible.

Today.		Wk. Ago.		2 Yrs. Ago.	
Wheat	1,580,000	2,628,000	1,520,000	1,520,000	1,520,000
Shipments	2,236,000	930,000	304,000	304,000	304,000

### World's Shipments

World's shipments of wheat this week 15,488,000 bushels, against 14,888,000 last week and 8,888,000 last year. Corn, 6,480,000, 6,424,000, 1,720,000. Quantities of wheat and corn included in above 1,920,000, 1,812,000, 880,000 bushels. Total wheat taken up by continental countries the past week 6,388,000, 6,888,000, 2,500,000 bushels. Decrease of 2,200,000 bushels, or 31,207,000 bushels, increase 170,000 bushels.

### ST. LAWRENCE MARKET.

Receipts of farm produce were 2 loads of grain, 2 loads of hay and 1 load of straw.

Wheat—One load sold at 86c per bushel.

Barley—One load sold at 85c per bushel.

Hay—Twenty loads sold at \$14 to \$15 per ton.

Straw—One load of rye straw sold at \$3 per ton.

### CHICAGO GOSSIP

Neill, Beatty & Co. from Logan & Bryan:—Strong foreign cables and reported export takings were the factors inducing sharp covering and moderate investment in the session. The Balkan disturbance is still the governing influence and undoubtedly will create caution in the mind of the speculative public. News of a more definite character is needed. Also there is a fair demand for cash wheat, we expect to see the visible supply increase materially from the present figures, as the movement of springs wheat promises to be liberal. Assume a trading position temporarily and be satisfied with moderate profits.

J. P. Bickell & Co. from Logan & Bryan:—The English trade was greatly excited over the possibility of a change in the Balkan situation. The Balkan war operations. It was strictly a war market, while the early excitement was on North-west and southwest markets did not score as great an advance as Chicago, but all grain markets in this country were influenced by the cable news. London quoted Mark Lane wheat prices at 64 to 64 1/2 advance. It was the belief of many brokers in the local trade that certain holders of long wheat were free sellers thru wire houses and smaller brokerage firms at the early advance.

Ericksen Perkins & Co. (J. G. Besty) wired:—The advance in Winnipeg was more pronounced than in any other of the spring wheat markets. Unless the European situation becomes much more acute than now seems likely, and the buying from abroad is of infinitely greater proportions than is now in evidence, it seems to us as the advance in the market offsets the probability of a general European war, which we do not believe in, and the situation will gradually become one in this country at least of supplies overabundant.

Duluth Grain Market.

DULUTH, Oct. 14.—Close—Wheat—No. 1, hard, 93c; No. 1 northern, 91c; No. 2 do., 89c; October, 91c, nominal; December, 91c; May, 95c to 95c asked.

## C.P.R. MOVES UP AND DOWN IN MONTREAL

MONTREAL, Oct. 14.—Under the influence of better news from foreign markets and with New York available as an outlet for international stocks, the local market showed decided improvement today after the severe break of Saturday. A further calling of margins after the slump at the week-end gain caused a certain amount of liquidation, but progressed in an orderly fashion and with New York giving a good account of itself, sentiment grew more cheerful and prices improved fairly steadily thru the day.

The buying was generally described as better than the selling.

C.P.R. was again the pivot of the market. The recovery abroad resulted in an opening here at 22 1/2, or 3-4 over the closing price in the local market on Saturday.

At a point the market again began to move forward under New York's lead. The net change was a gain of 4 points on the day.

The recovery in C.P.R. was followed by a feeling of confidence thruout the market, ignoring minor setbacks. C.P.R. in the afternoon a number of Canadian stocks rose to their highest levels in the last hour, and the close showed an almost unbroken series of gains.

Apart from C.P.R., the advances included 1 point for Power, 2 1/4 for Laurentide, 3 1/4 for Sola, 3 for Textile, 2 1/4 for Canners, 2 1/2 for Toronto, and 2 for Cement common.

Total business 21,897 shares and \$16,000 bonds.

