TROLLEY ACCIDENT AT QUEENSTON

--BRAKES FAILED TO ACT--

TAKES TOLL OF FIFTEEN LIVES

Car Conductor Lost Control of Niagara Falls and Victoria Park Electric Railway Car, it Rounded Two Curves and at Third Plunged From Tracks Leaving Dead and Suffering.

Toronto, July 8.—Plunging down the steep, curve electric line, running with all control, a Niagara Falls and Victoria Park railway car, crowded with Sunday school picnicers from Toronto, jumped the tracks just above the village of Queenston. The car dived over on its side and ploughed into the ground below. Fifteen of its passengers were killed outright or died of their wounds and over fifty were injured.

EXCURSIONISTS

The tragic accident occurred upon the historic ground of the Battle of Queenston Heights. The car, which was literally packed with excursionists standing between the seats, and even hanging on behind, swayed madly around two of the curves on the steep incline, swept past the switch and plunged from the tracks one hundred feet from the base of the Heights. The motorman, Sidney Boyd, lost control of the car through the brakes failing to respond a considerable distance above the village. The car immediately began to gain a terrible momentum. The screams and cries of the terrified passengers attracted the stupefied attention of those above and below. There was no possibility of giving aid.

THE FATAL THIRD CURVE

Two of the sharp curves the madly speeding car negotiated in safety, though and as it swept around them spectators held their breath. On the third and last curve the car plunged from the rails. It completely jumped the tracks, and wiping away a trolley pole as though it were tinder, plunged over the embankment. It landed upon its side, and rolled for some few feet along the ground, cutting down a tree as though with a knife.

BROKEN TREE DID MOST HARM

Coming with the tree completely wrecked the rear part of the car, and the front slewed on for some further distance, leaving in its wake a trail of debris and crushed bodies. The fearful swiftness with which death had come to some of their companions and injury to many others had scarcely time to make an impression on the passengers at the steam-er dock below, and to send them swarming up the track to the hillside to begin the work of rescue, before unexpected help came from twelve soldiers of the 10th Regiment on guard upon the International bridge. They were nearer to the scene of the disaster than the people on the dock in the village. When they reached the overturned and crushed car with

UNITED STATES TAKES OVER THE SAYVILLE

The Only Means of Communication With Germany is Now Under Control

By Special Wire to the Courier.

WASHINGTON, July 8.—THE UNITED STATES GOVERNMENT TO-DAY TOOK OVER THE SAYVILLE, L.I., STATION, THE ONLY REMAINING PRIVATELY OPERATED DIRECT MEANS OF COMMUNICATION BETWEEN UNITED STATES AND GERMANY.

SECRETARY OF THE NAVY DANIELS ANNOUNCED THAT CAPT. BULLARD, IN CHARGE OF THE NAVAL RADIO HAD GONE TO TAKE OVER THE STATION AND WOULD CONTINUE ITS OPERATION WITH NAVAL FORCES.

Churches Will Help Recruiting

In connection with the recruiting of the 25th Brant Dragons, Col. Muir, who is in charge, stated this morning that he had persuaded the Ministerial Alliance to give him their assistance. Services are being held every morning at half past nine in the headquarters on George street. Next week they will be held at nine o'clock. The following ministers will conduct the services:

Monday—Rev. Patterson-Smyth.
Tuesday—Rev. G. A. Woodside.
Wednesday—Rev. Saunders.
Thursday—Rev. A. E. Lavell.
Friday—Rev. L. Brown.
Saturday—Rev. M. Kelly.

In the Anglican churches throughout the county, arrangements have also been made to have special recruiting services on Sunday, July 18th.

TOLL OF THE TRAGEDY

Nine bodies were removed from the scene of the wreck to an empty building near the post office at Queenston, where Dr. Greenwood, the Coroner from St. Catharines, impelled a jury, who viewed the remains. The identified dead were:

Harold Jeffrey Partridge, organist and choirmaster of Wood-green church, 22 Garden Avenue.
Charles P. Jennings, accountant, Imperial Varnish Company, 503 Broadview Avenue.
Albert Little, 105 Bolton Avenue.
Mrs. A. Westney, 44 Bain Avenue.
Miss Crombie, maid for Rev. J. McP. Scott, 46 Jones Avenue.
F. Bags, Westminster Printing Co.
The body of a woman about 25 years of age, who died on the way from Queenston to Niagara Falls, Ont., lies unidentified in Russell's undertaking establishment, Niagara Falls.
DIED ON BOARD STEAMER CHIPPEWA.
Mrs. Sloan, 24 Fairview boulevard, widow of the late Henry Sloan. (Her son is C. J. Sloan, Manager of the Royal Bank of Canada, Gerrard street and Jones Avenue.)
Mrs. Hart, 421 Broadview avenue. (She is a sister of Governor Chambers of the jail.)
Another woman, unidentified.

REPORTS GAINS BY ALLIES IN DARDANELLES

GENERAL SIR IAN HAMILTON AND CAPTAIN FITZMAURICE ON BOARD THE TRIUMPH

RUSSIANS HALTING PURSUERS

ITALIAN CRUISER IS SUNK

By Special Wire to the Courier.

London, July 8.—So great has been the weight of reinforcements brought up by Russia along the stretch of territory between the Rivers Vistula and Bug, notably in the vicinity of Krasnik, that the Austro-Hungarians for the moment have been forced to assume the defensive and to pause in their rush toward Lublin and the railways running from that city to Warsaw.

The sector on the eastern front where the Russians are making a stand is held almost exclusively by Austrians and observers here see in the Russian attack not only a desire to keep their line intact in this important part, but a deliberate blow at the Austrians who, according to the official reports, seem to be finding themselves in some difficulty.

The much discussed German offensive in the west has not yet developed though reports of a big movement of troops to that front are persistent. These forces must be new formations unless the great offensive on the east is to cease. For to withdraw troops from Poland and Galicia now would be to leave unfinished what Field Marshal Von Mackensen set out to accomplish, unless the clearing of Galicia of Russians was the sole aim, and this is considered hardly probable.

The Berlin claim that the Germans have re-taken trenches near Ypres, Belgium, recently seized by the British, is not confirmed from British sources.

TORNADO SWEEPS THROUGH THE STATES

—MANY DEATHS ARE REPORTED—

CAUSES OF DELAY WERE UNAVOIDABLE

Factories Could Not Cope With the Orders and Machinery Was Lacking.

By Special Wire to the Courier.

London, July 8.—Most of the causes of delay to the contractors supplying war munitions were unavoidable, according to a letter to the Morning Post from the managing director of one of the contracting firms. One difficulty was to obtain thousands of gauges needed by the sudden multiplication of the factories producing munitions, the gauge making craft being a very limited one, and being quite powerless to meet the sudden demand.

Transport delays also caused great trouble, and it was necessary to obtain much of the material and machinery from the United States. In many instances the voyage from New York to London occupied sixty instead of twenty days, while the British docks and railways were so congested that transit from Liverpool to London sometimes occupied five weeks.

To these difficulties were added the fact that the army in the first months of the war took away the bulk of the skilled workmen.

To-day, however, these causes of delay have been, for the most part, removed, and the writer says, the work will proceed in ever-increasing measure.

Released by Intervention of the Pope

Paris, July 8.—The Rome correspondent of the Havas News Agency sends the following:

"The Corriere Della Sera says that the news has been received at the Vatican that Germany, as a result of the Pope's intervention, has ordered the release of Madame Carton de Wiart."

Madame de Wiart, who is the wife of the Belgian Minister of Justice, was sentenced recently to three months imprisonment for corresponding with her husband, according to news despatches. The German authorities accused her of endangering the security of German troops. It was reported that she had been sent to Berlin as a prisoner.

