EAST YORK POULTRY SHOW IS BEST EVER

Big Exhibit, Fine Quality and Good Crows—County Doings in Brief Space.

EAST TORONTO, Nov. 18.—(Special.)—To-day, the second of the third annual exhibition of the East York Poultry Association, which has been drawing large crowds from all over the county during the past few days, was a great success. The show is being held in the Y.M.C.A. building, where the exhibition of the feathered flock are represented from the large Wendouette and Houdans to the smallest bantams. This year was the banner one for the association; in fact, so numerous were the exhibits that another year will demand a larger show room.

Over 150 prizes have been awarded, as well as a large number of cups and club badges. One of the judges declared to-day that some of the fowls on exhibition were the finest he had ever handled.

A guessing contest is being held every day in the afternoon, and the ladies, and is meeting with great success. Fine fat fowls are presented each night to the six young ladies who guess nearest to a certain number. Misses May Pickering and May Johnston are in charge.

A most interesting lecture was given this evening by Miss Yates, lecturer of the Government Experimental Farm at Guelph. In a practical and realistic demonstration of "How to Prepare and Pluck a Fowl in an expert manner, telling her audience the right way to do it, and the wrong way of going about the operation. To-morrow afternoon at 4.30 she will dress the chicken for cooking, giving at the same time another of her instructive lectures.

The judges of the show have been brought from different parts of the province, and are well-known men in the poultry line. They are: J. S. Martin of Port Dover, Victor S. Fortier of the Experimental Farm, Ottawa; J. H. Marshall of Bradford; J. Bennett of Toronto and W. Smith of Toronto.

Following is a list of the cup winners: White Wyandottes, A. G. Auld, Edin Mills; Lake Simcoe Ice Company Cup, Buff Wyandottes, Glen Oak Poultry Yards; silver cup for best collection of Houdans, E. Pickering; Barred Plymouth Rock Cup, J. S. Martin; Pewee; Silver Station No. 10 Cup, for White Rocks, Glen Oak Poultry Yards; East Toronto Produce Company Silver Cup, for White Leghorns, F. Wales; Milton; silver cup for best collection of Indian Game, Roy Simpson, Toronto; silver cup for Rhode Island Reds, presented by Mr. E. Hanna, H. H. Dutton, Toronto; silver cup for Buff Orpingtons, Glen Oak Poultry Yards. The show continues until Saturday evening.

ITALIAN FIRED A SHOT GUN 3 HUNGARIANS WOUNDED

One of Them is in Hospital in a Serious State—Accused is Under Arrest.

HAMILTON, Nov. 18.—(Special.)—Because his neighbors annoyed him, it is alleged, James Costillino, an Italian, this evening fired a shotgun three times at a party of Hungarians, dangerous, wounded Sat Doogarian and slightly Antonio Pooran and Casper Bosser. The shooting took place on Princess-street about 9 o'clock. It is said that the Hungarians annoyed Costillino and that he rushed out into the street after them. At the first shot Doogarian fell, wounded in the head, shoulder and other places. Flying pellets scratched several more of the merry-makers. The police were called in and a shotgun was found near the scene, and beside it an ax. After a while Costillino was arrested on information of some of the party. Doogarian was taken to the city hospital in a critical condition.

R. W. Brock, the director of the geological survey of Canada, to-night addressed the Canadian Club at the Hotel Royal on the advantages of the Hudson Bay route, and gave a description of the trip of the governor-general's party thru that region this summer.

Prof. G. I. H. Lloyd of Toronto University this evening delivered an address before the Hamilton Association on national economic waste. He dealt with the tremendous and avoidable waste in manufacturing, social and industrial life. If health improved in Canada at same rate it had increased in England, millions of lives would be added to the population.

The only item of interest at the meeting of the property committee this evening was the letter from the Percigne Coal Company, complaining that the city weigh scales on Ferguson-ave. were not correct. Ald. Birrell remarked that Mr. Percigne would not be satisfied unless the scales were fifty pounds lighter than this, anyway. It was decided to have the scales examined by an expert.

STOLE ADVERTISING MONEY

Burglar Cut Hole in Window to Steal Shin Plasters.

