BRANTFORD CHIEF AND DOCTOR SUED

Two Constables Also Involved in Action For Heavy Damages Following the Examination of a Factory Girl— Commissioners Will Investi- gate Complaints in Writing.

(By a Staff Reporter.)
BRANTFORD, Ont., Jan. 2.—Follow-
ing the recent attacks on policemen
in Brantford, and the calling out of
the militia, on two occasions, Judge A.
D. Hardy has issued a notice calling
upon the general public to file any
complaint which may be with any
citizen, and promising a complete in-
vestigation. The notice issued by the
judge follows:

"Public notice is hereby given by the
board of police commissioners of the
City of Brantford that the commissioners
will receive, with as little delay as
possible, any letters embodying com-
plaints regarding the police depart-
ment, and upon receipt of same will fix
a date for the public investigation of
same, in so far as the said board has
jurisdiction, of which sittings public
notice will be given.
"(Signed A. D. Hardy,
Chairman,
"Board of police commissioners.")
For a month or six weeks there has
been more or less general talk and in-
direct complaint against the police and
Chief Slemin, following the arrest of a
young girl who was employed in a fac-
tory here and her examination by a
doctor at the instigation of the police.
The girl was alleged to have been im-
plicated in the death of a baby found
in Brantford, but after her examina-
tion the charge against her was drop-
ped. Her exonerated heard of the ex-
amination, and at once decided to pay
all costs of an action against the chief,
the doctor who examined her and the
two constables who were present at the
examination, Robbette, Godfrey
& Phelan of Toronto were employed,
and notice of an action for \$10,000 was
served, returnable in a month. Mr.
Godfrey, who has charge of the case,
stated tonight that the matter would
be pressed and the writ issued next
week. A citizens' committee has been
formed to subscribe funds for the con-
duct of the action.

The decision of Judge Hardy to in-
vestigate any charges made in writing
arises out of a public demonstration on
behalf of citizens against the police
force, on New Year's Eve. It was
deemed advisable to have the militia
in readiness, to quell any riot which
might arise following that of Christ-
mas Eve, when the police station was
stoned following the arrest of a citizen
during a public demonstration against
the police, in which more than a thou-
sand citizens participated.

Mayor C. H. Hartman was loth to
talk of the demonstration against the
police. "It isn't a very good adver-
tisement for the town to have this
trouble with the police printed in all
the papers of the country," he said "so
no one has made a figure of it in the
election which comes off next Monday."

Rev. John McNeill

Former Liverpool divine, who was in-
ducted into pastorate of Cooke's
Church last night.

NEW PASTOR WAS INDUCTED AT COOKE'S

Rev. John McNeill, Described as an Old, Tried Soldier Cap- able of Doing a Giant's Work, Took Over His New Pastorate Before a Large Congregation Last Night.

Rev. John McNeill was inducted into
the pastorate of Cooke's Church
last night with all due ceremony. The
auditorium was well filled and an in-
tense interest was manifested by the
congregation, who look forward to
the accomplishment of big things for
Cooke's under the able leadership of
the distinguished Liverpool divine.
According to Rev. A. B. Winchester
of Knox Church, who addressed the
congregation on behalf of the Toronto
presbytery, last night's induction
ceremony was a unique event in the
history of the Presbyterian Church in
Canada.
"From my knowledge of things gen-
erally and what I have learned from
talking with a great number of people,
I can say that there never was so un-
der an interest shown in the induc-
tion of any pastor in a Christian
church in this country as has been
evidenced in the induction of Rev.
John McNeill this evening. By a large
number of letters I have received from
different points in Canada I know that
Mr. McNeill's coming has been anx-
iously watched from every part of the
Dominion," he said.
A Giant Work.
Mr. Winchester reviewed the efforts
that had been put forth, following up
Dr. Taylor's resignation, toward the
procuring of a suitable man, big
enough to undertake the giant work
connected with the pastorate of so
many churches.

Unionists Absolutely United On Inter-Empire Preference

LONDON, Jan. 3.—(C.A.P.)—"Silence is golden" is Lord
Derby's motto for Unionists just for the moment. He reminded
a Leigh audience of the proverb last night, and added he
would speak out when an opportune time came.
"There are two things," he said, "upon which I don't think
a single man of our party would go back for one minute.
One is we are prepared to tax manufactured articles coming
from abroad for the purposes of revenue; secondly, we are pre-
pared to see what can be done to bring into closer relationship
the mother country and the colonies. As to the method, by
which that can best be done, that is a matter for discussion, but
I believe the whole party is absolutely united upon the general
principle. Don't, therefore, let our opponents be deceived."
A number of Unionists were discussing their differences,
but he suggested it would be better if they were to try to dis-
credit the government. "I want you," he concluded, "to get
what odds you can from your opponents about a double event
I think will come off. One event is that we shall settle our
differences, and the other that we shall settle the present govern-
ment."

Laurier Against Blocking Game

Leader Said to Have Vetoed Policy Advanced by Fol- lowers—La Patrie In- dicates Otherwise.

MONTREAL, Jan. 2.—(Special.)—
A Liberal senator is authority for the
statement that all the leading Liberal
members of the commons and senate
have a blocking session, but that Sir
Wilfrid Laurier has put his veto upon
all such tactics. The old chief of state
declares that should an appeal to the
people prove disastrous to the party,
his prestige would be completely de-
stroyed, and, in consequence, the
government measures will be allowed
to go thru, which sentiment is con-
firmed this evening by a witness spe-
cially declaring that, with the arrival
of the opposition members from the
constituencies, all talk of a blocking
session will be abandoned.
On the contrary, a special to La Pa-
trie from Quebec this evening states
that Sir Wilfrid Laurier has written
to Mayor Drun to the effect that
there will be no work in Quebec
this evening for the good reason that
the opposition will not allow the estimates
to go thru.
It is also said that Sir Wilfrid will
not be again a candidate in Quebec
East.

MAY BE PHILADELPHIA STRIKE

PHILADELPHIA, Jan. 2.—(Can-
Press.)—Representatives of Garment
Workers' Union in this city met to-
day and adopted a resolution protest-
ing against their employers' "assist-
ing New York manufacturers by doing
their work." The workers here de-
clare that if the manufacturers per-
sist in doing work for those against
whom the strike is in progress in New
York, a strike will be called here.
Another meeting will be held next
Sunday.

DO SOME PUPILS GO TO SCHOOL HUNGRY?

District Labor Council Will Ask Board of Education to Investigate Report That Many School Children Are Half-Starved—School Kit- chens May Be Established.

R. J. Stevenson, chairman of the
educational committee of the District
Labor Council stated at a meeting
last night that he had been told that
many of the poor children of the city
were compelled to go to school hun-
gry. Mr. Stevenson did not know
whether the reports were true, but he
called upon the board to write to the
board of education in an effort to see
whether the investigation into the
matter could be held. "Children of a
certain age," he said, "are, of course,
compelled by law to go to school,
and if it is true that many of them
leave their homes hungry, it must be
stopped. I suggest that the letter
should ask the department to require
the teachers in the different schools
to keep the children, the matter."
In the event of concrete evidence
being found by the board of educa-
tion, the labor men claim that they
will launch a campaign for school kit-
chens in Toronto. The labor men claim
that in England they have proved a suc-
cess and have revealed in improved
health of the children in general, as
well as in the relief of hunger in in-
dividual cases.

James Reid Was Fatally Injured While Crossing Dundas Bridges Last Night.

Three hours after he was struck by
a street car, on the Dundas street
bridge, James Reid, aged 45 years, of
40 Symington avenue, died in the
Western Hospital last night. Reid
was hit by an eastbound Dundas car,
just east of St. Lawrence avenue, at 7.45
o'clock. His right arm was broken, a
shoulder dislocated, an ankle sprained
and his scalp was badly gashed. Two
wheels passed over his body before
the car was brought to a standstill.
He was rushed to the hospital in the
city ambulance. The body was taken
to the morgue and an inquest will be
held.

THREE BOYS DROWNED WERE PLAYING HOCKEY

Triple Fatality at Olivet, Mich., Due to Puck Being Driven on to Unsafe Ice.

OLIVET, Mich., Jan. 2.—(Can-
Press.)—While playing hockey on
Pine Lake near here this afternoon,
three boys broke thru the ice and were
drowned, in spite of heroic efforts by
their companions to rescue them.
The dead are: George Dewey, 14;
Clark Morgan, 12, and Stanley Lans-
borough.
During the game, the puck was
driven to a spot where the ice was
unsafe. Young Morgan skated after
it and broke thru. Stanley Lans-
borough and Dewey, close behind him,
also went into the hole.
Irvin VanWye, George Lansborough
and Ward Kenney, in attempting a
rescue, also were precipitated into the
cold water. George Lansborough and
Van Wye managed to break their way
to the shore. Kenney clung to the ice
and was almost frozen to death when
rescued, but the other three boys
sank before they could be reached.