MOTORMAN SAYS HE DID NOT LOSE HIS HEAD DURING DESCENT

Queenston, Ont., July 8.—Until the facts are brought out in the inquiry, the cause of last night's tragedy, when the lives of thirteen Toronto people were crushed out by the derailment of a trolley car, is best indicated by the statement of Motorman Sidney Boyd of Niagara Falls, Ontario, who with Conductor George Caswell of the same place, was in charge of the car. He says—

"At Lowry's Corner the third curve above the wharf, the car began to skid. I saw that it was getting away from me and began to work in every way to curb its momentum. The brakes would not work, neither was there any effect when I tried the reverse. The rails were greasy and the sand I poured on the tracks did no good. I passed the second curve safely, but she was gaining speed all the time. I knew that even if the next curve was passed all right, the car would plunge through the platform at the wharf. I did not lose my head, but tried again and again to break her speed, but to no avail."

ABSOLUTE CONCORD IS EXISTING BETWEEN THE FRENCH AND BRITISH

French Minister of Munitions is Interviewed in London—Democracy Against Militarism.

By Special Wire to the Courier.

London, July 8.—(Montreal Gazette despatch).—The Daily Chronicle publishes an interview with Albert Thomas, the French minister of munitions now in London, who had a long conference with Mr. Lloyd-George yesterday. He discussed the question of the huge demands which the war is making on the munitions factories in this country and in France.

"It is our duty," said Mr. Thomas, "to organize for victory. To this we are heading all our energies. The war may be long; difficulties may reach the start, but we shall keep on until the end."

"Then we may disregard any hints about the French nation being tired of the war?" asked the interviewer.

"Certainly you may," was the emphatic reply. "We are going to see this thing through to the end. We have no doubt about the result, however long it may take us to arrive at the desired ending of the war. There can be there will be no ending to it, save the complete victory of the allies."

"It has been whispered in this country," Mr. Thomas, said the interviewer, "that there is a certain amount of dissatisfaction in France with the efforts which are being put forward by Great Britain."

"You may disregard this altogether," said the minister. "We know how great are the resources of your country. We know what immense efforts you have put forth, which have been a surprise not only to us, but to the enemy as well, and we have every reason for believing and knowing that these immense resources will continue to be used in the service of the allies."

"Then the entente between France and Great Britain remains as cordial as ever?"

"Absolutely, and there is a most perfect understanding between the governments of the two countries."

"Understand me, I do not say that our common task is an easy one nor do I say that we are on the eve of speedy victory but what I do say, is that the struggle long or short we are both ready to double, to triple, and quadruple and if necessary to increase tenfold the output of munitions of war."

"We have pooled our resources, and I for one, have no doubt that these resources are great enough to stand any strain which we may be called upon to put upon them. Nor have I any fear of an ultimate triumph. All the great moral forces of the world are for our side. The allies are fighting for the freeing of Europe from the domination of militarism, and that is fighting into which every democrat can throw himself heart and soul. Defeat in such a cause is unthinkable."

Holt's Words Seem True; Ship Afire

Minnehaha Caught Fire Explosion Over Five Hundred Miles From Port of Halifax.

By Special Wire to the Courier.

New York, July 8.—As if in answer to Frank Holt's last warning that a ship at sea "should sink, God willing, on the 7th" there came last night a wireless message, made public to-day, from Captain Claret of the Atlantic Transport Line Steamer Minnehaha telling that his ship was afire at sea, 570 miles southeast of Halifax.

The ship had sufficient ammunition aboard, by the liner's admission, to sink her should the flames reach it, but whether the blaze in her hold was started by a bomb which Holt had placed there was a matter of pure conjecture. It was possible that he had done so, an official said, but one man's guess on that point was as good as another's, he added.

Captain Claret's message said that the fire was in No. 3 hold and was not serious. The ammunition aboard the vessel was stored afire, at an appreciable distance from this hold. In No. 3 hold, it was asserted, the cargo was of a general nature.

No passengers were aboard the Minnehaha. Her crew numbered approximately 100. She was at her pier here about a week taking on cargo Sunday, July 4.

The Minnehaha should reach Halifax, it was said, to-morrow forenoon.

Trolley Accident.

(Continued from Page 1)

One of the victims, a man, carried a watch presented to Robert Watson by the Humane Society for rescuing a little girl from drowning. Most of the victims, it was stated, belonged to the Woodgreen Methodist Church and St. John's Church, Norway, both of which were holding a Sunday school picnic. The newspaper representative connected with the churches had left on an earlier boat, and even the pastor of the Woodgreen Church, the Rev. Dr. T. E. Bartley, was unaware of the tragedy until a late hour last night.

THE SAD HOMICIDE
The steamer with its freight of dead and injured and its many bereaved reached Toronto shortly before 11 o'clock in a downpour of rain. It was met by all the available ambulance cars in the city, and these had to be supplemented by automobiles. A crowd of anxious relatives and friends were there to get word of their kin. Yonge street was given over to running motors. Street cars stopped at the chief of horns tied them by as they carried the more seriously injured to the hospital. Several trips were necessary before all were laid in the wards. Numbers less seriously injured were assisted by friends to the street cars. Some lamed, others with bandaged heads and arms passed up Yonge street, while crowds of interested spectators stood in the rain to watch them.

THREE LITTLE GIRLS
Three sisters, Annie, Hall, 14 years, Emily, 12, and Beatrice, 10, of 858 Queen street east, had a remarkable escape from the accident. They were members of Woodgreen Church.

The car was travelling very fast. Miss Annie told the newspaper representative last night, "and was swerving from side to side. When the car had reached the last curve on its route to the boat there was a flash and the car jumped the track. The next thing I knew something heavy was being lifted off me, and I was helped out of the wreckage. The only injury I received was a slight bruise to my arm."

By the time she had arrived in Toronto her arm was alright. Neither of her sisters were injured.

PETTICOATS FOR BANDAGES.
"It was a horrible sight," is the way one lady described the scene when the dead and injured were being brought on board the Chippewa at Queenston last night. She declined to give her name, but also stated that she had torn her petticoat into bandages for the injured. Many other ladies, she said had done the same thing.

RESCUER INJURED.
George Edwards, of 157 Carlaw avenue was not in the wreck, but while pulling out an injured man he received injuries to his right knee and foot by a portion of the roof of the car falling on him. He was a passenger on the car that followed.

CRISSES OF THE WOMEN.
Mrs. Stewart of 22 Bolton avenue, whose head is cut, said she thought the disaster was due in the first place to the car being overloaded. So many people were standing that when the car swayed at the fast speed it was going it could not recover its balance. The shrieking of the women when the car began to sway might also have had something to do with it, she thought, by unnerving the motorman, who lost his head and the control of the car.

FUSE BLEW OUT.
"We were passing the third of a series of curves coming near the dock at Queenston, when the fuse blew out," said Dr. Walter Bonney, 6 Hogarth avenue, his head spattered with blood from a slight cut above the left ear. "The brakes would not work then and on the steep slope the motorman lost control of the car. We went hurrying down going faster every minute. The car was packed and it swayed, swinging violently until it toppled over. As it fell it struck a tree, shortening the fall but doing more harm by smashing in the ceiling. People were thrown against each other in a jumbled mass and many caught

First Baptist Held Picnic Yesterday

The Courier is always pleased to use items of personal interest. Phone 376.

Yesterday the best and most successful picnic that the First Baptist Church ever had was held on Slater's Island. Upwards of 300 people, young and old, took advantage of the occasion and enjoyed themselves to the utmost. A number journeyed upon the street cars, but most of the children met first at the church and had the delightful experience of riding in busses to the scene, the same being provided by Hunt and Colter. The rain held off and practically interfered not at all with the running of the events, which proved highly exciting, nor with the most enjoyable part of all, the supper, which was done more than justice to by the crowd of merry-makers.

