FAIR DIRECTORS DISCUSS 25-CENT FARE FOR NEXT EXHIBITION

Urge New Buildings Be Erected on Grounds—Propose to Make Annual Show Civic Institution.

The first step towards bringing about improvements to the Western Fair, and perhaps a complete reorganization of the system of financing, with a possible return of the 25-cent admission fee, was taken up shortly before noon today at a meeting of the board of directors, when the general conduct of the exhibition came under discussion.

Arrange Conference.

The majority of the directors were positive that improvements to the buildings and grounds were necessary, and so that some progress could be mapped out this year and possibly a start made, a motion moved by Arthur Little and seconded by F. E. Harley, instructing the grounds and building committee to get in touch with the heads of the various departments to arrange a conference with exhibitors to find out just what was needed, was carried unanimously.

The committee will begin work immediately, so that a report may be laid before the board in the very near future.

The admission fee also came under discussion, and because under the present system it is generally felt that the Fair cannot be financed by a 25-cent admission, and on the other hand some believe the 50-cent charge a detriment to the welfare of the exhibition, a plan will be considered to make the Fair a civic enterprise. If this is undertaken, the city council will probably be asked to provide $15,000 or $25,000 annually to finance the affair, much after the system which the National Exhibition is conducted.

Fair Be Reorganized.

The discussion was precipitated by Director Arthur Ford, who strongly urged that the Fair be reorganized on a new basis. He was decidedly in favor of turning the Fair from a self-supporting and consequently a limited enterprise, into a civic institution, which would have every opportuntty to expand.

His suggestions immediately found a divergency of opinion among the members, although none denied that some improvement to the physical assets of the Fair could be made. The majority seemingly were willing to consider a new system of financing; some believed that the present system was beyond reproach, and a few while believing the board had done the only thing possible under existing circumstances, came out decidedly against the 50-cent admission fee.

Arthur Little spoke generally on improvements to the fair buildings and grounds and a more effective arrangement of exhibition booths in the various buildings, especially in the Pure Food Show and the Crystal Hall. Later in the meeting he spoke on the financial end. So that action on improving the grounds would meet with no delay, and so that action would not be left over for next year's board, he moved that the grounds and building committee get busy immediately.

Willing To Pay More.

In the Pure Food Show, he said, the retail merchants were anxious to re-arrange the booths to a row of larger stalls on either side with an aisle in the middle. They were willing to pay more for their concessions, if this could be done. With 22 booths he estimated the returns would be $1,100, which would be excellent for a building of its size.

George McCormick struck directly at the financing question. He stated positively that the fair under the present system could not be conducted on less than a 50-cent admission.

The Western Fair, he said, was the only fair in America which was self-supporting, paying its own way in every respect. Toronto Exhibition, which has been held up as a model, he continued, received more help than any other institution of its kind on the American continent.

He believed that a new system of financing would be necessary before a return could be made to the cheaper admission fee. If the city would be willing to take the fair over, to support it financially, say with $25,-

Fair Program

FRIDAY EVENING.

Complete grandstand program with spectacular fireworks display. C. W. Wortham's Midway attractions. Special band concerts.

SATURDAY.

Exhibits all in place except live stock. The best day of the week. Some extra attractions in addition to usual program, afternoon and evening.

The wonderful auto races on the track at 3 o'clock. This will be the most exciting event of the week.

ESCAPE DEATH AS CAR TURNS TURTLE

Four West Lorne Residents Suffer Slight Injuries Only.

Although an auto in which they were riding turned completely over and buried them when it collided with another auto at the corner of the Wharncliffe and the Cove roads at 8 o'clock last night, four West Lorne residents escaped with slight injuries.

Mrs. Cady, an aged woman, sustained a gash over one eye, while Charles Butler, the driver, had his foot injured. Two young women in the car were but slightly bruised.

Just as Butler's car was about to turn off Wharncliffe road the other car, driven by J. L. Hardy of St. Thomas, turned off the Cove road, and Butler's car ran up on its running board and turned over.

Dr. Robert Ferguson attended Mrs. Cady and had her removed to the home of a relative in the city.

BOY CHARGED WITH CAUSING MONTREAL WOMAN'S DEATH

Struck Victim on Head With Baseball Bat When Upbraided for Creating Noise.

Montreal, Sept. 15.—Charged with having caused the death of a woman by striking her with a baseball bat, an 11-year-old boy whose name is not given out, was arraigned before Juvenile Court Judge Choquet today and remanded to the cells pending further investigation. The boy felt his position keenly and cried bitterly. The woman, who was in a delicate condition, remonstrated with the boys for making too much noise at their game, and it is alleged that the accused boy hit her a blow which resulted in her death twelve days later. There are counter charges that blackmail was attempted to keep the case out of court.

EARLY BRITISH ELECTION RUMORS DISCREDITED

London, England, Sept. 14.—(Canadian Press Cable).—Diligent inquiries in well-informed circles in London today failed to elicit any confirmation of current rumors of an early general election.

It was pointed out that some of the rumors were mutually destructive, while it was asserted that not only had no date for an appeal to the country been arranged, but the choice of a time had not hitherto claimed the serious attention of the government.

HON. F. M. BLACK ELECTED TO RUPERT'S LAND SEAT

Winnipeg, Sept. 14.—Hon. F. M. Black, provincial treasurer, was elected to the Legislature by acclamation for Rupert's Land yesterday, it is announced. No other candidate was nominated.

Nominations in The Pas are to be received Tuesday next, and it is believed that Premier Bracken there will receive an acclamation. In both of these constituencies the elections were deferred.

DR. ROBERTSON TO OPPOSE PREMIER BRACKEN IN PAS

Winnipeg, Man., Sept. 15.—In an interview here last night, Dr. P. C. Robertson of The Pas announced his intention to run as an Independent candidate in the forthcoming deferred election for The Pas constituency in opposition to Premier Bracken.

Dr. Robertson declared that the people of the north country "were sick to death of having outside ministers forced upon them."

THE WEATHER

FORECASTS.

Moderate northerly winds; fair and rather cool today and on Saturday.

Pressure is comparatively low over the Southwest States and high over nearly all other parts of the continent. Showers have occurred in Manitoba and the Lake Region. Elsewhere the weather has been generally fair.

Temperatures.

The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

	High.	Low.
Victoria	45	35
Calgary	50	46
Winnipeg	56	44
Pt. Arthur	56	46
P. Sound	64	44
Toronto	60	52
Kingston	66	54
Ottawa	68	46
Montreal	64	52
Quebec	64	46
F. Point	52	42
St. John	62	54
Halifax	70	56

LOCAL TEMPERATURES.

The highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night were: Highest, 60; lowest, 54.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 60; lowest, 53.

Barometric Readings.

Thursday—8 p.m., 29.28.
Today—8 a.m., 29.36.

Claims Throne

GEORGE OF JUGO-SLAVIA.

CROWN PRINCE GEORGE of Jugo-Slavia, who renounced his right to the throne in favor of his brother Alexander, now says he will claim his birthright. If he succeeds, he will dethrone Princess Marie of Rumania, who became queen of Jugo-Slavia through he recent marriage to Alexander.

EXPECT RECORD FRIDAY AT FAIR

Directors Hopeful That Day's Attendance Will Compensate for Thursday.

Warm Morning Sun Rapidly Dries Grounds at Queen's Park.

With almost as many people on the grounds shortly after noon as there were at noon Wednesday, the banner mid-week day in the history of the exhibition, indications point to a record Friday attendance at the Western Fair.

Directors were exceedingly hopeful that the day's attendance and receipts would fully make up for the heavy losses sustained on Thursday, when owing to the rain only 10,000 people; 30,000 less than the corresponding day of last year, passed through the gates, and fully $15,000 was lost to the board as a result.

One of the features of the attendance Friday morning was the large number of visitors from outside of the city, an unusual thing for Friday. With the city of London yet to draw on, and it being Children's Day with cheap rates prevailing, prospects for the fulfillment of their hopes were bright indeed.

Grounds Dry.

The weather was ideal. The sun shining brightly from unclouded skies, dried up the grounds, which have a splendid natural drainage, early in the day, and so by noon every part of the exhibition was easily accessible.

The directors have prepared a program today that will excel anything that has previously graced the fair this week.

Before the stands in the afternoon

NEW YORK MEN SIGN RAIL PACT FOR ONE YEAR

Covers Working Conditions and Wages, Beginning September 1.

REJECT STRIKE PLAN

Big Railways Refuse to Accept Warfield, Willard, Jewel Settlement.

New York Sept. 15.—The entire New York Central Railroad system signed an agreement with its conductors and trainmen covering working conditions, wages and rules for one year, beginning September 30.

The signing of the agreement was announced after a conference between A. H. Smith, president of the New York Central, W. G. Lee, president of the Brotherhood of Railroad Trainmen, and E. L. Sheppard, president of the Brotherhood of Railroad Conductors.

REFUSE STRIKE PLAN.

Chicago, Sept. 15.—Refusal by a number of the biggest railway systems in the United States to enter into the Warfield-Willard-Jewell plan for ending the shopmen's strike on the basis of separate and individual agreements developed an element of considerable uncertainty today over the scope and effectiveness of the peace program.

While some of the larger systems had flatly rejected the plan, others however, notably the Chicago & Northwestern, and the Chicago, Milwaukee & St. Paul, had virtually completed arrangements for restoring strikers at once to their former jobs under terms of the separate settlement plan. Negotiations were in progress with several roads in an effort by shopcraft officials to effect additional settlements.

Strike leaders were said to be addressing communications to some of the unwilling roads asking them to reconsider their rejections.

Among the systems said to have closed the door against the settlement plan today were the Pennsylvania, Union Pacific, Norfolk and Western, Southern Pacific, Chicago and Alton, Chicago, Rock Island and Pacific, Northern Pacific, Great Northern, Chicago, Burlington and Quincy, Missouri, Kansas and Texas, and subsidiaries.

Other roads still outside the agreement today included: Central of Georgia; Delaware, Lackawanna and Western; Erie; Illinois Central; Louisville and Nashville; Missouri Pacific; Frisco; Wabash; Santa Fe, Chicago Great Western, and numerous others.

About 50 roads were generally understood to have accepted the settlement proposals, with the Baltimore and Ohio, Chesapeake and Ohio, New York Central Lines, Southern, Seaboard Air line, Chicago and Northwestern and Chicago, Milwaukee and St. Paul among the larger systems in the agreement.

Samuel Gompers and the executive council of the American Federation of Labor at Atlantic City launched plans for demanding the impeachment of Attorney-General Daugherty and Judge Wilkerson because of the injunction proceedings.

Britishers Ballot on Most Popular Notable

SEEK BIG LOTTERY PRIZES.

LONDON, England, Sept. 15.—(Canadian Press Cable).—Odd placings have revealed the result of the "golden ballot" whose promoters recently obtained a court ruling that they were not infringing the Lottery Act.

The ballot resulted in the following being placed in a cabinet of sixteen most popular people in their country, in the order of their popularity: Premier Lloyd George, Rt. Hon. A. Bonar Law, Earl of Balfour, Field Marshal Earl Haig, Admiral Earl Beatty, Lord Derby, Rt. Hon. Austen Chamberlain, Rt. Hon. Winston Churchill, Rt. Hon. J. H. Thomas, Lord Birkenhead, Viscount Grey of Fallodon, the late Lord Northcliffe, Rt. Hon. Sir Eric Geddes, Rt. Hon. J. R. Clynes, Rt. Hon. Sir Robert Horne and Lord Carson.

Altogether 104 votes for Viscountess Astor, M.P., who just missed a place in the cabinet of sixteen. The fewest votes in connection with the golden ballot went to Eamon de Valera, the Irish Republican leader.

Tickets bearing the names of prominent persons included in a list from which the sixteen most popular were to be selected, where issued by the promoters of the contest and were issued in serial form. Having chosen the most popular person through the sale of tickets the promoters next determine the winner among the ticket holders by holding a drawing competition in which duplicates of stubs bearing the name of the most popular person are used.

In this case the person holding the winning ticket bearing the name of Lloyd George will receive twenty-five hundred pounds, and other prizes will be won according to the draw and the standing of the ticket in the popularity contest.

SEEK FINANCIAL AID TO DEVELOP SETTLERS' LAND

Premiers of New South Wales and Victoria to Visit England in Near Future.

London, Sept. 15.—(Canadian Press Cable.)—Premier Sir George Fuller of New South Wales and Premier H. S. W. Lawson of Victoria will visit London shortly, says a Reuter dispatch from Sydney, to negotiate financial agreements with the British government for land settlement and for big development work for the benefit of settlers proceeding to the irrigation farms of Murray River, in which the states of New South Wales, Victoria and South Australia are interested, along with the commonwealth government. The success of irrigation farming in Australia depends on the commonwealth securing the overseas dried fruit market, preferably the British market.

It is suggested that the most satisfactory form of assistance would be the levying by the British government of a halfpenny duty on all round or dried vine fruits, the proceeds to be earmarked to subsidize the dominion producers, and enable them to compete with Mediterranean and California cheap labor.

MOSQUITO PEST CLOSES SCHOOLS.

Amherst, N. S., Sept. 15.—Two Cumberland County rural schools have been forced to close, owing to a mosquito plague that has swept the district with an alarming effect.

Irish Irregulars Attack Strategic Points in Dublin

BELFAST, Sept. 15.—Forces of Irregulars this morning attempted to seize various strategic points in the southern section of Dublin, according to dispatches received here.

The places attacked included the Wellington and Porto Bello barracks, the telephone exchange and the Kingsbridge station of the Great Southern and Western Railway. The firing was particularly heavy and continued for three hours, coming mainly from snipers stationed on roofs.

PLAN TO BUILD JUBILEE RINK

Club Proposes Erection To Be Used Only for Curling.

City Considers Extending Marshall Street Where Old Building Stood.

Plans are being completed by the London Curling Club to immediately rebuild the rink on the premises formerly occupied by the Jubilee Rink on Lyle street which was destroyed by fire a few weeks ago. This announcement is contained in a letter received by City Clerk S. Baker from the company, asking if the nominal assessment in force for rinks in London will be increased on the new structure.

Exclusively for Curling.

According to the letter, the new rink will be used exclusively for curling recreation purposes, thereby throwing a damper on any expectations that a hockey arena would be combined with the new building. No provision will be made to accommodate hockey games, says the communication, "as we understand provision is to be made for this sport by the erection of an arena by another company."

The company points out in the letter that the only revenue will be provided by membership fees, and no profits can be earned. The purpose of the company is to erect a brick, concrete or tile wall with iron roof, supported on pillars, making as far as is possible a fireproof structure. The floor, or base, used for ice surface will be of earth or cement construction.

The Lyle street front will be brick, tile or cement, presenting an attractive appearance. It is planned to reproduce a rink similar to that at Owen Sound, which is regarded as one of the most up-to-date in Western Ontario. The directors of the London Curling Club have asked for a guarantee that only the nominal assessment of the amount placed on other rinks be placed on the new building when completed.

Receive Assurance.

The directors declare that they cannot proceed with their plans until they receive this assurance. The

ELIMINATE DYE EMBARGO FROM U. S. TARIFF MEASURE

Majority Leaders Expect Final Action on Administration Bill Before Adjournment.

Washington, Sept. 15.—With the dye embargo licensing provision and the potash duty eliminated, the administration tariff bill was back again today before the house. Managers of the measure looked for adoption of the conference report after comparatively brief discussion. It was the plan to send the bill to the senate immediately after the house voted, and Senator McCumber, Republican, North Dakota, hoped to get it before the senate during the afternoon.

With two of the high-fighting spots removed, majority leaders thought final action might be had before adjournment tomorrow. With the adoption of the conference report by the senate, the bill would be ready for President Harding. It would become a law immediately after he signed it.

SMALL LIKELIHOOD OF BULGARIAN INTERVENTION

Sofia, Bulgaria, Sept. 15.—Although the outcome of the situation in the Near East is bound to have considerable effect upon Bulgaria, there is little likelihood that she will intervene in any way.

The government is completely absorbed in the conflict now raging between the bourgeois opposition and peasant parties, both of which are organizing campaign meetings and demonstrations. Feeling is running high and disturbing incidents are feared.

BUYS LESS POWER.

Ottawa, Sept. 15.—Canadian Press.—The total amount of electric power exported from Canada to the United States during the fiscal year ending March 31, was 861,567,183 kilowatt hours, being a decrease of 157,996,828 kilowatt hours as compared with the previous year.

BRITISH CABINET MAY THREATEN TURK LEADER

Foreign Office Shows Signs Indicating Gravity of Eastern Situation.

HOPE FOR FRENCH NOTE

Authorities Believe Kemal Has Sufficient Troops to Enter Constantinople.

London, Sept. 15.—One of the possible immediate results of this afternoon's British cabinet conference, it is believed, is that Mustapha Kemal Pasha will be informed that he will be met not only by British troops and British ships, but also by a Jugo-Slav army if he attempts to occupy Constantinople, and cross the Straits of the Dardanelles.

It is an established impression in military circles that the Turkish Nationalist army is large enough to take the Turkish capital if Kemal so desires; also that he has sufficient guns to drive the fleet out of the Bosphorus. It is considered unlikely, however, that he would take such desperate measures unless he was persuaded that in no other manner could he obtain the capital of Thrace.

On the other hand there are intimations that the Serbs, the dominating element in the Jugo-Slav government, are determined not to have the Turks as neighbors in Thrace, or to permit the Bulgars to secure a foothold on the Mediterranean Sea.

The note from France, outlining her attitude of possible co-operation with Great Britain in the Turkish situation, had not been received up to early this morning, but it was believed it would arrive in time for the cabinet meeting later.

There were many signs of activity at the foreign office, indicating the gravity of the situation. Prime Minister Lloyd George returned to No. 10 Downing street this morning and was to preside at the afternoon cabinet session.

BALANCE OF TRADE NOW FAVORABLE TO CANADA

Department of Commerce Reports Conversion From Adverse Position.

Ottawa, Sept. 15.—(Canadian Press dispatch).—The outstanding feature of Canadian trade statistics for the fiscal year, 1922, according to the annual report of the department of trade and commerce, was no doubt the conversion of an adverse trade balance in 1921 to a favorable balance.

During the year ended March 31, 1922, the trade balance was favorable to Canada, amounting to $6,122,677, as compared with an unfavorable balance for the same period in 19[illegible] of $29,730,763, and for the pre-war year 1914 of $161,756,774. From [illegible] to 1920, Canada's exports exceeded her imports each year by a very large amount, due here to the abnormal conditions which existed during the war period and the reconstruction period following the termination of hostilities. Prior to 1915 the trade balance was unfavorable to Canada for a number of years.

MINERS' LEADER RETURNS TO PITS

Sydney, N. S., Sept. 15.—Robert Baxter, veteran United Mine Worker leader, has gone back to active work in the mines. He is now on the working force at Caledonia pit, in the Glace Bay sub-district, being employed at shift working.

The former president of the United Mine Workers, who was defeated in the recent district elections, has not been actively engaged in the mines for some years.

FATHER OF NINE AND FOSTERS 22

Ottawa, Sept. 15.—The Biblical injunction to multiply and replenish the earth finds favor with M. Demer of Carleton Place, Ontario. Mr. Demer, who has entered an adopted son, Cecil John Cummings Demer, in the baby show at the "Ex.," was an interested spectator at the show yesterday. Last year he won a special prize. He is 60 years of age, has been married twice, and besides being the father of nine, has also adopted 22 other children.

15 MEMBERS OF CREW MISSING

St. Johns, Nfld., Sept. 14.—Fifteen members of the crew of the French fishing vessel Pierre Bernardo of St. Malo, which sank at sea Tuesday afternoon, are still missing.

The crew of 26 took to the dories as the vessel was sinking. Two of the men reached St. Shotts, Nfld., today, after rowing 50 miles. Nine were picked up by the British steamer Finchley. The steamer Cabot is searching the vicinity of the wreck for the missing fishermen.

Visits America

MRS. MURIEL MACSWINEY.

MRS. MURIEL MACSWINEY, widow of the lord mayor of Cork who starved himself to death in a British prison, is in the United States working in behalf of the Irish Republicans.

FILL VACANCIES ON "U" STAFF

Western University Appoints New Professors for Coming Term.

Rev. N. S. McNechnie, Bateman Edwards and Miss Caroline Blampin Resign.

The fall term opens at Western University with important changes effected on the teaching staff.

At the close of the last academic year, resignations were received from Bateman Edwards, Miss Caroline Blampin and Rev. N. S. McKechnie.

Professor E. H. Morrow comes from Queen's University as head of the department of commercial economics. Professor Morrow has had a successful business experience and is also a master of business administration of Harvard University. Under his leadership the department of commercial economics will be brought into closer contact with the business life of Western Ontario.

The department of romance languages will be greatly strengthened by the return of Professor E. A. Meras, who has spent the last two years in France on leave of absence, pursuing graduate studies in the University of Toulouse. The same department will be further strengthened by the addition of Miss Leslie Ross, Ph.D., who also comes to Western from the University of Toulouse.

The junior instructor for the next year in the department of physics will be Miss Winnifred Foster, a graduate of the University of Toronto, who has been on the staff of Mount Holyoke College, Mount Holyoke, Mass., one of the leading colleges for women in the United States.

James W. Burns becomes instructor in the department of chemistry. Mr. Burns took his undergraduate work in the University of New Brunswick, and his master's degree at Yale University. For two years he held a research fellowship under the Canadian government, and in collaboration with Professor Neish, head of the department of chemistry of Queen's, published several important articles and monographs. During the last year, Mr. Burns has been head of the department of chemistry in the high school of Fredericton, N. B.

Mr. Edwards, who resigned his position as instructor of romance languages, has returned to Princeton University to complete his doctorate. Miss Blampin is entering upon an educational career in the United States. Mr. McKechnie's resignation was brought about through his acceptance of a call to Belleville.

REPORT ITALIAN RULER VERY ILL

Naples, Sept. 14.—King Victor Emmanuel of Italy is seriously ill, according to the Mattino here. The newspaper stated that King Victor contracted his illness on a journey in the Trentino Mountains.

U. S. DESTROYER CLAIMS CONSUL GENERAL FLEES

Greeks Say American College Girls at Smyrna Carried Off.

WARN TURK AUTHORITIES

British Admiral Will Bombard Turkish Quarters If Massacres Continue.

BULLETIN.

London, Sept. 15—The British fleet has been instructed to allow no Turkish troops to cross from Asia to Europe, it was officially announced this evening.

This announcement followed the cabinet meeting, which developed a complete agreement reached with the French for the protection of the neutral zones on both sides of the Straits of the Dardanelles, and Constantinople.

London, England, Sept. 15.—A United States destroyer, which has arrived at Piraeus, Greece, reports that the Turks entered the British consulate at Smyrna and murdered an official there who was assembling the archives, says a Reuter dispatch from Athens. Postmaster Wilkinson is also said to have been murdered as well as other British nationals. Sir Harry Lamb, the consul-general, is believed to have escaped on board a warship.

A semi-official Greek message from Athens says it is alleged the Turks carried off all the girls from the American girls' college in Smyrna.

The statement says that the city's foreign trade suffered enormous losses from the fire, especially the branches of agencies of the big American tobacco houses.

The total property loss is estimated at 1,000,000,000 francs.

The admiral commanding the British squadron at Smyrna has warned the Turkish authorities in the city that if the massacres are continued the Turkish quarters will be bombarded, says an Exchange Telegraph dispatch from Athens.

Smyrna, Sept. 15.—The fire which started in the Armenian quarter of Smyrna early yesterday afternoon had spread early this morning to the Turkish sections of the city and was making rapid headway.

The entire European section is in ashes and countless thousands are homeless. There were hundreds of casualties among persons who were caught in the sections where the flames spread with great rapidity.

A United States destroyer sailed for Salonica with 600 refugees, and another later cleared with 700 persons for Piraeus. The Turkish troops are making strenuous efforts to prevent wholesale looting by bands of Irregulars. General Noureddin Pasha, commander of the Kemalist forces here, yesterday urged the officials of the American committee on relief in the Near East to arrange for the evacuation of as many of the Greeks as possible, as he feared their return to the interior would mean certain death in reprisal for the alleged malicious destruction of Anatolian villages by the Greek troops. The Turkish commanders fear outbreaks among their own troops, who are without food. Several regiments, posted on the outskirts of the city, have subsisted on uncooked barley for the last five days.

Constantinople, Sept. 15.—The Turkish Nationalist army is now within 35 miles of Constantinople. The population is in a state of

SEEK TO AMEND ARTICLE TEN

Lapointe Presents Statement On Inviolability of States at Geneva.

Declares Canada Will Not Press for Deletion of Clause.

BULLETIN.

Geneva, Sept. 15.—The political committee of the League or Nations assembly voted unanimously today to admit Hungary to membership in the league.

Geneva, Sept. 15.—Sir Edward Grigg, private secretary to Prime Minister Lloyd George, arrived here last evening to complete the arrangements of the visit of the British premier next week. The day of his arrival has not yet been decided upon, this depending upon the work of the committees of the League of Nations' assembly, which Mr. Lloyd George is expected to address.

The Canadian government's views on the question of an amendment to Article X, which guarantees the territorial inviolability of states, was submitted by Hon. Ernest Lapointe, Canadian minister of marine and fisheries, during a very important debate in the assembly of the League of Nations yesterday.

Hon. Mr. Lapointe asserted that the government of Canada would not press its demand for the deletion of the whole of Article X, but wished the assembly to appoint a special committee to draft an amendment or a resolution interpreting Article X in the sense that when a decision of the league has been applied in the case of an act of aggression against a state, consideration should be given to the geographical and political situation of each country; also that the eventual intervention of a state, in accordance with Article X, in order to insure the execution of the council of the league's decision should only be possible after the parliamentary approval of the country concerned.

Mr. Lapointe asked that the special committee submit its report at the next meeting of the assembly of the league. A French representative in the assembly, M. Barthlemy, seconded the Canadian proposition, but urged that Article X, which was important in principle and in practice, especially for newly formed states, should be maintained.

M. Motta, representing Switzerland, moved that the Canadian proposal be referred to the assembly, and the decision on the question of the appointment of a committee or commission be deferred to the next sitting.

EXPECT RECORD FRIDAY AT FAIR

Continued From Page One.

a card of four horse races, double the number originally scheduled, will be run. The two pacing races, including the 2:20 pace and 2:30 pace, which were to be a feature of Thursday's program, were held over.

So that the long program can be completed during the afternoon the races will be started at 1:30 o'clock. The evening's program will be augmented, too.

The directors see no reason why Friday cannot be as large a day as Thursday is in other years, and that means it must prove the largest day of the week. Owing to the cool weather, all exhibits of fruit and flowers, one of the features of the exhibitions, are as fresh as they were on Monday and stand ready to delight all visitors.

Have Many Samples.

Because of the small attendance on Thursday, exhibitors and concession men find themselves with a bountiful supply of samples and supplies on hand, and they are prepared to do a rushing business throughout the day. After a day of more or less rest, the spielers at the side-shows are ready to entertain the crowds more effectively than ever.

It must not be forgotten that Friday is to be Children's Day once again. With admittance charge for children reduced to 10 cents, and the same price charged for the open stand, the directors are counting on the children to do their bit in making the day an exceptional one in the history of the Fair.

The general admission, too, is only 25 cents, giving the citizens of London and district an opportunity to prove whether or not the high price of admission on other days is a hindrance to the attendance.

No one cared to estimate the crowd attending the Fair on Thursday, although considering the wretched weather, it was not bad. The Midway and the booths did a fair business during the late afternoon and early evening, while the buildings were quite crowded. The heavy rains at night, however, closed half of the shows.

Lights Go Out.

Troubles did not come singly during the evening, for the lights went out for a considerable time, causing Mr. Hunt and several directors to believe that the last straw had been placed on the camels' back, as far as the day was concerned.

When the lights went out the police on the grounds made a rush to the general offices in fear that the wires had been deliberately cut and that an attempt would be made to rob the offices of considerable money which was being kept there. Their fears proved groundless, however, when it was discovered that the darkness had been caused by a fire on one of the hydro poles.

One of the features of the rather listless day was the closing of a real estate tent.

The tent was opened ostensibly to dispose of property on the shores of Lake Roosevelt, which, according to the real estate salesmen, is in Hastings county, and is one of Canada's famous summering places.

