THE NEWCASTLE UNION ADVOCATE

VOL. 42.—NO. 49.

NEWCASTLE, NEW BRUNSWICK, TUESDAY, JUNE 21, 1910.

PRICE THREE CENTS.

TOWN COUNCIL MEETING

Town Council met Thursday night, Mayor McMurdo in the chair. Aldermen present—Allison, Butler, Falconer, Layton, Morrison, Clark, Sargeant and Russell.

Communication read from L. C. H. Vye notifying Council that he was not liable for taxes last year, as he was not resident in Newcastle during that time, and therefore, asking that his tax bill for 1909 be cancelled. Petition was referred to Committee.

The Light and Water Committee recommended payment of following bills:

The Boiler Inspection & Insurance Co. of Canada	\$ 72.00
Miller's Foundry	2.00
Can. Oil Companies, Ltd.	15.00
Gen Electric Co., Ltd.	120.00
" "	156.01
Garlock Packing Co.	36.15
I. C. Coal Mining Co., Ltd.	49.92
I. C. " "	103.74

Report was adopted and bills ordered paid.

Finance Committee recommended payment of following bills:

N. S. Leader	\$48.00
L. A. Morrison	15.12
M. Bannan	3.11

Chairman Clark also presented bill for annual membership fee from N. B. Union of Municipalities \$10. He objected to this being paid.

Ald. Morrison and Allison moved that the latter bill be added to the Financial Committee's report.

Ald. Clark stated that his objection was because of the Union being run as a political machine.

Ald. Butler spoke in behalf of the Union. It was organized to beat down the political machines. Newcastle could not do worse than withdraw from the Union.

Motion carried without division.

On the Finance Committee's amended report then being put, Ald. Morrison suggested that further contributions to poor persons of the town be charged to the County.

Ald. Russell said that he had assisted Richard Phair for whom no provision could be made in Almshouse, and that he had no authority to report upon the County.

Report was adopted.

On recommendation of Police and Appointment to Office Committee, Timothy Carroll and Samuel Treadwell were appointed hog-crees. The Committee presented no Scott Act report.

Ald. Layton reported that the fountain was out of order.

Ald. Butler reported that revision of By-Laws was not completed. It was a big job. It was necessary to compare every by-law with the statutes. A large number of the sections should be cut out. By-law committee was granted an extension of time.

Ferry Committee, in response to Ald. Falconer's query, was informed by Ald. Butler that the Newcastle Steamboat Co. would have their ferryboat running in a few days, giving a good service, and likely to materially reduce the fares.

Ald. Morrison explained that the Newcastle Steamboat Co. were running an extra trip each day to Chatham, leaving Newcastle at 10.45 and returning at 12.30; were giving an excursion trip from upper to Newcastle one day each week at 35 cents; and would give an extra trip to Nelson every Saturday night. Ald. Morrison in reply to criticism that the company had not employed Newcastle men on the boats. They were compelled to go outside for men, because qualified men could not be obtained here.

Ald. Layton thought that tickets between Newcastle and Chatham should be interchangeable between the M. S. N. and N. S. C. He had heard complaints about too little allowance being made for meal time in the time table of the Dorothy N.; also that there was grumbling about raising of Newcastle-Redbank tickets from 40 to 60 cents.

Ald. Morrison said that whereas last year's 40 cent tickets were good for one day only, the sixty cent tickets this year are good for return for one month, and on one day a week return from Redbank to Chatham is only 35 cents.

Ald. Sargeant spoke about the sewer in front of Falconer's carriage shop. Several cellars were flooded. It could not be helped without a new sewer.

Ald. Butler said that sickness cost more than sewers. The health of the locality should be preserved. He moved, seconded by Ald. Russell, that the Board of Works secure an engineer and ascertain cost of properly draining the area in question. Motion carried.

W. L. Curtis was given permission to address the Council. He said that the Bridgetown school had enough children for two teachers. It was nearly three miles from the main part of the town. A new building was required. He also wished to know if the cattle bye-law covered whole town or only the police district. It was unfair to prohibit poor men's cattle running at large.

Ald. Butler said that cattle bye-law covered whole town. It should be rigidly enforced. School matter lay with the School Trustees.

Ald. Clark said that in school matter, Mr. Curtis should apply to the Board of Education through the school inspector.

Ald. Morrison recommended the Bridgetown people petitioning the school Trustees.

Mr. Curtis suggested that next appointment of school trustee be given to a Bridgetown resident.

Ald. Butler said that he had invited the school Trustees with their families and all the school children to spend July 1st or the first fine day following, at his residence in Avoca. He now extended this invitation to the Mayor, Council and newspaper men of the town with their families.

Ald. Butler was given a vote of thanks, and his invitation accepted.

A COMING COUNTRY IS TERRA NOVA

The enterprising forester of the Dominion Pulp Co. John Sobey, has returned from Newfoundland, where he had taken 30 Newfoundland boys to drive the first large lumber operation of the Harmsworth people. The company, have done some lumbering before but on a small scale, and wired here for men. Mr. Sobey reports that the company has the most up

to date mill he has seen, and have built about 400 houses within two years. They are still building at Grand Falls and other places.

The country is immensely rich in pulpwood, spruce and minerals. Our popular councillor, J. W. Vanderbeck, cruised this country for Reed Brothers a few years ago, and they have secured large timber limits, and are erecting a large paper plant at Bishop Falls.

N. S. METHODIST CONFERENCE

It is the invariable custom of the Methodist Conference to devote one occasion to a memorial service for those ministers who have died during the year. Such a service was held in connection with this Conference on Saturday afternoon.

The Rev. Secretary read the lesson and Rev. Joseph Coffin offered prayer. Rev. W. H. Langille read the District obituary and moved its adoption and incorporation in the minutes of Conference.

Rev. Messrs. Coffin, Hickey and Langille spoke appropriately of the life and work of Mr. Mosher.

The district minutes in reference to the death of Rev. Wm. Purvis was read from the record of the Bermuda District. Dr. W. H. Hertz spoke feelingly of the late Mr. Purvis, his life and work. He gave an account of some of his characteristics enlarging upon his kindness and ability.

Drs. Huestis and Morton spoke with appropriateness of the late Rev. J. J. Teasdale who, though lately living far from Nova Scotia, was for a long while a much loved minister in this Conference. Letters of condolence was ordered to be written to the widows of these ministers as well as to Miss Rankine, who very kindly gave a last earthly resting place to the body of the late Rev. Wm. Purvis.

A vote being taken, the clause recommending a sliding scale of payment by the ministers was lost. A clause asking for a tax of three per cent. of salary carried, the vote standing at 48 yeas and 11 nays.

A clause calling for a payment of ten dollars a year for each year in the difference between the ages of the first and second wives if a minister marries a second time and if the second wife is younger than the first was carried.

Rev. Dr. Stephenson presented the needs of the Forward Movement for Missions and spoke very earnestly of the needs of the work.

In the evening the reception services for the candidates for ordination was held. Their names are Howard Outerbridge, R. B. Thomas and W. H. Watts and E. E. Graham for special purposes.