BANK OF COMMERCE TO ERECT HANDSOME BUILDING ON KING

May Occupy Present Site En- larged With a Great Portico Front on Jordan Street Widened—Canada Life Buying at Bay and King— Jarvis Building Reported Sold.

It was reported yesterday that the
Jarvis building at 101 and 103 Bay
street had been sold at \$200,000. Aemil-
ius Jarvis is on his way to England, so
no information could be secured from
him; his son, however, said he had not
heard of a transaction. The property
is 47 by 104 feet.
Indications point to the building be-
ing bought in connection with the cor-
ner property at King and Bay streets.
The Canada Life, besides owning their
own building at 40 and 42 West King
street, own the plot the Sterling Bank
stands on, and the one story brokers'
offices just north of the bank at 95 and
97 Bay street. If the Jarvis place is to
be included in these properties, there is
now a building site that has 159 feet 10
inches on King street, with 193 feet 5
inches on Bay street—and with the

CANADA BACKING BRITAIN IN PANAMA

Washington Inclined to Think That Prosecution of Grand Trunk Has Stirred Ottawa to Prepare Case on Behalf of Railway-Owned Ship- ping.

WASHINGTON, Jan. 2.—(Canadian
Press.)—In the midst of the delib-
erate consideration which state depart-
ment officials are giving the note of Sir
Edward Grey of Nov. 14, protesting
against the occupation of the Panama
Canal, attention has been attracted to
a report emanating from Ottawa, that
the Canadian Government is preparing
new matter to add to that protest.
Without official knowledge on the sub-
ject, the conclusion has been reached
that the Canadian protest would be
devoted to an elaboration of state-
ments made in the Grey note regard-
ing the effect of the Panama Canal
Act upon Canadian railways owning
and operating between the Welland
Canal and the Panama Canal.

ALLIES' DEMANDS NOT SATISFIED BY TURKEY

Territory Ceded With Fine Display of Magnanimity Is Already Held by Enemy and Until Adrianople's Des- tiny Is Settled Conference Has Much to Do.

LONDON, Jan. 2.—(Can. Press.)—
The plenipotentiaries to the peace con-
ference enjoyed a day of general re-
laxation. Even the meeting of the am-
bassadors today was purely academic
as all agreed that yesterday's advances
by Turkey had changed the situation to
such an extent that they must await
corresponding instructions from their
respective governments.
The Turks continue to declare that
their concessions have surpassed any
logical expectations, but that now they
cannot at any cost cede an inch more,
on the other hand, the allies with
unanimous voice and compact front
maintain that they would rather end
the conference than renounce what
they claim is due them by right of
their victories in the war.
That the game is being played on
both sides is evident. The Turks em-
phasize the enormous importance of
what they have gained, and in reality
is only what they have lost and what,
independently of the allies, not even
the powers would allow them to re-
conquer.
For the opposite reason, the allies be-
lieve the Turkish concessions, as they
desire definitely to settle forever their
differences with the Ottoman Empire.
Some suggest that Turkey cede them
the real stumbling block is Adrian-
ople as a compromise solution respect-
ing the Aegean Islands is possible.
Some suggest that Turkey cede them
the powers, which can decide their
fate. It is recalled that such a course
has been taken on other occasions, pre-
siding even more difficulties than the
present. For instance, in the war of
1866 between Italy and Austria, Austria
ceded the victorious war to cede the
Venetian provinces to France,
which transferred them to Italy.
The supporters of this plan hint that
Turkey might cede the islands to
the allies, as has practically been done
with Albania, on condition that the
powers might then be able to claim, as
in the case of Albania, the right to de-
cide the status of the Aegean archi-
pelago, which will certainly be bitter
now between the Turks and the allies.
The former are threatening to appeal
to the supreme tribunal of Europe; the
latter are threatening to resume the
war. It is expected, however, that re-
sults from this situation may result from
the meeting of the plenipotentiaries,
whose judgment probably both Turkey
and the allies will submit, if they de-
cide unanimously what the fate of the
islands must be.
The powers are particularly concern-
ed.

COFFINS BY PARCEL POST.

ZANESVILLE, O., Jan. 2.—(Can.
Press.)—For the first time in the
history of the country, a coffin was sent
thru the mails today from the Zanes-
ville postoffice. It weighed fourteen
pounds and was sent by a coffin man-
ufacturing company to an undertaker
in Dexter City, O. The lid had to be
sent as a separate package so the body
of the coffin would come within the
eleven pound limit. The total postage
was 65 cents.

TRUBLE IN THE FABLES.

Jeff: Diana must put it all over me Jeff,
John? With big costs an' umbels.
Jeff: Ye have ye to yer mind, John? Jeff?
John: Rilly Bee?
Jeff: Noo, John. Would it be smart? I
was thinkin' they were brow, brown, coat,
like Sir Jee'm's; an' ye has s'ie's muckie
seagr, John.

M'BRIDE RETAINS HIS SEAT BY A MAJORITY OF NINETY

Official Figures Show That Bell Is in Fourth Place in Ward Three—Mistake Was Made by Messengers Who Gave Bell a Hundred Extra Votes—The Official Figures.

The official returns of the elections on New Year's Day were handed out by City Clerk Littlejohn yesterday, and there is only one material difference in those given out by the press. The figures are: Mayor, 23,112; Thomas Davies, 9,159; Controllers, 15,851; John O'Neill, 14,593; J. L. Church, 12,803; J. O. McCarthy, 12,681; F. S. Spence, 11,952; R. M. Yeomans, 10,841; James Simpson, 10,245; Alfred Maguire, 9,466; J. J. Ward, 8,329; G. R. Sweeney, 8,141; R. Woods, 502; Aldermen, 3,958; Ward One, 3,690; Walton, 3,611; Hubbard, 3,135; Wickett, 2,844; Rowland, 2,611; Ward Three, 2,666; Rawlinson, 2,146; Burgess, 1,793; McBride, 1,793; Ward Four, 2,799; Wanless, 2,597; Weston, 2,341; McFerrich, 2,341; Ward Five, 2,784; Meredith, 2,784; Dunn, 2,717; May, 2,717; Ward Six, 4,707; Maybe, 4,571; McBrien, 4,571; Spence, 3,537; Ward Seven, 1,122; Ryding, 780; Bell, 370. The early returns gave Candidate B. Bell in ward three a majority of ten over Aid. Sam McBride. This was caused by the inadvertent mistakes of returning officers. In subdivision 24, the correct figures were: Rawlinson 12, Bell 13 and McBride 16. The slip handed out gave Bell 13 and McBride 6. Subdivision 29 gave Bell and McBride \$9 each, but the returning officer gave Bell 20 and McBride 29. In subdivision 26, the proper figures were: Bell 50, McBride 180, but the latter was only given 37. The correction of these figures gives him a majority of 90.

A LIVE LOBSTER IN PARCELS POST

Handful of Shrimps Also Mailed in Violation of Law—Big Business at New York.

NEW YORK, Jan. 2.—(Can. Press.)—The first violation of the parcel post law was discovered here this afternoon, when a queer looking package addressed to Philadelphia, was opened to reveal a live lobster and a handful of live shrimp. The package was held up and forwarded to Postmaster Morgan. More than sixteen hundred packages were taken at the general postoffice here today, and many thousands more at the branch offices. At the Grand Central station branch, 8000 bundles came in during the morning from suburban towns on the New York Central and New York, New Haven and Hartford Railroad. Among them were 40 cartons containing eggs. Only a small percentage of persons using the parcel post today took advantage of the privilege to have their packages insured.

CASTRO ENGAGES PASSAGE.

Will Sail for Hamburg by German Steamer on Saturday.

NEW YORK, Jan. 2.—(Can. Press.)—Cipriano Castro, ex-president of Venezuela, engaged passage this afternoon on the steamship Amerika of the Hamburg-American line, sailing for Hamburg, Saturday, 8 a.m. Castro will have a room and bath in cabin No. 152. His valet will accompany him. The officers of the Hamburg-American line said that so far as they knew the Venezuelan would board the steamer at her pier like any other passenger. This would require him for a short time at least, to tread the soil of this country from which he was barred when he arrived here from Europe Tuesday on the French liner La Touraine.

No formal charge to warrant his detention has been made against Castro beyond the report of La Touraine's surgeon that his physical condition made it advisable to keep him at Ellis Island, pending further medical examination.

WHAT SIR JAMES SAYS OF VOTING

Huge Majority For Assessment Reform Is Entirely in Line With Government's Policy.

THE INTENTION IS CLEAR

There Would Have Been No Cause For Complaint Had Assessors Done Their Work Properly.

Sir James Whitney stated yesterday that the attitude of the people of Toronto, as expressed in the huge majority for assessment reform, was entirely in line with the policy of the government. He said there was no disturbing influence in the vote. "The intention of the Assessment Act is quite clear," he said. "And if the act had been properly worked out by assessors there would have been no reason for complaint. The government has intended to issue full explanations with illustrations to the assessors of the province, and then if at the end of the season it was still found that the result was not what was desired, it would be up to the government to provide a remedy. Therefore, the broad, open question put to the electors, which may be construed as a great deal or a little, is quite in line with the position taken by the assessment committee and the government."