For the purpose of bettering advertising, the spielers announced that 100 were to be given away to [illegible]

London Compares Favorably With Other Cities for Qualified Tutors

From an educational view-point at least London measures up well with any community in the province, and in certain instances takes the lead.

To attain such a standard, as the local school officials point out, it is necessary above all things that suitable teachers be retained, and it is estimated that in this respect London takes no inferior position.

While compiling data Friday, relative to the local public school teaching staffs, Senior School Inspector V. K. Greer drew attention to the fact that no less than ten of the city's public school pedagogues possess university degrees.

That this is a record not to be regarded too casually may be exemplified by the fact that Ottawa, a community with a far greater number of schools and teachers, has but 15 public school teachers with similiar standards of efficiency at their command.

anyone interested was allowed to draw a card to learn his luck. If the card proved a winner the person was then led into the tent, it is alleged, to get the examination and preparation of deeds under way. The lawyer's fee seemingly was the only string attached to the deal and the total cost amounted to something like $15, it was said. To facilitate matters a lawyer was housed in the tent.

Complain To Police.

Several complaints were made to the police and the directors by dissatisfied people, and as a consequence Sergeant Bud Lucas called at the tent and seized the drawing cards. To his dismay he found he found all but two of the cards were winners.

Believing that luck in such wholesale quantities was not healthy for fair visitors, and not liking the system of collecting lawyers' fees, Mr. Lucas invited the operators to close the tent, which they did forthwith.

It is not expected that any charges will be laid against the real estate men or the local lawyer who was found in the tent, for, as far as it is known, nothing was being done on which prosecution could be based.

The St. John Ambulance Emergency Hospital tent staff enjoyed a respite from arduous duties, although they were called upon to dress a few wounds. There has been several cases of bites from dogs received by visitors to the dog show, who could not resist the temptation of fondling the animals, who were irritable from long confinement.

The week's attendance record shows that Monday this year fell short of the corresponding day of last year almost 10,000. Tuesday was about the same as Tuesday in 1921, but Wednesday showed an increase of nearly 5,000, thereby winning the record for Fair Week Wednesday.

PLAN TO BUILD JUBILEE RINK

Continued From Page One.

communication has been referred to Assessment Commissioner Stephen Grant.

That construction of the proposed new rink to replace the one on Lyle street, recently destroyed by fire, may be prevented by the city of London acquiring the site for a continuance of Marshall street through to Lyle, is the declaration of Mayor Cameron Wilson, who points out that City Engineer H. A. Brazier is now conducing an investigation of the feasibility of continuing this thoroughfare eastward.

Should the engineer's report recommend a continuance of Marshall street, and such a step be considered an improvement to the city, the London Curling Clubs, as owners of the property will face no alternative but to sell the land to the city for street purposes.

Will Expropriate.

However, if no agreement can be reached between the city and club in reference to the price to be paid, the case would be submitted to arbitration, and a price set. If in the event of the city deciding to lengthen Marshall street the club members refuse to sell the obstructing property, expropriation proceedings will be taken, the Mayor stated Friday morning.

City Engineer H. A. Brazier is conducting a survey of the rink site which faces Lyle street and extends westward into Marshall street, and his report on the question will likely be received by No. 2 committee of the city council at the next meeting of that body.

It is pointed out that if the city acquires this property it will provide two entrances to Marshall street, and will open up several building lots in East London, which were formerly occupied by the burned rink. Immediate action will be taken on this matter as the London Curling Club contemplates rebuilding the rink on the site at once.

PREMIER TO SPEAK AT STOUFFVILLE

Hon. W. L. Mackenzie King to Address Political Picnic in Own Riding.

Toronto, Sept. 15.—(Canadian Press)—Right Hon. W. L. Mackenzie King, prime minister of Canada, left here this morning for Stouffville, in the constituency of North York. He will address a political picnic there this afternoon.

Mr. King spent the night in his private car at the Union Station. It is not expected that the prime minister will make any announcements of political importance today, the visit to North York being more in the nature of a visit to the riding. This evening Mr. King will present athletic prizes at Aurora, and will also deliver an address, altogether non-political, it is understood.

The prime minister will conclude his trip at Sharon on Saturday afternoon, where he will address a gathering of the York Pioneers. The return to Ottawa will be made via Newmarket and Toronto, arriving at the capital early on Sunday morning.

It was understood here this morning that Mr. King's return to the capital would be the signal for renewed activity on the part of the national railways, with the announcement of the new board of management as one of the immediate possibilities. While statements as to the identity of the chairman of the new board have so far been regarded as premature, and generally shooting wide of the mark, it is understood that the personnel of the whole board has been almost definitely decided upon.

SIR MONTAGU ALLAN TO BE TRIED SEPTEMBER 21

Montreal, Sept. 14.—The trial of Sir H. Montagu Allan, former president of the Merchants Bank of Canada, was this morning fixed pro forma for Sept. 21, but that is only a temporary date to enable counsel for both sides to consult with the chief judge of sessions as to when the trial shall proceed.

Sir Montagu was released on his personal parole, Chief Judge Decarie remarking: "Some people may well afford to lose even a big amount of money and could not afford to lose their word."

London Tots Carrying Candles to Bed Start Fire, Both Rescued by Neighbor

Two little children carrying a candle to light their way to bed on Thursday night when the hydro failed for some minutes, caused a blaze over Westhead's grocery store, 601 Hamilton road. The children upset the candle and set the bed on fire with resulting damages amounting to $25, about 10:20 o'clock.

A passerby, H. Rumble, saw the flames and turned in an alarm to the fire department and rescued the children.

Earlier in the evening, the department had been called to the corner of Trafalgar and Egerton streets, the cause of the alarm being a cracked insulator in the globe of an electric street lamp.

THE NEW DRESS MAKER ONLY SMILES WHEN THE EDITOR OF THE WEEKLY CLARION ASKS IF SHE IS GOING TO MARRY MARSHAL OTEY WALKER

CALL DEBATE ON NEAR EAST

British Cabinet Will Meet to Discuss Unraveling of Tangle.

Press Claims Britain Only Interested in Freedom of Dardanelles.

London, Sept. 15.—The British cabinet has been summoned for this afternoon, with the principal object of discussing the Near Eastern tangle.

Prime Minister Lloyd George came to London this morning from the country for preliminary discussion with his colleagues, all of whom, except the Earl of Balfour and H. A. L. Fisher, who are in Geneva, are expected to attend the important council.

It is believed the meeting will have before it definite statements from the French and Italian governments indicating their respective attitudes toward the problem, the solution of which continues to be a subject of eager and anxious speculation.

Opinions here are much divided, regarding the Turkish claims. One view, which is strongly supported by a section of the press is that Great Britain's only interest lies in the freedom of the Straits of Dardanelles, and that if this is assured she need not worry over the future position of Thrace and Constantinople. Others are less easily satisfied, and regard the restoration of Thrace and Constantinople to their former owners with the greatest disfavor, while a third faction is apparently willing that they be restored, but only on condition that Rumania and Jugo-Slavia agree.

The London newspapers today again urge the necessity of an agreement among the Allies, and declare it should be brought about quickly, before the situation becomes further complicated, and especially before an outbreak of fresh fighting which might again set Europe aflame.

PASHA DEMANDS TURKS' CAPITAL

Will March on Constantinople Unless Powers Hand Over City.

Prepared to Give Security for Free Passage of Dardanelles.

LONDON, Sept. 14.—Mustapha Kemal Pasha has resolved to march his army on Constantinople unless the powers hand over the city to the Turks, according to a statement he made to the Daily Mail correspondent at Smyrna. He also reiterated that his peace terms were based on the national pact.

"Our demands remain the same after our recent victory as they were before," he said. "The frontiers we claim exclude Syria and Mesopotamia, but embrace all the areas principally populated by the Turkish race. We ask for Asia Minor and Trace as far as the River Maritza, and Constantinople.

"We are prepared to give every security for free passage of the Dardanelles, which we will undertake not to fortify. But it is only right that the powers agree to our creating such defensive works on the shores of the Sea of Marmora as will protect Constantinople from a surprise attack."

The correspondent suggested that the powers might refuse to deliver over Constantinople, to which Kemal responded:

"We must have our capital, and in that case I should be obliged to march my army on Constantinople, which would be an affair of only a few days. I much prefer to obtain possession by negotiations, but naturally cannot wait indefinitely."

INCREASE BRAMPTON RATES.

Brampton, Sept. 14.—Following the wake of similar action in other cities in this vicinity, the new rates for lighting in this city have been announced. The increased rates will take effect on the September account for street lighting, and will mean an increase of approximately $6,500 a year to the city.

Protestant Bishops of U. S. Forbid Members to Marry Divorcees

Portland, Ore., Sept. 15.—The House of Bishops of the Protestant Episcopal Church in the United States late yesterday accepted a change in the divorce canon of the church proposed by Bishop G. H. Brent, of Western New York, which makes the church law explicit in forbidding members marrying any divorced person, except, as has been the rule, where a divorce has been granted on grounds of infidelity. The present canon merely forbids clergymen performing the ceremony for divorced persons. If the amendment enacted by the bishops yesterday is approved by the House of Bishops, it will go into effect next January.

The House of Deputies concurred in the action of the House of Bishops in eliminating from the marriage ceremony of the Episcopal Church the word "Obey" said by the bride, and the words, "with all my worldly goods, I thee endow," said by the bridegroom. There was a debate over the elimination of the words "obey," but no discussion by the deputies on the bridegroom's clause as to property.

ARAB GIRL HAS PLAN FOR RACE

Claims Disorders in Syria Result of Oppressive Mandatory Rule.

Escapes From Prison in Hope of Serving Her People.

Haifa, Palesine, Sept. 15.—Nazel al Abed, an Arab girl, who played a prominent part in fomenting the revolt against French rule in Syria last May, and who later managed to escape from prison, where she was serving a life sentence, gave the representative of the Associated Press an interview in which she set forth her reasons for the unpopularity of the French mandate in the Near East.

"The French press," she said, "accused Charles R. Crane, former American Minister to China, of being the cause of the disorders of last May. This is absolutely false. The disorders were the direct result of the oppressive and offensive rule of the mandatory power in Syria.

"We Syrian people," she continued, "are liberty loving. We pride ourselves on the fact that we are the intellectual and moral leaders of all the Arabs. In welcoming the French army in 1918 we had hoped that France would help us realize our aspirations for self-government. We have been deceived. Instead of just treatment, we find that our country is occupied by black troops, who are our inferiors; our government turned over to inexperienced French officials, who try to govern by force, and our leaders lodged in jails.

"In the face of all these abuses," she declared, "a nation can do no less than revolt and rid itself of the yoke of the oppressor."

Nazel al Abed is of commanding personality and with a great charm of manner. She was born in Damascus of a wealthy and influential family. A mission school provided her with an education, which seems to have instilled into her heart the love of country and of independence.

During the war she served in the Red Crescent, a Turkish organization similar to the American Red Cross. Since 1919 she has been the accredited leader of all the women organizations in Syria. Because of the part she played in organizing the demonstrations in Damascus last May, which resulted in great disorders and bloodshed, she was arrested and condemned to life imprisonment. She remained in prison, however, but a short time, soon making her escape.

Asked if Syria is prepared as yet for independence, Nazel al Abed replied: "Those who know anything of Syrian politics will admit that so far the mandate system has proven an absolute failure. On the one hand, it introduced fresh encroachments on the sovereignty of our beloved country in favor of an imperialistic power, and, on the other hand, it brought to us great social as well as commercial suffering, due to the separation of Syria from her sister country, Palestine."

Nazel al Abed complained that the world, and especially America, is so ill-informed about Syria. "The French occupation," she asserted, "has been a curse instead of a blessing. We Syrian people today are treated like slaves. We are forced to accept French habits, French customs, a French civilization and even a French language, in spite of ourselves. Is it any wonder that we revolted last May?

"All we ask now is to be left alone, free to rebuild our country in undisturbed quiet; free to live our life in our own way, and to solve our problems after our own manner. We still hope that America will not fail to help us realize our aspirations."

EVANGELINE BOOTH TO RETIRE FROM S. A. POST

New York, Sept. 14.—Evangeline Booth, commander of the Salvation Army in America, today received a radio message from Bramwell Booth, commander-in-chief in the organization, notifying her that her retirement as commander had been definitely decided upon, to take effect at a date to be announced later.

Municipal Official Nearly Arrested Entering His Own Office.

CHATHAM, Sept. 14.—One of the officials of the Dover Township municipal offices, which are located on Fifth street, was nearly arrested by a city patrolman last evening, when he used a ladder to enter his office on the second floor of the Merritt Block.

He explained to the patrolman that in locking up his office by turning the latch, he had left his keys on his desk. He could not enter his home unless he had his keys with him. The patrolman stood with a crowd of 100 spectators and watched the official "break into" his office.

LITTLE CIGARETTE GIRL WINS FIGHT

Sonia of Greenwich Village Recovers Health in Hospital.

NEW YORK, Sept. 15.—Greenwich village, that Bohemian center regarded as a perpetual fountain of mirth, for a time was threatened with its little tragedy, but now the tale has taken a new turn and the happy ending is in sight.

A few weeks ago Sonia, the cigarette girl, was stricken desperately ill. Heart disease, a strange form, the doctors said.

For weeks she lay in a hospital ward, pale and wan. And very lonely was Sonia, for she found that her village friends, the poets and painters who laughed with her and blew smoke rings with her in cellar and garret, had deserted her.

On the walls were none of the gay tapestries, the paintings and the sketches in which she delighted. The sounds which came to her were ominous sounds, lacking the music and laughter which to her had constituted life.

Sonia is only in her twenties. Youth rebels at grim hospital walls and white-clad doctors and nurses, with their stethescopes and mysterious charts.

But now doctors say that Sonia has won her fight—that soon she will be discharged.

Everyone knows Sonia in the village. In her smock and sandals, she could be seen any day walking bareheaded through the alleys of the Latin quarter, shaking her bobbed-head violently when engaged in argument over Belles Lettres or the theories of Freud.

Sonia—she has a last name but in the village she is known only as Sonia—is a Bohemian. Thousands of out-of-towners who have visited the village have seen her slipping from table to table in the fantastic tearooms which the village boasts, cajoling the merrymakers into buying a package of her cigarettes.

Sonia is versatile. Now she would make a little money at one thing, at other times at another. Sometimes she would make nothing at all.

Once she went to Boston and there staged a Bohemian dance largely attended by Harvard undergraduates. Arrangements went a bit awry, the dance was not wholly a success, and the police reserves had to be called.

A few months ago she opened a little shop of her own in the village. To her stock of cigarettes she added erudite tomes and fanciful batiks.

Then she was stricken.

Her acquaintances tried to find her family. They were all dead, she said. She smiled mysteriously whenever she was asked whence she had hailed. She just appeared one day in the village. Tradition has it that her homeland was Russia.

"It isn't so much that I'm down and out," she said bravely. "It's that the village folks don't come to see me.

"Yes, I know, the village is away—up in Provincetown and Croton. But they might send me word or have dropped in to see me before they went."

FATHER OF PREMIER DIES.

Saskatoon, Sask., Sept. 14.—E. M. Bracken, father of Premier Bracken of Manitoba, died this morning, according to news received in Saskatoon.

LOCATE PLANT AT TILLSONBURG

Fire Engine and Tractor Company Will Erect Large New Factory.

Michigan Firm Also Opens Negotiations for Manufacturing Premises.

Special to London Advertiser.

TILLSONBURG, Sept. 14.—A very enthusiastic meeting of the board of trade was held in the council chamber today to consider two important industries desirous of locating in Tillsonburg. Final arrangements were completed with a well-known fire engine and tractor company which has been negotiating with several of the larger cities and if $25,000 worth of preferred stock is disposed of in town, Tillsonburg is assured of the factory. E. V. Tillson, V. A. Sinclair and C. H. Denton were appointed a committee to dispose of the stock, and the sale has already got away to a good start. Skilled labor only will be employed. The company has had direct communication with Henry Ford in regard to purchasing patents and selling rights, but the company see a bright future for their products and will not sell. The proposed new industry gives promise of becoming one of the best propositions ever attempted in Western Ontario.

A representative of another company from Michigan was present and offered to start a branch factory, for a very staple article, if given a building 100 by 50 feet. The firm has the necessary capital for machinery and equipment. This proposition is now being thoroughly looked into and developments are expected in a few days.

Last evening, about 10 o'clock, a young French girl, who resides on Tillson avenue, was molested by a ruffian, thrown down and an attempt made to place a handkercief over her face. Her screams soon brought assistance and her assailant made his escape. Chief Creighton was immediately summoned, but no trace of the man could be found. The girl, who could not identify him, describes him as a tall and slight young man.

BIG COMPRESSORS REACH KITCHENER

New Machines Installed at Spring Street Pumping Station.

Special to London Advertiser.

KITCHENER, Sept. 14.—The two big compressors of the water commission which were delayed in transit as a result of the steamer Manchester, on which they were being shipped to this city, crashing into a reef, arrived in the city today, and work was immediately started upon their installation at the Spring street pumping station.

The compressors are eight feet high and six feet wide. The cost, including the installation, will be $21,000.

Announcement was made today of the decision on the part of the faculty of the Waterloo Seminary and College to proceed with the addition to the institution, which was planned last spring, and upon which building operations were delayed throughout the summer. The plans, which were finally adopted yesterday, call for a building that will double the capacity of the present structure.

BREEDERS HOLD BIG SHEEP SALE

Sell 37 Head From Representative Flocks at Western Fair Auction.

Oxford Ram, Winner at Toronto Exhibition, Brings $110

One of the features of the enlarged sheep exhibit at the Western Fair was the second annual sale of rams, held under the auspices of the Ontario Sheep Breeders' Association, Wednesday afternoon, when 37 head of sheep, representatives of the best flocks in the province.

The sale staged, as it is in London, has virtually put the Western Fair on the map as far as sheep exhibits are concerned for, as it is the official medium through which breeders secure new blood for their stock, it attracts many exhibits to the fair that otherwise would not come. Leading breeders and exhibitors in the province each contributed a few rams.

On the whole the 37 animals were of the highest quality. Oxfords and Shropshires were the predominating breeds, although every other breed was represented by one or more head.

Ram Brings $110.

An Oxford ram, winner in the shearling class at the Toronto Exhibition and owned by R. J. Fleming of Whitby, commanded the top price when it brought $110, an exceptionally good price for a ram. It was purchased by P. Roderique of Compton, Que. Other animals averaged $37 and $38 a head.

Of the 37 animals, thirteen offered for sale were Oxfords, ten were Shropshires, three Leicesters, two Lincolns, while the Dorsets, Hampshires, Southdowns and Cheviots were all represented.

The Shropshires brought an average of $42.30, with the top price of $60, while the Oxfords averaged $42, with the top price of $110. Other breeders brought around $30.

The sheet exhibit was larger than even the banner show in 1921, while the quality is exceptionally fine.

Among the largest exhibitors and prize winners in the Oxford class were Johnston Brothers, Appin; Peter Arkell of Teeswater, and R. J. Fleming. Johnston Brothers did not show at Toronto, and yet he pressed both Mr. Arkell and Fleming, who between them, swept the board at Toronto for premier honors in this class. Superintendent O'Neill, in charge of the live stock exhibits, believed his showing speaks well for the class of animals shown at the Western Fair. In the Leicesters, J. A. Snell of Clinton, A. W. Whitelaw of Guelph, and J. A. Fetherston of Hornsby, were the large exhibitors.

See Industry Advance.

Breeders are decidedly of the opinion that the sheep raising industry is on an upward climb in Ontario. Mr. O'Neill, who is secretary of the Sheep Breeders' Association, and consequently in a position to know, is of the same opinion. He points to the price paid for Mr. Fleming's ram as an indication of the growing demand for pure bred breeding stock. The price could not be obtained last year, he said.

As in the cattle industry, expert breeders' claim that good sheep are a paying proposition, while scrub animals are but a sink-hole for money.

The market this year is exceptionally good, which, following as it does a very poor year for sheep, has given an impetus to the business. Demand for fall lamb is strong, and this angle of the market practically dominates the situation in Ontario.

Since the government system of wool grading has been put into effect the Shropshires and Oxfords have been growing into popularity with the farmers of Ontario. Both the Shropshires and Oxfords produce a medumiy fine wool, and lots of it; the carcass is fair and the animals are hardy and easily kept.

Small flocks of sheep are gaining in popularity with farmers who do mixed farming. The animals, breeders claim, attack many weeds other animals will not touch; are wintered easily, housed cheaply, and are easily fed. They give big returns for the investment and trouble involved.

A THOUGHT FOR TODAY

Love never faileth.—I. Corinthians xiii., 8.

I'M proof against that word "failure." I've seen behind it. The only failure a man ought to fear is failure in cleaving to the purpose he sees to be best.—George Eliot.

COMMISSIONER F. MITCHELL, who has been seriously ill for some time, suffering from attack of pneumonia, in Victoria Hospital, was pronounced to be in much the same condition Friday, but a change for the better is expected soon.

LESTER LANKIN has taken out a building permit to erect a one-story brick veneer dwelling at 388 Victoria street, to cost $3,000. A total of 42 building permits have been issued at the city hall this month, the aggregate cost of the work involved being $33,960.

ANOTHER APPEAL for entrance to the central collegiate institute has been favorably received by the provincial department of education. School Inspector V. K. Greer announced Friday that Vera Guest, a student at the Ryerson public school, had been granted a high school certificate.

BY ORDER OF NO. 1 COMMITTEE of the city council, Finance Commissioner James S. Bell has been requested to refrain from selling city debentures, except when acting under orders from the committee. No explanation has been given for this action, as City Treasurer Bell has several lots of debentures which he can dispose of at the present time on a ready market.

REV. DR. WESTGATE, field secretary of the Missionary Society of the Church of England in Canada, whose headquarters are at Winnipeg, will preach at the morning service in St. James's Anglican Church, South London, next Sunday. Rev. W. L. Armitage, rector of St. James's Church, speaks of Dr. Westgate as being a speaker of eloquence, as well as having a background of most interesting experience upon which to draw for material. During the war Dr. Westgate was engaged in missionary work in German East Africa, and was taken prisoner by the German forces, from whom he was set free only after terrible suffering.

TO RAISE HYDRO RATES IN LAMBETH

Vining Declares Increase Is Necessary On Account of Chippawa Work.

It is more than probable that the public utilities commission will institute a proportional increase in hydro rates, the same to affect the commercial as well as the domestic interests.

This is the opinion of Jared Vining, chairman of the commission, who discounts the opinion of others connected with the department who have expressed the belief that the burden would be borne only by the city's street lighting service and the London and Port Stanley Railroad.

"This money must be secured," the chairman commented Friday, "as we cannot allow the department to be maintained at a loss."

Although the commissioners did not meet in regular session Thursday as scheduled, they will gather a week hence when this all-important question of rates will be disposed of.

The contemplated increase is occasioned by the enormous expenditures in connection with the Chippawa canal undertaking at Niagara Falls.

MAYOR CLAIMS ALL CIVIC COAL SOLD TO CITIZENS

See No Reason to Worry Over Board of Education Buying It.

Declaring that no loss to the city of London will be sustained by any refusal on the part of the board of education to purchase soft coal, which was shipped to this city by order of the city council, in an effort to avert a fuel crisis this winter, Mayor Cameron Wilson stated Friday morning that the 2,000 tons ordered by the city has all been disposed of to citizens desirous of obtaining a supply.

"The civic-purchased coal has all been sold," said the mayor, "so it does not matter if the board of education purchases any from us for schools. It was not bought for schools in the first place, but for citizens who could not obtain fuel by regular sources. This coal has all been sold, so why worry over whether the board of education will buy it?"

WILL GIVE BAND CONCERT AT PORT

R. C. R. Band plays at Port Stanley Sunday afternoon, giving the following program:

March—"Castles in Spain"..Aucliffe
Overture—"Schubert"... .. ..Suppe
Valse—"Thoughts"..... .. Alford
Selection—"Madame Butterfly"...
....Puccini

Song—"Silver Threads"..... Danks
Galop—"Always Joyful".... Hecker
"O, Canada."

BRAIN TESTERS

A gardener, wishing to fence around a piece of ground with some light posts, found that if he set them a foot apart there would be 150 too few, but if placed a yard apart there would be 70 to spare. How many posts had he?

Solution to yesterday's puzzle: Madmen, Mimic and Mock.

WANTS TEACHERS FOR CITY TECHNICAL

Principal Beal Points Out the Need of Additional Tutors.

So congested have become the classes at the London Technical and Art School that it will be necessary to employ additional teachers.

H. B. Beal, principal, stated Friday that he would make his request to this effect at a special meeting of the advisory vocational committee of the board of education set for Monday evening next.

It is the biggest year for attendance in the history of the institution, the principal states, while the inauguration of part-time classes for adolescent school children has added considerably to the difficulties.

Arrangements have been completed for the real start Monday next of these classes. The timetables have been prepared in order that the students may attend school during the week or on Saturdays.

Boys may attend Mondays or Wednesdays from 8:15 a.m., until 11:15 a.m., or from 1:30 p.m., until 5 p.m., or all day Saturday.

Girls may attend Tuesdays or Thursdays at the same hours or all day Saturday.

Although the adolescent school attendance act provides that these classes must be held during school hours, a special ruling has been obtained from the Hon. Dr. Grant, minister of education, granting authority for classes on Saturdays. It is stated that the majority of the industrial concerns favor this day.

DR. WEIR DENIES BULLYING CHARGE

City Truant Officer Explains Action at Fair Complained About.

Denouncing those who do not attempt to conform with the provisions of the adolescent school attendance act, Dr. George S. Weir, public school attendance officer, denied most emphatically Friday that he had, as charged by certain parents of children, been "bullying" the latter and chasing them from the Western Fair grounds.

Without Working Permit.

In his explanation of the situation, Dr. Weir stated that he visited the exhibition for the express purpose of ascertaining if any children were employed there during the week without the regulation working permit, as demanded by the act.

The entire trouble, which precipitated the complaint by certain persons Thursday, commenced, the officer states, when he located a girl who, while she possessed a working permit for employment at the Perrin Biscuit Company, was engaged by a foreigner at the grounds.

It appears that the girl stated that she had permission from Principal Beal, of the technical school, where part-time courses had already commenced, to be absent until the fair was over.

Dr. Weir states that this was untrue, as no principal or teacher in the city had the power to issue permission of this order.

Complaint Registered.

The parents visited the board of education offices Thursday, it is recorded, when a strong complaint was registered. Dr. Weir now states that while the claim was made that the girl had left the Perrin Company, she had not done so, but merely notified that concern that she would not be there until after the fair. He declines absolutely, he states, to furnish another certificate for her to work elsewhere.

The officer is determined, he avers, not to encourage adolescent children to leave one place of employment for another at frequent intervals.

WILL HEAR DISCUSSION ON ADOLESCENT MEASURE

London Chamber of Commerce Will Be Addressed by Inspector of Public Schools.

The adolescent school attendance act will be discussed from every angle at the first luncheon meeting of the season to be held by the chamber of commerce in the Tecumseh House Wednesday, Sept. 20, at 12:30 o'clock.

The officials have been fortunate in securing the services of V. K. Greer, M. A., inspector of public schools for London, who will lead the discussion on the act. Mr. Greer will deal with the subject both from the parents and the employers point of view, and will also take up "Short Time Courses" and "Vocational Guidance for Children."

E. J. Penny, assistant secretary of the C. of C., stated Friday morning that it will be the endeavor of the officials to have all the members of the board of education present at the luncheon, as the subject is one which should be of vital interest to them.

President E. S. Little, of the local chamber, Managing Secretary Gordon Philip and Col. W. J. Brown are attending a meeting of the Western Ontario Boards of Trade being held at the Prince Edward Hotel, Windsor, today.

TO RESUME FULL SERVICE MONDAY

The Pere Marquette Railway will restore full service on the Canadian lines, effective Monday, Sept. 19. Certain trains were withdrawn temporarily some time ago, owing to the fuel situation. Notification has been given the Dominion Railway Board of the restoration of these trains on the old schedule.

I SPIED TODAY

Readers of The Advertiser are asked to help make this feature a success by contributing items to the "I Spied" column. By arrangement with the Grand Theatre, two tickets daily will be given for the best item.

