ANOTHER DEBATE ON PREFERENCE IN BRITISH COMMONS

Canadian Trade Since Preference Was Instituted INCREASED 193 PER CT.

Bonar Law Says the Government Should Try and Meet the Views of the Overseas People—Richard Jebb Discusses the Matter

Times Special Cable London, July 26.—The House of Commons today in raising another debate on the preference on the question of the tea duty.

Mr. Bonar Law respecting the growth of the trade with Canada since the Canadian preference was instituted. He was told it increased 193 per cent. In the course of the debate Mr. Littleton complained of the food tax and put it forward as an absolute objection to the preference.

Mr. Vivian, Liberal, of Birkenhead, said if Britain gave a preference to Canada as against the United States, at once Canada would be the cockpit of a struggle between the United States and the mother country.

Richard Jebb's Views Referring to the western farmers' declaration to Sir Wilfrid Laurier, Richard Jebb says: "The western farmers are unconcerned to obtain an advantage in the British markets over their United States competitors."

MISS PENDELTON ACTING HEAD OF WELLESLEY Wellesley, Mass., July 26.—Following the resignation of Miss Caroline Hazard, president of Wellesley college, announced last week, it was authoritatively stated Monday that Miss Ellen F. Pendleton, dean of Wellesley, will serve as acting president of the institution until the election of a successor.

CUBAN EDITOR IS VISITING THE U. S.

SEÑOR ANTONIO SAN MIGUEL New York, July 26.—Senor Antonio San Miguel, editor of the Havana daily newspaper La Lucha, a member of the Cuban house of representatives, who has just arrived from Havana, declared that the recent conspiracy against the Cuban government, which he was accused of fostering, was in reality begun by a prominent Havana bear broker for the purpose of demoralizing the stock market and depreciating the value of securities.

100 SHED THEIR COATS

Chicago, July 25.—As the day is so warm, said Rev. John A. Earl, in opening his sermon at the Belden avenue Baptist church Sunday, "We shall give the place next morning in line in the police courts with thieves, murderers and malefactors of high and low degree. The new arrangement admirably indicates the judgment of those who for years protected against these conditions."

FAMOUS GEMS OF PROSE ENGLAND'S MISRULE OF IRELAND

From a speech on the Irish municipal bill in the English house of commons, Feb. 22, 1887. Ireland, a country that ought to teem with abundance, there prevails wretchedness without example, if millions of persons are there without employment, and often without food or raiment, where is the fault? Is it in the sky, which showers verdure? Is it in the soil, which is surprisingly fertile? Or is it in the fatal course which you, the arbiters of her destiny, have adopted? She has for centuries belonged to England. England has used her for centuries as she has pleased. How has she used her, and what has been the result? A code of laws was in the first place established, to which, in the annals of legislative atrocity, there is not a parallel; and of that code—those institutes of unnatural ascendancy—the Irish church is a remnant. In heaven's name, what useful purpose has your gorgeous establishment ever promoted? You cannot hope to proselytize us through its means. You have put the experiment to the test of three centuries. You have tried everything. If the truth be with you, it may be great; but in this instance it does not sustain the aphorism—for it does not prevail. If, in a religious point of view, the establishment cannot conduce to the interests of religion, what purpose does it answer? It is said that it cements the union—cements the union! It furnishes the great argument against the union; it is the most degrading incident of all the incidents of degradation by which that measure was accompanied; it is the yoke, the brand, the shame and the exasperation of Ireland!

A ROYAL WELCOME

Sir Wilfrid Given an Ovation at Humboldt, Saskatchewan—Grain Growers Ask for Lower Tariff and Get Sympathetic Reply

Humboldt, Sask., July 25—Two large caravans, each drawn by four horses, carrying a family of five and their household effects, wended off the prairie into Humboldt yesterday. Tents were pitched and preparations made for a permanent abode. When the wagons entered the town they were decorated with the Stars and Stripes, but when the location was determined the foreign bunting was immediately and spontaneously removed and the Union Jack hoisted over the tents. The incident is typical of the spirit pervading among the American settlers of the Canadian west.

Sir Wilfrid Laurier reached Humboldt this morning and was accorded an enthusiastic welcome from the town, which boasts 1,900 inhabitants. A great meeting was held in the arena tonight, when the Grain Growers' Association, representing five districts, presented a memorial through Henry M. Thore and Secretary Houser, urging a reciprocal free trade with the United States in farm implements, a reduction of the tariff on cereals, and the construction of the Hudson Bay railway, and the adoption of cooperative legislation under which they would be able to cope with retailers who have organized under the dominion law and former gigantic trust to the detriment of consumers.