ROOSEVELT IS ONLY FEAR OF DEMOCRATS

Retiring Texas Senator in Notable Speech Says Republicans Can Never Hope to Regain Power.

WASHINGTON, Jan. 2.—(Can. Press.)—Senator Joseph W. Bailey of Texas, long one of the picturesque figures and striking speakers of the U. S. Senate, before a crowded floor and galleries, his final speech as a member of that body. Within a day or two his resignation will be laid before the senate, and communicated to Gov. Colquitt of Texas, his expectation being that R. M. Johnston of Houston will be named to fill out his term, which would end on March 4. Senator Bailey's speech was an attack on the principles of the initiative and referendum as institutions that would, if adopted, bring about the overthrow of the present system of American government.

PASTOR GOES TO VICTORIA.

LONDON, Ont., Jan. 2.—(Can. Press.)—Rev. John Gibson Inkster, pastor of the First Presbyterian Church, tonight announced to his congregation his intention of accepting the call extended to him by the First Presbyterian Church of Victoria, B.C.

JOCKEYING FOR CHAIRMANSHIPS

Council Already Starting to Figure on the Leaders of the New Committees.

HOPES OF CONTROLLERS

Members of New Board Tell What Policies They Will Pursue—Cries of the Vanquished.

The 1912 board of control met its death yesterday and the controllers "celebrated" the occasion by letting Deputy Fire Chief Noble go away on sick leave; by recommending the issuance of a permit for the erection of the new McConkey Hotel, and got together with a view to urging the abolition of the small committees by council in its dying moments next Monday. Council has already passed a resolution to this effect, but a by-law is necessary. The passing of this by-law will facilitate the appointment of the new committees for 1913, as the new arrangement would necessitate the dividing of the whole of the aldermanic body and board of control between three committees. The chairmanships of these committees, as well as the vice-chairmanship of the board of control will provide an interesting fight. Controller Church held the latter during 1912, and it is generally expected that he will make way for Controller Foster. He is something of a "twice," as he is already ready after the position this year, and may even aspire for a "third term."

Edison Phonograph or Victor Victrola

They render dividends every day; they fill each idle moment with pleasure; they add to the comforts and appearances of your home; and a home to-day without one of these instruments is surely incomplete.

Victrolas \$20 to \$500. Phonographs \$28.50 to \$250

Hear Mr. Edison's new invention — the new indestructible Amberol Record. Its tone is really remarkable.

FRIDAY MORNING

THE TORONTO WORLD

Parkdale Canoe Club Hand Frontenacs Walloping 16 to 3

Note and Comment

Joe Burke, the Boston boxer, was surprised and disappointed on learning of Falser's severe crushing by McCarty. He could not understand it because of the wonderful improvement in the white champion.

Kingdale sharp admits that McCarty fully deserved to win. There was never a moment when Falser had a chance. The man fought for a belt offered by McCarty, emblematic of the world's best weight championship, and McCarty will defend his title against all white men.

According to a special writer, two more perfect specimens of human physique never entered an arena. Each was trained to the second and brimming with confidence. Yet there was a striking difference in the men.

There is no death in the stock of black heaves. Knocked down in the opening season and very nearly meeting with similar treatment on several occasions later on, Joe Jeannette, the Hoboken negro heavyweight, had to call upon all his cleverness and generalship in order to outpoint Battling Jim Johnson of Brooklyn.

Toronto Central Y. M. C. A. Fencing Club appointed Mr. Dudley Roden secretary for the season of 1912-13. The club failed to have a meeting from the various clubs in the city to meet them in fencing contests.

Old Country Football. LONDON, Jan. 2.—Football games today resulted as follows: First Division—Manchester City... 4, North County... 0.

Balm Beach Club. The Balm Beach Club held a shoot, beginning at 8 o'clock yesterday morning at their club house.

Shot at Kill. Shot at Kill. Jas. Boothe... 25, P. J. Bothe... 27, A. E. Craig... 28, A. M. Bond... 30, G. F. Empingham... 35, L. H. Hillary... 35, F. Hodgson... 35, W. Joseph... 35, Dr. Lowrey... 35, F. W. Lyons... 35, J. A. Shaw... 35, J. G. Shaw... 35, Sheppard... 35, Tomlin... 35, C. S. Watson... 35, Wells... 35, G. H. Smith... 35.

WHEAT WIZARD IS JAMES J. HILL. By Use of Phosphorus Grain Production of U. S. Northwest Can Be Doubled.

ST. PAUL, Minn., Jan. 2.—(Can. Press.)—Into the greenhouse of James J. Hill, in the rear of his residence here, where Mr. Hill has been carrying on for the last two months an experiment expected to revolutionize agriculture, six men representing commercial and financial Minneapolis, were guided today to witness astonishing results in wheat, oats and barley culture, achieved by new chemical soil analysis and its practical application.

PHOSPHORUS has been found to be the great essential plant food lacking in the soil of the northwest, and Mr. Hill has found the way, he told the Minneapolis men, to increase soil fertility.

"I believe," Mr. Hill said, "that we can, by application of these methods, increase the production of grain in the northwestern states to twice the quantity shown in the figures of the department of agriculture for 1912."

PARIS CUSTOM RETURNS. PARIS, Jan. 2.—(Can. Press.)—The customs returns for Paris still continue to show increases. The returns for December, 1912, were \$516, as against \$646 for the same period of 1911.

White Horse Whisky. 10 YEARS OLD. Universally Recognized as the Best Whisky in the Market.

KINGSTON EASY FOR PARKDALE

Frontenacs Lacked Condition and Paddlers Won as They Pleas'd—Ran Up a Big Score.

Jim Sutherland brought along a mixed bunch of senior and junior Frontenacs for an exhibition game with Parkdale last night at the arena, and the Kingston boys got a real trimming. It was the Limestone City squad's first appearance on the ice this season, and the paddlers had it all their own way, winning 16 to 3.

Kingston were shy of everything that goes to make a good hockey team. The forwards soon tired and the Parkdale two and three-man combination just skated right thru to the net almost at will. Edwards, Ridpath and Barrett went up the ice scores of times and were responsible for most of Parkdale's goals.

Code, the ex-Varsity man, on Parkdale's defence, was a bright shining light with his hard checking and individual rushes.

Ridpath, Barrett and Edwards made a nice speedy forward line that had the combination game down to a nicety. The game was played in three 20-minute periods and it was the speediest period of the season.

Both teams changed players many times. Ellis and Barrett alternated at centre for the Paddlers, and both showed class. Gus Edwards was the hardest working man on Parkdale's forward line, being in it all times.

Frontenacs' Goal: Goal, Moag; point, Lawson; cover, Code; goal, Barrett; rover, Reid; left, Ridpath; right, Edwards.

Referee, Lou Marsh. The summary.—First Period.—1. Parkdale... 2, Frontenacs... 0.

Second Period.—1. Parkdale... 4, Frontenacs... 0.

Third Period.—1. Parkdale... 0, Frontenacs... 0.

The reporters of The Mail and Empire imagine they can play hockey. They have challenged The World to a little ice party. Our answer is: Bring on the gang.

The local teams are all hard at practice, and at least the players that are in town. Upper Canada, St. Andrew's and Varsity had a scattering of the regulars out yesterday, but they put in a good workout. Most of their men are in good shape and they will not be at full strength until after their return.

T.C.C. had a few men out, but most of the juniors were leaving up after their game with Orilla and some of the seniors did not show up because their first game is yet to be played at an indefinite period, owing to a midnight postponing tonight's game.

Queens have a good line-up for hockey, but thanks to the weatherman they have not been on the ice yet. The new players this year are Farnham, who played some few years ago with Marty Walsh; George Richardson, Duffie, a freshman from Varsity, and McGregor from Prescott. Stier, who has been in the nets, will likely be replaced by Smith of Ottawa.

Baseball Notes. Is Tommy McMillan worth \$200 to the Rochester International League team? President C. T. Chapin thinks he is, and is backed up in that view by Manager George Richardson, Duffie, a freshman from Varsity, and McGregor from Prescott.

HONOR DESERVED BY GEO. CLARE, M.P.

Selection as Member of Canadian Privy Council Hailed as Tribute to German Element.

GALT, Jan. 2.—(Special.)—Referring to the honor conferred on Geo. A. Clare, M.P., The Reporter tonight says: "A tribute to the German element in Canada as a force in the upbuilding of the country has come in a form highly pleasing to the people of Waterloo County."

EGG INVASION HAS NO TERROR FOR DEALERS

Montreal Is Threatened With a Shortage of Product Which United States Can Relieve.

MONTREAL, Jan. 2.—(Can. Press.)—"There is no alarm among the Canadian egg interests so far as I know," said John A. Gunn of Gunn, Langlois & Co., Limited, tonight, when discussing the despatch from Ottawa to the effect that owing to the low cost of American eggs, the dumping duty the Canadian tariff should be applied to the American egg.