Brazilian sold off to 88 1/4 on the curb, but closed 90 1/4 asked, 90 bid.

## COTTON MARKET MADE A FAIR RECOVERY

Ericksen Perkins & Co. (J. G. Besty) wired:—A sharp break occurred in the Liverpool market today, in response to the unsettled political situation. The local market opened weak, with near months under 20c, and heavy liquidation out of offerings were readily absorbed and the market displayed a better undertone during the late session. Our opinion continues to be that the rumors of a storm off the southeastern coast and a reported better crop in the West Indies, have changed, while purchases from a supply and demand viewpoint are not justified. We prefer to hold on weak spots in anticipation of a rally.

## FOREIGN LIQUIDATION MAY BE SHORT SELLING

NEW YORK, Oct. 14.—Never in its history perhaps has New York shown such dignified indifference to foreign affairs as in present instance. Now, if the market is to be liquidated out of offerings to become the financial centre of the world, that a lot of the foreign self-belief in many places, which bulls asked themselves what would occur when foreigners began to buy back.

## TWIN CITY EARNINGS.

NEW YORK, Oct. 14.—The Bank of England is expected to advance its discount rate this week. Money is strong demand the world over regardless of war news.

For the first week of October the earnings of the Twin City Rapid Transit Co. were \$155,485, an increase of \$6853, or 4.6 per cent.

## BIG INTERESTS RALLY TO SUPPORT MARKET

Charles Head & Co. to J. E. Osborne:—London was again the ruling factor in our market today, under the influence of a drop of one to two and a half points in prices at that centre, our market opened weak, also initial prices were 1/2 to 3/4 lower. London's parity. Canadian Pacific was the most nervous of all the issues and fluctuated within a radius of 4 points during the morning session. Our opinion continues to be that the large interests did not intend to allow the war scare in Europe to seriously affect values and the selling of stocks founded on the back of taken off their hands at the early conversions, much to their regret, for they had no later opportunity of regaining their position. We believe the market is less irregularly after a while, but would accept good chances on the long side.

## GOLD STRIKE REPORTED IN HOYLE TOWNSHIP

PORCUPINE, Oct. 14.—A. F. Lonsway is reported to have made a rich discovery of gold on one of the veteran claims in Hoyle Township. Hoyle is made up entirely of fairly rich soil, muskeg and veteran claims upon which in restricted places there is an outcropping of rock. Nothing definite can be learned of the value of this new find.

The most popular and up-to-date Train Service to Montreal is Via Grand Trunk Railway.

This line offers every feature pertaining to comfortable travel, moreover, it is the only double track route in the world. In addition, it is the only line operating Pullman sleepers between Toronto and Montreal. Four trains leave Toronto daily at 7:15 a.m., 1:30, 5:30 and 10:45 p.m. The 9:00 a.m. train carries up-to-date coaches and parlor-library and dining car to Montreal, also Pullman sleepers to Boston. The 10:45 p.m. train carries up-to-date coaches and electric-lighted Pullman sleepers to Montreal daily. Remember, the Grand Trunk is the only double track route. Full particulars berth reservations at city office, northwest corner King and Yonge streets. Phone Main 4209.

## Improved Sentiment in Effect Again in Mining Exchanges—Hollinger Crosses \$14 Again—Pearl Lake in Strong Demand.

That the public are taking a big interest in the mining market was evidenced yesterday. During the morning both the Porcupine and Cobalt lists moved along in the even tenor of their way, but this afternoon board a strong demand for the gold mining issues developed and this resulted in sharp advances. These could only be viewed as highly satisfactory in view of the current depression in outside exchanges. Hollinger was particularly strong, with an advance to \$14.15 on the curb.

The declaration of a 3 per cent dividend by Hollinger and the statement that the company's earnings were up a quarter point in effect on the holders every four weeks has had a decided influence on speculative sentiment. Such action, in fact, puts the stock in a position to attract the holders every four weeks has had a decided influence on speculative sentiment. Such action, in fact, puts the stock in a position to attract the holders every four weeks has had a decided influence on speculative sentiment.