Cutting a circular hole in the window of the "West End Bargain Store" on the north side of Queen-street, west of Markham-street, at 12.30 this morning, an enterprising burglar secured four "shin plasters," twenty-five-cent bills, which were used on goods as price tags.

He was seen by a passing bicyclist, and ran. The police were notified and searched for the thief, but without result.

It is thought that a diamond must have been used to cut the hole in the window, so neatly was the piece removed.

BIG FOUNDRY FOR WEST

Will Be Established at Fort William by Steel Merger.

MONTREAL, Nov. 18.—(Special.)—C. R. Hosmer today admitted that he and a syndicate of financiers, among whom are F. W. Thompson and H. S. Holt, have just successfully completed negotiations whereby the Canadian steel merger, under the name of the Superior Rolling Mills Company, will open a foundry at Fort William, Ont.

The new industry will commence operations in the spring of next year, and those behind the scheme believe that they will eventually demonstrate that the mineral deposits near Fort William are of equal worth to those of Nova Scotia, and that the future of the western market supplied to a great extent by ironware manufactured from Atikokan ore.

Electrical Workers' Union Controversy Makes No Headway to Solution.

ST. LOUIS, Mo., Nov. 18.—After a full session of heated debates, motions by the newspapers, the electrical workers union controversy between the Reed and McNulty factions late today was referred to the executive council of the American Federation of Labor. The case is in exactly the same position as it was at the beginning of the present convention.

The motion to refer was adopted after the defeat of a substitute resolution, offered by Thomas H. Lewis, president of the United Mine Workers of America. Mr. Lewis' substitute provided for a convention of both factions under the control of the federation. It was voted down by an overwhelming majority, while the executive council was left free to dispose of the case as may be necessary, with a view to eventual amalgamation of the two unions, if possible.

President Gompers, just before adjournment, took occasion to say that an incorrect inference had been drawn by the newspapers from his speech last night concerning the negro question. He denied that he wanted negroes eliminated from labor unions, and said the impression he intended to convey was that the condition of the negroes as a class made their problem a difficult one to handle.

A resolution for the unionizing of tramps referred to as migratory laborers was presented by Andrew Furuseth of San Francisco. The resolution demanded that these laborers be paid in cash, instead of scrip or orders on company stores.

A resolution offered by James Murray of the Texas State Federation, asks the government to exclude Mexican labor from the United States.

A MOTHER'S PRAISE

Mothers are always willing to show their praises on a medicine that not only relieves their precious little ones from pain, but removes the cause and keeps them well, bright, active and happy. Such a medicine is Baby's Own Tablets. No other medicine for little ones has received such praise from thousands of thankful mothers. These Tablets never fail to relieve the little ones from any of the many little ills that afflict them. Mrs. Thos. Hodgson, Rivierville, Loup Station, Que., writes: "I always keep Baby's Own Tablets in the house and have given them to my two little ones with the best results. I always recommend them to my friends as they are a grand remedy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

HOW TO PROTECT GARDEN FROM THE INSECT PESTS

Valuable Pointers Given at Concluding Session of the Horticultural Association.

At the concluding sessions yesterday of the Ontario Horticultural Association, these officers were elected: President, R. B. Whyte; 1st vice-president, Rev. A. H. Scott, Perth; 2nd vice-pres., J. P. Jaffray, Galt; treasurer, H. B. Cowan, Peterboro; secretary and editor, J. Lockie Wilson, Toronto; directors, district No. 1, F. B. Bowden, Vankeek Hill; district No. 2, W. Jeffers Diamond, Belleville; district No. 3, J. H. Bennett, Barrie; district No. 4, J. O. McCulloch, Hamilton; district No. 5, Thos. Cottle, Clinton; district No. 6, G. W. Tobias, Hespeler; district No. 7, W. W. Gammage, London. Rev. A. H. Scott and J. Lockie Wilson were appointed delegates to the American Civic Association, Washington, D.C. Major Snelgrove was elected as representative to the Canadian National Exhibition.

Toronto now has the largest membership in the province, 820 in all. W. C. Mackendrick, Toronto, spoke on "Outdoor Hoses for Ontario." The man who experiments with hybrid tea roses will soon become a rose enthusiast, he said. Grow on west walls at the standards or dwarf. Seven hundred roses are being tested by him at the island.

