Paris, July 12.-2:45 p.m.-The Germans delivered two attacks last night on a French position in the neighborhood of Dead Man Hill, on the Verdun front. The war office announcement of today says that both these assaults failed, breaking down under the French East of the Meuse the fire. East of the Meuse the French retook part of the ground won yesterday by the Germans. In the operations east of the Meuse the French took 80 prisoners, of whom one is an officer. LEMON JUICE GOOD TO KEEP INFANTILE **PARALYSIS CHECKED**

M. O. H. Talks of Cause and Preventives.

"KEEP COOL AND QUIET"

Also Avoid Colds, Indigestion and Use Urotropin Under Doctor's Order.

Because of the Infantile paralysis epidemic, now ravaging New York, Dr. H. W. Hill, medical officer of health, has issued the following:

Infantile paralysis (acute epidemi anterior poliomyelitis) is a specific streptococcus infection of the spinal cord (sometimes the brain), affecting one or more of the movements (motor areas, and therefore resulting in paralysis of the particular musc nerve control passes through the particular part of the spinal cord or brain which may infected. Thus the muscles of the face may be paralyzed, if certain areas of the cord or brain be infected, the muscles of the neck, if the infection is at another point; the muscles of re spiration, or of the belly wall, or of the hand or foot, arm or leg, etc., etc., just according to where the infection located. Suppose a certain wire were severed on the hydro supply-the power supplied by that particular wire would receiving their power through that wire would come to a standstill. The award of the arbitration board in the case of the London Railway Commission vs. Maurice Gootson was taken up today by Gibbons, Harper The amount offered by the city was \$5,000, and this Gootson refused to eccept at the time of the action.

Helen Harvey, Miss Lizzie Kunze, Earl Underhill and George Kent, who gave the services of their automobiles, the mated. Judge Macbeth and Edmund Meredith, K.C., agreed to award the \$7,-930, but Judge Barron of Stratford, the third arbitrator, considered that Gootson was entitled to \$9,837.50.

The London Railway Commission will have to pay all costs of the arbitration in addition, as the statute makes special provision that in case the amount awarded is greater than the amount offered, the commission Local German Takes Interest in Case of Expropriation Started Action.

The action in the first place was instituted against the London Railway Port Stanley Railway, to recover damages and value of property expropriated by the commission for the purpose of erecting car barns and offices. The property was formerly used by Gootson as a junk yard, situated at the corner of Philip and Maitland streets.

Dispatch Says Major Woodman Leon ard Will Command Artillery Brigade.

A dispatch reaching London today says that Major Woodman Leonard, commander of the 12th (formerly 6th) Battery, C. F. A., is to be promoted to command of an artilelry brigade. This promotion will bring with it the rank of lieutenant-colonel if true. E. Leonard, father of Major Leonard, declared to The Advertiser

that he had heard nothing of his son's promotion. Since Major Leonard left London in command of the old 6th, he and his men have won a name for themselves in daring and in general efficiency. The major has been decorated with the D. S. O., and has long been slated for

An official statement, which has been issued, reaffirms satisfaction of both British and Canadian Governments in the precautionary measures which have been taken, and points out that nickel. other than what comes from Canada, is refined in the States, anyway. The statement is as follows

> "The attention of the Government has been directed to the statement that nickel, which it is said will be con veyed by a German submarine from Baltimore to a German port is from Canadian mines. This allegation is based upon the statement that no nickel is refined in the United States except what is derived from Canada. That this statement is entirely inaccurate is shown by the following report from Major Graham A. Bell, who since the early months of the war has had the duty of examining and supervising the destination and use of all nickel refined in the United States from Canadian ore. Major Bell's statement Other Nickel Sources.

There is a considerable quantity of ickel ore obtained through various copper mines in the United States, and this ore is refined principally by the American Smelting and Refining Company. There is also nickel ore obtained from New Caledonia, which is refined by the United States Nickel Company of New Brunswick, N.J. The quantity course, does not compare with the onnage manufactured from Canadian ores, but there are some hundreds of ons of refined nickel produced yearly from these sources.

"As a matter of fact, the factories in the United States which are manufacturing guns, rifles and munitions for the allied nations, depend for their supply of nickel almost wholly if not altogether upon the Canadian produc pal council of the county of Waterloo tion. 2. Red currants are very delicious when this method is followed: Stem the fruit, and wash it: place in the kettle (allowing three-fourths pound sugar to one of fruit), until the juice begins to draw. Place over fire and simmer until sugar is well dissolved; then skim out the fruit and let the syrup boil until rich and thick; add the currants once more and boil a few minutes. Seal hot. In this way the currents do not become hard. For Gooseberries: "Top and tail" them; add three-fourths pound sugar to one of fruit (or more if berries are

very sour), and a little water: let boil gently until sugar is well cooked into the berries. Or, make a syrup of sugar and water, fill jars with the fruit; pour syrup over, seal jars loosely, and boil in a flat-bottomed kettle taining water up to the shoulder of

the jar. 4. "District officer commanding."