The service was held in the school room. The candidates gave the usual recital concerning their call to the office and work of the Christian Ministry. Rev. W. I. Croft, Secretary of the Conference described the conditions to be satisfied by a candidate for the Methodist Ministry as to education and other requirements. Rev. Dr. Jost and the Rev. W. Phillips spoke briefly.

FARMING RANCHING AND SOCIAL CONDITIONS IN WESTERN CANADA

The Grand Trunk Pacific Railway have just issued a new and interesting publication, entitled "Farming, Ranching and Social Conditions in Western Canada." This publication contains a series of articles written by practical men on subjects of interest to those looking to better their present condition.

The authors of the articles appearing in this book are such men as Mr. Chauncey P. Reynolds, editor of "The Prairie Farmer," Chicago, and Fellow at Michigan Agricultural College, Professor Thomas Shaw, member of the Faculty of the Minnesota Experimental Station and Agricultural College, Mr. Phillip Eastman, editor of the Capper publications comprising a number of Kansas farming papers, Mr. E. S. Boyard, editor of the "National Stockman and Farmer," Pittsburg, Penn., and authority on beef and dairy cattle, Mr. Herbert Quick, editor "Farm and Fireside," Springfield, Ohio, and well known as an author and lecturer. Professor E. E. Eaville, formerly professor Agricultural Department, Iowa State College, Ames, Iowa.

These articles are written in an unbiased vein and from personal experiences and are most interesting to those who are desirous of learning more of Western Canada. Copies may be secured on application to the General Advertising Department, Grand Trunk Pacific Railway, Montreal.

It is of interest in note that a man has been just released from a New Jersey insane asylum, who was committed ten years ago because he was trying to construct a heavier-than-air flying machine. His positiveness that it could be done was considered proof positive that he was crazy.

ANOTHER INSTANCE

The town of Staunton, Virginia, is quoted as an illustration of the advancement of a large business concern. Staunton could not adopt the commission plan in full, because an article in the constitution of the state made it necessary for each city to have an aldermanic board. The people, however, went as far as they could and abolished the old system of civic committees having charge of the various departments of the city government. A general manager was appointed, who was given entire charge and control of all the executive work of the city in its various departments, and full control of the heads of departments and employees of the city. He was also clothed with authority "to make all contracts for labor and supplies, and to perform all the administrative and executive work previously performed by the general standing committees, except the finance ordinance and auditing committees." A very able man appears to have been elected as the first general manager, for at the end of the first year his salary was increased \$500. The people pronounced the new system a complete success, and say that it has produced better results than were anticipated by the most enthusiastic supporters.

Harker—Your daughter's musical education must cost you a lot of money.
Hoyer—Yes, but the man who formerly lived next door is paying for it.
Harker—How's that?
Hoyer—I had been trying for years to purchase his property, but was unable to do so until my daughter had been practicing on the piano for a month, then I got the property for half price.

The strain was too great for the comet and it is suffering from a cracked head, so an Arizona man has announced. We know many citizens who are suffering from stiff neck from trying to see the comet.

The Calgary News says:—Capt. Bernier is going to search for Dr. Cook's records and Canadians will find more faith in his findings than to the claims of Cook and Peary combined. Few Arctic explorers if any, have anything on Capt. Bernier when it comes to probing into the secrets of the ultimate north.

ST. MARY'S CONVENT

Through the courtesy of the Mother Superior of the above school we had the pleasure of visiting the institution on Saturday last; and looking over some of the work that the home-maker training which is given there, produces.

The Mother Superior received us kindly, and we wish to thank her for the time and labor she gave to show us through the excellent school of religion, literature, music and domestic economy.

Flowers adorned the beautiful towers as well as many of the rooms, ventilation was such as to make us exclaim with Duncan when he entered the castle of MacBeth "The air nimbly and sweetly recommends itself to our gentle senses."

The dormitory is beautifully arranged and ventilated and has curtains which makes each student's bed a private room; and the music room is furnished with all the necessities for the art and adorned with the inspiring faces of Mendelssohn, Mozart, St. Cecilia, and many other masters of the most heavenly thing on earth music. We are told that the angels in Heaven sing and the elect from earth join them, and there can be no doubt this school is supplying some of the singers.

We learn that the Mother Superior, who is an architect in a way, has a plan prepared whereby a wing built to the convent will provide an isolated hospital for students, thus protecting any others from contagion and also a hall for public exhibitions of the school work and dramatic talent for which they are now obliged to use their beautiful little chapel. We hope that our citizens will help the good Mother in this improvement of the place which is calculated to save the town from sickness and parents from grief.

In the art room we found many beautiful specimens of what a woman can do to make a home attractive, lovely and lovable. We do not presume to be a connoisseur in this respect; but we are obliged from our judgment to make special mention of some of the beautiful things we saw there: (and beauty and industry brings us nearest Heaven.) Miss Bertha Giroux P. Q., shows 4 pictures which would do credit to the masters. Anna Marie Dube of Petit Metis shows 4 beautiful pieces in charcoal, pastel and water and one in oil; Lauretta McManus 4 in oil and water colors; Miss E. Hayden shows four in water color and one in oil. The Misses Bernard have three in oil and one on silk. Reta Buckley, daughter of our popu-

lar manufacturer who is building the French convent, we believe stands at the head of the needle department, but we do not pose as experts in this department, especially when we see every possible conceivable article of needlework and house-wifery displayed, and all done with the utmost taste and apparently perfect. All of the students are represented here. Hats, night dresses, children's clothes, bits, shawls, in fact every conceivable thing in the line of needlework will be found in the art room and shows beyond question that this school is educating HOME MAKERS FOR CANADA.

The public closing of St. Mary's Convent school will be held tomorrow (Wednesday) evening at 8 o'clock. The exercises will be very interesting. High class music is on the program. Prizes will be awarded. There should be a large audience.

Canada started off the first month of the fiscal year with a gain of nearly \$11,000,000, or thirty-one per cent. in the total trade as compared with the total trade for April of last year.

The imports for the month totalled \$20,882,438 an increase of \$3,159,765, or about thirty-six per cent. as compared with the corresponding month of last year. The exports of domestic products totalled \$14,507,581, an increase of \$2,644,884, or about twenty-two per cent. The exports of agriculture products for the month totalled \$6,961,072, an increase of a little over one and a quarter millions. The exports of manufacturers totalled \$2,380,111, an increase of \$632,011.

If the present rate of interest is maintained for the rest of the year, the total trade of the dominion will considerably pass the \$800,000,000 mark for the twelve months.

The customs revenue for the month was \$4,885,015 an increase of \$1,094,555.

The surplus of receipts over all operating expenses on the Intercolonial railway for the last fiscal year is announced today as \$623,000, as compared with a deficit of some \$700,000 of the preceding year, a net betterment of over a million and a quarter.

The surplus is due both to improved traffic conditions on the road and to reforms inaugurated by the minister of railways and the board of management. It is confidently expected that the surplus marks the end of a long period of annual deficits, and the government road under the present business-like management will henceforth be no drain on the federal treasury.

Did you ever hear any one say they could not get good coffee except in the States?

I have heard it, scores of times, and it's one of the reasons that made me decide to go into the Coffee business.