ORGANIST WAS KILLED.
A reporter was standing in front of the Yacht Club's pavilion at the end of the pier watching for the arrival of the Chippewa when he met Mr. E. J. Partridge who resides at 129 Grenadier road, who said he had had a wire that his son had been in the accident and had been injured. When the boat arrived Mr. Partridge learned that his son had been killed, crushed to death instantly, his last words being "Keep your seats. The car's off the rails." Mr. Harold Jeffrey Partridge was the organist and choirmaster of Woodgreen Church, and his wife was with him at the picnic. He resided at 22 Garden Avenue.

LAST WARNING
Mr. George Dyson of 39A Boston Avenue, whose forehead is grazed, was beginning to get alarmed at the terrible speed which the car had attained when he heard a shout from Mr. Partridge, the church organist, "Keep your seats. It's off the rails." These were Mr. Partridge's last words, for he was killed instantly. Immediately there was a rush to get out, in which Mr. Dyson was trampled on.

The next he remembers is stepping out of the wreckage, bareheaded and without the grip which he had in his hand. "I don't know how I got out," said Mr. Dyson. "Then I caught sight of the little child, nineteen months old, Mr. Wm. Greig, who lives at the same house as myself, whose mother is lying injured at Niagara Falls. He lay so still I thought he was dead. Luckily this is not the case. I brought him over with me in the boat. He never cried at all. I do not know if he is badly hurt or not." Mr. Partridge was one of the Woodgreen Church excursionists.

WHAT THE MOTORMAN SAID.
According to Dr. Arthur Lipman, who is the trolley coming off the wire, the brakes not working and the motorman not having a supply of sand to spill on the rails. Dr. Lipman told a reporter last night that the motorman of the car told him these facts. Dr. Lipman had gone to Queenston on an afternoon boat and went on to the Heights. He was not connected with any of the picnics. He was a passenger on the ill-fated car, and received slight injuries to his head. As soon as he was liberated from the wreckage he rendered medical assistance to the injured. He continued his efforts during the trip across the lake.

TOLD TO JUMP.
Robin Hopkins, 61 Hampton avenue was riding on the front seat with the driver of the car, which he described as the "only place not crowded." The car swerved noticeably as it passed over the switches when coming from Queenston, he declared, "but the last switch the motorman seemed to have used up all his sand, and I could feel the car go. The motorman told me to jump, but before I could move the car turned down the embankment, I remember no more until I was pulled out from under the car."

ESCAPED WITH BRUISES.
Harold Hargrave of 51 Hogarth avenue, about 18 years of age, whose face is severely bruised, was one of the St. John's Presbyterian Church excursionists. He had a seat in the middle of the car. When it was upset he tried to get out of the window, but he was unable. He was finally extricated.

THE INJURED AT THE FALLS.
Every doctor in the city, with assistants from the American side, attended the wants of the injured. The entire automobile transports conveyed the injured from the car to the hospital on Jopson street. The limited staff at the hospital did all in their power to alleviate their sufferings, the injuries consisting of broken and lacerated legs, arms and heads. Two of the injured died on the way to the hospital, while ten or twelve bodies lay at the scene of the accident awaiting the arrival of the Coroner from St. Catharines.

SOLDIER SURGEONS HELP.
As soon as the news of the accident reached the military authorities at Niagara-on-the-Lake, Col. Marlowe, A.D.M.S., immediately despatched Capt. Mills, Medical Officer of the 35th Battalion, and Capt. Crosby, Medical Officer of the 58th Battalion, to the scene of the disaster, where they assisted in giving preliminary attendance to the wounded whom they continued to assist while the boat crossed the lake.

Dr. Moorehead of the General Hospital rendered medical aid to the injured on the Chippewa.

William Chambers, before the Manitoba Commission investigating the Fullerton charges, repudiated ex-Attorney-General Howden's allegation that he paid \$25,000 to certain Liberals.

Every indication points to audiences of capacity proportions at the Colonial Theatre on Friday and Saturday afternoon and night, when the famous European War Pictures will be exhibited.

It was remarked to-day by a well-known downtown business man that since the outbreak of hostilities, this city has never yet had the opportunity of seeing any moving pictures which give a comprehensive idea of the united strength of the allied nations as they are actually engaged in the titanic struggle which has convulsed Europe. Isolated reels depicting war incidents have been shown here, but never a complete exhibition, in which the armies of nearly all the nations opposed to the Germans have participated.

Space permits of the mention of only a few of the vivid and strikingly memorable scenes which will be unfolded during the duration of the display. Among the many thrilling episodes which will be screened for the first time in Canada will be a charge of 700 Belgian Infantry, only 38 of whom returned; Belgian infantry going into action to Alost; Belgian Artillery at Courtrai; the bombardment of Ghent and Antwerp, the ruins of Melle (Belgium); the three doomed ships, the Cressy, the Aboukir and the Hogue; British marines under fire; German prisoners in custody of the British; British air ship and aeroplanes at Ostend, the French fleet in the Mediterranean Sea, the firing line with the French at Chavencou's, British Life Guards and Scotch Highlanders arriving in Belgium.

Together with the above will be shown the latest army and navy pictures which have been brought to America, the first pictures of Australian troops leaving Sydney for the front and the decoration of their commander, Col. Watson; the 19th and 20th Battalions (Toronto) in a sham fight, and the departure of the Vancouver battalions of the first contingent.

The pictures arrived in Canada only a few days ago and created a distinct sensation when first exhibited at Massey Hall, Toronto, a few days ago.

Every indication points to audiences of capacity proportions at the Colonial Theatre on Friday and Saturday afternoon and night, when the famous European War Pictures will be exhibited.

It was remarked to-day by a well-known downtown business man that since the outbreak of hostilities, this city has never yet had the opportunity of seeing any moving pictures which give a comprehensive idea of the united strength of the allied nations as they are actually engaged in the titanic struggle which has convulsed Europe. Isolated reels depicting war incidents have been shown here, but never a complete exhibition, in which the armies of nearly all the nations opposed to the Germans have participated.

Space permits of the mention of only a few of the vivid and strikingly memorable scenes which will be unfolded during the duration of the display. Among the many thrilling episodes which will be screened for the first time in Canada will be a charge of 700 Belgian Infantry, only 38 of whom returned; Belgian infantry going into action to Alost; Belgian Artillery at Courtrai; the bombardment of Ghent and Antwerp, the ruins of Melle (Belgium); the three doomed ships, the Cressy, the Aboukir and the Hogue; British marines under fire; German prisoners in custody of the British; British air ship and aeroplanes at Ostend, the French fleet in the Mediterranean Sea, the firing line with the French at Chavencou's, British Life Guards and Scotch Highlanders arriving in Belgium.

Together with the above will be shown the latest army and navy pictures which have been brought to America, the first pictures of Australian troops leaving Sydney for the front and the decoration of their commander, Col. Watson; the 19th and 20th Battalions (Toronto) in a sham fight, and the departure of the Vancouver battalions of the first contingent.

The pictures arrived in Canada only a few days ago and created a distinct sensation when first exhibited at Massey Hall, Toronto, a few days ago.

The Peanut Crop. Virginia still leads in the production of peanuts, with Oklahoma and Texas following. The last statistics show that there were 880,000 acres in this country planted in this product. Curiously enough, Marseilles, France, is the greatest peanut consumer in the world, owing to the use made of the nut in the production of oil, which substitutes to a great extent for olive oil.

Swine Market of Warsaw. Warsaw's swine market is one of the most original in the world, and the first view obtained of it by the traveler is startling. On the stone paved market place the bodies are laid in irregular rows, and here come the buyers to examine and purchase at will.

