

THE UNION ADVOCATE

VOL. 44.—NO. 22

NEWCASTLE, NEW BRUNSWICK, WEDNESDAY, APRIL 5, 1911.

PRICE THREE CENTS

W. MAX AITKEN IS AN IMPERIALIST

And May Resign His Seat in Great Britain and Stand For a Montreal Constituency in an Attempt to Defeat Reciprocity

Montreal, April 1.—W. Max Aitken, member of the British parliament for Ashton-Under-Lyne, greeting a number of Lancashire friends at a meeting here last evening, created a mild sensation by hinting that he might give up his seat in Lancashire and come to Montreal to solicit the suffrage of his supporters in order to create a strong imperial sentiment. He characterized the reciprocity proposals as a bribe on the part of the

Americans. "I am confident," he said, "that every man who has lived in Great Britain, and now has a vote, would give it so that their money would be repelled, showing that we will not be bought with American dollars." The "Battle of Empire" concluded Mr. Aitken, "will not be fought in Britain immediately, but in Canada, and it is time to put party aside and stand for imperial union."

SHELDON FACES MANY CHARGES

Montreal Get-Rich-Quick Exponent Confesses He is Charles Robinson

Pittsburg, March 28.—Charles D. Sheldon, investment broker, arrested here yesterday because he suddenly left for Montreal, Canada, last October owing customers upwards of \$2,000,000, was remanded to jail today pending the arrival of a Canadian officer, now en route.

Today brought additional developments concerning Sheldon's get rich quick operations. Following the news that he had operated in Scranton, came the information that Sheldon is Charles Robinson, former clerk of the courts of Brockton (Mass.), from which he disappeared years ago with almost \$200,000. Confronted with the evidence, Sheldon admitted it was true.

FOUR YEAR OLD CHILD DESERTED IN SACKVILLE

Sackville, April 2.—A little girl about 4 years old was found Saturday morning on the doorstep of Mr. John Snowdon's residence, not far from the Intercolonial Railway station. The child had evidently been deserted by its heartless mother.

The news of the finding of the child and of the mystery surrounding the event, has caused a genuine sensation in town. Such events are very rare in Sackville, and hence unusual interest has been aroused. To desert a babe would seem to be cruel enough, but to forsake a child several years old, would seem to be very much worse.

The child was found about 7 o'clock by Mr. Snowdon. When found the child was half perished with the cold, its legs and arms being swollen and its body partially numb. Its little body is covered with bruises. On its left arm there are several discolored places, while its back gives abundant evidence of ill treatment.

It is suspected that the child belongs to a couple who left Baie Verte Saturday with their three children, and got off at Sackville, but whether they went to Nova Scotia or the States seems to be a mystery.

WAREHOUSE WON BY 1217

In the bye-election in York county on the 30th ult. The Liberal government candidate, Dr. O. Morehouse, won over Geo. F. Warden. Opposition by 3761 to 544—about the same majority as the general election in 1908.

CANADIANS EAT EGGS FROM MANY COUNTRIES

We Bought over Nine Million Eggs from the United States Last Year and Large Quantities From China

Canada imported 883,324 dozen eggs during the fiscal year ending March 31, 1910. From the United States alone 757,316 dozen eggs came to Canada. China sent 87,050 dozen, and Hong Kong 11,215 dozen, while small quantities came from Great Britain, France and Japan.

Our egg exports amounted to 191,855 dozen, but only 39,917 dozen went from Canada to the United States, so that we bought from the Americans 717,399 dozen more eggs than we sold to them.

Canada sold 33,165 dozen eggs to Great Britain, 20,917 dozen to Newfoundland, 10,700 dozen to Bermuda, 2,196 dozen to the British West Indies, 44,100 dozen to Cuba, 12,555 to St. Pierre and a few dozen to British Guiana, Mexico and China.

Deducting our total exports of eggs from our total imports of eggs it will be found that Canadians consumed 728,489 dozen more eggs than the total production of eggs in Canada.

The duty on eggs coming into Canada is three cents per dozen. If the Reciprocity Agreement goes into effect this duty will be removed and the importation of eggs will greatly increase.

A board of tariff experts, recently appointed by the United States Government to compare Canadian and American prices, has reported on the price of eggs at Buffalo, Toronto, Burlington, Vt., Montreal, Lancaster, N. H., Sherbrooke, Que., Ogdensburg, N. Y., Prescott, Ont., Bangor, East-

port and Calais, in Maine, and St. Stephen, N. B.

The statement of prices prepared is for the month of January, 1911, and the result of the enquiry is shown in the following table:

Place	Wholesale Price per doz.
Buffalo, N. Y.	.38
Toronto, Ont.	.40
Ogdensburg, N. Y.	.39
Prescott, Ont.	.32
Lancaster, N. H.	.27
Sherbrooke, Que.	.32
Burlington, Vt.	.27
Montreal, Que.	.35
Bangor, Me.	.30
Calais, Me.	.28
Eastport, Me.	.26
St. Stephen, N. B.	.33

It will be noted that the prices in Canada were considerably higher than in the United States.

Reciprocity will give Canadian farmers the privilege of selling their eggs in the United States at lower prices than they can get for them in Canada, and it will give farmers of Australasia, the United States and twelve other foreign countries the right to send eggs into Canada free of duty.

The report of the United States Government experts also deals with the prices of other farm products in the two countries. The Canadian Century will publish the figures in future issues and those who read them will be convinced that Canadian farmers have nothing to gain by reciprocity with the United States.

SACRED CONCERT AT DOUGLASTOWN

A rare musical treat was afforded the residents of Douglastown at the Organ Recital and Sacred Concert given in St. Mark's Presbyterian church by St. Mark's choir assisted by Prof. Baird (who for some eighteen months was organist for St. Andrew's church, Chatham, and who left on the 3rd instant, to take a more lucrative position of the same kind in Oshawa, Ontario) and Miss Jessie McDonald Mrs. D. Henderson, Rev. Geo. Wood and Messrs. Chubb McLoon and John McFarlane, Chatham. Prof. Baird who is a first-class musician and whose departure is a distinct loss to music on the Miramichi, presided at the organ, and excelled even himself in this his farewell effort. He was most ably sustained by every member of the large choir. About two hundred people were present, and the collection, in aid of St. Mark's, was large. The programme was as follows:

1. Overture from "Vna. Tell" Rossini Prof. Baird.
- 1 Anthem—"Come Unto Me" Choir.
- 3 Organ Solo—"Marche Militaire" Prof. Baird, Schubert.
- 4 Duett—"Thy Will Be Done" Rev. G. Wood and John McFarlane.
- 5 Organ Solo—"Andantino" Lemare Prof. Baird.
- 6 Anthem—"If Ye Love Me Keep my Commandments" Choir.
- 7 Solo—"The Mercy Seat" Miss Jessie McDonald.
- 8 Organ Solo—"Air Varied" Weber Prof. Baird.
- 9 Solo—"Abide With Me" Chubb McLoon.
- 10 Organ Solo—"Spring Song" Mendelssohn Prof. Baird.
- 11 Solo—"The Pilgrim" John McFarlane.
- 12 Anthem—"Sun of My Soul" Choir.
- 13 Organ Solo—"Farewell March" Baird Prof. Baird.
- 14 National Anthem.

All present expressed themselves delighted with the evening's entertainment. Rev. F. C. Simpson presided in his usual agreeable manner and delighted the audience with his humorous pleasantly between the acts.

SPEED OF AUTOS LIMITED

Children of The Poor May Be Taken From School and Put to Work at Age of 14.

Fredericton, April 3.—In the Legislature tonight, it was finally agreed to amend the automobile bill so as to provide a limit of twenty miles an hour in the country, fifteen in villages and eight in towns and cities, adopting at the same time the idea prevailing in the Massachusetts motor law that speed in excess of the limit be regarded as prima facie evidence of carelessness. The tax clause was finally amended so as to provide a tax ranging from \$5 to \$25 for machines rated at from 20 to 50 horse power. Machines of less than 20 horse power will pay the \$5 tax. The tax will go into the provincial treasury.

