ELIGIBLE BANDSMEN HAVE ALL ENLISTED

Not a Single One Left in Toronto, Military Authorities Declare.

RECRUITING PROGRESSES

Hundred and Nine More Men Are Attested Out of Two Hundred Offering.

All the Toronto bandmen of military age and eligible are now said to have been enrolled for overseas battalions. Five hundred have been organized into bands, and the new bands are being started with recruits with musical aspirations, but who have never learned to play any musical instrument. Many Boy Scouts are eager to join the bands or go as buglers, but they are not now being accepted unless of military age.

Recruiting continued to boom at the Toronto Recruiting Depot at the armories yesterday. Of about 200 applicants 109 were passed the doctors and were attested. Forty each were for the Q. O. R. and Highlanders Battalions. Q. O. R. Sergeants Going.

Lt.-Col. Leveston has received applications from 75 Q. O. R. sergeants for similar positions with the new 168th Battalion.

Lt.-Col. Duncan Donald has applications from 200 non-coms and privates of the 48th Highlanders for enlistment in the 124th Battalion.

It is expected that the Ontario Government will, this session, re-instate the \$200 annual allowance to the local regiments, which was omitted last session, as the great work in recruiting and training recruits for overseas is recognized.

Machine Gun Section. Thirty-five men for the machine gun section of the 124th Battalion were mobilized at the armories yesterday by Lieut. George Moffat. Most of them are members of the Balmly Beach Bowling Club. They will go to Berlin, Ont., for training, where the Battalion is in winter quarters.

Owing to the breaking of the icy roads yesterday, rendering it dangerous for horses and risky for the troops, the tactical march for yesterday was reduced to a short march west of the city.

Losses Thru Sickness. Lt.-Col. Belsan has lost 75 men from his battalion thru the epidemic of influenza and tonsillitis, rendering them below the medical standard of fitness. They will be replaced by recruits. There are now 275 of the troops on the hospital sick list.

"All complete, thank you," in large capital letters on Lt.-Col. Chadwick's recruiting poster for the 124th Battalion at the front of the city hall, is one of the indications of the readiness of the young men of Toronto to join the color.

Taking Their Time. While no effort to speed up recruiting is required, considerable time is being taken by the commanding officers of the two battalions now being organized, to personally pass upon the suitability of men offering themselves. The colonels take as much as 20 minutes to ascertain that new men are fit, and that arrangements for their education have been duly attended to.

When the arrangements in progress with the civic authorities, including the board of education, for buildings for barracks until May, are completed, the enlistment of the full establishment of the new Q. O. R. and Highlanders overseas battalions will be readily finished in a few days.

BRITISH DUKE FIGHTING AGAINST GREAT BRITAIN

Duke of Cumberland and Albany, Long Resident of Austria, With Foe.

LONDON, Jan. 13.—The suggestion has been made in the House of Commons that the Duke of Cumberland and Albany, now fighting against Great Britain, should be removed from the British peerage. Premier Asquith has intimated that it would be a slow process. Legislation would be necessary, he said, which the government was not prepared to initiate at present.

This is the first intimation that the Duke of Cumberland, who is in his 61st year, is himself fighting against Britain. His son, however, is the reigning Duke of Brunswick, the Kaiser's son-in-law, and quite active against the allies. The Duke of Cumberland has lived in Austria for years and rarely visited England, he remained on the roll of the house of lords as Duke of Cumberland and Teviotdale.

The Duke of Saxa-Coburg-Gotha, who is also the Duke of Albany, is the other man whom the house wishes expelled, and he is also the only other foreign ruling prince who is a member of the lords. He is a cousin of King George and was always looked upon as English in Germany, while in England he is regarded as German. He is a German by naturalization and holds general's rank in the German army. He is the posthumous son of Queen Victoria's youngest son, passed his childhood at her court and was a schoolboy at Eton when forced against his will to take the throne of Saxa-Coburg-Gotha, after it had been refused by the Duke of Connaught and his son, Prince Arthur.

COBOURG GIRL COMMITS SUICIDE BY HANGING

Lillian Quackenbush Fastened Rope to Beam in Barn and Jumped.

COBOURG, Jan. 13.—The body of Lillian Quackenbush, 28, unmarried, was found hanging from a beam of the barn of A. Johns, Port Hope road, where she was residing, this morning. The girl had fastened the rope to the beam, climbed on top of the granary, and swung herself from the beam by jumping. No reason is given for the suicide. The girl had gone about the house of Mrs. Johns quite cheerfully the day before and she appeared in unusual good health. Coroner George H. Ferris decided that an inquest was unnecessary.

TOWNSHIPS ARE ASKING FOR ANOTHER CONTEST

Several Want to Get in Line With Hydro Radial Proposals.

T. J. Hannigan secretary of the Hydro Radials Union, has received communications from ratepayers of the northern part of Waterloo, Blanshard and North Easthope Townships, asking what course they can take to secure another vote on the hydro radials and get in-line with the municipalities which have carried the law. Zorra Township is the only municipality which defeated the by-law which has not yet communicated

with the union. Representatives of Toronto Township conferred yesterday with Secretary Hannigan, and today Etobicoke Township will confer regarding the impending vote. The first votes will probably be taken in Etobicoke, Toronto and Waterloo Townships.