MAYOR CAMERON WILSON wearing a fall hat. He explained that he has mislaid his straw lid.

A MOTHER WHO spanked her young son because he persisted in crying for some candy. It happened on Richmond street.

AN AUTO WHICH when passing another car splashed mud and water all over the six occupants of the latter vehicle. They did not like it.

A TAXI-CAB DRIVER getting $1.50 for driving a man, his wife and four children from the Fair grounds to Dundas and Richmond streets.

THAT JOSEPH BROWN, who is a daily attendant at the city police court, was not in his accustomed seat in the spectators' section this morning.

CLARE SANBORN and "Doc" Raymond, two Western University students, who have returned to the city early to seek a boarding house with a full coal bin.

AN AGED PASSENGER on a Ridout street car, bound for the Western Fair with a tag reading: "Field Day, Tecumseh Park, August, 1919," fastened on his coat.

"ED." SMITH and School Inspector Greer at the corner of Dundas and Richmond streets at a remarkably early hour discussing the prospects for a new school at Dakin street in 1925.

A MOTORIST who insisted on crossing the Grand Trunk tracks despite a stop warning given by the watchman. The train just missed him, and the watchman used profane language.

A PIECE OF WOOD dropping off a fuel wagon at Richmond and York streets. Constable Singleton, traffic officer on duty, advised pedestrians nearby to take it home as a friend in need for next winter.

A WOMAN WHO DROPPED her silk scarf on the rain-soaked sidewalk of Dundas street in the crowd. She retrieved it only after several pedestrians had walked upon it and trampled it almost beyond recognition.

PETER McGINNIS doing his housecleaning on Richmond street north. A motorist ran too close to the dump cart to suit Peter. Looking up from his broom handle Peter said, "—— ——!"

A MAN GOING TO the grandstand entrance at Western Fair with four children. He was told the price was 50 cents a seat. He turned to the youngsters and told them it was too much, when the eldest said, "All right, dad, we'll try some place else."

SEVERAL AUTOMOBILES and auto delivery trucks dodging through the crowds in the grounds of the Western Fair Thursday without even as much as tooting their horns. A large number of women were badly scared by the brushing against their skirts of these vehicles.

WHEN THE LIGHTS went out, the Grand Trunk depot at last really on fire, and going strong. Smoke, red glare in all the windows, excited running crowds, 'n' everything.—except the fire department. I might have known. But who would stop to think? It was far too successful a "fire" to be true, and the "Ark" still stands. It was only a red glare on the tracks near Clarence street.

A LITTLE BOY trying to balance himself on the handles of a baby carriage at the Grand Trunk station while the mother was inside purchasing a ticket. He overbalanced the carriage and would have precipitated baby brother onto the platform had not a man nearby rushed forward and righted the carriage.

TWO WESTERN FAIR visitors from the rural section of the county, apparently man and wife, on a south bound Ridout street car arguing loud and long about which way the vehicle was traveling. The spouse was presenting very forcible arguments as to why they should have "detrained" two blocks back, but the "male of the species" was for going to the end of the line.

THREE BISHOPS TO VISIT CITY SUNDAY

Will Occupy Anglican Pulpits in Interest of Missionary Work.

Three western bishops of the Church of England will occupy Anglican pulpits in the city Sunday morning and evening, Sept. 24.

Their visit to the city is occasioned by reason of a meeting of the House of Bishops in Toronto, and the fact that their addresses here will mean added support and interest in the missionary movement of the Church of England.

Rev. George Exton Lloyd, Bishop of Saskatchewan, will speak in the morning at St. Paul's Cathedral, and in the evening at Cronyn Memorial; Rev. William Cyprian Pinkham, Bishop of Calgary, will preach in the morning at St. John's, and in the evening at All Saints', and Rev. Chas. D. Schofield, Bishop of Columbia, will speak in the morning at St. George's and in the evening at St. James' Church.

POLICE FIND FAIR CROWDS COMPARATIVELY ORDERLY

No Reports of Pickpockets Reach Headquarters During Whole of Exhibition Week.

Police find the crowds at the Western Fair and on the streets comparatively orderly this year.

No reports of pickpockets being at work at the grounds have reached headquarters this week. One Princess avenue woman reported she found a well-dressed stranger in her dining-room when she returned home. He did not take anything from the house, but asked the direction to the Fair, and departed. No other householders were disturbed during the week, as far as police could ascertain.

Although a few irregularities in the movement of traffic on the streets occurred, officers on duty at the park and downtown experienced little difficulty. The number of persons summoned to appear in court for infractions of bylaws or the motor vehicles act, was small compared to other weeks.

Liquor was the cause of most of the arrests made by officers during the past few days.

HYDRO POLE TAKES FIRE.

Defective wiring on a hydro pole at the corner of Egerton and Trafalgar streets caused a fire on the pole at 7:25 o'clock on Thursday evening. The fire brigade extinguished the blaze with little difficulty.

Obituaries

ALMEDA WATTERWORTH.

The death occurred in Winnipeg Monday, September 11, of Almeda Watterworth, wife of Mr. James A. Dart, formerly of London.

The service will be held at John Ferguson's Sons' undertaking parlors at 1:30 p.m., Friday, September 15. The Rev. Mr. McConnell, of Leamington, will officiate.

The interment will take place at Mount Pleasant Cemetery at 2 o'clock.

MRS. LUCY PIGGOTT.

The death was announced Thursday, September 14, of Mrs. Lucy Piggott, aged 87 years, at the Victoria Home.

The service will be held at the residence of Mr. H. Campbell, Belmont, on Saturday, September 16. Rev. J. Stewart will conduct the services at the home and the grave.

The interment will take place at 2 o'clock to the Stewart Cemetery.

MISS MARY MULHOLLAND.

The death of Miss Mary Mulholland, 19 years old, of 448 Pall Mall street, occurred at her home this morning. Miss Mulholland had been ill four months. She had been employed as a saleslady at Gray's, Limited, drygoods store. She was the eldest daughter of Mr. and Mrs. Thomas Mulholland. A sister, Margaret, survives. The funeral will be held from the family residence at 8:30 o'clock Monday morning to St. Peter's Cathedral, where requiem high mass will be sung. Interment will be made at St. Peter's Cemetery.

SIR A. GEDDES SAYS U. S. PLAYED GREAT ROLE IN WAR

Expresses Satisfaction That Rudyard Kipling Has Denied Attributed Interview Belittling America's Part.

New York, Sept. 15.—Sir Auckland Geddes, British ambassador to the United States, speaking last night at a dinner given to visiting delegates to the National Police conference, said that America played a great role in ending the world war, and that anyone who said otherwise was one of three things, "ignorant, malicious or just a fool."

Both the British ambassador and John W. Davis, former American ambassador to Great Britain, who was another speaker, referred in their addresses to the recent interview attributed to Rudyard Kipling, belittling America's part in the war. Both speakers expressed satisfaction that Mr. Kipling had denied the words attributed to him. Ambassador Geddes warned his hearers to be on their guard against those who sought to sow seeds of discord.

Police Pray for Early Capture of Vendor of "Chatter Water"

Judging from the number of violators of the Ontario temperance act brought into police court this week, liquor seems to be a popular Fair week beverage. And it is not of the dispensary variety, for all the bottles seized bear all the earmarks of the "bootlegger" type of container.

Apparently two brands are being sold. One causes the imbiber to "tell the world" his troubles, while the other seals the lips of its victims. Thursday the garrulous type of drunk graced the police court dock, some of the offenders even refusing to cease their chatter after they were convicted.

Friday morning four drunks and a citizen with a "hipper" said but one word—"guilty." Police are praying for the early capture of the vendor of the "chatter water," but are not so prejudiced against the man who peddles the silent "suds," as court sessions are generally brief when his customers answer the roll call at Carling street.

CALL FOR TENDERS ON "U" BUILDINGS

J. M. Moore Co., Architects, Want Estimates In by October 4.

The J. M. Moore Company, architects, are calling for tenders for the general construction work on the arts building, boiler house and tunnel at the new university. The tenders will be opened on Saturday, October 4. Immediately after that tenders for the heating, plumbing and electric wiring of the arts and science buildings and the boiler house will be invited.

The building will cost in the neighborhood of half a million dollars. This will be the third large contract in connection with the new university to be let. John Putherbough has considerable work done on the new bridge, and has recently commenced excavations for the science building. It is expected that the work on the arts building will be commenced by the middle of October.

"The contractors are being notified Friday of the calling of tenders for the arts building," Roy Moore, of the J. M. Moore Company, stated Friday, in an interview. He expects several contractors will make bids for the work. Tenders are expected to be received from large construction companies of Toronto and other large centers.

SLASH $27,000 OFF ASSESSMENT

Court of Revision Decides Loew's Property Over-Assessed.

Fixing the assessment on Loew's theatre of this city at $265,000, the court of revision, in a decision announced Friday, reduced the assessment of this playhouse approximately $27,000. Of this amount $21,275 is on land and buildings, while the remainder is spread over assessment for business tax.

Although Assessment Commissioner Stephen Grant explained to the court at the last session that the valuation of this theatre as made for the city by a well-known contractor, the appellants declared that an equally reliable contractor had estimated the assessment as exorbitant.

The court reserved decision, which was announced Friday. Another decision of the court sets the reduction of assessment of the Allen Theatre here at $6,250. The actual assessment was reduced $5,000, while the business assessment was cut down $1,250.

The appeal sent in by the owners of the Majestic Theatre against alleged over assessment was thrown out by the court and the city valuation confirmed. The same course was taken on the appeal of the Fire Proof Warehousing Company of this city.

JONES CO. ENTERS TEAM IN CITY SOFTBALL LEAGUE

East London Firm Employees Augment List of London's Sporting Circle.

The City Soft Ball League is now in full swing, and judging by the interest already displayed in the games, the sport is here to stay. At a meeting of the executive Thursday night a new team entered the league, that of H. J. Jones & Co.

Both president Ed. Walker and Secretary George Sinclair expressed themselves as being well pleased with the venture so far, and predict that next year soft ball will be one of the predominating sports in London.

The games to be played Saturday are as follows:

Thames Park, 2:45—West Stars vs. St. Pauls; 4:00—H. J. Jones vs. West Stars. Diamond No. 2, 2:45—Murray Shoe vs. Advertiser; 4:00—Nassau L. O. L. vs Thames Park.

Bottrills, 2:45 — McCormicks vs. 12th Battery; 4:00—Penmans vs. Y. M. C. A.

Tecumseh, 2:45—Free Press vs. Civil Service; 4:00—W. O. R. vs. London Hosiery.

Sales Distributor Wanted

Vacuettes Limited

Now exhibiting at London Western Fair, offers opportunity to man of responsibility to handle sales distribution of the Vacuette Suction Cleaner for Western Ontario. Capable district salesman also wanted. See J. J. Shaughnessy, sales manager, Saturday at Tecumseh Hotel. b

City Will Again Maintain Skating Rinks in Public Parks

AS during last season, skating rinks will again be maintained under the direction of the public utilities department at certain of the civic playgrounds, as well as in Victoria Park.

While four rinks were open last winter, it is considered more than likely that additional areas will be thrown open to the general public during the approaching cold spell.

Developments depend more or less, of course, upon the extent and duration of the winter and the support given the project from the citizens themselves, the utilities officials state.

EXPECT WELL DRILLERS TO SINK MORE SHAFTS IN CITY

Officials Will Turn Attention to North London When Southeast Well Is Completed.

While the initial test of the city's new well in Southeast London, calculated to yield an average of 2,000,000 gallons a day, has again been postponed for another week, the well experts, it was pointed out Friday, are not pinning their faith on this project alone.

Tests made during the summer months on Waterloo street north which, despite the reticence of the utilities officials, are said to have produced favorable results, and a more illuminative report is anticipated at the next meeting of the commission.

In addition to this the test well near the Lorne avenue school, it is intimated, has been declared worthy of further consideration, and while all activities in this respect have ceased lately, it is expected that the drillers will turn their attention thence when they have concluded their operations in Southeast London, whether successful or otherwise.

BOARD MAY FINISH YEAR WITH ELEVEN MEMBERS

Chairman Smith Believes Two Months Would Elapse Before Election Could Be Held.

It is more than likely that the London Board of Education will carry on until the end of the term with eleven members, according to School Trustee Edwin Smith, chairman.

Trustee Smith states that as yet no likely person has been suggested to him, and from present indications the position may have to go by default.

"The board might as well carry on the way it is," he commented. "It would only be a matter of two months or so when the new member would have to stand for election."

It is also claimed that should any of the defeated candidates be chosen for the vacancy, it should be the one who finished next to Trustee Clark at the 1920 election, when he was elected for a two-year term.

The latter's resignation is now in the hands of the secretary of the board.

FALLING POLE CUTS OFF HYDRO

The falling of a pole on the high-tension wires east of London caused hydro interruptions throughout London last night, leaving the city in darkness for some time. The trouble was soon corrected when located.

PREPARE PLANS FOR CONVENTION

Kiwanians at Luncheon Arrange for District Meeting at Windsor.

London Will Be Well Represented by Officials and Members.

"On to Windsor" summed up the program at the Kiwanis noon luncheon Friday in the Tecumseh House.

The roll call of those members who intend making the journey would indicate that a fair percentage of members will represent the London Kiwanis Club at the Windsor convention Thursday and Friday of next week.

District Governor Bev. Hay used his last opportunity before the convention, to urge members to attend in sufficient numbers to insure success in competition for the cup offered for the largest attendance.

"Both the district governor and the district secretary are members of the London club," Kiwanian Ernie Dennis said, boosting for the convention, "and in recognition of their hard work for the twenty-two clubs throughout the district we ought to back them to a man."

The celebrated "Dumbells" were expected to be able to provide entertainment for the club, but owing to their unavoidable absence, the Kiwanian Dumbells, headed by Ken Murray, provided entertainment which went a long way toward alleviating the disappointment of the club.

Geo. Fox was booster for the day, and the "silent booster" prizes went to Kiwanians Cliff Gray, Wilfrid Hodgins and William Benson.

SET THANKSGIVING DAY NOVEMBER 6

Ottawa, Sept. 15.—(By Canadian Press).—Thanksgiving Day this year will be Nov. 6. The date was fixed by Parliament at the 1921 session, being designed to fall on the Monday of the week containing Armistice Day, which is Nov. 11.

ONT. LEADS PROVINCES IN CHARTERS FOR WEEK

Toronto, Sept. 15. — Authorized capital of $6,619,000 is represented by companies whose incorporations were reported to the Monetary Times during the week ended Sept. 9, compared with $14,767,300 the previous week. A summary by provinces for the week ended Sept. 9 follows:

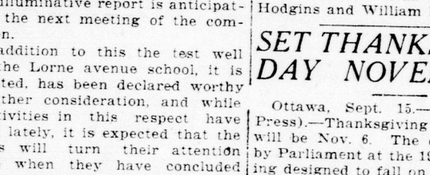

Dominion charters, $934,500.
British Columbia, $1,995,000.
Manitoba none.
New Brunswick, $123,900.
Ontario, $4,655,000.
P. E. Island none.
Quebec, $339,500.
Saskatchewan, $522,000.

A Business Asset

Maybe you think of a Want Ad as something to use in an emergency? It is, but it is much more than that. The Want Ad is a big-little asset of the business world every hour, every day, every month, every year. Think of it as the simplified essence of business power and you have a Want Ad defined as it should be.

Live, progressive men and women, with eyes and ability alert for the best method of reaching worth while people, patronize the Want Ads constantly, for experience has taught them the worth of the Want Ad method.

His courtesy and attention will make your selection a pleasant transaction.

Make your Jeweller your Gift Counsellor

TO GIVE "DUMBELLS" ROYAL SENDOFF

W. O. R. Pipers Will Pay Tribute to Fellow Artists and Soldiers.

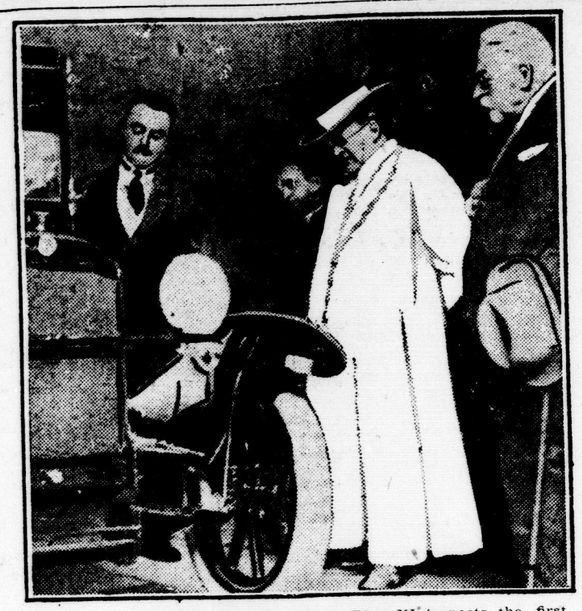

"As one soldier to another," with the kind permission of Lieutenant-Colonel Eric Reid, the members of the 1st W. O. R. Pipe Band propose giving a real Scottish send-off to The Dumbells this week. The regimental pipers, in their Cameron tartan uniforms, will attend the performance Friday evening in a body, occupying box seats, and will play between acts, conducted by Peter Russell, pipe major, formerly of the 142nd Battalion.

The W. O. R. Pipe Band is a unique organization from the fact that practically every member has played with famous Scottish regiments overseas, and the drummers have had similar experience.

Pipe Major Peter Russell's pipes have a history which very much enhances their value in his opinion. Going overseas with the 142nd Battalion, he was transferred to a railway battalion under command of a Scotch colonel. Much to his sorrow, Russell was unable to take his beloved pipes with him to France, but retained the chanter. The colonel, hearing the music one day, inquired who was playing the bagpipes. He was amazed to learn that such tone was being obtained with the chanter. The day the railway troops disbanded, Peter Russell was presented with handsome new pipes, with the colonel's compliments.

PRESENTS AUTOMOBILE TO POPE

Citizens of Milan Make Gift of Machine to Pontiff.

ROME, Sept. 14.—His Holiness Pope Pius XI inspects the first automobile to make its appearance within the Vatican grounds. The car, a machine of Italian make, is a gift to the pontiff from the diocese of Milan, his home.

WINNERS IN DOG SHOW AT FAIR

Winners in the dog show at the Western Fair were announced Wednesday.

The show was a decided success and proved one of the large attractions at the exhibition from the time it was opened Tuesday at noon.

For size of class the Cocker Spaniels featured the show, with the Boston Terriers running a close second.

Bulldogs, Airedales, Collies, Poodles and Terriers attracted much attention. A feature of the Bulldogs was a championship won by C. S. Webber on his Hercules Bill. The dog completed his necessary ten points at this show by winning two. He will now be known as Champion Hercules Bill.

The winners in the various classes are as follows:

Toy Poodles, Under 12 Pounds.

Winner dogs—C. Howard, Toronto, Norma's Pal; reserve, J. C. Fitzgerald & Son, London, Don of Dreams.

Winners bitches — A. Longfield, London, Madge; reserve, J. C. Fitzgerald & Son, London, Snowball's Mite.

Pekinese Spaniels.

Winners dogs—Mrs. G. W. Eastham, Toronto, Chin King of Chinatown; reserve, Mrs. H. W. Arnall, New York City, Sim Ming Chong.

Winners bitches—Mrs. G. H. Eastham, Toronto, Edison Fi Tee; reserve, J. C. Fitzgerald & Son, London, Orange Gloria.

Maltese Terriers.

Winners dogs—Mrs. Bisbee, London, Bonnie.

Pomeranians.

Winners dogs—W. H. Hind, Toronto, Park Gate Spark; reserve, Mrs. A. R. Kittermaster, Toronto, Schoty O'Tool.

Winners bitches—J. Hyslop, London, Beauty; reserve, J. Hyslop, London, Queenie.

Yorkshire Terriers.

Winners dogs—A. Harris, Toronto, Little Monitor's Double; reserve, A. Harris, Toronto, Jackie Coogan.

Winners bitches—Mrs. J. W. Weldon, Galt, Kitty of Galt II.

Special, best of breed—J. Edgar, Toronto, Little Monitor's Double.

West Highland White Terriers and Limit Dogs.

Winners dogs—J. D. Eagen, Galt, Lothian Laird; reserve, Mrs. A. Harding, Port Stanley, Lothian's Boy.

Winners bitches—J. D. Eagen, Galt, Lothian Snow White; reserve, T. Wallace, London, Heather Peggy.

Fox Terriers, Wire-Haired.

Winners dogs—H. M. Whitsitt, London, Spicenut of Paignton; reserve, J. Murphy, London, Brockley Circuit.

Winners bitches—W. J. Short, Forest City Vanity's Imp; reserve, W. J. Short, Lady Fair.

Special, best of breed—W. J. Short, Forest City Vanity's Imp; second best, H. M. Whitsitt, London, Spicenut of Paigntown.

Best puppy—F. L. Dear, London, San Toy.

Fox Terriers, Smooth.

Winners dogs—H. M. Whitsitt, London, Double Derrell; reserve, W. S. Newton, Ottawa, Southton Salextra.

Winners bitches—H. M. Whitsitt, Damunda; reserve, H. M. Whitsitt, Derrell Waxy.

Special, best of breed—H. M. Whitsitt, Damunda.

Black and Tan Terriers, Manchester.

Winner bitches—J. Hyslop, London, Tilly K.; reserve, R. Smith, London, Nipper.

Boston Terriers.

Winners, dogs—Mrs. W. C. Ingraham, Toronto, Ingraham's Normal King; reserve, Mrs. E. M. Graham, Toronto, The Boy.

Winners, bitches—Lunan & Perry, London, Globe Pal o' Mine; reserve, A. D. Stott, Dresden, Molly o' Mine.

Best specimen, under 17 pounds (Street Railway Silver Cup)—Lunan & Perry's Globe Pal o' Mine.

Silver cup, best over 17 pounds—Lunan & Perry, Ch. Globe Sweet William.

Globe Kennels, cut-glass, best Boston terrier sired by any of three champion stud dogs—Mrs. W. C. Ingraham, Ingraham's Sweet Josephine.

Cash special, best specimen—Ch Globe Sweet William, Globe Pal o' Mine.

Best novice, cash special—Mrs. W. C. Ingraham, Ingraham's Normal King, Ingraham's Sweet Josephine.

Best puppy, cash special—Mrs. W. C. Ingraham, Ingraham's Normal King.

French Bulls.

Winners, dogs—W. T. Collins, St. Thomas, John Collins.

Bitches—S. Thorpe, London, Florette.

Best specimen—S. Thorpe, Florette.

Bull Terries, English.

Winners, dogs—Genevieve Carmichael, London, Duval King, II.

Bulldogs.

Winners, dogs—C. S. Weber, London, Hercules Bill; comp. champ., reserve, J. R. Colley, Toronto, Earl Rex.

Bitches—C. S. Weber, Ospringe Snow Queen; reserve, C. S. Weber, Uxbridge Margot.

Special silver cup, Tecumseh House, best specimen—C. S. Weber, Hercules Bill.

Best puppy—Victor Jackson, Glenarden Molly.

Cash special, best novice—Victor Jackson, Glenarden Molly.

Cocker Spaniels.

Dogs, solid color—John Tomlinson, Woodstock, Woodland Willard; reserve, Tomlinson, Woodland Count.

Winners, bitches, solid color—Tomlinson, Bessie; reserve, Mr. and Mrs. Chas. Bowerbank, Toronto, College Maid.

Dogs, parti-color—R. Oke, London, Dough Boy; reserve, John Tomlinson, Starplex.

Bitches, parti-color—John Tomlinson, Woodland Bluebells; reserve, Eldon Wegg, Lady Scout.

Best specimen, silver cup—R. Oke, Dough Boy.

Cash special, best Cocker Spaniel, any color, dog or bitch—R. Oke, Dough Boy.

Collies, Rough.

Dogs—George Oran, London, Seedley Shot; reserve, Art. Stanton, London, Prince Scotia.

Bitches—George Gaull, Toronto, Sandfield Seraph; reserve, H. Cudmore, London, Gold Girl.

Silver cup for best Collie in show—George Gaull, Sandfield Seraph.

Silver cup, best rough Collie puppies owned in county of Middlesex—George Oran, Seedley Scot.

Cash special, best in show—J. T. Waggitt, Toronto, Arndale Shepherdess.

Best puppy—Seedlye Shot.

Best bitch—Sandfield Seraph.

Collies, Smooth.

Winners bitches—J. T. Waggitt, Arndale Shepherdess.

Beagles.

Dogs—A. W. Bryce, London, Foxbar Ikey; reserve, Nolan Bros., Brantford, Mackenzie King.

Bitches—George Bowman, London, Queenie; reserve, Nolan Bros., Brantford, Nolan Mary.

Best specimen—George Bowman, Queenie; second, A. B. Bryce, Foxbar Ikey.

Harriers.

Dogs—S. Simons, London, Jack; reserve, John Rich, London, Sport.

Bitches—W. Bennett, London, Jips.

American Foxhounds.

Dogs—A. Hergott, Waterloo, Togo II.; reserve, Glenwood Kennels, London, Togo.

Bitches—A. Hergott, Waterloo, Bell; reserve, W. McLeod, London, Queen Mayflower.

Pointers.

Dogs—Edward Warren, London, Dan.

Bitches—J. C. Waide, London, Lassie.

Howden cup, best specimen in the show—Lassie.

English Setters.

Dogs—Mrs. W. J. Clark, London, Paris; reserve, Mrs. F. S. Dear, Snookey.

Bitches—Mrs. W. J. Clark, Lady Bird; reserve, F. W. Grey, London, Bell's Lady.

Silver cup, best puppy—F. W. Jeffries, London, Scout.

Cash special, best specimen—Mrs. W. J. Clark, Paris.

Russian Wolf Hounds.

Dogs—E. M. Burke, London, Pevtzoff o' Valley Farm.

Bitches—E. M. Burke, London, Queenie of Russia; reserve, Hizhni Kasavina.

Best specimen, silver cup—E. M. Burke, Queenie of Russia.

Greyhounds.

Bitches—Horace Gowdridge, London, Queen.

Newfoundlands.

Dogs—J. E. McConnell, London, Victory; reserve, Dr. George W. Renton, London, Highland Lad.

St. Bernards.

H. A. Stevenson cup, best toy specimen—J. Edgar, Toronto, Little Monitor's Double.

Obituaries

ALLEN KENNARD.

The death was announced on Tuesday, September 12, of Allen Kennard, aged three months, eldest child of Christopher and Jane Kennard, at the family residence, lot 12 concession 4, London Township. The service will be held at the home at 2 o'clock, Thursday afternoon, the Rev. William Lowe, of St. John's Church, Arva, officiating. The interment will take place at Siloam Cemetery at 2:30 p.m.

FLUSH KIDNEYS TODAY FEEL 100% BETTER TOMORROW.

Medical authority says Kidney Pains, Backache, etc., simply have to go when you wash out the acids and impurities which form their direct and only cause. Advises drinking alkaline medicinal water. Easily prepared at home.

What would you think of anyone who expected to get pure water from a filter fouled with impurities? What would you think if he expected a fire to burn in a stove with a chimney choked by soot and grate clogged with ashes, or if he expected a petrol motor to run properly when full of carbon deposits? Yet, how often people pay no attention whatever to clogged and congested kidneys or other bodily organs of filtration and elimination, and then wonder why these do not work efficiently, why the health is bad, the nerves weak, vitality very low, blood pressure too high, and various aches or pains, skin disorders and other indisputable evidences of impure blood commence to appear.

Typical specimen of uric acid crystals, highly magnified. No wonder they hurt.

Just as a clogged filter cannot purify water, clogged kidneys cannot purify blood, and impure blood is the direct and primary cause of practically all organic diseases and weaknesses. If you doubt this, just try clearing the impurities out by drinking strongly alkaline medicinal mineral water today. You will feel so much better tomorrow that there can be no possible chance of doubt as to what did it. But the water must be strongly alkaline. No other kind will answer, because many of the worst impurities and body poisons are of an acidulous nature and only strongly-alkaline water can dissolve, neutralize and wash them out. The best way, and in fact the only satisfactory way, to prepare alkaline mineral water at home is to dissolve, in a tumbler of plain hot water, a level teaspoonful of a refined compound known by the registered name of Alkia Saltrates. Drink this medicinal water two or three times a day. There is no need of visiting any expensive hot alkaline spring. The essential constituent medicinal elements of the waters found there were accurately ascertained by analysis and made known to the medical profession long ago. All are accurately reproduced in the Alkia Saltrates compound.—Advt.