Hon. Mr. Hazen introduced a bill to amend the act respecting compulsory attendance at school. The bill is along the line of legislation in force in Maine and is to provide that children between fourteen and sixteen years of age who have certificates of having a preliminary education, will not come under the provisions of the act when it is shown to be necessary that they be employed for the livelihood of their family.

POVERTY IN CHATHAM

Seven children and no food in the house.—My husband is sick, I have seven little children, and we have nothing in the house to eat. This is, in brief, the pathetic story told to the editor yesterday. The Commissioner of the Alms-house, she added, "won't give me anything, and I want a half barrel of flour." Pretty hard pinch for the poor little woman. Somebody ought to be looking after such unfortunate as she. Nobody should be allowed to starve. We will give this family's address to anyone who wishes to inquire into the case with a view to helping the distressed by gifts or by appealing to the authorities for food for the mother and children.—Chatham World.

SPECIAL MEETING OF THE TOWN COUNCIL

Endorses Bill to Provide for Plebiscite Upon Subsidy of \$500 A Year to Ferry Service

Newcastle Town Council met last night. Present: Ald. Clark, chairman; and Ald. Allison, Butler, Falconer, Layton, Morrison and Sargeant.

Following bills were passed: Light & Water—I. C. Coal Mining Co. \$500.42. Canada Foundry, \$22,000. Colonial Lubricating Co., \$146.40.—Total \$258.82.

A bill was read and after certain amendments was endorsed as follows:

1. To enable the Town Council, by a majority vote, to grant assistance to the Newcastle-Chatham

Head ferry service not exceeding \$500 a year, for a period not exceeding twenty years, provided that the question of such expediency and the amount and nature of such assistance, and the number of years duration shall have been first submitted to a plebiscite of the ratepayers and endorsed by a majority vote of the same, and provided that, notwithstanding such plebiscite, the subsidy must be also voted by council each year.

A clause to grant to Council power to exempt said ferry service from taxation was lost.

NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New, Health Giving Blood.

In the spring the system needs toning up. To be healthy and strong you must have new blood, just as the trees must have new sap to renew their vitality. Nature demands it, and without this new blood you will feel weak and languid—you may have twinges of rheumatism or the sharp stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What is needed to put you right is a tonic, and in all the world of medicine there is no tonic can equal Dr. Williams' Pink Pills. These Pills actually make new, rich red blood—your greatest need in the spring. This new blood drives out disease, clears the skin and makes weak, easily tired men, women and children, bright, active and strong. You can prove this by your neighbors for there is not a nook or corner in this great land where some weak, ailing man or woman has not been made well and strong by this great medicine.

Mr. H. Wilson, Stonewall, Man., says: "Some years ago I was run down, languid and depressed and felt as though I was only fitted for life's scrap heap. A friend who had great faith in Dr. Williams' Pink Pills gave me a box. Before they were all used I felt some better, and thus encouraged got a further supply, and it was not many weeks until I was again enjoying my former good health. I think Dr. Williams' Pink Pills a boon to every weak person."

Sold by all medicine dealers or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The E. Williams Medicine Co., Brockville, Ont.

LARGE MAJORITY FOR CHURCH UNION

Toronto, March 31.—The Presbyteries announces that of 66 Presbyteries throughout the country, 52 voted for Church Union on the proposed basis, while 14 were opposed. Nine hundred and sixteen votes were cast in favor of it and 440 adverse.

\$300,000 EXTRA FOR I. R. C. MEN

Ottawa, March 29.—In Parliament today Hon. Mr. Graham stated that recent adjustment of salaries had increased the pay roll by \$300,000 a year. The road, he said, was spending about \$360,000 on betterments. Questioned by Dr. Daniel and Mr. Stanfield on the acquisition of the branch lines, Mr. Graham said the later in the session he would make an announcement on the subject. The engineers of the department had reported on the acquisition of existing railways and in addition as to the advisability of constructing new lines.

BOARD OF TRADE

At the Board of Trade meeting Monday night, about a dozen applications for membership were received. The membership is steadily increasing.

GERMAN SOCIALISTS FOR PEACE

But Government Majority Reject Motion For International Agreement.

Berlin, March 31.—The Reichstag by a large majority today rejected the Socialists' motion calling the government to take immediate steps leading to an international agreement concerning universal limitation of armaments and the abolition of the right of capture at sea.

FALLING HAIR

Mrs. Jas. Harris of Wappella, Sask., says:—

"I have found Parisian Sage to be the best scalp and hair tonic and dressing I have ever used. My hair had been coming out in combs full and was very dry and brittle and the scalp was always itching and full of dandruff. I have used two bottles of Parisian Sage and it has stopped my hair from falling, the itching and dandruff have disappeared and my hair is fine and soft and glossy. I would not be without this fine Hair Tonic for many times the price."

For women, men, or children Parisian Sage is without any doubt the finest preparation for the hair. Daintily perfumed, it is free from grease or sickness and ought to be where every member of the family could use it daily. Large bottle 50 cents at all druggists or from the proprietors, The Giroux Mfg. Co., Fort Erie, Ont., postpaid. The girl with Auburn hair is on every package sold and guaranteed by T. J. Durick.

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives"

SHANLEY, Ont., Sept. 23rd, 1910. "You certainly have the Greatest discovered Headache Cure in the world. Before 'Fruit-a-tives' came before the public, I suffered tortures from Headaches caused by Stomach Disorders. "One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications. "I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying 'Fruit-a-tives'."

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years". WM. PITT
As Mr. Pitt says "Fruit-a-tives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for \$2.50 or trial size, 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

OBITUARY

MRS. DAVID DUNCAN.

Mrs. David Duncan, widow of the late David Duncan of Glencoe, passed away at her son's residence, Long Island, Flatlands, on the 24th inst. The deceased lady who was in her eightieth year was a native of Miranichi, but most of her long life was spent in Restigouche, her father the late David Mott having been engaged in lumber surveying moved his family here when they were quite young children. She is survived by one son W. D. Duncan of Campbellton and Flatlands and two daughters, Elizabeth wife of Dr. Gustaf Dahlquest, Lancaster, Minn., and Miss Helen. A brother David Mott resides at Tide Head and another brother Archibald in Menominee, Wis. Mrs. F. X. Auctil of St. Flavie is a sister.

The funeral service on Monday afternoon was conducted by Rev. T. P. Drumm of St. Andrew's church of which church Mrs. Duncan was a devoted member, assisted by Rev. C. A. Hardy of Tide Head. A large number of friends and relatives followed the remains to their last resting place in the Campbellton Rural Cemetery. —Graphic

FATAL ACCIDENT

Mr. Seely Pratt, who was injured on the International line, last Thursday, succumbed to his injuries early Thursday morning, not having regained consciousness since Sunday morning. Deceased was only 28 years of age and held in high respect by all.

The funeral will take place on Saturday, April 1st, at 2.30 p. m. The service is to be held at his father's house, Mr. Adam Pratt.

GENERAL NEWS

A Louisiana clergyman was failed for marrying two women. Why, it's nothing for a minister to marry three or four women in a single day.

Isaac S. Dixon who claimed to be the bugler who sounded the charge at Balaclava, is dead at Everett, aged 73.

Fire entirely gutted the Lariviere Carriage Factory on St. Antoine St. Montreal, last week. The building was a wooden structure, and varnish, oil and paint helped the flames considerably.

Maine long the representative dry State, is soon to vote on the question of amending its constitution to permit the sale of liquor. Texas, a wet State, will vote on a prohibition amendment. The moral seems to be that no community is ever entirely satisfied with conditions as they are.