SIR HAMAR IN PASSAGE WITH RADICAL MEMBER

Lively Exchange Over Recall of Anglo-Canadian M. P. From Front.

LONDON, Jan. 13.—During the compulsory bill debate, James Hogge, radical member for East Edinburgh, objected to military members resting at home. They were fighting against their brethren in the trenches if they took a certain line towards the bill, and proceeded to refer to Colonel Sir Hamar Greenwood, and said it did not lie in the mouth of honorable, gallant members who preferred a job in Whitehall to a command in Flanders to utter such sentiments. Sir Hamar Greenwood said: "Since the commencement of the war I have been under orders of my military superiors and must go where I am sent. I was sent to Flanders and stayed there till I was ordered back. I think such reflection on officers is only worthy of those who desert the men in the trenches by opposing this bill." Hogge: "All I can say is it is only another waste of military material that a member trained to command a

battalion should be sent to the front, then withdrawn." "Temporarily withdrawn." It should be mentioned that Sir Hamar Greenwood was given command of a new Welsh battalion, but was lately appointed deputy adjutant-general of recruiting by the war office.

SHIPS HELD IN DOWNS GERMAN MINES FEARED

Enemy Believed to Have Laid Many Traps Along Dutch Coast.

LONDON, Jan. 13.—The Downs, that portion of the North Sea off the coast of Kent between Ramsgate and South Foreland, is filled with ships bound for Rotterdam, which have not been permitted to proceed on their voyages. British ships are forbidden to continue their voyage to Holland and neutral vessels are not being given the course by the admiralty. In official circles it is said that the stoppage is due to the danger of German mines, which they allege have been sown along the Dutch coast, and that the vessels will not be allowed to proceed until the mines have been swept up. Among the detained ships are several belonging to the Commission for the Relief of Belgium, and it is feared that if they are delayed much longer there will be a shortage of Belgian relief food. RECRUITING LEAGUE MEETS TWICE A MONTH

This is Unanimous Decision Arrived at by Members at General Meeting.

FOR NEW CONSTITUTION. Members Decide to Have One Submitted for Approval at the Next Session.

At a meeting of the Citizens' Recruiting League held in the city hall yesterday, it was decided that as the work of the organization was becoming greater and the likelihood of its existence being a prolonged one...

Major Church asked that he be relieved of the chairmanship, and suggested that the women's advisory committee be appointed at regular intervals.

Colonel Brown jumped to his feet with a protest against the way the funds were being allotted, but this was as far as he was able to get for the moment, as he was interrupted by T. A. Stevenson, who defended the way in which the money had been expended.

Major Church: "The money has been expended very wisely and in a businesslike way, and I don't think I object to it that you haven't given enough money to the artillery."

The report of the treasurer showed that the league had on hand \$21,845.46.

Col. Brown was not to be downed, however, and wanted to know who got the money for the luncheons and salaries, but he was satisfied with the explanation of T. A. Stevenson, that the luncheons were given to bandmen from the Exhibition Camp when they gave their services at recruiting meetings.

The colonel then suggested that the money taken in at the different meetings each Sunday should be counted during each meeting, and the amount announced from each platform. This suggestion was carried.

A bandmaster from one of the overseas battalions was then called to explain the massed band concert that it is proposed to hold to aid recruiting and to raise money for the bands.

The suggestion was carried unanimously. The request that has been made to the board of education that the new commercial high school be turned over to the militia was raised, and a resolution was passed which will be put to the board of education at the private conference in regard to the matter to be held on Monday.

It was also decided to have the ladies' advisory committee confer with the executive of the league as to what should be done to further assist recruiting in the city.

Mayor Church took exception to METAGAMA IN PORT WITH MORE SOLDIERS. Thirty-One Members of Varsity Training Corps Included.

OTTAWA, Jan. 13.—It is officially announced through the chief press censor's office that the troopship Metagama, which sailed from Canada on January 1, has arrived safely in England.

The military forces on board numbered 1832, comprising 134 officers, 27 nurses and 1571 men.

The unit included Toronto University C.O.T.C., 31 candidates for temporary commissions in regular army.

some of the war pictures that are being shown through the city. He objected to the \$500 grant that had been made to Colonel Stewart, believing that it should have been \$1000.

At this point the recommendations of the ladies' advisory committee were considered, and with the exception of the clause asking that no money be paid out by the league until a constitution was printed, were carried unanimously.

From now on the league will meet twice a month instead of monthly as heretofore and a committee of seven was appointed to draft a new constitution, the same to be printed and sent to every member.

In dealing with the last clause of the ladies' advisory committee recommendations which states that the ladies are ready and willing to co-operate, the mayor added, "We know that."

It was decided to discuss the advisability of holding a bazaar in the old McConkey building in order that further funds might be obtained for carrying on the work.