Of the Americans who visit us in summer, hundreds take home a supply of Red Rose Tea because they have never used such good tea before. I determined to put up a coffee that would make for itself just as good a reputation. It has not been easy, but I am sure I have succeeded.

Estabrooks' Red Rose Coffee, put up in sealed tins is—well, it's good coffee. You and your American friends will say so.

A good combination is Estabrooks' Coffee for breakfast and Red Rose Tea for other meals.

WILL SEAT NEARLY 2,000 PEOPLE

Modern New Grand Stand at Dominion Exhibition, St. John, N. B.

In deciding upon a new and more commodious Grand Stand, the Executive Committee of the Dominion Exhibition, to be held in St. John, N. B., September 5th to 15th, have realized that outdoor attractions lose much of their effectiveness if the sight seeing crowd is not provided with proper accommodations. This new Grand Stand will be situated almost directly opposite the old structure, which has been removed by the military authorities to make room for a new armory. It will be 208 feet long by 40 feet deep, with comfortable seats for 1,750 people. The plans call for the best of sight-seeing facilities, and the rows of seats are so carefully graded that no difficulty will be experienced by any occupant in seeing all that is going on in the fireworks, open-air entertainment and stock-exhibiting departments. There will be a 10-foot promenade in front of the Grand Stand and a covered bazaar promenade underneath in the rear, as part of the Pike. The aisles will be large and amply wide, making access and egress easy. From this vantage point of vantage some of the finest programmes of thrilling feats, pyrotechnics, etc., will be seen.

MAGAZINE CHANGES NAME
With the June issue "The Home Journal" changes its name to "Canadian Home Journal." During the last two years when this Canadian Women's Magazine obtained an assured place among Canadian periodicals there has been much confusion between this magazine and the Ladies' Home Journal of Philadelphia, U. S. Last year the size of the Home Journal was greatly enlarged and the magazine improved in every way and its sale became generally up on the newsstands, since then the difficulty of distinction between the home and foreign journals has been still greater, until finally it was decided to make this change of name.

FERROVIM is the most pleasing name of the best preparation of Beef, Iron and Wine ever placed on the market. If you or any of your friends are anemic, generally run-down, pallid, easily exhausted, try one bottle of Ferrovim, and you will be gratified by the result. \$1.00 at druggists.

WONDERFUL COUNTRY
The visiting diplomat from one of the countries of Europe was being shown the stockyards district. "And what is that queer looking building over there?" he inquired curiously. "That is a fat refinery." "And what do they refine in there?" "Hogs." The visitor made no comment but in his letters of travel in his home papers was the following entry: "America pays wonderful attention to refinement. They even have institutions where they make hogs refined."

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c. per bottle. His Majesty's conduct at the funeral of King Edward should do more to dissipate the cloud of misunderstanding, generated by mischievous makers of both sides at the North Sea, between Great Britain and Germany than anything which has happened for years.

A MONEY-MAKING MUNICIPAL RAILROAD

"Mark my words," once said Sir William Van Horne to a deputation of the citizens of Guelph "the day will come when that little railway of yours will just about pay all your taxes." The big railroad magnate referred to the Guelph Junction Railway, a short line some fifteen of sixteen miles in length, extending from the centre of the city to Guelph Junction, a point near Campbellville on the main line of the Canadian Pacific Railway. Built by the people of Guelph away back in 1887, it seems destined to fulfill Sir William's prophecy, for last year it earned the City of Guelph over \$27,500, and year by year its earnings are increasing by leaps and bounds.

It is by no means the first or only example of a municipally-owned steam railway. The unique feature about the little railway is not that it is owned by a municipality, but that in process of time it has become a link in what is destined to become a most important feeder of a transcontinental road, viz., the Guelph and Goderich branch of the C. P. R. with all its existing and projected auxiliary lines, traversing a rich and fertile section of old Ontario. Furthermore, when as it is not impossible, the Guelph and Goderich line is pushed eastward to Hamilton and Buffalo, its importance will be still more enhanced, for it will then become part of a through line, over which coal and other American merchandise will be carried cheaply to a large section of Western Ontario. At the present time, under the terms of its agreement with the C. P. R., every ton of freight originating on the Guelph and Goderich division, or its branches, and billed to any point beyond Guelph, may pass over the Guelph Junction Railway Company's line and pay its toll to the people of Guelph—Arthur Conrad in June Busy Man's.

This dragging process is done after each rain. The farmer stands on the drag, and the moist earth, as it is moved to the centre of the road, fills the ruts, smooths out the uneven places and causes all inequalities to disappear. About one hour is required for the farmer to drag a mile of road after each rain. The effect of the sun and wind baking the roadway each time it is dragged, results in a smooth, hard surface, that withstands the heaviest traffic, that sheds water and brings joy to the heart of the farmer and motorist alike.

FLOUR DROPS IN PRICE

Decline in Wheat Quotations the Cause—Further Decreases Looked For. Since the first of the year there has been a decline in the price of Manitoba flour of 40 cents and of Ontario of 55 cents. The retail price of Ontario flour in January was \$6.20; on April 7 it dropped to \$6.20; April 25 to \$6; May 3 to \$5.90 and the price later went down to \$5.75.

It was one of those ultra-swell restaurants where it costs a dollar to glance at the menu. "Little dove," whispered the pretty girl who had been invited to lunch. "But, you order me some diamond—diamond terrapin? It is only \$4 a portion."

"Oh that you can notice it," replied the young man coldly. "I might as well order a turtle dove, but I'm no terrapin."

"There goes a couple of thy theatrical managers," said Goyer. "Yes, but the one in the silk hat is the wealthiest. He put a show on the road with real elephants and golden chariots."

"Gunner—'What's that? Why, the one in the fur overcoat put a New England farm drama on the boards with real eggs in the barnyard scene. Think of that."

20 YEARS OF VILE CATARRH.

Chas. O. Brown, journalist, of Duluth, Minn., writes: "I have been a sufferer from Throat and Nasal Catarrh for over 20 years, during which time my head has been stopped up and my condition truly miserable. Within 15 minutes after using Dr. Agnew's Catarrh Powder I obtained relief. Three bottles have almost, if not entirely, cured me." 50c. Sold by A. E. SHAW'S Pharmacy.—73

Some people never realize how dangerous it is to leave things lying about. An Iowa paper says that a woman fell on her birthday and broke her hip.

REAL GLAD "I am around here for the good of the citizens," announced the good-roads agitator in brisk tones, "and I am looking for the good."

"Calculate you'll find a dozen glad hands down the road a piece," drawled the farmer on the fence. "I am used to hear that."

"Yes they are farm hands just paid off and they are passing around the jug of elder."

MORE FACTS ABOUT SOCIALISM

Editor Newcastle Union Advocate

Dear Sir,— In its issue of the 14th instant the Newcastle UNION ADVOCATE makes several charges against Socialism which are entirely without foundation in fact.

The UNION ADVOCATE alleges that the Socialist party is a "German Reichstag." The name, woman, her position as to chastity, is made a subject of the ludicrous. This charge is absolutely false. Bebel, along with members of all Socialist parties, stands for according to woman her true place beside man, as his friend, counsellor, helpmeet and EQUAL.

