## WILL HOLD SERIES OF GARDEN PARTIES

The regular monthly meeting of the Newcastle Hospital Aid, was held in the Hospital on Thursday afternoon May 27th. The meeting was largely attended and following the business meeting, afternoon tea was served by Mesdames John Williamson, C. C. Hayward, Chas. Sargeant and E. F. Maltby and was enjoyed by all present.

The members are arranging for a series of garden parties which they propose holding during the summer months. The first garden party will be held on the grounds of Mrs. W. A. Park on Tuesday June 22nd, and no efforts are being spared to make the affair a grand success. These grounds are most suitable for an occasion of this kind and the committee in charge will provide a delightful outing for this date.

The Aid has also chosen the 16th of October as the date for a large Rummage Sale and EVERYONE who wishes to help the Hospital is kindly asked to keep this date in mind, and prepare for it, by saving all articles which they can contribute. The funds derived from occasions such as these, are for a most worthy object, and the general public are respectfully requested to assist liberally in every way possible to make them successful.

## Summer School For Teachers

Will Open at Woodstock July 6th and Continue Until Aug. 5th

The New Brunswick vocational board has issued the prospectus of the second annual summer school for intending vocational directors and teachers and in its announcement is made that the school will be held in the Fisher Vocational school at Woodstock from July 6 to August 5.

The home economics courses inaugurated last year will be continued and extended this year and in addition courses in the history and organization of vocational education; methods of teaching and outlining courses; motor mechanics; electricity and its industrial uses; trade dressmaking and trade millinery will be arranged for and it is possible that commercial work and costume design classes may also be included in the curriculum.

The aims of the school are twofold; to spread the knowledge of the scope and possibilities of vocational training in the province, looking towards an intelligent and enthusiastic local leadership throughout the province and also to give short, intensive, technical and professional courses to student teachers.

The executive of the school will consist of Fletcher Peacock, director; Miss H. Helena Good, secretary; Miss Bernice I. Mallory, supervisor of home economics and Miss Sadie M. Barnet, supervisor of cafeteria. Other instructors already appointed are Miss Mary H. Brown, Miss Carolyn Currie, Miss Genevieve A. Hageman, Miss Margaret A. Stewart and A. H. Whitman.

The prospectus announces that the tuition will be free, but students must be recommended by a responsible person, the vocational board reserving the right to reject any application. Free board will be provided at the school and return fare from their homes to Woodstock will be refunded to students who complete the course of twenty-four days of six hours each. These grants are made on the understanding that the students pledge themselves to teach vocational work in New Brunswick during the school year 1920 to 1921 unless prevented by sickness.

Should less than ten pupils enroll for any one class it is possible that that class may not be organized and other classes than those announced may be organized if sufficient students express a desire for them.

As is pointed out in the prospectus the vocational board believes vocational education is needed in the province and considers the right type of leadership to be first essential in its advancement. The board is therefore endeavoring through the summer school to develop carefully such leadership.

WHERE IS THE WATERING CART?  
The Watering Cart made a good start this season, but it was conspicuous by its absence last week. We will watch how it gets along this week.

## NEWCASTLE BOY MARRIES IN N. S.

On Monday at 8 p. m. the home of Mr. and Mrs. A. M. King was the scene of a very interesting and attractive wedding when their daughter, Nursing Sister Hazel M. King, was united in marriage with Capt. John Everett Bell, of Duffield, Alberta, in the presence of the immediate relatives. The ceremony was performed by Rev. C. A. Munro, Pastor of the United Church. The partners were very tastefully decorated, the bridal party standing under an arch of wild pear blossoms. The array of gifts to the bride were varied and valuable.

Both the bride and groom rendered distinguished services in the war. Nursing Sister King is a graduate from the Homeopathic Hospital, Boston. Before the war she had a year's experience in Labrador associated with Dr. Greenfell and his mission. When Harvard University organized its Medical Unit for overseas service, early in the war, she was accepted as nursing sister and served with that unit under the British R. A. M. C. Later she transferred to the Canadian Army Medical Corps. The Canadian Red Cross Society presented her with a Certificate of Honor for faithful service rendered in England and France, where she spent nearly four years.

Captain Bell, popularly known as "Capt. Jack Bell," is a native of Newcastle, N. B. Before entering the army he was connected with the Royal Bank of Canada in which service he spent some time in Bridgetown. He was Captain in the 12th Battalion of Canadian Engineers and spent four years in England and France. Six weeks before the signing of the Armistice he was severely wounded, having both legs broken. He was twice mentioned in despatches for distinguished service.