CHARGE BOY WITH STEALING HORSE

12-Year-Old Child Severely Reprimanded by Chatham Magistrate.

Special to London Advertiser.

CHATHAM, Sept. 14.—A twelve year old lad was arrested by a city patrolman yesterday afternoon following a chase on a charge of stealing a horse and rig. On three occasions the lad has been before the police for a similar offence and this morning, in the juvenile court, he was severely reprimanded by Magistrate Arnold.

Almost every kind of theft is registered against the boy in the police court records and the police officials are endeavoring to have the lad placed in an institution where he can be disciplined.

Regular trains of coal are now being rushed over the Pere Marquette railway lines, according to an announcement made by P. M. R. officials here today.

A coal train leaves Erieau every every other day and usually consists of 30 hopper type cars, each containing 50 tons.

Scouring the countryside for seven hours in a taxi yesterday, Provincial Officer Lowe finally located Earl Greenwood, of Tupperville, who was wanted for the theft of a gold watch from Murray Cramer, an old man of Tupperville.

The police allege that Greenwood has been visiting the old man and after his departure several valuable articles were missing, including the gold watch. Greenwood was brought to the city late last night and will face a charge of theft in the city police court tomorrow.

The construction of the new pavement on the Chatham-Dover town line, north of this city, will be completed in another week's time, according to a statement issued today by one of the road inspectors. The S. P. West Construction Company of Sandwich is building the road.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like coldream.—Advt.

Robert's SYRUP of the Extract of Cod Liver & Tar

Is a scientific remedy in which the powerful curative properties of Cod Liver Oil and Tar are combined. The nauseous effect of the oil having been removed, the extractive principles remain to build up wasted strength and remove the irritation set up by Coughs, Colds, Bronchitis and other affections of the respiratory organs. Try it, for it

does stop coughs

Ten Days Old When Picked

The bud and the first leaf, full of tea essence and the most delicate of flavors, such is RED ROSE ORANGE PEKOE TEA—the tenderest, juiciest leaves from gardens often more than 6,000 ft. above sea level, where sunshine and shower vie with each other to help produce the choicest teas.

Just ten days the leaves grow, then they are picked and manufactured.

The wonderful richness and flavor is always protected by the sealed package: 43c per ½ lb.; 85c per lb.

Paint Your Cheeks from the Inside Out

Ironized Yeast Produces Remarkable Results on Blood and Complexion in a Few Days' Time

You, madam, are only one of the millions who have worked day after day struggling, working, wishing to have and to hold that precious thing, an exquisite complexion. These days of beauty-labor are over. Ironized Yeast is the one great Nature-secret

For a Summery Complexion All the Year, Take Ironized Yeast!

of a beautiful complexion. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. It is Nature's rouge, face cream, skin softener, skin purifier, skin beautifier, all in one! Man has never, will never, be able to equal it! Ironized Yeast begins to act immediately on blood, nerves, tissues and complexion. It compels skin spots, muddiness, sallowness, pimples, blackheads—all beauty thieves—to vanish! In their place you will notice your complexion blooming out in new beauty like a chrysalis into a beautiful butterfly. This is not a vision, but a fact. Nature does it, that's all we know. Start using Ironized Yeast today. Sold at all drug stores at $1.00 a package. Each package contains 60 tables, each tablet is sealed. They never lose their power. Harold F. Ritchie & Co., Ltd., Toronto, Sales Agts. You will feel like hugging yourself after you have used Ironized Yeast a short time. Then with the added use of your favorite cream and powder, you will own at last the exquisite complexion you have always dreamed of having. Beware of substitutes.

THE ANTISEPTIC LINIMENT

FRANCE BACKS DEMAND MADE UPON GERMANY

Will Support Belgium in Move to Secure 100,000,000 Mark's Deposit.

PREMIERS WILL DECIDE

New Crisis Left to Heads of Allied Governments.

PARIS, Sept. 14.—The newly-developed crisis in the reparations situation became so acute tonight upon receipt of Berlin advices that Germany had categorically refused to give up the 100,000,000 gold marks demanded by Belgium as a guarantee of the six months' note issue on account of reparations, that the members of the commission decided the situation had got beyond their control and requires the immediate attention of the allied premiers.

Sir John Bradbury, British member of the commission, is proceeding to London to lay the matter in detail before Premier Lloyd George, while M. Poincare has assumed command of the French side of the negotiations. The Italian and Belgian premiers also are handling the situation for their countries.

A Stern Demand.

Belgium's request for the deposit of gold not later than tomorrow, instead of being merely a diplomatic manoeuvre to permit discussion as at first indicated, now appears to be a stern demand, with the full backing of the French and Belgian governments.

At the meeting today of the French cabinet, it was authoritatively stated official notification of Germany's refusal to deliver the gold will be followed by the laying of the matter before the reparations commission by Belgium and a French demand for a declaration of Germany's voluntary default.

An official communique issued by the French ministry of foreign affairs respecting the meeting between M. Poincare and M. Dubois of the reparations commission at Rambouliet says: "The cabinet council, through the premier, gave definite instructions to M. Dubois concerning the French attitude in the event of Germany's failure to comply with the reparations commission's decision of August 31."

Cast Deciding Vote.

M. Dubois, president of the commission, will exercise his right to cast the deciding vote in the event that Great Britain and Italy oppose declaration, as is probable. The members of the cabinet took a very critical view of the situation and gave explicit instructions to M. Dubois to demand action by the commission unless the gold is delivered. The refusal of Germany to pay the £1,500,000 due tomorrow as part payment of her private pre-war debts to allied nationals has served to stiffen the attitude of the cabinet. The recent London conference reduced the payments due in August and September from £4,000,000 to £2,000,000. Germany has paid £500,000 and was required to pay the balance tomorrow.

DEMAND FOR CANADIAN FRUIT OVERSEAS GROWS

MONTREAL, Sept. 14.——What is regarded as an almost entirely new trade is now developing in Montreal port. Hundreds of packages of peaches from Niagara have already been shipped from here to the United Kingdom, and are being followed by many more large consignments. In addition to this, there is an exceptionally strong market in Canadian apples, 2,000 barrels being shipped out in the last four weeks, mostly on the passenger liners.

The outgoing ship manifests also show a big movement of pears to the foreign market, and reports are expected soon, as the condition of these cargoes when they are unloaded and put on the British market. It is thought not unlikely that the British demand for Canadian fruit may be broadened out still further as a result of the phenomenal amount of home-grown fruit here.

Cigarette Smugglers Ask Bishop to Ride Past Customs With Them.

HAMILTON, Ont., Sept. 14.—Bishop De Pencier of Westminster and Kamloops, who addressed the association conference here and accompanied the Canadian Club party to Niagara Falls yesterday, unwittingly assisted in smuggling a quantity of cigarettes into Canada. The bishop was returning to Canada across the bridge when a couple of drivers with the party picked him up and gave him a lift. When they reached the Canadian customs the bishop jocularly remarked: "Surely you wouldn't search a car with a bishop in it?"

The officer laughingly waved the car on. It contained about $14 worth of smuggled cigarettes, valued at $35 in Canada. The bishop was innocent of their existence then; in fact, it is doubtful if he knows about them yet.

DELAY EXECUTION TO FIND HANGMAN

New Brunswick Sheriff Gets Extension of Life for Benny Swim.

ST. JOHN, N.B., Sept. 14.—By order of Chief Justice H. A. McKeown, the execution of Benny Swim, convicted of the murder of Olive Swim Trenholme and sentenced to be hanged tomorrow morning in Woodstock, N.B., was set over this afternoon to Oct. 6 between the hours of 5 a.m. and 5 p.m.

The order was made on application of Hon. W. P. Jones, K.C., representing Sheriff Albion R. Foster of Carleton County.

Mr. Jones read an affidavit sworn to by Sheriff Foster, who declared that he had first engaged Arthur Ellis, an executioner once in the employ of the department of justice, but found afterwards that he had been discharged by the department. He then engaged J. D. Holmes, who was recommended by the sheriff of Montreal and to whom he had paid a retainer.

On Sept. 12 he received a telegram signed Serge, which was handed in at Montreal at 5:20, p.m., saying: "Accident prevents Mr. H. coming. Retainer being sent by mail." Mr. Jones said that it could not be ascertained this Mr. Serge was.

Sheriff Foster declared that he was not physically fit to carry out the execution himself, on account of a nervous condition caused by an automobile accident in which he figured some time ago.

An effort was made to secure a man named Scott as executioner, but a telegram conveyed the information that he was in British Columbia.

Mr. Jones read a telegram from the mysterious "Serge," saying that Holmes' condition would not permit his service for three weeks. Mr. Jones thereupon requested that the date of the execution be postponed until Oct. 6, and this was agreed to by the judge who issued an order to that effect.

CONTENDS INDIAN NOT UNDER O. T. A.

Counsel in Walpole Island Case Raises Point—Magistrate to Consider.

Special to London Advertiser.

PORT LAMBTON, Sept. 14.—The adjourned case against the Walpole Island Indian, I. Ermatinger, who was arrested on Aug. 31 by Provincial Officer Charles Peters of Walpole Island for the illegal sale of liquor in a booth at the Walpole Island Agricultural Fair, was heard at Port Lambton on Wednesday afternoon before Magistrate A. B. Carscallen of Wallaceburg, in the auditorium of the jail here. The crown was represented by F. W. Wilson of Sarnia, and Lawyer Donohue acted for the accused. Inspector W. C. Coulter of Sarnia was also present.

Two bottles were produced in court as evidence, one a large bottle containing liquor, and a smaller bottle filled with wine. The large bottle, which was claimed by the officer as being the bottle thrown from the booth by the defendant, was the source upon which the prosecution was based. Provincial Officer Oliver and Constable Peters gave evidence for the prosecution, while three other witnesses were examined for the defense, flatly contradicting the statements of the two officers in connection with the bottle which was produced in court.

The trial occupied several hours, and was attended by a large number of spectators. After a lengthy argument by the counsel on both sides the magistrate, after a technicality had been raised by Mr. Donohue, counsel for the defense, claiming that his client was not amenable to the O. T. A., as it was proven he was a full-blooded Indian living on a reservation, decided to adjourn the case until Sept. 27, when he would render his decision. The defendant was bailed in his own recognizance in the sum of $200 to appear at 10 o'clock at Port Lambton on the above date. Ermatinger keeps a temporary grocery on Walpole Island.

PUPILS' EXHIBITS LARGE IN SAUGEEN TOWNSHIP FAIR

Special to London Advertiser.

PORT ELGIN, Sept. 14.—The pupils of all the rural schools in Saugeen Township gathered here yesterday for the annual school fair.

There was a big crowd, and the exhibits in each class were more numerous and better than ever before.

Even Grave Diggers Around Timmins Scan the Earth in Search of Gold

TIMMINS, Sept. 14.—Members of the South Ontario boards of trade on the northern excursion spent yesterday at Timmins inspecting the Hollinger and McIntyre gold mines and agricultural country around Timmins.

Hollinger is the largest gold mine on earth, treating four thousand tons of ore daily. Together with McIntyre and Dome it shipped bullion at the rate of a million and a half a month.

New discoveries are being made with unusual regularity and even the grave-diggers are on the lookout for paying ore. Only a few days ago a pocket was found at the Porcupine Paymaster mine which, according to samples brought in, would run from $100 to $150 a ton in gold. Professor Haultain of Toronto University, who is in the district, says the samples are richer even than those from the Croesus mine.

BRITISH ROYAL AIR FORCE LEAVES FOR MESOPOTAMIA

LONDON, Sept. 14.—(By Canadian Press Cable.)—One hundred officers and a thousand men of the Royal Air Force embarked at Southampton today for Mesopotamia under a scheme for substituting a force of armored cars and airplanes for the present system of policing of troops there. The number of actual pilots sailing was about 50. A flying ship followed the transport for some distance out from Southampton.

London, Ont., Friday, Sept. 15.

A Lesson In Figures.

GEORGE D. PERRY of San Francisco has become the owner of a large number of wooden ships almost overnight. In fact, when George gets done counting them, he will find that he has 226 of them, if no person comes along to steal from him.

And he bought the whole lot for an average of $3,320, or $750,000 in all.

This does not mean that they are so good, for when the people of the United States paid for them they were charged the good stiff price of $1,320,000 each for them.

Or take it this way: What was created in time of war was sold in time of peace for 1-400 of the original price.

In the light of history, it was a foolish piece of business for the United States to go ahead and build these ships, and pay the price for them. They were spending money at that time like a drunken sailor.

Just what GEORGE PERRY is going to do with his fleet we don't know; but it is stipulated that he cannot use them as steamships.

* * *

IT might not be far off the mark to state that this difference in price was the effect of the readjustment that was necessary to get down to present-day conditions. The illustration may be a little far-fetched, but it has a point.

Our whole fabric of business was running on high during the years of the war. In many lines the government was the buyer, and the question of selling became a lost art, because the only thing our sales force had to do was apologize because the goods were not being delivered fast enough.

That was in the time when Uncle Sam was spending $300,000,000 for 226 ships that GEORGE bought this week for $750,000.

We don't like the idea of dropping values, so we try to hang on and see if we can't get a value for it that smells of the prices paid in the days of the war.

But Uncle Sam could keep his old ships forever if he was trying to get his $300,000,000 for them, or even the quarter, or the eighth, of it.

He had to sell for what he could get.

We're learning the lesson fairly well in most cases, but there are a few lines yet that hardly seem to have read the story of GEORGE buying his fleet of ships for well under the million-dollar mark.

Civic Co-operation Needed.

WHEN one of the committees of the London city council was in session a day or so ago, the question of a firm coming to locate in London was discussed. The remark was made that the matter had been referred to the chamber of commerce, whereupon one of the city council members made the answer that that would be the end of it.

It so happened that the chamber of commercee had attended to this case to the very best of the means at its disposal, and in fact there was probably nothing else that could have been done for the sake of giving information to the firm in question.

The incident illustrates a point that can hardly be overlooked by Londoners in general, viz., that there is a crying need for a greater co-operation and a broader sympathy between the various public bodies in this city.

There is no need for more machinery, oh for better machinery, but there is a need for the better operation and co-operation of the machinery we have.

The board of education and the city council fail to understand each other. As a result, we have seen too much small talk from member to member. The real point in the whole deliberation between these two bodies is that the children of London shall have decent places in which to attend school, and enough of them, and also the more immediate task of the board of education is to make sure that there is proper instruction for the scholars after they get the school.

The fact that members of the city council think the members of the board of education should resign, and that the city as a whole would be better off as a result, or that members of the board of education think the city council would be conferring a great favor on the community by ceasing to exist, is really not the most important matter of the day.

It indicates that these two bodies have not come together in a reasonable way, as the ratepayers have a right to expect that they would.

But someone is sure to say: Why, then, do the papers publish this back talk of what the aldermen say of the school board, or what the schoool board say of aldermen?

In the first place, because it is news. In the second place, because it gives the ratepayers a correct idea of the state of mind of the men who are running their business for them. This matter was discussed at a recent meeting of women in the city, and there was a strong desire on the part of some of them to pass a resolution of censure on the press for using this sort of material, claiming it belittled men in public office. The reason stated above, viz., that the publication of such material gives the ratepayers a correct idea of the state of mind of these officials is the answer to such a movement.

Right now, it is very essential that the chamber of commerce should have the backing of every citizen. The movement for industrial expansion has once more started, and London does not want to be in the position of standing beside the road and watching the procession go past.

This city has a wonderful proposition to offer to intending investors. Seated as we are in the heart of the garden of Canada, with power, shipping facilities and a city of homes, and a city of unexcelled educational facilities, we have something to offer that no sane manufacturer can afford to overlook. But in the offering of these things, we must go together.

What would be the effect on a prospective manufacturer were he to find out afterward that his visit of inspection had been the cause for a flare-up between the city council and the chamber of commerce?

Men in official places in this city have a very grave responsibility on them, and they must be big men if they are going to measure up to their responsibilities and their opportunities. Citizens look to them to keep a few paces in the lead all the time, and this they must do if London is going to be the place it ought to be.

The Real Solution.

THE *Calgary Herald*, on the occasion of the visit of the Montreal Board of Trade and members of the British Parliament and House of Lords to that city, issued a memorable edition, aimed to give the visitors an idea of the resources of Calgary and Alberta. One of the most notable utterances in the paper comes from PREMIER GREENFIELD, who, in part, says:

"As Canadians get to understand and appreciate each other, so will Canada progress in true national development.

"There is no room for development of this country on other than broad national lines. No East. No West. Just Canada."

In a few words this Albertan has stated the only ground on which there can be development.

It is a very easy matter to set the East against the West, to build up business and vocational prejudices. It requires no great expenditure of brains to pit Quebec against Ontario, and to magnify differences of race and creed. Neither is it very hard to picture the isolation of the Maritimes.

But when we get past and beyond all these small things, when we get to the high plane of vision where in one word, "Canada," we can take in and deal with the problems of East and West as reasonable and competent men, then will we be rich in national ideals and blessed with the laurels of national accomplishment.

We thank the *Calgary Herald* for having given voice to the message of PREMIER GREENFIELD of Alberta.

A BLUNDER.

"I made an awful mistake yesterday."

"How so?"

"Met Brown on the street and casually asked him about his new baby."

"Well."

"He held me there for almost an hour while he told me."

H. G. WELLS' FAMOUS OUTLINE OF HISTORY

The Romance of Mother Earth

The Peculiar Thing Called Life.

TODAY'S INSTALLMENT—5.

NOW here it will be well to put plainly certain general facts about this new thing, life, that was creeping in the shallow waters and intertidal muds of the early palaeozoic period, and which is perhaps confined to our planet alone in all the immensity of space.

Life differs from all things whatever that are without life in certain general aspects. There are the most wonderful differences among living things today, but all living things past and present agree in possessing a certain power of growth, all living things take nourishment, all living things move about as they feed and grow, though the movement be no more than the spread of roots through the soil, or of branches in the air.

Moreover, living things reproduce; they give rise to other living things, either by growing and then dividing or by means of seeds or spores, or eggs or other ways of producing young. Reproduction is a characteristic of life.

No living thing goes on living for ever. There seems to be a limit of growth for every kind of living thing.

A Limit of Growth.

Among very small and simple things, such as that microscopic blob of living matter the amoeba, an individual may grow and then divide completely into two new individuals, which again may divide in their turn.

Many other microscopic creatures live actively for a time, grow, and then become quiet and inactive, inclose themselves in an outer covering and break up wholly into a number of still smaller things, spores, which are released and scattered and again grow into the likeness of their parent.

Among more complex creatures the reproduction is not usually such simple division, though division does occur even in the case of many creatures big enough to be visible to the unassisted eye. But the rule with almost all larger beings is that the individual grows up to a certain limit of size. Then, before it becomes unwieldy, its growth declines and stops.

The Necessity of Death.

As it reaches its full size it matures, it begins to produce young, which are either born alive or hatched from eggs. But all of its body does not produce young. Only a special part does that. After the individual has lived and produced offspring for some time, it ages and dies. It does so by a sort of necessity. There is a practical limit to its life as well as to its growth.

These things are as true of plants as they are of animals. And they are not true of things that do not live. Non-living things, such as crystals, grow, but they have no set limits of growth or size, they do not move of their own accord and there is no stir within them. Crystals once formed may last unchanged for millions of years. There is no reproduction for any non-living thing.

This growth and dying and reproduction of living things leads to some very wonderful consequences. The young which a living thing produces are either directly, or after some intermediate stages and changes (such as the changes of a caterpillar and butterfly), like the parent living thing. But they are never exactly like it or like each other. There is always a slight difference, which we speak of as individuality.

A thousand butterflies this year may produce two or three thousand next year; these latter will look to us almost exactly like their predecessors, but each one will have just that slight difference. It is hard for us to see individuality in butterflies because we do not observe them very closely, but it is easy for us to see it in men. All the men and women in the world now are descended from the men and women of A. D. 1800, but not one of us now is exactly the same as one of that vanished generation.

And what is true of men and butterflies is true of every sort of living thing, of plants as of animals. Every species changes all its individualities in each generation. That is true of all the minute creatures that swarmed and reproduced and died in the archaeozoic and proterozoic seas, as it is of men of today.

Every species of living thing is continually dying and being born again, as a multitude of fresh individuals.

Consider, then, what must happen to a new-born generation of living things of any species. Some of the individuals will be stronger or sturdier or better suited to succeed in life in some way than the rest, many individuals will be weaker or less suited. In particular single cases any sort of luck or accident may occur, but on the whole the better equipped individual will live and grow up and reproduce themselves, and the weaker will, as a rule, go under.

How Nature Picks Us Over.

The latter will be less able to get food, to fight their enemies and pull through. So that in each generation there is, as it were, a picking over of a species, picking out of most of the weak or unsuitable and a preference for the strong and suitable. This process is called natural selection or the survival of the fittest.

Tomorrow—Some Consequences of a Change of Climate.

LITTLE 'TISERS

If they find hard coal at Sudbury, will the strikes go along with it?

A stitch in time saves nine, and a look in time may save a funeral.

American girls may be a bit fast, but the English girls beat them at the Olympic games.

The dog population of London is on the increase. By leaps and bounds, shall we say?

The street cleaners' union sends a protest that long skirts will interfere with their business.

The best world joke of the season came when the powers warned Turkey to go easy in its treatment of the Greeks.

When a man comes along and says we can have coal at $25 a ton, we just naturally reach around for the office axe.

Canadians join in wishing speedy and complete recovery to MRS. HARDING, wife of the president of the United States.

Halifax Chronicle has an editorial on "Better Education for Lawyers." Honest, brother, we'd be scared stiff to print such an article here.

A Portland woman set fire to her hair with curling tongs, and with great presence of mind saved the rest of it by putting it on the dresser.

When we read of "fowl suppers" that are being held in the rural sections now, we can't help feeling a bit peeved at the day we decided to leave the farm.

Toronto *Globe* uses the word "canalization," in reference to the waterways scheme. So in the lesser sense we shall now refer to the ditchization work going on in some of the lower lands.

Peterborough Examiner says folks there are going to get some Pocohontas coal. When it comes our turn we'll simply ask for a little stove kind. There's nothing like sticking to the old brands.

Weather prophets may be all wrong, but when that Yakima Indian came out with a yarn about a long cold winter, we went to the attic just to see if our little fuzzy cap with the ear flappers was ready for action.

The author of that popular, old-time milking song, "Where are you going to, my pretty maid?" ought to be thankful that he did not live in these days of mechanical milkers, or he would have been out of luck on his song business.

An expert in house decorating says that ugly homes make people want to get out of them. May be something in what she says, so the best thing to do is have attractive homes. Decorations do not cost a great deal, and they certainly make a wonderful difference. So, then, let's decorate. Boy, where's the stepladder?

An eastern philanthropist is offering $1,000,000 reward for an infallible and permanent cure for any one of three diseases, tuberculosis, cancer or locomotor ataxia. Coming from an individual citizen, the offer is munificent. But if the united governments of the whole world offered $1,000,000,000 for a certain cure for any one of these three plagues they would be getting dirt cheap the most precious discovery ever made in the annals of human suffering.

The National Railways have a model steel train at Western Fair, and the public have had every chance to go through it from engine to mountain observation car. It is a revelation in the way of strength, utility and comfort. By the time a person has gone through the engine, and had a chance to sit on the driver's seat, tinker with the wheels and levers, walk through all the cook houses on the diners, etc., he's had quite a trip and quite an outing, all for nothing.

READ YOUR CHARACTER

By Digby Phillips.

NO. 323—WHEN TO CUT IT SHORT

All salesmen of experience know that some people insist on having all the details of a proposition, and that others are irritated by any persistent attempt of the salesman to give them details. They want the high lights, the main features, summarized quickly for them.

Characterology gives the salesman several ways of knowing in advance just which classification his prospect belongs in. Coloring and the shape of the profile are indications. So is the shape of the full face. The blond, convex type, is interested in action, and results, is quick and impatient. The brunette, concave type likes the details and patient explanation, plus the opportunity for deep thought. Likewise, the square face likes action, diagrams and explanation of mechanical things, while the round face is interested chiefly in results.

But often the salesman will run up against a prospect who is of medium coloring and neither decidedly convex nor concave, and a mixture of squareness and roundness of face.

Then, look at his fingers. Are they short?

If these other things are equal, and the fingers are short, you have a positive indication that you will be making a tactical mistake in wasting time discussing details. Give this man the most important angles of your proposition. Sketch in the main advantages, and forget the less important points.

Tomorrow — When to Watch Your Logic.

25 YEARS AGO TODAY

HERE WE HAVE ITEMS OF LOCAL AND DISTRICT INTEREST AS RECORDED IN THE ADVERTISER OF 1897.

SEPTEMBER 15, 1897.

Weather—Fine and warm followed by showers.

FAIR NOTES.

The dining-hall managed by the W. C. T. U. has been doing splendid business. By going there for meals, visitors enjoy all the comforts of a home.

The side show men did a fair business, though they were far from crushed with visitors. The several organs kept the air tingling all day.

Two very handsome gold medals, valued at $50, have been donated by the Windsor Salt Company for the best cheese and butter exhibit.

For the convenience of the public, it has been arranged that the wonderful boy pianist, Darwin Wood, will give exhibitions of his remarkable talent during the first ten minutes of each hour.

The art exhibition which is being held in Sparta, under the supervision of Miss Ada Potts, has been very successful, and much credit is due Miss Potts and her students, some 20 in all, for the grand display of about 90 pictures. All who have attended have had a rare treat.

The Y. M. C. A. of the Provincial University have elected Fred Barron, of London, general secretary, for the ensuing academic year.

A. W. Ballantyne, barrister, son of the ex-speaker of the legislature, will be married today to Miss Pattulo, of Woodstock. The couple have many friends in London who will wish them much happiness.

DR. BISHOP'S ADVICE

CONCERNING HAIR

THE hair, like the teeth, and nails, is not connected with the body.

There is a belief that the hair grows after death; it does not. It is kept alive and growing from the secretions from the scalp and hence is dead tissue when it falls out.

Because of its dependence on the scalp for nourishment, all measures for care of the hair are those which keep the scalp in a healthy condition.

Tight hats, preventing ventilation, are doubtless a cause of baldness. Ventilation, fresh air and a certain amount of light for the scalp are to be approved.

Over-exposure to direct rays of the sun in extreme weather is injurious to the hair.

There is a normal shedding of the hair and there should be no alarm at the discovery of a few stray hairs on the brush or comb. Watch the scalp and note whether the hairs are thinning, and especially whether the scalp is becoming shiny.

Deep-brushing with a long bristled brush is one of the best agents for stimulating the hair. Special hair lotions should be avoided, unless one is subject to a scalp disease, and advice should be taken from your family physician in that case.

Massage of the scalp is easily managed by the individual himself in the following manner:

Grasp the scalp with the open hand and, with pressure, try to gather a handful of it in a bunch. First one hand and then the other. Do it vigorously and don't be afraid to put muscle into the work.

LEARN A WORD EVERY DAY

TODAY'S word is—BLATANT.

It's pronounced—bla-tant, with accent on the first syllable, and the first "a" long, as in "play," but good authorities say originally it probably was short, as in "cat."

It means—bellowing, like a calf; bawling, clamorous, offensively obtrusive, demanding undue or involuntary attention.

The word's origin is uncertain.

It's used like this—Nothing need be feared by this country from those who make blatant attacks upon its institutions, but beware of those who condone violations of its laws and constitution.

Hundreds of Men Will Seize This Opportunity Tomorrow!

FRANK TURNER

Will Display His New Fall Fabrics and Give

FREE PANTS

With Every Suit, Topcoat Or Overcoat Ordered

Made-To-Measure

$25

This Great FREE PANTS Offer Will Hold Good All Next Week

But we urge you to attend tomorrow and get your order in early. We can give much better service and there is no chance of delay. Come in tomorrow. Let us measure you for a fine new Fall Suit at $25—extra pants without any extra charge.