The National Baseball Commission has denied the claim of the Brooklyn National League Club for \$75,293.81 against the Newark Club of the International League. The Brooklyn Club was allowed the difference between the amount received for the franchise of the Newark Club by the International League, namely \$25,000 and the net expenses incurred in operating the club in 1915 at Harrisburg, Pa., and at Newark, which amounts to about \$12,-000. According to the commission, the claim of the Brooklyn Club was correct, and there was no manipulation of money matters between these clubs, but because the Brooklyn Club, re-fused to dispose of its interest in the Newark Club when told to do so by the commission, the original claim of \$75,-293.81 was disallowed. President Ban Johnson of the American League, who fused to concur in the decision.

The longest baseball game of the season was played this week by Rock Island and Hannibal of the Three I League, Hannibal finally winning in the inning 8-3. The game was one inning longer than the record endurance contest of the National League in which New York defeated Pittsburg 3-1 on July 17, 1914. HEROIC RESCUE MADE ccupied Monte Degli Uccelli, at the region the enemy attempted a surprise

> Helpless in Maelstrom. NIAGARA FALLS, Ont., July 11 .-Probably the most heroic action which has taken place in this district occurred on Sunday afternoon when Lawrence Kelly of this city, rescused D. A. Sanson, a Bridge street barber, from death in the whirlpool.

Sanson was swimming with several other men, when he was overcome cramps. The swift current carried him out into the pool, and when Kelly went to the rescue he was about one hundred feet from shore. He went down twice and was losing consciousness when Kelly reached him and towed him ashore.

There is a movement on foot to se cure a Carnegie hero medal and the Royal Canadian Humane Society medal

Ancaster Boy Dies After Slaying Entire Company of Germans

HAMILTON, July 11. - A hrilling story of how Pte. Alexander Woodworth, an Ancaster boy, slew a whole company of Germans before he was killed himself, is contained in a letter received from the dead boy's chum, Pte. Letten.

Woodworth, in charge of a machine gun, the crew of which had been wounded, faced the Germans single-handed. Three times he was hit himself before being mortally wounded, Letten says the gallant soldier practically mowed the Huns down by the score before a bullet drilled him through the heart. He was found with his hand still clutching the trigger of the gun.

OF NIGERIAN REPUTATION

ment-Made Many Treatles.

William Wallace, who served for many port establishments or coast works and years in the service of the British Government in Nigeria, died at his residence in Devon today.

Sir William Wallace was born Sej tember 12, 1856, and for 32 years, administrator of the Niger Company territories, was active in acquiring an consolidating British interests and political influence in Nigeria. He concluded many treaties with native potentates and served with over thirty military expeditions. He was probably the most notable figure in the subjugation of the Fulani nation and the acquision of Ni geria by the British Empire. Sir William retired from the Government ser

FRANCE MAY REQUISITION ENTIRE MERCHANT MARINE

PARIS. July 11.-10:15 p.m.-Th Chamber of Deputies today adopted a resolution urging the Government to introduce a bill providing for the requisitioning of the entire French merchant marine for the duration of the war Thus far only a limited number of ships have been taken over by the Govern-

One of the objects sought by the proposed measure is the reduction of freight-carrying charges, which is one of the causes of the high cost of living. The adoption of the proposed bilk would obviate, to a certain extent, the necessity of hiring neutral freighters. Ship owners, whose vessels have not been requisitioned, are said to have made a profit of five hundred million francs since the beginning of the war.

READING

Often proves to you the Imperfections of your sight. When it becomes necessary to hold the book nearer or further away from the eyes, depend upon it something is wrong. When letters "run one into another," or the eyes ache, when fatigue follows reading, the condition of the eyes should be investigated. This is advisable, not only that your capability for reading may remain good, but also because straining eyes are a direct tax upon the health. MISSING KOMOKA GIRL FOUND HERE AT FRIEND'S HOME

Discovered Staying in West London Last Night.

Her Apparent Disappearance Worried Parents-Father Conducted Search.

Dorothy Evison, aged 22, of Komoka, who has been mysteriously reissing from her home in that village since Monday afternoon, was located by her relatives late last evening at a friend's home in West London. Miss Evison came into London on Monday to meet Miss Evison friend from Minnesota, and nothing further was heard of her until she was

und last evening. Miss Evison explains that she met a riend while waiting on the station, who invited her to visit in West London. Miss Evison accepted the invitation and neglected to notify her rela-

tives of her actions. Nothing was known of Miss Evison's disappearance until the young woman she was to have met here went by herself to the Evison home at Komoka and said she had not seen her.

Inquiry was made at the city hospitals, as it was feared she might have een overcome by the intense heat. No one answering her description, however, was in the hospitals. It was also thought she might have

gone to visit an uncle, Oliver Evison of 179 Briscoe street, but inquiries there howed that she had not been at the Mr. Evison, the girl's father, at once took the matter up with the detectives

and they endeavored to ascertain if she arrived in London. No one seemed to have seen her on the train r about the station. Miss Evison had been in London

any times and knew her way about perfectly, so there was no chance that she lost herself here. Her mysterious disappearance caused her relatives con-