Colonel Brown was not satisfied with the way the question of an increased grant to the 12th York Rangers was being handled, and urged that another \$500 be allowed. Here followed a debate between Hon. Thos. Crawford, the colonel, and other members in which all the good qualities of the 12th York were brought out.

Hon. Mr. Crawford finished a second explanation for the giving of only \$500 by stating that the committee could not consider requests made from a selfish source. Col. Brown was on his feet in an instant demanding that the statement be withdrawn, but his demand only brought forth another remark from Hon. Mr. Crawford, who added "I would be ashamed to be as often on my feet and say nothing as the gentleman who has just sat down."

The committee to draw up a consolidated constitution was appointed as follows: Chairman, Mayor Church; Hon. Thos. Crawford, Mrs. Brown, Mrs. Allen, Mrs. McCall, T. A. Stevenson, Col. Brown, Mrs. Gurnett and D'Arcy Hinds.

W. Nelson Wilkinson was appointed honorary secretary.

Three ladies were appointed to the executive by the Khaki Day captains.

HIGGINS WAS PREACHER OF ALL DENOMINATIONS

This Was Assertion of His Wife Suing Him for Alimony.

Before Mr. Justice Middleton Mrs. Flora Higgins at Osgoode Hall yesterday was awarded \$8 a week alimony against her husband, Elijah Higgins.

Mrs. Higgins claimed that her husband insisted on being the household purchaser, and that he gave her \$5 and was very disagreeable over her not consulting him before purchasing two overcoats for her children.

Mr. Justice Middleton has ratified the settlement whereby the National Plumbing Supply Co. will pay Annie Levinsky \$400 and Ada Silverberg \$800 damages for injuries.

F. D. Law has entered action at Osgoode Hall against Thomas N. Dunn, A. H. Davidson, Archibald Orr, Gideon Grant and the Standard Fire & Rubber Co., Limited, to recover \$5790, alleged due for services in selling capital stock of the defendant company and for other services.

The following is today's list for the first divisional appellate court: Gatchell v. Taylor, Byrne v. Foble, Sovereign Bank v. Clarke (two cases), Johnson v. Price.

GENERAL SECRETARY TO VISIT MISSION. Rev. Dr. R. P. Mackay Leaves for Trip to Trinidad and British Guiana.

Rev. Dr. R. P. Mackay, general secretary of the Presbyterian Foreign Mission Board, has just left Toronto for an official visit to the Canadian missions stations at Trinidad and British Guiana.

The Canadian missionaries at Trinidad and British Guiana, who have gone there to work in the plantations, are Canadian missionaries working along educational lines in establishing schools, high schools and colleges.

For this reason Principal Gaudier of Knox College has just left Toronto for Trinidad by the mission committee, but the proposal was not concurred in by the Knox College Board, which decided that the committee could not be spared during the first year of new college work.

Rev. Dr. Mackay will be absent in Trinidad and British Guiana for about three months.

Winter Tourist Trips to Southern States. Are becoming more popular every year, largely owing to the increased transportation facilities and modern luxury equipment, making the journey a pleasure instead of a hardship.

First, and foremost, the policy of starving Germany economically and otherwise as recently enunciated by Walter Runciman, president of the board of trade, will be carried to a further extent than has hitherto been found possible in view of the necessity of reconciling it with the preservation of neutral interests.

In other words, the naval noose around Germany's neck will be tightened to the point of strangulation.

Since Mr. Runciman made his speech, wherein he said Germany was already a beaten nation commercially and economically, there has been a hot dispute in this country as to whether the blockade against Germany was really effective.

The Northcliffe papers have taken the position that by the restrictive measures so far enforced, Great Britain was neither starving Germany nor even putting her to real inconvenience.

EL PASO, Tex., Jan. 13.—General Jose Rodriguez has been captured near Madera, Chihuahua, by Americans, according to reports received here.

A message received from Madera stated that a number of Rodriguez's men were killed and that the Americans are calling for help.

Gen. Rodriguez has been General Villa's aide and second in command of the Villa forces for some time. Some press dispatches reported that he was responsible for the murder near Chihuahua.

PEACE TALK BEDECKS CHANCELLOR'S SPEECH

Opening of Prussian Diet Marked by Moderation in Language.

Reading the speech from the throne, Dr. Von Bethmann-Hollweg recalled that a sanguinary conflict is going on in wide battlefields.

He said, "they must also bear the guilt of responsibility if the nations of Europe continue to inflict wounds upon one another."

The emperor and king knows that your work, as it has been before, will also be during the next period of parliamentary activity, inspired by the spirit of sacrifice and determination which alone gives strength to our nation to carry this war through victoriously.

All able-bodied men are united in faithful comradeship until death for the defence of the state and the nation. The present spirit of mutual understanding and trust will continue to make it possible also in the time of peace in collaboration with that of the whole people of the country.

This spirit will pervade our institutions and will find strong expression in our public administration, in our education and in forming the basis for representation of the people in the legislative bodies.

The prime minister then stated that the king and emperor sent, as a greeting to the parliament, his warm wishes for those who are fighting at the front.

He also announced that a bill will be presented increasing the income tax as an increase of the state's receipts had become necessary.

