MEN'S FURNISHING SHOES
Webster Street, Kentville, N. S.

There was an immense crowd of people attended the auction of Mr. George Friend, Kentville on Monday last and high prices prevailed.

Miss Hennigar who has been absent from Canning during the winter returned home last week.

March is going out quite lamb like as yet, but there are a couple of days left. These we trust will improve rather than grow lion like.

Don't forget you are invited to attend the Easter opening at Canning Millinery Parlors Mar. 30th. Also afternoon tea will be served from 2 to 6 o'clock in aid of Red Cross.

Anyone having pieces of white cotton or old linen are asked to send same to Red Cross rooms. All must be thoroughly washed.

The many friends of Mr. and Mrs. T. M. Boggs, of Coldstream, were glad to welcome them back, when they arrived in town on Wednesday evening but were sorry to learn they were soon to leave Nova Scotia and make their home with their son, Louis, who is settling in Penticton, B. C. While in town they were guests of Mrs. J. W. Turner. They leave early next month for their new home.

The Red Cross Knitting Club will meet at Mrs. R. H. Lamont's Thursday evening, April 4th. Kindly get your yarn at Red Cross rooms.

Last Saturday there were 175 Jewish recruits passed through on the train from Yarmouth to the camp at Windsor. The most of the troops now in that town are of Jewish descent.

Rev. E. W. Kenyon, with his wife and son, left Billtown on Friday last for St. John, where Mr. Kenyon is engaged in another evangelistic campaign.

CLOSED SEASON FOR SHAD

There was a time when the shad fishery was one of the important industries of our county. All along the Bay of Fundy ports and in the Basin of Minas large catches were obtained. Scotts Bay was an especially fine place for the catch. Now shad have almost left our waters and they have become an expensive luxury on our tables. It is now reported that in order to give time for restocking our waters with this fish a closed season for shad has been declared. Owing to the fact that investigation and reports have indicated that shad were becoming constantly scarcer, the Government in Feb. 28th last passed an order-in-council as follows: That shad fishing in the Bay of Fundy waters is prohibited from the first of March, 1918, until the last of Feb., 1922.

DEATH OF A WELL KNOWN MISSIONARY, NATIVE OF BERWICK. (Hongkong (China) Press Feb. 7th.)

We deeply regret to record the death of Mrs. Lyall, of the Presbyterian Church of England Mission, Swatow, which sad event took place on Thursday, the 29th ult., shortly after 2 p. the coast Mrs. Lyall was well known by birth and of good old English stock. As Miss Norwood she came to Swatow many years ago to join the American Baptist Mission. After some years of service in this Mission she became the wife of Dr. Lyall more than thirty years ago. She was an indefatigable worker of boundless energy with a clear head for business, and was a skilful organizer. She initiated new enterprises amongst the Chinese, teaching hundreds of the women how to help themselves. To a large number of people up and down the coast Mrs. Lyall was well known as a very kind and gracious hostess. To those more immediately in daily contact with her, she was regarded as the truest and best and most sympathetic of friends. Multitudes will hear of her death with deep sorrow, and will feel that of all the old and well-known residents of Swatow none could be more missed than Mrs Lyall.

"I saw the Compound advertised in your paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill. Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters. Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

HARBORVILLE.

I writ you quite sum peace last wek, butt he germans got us blokad with snow drifts about twenty feet deep more er less, to that even our bessen male carler Mr. Lemeul Brown culd not git over with ther male, he culdent even git frum his place down ter ther post office, and es assistant Postmaster Boyd Parker, was snowed up in bed, ther wuldent ben no male anyway, so yur peacq air still here, but is goin es soon es ther blokad air rased.

Bein snowed under, and no papers nor nuthin I was reden all ther old paper round ther house, and I seen in a paper last wek a peace uv news that I thot wus some al right. I say, Howard, ther air no use talken, we hev to hand it to them Gosh Darned Yankees every time. Ther sur hv us skined a mile and then sum more. While we air howlin our blamed old heds off about ther lofers what we hev all over canady, them Yanks just go ter wurk and fix up to do things ter their lofers, what will sur make them tired, and be willin ter go ter wurk. Ther wuz hed a despatch frum ther sepparated press—What effer ther is—the sed, "Thet down in Maryland and South Carolina, they hed passed a law, thet ses, "Thet any mail man between ther age of 16 and 60 years uv age, what DONT WORK at sum work do, wuz wurk what AIR UNBENERFIT TO THER CUM UNERTY, fur at least 36 hours each and every wek, wen he aint sure to goodness sick and help- less ter bed, SHALL BE CHAR- ED WITH BEIN A VAGRANT—which air anothr word fur lofer, and SHALL BE FINED 100 PLUNKS er GO TO THE JUG FUR 3 MONTHS. Hurah fur Dixie Land. Ther air the kind uv a law we need in Canady, and less commiseins, and even at thet a whul lot uv our patriotic canadian lofers wuld rather go to jail enway, BUT IT WULD git sum uv em, so they wuld wurk er else fight.

Cum Sir Robert, when yu start the mill grinden out er few more laws the day after St. Patrick's Day in the morin, pas us sich a law as they hev down in Dixie. Maybe, if yu asked em they wuld send yu a copy uv it if yu enclosed post stamps. It air wurth tryen enway Sir Robert, and seain es yu air Kings County's one and only representative. It wuld bring both our county and yurself glory and honor. Selah. (I got thet wurd in my old bible sun- day. I dont kno what it means, but it sounds good).

Once in er while we cum across one uv the good old fash- ernd prechers, what aint afeard to do sum wurk. The one whut cum over here last saturday to preach fur us sunday was one uv them. He culdent hold no ser-

vice sunday count uv the storm, and when munday morin cum along and everbody was snow- ed in, bein es he hed to be ter Suth Berwick munday night ter preach, he took up his carpet bag, and started to huff it ter Berwick through the snow drifts, and he got ther likewise, even if it take him three hours to git es fur es Brother Fred Fishers.