After the marriage festivities the bride and groom motored to King's cabin, Lake La Rose, where they will spend a short honeymoon. Their place of residence will be Duffield, Alberta where Captain Bell is manager and part owner of a cattle ranch.

The many friends and admirers of the happy couple extend to them all the best wishes for a long and prosperous journey together.

## NEWCASTLE BAND NEEDS YOUR HELP

A subscription in aid of the Newcastle Concert Band being circulated by some of our enterprising citizens, and is being met with marked success. In the vicinity of four or five hundred dollars was collected on Saturday and a large number of our people are yet to be called upon. The Band Boys are desirous of obtaining a new set of instruments which will cost within the vicinity of \$2000.00. We understand the instruments are to be the property of the town and in this way the instruments will always be available for new members who take the place of those retiring. By providing the boys with good instruments the general public will not only be assisting the band members but also themselves as by this means a much better class of music will be provided for their pleasure. Everyone should assist this worthy object.

## Forest Fires Near Tracadie

Chatham, N. B., May 29—A very serious fire is raging near Tracadie and is sweeping all before it. At an early hour this morning the fire was within three miles of the village of Tracadie.

## INSPECTORS VERY BUSY DURING WEEK

The Prohibition Inspectors have been doing a lot of cleaning up work the past week or so and have been successful in their work to a large degree.

A number of raids were made last week, and a large quantity of liquor extract was seized at one place and a small quantity of liquor at another in Newcastle. These cases will appear before the Police Magistrate this week.

An arrest was made on Tuesday of last week of a Barnaby River man in Wong's Cafe for being drunk and using profane language in the presence of ladies. The prisoner was searched and a 4 ounce bottle of lemon extract found on his person. This case was fined with costs amounting to \$12.00. Two others were arrested on Tuesday night for drunkenness and were each fined with costs amounting to \$8.00.

An arrest was made Sunday night by Inspector Saunders assisted by Policeman Win Ashford of a man who was intoxicated, and after the arrest was made, he was taken to the Police Station, when one of the Aldermen appeared and requested the Prohibition Inspector to allow the arrested man his freedom so he could be taken home. The Inspector refused to give the man his freedom stating that he had made the arrest, and if the prisoner were let go, the Alderman would have to take the responsibility.

In Chatham on Sunday night the Depot Hotel was raided and eight men were found closeted in a room, one man having an empty bottle in his pocket. A search of the room was made, but nothing found in it while later on a small quantity of liquor was found in the Bath Room. One arrest for drunkenness in Chatham was made on Sunday night.

Monday morning the Inspectors went to Rogersville on the early train and motored from there to Pleasant Ridge, where they destroyed a large quantity of Home Made Beer, which was being sold, arrested the owner, brought him to Rogersville where he was convicted and fined. The Inspectors then went to Acadaville Block 14, where they also destroyed another large quantity of beer, arrested the violator convicted and fined him.

## CHATHAM DIOCESE HOLDS CONFERENCE

Bathurst, May 28—An ecclesiastical conference for the priests of the Chatham diocese was held at the presbytery here during the course of this week. Among those in attendance were His Lordship Bishop L. J. O'Leary, Rev. N. Power, Nelson; Rev. P. W. Dixon, Newcastle; Rev. W. Varrilly, Chatham; Mons Doucet, Grand Anse; Rev. J. Poirier, St. Therese; Rev. E. Wallace, West Bathurst; Rev. J. Wheton and Rev. Father L'Eveque of Bathurst; Rev. J. Carter, Petit Rocher.

Rev. Father Cox, S. J., of Montreal has been conducting a short retreat for the members of the Sodality of the Children of Mary. At its conclusion a three days' mission for the members of the congregation follow.

## Temperance Address At Loggieville

Rev. F. E. Boothroyd gave an interesting address in the interest of prohibition at the evening service in Knox Church on the 23rd inst. His argument that prohibition does prohibit was logical and unanswerable. His appeal that the boys of New Brunswick be allowed to grow up free from the temptations of liquor traffic was most earnest and convincing. A branch of the Temperance Alliance was organized. The following were appointed officers—President S. J. Simons; Secretary, J. W. S. Babikirk; Treasurer John Whyte.

## HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Peasey of London.

London, Ont.—"I suffered with periodic pains, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains as bad I sometimes thought, I would go crazy and I seemed to be suffering. I was in this condition for three years and could not seem to work. I tried all kinds of remedies and had been treated by physicians, but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it, and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends, and if these facts will help some poor woman use them as you please."—Mrs. J. F. PEASEY, 200 Rectory Street, London Ont.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little over any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

## Ten Deaths In C.G.R. Relief Assn.

Seven of the Number Were on the Retired List of Employees

Moncton, N. B., May 26—Ten deaths occurred among the members of the C. G. R. Employees Relief and Insurance Association during the month ending May 25, 1920, seven of that number being retired employees. In addition two C. N. R. employees, Frank M. Goodall, Moncton, and Martin O'Brien, section-man, Memramcook, members of the Temporary Employees Accident Fund, died from the effects of injuries received while they were in the railway service. The other deaths during the month were Joseph C. Langue, retired, Moncton; Michael A. Brown, track clerk, Campbellton; Malcolm McKinnon, retired, Moncton; James Dickie, retired, Moncton; Rufus Harrison, retired, Moncton; Eljest Raymond, retired, River Du Loup; John T. Estabrooks brakeman, Newcastle; Francis J. Gillis, locomotive engineer, Newcastle and Wright, Edmundston, retired, Moncton.

## Militia Camps Are Cancelled

Headquarters Receives News Regarding Camp Sussex and Others But No Reason Why—The Announcement Comes as Great Surprise.

The local military headquarters had received no reason last evening from Ottawa that Camp Sussex, for which practically all arrangements had been made, would remain closed again this year. This does not apply only to this district, for the telegram advised that all training camps, except those for the permanent forces, are cancelled. Officers of the local headquarters said last evening that this news came as a great surprise to them and they could not account for the reason, but thought it might be part of the programme of cutting down expenditures. They expect more definite instructions as to the future training of militia units, within the next few days, and instructions are being sent out to the various regiments in the district to complete their organization and be ready for any order which may be issued—Telegraph.

## Forest Fires Are Doing Damage In The Province

Fredericton, May 26—A note of warning respecting the forest fires situation in New Brunswick was sounded at the department of lands and mines this morning. So far this season approximately seventy-five forest, brush and slash fires have been reported to the department, but it was not until today that reports of fires in the green woods of the heavily timbered crown lands commenced to come in.

There are fires raging now in practically every forest section of the province, and unless heavy rains come within the next day or two it is feared that the situation will become extremely critical.

Hundreds of men are fighting the various fires and the lookout towers—the eyes of the forest protective service—have been proving their value, but it was declared this morning that greater care must be exercised by settlers, fishing parties and others in the woods or there will be tremendous losses incurred.

The three most serious fires now raging in the province are on the Taxis river, a tributary of the Miramichi; on the Restigouche river about 25 miles from Kedgwick where the \$150,000 fire occurred last year about this time, and near Rollindam, Charlotte County.

Among the new fires reported to the Department is one from Sunbury Station, which was reported yesterday afternoon by the Forest Service railway patrol. Some twenty acres of crown land were reported burned, but as yet no details have been learned although it was stated that the fire was under control.

A fire near crown lands was also reported from the neighbourhood of Rolling Dam, Charlotte County, and Chief Scaler A. T. Marchie left last evening for the scene of the fire.

A fire on the lands of the New Brunswick Railway Company, the Nashwaak Pulp and Paper Co., and the Miramichi Lumber Co., was reported from Clearwater on the Taxis River, last evening. The fire was stated yesterday by one of the residents there burning off the interval lands without a permit, and it extends over three hundred acres.

Ranger Joseph, of Ladlow, has put a crew of sixty men on the fire, but no details have been received yet concerning the blaze.

A serious fire was reported from the Shagmoo yesterday, supposed to have been caused by a spark from a passing locomotive. A crew of railroad men are working on the fire at present. The fire reported from Fox Brook, on Little River, is reported to be still burning.

Kent-Northumberland District Division Sons of Temperance

Harcourt, May 25—Kent/Northumberland District Division Sons of Temperance met in annual session in Harcourt Temperance Hall, yesterday afternoon.

Caledonia, No. 126, Douglstown—Harold C. Stohart, D. W. P.

Newcastle, No. 45—G. and Patton H. H. Stuart, District Scribe; Grand Scribe T. A. Clarke, Past D. W. P.

Harcourt, No. 438—Rev. B. H. Penwarden, John Beattie, Ralph Hutchison, Misses Margat and Annie Penwarden.

Grangeville, No. 440—H. W. B. Smith, D. W. A.