France and Japan are declared by leading diplomats to be joining with Great Britain and United States in formation of a world wide peace movement.

Miss Agnes Shayne, who sued the Toronto railway for \$50,000 damages for injuries received in a collision between two cars, was awarded \$15,000 by Justice Latchford. Miss Shayne lost the use of one arm and is a nervous wreck. The case was heard, although counsel for the street rail way failed to appear.

News received from the New Hebrides says that the natives of the island of Espiritu Santo have risen against the whites. Espiritu Santo is the largest and westernmost of the new Hebrides. There are not many white inhabitants. The islands are administered by a mixed commission of French and British naval officers. It is reported that assistance has already been sent the threatened people.

Some Conservatives are endeavoring to organize a meeting at St. Georges Hall, Toronto, for the purpose of formulating a petition to Earl Grey asking him to dissolve Parliament and force an election rather than allow the reciprocity agreement to pass the House.

Probably if the facts were known those ladies in London, Ont., who complain about immoral tendencies in the public schools have some responsibilities of their own in that regard. The trouble nowadays seems to be that fathers and mothers do not speak plainly enough to their children about such subjects as the care of the human body. A little more plain talk in the homes might prevent some deputations.

The grand total of the contributions to the China famine fund has now reached \$20,593.68. Earl Grey has identified himself with the movement, and a petition has been forwarded to Ottawa asking the government to make a grant towards the fund.

The largest mortgage ever placed on the records of Van Buren county was filed at the office of the registrar of deeds in Pawpaw, Mich., by the Pere Marquette Railway company to the Bankers' Trust company of New York for \$500,000,000.

The instrument contains nearly 40,000 words and consists of almost one hundred printed pages. The mortgage will be placed on record in all the counties of the state through which the road runs.

Once again under the strong hand of the law is Jim O'Rourke, who has for some time been a fugitive from justice, having escaped from jail at Sherbrooke, where he was under committal for being concerned in the Eastern Townships bank robbery at Danville. Acting on information gained, a posse of detectives paid a visit to a house in Hermine St. Montreal, where O'Rourke, together with three other individuals, fell into the clutches of Detectives McCann, Cowan and LaBerge. The police in Southwest Harbor, Maine, and other places also want O'Rourke, but he has for the present been lodged at Sherbrooke by Chief McCaskill, of the provincial force.

Unconfirmed reports from Salonika, state Abdul Hamid, ex-Sultan of Turkey has suicided.

After spending nearly two years in prison with the possible prospect of the scaffold before them, William and Aime Houie, farmers of Valleyfield, were acquitted of the charge of having murdered their brother-in-law, Domina Pelletier, who on the 13th of April 1909, was found dead in his stable, his skull riddled with bullets.

The largest party of land seekers that ever left for Canada sailed last Saturday on the Steamship Empress of Ireland from Liverpool. There are 250 emigrants on the vessel who are bound for the Canadian North west. Each emigrant possesses \$2,000 or upwards. A special train will carry the homeseekers from St. John to Alberta.

At a temperance convention held in Kingston, Ont., it was decided to institute a campaign for local option in Kingston and the three townships in Frontenac which are yet under liquor license law.

The final provisional census returns give the total population of India as 315,000,000. This is an increase of 20,500,000 as compared with 1901.

BOOSTERS

Hardly a day passes but we meet one. He may be only one of the common or garden variety boosting a brand of tooth paste or he may be a professional boosting a big proposition and backed by organized and determined business men.

Their trails are everywhere, in print and out—boosting everything and every place. They and a wisely generous city council boosted Sydney, N. S. into the possession of a great dry dock industry. It looks as if they were about to do the same for St. John. They've boosted cities into existence in western Canada.

Now why don't we hear a few real genuine, enthusiastic boosters lifting Campbellton? Do any live here? What's the matter with this! It looks good to us doesn't it! Then let's go let someone else.

Opportunities for manufacturing of all about us Living conditions and educational advantages one will search long to duplicate are ours. Let's get some more to share them!

Who's game to join the boosters Just say the word and we're on.

CURLING NOTES

A meeting of the Campbellton Curling and Skating Club will be held at the rink on Monday evening, the business being the election of officers for the ensuing year. By the way, what was the result of the Hockey Match played on the ice on Saturday evening with a rubber for a puck, and is there any truth in the rumor that Skip played such a great game in goal that Riley Hern of the Wanderers is getting scared. Who scored the last game anyway, 'hat's what the public want to know?

PASPEBIAC

Something novel in Hockey was displayed in the Half Way Rink on Friday evening the 17th inst., when the ladies hockey team "The Rosebuds" played their first match against a picked team "The Hasbeens." The play was slow in the first half, but towards the close it was lightning fast. It was rough at times and the Hasbeens protested incessantly against the decisions of J. MacDonald the referee, but eventually the Rosebuds emerged victorious with a score of 3 to 2.

HASBEENS

Messrs. O. LeGallais, E. A. Boailou, J. Troup, F. W. Gibant, T. Marcil, A. E. Briard, L. P. LeBel.

ROSEBUDS

Misses Margaret Sutherland, C. Blampin, I. Maguire, C. LeBel, E. Bradford, F. Sherar, M. Sutherland.

CAMPBELLTON NEWS

BORN

To Mr. and Mrs. James A. McNaughton, Gerrard Street, March 8th, a son.

OBITUARY

Joseph Nadeau died at St. Omer, Bonaventure Co., on 22nd inst, aged 66 years. Funeral took place on Friday at 9 a. m., from the Sacred Heart Church, St. Omer.

Friends of Conductor Malcolm Cummings, of the I. C. R., will be pleased to learn that he is able to be about again after being confined to his home for nearly two months. Mr. Cummings expects to be able to resume his duties shortly.

NEW LAUNDRY

Mr. Geo. Sanson is making plans for rebuilding the Campbellton Steam Laundry, and expects to be in operation about May 1st. The very latest machinery will be installed and every thing will be up to date.

TAXES

Hurry and get those taxes paid now. There will be a contest for this Council, and everyone must make certain that they have their vote. Don't leave it until Nomination Day. You might be too late. Get them paid now and make sure. Last call for the Treasurer's office.

SANITARY INSPECTOR

The Board of Health have done a wise thing in appointing chief of Police Hughes as Sanitary Inspector. The duties this spring will be particularly arduous and will require a firm hand, coupled with a large measure of common sense in dealing with them. The chief will manage this part all right. Are the people going to do theirs?

MANAGER BRADY HERE

Manager Brady and Judge Caron of the I. R. C. Board of Management, were here for a couple of days this week. We understand their visit had not a little to do with the closing of Victoria Street and for making arrangements regarding the proposed subway. This flying visit had nothing to do with the forthcoming conference between the Board of Management and the Council with the added delegation from the Board of Trade.

POLICE NEWS

Robert Graham was charged with illegal selling of liquor before Magistrate Matheson. Accused pleaded guilty and was fined \$50 and costs. The fine was paid.

Edward Doucette was convicted at the same Court of being drunk and swearing on Water Street.

Louis P. Labell, chief constable, had the commitment papers for Henry Firlotte signed by Police Magistrate Matheson, on a charge of selling liquor to Indians at Mission City. Firlotte was arrested by Chief Hughes and Chief Constable Labell, and is now detained in Campbellton lock up. He will be taken to New Carlisle jail.

DALHOUSIE

St. John's Literary and Social Club held its social meeting on Friday evening, March the 17th on the eve of the departure of one of its members, Mr. Ernest MacKay, for the West. The club presented Mr. MacKay with a farewell address expressing its appreciation of the active interest he has taken in the society and accompanied it with a set of military brushes. On the following Friday evening the club listened to a very interesting paper given by Dr. Ferguson entitled "Populism Delusion".