After he got thet fur he wus alright, Fred wuldent let him do no more trampen after thet. His name wus Webb, and he is one uv them prechers whut is wurth whil. I wuld like to here a fel- ler like thet preach.

I wus up ter see the old feller on the hill Wednesday, and got caught in the blizzard whil I wus up ther, and so hed to stay, es I wus tied up ther, I went round with the old feller whil he wus pretenden to do his wurk, and I noticed a whul lot of bags piled up in his feed room, and I ses, yu air not sufferin any fur feed fur your hens, enway, evn if uther peple is, and he ses, I hev more hens than all the rest uv em on the North mountain put together, but jest the same yu hev guess- ed rong, hecus that aint feed, lestwise the hens culdent eat what is in them bags, but ac- cordin to whet we rede in the papers, the stuffs what is in them bags oter feed em fur a few yers. Ses, I what in blazes hev yu in em, and ses he TIN CANS.

We are paying the devilsown price fur canned stuff uv all kinds, and they air tellin us that the reson is becus they cant get cans. So, the old feller took a empty can outer a bag and showed it to me. Now, ses he, it wuld take erbout half a second to run a hot iron round the top uv thet can and take off the old top, and the can wuld be jest es good es ever to load up agin. But they dont seem to want the cans. The old feller hs about thirty bags full uv em, but ther aint no one cumin ound to offer anything fur the cans, WHAR AIR SO VALU- ABLE, thet we hev to pay more fur the stuff what is serposed to go inter em BECUS they cant get cans. The whul dern schem is a d—m frade, becus, if the empty cans thet air layin around all over canady wus gathered up and made over agin, ther wuld be cans to burn. But the patriotic profiteers, dont want them cans. They hev all the cans they want, butt hey want to hev sum excuse seems fur stikken up prices, and any kind uv an old one seems to go with our ON HUNDRED AND SEVENTY FIVE THOUSAND DOLLARS A YEAR FOOD BOARD. In ther mentime, we the suckers, air payin out blood munny so es to keep livin.

Thursday, bein a kinder off day, I wus over havin a little talk with our genil and aferable County councillor Ben Benzanson, and findin thet he wus not busy ripplin out ther insides uv his emprum, fur a wonder, we hed sum spell uv talk, Ben ses among other things unnecessary ter mention thet Pelertics tuk sum pepel all fire dhard, Fur why ses I. Well, ses he its like this: Last fall, when I wus buy- en pertaters evry body what hed pertaters and didnt sell em to Wallace Ogilvie, drot em down here to me, and I wus one gol derved good feller, and I bot em, even if a whul lot of the barels hed fine pertaters in each end, and muck in ther middle. I bot em just the same and showed m onter ther Unitered. Fruit comperney. Well, es I sed I bot em from all of em, wether they wus grits or torys, made no differ- ence ter me, and it seemed to make none to them not even the tories, but this morin, I wus standin onther Plaza uv my store, when along cum three uv our shinin torys what wus good frends uv mine so ter say last fall, and I'll be hornswaggelid if the didnt go rite by my store and never let on they seed me, and never sed a dern wurd, butt right bein em cum along young Ed. Spicors pib, goin fur its usul walk over to parkers shop, and ill be dern- ed if that er pig didnt say good mornin ter me. Yu kno thet got me ter thinkin about the card what I onct seen what hed

on it "The more I see uv some pepel, the more I like my dog" Ther air sur sum pigs what hes more manners than sumtories.

James Bryden, over to the Base Line, hes sold his farm to his son Max, and hes gone to live ter Somerset. Ther, wus a time, when Jim wus our County Councillor, when he wus Automobile shy, but I guess he hes got over thet or he wuldent be movin away frum the Base Line.

Capt. Bloomfield Morris, is lade up tu hum, on ther sick list, and ther nebors is tryen to make life plesent fur him whil he is housebound.

They do say, thet the preacher whut cum over last sunday to hold services, and culdent, ac- count uv ther storm, and hed to walk back ter Berwick, Monday, liked it so well over here thet he min back agin to hold service fur a whul week.

KINGS CO. L. O. L.

The Annual Meeting of the County Loyal Orange Lodge of Kings was held with Cornwallis L. O. L. 42657 Port Williams on March 4th. Owing to the death of the Co. Master Yrice last Meeting, and the absence of the Deputy Master, P. C. M., A. A. Bligh, presided. Reports from the various primary Lodges showed that the order was holding its own in the County notwithstanding the large number of members who have enlisted and are doing their bit for King and Countr overseas, Port Williams and Kentville lodges showing an increase over last year.

Rev. R. B. Layton was appointed to write letters of condolence on behalf of the Co. Lodge to families of the late Co. Master, Bro. R. Harris, of North Kingston and the late Co. Chaplin, Bro. L. R. Whitman of Aylesford.

In recognition of his long and unflagging interest in the work of our order, for nearly half a centry, altho, for over forty years, he was deprived of the privilege of meeting in a lodge room, the Co. Lodge unanimously elected Bro. George Fraser of Cornwallis Lodge an honorary member of said body, Bro Fraser has two fine sons overseas, both members of the lodge Cornwallis has seven members in active service, and several more, who were unable to pass, but were anxious to have an opportunity to carry out in a practical way the teaching of our great Imperialistic As- sociation. The following officers for the ensuing year were installed by P. C. M. Bro. Hennigar Swing:— W C Master, A. A. Bligh, Brook- lyn Corner. W Dept. Co Master, Hennigar Ewing, Morristown. W Co. Chaplin, Rev. R. B. Lay- ton, Kentville. W Co. Recording Secy. Justin E. Gates, Port Williams. W Co. Financial Secy., Hugh H. Bligh, Brooklyn Corner. W Co. Treas., Robert F. Rafuse, Edson Griffin, H. M. Lantz, Kempton Lantzard, A. B. Rand.

The number exalted twelve in one evening I believe estab- lishes a record in the working of this Degree in the Province.