The ADVOCATE intimates that, because some Socialist leaders are not Christians, therefore the Socialist party as an organization is anti-religious or, at least, anti-Christian. It is neither the one nor the other. Socialism began in a period when most Christian churches were very remiss in their duties.

All Socialists are not outside the religious folds, and all Christians are not anti-Socialist. At the Pan-Anglican Congress in London two years ago, Socialism received earnest and very favorable attention.

There followed a series of eloquent addresses, the first of which was from Mr. McBe, of New York. ALL THE SPEAKERS EXCEPT ONE DISPLAYED A SOCIALISTIC TENDENCY, basing their arguments on the teaching of the founder of Christianity and the brotherhood of humanity.

Rev. J. G. Simpson, principal of the Clergy School at Leeds, assured the vast audience that all over the north of England they were face to face with a rising tide of Socialism, which they were powerless to stem, even if they wished to do so.

The late Judge Hannington of New Brunswick, who was a delegate to the congress, wrote in a letter to the English Edition of the Canadian Gazette, dated June 22nd, 1908, as follows:— "No one who attended the Albert Hall today could fail to be impressed by the fact of that gathering of fully 5,000 representative people assembled to hear a discussion of Socialism (so-called) and its relation to Christianity and the Church, and also by the able and impartial manner of the discussion.

Under socialism all real estate and other capital would be the property of the commonwealth, and, therefore, could not be willed from parent to child. The ADVOCATE makes a bad break when it says that selling out the people's franchise is "A matter of political economy, not Socialism."

Editor's Mail

Speaking of the Congress, at which he also was a delegate, Bishop Spalding, of Utah, whose vehement advocacy of the principles which Karl Marx expounded was loudly applauded by the congress, said:—

"The warm reception of my Socialistic speech surprised me. I did not believe Socialism had spread so widely among the English churchmen." To be the breakdown of the present social system that is driving people to Socialism. THE LABOR QUESTION IS NOW A QUESTION OF EMANCIPATING SLAVES. We Socialist churchmen demand a social revolution because we think, first of all, of preserving human life.

"The French Socialists of Lille, who have just received a visit from three hundred English Socialist workmen, were put in the way of learning that orthodox Socialism is not always antagonistic to the Christian religion. In the procession through the streets of Lille it was the subject of much remark that the English section displayed on its banners Christian Socialist devices, such as 'We represent five hundred thousand Socialist working people, who worship Jesus; the foundation of our teaching is the Spirit of Jesus; we proclaim the Fatherhood of God and the brotherhood of men.'

"I swear by Canada," said Mr. Roosevelt to the Canadian Associated Press representative in London. Which remark makes us all have a kindly feeling toward the ex-president.

The largest quantity of ostrich feathers which has ever left Great Britain in one ship was carried from Liverpool in the Campania. In all there were 340 cases, worth \$100,000 pounds, and were intended for the United States and Canada.

The ADVOCATE makes a bad break when it says that selling out the people's franchise is "A matter of political economy, not Socialism."

When we consider the condition of the poor in the British Islands, where 100,000 families in London, live in one room each, half the families of Scotland live in one room, and the ruling classes are largely composed of landlords and brewers and distillers, we do not blame Robt. Blackford for calling British civilization "An inhuman chaos."

The ADVOCATE's statement that the organization of grafters which recently controlled San Francisco was "practically, if not nominally, a socialist government," is wide of the mark and, surely, could never have been made by anyone cognizant of the facts of the case.

The ADVOCATE and its readers should begin to study the Labor problem. They should subscribe for, and carefully read the local Labor press such as the "Eastern Labor News" and such Socialist papers as "Cotton's Weekly," "The Western Clarion," the New York "Weekly People," and "The Christian Socialist."

H. H. STUART Newcastle N. B., June 18, 1910.

As the Toronto Globe remarks:— "Whoever else may be said with truth about the Minister of Public Works, no one can seriously question either his business ability or his Parliamentary aptitude. He has always a complete store of acquired information on which to draw, and he is proof against all efforts to ruffle his temper."

VISITING PARENTS
John MacLeod of Manton, Wisconsin, is after an absence of twenty five years, revisiting his parents, Mr. and Mrs. James MacLeod of Upper Nelson. Mr. MacLeod came East for the sake of his health as well as to see old friends. In conversation with THE UNION ADVOCATE he said that in Wisconsin, as in N. B. the lumber companies were cutting everything leaving no chance for succeeding timber seekers. The land is not being re-forested.

EXTENDING SEWER PIPE
Men are now engaged extending the town sewer pipe to the rear of the Ritchie premises, the purpose being to have the overflow of the artisan well run into the sewer. The well which is about 118 feet deep, has most excellent water, and was placed there at the expense of the Messrs. Ritchie. Quite a number of nearby residents obtain their water from this well.

CARD OF THANKS
Mr. and Mrs. George Bethune wish to thank their friends for their kind and generous contributions to their late son's funeral.

SMALLPOX
Richibucto Review.—Smallpox has broken out at Adamsville, Des. Tozer and Girvan are taking every precaution to prevent the spread of the disease. There was a general vaccination Wednesday. It is known as confluent smallpox, which is of the very worst type. One of the victims is seriously ill and may not recover.

UPPER NELSON
The weather for the past few days has been very favorable, and the roads are in good condition.

Mrs. T. G. Clark was visiting friends in McKinley Hill Thursday.

We have a new dressmaker in this place now.

Quite an excitement was caused on Friday morning when Messrs. Dougal and Charles McKinley heard the roaring of some wild animal. Taking their guns they started for the woods. When they arrived there they found a huge bear caught in a trap owned by Harry McKinley. Taking aim they fired, killing him instantly. He weighed 500 pounds.

Messrs. Hilton and John McKinley have gone to Vancouver, as Misses Jessie and Leticia McKinley were the guests of Mrs. T. G. Clark Friday.

THE FRUIT GROWERS
A. G. Turney, Provincial Horticulturist returned ten days ago from a four or five weeks tour among the illustration orchards and fruit growers. The government orchards at Andover, Stanley, Doaktown, Chatham, Tetagouche, Balmoral and Bucouche were visited and pruned and a number of trees replaced. New illustration orchards were set at Little Shemogue, Westmorland county and Plaster Rock. All the illustration orchards have been pruned with the exception of those at New Bandon, Kingston and Upper Queensbury. Five hundred trees were planted and pruned on the farm of Philibert Despres, Cormierville, Kent Co. Five hundred trees belonging to Stanislas Cormier at Aboujajane, Westmorland County, were pruned and assistance in planting and pruning private orchards given in the counties of Kings, Victoria and Carleton. The trees are in bloom exceptionally early this year and in some localities slight damage from frost is reported. As an instance of the early season the eggs of the tent caterpillar were reported hatched April 27th. This insect and the larva of the bud moth are increasing steadily from year to year and spraying will have to be more generally adopted if their ravages are to be checked.

LETTERS FOR CAMP SUSSEX
Postmaster Troy has received notification re letters for Camp Sussex. The postmaster at Sussex states that letters, papers, etc., should be addressed to the proper regiment and corps and if possible the number of the troop or company. A post office tent with boxes in connection will be established at the camp ground.