Sir Wilfrid, who was tendered an ovation, delivered an eloquent address, dealing with the various issues presented on the lines of his former speeches. He took occasion to welcome the new settlers, paying a tribute to their pluck and perseverance.

Hon. Messrs. Graham and Walter Scott, F. F. Pardee and E. M. McDonald also delivered spirited addresses.

MORNING LOCALS

In a slight fire last night in City Hall, Carleton, about 4,000 volts of electricity passed through the building, all the metal work being strongly charged. Members of the C. C. band were in their rooms, and several of them were given an electric shock in trying to get out of the room. Edward McLeod, Isaac Amos, John McAndrews, and Thos. Johnson, were among those who were shocked.

J. A. Birmingham, travelling secretary for Eastern Canada for the Brotherhood of St. Andrews, was in the city yesterday in the interests of the dominion convention of the order at Montreal. He addressed the local chapters in Vancouver and Church school room last evening with the pastor, Rev. R. A. Armstrong in the chair. Mr. Birmingham's home is in Vancouver, B. C., but his headquarters are now in Montreal.

Dr. D. H. McAlister, M. P., for Kings county, accompanied G. Scovill, dominion dredging superintendent, up the St. John river as far as Grassy Island, where they inspected the dredging that has been carried on there. Dr. McAlister expressed himself as well satisfied with the work done. Dr. McAlister will look into the matter of dredging at Hatfield's Point and a wharf at Boly's Landing.

Three automobile parties left the city Saturday for St. Andrews. A member of the party said that they had a delightful time. In some sections the roads were in bad shape. A road machine had been used and the ruts thrown into the middle of the road making a log as the result of the recent rains.

Hedley Edwards, the fifteen-year-old son of Alderman Edwards, of Halifax, who has been missing from his home since Tuesday last, was in St. John on Wednesday last. Acting Chief Jenkins has ascertained that a lad by the name of Ronald Owen talked with Edwards at about 4:30 Wednesday afternoon, when the latter said that he was going to try and get across the border. He expected a friend from Halifax on No. 23 train that night when they would go together. Acting Chief Jenkins has advised Chief Rudland of Halifax, accordingly.

The executive of the Exhibition Association met yesterday when delegates of the St. John Art Club were present. The club were granted funds to ensure a fine display of paintings. They in turn announced that they had received offers of pictures of great value from cities of Upper Canada and the Art Union of London. A resolution of thanks was passed to the Open Air Horse Parade Association of Toronto for the donation of the sterling silver trophy for presentation in the commercial horse class.

MORNING NEWS

OVER THE WIRE

Sickness heat prevailed yesterday in most places along the New England coast, but the towns further inland suffered from a severe electric storm, which played havoc in many places, several "barbs" and houses being struck by lightning. The rain, however, was a blessing, in that it cooled the air. In New York yesterday nineteen deaths were reported from the heat, and Philadelphia had four.

Lightning yesterday struck and killed Mrs. Martin, of Waltham, (Mass.), who was visiting her sister, Mrs. E. Pine, at Richmond. The bolt of lightning entered the pantry where Mrs. Martin was washing dishes.

The Montreal Star last night, said that the death of a man named Doherty, said to be from St. John, which occurred on Saturday at Phillipsburg, was the outcome of a drunken brawl, and that he was struck down a few minutes before he died, by a companion.

Capt. A. K. Perry, master of the barkentine, Kingston, owned by the Holy Ghosters, under Rev. Mr. Sanford, was arrested yesterday in Portland, (Me.), by Sheriff Tretheben, after a long pursuit. He is charged with the detention on board the steamer of Mrs. A. A. Whittaker, and her four children, from May 8 until June 6. A warrant has also been sworn for the arrest of Sanford on the same charge, but he is not to be found. Perry has been admitted to bail at \$2,000.

The report of the board of conciliation in the dispute over wages to be paid to C. P. R. telegraphers has awarded a large increase to the men, to take effect on July 10. The sliding scale of wages has been abolished and an increase of about 10 per cent added to the payroll.

A partially completed coal shed in Montreal collapsed yesterday, and killed Henry Cooke, besides badly injuring eleven others. The shed was being built at the gas works in Harbor street.