Thur. 115uo Inbr. lizz. HM Sir Kt. Comp's Sergets, Stearty and McNeil recd the hearty thanks of the chapter for their assistance in the degree work. Owing to the absence thru ill- ness, of Sir Kt. Comp, S. E. Nelly of North Kingston, the Comp, Scribe Sir Kt. Comps J. E. Gates and A. B. Rand were appointed serjee and Finan- cial Secy. respectively. The visiting Sir Kts. were most hos- pitably entertained feeling well repaid for their visit, hoping they would again have the plea- sure of a like frahernal gather- ing.

The Chapter will be opened in Port Williams on April 4th by the Post W. Cin. S. Sir Kt. Comp A. A. Bligh and after the opening ceremonies will ad- journ to meet in Kentville on the following day for the pur- pose of ex-acting several candi- dates belonging to that Lodge.

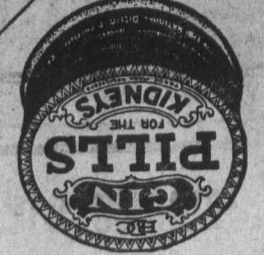

THE WEEK SHIP- ING LOSSES

LONDON, March 14—Admir- alty reports loss by mine or sub- marine of 18 British merchant- men in the past week and one fishing vessel; of these 15 were 1600 tons or over and 3 under that tonnage. Arrivals at ports in the United Kingdom numbered 2,046; sailing 2062; merchantmen unsuccessfully at- tacked, 8.

35 LBS. SUGAR KEEPS ELEC- TRIC PLANT FROM CLOS- ING.

New York World: Officials of the Westinghouse Lamp Co. of Bloomfield, N. J., which em- ploys 3500 workers, appealed yesterday to federal food au- thorities at Jersey City for 35 pounds of brown sugar, saying it would be necessary to sus- pend operations unless the re- quest was granted. It was ex- plained that brown sugar is used in infinitesimal quantities in making electric bulbs. Food Administrator Fielder gave as- surances that the quantity de- sired would be made available each week.

Never before in the history of the New York fur trade has there been so active a demand for all kinds of skins as has pre- vailed this season. Besides re- ducing the catch throughout the country the cold weather has

PACER "DR. SHAR- PER" DEAD.

Charlottetown Guardian: Word has been received in this city that "Dr. Sharper" the well known race horse, formerly owned by Major D. A. MacKla- non, was killed at Port Hawkes- bury on Thursday last. His owner, Mr. C. A. Chisholm, had him out on the ice for a work-out, when the Doctor, overreaching caught a hoof in his quarter boot, which was a little loose, and threw himself striking his head heavily and bursting a blood vessel. He died 15 minutes later.

CASUALTIES LOW AGAIN.

British Lose But 3,552, Scarce- ly More Than in the Previous Week's Lowest Record in Month.

LONDON, Thursday, Mar. 14—The British casualties, report- ed for the week ending today, numbered 3,552. They were divided as follows:— Killed or died of wounds: Offi- cers, 53; men, 322. Wounded or missing: Officers, 148; men, 2,539. In the first week of March the casualties number 3,343, the lowest of any week for several months.

The Spring Tonic for Pale, Thin People

If you want to Gain in Weight and Recover Your Appetite, Energy and Ambition, Try This Well Known Remedy

With the passing of winter many people feel weak, depressed and easily tired. The body lacks that vital force and energy which pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them, and a blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-year-round blood builder and nerve tonic, but they are especially useful in the spring. Every does helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follows.

If you are pale and sallow, easily tired, or breathless at the least exertion; if your complexion is poor, or if you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches or backaches, if you are irritable or nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment which Dr. Williams' Pink Pills alone can give—you need the new blood, new energy this medicine always brings.

A Complete Wreck.

Mrs. C. Forsythe, R. R. No. 2, Fisherville, Ont., says: "At the age of fourteen my daughter Viola was feeling very much run down in the spring. Then she was attacked with whooping cough which left her a complete wreck. She had no appetite, could not sleep well nights and was subject to chills which sometimes kept her in bed for the day. She was doctoring steadily, but not apparently getting the least benefit, and I naturally grew very anxious. One of my neighbors suggested giving her Dr. Williams' Pink Pills, and I got a box. When she began using the pills she weighed only 87 pounds. Before the box was all gone I had gained six more boxes, and under their use she constantly grew stronger. Her appetite improved, the color came back to her cheeks, she could sleep well, and feels and looks like a different person, and with all this while using the pills she gained 20 pounds in weight."

Gained in Weight.

Mrs. M. B. Ricket, Kitchener, Ont., says: "I was weak, run down, and losing weight when I began using Dr. Williams' Pink Pills. I took the pills steadily for a month, and the difference they made in my condition was most gratifying. I gained both in strength and weight, and feel since I used the pills like a new person. I also recommended the use of the pills to my daughter-in-law who was pale, thin and weak. When she began using the pills she weighed only 103 pounds and when she discontinued their use she weighed 137 pounds. For all weak people I think there is no medicine can equal Dr. Williams' Pink Pills."

A Spring Cold.

Mrs. Chas. Winegarden, Delhi, Ont., says: "Last spring my daughter Ruby was taken with a bad cold. She seemed weak had a constant pain in her side, grew pale, and as the remedies usually used in cases of this kind did not help her we feared she was going into a decline. I decided to give her Dr. Williams' Pink Pills and got six boxes. Before she had them all, she was again well and strong. The cough had left her, she had a good appetite, the pain in her side disappeared, and a nice rosy color had returned to her cheeks. I have therefore much reason to speak warmly in praise of Dr. Williams' Pink Pills."

A Sallow Complexion.

Miss Gladys Marshall Chatman, Ont., says: "I suffered from nervousness and my blood was in a very poor condition. My face broke out in pimples and my complexion was very sallow. I took doctors' medicine but without beneficial results. I was feeling much discouraged when a friend recommended Dr. Williams' Pink Pills. I used in all six boxes, and was overjoyed to find that my complexion had become quite clear, pimples had disappeared, my nerves were strengthened and my old-time health and ambition returned. I shall always have a good word to say for Dr. Williams' Pink Pills."