"A Modern Gladiolus" was ably

treated by H. H. Groff, Simcoe. He is making considerable progress in the production of a pure yellow in the species "Primulium." He also showed some cases of coon showing improvement effected by "hybridization" with an increase in production of 150 bushels per acre.

C. C. James introduced a number of superintendents of education from the southern states, who were in Canada in quest of information. Supt. Joiner of North Carolina said that the south had come to learn from Ontario the possibilities of agriculture. In North Carolina they had a fine soil for apple growing, but it was not much cared on, as they did not know how.

President Creelman, Guelph, emphasized the importance of the work being done by the societies. Prof. Hutt of the Ontario Agricultural College gave an address on "Vines and Shrubs for the Small Garden." He emphasized the importance of making a careful plan before starting to lay out the garden. Plant fairly thickly and thin out afterwards; plant against walls and buildings, in nooks and corners, and screen the fences with shrub, he advised.

Wm. Hunt, O.A.C., treated of the "Science and Practice of Plant Propagation." He showed that it was by no means so hard to propagate plants as was generally supposed, providing that the environment and locality were considered. C. W. Nash, Toronto, spoke on some of the chief insect and bird enemies of the garden. He showed how the eggs of the moth of the stalk borer are deposited on weeds, etc., in October; that the borers do not enter the stalk until later. One remedy is to burn all stalks and weeds in the fall. Wire worms, white grubs, cutworms, etc., are too prevalent, due to the slaughter

of insect-eating birds. They flourish where land has been long in soil. To have the land plowed up late in the fall is one way of getting rid of them. Insects are divided into those that masticate and those which suck the sap. Against these latter poisons are no use, the proper way is to apply an insecticide or something that will choke the pores of the insects. English soap is excellent for this. Custic potash, 2 lbs., to 1 gal. insect oil makes 3 lbs., to 40 gallons water is best. Spray for insects which masticate. If more tree planting was practiced birds would increase and there would be a decrease in injurious insects. Toads are an important factor in destroying insects.

The treasurer was authorized to send \$10 to the funds of the Sick Children's Hospital.

Prisoner Thrice Attempts Suicide. POTTSVILLE, Pa., Nov. 18.—Frank Mitchell, who confessed to the murder of Mrs. Mary Richards and the mistreatment of her daughter, Mrs. Peter Pauls, at Auchey, after he was caught robbing the house, made three attempts at suicide in his cell in the county prison here, once by hanging, once by setting his bed afire and lying on it, and then by hitting his head against the wall.

Mistaken for Dog; Killed. POTTSVILLE, Pa., Nov. 18.—Mistaken for a dog in the gathering dusk last evening, Michael Bolemski, a 12-year-old hunchback, was run over by a heavy delivery wagon and killed, after having been knocked down by the horses of a preceding wagon. Death was instantaneous. The drivers were today exonerated from blame.

SOCIETY NOTES

Mrs. Bernard, late of 310 College-st., has just returned from a trip to England. Mrs. Norman Grandin (formerly of 25 Galt-st.) will receive in her new home, 239 Wright-ave., on Tuesday, Nov. 22, and in future on the third Tuesday of every month.

Miss MacNab will hold her annual "Kettledrum" on behalf of the St. Alban's Cathedral League at 120 Wellington-st., on Tuesday afternoon from 4 till 6.30. All friends of the cathedral are cordially invited.

Mrs. Ziba Gallagher will receive for the first time in her new home, 129 Warren-road, on Thursday, November 24.

Mrs. Alfred Bicknell, 50 Bismarck-avenue, will receive on Monday, the 21st, and not again till after the New Year.

The regular monthly meeting of the Westminster Chapter of the I.O.E. will be held in Argyle Hall, Fernmount-avenue, on Monday at 8 p.m. Mrs. A. Stevens will address the meeting.

Mrs. Charles W. Fortune will receive for the first time since coming to the city at her home, No. 3 Rowanwood city at 6, and not again until the New Year.

Mrs. Herbert Breckenridge (nee Miss Eva Kline) will receive for the first time since her marriage at her home, 9 Marmaduke-st., on Tuesday, Nov. 22, afternoon and evening.

Mrs. W. Warren Thompson will receive for the first time since coming to Toronto, at her home, 59 Walmer-road, on Friday, Nov. 25, and afterwards on the first Friday of the month.