THE WEATHER

Readings of thermometer for the past week are as follows:

	Min.	Max.
Mar. 23	20 above	33 above
" 24	5 "	29 "
" 25	8 below	32 "
" 26	15 above	50 "
" 27	18 "	46 "

C. P. R. TO GET THE CENTRAL

FREDERICTON, March 29—The Legislature today, introduced a bill to authorize the extension of the Central Railway from Minto to Fredericton, the government to guarantee the bonds for not more than \$15,000 a mile. There was a provision in the bill that the company undertaking to build must enter into a contract with the C. P. R. or other company under which they will take over the line on a 98 years lease and equip, maintain and operate, paying the province 40 per cent. of the gross earnings. The company must also lease the line from Minto to Norton, and pay the province 50 per cent. of the net earnings. The company would also have to enter into a contract to purchase at least 100,000 tons of coal every year.

The C. P. R. had carefully tested the Grand Lake coal, and were prepared to enter into an agreement to purchase at least 100,000 tons annually, which meant \$10,000 yearly in royalties. The province would thus get rid of the large annual deficit on the N. B. Coal and Railway, would receive ten thousand dollars a year in royalties; the 40 per cent. earnings on the Fredericton-Minto branch would pay the interest and great development would be assured to a very important section of the province.

IS IT TRUE ?

We understand from a reliable authority that no less than eight carcasses of moose were on sale here last week. As already pointed out in the GRAPHIC, this is the result of the mistaken policy of withdrawing the game wardens. Now is the time when they are most needed and we hope for the benefit of our game, that the short sighted policy at present in vogue will be reversed.—Graphic

FLEURANT

St. Patrick's brought the inevitable storm and the roads have been all but impassable since.

Mr. John Kerr entertained a number of his friends at a bridge party last week. Miss Annie Kerr carried off the ladies prize a handsome card case containing a deck of cards and Mr. Sam Pike the gentleman's in the shape of a silver cork screw. At 12 o'clock a dainty lunch was served after which the light fantastic was indulged in till an early hour. Mrs. Annie Dickie chaperoned the party and as usual proved a most charming hostess.

Miss May Baillie who has been teaching school at Broadlands, spent the week-end at her home here.

Miss Isabel Wafer is home from Campbellton where she has spent the winter months.

Rumor has it that one of Fleurant's young men is about to join the good old order of Benedictines.

Mr. Alec Love of the Royal Bank spent Saturday in Fleurant.

Mr. and Mrs. Frank Gaudin of Escuminac River visited in Fleurant last week.

Mr. Robt. Neilson and Chas. Kerr of Dalhousie spent one day in the old town.

Mrs. William Dumville Sr., has gone to Moncton, N. B. where she intends remaining for a few weeks with her daughter, Mrs. Gus MacKenzie.

The London Times refers as follows to the anti-reciprocity howlers in Britain. The remarks are as applicable to those in Canada:

"Exaggeration of the effect of the reciprocity agreement upon British interests is to be deprecated. To describe it as a deadly blow to our interests, or to the cause of imperial unity, would be read as implying that those who made the agreement had dealt a blow of that kind. Unionist speakers should never forget that those who made the agreement also made the preference which we enjoy, and have thus given substantial proof of the sincerity of their regard both for this country and the empire. The pleasure of sharpening invective against our own government is much too dearly purchased at such a price."

BEAVER

"BEAVER FLOUR" is the unfailing friend of the housewife. It saves her the trouble of keeping two kinds of flour—one for bread and another for pastry. Being a perfect blend of Manitoba Spring wheat and Ontario Fall wheat, it gives to bread the rich, nutritious properties of the former and the lighter qualities of the latter, making a large white loaf of delicate texture and exquisite flavor. Pastry, biscuits and cakes, made with BEAVER FLOUR cannot be excelled.

1911 Model E. M. F. 30 Sets World's Record

ALL THE CARS THAT FINISHED BEHIND THE E. M. F. "30" ON THE ATLANTA SPEEDWAY SELL FOR AT LEAST \$500 MORE.—THAT'S THE BEST PART OF THE STORY.

STANDARD 1911 MODEL E. M. F. "30" TOURING CAR. \$1350.

Change the body equipment and it's a racer, just like Witt's, with which he won at the Speedway.

"E. M. F. '30' WINS." The old familiar shout was heard on the Atlanta Speedway again.—It was the same old story.

E. M. F. "30" WAS FIRST. It is an expression not limited to the race tracks of the United States either. E. M. F. "30" has won a lot of firsts, has won them just as cleanly and just as decisively as it did the race at Atlanta.

THE FIRST CAR HOME IN THE RACE. And to establish a new world's record, was produced by the company, which was the first to place on the markets of the world a genuine, practical car of the real touring type at a price within the reach of the man of average means.

ALL E. M. F. "30's" ARE FAST. Just as fast as Witt's "Polar Bear." They are made by automatic machinery—machinery, the purchase of which is possibly only to a company that builds cars in large lots and can consequently afford it, saving a large labor expense that would otherwise make the car unprofitable, if sold at twice the price in smaller quantities.

E. M. F. DURABILITY is something we can't show in a race, however. All the South knows, though, that our old E. M. F. "30 Bullet" has been run 60,000 miles and is better than when she came to us—the first E. M. F. "30" that ever came south of the Ohio.

E. M. F. ECONOMY is something we want to demonstrate any time we have the opportunity. The E. M. F. "30" is the best balance car in the world. It shows in the small expense of tire maintenance. Light weight makes or small gasoline consumption, just as it does for speed.

The most ingenious, if the most simple lubricating system in existence helps "E. M. F. 30" owners save on their oil bills.

THE BIGGEST E. M. F. ECONOMY is the first cost. You can buy a duplicate of Witt's race winner with the added equipment of five passenger touring body for \$1350. Not a car in the field that finished behind the E. M. F. "30" on the Atlanta Speedway could be purchased in stock form for within \$500.00 of the price.

BEST AND CHEAPEST. It's an E. M. F. "30". Price and performance simply can't be denied. They are in the records.

Are you in the market for a motor car? we have made some statements here that we will be glad to you still further.

PRESBYTERIANS
AND SOCIAL PROBLEMS

Betterment of Conditions for Wage
Earners Urged, Much Poverty
due to Bad Conditions.

London, Ont., March 31.—In his address to the London Trades and Labor Council, Rev. J. Gibson Inkter, of the First Presbyterian Church, enunciated some clauses of the proposed Presbyterian confession of faith on social problems, prepared at a meeting of the Social and Moral Reform board held in Toronto last week, to be presented to the General Assembly in July. If accepted, it places the Presbyterian Church strongly behind those who are fighting for the betterment of laboring conditions.

Some of the most striking clauses in the confession are:—
The Church protests against undue desire for wealth, untempered pursuit of gain and the immoderate exaltation of riches; for a more equitable distribution of the products of industry ought to be made such that it can be approved by the Christian.

We realize that some poverty is due to vice, idleness or intemperance, but on the other hand, we hold that much is due to preventable disease, uncompensated accidents, lack of proper education, unemployment and other conditions, for which society is responsible, and which society ought to seek to remove.

We believe that, whenever possible, the man should be led to earn these for himself, and for those depending upon him. But that wherever, through old age, accident, sickness, or other incapacity, the family or individual is unable to become self-supporting, society should make adequate provision for them.

SURE SIGNS
Of Kidney Trouble

If your back is constantly aching and it you experience dull shooting pains, your kidneys are out of order. If your urine is thick and cloudy or your passages frequent, scanty and painful, your kidneys and bladder are out of order. Neglect quickly brings on rheumatism, diabetes, lumbago sciatica etc., Mrs. John Wagner of 110 Hollis St., Halifax, N. S., says: "Dull shooting pains would catch me across the small part of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would dazzle before my eyes and everything would turn black. I would fall to the floor and be unable to get up again without assistance. A friend told me of Booth's Kidney Pills and I began their use. The first box gave me relief and I am now well and strong."

