# FIFTEEN THOUSAND CASUALTIES HOW MANY CHECKS FOR OPARKIN

## Chief Blame for Failure of Russian Movement Laid to Jack Frost, and Fears Are Expressed as to Its Effect on Social Disorders.

Gen. Oku's Headquarters, Jan. 29.—Yesterday (Saturday) afternoon, the Japanese began a fierce bombardment with artillery and musketry along the whole line. The firing was kept up until midnight and was resumed at dawn to-day, continuing until noon. The Russian reply was feeble. A movement of the Japanese left wing, for the purpose of surrounding and cutting off the Russians in the neighborhood of Pokotaki, is progressing slowly, as the resistance is stubborn. Should the Russian force be cut off it will result in leaving Gen. Kuropatkin's right flank unprotected.

Two divisions of Japanese troops attacked Pokotaki and drove four divisions of the Russians across the Hun River. Six hundred Russians were captured. The Russians are making a stand across the river. One Russian division on the east, but was driven back with a loss of over 4000. The Japanese bombarded the entire line of the Hun River. The Russians replied feebly, showing little activity.

The casualties during the fighting at Chenebapo and Heikotaki ARE ESTIMATED AT FIVE THOUSAND ON THE SIDE OF THE RUSSIANS AND SEVEN THOUSAND ON THE RUSSIAN SIDE.

**KUROPATKIN'S AIM.**  
Russian headquarters, Hun Mountain, Sunday, Jan. 29.—(Delayed in transmission.) The object of General Kuropatkin's latest offensive movement is to capture the important position at Sandepas, on the left bank of the Hun River, due to the fact that the Japanese have been enabled to establish a flank on the Hun River and to undertake a general advance.

At Sandepas the Japanese occupied a strongly fortified position, commanding the triangle formed by the confluence of the Hun River and the Shaka River. The Japanese had erected there a permanent type with triple earthworks and trenches extending in a southwesterly direction. Several villages in the neighborhood were also strongly fortified. The positions were held by twelve battalions of Japanese, partly drawn from the Russian army and partly reserves. The Russians carried the first line of entrenchments, but were unable to maintain their position on the outskirts of Sandepas in the face of fierce counter-attacks.

A counter-attack on the villages captured by the Russians at the outset of the fight was made by the Japanese. The Russians of several thousand killed or wounded, including Gen. Mitchenko, who was killed. The heaviest sufferers were the newly arrived brigade of riflemen. The casualties in the Hun Mountain and Huguol, Jan. 25 and Jan. 26, says there were 45 officers and 1600 men. Several Japanese prisoners have arrived here. They belonged to the division before Port Arthur. The worst of the bombardment was the cold, which is increasing.

**BOMB FOR A PRINCE.**  
Paris, Jan. 29.—The police early to-day discovered a supposed bomb with a tube attached, containing a lighted fuse. In front of the house of Prince Troubesky, an attaché of the Russian embassy here. The policemen extinguished the fuse and informed the officers, who are investigating the affair.

The bomb was bottle-shaped and of similar construction to that used in the Yauxtham, in London, the day before yesterday. It was filled with a green powder. There were two tubes in the centre, one of metal and the other of glass, containing a small amount of gunpowder. The acid could not mix with the powder, and it is believed the bomb could not have done any damage.

A meeting was held tonight in the Yauxtham, in London, the day before yesterday. It was under the auspices of the revolutionary socialist groups, and 6000 were present. Deputies Jaures, Vaillant and Durruti were present. The police were present in strong force. During the exit of the audience into the Yauxtham, a bomb was thrown into the centre of the group of police and republican guards, in which stood Prof. Lepine and other high officials.

None of them was hurt, but two men were wounded and one died. The windows were broken. The bomb was loaded with big-headed hot nails. Two men have been arrested. One of them is a law student, in the belief that they were the authors of the crime.

## THOUSANDS ON BOTH SIDES AMONG KILLED AND WOUNDED

St. Petersburg, Jan. 30.—Gen. Kuropatkin's attempt to break through the Japanese left wing and outflank Field Marshal Oyama's position on the Shaka River seems to have failed. Field Marshal Oyama appears to have answered the Russian advance with a counter offensive movement, but no great success was shown to carry the war into the territory held by the Russians.