Mrs. Edgar E. Price (formerly Marion Brandon) held her first reception at her home, 120 Wellington-st., on Tuesday afternoon with Mrs. Jas. Brandon, Beverley-st. She was wearing her wedding dress of white satin with rose point lace and pearls, and carried a sheaf of Richmond roses tied with ribbon to match. Mrs. Brandon wore a pretty gown of palest yellow crepe de sole with amethyst and pearl ornaments, and Mrs. S. Price, who also received, was in meteor blue satin with large picture hat. Mrs. McKichan, Mrs. Edgar Brandon and Miss Mara, assisted in the drawing room, which was decorated with Richmond roses and palms. The tea table looked particularly pretty centred with quaint logs filled with small white mums and ferns on a centre of real lace. Mrs. R. W. Eaton and Mrs. N. Snyder were in charge and were assisted by Mrs. Harry McGee, Mrs. H. Hollinrake, Mrs. W. F. Wilson, Mrs. A. Ogden and Miss Edna Stenton of St. Thomas.

St. Patrick's Literary and Dramatic Club will hold an "at home" in St. Patrick's Hall, 141 McCaul-st., on Thursday

evening next, Nov. 24. The proceeds are to cover expenses incurred in renovating the club rooms. Mrs. A. E. Wright, late of Renfrew, Ontario, will be at home on Monday afternoon and evening next, in her new home, 333 East Roxborough-st., and not again until the third Monday in the new year. Miss Terryberry of Hamilton will receive with Mrs. Wright.

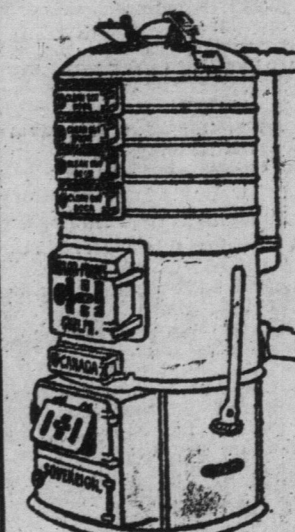

Much activity is characterizing the opening season of the Women's Art Association. If the first meeting of the Art Study Club is to be a criterion of the work of the coming year, the prescribed course of study will be valuable, instructive and supremely delightful. Mrs. Fenton Arntson handled the subject, "Life and Character of the People of Ancient Greece," in so clear and masterful a style as to arouse profound interest in her audience. The opening Wednesday twilight musicale was also a pronounced success, and some programs of exceptional merit are already announced. The delegates to the Women's Institute Convention were entertained at the new galleries on Thursday afternoon by the executive and the fine hand wrought gold and silver on exhibition was very much admired. It might also be said that a large amount of handicraft work has lately been received and will be on exhibition about the end of November.

Huckle Didn't Write It. J. M. Jones, chairman of the Anglican hymnal committee, has decided against the claim of W. G. Huckle, now in penitentiary, that he wrote the hymn "Just for To-day."

The Ven. Archdeacon Wilberforce of Westminster Abbey writes to Mr. Jones: "The hymn 'Just for To-day' is from a Roman Catholic source. One of the verses omitted began, or ended: 'Teach me to live as Mary's child, Just for to-day.'"

The hyman, Archdeacon Wilberforce states, was given to him in the year 1873.

GREAT SALE

—OF—

Hackney Horses

TUESDAY, NOVEMBER 22nd

Among the horses to be sold are: "VILLAGE BELLE," chestnut mare, foaled June, 1906, by Robins Duplex, out of Belle Rickelle. "DUCHESS OF WARWICK," bay filly, foaled May, 1907, by Warwick Model, out of Garton, Duke of Connaught. "BELLE RICKELLE," chestnut mare, bred by Squire Rickelle, out of Lady Randolph. "WARWICK HERO," bay horse, foaled May, 1908, by Warwick Model, out of Belle Rickelle. This horse won First Prize at Cooksville Fair this year, and this is the only time he was ever shown. There are a few younger horses by the sires of "Derwent Performer" and "Warwick Model," and the whole consignment will be sold for the most they will bring. These Hackneys are being consigned by MESSRS. GILL & ASKIN for the sole reason that their partnership is being dissolved, as one member of the firm has accepted a position as manager of one of the largest stock farms in the United States. We will also have a number of other fine Hackney and Hackney-bred horses consigned by gentlemen in Toronto and out of the city.