A One Man Submarine. A former United States naval officer has invented a one man submarine carrying a full sized torpedo in its bow, and with a plug that automatically closes the opening when the torpedo has been fired.

PRACTICAL HEALTH HINT.

Sore Throat.

Mild cases of sore throat can be treated at home oftentimes. Sucking small pieces of ice relieves the heat and pain in the throat. Wrapping the throat with towels which have been wrung out of cold water is another grateful treatment. Soaking the feet in hot water to which a little mustard has been added is also helpful. One should go to bed at once after having the foot bath. Before taking the foot bath take a selditz powder or a glass of citrate of magnesia. A sore throat is often an outward expression of a mild toxæmia caused by the retention of fermenting food in the digestive canal. The laxative medicine relieves this condition and cures the throat trouble.

AUTOMATIC POLICEMEN.

Mechanical Devices to Control Traffic on Crowded Streets. An automatic traffic policeman, which picks itself up every time it is knocked down by a careless driver, is one of the latest of the many inventions to control vehicular traffic on crowded city streets. It is a metal cylinder about four feet high, which is placed in the roadway at the middle of the intersection of two streets, and is intended to warn drivers against the dangerous practice of cutting across from one street to another instead of making a safe turn at right angles. The automatic policeman is attached to a spring hidden in a deep hole in the pavement. If the wheel of a passing motor truck strikes the sign and knocks it down the spring goes up and work and pulls the policeman up to a standing position again, like the toy figure that cannot be made to lie down. Thirty of these are in use in a Massachusetts city. Another odd automatic policeman is in service in San Francisco. High in the air at the intersection of two streets and suspended by wires from corner buildings is an arrow bearing the word "STOP". This arrow can be turned to stop the traffic on one street, and then turned to stop it on the cross street, by the manipulation of buttons from a convenient post at the street curb. Each time the arrow moves, a bell above it rings once or twice, in accordance with the usual whistle signals for traffic, but in case of a fire alarm the prospect that fire apparatus will soon be along, the arrow begins to whirl round and the bell rings continuously, to signify that all traffic on both streets must be stopped.—Saturday Evening Post.

HERE'S A BASEBALL TIP.

This Writer Picks the Boston Americans and Giants as winners. Just now the fans who prefer to back a favorite rather than a long shot are proclaiming that the Braves are due to repeat their 1914 performance and that the Red Sox will scamper away with the American league buntings. Possibly they are correct. Personally, I will confess that I favor the Boston team to top the racers in the Johnson contest and the Braves are runs out to be another miracle wonder. But the Stallings crew, wonderful players though they are, have no clench on the rag in the parent organization. Admitting that they have every advantage in a paper forecast, there's man a slip 'twixt April and October, as McGraw's bunch learned to their sorrow last season. Mr. Tomlinson's boys truly tipped the boys that the Braves were the real dark horses in the race, and today I feel that the rotters would do well to watch the Giants from the clang of the first gong. This tip is not backed by sentiment, for I am sure that the Braves' wonderful showing did a lot to help the cause of baseball generally, but it's "100 to 1 shot" that the New York aggregation will demonstrate very soon that it is back on the job and ready and willing to exchange wallop for wallop, until the leaves begin to fall.—Ed A. Goewey in Leslie's.

THE SITUATION.

Matters have been comparatively quiet on the various war fronts during the past few hours—that is, quiet for this struggle.

The renewed German onslaught in the Western theatre has been mainly manifested in the Weevre region, and the Paris official report says that at one point they were successful in penetrating the first line along a front of "about seven hundred yards" but were repulsed at other points with heavy losses.

The Turks in the Gallipoli Peninsula continue a series of mad rushes without any results. Fanaticism once more in their case seems to have taken the place of judgment.

The Russians are not withdrawing just now to any appreciable extent, and no one doubts that sooner or later, when ammunition supplies improve, that they will regain a footing.

A forcible illustration of the manner in which the German press continues to fool the people, has just been noted. In the House of Commons on July 9th, Premier Asquith stated that the total losses of all ranks of the French and Mediterranean Expeditionary forces up to May 1st were 258,000. The "Tagliche Rundschau" of Berlin in giving this incident, said: "Asquith has announced in Parliament that the total of the British losses in France is 1,585,409, of whom 10,955 are officers."

The Tagliche Rundschau, which is read chiefly in army and naval circles, and rendered it still more conspicuous by placing over it the heading "A Million and a Half English Losses." In the first place, the German public is informed that the losses were sustained in France, whereas Mr. Asquith stated clearly that these were the casualties "in the French and Mediterranean Expeditionary forces." In the second place the Berlin newspaper adds 1,327,340 to the number of casualties in other ranks mentioned by Mr. Asquith. It gives correctly the number of men missing, namely 52,517; but it increases to a fabulous degree the number of killed and wounded.

THE SCHOOL SHOULD HAVE A WIDER PLACE

There is no royal road to national prosperity in Canada. Individuals may make fortunes out of mines and real estate, but the prosperity of the people as a whole must, for many years, depend on our greatest industry, agriculture. Rural life is today our chief hope and our chief problem.

The rural population of Ontario decreased for years in spite of the increase in the population of the Province as a whole. The population of Ontario increased in the decade between 1901 and 1911 by 340,327, or nearly 16 per cent. In the same period the urban population increased by 392,511, while the rural population decreased by 52,184, though since 1911 there is evidence that the rural population is gaining.

The phenomenon is not peculiar to Ontario. It has been found to as great or greater extent over the country as a whole. In 1871 the urban population of Canada was 18 per cent. of the whole and the rural population was 82 per cent. In 1881 the urban population was 21 per cent., the rural 79. In 1891 the urban population was 29 per cent., the rural 71. In 1901 the urban population was 38 per cent., the rural 62. In 1911 the urban population was 45 per cent., and the rural 55. The same thing has occurred in the United States. Great Britain and other countries.

Many explanations may be given for this change. But one thing is plain. The people of Canada are no longer satisfied to remain isolated from their fellows. They demand the stimulus of other persons. They have reached the stage where social life is no longer a luxury, but a necessity.

There is much less social life in the Ontario farming community today than there was twenty-five years ago. The farmer has not escaped the "Success List" of our time. He no longer makes a living in order to live; he lives in order to make a living.

In spite of the improved methods of communication in spite of the magazines and newspapers the farmer is more isolated today from his immediate neighborhood than he was when the almanac and the Bible were his only printed recreations and the old grey mare his only method of travel.

World politics, valuable as they are, cannot take the place of homely local gossip. Communication with great and little minds through the printed page cannot displace the need for

social life. This is especially true of the young. The old may be satisfied with their papers; the young must have their parties.

Conscientiously to socialize rural life is one of the big problems facing this country today. And the crux of the situation lies in the public schools. The academic purpose of the schools was to teach children the "Three R's." In spite of the pedants the school has been gradually forced to assimilate the "Three X's" the "Three Z's" and numerous other "frills" not to be found in any alphabet. There was nothing radical about this change. It merely continued the old delusion that the schools were for children and for teaching. In the meantime intelligent people have decided that the school is not meant exclusively for children, and that it is not meant primarily for teaching.

It is time that we recognized the fact that the school is the great social arm of democracy. It belongs to the people as a whole. It has an enlarged and unprecedented part to play in the country, as well as in the city. It is time also that we discovered that the school is not meant for teaching, but for learning. There is all the difference in the world between the two. The people never built the schools for teaching. It was the broad learning purpose of the schools to narrow instructional purposes.

The child learns by the touch and sight and sound of other persons. The school has substituted books and has eliminated all but sight as a medium. If a child at home never "copies" he would never grow up. If a child at school "copies" he is punished.

