

BREEZE OVER THE RAILWAY RATES

E. M. Macdonald and British Columbia Council Clash in Commons Committee.

Ottawa, June 12.—(Canadian Press)—"Don't come here with the theory that you are an injured province," declared E. M. Macdonald, of Pictou, N. S., to G. G. McGee, counsel for British Columbia, in the special house committee on railway costs today.

WESTERN CROP REPORT GOOD

Winnipeg, June 12.—(Canadian Press)—The general crop conditions throughout the three prairie provinces continue exceedingly satisfactory, and with the exception of two or three districts, published prospects are much brighter than they were at this time last year, states the second 1922 crop report published by the Manitoba Press today.

THE WEST SIDE ATHLETIC FIELD

There seems to be some difference of opinion amongst the residents of the west side regarding the proposal to use a portion of the Queen square as an athletic field. One prominent property owner of that section said this morning that there was considerable opposition to the diversion of the square for the use for which it was originally intended.

VIVIANI DECLINES

Premier Poincaré of France is having a hard time to select a delegate to the coming Conference in Genoa, which opens on April 10. Former Premier Viviani is the latest one to refuse to act.

GET THEM AT HALF MARKET PRICE

People are Keeping Amdur's Busy in Rush to Get Benefits of Great Hosiery Sale.

A most pronounced initial success has characterized the great hosiery sale which was started at Amdur's, Ltd., No. 1 King Square, last week-end. On Saturday business was so heavy that the regular and special staffs were compelled to put forward exceptional efforts in order to accommodate the large crowds of shoppers who thronged the store throughout the afternoon and night.

HARDING STIRS THEM ON SHIP SUBSIDY BILL

Washington, June 12.—President Harding has notified Chairman Campbell of the house rules committee that unless the ship subsidy bill is passed prior to adjournment he will be obliged to call a special session solely for its consideration.

STILL AND BREW AND TWO MEN NEAR HALIFAX TAKEN

Halifax, N. S., June 12.—Prohibition Inspector Tracey and four policemen today captured a large moonshine plant in the woods off the Herring Cove road seven miles from here, and arrested Elias Zegege and Stanley Bliss. After firing several revolver shots at the moonshiners, Tracey and his men captured the pair. Bliss, who was carrying a shot-gun, dropped the weapon and fled, and Zegege followed suit.

TO CARRY ON REID RAILWAY TILL AUTUMN

Premier of Newfoundland Makes Announcement of Agreement Reached.

St. John's, Nfld., June 12.—In the legislature yesterday Premier Squires announced that an agreement had been reached with the Reid Newfoundland Company whereby the latter would continue to operate the Newfoundland Railway until next autumn. Meanwhile, negotiations would continue for a permanent settlement of the railway problem.

BURGLAR, 72, TAKEN WITH LOOT IN WOODS

Veteran of Many Prisons Admits Guilt When Captured in Mount Vernon — Last Term in California.

New York, June 13—George Freeman, 72, said to be the oldest burglar and "second-story man" in the country, with a record of many years in different prisons, was locked up in the White Plains jail to await the action of the Westchester County Grand Jury on the charge of plundering the home of Mrs. Mary Olinger, on East Lincoln avenue, Mount Vernon.

After his arrest, Freeman, only recently released from San Quentin Prison, in California, said to Chief of Detectives Michael I. Silverstein of Mount Vernon: "I guess it is all up with me now. I suppose I will have to spend the rest of my life in prison."

Freeman's head is an old Westchester County indictment, filed on June 20, 1917, in which he is accused as a second offender. At the time of the indictment it was found that Freeman was serving seven years in California for burglary.

Freeman was picked up by Sergeant Edward Wren as he lay in a piece of woodland in the rear of the residence of Dr. A. F. Pieso, 150 Lorraine avenue, Mount Vernon, not far from Mrs. Olinger's home. Near him was a basket of articles worth about \$300, which he admitted he had taken from the Olinger home. While the Olinger family sleep, Freeman removed a pane from a parlor window, raised the sash, and after entering his shoes ransacked the house.

When he returned to the woods, intending to stay until daylight, Dr. Pieso, on a late call, saw the veteran burglar go into the woods and notified the police, and his capture followed.

Freeman has an old assortment of booty, including a bottle of grape juice, a camera, a bottle of sherry, a darning needle, a silver sugar holder, a silver pitcher, a glass pitcher, a darning needle, two pairs of scissors, silver spoons, knives and a pair of flower shears.

When arraigned before City Judge George C. Appel, Freeman said: "I want to waive my rights." "Don't do that," answered Judge Appel. "Never waive your rights. It's bad business. You mean you will waive examination."

"I guess this will be my last job," he said when being fingerprinted. "I guess my days of liberty are over. I've no home, anyhow, so I might as well be in jail."

At the office of District Attorney Weeks it was learned that Freeman had been sent to Sing Sing Prison in 1908 for nine years and six months for looting the home of Mary A. Holden of Matherneck of \$5,000 worth of silverware.

TO CROSS CONTINENT IN TWO DAYS FLYING

Washington, June 13—The airway section of the Army Air Service, under the general direction of Major General Mason M. Patrick, chief of the service, has begun work on a system of aerial highways which will traverse all parts of the United States. It is anticipated that the day, which it believes near, when the continent will be crossed in two days' flying, instead of five days by rail.

The highways will eventuate in a network of airways, including thousands of emergency landing fields in small towns as auxiliaries to the terminals in the larger cities.

Mayor McEllan said last night that he was much pleased with the manner in which motorists observed his request that they would avoid random driving around King square during concerts by the band. He said that during the very pleasing concert given by St. Mary's Band last night the order was perfect and the people were able to enjoy the numbers to much better advantage.

RUM RUNNERS IN A COUNTER RAID

While Officers Cart Away Part of Liquor and Men, Residue is Seized.

Kitchener, Ont., June 13. — D. P. Coplon, Windsor; Dave Rose, London; Abe Krause and L. R. O'Leenick of Kitchener are out on \$1,000 cash bail each, and seventy-nine cases of liquor are in the possession of the local authorities, as the result of a midnight raid staged on the David Such farm, west of Waterloo.