We have been favored by instructions from

MR. J. M. DIVER,

Of The Cleveland-Sarnia Saw Mills Co., of Sarnia, Ont.,

to sell on Tuesday, the 22nd, at 11 o'clock sharp, his entire stable of horses, vehicles and harness. Among his splendid horses are:

"DOCTOR," b.g., 5 years, 16 hands, 1250 lbs., Hackney bred and a splendid carriage horse. Is beautifully hack broken and has fine action. "HARRY," b.g., 15.2 hands, 5 years, a very high going horse and thoroughly city broken. Can road 12 miles an hour. Would be an extra good mile for "Maud," mentioned below. "MAID," b.m., 6 years, 15.3 hands. This mare is very handsome and has all-round action, and should command a big price. "FRANK," b.g., a fine actor, and would make a great gentleman's or doctor's horse. Chestnut mare and grey mare, a splendid carriage pair, bred by a Hackney. They are well city broken, stylish and quiet and reliable. "BLACK DIAMOND," b.g., a fine combination horse. One of the best broken saddle horses anywhere; beautifully hack broken and sure on his feet. "Black Diamond" is broken to harness. Among Mr. Diver's vehicles and harness are: 1 Victoria in first-class condition; 2 Runabouts, up to date and in fine shape; 1 double set English coach harness; 1 Brougham, made by the Hutchinson, nearly new, as it was only used three months, and 1 Lady's saddle, made by Mark Cross, and it has never been used. We are also selling for the same gentleman his complete stable outfit, including robes, blankets and complete equipment, as he is purchasing automobiles. Also on Tuesday a Pony Cart, in good condition and suitable for pony 12 hands or under.

IS THE VIADUCT A LUXURY?

The Globe made some admissions yesterday. It stated in rebuttal of its article last week that it is "not opposed to the building of the Bloor-street viaduct because it may benefit incidentally some private interest."

But it is opposed to the Bloor-street viaduct all the same. The Bloor-street viaduct, you see, is a public interest, and has so been demonstrated. The Globe was driven out of the "private interest" view by the logic of facts. Still The Globe is opposed to the viaduct as a public policy. Why? Because the viaduct is a luxury!

Listen to it, you electors and rate-payers who have failed to hearken to The Globe advice across the Don on divers occasions. The viaduct is a luxury. Riverdale has had too many luxuries already. You have the jail, and Governor Chambers. What do you want with a viaduct? You have the high level bridge. Nobody else in the city wanted that but you people over the Don.

Of all the numerous exhibitions to which the public are accustomed, none is more attractive and beautiful than that devoted to horticulture. Nor does it yield in intrinsic importance to any department of national activity. It is therefore, very gratifying to learn that this year's Ontario Horticultural Exhibition has been the most successful in its history, both as an exhibition and financially.

And then you have the filtration plant over the Don. What can a viaduct possibly be wanted for along with luxuries of this description? The filtration plant is so interesting and so picturesque that people living over the Don would much rather make a detour on their way to Rosedale by the Woodbine to get a peep at the filtration plant on the way than take any luxurious short cut over a Don viaduct.

Besides the viaduct would cost a million, altho a quarter of that is for the benefit of people on this side of the Don; but The Globe does well to charge it all up to Riverdale. Parliament-street is across the Don, in a sense, when you come to figure up the expense against any project you are opposed to.

Then, you see, there are only about 100,000 people living across the Don. What business have they to tell the other 300,000 people of Toronto what they want? And especially when they want a "luxury" like the Don viaduct for which they have been clamouring for twenty years.

The people of Toronto will not follow The Globe in its reactionary sentiments. The Bloor-street viaduct, so far from being a luxury, is a positive necessity. So far from being a liability it will be a revenue-producing asset in the immensely increased value it will give to all property across the Don north of Gerrard-street. The symmetrical development of Toronto is one of the important considerations for which The Globe has no regard.

But the city as a whole will suffer, and will pay dearly for it if the inevitable construction of the Bloor-street viaduct be much longer delayed. Already by ten years' delay the cost has doubled.

TUBERCULOSIS SUNDAY.