The school must be socialized if the rural community is to be socialized. The school must become the social centre of the community if it is to save the community and save itself. In the school must gather the children, the young people and the adults. All must learn. From books, teachers, practice, but chiefly from each day. They must come there to play as well as to work. The two should be made so much alike as to rob each of its drawbacks.

The country people of Canada want each other. They have the railroads, the electric roads, the better roads, the telephone, the newspaper, bicycle and motor to bring them together. They want a "meeting house." The old meeting house, the church, cannot serve the whole community as it once did. The old "public house" has degenerated and is being abolished. The school is the one common ground where all can assemble and should assemble.

NOTES AND COMMENT

The tragedy to the holiday makers at Queenston demonstrates that peace hath her horrors as well as war.

The excellent manner in which Brantford's first installment of taxes was met, constitutes one more proof of the stability of this community.

Italy is making preparations to use gas bombs. Under the circumstances, quiet fight too.

The Italian king is reported to remain quite cool at the front amid falling shells. He is evidently a second King Albert of Belgium.

Judging from the amount of rain hereabouts just lately, the elements must think that the old time Southern Fair is in progress.

The Liberal who accepted \$25,000 for the Manitoba Grits in connection with the nasty mess under disclosure there, says he received the money as "a joke." Lots of people would like to be joked with on that basis, and wouldn't object if the other fellow kept it up all day.

In Belgium, the Kaiserites have issued an order that teachers will be given one year imprisonment if they attempt in any way to teach anything but German tenets. To make the thing complete, they ought to be supplied with maps showing the number of children murdered in the Lusitania and kindred tragedies.

INDIANAPOLIS

Indianapolis, Ind., July 8.—The wind and rain storm which swept Central and Southern Indiana last night caused three fatalities, many injuries and much property and crop damage. Telephone and telegraph services were interrupted and many interurban and steam lines suffered from washouts.

Indianapolis, Brazil, Bicknell, Martinsville, Terre Haute, Green Castle, Vincennes and Muncie felt the storm most. In all these cities an unprecedented seasonal rain fall was reported, accompanied by high winds. Streets were flooded, telephone poles blown down, and in many instances houses were wrecked. At Vincennes a brewery and a furniture factory collapsed under the gale and at new Vincennes, the farm home of T. Riley was blown down and Riley's daughter killed. Silas Felton, night engineer, was caught beneath the falling walls of the brewery and fatally injured.

At Greencastle, a prisoner in the state penitentiary farm was struck by lightning while walking in a field and killed. Two companions were stunned, but were revived.

CITY IN DARKNESS

At Martinsville, Floyd Oakes, an

electrician was electrocuted while repairing a broken wire. The storm knocked out the lighting system and left the city in darkness.

Bicknell reported that houses were unroofed and there were uprooted trees. Several persons suffered injuries. Near the town Roy Chambers' barn was blown down and it is reported Chambers was buried beneath it.

Terre Haute and Muncie reported no loss of life, but much property damage. At Lafayette the Monon Railroad reported a 1,000 foot landslide over its tracks near Logan and a 400 foot washout near Ellettsville.

Rural sections detail damages to the corn crop and to wheat in the shock.

ST. LOUIS GETS IT

St. Louis, July 8.—Reports early today from Eastern Missouri, which was swept by a tornado late yesterday, show that seven persons were killed, several score injured and three are missing. The damage to buildings and crops is estimated at between \$500,000 and \$1,000,000. One of the remarkable features of the tornado was the small number of deaths considering the nature of property damage.

Thus in the city of St. Charles, 162 blocks were practically demolished but not one life was lost there. Forty of the sixty buildings which formed the town of St. Peter were blown to fragments, but only a few slight injuries were reported from that place.

GILMORE WIPED OUT

Gilmore, Mo., was nearly wiped out yesterday, only one man was found dead there. Between Gilmore and Wentzville a Wabash passenger train known as the Colorado Limited, crossed the path of the storm and the first four coaches in the train were plucked by the wind and laid to one side of the right of way.

BUGGY LIFTED

Not a person was injured seriously in this accident. Those in the ditched cars ran back to the five passenger coaches left standing on the track; these were coupled to the tender and the train proceeded on its journey. Two miles west of O'Fallon, the wind lifted a buggy off the road, carried it, with horse and three occupants some distance through the air, and then hurled it to the ground. Daniel Muir, the driver escaped with a few bruises, but his wife and one child were killed.

TWO CHILDREN KILLED At Dardenne, Mo., the home of Mr. Thomas Flaherty was demolished and Mrs. Flaherty and their two children were killed. Fifty other homes in this town were reduced to splinters and

CASTORIA

At Wentzville, Mo., Mrs. Herman Oberlin was killed, and at Gilmore the body of Frank Kunzie was found on the railroad station platform after the storm.

St. Charles, after a night of total darkness—the electric light plant having been put out of commission—today looked upon the ruins of the entire central portion, including more than 300 residences. Search was instituted for the bodies of a woman and two small children who took refuge in the St. Charles Borromeo Catholic church a few minutes before it was razed by the wind. It is supposed they perished. The Borromeo was the oldest church in St. Charles, having been built in 1862 at a cost of \$100,000. The property damage in St. Charles alone, it is believed will aggregate nearly half a million dollars.

The damage to wheat in St. Charles and St. Louis counties is estimated at more than \$1,000,000. A dozen towns in these counties were isolated last night as miles upon miles of telephone and telegraph wires were on the ground a tangled mass.

CLOUD BURSTS

From St. Charles the tornado swerved across the Illinois and Missouri rivers to Illinois. There it branched out sending cloud bursts to Rock Island and to bounds, near Cairo, in the extreme southern part. The business section of both of these towns were flooded.

MOTORMAN

(Continued from Page 1)

Motorman Boyd is an old and tried employee of the system. His shoulder was dislocated and both hands lacerated.

INQUEST ADJOURNED

St. Catharines, Ont., July 8.—The inquest into the accident at Queenston has been adjourned until the 19th owing to Motorman Boyd being so badly hurt he will not be able to attend court before then. Coroner W. T. Greenwood said this morning the inquest will be held at Queenstown.

GOT BEYOND HIS CONTROL

Motorman John Boyd who was in charge of the wrecked car said in a statement today that the car got beyond his control just before it reached the curve. When he left Brock's monument station there were three more cars behind him, the four being intended to convey the Toronto excursionists from there to a boat landing at Queenstown. All were open cars. Rain began to fall and there was a rush for Boyd's car. Conductor Caswell tried to prevent overloading and signalled Boyd to go ahead while the people were still trying to get on board. There were about 90 in the car when it got under way. Boyd stopped once at the switch where the cars turn off the main line to the boat landing spur.

Approaching what is known as the lower curve Boyd applied the brakes. They appeared to work properly, he said, but did not check the speed of the car sufficiently to allow to take the curve at the low speed. Alongside the track, directly in the path of the car as it left the rails was a large maple tree with low hanging branches. When the car hit it all the uprights supporting the roof were smashed and the upper and lower parts of the car were piled in a tangled mass of splinters and twisted iron at the foot of the fifteen foot decline.

Niagara Falls, Ont., July 8.—With the four persons who died on the Toronto Steamer early today, the known dead from last night's trolley wreck on the slope of Queenstown Heights reaches a total of thirteen. Of the nine dead in the morgue here, only five have been identified and the identification of one of them is not positive.

These are—Miss Crombie, maid in the employ of the Rev. Mr. Scott of Toronto, Robert Watson, of Toronto, S. Sage, of Toronto, Harold P. Partridge, No. 22 Garden avenue, Toronto.

Dorothy Keats, 10 years old, of Silver Birch avenue, Toronto. The unidentified dead include a fair haired girl of 20 who has on a finger a signet ring marked with the initials "R. W.", a stout man with a card case marked "S. W. Grant," a young woman in whose pocket was found a picture marked "Margaret Tomplin, 31 Degraze avenue, Toronto" and a man of 40 whose cuff links are marked "J. C."