"In any event," continued Mr. Gunn, "by the first of February the total stock at present available in Montreal will be exhausted and the U. S. will have to draw upon the further supplies, unless the weather here modifies."

"At this time there are only 18,000 cases in the city. Each case contains 30 dozen, and the average demand in Montreal alone is 6000 cases a week. There is no alarm here, and I might say that supplies are being procured from the United States even at the present time."

ST. MIQUES OPEN FOR SEASON

Play Peterboro Tonight—Hard Work Cut Out For Blue Shirts—Pete Spratt to Play.

St. Miqnes held their final practice last night for their match with Peterboro tonight and all the boys, except Matthews, were in grand condition. As this is the opening of the local Senior O.H.A. season a large crowd is expected. The fur will be when these two men, as the greatest of rivalry exists between these teams and especially all outsiders like to take a fall out of the Toronto aggregations.

Even at that, the St. Miqnes are well able to take care of themselves, as they have demonstrated already several times this season. They will miss Herbie Matthews at left wing, but the old right wing, Richardson, is a good substitute and if he can only get into the stuff will be very nicely. Taking everything into consideration, the game should be a most spectacular game to date and looks like an even money proposition.

Frontenacs juniors were to play in Peterboro tonight, but the ice necessitated the game being postponed.

The Preston-Waterloo was another game to be called off owing to the mild weather.

Jack Marshall, a member of the famous Montreal team, the Little Men of Iron, has been engaged to assist in coaching the Toronto pro team. Jack is just the man they need and he and Riddy should pull together.

The Crescent senior hockey team will hold a practice at Clinton Street rink Tuesday, Jan. 7, when the following players are expected to attend: Algie, Martin, Wing, Osborne, Broers, Al. Osborne, Triller, Broer, Steel, Groves, Lafontaine, right wing, Gorman, four, Mackie, Bush and any others whose names are not here.

McCall and Ottawa will play at the Nicholas rink, New York, Saturday night.

The Toronto Hockey League will hold a meeting in Central Y.M.C.A. boys' Dept. tonight at 8 o'clock. A report on the live, first prize, Scotch, Athletes, High Park, Crescents, Wanderers, Athletics, Hamilton, and others.

Escaped Three Year Term With Lashes. G. H. Davies Would Have Received Six Months if He Had Been Sober.

"If you had been sober when this crime was committed I would have given you three years in the penitentiary and forty lashes," said Judge Morgan yesterday afternoon after he had sentenced George H. Davies to six months in the Central Prison for indecently assaulting a woman named Smart, a little thirteen-year-old girl.

The mother of the little girl, the girl herself and the man in no way responsible for what he had done, as he was hopelessly drunk at the time. Mrs. Smart left her home at 8:30 to order two more kegs of beer for Sunday, and it was while she was out that the assault was committed. Evidence secured from the police department showed that Davies was not quite as drunk as he pretended to be. He was arrested at 8 o'clock and at that time could talk intelligently.

FIRST PARCEL HERE

St. Leger Shoe Co. Receive a Bundle Thru the Mail.

The first parcel sent from the United States to Toronto under the new parcel post system, inaugurated on Jan. 1, 1913, arrived yesterday, addressed to the St. Leger Shoe Company, 547 Dundas street. It came from Haverhill, Mass. and contained six samples of ladies' dancing shoes.

No sooner was the fact of its arrival known than the manager, who was besieged with requests for the stamps which were on the parcel, or the receipt for the parcel itself. The souvenir seekers were in every instance disappointed, as the management decided to keep the parcel intact for themselves.

York Township figures. In the World yesterday, giving the result of the York Township elections, it was shown that new Reeve George Syme, Jr., got only two votes and his opponent, Mr. Barker, 134, in Runnymede south. This was an error, the result of the voting in the subdivision being just the reverse.

LARGE ESTATES HAVE BEEN FILED

Wills of H. S. Mara, Lady Mulock and Sir Charles Moss in Probate Office.

Estates amounting to nearly one million dollars were filed with the clerk of the surrogate court yesterday for probate and administration. Henry S. Mara left an estate of \$462,839.55, and the stamp duty alone on the 63 folios which were filed amounts to \$19,940. Mr. Mara died on Nov. 19, and was survived by his wife, Mary Prue Mara, and two daughters, Susan Mara and Murray, Toronto, and Mary Peviton Willmayer, Stuttgart, Germany, among whom the estate is equally divided. The share in each case being \$154,613.85. In addition to this the widow gets life insurance amounting to \$9000.

The Mara estate was made up of stocks and bonds amounting to \$108,302.82, first mortgages \$18,781.45, second mortgages \$8,559.24, real estate \$48,785.44, and numerous other interests. Strachan Johnston and Louis S. McMurray are the administrators.

Lady Mulock. The estate of Sarah Ellen Cavithra Mulock, wife of Chief Justice Sir William Mulock, amounted to \$293,214.23, and was made up of bank and other stocks \$208,798, real estate \$68,047.50, securities for money \$16,011.87, and cash in bank \$488.85.

Lady Mulock's will directs that her house at Jarvis and Gloucester streets be retained for the use, occupation and enjoyment of her husband, Sir William Mulock, for life. The remainder of her estate is to be converted into money and divided into two equal portions, one-half to go to her son William absolutely, the other to be held in trust for the benefit of the children of her husband and Ethel, her daughter. "I make no further provision for my husband nor for my son Cavithra, because they are both already amply provided for," is the last sentence of the will.

Sir Charles Moss. The estate of the Hon. Sir Charles A. Moss, chief justice of Ontario, amounted to \$47,783.85, with liabilities amounting to \$287.29. The estate is left to his widow, with the provision that at her death it be divided into 21 equal shares, Emily Fye, Thomas Fye, and Charles and Glenholme three shares each. The estate includes a valuable library valued at \$4000. Z. A. Lash, K.C., and two members of the family are named as the executors.

VIOLET ASQUITH AT WASHINGTON

With Countess of Aberdeen She Will Be Entertained by Society of Capital.

WASHINGTON, Jan. 2.—(Can. Press.)—Miss Violet Q. Asquith, daughter of the late prime minister of Great Britain, and the Countess of Aberdeen, wife of the lord lieutenant of Ireland, arrived here today to be the guests a few days at the residence of the ambassador, Mr. Bryce. Many entertainments and social functions have been arranged in their honor. There was a small formal dinner at the embassy for them, but on Saturday night a formal dinner in their honor will be given there.

Miss Asquith and the Countess of Aberdeen are interested and Miss Asquith is in various political and social betterment movements, among them the establishment of industrial schools for the poor, the anti-tuberculosis fight and woman suffrage. It is expected that they will visit some of the philanthropic institutions and consult prominent workers here on these lines.

SPECIAL AROUND THE WORLD CRUISE.

Canadian Pacific Expresses of "Russia" and "Asia."

An unusual opportunity for an around the world cruise all under the Canadian Pacific flag with its consequent standard of service is offered with the advent of the great new quadruple steam turbine engine steamships "Empress of Russia" and "Empress of Asia."

The "Empress of Russia" will sail from Liverpool April 1, and will call at Gibraltar, April 4, Villefranche April 8, Port Said April 12, and will proceed via Suez, Constantinople, Singapore, Hong Kong, Shanghai, Nagasaki, Kobe, Yokohama and arrive at Vancouver Saturday, May 31. From Vancouver to Toronto passengers may travel via Canadian Pacific main line or Crow's Nest Pass line and may also travel from Port William or via great lakes route to Port McNicoll. Vessel remains 18 days at Hong Kong.

The most direct connection to make for the sailing from Liverpool April 1, is via "Empress of Britain" from St. John, N.B., March 21, 1913. The rate for the entire cruise is \$2310, exclusive of maintenance between arrival time in England and departure of the "Empress of Russia."

A similar cruise will be made by the "Empress of Asia," sailing from Liverpool May 27, 1913. Particulars from Canadian Pacific agents, or write M. G. Murphy, district passenger agent, Toronto.

Struck by Street Car. Elsie Leggett, aged 3, living with her parents at 29 Mackay avenue, was struck by a street car at the corner of Lansdowne and Bloor streets yesterday.

She was taken into Dr. Wigham's office at 1296 West Bloor street, where she was appropriately attended to and later removed to the Hospital for Sick Children in the police ambulance.

HOTELMAN HEAVILY FINED

WINDSOR, Ont., Jan. 2.—(Can. Press.)—Mr. Rockett, of Sandwich, was heavily fined yesterday for selling liquor without a license and was fined \$200 and costs by Magistrate Leggett, in the Windsor police court.

MACKINAW JACKETS FOR Curling Skiing Skating Snow Shoeing, etc. Made from a heavy, soft, warm Mackinaw cloth, in check patterns of red and black, fawn and black, also a two-tone brown with a large overplaid of fawn. As can be seen, it is in single-breasted Norfolk style, with storm collar, belt at waist, box pleats back and front and yoke. A warm, comfortable, outdoor garment that, because of its woolly softness, allows perfect freedom of action. Sizes 36 to 44. Price 10.50

Men's Reeser Coats or Pea Jackets. Made from a cheviot finished frieze, in oxford grey, in double breasted style with convertible storm collar and warmly lined with union tweed. Sizes 36 to 44. Price 6.50

T. EATON CO. LIMITED

NEW JUNIOR CLASS IN PUBLIC SCHOOLS

Opponents of Half-Day First Book Proposition Will Propose Intermediate Classes—Final Meeting.