All druggists sell Booth's kidney Pills 50c. a box with guarantee to relieve or your money back. They are the world's greatest specific for kidney and bladder trouble. Post-paid from the proprietors The R. T. Booth Co. Ltd. Fort Erie. Sold and guaranteed by T. J. Durick.

BABY'S OWN TABLETS
CURE CONSTIPATION

Few other troubles afflict the little ones as does constipation. Every change of diet seems to bring this trouble on and baby suffers from headaches, fever, disturbed sleep and often vomiting. No baby who suffers from constipation can thrive well. Constipated babies are cross all the time and give mothers constant worry. The one sure relief for baby constipation is Baby's Own Tablets—they never fail to cure this trouble and can be given to the little one with absolute safety. Concerning them Mrs. W. S. McKenzie, Prairie Grove, Alta., writes: "I used Baby's Own Tablets for my baby who was constipated from birth and they rapidly helped her and left her bowels in a natural condition." The Tablets are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"I BELIEVE IT TO BE THE MOST EFFECTIVE REMEDY FOR THE STOMACH AND NERVES IN THE MARKET." is what Annie Paterson, of Sackville, N. B., says of South American Nervine, for, she says, La Grippe and the complications which followed it left her next to dead with indigestion, dyspepsia and General Nervous Shattering. It cured her. EDITOR'S MAIL

CIVIC AFFAIRS.

EDITOR ADVOCATE,
DEAR SIR:

In my last letter I endeavored to point out what has brought about our present state of municipal affairs. I had not finished my say and will not do so, with your kind indulgence, until I have given a "Definite plan for the reorganization of the town's finances, and a platform for its future government." But before going on to this we will just consider what has caused it to grow? On the surface it would appear that mismanagement and graft were playing important rolls. Add to these the "devil may care" manner in which our civic affairs are being conducted and the question is answered. We read with a feeling akin to horror, the state of affairs in Montreal, and all unmindful of worse conditions at home. Let us look back at it.

Some years ago the town fathers decided to install a light system. They began right. They imported an engineer of unquestionable skill and set him to work on plans. He reported that, by damming the mill stream and erecting the light station beside it, the cost of generating electricity (with water power) would be reduced to a minimum. The engineer was most enthusiastic over our great water power privilege and he was no fool either. He prepared plans, etc., and the town paid nearly \$500 for his services. What became of these plans? They were either lost, strayed or stolen. The next council declared that Mitchell didn't know what he was talking about. So they tossed his plans aside and built the present water power station, from the chimney of which ascends each year \$3000 in smoke and another \$3000 goes out the door in operating expenses. Had Mitchell's plans been followed consumers would now be receiving their electric supply at less than half the present rate and at a saving to the town of fuel and wages. But the ignorance of a few adventurers was allowed to prevail against the opinions of an eminent engineer and today we have a poor light at a rate so high that that rate but the rich can afford it, and instead of a valuable asset, a revenue maker, we have a system which keeps the chairman of the water and light committee guessing to make ends meet. Such is the result of blunder No. 1.

Blunder No. 2, the water system, follows as a natural consequence of blunder No. 1.

We will pass over the minor blunders and call the Anderson Furniture Co. deal Blunder No. 3. With all its faults the chair factory was a blessing to the town. But here again the town fathers showed their lack of ability by entering into an agreement which was entirely inadequate to protect the town's interests. That agreement imposed no workable obligations on the company and when the smoke of the conflagration had cleared away the court decided that the town of Newcastle had been trimmed to the tune of \$6000. And yet these same men who put through the Anderson deal and mortgaged the town for \$20,000, \$6000 of which was money lost, and who congratulated themselves on the Anderson deal, worked with might and main in turning down the Beveridge papermill proposition which some of our best business men were promoting and promised greater returns than all the sawmills from Luclow to Escuminac. At a public meeting held in the town hall these gentlemen asked the citizens to support them in an offer of a small bonus and free water to the industry. But again the town's interests were sacrificed, either through ignorance or greed or both, and the promoters of the best industries now on the Miramichi were kicked out without further ceremony.

What Mr. Beveridge's offer amounted to, the present factory near Millerton can best show. Within two years its present output will be doubled and all we have of it is the mournful memory "it might have been." Such was blunder No. 4.

Two years ago we squandered \$40,000 in the walls of a school house. That structure appears to have been commenced without any definite object in view, except to have a big building and a big debt. Had the School Board any definite object when they commenced that project? All we heard at the time was that it would lessen cost of maintenance. Today all the expense attached to two of the four schools which this building was intended to do away with is still incurred and the people of Bridgetown are clamoring, and justly, too, for better educational facilities in that quarter of the town. "How," they ask, can our children be expected to travel three miles to a school, when a modest expenditure

To the Electors of the Town of Newcastle:

Ladies and Gentlemen,
Having been requested by a large number of electors of this town to offer myself as a candidate for the

MAYORALTY

I have consented to have my name placed in nomination for that office, and respectfully solicit your votes and support. I have served the town as an Alderman for three successive years, and my record is before you. If elected as Mayor I will, as when I was an Alderman, perform the duties of my office impartially in the interests of the town and to the best of my ability.

Your obedient servant,

Card

To the Electors of the Town of Newcastle,

Ladies and Gentlemen,

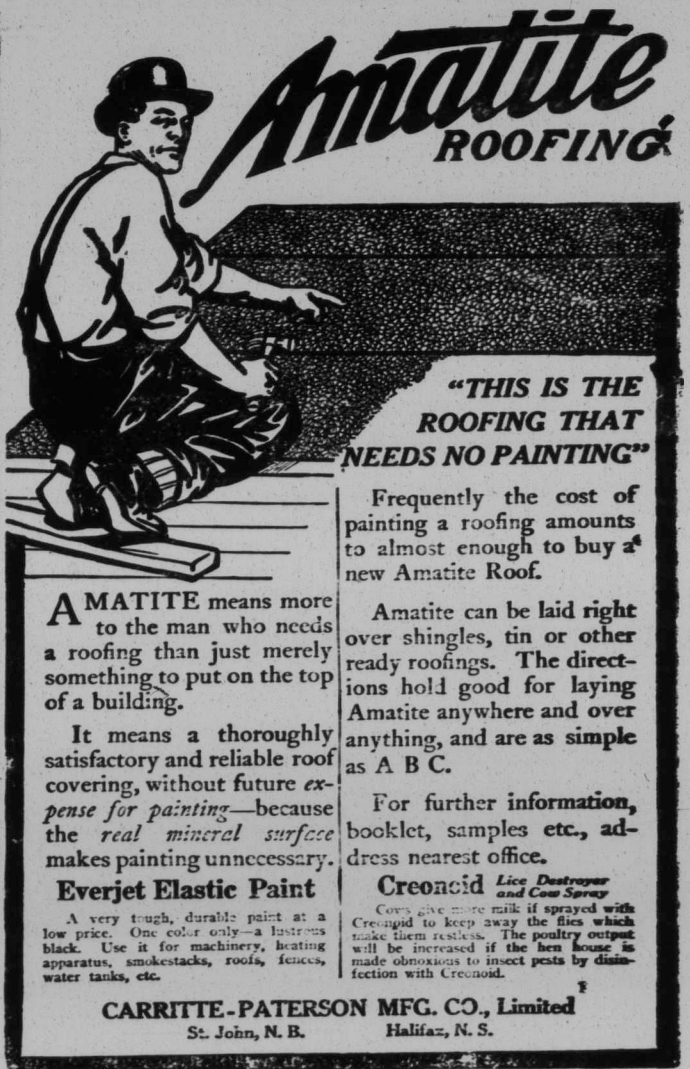

Having been requested by a number of citizens to again offer myself as a candidate for the office of Alderman, I have decided to do so, and I respectfully solicit the hearty support and co-operation of all who are in accord with the principles for which I stand. I shall not be able to personally canvass every voter, but if you elect me I will faithfully endeavor to work in the Town's best interests; preliminary to which I specially pledge myself to do all that I can to secure:

1.—Equal rights and opportunities to all classes of citizens, and impartial collection of taxes and enforcement of law.