The operation entrusted to the second army, under Gen. Gripenberg, was the capture of Sandepas, which, once in Russian hands, would serve as a pivot for a flanking movement against Field Marshal Oyama, but Sandepas proved too hard a nut to crack, and the Japanese, taking advantage of the check of the Russians, hurried up their reinforcements and assumed the offensive against Hun River, as well as along the river and the Great Mandarin River. The Russians, however, appear to have been successful in repulsing all the Japanese attacks. Gen. Gripenberg did not press the attempt to storm Sandepas.

Owing to the flat and open nature of the enormous penetration of modern projectiles, the capture of the outer line of trenches on Thursday entailed heavy casualties, some thousands on both sides being killed or wounded. The news of this defeat is especially hard for the government. The popular idea continues to be that the Japanese intend to divert attention from the events in European Russia.

The new salary schedule for teachers of both the high and public schools was laboriously threshed out at a meeting of the finance committee of the board of education last night. It is proposed to have another meeting before the recommendations are submitted for the board's decision. In only one case has the previous salary been cut down, and that is in the case of the collegiate institute principals, whose maximum has been reduced from \$2000 to \$2000. Dr. Pakenham, principal of the Technical High School, received an increase of \$100, making the salary \$2500. The salaries of the high school teachers remain unchanged, except in that they reach the maximum in 12 years instead of in 10.

**ACCUSE WIFE OF NEGLIGENCE CRITICIZE CIVIC METHODS**  
Coroner's Jury Find That John Honeywell Might Have Recovered if Given Proper Attention.

That John Honeywell came to his death on Saturday, Jan. 21, from pneumonia, accelerated by the neglect of his wife and family, and that she should provide a proper place for holding inquests, was the verdict which Coroner Pickering's jury returned last night at the morgue. The evidence of neighbors and medical men showed neglect on the part of the Honeywell family, but there was some pointed criticism from jurymen aimed at the methods of civic departments and officials. The Honeywell family occupied a double street in a barn rear of 179 Jarvis-street for about three months prior to Honeywell's death. The family consisted of the man, who was a porter at the Musketeer Hotel, his wife, two girls aged 17 and 13, and two boys, aged 15 and 11. An older daughter lived elsewhere.

**SHUNTED TO RAILWAY COMMITTEE THAT BILL MAY BE SLAUGHTERED**  
Fitzpatrick Takes First Step in Trying to Have Lancaster's Measure to Safeguard the Public Put Out of Business.

Ottawa, Jan. 30.—(Special.)—In good legislation had been disposed of in this way, and insisted that the proper place to discuss his bill was in the house of commons. The motion carried on a vote of 55 to 45. Messrs. Ferguson, Barker, Alcorn and Lafargue voted with the government. Mr. Leighton McCarthy moved the second reading of his bill to amend the steamboat inspection act of 1888. The bill deals with permits granted to marine engineers who have not passed their examinations.

**GOES TO MEET THE DEAD.**  
Preston, Jan. 30.—(Special.)—Expressing to meet his sister Edith at Chicago, J. W. Hirst, proprietor of the Hotel del Monte, left for that city yesterday. After his departure his family here received a message notifying them of the death of the home-coming, which occurred at Chicago, Saturday, Jan. 29. Hirst had been in California for some four years past for her health. She had been in the city of Chicago for some time in charge of her physician. On the way she expired, and a sad meeting in St. Louis, where she was buried. Her death was a great loss to her family, who were formerly conducted the Elliott House.

## AN ACCIDENT OR SUICIDE? THEORY FAVORS THE FORMER

Postmortem Shows No Sign of Foul Play and Self-Destruction is Hard to Believe.

