EFFORTS TO OBTAIN TRUSTEES' VIEWS ON FADS-FRILLS POLICY

Whole Question Goes to Full Board Without Any Recommendation.

CHAIRMAN TO RESCUE

"Fads and frills" were again the headline at the management committee of the board of education yesterday afternoon. Rev. F. E. Powell vigorously advocated a shut-down policy, strongly supported by Rev. H. A. Berlis.

Trustee McClelland, chairman of the board, steered a middle course. Mrs. Groves, in the chair, was emphatically impartial. Rev. H. E. Powell's anti-fad motion was divided at Trustee McClelland's suggestion into two motions.

Declares Time Wasted. Rev. H. A. Berlis declared that regulars are constantly sent from their regular schools and essential studies to go to arts centres "to learn how to hemstitch or sew wood."

Miss Boulton said surely a policy adopted by a board of education in a great centre like Toronto had some continuity, and pointed out that the board's record on manual and household arts.

Rev. Mr. Berlis replied that if a board had made a mistake or committed a sin, surely it could repent and cleanse itself.

YANKEE SENATOR POORLY POSTED

Large Amount of U.S. Goods Imported Free by Canada.

Ottawa, Jan. 26.—(Special.)—Ottawa authorities claim that Senator McCumber was astray in his statement in the United States senate yesterday that "we do not send anything to Canada that Canadians do not charge duty on, and we let her export her wheat into the United States without a penny duty."

Great Reception to Prince at Australian Day Luncheon

London, Jan. 26.—The Prince of Wales today attended the Australian Day luncheon and had a great reception, both in person and on account of his racy speech on his experiences in his late tour of that Dominion.

NEARLY 102 YEARS OLD.

One of the oldest residents in Toronto passed away yesterday in the person of Louis Vincent Bouvier, aged 101 years and 8 months, at the home of his son, L. P. Bouvier, 27 Parkwood avenue.

YOUNG MOTOR THIEVES, WOUNDED BY BULLETS, PLACED UNDER ARREST

London, Aged Sixteen, and Greenberg, Aged Eighteen, Hit During Exciting Chase on Tuesday Night, Are in Doctors' Hands—Cleverly Eluded Police at Corner of Wellesley and Jarvis Streets.

With the arrest yesterday afternoon and last night of C. W. Landon, aged 16, of 569 College street, and Samuel Greenberg, aged 18, of 322 Euclid avenue, by Detective-Serget. Nourse, McClelland, Stewart and Mulholland the police claim to have in custody the two youth who gave Nourse and McClelland such an exciting chase through the downtown streets on Tuesday night and finally escaped by jumping from their auto at Wellesley and Jarvis streets.

Both youths bear bullet wounds. Landon was shot twice, thru the neck, also the bullets in each case just pierced the fleshy part. Greenberg was shot thru the right shoulder, the bullet passing right thru. Landon, it is said, is the worst injured of the two, although both are expected to recover. Dr. H. E. Clutterbuck, 143 Grace street, extracted the two bullets from Landon's neck. He still lies in his home as his condition was regarded as too serious to allow him to be taken to the hospital. Greenberg was removed to the General Hospital, where his condition is not regarded as serious.

How They Escaped. From the statements made to them by the two prisoners, the detective learned how the two youths had eluded them. It appears from their statements that when they neared Wellesley and Jarvis streets, they slowed the car down to about ten miles an hour and jumped from it, leaving the auto to run wild, which it did, bringing it up at the Hydro power plant.

BIG NEW COMPANY WILL OPEN ROAD INTO OIL FIELDS

Toronto-Owned Concern to Navigate Waters of Mackenzie River Basin.

EXPRESS CO. BOUGHT

The discovery of vast oil fields in the far northwest means the opening up of the entire Mackenzie basin to industrial development. Evidence of that fact is seen in the announcement of the formation of a new carrier company known as the Alberta and Arctic Transportation Company, Limited, of which Charles Miller of Toronto, is president, and Archibald Hutchison, also of Toronto, is vice-president.

This new company has taken over the physical equipment of the British Columbia Express Co., and of the Larsson & Hubbard Canadian, Limited, with operated steamers on the Peace River and its adjacent lake waters. Preparations are being rushed so that by the opening of navigation they will have an efficient service, with modern steamers on the Peace River, Athabaska and Slave River and lakes, and on down the Mackenzie River to the Arctic, and

EDUCATION BOARD TASK TO DIVIDE TWO MILLION

Original Budget Curtailed to Conform With Amount Promised by the Board of Control — Look for Financial Arrangements to Commence Jarvis Street Collegiate — New Standard Class Rooms According to Urgency.

Toronto's board of education is again off at top speed and may need a steady firm hand on the brakes at tonight's special public meeting to divide up the two million dollars, said to have been promised by the board of control at the closed door conference of civic controllers and school trustees at the city hall.

The division of the two million dollar hand-out will be worth watching. It will probably be the first time that the board of education building program with their cost have been brought vividly to the eyes of the public before the announcement of their adoption. The Original Budget. The original budget at first un-

STAND BY TREATY IS FRENCH REPORT ON REPARATIONS

Supreme Council Decides Let-Lia and Esthonia Be Independent States.

TWO PREMIERS CONFER

Paris, Jan. 26.—The members of the allied supreme council spent most of the day in private conversations discussing reparations. The two meetings of the council were devoted to hearing the statement of the French minister of finance, M. Doumer, on reparations and in considering the status of former Russian states. It was decided this afternoon that Latvia and Esthonia shall be recognized as sovereign states. Action regarding Lithuania and Georgia was set aside pending further information. It is understood that Georgia's representative will be heard during the present conference of the council, but the decision regarding Lithuania may be delayed.

Mr. Lloyd George and Premier Briand had occasion to discuss at some length, lunch, the report on reparations made by M. Doumer. Immediately after adjournment of the afternoon session Mr. Lloyd George and M. Doumer and Col. Thiery, respectively, went into conference in Mr. Lloyd George's apartment, presumably regarding the same subject.

QUAKE OR EXPLOSION SCARES PHILADELPHIA

Philadelphia, Pa., Jan. 26.—An earth tremor or an explosion of great violence caused alarm over a wide area in this vicinity early today. The shock was felt about 6:45 o'clock and quakes poured into newspaper offices from all directions, many coming from points as far away as Trenton, N. J. All those who made enquiries said that houses were shaken and that the sensation was that of a violent explosion.

BOMBAY EXCHANGES REOPEN; PRISONERS ARE RELEASED

Bombay, British India, Jan. 25.—The stock exchange and bullion and cotton markets reopened today. They were closed the previous day and a general religious strike was threatened because of the serious situation which arose over the killing of pigeons by European boys—pigeons being considered sacred by the natives—and disorders which followed this. Today the police withdrew their charges against the prisoners, who were released.

DRAYTON EXPLAINS TAX, BUT SILENT ON BUDGET

Minister of Finance Addresses Shoe Manufacturers — Regrets He is Unable to Make Announcement—Business Tax Said to Be Preventing Expansion.

Directing his remarks along lines which gave him opportunity to reply to the suggestions made by President J. Dous in his presidential address that some means could possibly be found by him to remove business profits tax that was preventing the expansion of the shoe industry, Sir Henry Drayton, minister of finance, gave ample reasons last night before the Canadian Shoe Manufacturers' Association, at a banquet held in the King Edward Hotel, for the imposition of the excess business profits tax, but regretted that he was unable to make any budget announcement on the tariff or luxury taxes.

President Dous believed that the bottom had been reached and that leather should be bought at the present time, and that the factories should begin to manufacture. If only the staple lines, in order to relieve the unemployment situation. The public, he thought, would begin to buy shoes in the later part of the year, March or April, as shoes were a necessity and would have to be bought eventually. He advised broad-mindedness on the part of the manufacturers with that knowledge before them, and advocated a closer union between employers and employees. A movement of prosperity could only be started when the manufacturers and the public bought more freely. The retailers also should not wait any longer to place their orders for the spring trade. He touched upon the spirit of friendliness shown between the two provinces at the convention and emphasized strongly the importance of teaching the spirit of the British empire, saying that any newspapers that did not stop criticism that was harmful, were not reflecting the mentality of the province in which they were published. In introducing Sir Henry Drayton, he spoke of him as being a great man on taxation, but mentioned his present position, his excess profit tax was not extremely popular among the shoe manufacturers.

"I don't know that I have an awful lot to confess," said Sir Henry in opening his address. "There is no question about one thing and that is that as a tax gatherer, I am a confessed nuisance. The trouble is that whatever you propose is wrong and the people who are always criticizing taxation can never give an adequate substitute. There is as many different opinions on taxation as there are industries. There is not only a desire to see that the other man pays, but behind it all there is a sincere desire to put Canada on an even basis as possible."