Choose a similar pattern to match your suit or any material you like with your overcoat.

This is a Fall Opening Offer that crowds of men will take advantage of. Realize just what this means, men. It is a long, long time since you have been able to get such a bargain in men's good, dependable clothes. Remember, you get the EXTRA TROUSERS without any additional charge. Only because of our low margin of profit and direct buying and selling methods is this made possible. Other stores would charge more than $25 for suits of inferior quality with only a single pair of pants. Take advantage of this offer while you can. Come in tomorrow and pick out your favorite material and shade.

SHRINERS OPEN WEEK'S FROLIC

Brantford Club and I. O. D. E. Stage Entertainment for Benefit of Sick Children

Different Nations of World Represented in Interesting Parade.

Special to London Advertiser.

BRANTFORD, Sept. 14.—Tonight was the opening of the Shriners' frolic and by present indications it will be one of the greatest successes for many years past.

The I. O. D. E. of the city are cooperating with the Shriners in an effort to make the frolic a success and raise lots of funds for the sick children. A parade was held from the Shriners' Club at 7 o'clock tonight in which about 75 automobiles took part, decorated to represent the different nations of the world.

At the rear of the parade was the "Camel" a Ford roadster, that was one of the first built to judge by its appearance, no tires helped it on its weary way and a couple of old lanterns lit the path for it along the streets.

Armories Decorated.

The armories is decorated in fine style for the occasion and the various firms of the city and firms form Toronto, Hamilton and cites in Western Ontario have many exhibits. It is expected that more than 3,000 persons will see the frolic nightly.

Under the direction of the Steel Company of Canada, 35 or 40 local manufacturers and business people will tomorrow visit the company's mills at Hamilton and enjoy a tour of inspection. The trip is under the supervision of George Miller of the Steel Company and the Brantford party will journey via a special radial car at 9 o'clock tomorrow morning to the steel mills from the depot at Hamilton.

Firms Represented.

Representatives will go from the Adams Wagon Works, Brantford Oven and Rack, Brantford Carriage Works, John Bishop & Son, Massey Harris Company, Gold, Shapley & Muir, and Ruddy Manufacturing Company. Ham Brothers, Bluebird Corporation, A. Ballantyne, Brantford Scale Company, Cockshutt Plow Company, Stedman Brothers, Schultz Brothers, Turnbull & Cutcliffe, P. H. Secord & Sons, Verity Plow Company and Waterous Engine Works.

At Hamilton the Brantford party will see coke ovens, blast furnaces, the steel mill, the sheet iron mill, and the wire rod mill, as well as the Canada Works, where finished products are turned out. Local golfers in the party will play Hamilton golfers at the Glandale Links.

WILL FIGHT PLAN TO CUT PENSIONS

Amputations Association of Great War to Meet in Vancouver.

TORONTO, Sept. 14.—Representative "fragments from France" are already on their way to Vancouver to attend the Dominion convention of the "Amputations Association of the Great War," on September 21, 22 and 23.

This unique association is comprised entirely of men who have suffered the loss of limb or limbs, or total loss of eyesight, as the result of service overseas. Delegates from coast to coast will be in attendance at the convention.

It is declared as one matter of discussion for the convention that the preference to disabled men, under the civil service act, is not being put into effect by the civil service commission at Ottawa. It is stated that amputation cases are penalized by industrial concerns and refused employment in positions which they could competently fill.

Unemployment among the handicapped ex-service men is very serious.

The convention will discuss plans for an organized campaign to fight any attempt to reduce the pensions of ex-service men and women, also many other matters of interest.

MISS FLORENCE CANN OF PARIS WEDS H. CREIGHTON

Special to London Advertiser.

PARIS, Sept. 14.—Of interest to many residents of Paris is the fact that Miss Florence Cann, only daughter of Mr. and Mrs. George Cann, Market street, became the bride of Mr. Harland Creighton of Paris, at Galt, on Sept. 2.

The groom is the youngest son of Archibalt Creighton of South Dumfries. Rev. D. C. McDonald of Galt, officiated at the ceremony.

Is It Important Where You Buy Your Meats?

Do you go along and buy at any shop that's handy? Do you really say to yourself: "Is this first quality meat I am buying"? Do you know whether your butcher goes in for quality or for price? In short, are you getting value for the money you are spending? It is very important where you shop. Meat is the greatest strength-giving food yet known. You and your family need the very best quality meat you can buy. Our abattoir and farm lie in the very center of the finest cattle-raising district in the world. We are right on the spot to select the choicest animals before they go to market, thus enabling us to give you super quality week in and week out.

Thieves Steal 30 Cents, Stamps and Pencils From Tara Office

Special to London Advertiser.

TARA, Sept. 14.—The office of the Tara grain elevator was broken into some time between Saturday night and Monday morning, the thieves gaining an entrance by breaking a padlock on a door at the rear of the building.

Mr. Miller, who discovered the theft when he opened up the office Monday morning, states that the desk was thoroughly ransacked, but the only things stolen were a few pencils, some stamps and about 30 cents in cash.

Mr. Miller removed the cash, with the exception of 30 cents in silver, before closing up Saturday night.

BRANTFORD HYDRO RATES INCREASED

Advance Will Take Effect in September Street Lighting Account.

Special to London Advertiser.

BRANTFORD, Sept. 14.—Following in the wake of similar action in other cities in this vicinity the rates on hydro street lighting in this city have been increased. The local hydro electric system has received notification to this effect from the Hydro Electric Power Commission of Ontario and has in turn notified the city council.

The increased rates will take effect on the September account of street lighting and will mean an increase of approximately $6,500 per year to the city. From now on, the increase having already taken effect, the appropriation for street lighting, as set in the year's estimates by the city council, will be exceeded by a matter of some $3,000.

The increase is rated as follows: 100 watt tungsten lamps from $6 to $7, 150 watt tungsten lamps from $7 to $8, 200 watt tungsten lamps from $9 to $10, magnetic arc lamps from $30 to $40.

EXPLAINS SPECIAL CHINESE SCHOOLS

Resolution of Victoria Board of Education Calls for Entrance Test in English.

VICTORIA, B. C., Sept. 14.—(By Canadian Press).—Segregation of Chinese school children in this city is being undertaken from purely an educational, rather than a racial standpoint, according to a resolution passed by the school board and announced today. The question of the segregation of Chinese children was considered in camera.

The resolution made no reference to the Chinese, but states that certain school accommodation will be set aside for the teaching of classes of pupils whose limited knowledge of the English language is causing retardation to themselves, as well as interfering with satisfactory progress of other pupils in the same class.

No pupil will be admitted to the primary graded schools who cannot pass a satisfactory test in the English language, but such pupil will be assigned to the special classes. All junior grade pupils, who have passed their sixteenth birthday, and all intermediate and senior grade pupils, who have passed their seventeenth birthday, will be excluded from the graded schools.

UNLOCKED DOOR LEADS TO ARREST

Galt Police Lay Vagrancy and Trespass Charges Against Four.

Special to London Advertiser.

GALT, Sept. 14.—An unlocked door resulted in the arrest at an early hour this morning in a local cigar store and poolroom of Mrs. Vera Campbell of Doon, and Edna Cornfield of 16 Elgin street, Hamilton, and William Seitz and Garfield McKinnon of this city. Sergeant Burtch made the arrests. The young woman and girl, charged with vagrancy, and the two young men with trespass, were remanded until Sept. 19, the first two going to jail.

Edmond Waybrand, a young visitor from the United States, charged with the theft of $19.14 from a home at which he was calling, was allowed to go on suspended sentence, with the understanding that he would leave the country at once.

The local veterans are planning to hold a memorial service at their home on Sunday, Nov. 5.

RADIO ASSISTS IN PREACHING S. C. H. GOSPEL

"Quintet of Co-Operation" Adopts Wonder of Hour for Publicity Campaign.

Fifteen Western Ontario Fall Fairs Get Novel Child Welfare Demonstration.

The War Memorial Children's Hospital is nothing if not up to date to the very last degree. Radio, the fad and wonder of the hour, is to be brought into play in connection with the grand publicity campaign, to give the citizens of Western Ontario a demonstration of the service the hospital is destined to render the child life of this important part of Canada in memery of the men who sleep in Flanders' fields and other war heroes' graves.

The gospel of public health is to be preached in an irresistible way at no less than fifteen fall fairs radiating from London, through the medium of radio. Popular sermonettes have been prepared by Dean H. W. Hill of the London Institute of Public Health, with one dealing specially with the hospital by Dr. George Ramsay. Delivered in such a novel manner, these are bound to have an interested hearing, even from the most confirmed "sermon-antis." Arrangements for the use of radio in the grand publicity drive have been made through co-operation of the Western Ontario Academy of Medicine and the provincial board of health.

The Big Five.

"A quintet of co-operation" is the apt term that has been applied to the organized effort to present the cause of the War Memorial Children's Hospital, and round up the last $20,000 necessary to complete the $300,000 which will open the doors to receive patients. Co-operating with the War Memorial Children's Hospital committee are the provincial department of education, the department of agriculture, the provincial board of health, and local interest, warm and practical.

A truck to carry the radio apparatus will be provided by the Ruggles Company, while the McClary Manufacturing Company is contributing lantern slides and movies, Mr. Geo. Clark to be in charge at the fall fairs campaign between Sept. 18 and Oct. 11.

The department of education is putting on poster shows, providing a nurse and the film for a daylight movie, "The Handicap." The department of agriculture, through the Women's Institutes, will give demonstrations of model school lunches. Since a large percentage of school children provide cases for children's hospitals, the campaign will include demonstrations for teachers of correcting minor orthopaedic defects in children.

The War Memorial Sick Children's Hospital for Western Ontario, as a perpetual memorial to the honored dead and place of healing for Western Ontario children, has been established with the dauntless determination to give battle to disease and suffering, consenting neither to truce nor disarmament while any subtle foe of childhood remains.

STUDY BAPTIST MISSIONS.

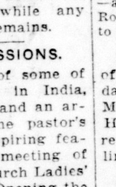

A report of the work of some of the Baptist missionaries in India, read by Mrs. J. C. Hare, and an article on "Prayer," by the pastor's wife, Mrs. Dick, were inspiring features of the September meeting of the Cheapside Baptist Church Ladies' Aid and Mission Circle. Opening the mite boxes returned, it was found that the proceeds of these, with dues, amounted to $22.40, to be divided equally between the home and foreign missions. The meeting was held at the home of the president, Miss Stillwell, who conducted the opening devotional exercises, the pastor, Rev. Mr. Dick, closing with prayer.

Enliven Your Eyes through the daily use of Murine. The alluring sparkle of youth quickly returns to eyes which have become dull and lifeless. Used safely for many years. Sold by druggists everywhere.
MURINE FOR YOUR EYES.

Personals

Misses Bell, Oxford street, have left on a trip to New York and up the Hudson River.

Mr. T. C. Cook of Port Royal is visiting his grandson, Mr. S. R. Cook, 23 Partridge street.

Miss Nora Toll has returned home after a delightful trip up the lakes, taking the boat to Duluth.

Mr. Henry Stenton and Mr. Edwin Corbett of Charing Cross were in town attending the Fair.

Miss Marjorie Dexter, Beaufort street, is entertaining Saturday afternoon in honor of Miss Madeleine Jeffries.

Mr. and Mrs. Walker Sargeant of Chatham motored to London this week.

Miss Bertha Wellington of Sarnia, who has been visiting Mrs. James McIntosh, Smith street, has returned home.

Miss Evelyn Wilkinson of Woodstock is spending a week in London, the guest of Mrs. Charles E. Brougham.

Mr. and Mrs. Bottoms, of Woodstock, and family have moved to London and will take up their residence on Cynthia street.

The many friends of Miss Violet Hardman, St. James street, will be glad to know she is progressing favorably after her recent operation.

Mr. and Mrs. Cliff T. Salton and little son of Detroit have returned to their home after visiting with Rev. S. and Mrs. Salton, Elmwood avenue.

Mr. and Mrs. R. H. Cullis and Miss Frances Cullis have opened their home at 177 Wortley road, after spending the summer months at their cottage in Bayfield.

Miss Marjory Houson, Chatham, and Miss Audrey Hastings, Toronto, are charming young visitors in town, guests of Mrs. Thomas Rich, 633 Wellington street.

Miss F. McColl, Alexandra Apartments, is spending the week-end in Toronto, after which she will go with friends for a week at Judd Haven, Muskoka.

Mr. C. W. Sweet, manager of the Western Ontario branch of the Canada Life, has moved to London with his family, and is now living at the Ardagh Apartments.

Mr. and Mrs. H. N. Fleming and Mr. and Mrs. R. H. Cullis have returned after a pleasant motor trip to Toronto, where they were guests in the home o. Mr. and Mrs. Roy Craig.

Miss Jean Wyatt was the hostess on Thursday evening of a jolly Winter Garden party, given in honor of Miss Marjorie Howson of Chatham and Miss Audrey Hastings of Toronto.

Miss Marie Hornby has returned to the city after a delightful vacation spent in Halifax, N.S., and St. John, N.B. While in Halifax, Miss Hornby was the guest of Mrs. W. H. Shosenberg, formerly of this city.

Mr. and Mrs. George Hayman, and Misses May and Ina Hayman have returned home after spending two months abroad, visiting England, France, Switzerland and Belgium.

A delightful reminder of the old land was received by the Loch Lomond Chapter, I. O. D. E., members this week—a box of heather from Miss Mary Robertson, the secretary, who returned to Scotland some months ago.

Mrs. Thomas Rich was the hostess of a Winter Garden party Wednesday evening in honor of her guests, Miss Honson, Chatham, and Miss Hastings of Toronto. The guests returned later to her home in Wellington street for supper.

Miss Ethel Chapman, of the Women's Institute branch, department of agriculture, returned to Toronto on Thursday evening, after attending the meeting of the committee to draft a program for the Western Ontario convention in November.

Representing Mrs. F. P. Betts, provincial commissioner, Mrs. E. B. Smith will attend a meeting in Toronto on Monday at the headquarters of the Canadian Council of Girl Guides. Mrs. Harmon Westland, secretary of the provincial council, is also planning to attend.

Mrs. George Lewis entertained at her home on Mill street on Wednesday and Thursday at a trousseau tea given in honor of her daughter, Miss Pearl Lewis, a bride-elect of this week. Mrs. Paul Quick and Mrs. Martin Donohue poured tea, and Miss Marjorie Lewis assisted in serving. The rooms were attractively decorated with white and pink asters and carnations, held in a silver basket, centered the tea table.

Members of the Loch Lomond Chapter, I. O. D. E., assisting the convener, Mrs. B. J. Dunlevy, in the check room at the exhibition on Thursday were Mesdames W. Spry, Fred McGladdery, Frank Jones and T. Murdy. Friday's assistant conveners are Mesdames G. Eddie, Ed. Chalcraft, Fred Tullett and T. A. Macdonald. On Saturday as many members as possible are to be out, in anticipation of a big wind-up day.

An enthusiastic meeting of Church of England women of the city was held in Cronyn Hall Wednesday afternoon, presided over by Mrs. C. C. Waller, to plan hospitality in connection with the meeting here on Sept. 26, 27 and 28, of the provincial synod. It was decided to give a high tea in Cronyn Memorial Church hall on Wednesday evening, Sept. 27, following the drive around the city for the distinguished guests, which one of the leading men's clubs is arranging.

PERSIAN TURBANS.

The Persian turban, which is a novelty in millinery, has high, bushy feathers planted directly in front. The sides are draped with numerous close folds.

FALL SKIRTS.

Many of the smart skirts for fall have borders woven in the hem of the skirt. Fringed models continue to be stylish.

Popular Musician Warmly Welcomed

One section of the annex to the main building at the Western Fair, where rail space has been at a premium all week, is the corner in which Mr. Thomas G. Mitcheltree of Toronto, still claimed as London's own brilliant blind musician, has daily greeted throngs of friends and admirers. Mr. Mitcheltree, who is now organist in one of Toronto's leading churches, accepted an engagement to demonstrate the merits of a certain well known make of piano for the sake of "Auld Lang Syne." Because the proximity of a piano makes the temptation irresistible for him, again and again the crowds within hearing distance pause to listen with delight to the music he evokes, now familiar compositions of old masters, again a charming work of his own.

His daily and practically hourly recitals have been proving one of the exhibition's great attractions.

Mr. and Mrs. Mitcheltree are remaining in London to visit friends during next week.

Mr. Mitcheltree, formerly president of the London Organists' Club, was an outstanding figure in musical circles here until his removal to Toronto.

WITH THE BRIDES

SMITH—ARDY.

A pretty wedding took place at the home of the bride's parents, Wednesday afternoon, when Doris Louise, second daughter of Mr. and Mrs. G. Ardy, was married to Mr. G. Smith, youngest son of Mr. and Mrs. W. Smith, Guernsey, C. I. Rev. Mr. Sage performed the ceremony. The bride, who was given in marriage by her father, looked charming in a gown of ivory satin, with an overdress of radium lace, and her veil was caught with pearls and orange blossoms and she carried a shower bouquet of Ophelia roses and valley lilies. Miss Florence Ardy was her sister's bridesmaid, gowned in ivory Canton crepe and carrying Columbia roses. Mr. W. Haysom, nephew of the groom, was best man. Mrs. Ardy, mother of the bride, received with Mr. and Mrs. Smith, wearing a gown of black satin with an overdress of lace, and wearing a corsage of roses. A buffet supper was served and the guests numbered forty.

Western Ontario Women's Activities

Address News For This Column to The Editor of Woman's Page.

PALMYRA W. I.

Mrs. D. Buchanan, Thamesville, district president, and Rev. Mr. Abbott, Morpeth, will be the speakers at the monthly meeting of the Palmyra Women's Institute, to be held Tuesday, September 19, at the home of Mrs. Archie Armstrong. Special music will be provided, and tea served by the west group. A collection is to be taken on this occasion in aid of the Institute funds.

Fashion's Forecast

By Annabel Worthington

A SIMPLE STYLE THAT YOU CAN MAKE YOURSELF.

That the straight-line mode still continues to hold the center of the stage in the fashion world is evidenced by this smart one-piece dress. For dressy wear you might choose velvet or velveteen with chiffon trimmings for this style. For more practical wear wool crepe with contrasting crepe de chine for trimming is suggested, and then your completed garment would cost about $7.50, figuring wool crepe at $1.85 per yard, with crepe de chine at $1.50 per yard. If you are at all quick with the needle you could make this frock in about two days.

1332

The pattern, No. 1332, cuts in sizes 36, 38, 40, 42 and 44 inches bust measure. Size 36 requires 2⅞ yards 36-inch material, with 1⅛ yards 36-inch contrasting. Price 15 cents, stamps or coin (coin preferred).

CynthiaGrey's Mail-Box

WEEPING WILLOW'S MITE.

Dear Miss Grey,—I am sending you another letter as I forgot to put a stamp on that letter I wanted you to send for me, so I am sending you a stamp to pay for the one I owe you, and also the 10 cents we failed to send in the other letter. If I can, I intend to go to see the Children's Hospital opened, as I won't be able to go to the Fair this year. Miss Grey, I don't see how you can think of such nice answers you put to every letter. I was very much pleased with the answer you put in mine, and to my little girl's (The Brown-Eyed Daisy). Don't you think she is getting on fine at school, and I hope she keeps on like that. She is quite a help to me this summer. I must close. Wishing you good luck with the fund. Yours sincerely,

WEEPING GWILLOW.

I found the stamp and mite this time, Weeping Willow. I hope you are able to come to the opening of the hospital, as it will be well worth seeing, and you can see our cot also. Your little one is doing very well at school, and I am sure she is a great help during vacation months. Thank you for the hospital mite.

RECEIVED PRESENTS.

Dear Miss Grey,—I thought I would write again, and tell you what I got for birthday presents. I got a silk dress, a pair of oxfords and stockings, an apron, and a handkerchief. I also got two birthday cards from two of the Boxites.

How would you like to work in tobacco, Miss Grey? I have to, but I don't like it very well.

I am sending in the words of "The Wild Cowboy" for A High School Girl.

I saw where Handy Hanna was troubled by the cats taking the chicks. We were, too, and the only way to do is kill the cats before they kill the chicks. To tie the cow's legs, take a rope and tie just above the stifle, and that will keep her from kicking, as we used to do that with one of ours. Good luck to the Mail-Box. SARDONYX.

What a lovely lot of presents you received on your birthday, Sardonyx, and the Boxites remembered you, too! How splendid. The words have already been sent in for A High School Girl, so I have placed yours on file. As I have never worked with tobacco, Sardonyx, I couldn't say if I liked it or not. Thanks for the advice for Handy Hanna. I'm afraid from all reports the cat will be no more.

FUR-EDGED PANELS.

Loose panels, edged with wide bands of fox or kolinsky, are featured on the new winter frocks of crepe and wool.

NEW NEGLIGEES.

Some of the smartest new negligees are made of heavy crepe cut on Grecian lines and trimmed only with very wide double hemstitching.

Outstanding Spea ers Coming For Annual W. I. Convention

The program has been drafted for the 1922 annual convention of the Western Ontario Women's Institute, to be held Nov. 7, 8 and 9, in this city in the Masonic Temple. Members of the program committee, including Mrs. George Edwards, Komoka, provincial president; Miss Ethel Chapman of the W. I. branch, department of agriculture; Mrs. A. T. Edwards, London, and Mrs. John Macfie, Appin, held a prolonged session in the chamber of commerce board room Thursday, planning to make the sessions this year of live interest, covering a range of subjects of paramount importance to women in their homes and as citizens.

The name of Hon. Manning Doherty, minister of agriculture of Ontario, appearing on the opening night program, Tuesday, Nov. 7, is sure to be a strong drawing card. Another speaker of outstanding promise is Toronto's women police magistrate, an old friend of the Western Ontario W. I., otherwise Dr. Margaret Patterson. Her subject, on which she will give an address on Wednesday evening, is: "Our Laws and Young Delinquents."

Instead of following the custom of visiting the Byron Sanatorium, it is proposed this year to give the delegates an opportunity of seeing for themselves the beautiful new War Memorial Children's Hospital, to which they have given valuable assistance. Tuesday evening the usual first night banquet will be tendered by the city, the Women's Canadian Club acting as hostesses.

The following is the tentative program:

TUESDAY, NOV. 7.

FORENOON—Registration of delegates at chamber of commerce, Tecumseh Hotel.

MASONIC HALL, 1:30 p.m.—Mrs. John Macfie, Appin, presiding.

Singing.

Devotional exercises, conducted by Mrs. A. T. Edwards, London.

Chairman's address.

2 to 2:15 p.m.—"The Institute and Community Work," Miss Elizabeth Craig, Mandaumin.

2:15 to 3 p.m.—Open discussion on organized sports, community halls, university extension, libraries.

3 to 4:30 p.m.—Reports of districts.

EVENING—Mrs. Dr. Downing, Otterville, presiding.

7:30 to 8 p.m.—Community singing.

8 p.m.—Address, G. A. Putnam, Ontario Women's Institutes.

9 p.m.—Address, Hon. Manning Doherty, minister of agriculture.

WEDNESDAY, NOV. 8.

FORENOON—Mrs. White, Kingsville, presiding.

9 a.m.—Community singing.

9:30 a.m.—"Modern Conveniences for Farm Homes," Miss Mary Grant, president Ontario Municipal Association.

9:45 to 10 a.m.—Discussion.

Music.

10 to 10:30 a.m.—"Women in Agriculture," Mrs. Sutherland Ross, Embro.

10:30 to 11 a.m.—Discussion.

WEDNESDAY AFTERNOON.

2 to 3 p.m.—Reports of girls' work.

Music.

3:15 to 3:30 p.m.—"Co-operation Between Junior and Senior Institutes," Miss Emily Guest.

3:30 to 4 p.m.—"The Institute and the Federation," Mrs. George Edwards, provincial president.

WEDNESDAY EVENING.

7:30 to 8 p.m.—Community singing.

8 to 8:45 p.m.—"Our Laws and Young Delinquents," Dr. Margaret Patterson, police magistrate, Toronto.

8:45 to 9 p.m.—Music.

9 to 9:15 p.m.—Child Welfare demonstration for Western Ontario, Dr. George Ramsay.

9:15 to 9:30 p.m.—Music.

9:30 to 9:45 p.m.—"Medical Inspection and the School," Dr. H. W. Hill.

9:45 to 10 p.m.—Music.

10:15 to 10:30 p.m.—"Continuation Schools," Mr. John Stuart, clerk of Middlesex.

THURSDAY, NOV. 9.

FORENOON SESSION—Mrs. Crow, Byron, presiding.

9 a.m.—Community singing.

9:20 to 9:30 a.m.—Address, Mrs. Charles Macoun, Campbellford, Provincial Federation secretary-treasurer.

9:30 a.m.—"How to Increase Membership," by member of Coulthardt Institute.

"Organizing in New Centres," Mrs. McLennan, Sarnia.

"Institute Funds and How to Spend Them," Mrs. John Middleton, Granton.

Representatives appointed from the district conventions in the summer will meet between the afternoon and evening sessions Tuesday to name three directors from Western Ontario for the provincial board.

GRAY'S, LIMITED

ALIAS THE LONE WOLF

BEGIN HERE TODAY.

When the brilliant member of the English Secret Service known as ANDRE DUCHEMIN attempted to throw the Bolsheviki off his trail by taking a walking tour in southern France, he encountered adventures even more hazardous than those he attempted to avoid.

After a terrific battle with a Parisian Apache, Duchemin rescues from highwaymen MME. DE SEVENIE, her granddaughter, LOUISE DE MONTALAIS, and EVE DE MONTALAIS, widow of Mme. de Sevenie's grandson, who was killed in the World War.

GO ON WITH THE STORY.

CHAPTER IV

Enter Romance.

WHEN she had graciously permitted Duchemin to assist her to a place in the carriage, Madame Sevenie turned immediately to comfort her granddaughter. It was easy to divine an attachment there, between d'Aubrac and Louise de Montalais; Duchemin fancied (and, as it turned out, rightly) the two were betrothed.

But Madame de Montalais was claiming his attention.

Momentarily a hand slender and firm and cool rested in his own. Then its owner was settling into place beside Madame de Sevenie, and Duchemin clambering up to his on the box.

The road proved quite rough and ill grace the charge that his emdeclivitous. Duchemin was grateful for the moonlight—until he remembered that without the moon there would have been no expedition that night to view the mock ruins of Montpellier by its unearthly light, and consequently no adventure to entangle him.

Upon this reflection he swore softly but most fervently into his becoming beard. He was well fed up with adventures, thank you, and could have done very well without this latest.

What now of the comfortable pseudonymity of Andre Duchemin? Posed in an inescapable glare of publicity, how long might he hope to escape recognition by some acquaintance, friend or enemy? Heaven knew he had enough of both sorts scattered widely over the face of Europe!

It seemed hard, indeed . . .

At La Roque it was as Duchemin had foreseen. Whereas the motor car was waiting safe and sound enough, its chauffeur had vanished into thin air. Whereupon Duchemin asked whether the chauffeur had been a stout man, and being informed that it was so, considered the case complete. Mesdames de Sevenie et de Montalais, he suggested, might give up all hope of ever again seeing that particular chauffeur.

The landlord of the auberge, a surly sot, who had supplied the barouche with the man to act as driver and guide in one, took with

ployee had been in league with the bandits. But this was true on the word of Madame de Montalais; it was their guide, she said, whom Duchemin had driven over the cliff. And (as Duchemin had anticipated) her name alone proved enough to silence the landlord's virtuous protestations.

Seated beside Madame de Montalais, Duchemin watched her operate the car with skilful hands on the road to Nant.

The sweep of night air in his face was sweet and smooth, and stroked his eyelids with touches as bland as caresses of a pretty woman's fingers.

It was good to be alive tonight, alive and weary and not ill-content with self, in a motor car swinging swiftly and silently along a river road in the hills of Southern France, with a woman lovely and mysterious at the wheel.

Duchemin was conscious of something like a shock of emotion, a sudden surging of some hunger that had long lain dormant in his being, unsuspected, how long he could not surmise, gaining strength in latency, waiting to be awakened and set free by one careless, sidelong look and smile of a strange woman.

"Eve," he whispered, unheard, "Eve de Montalais . . ."