After last night's board of education meeting the chairman of one of the standing committees told The World of a new project for the junior classes. For some weeks there has been considerable stir over the proposal to only teach the first book classes half day, beginning in Easter. It was computed that this would place 36 class rooms at the disposal of the board and save \$400,000.

Vigorous opposition to the proposal has developed, and an alternative is to be proposed at the special meeting of the committee on the junior class question.

The alternative proposed is that the kindergarten half-day class on leaving the kindergarten department and be taught there for a year. The alternative plan, it is claimed, would save room space at Easter equal to the requirements of fifteen first work classes.

The proceedings at the closing meeting of the 1912 board included the adoption of a vote of thanks to Dr. Conboy for his services as chairman. A committee was appointed to arrange for the presentation of a suitable testimonial.

Dr. Conboy made a felicitous reply to the commendations of his colleagues. A resolution of regret at the retirement of Trustees Levee and Hartwick evoked appreciative replies. Trustee Levee stated that it was his ambition at some future time to seek again to serve the public in some other capacity.

The inaugural meeting was fixed for Thursday, Jan. 8. CANT' BOSS SULZER. Tammany Can't Dictate to New Governor of New York.

ALBANY, N. Y., Jan. 2.—(Can. Press.)—Gov. William Sulzer declared tonight that his election as chief executive made him the Democratic leader of New York State. "If any Democrat in the state challenges the leadership," he said, "let him come out in the open and the people will decide."

The governor's statement was made in response to enquiries as to whether Charles F. Murphy, leader of Tammany Hall, had endorsed John H. Carlisle of Watertown and John H. Delaney of Brooklyn, two of the members of the commission selected by Gov. Sulzer to investigate state departments and bureaus.

The Beer That Everyone Likes

Phone your dealer and order this week. Have a case in the house when your friends call on New Year's Day. COSGRAVES PALE ALE. The one way to get the best is to specify "COSGRAVES" when you order. Whenever the Cosgrave label is on the bottle there is pure beer inside. Any dealer will fill your order. Brewed and bottled ONLY at the brewery by The Cosgrave Brewery Company of Toronto, Limited.

 FRIDAY MORNING, JAN. 3, 1913

FEDERAL COURTS A NECESSITY.
 The big outstanding fact in the recent trial of the structural ironworkers at Indianapolis is the jurisdiction asserted by the federal court. The overt acts of violence attributed to the defendants, including the blowing up of the Times building at Los Angeles, were in violation of state laws; the charge upon which they were tried at Indianapolis was the rather technical one of conspiring to have explosives transported from one state to another in passenger trains. It enabled all the facts to be elicited, however, and brought the many defendants from all parts of the country into the same forum. In short a nation-wide conspiracy was investigated by a national court.

Of recent years the United States Government has gathered to itself all the attributes of sovereignty. The old barriers of state rights have been largely broken down and the national government is dealing directly with the citizens of the nation. Railways, steamship lines, express, telegraph and telephone companies, as well as the producers and vendors of food and drugs, have been brought under federal jurisdiction. That jurisdiction has been widely extended and rigidly enforced by the federal judges and by the district attorneys, who are directed in their work by the attorney-general of the United States.

The state courts have too often shown themselves unable to cope with offenders of great wealth. Trials like the Thaw murder trial have shocked the civilized world; in Missouri the good work of a zealous prosecutor in convicting political hoodlums was nullified by partisan judges; corrupt city politics and weak, if not venal, judges in the State of New York, have emboldened scoundrels like "Lefty" Lewis and "Gyp the Blood," to commit wanton murder in the most public manner, with the connivance, perhaps by the direction, of the police. It is to be wondered at that good citizens welcome the growing power of the federal government and the growing jurisdiction of the federal courts?

In Canada, parliament has never created any federal courts with criminal jurisdiction. Our provincial courts shine by comparison with many of the state courts on the other side of the line, but we are certainly behind the United States in the matter of enforcing federal law. When congress passes a statute, it provides for its enforcement and appropriates a large sum for that purpose. In Canada we pass the statute, but we do not declare it to be the duty of anyone to enforce it, nor is any money appropriated. A federal grand jury at Ottawa, aided by a zealous district attorney, could bring a number of men into court who are today defying the law of Canada with impunity.

A legislature with power to enact a law, but without machinery to enforce it, is an anomaly. It is not in a dignified position. The federal government should enforce the federal law, and for this purpose federal courts and attorneys employed by the federal government, and subject to the attorney-general of Canada, are badly needed.

WHY THEY COME TO CANADA
 The Saturday Post reprints from The Montreal Financial Times, some cryptic remarks from The Wall Street Journal, attributed to a "German banker," name unknown. These remarks are to the effect that Canada is drawing population from the United States by her liberal treatment of the railways. In the United States we are told that the railways are discouraged from opening up new territory by drastic government regulation of rates, while in Canada they are going ahead building new lines and branch lines. The point of the article is, however, that our Canadian railways will be discouraged and quit building any more, unless certain newspapers refrain from criticizing the melons and the melon patch of the Canadian Pacific Railway Company. Nay more, we are warned that the flow of immigration from the United States will be checked or cease altogether. So far as The World is concerned, neither the sayings of the anonymous banker nor the warnings of The Financial Times will accomplish much. For ourselves we will continue to criticize it whenever attempted by any public utility corporation, and we venture to doubt the statement that American immigrants come to Canada because the freight rates are not high enough in their own country. If we can only attract

American settlers by upholding extortionate freight rates, we had better cease attracting them.

THE PANAMA CANAL.
 The Panama Canal is worth all it cost the United States as an example of successful government construction. The great canal has been built expeditiously, without scandal, and with great engineering skill. And now the United States Government is going to operate the canal and endeavor to make it a real regulator of railway freight rates. Had the Laurier Government appointed a commission upon the lines followed in choosing members of the Panama Canal commission, the National Transcontinental Railway would not be cited as exemplifying the evils attending government construction of public works.

HOW, INDEED!
 Ex-Controller Ward says in so many words that some board of control candidates spent as much as \$5000 or \$6000 to get into the position which pays \$2500 a year.

MR. LEMIEUX SHOULD EXPLAIN.
 Many western papers are calling upon the government to give the people of this country the boon of a parcel post service. The Brandon Daily News (Lb.) makes bold to say that it is the influence of the railway companies which prevents parcel post being established. That the present government is under the domination of the railway companies appears to The News to be evident because of the C. P. R. melon and the failure to inaugurate a parcel post system.

TO THE WORLD CRITIC.
 To say "the friendly sea gull shuns the man with a rifle" is not a true statement, to state what really isn't fact.

SLIPPERY PAVEMENTS.
 Editor World:—An account was given a few days ago in the city papers of a runaway on Jarvis street. A man driving a delivery wagon got out somewhere north of Carlton street to leave a parcel, a little boy, six years old, remaining in the wagon. Something caused the horse to run away and he galloped down Jarvis street, injuring a pedestrian at the corner of Carlton. Mounted Constable Rainey, who was on duty on Jarvis street, galloped after the runaway horse and stopped him just north of Queen street.

 UNITED FARMERS OF ALBERTA
 OUR MOTTO "EQUITY"
 WINONA LOCAL UNION NO. 161.
 OFFICE OF THE SECRETARY-TREASURER.
 Oxville, Alberta, Can., Dec. 21, 1912.
 W. F. Maclean, M.P., South York.

Dear Sir:—At our meeting held today it was decided unanimously that I write to you thanking you for the speech made by you with regard to the unjust discrimination of the C. P. R. against the people of the west. The Grain Growers Guide reported your speech, and also mentioned it in a leading article, our notice being thus drawn to it. Some of us have known you for a long time as a champion of the people against the monopoly of transportation existing in Canada, and when our president (G. Gerrie) drew our attention to the speech, and the fact that you are often seen to be trying to obtain better, or rather just, railway rates, it did not take us long to recognize in you a man to whom we can look for great help in ameliorating our present conditions. Therefore on the motion being put it was unanimously agreed we send you a vote of thanks for your efforts to obtain for us just treatment at the hands of the railways. Arthur Arnold, Sec.-Treas.

TEXTILE STRIKE ENDS.
 Strikers at Little Falls Vote to Return to Work.
 LITTLE FALLS, N. Y., Jan. 2.—The Little Falls textile strike has ended. At a meeting at which considerable enthusiasm was displayed, the strikers tonight voted to return to work in the Gilbert and Phoenix mills, thus bringing to a close a labor difficulty which has caused considerable loss of business in the city. The strikers, who were organized by the Industrial Union of Marine and Shipbuilding Workers of America, had demanded a 10 per cent increase in wages, and also the abolition of the piece-work system. The strike had lasted for several weeks, and had caused considerable loss of business in the city.