Rosefield, No. 280, Gladside—G. W. Patriarch Rev. A. A. MacLeod.

Rev. B. H. Penwarden was appointed District Chaplain pro tem; F. Hutchison, Conductor, and T. A. Clarke, Sentinel.

The D. W. P. reported the Division in Douglstown meeting seldom.

The D. W. A. reported Grangeville Division in good order, but Band of Hope work hampered for lack of leaders.

G. W. Patriarch MacLeod reported Gladside Division in good order and well organized for the coming referendum.

District Scribe H. H. Stuart reported the Division at Gladside, Kent County, dormant for many years reorganized at the end of 1919 by Grand Worthy Patriarch MacLeod.

It had 23 members on March 31st and has initiated four, since. The Division at Millerton had reorganized itself in March last.

During 1919 there had been three quarterly meetings at Grangeville, May 26th; Harcourt, July, and at Newcastle in October.

The year's gain in membership had been considerable:

Table with columns: Mar. 31, 1919, Mar. 31, 1920. Rows: McKee's Mills, Harcourt, Grangeville, Gladside, Richbucto, Mundeville.

Kent County—

Northumberland County—

Totals for District .. 240 325..

Gain from March 31, 1919, to March 31st, 1920—85.

On Dec. 31, 1918, the total membership was 242; on Dec. 21, 1919, it was 285.

Reports were referred to committee on State of the Order.

The report on the State of the Order was adopted section by section and as a whole, after thorough discussion as follows:

Harcourt, May 24, 1920

District Worthy Patriarch and Members,

Your Committee on the State of the Order for the counties of Kent and Northumberland beg leave that:

(1) We have examined the reports of the District W. P. and Scribe and we find Kent County reports six Divisions of which four have reported up to March 31st, showing a membership of 206, a net gain of 75 for the year.

(2) While we rejoice over this increase in our Divisions which shows that there is life in the old Order yet, we feel that this does not by any means gauge the temperance sentiment of these two counties.

(3) We desire to express our appreciation of the work of the District Officers, who have held this District Division together during these strenuous times through which we have passed.

(4) Re the referendum your Committee recommend that we extend every assistance in our power to the N. B. Temperance Alliance in their organization to support the Provincial Prohibitory Law.

(5) We regret that Juvenile work has depreciated to a certain extent, trust that the Grand Patron who is shortly to have the assistance of the most Worthy Patron, Brother W. A. Tice, of Toronto will be able to revive interest in this important branch of our Order.

After a discussion on advisability of having District Division for each county, T. A. Clarke and Rev. P. H. Penwarden gave notice that at next quarterly meeting they would move that the Kent-Northumberland District be divided into two districts, one for each county.

Following officers were elected for balance of 1920:

D. W. P.—H. C. Stohart, Ferry Road (re-elected).

D. W. A.—Rev. B. H. Penwarden, Harcourt.

D. Sec. Treas.—H. H. Stuart, Sunny Brae.

D. Chaplain—H. W. P. Smith, Grangeville.

D. Conductor—Ralph Hutchison, Harcourt.

D. Sentinel—John Beattie, Harcourt.

Next quarterly meeting will be with Millerton Division on Friday afternoon, June 25th.

Adjourned till evening.

A public meeting was held in St. James' Presbyterian Church at 8 o'clock, Rev. B. H. Penwarden presiding.

A mixed choir rendered music.

The programme included opening address by the chairman, prayer by Rev. Canon A. W. Smith, addresses by H. C. Stohart, D. W. P.; Grand Scribe T. A. Clarke, Rev. F. M. W. Bacon, (Richbucto), District Scribe, H. H. Stuart, Rev. Canon Smithers, Rev. F. C. Stebbings, G. W. P. A. A. MacLeod.

The speakers all urged the voters of the province to fight for the re-creation of Provincial Prohibition with all their power.

The speaker gave the following statistics in Harcourt, Kent and Grangeville Divisions.

Adjourned.

### HAS NO EQUAL STATES SHIRLEY

#### So Run Down Was Ready To Give up When He Started Taking Tanlac

"In my humble opinion Tanlac has no equal as a medicine; at least that has been my own experience," said Thomas Shirley of St. Albans avenue, Sydney, N. S., a valued employee of the Dominion Iron & Steel Co., Ltd. when speaking to the Tanlac representative, recently.