SMALLPOX AND VACCINATION.

(Issued by the Department of Public Health of Nova Scotia.)

In the eighteenth century smallpox is said to have caused the death of 50,000,020 people in Europe. Sixteen per cent of the deaths in England in that century were due to that disease.

In 1798, after years of study and observation, Jenner announced the discovery of a preventive measure in vaccination. Since that time smallpox has prevailed in various countries practically in direct proportion to the number of unvaccinated persons in those countries.

There have always been opponents of vaccination. Until within recent years there was a possibility that disease might be transmitted through the operation, although the instances in which this happened were

worth nothing. The German soldiers were re-vaccinated on enlistment; although vaccination at that time was optional for the civilian population. In France, vaccination was carried out very perfunctorily, both amongst civilians and the military. Both armies were attacked by smallpox. The French lost 23,000 soldiers, the Germans only 278. "And in the same tent, breathing the same air, the French wounded were heavily visited by the disease, while the German wounded, having been re-vaccinated, had not a single case." (Sajous's Annual.)

A few years ago, when smallpox became somewhat prevalent in New York City, 800,000 people were vaccinated without a bad result.

Quite recently smallpox assumed epidemic form in Niagara Falls, N. Y., a city of about 35,000 population. A strong prejudice against vaccination had been developed there, and a large proportion of the inhabitants were not protected. The disease became so prevalent that the State Board of Health was obliged to interfere. Within a short time 20,000 people were vaccinated and the disease was stamped out. It is interesting to note that it was particularly amongst the well-to-do people of Niagara Falls, those living under excellent sanitary conditions, that the disease prevailed.

Vaccination has saved millions of lives. As performed today it is a safe operation, seldom causing anything more than a few days of trifling indisposition. If the vaccinated area is kept clean and free from infection by other germs than those contained in the vaccine, a really sore arm does not result. The immunity conferred lasts for from five to seven years. Re-vaccination at five year intervals practically guarantees one safety from infection by smallpox.

The vaccinated person is a safe member of the community. Can the same be said of the unvaccinated person?

EMPLOYMENT OF ALIENS IN CANADA STRONGLY URGED.

MONTREAL, Mar. 20.—Unanimous endorsement of the resolution passed by the Great War Veterans Association at Hamilton on March 3, asking the government to employ all aliens on enemy origin in works of national importance, or in industries essential to the winning of the war, at earnings equal to the pay and allowances of the Canadian soldiers, was given by the recently organized Imperial Sons of the Empire in the Windsor Hotel here last night.

Railway Rates and Production

Mr. Grant Hall Compares Prices of Farm Produce and Cost of Carriage.

"Will an increase in railway freight rates discourage greater production of food stuffs in Canada?" was the question put to Mr. Grant Hall, Vice-President and General Manager of the Canadian Pacific Railway, in reply he said:

"Why should it? With present prices prevailing all one has to do is to compare the present and the past prices for farm produce and the cost of carriage in the past and at present. In 1914 the average price for No. 1 northern wheat at Fort William was 90.2 cents. For the price of one bushel we carried 16.3 bushels from Brandon to Fort William, a distance of 552 miles. In 1917 the price of one bushel of wheat at the same market was \$2.21. In 1917 we carried 28.2 bushels from Brandon to Fort William for the price of one bushel of 1914. In 1914 hogs were selling for \$1.66 per hundred. For the price of one hundred pounds of hogs we carried 4640 pounds from Minnedoua to Winnipeg, a distance of 135 miles. In 1917 hogs sold for \$1.35 per hundred and we carried the same distance 5270 pounds for the price of one hundred pounds.

"In 1914 cattle sold at \$6.88 per hundred. For \$6.88 we carried 5.31 pounds from Souris to Winnipeg, 149 miles. In 1917 cattle sold for \$9.08 per hundred, and for that amount we carried 5,320 pounds from Souris to Winnipeg.

"In 1914 butter sold for 25 1/2 cents per pound. For 25 1/2 cents we carried 120 pounds of butter from Carberry to Winnipeg, 106 miles. In 1917 butter sold for 38 1/2 cents and we carried 148 pounds for this price of one pound.

"In order to make my point more clear it can be stated that if a farmer sold one bushel of wheat locally in Brandon to pay for railway carriage he could ship nearly twice the amount for the price of one bushel in 1917 than he did in 1914.

"You know the story of the Kansas farmer who complained to the dealer that the price of a buggy was too high. The dealer replied: 'Yes, it was true the price of buggies had advanced but the last time he bought a buggy he paid for it with one load of grain. Now for the one load he got a buggy and the balance in cash or in lieu of cash he would throw in a kitchen range, cooking utensils, and to make good measure would give him a pair of overalls and a pair of gloves.'

"Recently a man in Vancouver was talking to me about the high freight

located at Kingston. Prior to the Halifax disaster the students were housed in premises at the dockyards here, but these were considered too limited. If the military authorities do not object to the proposal and the city, which holds a long lease of the park from the imperial government is agreeable, it is considered likely that the site recommended will be chosen for the new college.

GERMAN OFFENSIVE IS DIMINISHING.

The strength of the great German offensive, in France apparently is fast diminishing.

On the seventh day of the titanic battle there were strong indications that the enemy was feeling materially the strain he has undergone and that his power had been greatly impaired through hard usage.

While the town of Albert has been captured from the British and west of Roye, the French have been compelled to give ground in the face of very superior numbers, the British have repulsed heavy attacks both north and south of the Somme and also driven back across the Ancre River, the Germans who forded the stream Wednesday.

German Losses Heavy.

Especially severe has been the fighting west of Albert, where the Germans, in an endeavor to debouch westward were repulsed by Field Marshal Haig's men with the heaviest casualties.

The British gains in the Somme and Ancre regions are represented by the recapture of the towns of Morlancourt and Chipilly, South of the Somme they have advanced to Proyret which lies to the south of Bray.