2.—A new and thorough assessment to rate the property of all persons and corporations at its exact value, and the consequent apportionment of taxation on much fairer principles than at present obtain. This should include the taxation of vacant or unimproved land, that is being held for purposes of speculation, at the selling price asked for it by the owners, with a view of compelling the owners either to improve such premises, by erecting dwellings or workshops thereon and thus affording better means of livelihood or household accommodation at more reasonable rates for an increased population, or to sell their property, now useless, to those who are willing and anxious to build houses, stores or factories upon it and use it not only for their own selfish purposes but for the good of the community. It should also include lowering of poll and income taxes and rates upon improvements, with the aim of ultimately placing the bulk of taxation upon land values. No bonuses should be granted, and no special exemptions from taxation should be allowed, except to those who, through unavoidable misfortune, are really unable to pay.

3. The provision of a sinking fund large enough to pay off our bonded indebtedness as the bonds become due, no further addition to be made to the public debt. By gradually paying off the principal, we should by and by be relieved of the enormous interest charge (now over \$10,000 a year and rapidly increasing) which wastes our revenue, consuming nearly half of the taxes but never decreasing the liability. Town affairs should henceforth be managed so that no borrowing may be necessary.

Your obedient servant,
H. H. STUART

Amatite ROOFING

"THIS IS THE ROOFING THAT NEEDS NO PAINTING"

Frequently the cost of painting a roofing amounts to almost enough to buy a new Amatite Roof.

Amatite can be laid right over shingles, tin or other ready roofings. The directions hold good for laying Amatite anywhere and over anything, and are as simple as A B C.

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. DRUMMOND WORKS
Engineer W. F. C. Parsons, a promoter of the Bathurst Mine for the Canada Iron Corporation, was in town on Tuesday. Mr. Parsons made an inspection of the terminals here. He said that shipments of the ore would be resumed in May. At the mine the development of the ore has progressed favorably and thousands of tons were taken out during the winter. The ore is reported to be of a fine quality.

\$100 REWARD, \$100
The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer ONE HUNDRED DOLLARS for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. 1911 Model E. M. F. 30
Sets World's Record

ALL THE CARS THAT FINISHED BEHIND THE E. M. F. "30" ON THE ATLANTA SPEEDWAY SELL FOR AT LEAST \$500 MORE.—THAT'S THE BEST PART OF THE STORY.
STANDARD 1911 MODEL E. M. F. "30" TOURING CAR, \$1350.
Change the body equipment and it's a racer, just like Witt's, with which he won at the Speedway.
"E. M. F. '30' WINS." The old familiar shout was heard on the Atlanta Speedway again.—It was the same old story.
E. M. F. "30" WAS FIRST. It is an expression not limited to the race tracks of the United States either. E. M. F. "30" has won a lot of firsts, has won them just as cleanly and just as decisively as it did the race at Atlanta.
THE FIRST CAR HOME IN THE RACE. And to establish a new world's record, was produced by the company, which was the first to place on the markets of the world a genuine, practical car of the real touring type at a price within the reach of the man of average means.
ALL E. M. F. "30's" ARE FAST. Just as fast as Witt's "Polar Bear." They are made by automatic machinery—machinery, the purchase of which is possibly only to a company that builds cars in large lots and can consequently afford it, saving a large labor expense that would otherwise make the car unprofitable, if sold at twice the price in smaller quantities.
E. M. F. DURABILITY is something we can't show in a race, however. All the South knows, though, that our old E. M. F. "30 Bullet" has been run 60,000 miles and is getting there when she came to us—the first E. M. F. "30" that ever came south of the Ohio.
E. M. F. ECONOMY is something we want to demonstrate any time we have the opportunity. The E. M. F. "30" is the best balance car in the world. It shows in the small expense of tire maintenance. Light weight makes or small gasoline consumption, just as it does for speed. The most ingenious, if the most simple lubricating system in existence helps "E. M. F. 30" owners save on their oil bills.
THE BIGGEST E. M. F. ECONOMY is the first cost. You can buy a duplicate of Witt's race winner with the added equipment of five passenger touring body for \$1350. Not a car in the field that finished behind the E. M. F. "30" on the Atlanta Speedway could be purchased, in stock form for within \$500.00 of the price.
BEST AND CHEAPEST. It's an E. M. F. "30". Price and performance simply can't be denied. They are in the records.
Are you in the market for a motor car? we have made some statements here that we will be glad to you still further.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders at all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

RAPID GROWTH OF A RESTIGOUCHE INDUSTRY

The McMillan Company, Limited, of Jacquet River, One of the Largest Concerns of This County

---Started Business About Thirty-Five Years Ago.

Push, upright and honest methods, combined with indefatigable work ever have their reward, and in the growth of a Restigouche firm these have had more than the usual success.

About thirty-five years ago Mr. W. R. McMillan commenced business in a little 20x24 store on the roadside, just north of the Jacquet River in what has since been called Durham Centre. The start was small, but the principles underlying that commencement were honest and upright.

From the start the enterprise showed the spirit of progress and today it is housed in a mammoth new building.

In 1894 Mr. McMillan bought the lumber business of Angus McLean, and this as well as his store business has grown. The mill during the summer season is running steadily giving employment to a large number of men. This business can almost be called a cooperative one in as much as any employee and employees only, can purchase stock at par, and thus participate in the handsome profits of the business.

In 1908, in order to keep pace with the growth of business as joint stock company with a provincial charter was formed, under the name of The McMillan Co. Limited, shares being put at \$200 each and are sold only to employees of the business.

of Nashes Creek, who also erected the frame, and is a very creditable job. The building has been finished under the supervision of Mr. Walter Morrell of Newcastle who is a careful workman of no mean order and the building is therefore up to date in every respect. Mr. Alex DeGrasse of Jacquet River looked after the painting and deserves credit for his share in making such handsome quarters for this firm. The building is two storeys. The ground floor is occupied by the firm for the stores and offices. The entire front is taken up with four large plate glass windows. The interior is finished in southern pine and the fixtures are of oak.

The upper floor is fitted up as a residence for the manager, Mr. T. A. Clarke, formerly of Clarke & Co. of Newcastle.

For the use of the store it requires about five thousand square feet, while as a whole, in store-houses and store about 12,000 square feet of floor space are required. Last year the business of this firm exceeded \$70,000 and we are sure with the start on this year the amount will easily pass the \$100,000 mark.

To open the new store the firm inaugurated a grand bargain sale and all this week the store has been crowded. The sale lasts until Thursday April 6th.

In the meantime the little store had been added to until it had many departments, but it was found entirely inadequate to cope with increasing business, so in June of last year the foundation of the handsome store as set forth in our engraving was laid. This has a frontage on the street of ninety-one feet. The basement is of concrete, and furnishes large storage room. This work was carried out by Mr. Joseph Goulette

For the convenience of those arriving by train a stop is now made at the mill siding.

The Graphic predicts continued success for this enterprising firm and holds it as an example to others starting along the road to business fame as an instance of what can be accomplished by building upon the firm and solid foundation known as business honesty.

Ottawa, March 31—In the House of Commons, today, R. S. Lake, of Qu' Appelle, the only Conservative member from the province of Saskatchewan, said that his constituents had forwarded three requests in the form of resolutions, viz: The ratification of the government proposals at the present session of parliament; further reduction in the duty on agricultural implements and an increase of the British preference to fifty per cent.

"I firmly believe," said the Conservative member, "that for a time great advantages will accrue to the farmers of the northwest by the present agreement, (Renewed Liberal applause and "hear, hear.")