OUR ENEMY
 When our alarm starts sounding these mornings chill and dark, we do not get up bounding, and singing like a lark, and when the sun is shining brightly and the sunbeams glid the sky, but now it seems much harder to open our optics wide; we have no proper armor, no failure stings our pride; we rearrange our pillow for just a catnap more, with wills as weak as willow, and straightway start to snore. The seas of dream a-sailing we are in, and then we clutch the railing when something swamps the boat. Again a horrid rattle upon our eardrums. That clock had we a hammer, would not be worth two pins! We raise our head in anger and speak our thoughts anew, but, overcome by languor, once more sweet sleep we seek. Our weary form composing, our eyelids start to wink, and instantly we're doing ere we have space to think. In time again we're lying with never-tiring wings, and as we sleep we're lying, again the blamed thing rings. It always seems to vex us to be this way attacked. Like the Bad Bill from Texas we feel and look and we're sure to have mishaps. We see our boots—Great Caesar! the shoe-lace goes and snaps! Our language is romantic as we apostrophize that lace while, nearly frantic, we hunt for fresh supplies. And so ad infinitum. We're all in a state of rage. We need not state each item—but one sure thing we know, if we could append him—have man, who makes those clothes to Greenland, would we send him, when six-months darkness knocked. With gongs that intermitted we'd fill his dwelling place, and on the long night flitted, to each three minutes space, we'd wake him from his dream, until he lost his mind, a punishment becoming this curse to human-kind. Sherwood Hart

FORMAL APOLOGY TO DR. HOWITT, GUELPH

Twenty Men Who Signed Petition in Error Admit Fault in Police Court.

GUELPH, Jan. 2.—(Special.)—Charged with criminal libel by Dr. H. C. Howitt, medical health officer, in connection with the charges made against that official to the city council on Thursday last, 20 men, headed by W. H. Robinson, who signed the petition, appeared before Magistrate Saunders in police court today.

Following is the apology, made in open court: "To whom it may concern.—We apologize sincerely to Dr. H. C. Howitt, medical health officer of the City of Guelph, for any aspersion cast upon his character in our petition with regard to the said medical officer, presented by us to the city council of Guelph on the 26th ult. We neither intended nor contemplated that the names of some of the said medical officers should be connected with the charges contained in the said petition, nor with the said petition itself. Had we known that such might by any chance be the effect we would not for one moment have signed nor presented the said petition. Any such charges as were contained in the said petition, with regard to the said medical officer, are absolutely without any possible foundation. (Signed) William H. Robinson, Herbert Carter, J. H. Benalick, J. B. Johnston, F. C. Rundle, E. W. Cross, J. A. Blood, George A. Coons, F. Norris, S. Rundle, W. T. Doughty, Wm. Langley, C. M. Hocking, Geo. Stovel, C. Menzies, Alfred Jolley, S. Young, C. C. Jas. Scarrow."

LOWER RATES FOR CABLE MESSAGES
 Considerable Reduction Made by Great Northwestern Means Great Saving to Senders.
 On Jan. 1 a considerable reduction became effective in the rates on cablegrams sent to and from Toronto. On deferred service the rate from points in Ontario and Quebec to Great Britain and Ireland is now nine cents per word, to other points one-half the regular rate.

THE PEOPLE TO BUILD NEW WAUDEVILLE HOUSE
 Announce Hippodrome to Cost Three Quarters of a Million—Prices Will Be Low.
 While two or three outside vaudeville circuits were considering planting a new house in Toronto, the Shea people have been working quietly with the idea of capturing the lower priced business. Michael Shea yesterday wired The World from Buffalo that a popular priced hippodrome, the same as under consideration there now, would be erected in Toronto, and that the site had just been accepted. The new house will be ready for the opening of next season, and the prices will range from 10c to 25c, the seating capacity of 2000. The proposition will represent an investment of \$750,000. The recent merging of the great Keith interests makes it possible for Mr. Shea and his associates to undertake larger theatrical interests than ever before.

NEARLY KILLED BY HORSE.
 GUELPH, Jan. 2.—(Special.)—Austin Muir, an employee of Hunter's bakery at the Victoria Mills, had a narrow escape from death when he was thrown into the stable when a horse when one of them let both hoofs fly out. One hoof caught Muir on the chin, clearing it. He will recover.

 Before J. S. Cartwright, K.C., Master.
 Ontario Bank v. Bradley—J. G. Smith for two defendants; M. L. G. Smith for plaintiff. Motion by two of the three defendants to transfer action from the county court of York to the county court of Stormont, Dundas and Glengarry. Judgment: Applying the principle of McDonald v. Park, 2 O. W. R. 318, I think the motion is entitled to prevail as the present is eminently a case for trial at Cornwall. Costs in the cause.

ESTABLISHED 1854.
JOHN CATTO & SON
 USEFUL
Dress Fabrics

Oddment Snaps

Preparatory to stock-taking, we have culled out all the useful oddments and remnants of a great variety of Dress Fabrics, running from 1-1/2 to 4 yards long, comprising some of our nicest fabrics, regularly ranging from \$1 to \$3 per yard.

These include a great range of colors, including Black, and the following make range, viz:

- VOILES
- CAMBRERES
- POPLINS
- HENRIETTAS
- SAN TOYS
- PANAMAS
- SERGES
- CREPES
- TWEEDS
- CHEVIOTS
- BROADCLOTHS
- WORTEDS

ALL CLEARING AT

50 Cents Per Yard

NOTE: For the next week or ten days, there will be special prices quoted upon all kinds of Dress Fabrics, for the purpose of reducing stock before inventory.

NEW PASTOR WAS
INDUCTED AT COOKE'S

Continued From Page 1.

important a downtown church. More prayers strain felt by the office bearers at Cooke's than the world dreamed of, he said. The idea presented itself early in their deliberations that, if possible at all, the biggest man in the Presbyterian clergy must be sought for to lead with the congregation that in this they had been utterly successful.

Proceeding, Mr. Winchster urged the members of the church not to "fritter" the new pastor's very valuable time. He said Mr. McNeill would be exceedingly busy and should not be bothered except on serious matters. Finally, he told them of the blessings of promptness and regularity both in attendance services and also in giving. He showed by contrast with the average factory, where every worker is given a regular stated time, how very lacking in discipline are many churches. He pleaded for the systematic co-operation of members and adherents towards helping Cooke's to live up to her great opportunity.

An Old, Tried Soldier.
 Rev. Principal Gandler's address to the new pastor was, as he explained at the outset, more of a welcome to an old soldier than the customary parcel of advice. He labored, however, to acquaint Mr. McNeill with the vital importance of his call to Cooke's. This he did in a most masterly manner. We have entered upon a new era of immigration and industrial development, which has given rise to a tendency toward Canadian habits of lavish expenditure. The younger men are untrained. In the west particularly they are exploiting the national wealth, and are eagerly bent upon such efforts. Also it is truly Canadian to grow rich by the means of a modern church is to find of fine preaching, fine music, big congregations, with deficits at the end of every year. The church of today, he said, is self-centred and selfish, and this tendency must be overcome by the loyal service of each individual.

Rev. John Neil, D.D., of Westminster Church conducted the induction ceremony, and Rev. Dr. R. P. Mackay, by his address to the general assembly, delivered the opening prayer.

The ladies of Cooke's Church served the refreshments at the induction of the new pastor at six o'clock, who was introduced to Mr. McNeill by Dr. J. A. Macdonald, who has known him for some time. This evening all the people of the congregation will have an opportunity of meeting and hearing the new pastor at a social function, to be held in the basement of the church.

ed in this question, because some of the islands, Samothrace, Imbros, Lemnos and Tenedos, are of international importance, commanding as they do the entrance to the Gulf of Smyrna. The remainder of the islands are still in the hands of Italy, which occupied them during the war with Turkey.

If the powers unanimously ask Greece to evacuate some of the islands already occupied, it is believed that Greece will obey, as she did at Athens on the simple intimation of Italy, and as Serbia and Montenegro did on the Albanian coast, on the Adriatic, or prepared to do, in order to please Austria.

Dr. Falconer to Speak.
 Dr. R. A. Falconer, president of Toronto University, will address the members of the Women's Canadian Club on Saturday, Jan. 4, 8 p.m., in the Foresters' Hall, 22 College street, on "The Meaning of Progress."

THE WEATHER

OVERCAST & FOGGY. TORONTO, Jan. 2.—(8 p.m.)—Pressure continues high over the Pacific coast states, while an important disturbance is developing in the middle states. The weather has been cold today in Manitoba, but mild in all other parts of the Dominion.

Minimum and maximum temperatures: Victoria, 38-48; Vancouver, 32-40; Kamloops, 24-26; Battleford, 19-25; Moose Jaw, 14-22; Winnipeg, 8 below-zero; Port Arthur, 18-30; Perry Sound, 22-33; London, 23-32; Toronto, 10-14; Kingston, 20-22; Ottawa, 18-26; Montreal, 28-35; Quebec, 24-34; St. John, 23-28; Halifax, 26-42.

