There will be a real dog-catcher in the city shortly.

Last night the council passed a bylaw governing this matter, and today Inspector McCallum was instructed to get a man to capture stray canines. Mr. Bryce McLeod is preparing the pound in Queen's Park, and it will be ready for guests in a day or two. Mr. McCallum has a few applicants, notably Mr. Blackstock, of dog-catching reputation, and Mr. R. Wood, a Toronto gentleman, who is said to be some at spearing prodigal pups. Neglect of the daily movement of the bowels, so necessary to health, soon poisons the whole system from the impurities retained in the body. Headaches, indigestion, biliousness and lassitude follow, and often more serious female disorders are brought on or aggravated.

Dr. Morse's Indian Root Pills not only regulate the bowels, but they stimulate kidneys and skin as well to throw off waste matter and purify the blood. The result is quickly apparent in the disappearance of the headaches and biliousness, and the return of health and vigor. Thousands of women all over the world owe their present good health to Dr. Morse's Indian Root Pills.

"The surplus of the I. O. F. was the amount that remained after they had met their expenses for the month. . . Under our agreement we were to in vest that surplus in so far as they chose to give it to us. That was the main part of the moneys that one had to invest, and this surplus amounted to anywhere from \$70,000 to \$100,000 month, so that the directors of the Union Trust Company did their business in respect to the monthly amount which would probably come in from the Foresters as a surplus."

NEW SPRING FABRICS IN WASH GOODS SECTION

These have been arriving constantly during the past few weeks, and we are now showing complete stocks in all lines of cotton, muslin and linen dress fabrics and suitings. Already there are rumors of an early spring, but whether or not the signs fail the weather prophets, one thing is certain, with Easter much earlier, and now only a few weeks away, dressmakers and sewers will be crowded with work earlier than usual. In fact, the rush has already commenced, and during the past week many orders have been booked and time spoken for in our Dressmaking and Ladies' Tailoring Department in March.

Ald. Ashplant declared that the Cleveland hose had no history in Canada. The Canadian hose had outlived the guarantee many years, and had everywhere given the best satisfaction. He saw no reason for going outside of Canada for hose.

Mr. Knowles is a forceful speaker, SALARY IS \$700 A YEAR with a strong feeling for style, as those who have read his books will realize. He has the gift of humor, a Dog-Muzzling Bylaw Was Put Through which gives them a refreshing individuality, and at times he ascends to flights of oratory. To be candid, there is nothing of the "art concealing art" about Mr. Knowles. Even if it were impossible to catch the words, it would be quite easy to tell when he had reached one of these fervid passages, by the oracular tone of voice, the head thrown far back, and the somewhat studied gesture. But the undoubted cleverness, and at times bril-