The war, he said, had not broken the strength of Prussia's state finances, but further means were needed to be used for the reconstruction of East Prussia. He added that new means will be sought as a victorious peace has been won.

Dr. Von Bethmann-Hollweg said in conclusion: "The wounds that have been inflicted, to make new life grow out of the gigantic deeds and sacrifices of the nation will be the task of all of us as soon as a victorious peace has been won."

WHAT DYSPYPTICS SHOULD EAT. A PHYSICIAN'S ADVICE. "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should whenever possible eat a diet which neutralizes the acidity, or which by chemical action in the stomach develops acidity."

Such a rule eliminates most foods which are pleasant to the taste, as well as those which are rich in blood, flesh and nerve-building properties. This is the reason why dyspeptics and stomach sufferers should eat a diet which is not only palatable but which can only come from a well-fed body.

For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are unable to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food of the kind which you make, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water.

This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly.

Bisulphated magnesia is undoubtedly the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the excess of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine.

As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of doing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if you're not right.

the address in reply to the speech
from the throne. The motion for the
address, however, will not be formally
made until Monday, to which date
the House adjourned.

Sir Wilfrid's Amendment.
After the adjournment of the House
the Liberal members now in the city
held a long conference with Sir Wilfrid
Laurier and it is understood that
Sir Wilfrid will conclude his speech
on the address next Monday by offer-
ing an amendment to the address.

This amendment, it is believed, will
express regret that the speech from
the throne contained no reference to
the alleged scandal in connection
with war contracts and no announce-
ment as to what policy the government
intends to pursue hereafter to prevent
the repetition of such abuses. In gov-
ernment circles it is confidently as-
serted that the resolution providing
for an extension of the parliamentary
term will be introduced and given pre-
cedence over all over business as soon
as the debate upon the address is
disposed of.

It is also reported that the budget
speech will not be brought down for
some weeks but that assurances will
be given to the opposition that no
tariff changes of importance are to
be proposed at this session.

Speech From Throne.
The speech from the throne was as
follows:
Since I last addressed you the war
in which we are engaged has been
continued with unabated vigor and
varying fortunes.

The empire's part therein has been
amply maintained at sea by the in-
spiring achievements of the navy on
land by the distinguished valor of
the great armies which have enrolled
themselves in all parts of his maj-
esty's dominions for the common de-
fence of our liberties and the substan-
ce of the common defence of the empire.

In a spirit of splendid loyalty and
unflinching devotion, India and the
overseas dominions have with each
other in co-operating with the
mother country to achieve this great
purpose.

Canada's Part in War.
The call to service has evoked a
widespread and notable response in
Canada. Already 120,000 men have
crossed the seas, an equal number
now being actively trained and equip-
ped for service abroad and a call ex-
tending the authorized enlistment to
half a million men has been received
with warm enthusiasm.

At the front, our gallant soldiers
have met the enemy in repeated con-
tests, and by their pre-eminent cour-
age and heroic endurance have shed
lustre upon their country and upheld
its traditions.

Equally praiseworthy and impres-
sive has been the self-sacrificing and
loyal spirit shown by all the Cana-
dian people, who have freely dedi-
cated their manhood and substance to
the common defence of the empire.

Would Avoid Election.
The life of the present parliament
expires in the autumn of this year,
and, under existing legislation, a dis-
solution and election would be neces-
sary in the early future. My advisers,
however, are of the opinion that the
wishes of the Canadian people and the
present requirements of the war would
be best met by avoiding the distur-
bance and confusion consequent upon a
general election so crucial a time.

That purpose can only be effected
through the medium of legislation by
the parliament of the United Kingdom. A
resolution authorizing and requesting
the enactment of such legislation as
will extend the life of this parliament

SOCIETY

Conducted by Mrs. Edmund Phillips.
A wedding took place yesterday after-
noon at the house of Mr. George H.
Gooderham and Mrs. Gooderham, St.
George street, when their eldest daugh-
ter, Evelyn Grace, was married to Dr.
W. Berkeley Stark, only son of the late
Dr. T. H. Stark and Mrs. Stark. The
Ven. Archdeacon Cody performed the
ceremony. The house was lovely with
flowers, large brass vases of roses, and
a big used in the drawing-room, and an
arrangement of banked ferns and flowers be-
sides the dining-room and other rooms
were decorated with large bowls of
fragrant flowers. The bride, who was
given away by her father, wore an ex-
quisite gown of thread lace and Georgette
crepe, the gown being short and draped
over a petticoat of the same lovely lace,
which was used on the corsage. Her
hair was of silver and styled in the
Gibsonian caught in the hair and draped
the gown. Her tulle veil was held in
place with a wreath of white carnations
and the bridesmaids wore white tulle
wreath both having been worn by her
mother when she was married. She car-
ried a shower bouquet of sweetheart
roses and lilies of the valley. Miss Jessie
Gooderham, her sister, carried a bouquet
of pink pompadour. The bridesmaids
were given a skirt of Georgette crepe,
trimmed with silver lace, and carried
old-fashioned round bouquets of pink
roses and lilies of the valley. Mr. John
Gooderham, the bride's brother, was best
man. Mrs. Gooderham received, wearing a
graceful gown of pale gray crepe
with a tulle and lace. Mrs. Stark,
Stark, mother of the bride, wore a
black gown of silk and Georgette crepe
with a black hat. The wedding was very
quiet, only relations and intimate friends
being present. Dr. and Mrs. Stark left
for a trip to England. The bride is
traveling in a smart tailor-made of Afric-
an brown velvet trimmed with heavy
and a brown hat with wings. Mrs. Stark
will go to England with her husband
when he leaves for the front to join the
Medical Corps.