All along the fifty mile front from the region of Arras to the south of the Oise near Noyon the effects of what was to have been the final stroke to end the war in a victory for the Tuetoons are only too plainly evident in the redevastation of the countryside and the wreck and ruin of the towns, villages and hamlets through which the armies have passed.

BRILLIANT SUCCESS OF BRITISH CAVALRY.

LONDON, March 27.—(Via Reuter's Ottawa Agency)—Reuter's correspondent at British Headquarters says tonight:

"Our cavalry have been in action and achieved a brilliant success, but no details have been given.

"Although the enemy is continuing to thrust hard along practically the whole front, the tendency of the struggle is settling steadily southwards, and consequently the French are bearing a growing share.

"Throughout the Somme area yesterday our airmen badly mauled the enemy. Very few anti-aircraft guns have yet been moved forward by the enemy, while his airmen are so ruthlessly combated out of the skies that they are little disposed to join in combat."

ST. PAUL'S CHURCH.

The attendance at the services for prayer during the week have been the largest since the opening of the new church. On Sunday next at both services, special prayers will be made for the empire and our Allies.

"More things are wrought by prayer than this world would dream of whereof left by voice Rise like a fountain for me night and day. For what are men better than sheep or goats That nourish a blind life within

the brain. If, knowing God they upon the earth do spray you with for themselves and those who call them friends? For so the whole round earth in every way, bound by gold chains—feet of God."

WINDSOR FLIGHT LIEUT. MISSING.

Flight Lieut. Noble Millett, has been reported as missing since March 13th, and his relatives are anxiously awaiting further news in the hope that he may still be alive. Noble has flown over the enemy lines several times and had been very fortunate up to the 13th.

Corp. J. E. Graham, son of Mrs. J. E. Graham, Windsor, has been decorated with the Croix de Guxre for gallantry during the recent Ypres operations.

MILITARY POLICE AFTER DESERTERS.

On Wednesday afternoon and the following night Military constables were rounding up deserters, etc. in Kentville. Provincial Constables Mosher assisted by the Military Police at Kentville and Policemen Davis and Bond rounded up six men and four of them were taken away yesterday.

ACADIA WON FROM DALHOUSIE.

HALIFAX, Mar. 23—Before a large audience Acadia was victorious over Dalhousie in the intercollegiate debate. J. W. Falconer was in the chair, and the judges were Dr. Boyle of Kings, Professor W. M. Tweedie of Mount Allison University and Mr. T. S. Rogers, K. C. The subject of the debate, of which the Dalhousie team had the negative and the Acadia team the affirmative, was as follows:—

"RESOLVED—That as one of the terms of peace, the allotment by the Allies to Germany, of territory in Africa equal in area to that possessed on that continent, at the outbreak of the war, on condition that they suffer no commercial restrictions by tariffs, bounties or otherwise, would be in the interests of international harmony."

At the School for the Blind last night, Mr. Eslabrooks opened for Acadia was followed by Mr. C. C. Robins was the next speaker for Acadia, and he was followed by Mr. J. C. Distant of Dalhousie. Private Lumsden of Acadia followed and Mr. A. E. Keer of Dalhousie and Lieut Esterbrooks for Acadia, Mr. Keer, who is the new member of the house team, presented a strong argument.

In giving their decisions two of the judges were for Acadia and one was for Dalhousie, but as the majority had it, Acadia was proclaimed the winners. The timers were F. T. McLeod of Dalhousie and R. B. Spallman of Acadia both sides had a strong delegation of voters present, nearly one hundred having come down from Acadia for the debate, and during the evening songs of both colleges were sung.

Following the debate Dalhousie gave a luncheon to the Acadia team at the Tally-Ho and over fifty were present. The toasts were the King, Our Guests, the Allied Armies, the Ladies, and our Sister Universities.

CANNON BOMBARDED PARIS AT 70 MILES DISTANCE.

PARIS, Mar. 23—According to the latest reports the long distance cannon, which bombarded Paris this afternoon was firing from a distance of approximately seventy five miles; and was located about seven and a half miles beyond the French front, and within the German lines.

PORT WILLIAMS.

The Womens Institute under the efficient leadership of Mrs. D. Collins is steadily gaining in strength and interest.

The March meeting was particularly good. Miss Crawford, teacher of Advanced Dept. of school here, contributed an excellent paper on what the Institutes of Canada are doing to improve the grounds, sanitary conditions and etc., of school property. In rural districts this has been found especially beneficial.

Miss Lingley read a very instructive paper on "The War and music" showing how the life and spirit of the Allies have interwoven itself into the songs of the Nations.

Miss Jackson, teacher at Town Plot, gave a very bright interesting paper on the life and experience of the soldiers "Tommys" which was witty and patriotic and much enjoyed by those present.

The meeting was then addressed briefly by Dr Elliot, and Mr. Stairs of Wolfville on the needs of the Society for caring for destitute and homeless children.

Mr. Stairs has been a pioneer in his philanthropic work for Kings Co. At the close of the address pledge cards for membership were circulated and a good number joined, the fees going toward support of the Society.

Mr. G. H. Illsley who has been suffering from a severe attack of pleitry is again able to be out attending to business.

The Baptists of this place and New Minas have rec'd word from the Rev. R. W. Allen, now stationed at Chester, of the acceptance of his call to these churches, and expects to begin work here the first of May.

Prof. Hannay of Acadia College, occupied the pulpit of Baptist church here last Sunday evening. A large and appreciative audience listened with closest attention to him as he spoke of the unflinching faith sacrifice of Abraham of old, applying it to the trying days we are more passing through, as the war cloud deepens and lowers.

Next Sunday Evening the S. S. will give an Easter Concert and interesting program of music and exercises will be given. Offering for foreign mission.

Grandmother's Pies are done

HOW luscious they look as she takes them from the oven. Here is a kind well worth your attention, made from dried apples, small raisins and brown sugar. "Spring mince pies" grandmother called them. She had many other delicious pies and pudding made from brown sugar

—in fact she hardly used any other sugar for cooking.