Licence Inspector Kinkann, Inland Revenue Officer Feick, and Provincial Officers Gardiner and Watson raided the barn and were successful in arresting the four men and seized 272 cases of liquor. The police took the men to Kitchener, to return later with trucks to carry the wet goods. A fifth member of the gang had gotten away and before the officers returned, he had gathered other members of the gang, who descended on Feick and Zinkann with a fusillade of shots.

Being outnumbered, the officers were forced to withdraw and when Gardiner and Watson returned with reinforcements, the rum runners had got clear with all but the seventy-nine cases. They kept up a desultory fusillade while the officers were loading this lot on trucks, but did not hit any one, though Watson was struck with a flying club. The men were remanded until next Thursday on charges of having liquor in a place other than in their private dwelling. It is thought that the rum runners are part of a well-organized force carrying liquor to the border.

MILLIDGEVILLE PLANS FOR A BUSY SUMMER SEASON

Plans for a variety of summer activities were made last evening at a meeting of the Millidgeville Summer Club held in the residence of J. Fraser Gregory. The following officers were elected: president, H. W. Michum; vice-president, George D. Martin; secretary, L. McC. Ritchie; treasurer, Kenneth Lingley; executive, Miss T. Whiston, Mrs. G. P. Hann, Mrs. W. H. Turner, Mrs. P. E. Williams, J. Fraser Gregory, Holly Lingley, W. H. Turner and W. R. Scott.

Beware of Tender Gums

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound, keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhoea, which afflicts four out of five people over forty.

Pyorrhoea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhoea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhoea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

BETTER THAN HARD COAL
Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning. It is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JUNE 13, 1922

The Evening Times and Star

ST. JOHN, N. B., JUNE 13, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE CONQUERING HERO

In order that the inequities of the Foster government may be revealed to the full extent to the people of Kings County, Mr. H. B. Durston has been summoned to the aid of Major Brooks.

GOOD CROPS MEAN MUCH

If the west reaps a good harvest this year its troubles will be very greatly reduced. That portion of Canada responds very quickly to the challenge of better times.

THE VOCATIONAL SURVEY

The members of the Rotary Club listened with genuine surprise yesterday to a brief recital of what some Ontario towns—not the large cities—are doing for vocational education.

GLASS ODE AT ACADIA

(Wolville Cor. Halifax Chronicle) Had Dr. Barbour seen the Glass Ode "Ejus Opus Corone" written by Miss Evelyn A. Whitman, before Sunday morning, he would be sorely tempted to quote it in full.

SOME VITAL NEEDS

Dr. Craig, provincial Red Cross commissioner in Nova Scotia, told the Gyro Club of Halifax last week that four infants die each day in that province, and two of them could be saved.

LIGHTER VEIN

Not Very. "Is Jack very religious?" "Yes, he is. He usually believes the Epistles were the wives of the Apostles."

ACCUSE STUDENTS OF ARSON

Five Colgate Men Are Arrested for Starting Four Different Fires. Syracuse, June 12.—Five Colgate University students were arrested at Hamilton, charged with arson, following four fires in and near the college town as a result of the annual moving-up day exercises.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson NO. 25 REVIEW

The Condenser. The condenser in its simplest form consists of two conducting surfaces separated by an insulator, known as a dielectric. When connected to a source of energy in the form of an electrostatic field.

Electrostatic Capacity. The phenomenon of electrostatic capacity is a very important property of radio circuits and is a measure of the ability of the circuit to store up or hold energy in electrostatic form.

The Spark Gap. The spark gap maintains the closed circuit of the radio transmitter in a state of rest during the charge of the condenser. On discharge of the condenser, energy of these oscillations has been transferred to the open or radiating circuit.

The Oscillation Transformer. The fundamental and important principle of the oscillation transformer is its ability, by means of magnetic induction, to transfer the energy of the oscillations in the closed circuit to the open circuit, where the energy is radiated.

The Aerial. The aerial or antenna serves the double purpose of radiating and receiving electromagnetic waves. Of many types, the most common is the dipole.

The Electric Wave. The electromagnetic wave travels with the velocity of light, 186,000 miles or 300,000,000 meters per second. The length of a single wave may be obtained by dividing the velocity per second (300,000,000 meters) by the frequency of the oscillations.

SAYS CRIME IS INCREASING.

Mrs. R. R. Jamieson of Calgary, first woman juvenile court judge in Canada and in the world, says that she notes a decrease in crime. Prohibition and the general financial stringency are reasons given by her. "It is difficult to find an exact reason," she said, "prohibition has been a great factor, of course."

MISS SMITH WINS A LOAD OF COAL

The Trades and Labor fair in St. Andrew's rink was well attended last night and all the games were largely patronized. The City Cornet Band was in attendance and provided an excellent programme. The prizes were won as follows: Door prize, load of coal, won by ticket No. 2089, won by Miss Maude Smith, 41 Charles street; bagatelle, electric lamp, won by O. D. Northrup; bean board, ladies' prize, sporting shoes, won by Mrs. Whelley; men's prize, sporting shoes, won by Mr. Copp. Tonight the Carleton Cornet Band will be in attendance and again the door prize will be a load of coal. An additional attraction tonight will be an athletic arena conducted by Walter O'Toole and \$1 per minute will be offered to any one who can stay on the mat wrestling for five minutes. The attendance last night was 600.

MORNING NEWS OVER THE WIRES

The steamer Mauretania which arrived yesterday at Southampton from New York set two new world's records for speed, making better time than the steamer Kaiser Wilhelm Der Grosse which set a record in January, 1900. The Mauretania is a Canard liner. There will be no by-election in District No. 26 of the United Mine Workers of America, with headquarters in Cape Breton, owing to the failure of Secretary J. B. McLachlan to get enough names signed to a paper placed in circulation demanding the recall of President Robert Baxter, Vice-president Delaney and District Board Member Lewis McCormack. Persistent rumors of a general election in September as an outcome of the present political situation were current in Ottawa yesterday. A meeting in the interests of J. D. McKenna, the Liberal candidate in Kings county, was held last evening at Norton and was largely attended. Many women electors were present. A. P. Sherwood was chairman and the speakers were Hon. Peter Veniot, minister of public works; Dr. D. H. McAllister of Sussex and J. D. McKenna. All the speakers got an excellent reception.