The marriage of Miss Verchovle
Crown to Mack Crear, 11th Battenon,
C.E.F., will take place this afternoon at
2.30 o'clock in the Church of St. Paul,
Ellice street.

At the meeting of the Historical So-
ciety yesterday afternoon Mrs. W. H.
T. Jarvis read a very interesting let-
ter, just 100 years old, written by Mrs.
Robert Hazen, Hazen Castle, St. John,
N.B., to her brother, Mr. James Edmund
Jarvis, who was in England. She send-
ed him a pair of white lace curtains,
and what she does not want
him to bring her from there is not worth
mentioning. She also wishes him to call two
pairs of spectacles that are of no use
to her, some very nice silver and gold
spoons (which used to be made of heavy
silver gilt), on which he was made of
the sum of \$100. She also wishes him to
bring a pair of spectacles that are of no
use to her, some very nice silver and gold
spoons (which used to be made of heavy
silver gilt), on which he was made of
the sum of \$100.

Mr. F. M. Briereudon, who spent his
Christmas leave with Mr. and Mrs. A. R.
Pringle, Linden street, has returned to
Ottawa.

Mrs. A. B. Pringle and the Misses
Pringle will not receive this season.

The marriage of Miss Carrie Kent to
Captain Geoffrey Gordon Mills takes
place this afternoon at Old St. Andrew's.

Mrs. M. E. Nichols, Montreal, is the
guest of Lady White in Ottawa, for the
opening of parliament.

Mrs. Waddie and Miss Dorothy Lang-
muir sailed yesterday for Bermuda.

Mr. and Mrs. Phelps, Syracuse, were
in town for the marriage of Miss Grace
Gooderham yesterday.

WOMEN'S AUXILIARY
FOR SEVENTY-FIFTH
Relatives and Friends of Members
of Battalion to Look After
Their Needs.

A meeting will shortly be held to
perfect the organization of a women's
auxiliary to the 75th Battalion. The
object is to provide an organization
which will serve as a base from which
the needs of both officers and men
will be supplied by their relatives and
friends in Toronto. From time to time
the quartermaster of the battalion will
send a report as to what articles will
be most needed and appreciated and
these needs can be supplied much
more promptly and accurately thru an
organization than thru individual ef-
fort. There will be an overseas branch
in England, thru which close touch
will be kept with all officers and men
of the battalion, and by this means
news can be sent to Canada, informa-
tion obtained and comforts of various
kinds be sent to the prisoners and
wounded. Mrs. S. G. Beckett, Mrs.

Burton, Mrs. R. A. Donald and Mrs.
Forbes Keith are calling the meeting.

NINETY-SECOND HIGHLANDERS'
CLUB.
All soldiers are invited to make
themselves at home at the 92nd Bat-
talion Club, which is located in the
old Y.M.C.A. building, corner Yonge
and McGill streets.

The club has been opened by the
92nd Battalion. There are five pool
tables installed, a dairy lunch counter,
where a soldier can get a lunch
cheaper than at any place in the city.
A swimming pool is at the disposal of
the guests, and visiting soldiers will
find magazines and papers of all kinds
in the rest-room.

ONE RACE CALLED OFF AND MANY SCRATCHES

Eel Direct Won Fast Pace in Straight Heats—A Local Event.

MONTREAL, Jan. 13.—(Special.)—Ice racing commenced today at Delorimier Park under the auspices of the Montreal Driving Club. The weather was not the most inviting, and track conditions were not of the best. The constant rain of yesterday and last night had to a certain extent honeycombed the track and there was no sensational time made. Three races were carded for the day, but only two were raced, the 2:30 class trot failing to fill. The attendance was quite up to the mark for opening day despite the unfavorable conditions. The officials for the meeting are: Jas. Hughes, presiding judge; D. Richard and A. C. Card, stewards; and A. H. Merrill, secretary. The first race was a local event for 2:30 pacers with nine entries. Eel Direct, owned by Paul Dennis of Montreal, was easily the best and stopped the three at 2:15 1/2, 2:19 1/2, and 2:22 1/2. Harry K. Jr., owned by Shan, was the favorite in the second race, but he could do no more than to finish fourth. The 2:11 pace was the other race on the program, with an entry list of 18 horses. When called for the word only five scored. Eel Direct, gr. h., by the Bel, owned and driven by S. Mahon, Toronto, was the winner. He was the second winter at the Toronto meeting, and he justified his price as he won very easily, being at no time extended. It was thought Trudelle, h.g., from Wat Ray's barn, would finish the contest, which he did, but the feeling did not suit him any too well, and he lost to Eel Direct in straight heats in 2:15 1/2, 2:19 1/2, and 2:22 1/2. Three races were carded for Friday, 2:30 trot, 2:20 pace and the feature event, 2:11 heat race, 2 in 3, with a very large entry list.