Lantic Old Fashioned Brown Sugar

is just like the sugar that Grandmother used to use. It comes in Light, Brilliant and Dark Yellow, but the Brilliant Yellow is about right for most of the things Grandmother made and for your own favorite brown sugar dishes.

You should keep brown sugar in your pantry and you should use it oftener. It has a delicious characteristic flavor essential to the success of many dishes. It is economical, too, costing less per pound than granulated.

If you don't know how to make Grandmother's good old-fashioned dishes, no matter. We have just printed a delightful new booklet called "Grandmother's Recipes." It is devoted entirely to brown sugar goodies. Send for it to-day enclosing 2 cent stamp to cover cost of mailing and please add the name of your grocer.

Lantic Old-Fashioned Brown Sugars are made by the same firm that makes the famous Lantic "FINE" Granulated.

Income Tax Forms Are now available

Returns must be filed on or before 31st March

THE Dominion Income War Tax Act requires you to fill in one or more of the five special Forms provided before 31st March, 1918. In order to assist the public to understand just what is required of them, information on each Form is given below. Read carefully, then get three copies of the form that fits your case and fill them in. Answer all questions fully and accurately. For making false statements, a penalty of \$10,000 or six months' imprisonment, or both, is provided.

Individuals.—All persons unmarried, and all widows or widowers without dependent children, whose income is \$1500 a year or more, must fill in Form T1. All other persons whose income is \$3000 or more, use the same Form. Where any income is derived from dividends, list amounts received from Canadian and Foreign securities separately. Fill in pages 1, 2 and 3 only. Do not mark on page 4. Partnerships, as such need not file returns, but the individuals forming the partnerships must.

Corporations and Joint Stock Companies, no matter how created or organized, shall pay the normal tax on income exceeding \$3000. Use Form T2—giving particulars of income. Also attach a financial statement. Under Deductions, show in detail amounts paid to Patriotic Fund and Canadian Red Cross or other approved War Funds.

Trustees, Executors, Administrators of Estates and Assignees use Form T3. Full particulars of the distribution of income from all estates handled must be shown as well as details of amounts distributed. A separate Form must be filled in for each estate.

Employers must use Form T4 to give names and amounts of salaries, bonuses, commissions and other remuneration paid to all employees during 1917 where such remuneration amounted in the aggregate to \$1000 or over.

Corporation Lists of Shareholders.—On Form T5 corporations shall give a statement of all dividends and interest paid to Shareholders residing in Canada during 1917 stating to whom paid, and the amounts.

Forms in every case are to be kept by the filer until all Forms must be filed by 31st March. For information a flow chart for each type of return may be obtained.

In the case of Forms T1 and T2, keep one copy of the filled in Form and file the other two with the Inspector of Taxation for your District. In the case of T3, T4 and T5, keep one copy and file the other two with the Commissioner of Taxation, Dept. of Finance, Ottawa.

Forms may be obtained from the District Inspectors of Taxation and from the Postmasters at all leading centres.

Forms must be held on all letters and documents forwarded by mail in the name of Taxation.

PROTECT ELECTION ON TECHNICAL GROUNDS

OTTAWA, MARCH 15.—A protest has been lodged at Ottawa against the declaration of Wm.

Duff as member of parliament for Lunenburg (N. S.) Major Mackenzie, the Unionist candidate, who was defeated by a majority, claims the seat on large majority, claiming the seat on the technical ground that

Mr. Duff is disqualified because he is bondsman for a local mail carrier. The act regarding the independence of parliament stipulates that no member shall be interested in a contract.

GREAT GERMAN OFFENSIVE HAS PUSHED BRITISH LINE BACK BUT NOW ENEMY IS HELD IN CHECK.

Space will not allow us to give to our readers much of the momentous events in the battle fields of Europe in the last few days. The great German offensive was started on Friday and Sundays news that came over the wires was most alarming. While the fate of nations were in the balance the reports arriving on Monday gave us no reason to fear any disaster to British and Canadian armies. The British lines have been bent back several miles, at places, but the ground won has been gained at a tremendous cost in German lives. American reports claim that fully 200,000 casualties have occurred among the Germans an awful toll for so little accomplished. The British only claim 150,000 German casualties with their own dead and wounded at 75,000 or about one half.

The Canadians were evidently not in the first of the fight but they have launched one of the greatest gas attacks that ever was known in this contest. They were highly successful also punishing the enemy in a terrible manner.

Later news will no doubt bring more reassuring reports of the little that the enemy has gained and counter attacks may place the Germans in a worse position than before.

The enemy have surprised all by their great gun which shelled Paris from a distance of 75 miles. If more of these guns are being placed Britain may be bombarded from the coast of

It Saves Doctors' Bills!

This is the Rev. A. D. McLeod's opinion of Zam-Buk. This clergyman, who lives at Harcourt, N.B., writing to the proprietors, remarks upon the unusual popularity which Zam-Buk enjoys in the homes of the people of his parish. He says: "I know of nothing that can compare with it. Having charge of an extensive mission, over which I travel constantly, I meet with many sick and afflicted people, and I have been amazed at the good which Zam-Buk is doing daily. I have learned, as an absolute fact, that for bad ulcers, old wounds, eczema and skin diseases of all kinds the healing powers of Zam-Buk are simply marvellous. For the painful ailment, piles, also, it is excellent. Many a doctor's bill is saved by the use of Zam-Buk." For cuts, burns and scalds Zam-Buk is equally good. Nothing ends pain and heals so quickly. 50c. box, \$ for \$1.25. All dealers or Zam-Buk Co., Toronto. Send 1c. stamp for free trial box.

Belgium.

We can only repeat the assurances coming from the seat of war that there is no reason for great fear. The lines will hold and the Germans will be thrown back. They cannot long stand the terrible punishment which allied guns is giving them. But it awful to think the noble men which this offensive has cost us.

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q. "Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

FREE MEN ARE FOR FARM WORK.