BOY BURIED UNDER TONS OF SAND IS SAVED BY PLAYMATE

New York, June 13.—The wall of a sand pit thirty feet deep in Brooklyn, collapsed, carrying with it the wreckage of a hut that had been built on the edge by Peter Butcher, 12 of 68 Colonial road and Harry Hanson of the same address. Hanson, who was in the pit collecting building materials for their hut, shouted a warning to Butcher, who had been scouting along the bottom below the hut to see whether he could cut a pathway in the steep side of the pit. "There was no answer to the shout. Hanson ran to the side, and saw the sign of his companion and he began to dig, believing Butcher was buried under the sand, ten tons of which had made a mound four feet deep on the floor of the pit. Recalling that one boy scooping the sand away by hand could not effect a rescue, Hanson ran to notify the family of his friend and then ran a quarter of a mile to the fire house at Boulevard and Bay Ridge avenue. Capt. John and five firemen with shovels stopped a passing automobile and sped to the pit. Wielding six shovels, they soon reached the boy. He was lying on his back apparently lifeless. His eyes were wide open. His mouth was filled with sand and his face was nearly black. All thought him dead. His mother caught him up and started to run with him to her house. "He's alive," she shouted. "He whispered 'Mama.'" After water had been used to clear the mouth and air passage, his breathing could be detected. Dr. Thorne of the Norwegian Hospital worked over the boy, using a stomach pump because of the quantity of sand which he had swallowed. The boy gradually recovered. He had been buried under the sand for twelve minutes.

GAINS IN SOUTH AMERICA

German Bank Profits for 1921 Were 21,023,000 Marks. Berlin, June 13.—The report of the German-South American Bank for 1921 shows gross profits amounting to 21,023,000 marks, compared with 12,088,000 marks for 1920. There was a 20 per cent dividend last year, which was twice the percentage of the year before. The report states that German goods found ready markets in South America, although trade was often disturbed because delivery schedules could not always be adhered to, owing to heavy demands on German industry. The initial resumption of German shipping lines to South America met with gratifying success, says the report, thus enabling extended reconstruction. The overseas branches of the bank had a fruitful year, the Mexican branch especially having a remunerative field, although the political and economic conditions of the country were still unsettled. The first year of its Spanish branch, the Banco Germanico de la Am-erica del Sur de Madrid was most satisfactory. Trade with Chile suffered, however.

Elite Cut Glass Water Sets Consisting of Large Pitcher and six tumblers. Most appropriate for Wedding Gift. W. H. Hayward Co. LIMITED 85-93 Princess St.

TWO BEAUTIES THAT WILL APPEAL TO EVERY CAREFUL DRESSER

No. 1—Is a woman's white buck one-strap, with just enough patent leather to lend it distinction. Price—\$9.00 No. 2—Is a woman's gray buck oxford, beautifully made on the new medium low heel last. Price \$8.50 See these two styles in our Women's window, or better still, let us demonstrate how nicely they fit as well as look.

McROBBIE

Foot St. John 50 King Street. Fitters.

Girls Don't Wash Your Face

Use Liska cold cream instead (you have never used anything like it). Just try it once, and you will never be without it. Soap and water has a tendency to make the skin rough, and does not cleanse the skin as thoroughly as Liska cold cream. To prove it make this test: Wash your face with soap and water, dry thoroughly, then apply Liska cold cream, massage it well into the skin, then wipe off the superfluous cream with a soft white cloth; examine the cloth and see how much dirt has accumulated thereon. Liska cold cream cleanses, softens and beautifies the skin. For sunburn or after a dusty auto trip there is nothing like it. Its fine after shaving too. Let hubby or brother try it. Just compare Liska cold cream with any other you have ever used, and you will need no further argument to convince you that it's the best. It's put up in tubes, the only sanitary way. Try it tonight. You will be delighted. At toilet counters everywhere, including Watsons Drug Stores.

Woman Gets Croix de Guerre

New York, June 13.—A cable from Beirut to the Near East Relief announces that General Gouraud, French commandant in Syria, had awarded the Croix de Guerre to Miss Mary Caroline Holmes of Ginghamton, N. Y., for her two year's service as a relief worker in Urfa, Cilicia. Prior to the war she was a Presbyterian missionary in Syria.

Don't Buy Kitchen Ware Simply Because It's Cheap! HOUSEKEEPERS are sometimes asked to buy cheap cooking utensils just because they are nice to look at when new. But after a short use, where has the bright newness gone? It is true economy both of money and of time and energy to buy only

SMP Diamond or Pearl "A Face of Porcelain and a Heart of Steel"

Neither Diamond nor Pearl Ware is expensive. Both are truly economical in that they last for years with ordinary care. Diamond and Pearl Ware utensils do not stain or lose their bright color. Acids of food juices have absolutely no effect. Diamond and Pearl utensils can be cleaned in a jiffy, even after the grasiest frying or boiling. And they do not burn out. Diamond is blue and white outside, all-white inside, with three coats of enamel. Pearl is grey and white, with two coats of enamel. Do you know that a Diamond or Pearl Ware pot that sold for \$1.50 last year, can be bought now for 90 cents? INVITE BIDS FOR WEST SIDE SCHOOL

At a meeting of the school board last evening authority was given to call for tenders for the erection of a new school in West St. John, and to arrange for the disposal of the present buildings on the site by auction. The Board of Health wrote asking that classes for the mental hospital be arranged. A committee consisting of Judge McKeown, Dr. Bridges, Mrs. Taylor and Mr. Lewin, were appointed to look into the matter. The G. W. V. A. wrote asking that the board consider returned soldiers when giving employment. The secretary's report was received and the health report noted two cases of scarlet fever during the month. It was reported that the Lorne school would be ready by August 1. The Chautauque people were granted use of the high school grounds. After much discussion it was decided to call for tenders for the West St. John school. The secretary reported that the issue of bonds for \$200,000 for this purpose had been passed but not signed. Applications for positions on the teaching staff were received from Fred J. Patterson, Edmundston; L. E. Merceau, Hoyt; Albert E. Philmore and the Misses Salome Townsend, Irene A. Bateman, Saskatchewan; Emma E. McKee, Misses; Marion Cox, Fredericton; Zola Underhill, Chipman, and Adelaide Haley, of Acadia University. Stanley Nason applied for the position of principal of Albert school with an initial salary of \$1,800 and an annual increase of \$100 exclusive of government grant. This application was received. Resignations were received from Miss Agnes Waring, Miss Joan H. Sommerville, Miss Grace M. Young, Miss Eleanor McAfee, D. Gordon Willet, Miss Annie E. Parks and Miss Marguerite Adams. These were accepted.