Swimming for Medals By Women Over Sixty

MONTREAL, Jan. 13.—A despatch from Los Angeles says: The free-for-all swim, restricted to women over 60 years of age, is over, and Mrs. C. K. Scholl of 1037 Byron Apartments was named today by Prof. T. Wilkinson of Bimini Baths as the champion "Grandma Swimmer of Los Angeles."
The races were the result of a free course of swimming instructions, offered by Wilkinson as a Christmas present to the elderly women of this city. In all, 100 grandmas took advantage of his offer and have been taught swimming during the last few weeks.
"I believe that every woman who took my course will live a year longer," said Prof. Wilkinson today. "I feel that my unique Christmas philanthropy was a huge success."
A husband who was present while his wife was taking her lessons, told me that the swimming had done more to restore the nerves and health, as well as to sweeten the disposition of his wife than all the doctors and sermons had been able to do in two years.
When the women finished their course of instruction, they were entered in a grand free-for-all over a course extending the length of the plunge. Mrs. Scholl emerged victor. Medals were given to the first six contestants. Following are names of the first six women:
Mrs. Scholl, Mrs. K. Lou, 562 Chicago street; Mrs. Clara Small, Mrs. A. B. Kidd, Mrs. L. Possens and Mrs. E. R. Correll.
Prof. Wilkinson was formerly swimming instructor of the M.A.A.A.
Jimmy Callahan used to be a plumber in his youth. Just as soon as a man begins to get old, someone starts rattling the skeleton. How much more romantic if Jimmy "just grew up a ball player."

OREGON PACER WON FORTUNE IN SEASON

Hal Boy, an Oregon product, is said to have won more money during the last harness horse season than any meet ever has annexed in a single year. Notwithstanding the fact that Hal Boy started out badly during the early part of the year by losing several important races, his total winnings foot up to the respectable approximate of \$85,000.
Stoughton Fletcher's speedster first came into prominence in California, where the pacer attracted attention to himself by winning 16 out of 17 races. The Indianapolis banker paid \$12,000 for the horse, and at that time, many old followers of the harness considered the price excessive.
Since being placed in the hands of Trainer McMahon, Hal Boy has more than justified his owner's confidence in his capabilities. The horse is eight years old and sound and many look to him to be one of the sensations of the 1916 season. Hal Boy placed second in the Panama Pacific Exposition \$20,000 race.

NEWS FROM THE CITY HALL

OBJECT TO PAYING EXAMINATION FEES

Walters and Cooks Say Medical Department's Regulation Cause of Hardship.

OUT FOR MORE BUSINESS

Publicity Campaign to Bring Industries Suggested to Board of Control.

It was claimed by representatives of the Walters' and Cooks' Local Union 2300, at yesterday's meeting of the board of control, that the regulation compelling the members to be medically examined would mean a hardship unless the hotel and restaurant keepers were obliged to pay the fees. It was explained that the wages received did not warrant paying a medical fee twice a year.

Dr. Hastings, M.O.H., stated that he had no authority to ask the proprietors to foot the bill, but was chiefly interested in safeguarding the public. He estimated that he would do all in his power to assist both the employees and the employers. A conference between the objectors and the M.O.H. was decided upon in order to arrive at some solution of the difficulty. In all probability the city will undertake to conduct the examination for a very small fee.

A serious charge was made against a Toronto doctor, whose name was not revealed, when one of the deputations, Albert Tipper, stated that when he went to be examined the doctor signed the certificate without making him an examination. Dr. Hastings asked him if he would give the name, to which Tipper replied, "Yes."

Criticizes Duplication. Mayor Church again criticized what he termed duplication, in the work of the medical health department of the city and the board of education, yesterday, and said there was an expenditure last year of \$70,000, which might be avoided if the two branches were amalgamated. At the close of the board meeting a conference was held in the mayor's office, the object being to come to some decision in the matter.

A motion of the chairman that application be made to the legislature for an amendment to the Assessment Act to have a column in the assessment rolls for the ages of those between 18 and 45, the military age, was passed. That a committee composed of a representative of the city council, harbor board, board of trade, industrial exhibition and trades and labor council confer as to the advisability of conducting a publicity campaign for Toronto, formed a motion made by the mayor. The idea outlined is that there is a great industrial area ready for manufacturers, and otherwise prepare for increased business. The suggestion was agreed to.

MANAGEMENT COMMITTEE ORGANIZATION MEETING

Many Details in Connection With School Affairs Disposed of and Work Undertaken.

A deputation of women from the Citizens' Recruiting League appeared before the management committee of the board of education yesterday and asked that the board place some buildings at the disposal of the militia for the use of soldiers. Mrs. Jas. George, spokesman, was informed by Trustees C. A. B. Brown that the matter was under consideration.