The body of the ten year old girl

believed to be Dorothy Keats has not been positively identified. Born her mother and father are among the 23 persons seriously hurt in the hospital here. Mrs. Keats said she saw Dorothy dead in the wreckage at Queenston and this is the principal ground for her belief that the dead girl is her daughter. The girl was brought from Queenstown by Coroner Greenwood and placed in morgues at 2 o'clock this morning.

GREY STEAMERS CAPTURED

London, July 8.—According to an Athens despatch to the Exchange Telegraph Company, the Greek steamers Thessaloniki and Janina, from the United States, were stopped at Gibraltar, and were subsequently conveyed to Malta for further examination. The Thessaloniki sailed from New York, June 19, for Piræus. There is no record in the maritime records of the Janina.

GOLD PROHIBITED

Paris, July 8.—A decree has been published prohibiting the export of gold except by the Bank of France. This is a precautionary measure taken at the suggestion of Minister of Finance Ribot. It has been found that gold, which has been exported, has not been destined always for a neutral country in settlement of accounts. A free outflow might result in a dangerous traffic, according to M. Ribot. The amount of gold in the Bank of France has been increased 13,500,000 francs (\$2,700,000) this week as the result of the appeal made by the government that the gold supply of the country be exchanged for bank notes.

LOCATIONS RECEPTION HELD THE TEMPERATRE JOINT INSTALLATION WITH HONORS. FOR THE FRONT ARRANGING COMMITTEE. HELD ANNUAL MEETING. CHAS. A. JARVIS OPTOMETRIST. NEILL See of T and lines very Neill

LOCAL NEWS ITEMS

RECEPTION HELD
A reception will be given to-night by the members of the Wellington street congregation to Rev. Dr. Henderson and Mrs. Henderson.

THE TEMPERATURE
Record for the last twenty four hours. Lowest 62, highest 78. Same date last year, lowest 62, highest 82, rainfall 2 inches.

JOINT INSTALLATION
A joint installation of the officers of the Gore, Harmony and Mohawk Lodges, I. O. O. F. will be held in the banquet room of the Masonic Temple to-night. D. D. G. M. Avery of Paris and staff will perform the ceremony.

WITH HONORS.
At the recent examinations in connection with the Toronto Conservatory of Music, conducted by Dr. A. S. Vagt of Toronto, Miss Gladys Garvin passed the Intermediate Singing Examination with honors. She is a pupil of Mr. Clifford Higgin.

FOR THE FRONT
Mr. Appleton, of the Bank of Montreal staff, has received a commission with Capt. Ballantyne's command, and expects to report for duty within a few days. He has been a resident of Brantford for the past three or four years, and has made himself exceedingly popular in social circles.

THE FIRST IN.
To-day the furniture of the Inland Revenue office was moved into Brantford's new public building and this will be the first department to occupy the premises. The post office boxes have not yet arrived, and seem like Mahomet's coffin, to be somewhere between earth and heaven. The Customs department is still awaiting orders for the transfer.

ARRANGING CONTRACT.
Mr. Todd, of Galt, superintendent of the Lake Erie and Northern Railway, was in the city yesterday and spent considerable time with City Solicitor Henderson, regarding the terms of agreement for the sale of the Galt road to the Municipal Railway to that corporation for \$300,000. One of the clauses will stipulate that the road from Brantford to Galt and Brantford to Port Dover must be run by electricity.

HELD ANNUAL MEETING
The Army and Navy Veterans Association held their annual meeting in the armories on Tuesday night. A vote of condolence was passed regarding the death of the late president of the association, Bro. J. Lamblin. Several other matters were discussed, but nothing definite was decided on any of the matters. The following officers were elected for the coming season: President, Henry Fisher; Vice-President, H. Nixon; Second Vice-President, W. Pearce; Recording Secretary, J. Holmes; Secretary-Treasurer, Geo. Williams; Chaplain, E. W. Jones.

RECEIVED COMMUTATION
Mr. A. K. Bunnell received from the Massey-Harris Co. Limited, \$34.84 in commutation of storm sewer constructed under by-law 1316 of the city of Brantford.

WERE TURNED ON
The new lights in Victoria Park were going for the first time last night. There are four of them, one in the middle of each of the main pathways leading into the centre. They are 100 candlepower lights and greatly improve not only Brant's monument but the rest of the park.

CLUB FORMED
The Jersey breeders of the county have formed a club to be known as the Brant Jersey Breeders Club. The following are the officers: President, J. Lloyd-Jones; 1st vice-president, E. W. Grummett; and vice-president, F. S. Pappel; secretary-treasurer, W. W. Smith.

WILL START SOON
The Hydro Electric Power Commission, in the communication received by City Clerk Leonard this morning, re. the removal of poles from Colborne street, state that their engineer will be able to start on the work very shortly, possibly within a week or two. He will notify the city officials before proceeding with the work.

POLICE COURT
Alderman S. P. Pitcher occupied the bench and dispatched the few cases on the list in a short time. James Payne and Charles Walker were charged with disorderly conduct. Payne was fined \$3.85 but the latter was allowed off with a severe warning. Robert Coin faced the charge of driving on a wheel, but the case was remanded until Tuesday.

DANGEROUS LOOKING
Many passersby this morning on Market street got a slight shock on viewing the grocery window of F. E. Ryerson & Co. It was at first felt that the store had been turned into an arsenal and was engaged in shell making, but a closer examination of the window and contents revealed the fact that the serried rows of shells held nothing more nerve destroying than tea as their contents.

HAD FINE PICNIC
The choir of Grace Church went down to Burlington Beach yesterday and enjoyed a splendid holiday. About thirty-five people went down and with them several guests, Dr. Andrews and Mr. A. E. Hughes, besides Rev. Patterson Smyth. Mr. Thomas, organist and choirmaster, was in charge of the picnic. Everyone thoroughly enjoyed themselves on the beach, playing baseball and other games.

SOMETHING GOOD
Manager Moule of the Brant Theatre has a stellar programme for this week ending in the fact that Runaway terminates in a most surprising and unthought of finish. "Why June ran away" is the question to be answered, and he assures the Courier the reason is an unexpected one and provides a great finish. Souvenir fans, with photos of most popular mimic players, are being given away to all ladies at close of show on Friday.

ANNUAL PICNIC
The Sydenham Street Sunday school held their annual picnic yesterday afternoon to the Bell Homestead. There was a large attendance, the happy crowd being conveyed by motor-cars. Everything went along gaily until supper time when it began to rain. Everybody made the best of the situation. A series of races were run off and the competition was keen and the sport enjoyed immensely. I. T. Burrows, who conveyed the picnicers to the grounds summoned all the busses and motors and vans at his disposal to bring the crowd home. The dampness did not seem to quench their good spirits for they sang and had a good time generally all the way back.

FRUIT BULLETIN

A COLLISION
Last evening at the corner of Park avenue and Colborne street a street car collided with an automobile. The headlight of the car was broken and the auto which was dashed into the boulevard was very badly smashed. Luckily no one was hurt.

Zion Church Picnic
Zion Church Sunday school picnic was held yesterday at Mohawk Park and in spite of the threatening weather, it was the most successful picnic this school ever held. A large number turned out, and a keen interest was taken in all the sporting events, and the winners were rewarded with handsome prizes. All except a couple of the events were pulled off, and the rain, while it hurried the supper, never affected the enjoyment of it, and everything in sight was demolished.

GOOD MEN AND TRUE SWEAR IN
The Brant Dragoons had another good night last night, four men being received. This is not a bad record considering the weather, which kept down the applicants. As it was a great number applied, but most of them were of too slight a build to pass the doctor. The recruiting officers state that in matters of physical requirement, especially in chest measurement the standard cannot very well be lowered. If it were, the men passed would never stand the rigors of a campaign in this war, or certainly would not stand it unless put through a longer course of training than these times will allow. This makes a total of twelve men now enlisted at Dragoon headquarters.