"I had been in a run-down condition for nearly four years and had suffered a lot with stomach trouble. My appetite was very poor and I had to be very careful of what I ate. Anything like meat or heavy food would give me indigestion for hours. My food soured and the gas that formed pressed against my chest and throat so as to cause a smothering feeling. My sleep was very disturbed and I was continually waking up with a start. I had a tired worn-out feeling all the time, with no energy to do my work. I lost weight continually until my clothes were too big and just hung loose on my frame. I got into such a bad state that I thought I would have to give up altogether.

"I don't know how many medicines I tried without getting any relief, but I heard of so many people getting help from Tanlac that I decided to give it a trial myself. That was last September. Well, by the time I had finished the third bottle I was like a new man. My appetite is so much improved that I am hungry all the time and can eat three good square meals a day. My food agrees with me and I am eating meat for the first time in years and can digest it perfectly. I've already gained ten pounds in weight and all my old time strength and energy has come back. I sleep like a log and get up in the mornings feeling refreshed and ready for my work. All the boys at the works tell me how well I look, and I just feel fine all the time."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

### Disastrous Fires At Moncton

Two disastrous fires occurred in Moncton Wednesday. The first called the firemen out to the Record Foundry and Machine Company's plant at 4.30 o'clock, which damaged to the extent of about \$75,000 resulted from a blast, which at times threatened the whole structure. The second fire was in the Bank of Nova Scotia building, which broke out about 12.15 o'clock, the alarm sounding from Box 21. The all-out signal was given at 2.30. Considerable damages were sustained by barristers and fraternal societies—occupants of the upper portion of the building.

### Castle Picture Fine Climax to 'The Invisible Bond' Is A Spectacular Plunge Over Cliff

A spectacular scene, worthy of a "stunt picture" forms the climax of Irene Castle's latest release, "The Invisible Bond," which will be on view at the H. H. Theatre Thursday. As the story goes, a wealthy New Yorker, infatuated with a beautiful coquette, disguises himself as her chauffeur and takes her for a wild automobile ride. Waddened because she spurns his attentions, he drives the car at terrific speed through fences, shrubbery, open fields and finally plunges it over a 400-foot waterfall and meets death at the bottom. Director Maigne chose for this scene the cliff at Taughanook Falls near Ithaca, N. Y. Five cameras were used, catching the plunge from as many different angles. The fall of the machine is startlingly registered against the background of the rushing water.

### MUSICIAN'S CO-OPERATION

Actual co-operation will bring more results to teachers of music than to almost any class of business people. The problem before the music teachers of a locality is larger and more complex than the problem before any ordinary business group. First of all, they are obliged to create a demand for their services. In the case of a lawyer, for example, disagreement and criminal matters bring a natural outlet for his products. On the other hand, the need for music is very indefinite, and recognized only when special effort is made to demonstrate its value in life. Only in a very small number of cases do people absolutely crave the privilege of studying music. Most people must be led to music by being made to realize that it is an important factor in mental development and much more than a mere accomplishment.

### BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER  
805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

Madame ARTHUR BEAUCHER.

### NOURISHING FOOD AND GOOD HOURS

Help You to Resist Disease—Aid these with a Tonic Keep the Blood Pure

The power of your body to resist disease and to fight it after disease gets a foothold, is one of the most precious possessions you have. You weaken this power when you let your general health run down, your blood gets thin and your nerves unsteady.

You weaken it when you worry, when you over-work, when you do not get sufficient sleep, and when you are under-nourished, either because you do not eat the right kind of food or because your digestion is out of order.

You preserve your power to resist disease when you keep good hours and eat proper food at regular intervals. You further increase and strengthen resistance to disease when you build up your blood and nerves by the occasional use of a tonic like Dr. Williams' Pink Pills, which are free from opiates and harmful drugs of any kind. The value of these pills as a health is fully shown by the experience of Mrs. E. C. Taylor, Hanover, Ont., who says: "At various times since I was a girl of fifteen I have proved the value of Dr. Williams' Pink Pills. At that age I was in a much run down condition, suffering from many of the well known symptoms of anaemia. My mother procured a supply of Dr. Williams' Pink Pills, and after taking about a half dozen boxes I was restored to normal health. Again after my marriage, and before my boy was born, I felt miserable and again took Dr. Williams' Pink Pills, which once more met all my expectations and fully restored my health. My latest experience with these pills was following an attack of bronchitis, which left me completely broken in health. Part of the time I was under the care of two doctors, and for three months I was practically between life and death. Again at my mother's suggestion I started the use of Dr. Williams' Pink Pills. I had not been taking them long before I could tell that they were helping me. Day by day I could feel my strength returning, and was soon enjoying good health once more. In view of my experience I think I can safely say there is nothing in the way of medicine better than Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Minimum Salary Of \$1,500 For Methodist Ministers