CHAPTER V.

Phinuit & Co.

IN the upshot, however, legal necessity had nothing to do with the length of time devoted by Monsieur Duchemin to kicking idle heels in the town of Nant; where the civil authorities proved considerate in a degree that gratified and surprised the confirmed Parisian.

The driver-guide of La Roque turned out to have been a thoroughpaced scamp, well and ill-known to the gendarmerie; the wound sustained by Monsieur d'Aubrac bore testimony to the gravity of the affair, amply excusing Duchemin's interference and its fatal sequel.

Late in the afternoon of his second day in Nant, Duchemin let his vision dwell upon the distant chateau almost as constantly as his thoughts.

He was to dine there that very evening. He had yet to hold one minute of private conversation with Eve de Montalais, and yet . . .

Now he had seen Madame de Montalais another time, and had found that she fitted to the sweetest detail of perfection his ideal of Woman.

On the previous afternoon, meeting the ladies of the chateau by arrangement in the bureau of the mayor, Duchemin had sat opposite and watched and listened to Eve de Montalais for upwards of two hours.

Posed with consummate elegrance in her half-mourning, she had narrated quietly her version of last night's misadventure, an occasional tremor of humor lightening the moving modulations of her voice. A deep and vibrant voice, contralto in quality, hinting at hidden treasures of strength. A fair woman, slim but round, with brown eyes level and calm, a translucent skin of matchless texture, hair the hue of bronze laced with intimations of gold. . . .

Her age, she said, was twenty-nine; her birthplace, the city of New York; her parents, Edmund Anstruther, once of Bath, England, but at the time of her birth a naturalized citizen of the United States, and Eve Marie Anstruther, nee Legendre, of Paris. Both were dead. In June, 1914, she had married, in Paris, Victor Maurice de Montalais, who had been killed in action at La Fere-Champenoise on the ninth of September following. Her home? The Chateau de Montalais.

On the hand Duchemin saw a blue diamond of such superb water that this amateur of precious stones caught his breath for sheer wonder at its beauty and excellence and worth. Such jewels, he knew, were few and far to seek outside the collections of princes.

The mellow resonance of a two-toned automobile horn, disturbing Duchemin's meditations, recalled him to Nant in time to see a touring car of majestic proportions which was sweeping a fine curve

"WHAT'S THE AWFUL IDEA, YOU BIG STIFF?"

round two sides of the public square.

Instantly, as the wheels ceased to turn, a young man in the smartest livery imaginable, green garnished with gold, leaped smartly from the driver's seat, with military precision opened the door of the tonneau and, holding it, immobilized himself into the semblance of a waxwork image with the dispassionate eye, the firm mouth, and the closely razored, square jowls of the model chauffeur.

Rustics and townsfolk were already gathering, when from the tonneau descended first a long and painfully emaciated gentleman, whose face was a cadaverous mask of settled melancholy and his chosen toilette for motoring (as might be seen through the open and flapping front of his ulster) a tightly tailored light gray cutaway coat and trousers, with a double-breasted white waistcoat, a black satin Ascot scarf transfixed by a single splendid pearl, and spotless white spats.

His hand, as gaunt as a skeleton's, assisted to alight a young woman whose brilliant blonde beauty, viewed for the first time in evening shadows, was like a shaft of sunlight in a darkened room. A well-made creature, becomingly and modishly gowned for motoring, spirited yet dignified in carriage, she was like a vision of the Rue de la Paix.

Following her, a third passenger presented the well-nourished, indeed rotund, person of a Frenchman of thirty devoted to "le Sport"; as witness his aggressively English tweeds and the single glass screwed into his right eye-socket.

Like shapes from some superbly costumed pageant of high life in the twentieth century this trio drifted, rather than merely walked like mortals, across the terrasse and into the Cafe de l'Univers.

But there was more and better to come.

There remained in the car a mere average man, undistinguished but by a lack of especial distinction, sober of habit, economical of gesture, dressed in a simple lounge suit such as anybody might wear, beneatn a rough and ready-made motor coat.

"We dine here, Jules," he announced in English.

Settling into place behind the wheel Jules saluted with fine finish and deference.

"Very good, Mr. Phinuit, sir," he said meekly, in the same tongue. To this he added, coolly, and in precisely the tone of respect that became his livery: "What's the awful idea, you big stiff?"

Mr. Phinuit betrayed not the slightest sense of anything untoward in this mode of address.

"Why," he said pleasantly—"you misbegotten garage hound—why do you ask?"

In the same manner Jules replied: "Can't you see it's going to rain?"

"So it is," Mr. Phinuit commented amiably; indeed, not without a certain hint of satisfaction. "Blessed if you don't see everything."

"How do you get that way? Do you want us all to get soaked to our skins?"

"My dear Jules!" Mr. Phinuit returned, with a winning smile—"I don't give a tupenny damn if we do."

At that moment arrived the caleche which Duchemin had commanded to drive him to the chateau; and with a ride of two miles before him and rain imminent, he had no more time to waste.

(Continued in Our Next Issue.)

JACK DAW'S ADVENTURES

BY ELTON

DON'T BE DISCOURAGED JACK, SAID THE SHERIFF AFTER THE LITTLE ADVENTURER TOLD HIM WHAT HAD HAPPENED. WE CAUGHT THE REST OF THE BAND AND HAVE THEM UNDER LOCK AND KEY.

THEN THE SHERIFF INTRODUCED JACK TO THE RANCH FOREMAN, WHO WAS VERY GLAD TO MEET HIM, AS THE OFFICIAL GAVE THE BOY ALL THE CREDIT FOR THE CAPTURE OF THE BANDIT'S MEN.

THE FOREMAN EXPLAINED TO JACK THAT PEDRO LOPEZ HAD FOUND OUT THAT THE OWNER OF THE RANCH HAD JUST SOLD OVER A THOUSAND HEAD OF CATTLE, AND HAD THE CASH IN HIS HOME, WHEN THE BANDIT TRIED TO STEAL

HE WOULD HAVE SUCCEEDED BUT FOR THE TIMELY ARRIVAL OF THE POSSE. "ALL THE BANDITS ARE LOCKED IN HERE, BUT LOPEZ, WHO ESCAPED," BROKE IN THE SHERIFF. "WE'LL GET HIM LATER." LESLIE ELTON—NEA

CONTINUED IN NEXT CHAPTER.

Baked Pears With Rice.

BY BERTHA SHAPLEIGH, of Columbia University.

12 pears.
Inch piece of cinnamon.
2 cups milk.
½ cup rice.
1 egg.
2 tablespoons sugar.
½ teaspoon salt,
2 cups sugar.
1 cup water.

PARE, cut in halves, and remove the seeds from the pears. Make a syrup by cooking sugar, water and cinnamon together for five minutes. In this syrup cook the pears, a few at a time, until they are soft, but not mushy. Cook rice in milk for one hour—add sugar, salt and egg and cook five minutes. Turn into a mold and chill. Turn onto a serving dish. Surround with pears and syrup.

Hard winter pears, or the early fall pears, or seckel pears, are all good cooked in this way.

Sometimes a little preserved ginger instead of the cinnamon is used.

Radio Radiations

RAIN will come and go at your own will in the future!

This possibility is another prediction for the field of radio.

It was made by Marconi, the famous inventor. Other radio engineers also have expressed the opinion that the control of rainfall by radio is possible.

Just as a bolt of lightning and thunder are forerunners of a rainstorm, says Marconi, so might radio produce the same result.

"We undoubtedly will accomplish this wonder some day," he says. "And then we will become the lords and masters of life on this planet. We will be able then to obtain any amount of power almost without effort.

"All the work will be done by the sun. Man will merely press the button.

"The developers of water power and of the radio transmission of electrical energy produced by waterpower will become exporters of electrical energy to less fortunately situated countries."

PLOWING BY RADIO.

Radio will be more of a material help than an entertainment to farmers in the future. John Hayes Hammond, junior, the radio inventor, predicts plows will be controlled by radio. A large number of "gang plows" could be operated, he believes, from a central radio station.

MORE PROTECTION.

Radio at the lighthouses along our coasts has increased the service from the keepers of these beacons and improved their living conditions, says a report of the department of commerce.

FIRST STATION DOWN.

Poldhu, the first high-powered wireless station in the world, has been abandoned. Instead of this tower off the coast of Cornwall, England, the Clifden station of the Marconi Company in Ireland will send out broadcasts to passengers at sea. Poldhu was the first station to send a radio message across the Atlantic.

ONTARIO MOTHER HELPS DAUGHTER

Mothers—watch your daughter's health. From the time she reaches the age of twelve until womanhood is established she needs your care and advice. Many women have suffered years of ill-health through lack of such care during this time.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for girls and women. For nearly fifty years it has been helping mothers and daughters. Let it help you and your daughter.

Hamilton, Ontario.—"When my daughter was thirteen and until she was fifteen she suffered every month so that she could hardly move around the house and when she would have the pains in school she would have to be carried home. Besides the pains and the irregularity she also had headache, dizzy and faint spells, and soreness in her back. I saw your advertisement in the 'Hamilton Spectator' and got Lydia E. Pinkham's Vegetable Compound for her. She does not have the least bit of trouble now, and we both recommend your medicine. She works in a candy-shop now and seems well and strong."—Mrs. I. P. CLAUSE, 76 Walnut St., South, Hamilton, Ontario.

PLANNING HELP FOR DEFECTIVES

Toronto Board of Health Takes Step to Deal With Problem.

Dr. Hastings States 2 Per Cent of Children Mentally Sub-Normal.

TORONTO, Sept. 14. — Urged by Dr. C. J. O. Hastings, Toronto, medical officer of health, the Toronto Board of Heath has decided to take steps at once to deal with the mental defective problem.

The board at its meeting today authorized its chairman, Dr. Risk, to convene a joint meeting of the board and the members of the citizens' committee appointed some years ago, which made a number of important recommendations that were never acted upon, to consider ways and means of handling the problem.

This meeting is to be held some time next week, if possible, and the co-operation of the Dominion and provincial governments will be sought.

Dr. Hastings introduced the matter in his monthly report, in which he said that from surveys made in the years 1910-21 it had been revealed that two per cent of the children attending the public schools in the percentage was much higher, and there was good reason to believe the percentage was much higher.

He deplored the fact that, apart from the provisions made by the board of education for holding industrial auxiliary classes in the schools, nothing was being done to care for mental subnormal children, while mental defectives of adult age were free to do anything they pleased, with disastrous results to the community generally.

GIRL STUDENT WINS $1,400 SCHOLARSHIP

Miss Honora Cochrane Secures Coveted French Government Award.

TORONTO, Sept. 14.—The University of Toronto announces that the first student to be awarded the French government's scholarship, of a value of about $1,400, is Miss Honora Cochrane, B.A., of Toronto, who has been chosen from the graduating class of this year.

She has specially distinguished herself among the students of modern languages, particularly in French. She has spent some time in the province of Quebec, and won this year's Quebec Bonne Entente prize. It is probable that Miss Cochrane will spend a few years in teaching, in France.

The French government last year, for the first time, opened to students of the University of Toronto the much-coveted posts for English-speaking teachers in the government secondary schools in France, and this year showed in a more striking way its appreciation of the work done in French by students of the university through the offer of a student scholarship.

ROYAL YEAST CAKES MAKE PERFECT BREAD

For many years physicians have prescribed yeast for the correction of certain physical disarrangements, such as boils, constipation, pimples and intestinal troubles. Royal Yeast Cakes are rich in vitamines and serve to tone up the blood. Royal Yeast Cakes are on sale in practically every grocery store. REO SPEED WAGON HOLDS FAIR CROWDS' INTEREST

Beemer & Company Feature New Motor Truck at Fair Exhibit.

There is only one genuine speed wagon—that's the Reo. Featuring trucks only, the Beemer & Co. exhibit thoroughly demonstrates the fact that in the Reo lies the secret of hundreds of thousands of miles of reliable service.

Every major unit in the Reo Speed Wagon is Reo-designed and Reo-built. Motor, radiator, clutch, universal joints, transmission, rear axle, stearing gear,—all are produced in the Reo shops, and all must meet Reo standards of quality. The Reo is easily convertible, and as many as five bodies are available with the use of a few basic parts.

Thirty miles an hour instead of fifteen, pneumatic cord tires instead of solids, these are some of the reasons so many visitors to the fair have been interested in the Beemer & Co. display. And thousands, to whom a Reo formerly meant only a motor truck, now are firmly convinced that to be a speed wagon, it must be a Reo.

REPORT ACTIVITY IN FAIR BUSINESS

Concessionaires and Exhibitors Look Forward to Crowds on Friday.

Although business decreased considerably in most quarters at the Western Fair on Thursday, due to the drizzling rain, concession men and exhibitors are fairly well pleased with the week's accomplishment, and are looking forward to a big rush Friday.

While business cannot be compared with that of last year, the majority of the exhibitors are optimistic in their views and lay the blame to the inclement weather, which has kept many from attending.

A certain lunchroom, under the bleachers, did more business on Thursday in proportion to the crowd attending than it has done any other day this week, according to the proprietor.

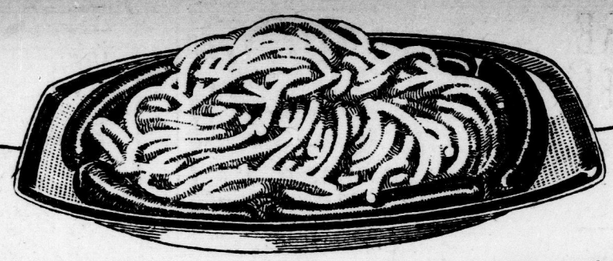

The Midway attractions still continued to gather crowds until the riding devices were totally disabled due to a break in the wires at Hamilton road and Rectory street, and even then, the shows continued to attract those who braved the downpour.

Money was plentifully in circulation as was evidenced by the fact that prize-winners at the various booths were carrying dolls, jars, etc., in proud fashion as they dodged from tent to tent, while the lunchmen continued to shout "Himberger."

MANY SLIPS.

This season many tunics are being made for one foundation slip, giving the effect of many frocks. Black satin, or gold or silver metal cloth are most satisfactory as foundations, for they give an opportunity for greater variety.

The F-50 Motor develops *real pulling power* at speeds as *low* as 67 r. p. m. The average engine begins to pull only *above* 300 r. p. m.

LABOR READY TO ENTER ELECTION

Egerton Wake States Party Has Conserved Political Funds.

Denies Executive Thinking of Reducing Number of Candidates.

LONDON, England, Sept. 14.—(By Canadian Press Cable).—Discussing the rumors of the possibility of a general election being held this autumn, and the intentions of the Labor party in connection therewith, Egerton Wake, the national agent of the party, interviewed by Reuter's Agency, said the Labor party and its affiliated bodies had conserved their political funds, despite the economic pressure from the trade depression, and was ready for the election whenever it came.

Mr. Wake denied the executive of the Labor party was considering the question of reducing the number of Labor candidates in order to afford opportunities to candidates of another party.

The policy of the Labor party, Mr. Wake said, was an extended front and encouragement to every constituency where the organization's resources were available and the promotion of the candidates' interests. There were at present, he said, 400 indorsed Labor candidates, and another 50 constituencies were negotiating for candidates. Still other constituencies were developing their organizations, with a view to securing Labor candidates.

Half the Labor candidates, Mr. Wake said, were nominees of trade unions; 50 were nominees of the Independent Labor party, while 150 were nominees of the local Labor parties. The candidates included so-called intellectuals, such, for instance, as army and navy officers, literary men, doctors, ministers, university professors and school teachers.

LAUD OPERATIONS OF DRY MEASURE

Hamilton Methodists Record Appreciation of Hearst and Drury Governments.

HAMILTON, Sept. 14.—The Hamilton Methodist district meeting this morning passed the following resolution:

"Whereas the Hon. Sir William Hearst in 1916 placed the Ontario temperance act on the statute books of our province, and

"Whereas in doing this he had the enthusiastic support of the opposition leader, Hon. N. W. Rowell, and

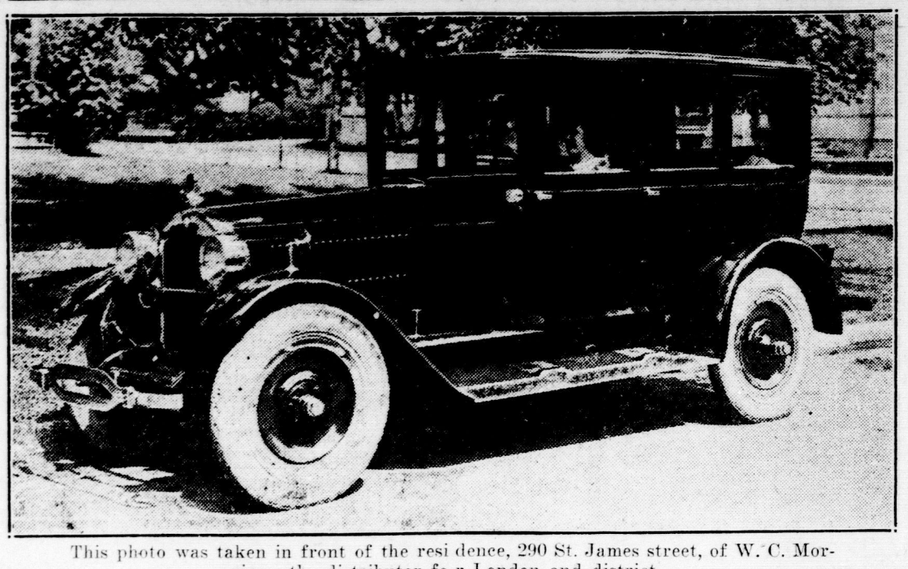

"Whereas Sir William Hearst refused all requests from liquor deputations to tone down his legislation, and

"Whereas the electors of Ontario in 1919 by a magnificent majority signified their approval of the temperance act brought forward by Sir William Hearst, and

"Whereas the Drury government is loyally standing by the measure which under Premier Hearst's leadership, was unanimously adopted by the Legislature, and was subsequently overwhelmingly endorsed by the electorate of the province,

"Therefore be it resolved that this Hamilton district meeting of the Methodist Church rejoices to place upon record the foregoing great historic facts—these milestones of our triumphant march—and to pay tribute to the man who delegalized and dethroned the traffic that had hitherto not only terrorized over many public men and deceived more, but had been for so many years a debasing, corrupting and deadly factor in the social, political and moral life of our province and we would respectfully urge citizens generally to support the officers of the law in enforcing this act which has had such a wonderful history and that has already produced such beneficial results."

Believe Danger of M. C. R. Shopmen At St. Thomas Striking Now Past

Special to London Advertiser.

ST. THOMAS, Sept. 14.—Danger of a strike in the local shops of the M. C. R. appears to be over. Instructions to remain at work on account of their case being included in the separate settlement scheme accepted in Chicago Wednesday evening were contained in a telegram received here Thursday from B. M. Jewell, the men's leader in the United States.

Much uncertainty prevailed before the message came concerning the position of the New York Central Lines in the sectional settlement plan, as the press reports sent out last night were not official and merely reported that it was believed that the New York Central Lines were included in the separate agreements. Wires were sent to the Chicago heads early this morning asking for confirmation of the press reports of the acceptance of the agreement plan and also for an explanation in regard to the position of the Canadian Division of the M. C. R. Mr. Jewell's wire was the answer.

One of the most pleased men in the local shops, when the message was delivered, was Master Mechanic E. R. Webb.

"You can just tell the public that everybody is smiling down here, including the master mechanic," he stated. St. Thomas has lived up to its tradition by averting another strike. Never has there been a walkout in St. Thomas shops, so far as I know. We have a clear record here and I certainly am proud of it. It shows that the shopmen are sane thinkers. It is a compliment to them indeed."

COPPER EFFECTS.

Silver, bronze and copper effects in laces and beads are used extensively on the newest hat models. As the season advances the more tarnished metal cloths are supplanting the very brilliant gold and silver ones.

Mexico is talking prohibition again. So are we.

CHARGE FULLARTON MAN WITH ASSAULT

Two Criminal Cases to Come Before Justice Logie at Stratford.

Special to London Advertiser.

STRATFORD, Sept. 14.—There are two criminal cases which will come before Justice Logie in the high court division to the supreme court, which opens Tuesday. Charles Colle of Fullarton will face a charge of criminal assault, and Robert Ormison of Mitchell, a charge of homicide following the death of Bert Cook.

Stratford's population has increased over 600 during the past year, according to an announcement made today by City Assessor T. M. Duston, who has completed his rounds of the city's official figures. Last year's were 17,611, whereas this year they are placed at 18,244.

The local collegiate institute will be represented in the W. O. S. S. A. series this year by both a rugby and a soccer team, while a soccer league will also be entered in the South Cup series.

T. R. Pallman, mathematics master at the Brampton High School for the past seventeen years, has been appointed by the department of education as mathematics master of the Normal School, to fill the vacancy caused by the death of the late J. W. Forbes. Mr. Pallman has had a very successful career in Brampton. He was president of the Home and School Association and prominent in Masonic circles. The Normal School reopens on Tuesday next, although Mr. Pallman may not assume his new duties until a week later.

PRIME MINISTER BIDS FAREWELL TO OLD FRIENDS

Travels Length and Breadth of North Waterloo Renewing Acquaintances.

OPENS LINWOOD STREET

Children Enthusiastically Greet Premier as He Passes Through Towns.

KITCHENER, Sept. 14.—(By Canadian Press)—With a day given over to the renewal of friendships throughout the length and breadth of his former constituency of North Waterloo—a day devoted to travel from town to town over muddy roads and through torrents of rain—Right Hon. W. L. Mackenzie King, prime minister of Canada, concluded his two-day visit to his old home.

Today was children's day, the boys and girls of the schools in each town turning out en masse to greet the prime minister with branches of waving maple leaves, with beautiful bouquets of asters and with songs. Incidentally it is not likely that Mr. King will forget the words of "O Canada" in a hurry. He heard them at least seven times during the trip, lustily entoned on each occasion by several hundred enthusiastic youngsters.

Leaving Kitchener before nine o'clock this morning the prime minister, accompanied by W. D. Euler, member for North Waterloo, and by several autos filled with citizens, motored to Bloomington. At Conestoga Mr. King was again the recipient of flowers, this time at the hands of tiny Miss May Ebel.

Conestoga was also the birthplace of a new addition to the national anthem. Here the children after singing the first formal line interpolated "God save our Billy King," this to the great delight of their elders.

Speaks at Elmira.

At Elmira, where the audience filled a large curling rink, Mr. King urged strongly for unity and goodwill, stressing, especially to the children, the vital necessity of having faith in Canada, in the Canadian form of government and in being good Canadians. Nothing, he said, could be achieved through ill-will or anger. There must be co-operation and understand between all races and creeds. No person knew or fully appreciated the vastness or the tremendous possibilities of Canada, and it was only through the manifestation of the spirit of goodwill that this country could be brought to the realization of her greatness.

During the afternoon Mr. King visited St. Jacobs, St. Clement, Wellesley, Heidelberg and Linwood, and in each was called upon to address gatherings of children and grown-ups. In some instances the downpour drove everybody into the town halls, while in other the crowds stood patiently in the rain.

In all, Mr. King spoke eight times during the day, and on each occasion was presented with short addresses, all containing kindly wishes for his prosperity and success, and voicing their appreciation of the honor of the prime minister's visit. His departure from Kitchener tonight was marked by a further demonstration.

Mr. King will visit his own constituency of North York tomorrow, and will speak at a political picnic at Stouffville in the afternoon. In the evening he will present athletic prizes and deliver an address at Aurora. On Saturday afternoon he will be the principal speaker at a gathering of the York Pioneers at Sharon. He will return to Ottawa Sunday morning.

OPENS LINWOOD STREET.

Special to London Advertiser.

LINWOOD, Sept. 14.—Completing his tour through Waterloo County, Rt. Hon. W. L. Mackenzie King officially opened the street of Linwood this afternoon. Despite the drizzling rain which lasted all day, a large and enthusiastic throng turned out to greet the premier.

On his arrival in the village, following a welcome by the trustees, the children assembled in front of the platform, and two little girls presented Mr. King with a bouquet of dahlias, in response, the premier stooped while each child placed a kiss on his cheek.

At the opening of his address, Mr. King stated that while last night marked the end of a perfect day to him, this final opportunity to speak to the people of his former riding, marked the end of the happy visit. "I thought," said the premier, "that when I was elected member for North Waterloo it was the greatest experience in my life, but the privilege of returning to my old riding is the greatest of all."

Regarding the ceremony of opening the new local pavement, Mr. King stated: "I have opened doors, envelopes and bottles, but never have I opened a street, so I hardly know how to go about it. I am pleased to have the privilege, and I think the most fitting way is that we should gather round as Canadians and promise to serve our country."

Mr. King stressed the importance of the church, the school and the home, and the value of pride in the community and country.

Urges National Unity.

During the remainder of his speech the premeir also made a plea for national unity and good-will, saying: "Out of the war a great legacy of discord and ill-will has come; nothing can be built up out of hate. Love is the greatest power in the world; our duty is to change ill-will to goodwill; that is the note that should be sounded, because the country is made up of different classes, with different customs and creeds. Goodwill between the countries is the only way that we can make a great human family out of the world.

"On thanking you for your warm welcome, I must say that I shall never forget what these two days have meant to me, and I will never be able to express my gratitude. I will go back to work with a new courage and inspiration, because I go back with the good-will of the people," concluded the premier.

F. W. Hay, M.P.P., Liberal leader for Ontario, was unable to attend, and a heavy downpour of rain prevented other speakers from delivering addresses.

Before leaving Mr. King shook hands with and greeted many of his old friends, and "Same Old Billy" were the words on nearly every lip.

Kangaroo Glide in English Zoo.

Keeper and Animal Indulge In Some Fancy Stunts.

LONDON, Sept. 14.—This kangaroo in the London zoo likes a waltz now and then. And his keeper is always a willing partner. The keeper stated that he had little difficulty in training the kangaroo and that the animal shows unusual intelligence in many ways.

ANGLICANS HEAD HAMILTON CENSUS

HAMILTON, Sept. 14.—The religious census figures for Hamilton were given out today. Anglicans stand first with 33,528; Presbyterians next with 24,771 and Methodists third with 20,893. Anglicans and Presbyterians each had increases in membership and Methodists a slight decrease.

The figures for other denominations follow: Roman Catholics, 19,156; Baptists, 5,681; Hebrews, 2,726; Gospel Tabernacle, 2,165; Salvation Army, 1,008; Congregationalists, 802; Lutherans 884; Christian Scientists, 304; Disciples of Christ, 64; miscellaneous, 8,295.

If winter comes, can heavy underwear be far behind?

When hubby can't smoke in the parlor you know who is boss.

SCORES TALK ON MORATORIUM

Sir John Aird Takes Exception to Premier Dunning's Statement.

Declares Drastic Financial Action for West Not Necessary.

WINNIPEG, Sept. 14.—(By Canadian Press.)—That the reference made by the Hon. Charles Dunning, premier of Saskatchewan, during a conference on financial matters at Regina on Wednesday, to a moratorium in that province was ill-advised was the opinion expressed here by Sir John Aird, vice-president and general manager of the Canadian Bank of Commerce, who reached Winnipeg today en route west.

Referring to the statement of Premier Dunning that the province "was nearer to a point at which a general moratorium may have to be declared than it ever has been," Sir John declared that no necessity for such extreme measures exists in the West. He pointed out that the bankers were not responsible for the price of grain, nor could they influence it.

"We would like," Sir John said, "to see the farmers get a minimum price of a dollar a bushel. That would mean a selling price of around $1.25. However, the cost of the crop has not been so great as for previous crops. Labor has been less, machinery is a little lower, twine today costs less, and general living expenses have been reduced. There will be a lot of money in the country and there is not going to be any such effort to extract the last dollar from the farmer."

LEAVES TEAM IN BLENHEIM BARN

W. P. Tanner, Employed by London Construction Firm, Disappears.

Special to London Advertiser.

BLENHEIM, Sept. 14. — The whereabouts of W. P. Tanner, who was last seen at Chatham Fair last week, is sought after by the authorities here, who state that he was working a team belonging to William McClure of the third concession of London Township, Middlesex County, this summer for the Webster Construction Company of London.