"It will give them larger markets, better competitors for their products and enable them to get true value for them, I am favorably disposed to the pact in itself. But we are told that we have to take as it stands, that it must be taken as a whole or left alone and it now appears from the premier's statement that it involves the retention of protection on manufactured goods."

From statistics which have been prepared by the department, it has been found that Montreal's infant mortality figures are probably amongst the highest of the continent, if not of the world. They show that of every hundred babies born into the world, upwards of 25 die before they have attained the age of one year. Thus during the year 1909, for instance, with 14,677 births, there were 3,288 deaths of children under one year of age. Figures for other years tell the same story,

the average number of such deaths per 100 births for the past 25 years being 253.82, or considerably over 25 per cent. As compared with the conditions met with in Scandinavia, where the percentage is but 10, Montreal's situation is abnormal.

IS THE HAZEN GOVERNMENT NON-PARTISAN?

able Speech in the Legislature by Mr. Leger---Hazen Has Not Improved Agriculture---How the Bridge Money Was Spent---Must Support Hazen or Can't Sell School Books.

Fredericton, March 28.—In a speech the other night, a speech which was admitted to be one of the most effective he had ever delivered in the House, Mr. Leger of Westmorland devoted considerable attention to the farcial agricultural policy of the present government. He showed that since the government came into power that the number of butter factories and cheese factories has greatly decreased. In the case of one the decrease has been more than 25 per cent and in the other upwards of 50 per cent. New Brunswick is still importing very large quantities of beef from the other provinces. Pork raising has not been encouraged. There is no proper provision for making good seeds easily available to the farmers of New Brunswick. As a matter of fact, practically nothing has been accomplished towards the improvement of the agricultural conditions of the province, though the government supporters cry out loudly that the administration is more favorable to the encouragement of agriculture than any other ministry has been. They protest too much and thus defeat their purpose, particularly in farming districts where the people know quite well how little the government has really done.

In this connection it may well be pointed out that Mr. Byrne of Gloucester, in his speech touching upon agriculture, gave figures to show that in 1907, the old government, which has been so roundly condemned by Premier Hazen and Dr. Landry and their associates, had given one dollar out of every \$24 of its comparatively small revenue for the encouragement of agriculture. In 1909 the present ministry which claims to be so deeply interested in the welfare of the farmers, devoted to agriculture \$1 out of every \$30 of its income, which, by the way, is considerably larger than the revenue was when Mr. Robinson held office. In 1910 the Hazen government did a little more in a financial way, at least, for the agricultural than it did in the preceding year. Last year it gave \$1 out of every \$25 of its revenue for agriculture. This figure, it will be at once seen, was less than the figure in the case of the old government in 1907. Moreover, it may be pointed out that under Dr. Landry's direction the expenditure for salaries, office expenses, etc., in connection with the department of agriculture are steadily becoming greater. In 1910 the expenditure in this connection was more than \$1000 greater than the expenditure for similar purposes in 1909. Under these circumstances it is not surprising that the administration of the department is very satisfactory to Dr. Landry and his associates, who are well paid.

Mr. Leger also drove home some other very pertinent facts in his speech. For instance, he said that in the case of some bridge work not far from his home, lumber was purchased but the bridge inspector condemned it as unfit for use for the purpose for which it was intended. Did that condemnation result in the timber being rejected and unpaid for under this government? Not at all. Friends of the man who provided the lumber had some influence with the Hazen Ministry, and the result was that the timber condemned by the inspector, was paid for out of the public treasury, was never used and is today lying in the ditch, near the place where the work was to be done.

Another remarkable case was that of a bridge in the Parish of Dorchester. Here there was not only one superintendent or supervisor, or whatever he should be called. It is hard to keep track of the titles where there are titles for nearly everybody. On this bridge there were three bosses. One of them was a member of the highway board. He was paid \$90. The other two were paid \$23 between them. The total outlay for supervision was thus \$122. The amount spent otherwise on the bridge was \$124, so it cost \$122 to supervise the expenditure of \$124. Mr. Leger drew attention further to a bridge in Westmorland, on which Mr. E. P. Goodwin, one of those favored and hard-worked superintendents, was paid \$4. The other item of expenditure in connection with this bridge was the purchase of \$14.88 worth of stone. Mr. Goodwin thus seems to have been paid \$4 for the onerous labor of buying \$14.88 worth of stone.

That you must vote the Conservative ticket or you cannot even sell the New Brunswick school books under the present arrangement, has been well-known by followers of provincial affairs for some time, but it remained for Mr. Leger to furnish official proof that none but persons recommended by Hazen patronage dispensers, are appointed vendors under the wonderful school book system, which was evolved by Hon. Mr. Flemming.

In the House the other night Mr. Leger made a strong speech in the course of which he declared that the government would not allow their political opponents to act even as school book vendors. On this Hon. Mr. Flemming emphatically shook his head and Mr. Munro, a government supporter, said, "that is not so." These gentlemen and other government men were notably discomfited when Mr. Leger produced and read the following letter.

"Fredericton, N. B., Jan. 25, 1911.
Hypolite Babineau, Esq.,
Cape Bauld,
"Dear Sir,—

"I am in receipt of your letter of the 19th, in which you ask to be appointed vendor for school books for that place. I would say in reply that this office does not appoint any vendors except the applicants are recommended by the members of the House from that county, or, in counties where there are no Government members, by those men who look after the Government's interests.

"I have submitted your letter to one of those gentlemen in the County of Westmorland, and as soon as I hear from him, will let you know further concerning this matter.

Yours Respectfully,
(Sgd) A. D. Thomas."

The fact which this letter exclusively proves, provides astonishing evidence of the length to which the Hazen government has allowed its partisanship to carry it. Here is Mr. A. D. Thomas, strong partisan of the ministry, for whom an office was actually created by the government, openly stating that the administration does not appoint any person as school book vendors unless the applications are recommended by supporters of the government. What gross hypocrisy for supporters of Mr. Hazen to try to convince people by words that the administration is non-partisan when there are official documents, such as this letter, to prove that in every little ramification of the public services, partisanship so patently exists.

INTERESTING COMPARISON

The Voters List of Campbellton as Compared with Last Year's

The Town Clerk has prepared the new list of voters which makes interesting comparison with last year. In ward I there are 148 names on the list; last year had 146; ward II 314; last year 308; ward III 306; last year 225. Total number on roll, 768; last year 739, an increase of 29. It was to be expected that the western ward would be materially increased, but the striking thing is the fact that Ward I, which was expected to go very far down, has an actual increase of 2.—Graphic

TILLSON'S

DALHOUSIE

The Campbellton Graphic hands a Little Advice Regarding the Issuing of Bonds

We notice that the Town Council of Dalhousie are craving legislation for the issue of new bonds to the amount of \$12 000. This sum is required for the proposed granting of a free site and improvements to Messrs Chappell Bros. in accordance with the mandate given the Council recently, when the election voted favorably in the plebiscite.

We are however of the opinion that the town should move very cautiously in the matter, and ask first of all, "As a business proposition, will it pay?"

If the answer to that question is satisfactory, then we ask still to delay, for the following reasons, 1st. the increased burden of taxation will fall on the shoulders of the property owners; not the working classes, and due regard should be given their interests, even going the length of having a vote of the property owners taken, who after all, are the only persons who should be qualified to vote in a case of this kind.

2nd. It does not seem a square deal that industries already established in the town should be assessed on higher figure in order that a rival in trade may have the benefit of a privilege, enabling them to under-sell on what should be open markets, in other words giving a preference to a new firm which has all to gain and nothing to lose.

3rd. On a business basis it is not good policy to overload the town with debt, WHEN NO PROVISION IS MADE FOR A SINKING FUND for the redemption of even the present bonded indebtedness.

4th. It is a very open question whether the town will benefit or not by any increased influx of labour. The cry of "Buy at Home" so far has been but a by-word, and the home-spending proclivities of the average man, are limited by the length of his purse and the breadth of his tastes. The average merchant thinks you should buy from him but allow him to buy his supplies in St. John, Montreal or Toronto, as he likes.