Toronto, May 27—Every Methodist minister in Canada and Newfoundland henceforth is to be paid a minimum salary of \$1,500 with parsonage and horse-keep in addition, according to a decision arrived at here today by the General Conference special committee. Rev. Dr. S. D. Chown, General Superintendent, of the Methodist Church at the outset, spoke in favor of advancing the minimum from \$1,200 to \$1,500 which, he said, was necessary in view of the upward trend of prices of food and commodities, and the members of the committee agreed with him. Church union was discussed by the committee, and Rev. Dr. S. P. Rose of Ottawa, and Senator Lorne Webster, of Montreal, were named to represent the General Conference in view of union when the question comes before the Presbyterian General Assembly at its meeting in Ottawa.

### Seeking Name For New Party

"The Constitutional Reform Party" Seems to be in Favor Among Gov't Members.

Ottawa, May 27—It was learned on good authority tonight that the name to be submitted to the caucus of government supporters, when it meets next week will be "The Constitutional Reform Party." Members who discussed it this afternoon were practically unanimous in their opinion consent of the caucus.

"We have as much right to adopt this name as the John McDonald had to adopt the name Confederation in 1867. Had one prominent supporter, who was present at the discussion here, Mr. [Name] had been [Name] here."

## Cancelled Check is Not a Receipt

(Financial Post)

A correspondent of the New York "Sun" calls attention to a custom being employed by shopkeepers and tradesmen in printing on their bills a notice: "Your check is your receipt." The matter is made still worse in some cases by a further notice, which reads substantially, "Tear off this portion of the bill and return with your check." This means that the customer is left with a memorandum of items with prices and footings usually partially undated and containing no linking of the name of the shopkeeper or any other data which could be identified.

Such a paper is likely to be mislaid or destroyed after a short time as worthless by the average man or woman and cannot be properly filed. If a "bill rendered" comes in a month or two later the purchaser is put to the task of showing how his check paid that particular bill.

Then should the bank fail to return the cancelled checks of course there is the check stub but that is far from final, because the tradesman might assert that the original check never reached him, and proof that it did and had been cashed or deposited is not always easy.

Every prudent person should insist upon receiving a receipt. Bank managers should point this out to customers. A cancelled check bearing the payee's endorsement is evidence that the payee has received the amount of the check, but there is nothing thereon to associate that payment with any particular debt which the drawer of the check may have owed the payee and the bonus could be on the drawer to associate the payment with the debt.

## Plenty Of Sugar In Canada For Export Abroad

Hullfax, May 26—An interesting commentary upon the announcement that sugar is due for another advance is to be found in the fact that great quantities of sugar are being piled up here, presumably for export abroad. It is stated that several hundreds of thousands of bags of sugar are at present awaiting shipment at one pier, and the quantity daily increasing. At another pier upwards of a quarter million bags of flour are awaiting shipment abroad.

Montreal, May 26—In the various yards of the railroad companies at Montreal there are hundreds of car loads of raw sugar from the United States being held up consigned to the St. Lawrence Sugar Refineries, Limited, according to La Presse of this city, which claims to have the information from a good source. This is due to the strike which is at present being called in these refineries.

La Presse adds that demurrage charges at the rate of five dollars a day are piling up on these cars, payable by the consignees. The total weight of sugar involved runs into millions of pounds, it is asserted.

Montreal, May 26—In reference to a despatch from Halifax today that great quantities of sugar were being piled up there presumably for export abroad a prominent official of a Montreal sugar refinery stated today that the export of granulated sugar from Canada was prohibited except to Newfoundland. Yellow sugar was, however, permitted to be exported but there is little of it in Canada to export.

## The Manufacture Of Clover Silage

We are but beginning to appreciate the value of clover silage in modern stock feeding. When properly made clover silage is an excellent feed for nearly all classes of live stock. Aside from its higher protein content, it has an advantage over corn silage in point of lower cost of production. The yields of clover compare favourably with those of corn when the land has been equally well prepared.

Seldom are fields seeded down to a purely clover mixture. Usually some of the standard grasses are added. On the Agassiz Farm we use a mixture containing red, alsike and white Dutch clover, also Italian ryegrass and orchard grass. This makes good silage but the greater the percentage of clover in the mixture the higher the feeding value, and the easier it is to make a silage of good quality. The grasses are inclined to be more wiry, stiff and dry, thus requiring more weight to press the mass firmly into the soil to exclude the air.