TEN-YEAR-OLD GIRL STARTS STUDY OF LAW

New York, June 13.—Rose Kerne, ten years old, has arrived here with her father from their home in London, Ontario, to study law in the New York University. Up to now she has been a university student, lecturer, stenographer and typist and bookkeeper. At the Western University, London, she studied chemistry, Spanish, French and English literature. Helen's parents live at 870 Manilla street. She was taken on a visit to her grandmother. She saw some children playing on the sidewalk and decided to join them, although she never before had been permitted to venture forth unescorted. She slipped out the door, and the first thing that attracted her attention was the steel vent in the sidewalk near the curb. Helen shoved the largest toe on her right foot through the grillwork. Then she shoved her foot up to the ankle. Then she tried to release her foot, found she couldn't and began to cry. Neighbors by the scene gave advice on the best means of releasing the foot. Soap, talow and other first aids failed. Policeman O'Brien failed. Dr. Hunter from Lincoln Hospital could do nothing, and then, after other policemen had resorted to various ingenious schemes, Policeman O'Brien summoned Lieutenant Nolan and the fire truck. The concrete sidewalk for a foot around Helen's foot was torn up. Helen was released, but it took a lot of time and will cost money to repair the sidewalk.

BANS BINDING WOMEN'S FEET

Feng Yu-Hsiang, Christian General, Adds to Chinese Reforms. Peking, June 13.—General Feng Yu-Hsiang, the Christian Governor of Hunan province, has issued a decree prohibiting the practice of binding women's feet. Feng Yu-Hsiang, "the Christian General," is credited with many striking innovations in his civil and military administration of provinces of which he has been governor. Among the most remarkable of these is the regular instruction of his troops in the Bible. He also established a practical system of vocational training for his soldiers and erected three lecture halls in the city of Chang Teh while governor of Hunan. Among reforms he emphasizes are universal education and the raising of the standard of women.

Ice Cream A Fine Food

Ice Cream is a splendid food. It is a mistake to consider it only as a dessert or as a pleasant refreshing confection. Children thrive on it. Physicians recommend it to patients and to convalescents. When you order ice cream, be sure that it is Purity Healtized Ice Cream—safest and best. If it isn't Purity it isn't Healtized. PURITY ICE CREAM Best and Purest Because It's Healtized

FRENCH FAVOR INVESTIGATION IN RUSSIA

Premier Poincare's Reply to British Memorandum on Subject of The Hague Conference is Delivered.

Paris, June 12.—Premier Poincare's reply to the British memorandum on the subject of The Hague conference was delivered to the British embassy this evening. The reply says that if experts are sent to The Hague from France they are likely to favor a proposition for the sending of an expert commission to Russia to investigate conditions there, if Russia will consent.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye, sore feet, burning feet, swollen feet, sweet feet, smelly feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudation which is the cause of sore feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a box of "TIZ" now at any drug store or department store. Don't suffer. Have good feet, glad feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed for a few cents.

BRITAIN DRINKS LESS WHISKEY

Consumption of Beer During Last Year Showed an Increase.

London, June 12.—Statistics issued by the commissioners of customs and excise show that the consumption of whiskey has been decreased in the United Kingdom. While from 1914 to 1918 the quantity of spirits retained for home consumption was equivalent on an average to three quarters of a gallon per head of the population of the United Kingdom, it dropped in 1917 to half a gallon, and in 1918 and 1919 to one-third of a gallon. In 1920 the equivalent rose again to half a gallon, but last year dropped again just below half a gallon.

Question Whether Man in Guelph Reformatory Can be Sent Back to U. S.

Guelph, Ont., June 13.—B. W. Vordurgh, transfer agent of the state reformatory at Elmira, N. Y., has arrived with papers for the purpose of placing under arrest and in an endeavor to extradite a young man, John Little of Toronto, who is an inmate of the Ontario reformatory, where he is serving a term of one year on a charge of shopbreaking.

Use the Want Ad. Way

WARNING! Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds Headache Rheumatism
Toothache Neuralgia Neuritis
Earache Lumbago Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists apply to you for the mark (registered in Canada) of Bayer Manufacture of Monoacetylsalicylic Acid (Aspirin). While it is well known that Aspirin is Bayer's manufacture, to affect the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

MOB OF 300 BEATS POLICE IN RIUM RAID

Two Sayreville, N. J., Officers Attacked After They Find Still in Man's Home.

New York, June 13.—Two policemen were attacked and beaten by a mob of 300 persons after the finding of a still in the home of Steve Strauk, at McArthur's Corner, Sayreville, N. J., late Thursday night. Strauk, a bootlegger, was captured in the woods a mile from his home. Besides the still, the police found a quantity of "moonshine" whiskey. Policemen Olen and Gross were called to the Strauk house to stop a fight between Strauk and Michael Gzwil. They arrested Gzwil and his wife and Stephen Strauk, but Strauk got away. Hearing the noise they found the still and whiskey. When the crowd surged around the two policemen and began beating them a call for assistance was sent in. Half a dozen policemen responded. The police were harassed by the crowd all the way to the police station, half a mile distant.