ST. MARK'S CHURCH
The opening of St. Mark's church, Douglastown, which has been closed for some weeks while the new pipe-organ was being installed will take place on Sunday June 26th. An addition has been built on to the rear of the church to make room for the organ. The work is rapidly nearing completion. Appropriate services will be held with special numbers for the choir and for the organ.

SIXTY ONE POUND SALMON
The largest salmon ever taken in Bay Chaleur of which there is no authentic record was taken a few days ago at New Mills to the trapping establishment of D. W. Gregg Co. The length of the salmon was four feet five inches, depth thirteen inches and weight sixty-one pounds. When one considers the average weight of a salmon is twenty pounds they can realize what a monster the fish was.

MATCHETT-JOHNSTON
The marriage of Miss Viola B. Johnston, daughter of Mr. and Mrs. Robert M. Johnston, of Littleton, South Esk, and Mr. Frank F. Matchett of Redbank, was celebrated at the Baptist parsonage by Rev. Dr. Cousins on Wednesday evening at 8.30. The bride looked charming in a pale pink dress trimmed with lace insertion together with a white silk drawn hat. The happy pair drove away amidst the best wishes of all present.

SENT UP FOR TRIAL
Thomas Daughney of North, accused of physically ill-treating his step-children, a boy of 13, and a girl of 10, was brought before Police Magistrate Maltby Friday. A. A. Davidson prosecuted and G. A. Lawlor of Chatham defended. The witnesses were Dr. Nicholson who testified that the flesh of the little girl had been broken by beating, and the two children, a Mrs. Russell and two men named Russell, all of whose evidence were against the prisoner. Mr. Daughney was sent up for trial at next month's court. He was allowed to go out on bail, after giving bonds for the safety of the children and their appearance at court. The mother of the children, who before her marriage with Mr. Daughney was a Mrs. McKenzie, died recently.

ARTILLERY TO TRAIN
The Third Artillery of St. John will train at Petawawa, Ont., from July 25th to 30th, the Woodstock and Newcastle Field Battery Aug. 1st, 2nd and 3rd, and Moncton Battery 3rd, 4th and 5th of August.

MEETING FRIDAY NIGHT
The Newcastle Parish Liberal Association, advertised to meet on Tuesday last, was adjourned till Friday evening next, 18th inst., on account of insufficient notice. Some 40 men assembled, but as notices had not been given in both local papers, and as sufficient time had not elapsed between notice and meeting, no business was done. All who can do so, should attend in Temperance Hall on Friday evening, as matters of importance, besides election of officers, will be on the program.

MISS CATHERINE HALL
Miss Catherine Hall, aged 38 years, died on Friday, at the residence of her father, Michael Hall, on the 17th, after a long and painful illness, which she bore patiently and with Christian fortitude. Besides her father, she leaves two brothers, John and Michael. The funeral services were held on the 19th, Rev. Father Dixon officiating, interment in St. Mary's Cemetery. The pall bearers were John Dennis, Wm. Hogan, Allan Johnson, Thomas Fallon, John Copp and John Fitzgerald. Messrs. Mullin and Hogan were the undertakers.

ROYAL SCARLET CHAPTER
The Royal Scarlet Chapter of Northumberland opened in the Orange Hall on the 14th, W. C. in C. in the chair. Asa Parks and Jas. B. Parks of Elm Tree Lodge, No. 118, Indiantown, and William A. Touchie, of L. O. L. No. 47, Newcastle, were advanced to the Scarlet degree. After the advancement the general routine of business was carried through, after which the Chapter adjourned to meet on Thursday, 16th, at Burnt Church. The Chapter there was conducted by P. W. in C. Wm. Corbett, Jr., assisted by Wm. Symiest, D. C. Smallwood, Percy Grenley, Donald McGuar, Thomas C. Hill and W. A. Touchie. The Orange degree was conferred on two members of the Drummond Lodge No. 81, Burnt Church; the Blue degree to four; the Purple to four; the Royal Arch to four, and the Royal Scarlet to six. Midnight supper was served at James Morrison's. Meeting adjourned at 3.30 a. m. and the Newcastle brethren arrived five hours later.

BOOM ROAD
Boom Road June 24.—The weather for the past few days has been very wet which leaves the road in a very bad condition.

The ladies of the Presbyterian church here held a bazaar in David Sherard's house last Thursday evening. The net proceeds was \$120, which reflects great credit on all those who worked and helped for such.

Mr. Melzar Worden who has been attending the school of Telegraphy St. John N. B. has returned home.

Miss Jessie Sherard paid a short visit to her home here last week. Mr. John Cain was the guest of Mr. Wm. Forsythe last evening.

CLASSY CLOTHES
James Calder is advertising 'Classy Clothes at all prices.' Mr. Calder would be pleased to have you call and inspect his stock.

DIED AT RENOUS
John Doolan, the eleven year old son of Mr. and Mrs. John Doolan, Renous, died yesterday after a few days illness of quinsy, leaving one sister, father and mother to mourn his loss. The funeral took place this afternoon and was largely attended.

HE WILL POSE
St. John Telegraph.—Douglas W. Clinch, secretary of the N. B. Game Protective Association, left last evening for Newcastle, accompanied by W. Haas, of the Gaumont moving picture concern. In the course of a fishing trip along the Northwest Miramichi Mr. Clinch will pose for pictures which will show all the phases of the sport.

MOOSE AT ST. JOHN.
St. John Telegraph.—several persons who were walking up King street about 2.30 this morning were startled when a large moose, dripping wet, dashed by them towards King square. The animal had evidently come out of Market slip, and those who saw it say that it seemed to be almost exhausted. They followed the moose through the square, but it disappeared. It probably made its way down Waterloo street and out the Marsh road.

TANNING EXTRACT CO
The announcement is made of the assignment of the Miller Tanning Extract Co., of Millerton, North Co. The concern was established a long time ago, the late Mr. Duff Miller, New Brunswick's Agent General in London, being a prominent member. The company, an English one, has a capital of £100,000 of which £20,000 was paid up. In addition to the Millerton factory there was one at Mortimore, Kent Co., but it was destroyed by fire. For some time past Mr. James Beveridge, President of a pulp and paper company on the Miramichi, has been managing the tanning company's affairs.

COLONIAL STOCK CO.
Wm. Hartman, manager of the Colonial Stock Co. and his wife, Miss Edith Warren, have taken up their residence in St. John and are busily engaged in preparing manuscript for their work next season. They will open in August with several new productions in their repertoire.

SCHOOL CLOSING
Several of the public schools held their closing exercises last Friday. In Miss Hegans room there were many visitors and an interesting program. Prizes were won as follows:—1st, for general standing, with honor marks for deportment and attendance, Aileen Ingram; 2nd, Willis Pettifor, for deportment, Annie Robertson; for attendance, Clarke Dickison; for program included saluting the flag, chorus by school, recitations by Dorothy Maltby, Gwendoline Belyea, and twelve little ones.

In Miss McLzods department a good programme was carried out. It included recitations by Eulah M. Stuart, Frederick Steeves, Isadore Tardy, Mona Linton, Hazel McMaster, Randall McLean, Evelyn Price and Delphine Clarke, and a dialogue by seven little girls. The flag was saluted. There were a large number of visitors. The program in other departments was equally good.