There is still much conjecture and many surmises as to how Russell H. Barrett, the young civil engineer, met his death at 123 York-street Sunday morning. His friends and those who knew him were inclined to think there must have been foul play in some way, but so far nothing has been elicited to bear out this theory. The post-mortem showed that death was caused by a badly fractured skull and cerebral hemorrhage from one blow, where he alighted on his head. There were no marks of other injury nor of a struggle having taken place. The doctors standing on the floor at the time of the fatality occurred: Young Barrett was suffering from frostbite or chilblains. Having had experience in the woods, he knew that an application of something cold to the afflicted part would give most relief. A frostbite is painful and no doubt he was suffering from it. He was on his feet, and he used cold water. In order to procure it he got on the wall, to open the window, which would have raised it when it opened the other way, he used his foot covering and something gave way and he fell headlong to the floor. Had he been lying on the floor, this could not have happened, but kneeling on the bed the weight of his body overbalanced him.

**DOUGAL McPHERDAN KILLED.**  
Watford, Jan. 30.—Dougal McPherdan, a well-known resident of this place, was struck and killed by a train at Watford, Ontario, Saturday afternoon. Deceased was walking on the track and was on his way to visit his brother at Kingscourt. He was thrown about 60 feet by the train, and his skull was fractured. Dr. A. McPherdan of the faculty of the Toronto University Medical College, is a brother.

## RUSSIANS HIT BRITONS FOREIGN OFFICE ACTS

### 180 DEAD AT WARSAW.

St. Petersburg, Jan. 30.—The day passed in perfect quiet. The report that a bomb was thrown at the governor-general's residence is unfounded. Interest has been transferred from St. Petersburg and Moscow to Warsaw, where a state of siege has been proclaimed. In the rioting at Warsaw on Sunday, at least 180 persons were killed or wounded. The strike continued unabated, and business is paralyzed. However, the crisis is by no means passed, and there is great apprehension here with regard to what the night may bring. The attempt to disable the lighting system should be successful. The Warsaw demonstrators evidently are in an ugly mood.

The public reprimand administered to the Deputy Chief of Police, Mowbray, on account of the posting of the anti-British telegram has been read by the telegram has been read by the government circles. It is thought to be severe enough to satisfy British opinion.

**AFTER AND FROM PICKERING TORONTO AND YORK RADIAL REPRESENTATIVES FROM THE MUNICIPALITY DISCUSS A PROPOSED PERPETUAL FRANCHISE.**  
Pickering, Jan. 30.—The Toronto and York Radial Railway met Pickering representatives at the residence of J. D. Evans, York County councillor, and A. H. Beaton, solicitor for the Radial Railway Company, together with Pickering Township council, Reeve McBrady, Councillors Gerow, Todd, Palmer and Wilson and Pickering police, William Trustees Peck, Mowbray, County in Dales Hall here this evening to discuss the proposed railway agreement. There were also present D. R. Beaton, township clerk; ex-Reeve Parker, ex-Reeve Mowbray, County Councillor and many others. A very lengthy agreement was read by the company's solicitor, and clause by clause was discussed by those present. The company promised to run the railway all corners and in running order by December, 1906. The meeting was in session over six hours. Much opposition was heard. The proposed agreement is on all-ours with the one presented by the Toronto and York Radial Railway. The Toronto and York Radial Railway acts favorably on a similar agreement. The citizens have not yet shown their opinion on the matter, but a day or so will be full of it. It is a perpetual franchise without regard to public rights.

**DEAD ON HIS KNEES.**  
Patient of Homeowed Sanitarium Dies on Sunday.

Geolphi, Jan. 30.—(Special.)—George Gulliver, the patient who wandered away from the Homeowed Sanitarium on Tuesday last, was found dead in the woods adjacent the institution yesterday morning. He was on his knees and frozen stiff. Evidently he had become exhausted while on route to the sanitarium, and had expired from heart failure. Deceased had been a privileged patient around the institution for twelve years and was a brother of Dr. Gulliver of Hamilton is a brother.

**Vote of the Age of 93.**

## Montreal Newspaper Plot

### Just to Exploit the City.

#### One Paper in Particular Has Already Made Big Money and Sees a Chance to Make Yet a Bigger haul.

Montreal, Jan. 30.—(Special.)—The newspaper conspiracy to aid and abet the Street Railway in its plan to exploit the city, which it is not now, not only of the surface roads, but of elevated ones as well. Toronto gets more money for her franchise and elevated and underground roads are excluded from it. A man who represents the best opinion in the city said to-day the question shows that he is not a party to the plan, but the one and only stand that the city should take it to even down with an offer of three-cent fare, and then try and rush the grab thru the council.