The Canada Food Board is preparing plans for the mobilization of labor for spring seeding operations. Men familiar with handling horses will be specially needed and it is essential that they be secured to work on the land. For this reason employers of such labor or, in urban centres, will be advised to consider the adoption of co-operation methods of delivery in order to free the men capable of driving horses and especially those with farm experience.

It is estimated by W. P. Lowell, of Calais, who carries on extensive lumbering in New Brunswick, that the cut in the province this year will be between 36 and 40 per cent less than last year, chiefly because of shortage of efficient labor.

CONSERVING THE AGUE.

To a native of a certain section of the Southwest that is well known for its malarial tendencies a St. Louis traveling

men said:—"I notice that there is a great deal of arge hereabout."

"Yes," was the laconic response.

"That's a great drawback. It unfits a man entirely for work, doesn't it?"

"Generally it does," said the other.

"Still, here on my farm, when my man John has a right hard fit of the shakes we fastens the churn-dasher to him and, stranger, he brings the butter inside of fifteen minutes."—New York Times.

CANARD.

Rev. A. J. Prosser has a large Bereau Bible Class which meets regularly at Lower Canard and great interest is taken in the study of the scripture lessons.

Messrs. Jno. L. Eaton and Stanley Jackson left about a fortnight ago for Prince Edw. Island to purchase horses there. They got well snowed up while there and were unable to get around at all, or even to get back home.

At a social held by the Bereau Class a fortnight ago Dr. Perry Bowles' Eaton was presented with a purse of \$25.00 as a token of esteem of his friends here for what he is doing in the Empire's cause and incidentally as a wedding present.

Dr. Eaton has had much experience in hospital work the past two years and married an English lady who is giving her services in the work of alliviating suffering in the British hospitals. Dr. Eaton returned alone to Canada as transportation of even one extra person is sometimes difficult to obtain. He has decided to enlist in the work of the Medical Corps in Canada and has had his ability and services recognized by being appointed surgeon in one of the recently established hospitals at Halifax and is now engaged at his work there. His loyalty to his own country and desire to do his best in the Empire's service is recognized by his friends here.

Those who attended services in the Baptist Church on Sunday morning March 3rd, were delighted with the address given by Rev. A. W. West of Kentville.

GENERAL AIR-RAID ON TEUTON CITIES.

Cologne, Mannheim, Metz and Bruges Heavily Bombarded—Forty-Five Enemy Machines Shot Down and 22 Disabled.

LONDON, March. 25—British aviators have bombarded the railway stations at Cologne, as well as various other important cities in Germany, the official statement on aerial operations announces tonight.

The text of the statement reads:—

"During the night one of the enemy's large bombing machines landed behind our lines. Following a successful daylight raid on Mannheim, other objectives in Germany were attacked during the night.

"Half a ton of bombs were dropped on the railway stations at Cologne, where a fire was started. Over a ton of bombs were distributed between the Luxemburg railway station, where a fire broke out, and the Courcelles railway east of Metz. Two tons of bombs were dropped on the Metz railway station.

"The fight was the most severe so far experienced. Our airplanes shot down 45 enemy machines and drove down 22 out of control. Two other hostile machines were shot down by our anti-aircraft guns. Ten of our machines are missing.

Hand made, fancy bread in Canada went off the market on March 15, under the Canada Food Board's new regulations. Cstandard war flour, meaning flour about two per cent coarser than ordinary, may only be used for bread from henceforth.

Women of Canada—the kitchen is your fort. Food will win or lose the war.

Lord Rhondda, British Food Controller, says the food situation for the Allies will be most difficult during the next two months.

Little savings in the preparation of meals, all count for your country. Kill Kaiserism in the kitchen.

Keep Rabbits.

One pair of rabbits in one year would increase to 2484 in twelve months at the rate of six young ones per month, which is a very conservative rate, some young families numbering as high as thirteen. This is also allowing for the elimination of surplus male bunnies as soon as they are big enough to eat. Rabbits can live on hay and get along very cheaply. They provide five pounds of meat when full grown.

Chickens should be hatched early this year so that they will mature on the fresh green stuffs of the summer season. Store feed is found to be high this year.

Sap's runnin'—In South Western Ontario, Peter McArthur of Ekfried tapped his trees early in March. Season's late this year though—old-fashioned winter. Get out all the buckets, old and new and make the most of your time. There's a good market for every pound of sugar and gallon of syrup.

CANADA FOOD BOARD SAYS:

We have reason to believe that maple sugar and maple syrup production this year will be somewhat in the neighborhood of double that of recent years. In 1916 there were approximately 55,000 maple sugar producers in Canada, when the total production amounted to 19,600,000 pounds of sugar and 2,000,000 gallons of syrup. So that, if the promise of doubled production this year is sustained, Eastern Canada should produce about 40,000,000 pounds of sugar and 4,000,000 gallons of syrup. In 1911 the price of maple sugar to the farmer ranged from 5 to 10 cents per pound, according to quality and the district's availability to the market. This year prices are

quoted around 16 and 18 cents and even higher for the better grades. Compared with 1911 in increased crop of sugar this year at this year's prices should be worth about 6,000,000 as against \$800,000, an increase of over 600 per cent. This is on sugar alone. Syrup is quoted at \$1.40 to \$1.65 per gallon and 4,000,000 gallons will bring another \$5,000,000 so that the total crop this year, if the hopes of those interested bear fruit, will total over \$10,000,000 and most of this money will accrue to the farmers as the result of three week's effort before regular farm operations have commenced. If due care were taken to prevent waste in the sugar bush, arising from overflowing of buckets, it is estimated that \$2,000,000 worth of sugar and syrup extra would be saved. All this money would be extra over and above the revenue accrued to the farmer from regular field crops, livestock and other sources involving capital expenditure as well as labour and management. Every tree will produce from 30 cents to \$1.00 worth of sugar and 5,000 trees can be handled almost as well as 500 if energetic preparations are made. The farmer can make \$200 worth of syrup and sugar in the brief period of three weeks of early spring when, otherwise, he would be doing little or nothing of revenue bringing value. The season has already commenced in South Western Ontario.