WORK COMMENCED.
Work on the Nelson-Loggieville branch of the I. C. R. has begun near Nelson station. The men who started the work were a part of the crew of one of the sub-contractors named Perkins, G. C. Torrens, C. E., is in charge of the engineering, assisted by A. H. Thompson.

BOWLING
The Newcastle people have taken great interest in bowling since the alleys at the Miramichi have again been opened to the public. Our town can boast of having a lot of first-class bowlers and this great pastime should be more encouraged. Some very high scores were made during the past week. Geo. Campbell's mark on the ten pins was beaten by Wm. Fraser and Frank Power is now leading man on the candle pins. Two valuable prizes will be awarded July 1st to parties making highest scores.

L. T. B. A.
Miramichi L. T. B. A. No. 44, met in the Orange Hall Chelmsford June 16. Alexandra Lodge No. 196, Newcastle, was represented by Mr. and Mrs. H. Wyse, Mr. James Stewart and Misses Annie and Rhoda Stewart. In the course of the evening Bro. Wyse and Stewart spoke of the work of the association. The other members also addressed the meeting, which closed by singing God Save the King, and the Newcastle members left for their homes on the express hoping to soon again visit Miramichi Lodge.

P. E. ISLAND TEAM
Prince Edward Island won the twenty-fifth Inter-Maritime rifle meet held in St. John recently, in a most sensational finish, beating out Nova Scotia by one point. In the 600 yards, range, and tying them in the grand total, and were declared winners by virtue of having made the highest score in the long range event. The meet is conceded to be the best and most keenly fought event in the history of the contests. Any one team had a good chance of winning out up till the last stage of the 600 range, when the New Brunswick men took a slump, and the fight dwindled down into a grand finish between Nova Scotia and Prince Edward Island, the teams tying at the finish with the grand total of 739 each. As the Island team had a lead of one point in the 600 range, however, they were according to the rules declared winners of the trophy.

We have a communication from our Socialist friend H. H. Stuart; and with our sense of fair play and free speech to all, the space we are giving to him this week prevents us from answering him.

"A Trust is Socialism for the few and HELL FOR THE MANY" (Victor Berger)

"There are many persons to whom 'Socialism appears in the light of a PHILANTHROPIC movement of 'GOODNESS. A LITTLE TOUCH OF THE CLASS STRUGGLE WILL 'CURE SUCH IDEAS."

"What interests the Socialists is the fact that EDWARD was the titular head of the British Empire; and that the Empire is in the hands of 'the capitalists; and plunderers. Now 'that he is dead HE DOES NOT 'MATTER. It is George who is the 'caste-paw of the capitalist CLASS."

The Journal EDUCATOR who regards all as ignorant who does not see as he does, has not even the decency to say King George or Royal George and holds him up to his people as a caste-paw while telling in plain language that the death of our great SOVEREIGN DOES NOT MATTER. Good God! and Holy Patriotism where are we drifting!

PRISONS

The editor of Moncton Transcript notices our article on prisons but seems to think that we must have had a hard time. He misquotes our article by using the word 'country' instead of 'county', but this is only a slight departure from truth when we consider the editor of the Transcript.

We have not yet been obliged to serve time in any of the prisons, but apparently Mr. Hawke's experience for some months at Fredericton and the payment of a large fine to escape a further term impels him to give a wide berth to prisons, and has induced him to believe that to see a prison means to be a criminal!

The uptown editor of the Leader, a graduate of the Hawke's nest thinks 'this is rich.' We wish him all the riches it possesses, as he needs it, from a literary standpoint. We, however, do not desire to see him copying the Moncton 'Hawke,' for we have the kindest feeling for him and believe that he should visit the prisons as a matter of public spirit and humane improvement.

MORE FACTS ABOUT SOCIALISM

Editor Newcastle Union Advocate

Dear Sir,— In its issue of the 14th instant the Newcastle UNION ADVOCATE makes several charges against Socialism which are entirely without foundation in fact.

The UNION ADVOCATE alleges that by Bebel, the great Socialist leader, the German Reichstag, "The home woman, her position as to chastity, is made a subject of the ludicrous. Bebel, charge is absolutely false. Bebel, along with members of all Socialist parties, stands for according to woman her true place beside man, as his friend, counsellor, helpmeet and EQUAL. The Socialists everywhere stand for giving woman equal political rights with man and EQUAL WAGES FOR EQUAL WORK, which would do away with the necessity under which many women are of marrying merely for a home. Under Socialism woman would be economically independent of man. Then, when she married, it would be a deliberate act to which she would cling for life. It is not Socialists who furnish the bulk of Divorce Court business. Instead of Socialism degrading woman it would lift her to her true place in society. It would enable and enfranchise her.

THE ADVOCATE intimates that, because some Socialist leaders are not Christians, therefore the Socialist party as an organization is anti-religious or, at least, anti-christian. It is neither the one nor the other. Socialism began in a period when most Christian churches were very remiss in their duties. This fact, coupled with the active opposition which so-called Christian organizations displayed towards Socialism in the days of its beginnings, will account for much of the anti-churchianity of some of the founders of Socialism. Had all sections of the Christian church remained faithful to Christ there would not have been, in Christian lands, any hostility between organized Christianity and Socialism.

All Socialists are not outside the religious folds, and all Christians are not anti-Socialist. At the Pan-Anglican Congress in London two years ago, Socialism received earnest and very favorable attention. At the meeting on June 22nd, 1908, devoted to Socialism, one hundred and fifty archbishops and bishops and a multitude of minor clergy and an assemblage of laymen and laywomen, outnumbering any hitherto gathered, crowded Albert Hall. The Bishop of Birmingham, who was scheduled to preside, was absent owing to illness. He sent a paper, which was read by his substitute, the keynote of which was the injustice of the existing division of the profits on industry. After contrasting the grinding poverty of the workers with the extravagant luxury of the idle rich, HE DEMANDS A TREMENDOUS ACT OF PENITENCE FOR HAVING FAILED SO LONG AND SO GREATLY TO CHAMPION THE CAUSE OF THE OPPRESSED AND WEAK. Penitence to be followed by reparation ere the well-merited judgment of God took all weapons of social influence out of their hands.

There followed a series of eloquent addresses, the first of which was from Mr. McBe, of New York. ALL THE SPEAKERS EXCEPT ONE DISPLAYED A SOCIALISTIC TENDENCY, basing their arguments on the teaching of the founder of Christianity and the brotherhood of humanity. THE ABOLITION OF WAGE EARNING AND THE PUBLIC MAINTENANCE OF CHILDBEARING MOTHERS were among the reforms predicted or advocated.

Rev. J. G. Simpson, principal of the Clergy School at Leeds, assured the vast audience that all over the north of England they were face to face with a rising tide of Socialism, which they were powerless to stem, even if they wished to do so. Countless workers in the forges, furnaces and mills of the North had adopted the Socialistic idea and held to it like a religion and loved it like a bride. HE DEMANDS THAT THE CHURCH GIVE A FREE FIELD TO SOCIALISM. He appealed to it to try to understand it and not to hasten to discount it.