The most common practice is to cut the clover for the silo when in full bloom, that is, when right for hay-making. Care must be taken not to leave the harvesting period too late. It is better to cut on the early side rather than postpone the cutting too long. While the plants are young the stalks and leaves are more tender and break up more readily. There is also the advantage of obtaining an earlier second crop.

Only as much should be cut at one time as may be placed in the silo during the day. The mower should be started early in the morning while the dew is on and followed at once by the rake. The clover should not be left to wilt between cutting and silaging. If severe wilting does take place better results are obtained by adding water. The clover ought to feel wet as it drops in the silo. Frequently attempts are made to make silage out of clover after it is spoiled for hay. This is a poor policy. Partly spoiled clover makes very inferior silage as it loses its colour and likely decay has begun.

Clover silage has been made with some degree of success by placing in the silo without cutting. This should not be done if it can be avoided. Not only is there less liability of the clover spoiling when cut into short lengths but it can be placed in the silo and also removed with much greater ease. The knives on the cutter must be kept sharp and set to cut approximately half inch lengths. It is a good plan, where possible when silaging clover, to put a layer of corn on top to weight down the mass below and secure a more thorough packing and thereby also a better quality of silage.

**CAN YOU BEAT IT?**

#### First White Man Born In Province

Father-in-Law Of Newcastle Boy  
 Huntingdon.—Mr. Thomas Fraser York has the proud distinction of being the head of the mainland of British Columbia, as he was the first white man to be born in the colony of British Columbia before Federation, when Vancouver Island became part of the new province. At the age of 62 he is still a young man, strong and erect, and possessing a set of pearly white teeth which need no dentists. Mr. York has never known a day's illness, and proof of his great staying powers is afforded in the fact that he made no less than eight round trips between Vancouver and Halifax with the Railway Service guards. Born on October 21, 1858, in Fort Yale, the son of Thomas and Maria York, he lived in adventurous times, putting in the first four years of his life mostly at Spuzzum, where his father operated the first ferry boat across the river just below where the present suspension bridge now stands. In the terribly severe winter of 1862, the miners were starved out of Spuzzum, and Mr. York trekked back to Fort Yale, while little Tom was carried in a rocking chair on the back of an Indian, whose name was Old York! after little Tom's father. The Yale road was not built at that time, and there was only a trail, which affords a glimpse of what the grand pioneer women of British Columbia were prepared to do in the early days. Spent Life At Huntingdon  
 In 1865, the Yorks moved down to Sumas to what is now known as the York farm, a few miles from Huntingdon near the international boundary. With the exception of the time when he was at school or serving his country Mr. York has been a resident of Huntingdon ever since, and can be reckoned the father of Huntingdon. The only white people in the district in those days were Mr. Volket Veder, Mr. David Miller and Mr. James Chadsey, all well-known names in the Fraser valley. There were big settlements of Indians at Kilgord and on the Sumas reservation which has since been washed away. The band migrating to Dowdney. There were no roads, and the dairy produce was shipped from Miller's Landing, at which point the great Sumas reclamation dyke will be built in the near future. Everything had to be carried by canoe, and Victoria was the best market for Huntingdon produce.  
 Mr. York had a great admiration for his parents. His father, a York shire coal miner, came out under the Hurison's Bay company and landed in Nanaimo in 1854. Mr. York's mother and sister accompanying him. An officer on the boat was Robert Dunsmuir, afterwards to be come famous in the history of British Columbia.  
 As a miner, Mr. Tom York, Sr., assisted in opening up the coal mines at Old Whatcom, now known as Bellingham.  
 From Old Whatcom his mother and sister canoed straight through to Yale, being the first white women on the river. Mrs. Phoebe Campbell, Mr. York's sister, still resides on her farm in the district. Presided with Farm  
 In recognition of being the first white man born in the colony of British Columbia, Mr. Fraser York was presented with 160 acres of land on the Sumas prairie by Premier Walkem. Mr. York farmed until 1893, when he was appointed customs officer at Huntingdon, occasionally filling also the post of immigration officer. He was in the service for 22 years when he resigned. He enlisted in 1916 for overseas, but on account of his age he was put in the railway guards, although he was quite prepared to go over to France.  
 One would imagine that education would be overlooked in those early days, but there was a private school in Yale, conducted by Monsieur Travor, an enterprising Frenchman, and young Tom attended that school, later going to St. Louis college in New Westminster, destroyed in the fire some years afterwards. There was no free education in those days, and children made the best of their opportunities.  
 In 1878, Mr. Fraser York married Miss Josephine MacDonald, a daughter of Mr. and Mrs. MacDonald of Fort Douglas, at Chilliwack. They have one son, Mr. Thomas Francis York, and three daughters, Mrs. H. N. Frith (Mabel), of Vancouver; Mrs. Perley Fleming (Maude), of Victoria, and Mrs. George Newton (Lenora), also of Victoria.  
 It is hardly necessary to explain how Mr. York came to bear the name "Fraser," when one remembers that his mother was the first white woman to travel on the waters of the Fraser through the upper country. He is named after Stephen Fraser.  
 In politics, Mr. York used to be a Conservative, he says, but now he has leanings towards a Farmer party. His pastime is hunting and fishing and many a visitor has had a good day's sport with Fraser York, who can bring down his duck of land a big steelhead with anyone. He was baptized in the Church of England and is a staunch Anglican. Vancouver Sun.