To "secure a deeper meaning from the Scriptures and a larger view over the whole," Rev. Lorents C. Johnson, pastor of the Norwegian church of Alpena, Mich., has just completed two longhand translations of the Bible. One is in Norwegian, the other in English. The manuscript will be sent to the World's Fair at Christiania, Norway.

William Dittenhofer of York, Pa., reports having found in his lawn a mass of many halibutones congealed or melted together. The mass was 30 inches long, 18 inches wide and 5 inches thick and weighed about 90 pounds.

PEAT THE COMING FUEL

Hon. Mr. Sifton at Meeting of American Peat Association in Ottawa Says 100 Years Will See the End of Coal and Wood as Fuel

Ottawa, July 25—Inside of 100 years, all the coal will be gone and long before that it will be scarce. Fire wood will soon disappear from any general use. Water powers cannot be economically harnessed for the development of electricity to be used for domestic heating purposes.

The solution of the problem of providing fuel for future generations lies largely in the exploration of the great peat deposits scattered throughout the country. That, in effect, was the thesis developed by Hon. Clifford Sifton, chairman of the conservation commission, in his address this evening before an open meeting of the American Peat Association, which convened in fourth annual meeting this morning here with an attendance of about fifty of this continent's best known authorities on the commercial exploitation of peat beds.

Fashion Hints for Times Readers

THE TRANSPARENT OVERBLOUSE ABOVE A LINGERIE WAIST

It is now the command of Fashion that the bodice must match the skirt, and nothing is more useful in achieving this effect than the little over-blouse of chiffon which goes on over a cool lingerie waist and carries the color of the skirt up over the collar of a blouse.

The blouse illustrated is of blue chiffon, matching the moulair skirt, which is part of a tailored suit. A simple pattern of soutache, with touches of hand-embroidery in the design makes the little blouse very dainty, and satin piping finish neck and elbow sleeves.

The Evening Chit-Chat

By RUTH CAMERON

One of my friends dressing tables stands a little wooden bank. Every time she says the word "bet," a nickel goes into it. When she says, "What do you know about that," it tinkles to the tune of a dime.

Several minor offenses are paid for by pennies. Among them is the use of the word "absolutely." Not that there is anything objectionable in that word, merely that she has caught herself using it to an absurd degree.

When the bank is full as it can hold its contents are to go to the Salvation Army.

How does that strike you as a combination of self-improvement and charity?

Probably you don't say "you bet," or "What do you know about that," or "absolutely," but you undoubtedly have some such mannerisms of speech that it would improve you to be rid of.

And maybe you are not a patron of the Salvation Army, but doubtless you can find some other charity that will know how to use your manerisms money.

The bump of observation is one of the most valuable assets for business or professional success that anyone can have.

Do you possess it?

If you don't, perhaps you will be interested in a method of acquiring such a bump that a man I know has taken.

Only he calls it "developing my observation muscles."

"About half a dozen times a day when I walk past a shop window, and look in, as everyone does, instead of just glancing casually over it, I make myself try to see and retain just as much as I can."

"Then, when I get past, I try to see how many articles I can remember."

"At first it was only half a dozen, but now I can remember fifteen and twenty, and sometimes a good many more."

Of course, that's a conscious observation, but I find it's training me to do a good deal more unconscious observing, too."

Baby was awful hungry. Indeed he had been crying for his bottle for half an hour before feeding time. And yet when his mother gave the bottle to him, that do you think that baby did?

Why it pushed it at and thrust it away with all the strength of its chubby little hands.

If his mother hadn't held it tight he would surely have pushed that bottle right onto the floor.

Baby's mother was awful hungry. "What makes him push it away?" I asked in wonder.

Baby's mother laughed. "He is hungry. He doesn't just know he is pushing it away," she explained. "He doesn't understand direction very well yet."

Can it be there are some of us who are a bit like great big babies—treat our blessings and the things we really want very much like this little baby did?

I wonder.

The Lion and the Girl

Amateurs at the Opera House Gave a Very Clever Performance

A large audience welcomed Miss Sadie Calhoun again to St. John last night and also accorded a hearty reception to the clever St. John Amateurs in the production of "The Lion and the Girl." All thoughts of amateurs were soon dismissed from the minds of those assembled, except to compliment the local young men on their excellent work in the company of the professionals in the cast—Miss Calhoun and George Lund.

The play is a very strong one, a story of the Canadian west in the days when railroads existed, but in the meantime men who read the future and planned to meet the requirements of generations to come. It deals with the designs of a villain upon a young girl, and her protection by one of the forest into whose lives a great sorrow has been brought years before by the same unscrupulous American engineer. It holds the interest tense during the action of the piece, and with its lighter parts as well as its lines of tragedy, makes a well planned and written play. It was well staged and given all the accessories necessary to successful production. Professionals, said those present, could not have put on a better.

Margie McPherson is the only female lead—that of a simple, lovable and loving maid. Donald McPherson, has probably never done a more creditable piece of character work. And it was not by any means easy to portray the stern old Scotsman. He won thunderous applause and everyone's commendation.

A. E. McInley, who played the father, performed, and a specialty was also given by Mr. Walker, who played the villain, Wilson, and he gave the part all the strength the dramatist put into it. His performance was good throughout.

Between the acts Miss Isabelle Gibb won applause and a Scottish dance well performed, and a specialty was also given by George Brown and Misses Gladys Travis, Ina Gibb, Minnie Semple, Annie Storm and Claire Bayer. The performance was under the auspices of the 3rd Artillery Heavy Brigade, and members of the band strengthened the orchestra for the evening.

The Lion and the Girl will certainly be remembered to the credit of St. John's amateur players. It will be repeated to night.

Repairs for School Buildings
An important meeting of the building committee of the board of school trustees was held last evening. Chairman Emmons presiding in the office, Union street, when several matters in connection with repairs to the school buildings were discussed. The work of improvements will begin at once. The question of erecting a new building on the Welton lot was also further considered and it was decided to call for tenders for the work. Revised plans are now in the hands of the committee.

One of the most important items of business in connection with the meeting was the decision of the committee to install in the high school a new chemical laboratory, which is greatly needed. The room will be likely be finished by the opening of the fall term, but as soon after as possible.

The following repairs or improvements were ordered to be commenced on the buildings mentioned: Aberdeen, interior painted and yard covered with asphalt; Victoria, new floor and new flagpole; Winter street, annex, yard asphalted and yard graded; Alexander, yard covered by asphalt and interior painted; Dufferin, repairs to roof and improvements in heating; Newman street, repairs to building and through painting; Albert, building to be painted and roof repaired; yard to be asphalted and roof renovated, besides a new ceiling in four rooms; St. Joseph's, new flagpole, high school, concrete wall with granite steps and new chemical laboratory. General repairs were ordered on other buildings.

R. A. Corbett was awarded the contract for the work of improvements to the high school, with the exception of the chemistry room, while the work on the remaining buildings will be done by several city contractors.

AMUSEMENTS FOR OURSELVES AND OTHERS

NICKEL'S NEW SINGER AND NEW SHOW MADE HIT.

The Nickel introduced a new singer to its patrons yesterday in Miss Mildred Prescott, of Amesbury (Mass.), whose contralto voice seemed to please everybody, as insistent encores were asked. Miss Prescott's number was the illustrated "When the Bells are Ringing, Mary," and it was something new in picture-plays.

Miss Betty Donn entered upon the final week in her stay in St. John with that sweet semi-classic, "The Lullaby (Beverage) from Jocelyn." As usual Miss Donn was strikingly received. In the picture portion of the show the Biograph love story, "A Midnight Cupid," was of rare entertainment, a tale of a jaded young milliner and a rood-nothing long-lost son. The evolution of the plot was pretty and absorbing. A Good Princess took watchers back to the halcyon days of knights and ladies also of good fairies, the scenic effects being actual castles in historic France. The other pictures were The Oyster Industry (educational), A Wasted Effort, comedy, etc. The orchestra as usual was good. The same show is to be given today. New show tomorrow.

BERT SMITH A HIT AT "LYRIC" GREAT ACT NEXT WEEK.

The "Lyric" was crowded to the doors last evening and standing room was at a premium at every performance. The large crowd were amply rewarded, however, for leaving the inclemency of the weather and were treated to a bill of rare excellence. The offering of Bert Smith, the musical comedian, proved to be one of the most interesting acts seen in a long time. His various imitations on the violin and harp were more than pleasing, while his selection on the tin can "brought down the house." Mr. Smith will change his entire act Wednesday and he is well worth hearing. The picture programme of comedies and dramas were up to the usual high standard of the popular house. For next week the management announce an attraction, which for laughing purposes and real interest will be found to be one of the very best and by far the most extensive act yet seen at the "Lyric." This is none other than Van Camp and his trained pig, dog, canary, rabbit and other animals.

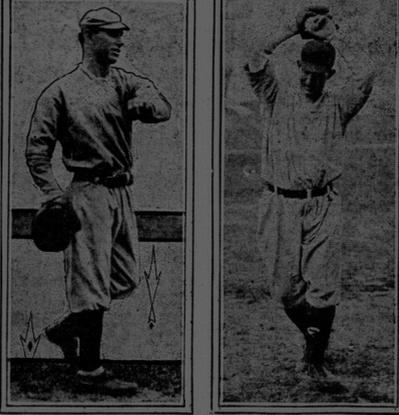

There never was an "oldest inhabitant" who had not seen better days.

SPORT NEWS OF A DAY; AT HOME AND ABROAD

Diamond Dust.
Neal Ed says Mitchell is a coming left-hander, and will be one of the crack southpaw boxmen next season.
Snodgrass keeps up his heavy hitting and has been stinging the ball in the west, even if the Giants have been losing.
Umpires Strang and Hawk, the former American League, are doing good work in the Eastern League. The more the fans see of them the better they like them. It is true Staff made a few "punks" not so long ago, but, like players, umpires have their bad days.
The New York Giants must be getting frightened again. Howls are arising about the umpiring and it's being predicted that the game will go to smash if Umpire Hank O'Day is allowed to work in series at the Polo grounds. Which is the best way in the world to make sure that Hank will be there. For make the cry that you don't want a certain ump and you are certain to draw him.
It might be wise to pull for the team that is playing the Pirates these days, for Clarke's men, while six and one-half games behind, are playing ball as is indicated by their four straight defeats of McDraw's men.

"Doc," White to Retire.
Chicago, July 26—According to information furnished by an intimate friend, Dr. Guy Harris White, the star southpaw pitcher of the Chicago Americans, is to quit baseball for good at the end of the 1910 season and enter the field of journalism. White recently received an alluring offer from a syndicate to write baseball and has accepted. Should White be released, a collection of legends that would be the White Sox pitching staff will be greatly weakened by his absence. The Irishman White, the greatest left-hand pitcher in the American league. He has everything that a slabbist needs—good control, speed and a collection of legends that have caused many heavy sluggers to stretch their arms in order to connect with the sphere. White has written several entertaining baseball stories covering the technical side of the national game.

Ted Nelson, the Australian fighter, and Willie Wells will battle for ten rounds at the Fairmont A. C. stag in New York to-day. All details of the contest have been arranged by the manager of both fighters, an Billy Gibson, manager of the club. Nelson has a record of 10 wins, 10 losses and 10 draws. He is a former champion of the National Sporting Club and has a reputation that he can beat the Parisian idol.
Another good match clinched by Billy Gibson is that between Leach Cross the Irishman, and Jack Dorman, the rugged and aggressive scrapper of the Bronx. Both fighters are in excellent condition and are expected to give Cross a hard battle.
A syndicate of sporting men of Dublin, Ireland, including Richard Croker, the ex-Tammany boss has just offered a purse of \$12,000 for a 20-round fight between Freddie McFarland, the American fighter, and Freddie Welch, the English champion, to take place within the next six weeks. McFarland is authority for this statement. He is announcing this information in a letter to P. L. Callahan, the western manager of fighters.
Bill Lang, the Australian heavyweight, who is matched to fight Stanley Ketchel, a ten-round battle at the Fairmont A. C. in New York on August 12, will go to Stratford, Conn., where he will begin training for the contest. Ketchel is undecided where he will get into condition for the bout, but it is thought that he will finally go to Felix Boehm's hotel, at New York, S. I.
Knockout Brown, the New York featherweight, who has not fought for several weeks, has been engaged to meet Danny Moran, a promising fighter of Glen Falls, N. Y., for ten rounds at the Casino A. C. of New York, N. Y., after the 26th of the month. Moran is a former champion of the club officials, who thought the men needed more time in which to get into shape for the battle.

Safety Board
There was a meeting of the Safety Board yesterday afternoon, when considerable routine business was transacted. It was decided to place a light at the corner of Sydney and Broad streets. A communication from Mayor Gordon was to the effect that he had appointed Michael P. Money his appraiser on the west side lot, and asked the city to appoint an appraiser. E. Pembroke Cliff was granted a seven year renewal of lease of a lot on MacLachlan street. The applications of the St. John Real Estate Co. and George McFarlane for a lease of lot 733 in Duke street between 1st and Westworth, was considered, and it was decided that if the lot was sold to Jacob Ross, Carlston, was granted a 15 year renewal of lot 101, between 3rd and Albert. Morgan's application for lots 538 and 539 in German street, west side, were left with Alderman Peck and Baxter. Sumner R. Wilson was granted renewal of lot 1, Block B, Guys ward for seven years.

are all involved in the thrilling, absorbing "Albert Gate Mystery."
A special envoy from the Sultan brings a lot of diamonds of fabulous worth to London to be cut.
In spite of elaborate precautions the diamonds are stolen, and the envoy and his assistants murdered, with no clue left to guide the investigators.

Can You Solve The Mystery?

All Europe holds its breath lest the Turkish throne be upset while the hunt goes on!
But Turks, stolen diamonds and Parisian thieves meet their match in Reginald Brett, Barrister-Detective, who proves himself as remarkable and mystifying a personage as Sherlock Holmes himself.

6000 ROADS CONGRESS AN ENGLISH COMEDienne

International Sessions to Be Held at Niagara Falls—Canada to Be Largely Represented

Niagara Falls, July 26—Preparations for the third annual congress of the National Good Roads Congress, which is to be held in Niagara Falls, N. Y., July 29, 30 and 31, are taking on an international aspect and indications are that the Dominion of Canada will take equal part in the deliberations and discussions through the presence of many celebrities that will attend from that country. The international character of this great gathering is given increased prominence because of the fact that the congress is to be held on the Canadian border, and for the further reason that Canadians are now manifesting an unusual interest in the good roads movement, and have accepted with a significant enthusiasm the invitation to be present at this session. The general subject of good roads is now engaging the attention of the Canadian legislators in a degree almost equal to the place it is claiming in the public eye in the United States, and it is expected that at least a third of the principal speakers who will address the congress will be Canadians who are thoroughly posted upon the subject and who will have valuable suggestions to offer. Every effort is being put forth to procure the presence of Sir James Whitney, the premier of Ontario, and the premier of Quebec, who will be invited to fraternalize with President Taft, Governor Charles E. Hughes, of New York state, Col. Roosevelt, Mayor Gaynor of New York city, and others who are expected to attend the congress. The program of the congress will include the reception and entertainment of the delegates to the congress, and there will be plenty of interesting features in connection with the meeting on both sides of the border. Not a thing is being done on one side of the line that is not being duplicated on the other.

Many of Canadian cities, as well as commercial organizations and chambers of commerce, etc., are displaying an interest in the coming convention and many of them will send delegates. More than 200 invitations have been addressed to the owners of automobiles in Canada and the United States, special attention having been paid to the distribution of these to the automobile organizations in New Jersey, New York, Pennsylvania, Ohio, and the provinces of Ontario and Quebec in Canada. One of the features of the congress is to be a monster automobile parade on the second day of the gathering. There are at least 250,000 automobile owners within easy ride of the city where the convention is to be held and it is expected the representation of this class of good roads advocates will be large indeed.

It may be generally known that more than half of the states in the union have adopted the principle of state aid and supervision over all or parts of the roads, while the remaining states are seriously considering sweeping reforms in their road laws. In Canada the same interest is being displayed, and this is bringing about a steady progress in road building which is now recognized as one of the foremost economic movements of the day. In the states the expenditure for this work has reached a total of nearly \$800,000,000 annually and many counties have issued bonds in large amounts to further the work. Interesting discussions on the experience of this country and Canada will follow the opening of the congress. This is the first instance of its kind in the history of the State, and if it proves a success will be tried by other justices. In an effort to give the couple an opportunity to consider the seriousness of their step and cause them to desire a reconciliation. TRYING DIVORCE FOR "SIX MONTHS ONLY"

New York Judge Gives Decree to Try the Old Principle of "Absence Makes the Heart Grow Fonder"

New York, July 26—On the old principle that "absence makes the heart grow fonder" Supreme Court Justice McHugh this week provided what he thinks will prove a highly efficacious new legal enactment for couples smarting under the matrimonial yoke. Those who have been divorcing the steady growth of the divorce legislation in all of the courts will watch the result of his experiment with absorbing interest. His application of the new healing lotion was brought about by an appeal of Mrs. Mortimer Burger for a limited divorce on the ground of incompatibility. After taking the evidence, the justice filed an order directing a decree of separation for the wife for "six months only." At the termination of that period the decree automatically ceases, the court believing that the long separation will give the couple an opportunity to consider the seriousness of their step and cause them to desire a reconciliation. This is the first instance of its kind in the history of the State, and if it proves a success will be tried by other justices. In an effort to give the couple an opportunity to consider the seriousness of their step and cause them to desire a reconciliation. Yachting
Manchester, Mass., July 25—The weather proved fickle in the initial race today for the Savannah cup, but there was about 20 minutes of the unfinanced contest in which the conditions were equal when the defender Massachusetts of the Manchester Yacht Club showed superiority in windward work over the challenger St. Lawrence of the Royal St. Lawrence Yacht Club.

Miss Jennie Ritchie, for some time stenographer in the office of W. H. Thorne, when a number of her fellow employees and a few other friends took possession of her home in City road, and presented to her a handsome leather suitcase, as a means of remembering them when she made her home in the west, for which she will leave on Thursday, going to Winnipeg. The presentation was made by Harold Stone. An enjoyable time was passed in games, dancing and other amusements, and the gathering dispersed about midnight.

From the crop of anonymous letters being received by Mayor Frink it may be that interest in civic affairs has taken a lively turn. Unfortunately, however, for those who avail themselves of this method of setting forth their views, the missives are simply consigned to the waste paper basket, after it is found that they are not signed. His Worship said this morning that postage stamps are merely being used in this manner of correspondence as a means of getting the letters into the hands of the first lookers for the signatures and this lacking the letters find a resting place in the waste basket without even being read.

FOOD FAIR A FEATURE OF THE DOMINION SHOW

The Exhibition management has made final arrangements for the exposition of foods and foodstuffs at the approaching Dominion Fair and a show closely approaching some of the big American city Pure Food Shows is almost assured. As nearly as possible the displays of foods will be made in a special group and will be known as the Pure Food Show. There will be cereals, flours, culinary requisites, preserved foods, fish, meats, vegetables, chocolates in solid and liquid forms, aerated waters, teas, coffees, jellies, prepared desserts, etc., in great variety and quantity. It has been arranged to place these exhibitors from near and far the privilege of distributing in lunch-bar fashion also in restaurant booths their wares as free samples. A small army of pretty waitresses and demonstrators will make these displays all the more attractive. The concerns to demonstrate their goods in this section of the Exhibition include leading American, English, Norwegian, French and Canadian houses.

ST. JOHN BRIDE TO GO TO ILLINOIS

Miss Jean McNaughton and Donald W. Brown Wed This Afternoon

An interesting nuptial event takes place this afternoon at 3.30 o'clock at the residence of Dr. H. D. Fritz, 173 Princess street, when his niece, Miss Jean Elizabeth McNaughton, will be given in marriage to Donald W. Brown, of Robinson, Ill. The ceremony will be performed by Rev. G. F. Scovill, in the presence of a few relatives and friends of the contracting parties.

Miss McNaughton will be gowned in a pretty costume of blue broadcloth. After the wedding a luncheon will be served and later the bride and groom will leave for Pleasantville, Penn., on a visit to Mr. Brown's people, going via Montreal, Buffalo, and Niagara. They received many handsome remembrances from their many friends, who wish them every happiness. Mr. and Mrs. Brown will make their home in Robinson, Ill.

HON. WM. PUGSLEY

VS. NEW BRUNSWICK

COAL AND RY CO.

Argument in This Case Will Commence in Chancery Division Tomorrow—Many Lawyers Interested

In the Chancery Division tomorrow morning at 11 o'clock, argument on the demurrer of Charles A. C. Bruce, one of the defendants in the case of the Honorable William Pugsley, K. C., M. P., vs. the New Brunswick Coal & Railway Co., will be made.

Dr. W. B. Wallace, K. C., appears for Mr. Pugsley and M. G. Teed, K. C., for the Bruce. Mr. Bruce, who is a director in the company of which Mr. Pugsley is attorney general, was a member of the directorate, and who is now asking for an account of the monies expended while he was a director, demands to the plaintiff's bill on the following grounds: That there is no equity and that the bill discloses no title on behalf of the plaintiff.