The late Judge Hannington of New Brunswick, who was a delegate to the congress, wrote in a letter to the English Edition of the Canadian Gazette, dated June 22nd, 1908, as follows:—"No one who attended the Albert Hall today could fail to be impressed by the fact that gathering of fully 5,000 representative people assembled to hear a discussion of Socialism (so-called) and its relation to Christianity and the Church, and also by the able and impartial manner of the discussion. No doubt much misapprehension was removed on that important subject. My own belief is that SOCIALISM (as the term is often used) DOES NOT INCLUDE ANARCHY, NOR WILL ITS DISCOUR-

SION AND INFLUENCE RESULT IN ANARCHY, BUT WILL I HAVE NO DOUBT, AID TO RELIEVE MANY MISERIES NOW OPPRESSING MANY OF OUR FELLOW MEN."

Speaking of the Congress, at which he also was a delegate, Bishop Spalding, of Utah, whose vehement advocacy of the principles which Karl Marx expounded was loudly applauded by the congress, said:

"The warm reception of my Socialist speech surprised me. I did not believe Socialism had spread so widely among the English churchmen." It is the breakdown of the present social system that is driving people to Socialism. THE LABOR QUESTION IS NOW A QUESTION OF EMANCIPATING SLAVES. We Socialist churchmen demand a social revolution because we think, first of all, of preserving human life."

Said Giles McBe, editor of the American Churchman: "The force of the inspiration sent out by the Congress will be tremendous; great results must follow. SOCIALISM ALONE IS NEEDED TO HEAL ALL THE DOGMATIC BREACHES IN THE CHURCH."

In "The Churchman"—a Protestant Episcopal organ—of June 11th, 1910, appeared the following which further shows that Socialists are not necessarily anti-christian nor non-christian. "The French Socialists of Lille, who have just received a visit from three hundred English Socialist workmen, were put in the way of learning that orthodox Socialism is not always antagonistic to the Christian religion. In the procession through the streets of Lille it was the subject of much remark that the English section displayed on its banners Christian Socialist devices, such as 'We represent five hundred thousand Socialist working people, who worship Jesus; the foundation of our teaching is the Spirit of Jesus; we proclaim the Fatherhood of God and the brotherhood of men.' At a vast meeting held in the great Socialist hall of the city, Mr. William Ward, president of the Associated English Societies, explained to his French colleagues that the English Socialists based their views upon the teaching of Jesus, the Carpenter of Nazareth, who taught fraternity and was opposed to war. French and English Socialists, though they started from a different point, had the same ideas. Mr. Keif Hardie, the Laborite leader and member of Parliament, explained that the English Socialist organizations were Christian without adhering to any Church. He said that the original Gospel ought to be denuded of the accretions of clericalism and ecclesiasticism. Militarism was anti-Christian. Many philosophers and men of science had abandoned Christianity, but there was going to be a beneficial change in this regard. Socialism did not aim at satisfying mere material appetites, but at the amelioration of mankind all round. He then entered upon a long defence of Christianity and stated that Socialism meant the practical application of the Sermon on the Mount, which had never yet been carried into practice. The local press of Lille stated that this address was greeted with the same frantic applause as that with which the denunciation of religion is usually received. At the doors of the hall copies of St. Matthew's Gospel were distributed, and a meeting was afterwards held in the evangelical French Church of Lille, at which the English Socialists were welcomed and the tenets of Christian Socialism expounded by members of the evangelical clergy."

Two years ago, the Christian Socialist Fellowship had on its roll 161 Christian clergymen, in good standing in many different denominations, including several prominent ministers of the Atlantic Provinces of Canada. Their stand for Socialism has not disgraced them among their fellow clergymen. The Socialist party also contains clergymen of the Jewish and other faiths.

So much for the reckless statement that Socialism is anti-religious, SOCIALISM is a POLITICAL doctrine, and its adherents, like those of other political parties, are at liberty to profess any religion or no religion as suits the fancy of each individual.

"How are we going to have industry without capital?" asks the ADVOCATE. Socialism does not aim to abolish capital. It would ABOLISH ONLY THE CAPITALIST CLASS—the class that lives upon the labor of others. Labor produces all wealth and to the laborer should all wealth belong. Socialism seeks to abolish the wages system and establish a co-operative commonwealth, under which each worker would receive the full value of his labor. That would not be abolishing capital. Under socialism all real estate and

other capital would be the property of the commonwealth, and, therefore, could not be willed from parent to child.

THE ADVOCATE makes a bad break when it says that selling out the people's franchise is "A matter of political economy, not Socialism." Socialism is nothing if not political economy.

When we consider the condition of the poor in the British Islands, where 100,000 families in London, live in one room each, half the families of Scotland live in not more than two rooms each, and the ruling classes are largely composed of landlords and brewers and distillers, we do not blame Robt. Blatchford for calling British civilization "An inhuman chaos." And British civilization is as good as—in some respects better than—American or any other capitalist civilization.

The ADVOCATE's statement that the organization of grafters which recently controlled San Francisco was "practically, if not nominally, a socialist government," is wide of the mark and, surely, could never have been made by anyone cognizant of the facts of the case.

The ADVOCATE and its readers should begin to study the Labor problem. They should subscribe for, and carefully read the local Labor press such as the "Eastern Labor News" and such Socialist papers as "Cotton's Weekly," "The Western Clarion," the New York "Weekly People" and "The Christian Socialist." An honest study of socialism will soon convince the student that in socialism alone lies the economic and political salvation of the human race.

H. H. STUART Newcastle N. B., June 18, 1910.

As the Toronto Globe remarks:— Whatever else may be said with truth about the Minister of Public Works, no one can seriously question either his business ability or his Parliamentary aptitude. He has always a complete store of assured information on which to draw, and he is proof against all efforts to ruffle his temper.

"I swear by Canada," said Mr. Roosevelt to the Oas Jan Associated Press representative in London. Which remark makes us all have a kindly feeling toward the ex-president.

The largest quantity of otchik feathers, which has ever left Great Britain in one ship, was carried from Liverpool in the Campania. In all there were 340 cases, worth 130,000 pounds, and were intended for the United States and Canada.

MOOSE AT ST. JOHN

st. John Telegraph—several persons who were walking up King street about 2.30 this morning were started when a large moose, dripping wet, dashed by them towards King square. The animal had evidently come out of Market slip, and those who saw it say that it seemed to be almost exhausted. They followed the moose through the square, but it disappeared. It probably made its way down Waterloo street and out the Marsh road.

TANNING EXTRACT CO

The announcement is made of the assignment of the Miller Tanning Extract Co., of Millerton, North Co. The concern was established a long time ago, the late Mr. Duff Miller, New Brunswick's Agent General in London, being a prominent member. The company, an English one, has a capital of £100,000 of which £20,000 was paid up. In addition to the Millerton factory there was one at Mortimore, Kent Co., but it was destroyed by fire. For some time past Mr. James Beveridge, President of a pulp and paper company on the Miramichi, has been managing the tanning company's affairs.

COLONIAL STOCK CO

Wm. Hartman, manager of the Colonial Stock Co. and his wife, Miss Edith Warren, have taken up their residence in St. John and are busily engaged in preparing manuscript for their work next season. They will open in August with several new productions in their repertoire. Mr. Hopkins is at present in New York, where he is negotiating for the rights of several of the latest metropolitan successes. The other members of the company are taking a rest, Frank Oliver taking his in Charlottetown.

SCHOOL CLOSING

James G. C. Blackhall Passes Away After a Short Illness

CARACQUBET, N. B., June 8.—One of the oldest and most respected citizens has passed away in the demise of Jas. G. C. Blackhall, which occurred the 21st of May. He was eighty-four years of age, a native of this place and held in high esteem for his upright, honorable life. He was a son of the late James Blackhall of Aberdeen, Scotland. He held many positions in the County of Gloucester, being Collector of Customs for the Port of Caraquet and Postmaster for over forty years. Rural Phones Solve These

Every-Day Problems

Problem I. Bad Roads. The old way was to open a road and let it be a dirt road. The new way is to telephone every morning to the weather man and receive much of the needless haste and waste of the old way. Problem II. Weather Forecasts. The old way was to wait until the farmer has to put up with the weather. The new way is to telephone every morning to the weather man and receive much of the needless haste and waste of the old way.

SEVOGLE GRADUATES

Los Angeles, Cal., June 7—Miss Helen E. Fitzgerald of Sevogle, New Brunswick, was among the graduating class of the Clara Barton Hospital, whose closing exercises were held in Goldberg Baby Hall, in this city this evening.

Miss Fitzgerald graduated from the Clara Barton Hospital with high honors, leading her class of twenty nurses in some of her studies, and standing second in her final average, making an average of 95.2 marks on her many and diligent subjects, 100 being the highest possible mark and the pass mark 70. Her many friends of this city, congratulate her on her success, her popularity being evinced by the numerous presents and flowers she received at her graduation.

AMHERST, N. S., June 8.—Drink was at the bottom of it all, says the flying statement made to the newspaper by George Davis, the young physician, who died of the effects of a stab from a butcher knife in the hands of a fellow boarder, named Harry Hanson, in a drunken rage last Saturday evening. Davis lingered until noon yesterday, when he passed away, and an inquest was opened at 4 o'clock in the town hall yesterday afternoon, before Coroner Dr. C. McQueen Avaró.

Mrs. Halsey, the proprietress of the boarding house, was the first witness. Her story was the same in substance as appeared in the report of Monday. She told how the men began quarrelling in the afternoon, were separated and how the row was renewed at the supper table. Davis said the back yard was the place to fight, and not in the house. They started for the spot, but Hanson struck at Davis before they got to the kitchen and closed the door. Davis did not follow. Hanson caught up a butcher knife from the table and went into the dining room by another door. Witness called out that Hanson was coming with a knife. The next she saw was Davis lying on the floor with a wound in his breast, from which blood was flowing freely. Both men had been boarding with her about a month. They roomed together. Both had been drinking.

Dr. Ross Millar was the next witness. He explained the nature of the wounds found on the body of the deceased. One cut was on the left arm and a gaping wound in the chest about two inches wide had penetrated the chest cavity. Deceased was very weak from loss of blood, and his condition was such that it would not permit of the exploration of the depth of the wound. Several arteries were cut. Deceased had made a statement to him to the effect that he had no relatives in this country. His mother lived in England. He and Hanson had quarrelled in Joggins several weeks ago. He said Hanson was a bad devil, but he did not want him to suffer for anything he had done to him. Drink was at the bottom of it all.

Sam Ball, Roy McAulay, and Chas. Nelles were also called. They all admitted they were present at the row but they were drunk and could give no connected story of the tragedy. Nelles and Ball swore they did not know Davis, was stabbed until Sunday.

Chief Carter testified to the arrest of Hanson. He said that Hanson told him he had stabbed Davis and would kill another even if he had to hang for it.

The inquiry adjourned at 1 o'clock this morning, and will be resumed this afternoon in the meantime an autopsy will be made to determine the exact depth of the wound.

TWO MILLION DOLLARS FOR ROLLING STOCK
Grand Trunk Places Big Orders For Engines and Cars.
MONTREAL, June 1.—The Grand Trunk management placed orders for nearly \$2,000,000 worth of rolling stock, in addition to the ten passenger engines of the pacific type, and 1,000 steel under frame box cars and 500 automobile cars, ordered about ten days ago.

The new order authorized by President Hays consists of half a dozen first-class coaches, twenty baggage cars, one motor car, three dining cars, three cafe parlor cars, three buffet parlor cars, fifteen Richmond consolidated freight engines, 25 Mogul Locomotives, 1,000 hopper bottom steel coal cars, capacity 100,000 each and 500 steel under frame box cars of 60,000 capacity.

The orders for the cars have been placed with the Canadian Car Company, the Silliker Car Co., of Halifax, and the Company's own shops at Point St. Charles.

A SPEED CURE

Bentville, N. S., Jan. 1st, 1910
I have found relief for the last fourteen years from Kidney and Stomach trouble brought on by severe colds, coughing and bad colds every winter during the year. Last year I was laid up for six weeks so that I could not get out of the house. Dropsy set in and my stomach swelled so that I was six inches larger than my usual size, had two doctors in attendance but I grew worse and they were going to tap me. My friends despaired of my life. At this time I was recommended to use **GATE'S LIFE OF MAN BITTERS and INVIGORATING SYRUP** and in one week after commencing their use my size was reduced two inches, and in four weeks was reduced to usual size so that I went to work in my mill, and have been able to continue it ever since. By continuing the use of your BITTERS and SYRUP I hope to get a cure of the kidney and stomach trouble so far as it is possible as it always helps me when I take it. You may make these truths known for the benefit of sufferers.
Yours very gratefully,
JOHN W. MARGESON.

We Want Your WOOL YARN

The demand for our Yarns has grown to such proportions that we have decided to cut out all other lines we were manufacturing and make nothing but Yarns. So we take the opportunity to let you know that we will not manufacture or carry a stock of anything but Pure Wool Yarn.

We also decided that we would not be satisfied to make Yarn that we could say was just as good as any other. But we are making a pure Wool Yarn that we know to be the BEST ON THE MARKET.

All our Yarns are manufactured from Pure New Brunswick Wool, and it is admitted by all who profess to know that for making a good strong all-purpose Knitting Yarn, New Brunswick Wool is really the Best in the world. All the Dyes, Soaps, Oils, etc., that we use are the very best we can buy and are something that we know will not injure the wool in any way. We are also very careful to see that all the machinery is kept to perfect working order to make sure that the Wool Fibre will not be broken or cut in going through the different processes of manufacturing. In fact we are doing the very best we can to put up an article that will satisfy our customers in every way.

We have a large stock of our Yarns on hand in all the different sizes and colors we manufacture, which we will be pleased to let you have in exchange for your Wool.

Washed wool taken in exchange for Yarn at 20c per lb.
Unwashed wool taken in exchange for Yarn at 18c per lb.
Or if you wish to have your own Wool made into Yarn, we will make it up in any of the different sizes and colors we manufacture for the following charges:

Carding and Spinning . . . 15c per lb.
Carding, Spinning and Twisting, 17c lb.