"Let us follow the president's remarks. On his authority business conditions are the result of extravagance. After the war the cost of living index was 200 or under, but instead of the expected happening, prices began to climb and the buying was luxurious. I don't know that I keep money, but a necessity and I don't know whether that is a luxurious purchase."

He explained that the taxes were not imposed because everything fixed was non-essential. What was needed was to check luxurious buying which could only result in an exhaust of capital and a general depression in the country was concerned. The cost of living index had risen to 263.1 when the much abused taxation was invoked. His hearers knew that a turn in the right direction had been made. The pyramiding of costs and invoices had stopped. The government had not waited until the end of the skirt was found, but had acted, and there was still a good deal of yarn left.

Scheme is Modified. World wide conditions he said, had to be met, and they had been met. The last index had given 240 as imposed. Regarding the excess business profits tax, it was put on when prices were advancing at a tremendous rate, and when profits were unduly great.

"I am sure you would like to see the excess profits applied to war purposes," he said. "It was born in haste, but it was fated by necessity and did not apply fairly, owing in some instances to the absence of capital. Under the old war profits tax, all profits over seven per cent were taxed 15 per cent, but they are not taxed now until they go beyond 10 per cent. This of course applies to the taxes of 1920, which have not been collected yet. The whole scheme of taxation has been greatly modified, so don't think you will be much troubled about the question of undue taxation."

The president said that perhaps it was on a pleasure trip," he continued referring to the remarks on the tariff tour, "but I wonder what his idea of Canada many times, and I wonder if

he calls it pleasure to travel at night thru the country and work all day, if that is the case, then he is the man for the job."

On that trip not only had the tariff been discussed, but the whole question of financing Canada, including land taxation direct, excise, etc. All taxation was a hindrance, he said, but he believed that a hindrance was good for the country. Duties, obligations and sacrifices made a better nation. In the last budgets the obligation arising out of the war amounted to \$259,000,000, while the whole budget had been only \$184,000,000. The last budget had nothing to do with the administration, which his hearers were well aware of. So there was the very greatest reason for coming into contact with Canadians to see what could be done.

Important Industry. Sir Henry showed the manufacturers that they either directly or indirectly employed some 25,000 people on the shoe industry. The last budget had nothing to do with the administration, which his hearers were well aware of. So there was the very greatest reason for coming into contact with Canadians to see what could be done.

It is guaranteed by Paris Medicine Co., St. Louis, Mo., Manufacturers of the old-fashioned Groves' Laxative Bromo Quinine Tablets. This signature is on every box of PAZO OINTMENT, 60c.

DRURY AND BECK FOR WORKING BASIS

Transportation Board Waiting to Take Up Street Railway Outfit.

Sir Adam Beck, chairman of the Hydro Electric and Radial Commission, is due to land at New York on Friday. He will most likely be in London on Saturday and at his office in Toronto on Monday. Lady Beck is not on the Aquitania, but will follow later.

The Ontario government announced in the speech of Tuesday that legislation to continue the purchase of the power plants and transmission lines of the Toronto Power Company (Ontario Electrical Development Company) to that of the province. Also that legislation will doubtless be up to confirm the rest of the items in the deal for the Mackenzie clean-up. Also that legislation will doubtless be up to confirm the rest of the items in the deal for the Mackenzie clean-up. Also that legislation will doubtless be up to confirm the rest of the items in the deal for the Mackenzie clean-up.

The last budget had nothing to do with the administration, which his hearers were well aware of. So there was the very greatest reason for coming into contact with Canadians to see what could be done.

Moore Earns Decision From Young Montreal. New York, N.Y., Jan. 26.—Pal Moore of Montreal, Quebec, defeated Young Montreal in a boxing contest here tonight. The victory was a hard-fought one, with Joe Lynch, bantamweight champion, in a fight for the title.

SAINTS WERE READY TO TAKE McCAFFERY. St. Patricks were hot after Al McCaffery, the sterling granite forward, last night. He was not only a star player, but he had also accepted. Grants asked that negotiations be called off until after Tuesday night, when the most properly take care of the immense traffic which is expected on these northern waterways on account of the discovery of oil. The head office of the new company will be at Edmonton, Alta.

TORONTO CRIBBAGE LEAGUE. Games in Toronto Cribbage League played last week. (Division B): Overseas, 22 Parkdale, 15; S.O.E. Athletic, 21 Kenilth B., 15; Kenilth B., 14; Toronto, 14; Boot and Shoe, 20 Queen City, 18. League standing up to and including Jan. 21, 1921:

PERTH COUNTY COUNCIL. Stratford, Ont., Jan. 26.—At today's session of Perth county council, standing committees for the year were appointed, the conveners of each being as follows: Finance, L. F. W. Turner, Fullarton; county roads, J. C. McEwen, Fullarton; M. Hagarly Logan, road and bridges, S. A. Smith, Wallace; education, A. A. Colbourne, Hilbert; agriculture, James Robinson, Blanshard.

QIRLS' COLLEGE BASKETBALL. Kingston, Jan. 26.—Announcement was made at Queens today of the formation of a girls' intercollegiate basketball league to be composed of Varsity, McGill and Queens. It was decided to have all the games played in Kingston, it being the central place. Queens and McGill will play February 4 and Varsity and Queens on February 5. The latter game to be played in the afternoon. The girls at Queens are making arrangements to entertain the visiting teams.

EASTERN HOSPITAL WIN CUP. Kingston, Jan. 26.—In the finals in the annual conference with the Eastern Hospital, Brockville, won, defeating Kingston by a score of 31 to 29.

NEW Banquet. When arranged, phone WILL J. White, Parkdale 906.

G. S. APORITO. Consulting Optometrist and Optician, 28 ADELAIDE ST. WEST, Suite 33, Main 7916.

THE PRINCE'S TOUR. The film record of the recent trip of the Prince of Wales to Australia and back is to be released in the course of the next few days. It was taken by W. G. Barker, who regards it as the best thing he has ever done. That the incidents portrayed are full of interest and humor is evident from some of the photographs which have been published in the illustrated papers.

RADIO MEN TRY TO REACH STEAMER IN DISTRESS

New York, Jan. 26.—Naval radio operators were trying tonight to communicate with the Lloyd Royal Belgic Line steamer Cannonier, after fragments of a message from the vessel, "Please arrange to send help," ran the Cannonier's message "impossible to give position. Have tried wireless without result." The message was signed "T. K."

The Cannonier, from Bordeaux on November for New York, was last reported at Bermuda Jan. 9. She is a freight steamer of 1965 net tons and was placed in commission recently.

HOLD A MONOPOLY OF BILL BOARDS

Poster Advertising Company Indicted for Alleged Violation of Anti-Trust Law. Chicago, Jan. 26.—Indictments charging violation of the Sherman anti-trust law against 31 officials of the Poster Advertising Company of Chicago, and the Poster Advertising Association, with central offices in New York, were returned by the federal grand jury here today.

The companies are charged with having worked together to obtain leases on all suitable bill boards in towns where the population is more than 2,500. They operate thruout the United States and in Canada. The indictment charges that the companies used "unfair, tortious and unlawful methods" in excluding from their towns their competitors in the poster advertising business.

ONE OF THE DIRECTORS OF THE POSTER ADVERTISING ASSOCIATION, MENTIONED IN THE INDICTMENT IS EDWARD L. RUDDY OF TORONTO.

BARNES IS OVER AGE; GAME THROWN OUT

Parkdale have scored two victories over Aurs Lee in the junior races, but as yet they do not appear in the official O.H.A. record. It will be recalled that he had the Memphis lad gained the title, but he was disqualified for using unfair tactics. Barnes was over age. Yesterday it came out that Barnes, who played in the Aurs Lee last game against Aurs Lee, is also over the limit and that this one will also be thrown out. Barnes is undefeated and the natural course is to order games to be played if they affect the group standing.

BIG NEW COMPANY WILL OPEN ROAD

(Continued From Page 1.) They propose to keep in line with development in this vast new country and provide additional steamers and transportation equipment in order to properly take care of the immense traffic which is expected on these northern waterways on account of the discovery of oil. The head office of the new company will be at Edmonton, Alta.

Take Over Big Concern. Much of the route of the west is bound up in the history of the British Columbia Express Co., now taken over by the new concern. Its head office is at Ashcroft, B.C. It was started during the gold rush to Cariboo, in the early sixties by the father of former Lieut.-Governor the Hon. Frank Bannard.