By appointment of the Ministerial Association to-morrow will be observed as Tuberculosis Sunday, and it is expected that the sermons and addresses to be delivered will either take as subject the crusade urged against the dread white plague, or embody some reference to the efforts made to stay or mitigate its ravages. Much has already been effected in that direction, but even more remains to be done before the desired end is attained. It is very necessary that public attention should be aroused and sustained in connection with this timely Christian and philanthropic endeavor and no better method can be conceived than the devotion of Sunday services to an explanation of the results of medical research into the nature of tuberculosis and the remedial measures which promise to bring relief to the vast number who suffer from it.

GERMANY'S OBJECTIVE.

Mr. Frederic Villiers has no doubt about the object of the German Government in increasing the fleet of that nation so as to be on a par with that of England. What other purpose could Germany have? he asks. Germany is far from France or Russia or Italy, any other European power. The German navy could dispose of the United States navy with ease. What other power is Germany preparing to fight if not England? Germany has no reason to fear an attack by England. Germany, therefore, can only be preparing to attack England. The next war

will be short and sharp. It will all be over in three or four weeks. England has already had to back down before Germany. In the situation in the Balkans when Bosnia and Herzegovina came under Austrian domination, England told Turkey that the British power would see that the treaty of Berlin was observed. On examination it was discovered that the British war stores could not be got ready for eight or ten weeks, while Germany was prepared. So Britain backed down.

Germany's objective, as the objective of every expanding nation, is the best colonial lands that are to be had. Canada furnishes that land. Every year for ten years the French Government, as Senator Casgrain stated yesterday, has had an inspection made of Canada, and a report furnished. Germany knows Canada better than the Ottawa Government does. Japan knows Canada like a book. If the battle of the North Sea went against Britain, Germany has an army of a million men for invasion. What would the United States do? The nation that disposed of the British fleet in the German ocean would make quick work of the U. S. navy. If Japan had any alliance with Germany and co-operated in landing troops on the coast of British Columbia, where there is not a gun to prevent it, Germany would have 100,000 men in Canada in a few days.

These are the possibilities. Canada should be aware of them. Germany has one policy—the policy of blood and iron. The ocean is not broad enough to exclude it.

THE HORTICULTURAL EXHIBITION.

Of all the numerous exhibitions to which the public are accustomed, none is more attractive and beautiful than that devoted to horticulture. Nor does it yield in intrinsic importance to any department of national activity. It is therefore, very gratifying to learn that this year's Ontario Horticultural Exhibition has been the most successful in its history, both as an exhibition and financially. Public appreciation has been genuine, and the fact will encourage the directors and officials to persevere in their endeavor to make each successive exhibition an improvement in every way on its immediate predecessor. Certainly no provincial exhibition better deserves generous support.

WASTED MONEY.

From the report from Property Commissioner Harris to the committee on claims regarding the question of the rental of horses for the city. It appears that from January 1 to October 31 this year, a period of 43 weeks, \$6859 was spent in the rental of horses for the use of the street cleaning department. At the rate of 50 cents per day this represents 53 horses, and while at certain seasons of the year this number is exceeded, it may be taken as a fair average. Valued at \$250—a high figure considering their quality—they represent an investment of \$13,250. The rental for ten months equals 51.7 per cent of this amount, and as a matter of fact the horses are not in as good condition when they are received by the city as when returned to their owners. For a period of 12 months the rental approximates \$8200, which, capitalized at 4 per cent, represents \$205,700. For this amount the animals could be purchased 15 times over.

From time to time an effort has been made to procure an appropriation sufficient to acquire the horses for which the city has stabling, but up to the present the amount allowed has only been a little more than sufficient to replace worn out animals.

From these figures it will be seen that the city is losing money every year by renting horses, and that by far the more economical method would be to increase the stud already owned by the requisite number. The rental system the report properly describes as unprofitable and wasteful.