For some weeks they have been working in Harwich Township, south of Blenheim. Tanner left the team in the barn here with other teams last week and has not returned since to take care of them, nor apparently did he leave any instructions as to what was to be done with them. It is stated that he has been drawing the pay for himself and team at the rate of $6 per day.

Yesterday an effort was made by wire to get into touch with the owner of the team, but up to a late hour this afternoon the owner had not been reached. Tanner had been working with the company since June. The matter is being investigated by the police here. In the meantime, the animals will be looked after until reclaimed by the owner.

DENIES REVOLT IN PALESTINE NEAR

LONDON, Sept. 14.—The colonial office this evening issued a formal denial of rumors in circulation that a revolt is imminent in Palestine.

It is asserted that the country is quite tranquil.

Don't trifle with constipation —if you expect to be healthy!

Constipation "knocks-the-spots" out of men, women and children! Yet, it is about the last thing that the average person tries to correct—until it is too late!

Eliminate constipation and the slightest constipation symptoms—QUICKLY! Once constipation gets a strangle-hold on your intestines your body is thrown open to diseases such as Bright's and diabetes, which are directly caused by constipation. Hardening of the arteries, most cases of rheumatism and numerous other diseases have their inception in constipation, which also causes premature old age; dulls brains and makes sufferers sluggish.

As dangerous and annoying as constipation is; as terrifying as its possibilities are, yet, you can permanently relieve it with Kellogg's Bran, cooked and krumbled! Bran is not a "remedy," but it is nature's own food—roughage—that acts on the eliminative passages in nature's way, sweeping, cleaning, purifying! Your physician will indorse Kellogg's Bran for constipation.

We guarantee that Kellogg's Bran will relieve the severest case of constipation IF IT IS EATEN REGULARLY—at least two tablespoonfuls daily; in chronic cases, eat it with each meal.

And Kellogg's Bran is delicious—its nut-like flavor appeals to the most fastidious appetite. Use Kellogg's Bran as a cereal or sprinkle it over your favorite cereal; or, it can be used to make delightful raisin bread, gems, pancakes and a host of good things—and all the time working for health. Buy Kellogg's Bran at grocers. It's wrapped "WAXTITE."

"I Know a Washlady"

"Who never falters, never fusses, never shirks or boosts the price;

"Washes to meet the most exacting tastes; yet never harms a thread in a garment;

"She does all the work and wastes no time about it. An hour is as long as her washday lasts, and she always stands ready for duty at a moment's notice;

"And marvel of marvels, she does all the work of washing and wringing for less than a cent;

"Her name is Miss Simplicity, and she is waiting to see you at the Hydro Shop Exhibit in the Main Building Annex at the Western Fair."

BASEBALL and LATE SPORTING NEWS

MISS A. MACKENZIE BEATEN TWO DOWN

Miss Alexa Sterling Victor in Thrilling Match.

TORONTO, Sept. 14. — Despite bad weather conditions, a drizzle prevailing for the earlier part of the afternoon and a heavy shower falling towards the end of the latter matches, the eight games in the championship flight of the Canadian ladies' golf tournament this afternoon were productive of excellent golf by one or other of the players, and in several cases both contestants were at the top of their form.

The feature match of the day was that between Miss Ada Mackenzie, the present Ontario champion and a former Canadian title-holder, and Miss Alexa Stirling, the United States player, who won the championship at Hamilton in 1920. The meeting was witnessed by a large gallery, despite the rain, and the spectators were well rewarded, as the match was very close, being uncertain until Miss Stirling sank her putt for a half at the eighteenth hole, which enabled her to win by two up.

The scores were:

Miss Stirling:
Out ..... 6 6 5 3 5 5 4 5 5—44
In ..... 5 5 4 5 5 3 4 5 4 6—40—84

Miss Mackenzie:
Out ..... 6 6 5 3 5 5 4 4 6—44
In ..... 4 5 5 3 5 3 5 5 6 4 6—42—86

Mrs. Gavin, of Huntercombe, Eng., whom many expect to be one of the finalists, eliminated Miss Kate Robertson of Beaconsfield, who was runner-up to Miss Mackenzie in 1919 and Miss Stirling in 1920, by 4 and 3. Mrs. Gavin, who went out in 42, compared with her opponent's 43, won five holes to Miss Robertson's one, and made the turn four up. The Montreal player took the tenth and eleventh, but after halving the next two holes, Mrs. Gavin won the fourteenth and fifteenth and the match.

Miss Edith Leitch eliminated Mrs. Murdock of Humber Valley in much easier style than was expected, the game finishing at the twelfth, where the present champion's sister was eight up. Miss Leitch played the best golf that she has shown during the week, and made the first nine holes in 42, three over par.

The showing of Miss Marjorie Annable, the young Montreal player, was favorably commented upon during the first two days, but very few expected her to defeat Miss Bowes of Baltimore. Miss Annable needed a ten-foot putt at the last hole to win the match, but failed. She showed her steadiness by winning at the twentieth, after the nineteenth had been halved.

Miss Cameron of California won her way into the eighth by beating Miss Ahearn of Ottawa. Miss Cameron went out in 41, and won 5 and 4. Miss Sidney Pepler, who will meet Miss Cameron in what promises to be the best match tomorrow morning, won from Miss Thomson of Brantford, while Miss Joyce Hutton, also of the Toronto club, defeated Miss Lesueur of Ottawa. Mrs. Laird of Winnipeg was eliminated by Miss Hazel Kennedy of Montreal, 4 up and 3 to play.

Championship Consolation.

Miss Effie Nesbitt, Hamilton, defeated Mrs. Forsythe Lake View, 8 and 7.

Mrs. M. K. Rowe, Toronto, won from Mrs. C. R. Armstrong, Ottawa, by default.

Mrs. I. Brydges, Winnipeg, defeated Mrs. A. M. Ridout, Lambton, 3 and 2.

Miss M. Findley, Lambton, defeated Mrs. J. L. Counsell, Hamilton, 6 and 4.

Mrs. Wm. Burns, Rosedale, defeated Mrs. W. G. More, Toronto, 2 up.

Mrs. Hope Gibson, Hamilton, defeated Miss H. Baker, London, 4 and 3, 2 and 1.

Mrs. H. Bostwick, Hamilton, defeated Miss Violet Mills, Hamilton, 2 and 1.

Mrs. E. W. Whittington, Toronto, defeated Mrs. B. H. C. Simmes, Mississauga, 3 and 1.

First Consolation—Second Round.

Miss Willo Gake, Lambton, defeated Mrs. H. Riddell, Scarboro, 6 and 5.

Miss S. Kennedy, Royal Montreal, won from Miss Foy, Quebec, 3 and 2.

Mrs. F. C. Ronalds, Kanawaki, defeated Mrs. B. Hayes, Lambton, 2 and 1.

Mrs. G. A. Little, London, defeated Miss E. Brownlee, Rivermede, Ottawa, 1 up.

Second Consolation—Second Round.

Mrs. F. Spry, London defeated Miss M. A. Cameron, Pittsburg, at the 20th hole.

Miss M. Beck, Toronto, defeated Mrs. Pinhey, Ottawa, at the 19th hole.

Mrs. Hicks, Kingston, defeated Mrs. G. G. Jones, Toronto, 3 and 1.

Mrs. J. Lindsay, Weston, defeated Mrs. H. R. Tilley, Lambton, 4 and 2.

Third Consolation—Second Round.

Mrs. E. E. Henderson, Rosedale, defeated Mrs. H. S. Thorne Lambton, 6 and 5.

Mrs. C. H. Carpenter, Rosedale, defeated Miss F. Sharpe, Ottawa, 3 and 1.

Mrs. E. Risdon, Scarboro, defeated Mrs. G. C. Griffin, Winnipeg, 3 and 2.

Mrs. L. Hammil, Mississauga, defeated Mrs. A. D. Miles, Rosedale, 1 up.

SANBERG SOLD TO REDS.

ROCHESTER, N. Y., Sept. 14.—The sale of Catcher Gus Sanberg to the Cincinnati Club of the National League was announced here last night by the Rochester Club. The deal was for cash only, and no players figured in the transaction. Sanberg was purchased from the Toronto Internationals by Rochester early in the season.

WITH AMATEUR NINES

Donohue of St. Peters, Sanford of St. Mikes and B. Clark of St. Martins are leading base stealers with 18 each.

* * *

McGuire of St. Marys leads in extra base hits with four doubles, four triples and two homers.

* * *

Bill Moisse did not hit very well, but was away up in fourth place in fielding with .959.

* * *

The Marconi played a far different brand of ball in the second series to what they played in the first.

* * *

The North End League improved considerably over last year. Next year will see a faster brand of ball.

* * *

If Marconi beats St. Martins in the sudden-death game for winners of second series, a three-game series will be played for the championship.

ELECT OFFICERS OF NEW SOUTH C. I. ATHLETIC CLUB

The election of officers for the London South Collegiate Athletic Association took place yesterday. The honorary officers went in by acclamation, and the following fill the rest of the posts: Vice-president, Murdo McLean; secretary-treasurer, Ted Johnston.

Class representatives will be chosen at a later meeting, and a meeting of the new executive will decide on the fall program next week.

VILLA, LITTLE FILIPINO, IS NEW AMERICAN FLYWEIGHT CHAMPION

NEW CHAMP

HIS VICTIM

Topples Johnny Buff Off Throne With Technical K. O. in 11th Round.

BROOKLYN, Sept. 14. — Pancho Villa of Manilla tonight became the flyweight champion of the United States by scoring a technical knockout over Johnny Buff of Jersey City 27 seconds after the opening of the eleventh round of the scheduled fifteen round bout.

Buff's seconds threw a towel into the ring when Johnny, battered to grogginess, stood helpless before the Filipino's attack.

In the tenth round Villa scored two knockdowns. He began by pummelling Buff with both hands, rushing him to the ropes, and then chasing him across the ring. Buff was reeling when Villa landed his left to the head and sent the American bumping to the floor.

The first time Buff did not take a count, but when Villa placed both hands to the head a few seconds later Johnny lay on the floor until five was counted, and the bell saved him. He was picked up and placed in his chair.

It was Villa's fight from the first. He was always active, always punching for an opening, instead of waiting for a chance, as Buff did. His terrific body blows, with both hands, sapped the American champion in the early rounds, and his crushing left hooks and jabs to the head in the latter rounds brought him the victory.

Buff was unable to open an attack. He tried to edge in blows after the third round, but Villa met every attack with another of two hands, punishing relentlessly.

PILLETTE HOLDS MACKMEN SAFE

Browns and Yanks Both Win, Keeping Margin Same.

DETROIT, Sept. 14.—Pillette was in fine form today, holding the Athletics to two hits after the first inning, and Detroit won by 5 to 2. The Tigers bunched hits with Ogden's passes.

The score:

Philadelphia	200 000 000	2	6 1
Detroit	001 001 21x	5	8 2

Ogden and Perkins; Pillett and Woodall.

BUSH RECORDS 24TH WIN.

CHICAGO, Sept. 15.—Joe Bush of the Yankees was in fine form, and defeated Chicago by 4 to 1, thereby registering his 24th victory of the season. In the fourth inning Ruth drove the ball into the left field bleachers for a home run, his 32nd of the season.

The score:

		R.	H.	E.
New York	100 201 000	4	9	0
Chicago	000 010 000	1	5	1

Bush and Schang; Leverette, Mack and Schalk.

INDIANS WIN ON HOMER.

CLEVELAND, Sept. 14. — "Stuffy" McInnis's home run to deep center in the eighth inning gave Cleveland a 4 to 3 victory over Washington here today.

The score

		R.	H.	E.
Washington	000 030 000	3	11	2
Cleveland	002 001 01x	4	4	2

Erickson and Gharrity; Edwards, Winn, Uhle and L. Sewell, O'Neill.

BROWNS WIN.

ST. LOUIS, Sept. 14.—St. Louis came from behind for the third time in the last foru games and defeated Boston, 5 to 3, in the second game of the series today. The victory, however, does not advance the Browns any closer to the league leaders, as New York defeated Chicago, and, as a result, the locals remain a game and a half hebind.

The score:

		R.	H.	E.
Boston	102 000 000	3	10	1
St. Louis	010 000 22x	5	13	0

Quinn and Ruel; Davis, Wright, Kolp and Severeid.

PATTERSON GETS IN SEMI-FINALS

PHILADELPHIA, Sept. 4.—Playing tennis of a standard and calibre seldom seen by the closest followers of the sport, four players this afternoon reached the semi-finals round of the 41st national singles championship. Two were past and present title-holders in the persons of William M. Johnston of San Francisco and William T. Tilden, II., of this city. The other pair was composed of Gerald Patterson, the Australian Davis cup team ace, and Vincent Richards, the youthful racquet phenomenon from Yonkers, New York. Tilden meets Patterson tomorrow in one of the semi-finals and Johnston plays Richards in the other.

FISTIC STARS CARDED.

TORONTO, Sept. 14. Bill Brennan of Chicago and Al Benedict of New York have been matched to box ten rounds to a decision in Toronto on Friday night, Sept. 22. On the same card, Jack Sharkey, conqueror of Jimmy Wilde, clashes with Curly Wilshur, Canadian featherweight champion, ten rounds to a decision.

PALMERSTON PLAYS LUCAN

N. W. B. A. Finalists Meet In Irish Nine Stronghold Saturday.

LUCAN, Sept. 14.—Saturday, Palmerston nine come here in the first game of the finals for the N. W. B. A. championship, and one of the greatest crowds in the history of baseball in Lucan is expected to see the game. The second game will be played at Palmerston on Wednesday next.

Miller and Daley of Stratford will handle the game.

Palmerston has a fine record as the heaviest hitting club in the N. W. B. A. In 15 games they have scored 188 runs against their opponents' 79.

McGILL SQUAD LOOKS BETTER THAN EXPECTED

MONTREAL, Sept. 14.—Less apprehension reigns in the McGill intercollegiate rugby camp than on the opening day as the result of the gruelling given the red and white squad yesterday afternoon, and the snappy manner in which the inexperienced players performed for the hour and a half that they were put through their paces. M. A. A. A. interprovincial rugbyists are beginning to show the effects of the hard grind under which they have been held by Coach Hughes during the last ten days, the playing squad yesterday evening being surrounded by a fair-sized crowd of injured players unable to take part in the heavier exercises. Tommy Hall is out with a slight injury to his back, Jack Gardner has wrenched his kicking leg, Draper is off with synovitis, Nicholson is nursing injured legs, and other players are suffering with minor ailments who should all be corrected before the beginning of the week.

CHATHAM GIRLS PLAY SOFTBALL.

CHATHAM, Sept. 14. — The special sports committee of the board of education, which looks after athletics in the city schools for girls, has just completed a schedule for indoor baseball games for the girls.

The first games named in the schedule will be played on September 20, when teams from the Queen Mary and C. C. I. will play. Teams from the Central and McKeough schools will also play on the same day.

RACE IN MUD TO PLEASE BIG CROWD

John Henry Makes 2.17 in 2.03 Event at Syracuse.

SYRACUSE, Sept. 14. — Through a haze of misty fog and over a track that was nearly fetlock deep in mud, six horses of the grand circuit today raced simply to please a big crowd of 15,000 harness-race devotees who had gathered for a program of six events and four exhibitions.

Two of the racers that braved the sea of mud were John Henry and John Pershing, driven respectively by Walter Cox and Tommy Murphy. Their event was the 2:03 pace, in which a half dozen other entries were withdrawn.

An idea of the conditions of the track may be gained from the fact that the fastest time in the ordinarily very fast 2:03 pace was 2:17.

Due to postponements from Tuesday, Wednesday and today there are eight races left to be contested before the big line cavalcade moves to Columbus, where a two weeks' program opens on Monday. All of these events will be raced Friday, starting at noon providing weather conditions permit. Tonight it seemed unlikely that any races would be held.

Today's summaries:

2:03 Pace, Three Heats. Purse $2,500.

John Henry, b.g., by Wilkoe (Cox)..1 1 1
John Pershing, b.g. (Murphy).....2 2 2
Time 2:23½, 2:17, 2:17½.

The Chamber of Commerce, 2:07 Pace, Purse $2,500.

Edna Early, br.m., by Robert C. (Thomas) 1 1 2
Abbe Dale, b.h. (Cox).....2 2 1
Peter Henley, b.h. (H. Fleming)...4 3 3
J. W. S., br.g. (Ray).....3 dr
Time 2:12, 2:10½, 2:10.

PARNHAM WHIFFS TEN BEATING BEARS 2ND TIME

BALTIMORE, Sept. 14.—For the second time during the final series with Newark "Rube" Parnham defeated the Bears today in their last appearance here, the Orioles, 1922 champions, winning 4 to 3. Parnham struck out ten.

The score:

	R.	H.	E.
Newark	000 001 200	3	11 2
Baltimore	001 000 12x	4	10 1

ROSEDALE GOLFERS TO PLAY HERE SATURDAY

Golfers from the Toronto Rosedale Club will play a return match with the locals Saturday afternoon on the London Hunt and Country Club course. The Londoners visited the Rosedale course in July.

Big Crowd of Local Fans Will See St. Thomas and Niagara Falls Nines in Action.

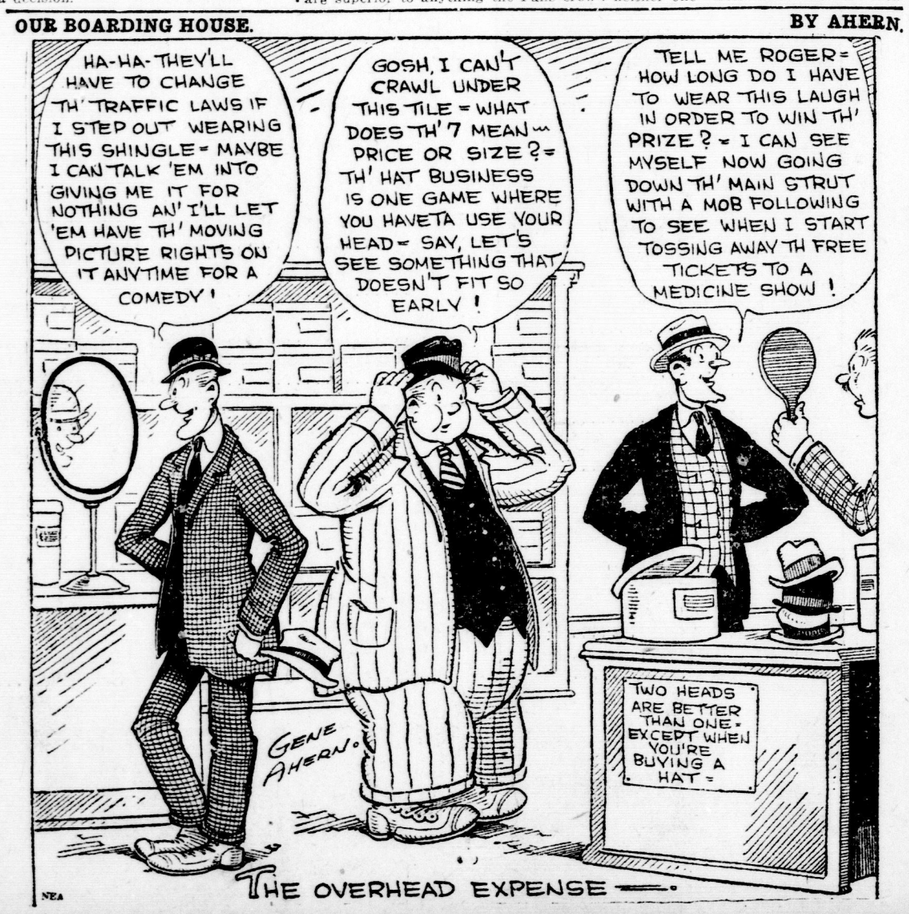

Tecumseh Park, not Sunshine, will be the scene of the O. B. A. play-off struggle between Niagara Falls K. of C.'s and St. Thomas Saturday afternoon.

London fans who witnessed the game in St. Thomas on Wednesday state that the boys from the peninsula have one of the nicest infields they've seen in amateur baseball. Local fans claim, however, that either Billings or McPhee are superior to anything the Falls crew have in the way of pitchers, and they expect to see the conquerors of the Orients emerge victors.

The winner of this round will likely meet the Galt Terriers in the next lap of the O. B. A. race.

Buzz Wetzel, who is still in town, will probably cast an appraising eye over the doings of the amateurs. It is believed that either Billings or McPhee could have had a chance with several Mint League clubs this season, but neither one flirted much with the idea.

OUR BOARDING HOUSE. **BY AHERN.**

SIX SPEED DEVIL EVENTS CARDED

Western Fair Will Close With Sputter of Racing Cars.

Six events are carded for the dirt track speed program for the last day of the Western Fair, Saturday. The races will be run off under the sanction of the International Motor Contest Association.

The program is as follows:

Event No. 1.

Light car race, division No. 1, distance 5 laps; prizes, $150 first, $100 second.

Name of car.	Driver.
Bug	Daily
Essex	Walgren
Duesenberg	Maley
Auburn	Meyers

Event No. 2.

Forest City Sweepstakes, to be run in two preliminary heats and a final heat. Drivers will draw numbers at the judges' stand to determine the starters in each heat. Cars finishing first and second in each heat are eligible to the final heat. Purse $1,000, divided.

Name of car.	Driver.
Simplex	Striegle
Bug	Bullock
Auburn	Meyers
Submarine	Allen
Essex	Walgren
Duesenberg	Maley
Apperson	Koetzla

Event No. 3.

Official time trials—an attempt to establish a new track record, and, if possible, to lower the Dominion record. $350 to the driver making fastest time if Canadian record broken. $250 to the driver making fastest time if track record is broken. $200 to the driver making fastest time.

Event No. 4.

Forest City Sweepstakes, second heat, distance 5 laps. Cars which did not finish first or second in the first heat of event No. 2 eligible to start in this heat.

Event No. 5.

Handicapped pursuit race, special division, distance 3 miles. Cars will be handicapped according to speed made in previous events.

Rules: When any car is passed by another, the car passed drops out of the race.

Purse: $300 first, $200 second.

Name of car.	Driver.
Apperson	Koetzla
Auburn	Meyers
Submarine	Allen
Duesenberg	Maley

Event No. 6.

Forest City Sweepstakes, final heat, distance to be announced. Cars that finish first and second in the two preliminary heats eligible to start in this heat; scratch cars that do not start. Prize, $1,000; 50 per cent first, 30 per cent second, 20 per cent third.

Name of car.	Driver.
Simplex	Striegle
Bug	Bullock
Auburn	Meyers
Submarine	Allen
Essex	Walgren
Duesenberg	Maley
Apperson	Koetzla

RAIN DELAYS NET CHAMPIONSHIPS

One Match Played Gives O. Rechnitzer 6-2, 6-3 Victory.

Only one match in the open singles was played yesterday in the city tennis championship, O. Rechnitzer defeating Scott, 6—2, 6—3, in two sets. Rain caused a postponement of the rest of the games, and also a rearrangement of the draw originally made for yesterday.

Yesterday's delay will mean that the tournament will not get finished Saturday, but the finals of the singles and doubles will be reached by that time.

Mixed and handicap doubles are the events which will be carried over until Monday and Tuesday of next week.

The new draw for today:

Men's Open Singles.

11 a.m.—I. Williams vs. J. Dockstader (Hyman).

12 a.m.—Winner of J. Dockstader-I. Williams vs. O. Rechnitzer (Hyman).

3 p.m.—T. Beltz vs. B. Davis (Thames).

3:30 p.m.—L. Camp vs. Dr. Clark (Thames); E. Wainwright vs. W. Judd (Thames).

5 p.m.—P. D. Mitchell vs. J. V. Ross (Thames); J. K. Black vs. A. R. Williams (Hyman).

5:30 p.m.—Winner Mitchell-Ross vs. Darling (Thames).

6 p.m.—E. Rechnitzer vs. winner Wainwright-Judd (Hyman).

Men's Doubles.

3 p.m.—Chubb and Boucher vs. Rechnitzer and Rechnitzer.

5:30 p.m.—Williams and Williams vs. Beattie and Darling (Hyman); winner of Chubb and Boucher match vs. Armitage and Judd (Thames).

RAIN AT HAMILTON

HAMILTON, Sept. 14.—The first game for the championship of the Michigan-Ontario League between Saginaw and Hamilton was postponed this afternoon on account of rain.

TILLSONBURG PROUD OF NEW BOWLING CHAMPION

TILLSONBURG, Sept. 14.—Tillsonburg citizens are elated over the success of Spencer McDonald, their well-known bowler, capturing the John Ross Robertson singles lawn bowling trophy, emblematic of the Canadian championship, and the gold medal at the Toronto Granite Club on Wednesday. Spencer also won the international trophy at Buffalo a few years ago, and with Sam Vance, our crack shooter, getting his name into the papers pretty frequently these days, Tillsonburg is assuming quite a name as a championship sport town in Western Ontario.

GIANTS AND CUBS PARADE PITCHERS

McGrawmen Win 7--6 and Sixth Straight Game.

NEW YORK, Sept. 14. — The New York Giants won their sixth straight game today, defeating Chicago in a battle of pitchers, 7 to 6. The Cubs outhit the Giants 15 to 7, but bases on balls helped New York in the scoring.

The score:

		R.	H.	E.
Chicago	012 001 200	6	15	1
New York	040 030 00x	7	7	0

Aldridge, Kaufmann, Jones, Stueland and O'Farrell; McQuillan, Ryan, V. Barnes, Scott and Snyder.

REDS SQUARE IT.

BROOKLYN, Sept. 14. — Cincinnati squared up the first two games of the series with Brooklyn by winning today, 7 to 3.

The score:

	R.	H.	E.
Cincinnati	200 112 001	7	11	1
Brooklyn	000 030 000	3	10	2

Couch and Hargrave; Grimes and Miller.

CARDS WIN THIRD.

PHILADELPHIA, Sept. 14. — St. Louis made it three straight over Philadelphia by taking today's game, 9 to 4. Cy Williams hit his 24th homer in the first of the third inning off Jess Haines. Hornsby doubled in the first inning, running his total hitting in consecutive games to 29.

The score:

		R.	H.	E.
St. Louis	313 110 000	9	13	1
Philadelphia	002 101 000	4	11	5

Hallis, Barfoot and Ainsmith; Behan, Weinert and Peters.

BABE ADAMS GOOD.

BOSTON, Sept. 14.—"Babe" Adams held Boston to five hits today, Pittsburg winning by 8 to 0. Miller was knocked out of the box in the sixth inning, when he forced in two runs with passes, and Russell then cleared the bases with a double.

The score:

	R.	H.	E.
Pittsburg	011 105 000	8	9	1
Boston	000 000 000	0	5	2

Adams and Schmidt; Miller, McNamara, Braxton and O'Neill.

PIRATES BUY PITCHER.

PITTSBURG, Pa., Sept. 14.—The Pittsburg Nationals today announced the purchase of William Hughes, pitcher, from the Rochester Club of the International League. He will report at the training camp next spring. Hughes has won 19 and lost 16 games this season.

Quality First

last and all the time is embodied in the clothing I feature at my upstairs prices, $25.00 to $50.00.

An inspection without the obligation of buying invited and appreciated.

xApprentice allowance claimed.

MALDEN BALL NINE WIN THREE TROPHIES

ESSEX, Sept. 12.—The Malden Athletics won the Hon. Geo. P. Graham's pennant, and also hold the McVey and McCallum trophy, won by the Arner team last year, in this season's race of the Essex County Junior Baseball League. The final game of the schedule was played on Saturday last, when the Windfall nine clashed with Harrow at Harrow, resulting in a victory for the home team. The Windfall nine required to win the game in order to tie with the Athletics for league honors, which they failed to do.

President Percy P. McCallum has announced a banquet at the Colchester Hall on Saturday evening next in honor of the champions, when the cups will be presented.

Final Standing.

	Won.	Lost.	Pct.
Athletics	11	4	.740
Windfall	10	5	.666
Harrow	9	6	.600
Arner	8	7	.533
Kingsville	7	8	.466
Amherstburg	0	15	.000

H. J. Jones vs. W. Stars, 4.
Nassau vs. Thames Park.

W. O. R.'S TO MEET SCOTS

Two Old Rivals Clash at Springbank Saturday at 4 P.M.