Lakes and Georgian Bay — Strong local snowfalls or furies, but partly fair and colder.

Ottawa and Upper St. Lawrence — Strong winds shifting to west and northwest; rain and sleet at first, then turning colder with local snow showers. Lower St. Lawrence and Gulf — Winds, increasing to strong breezes and gales, with rain and snow, colder by Saturday.

Maritime — Gales, southeasterly, shifting to southwesterly, with rain.

Superior — Northwesterly and westerly winds; mostly fair and cold; local snow flurries.

Manitoba, prairie, with rising temperature.

Saskatchewan and Alberta — Fair and comparatively mild.

BIRTHS

WALDOCK—On Monday, Dec. 30, to Mr. and Mrs. F. E. Waldo, a daughter.

DEATHS

DOHERTY—On Thursday, Jan. 2, 1913, suddenly, at her residence, Yonge street, Eglinton, Mrs. Maria Hanley, widow of the late Wm. Frederick Doherty.
 Funeral notice later.

ELWARD—On Thursday, Jan. 2, 1913, at his home, 709 West King street, Richard J. Elward.
 Funeral on Saturday, Jan. 4, at 8:30 a.m., in St. Michael's Church, Interment in Mt. Hope Cemetery.

O'PLANN—On Jan. 2, 1913, at her late residence, 12 Ross street, Anne, widow of the late John O'Plann, aged 85 years.
 Funeral from the above address on Saturday, at 9:30 a.m., to St. Patrick's Church, McCaul street, thence to St. Michael's Cemetery.

ROADHOUSE—At Toronto General Hospital, Jan. 1, 1913, Margaret E. Roadhouse, in her 46th year.
 Funeral from E. D. Humphrey's, 1088 Yonge street, on Friday, to Tilbury, Ont. for interment.

Harpur, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

THE BULGARIAN
PARIS RETICENT

People of Sofia, the Capital, Are Extremely Modest and Reserved in Their Mentions of Prowess.

An English war special, writing from Sofia, says: "The air in Sofia is keen and bracing; the weather cold, with a touch of sleet. The town is clean, well laid out, well paved, with good tramways, and is going fast ahead in the building line. Put away all ideas of comic opera and all that pertains to Ruritania; Sofia is, above all things, businesslike, brisk and energetic. The Bulgarians are a people, tough and strong. The very first thing that strikes you here at the present day is not that you are in an antiquated little kingdom, but that you are in the busy, up-to-date centre of a confederation which is a great power, and a great power of unguessed-of capabilities. The next thing that strikes you is the manner in which the people value the war. To say that they are modest about it would be to understate the case. All their attitude towards their victories is like that of a public school boy, when in the company of his relatives, meets a school fellow in the holidays. They seem discreetly to ignore their achievements and their prowess. The Serbians talk enthusiastically, so do the Greeks. I am told; the Bulgarians say nothing. Evidently, they are not proud of their victories, but they are proud of their shopkeepers have gone to the war. But their modesty, reserve and sobriety are remarkable. Not one syllable of self-praise had been uttered, in their press or elsewhere. They have entirely resisted the temptation to say, 'I told you so,' or 'We were right after all,' or 'You didn't expect this!'"

Frenzied Poultrying.

As a summer recreation a city stranger might be inclined to visit a poultry farm, which she did with a barnyard hen and 13 eggs from the town store.

Not having even the most elementary knowledge of poultry, she enquired of a neighbor how long eggs generally took to hatch. She received the reply: "Three weeks for chickens and four for ducks."

The neighbor met her some time afterwards, and on being asked how the poultry farming was going on, she replied with a lowering countenance: "Oh, I've finished with it. There were no chickens, so I took the hen off, as I didn't want ducks."

Mirrors at street corners have been suggested to prevent automobile collisions.

ALBANIA SEEKING
WIDE BOUNDARIES

Representatives of Provisional Government Arrive at London With Request That Territory Be Extended.

LONDON, Jan. 2.—(Can. Press.)—Representatives of the Albanian provisional government, who have arrived in London, submitted tonight to the ambassadorial conference a memorandum advocating the inclusion within the boundaries of Albania a large extent of territory, including Preveza, Janina, Monastir, Uskup, Pristina, Mitrovitza and Ipek.

According to The Times, however, the conference is not likely to take the Albanian question in hand seriously for some time yet.

The Times says, with reference to the peace conference, that the real difficulty on the Turkish side is not so much a question of substance as a matter of form, and that obviously the Turks cannot seriously hope to recover territory held by the allies.

Military operations with inferior numbers against a victorious foe and with an empty treasury, are out of the question," continues The Times; "consequently the Turks are mainly concerned in having, not the whole of Albania, but as much of it as the allies will agree to give back, and, above all, in devising a formula that would enable them to occupy the remainder under conditions as compatible as possible with national dignity."

Adriatic Hard Pressed.

"We have reason to believe that the Turkish garrison at Adrianople is very hard pressed and that negotiations even have been opened for its capitulation to the Bulgarians. Little difficulty is anticipated with regard to the Aegean Islands."

The Vienna correspondent of The Times, referring to the denials that Austria and Russia have discussed armistices, says: "There nevertheless is a strong impression, which can scarcely be altogether unfounded, that some communications on this delicate matter have passed between Vienna and St. Petersburg, and that these governments have assured one another of their peaceful intentions."

Installation of Officers.

A public installation held last night at the residence of the chief ranger of Court Ivanhoe, C.O.F., in Foresters' Hall, H. W. Meredith was the guest of honor. The presentation of a gold jewel to past Chief Ranger Green. A fine program of songs and elocution was rendered, followed by an address by N. J. Stevenson, a member of the high court executive.

Full.

At a mass meeting in a small country town, says The Kansas City Star, refreshments were distributed to keep the audience in good humor. The first speaker rose after the noise had ceased to so extent and began by saying: "The old hall is full tonight," but here his voice was drowned by the confusion. When it had subsided he began again by saying: "The old hall is full tonight." He paused for rhetorical effect and a thick voice in the back of the hall said slowly and deliberately: "So is old Bill Horn."

ROCKEFELLER TAKES
REFUGE ON STEAMER

Slippery Magnate Said to Have Left Jekyll Island Where He Had Been Hiding.

BRUNSWICK, Ga., Jan. 2.—(Can. Press.)—Wm. Rockefeller, wanted as a witness before the "money trust" investigating committee, sailed from Jekyll Island, near Brunswick, Tuesday on an unidentified steamer for an unknown port, according to reports here tonight.

Accompanied by his wife and son, Wm. C. Rockefeller, as well as the latter's wife, Mr. Rockefeller arrived at Jekyll Island more than three weeks ago. Instead of going to the Rockefeller winter home, the party got quarters in an apartment house and remained in seclusion. The apartment house is near the handsome home of Mr. Rockefeller.

Extreme secrecy is maintained by residents of Jekyll Island regarding the departure of the Rockefellers. The name of the vessel on which they departed also has been carefully withheld.

Tonight it was stated that Mr. Rockefeller chartered a special steamer. A rumor also was current that the party sailed on the private yacht of a New York sportsman, and that their destination was Bermuda.

FISHER ACCUSED OF MAN-
SLAUGHTER.

PRINCE ALBERT, Sask., Jan. 2.—(Can. Press.)—Adam Fisher, who is accused by a coroner's jury of shooting and causing the death of William Porter in the woods, on Dec. 3, will have to answer to a charge of manslaughter on Jan. 5. The attorney-general at Regina has instructed that the case be continued.

Full.

UNSOLVED EVEN
IN NEW ZEALAND

High Cost of Living Great Enigma There Despite the Country's Reputation as Solver of Problems.

Even in New Zealand, where the attempt to overcome natural law by artificial enactment has been carried to a greater extreme than anywhere else on earth, the various experiments in social and economic regulation have proved impotent to prevent a marked and burdensome increase in the cost of living. Compulsory arbitration, fixed rates of wages and all the other advanced ideas that have been incorporated in New Zealand's laws have been found futile in protecting that country from the ills that afflict the remainder of mankind. In other words the New Zealanders have found that what are a few homely maxims that cannot be ignored or that if ignored are bound to thrust themselves into view when the laws that would set them aside are put to the test of experience.

The New Zealanders have found that they cannot eat their cake and have it; that they cannot lift themselves over the fence by tugging at their bootstraps, and that the natural law of supply and demand cannot be repealed by the act of the legislature. A royal commission appointed to investigate the high cost of living in New Zealand has recently made a report. Its findings are very similar to those made by bodies that have investigated like conditions on this side of the Pacific. It assigns four principal causes: (1) The increase in the supply of money and in the velocity of its circulation; (2) the increased cost of production of food products; (3) the increased demand for foodstuffs; (4) local combinations, monopolies and trusts. The commission are satisfied that "the cost of living in New Zealand has risen much more than the rise in the supplies of gold and of money generally would explain."

The people of New Zealand find

the report interesting, but they would be better pleased had the commission discovered remedies as well as causes. The principal remedy recommended is the abolition of duty on all foodstuffs and on the necessities of life used by the primary producers, and just as in the United States so in New Zealand some denounce this remedy as worse than the evil and declared to be destructive of the country's industries and calculated to reduce wages and throw thousands out of employment.

In the meanwhile members of labor

unions who, under the aegis of the compulsory arbitration court, have had their wages fixed for a term of years are clamoring loudly for a readjustment. Rents and the cost of food and other necessities have increased, and it is claimed that wages should be raised in proportion regardless of awards under the law made at the instance of the wage-earners themselves. In reply to this the employers set up the claim that the same causes that have increased the cost of living have also increased their working expenses that to raise wages would mean the abolition of all business profit. Their only recourse in such cases is to give up to enlarge the cost to consumers which would further increase the general cost of living.

As the consumer sees it he is bound to be the goat. If the increased cost of living justifies a raise in wages a raise in wages is bound to still further increase the cost of living and how he is to escape the consequences of this ascending spiral is something that he has not discovered either for himself or in the commission's report.

In view of these conditions it seems probable that for a time at least we shall hear less from sociologic and economic experts on the satisfactory way in which New Zealand has solved the problems that are still existent in the oldest nations. Evidently the Antipodes have not yet achieved the millennium.

The Exodus From the Farms.

It is all very well for Senator Campbell in parliament to lament the exodus of our young men from the drudgery of farm life to the so-called gentlemanly occupations of the city, and to advocate that the government should do more to make farming life so attractive to the sons of our agriculture that they will in choosing a life occupation decide to remain on the homestead. The greatest hindrance to keeping young men on farms is the fact that they are not paid as well as they are in the city. The farmer loses his fascination, and he yearns for some employment that will not only be less laborious, but more remunerative, to himself. He sees the hired man reaping wages, and working only a limited number of hours per day; but he sees himself, save in very exceptional cases, the recipient of a miserable allowance of pocket money, doled out often unwillingly at uncertain times, compelled to do all the drudgery which the hired man neglects or refuses to perform. His working hours have no limit, and his recreational periods are spoiled for him, because he is too tired to participate in any enjoyment after he is through with his own work, and has cleared up the arrears left by others. At length he gets disgusted with his lot, and he takes a regular place on the farm as a helper, after the first gloss of novelty has worn off, farm life loses its fascination, and he yearns for some employment that will not only be less laborious, but more remunerative, to himself. He sees the hired man reaping wages, and working only a limited number of hours per day; but he sees himself, save in very exceptional cases, the recipient of a miserable allowance of pocket money, doled out often unwillingly at uncertain times, compelled to do all the drudgery which the hired man neglects or refuses to perform. His working hours have no limit, and his recreational periods are spoiled for him, because he is too tired to participate in any enjoyment after he is through with his own work, and has cleared up the arrears left by others. At length he gets disgusted with his lot, and he takes a regular place on the farm as a helper, after the first gloss of novelty has worn off, farm life loses its fascination, and he yearns for some employment that will not only be less laborious, but more remunerative, to himself. BANK CLEARINGS START YEAR RIGHT

Record of Week to Date Reflects General Improvement Throughout the Dominion.

Toronto's bank clearings for the week ended yesterday amounted to \$42,818,209, a gain over the previous week of over seven millions, and well on to two millions over the corresponding week of last year. The lead over Winnipeg was materially increased, local clearings for the week being some eight millions over those of the western metropolis.

The details follow:

This week	\$42,818,209
Last week	\$35,146,248
Last year	\$41,922,861
Two years ago	\$3,822,554
Three years ago	\$6,767,669

FOREIGN SITUATION IS MUCH IMPROVED

The improved foreign situation dominated. It is now generally felt by banking interests that the way is clear for the settlement of the Balkan troubles, which have perturbed Europe of late for so many years. Should this prove correct the large amounts of money which have been hoarded in leading European countries would begin to come out freely and money would ease materially throughout the world.—Hudson to Erickson Perkins & Co.

BEAR RUMORS HEARD ON SOUTHERN PACIFIC

Erickson Perkins & Co. had the following: The weakness of Southern Pacific was not adequately explained. The street holds of the old view that when U. P. has to let go of its \$126,000,000 of Southern Pacific stocks; it will mean lower prices for the latter, but the supply will be greatly increased. But it is not clear as yet just how this stock will be disposed of. It is just as well to wait for the facts.

RECORD CROP OF COTTON IN EGYPT

NEW YORK, Jan. 2.—A cable from Cairo says: Lord Edward Cecil, financial adviser to the Egyptian Government, has presented his note on the budget of 1913. Respecting the cotton crop he remarks that the crop of 1912 is probably larger than in any previous year, and that if present prices are maintained it should be worth about \$12,600,000 more than that of 1911.

SHARP ADVANCE IN NEW YORK COTTON PIT

Erickson Perkins & Co. (J. G. Beatty) wired: Later months in cotton worked up in sympathy with January, covering small shorts. It is possible that the bull interests may take advantage of this technical situation to work prices up for the purpose of unloading. We would await a slightly higher level and then limit sales to the late months, where it is improbable that the big premium on new crop months can be maintained.

MACDONALD ROSE TO 61 ON THE CURB

Continued strength in Macdonald stock was the feature on the curb yesterday. The shares rose a full point to 61, a new high record level, and a full six points above the point at which they were put out a few weeks ago. It is anticipated that this issue will prove a favorite trader after its listing, which is expected at almost any time now.

RECORD GOLD OUTPUT DURING PAST YEAR
Increase From Former Year Over Five Million Dollars—Canada Had Larger Production.

STARTING THE YEAR RIGHT
The mining market started off of the year well yesterday, by showing that the recent activity and strength had not been a spasmodic movement coming three months will witness active participation on the part of the public in the day-to-day dealings, and if the signs are read aright, prices are to undergo considerable adjustment before the arrival of spring.

THE HOME BANK OF CANADA
ORIGINAL 1854
ONE DOLLAR A WELCOME DEPOSIT
Start a savings account for 1913 by depositing one dollar with the Home Bank. These dollar accounts are most welcome—they are solicited by the Bank. A savings account that is regularly added to by a dollar at a time soon mounts up. Full compound interest paid on deposits of \$1 and upwards.

BARON HARDINGE RECOVERS SLOWLY
DELHI, India, Jan. 2.—(Can. Press.)—The Viceroy of India, Baron Hardinge, is not recovering as quickly as expected from the wounds he received on Dec. 23, when a fanatic threw a bomb at him during his official entry to the new imperial capital.

CAFETERIA PAYS DIVIDEND
The regular quarterly dividend at the rate of 20 per cent. per annum has just been declared by Cafeterias, Ltd.

RIGHT OF WAY HAS ROYALTY REDUCED
COBALT, Jan. 2.—The latest royalty action taken regarding Cobalt mines is the reduction of the payments of the Right of Way mine to the T. and N. O. Commission. These payments have been made at the rate of 35 per cent. gross, later reduced to 25 per cent. net, and are now to be made at the rate of 15 per cent. net.

ISMAV'S RESIGNATION ACCEPTED
NEW YORK, Jan. 2.—(Can. Press.)—The board of directors of the International Mercantile Marine Co. this afternoon accepted the resignation of Ismaev Ismay as president. The resignation was dated June 30, 1912. The directors decided that in due course Harold A. Sanderson would be elected to succeed Mr. Ismay.

W. B. BROCK HON. PRESIDENT
At a meeting of the directors of the Canadian General Electric Co. Limited, held yesterday, Mr. W. B. Brock was elected honorary president and chairman of the board, and Mr. Frederic Nicholls was elected president of the company to fill the vacancy created by Mr. Brock's election to the honorary presidency.

BANK CLEARINGS START YEAR RIGHT
Record of Week to Date Reflects General Improvement Throughout the Dominion.

FOREIGN SITUATION IS MUCH IMPROVED
The improved foreign situation dominated. It is now generally felt by banking interests that the way is clear for the settlement of the Balkan troubles, which have perturbed Europe of late for so many years. Should this prove correct the large amounts of money which have been hoarded in leading European countries would begin to come out freely and money would ease materially throughout the world.—Hudson to Erickson Perkins & Co.

BEAR RUMORS HEARD ON SOUTHERN PACIFIC
Erickson Perkins & Co. had the following: The weakness of Southern Pacific was not adequately explained. The street holds of the old view that when U. P. has to let go of its \$126,000,000 of Southern Pacific stocks; it will mean lower prices for the latter, but the supply will be greatly increased. But it is not clear as yet just how this stock will be disposed of. It is just as well to wait for the facts.

RECORD CROP OF COTTON IN EGYPT
NEW YORK, Jan. 2.—A cable from Cairo says: Lord Edward Cecil, financial adviser to the Egyptian Government, has presented his note on the budget of 1913. Respecting the cotton crop he remarks that the