The bill alleges that the duties have been discharged and all monies have been properly expended. The defendant, Bruce, contends that if this is the case there is nothing to account for.

On May 4, 1909, the Minister of Public Works, through Dr. Wallace, his counsel, issued a writ in the equity court against the directors of the New Brunswick Coal & Railway Co. In November last the bill was filed, it being difficult to serve Charles A. C. Bruce, one of the directors, who was in Newfoundland, which accounted for the long period of time between the issuing of the writ and the filing of the bill.

The bill prayed that an account of the affairs of the New Brunswick Coal & Railway Company be given during the term of Mr. Pugsley was ex-officio a member of the directorate of the company.

The directors of the company at the time the Hon. Dr. Pugsley was a director were Hon. J. J. Tweedie (ex officio being provincial secretary), Charles N. Skinner, A. P. Barnhill, the late Judge A. L. Trueman, Ernest Hutchinson, the late E. Bron Winslow, the late Franklin Stetson, William Kitchin, Robert A. Irving, and Charles A. C. Bruce.

Appearances were speedily put in and the case has been ready for hearing for some time past, but on January 4 last Mr. Teed, for Bruce, demurred to the whole bill on the grounds previously stated. Argument on the demurrer was set down at the March sittings, but for some reason or other has been standing ever since. However, it is altogether likely that the matter will be disposed of at these sittings as on the opening day his honor spoke strongly against the conduct of counsel in continually postponing cases.

A. A. M. McInnes appears for C. N. Skinner, Barnhill, Ewing & Sanford for George McAvity, executor of the estate of Francis Stetson, deceased; J. MacMillan, Trustee for James A. Belyes, executor of the estate of the late Judge Trueman, M. G. Teed, K. C., Ernest Hutchinson, and Charles A. C. Bruce, J. J. Fraser Winslow for the executors of the estate of the late E. Bron Winslow, R. A. Lawlor, K. C., for Lieutenant Governor Tweedie, W. A. Carter for R. A. Irving, M. G. Teed, K. C., and J. J. Tweedie, K. C., and F. B. Carvell, K. C., M. P., for the New Brunswick Coal and Railway Co.

YACHT SQUADRON IS AT OROMOCTO

Horse Races Not a Success—Arranging for Visit of Technical Education Commission

Fredericton, N. B., July 26—(Special)—The directors of the Fredericton Yacht Club held a meeting last evening to finish up the business in connection with the recent race meeting. The meeting was not a financial success, and several of the directors complained of lack of public support. It is scarcely likely that there will be any more racing here this season.

The Royal Kemebeceas Yacht squadron arrived at Oromocto last evening and started on the return trip this morning. Several members of the crews of the yachts Windward and Yagelone came ashore this morning on a motor launch. The committee appointed by the board of trade will meet manufacturers this evening to discuss matters in connection with the proposed visit of the technical commission to this city.

JUDGE COMMENTS ON BOY'S IGNORANCE

Complaint of Assault on Jewish Butcher Heard in Police Court This Morning

Following on the complaint lodged by Meyer Gordon, a Jewish butcher of Main street, that he had been assaulted last Thursday night, the police this morning arrested Joseph Connell, aged 16, on suspicion of having been connected with the matter. It is also claimed that another boy, Charles Harrington, was an accomplice. Connell denied all knowledge of the affair this morning in the police court, saying that at the time the assault is supposed to have taken place, he was in his own home.

The hearing was very prolonged, and one of the prisoners on the mournful bench, James Brien, charged with drunkenness, grew weary to listening to the cross-examination of the young defendant by J. B. M. Baxter, K. C., who appeared for Gordon, and gave voice to his sentiments by exclaiming quite loudly, and with evident impatience: "Ay, gwan, leave the boy alone. He ain't guilty." Detective Killen immediately removed him to a place of quiet, downstairs, and his voice was heard no more.

When asked to write his name, young Connell declared that he was unable to do so, as, although he was sixteen years of age, he had only gone to school about two months, and then only to a private school. He could not tell how much five times three amounted to. The court was amazed at such a display of ignorance in the lad, and the negligence of his parents in not seeing about his education, was strongly commented upon. The boy was remanded until this afternoon.

Large crowds of people are in attendance today at the Sunday school picnic of St. Rose's church, Millford, being held in the church grounds. The City Cornet band will be on hand this evening, and doubtless great numbers will spend a few hours on the grounds. Supper will be served, and the usual games and other amusements conducted.