W. O. R.'s and St. Andrews meet in a City League fixture at Springbank Saturday in a game that should provide a thriller for the followers of each club.

The two teams have met four times this season, and each has to its credit nine goals in these matches.

The game has a big bearing on the standing of the league, both having had bids in all season for the championship.

The kick-off will be at 4 o'clock.

RAWSON BROTHERS WIN LADY BECK TROPHY

The Forest City Pigeon Club held the last of the young bird races for the average cup donated by the late Lady Beck from Britton, Michigan, a distance of 150 miles, Rawson Bros. having the winning bird, in the time of 4 hours, 19 minutes and 25 seconds. They also won the cup for the third time, taking possession.

They also won first nomination of young birds named in the nest at 10 days old to fly in the 150-mile race, thus finishing a successful season of young bird racing.

The result in yards per minute and position: Rawson Bros. 1,019; J. Artle 1,014, J. Lightfoot 1,010, Rawson Bros. 998 (first nomination), W. Young 989, twin lofts 984, twin lofts 954 (second nomination), Potter and Taylor 940, A. Kernohan 930, H. Ralph 803 (third nomination), H. Lawrence (no report).

A series of fall races for young birds not trained will commence on Saturday at Glencoe, 35 miles, open to anyone in the city.

HANOVER JUNIORS BEAT ORANGEVILLE YOUTHS 12-2

HANOVER, Sept. 14.—Hanover won and lost in the big double-header semi-final lacrosse event staged at Orangeville yesterday.

The game between the Orangeville and Hanover Midgets resulted in a score of 12 to 2 in favor of Hanover. Hanovers wins the round by 16 goals.

In the game between Hanover and Orangeville Intermediates, Orangeville defeated Hanover, 16 to 1, and won the round by 22 goals. The score in this case was no surprise, as Orangeville Intermediates are about the best lacrosse team in Canada.

Must Decide.

Shelburne Junior O. A. L. A. team has been given until tomorrow to meet Hanover and arrange the date and place for the replaying of the protested game.

In the event of Shelburne's refusal to negotiate, Hanover will be declared the winners of the round.

BLENHEIM IS TROUNCED BY BRISCO'S NINE 10—1

BLENHEIM, Sept. 14.—In an exhibition game played here yesterday afternoon between Briscoes of Chatham and the Blenheim team, the visitors walked away with a 10 to 1 victory. The Blenheim team was entirely off color yesterday. Their line-up was weakened by some of their regulars being away. Wild throwing and "drops" seemed to be the order of the day. Harry Gray, their pitcher, put up a splendid brand on pitching, but his support was ragged. Blake McColg, for Briscoes, pitched a splendid game.

The line-ups:

Briscoes—Mack, s.s.; Hull, c.; Connibear, 3b.; Elliott, 2b.; McCoig, p.; Rankin, c.f.; Peters, 1b.; Hyatt, r.f.; McDonald, l.f.

Blenheim—R. Gray, 1b.; Seymour, 2b.; Coleman, s.s.; Rumble, c.; Burk, 3b.; Coseby, c.f.; Rutherford, r.f.; Hawgood, l.f.

Umpire—I. a Marsh.

McColg struck out 10, Gray 8; McColg walked 0, Gray 1.

Score:

	R.	H.	E.
Briscoes	10	10	3
Blenheim	1	7	8

ROCHESTER BUYS JUDD FROM PT. HURON CLUB

ROCHESTER, N. Y., Sept. 14.—The sale of Second Baseman Clifford Brady to the Detroit Americans was announced here today by the Rochester Club. In return for Brady, the Rochester Club will obtain two players and cash. One of the players is Barnes, an infielder, and the other will be named later.

The purchase of Judd, pitcher, from the Port Huron Club of the Michigan-Ontario League, also was announced.

LAMBETH BOWLERS TO HOLD DOUBLES

Lambeth bowlers are holding a Scotch doubles tourney on Wednesday, Sept. 20. The first 24 pairs to enter will be accommodated.

The draw closes Monday night at 7:30 o'clock. Play will open at 1:45 o'clock, and a free lunch will be served the players between 5 and 7.

LEONARD TO MEET WHITE THREE DAYS EARLIER

NEW YORK, Sept. 14.—The date set for the lightweight boxing championship bout between Benny Leonard, title holder, and Charley White, Chicago challenger, has been advanced from Oct. 6 to Oct. 3. Promoter Tex Rickard made this announcement last night. The earlier date was decided upon, among several reasons, to avoid possible conflict with the world's series.

"POP" DRIVES SANARDO TO NEW WORLD'S RECORD

LOUISVILLE, Ky., Sept. 14.—"Pop" Geers, veteran harness horse driver, broke the world's record for a gelding pacer over a half-mile track yesterday, when he drove his pacer Sanardo a mile in 2:02¼. This was one-fourth of a second faster than the world's mark, established by Sanardo at Aurora, Illinois, several weeks ago.

BRITISH YACHTS WIN BUT ARE STILL BEHIND

OYSTER BAY, N. Y., Sept. 14.—Colla III., one of the British craft, won today's race in the international six-metre yacht trophy series.

The British boats as a team also won, totalling 19 points to 16 for the United States yachts. The United States still is leading in the series, however, 80 to 63.

Clerk's Notice of Posting Up Voters' List

Voters List, 1922. Municipality of Westminster, County of Middlesex.

Notice is hereby given that I have transmitted or delivered to the persons mentioned in Section 9 of the Ontario Voters' Lists Act, the copies required by said sections, to be so transmitted or delivered of the last made pursuant to said act of all persons appearing by the last revised assessment roll of the said municipality to be entitled to vote in the said municipality at elections for members of the legislative assembly and at municipal elections, and that the said list was first posted up at my office, at Wilton Grove, on the 25th day of August, 1922, and remained there for inspection, and I hereby call upon all voters to take immediate proceedings to have any errors or omissions corrected according to law. Dated, Sept. 12, 1922.

GEORGE RIDDELL,
41u Clerk, Westminster.

SEALED TENDERS addressed to the undersigned, and indorsed "Tender for the reconstruction of piers at Whitby, Ont." will be received at this office until 12 o'clock noon (daylight saving), Friday, September 22, 1922, for the reconstruction of 200 lineal feet of Slip Wall and Boulder Protection Talus at Whitby, Ontario County, Ont.

Plans and forms of contract can be seen and specification and forms of tender obtained at this department, at the offices of the District Engineers, Equity Building, Toronto, Ont., Royal Bank Building, London, Ont., and at the Postoffice, Whitby, Ont.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted check on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. War Loan Bonds at the par value of the Dominion will also be accepted as security. War Bonds and checks if required to make up an odd amount.

Note.—Blue prints can be obtained at this Department by depositing an accepted bank check for the sum of $10, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, Aug. 31, 1922. 41c

JOHN CARNIE DIES AT HOME IN PARIS

Prominent Citizen Passes Unexpectedly When Seized With Sudden Illness

PARIS, Sept. 14.—A gloom has been cast over the entire community through the sudden death of John Carnie, a highly esteemed and lifelong resident of Paris. Early in the evening, the late Mr. Carnie was enjoying his usual health, but towards 11 o'clock he was seized with an illness which fatally affected his heart.

Sixty-five years ago he was born in Paris, the eldest son of the late John and Margaret Carnie. Thirty-eight years ago he was married to Miss Margaret Tate of Paris. He is survived by two daughters, Mrs. Sinclair of Cleveland and Miss Edith at home, and two sons, Charles Carnie of Milden, Sask., and Alexander of Winnipeg, a sister Miss Maggie Carnie of Paris, and a brother, George of Chicago. Mr. Carnie keenly felt the loss of his brother, Charles, in Glen Ellen, Illinois, who died just three months ago.

All who knew him realize in his sudden demise the great loss of a progressive townsman of sterling worth, one who favored any move directed for the good of the town and its people. As a member of the board of education, he showed a real interest in the advancement of scholastic learning. He was for many years a well-known contractor in Paris, and as a businessman he was known for both efficiency in initiative. He was also a very popular bowler and curler, and had taken an enthusiastic interest in these sports.

ARMY ADJUTANT GOES TO SARNIA

Salvationist Headquarters Announces Further Changes in District Staff.

It was announced from the local headquarters of the Salvation Army here Friday morning that Adjutant and Mrs. Goodhue, of Toronto, have been transferred to Sarnia, the change to go into effect Thursday of next week.

Commandant Anne O'Neil and Lieut. Ruby Harding, who have been supplying at Sarnia, are placed in charge of corps at Petrolea.

Programs were received in the city of the annual fall congress of th Salvation Army, which commences in Massey Hall, Saturday, October 14.

The opening of the General Booth Training Home will be a part of the congress sessions, and His Honor Harry Cockshutt, the lieutenant-governor of the province, will officiate at the ceremony.

Mayor McGuire of Toronto, is expected to preside at the first evening session. Col. Unsworth, international headquarters representative, who is familiar with the work of the army in every region of the globe, will deliver a lecture on the Sunday following.

Councils of officers and staff occupy the sessions during the following week.

HAVE NOT YET APPOINTED THIRD MEMBER OF BOARD

Housing Commission's and Contractors' Representatives in Pine Lawn Dispute to Meet.

Although they were appointed last week, the two members of the board of arbitration which will attempt to settle the dispute between the London Housing Commission and Hayman & Willis, contractors, regarding defective roofs on dwellings on Pine Lawn survey, have not yet met to appoint a third person who will act as chairman.

Major G. N. Weekes, solicitor for the London housing commission, stated Friday noon that Harry Walton, building inspector of Sarnia, who represents the commission as arbiter, and George Ponsford, contractor, of St. Thomas, appointed to represent Hayman & Willis, have been in communication with each other, but that nothing definite had been accomplished. Members of the commission are all anxious to get the matter settled and roofs repaired before the rainy season sets in.

"We are just getting things ready to present to the board of arbitration," said Major Weekes. "Both Mr. Walton and Mr. Ponsford are in communication with each other, but have not appointed a chairman for the board yet. I expect them to meet together for this purpose almost any day now."

SELKIRK RESIDENT DIES AFTER LENGTHY ILLNESS

Special to London Advertiser.

CAYUGA, Sept. 14. — After a lengthy illness Leander F. Culver, for many years township clerk of Rainham, died at his home in Selkirk on Tuesday.

He was very highly esteemed, and his death is mourned by a large circle of friends.

He was born in Rainham Township, and farmed near Rainham Centre until moving to Selkirk about five years ago.

He is survived by his widow and one daughter, Mrs. Russell Forbes of Hamilton. The funeral takes place on Friday.

FIRE LOSSES HEAVIER.

Toronto, Sept. 15.—Fire losses in Canada during the week ended September 13 are estimated by the Monetary Times at $1,199,300, compared with $685,000 the previous week.

CHANGEABLE VELVET.

An American importer is promising some very stunning fall hats of changeable velvet, a newcomer in the sartorial world. He also confirms the report that the leading hats for winter will be large, to be correctly proportioned for the longer skirts.

HOLD CONFERENCE OF PRESBYTERIAL

Members of Huron Organization Attend Semi-Annual Rally at Seaforth.

Special to London Advertiser.

SEAFORTH, Sept. 14.—The semi-annual conference of the Huron Presbyterial Society held in the First Presbyterian Church, Seaforth, was very successful, both from the point of attendance and interest.

Mrs. J. E. Hogg of Clinton, president of the Presbyterial, presided. The opening exercises of the morning session, which were conducted by the members of the Barbara Kirkman Young Women's Auxiliary, Seaforth, and the Neil Shaw Auxiliary, Egmondville, were followed by the reading of the minutes by the secretary, Miss H. I. Graham of Seaforth, and Mrs. H. C. Dunlop, Goderich.

The supply secretary, Mrs. W. D. Fair of Clinton, gave a report of the clothing received. A letter addressed to the Presbyterial from Mrs. J. K. Ross, our missionary at Round Lake, Saskatchewan, was read by the secretary. The president, Mrs. J. E. Hogg, gave some interesting echoes of the general council meeting at Ottawa in which she referred to the charts and advocated an every-woman canvass. Mrs. James Hamilton of Goderich, took charge of the question drawer.

PROMINENT FARMER OF HARWICH DIES SUDDENLY

Special to London Advertiser.

BLENHEIM, Sept. 14.—The funeral took place today of John Adams, a well-known farmer of Harwich Township, who died suddenly on Tuesday night at his home on the Donald McColl farm, 8th concession of Harwich, which farm he was a tenant of.

Mr. Adams had been threshing during the day, and about 11 o'clock in the evening fell over dead.

A physician was summoned, and heart-failure was given as the cause of his sudden death.

He leaves, besides a widow, five sons and four daughters, David, Leslie, Lloyd, Henry and Clifford; Mrs. Wesley Tuck of Harwich, Mrs. Wesley Gallipo of Chatham Township, and Mary and Louisa at home.

The funeral was largely attended, and the services were conducted by Rev. R. W. Beveridge of Muil.

REPORT TURKS SLAY BRITISH OFFICIAL

Continued From Page One.

nervous tension, and the entire city is rife with rumors about Mustapha Kemal Pasha's designs upon the capital.

One story is that the Nationalist commander has sent an ultimatum to the allied powers demanding the evacuation of their forces from the city so as to permit the entry of the Turkish Nationalist army.

Rodosto and other ports on the Sea of Marmora are choked with refugees. Hundreds are dying before they can be landed.

TURKS FIRE SMYRNA.

CONSTANTINOPLE, Sept. 14.—Smyrna is burning. The population is in a panic. All the foreign women and children are being evacuated to Athens.

The conflagration was started by a sergeant of Turkish regulars, according to Miss Mills, head mistress of the American college in Smyrna, says a dispatch to the Times from Athens.

The sergeant was seen to enter a house carrying cans of petrol. Up to Wednesday evening the damage was estimated at $15,000,000.

The correspondent says it is stated in Athens that up to the time of the outbreak of the fire about 150 persons had been massacred, and that it is feared that number now is much greater.

Scores of buildings in the European section of the city are destroyed, including the United States consulate. Allied soldiers formed a fire brigade, but the conflagration is beyond their control. The property damage is estimated into millions.

The fire originated in the Armenian quarter and spread rapidly.

ITALIAN SHIPS ARRIVE.

ROME, Sept. 14.—Italian ships are attempting to take off the Italian colony of Smyrna, due to the fire which is reported raging in that city. The Italian government has dispatched several vessels to Smyrna with provisions and medical stores. It has also issued instructions that all Italian warships must concentrate in Smyrna waters to provide shelter for Italian residents.

BRINGS 150 REFUGEES.

LONDON, Sept. 14.—A Reuter dispatch from Athens dated Wednesday, says the French steamer La Martine arrived there with 150 refugees from Smyrna, including a Greek journalist. The journalist asserted that Most Rev. Chrysostom, metropolitan of the Greek Church in Smyrna, and the Armenian metropolitan, both were murdered and that the Kemalists massacred about 2,000 Greek soldiers, whose bodies were thrown into the seas.

AMERICANS MISSING.

WASHINGTON, Sept. 14.—Fourteen Americans are missing in the fire-swept sections of the city of Smyrna, the state department was advised tonight in a cablegram from Rear-Admiral Bristol, acting United States commissioner at Constantinople.

Admiral Bristol said his information came from Captain Arthur J. Hepburn, chief of staff of the American destroyer fleet at Smyrna, who reported that the fire, starting about 1 o'clock on Wednesday afternoon in the Armenian quarter, had practically obliterated the entire European quarter of the city, and still was raging.

An apple a day keeps the boy away—from school, if it is green.

The price of coal is a joke and on us.

PROTEST INCREASE OF STUDENTS' FEES

Blandford Township Residents Unable to Send Children to Woodstock Schools.

Special to London Advertiser.

WOODSTOCK, Sept. 14—The raising of school fees to non-residents has worked a hardship on a number of residents who live in Blandford Township, just across the city boundary. As matters now stand they must pay the increased fee, $2 a month, or send the children to a school at Bond's Corners, which is four miles east of the city.

The outcome has been that some of the parents unable to pay the extra charges and not feeling like making the children walk the four miles, are keeping them at home. The Bond's Corners authorities are considering the bringing into use of a motor bus to convey the students to the school and back to their homes.

Miss Gwendoline Gardiner, B.A., of Toronto, has been appointed to the staff of the Woodstock Collegiate to assist with the extra work created by the increased attendance this term. The new teacher has had much experience and for five years taught in the mission schools of China. The total staff at the school now totals nineteen and the board is just about to open another room at the school.

FAIR DIRECTORS TALK 25-CET RATE

Continued From Page One.

000 a year, the problem would be solved.

Received Help.

He said the Western Fair had received considerable help from the city council this year which had proven a great assistance. Never before had the city authorities stood behind the institution as it did durthe past months.

Agreeing with Mr. Little, he felt that the various committees should get in touch immediately with the exhibitors so that a start could be made this year.

William McNeill, a veteran of the board, was astounded to find the directors looking for trouble. He asserted that the board had a right to feel proud of itself in that a surplus has been realized each year.

One had only need to look around at other fairs to see where the Western Fair excelled, to appreciate the good qualities of its directors. Ottawa, he said, was only a hole in the wall compared to the London Exhibition, and though their attendance was large they went into the hole each year. He blamed the bad luck of the Fair on the failure of the directors to pray for good weather.

Needs Shaking Up.

Ald. Childs agreed with Mr. Ford in that the Fair needed a shaking up. He confined his criticism, however, to his own department, which was the horticultural exhibit. The lighting in the hall could be greatly improved, he said. He was of the opinion that London would get behind the Fair if an educational campaign was conducted.

E. S. Little made the greatest number of definite and practical suggestions. If next year's board was to hold a Fair this year's board must make many improvements, he said. They should be undertaken right away before any of the plans were forgotten.

The buildings at the south end of the grounds were a positive disgrace. They had been erected in a few days following a fire, and it would be a blessing if they were destroyed again if no other means could be found to be rid of them.

He favored a committee to go into the question of rearranging building and buying more land between York and King streets.

He recommended that one new building be erected this year, and expressed the belief that the merchants of the city would stand behind the scheme. The manufacturers and the merchants in the city and in Western Ontario had expressed a willingness to help, and he informed the board that the C. N. R. and the C. P. R. were willing to spend more money here if suitable buildings could be provided.

Defends Present Site.

Mr. Little defended the present site as the most desirable in and around the city.

President J. H. Saunders defended his actions during the past year, claiming that he had done everything possible to make the fair a success with the resources and buildings available. He had work hard, he said. He expressed the opinion that perhaps owing to the fact that they had worked hard to accumulate their own money, a majority of the directors were too conservative. He said he had no desire to be president next year.

Secreatry Hunt also defended his stand and actions during the year, explaining how he had been handicapped.

A. E. Silverwood suggested that Arthur Little be allowed to select a committee in the near future to investigate ways in which the fair could be improved.

Met With Favor.

Personally he felt that the sooner the board got away from the 25 cents admission the better. He thought the exhibitors would be more satisfied in that they fixed the value of their exhibits by the number of people who passed. His suggestion for a committee met with favor.

Without seeking to defend the 50-cent admission, Arthur Little explained that an investigation of records of past years showed that the higher fee had not decreased the attendance in the slightest degree. The weather entirely controlled the situation. Wednesday, of this year, he said, was the largest Wednesday in the history of the fair.

He said that a good deal of the criticism came from people who possessed passes to the grounds.

James Wheaton, a county director claimed he had heard no farmers complain against the higher fare.

Afterwards, Mr. Hunt stated that he had received no petitions for lower admission fees from exhibitors, although he believed some were in circulation.

FINANCIAL AND COMMERCIAL

WHEAT SCARCE ON LONDON MARKET

Barley Prices Drop — Now Selling at $1 Per Cwt.

Live hogs were quoted at $11 per cwt for selects on Friday's local market.

Wheat is scarce, but the price remains firm.

Barley is by no means plentiful, but a few loads are coming in. A slight drop in quotations is noticed, the new price being $1@1.05 per cwt.

The demand for hay was slow. There were five loads on the market, which brought $10@13 per ton.

Butter was firm at 38@40c.

STANDARD EXCHANGE

Toronto, Sept. 15.—There was a pronounced weakness among the gold leaders on the mining exchange this morning, and losses were registered in the majority of stocks. Dome Mines was down 50c at $38.50, Hollinger 15c at $13.80, McIntyre 25c at $19, Lake Shore 4c at $2.95, Teck-Hughes 2½c at 92½c, and Porcupine Crown 1½c at 25c. New Ray strengthened 2c at 28c, and Atlas was 1½c better at 38c. Schumacher was unchanged at 57½c.

In the silvers, Nipissing was down 10c at $6.35, and McKinley-Darragh 1¼c at 29c, with Beaver unchanged at 38½c. The session was fairly busy, with total sales 367,429 shares.

MONTREAL STOCKS

Montreal, Sept. 15.—Interest on the stock exchange continued this morning to center on matters concerning British Empire Steel Corporation. While none of the stocks was active, some of them came in for considerable attention, and the aggregate was moderately large. As usual, the second preference was traded in most extensively, while the common and first preferred brought up the rear. Trading in the common was relatively more active than it was some time ago. The common sold up to 41½, the second preference held steady a little short of 39, and the first preference sold fractionally above 75.

Outside of British Empire stocks, Twin City was the most active on the list. The price advanced today, and fell slightly back.

FLOUR

MONTREAL, Sept. 14.—Flour prices remained unchanged, and millfeed continued unsettled.

Flour—Man. spring wheat patents, firsts, $6.80.

Rolled oats—Bag, 90 lbs., $2.90@3.

"DUMBELLS" SCORE AT GRAND THEATRE

Will Play to Special Children's Matinee on Friday Afternoon.

During Fair Week "The Dumbells" have been playing to capacity houses at the Grand Theatre. The crowds which have attended every performance testify to the fact that members of this popular company have proved themselves one of London's greatest attractions during Fair Week.

Manager Minhinnick of the Grand Theatre has arranged for a special children's matinee performance Friday afternoon, and the number of pleased youngsters who will witness "The Dumbells" is expected to rival the number of pleased adults who have seen their revue of 1922.

Albert Plunkett and Red Newman, who have become famous through their songs of "K-K-Kiss Me Again" and "I'm a Daddy," and Ross Hamilton, clever female impersonator as the beautiful "Margie," are but three of the stellar attractions.

The entire caste is capable of the utmost in cleverness and versatility, and settings and costumes. Both are of extraordinary beauty and richness.

"The Dumbells" have always been a popular company in London, and although their presentation this week is the same as that which appeared in London earlier in the season, it abounds with so much merriment and enjoyment that those who saw it once have evinced an eager desire to witness it again, and very few who had no previous opportunity of seeing the revue of 1922 are neglecting the second chance.

"The Dumbells," in their finest show yet, with a wealth of song and laughter and clever acting, will be at the Grand Theatre until the end of the week, at both matinee and evening performances.

C. P. R. FAIR EXHIBIT UNIQUE FEATURE

Varied Selections of Beautifully Colored Views Attract Admiration.

If any one of the tremendously interesting exhibits at the Western Fair can be said to be a feature, it is the unique and educational one of the Canadian Pacific Railway, in the Machinery Building. In keeping with an extensive and varied selection of beautifully colored views of places of interest throughout the world, the booth has been carefully done in white; touches of black and gold adding to the pleasing color scheme.

Two large paintings at the rear, however, take the spectator to the beginning and end, as it were, of a cruise to the West Indies. A palatial Canadian Pacific ocean liner, in miniature, conveys imaginary pleasure seekers from Quebec, with its Chateau, as it will be in 1923, stands out in prominence against the bright hued sky with its setting sun. A step to the right, and as if by magic, another, and totally different panorama appears; the hills and native trees of the West Indies, have been reached. Native customs, quaint to the North American visitor, are suggested in the costumes of the miniature inhabitants, as well as by their methods of commerce and transportation.

Trip Takes 27 Days.

The Canadian Pacific, both by rail and water, has brought distant points near, the magnificent Empress of Britain completing the return West Indies cruise in the short time of 27 days, and that on a pleasure cruise.

The St. Lawrence route to Europe, another fast and beautiful voyage, is made on the three Empresses of the Atlantic, three palatial and majestic liners, that make the trip abroad, from the time they leave Quebec and pass out of the broad St. Lawrence into the Atlantic, until they dock at Liverpool, Southampton or London, one of pleasure. The beautiful booklet, "Empresses of the Atlantic," shows in words and in picture some of the advantages of Canadian Pacific travel. The paintings by Simpson used in illustrating this booklet cost well over $2,000, and are in themselves masterly and beautiful.

The monoclass cabin service, meaning one class, whereas in other boats two or more classes are carried, is featured, plying between Canada and Europe. Three of these ships were added this year, namely, the Montcalm, the Montrose and the Montclare.

Is Largest Ship.

On the Pacific the same high-class service prevails, and a large fleet of ships provide the latest ideas in convenience and pleasure in modern travel.

It is interesting to note that the Empress of Canada, a Canadian Pacific steamship, is the newest and largest ship on the Pacific fleet.

And perhaps the strongest link in this well-known chain is the Canadian Pacific Railway. From the Atlantic to the Pacific it stretches, halted momentarily to cross the St. Lawrence, only to steam its way, almost without interruption, until in the Canadian Rockies it must find, in the stately curves and mountain passes, a way to the beauties of the Pacific. No one who has seen the exhibit of the Canadian Pacific can go away without a lasting impression of the beauties of the world round about us, and how near to us they have been brought by the Canadian Pacific.

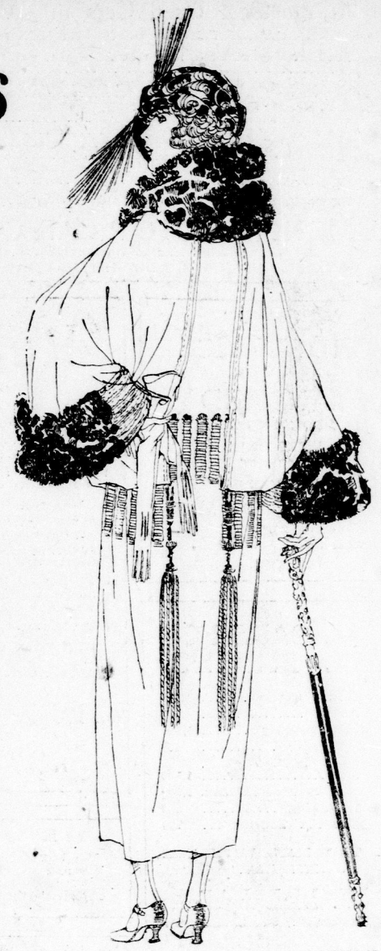

World Series Played in London Fair Week

If this could possibly be arranged, it would cause almost as much sensation as the Diamond Sale, Fair Week, at John A. Nash, My Jeweler, 182 Dundas street, "where you will eventually buy" perfect diamonds.

The New Wrappy Coats Are Just Adorable

Any evening now—any sunless day—the protective wrap will be needed, and what a delight to have the smart new coat all ready to put on. The new fabrics are so original—the colorings often so striking; but the chief charm is, of course, in the artistic lines of the autumn models—so very different from any coats you have seen before.

BEAUTIFUL FABRICS FEATURE THESE MODELS

Coat of Velour Cloth, in reindeer color, new mandarin sleeve, collar and cuffs of Jap mink trimmed with self stitching, full lined, inset pockets. Price $67.50

Coat of Duvetyne in reindeer color, full silk lined, new sleeve, collar and cuffs of fitch opossum, sleeve and coat embroidered, string girdle, inset pockets. Price $79.00

Coat of Marvella Cloth, loose wrappy coat with large sleeves, collar of beaver, two loose straps trimmed with heavy silk fringe trimming back of coat, silk-lined. Price $122.00

Smart Wrappy Coat of brown Velour Cloth, large beaver collar, kimono sleeve with beaver cuff, loose panel at back extending from neck, with beaver banding, belt all around, full lined $120.00

BONCILLA

The most accommodating toilet preparations to one's complexion—and the special "Package O' Beauty" which contains just enough for three treatments, proves highly useful to the week-end guest. It holds a tube of the beautifying facial clay, face powder, vanishing and cold creams. Price 50c

Other Boncilla Toilet aids are:
