

A GREAT POWER-GENERATING PLANT MAY BE ERECTED CLOSE TO LONDON

A Company Has Already Been Formed and a Site Is Being Purchased Below Kilworth, Which Is Within a Few Miles of the City.

A move of the greatest importance to London's manufacturing interests has been on the tapis for some months past, and it is quite possible a plant to generate power for all purposes will be in course of erection within a stone's throw of the city.

The site of the proposed power plant is on the River Thames, a short distance below Kilworth, and within eight miles of the city. At the point chosen by the company, the river has a very heavy fall, and the volume of water is great enough to develop a great amount of electric power.

asked today regarding the move, he replied that the company was about to negotiate for the purchase of the required land, and would expropriate where necessary. Mr. McEvoy said also that the company would build an extensive plant and go into both the lighting and power business.

TODAY'S MARKETS

On account of the rain there was hardly any business done at the market this morning. There was but one load of hay offered, which sold at \$8 per ton.

WEEKLY REVIEW. The markets held here during the past six days were about up to the average. The demand in all lines is fairly brisk. Prices as a rule were a shade firmer.

Grain—There is hardly enough oats offered at present to supply the demand of the buyers. Prices are firm at 92c to 94c per cwt. The buyers say that the farmers are holding their oats in expectation of a higher price later than at present.

Butter and Eggs—Butter is in good demand at 22c to 23c for crocks, and 22c to 23c for round rolls in basket lots. Eggs are steady at 18c to 20c wholesale, and 22c per dozen retail.

Potatoes—As yet the grocers have not put many in their cellars for winter use. What is being offered sells quite readily at 65c per bush wholesale.

FRUIT AND VEGETABLES. Apples—The quality of most of the fruit is of the finest. The supply is good, and prices are steady at 12c to 15c per bush.

GRAPE FRUIT. Private wire system of fruit. Proctor & Carrington members New York Stock Exchange, Chicago Board of Trade, etc.

RAILWAY TO THE AFGHAN FRONTIER

Strategic Extension of Indian Railroad System Decided Upon.

LONDON, Oct. 18.—An important decision has been taken for the extension of a strategic railway towards the Afghan frontier, for the purpose of which the staff of the Quetta-Mushki Railway—the line 99 miles long, which was opened a few weeks ago—is understood to have been transferred to Peshawar. The projected railway, there is reason to believe, will follow the course of the Kabul River.

There is no question of obtaining the Ameer's permission for the line will not go beyond the frontier, but in order to avoid misunderstanding, the Amier, by the way, is a Conservative, and to him the alderman started to boast himself as a candidate for the majority.

"Well, I do, and my friends tell me that I can, and that they want me to run," said the alderman.

"Well, then, your friends are joking with you," said the merchant. "You had better give up the notion of running for the chair, for I can run for anything I don't let it be higher than the alderman's head."

CURLERS ELECT THEIR OFFICERS AND GROUP CLUBS FOR SEASON

T. O. Robson is New President—London Clubs in Both Competitions.

Toronto, Oct. 17.—The semi-annual meeting of the Ontario Curling Association was held this morning at the Victoria Club, on Huron street.

There was only one change of any importance made in the draft of groups sent out by the executive. That was the combining of groups Nos. 1 and 5.

When the discussion of the group came up it was moved by Mr. Flavie that in case of clubs defaulting in competitions that umpires be given power to make the draw, which would be fairer for all concerned.

Executive to group the clubs in these two. Mr. Brunton asked to have the play-off in group four changed from Orillia to Brantford.

Group No. 1—Brantford, Toronto, Caledonian, Oshawa, Toronto, Parkdale, Richmond Hill, Toronto Granite, Toronto Queen City, Kingston, Toronto Prospect Park, Toronto Aberdeen, E. Toronto, Toronto Lakeview, Umpire, Dr. Russell. Play at Toronto.

Group No. 2—Hamilton, Victoria, Paris, Milton, Hamilton, Thistles, Glanford, Niagara Falls, Hamilton Asylum, Simcoe, Brantford, Dundas, Umpire, David Carlyle. Play at Hamilton.

Group No. 3—St. Thomas, Ayr, Ingersoll, Woodstock, Embro, Galt Granite, London, Galt, London Thistles, Umpire, R. Mackenzie. Play at St. Thomas.

Group No. 4—Newmarket, Gravenhurst, Orillia, Beaverton, Collingwood, Barrie, Midland, Meaford, Elmvalde, Penetanguishene, Churchill, Parry Sound, Umpire, Rev. R. N. Burns. Play at Collingwood.

KEEPING GREAT FOOTBALL TEAM COSTS A FORTUNE EVERY YEAR

Yale's Bill Last Year Equalled Roosevelt's Salary—Coaching is High-Priced.

New York, Oct. 17.—Millions for athletics! This cry, the world over, with Uncle Sam in the lead, is not new, but few people have any idea of the enormous expense entailed in putting a college football team on the field and maintaining them.

Those who base their estimates on seeing the immense crowds of 30,000 and more pouring into the great stadium to see the big game imagine the season yields a huge profit. When Yale meets Pennsylvania, and Michigan struggles with Chicago, most of the spectators probably wonder what becomes of the immense financial returns.

Considering that players give their services, it would seem a reasonable theory that after all expenses are paid there is left an enormous profit.

All the children of the backbone of college sport are expensive and eat a good deal of money.

No team can have a winner without this outlay. The three big winners last year were Yale, Pennsylvania, and Michigan.

NELSON DOESN'T LIKE FOOTBALL

Pug Doesn't Want to Be Mixed Up With "That Bunch of Murderers."

Kansas City, Mo., Oct. 17.—Battling Nelson saw his first football game yesterday. It was the game between the Kansas City Athletic Club and the College of Emporia.

"It's great sport," remarked the conqueror of Jimmy Britt, "but excuse me from mixing up with that bunch of murderers. Those fellows seem to be enjoying themselves, but mine with the padded mitts and the referee that won't let 'em kick when I'm down."

"What's that? Scrimmage? Well, it looks worse than that to me. I'd rather tackle Jeffries and Sharkey in the same ring than take a chance with that bunch. I've fought some awful tough guys, but I didn't mix up in one of them things you call scrimmages for the championship of Denmark."

BOYS MINUS SIGHT PLAY FOOTBALL

Louisville, Ky., Oct. 17.—The first game of the season by the football eleven of the Kentucky School for the Education of the Blind and the strong Crescent Hill eleven resulted in the defeat of the blind boys by a score of 25 to 0.

The game, although ragged, was as rough and fierce as any of the football games. The final score, 25 to 0, in favor of Crescent Hill, does not represent the real merits of the two teams.

It was a remarkable sight to see how the blind boys went into the game. They played so well and so orderly that several chance spectators could scarcely be induced to believe that the players in the green jerseys were blind.

The rules of the game were somewhat modified. The ball was used in the association sphere, instead of the Rugby oval. This change was made because of the inability of the sight-guided almost entirely by the referee's hearing and would be at a more serious disadvantage of the oval, which the blind boys could not see.

WORLD'S TOURNAMENT

New York, Oct. 17.—As a development of the recent open professional golf tournament held at Van Cortlandt Park, a world's open professional tournament is to be held July 11 and 12 of next year.

KEEPING GREAT FOOTBALL TEAM COSTS A FORTUNE EVERY YEAR

Yale's Bill Last Year Equalled Roosevelt's Salary—Coaching is High-Priced.

Harvard and Pennsylvania alike have been under extraordinary expenses during the last two years for the establishment of their athletic fields.

In examining into the things for which money is expended, the list furnished by Yale last year is fairly typical. This shows that railroad fare for the season cost \$3,330; hotels and meals \$5,260; merchandise and sporting goods, \$3,735; shoes and repairs, \$1,066; training table, \$1,831; printing and stationery, \$683; stenography and typewriting, \$325; clerical services, \$1,255; carriages, \$790; coach's expenses, \$940; freight, express and cartage, \$45; sports, \$25; rubbers, \$575; doctors and medicines, \$48; labor and material at field, \$3,880; trophies, \$120; and legal advice, \$365. A total of \$25,556.

It is more than likely that the current season will see a big increase in the above amounts.

JOCKEYS ACQUIRE RECKLESSNESS

In few professions is recklessness more required than in that of the race rider, says the Washington Star.

A few years ago, at Gravesend, a horse ridden by Shaw, then in the height of his career as a rider, was in the center of a bunch of horses right in the middle of the track.

It is generally understood among horsemen that when jockeys become too old they are no longer fit to ride. It is a rule that a jockey who has ridden a horse for three years should be retired.

During the meeting at Elm Ridge a year ago last spring Edward Corrigan from an apprentice boy named Lewis. He was small, but had an unusually quick brain, and it was predicted that he would be one of the best riders of the country some day.