SOME CHANGES IN THE NEW TAXES

Ottawa, June 13.—The changes announced by Hon. W. S. Fielding, minister of finance, last night from the budget proposals, brought down on May 23, affect five items of the customs tariff, and include alterations in the inland revenue taxes and in the special war tax. A new tax is introduced to apply on receipts. The tax applies on all receipts of ten dollars and upwards. The amount of the tax is two cents on each receipt; and there is a penalty of fifty dollars on any person who refuses to give a receipt duly stamped. This tax does not come into force until January 1, 1923.

VIOLATED PAROLE

Guelph, Ont., June 13.—B. W. Vordurgh, transfer agent of the state reformatory at Elmira, N. Y., has arrived with papers for the purpose of placing under arrest and in an endeavor to extradite a young man, John Little of Toronto, who is an inmate of the Ontario reformatory, where he is serving a term of one year on a charge of shopbreaking.

STEAMER JOYLAND HAS BEEN SALVAGED

Clayton, N. Y., June 13.—The steamer Joyland, of the freight line of the Canadian Steamship Lines, which ran aground on a shoal in the St. Lawrence, three miles east of here, and a short distance north of Round Island, was floated by John E. Russell Wrecking Company of Toronto. Despite the fact that the Joyland was hard aground and in a position which greatly hampered the wrecking crew in their operations, they succeeded in floating the vessel a few minutes after twenty-four hours. The work of releasing the Joyland was directed by Mr. William Newman, of the John E. Russell Co., who, with Mr. Russell, left for Toronto last night.

ROSE TEN FEET, FLEW 200 YARDS

Planeless Plane on Helicopter Principle Tested in Washington.

Washington, June 13.—A planeless airplane employing the helicopter principle has risen vertically ten feet and flown horizontally to 200 yards above College Park, Md., just northeast of Washington. Its performance is far in advance of that of any other helicopter yet developed, and it needs but one motor to make it eligible for the quarter of a million dollar prize offered by the British air ministry for a flying machine capable of vertical ascent and descent—a device which will enable it to descend 2,000 feet with the motor shut off.

SEVEN SENTENCED AS DRUG SMUGGLERS

New York, June 13.—Maximum sentences of three years in the penitentiary were imposed in Special Sessions on four of seven men arrested on May 23 last in a raid on drug smugglers in a cellar in Broadway near Twenty-seventh street. The other three were sentenced to three months in the Workhouse. Five of the men were seen on the steamship Mount City of the United American Line, and one testified that \$500,000 worth of narcotics found in their possession when arrested was smuggled into this country on that vessel.

OUTLOOK IS GOOD FOR U. S. INDUSTRY

Early 1922 Deficits will be Wiped Out in Last Half. Nearly all branches of industry will show a substantial increase in earnings in the last half of the current year, says the Wall Street Journal. Many lines were able to report a big improvement in earnings in the first half of the year, but the improvement was not general. The steel industry, for example, made a big showing in the first half, but the automobile industry is flourishing in general, and is expected to show a big improvement in the second quarter for the first time in nearly eight months. In the last half, even on present prices and production, earnings will be substantial and a good percentage of companies are expected to show a substantial improvement in earnings in the second quarter.

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down trying to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung. Nature intended women to be strong, vigorous and happy in their domestic life. A low can be a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't sleep at night?

ACIDS IN STOMACH MAKE FOOD SOUR

Cause Indigestion. "Experience has taught me that most people who complain of stomach trouble and indigestion possess stomachs that are perfectly healthy and normal," says a well known authority. The real trouble which causes acid in the stomach, is excessive acid in the stomach. This acid irritates the delicate stomach lining, and ferments the food before the point of digestion is reached. Artificial digestants are not needed in such cases. They give only a temporary relief, and do not remove the cause of the great harm. A better plan, if you suffer after eating is to drink a glass of pure Magnesia water made from a teaspoonful or four tablets of pure Bismarck Magnesia which can be obtained in any reliable drug store. This instantly neutralizes the acid, sweetens the stomach and your meal digests naturally without pain. Try this for a few weeks and see your stomach does not feel one hundred per cent. better.

Nature intended women to be strong, vigorous and happy in their domestic life. A low can be a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't sleep at night?

ROSE TEN FEET, FLEW 200 YARDS

Planeless Plane on Helicopter Principle Tested in Washington.

Washington, June 13.—A planeless airplane employing the helicopter principle has risen vertically ten feet and flown horizontally to 200 yards above College Park, Md., just northeast of Washington. Its performance is far in advance of that of any other helicopter yet developed, and it needs but one motor to make it eligible for the quarter of a million dollar prize offered by the British air ministry for a flying machine capable of vertical ascent and descent—a device which will enable it to descend 2,000 feet with the motor shut off.

SEVEN SENTENCED AS DRUG SMUGGLERS

New York, June 13.—Maximum sentences of three years in the penitentiary were imposed in Special Sessions on four of seven men arrested on May 23 last in a raid on drug smugglers in a cellar in Broadway near Twenty-seventh street. The other three were sentenced to three months in the Workhouse. Five of the men were seen on the steamship Mount City of the United American Line, and one testified that \$500,000 worth of narcotics found in their possession when arrested was smuggled into this country on that vessel.

OUTLOOK IS GOOD FOR U. S. INDUSTRY

Early 1922 Deficits will be Wiped Out in Last Half. Nearly all branches of industry will show a substantial increase in earnings in the last half of the current year, says the Wall Street Journal. Many lines were able to report a big improvement in earnings in the first half of the year, but the improvement was not general. The steel industry, for example, made a big showing in the first half, but the automobile industry is flourishing in general, and is expected to show a big improvement in the second quarter for the first time in nearly eight months. In the last half, even on present prices and production, earnings will be substantial and a good percentage of companies are expected to show a substantial improvement in earnings in the second quarter.

ACIDS IN STOMACH MAKE FOOD SOUR

Cause Indigestion. "Experience has taught me that most people who complain of stomach trouble and indigestion possess stomachs that are perfectly healthy and normal," says a well known authority. The real trouble which causes acid in the stomach, is excessive acid in the stomach. This acid irritates the delicate stomach lining, and ferments the food before the point of digestion is reached. Artificial digestants are not needed in such cases. They give only a temporary relief, and do not remove the cause of the great harm. A better plan, if you suffer after eating is to drink a glass of pure Magnesia water made from a teaspoonful or four tablets of pure Bismarck Magnesia which can be obtained in any reliable drug store. This instantly neutralizes the acid, sweetens the stomach and your meal digests naturally without pain. Try this for a few weeks and see your stomach does not feel one hundred per cent. better.