There were a number of details matters disposed of and among other things two committees were appointed. The first is a sub-committee on medical inspection and is composed of Trustees McTaggart, Fairbairn, Shaw and Hunter. The second is the cadet committee and is composed of Trustees Shaw, Hopkins and McTaggart.

DULUTH-SUPERIOR EARNINGS.

Duluth-Superior Traction earnings for the first week in January were \$23,285.48, an increase of \$82.84, or 3.9 per cent.

LOOKING FOR A HOME FOR NEW BATTALIONS

Officials Visit Schools With Idea of Accommodating More Troops.

MAKE ROOM FOR THREE

High School of Commerce Suitable for Quarters and Ready for Use.

The solution of the difficulty which faces Toronto in the way of supplying adequate room for the new battalions which are to be trained here is expected on Monday next, when a joint meeting of the board of control and board of education will be held to discuss the idea of giving over some of the school buildings.

Yesterday Mayor Church, in company with Colonels Mewburn, Osborn and McKinnon and other officers of the district, and Trustees Hodgson and McTaggart, made an inspection of the high school of commerce and other civic buildings, with a view to finding suitable accommodation for the troops. There are four large floors in the high school of commerce and finance and sufficient space to house three or four battalions, the building being in such a condition that it could be used at once.

"Last year we voted \$1,800,000 for new sites and buildings for the schools and in war time the same should be used for military purposes," said the mayor.

CITY HALL NOTES

At the next meeting of council the board of control will recommend the formation of a transportation committee in connection with the hydro radial scheme.

Following a consultation with the harbor board in regard to an extension of the pier head line, the board of control decided yesterday not to offer any opposition.

Oliver N. Sanderson has been recommended by the high school principals to take the place of H. Griffin of Harbord Collegiate, who has enlisted for overseas service.

Miss F. M. Chandler, Miss E. E. Young and Miss A. Armstrong, three school nurses, are going to the front with the Queen's University Hospital. R. W. Nicholson and M. Fyfe, principal of York Street School, have also asked for leave of absence to enlist.

EASTERN ENTRANCE WILL BE DISCUSSED

City to Take Up Matter of Exhibition Gateway With Railway Officials.

At a conference to be held in Montreal in the near future the question real in the eastern entrance to the Exhibition grounds will be taken up with officials of the Canadian Pacific and Grand Trunk railways. It is expected that there will be no trouble in arranging for the scheme, which will add materially to the receipts during fair time.

Mayor Church stated yesterday that the city could finance the proposition temporarily.

Eminent Scientists

are against alcohol. They have discovered that alcohol is a life-destroyer. "Alcohol causes chronic diseases of the heart, liver, stomach and kidneys, increases the death rate from pneumonia and lessens natural immunity from infectious diseases."—Weekly Bulletin, New York City, Dept. of Health, June 19th, 1915.

Moderate Drinkers

Life insurance men declare that MODERATE drinkers shorten life on an average from 10 to 13 years by their occasional alcoholic drink. The attitude of life insurance to alcohol is especially significant because there is no phase of business so scientifically accurate.—Outlook, June 30th, 1915.

English Doctors

say to the troops — Alcohol slows the power to see signals. Alcohol confuses prompt judgment. Alcohol spoils accurate shooting. Become total abstainers. The above is taken from a poster issued by English physicians.

The Red Cross

nurse says to you — "Alcohol, by lowering resistance, nine times out of ten, makes it just so much harder for the patient to recover." "Careful, therefore, how you use it as a medicine."

The New War Against Alcohol

THE new non-partisan movement for a DRY Ontario—the New War against alcohol—is under the direction of a body of able, powerful and determined men. Financiers, business men, lawyers, physicians, politicians of both parties, leading men in various walks of life, have joined hands to work for the common good.

and that the last 100,000,000 pounds sterling might prove the deciding factor in this war. Lloyd George also said that the Empire was fighting Germany, Austria and drink, and so far as he could see the greatest of these three deadly foes was drink. Lloyd George is one of the Empire's foremost leaders. He speaks with authority. His placing of "drink" as the

Empire's Most Deadly

foe should be sufficient to enlist every patriotic moderate drinker with the forces that the Committee of One Hundred is mobilizing to secure prohibition in Ontario.

Petitions to the Provincial Government for prohibition in Ontario will be circulated in the near future. They will ask that the Government bring down a Bill for the Prohibition of the traffic in Intoxicating Liquors for beverage purposes, up to the limits of powers of the Legislature, such Bill to become law—(a) When enacted by the Legislature, or in the alternative, (b), upon submission to the electors and upon receiving the approval of a majority of the electors voting thereon.

Every voter will be given the opportunity to sign. Failure to sign means that you line up on the side of alcohol—the Empire's most deadly foe. In the present crisis what man's conscience will permit him to do that?

Moderate Drinkers

are urged to co-operate in this new movement. There are thousands of men who use liquor moderately, and who must realize that in times like these they should sacrifice something for the common good. When patriots are giving their lives for the Empire surely moderate drinkers will be glad to help save the money now spent in alcohol. If moderate drinkers will think seriously they must realize that Ontario cannot afford the colossal expenditure of upwards of \$30,000,000 yearly for alcoholic beverages. Common sense and sound business demand that this appalling waste of money for alcohol should be saved for the Empire's and Ontario's more vital needs.