After the Street Railway Commission Seeking Power Desires to Have Courts Give Capacity to Compel Living Up to Agreement.

Hamilton, Jan. 30. (Special.)—This evening the council decided to give the Ontario legislature notice that the city wanted power to issue debentures for a sum not exceeding \$100,000 and special legislation increasing the power of the courts so that they can make orders compelling the Hamilton Street Railway to live up to its agreement.

The city wants the power to issue debentures to cover \$100,000, and to give it an extraordinary expenditure in case of emergency.

Ald. Wallace asked the council to offer a \$3000 reward for the capture of the man who shot P. C. Barron. He said that Chief Smith had told him

that if he had a special appropriation of from \$500 to \$1000 he could find the culprits. The matter was referred to the markets committee, the members of which will interview the chief.

The terms of the Transit-Union agreement were approved of. A. A. Lees and George Will were appointed members of the parks board, and H. Dalrymple was appointed to the public library board.

A bylaw providing for the metering of water supplied to laundries was passed, and the charge will be at the rate of 12 cents a thousand gallons.

Police Magistrate Jelfs applied for an increase of salary from \$2500 a year, this went to the markets committee.

The congregation of Zion Tabernacle started out to raise \$1000 by the mite box system to wipe out the mortgage debt. The boxes were opened this evening and it was found that they contained \$400. The Ladies Aid Society contributed \$200, bringing the amount up to more than was needed.

HIGH ROAD FOR CIVIL SERVICE

Aims to Amend the Dominion Elections Act in a Progressive Manner.

Ottawa, Jan. 30. (Special.)—Many seats that were vacant during the Ontario election campaign were occupied today. The house is beginning to look something like a house, and business for the first time this season is being taken up seriously.

High Guthrie introduced his bill to amend the Dominion Elections Act. The bill goes further than the present law against the exercise of undue influence in elections. It provides against the canvassing or soliciting of voters by door-to-door agents, by the use of motor cars, and by the use of motor trucks.

Mr. Guthrie said that he had not considered the matter of the bill, but that he was in favor of it.

HOW TO SAVE THE CORPORATIONS
Judge P. S. Grosvenor in February McGee's. Our paramount problem is not how to crush, or hawk at, or hamper the corporation, merely because it is a corporation; but how to make this new form of property ownership a workable agent toward repossessing the proprietorship of the country's industries.

TAKES HIS OWN LIFE
Ingersoll, Jan. 30.—(Special)—Mr. Corner Neff was called to Dereham where a young farmer, about 34 years of age, named William Quinn, had committed suicide by sending a bullet from a revolver into the home of his brother, Charles Quinn, at an early hour this morning. Death was instantaneous, the bullet having entered the head just above the front of the right ear, and that subsequently the brother Charles sat together, during which time William repeatedly threatened to take his life. He accomplished his purpose when his brother went out this morning, leaving him alone.

A COUGH CONUNDRUM
When is a cough more than a cough? When it's settled cold. When it hangs on in spite of all you can do. Cough mixtures won't cure it because they are merely for a cough and this is something more. Scott's Emulsion cures the cough because it cures the something more. It heats and repairs the inflamed tissues where the cold has taken root and prevents its coming back.

**SAW A MOHAWK.**  
 London, Jan. 30.—Visitors on Saturday night to the Royal Italian Circus were astonished at the sight of a man dressed in full Indian costume seated in one of the stalls. The man was said to be a Mohawk chief named Okra-ga, visiting England.

In regard to the complaint from Canada that copies of colonial newspapers received at the British museum are not catalogued, the superintendent says there are no very few inquiries that the trouble of cataloguing them is unnecessary.  
 F. D. Mackenzie, in The Windsor Magazine, telling the story of the rise and progress of the Y.M.C.A., says the association in Montreal is housed in a veritable palace.