**SCHWAB ON MUSIC**  
That music hath charms to soothe even the savage breast has long since been proved. But see how far-fung the results might be were it applied as Charles M. Schwab, president of the Bethlehem Steel Company suggests:

"Music is a great antidote for unrest," says Mr. Schwab, speaking in New York. "The most primitive and ignorant are susceptible to music. It is a sedative and stabilizer and promotes beautiful thoughts. No normal person could do wrong or think wrong with the sound of music in his ears. In all my establishments I encourage music of every kind. Better business and better work is done by persons who have an appreciation of the finer things of life and there is nothing finer than music."

## Coroner's Jury Bring In Verdict

The coroner's investigation into the death of John T. Estabrooks and Frank J. Gillis before Coroner B. M. Mullin, was concluded at Marysville last Friday. In all five witnesses were called, but nothing of importance was brought forth which has not been published, excepting the finding of the body of Frank J. Gillis.

Mr. Coroner: We, the jury, empanelled to enquire into the death of John T. Estabrooks and Frank J. Gillis, which occurred on May 10th inst. after hearing and considering the evidence submitted, beg leave to return the following verdict:  
We find that the aforesaid John T. Estabrooks came to his death from exposure and exhaustion while in the water, by being pinned down in the wreckage of the engine of Train No. 644.

We find that the aforesaid Frank J. Gillis came to his death by being drowned in the cab of his engine of Train No. 644, the wreck having been caused by engine No. 91 and two cars of Train No. 644 going over the embankment of the western approach of the Nashua Bridge above Marysville. The immediate cause of the said wreck was the sliding of the fill at the west end of the aforesaid bridge.

**Contributing Causes**  
We believe the contributing causes were:

1. That the jam of logs in the river below the bridge caused the water to rise about the fill, which had the effect of undermining it, and when the heavy weight of the train came upon it, it slid away, causing the wreck.
2. While we believe that the construction of the fill was adequate under ordinary conditions, we believe that it was not up to standard for heavy traffic, such as is carried on the road at the present time.
3. We believe that under existing conditions and with Railway equipment which was available, that all possible efforts were made to save the life of John T. Estabrooks.

We recommend that the C. N. R. Officials provide a wrecking equipment of sufficient capacity to handle all probable wrecks, which may occur on this Division in future.

We also recommend that a thorough inspection be made of all such fills as heretofore referred to, in order to prevent further accidents.

We also recommend that the Government give close inspection to all obstructions placed in any river in the Province. We feel that the present system of patrolling the tracks of the railroad, is insufficient for the safety of the train men and travelling public.

## MANY HORSES AT CHATHAM TRACK

In a short time there will be twenty horses quartered at the Chatham Race park getting ready for the summer circuit. In addition to the seven horses that Jimmy Boutiller has had there for some weeks, C. Larsen of Newcastle has a colt and Chas. Sergeant also of Newcastle, has sent down five horses for the season. Fred Carvell has four in the stable at present and has recently bought Roy Miller, F. J. Miller's horse, that went the circuit last year. Roy Miller as one of a pole topper holds a record for the fastest mile trotted on the continent. Archie Alcorn of Blackville is also expected to send a string of horses under the charge of the veteran Peter Carroll and in this string will be the fast colt trotter, Bill Sharon with a mark of 2:16 1/4.