STEAMER JOYLAND HAS BEEN SALVAGED

Clayton, N. Y., June 13.—The steamer Joyland, of the freight line of the Canadian Steamship Lines, which ran aground on a shoal in the St. Lawrence, three miles east of here, and a short distance north of Round Island, was floated by John E. Russell Wrecking Company of Toronto. Despite the fact that the Joyland was hard aground and in a position which greatly hampered the wrecking crew in their operations, they succeeded in floating the vessel a few minutes after twenty-four hours. The work of releasing the Joyland was directed by Mr. William Newman, of the John E. Russell Co., who, with Mr. Russell, left for Toronto last night.

N. B. MEMBERS SPEAK ON THE ELECTIONS ACT

Mr. Caldwell Not Satisfied With Law and Says Threats Made in His Constituency—Baxter and Harrison Give Opinions.

Ottawa, June 12.—When a bill to amend the Dominion Elections Act was before the house in committee today, amendments in reference to residence qualifications were declared by R. M. Johnson (Progressive, Moose Jaw) to be too indefinite and he wanted to know whether a man who had moved his residence was entitled to vote in his present or his previous constituency.

Hon. J. B. M. Baxter suggested a man should be entitled to vote in the constituency in which he had previously qualified. There might be some issue of certificates of identification.

Hon. Hugh Guthrie suggested an amendment which would qualify an elector who had moved from one constituency to another to cast his vote in the constituency where he had first resided. His suggestion was adopted.

N. B. Members Speak. T. W. Caldwell (Progressive, Carleton-Victoria) strongly supported the proposal. He declared that there were lumbermen, mill employes and others in his constituency who if they voted "right" were given a holiday on election day, but if not they were dismissed.

R. E. Hanson (Conservative, York-Sunbury) thought such a statement was a serious reflection on the men of New Brunswick and a grave injustice to the men of Mr. Caldwell's constituency. He

Scholl's Zino-pads FOR CORNS, CALLOUSES AND BUNIONS Put one on--the pain is gone!

was against holidays on election day because no person wanted them, he believed.

E. M. Macdonald (Liberal, Picton) supported the amendment, saying that election day was sufficiently important to be a holiday.

Premier King said the government had no intention of opening up the whole Dominion elections act for discussion at present.

T. W. Caldwell introduced another amendment declaring that when any new polls were established, they should be established at least two months before polling day. He said that during the last election, six new polls were established in his constituency two weeks before the election. He had the greatest difficulty in getting the lists to be used at these polls and found it necessary to threaten legal action before obtaining them.

Premier King repeated that this amendment would be in order when the act was being gone over. There was no doubt that the Dominion elections act would require amending, possibly in several respects.

Mr. Caldwell agreed to withdraw his amendment on the understanding that there would be opportunity given for introducing it when the elections act was under discussion.

The bill was given third reading.

BREACHES IN THE FISHERIES LAWS ARE CONSIDERED

Hants Member Hits at Certain Nova Scotia Magistrates—Burden of Proof on Defendant—Caldwell Protests Also.

Ottawa, June 12.—Upon whom should rest the onus of proof in breaches of fisheries regulations aroused some discussion in the house today when amendments to the fisheries act were under consideration. Hon. Ernest Lapointe, minister, explained that the amendments are to ratify regulations already existing. They aimed to give control, by legislation of fisheries both inside and outside territorial waters. A challenge of the government's authority in respect to extra territorial waters was being made by certain fishermen and the justice department recommended that this legislation should be passed.

Hon. J. B. M. Baxter objected to a subsection which provided that the onus of proof under the act, should rest on the defendant.

It was too much to ask of any one that he prove his absolute innocence to the satisfaction of some magistrates. If a man were going before a judge and jury he might be able to prove a satisfactory case for acquittal, but some magistrates appeared to take the stand that once a man was charged with an offence, he was undoubtedly guilty.

Martell Says Magistrates Unfit. L. H. Martell (Liberal, Hants) said he blushed to say that there were in Nova Scotia many magistrates who were unfit to try a case. It was going too far to place the burden of proof upon

For Safety's Sake You Need an EVEREADY FLASHLIGHT Many times a Day and Night. YOU don't have to grope in the dark—you don't have to carry matches, candles, nor any cumbersome and dangerous lights—Here are lights that are not only the handiest, but the safest. They are flameless—cannot set anything afire. Eveready Flashlights are the first perfect portable lights ever invented.

acre, \$72,719; garage, \$50,000; twenty-three lots and machinery and personality of the plant, \$2,340,000. Originally the property was disposed of in separate parcels, but it was announced that the sale would be continued on the whole tract in bulk, the higher price to constitute the deal. The total amount offered on the separate bids was \$2,000, and Mr. Day himself had given a lump bid of \$3,000,000 for it.

PRESBYTERIANS WILL MEET IN PORT ARTHUR Winnipeg, June 12.—The 1923 general assembly of the Presbyterian church will meet in Knox church, Port Arthur (Ont.), it was decided at the general assembly here this afternoon. An invitation was also extended from Knox church, Montreal, but the commissioners decided in favor of Port Arthur and the assembly will meet there at the time of the St. Paul's fiftieth anniversary celebration.

A strong attack by Rev. C. B. Picher, of Hagersville (Ont.) on the minimum stipend of \$1,800 and manse commended to self-supporting congregations by last year's assembly, featured this morning's sederunt. Mr. Picher explained that he was making a personal overture because the Presbytery of Hamilton, to which he belonged, refused to endorse his views.

The home missions board, which dealt with this matter, brought in a recommendation this morning that the assembly give permission to the board to give grants to aid-receiving churches on the basis of the new minimum from Oct. 1, provided that in the judgment of the board the action would be warranted by crop and financial conditions and by the visitations of ministers.

Dr. McKinnon's Report. In presenting the report, Dr. M. A. McKinnon, of Regina, said that 414 self-supporting congregations, formerly below the new minimum, had raised the stipend to \$1,800 and 170 were still to be heard from. He regretted that owing to the deficit of \$129,000 in home missions, the board had found it impossible to pay the new minimum to aid-receiving churches from Jan. 1, 1922, as recommended.

The board contended, Dr. McKinnon said, that \$1,800 and manse was still too small a stipend for ministers, who should also be in the position to carry insurance.

"If the men in the central offices of the Presbyterian church in Toronto will not set us an example in economy, it is up to us rural ministers to set it as soon as possible," Mr. Picher declared in opposing the board's recommendation. He said the leaders in the church union movement were using the minimum stipend question as a means of coercing the weaker congregations into church union. If a rural minister could not live on \$1,800 with a manse that minister and his wife should take one of the courses of domestic science at the agricultural colleges.

Rev. James Taylor, of Braside, Ont., also opposed the recommendation of the board. He forecast that the stipend in the home missions budget would be increased this year.

Mr. Taylor moved an amendment to the board's recommendation that the assembly scale itself down to the 1919 stipend of \$1,500 and manse, believing that last year's decision was reached in consideration only of the man of wealth and not with regard to the man of poverty, to whom the church was chiefly ministering.

The debate was adjourned, and probably will be resumed tomorrow.

HILT. BELVEA AND DOROTHY DALTON

Also Rodolfo Valentino, All Starring at Imperial Today --An Excellent Programme That Attracted Many.

Would you like to see big steamers sailing through tumultuous seas? Would it give you a queer feeling to fly over the dizzy Victoria Falls of South Africa? Would you have enjoyed following our Hilton Belvea over the course in the big race at Philadelphia last week? And then to top off with, would you like to sit for an hour and a half and see one of Frank Norris' best sea yarns actually re-lived before your very eyes? Well, this is what the Imperial Theatre gave its patrons yesterday, thousands of patrons that overflowed the big theatre at night, and its what is going to be shown again today and tonight.

MARTY DUPREE AT QUEEN SQUARE

Farewell Week for Marty Dupree and Her Musical Comedy Co. Commencing the last week of one of the most pleasant and successful engagements ever enjoyed by any theatrical troupe in the maritime provinces, Marty Dupree and her Musical Folies scored another decided hit in their new offering, "Come Back to Connamara," a little Irish playlet of good singing, dancing, specialties and clean snappy comedy.

ROYAL YEAST CAKES. A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks. Royal Yeast is a food. It supplies the water soluble vitamins which the diet may lack.

STRONG PICTURE AT THE UNIQUE

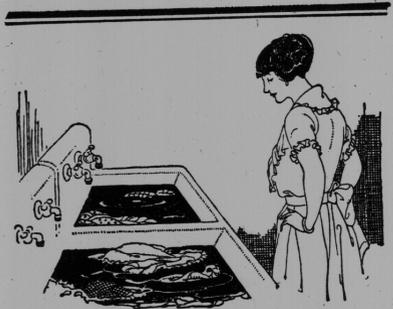

"Cheated Hearts," Powerful Drama, Well Acted--Eddie Polo and a Comedy Also. "Cheated Hearts" starring Herbert Rawlinson, at the Unique Theatre, is an adaptation of William F. Payson's novel, "Barry Gordon," and is the story of a young man who inherits something more than "Virginia" millions when his father dies.

COME AND SEE IT

W. H. THORNE & CO., LTD. HARDWARE MERCHANTS

LOCAL NEWS

CONTRIBUTION. The contribution of Brunswick Chapter, I. O. O. F., to the war memorial was \$100, not \$50 as reported elsewhere.

AUTO DRIVE INQUIRY. The secretary of the board of trade has received an inquiry from an Upper Canadian Automobile Club for information as to road conditions and routes in the maritime provinces.

DEATH OF CHILD. Friends of Mr. and Mrs. Fred Richards of 112 Pound street, will sympathize with them in the death of their infant daughter, Margaret Lucy, which occurred this morning.

WILD STRAWBERRIES. Two boxes of wild strawberries were brought on the river yesterday afternoon. They were picked by J. A. Vanwart, at Hampstead. The berries were purchased by Mr. Hathaway of the city market.

WILL SPEAK HERE. The announcement that Frederic Hudd, Canadian trade commissioner in New York, will address the Canadian Club next week gives great satisfaction. Mr. Hudd will also attend the annual convention of the Canadian Manufacturers' Association in St. Andrews next week. The subject of his address in St. John will be The Lady Next Door.

PYTHIAN SISTERS. The fortnightly meeting of Moulton Temple No. 14, Pythian Sisters, was held last night at the Pythian Castle, Union street, with Annie Waters, M. E. C., in the chair. The regular routine of business was gone through with and plans were made for the early fall. There will be one more meeting Monday evening before closing for the summer months.

EXAMINATIONS BEGUN. School teachers' license examinations are being held today and will continue until Friday in the assembly hall of the Central school, at St. Vincent's convent. The examiners are Inspector S. A. Worrell and L. A. Gilbert. There are thirty-nine candidates taking the examinations in the city in the following classes: Grammar school, fifteen; superior, one; first class, eight; second class, five.

NEVINS WILL. The case of the contested will of Charles Nevins is nearing a close with the argument of one lawyer yet to be heard. Before Judge McInerney this morning, J. F. H. Teed, who appears for Miss Susie Smith, beneficiary under the will, concluded his argument and this afternoon Daniel Mullin, K. C., who appears for the contesting party, superior, one; first class, eight; second class, five.

FOR PETEWAUWA CAMP. Corporal Thompson, R. C. A., of Petewauwa, arrived in the city yesterday and last evening commenced instruction of members of the 3rd N. B. Regiment, C. G. A., in preparation for their annual camp. The 6th Siege Battery will leave for Petewauwa on July 7, the 10th Heavy Battery on July 14, and the 4th Siege Battery on July 14. About fifty all ranks will attend from each battery and each unit will remain at the training grounds for six days.