Lloyd George has stated that the "silver bullet" has been instrumental in winning other wars for Great Britain,

ATTEMPT TO MURDER JAP PRIME MINISTER

Assassin Hurls Two Bombs at Automobile of Count Okuma at Tokio.

TOKIO, Jan. 13.—Count Okuma, the Japanese premier, had a narrow escape from death early today at the hands of assassins. He was returning from the royal palace shortly after midnight and approaching his residence, when two bombs were hurled at his automobile. The premier was not injured. Okuma's chauffeur caught a glimpse of the bomb thrower as he was about to launch his missile, and put on speed so that the bomb exploded behind the machine without causing any damage. A second bomb was thrown, but it failed to explode. It

ROAD OFFICIALS WILL CONFER HERE NEXT MONTH

County Superintendents and Engineers Will Gather in Toronto.

The first conference on highway construction for county road superintendents and engineers, held in Toronto in February last year, proved such a success that it has been decided to continue the course during the second week of February this year. The conference, which will open Tuesday, Feb. 8, in the parliament buildings, consists of a series of lectures by experts on highway construction. Hon. F. G. Macdormald, minister of public works, will open the conference with an address. Morning and afternoon sessions will continue until Friday, Feb. 11.

GERMAN SUB. ATTACKED BIG LINER HURONIAN?

Leyland Steamer Was Towed Into Port After Meeting With Injury.

NEW YORK, Jan. 13.—The new Leyland liner Huronian from Galveston was torpedoed on Dec. 29 off the Irish coast, according to reports current in shipping circles today. The International Mercantile Marine said that they had received a cablegram stating that the Huronian had met with injury and had been towed into port, but the message did not state what had caused the damage. The Huronian sailed from Galveston bound for Liverpool on Dec. 12. She was reported to have encountered a submarine not far from the spot where the Lusitania and Arabis were sunk. The ship was built in 1915 in Glasgow. She is 475 feet long and her registered gross tonnage is 8766. The Huronian carried a cargo consisting chiefly of cotton, corn and wheat, valued at over \$1,000,000, according to her published manifests.

DRIVE AGAINST SHORTS RESULTED IN FAILURE... New York Market Showed Mixture of Gains and Losses Yesterday.

DECLINE IN U. S. STEEL... Some High Priced Specialties Advance, But Mexican Issues Slumped.

NEW YORK, Jan. 13.—Efforts were made to lift the market out of its recent slump of depression, but a counter drive against the increasing volume of stocks produced only a short-lived recovery.

There were numerous substantial gains in high-priced specialties, including United States Industrial Alcohol common and preferred, American Oil Products and other issues of kindred character.

U. S. Steel, which manifested an irregular tendency at the outset, fell with other leaders toward the close, its final quotation at 35 1/2, representing a net loss of 7/8.

NEW STOCK TO BE ISSUED AT PAR BY ROYAL BANK... Paid Up Capital Increase Means Valuable Bonus to Shareholders.

MONTREAL, Jan. 13.—(Special.)—This is certainly a day of pleasant surprises for the shareholders of the Royal Bank of Canada.

MARKET TONE BETTER ON LIGHT TRADING... Cement Makes New High With Erratic Changes—Steels Display a Firmer Undertone.

From an immediately visible cause there was a better market for domestic stocks yesterday on the Toronto Stock Exchange.

IMPORTANT CHANGES IN BANK OFFICIALS... Edson L. Pease and C. E. Neill Take New High Offices in Royal Bank of Canada.

MONTREAL, Jan. 13.—(Special.)—The most important changes to occur among the principal officials of the Royal Bank of Canada since it has taken its place as one of the leading banks in this country, were announced at the conclusion of the directors' meeting of the new board of directors elected at the annual meeting of shareholders today.

By reason of the growth of the Royal Bank's business and organization, it has been deemed advisable for Mr. Edson L. Pease, the present general manager, to assume the higher office of managing director and chief executive officer of the bank.

Capital Paid Up \$1,985,070 Jan. 1, 1916. Reserve \$1,700,000 Jan. 1, 1916. Deposits \$1,216,258 Jan. 1, 1916.

GOLD WAVE CAUSED ADVANCE IN WHEAT... Chicago Prices Yesterday Were Highest Reached for Combing Crop.

FEAR SERIOUS DAMAGE... Corn and Oats Were Also Dominated by Bullish Advances.

CHICAGO, Jan. 13.—Highest prices yet on the 1915 crop were scored in the wheat market today, chiefly because of the cold wave.

Top prices of the day in wheat came shortly after the opening. The severely cold weather had brought about active buying, which was increased by predictions that the Arctic temperatures would continue for several days.

Just before the close good supporting orders for wheat were encountered and in the final dealings a lively rally was taking place.

Corn, like wheat, touched a new high price level for the 1915 crop. Reports were received that drought had taken the Argentine crop 25 per cent.