FIVE DIED AND WERE BURIED AT SEA
On the Sicilian Last Voyage Out From England.
Quebec, July 8.—Two Allan Trans-Atlantic boats reached Quebec yesterday evening and both had interesting news. The Pretorian, Captain denied the story published that his ship had been chased by a German submarine on his last trip out from Quebec to Liverpool June 16, five people on board died and were buried at sea.

LETTER FROM THE FRONT
The following letter has been received by Mrs. Jas. C. VanFleet, 128 Oxford street, city, from her son Harry who is in the trenches. He gives a vivid account of active warfare and also states that the Germans are being trimmed all along the line.

RUSSIANS
At several points in France the Germans have been attacking violently, but the only appreciable loss conceded by the French is in the St. Mihiel district. The French admit they have lost a strip of trenches measuring 700 yards. The German official statement more than doubles this distance.

CAUSED BY EXPLOSION
The fire aboard the Minnehaha was caused by an explosion, according to a wireless message received at 12.40 p.m. to-day from Captain Claret.
LOADED WITH SHOT.
Aboard the Minnehaha was a cargo of approximately 15,000 tons, including munitions of war. At the time the message was sent, 5 o'clock yesterday afternoon, the ship was 570 miles southeast of Halifax. Apparently she has made Halifax and was on her way to London. The captain said that he was putting back to Halifax.
A considerable quantity of ammunition was aboard the Minnehaha it was learned to-day. Officials of the line asserted, however, that the fire was far removed from that section of the ship in which the ammunition had been stored. The ship's crew number approximately 100.

OLD JINX HAS BEEN REMOVED AND BRANTS WON YESTERDAY

COOPER'S FINE HITTING LARGELY RESPONSIBLE—TWO MORE HOME RUNS SCORED, AND THREE DOUBLE PLAYS STAGED.

The old hard luck jinx has been shaken off by the Brants. They have shown themselves to be a real ball team in the games of this series, especially in yesterday's game. Another home run was smashed out over the fence, making a total of seven for the club in the last three games. Shag's crew also made one, bringing their total up to three. These make a grand total of ten homers, which is an unprecedented record here.

again donned a Cristall uniform. He prevented the Senators from making another probable tally in the ninth by his catch of Fuller's foul fly. The team worked together and played errorless ball. It was too bad that eight men died on bases for the Brants and only two of the Ottawas.

together by Bill Cristall, were unable until recently to shake off the jinx, with the result that they have been floundering about in the cellar position. Things have changed during the past couple of weeks and it will not be long before the positions of the two teams are reversed.

What Cristall Has to Say of Kelly Harris. When the Herald got into communication with Manager Cristall, of the Brants, at the Grand Central hotel in St. Thomas yesterday morning and informed him why Kelly Harris had not accompanied the squad to the Railroad City, the pilot was not at all surprised.

who was easy to handle and eager to put his best foot forward at all times. He is a sterling mechanical ball player, a hard hitter and a speedy baserunner, but lacking in baseball brains. Many a game has he messed up plays by his failure to catch a signal, and in this way he has offset his hitting ability to such a degree that he is no great value to a club.

Golf Notes

The qualifying round for the mixed foursome competition was played off Wednesday afternoon, and although weather conditions were not all that could be desired, twenty eight players participated in this very interesting event and the following qualified to play off (match play) for the two handsome shields, presented by Mr. Charles Sheppard:

Mrs. Webling and Mr. Champion, Mrs. Wallace and Mr. G. Caudwell, Mrs. Hewitt and Mr. Towers, Mrs. Wilkes and Mr. R. Scarfe, Miss Raymond and Mr. Reville, Mrs. Preston and Mr. F. Leeming, Mr. Schell and Dr. Chapin, Miss Gibson and Mr. Webling.

This round should be played on Saturday afternoon or before.

NATIONAL LEAGUE

Brooklyn, July 8.—After making it four straight from Boston by winning the first game of to-day's double-header by 4 to 3, the Brooklyn fought out a sixteen-inning unless tie. The first game was a battle between southpaws, Smith having a shade on Tyler. The second game was called at the end of the sixth inning on account of darkness, after Douglas had fought a great duel with James and Davis. The Braves got only one hit off Douglas in the first nine innings, and only four altogether. James allowed two hits in five innings and then gave way to a pinch hitter, Davis pitched great ball in the last eleven innings holding the nine hits well scattered. Both teams had numerous chances to score but were stopped by brilliant fielding.

Scores:—
First game— R.H.E.
Boston 3 6 3
Brooklyn 4 7 2
Tyler and Whaling; Smith and McCarty.
Second game— R.H.E.
Boston 0 4 3
Brooklyn 0 11 3
James, Davis and Whaling; Douglas and Miller.

TEN DOLLARS FOR THIS HOMER

Philadelphia, July 8.—New York and Philadelphia divided a double-header to-day, the Giants taking the opener 5 to 4, and the home team the second game, which went to ten innings 1 to 0. In the first contest both Matthews and Mayer were hit hard but double plays saved the former. It was a sufrage day, and Niehoff was presented with \$10 bill for making a home run. In the closing event Tesreau pitched to only twenty-seven batters in ten innings, only two men got on bases and these were victims in double plays. In the tenth Byrne singled, Bancroft was called out when hit by a ball that Matthews whiffed double and Byrne scored on Cravath's single.

Scores:—
First game— R. H. E.
New York 5 12 3
Philadelphia 4 12 3
Mathewson and Meyers, Mayer and Kilfliter.
Second game— R. H. E.
New York 0 7 0
Philadelphia 1 4 0
Tesreau and Meyers; Demaree and E. Burns.

BOB FISHER'S HITTING FEATURES

Pittsburg, July 8.—Heavy hitting by Zimmerman and Fisher helped Chicago defeat Pittsburg here to-day.

Scores:—
R. H. E.
Chicago 7 10 1
Pittsburg 4 11 1
Lavender and Archer; Adams, Cooper, Conzelman and Gibson, Schang.

AMERICAN LEAGUE

Boston, July 8.—Only a fraction of a game separates Boston from Chicago in the race for leadership in the American League, as a result of the Red Sox double win over Washington yesterday. Boston scored six straight victories in the series. Boston won the first game by hard hitting. The second game was one of a single score. Barry's double and singles by Leonard and Hooper being the factors in the run. Scores:—
First game— R.H.E.
Washington 0 10 0
Boston 0 20 0
Second game— R.H.E.
Washington 0 0 0
Boston 0 10 0

ATHLETICS WIN

New York, July 8.—The Philadelphia Athletics made it four games out of five from New York in their series by dividing a double header yesterday. New York took the first game 13 to 5, Philadelphia the second, 6 to 5.

The first game proved a very amateurish exhibition. Crowell and Davis walked fourteen men and were found for twelve hits. In the second game, Shawkey, recently sold by the Athletics to New York, was hit hard. R.H.E. scores:—
Philadelphia 6 12 1
New York 13 12 1
R.H.E. scores:—
Philadelphia 6 12 1
New York 13 12 1

timation.

THE PROBS

Toronto, July 8.—The disturbance
is centered south of Lake Erie and
rain has fallen over the greater por-
tion of Ontario and quite heavily in
southern districts, local showers have
occurred in Saskatchewan and Mani-
toba, while in Manitoba and the Mar-
itime Provinces the weather has been
fine and warm.

FORECASTS

Northerly winds, fair. Friday,
moderate winds, fine and moderately
warm.