The United States is a great market for sugar and maple syrup and Great Britain and France are great prospective markets. Production in the United States has fallen off greatly since the early days. In 1860, 40,000,000 pounds of maple sugar and 1,500,000 gallons of syrup were produced, and in 1910 only 14,000,000 lbs. which in 1910 produced 7,700,000 crop, the largest being Vermont of sugar and 4,000,000 gallons of syrup. Twenty-two states of the Union contribute to the and Pennsylvania each 400,000 000 pounds of sugar; New York 3,100,000 pounds; Pennsylvania, 1,200,000 pounds; New Hampshire, 1,560,000 pounds. The largest producer of syrup was Ohio which produced 1,200,000 gallons; New York, 1,000,000 gallons and Vermont gallons.

MOTHERS PRAISE BABY'S OWN TABLETS.

Every mother wishes her little ones to be well—thousands of mothers have learned the secret of keeping them well. They have found by experience that an occasional dose of Baby's Own Tablets will prevent sickness, or if sickness comes on suddenly the Tablets will promptly give relief. These mothers have nothing but praise for the Tablets. Among them is Mrs. Gustave Lord, St. Peter's, Que., who says:—"I have been using Baby's Own Tablets for my little ones for a number of years and have found

them a perfect medicine. They regulate the bowels; stop vomiting; in fact they are good for all the little ailments of childhood." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

SUDDEN DEATH OF BRIDGE-TOWN PASTOR.

HALIFAX, N. S., March 17—Rev. F. C. Simpson, minister of the Presbyterian church, Bridgetown, died this morning as he was preparing for the service. Mr. Simpson had no premonition of illness, but some time ago his physician had told him he was threatened with cerebral trouble. His wife who survives, is a sister of Wm. Duff, member elect of the house of commons from Lunenburg and of the wife of Rev. J. A. McGlashen of Dartmouth.

Mr. Simpson came to Nova Scotia from Hull. He was then a member of Methodist church but he entered the Presbyterian college, Halifax, was admitted to that church and became one of its ministers. Two children survive, one a Lieutenant in the depot battalion at Halifax, who has been overseas and the other a daughter, on the staff of the immigration department at Halifax.

THE NASAL SYSTEM.

While mother was arranging the pantry shelves, Marjory handed her the spice boxes, mentioning each spice by name. Presently she said: "Mamma, I can read."

"Can you, dear?"

"Yes, mamma," said Marjory, "but I don't read like you. I read by the smell."

Once Bitten—Twice Shy.

Advertising may make a poor article sell for a while, but the most persistent advertising would not induce you to make a second purchase of a thing that turned out to be fraudulent, and the profit on the first sale would never pay for the advertising.

Do you not think the advertisers know this? They fully realize that the very first essential of success is to have something worthy, something that people want and will keep on buying.

If you see a thing advertised regularly week after week, year after year, it is safe to conclude that it possesses actual merit and is well worth its cost.

WOLFVILLE.

Crowded out of Tuesday. Mr. Horton Phinney of Halifax has purchased the property of Mr. R. Earl Burgess and will come to Wolfville to reside.

Contributors to the Wolfville Branch of the Red Cross recently are Mr. E. B. Harris, and Mrs. F. J. Porter Wolfville, and Mrs. A. S. Harris, Fitchburg, Mass. each 2.00 Mrs. W. C. B. Harris \$4.00.

Wolfville Boy Scouts are getting to be a finely organized body and useful in a great many ways.

The lecture on Tuesday 19th by Lieut. Archibald was a most interesting occasion. Principal DeWolfe presided and music was provided by the Boy Scouts Band and solos by Miss Evelyn Nelly of Aylesford.

Lieut. Archibald, vivid description of the early events of the war stirred the whole audience.

Mr. J. Oscar Harris made a trip to Kentville last week and visited his brother, H. G. Harris, and also the Experimental Farm.

Miss Etta Yuhl, M. A., has resigned from her position on the staff of the High School, Chilliwack, B. C., and is succeeded by Miss O. M. Switzer, B. A., Principal of Peachland High School.

The proceeds of the war time supper, March 20th was \$66.00 for the work of Red Cross and I. O. D. E.

At the meeting of the Halifax Presbytery Messrs. Herbert Stairs, J. D. Chamber and Miss Annie M. Stuart were representatives of the Presbyterian church here. Rev Mr. Miller has decided not to accept the call to Milford recently extended to him, but will remain to carry out his work in Wolfville. The proposal of the Methodist and Presbyterian to unite services for year will make a strong church organization here.

ANOTHER KINGS COUNTY BOY WINS MILITARY MEDAL.

News has been received here by his relatives that Private Eno Ogilvie has won the military medal for conspicuous bravery on the field. He is a son of Mr. Caleb Ogilvie of Ogilvie's Kings County and went across to England with the Engineers in 1916, after drilling the winter in Quebec. His has been a charmed life ever since, as with all the fighting he has been in the midst of he has thus far escaped with only a slight wound in the wrist. His work has been that of a sapper and it took him a great part of the time out in the dangerous "No-Man's Land." There he was engaged in mining, placing entanglements and doing all in his power to get the wily Hun before the latter had an opportunity of getting him. With his true Nova Scotia ingenuity tact and likewise good luck he was always able to spring his mine before the enemy. On one occasion when out in the danger zone with 137 companies only he and 7 others got back alive and 5 of them were injured. No wonder that the military authorities considered his deeds worthy of the military medal.

Private Ogilvie has a brother residing at Centreville, and a sister, Mrs. Hartley Foot at Woodville and he has just sent word home that he has been granted leave of absence for a few weeks to go to England to qualify for promotion.

Private Ogilvie does not hesitate when he starts out on a mission. While working in the United States in 1914 the call to arms appealed to him. He immediately telegraphed to Halifax for enlistment and never went back to his work and even to get his clothes and belongings. His desire was to "Get there" and do his bit and this he has accomplished in a signal manner and won distinction for himself in so doing.