The business of the company has been pioneering and transportation in advance of the railways, and in the early days the company operated from the head of navigation at Yale, on the Fraser River, thruout the northern interior of British Columbia. After the construction of the Canadian Pacific Railway, Ashcroft came the gateway to the northern interior of the province, and the company has operated from that point during recent years.

Up until 1914, the company had in operation about 1,000 miles of horse stage lines, carrying passengers, express and mail. The company's main line, Cariboo, and was also engaged in freight supplies from the railroad and two continuous roads to the lower end of navigation on the Upper Fraser River.

The owners of the British Columbia Express Company have decided to transfer their operations to the waterways in Northern Alberta and to the north thereof in order to take care of the influx of prospectors and others, which is expected in that district on account of the oil discoveries below Fort Norman on the Mackenzie River and other points in this new territory.

Buy Lord Rhonda's Boats. The new company has also purchased the steamers and other steamboat equipment of the Lamson & Hubbard Canadian Steamer Co., Limited, which includes the steamer D. Thomas, on the Peace River, which was built by the late Lord Rhonda; the steamer Hudson's Hope, also on the Peace River; the steamer new steamer, on the Athabaska, and the steamer D. J. Smith, which was only completed at Fort Smith last year, and River to below Fort Norman.

NEW YORK DIOCESE ELECTS NEW BISHOP

Rev. W. T. Manning Chosen Despite Anglophobe Editorial by Hearst.

New York, Jan. 26.—Rev. Dr. William T. Manning, rector of Trinity Church, was elected bishop of the Protestant Episcopal diocese of New York at a conference called here today to choose a successor to the late Bishop Charles Sumner Burch. The choice was made on the third ballot.

The vote was made unanimous. Other candidates who figured in the early ballots were: Rev. Dr. Charles L. Slatery, rector of Grace Church, New York; Bishop Nathaniel S. Thomas of the missionary diocese of Wyoming; Rev. Dr. Percy Stickney Grant, rector of the Church of the Ascension, New York; and Rev. Dr. Ernest M. Stiles of St. Thomas' Church, New York.

The Hearst newspapers took a hand in the election of the bishop by publishing this morning an editorial denouncing Dr. Manning on the ground that he was born in England. This editorial was read at the conference today by Rev. John P. Peters, rector of St. Michael's Church, in accordance with Dr. Manning's nomination. A copy of the article had been sent by telegraph to all delegates.

"If it the Church of England or the Protestant Episcopal Church of the United States that is selecting a bishop for its most important diocese," asked Hearst, "Will the Protestant Episcopal clergyman of New York at their gathering today say to Dr. Manning: 'We are only Americans, poor, second-class creatures, not fit to rule ourselves. We need an Englishman to hold the reins and fasten the tight bit on us. Please climb up on our backs, drive us and curb us.'"

"This newspaper feels it safe to predict," the article continued, "that American clergymen will find an American fit to be head of the greatest diocese in the United States. The Rev. Dr. Manning should be allowed to continue his present useful work, with the big gambling institutions in front and the profitable tenement houses in the rear."

HOLLAND COUNTERVENING TREATY OF VERSAILLES?

Berlin, Jan. 26.—The Boersen Courier quotes a Dutch newspaper to the effect that Holland has placed an order for twelve submarine engines with the Machine Fabrik Company of Augsburg. The report is neither confirmed nor denied, but it is pointed out that acceptance of such an order would be a contravention of the Versailles peace treaty.

THREE DEPUTATIONS PRESENT REQUESTS

Kent County Council Hears Applications for Substantial Grants. Chatham, Jan. 26.—Today was a day of deputations at the county council, no less than three being heard at the morning session, two of which were for roads and the other asking for aid for the proposed memorial hospital at Wallaceburg. A deputation from Bothwell and other municipalities asked for the taking over of a road leading from Rutherford East to Florence, and then to Bothwell, along the county line between Kent and Lambton, as a county provincial highway, and also that Kent take over about three miles of road from Bothwell to the provincial highway. A deputation from Chatham township requested that the second concession of the Gore of Chatham from Tupperville to Wallaceburg be taken over as a county road.

A deputation from Wallaceburg asked for a grant of \$20,000 in aid of the proposed memorial hospital at that town. A site has been donated for the building and a considerable amount of money has been subscribed for the scheme. If the county fails to assist the proposition will not likely be carried out.

THE JUMPING JACK. By Harold Lloyd. There's a sunny spot in Ireland Where the river Shannon flows, But where it really flows to, Goodness only knows! If the spot the river flows to Is far enough away, 'T'd take with me a bonehead And leave him there for aye!

St. Christopher Juventus T. & D. basketball team will like to arrange games with any fast team under 18 years of age. Phone C. 8217, George Lister.

TO LIFT EMBARGO ON RUSSIAN GOLD

Spokesmen of U. S. Industries Urge It Before Senate Committee.

Washington, D.C., Jan. 26.—Arguments for and against resumption of trade with Soviet Russia were received today by the senate foreign relations committee, which also heard charges that the state department actually was maintaining a blockade against that country, and that technically none was supposed to exist.

Spokesmen for organized workers in many lines of industry appeared to support the resolution of Senator Francis P. McCarren, of Maryland, which would enable United States firms to accept gold of the old imperial Russian government, which is being offered by the Soviet authorities in payment for foreign goods. They said resumption of trade would go a long way toward relieving the present industrial depression which has thrived on more than three million persons in the United States out of employment.

John Spargo, of New York, who has written extensively on Russian conditions, expressed the opposite opinion. In a formal statement, which was admitted to the record, he declared that renewal of trade "might easily prove the means of bringing about the collapse of our entire economic system," as vast credits would have to be extended to carry on the trade.

Could Work Out a Plan. Declaring that Lenin and Trotsky monopolized Russian trade, Senator Bragdon, Connecticut, asked how it would be possible to work out plans for trade with Russia without dealing with them. Senator Frank, who has declared that "British statesmen have worked out a plan for the possession of the whole of the Russian trade," and that he believed United States statesmen have ability equal to that of the British.

Charges that the state department maintained an actual blockade against Soviet Russia were presented to the committee by Mrs. Harriet Stanton Spaulding, of New York, who said that the department had prevented their organization from sending clothing and foodstuffs to needy Russian children, and that ships actually loaded had been prevented from going to Russia.

UP TO BRITAIN TO TAKE

Countries of Start on New ally Now

London, Jan. 26.—Annual meeting took place at the Bank, Limited, one of the banks, Frederick C. Chairman, said the fundamentally sound markets would remain wholly closed. Crisply palliative. "I feel that it will try to take the lead and the speaker, knowledge, an expert giving a leadership, it also suits which will work by the United States."

"It would pay us in respect of allied governments, not to present any excuse for giving a leadership, it also suits which will work by the United States."

U.F.O. MEM CONTROL. (Continued From page 1.) "If the movement of the bonds of the U.F.O. is only right it is to control some of the money of the Johnston. The control in its estimate, 500,000. He thus radically altered the would permit of the government point a commission. He now retains wide step and tendence in the province. Mr. Johnston could be careful to insure its fair share for good road, that the minister would be careful to vince got a fair money spent.

Remove Now. The removal of the from Toronto to G. Mr. Johnston, and school to Kempville, then be engaged in agricultural and would establish a schools thruout the Hydro E. K. K. Homath, I dress, after felicit said the idea of a party, and after was a forward as there were thousands who would be highly with advanced form would be shades of opinion. As for the government, Mr. Homath would be a revolutionary surge, revolutionary surge, this by means of it. As for the government, Mr. Homath would be a revolutionary surge, revolutionary surge, this by means of it.

What Lo. Mr. Hay has following inquiry: "What loans is the government 1917? With who loans placed and respective amounts of interest, term in each case, and Mr. Rennie was of the first employ L. Spracklin by the board of Hydro is he now retaining inquiry?"

But the main tario government over-subscribed interest offered, can get over st Ontario govern

EMBARGO RUSSIAN GOLD

en of U. S. Industries It Before Senate Committee.

on, D.C. Jan. 26.—Argu- and against resumption of Soviet Russia were recov- y the senate foreign rela- tions committee, which also heard the state department ac- cording to a blockade of country, who technically opposed to exist.

for organized workers in of industry appeared to a resolution of Senator Republican, Maryland, id enable United States accept gold of the old sian government, which d by the Soviet authorities for foreign goods. They tion of trade would go a ward relieving the present pression which has thrown three million persons in States out of employment.

Work Out a Plan. that Lenin and Trotsky Russian trade, Senator Connecticut, asked how it sible to work out plans th Russia without dealing Senator France replied h statements have worked for the possession of the e Russian trade," and that United States statesmen equal to that of the Brit-

that the state department an actual blockade against ia were presented to the y Mrs. Harriet Stanton Miss Lucy Branhm, of the Women's Emergency Com- mittee declared that the de- ad prevented their organ- in sending clothing and e needy Russian children, hips actually loaded had ed from going to Russia.

UP TO BRITAIN TO TAKE THE LEAD

Countries of Europe Must Start on New Fundamentally Sound Basis.

London, Jan. 26.—Speaking at the annual meeting today of Barclay's Bank, Limited, one of the "big five" banks, Frederick C. Goodenough, the chairman said, that until the coun- tries of Europe started on a fresh and fundamentally sound basis their markets would remain partially or wholly closed. Credit schemes were merely palliative.

"I feel that it will fall to this country to take the lead in these matters," said the speaker, "because we have knowledge and experience not pos- sessed by any other country, and al- though giving a lead involves great responsibility, it also brings with it re- sults which will benefit the whole world."

"It would pay us to make conces- sions in respect of debts owing us by allied governments, provided we did not prejudice our own ability to pay. We might, for instance, consider the possibility of part cancellation of those sums lent to our allies for the purpose of purchasing munitions in this country, while retaining their liability for those sums which, in ef- fect, represented money lent to them by the United States through ourselves."

U.F.O. MEMBER FOR CONTROL OF HYDRO

(Continued From Page 1.) done for the rural parts of this province.

Should Exercise Control. "If the movement is to guarantee the bonds of the Hydro Commission, it is only right for the government to control to some extent the ex- penditures of the commission," said Mr. Johnston. The commission had fallen short in its estimates by about \$19,000,000. He thought something was radically wrong with a system which would permit of such a mistake.

The government's decision to ap- point a commission of inquiry into Hydro affairs was approved. It was a wise step and tended to increase confidence in the province. Mr. Johnston complained that the eastern part of the province was not receiving its fair share of the expendi- ture for good roads. He thought, too, that the minister of public works would be careful to see that the province got a fair return for all the money spent.

Remove Normal Schools. The removal of the normal school from Toronto to Guelph was urged by Mr. Johnston, and also the Ottawa school to Kemppville. Teachers would then be enabled to secure instruction in agricultural subjects. Further, he would establish a system of model schools throughout the province.

Member for Waterloo. K. K. Homuth, in seconding the address, after felicitating the speaker, said the idea of a people's progressive party, as announced by Premier Drury, was a forward step, and doubtless there were thousands in the province who would be willing to cast their lot with the new party, whose platform would be broad enough for all shades of opinion.

Agitators causing trouble between labor and capital were scored for their mischievous work. Labor would repudiate any suggestion that they use revolutionary methods to attain their ends; they realized that they could do this by means of the ballot.

As for the government's good roads policy, Mr. Homuth felt that it would work wonders for the province. The scheme should be rushed along with all possible despatch providing it re- ceived value for every dollar expended. He would extend the program so as to include the north country. Good roads up there would bring thousands of tourists to the province.

Hydro Development. As for Hydro-Electric development he looked forward to the time when the advantages of a forward Hydro policy.

The formation of a standing labor committee for the consideration of proposed labor legislation was an advanced move that would give them good results, inasmuch as ques- tions affecting the welfare of the workman would be much better un- derstood in view of the opportunity which would now be given of thoroughly discussing them.

The government should, Mr. Homuth thought, look into the question of pub- lic hospitals, which would give treat- ment to those unable to pay for it. The ment to those unable to pay for it. The fear of sickness, with its attendant cost, was always a horrible nightmare for the workman.

What Loans Floated. Mr. Hay has given notice of the following inquiry: "What loans have been placed by the government since November 11, 1919? With whom were each of the loans placed, and what are the re- spective amounts of such loans, rates of interest, terms, and commissions paid in each case, and to whom?"

Mr. Rennie wants to know the date of the first employment of Rev. J. O. L. Spracklin by the gas and water board of license commissioners; is he now retained in service and in receipt of pay, also the amount of his salary or remuneration.

Mr. Tolmie is inquiring if W. J. Lannin's appointment was recom- mended by the superintendent of the provincial police, and also what his salary and duties are.

What Do Government Say? Another notice asks if the attention drawn to the following statement in The Bracebridge Gazette, Dec. 18, 1920: "But the main reason why the Ontario government has adopted a new interest offered. When money lenders can get over six per cent from the Ontario government they will certain-

MR. IDA HAMBURGH, of Brattleboro, Vt., who says she never dreamed there was anything on earth that would do what Tanlac has done for her. Gains twenty-seven pounds.

"I think it is perfectly marvelous the way Tanlac has built me up. Before I began taking it I was in wretched health and only weighed 113 pounds. I now weigh 144 pounds and my health is splendid."

"I never dreamed that there was a medicine on earth that would cause me to regain my former weight and health in so short a time, but Tanlac did it and I simply can not tell you how grateful I am to this wonderful medicine."

I suffered for two years from indigestion and dyspepsia and was in a very badly run-down condition. I had a tired, worn-out feeling nearly all of the time and rarely had any appetite.

"At times I would have indigestion so badly that I could hardly breathe. I also suffered from palpitation of the heart, severe headaches and pains in my back, but thanks to Tanlac, all of these terrible symptoms have left me and I now feel as well as I ever felt."

"Another thing: I sleep just splendidly at night now and never suffer from nervousness like I used to. Tanlac is certainly a wonderful medicine and I am only too delighted to recommend it to my friends." The above statement was made recently by Mrs. Ida Hamburg of 318 S. Main street, Brattleboro, Vermont.

Tanlac is sold in Toronto by Tam- blyn Drug Stores and by an estab- lished agency in every town.

ly produce the money, but those money lenders do not care a hoot whether it is a Farmer-Labor, a Lib- eral, or a Conservative government; all they want is a gilt-edge security and big interest. Mr. Drury does not consider the Ottawa government a popular one, and yet that discredited organization floated an immensely bigger loan at a very much lower rate. As a matter of fact, the Drury government made a very costly error in paying a higher rate than nec- essary."

Legislative Notes. The superintendent of maintenance of the board of education has received instructions to proceed with the work necessary for the installing of a thoroughly efficient fire escape system in all of Toronto's public schools, particular attention being paid to basement exits.

Tom Magladery, M.L.A. for Timiskaming, will introduce a bill to in- crease the charge for statute labor from \$3 to \$5 a day. It is claimed that at \$3 too many farmers find it cheaper to pay than to give their time, and that the roads are suffer- ing.

Hon. Peter Smith, provincial treas- urer, has announced that it is the intention of the government that he shall present his budget to the legis- lature as soon as the debate on the speech from the throne is ended.

With reference to the statement that the province of Ontario had dis- posed of a bond issue of \$10,000,000 to a syndicate of local houses, Hon. Peter Smith, provincial treasurer, yesterday said the money was almost entirely for the provincial Hydro commission in connection with the completion of the Chippawa develop- ment.

Hon. G. Howard Ferguson, second- el by Hon. G. S. Henry, moves that a return be made to the house, with copies, of all correspondence between the minister of lands and forests, the prime minister or any member of the government, and E. W. Backus, or any other company, firm, or person, together with all estimates, reports, advertisements, conditions of sale, ten- ders, agreements, maps, documents and papers of every kind.

Mr. Ferguson asks also what is the cost to date to the province of the Riddell-Latchford timber inquiry; what is the whole amount paid to R. T. Harding for fees and traveling expenses.

Capt. J. E. Thompson asks if the government has received an interim report from the commission on Hydro radials; if so, is it the intention of the government to present it to the house? Will the final report of the commission on Hydro radials be laid before the house this session?

Thomas Magladery of Timiskaming inquires if construction work has been started on the extensions of the T. and N. O. Railway from Cochran north.

AIM TO PROMOTE BRITISH-U.S. TRADE

Empire Chamber of Commerce Launched at Meeting in New York.

New York, Jan. 26.—The British Empire Chamber of Commerce, organization of which was commenced some six months ago, was finally launched at a meeting of representa- tive British business men here this afternoon.

The object of the new organization is to assist in the promotion of trade between Great Britain, the British dominions and the United States. Special divisions are provided for Canada, Australia, the Empire of In- dia, the United Kingdom and other sections of the empire. It is planned to organize local affiliated associa- tions in the important centres of the United States. A trade research and service department will be conducted and a periodical journal and bulletins on trade opportunities will be issued to members.

Officers elected at this afternoon's meeting were: President, Edward F. Darrell; vice-presidents, Charles W. Bowring, Robert Y. Hedden of the Bank of Montreal and James Brown; treasurer, Robert Rowley Appleby of the Bank of British West Africa. F. B. Francis of the Canadian Bank of Commerce and William T. Barlow of Furness, Withy and Company are members of the organizing com- mittee.

SET DATES FOR FAIRS IN CENTRAL ONTARIO

Officers Elected at Annual Meet- ing Held in Belleville Yesterday.

Belleville, Jan. 26.—(Special).—The annual meeting of the representatives of the fair associations of central On- tario was held in the city this after- noon and was largely attended. C. H. Ketcheson of Sidney, president, occu- pied the chair. After general busi- ness had been transacted, officers were elected for the ensuing year as fol- lows: President, Clem H. Ketcheson; first vice-president, A. Nicholson; second vice-president, H. H. Leavens; secretary, treasurer, Dr. H. H. H. H. T. A. McFarlane and G. F. Reed. Belle- ville was selected as the place for holding of the next annual meeting.

Dates of fairs for the district were announced as follows: Belleville, Sept. 5, 6, 7; Warkworth, Oct. 6, 7; Wooler, Sept. 2; Norwood, Oct. 11, 12; Frank- ford, Sept. 15, 16; Stirling, Sept. 23, 24; Campbellford, Sept. 20, 21; Picton, Sept. 20, 21, 22, 23; Napanee, Sept. 14, 15; Tweed, Sept. 28, 29; Roblin's Mills, Sept. 30; Otonario, Sept. 26, 27; Odessa, Oct. 7; Adlington, Sept. 16, 17; Colborne, Sept. 27, 28; Castleton, Sept. 22, 23; Coe Hill, Sept. 27, 28; Bancroft, Sept. 29, 30; Shan- nonville, Sept. 17; Madoc, Oct. 4, 5.

SEVERAL MAY GO TO CROSS BENCHES

Ottawa, Jan. 26.—(Can. Press).—The "no man's land" which lies between the Liberal opposition and the National Progressive way, at the com- ing session, have some additional oc- cupants. Last session, Major An- drews was the sole occupant. Rumors here indicate that Major Andrews may be joined this year by W. A. Buch- anan of Lethbridge, Fred Davis of Nepean, and A. Campbell of Nel- son, Man. Hon. A. K. Macleat also has intimated his intention of crossing the floor from the govern- ment side.

WINTER SPORTS—ALGOQUIN PARK

The splendors of winter and the opportunities for the enjoyment of all winter sports are found in that won- derful territory—Algoquin Park. Two hundred miles from Toronto and one hundred and sixty-nine miles west of Ottawa, it is easy of access. "The Highland Inn," a most comfortable hotel, owned and operated by the Grand Trunk, offers first-class accom- modation at reasonable rates. Two thousand feet above sea level assures an invigorating climate. Attractions—snowshoeing, skating, tobogganing, skiing, driving and fishing thru the loe. If you are run down or need a change, this is the spot for you. An illustrated booklet telling you all about it sent free on request. Apply to Mr. N. T. Clarke, manager, Highland Inn, Algoquin Park, Ont., or to any Grand Trunk Agent.

INVESTED IN STOCKS PROCEEDS OF BURGLARIES

New York, Jan. 26.—Robbery, fol- lowed by stock investment, was the proceeds, police charged, provided a lucrative income for Thomas R. Jones, 20, of Brooklyn, until when he was arrested today. Jones, the burglar, more than 20 burglaries here recently. The proceeds, amounting to more than \$20,000, he told them, he invests so well that he has an in- come of several thousand dollars year- ly. The police said he begged them to tell his wife the source of his revenue.

DON'T GUESS—KNOW

We are all more or less guilty of guessing at facts instead of knowing them. Knowledge is Power. Knowing what food is good for you and what it does to increase your health thereby increasing your efficiency. Know where you can get a dinner with the food well cooked, the surroundings to your liking. The answer to this is

UPWARD MOVEMENT IN U. S. EXCHANGE

Thought to Be Due to Restriction of Trade and Granting of Credits.

FRANC IS UNSTABILIZED

London, Jan. 26.—Increasing interest is centering on foreign exchanges in view of the various meetings, official and otherwise, in connection with negotiations and the formulating of credits for rehabilitation of trade in Austria.

The same reason is given for the movement in German marks, which, recently bought heavily in the United States, have ranged between 200 and 220, and until reparations are finally settled it is feared that there will be no fixed movement toward normal.

STAND BY TREATY IS FRENCH REPORT

(Continued From Page 1.) allies should stand upon the treaty of Versailles so far as reparations are concerned.

M. Doumer, in his report, held that Germany could easily pay 12 billion gold marks in reparations. M. Lloyd George remarked that M. Doumer's statement contained indications of very different estimates of those given so far.

BRITISH AND BELGIAN AGREE

The British delegation will for the moment stand by the figure of the Bologne agreement, whereby Germany is to pay an average of over 6,000,000,000 gold marks per annum, a view-point which is fully supported by the Belgian delegation.

There is no doubt that it is felt in conference circles that it is ground for hoping that private conversations and open debates in the next few days will lead to bringing about an agreement among the allies on this capital problem.

WOMAN IS INJURED; AUTOIST DID NOT STOP

Struck by an auto, the driver of which did not stop, Mrs. M. Brown, aged 40, 295 Jarvis street, was rendered unconscious. She was picked up off the street by passersby and removed to the General Hospital in the police ambulance.

AUTO THEFT CHARGED

Robert Shannon of Ottawa was arrested in Oakville yesterday afternoon for the theft of an automobile owned by the provincial public works department. The auto was stolen from a place near Survey street.

CONVICTION OBTAINED

The Justice Rose has made an order quashing the conviction under which Harry Slew of Windsor was fined \$1,000 and \$25 costs or required to go to jail for six months or a charge of having lived in a place other than his private dwelling, the order protects the magistrate and officers from any action for damages.

HEAVY RAINFALLS MEAN MORE WORK

Outlook Favors Employment for Large Number of Men in North.

Plans are now being formulated by those in charge of the unemployment situation in Toronto looking toward securing a substantial amount of work in the near future.

Superintendent Miller of the government unemployment office told The World yesterday that all expert woodmen could now be placed in the lumber camps, although no demand was to be found for inexperienced men.

The harbor board in particular is expecting shortly to be able to give employment to 250 men.

VETERAN IS WEDDED AT THE SOMME CLUB

GOLD PRODUCTION IS FALLING OFF

Northern Ontario Makes Up Losses in Other Parts of the Dominion.

The production of gold in the world was \$473,124,590 in 1918. Last year it was only \$388,000,000. This is \$85,124,590 less than in 1919. In every gold producing country, except Canada, there was a decline in 1920.

In the five-year period, 1915-1920, the decline in production in the United States was \$51,000,000. In 1915 the output was \$101,000,000. In 1920 it was only \$50,000,000.

Charming little Patricia Collins, who is best known here as the "Princess of Polyanthus," will be seen at the Princess Theatre in "The Girl in the Red Velvet Gown."

Stuart Whyte's "The Gelsa" will be the attraction at the Grand Opera House next week.

William Howard, veteran actor, is coming to Loew's Young Street Theatre next week.

Edward H. Robins, the well-known actor-manager, is paying a brief visit to Toronto to complete final arrangements for his annual repertory season at the Royal Alexandra Theatre.

NEW ATTRACTIONS AT LOCAL THEATRES

"Adam and Eva" for Royal—"Just Suppose" at the Princess.

"Adam and Eva," the Guy Bolton and George Middleton comedy, which F. Ray Costello and Morris Gest will present at the Royal Alexandra Theatre next week, was one of the biggest comedy successes in New York last season.

Manager Solman of the Royal Alexandra Theatre states there will be no increase in prices above a \$3.50 scale for the production of "Adam and Eva."

Charming little Patricia Collins, who is best known here as the "Princess of Polyanthus," will be seen at the Princess Theatre in "The Girl in the Red Velvet Gown."

Stuart Whyte's "The Gelsa" will be the attraction at the Grand Opera House next week.

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company, Toronto, Limited.

THURSDAY MORNING, JANUARY 27.

Just a Little Previous.

The people of North Yonge street within the city are entitled to the same transportation consideration as are those who use the civic car lines on Danforth, Gerrard or St. Clair avenue.

Beginning to Move.

The transportation commission is speeding up a bit and are urging the city authorities to open up Teraulay street, so as to let them get ahead with the Bay-Mount Pleasant north-south, standard-gauge, double-track line from Hoggs Hollow to the new Union Station, close to Yonge street all the way.

Cut Out the Promoter.

The city council must see that there are no more Erie railway propositions put over on the city. There may be cases for legitimate street opening where amounts for damages have to be paid out for property taken, but as a rule these new streets have a promotion end behind them, by which one or more individuals get away with the swag and leave the burden on the property to be collected over a period of years by the city.

A Lane Excuse.