RIFLE LEAGUE SHOOT. The second Canadian Rifle League shoot will be held this afternoon on the range by the 4th Siege Battery, in connection with the annual Rifle League Association. Three spoons will be given in connection with this shoot, one to the highest score in each of the three classes at ranges of 200, 300 and 400 yards under field conditions. Notice has been issued that an issue of 800 rounds of .303 calibre rifle ammunition will be made to military and civilian clubs and to cadet corps. Notice of an issue of 22 calibre ammunition was given recently.

ARE SUSPENDED. L. T. Dow, secretary of the M. P. B. A. U. of C. this morning issued an official bulletin that nine players of the East End Improvement League Baseball Club have been suspended indefinitely for playing with an unregistered club, and that all amateurs are warned under penalty of suspension not to compete with or against them. The men are H. Thompson, A. Latham, J. Corrigan, J. Gillespie, J. Davis, T. Burke, B. Barrett, J. Tanaman and Thomas Campbell. This is an outcome of the Wolves game with St. George.

SOLDIER BOWLERS. The Royal Canadian Army Service Corps bowling team retains the permanent force challenge cup again this year by winning a three-cornered game last night on the armory alleys with the teams from headquarters and R. C. O. C. The R. C. A. S. C. team consists of Captain Winter, Sweet, DeVenne, Garnett and Alderman. They made a total of 1499 against scores of 1171 by the headquarters team and 1183 by the R. C. O. C. This is the closing match in the Garrison League for the year, and marks the end of a very successful season.

HEARTILY WELCOMED. Miss Mabel Finn of Edmonton, formerly of this city, who has been studying social service at Columbia University, New York, is the guest of Mrs. D. C. Dearden, Douglas avenue. She will return to the west about the end of the week to take up work in connection with the Civic Welfare Department at Edmonton. Miss Finn was for several years during the war with Miss Mary Plummer on the staff of the Canadian Field Comforts Commission, which supplied soldiers with many luxuries from cigarettes to complete baseball outfits, with money contributed by the Canadian people. She is a daughter of the late Mr. and Mrs. Michael A. Finn and is being warmly greeted by St. John friends.

MILITARY MATTERS. The work of making over the armory for the accommodation of the headquarters staff has been commenced and it is hoped to move into the new quarters some time in July. The lease on the present building will expire about August 1, and it was decided to move to the armory some time ago in accordance with the general cutting down of military expenses. A meeting of the Garrison Sports and Entertainment Association will be held tomorrow night following the Garrison League baseball game. Sub-Conductor W. O. Suits, of the R. C. O. C., has been detailed to this military district to take the place of Major T. Pugh as senior ordnance officer of the district.

QUISPAMIS IS KEEN FOR HYDRO

Community Club arranges for a Committee to Consider Joining Fair Vale and Gondola Point in Electric Light District.

The newly formed Community Club of Quispamis, of which James Thompson is president and F. C. Morrison is secretary, met last night in the church near Quispamis station, to consider the matter of hydro distribution in the community.

Business assembling in regular session, the club gave an attentive hearing to members of the Fair Vale and Gondola Point committee in the formation of an electric light district. This district, when organized, it was thought desirable, could make a contract and arrangements to construct a pole line to connect with the Moncton transmission line about a mile above Robbsey.

WE'RE LIKELY TO SEE WARSHIP OR SQUADRON

There is some probability that a squadron of the British fleet, under Admiral William Pakenham, which is making a tour of the maritime ports, will visit St. John at some time during the summer. While the admiral has not yet replied to the invitation which was sent to him by R. E. Armstrong, president of the New Brunswick division of the Navy League, Mr. Armstrong has received a reply from Hon. George P. Graham, minister of marine, which whom he also communicated. Hon. Mr. Graham wrote that while the movements and visits of the fleet were not under the direction of the admiral, he would be only too glad to comply with the wish of the Navy League and come to St. John at some time during the maritime tour. If it was impossible for the squadron to come, probably one ship could make the visit. He said also that he was communicating with the admiral on the subject.

PARK AUTO CASE.

Allison Cushing was before the sitting magistrate this morning on a charge of driving his automobile through the park, where much time and money had been spent. He said there were two reasons why automobiles were not wanted there; one that they damaged the roads and the other was that there were no sidewalks and therefore no provision for pedestrians when cars came along the road. A fine of \$8 was imposed and allowed to stand.

TRAFFIC CASE.

A case against James Marr, charged with making a wrong turn at the corner of Mill and Main street, striking and doing damage to street car No. 84, was taken up this morning. Mr. Marr said he had not been driving the car at the time; that it was driven by Merl Knodell. Mr. Knodell said that he had proceeded the corner just behind another car, which stopped suddenly. He had not had time to stop and could not go straight ahead, as there were passengers alighting from a street car, so he had no recourse but to attempt to drive across in front of the car. He struck the fender of the car and bent it. Policeman Gaudet told of the occurrence, but said he did not see the other car. Motorman Wood, driver of the street car, said he did not think it necessary to have driven in front of the car. Mr. Marr said Knodell had driven for him for some time and he had always found him a very capable and careful driver. This was the first time he had been in court. A fine of \$10 was imposed.

FAREWELL SURPRISE.

More than sixty young folk assembled at the home of Mr. and Mrs. F. O. Garson, Douglas avenue, last evening, in a farewell surprise party in honor of Misses Sarah and Helen Levine, Mrs. Garson's sisters. They will leave soon, accompanied by their mother, to join their father, Rev. J. Levine in their new home in Albany, N. Y. A very happy evening was spent, marked by two presentations as special features. At these Hymie Marcus and Eli Boyaner officiated, presenting a beautiful traveling Club Bag to each of the young ladies. Each replied nicely an acknowledgment. Solos were sung by Miss Sarah and Helen. Being dancing and games were enjoyed and a dainty luncheon was served by the hostess, Mrs. Garson. Mrs. J. Levine and Miss Gordon. Misses Levine have made many friends here and will be much missed.

STREET CAR MEN REPORTED.

James Shepherd and Cecil McLean, street car men, reported for sweeping dirt from cars into the public streets, did not appear in the police court this morning to answer to the charges.