**View Withholds Blessing.**  
 (On several occasions the view of St. Paul's, Easton, the Rev. H. Irving Whitham, has noticed that after the conclusion of the service the congregation commenced to leave without waiting for the benediction. He has more than once endeavored to withhold the blessing, and yesterday morning he carried this into operation. The congregation waited in vain, and finally they left without the blessing.)

**Took a Wise Precaution.**  
 (From the Philadelphia Record.) The peculiar actions of a 14-year-old boy, whose clothes were ragged and whose hair was a mass of matted locks, were noticed by a member of the firm.

He watched the boy closely and then said: "Hey, sonny, what are you up to?" "Well, I'm waiting for my 'foul' to be made," replied the boy. "What's that?" "That's the foul," replied the boy. "What's that?" "That's the foul," replied the boy. "What's that?" "That's the foul," replied the boy.

**Strikes Vein of Silver.**  
 Detroit, Mich., Jan. 30.—A Calumet, Mich., dispatch says: According to reports from Keweenaw, Michigan, the County has struck it rich in Algoma district, Ontario. While out prospecting he and Wm. McFarlane, contractor, discovered a vein of silver which has returned immense values. Four carloads of the ore were shipped to a smelting plant in New Jersey and netted \$60,000. Two more carloads have been forwarded to the same plant and it is expected that they will average \$15,000 per car. The vein is located on lands north of Massey and Bruce mines near North Bay.

**Whitney's Responsibility.**  
 St. John, N.B., Telegram: To Mr. Whitney's shoulders is suddenly transferred a great and clear responsibility. He sees Premier Ross, a man of high personal reputation and magnificent public talents, hurled from power because he was unable or unwilling to cut loose from lieutenants and hangers who should have been in the penitentiary long ago.

**Pope's Poor Relatives.**  
 (From the Philadelphia Record.) A brother of his is a postal clerk at Mantua, one of his sisters keeps a tavern, a third keeps a store. The two sisters who live in Rome. **Ladrones Want a Ransom.**  
 Montreal, Jan. 30.—The ladrones who captured the wife and two children of former Governor Tassie in the attack on St. Francis de Malabon on the night of Jan. 24, now demand a ransom of 20,000 francs for their return.

**Fire at Leamington.**  
 Leamington, Jan. 30.—Fire broke out at 4 o'clock this afternoon in the furnace room of the Methodist Church, and quickly spread in spite of the heroic efforts of the firemen. The building was valued at \$15,000, and is a total loss. Partially insured.

**CABINET STILL HOLDS ON**  
**PREMIER GIVES NO WORD**

Resignation of Defeated Ministry May Be Delayed for Several Days.

Whatever else may be said of the defeated Ross cabinet, it does not possess the virtue of resignation. There was no news for the press after yesterday's council meeting. Hon. J. M. Gibson, who has gone to Baltimore to consult with the only absentee, Mr. E. A. A. Macdonald, were the only absentees. Mr. A. A. Macdonald's absence is not explained. As the ministers came out of the inner room where they have been wont to hold conference with their chief, they were unusually cheerful. Mr. Mackay carried an armful of orders-in-council, a portion of the accumulated work of his department. He said he was clearing up these matters as rapidly as possible, but he gave no intimation of when he would have a clear table for his successor.

From what could be gathered, it may take several days yet before the premier will hand his resignation to the lieutenant-governor. The cabinet will meet on Wednesday, and the business is cleared away for the new government. There was considerable activity about the buildings during the afternoon, when a staff of men were busy unpacking and delivering to the departments. A clerk in one of the departments offered what he described as a new system of filing documents and had found that the new system was better than the old one. The files were required for all the departments, and that the old cabinets and drawers were being ransacked and all important documents refiled, the important papers being consigned to the wastebasket.

The delay of the government in vacating the building may be due as much to this clearing-out process as to the desire to close up all matters and leave a clean slate for the incoming government. A clerk in one of the departments expressed the opinion that the pending matters could just as well be left for the consideration of the new government, as the deputies had kept the routine well up to date during the time the ministers were busy in their departments.

There are twelve civil servants at parliament buildings who were appointed by the John Sandfield Macdonald government. They are: J. F. C. O'Shaughnessy, provincial auditor; C. H. Kirkpatrick, deputy provincial auditor; D. G. Ross and E. H. Epperson, sergeant-at-arms; A. H. Sydes, assistant clerk of the house; all appointed in 1897; A. E. Edwards, public works department, appointed in 1898; Edwin Jenkinson of the provincial secretary's department, and a member of the provincial department, appointed in 1870, persons department, appointed in 1870.

**For Murdering His Boy.**

 Quebec, Jan. 30.—The mercury dropped to 45 below zero at Gaspe basin last week and kept near the mark almost daily. Old settlers say that it has not been known within their memory.

**GRIP'S GREATEST FOE.**  
 A Scientific Method of Mastering the Grip.

Make a memo of the fact that there is only one safe and certain way to deal with Mr. Grip.

Do it with Stuart's Catarrh Tablets. Why, grip is catarrh, nothing else. Catarrh attacks in numberless different forms.

One of its worst forms is grip. Grip's greatest foe is Stuart's Catarrh Tablets, because Stuart's Catarrh Tablets can be relied upon to grip the greatest damage of any remedy or medicine you can take.

They are much superior to quinine or any of the old unscientific methods of dealing with the disease, because quinine is a quackery, and Stuart's Catarrh Tablets are a pure and simple scientific combination of germicidal and tonic ingredients, which have a positive specific effect upon every form of catarrh inflammation in the body—including grip.

Grip is a fearful disease. Symptoms though they are bad enough, effects are lingering and dangerous. Grip pulls you down, so you feel weak and miserable to such a degree that you are unable to do your work.

Stuart's Catarrh Tablets succeed in curing, and in preventing the dangerous after-effects of the grip, for one great and sufficient reason: They are not a general tonic remedy. They are a scientific specific for just the one form of disease, catarrh inflammation of the mucous membrane. Beware of the deadly grip of the grip. Fight it off with Stuart's Catarrh Tablets.

**Will Regulate Rates.**  
 Republicans in Caucus Favor Appointment of Commission.

Washington, Jan. 30.—The Republican members of the house committee on interstate and foreign commerce, at a caucus to-day decided to report the Townsend-Ech bill on the subject of railroad rates. EXAMINE YOUR DENTURES

Acid and grit, deadliest enemies of the teeth, abound in cheap dentures. Fine perfumes do not make fine dentures. Your teeth deserve better of you than to be offered up a sacrifice to your pocketbook.

SOZODONT

Is of proven value. Sixty years is a pretty good test. No acid, no grit in Sozodont. The liquid penetrates the little crevices and purifies them; the powder gives a bright and polished surface.

FORMS: LIQUID, POWDER, PASTE.

POLITICS IN THE OLD COUNTRY

There is quite a difference in conduct of a campaign.

Capt. Duncan Campbell, D.S.O., one of four Canadian aspirants for the British house of commons, addressed the Canadian Club at luncheon yesterday, and threw out a few ideas on old country politics. He said that there were more colonial aspirants nominated for the forthcoming elections than ever before, and considered this was in keeping with the imperialistic spirit of the day.

Organization for an election there is very different from what it is in Canada. In Great Britain the candidates pay the expenses of the returning officers, deputies and poll clerks, so that no partisanism can be shown. Much of the election expenses is made up of hall rents and campaign literature. The halls are engaged by public subscription here, and young men assemble to be addressed by party speakers. The newspapers are not so much in evidence there as they are here, and their place is largely taken by campaign literature, which is cleverly written and distributed at these clubs at the expense of the candidates.

Mr. Campbell touched briefly upon many other phases of political life. The License Act being of the greatest interest to Canadians. Under the British License Act the bootleggers are assessed pro rata to the value of their property, for a central insurance fund, out of which a man who has no other means of his own, loses a license, is reaped. The bootleggers claim that this is a most unjust, but the Liberal charge that they are fostering the liquor traffic. Mr. Campbell also spoke on political party literature, fiscal reform, and the Chinese labor question. Speaking on tariff reform, he said the business and commercial men are largely in favor of tariff changes, while the workmen are just as much opposed to it.

St. Cyria's Thanksgiving. Crowded congregations attended the thanksgiving services at St. Cyria's on Sunday to celebrate the payment of the debt on the church. The Bishop of Toronto preached in the morning, tracing the history of St. Cyria's congregation, which was for five years his own at St. Alban's, from the time he established the parish of St. Cyria's with the Rev. C. H. Shortt as first rector to the present. In the evening the Provost of Trinity College preached. The choir at each service rendered anthems and special music.

LICENSES UNTOUCHED BY 110 TO "GOOD BEHAVIOR" MOTION CARRIES

Council Chamber Crowded, Both Sides Had Speakers and Then Aldermen Divided Just as Predicted.

The city council yesterday decided on the same division as outlined in The World against Ald. Coatsworth's proposal to reduce to 125 the tavern licenses issued in the City of Toronto, and was heard most attentively by an audience that tested the capacity of the council chamber and gallery. Ladies were especially prominent, and the temperance element was largely in the majority. Applause from the gods broke out early, but was sternly checked by the mayor and not repeated. The preliminary motion was quickly arranged after council assembled, each side being allowed two speakers with a time limit of ten minutes each. The privilege accorded them, but the aldermen could not speak for 10 for the motion, Ald. Noble being excused from voting, as he was paired with Ald. Coatsworth. For the Placards. The first speaker was Rev. Father Minehan, who appeared on behalf of the Municipal Reform League. They had dropped the word moral, but had not gone back on their record. He was present to show that there was nothing sectional in the movement, and his licenses should not be granted to anyone else. The mayor ruled this forward as a separate motion and unanimously carried.

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. ANDERSON, 225 Washington St., Jacksonville, Fla.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Compound. I have been a great sufferer with female trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very nervous; in fact, I ached all over. I find your medicine is the only medicine that reaches such troubles, and would cheerfully recommend Lydia E. Pinkham's Vegetable Compound to all suffering women."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or prostration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine for women in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

ary legislation. He compared the police court records of New Year's and Christmas Days, when 39 and 80 drunk men and women appeared before the court respectively as evidence of the effect of saloons closed and saloons open. He would not go back on his Chicago speech, but believed the 50 men who were in the hotel business here were the best lot of men in such a trade on the continent. But the greatest benefit that could be done to them would be to cut off their licenses. After Ald. McChie's amendment had been ruled out of order and resulted as given above, he then introduced it as a motion and it was carried without opposition or debate.

Controlled Hubbard then introduced a motion reciting the services of the late David Walker as a civic representative and regretting his death, which was carried by a standing vote. Ald. Church had a resolution asking the board of control to take action in regard to the bill brought before the Dominion House by Mr. Lancaster in regard to level crossings. The mayor always has in his disposal a standing amendment to the bill prepared and was watching it, but the resolution was sent to the special committee on the level crossing question.

DROP IN FLOUR TRADE. Shipments from Twin Cities Show Decline From 1904. Minneapolis, Jan. 30.—Statistics which have been prepared by The Northwest Miller show the millers of the Twin Cities have been alarmed during the last year, over the flour situation. In 1904 the millers shipped an average of 1,100,000 bushels of flour to Europe, and the product sold there cheaper than the American milled flour. In 1904 there were shipped a total of 1,130,000 bushels of flour from Minneapolis to Europe, a decrease of 30,000 bushels from the previous year, and of \$88,000 from 1902.

Occident Lodge No. 349, A.F. & A.M. Occident Hall corner Queen and Bathurst-streets, was the scene of a brilliant gathering of Free Masons and their wives on Monday evening. The occasion being the annual "at home" of Occident Lodge, No. 349, A. F. & A.M. The feature of the evening was the splendid concert, some of the best talents by all the railroads reaching the city. The tables presented show the following concert deserve credit for the very efficient manner in which the members of the show were conducted. From the Canadian Northwest. Wapella, N.W.T., Jan. 31.—This town was treated to a piece of sensational news yesterday when it was announced that John Rowell had recovered his hearing after years of deafness. The cause of his deafness was a combination of factors, including a severe case of Catarrh, which is now by all druggists considered incurable. He was cured by the use of the large dollar outfit in use, sample size 25c. Remember the name—"Catarrhose."

Jewish Immigrants Not a Charge. The Associated Charities will meet in the city hall this afternoon at 2 o'clock. A discussion on Jewish immigration to Toronto is expected. Several prominent men will be present to point out that there is absolutely no demand ever made on any relief department for Jewish immigrants.

Board of Trade Nominations. A special meeting of the board of trade yesterday afternoon decided to hold the annual dinner on Thursday next at 3.30 p.m. The officers to which appointments are to be made are as follows: President, Scoresby; Vice-president, Eastman; Treasurer, Council (15 members), arbitration board (12 members), two representatives on the harbor commission, and five members of the Industrial Exhibition board.

In America; Do You Know Him? The chief of police of Inverness, Scotland, is asking for the address of Samuel Donald, aged 70, who is supposed to be somewhere "in America." The chief of police is evidently under the impression that "America" is about the size of one of his local counties. His name should be sent to Chief Constable Grasset.

NORTHERN NAV. CO. AFFAIRS. MUCH RE-ARRANGED TRACKING. Will Follow Completion of G.T.R. Roundhouse at Mimico. Resident Engineer Somerville of the Grand Trunk stated yesterday that the new round-house at Mimico will be ready for use early in the spring. No work is being done on it at present, but part of the roofing has already been finished and it will not take long to put on the finishing touches.

J. H. PLUMMER'S ILLNESS. Rumor that It Has Assumed Serious Phase Not Credited. A report gained considerable currency in local financial circles yesterday to the effect that the illness of J. H. Plummer, president of the Dominion Steel Co., had become most critical, but those most closely in touch with Mr. Plummer when the rumor was mentioned to them declared that so far as they were aware it had not assumed a serious phase.

TO STOP SALE OF BEER. If Made From Malt or Hops Will Not Be Prohibited. Ottawa, Jan. 30.—(Special)—Ralph Smith, M.P. for Vancouver, will present a petition to the house asking for a change of legislation in connection with the importation of beer. The petition asks that all larger beer made in Canada or imported into Canada be manufactured from malt and hops, and that the manufacture or importation of larger beer made from any other ingredients be absolutely prohibited.

RAILWAYS ARE OBDURATE. The C.P.R., G.T.R. and L.C.R. have refused to accommodate the Toronto Board of Trade and C.M. request for special rates for "traded" wools by which merchants might be induced to come to this city to make purchases during that limited period. Such a concession first secured by the City of other cities is evidently under the impression that the Interstate Commerce Commission to prevent the threatened diversion of trade.

FUNERAL OF DAVID WALKER. The funeral of the late David Walker, who died at Riverside, California, took place yesterday afternoon from his residence, 574 Victoria-street, to the Necropolis. The pallbearers were: Chas. Cameron, Collingwood; M. Langmuir, F. M. Bayne, W. B. McMurich and H. P. Dwight. The funeral was private, and only the immediate family and relatives of the deceased were present, together with a number of employees of the Walker House and representatives of the Caledonian Society and Toronto Hotel Keepers' Association.

Milburn's Heart and Nerve Pills. We do not claim that they will cure chronic heart disease, but we do claim that they will strengthen the weak heart, and build up the shaky nerve system.

Here is what Mrs. Sidney Hoffman, Hillside, Ont., says:—"I was troubled greatly with my heart, and was so very nervous that the least little thing started me."

Not Like Michael O'Flynn. Emperor William possesses over 150 full military and naval uniforms with all their appendages of swords, straps, belts, sashes, etc., but he has only one pair of pants. As a chief of every regiment in his army, he has a uniform, not only of parade, but the ordinary and uniform uniforms as well, with sword, sword knot and all complete. Then he is the colour of each of his guard regiments and his own uniform is a dark blue. A large suit of rooms is set aside in Potsdam and Berlin in which are kept the Emperor's uniforms in huge quantities. They are under the charge of the Kaiser's valet, who has a staff of assistants, particularly engaged in learning them clean and making repairs and alterations.