These are a few thoughts which appeared to us in passing, but doubtless there are many persons in Dalhousie who can speak on this subject with more power than the Graphic. Taking a broad view of things we do not see the necessity for the Town of Dalhousie going hat-in-hand to any large corporation pledging for their support, promising free sites, free water, free everything else, and free passes to Heaven, pardon, bodies corporate don't get there! No Sir.

Let Dalhousie wake up and do a little boosting for itself. Let the provinces know what are the resources and facilities of the town, get a hustle on and get that main line through the town instead on the junction, then there will be no

necessity to go bowing and scraping to crave the doubtful benefit of any industry unable to stand on its own feet without the prop of municipal beneficence.

OBITUARY

MRS. FLORA CASSIDY

The death of Flora, widow of the late John Cassidy who departed this life on May 20, 1909, took place on the night of the 31st ult. at 11 45. Deceased, who was a Miss Astles and was born in New Carlisle, P. Q., was almost 70 years of age. She was married in New Carlisle 51 years ago and removed to Newcastle about five years later, where she resided ever since. She was much beloved and respected and for many years was an active member of the Presbyterian church. She was in good health up to several weeks ago, when she was prostrated with la grippe from which she never rallied. She leaves the following children: Sarah (Mrs. David Sinclair) Chatham Head; Nellie (Mrs. J. A. Stevens) Newcastle; Flora (Mrs. A. C. Allen) Newcastle; Emma (Mrs. George Cassidy) Newcastle; Thomas J., Howard B., and Robert W. A., all of Newcastle. One brother, Jas. Astles of New Carlisle and one sister, Mrs. Angeliqne Dubois of 44 Norton street, Reedville, Mass., also survive her. The funeral which took place to St. James cemetery Monday afternoon was very largely attended. Rev. S. J. MacArthur conducted the service which was very solemn and impressive. The pallbearers were Messrs. Patrick Hennessey, Thomas Russell, James Fadden, J. H. McArthur, L. B. McHardy, P. McVeay. A very handsome wreath with March in golden letters, was placed on the coffin by the family.

MRS. ALEX MACFARLANE

Mrs. Alexandra MacFarlane, who had been ill five years with consumption, passed away at 8:30 p.m. on the 31st ult., aged 42 years. She was the wife of Mr. Alex O'Brien, brother of Mr. and Mrs. Edward O'Brien of Tabusintac. Deceased was a most efficient, upright and faithful member of the Roman Catholic church, she bore

all with patient resignation and died trusting in her Saviour. She leaves her husband, parents, and the following children, who are almost grown up: Margaret, Ethel Mary, Laura and George Edward. Another daughter, Elizabeth Hazledien, died on Jan. 20 last. Mrs. MacFarlane is also survived by the following sisters and brothers: Hannah (Mrs. Wm. McDonald) Chatham; Lizzie (Mrs. Fred Ross) Tabusintac; Miss Grace, Tabusintac; John O'Brien of Washington State; Martin, of Tabusintac and Ephraim of Newcastle.

The funeral was held to St. Mary's cemetery Sunday afternoon, Rev. P. W. Dixon officiating. The attendance was large. The pallbearers were: Wm. McMaster, John Rae, James Sullivan, Wm. J. Dunn, James Murray and John Dennis.

NORMAN N. MACLEOD

Mr. Norman N. MacLeod, merchant tailor, who came to Newcastle last October from Montague, P. E. I., and took the business of Mr. Simon MacLeod on the latter's removal to Ohio, died Sunday evening after several weeks illness from la grippe, a fortnight of which he was practically bedridden. Mr. MacLeod was 55 years of age and was a native of Hartsville, P. E. I. He was an active and earnest member of the Presbyterian church, having been an Elder of St. Andrew's church, Montague, for many years. He was an upright business man, much respected by all who knew him. Mr. MacLeod was twice married. His first wife was Miss Christie Martin of Valleyfield, P. E. I., and his second, who with their six year old son (Norman J. Miller MacLeod) survives him, was Miss Harriet Miller, daughter of Mrs. John Miller of Newcastle. Mrs. John B. Robertson, Nelson, is a sister of deceased. In the death of Mr. MacLeod, Newcastle loses a good citizen whom it will be hard to replace. Funeral services were conducted by Rev. S. J. MacArthur early yesterday at the house of Mrs. James O. Fish,

where Mr. and Mrs. MacLeod resided. The body, accompanied by Mrs. MacLeod and Mrs. Robertson, was taken on the express for interment in Valleyfield cemetery, P. E. I., where Mr. MacLeod's first wife lies buried.

MICHAEL HICKEY

Mr. Michael Hickey, of Chatham aged 69 years, a son of the late Patrick Hickey, died Monday forenoon on the 27th ult. After having been engaged in stevedoring and boat building, forty-one years ago he entered into the boot and shoe business in which his brother Jas. was a partner. Mr. Hickey leaves a widow, formerly Miss Margaret Hickey of Newcastle, and four children, three of whom are in the drug business; Clare, at home, and a sister, Annie, of the Hotel Dieu, St. Joseph.

GUY S. CAMPBELL

The death of little Guy, son of Mr. and Mrs. Guy S. Campbell who recently removed here from St. John, Mr. Campbell being employed with Bair & Peters, occurred Saturday, and Sunday the funeral services took place. Deceased was in his fourth year, and died of stomach trouble. He was the second of three children, and a very bright little fellow. Funeral services were conducted at 4:30 p.m. by Rev. Mr. Bate. Interment in St. Andrew's cemetery.

ture of our own taxes would place an adequate school in our midst? And so we may call the building of the addition to Harkins Academy Blunder No. 5, for, with the present system, it can be of little use to the people at Bridgetown and the reduced cost of maintenance is nil.

Surely sane men will consider well what is being asked of them before pledging themselves to further taxation. Of all the propositions that have been set before the people of this town, and they have been many, this one for a ferry bonus is the most presumptuous. We might as well bonus the livery hacks, they connect the ferry with the Railway station and have as good a right to bonus. Why, the merchants will be coming in next and telling us that their business is not "paying" and ask for bonus. The hotels, too, will tell us they are going behind and ask us to bonus them. If these local navigators cannot make the ferry "pay" let them sell it to someone who can. If the late Mr. Russell could run it so long on a \$500 grant, the present management should either be satisfied with the \$1500 grant or sell the boat to others. But what can we, of the men who propose to seek this legislation? As the old saying goes, and as a clergyman lately put it when speaking of the suppression of the liquor traffic, it

NEW BRIDGE

ACROSS MIRAMICHI

Engineers MacVey and Malloy of the Public Works department, Fredericton, are here taking soundings for a new bridge on the Miramichi. There are three sites in view for the projected structure, and it will take the engineers about a week to complete the soundings and acquire other desirable information. The sites in view are: One at the French Fox Cove, another from Newcastle to Nelson, and a third about three quarters of a mile above Newcastle. The bridge will contain a draw, as provided for in the Dominion government regulations, and consequently there will be no interference with the passage of the lumber and ore steamers.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

SOUPS THAT SATISFY
A hot plate of soup stimulates and when the soup is good like Clark's Chateau Brand Concentrated Soups, it adds nourishment to stimulation. These soups are as economical as they are palatable. Get a 10 cent tin from your grocer. Wm. Clark, Mfr., Montreal.

IMPORTANT ST. JOHN BILLS

In the Legislature Friday, bills providing for taking a plebiscite as to whether or not the electors of the City of St. John were in favor of governing the said city by an elective commission instead of the present system; to amend an act authorizing the City of St. John to discontinue or temporarily close up public streets in said city when necessary, and relating to common lands and other real estate in St. John; and to fix and determine the valuation for assessment purposes upon the White Candy Company, Limited, within the City of St. John, were agreed to with slight amendments.