58th Battalion

Needs Men

Immediately

As the result of the inevitable weed-
ing out that takes place after a bat-
talion has been organized, the 58th
battalion, now at Niagara camp, finds
itself in need of another 150 or 200
men, and arrangements have been
made to recruit these at once in To-
ronto. Capt. H. Cassels having been
sent over from Niagara for the pur-
pose. The battalion is now actively
engaged in training, and uniforms
and equipment have been issued so
that men going themselves for en-
listment will be transferred to Ni-
agara at once, and will receive their
complete equipment without delay.
Recruiting will take place at the east
end of the main barracks on the re-
maining three days of this week, from
9 to 12 and 2 to 5 daily. The 58th
battalion which was formed largely
from among Toronto units, has a
class of men above the average,
and most of its officers are Toronto
men. Steps are now being taken
to organize the various branches
of the social life of the regim-
ent forming various teams, and a
committee for sports will be select-
ed shortly. In addition the regiment
has now a first-class band, trained
bandmen having enlisted and tur-
nished with instruments, so that the
unit has the best band at Niagara
camp, and indeed its band equals any
that have gone abroad. An urgent
call for recruits is being made, and
among others it is hoped that street
railway men will apply a number of
these already having enlisted in the
battalion.

COUNCIL FOR

BECKER READY

By Special Wire to the Courier.
New York, July 8.—Council for C.
Becker ready to go to Washing-
ton to-day to apply to a justice of the
United States Supreme Court for a
writ of error in an effort to save Beck-
er from the electric chair. The re-
prieve in Becker's case set the date
for his execution during the week be-
ginning July 26.

It was stated to-day that Becker's
counsel would base their application
on the ground that Becker had been
denied the right of executive clem-
ency because of the fact that Gov-
ernor Whitman had been his prosecu-
tor and could not be unbiased. Should
the supreme court deny the applica-
tion, it was said that Becker's coun-
sel were prepared to ask the Federal
court in New York for a writ of habe-
as corpus in his behalf. Other
moves such as the instigation of an
inquiry to discover whether there was
a conspiracy on the part of witnesses
to testify falsely against Becker were
said to be under contemplation in
case of failure to obtain either of the
two writs.

RANELAGH

[From Our Own Correspondents]
There have been some lovely show-
ers of late which were needed very
much.

Strawberry picking is the order of
the day, and they are only about half
a crop.

Mr. and Mrs. Thos. Wood spent
July 1st at Hamilton with their daugh-
ter.

The W. M. S. of Little Lake met at
the home of Mrs. H. Winkell on
Tuesday to do work for the supply
committee.

Miss McIntyre of St. Thomas spent
over Sunday with her niece, Mrs.
Lloyd Haggard.

Several from here motored to Bur-
ford on July 1st to attend the Jull
picnic.

The home of Mrs. Geo. Jull was
the scene of a quiet wedding on Satur-
day last when Miss Gertrude Jull and
Rev. Whaley, of Sask., was united in
marriage by the Rev. T. R. Clark of
Otterville. They left for their home
in the North West on the evening
train.

By Special Wire to the Courier.
New York, July 8.—Police authori-
ties continued to-day their investiga-
tions to ascertain whether Frank Holt
had planted bombs on board any
steamships now on their way across
the Atlantic Ocean. As a result of
wireless warnings reassuring messen-
gers had been received from the cap-
tains of the Saxonia and Philadelphia
in mid-Atlantic saying that those
steamships had been searched for
bombs and nothing found. These
were the two vessels mentioned by
Holt in his letter to his wife in Dal-
las when he wrote that one of them
should sink on July 7.

Further inquiry was conducted by
the police to-day to discover what
had become of the sixty pounds of
dynamite missing from Holt's store
it appeared that Holt had bought 40
pounds of dynamite that he had in
the evening of July 7, in spite of the
fact that he had been notified that his
explosives had not been able to dis-
cover.

Thus far the police authorities have
not been able to discover that Holt
had any accomplices in the making
or placing of his bombs. Police Com-
missioner Woods said the indications
were that Holt had worked alone.

Arrangements had been made to
hold an inquest on Holt's suicide to-
day. His identification as Erich
Muentzer, as indicted in Cambridge,
Mass., for the death of his wife, was
regarded by the authorities as com-
plete.

P. Morgan, who was shot by
Holt, had so far recovered yesterday
as to be able to walk about his house
at Glen Cove and his family hoped
that to-day the financier would be
able to go out of doors for first time
since he was shot.

CAINSVILLE

[From Our Own Correspondents]
The strawberry festival held at the
Methodist church under the auspices
of the Ladies' Aid Society on Wed-
nesday evening, July 7, was a success
of the rain a marked success. The
ladies had provided strawberries and
cream, cake and coffee in great abun-
dant and after all had partaken a
very enjoyable program of music,
and readings was rendered. The Dar-
wen orchestra of Brantford were well
received and every number given by
them was heartily applauded and
encored.

The readings given by Misses An-
nie Thompson and A. B. Graham
were very much enjoyed. These
young ladies being prime favorites
with the Cainsville audience. Rev.
Mr. Marshall of Oakville street church
Brantford occupied the chair in a
very acceptable manner.

Rev. Albert Pleyley delivered a
splendid sermon in the Methodist
church on Sunday morning last to a
well attended church. He chose as his
text these words: "For a great deal
of and effectual is opened unto me, and
there are many adversaries." 1 Cor.
XVIII, 9. The choir gave one selec-
tion and a solo "Make me a Chan-
celor of Blessing" was splendidly ren-
dered by Miss Norrie.

The evening service was in charge
of Rev. A. Bowers, B. A., who gave
an address on "Christian Citizenship"
and could not be unbiased. He chose
a deal of interest. The choir furnished
one piece of music and Mr. Lew
Smith sang "The Homeland."

The League meeting on Monday
evening was not so well attended as
the previous one. The choir was occu-
pied by the unfavorable of the
wheat. The choir was occupied by
Miss A. Smith and the topic "What
it means to be a church member" was
very ably handled by Miss Hawley
and Rev. Mr. Pleyley.

Miss Gladys Woltz is the representa-
tive of the Epworth League here,
attending the summer school which
is being held all this week in Oak-
ville.

The Misses Thomas of Farrington
visited Mrs. Dutton one day last week
Miss Carmody of Buffalo is the guest
of her father Mr. J. H. Carmody.

Mrs. Dutton spent Tuesday and
Wednesday in Brantford, the guest
of her sister Mrs. Huzzard.

Mr. and Mrs. Herb Clark and fam-
ily visited relatives at Alford Junction
on Sunday.

Miss Metta Duncan of Brantford is
the guest of her grand parents Mr.
and Mrs. Jos. Clapsatt.

The Women's Institute met on
Tuesday afternoon at the home of
Mrs. James Clark.

Mrs. Annie Graham attended the
banquet given to the delegates to the
Summer School in Oakville on Satur-
day night and remained over until
Monday.

Real War Pictures

A thousand details of human life will pass before your eyes as
you sit in a comfortable chair in the Colonial Theatre to-morrow
and Saturday, viewing the

War's New Authentic Greatest
Motion Pictures

and hear a famous lecturer describe them in graphic detail.

The successful results of the most expert and daring corps of photo-
graphers that ever invaded Europe will be offered you, and it is an im-
perative duty to go and see what our fellow human beings are doing on
the other side of the Atlantic. The war takes place right before your
eyes and every Canadian should see it and be enlightened for all time.

See the emotion of a nation, the laughter of children, mixed with agony
of adults; the materialized dreams of master artists smashed into debris;
see how close tears are to laughter; how comedy and pathos go hand in
hand; how the gamut of emotion is run on human faces in times of stress;
see civilization in convulsion and history being made—in moving pictures
that will be handed down for generations, as a marvellous human docu-
ment.