The Montreal Gazette tries to explain why the return of the railroads to private ownership and operation in the United States has failed to benefit either the stockholders or the public. A year ago we were told that the return of the roads would mean better service and lower rates.

Remarked in Passing.

We note that model W.C.T.U. evening ends up with "good night." It should have been "good night nurse."

CONTRABAND OPIUM VANISHES.

San Francisco, Jan. 26.—Contraband opium valued at \$137,000 and 400 ounces of morphine disappeared while being smuggled ashore from a trans-Pacific steamer which docked here December 31, William N. Trowell, United States treasury agent, said today.

WAITER: Shall I take the steak away, sir? Yes, sir. Thank you, sir. Shall I bring you some bully beef, sir? LITTLE WILLIE: I never tasted bully beef.

GOVERNMENT OF QUEBEC HAS LIQUOR MONOPOLY

Premier Taschereau's Measure Introduced Yesterday Provides That Commission of Three Handle Whole Business—Liquor to Be Sold, One Bottle at a Time, in Government Depots.

Quebec, Jan. 26.—Premier Taschereau outlined the proposed new legislation in regard to the sale of liquor in the province of Quebec at a caucus of government supporters today. He announced that a commission of three members will be appointed by an order-in-council to handle the whole liquor business.

PEASANTS IN SIBERIA GIVE RUSSIANS TROUBLE

London, Jan. 26.—Reports that disturbances which broke out recently in Siberia are assuming an alarming character are contained in a Helmsing despatch to the Central News today. The peasants, it is declared, are besieging several towns held and fortified by Soviet forces, thus cutting off the supply of foodstuffs from the towns.

REPORTED STEAMER WRECK PROVES DESERTERS LIES

Manila, P.I., Jan. 26.—Reports of the wreck of the British steamer Isabella on the island of Sanguan, province of Samar, Philippines, on Jan. 21, were inventions of two United States deserters of the crew of the vessel, according to reports to Governor-General Francis Burton Harrison today from the governor of Samar.

VETERAN GIVES BLOOD TO SAVE AN AUSTRIAN

Fort William, Ont., Jan. 26.—At the McKellar Hospital today, Richard Kempton, a returned soldier, who is in the hospital under treatment for frozen feet, gave his blood to save the life of an Austrian, Mike Vondacki, the doctors having concluded that transfusion of blood was the only thing that could save the foreigner's life.

HOCKEY ST. PATS - 10 HAMILTON 3

SAINTS SMOTHERED HAMILTON TIGERS

Ran Up Ten-to-Three Score in Pro-Fixture. The second series of the pro league race got under way last night and St. Patricks stepped into the fray right with a 10-to-3 victory over Percy Thompson's Hamilton outfit.

The opposing teams will not take any liberties and walk in on top of Forbes with Cleghorn going duty free out in front. Sprague drove out the Hamilton attackers in telling fashion last night, and if he follows this procedure for the rest of the season the Saints will be fortified.

For two periods last night it was rather a dull affair, but when the Saints came out for the last round they put plenty of dash into their play and were all over the visitors. Sprague's Denney was bright, shining light for the Saints, and turned in his best effort of the season. He simply dazzled the Hamilton team with his speed and stick-handling. Denney gathered six of the ten goals, and fitted into many pretty plays of combination. Cameron was also brilliant with his rushing, and was not adverse to giving or taking a pass. Noble worked hard, and Randall was very useful. Dye did not get going until the second round, when he grabbed the lead goal.

Hamilton had their full outfit on hand, and can have an excuse to offer. The locals simply played rings around them when they opened up after a slow start. The first two periods lacked something, but there was no let-up in the play. The Saints were wrong every inch of the way, but had the million team which was trying when they got to scoring range. Cleghorn relieved many ticklish situations in the first forty minutes, and took a healthy whiff at the attack. He made the play for two goals. Cameron fitted in nicely with him in the rushing.

Mickey Roach, sold to Hamilton, started as a regular, and was a hot shot check. He went exceptionally well, but failed to gather any goals. Matte was there, as usual, with the dash, but he was closely watched, and the Saints smothered his efforts. Cottu opened a feud with Noble, and finally ended in him cutting the Toronto captain down and being banished for the balance of the game. This was the only incident that could be called rough.

St. Pats outscored Hamilton three to one in the first period, which was decisive. The second was better, and the Toronto Club went top dogs, two goals to one. The third period was a parade. St. Pats opened the gates wide and treated the fans to a splendid exhibition. They left the Tigers standing still and peddled some pretty rushes, with plenty of passing thrown in. Stewart aroused the Hamiltons by going down time after time and working his way well in. Denney was again brilliant, and scored three times in this period. Dye got two more, and the final was 10 to 3.

St. Patricks—Goal, Forbes; defence, Cleghorn and Cameron; centre, Noble; right, Randall; left, Denney; subs, Smylie, Dye and Stewart. Hamilton—Goal, Lockhart; defence, Matte and Carpenter; centre, Malone; right, MacDonell; left, Roach; subs, Progers, MacDonell, Cottu and Carey. Referee—Steve Vair.

The Summary. First Period. 1. Hamilton..... 6.00 2. St. Pats..... 3.00 2. St. Pats..... 3.00 4. St. Pats..... 8.00 5. Hamilton..... 3.00 Second Period. 6. St. Pats..... 2.00 7. Hamilton..... 7.00 8. PRESTON ARE GOOD. Guelph, Ont., Jan. 26.—In an O.H.A. league match held tonight the Preston team held the local youngsters by 11 to 3. The visitors had the edge on the home team from start to finish and had little difficulty in trimming the Royal City sextet. Skelly, Preston's star defenceman, played a brilliant game for the winners, while O'Halloran and Brawley were best for the locals.

Guelph—Goal, Brydges; right defence, O'Halloran; left defence, Kelso; centre, Smith; right wing, Brawley; left wing, Brill; sub, Henry. Preston—Goal, Rodgers; right defence, Mark; left defence, Skelly; centre, Scott; right wing, Kress; left wing, Roth; sub, Wheeler. Referee—Allen Kinder, Preston.

REVIVE PROBLEM OF HOUSING SITUATION

Board of Control Will Hold Special Session to Deal With Question.

MAYOR HAS SCHEME

Warning to City Regarding Any Damage Done to Shipbuilding Plant.

A proposal for civic action this year to relieve the housing situation was made to the board of control yesterday by Mayor Church and it was decided to hold a "housing session" promptly and go into the whole matter. Representatives of the Toronto Housing Co., which was financed several years ago in the building of dwellings on Bath and other avenues, will be consulted.

Repeated efforts were made last year by the mayor and other members of council to launch a housing scheme but nothing was accomplished. Yesterday, Mayor Church presented the following resolution:

"To relieve the unemployment situation, that the city build on the tax sale lands it has and other lands offered at reasonable rates, and received by city tenders, five hundred houses of a cheaper class of construction than those built by the H. H. Williams commission; and that the houses be for renting purposes and be partly built by contract and partly by day labor; and that the commission consist of the city architect, the city treasurer and the assessment commissioner."

A special meeting will be devoted to the subject shortly.

Demand Police Protection.

A communication was placed before the board from a firm of lawyers, giving warning that the city would be held responsible for any damage to the plant of the Dominion Shipbuilding and Repair Co. resulting thru lack of police protection.

Reference was made to a resolution passed by the board in December and sent to Ottawa to the effect that the city would not be responsible for any damage resulting from the refusal of the government to meet the wishes of the shipbuilders' union, and to a statement made by Herbert Wright, secretary of the union, that the union would act at the plant if the police were removed. The company is demanding protection from dissatisfied former employes on the ground that the concern is a heavy taxpayer.

Pay Election Expenses.

The board decided to pay the expenses of the recent election in Northeast Toronto, amounting to about \$4,000, and seek an adjustment with the provincial government later.

Another conference will be sought with the attorney-general with reference to the application of the city to have two high court judges transferred from the city hall to Osgoode Hall, the city's request having been turned down by the law society. The board of control, in the absence of Mayor Church, owing to illness, gave the government and the law society to understand that the city intended to take up at an early date the question of erecting a new courts building in Toronto, and on this understanding there was said to be good prospect of the space in Osgoode Hall being granted.

On the mayor's turn to his office he issued a statement that the city would not put up a building to house the courts; that was the business of the government.

At the board meeting yesterday Controller Maguire said: "If you had withheld your statement for a day or two we might have got the space in Osgoode Hall."

Controller Gibbons: "If we spent

MEN YOU HEAR OF

Seen as Their Friends Know Them

Delegates to the convention of the Clay Products Association, now being held in Toronto, were yesterday afternoon entertained by the curator of the famous Toronto museum on Bloor street. During the morning session the convention passed resolutions instructing the executive to confer with the provincial government, and to oppose the continued diversion of prisoners from the city to the open market. The convention is also opposing any proposed increase to workmen under the workmen's compensation act, and any application of the principle of the eight-hour day to this industry.

CLAY PRODUCTS MEN VISIT CITY MUSEUM

Delegates to the convention of the Clay Products Association, now being held in Toronto, were yesterday afternoon entertained by the curator of the famous Toronto museum on Bloor street. During the morning session the convention passed resolutions instructing the executive to confer with the provincial government, and to oppose the continued diversion of prisoners from the city to the open market. The convention is also opposing any proposed increase to workmen under the workmen's compensation act, and any application of the principle of the eight-hour day to this industry.

INQUEST OPENS ON DEATH OF GUNMAN

An inquest was opened yesterday afternoon on the body of Raymond Bruce, who was shot by a man who was identified as a member of the inquest. The body was found in a room at the corner of St. James and St. George streets, near the intersection of the two streets. The man who shot the victim was identified as a member of the inquest. The body was found in a room at the corner of St. James and St. George streets, near the intersection of the two streets. The man who shot the victim was identified as a member of the inquest.

BUILDING PERMITS ISSUED.

The city architect yesterday issued the following permits yesterday: A. Chadwick, pair dwellings, 22-24, 26-28, 30-32, 34-36, 38-40, 42-44, 46-48, 50-52, 54-56, 58-60, 62-64, 66-68, 70-72, 74-76, 78-80, 82-84, 86-88, 90-92, 94-96, 98-100, 102-104, 106-108, 110-112, 114-116, 118-120, 122-124, 126-128, 130-132, 134-136, 138-140, 142-144, 146-148, 150-152, 154-156, 158-160, 162-164, 166-168, 170-172, 174-176, 178-180, 182-184, 186-188, 190-192, 194-196, 198-200, 202-204, 206-208, 210-212, 214-216, 218-220, 222-224, 226-228, 230-232, 234-236, 238-240, 242-244, 246-248, 250-252, 254-256, 258-260, 262-264, 266-268, 270-272, 274-276, 278-280, 282-284, 286-288, 290-292, 294-296, 298-300, 302-304, 306-308, 310-312, 314-316, 318-320, 322-324, 326-328, 330-332, 334-336, 338-340, 342-344, 346-348, 350-352, 354-356, 358-360, 362-364, 366-368, 370-372, 374-376, 378-380, 382-384, 386-388, 390-392, 394-396, 398-400, 402-404, 406-408, 410-412, 414-416, 418-420, 422-424, 426-428, 430-432, 434-436, 438-440, 442-444, 446-448, 450-452, 454-456, 458-460, 462-464, 466-468, 470-472, 474-476, 478-480, 482-484, 486-488, 490-492, 494-496, 498-500, 502-504, 506-508, 510-512, 514-516, 518-520, 522-524, 526-528, 530-532, 534-536, 538-540, 542-544, 546-548, 550-552, 554-556, 558-560, 562-564, 566-568, 570-572, 574-576, 578-580, 582-584, 586-588, 590-592, 594-596, 598-600, 602-604, 606-608, 610-612, 614-616, 618-620, 622-624, 626-628, 630-632, 634-636, 638-640, 642-644, 646-648, 650-652, 654-656, 658-660, 662-664, 666-668, 670-672, 674-676, 678-680, 682-684, 686-688, 690-692, 694-696, 698-700, 702-704, 706-708, 710-712, 714-716, 718-720, 722-724, 726-728, 730-732, 734-736, 738-740, 742-744, 746-748, 750-752, 754-756, 758-760, 762-764, 766-768, 770-772, 774-776, 778-780, 782-784, 786-788, 790-792, 794-796, 798-800, 802-804, 806-808, 810-812, 814-816, 818-820, 822-824, 826-828, 830-832, 834-836, 838-840, 842-844, 846-848, 850-852, 854-856, 858-860, 862-864, 866-868, 870-872, 874-876, 878-880, 882-884, 886-888, 890-892, 894-896, 898-900, 902-904, 906-908, 910-912, 914-916, 918-920, 922-924, 926-928, 930-932, 934-936, 938-940, 942-944, 946-948, 950-952, 954-956, 958-960, 962-964, 966-968, 970-972, 974-976, 978-980, 982-984, 986-988, 990-992, 994-996, 998-1000.

MR. ANDREW THOMPSON, poultry and provision merchant of St. Lawrence Market, was born in Belfast, but came to Toronto at an early age and was educated in the city's public schools. He was in business with James Park from 1882 to 1899, since which time he has been in business for himself. He is a member of the Masonic and Grand orders, and in his spare moments finds diversion in chess and checkers.

CIVIC LINES WILL NOT AFFECT RADIALS

Estimates Based on Toronto Improvements, Engineer Tells Commission.

GET CHEAPEST POWER

Delay Necessary to Get at the Facts, Says Justice Sutherland.

Hydro radials effect on the transportation situation in Toronto was taken up before the radial commission by W. G. Hewson, Hydro engineer, at Osgoode Hall yesterday.

Questions as to whether the city taking over the Toronto street railway system, putting on an improved service and connecting with the present radial lines, it would not seriously affect the revenue of the Hydro, Mr. Hewson stated that such would not be the case, because the Hydro estimates that the cost of these transportation improvements when the Hydro revenue was given.

The Hydro estimate assumed a 98 per cent passenger traffic, as compared with 500 per capita figured for Toronto's new transportation system. It was estimated that the great bulk of Toronto's riding population would go over the improved city lines. This showed that the Hydro estimate was based on the passenger traffic they would secure in Toronto, having estimated only on three businesses in and out of the city.

Growth of Danforth.

Mr. Hewson was asked what percentage they expected to get in the Danforth district. This, he figured, was about 25 per cent. "If you did not have actual returns before you," he said, "you would hardly credit the Danforth district with increased. The district is growing enormously and by 1925 there will be a tremendous population. The number of times a passenger would ride.

Mr. Hewson declared that the Hydro radials of Ontario would operate on a lower cost ratio than anywhere else in the world. He asserted that a number of reasons could be given for this low operation ratio compared with other electric railways in the United States and other countries. "Take the freight earnings of any other electric railways," he said, "and you will find that the freight revenue had been dispersed with almost negligible. They do not have the power facilities which would enable them to compete with the steam railroads. The Hydro system possesses other electric lines considered themselves lucky if they got any freight revenue at all. This means that operating ratio had to be entirely borne by the passenger revenue. The Hydro radials will get both passenger and freight revenue, and this means an operating ratio as compared with all other electric lines.

Also we expect to operate at far greater economies than any other electric lines, and with one man in charge of six or eight cars, instead of six or eight men, as is the case in the United States elsewhere.

Will Reduce Expenses.

"Entering into the city thru a private right-of-way will allow greater speed and operation. Expenses will be reduced thru time saved in speed, figuring on labor wages per hour basis.

"Also in the matter of power, we are exceptionally fortunate as we will have the cheapest power obtainable anywhere."

Witness was closely questioned regarding the proposed radials being limited to approximately the same revenue as the London and Port Stanley Electric Railway. He stated that not only would they beat this line in passenger traffic, but also in freight revenue. He pointed out that 80 per cent of the revenue of the L. & P. S. was coal, which was one of the least profitable freight commodities, and they had to compete for this against two other roads, each of which had a boat connection. In spite of this handicap, the L. & P. S. had turned out such a big success in freight revenue, which was the Hydro radials, which would handle all classes of freight, was assured. In addition to this, the London and Port Stanley was compared with a 20 horsepower rate for Toronto.

Mr. Robertson, the anti-radial commissioner, tried to get Mr. Hewson to state that electrification of the L. & P. S. had exceeded the estimates by some \$300,000, but witness showed that this money had been expended in further expansion of the system, fully warranted by the greatly increased business, following upon the electrification of that line.

Asked by Mr. Robertson if the statement credited to Mr. Hewson that he intended to double-track the Hydro radial line from St. Catharines to Niagara Falls was correct, witness replied, "Yes, they are in the estimates."

Mr. Justice Sutherland said criticism had been raised both from the public and the press on the length of time the commission had been sitting, but they did not seem to understand that delay was necessary to get the facts.

LIONS CLUB BRANCHES OUT.

The Lions Club of Toronto, the youngest of the community service clubs of Toronto, held a luncheon yesterday, at which plans were discussed for the coming year. A number of the members signified their intention of going to Belleville today for the purpose of delivering the charter to the Lions Club recently formed there.

DEATH OF GUNMAN

An inquest was opened yesterday afternoon on the body of Raymond Bruce, who was shot by a man who was identified as a member of the inquest. The body was found in a room at the corner of St. James and St. George streets, near the intersection of the two streets. The man who shot the victim was identified as a member of the inquest. DAUGHTERS AND SON SHARE TORONTO ESTATE

The Toronto General Trusts Corporation and Henrietta E. White were granted probate of the will of Mrs. Elizabeth White, a widow, who died in Toronto Sept. 4, 1919, leaving \$15,000 in bonds, \$31,950 secured by mortgages, \$5,350 in real property and \$153,850 in real property. Included in the latter are 15-19 Beverly street, valued at \$3,000; the deceased's home at 1410 Bathurst street, \$75,000; 415 Vaughan road, \$30,000; a farm at Kleinburg, \$1,250; 48-52 Carr street, \$6,000; 711-715 West Queen street, \$24,000; 92-104, 114-120 Euclid avenue, \$20,000, and a farm in Muskoka, \$1,500.

In her will she left her son, Henry G. White, her executor, in 23-22 Euclid avenue, which he is to keep in repair; her daughter, Margaret H. Wilson, a life interest in 711 West Queen street, with \$10,000 to be expended on the maintenance of the properties. On the death of these persons, the properties were to be divided equally among the daughters, Beatrice M. Kinross, a daughter, inherits a life interest in 713 West Queen, \$2,800; 415 Vaughan road, \$10,000; and the property on Carr street. On her death her son, Henry, inherits. By her will the residue was left to Miss Henrietta E. White, a daughter.

CIVIC HOSPITAL FOR EAST END DESIRED

Committee Will Make Report for Consideration When Estimates Come Up.

The people of wards one and eight are out for immediate action for the erection of a municipal hospital in the district east of the Don River. A deputation of Riverside business men waited on the board of control yesterday and asked for an appropriation to be placed in the estimates for the purchase of a nine to twelve-acre site.

Ald. Johnston introduced the deputation. They asked that the institution be erected and maintained by the city and managed by a commission of seven members, including the mayor.

Dr. E. A. McDonald said a building with a capacity for 250 patients was needed. It was proposed to have the revenues handled by the city and have a budget included in the annual estimates.

Controller Hiltz said a committee had been appointed a year ago to consider the question of a hospital, including himself, had made a tour of United States cities. They had returned with the conviction that the municipalization of hospitals was the proper thing for large cities. He believed the time had come to take action on this question, and that provision be made for the purchase of a site this year and that a plan be developed with a view to building at least one hospital in the next half year. He urged that a hospital committee, consisting of Mayor Church, Controller Gibbons, Dr. Hastings, Finance Commissioner, and the members of the Riverside Business Men's Association, be appointed to handle the matter and to co-operate with a committee from the Riverside Business Men's Association to the board of control in time for the matter of a site to be dealt with when the estimates were being prepared. The appointment of this committee will be recommended to council.

CONTROLLERS VOTE BONUS FOR MAYOR

Special Allowance Instead of Salary as a Police Commissioner.

Unable to pay the mayor a salary as police commissioner, according to the interpretation of Auditor Scott, the board of control yesterday voted him a special bonus of \$2,000 as mayor for 1920. The money was paid to him yesterday. The \$1,500 bonus was returned by the validity of the vote was questioned by the ratepayers, and the only \$11,000 as salary from the received 1920. There is a motion to raise the bonus for 1921 to \$10,000, but this will not be considered until the estimates are taken up.

It is believed the government would be forced to put thru legislation to legalize increases for the controllers and aldermen, and the only other way it could be done in the case of aldermen would be by a vote of the ratepayers. Section 45A of the municipal act permits cities of 200,000 and over to pay aldermen up to \$12,000 a year with the consent of the ratepayers. Legislation which would be obtained to permit the increase of increases to the controllers, and it is believed the board that could be obtained this year from Queen's Park would be legislation permitting the ratepayers to approve of increases for the controllers. Increases this year, therefore, seem to be out of the question.

Death of Man Who Gave First Alarm of Toronto Fire

J. H. Johnston, the man who pulled the first alarm on the occasion of the big Toronto fire of April, 1894, died suddenly yesterday at his residence, 19 St. James avenue, from heart failure, in the 65th year.

Johnston was born in Canada and worked as a watchman for numerous firms during his lifetime. Yesterday morning he was not at work but was in his usual good health, when this morning he was suddenly seized and passed away. He is survived by his widow, two daughters, Mrs. Johnston and Mrs. Walker, and by one son, Adam.

FOR INVESTIGATION OF MIMICO SCHOOL

Institution Should Be Scrapped, Is View Taken by Controller Hiltz.

A memorandum prepared by Mayor Church addressed to Attorney-General Rayner, asking for certain reforms in the treatment of prisoners was approved by the board of control yesterday. The memo expressed regret that the jail farm established near Geoph by the late Hon. W. J. Hanna had been abandoned, and also urged that it was improper to send to the penitentiary boys of 15, 16 and 17 years of age.

The mayor also suggested that an investigation be conducted into the management of the Mimico reformatory. Controller Hiltz said that 40 per cent of the cases sent to Mimico were mental defectives, and Mimico was not the proper place for them. This institution, he said, ought to be scrapped.

Reporting on the necessity for grade separation at Queen and DeGrassi streets, Commissioner Harris wrote that the esplanade viaduct was "the only solution. The building of a subway for the purpose of holding would entail land damages that would be very costly for the city."

Ald. Ryding waited on the board to report that the railway was expected to build of subways at Bloor West, Wallace avenue, Royce avenue and St. Clair avenue. It was pointed out that the railway was expected to foot the big end of the bill for these improvements, but the city could take the initiative by calling for a report on the proposal from the commissioner of works.

George J. Castles again wrote the board, suggesting that the Exhibition grounds be returned over to the Exhibition board to manage as a revenue producer.

Mayor Church said there was no reason the grand stand should not be strengthened and used for games for the city.

Controller Nebbett said the transfer would interfere with the policy of the parks department, and Con. Maguire said he would not favor transferring a park to a private body. No action was taken.

On motion of the mayor, the board decided to petition the railway commissioners to cancel the last increase of freight and passenger rates.

The assessment commissioner asked for more space for offices and the board called for a report from the property commissioner on the cost of fitting up the assembly room on the top floor of the city hall for offices.

REVERSE DECISION IN ARENA INJUNCTION CASE.

The appellate court yesterday reversed the decision of Justice Masterton, who granted an injunction to G. Robinson restraining shareholders of the Arena Gardens from holding a meeting for the purpose of arranging the payment of arrears of interest on bonds. In an argument, W. R. Smyth claimed an equity in the property worth \$780,000 for \$300,000.

SPECIAL RETURN ENGAGEMENT

MUNICIPAL FOREMEN ELECT NEW OFFICERS

The Toronto Municipal Foremen's Association held their usual monthly meeting in the lodge rooms at 22 College street, when the following officers were elected for the ensuing year: W. E. Tibbitts, president; T. E. Matthews, vice-president; J. Bailey, treasurer; W. Sangster, secretary. It was proposed to invite a representative of the board of control to the next regular meeting to discuss the proposed civic insurance and pensions scheme.

GAS MANUFACTURERS FORM CANADIAN SECTION

The Canadian members of the Compressed Gas Manufacturers' Association met at the Old Colony Club, King Edward Hotel, yesterday for the purpose of forming the Canadian section of the association. The following represented their respective companies: J. R. Colby, Canadian Carbamate, Limited; W. H. Wood, Commercial Acetylene Supply Co.; W. P. Thatcher, Dominion Oxygen Company, Limited; R. H. Combs, Frost-O-Lite Company, Canadian Limited; D. Buchanan, Leiver Bros., Limited; D. Borys, L'Air Liquide Societe; A. J. MacDonnell, National Electro Products, Limited; and John H. Hayes, Secretary, Compressed Gas Manufacturers' Association.

It was decided that this section be formed for the purpose of holding meetings at frequent intervals to discuss questions of mutual interest, principally concerning technical matters in the production and use of compressed gases, such as oxygen, carbonic gas, hydrogen, acetylene, nitrogen and argon.

Organization was effected and J. R. Colby was unanimously elected chairman of the section and John H. Hayes, secretary.

The compressed gas industry in Canada is growing at a tremendous rate, and at the present time over \$15,000,000 in capital is invested in the business. Plants have been established in practically every important city in Canada.

It was decided to hold the next meeting of the section at the Old Colony Club in Montreal on March 15.

ACTION OVER ACCIDENT.

Judge Spotton in the county court is trying an action of E. R. Yeo against Sydney Irwin, in which the plaintiff claims \$422 damages alleged to have been sustained in an automobile accident on Dufferin street, near Hallsam, April 24 last.

On motion of the