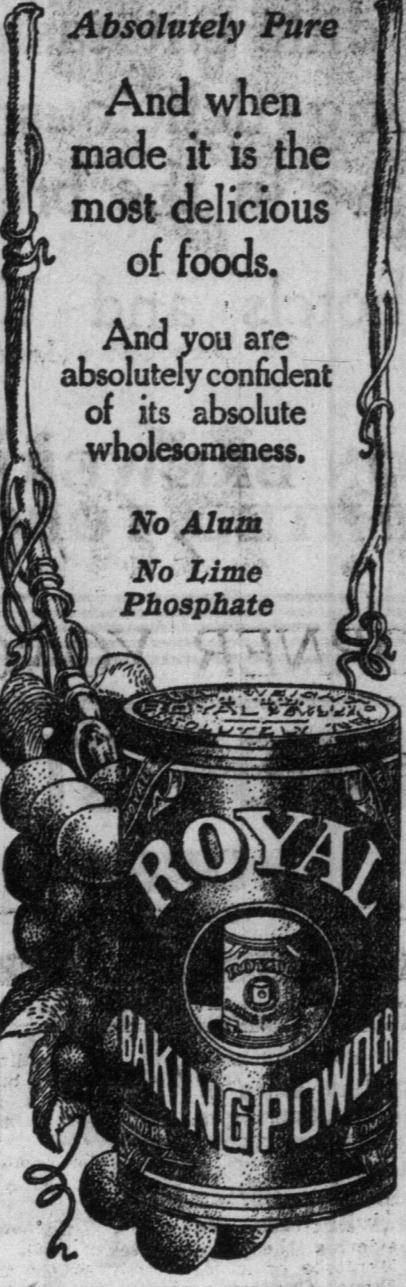

THE LICENSE LAW.

From enquiries made, it appears that the new ruling regarding the use of liquor in unlicensed clubs will principally affect the Masonic body. All the fraternal societies have regulations forbidding the use of alcoholic liquors. Some of them do not admit hotel keepers or bar keepers to membership. Many prominent Masons are quite satisfied with the ruling, and a large proportion of the Masonic lodges are "temperance."

A Dead Loss.

It is stated that shareholders of the Scarborough Beach Park Co. will not realize anything out of the concern, which assets there are going to the bondholders.

INTERPROVINCIAL CONFERENCE

Will Be Held at Ottawa on December 9.

In accordance with the resolution adopted at the inter-provincial conference in 1908, the prime ministers of Ontario and Quebec have united in issuing a call for another conference to be held in the City of Ottawa on Dec. 9.

NEW ELECTRICAL INSPECTOR

Underwriters Make an Addition to Their Expert Staff.

The Canadian Fire Underwriters' Association has appointed Mr. Robert Paxton to their electrical inspection staff, making now a total of five electrical inspectors to look after the inside wiring of buildings in this city. Mr. Paxton is well and favorably known to all the electrical workers, and makes the third inspector drafted from the staff of the Bennett & Wright Co.

There is Only One Way to Montreal

Via a double-tracked line, and it is the good Grand Trunk way, and the favorite route for all experienced travellers. A well ballasted double track, smooth roadbed, 100-lb. rails, certainly contribute to safety. It is also the scenic route, running along the shore of Lake Ontario and the St. Lawrence River, and through the principal towns and cities there is life and action. The best day train leaves Toronto 9 a.m. The Business Man's train at 10:59 p.m. from either end, lands you in Montreal or Toronto for breakfast, and if you have a friend for Ottawa, you can enjoy his company, as an Ottawa sleeper leaves Toronto daily at 10:20 p.m. For those who wish to retire early Pullman sleepers will be open at 9 p.m. at Union Station, or you can take the 8:30 p.m. train. The Grand Trunk city ticket office, northwest corner King and Yonge streets, Phone Main 4209, is the place to go to.

agreement in the present parliament to accompany the bill of party coalition. "The result is that we revert to a state of war," declared the premier. "The lords will be given the opportunity of saying 'yes' or 'no' to the government's veto bill in the coming week. There is no question of amendment or transformation. It is a question of acceptance or rejection.

Time to End It. "The time has come for this controversy, which obstructs the whole path of progressive legislation, to be sent for final, decisive arbitration to the national tribunal."

Mr. Asquith denied the assertion of the Conservatives that the government was acting under pressure, saying that he understood that the charge was that pressure was being applied "by the sinister hand of the black angel of this political drama, Mr. Bonar Law."

Mr. Asquith then detailed the legislation which the government proposed to pass before the dissolution of parliament and said that it would be necessary to appoint a committee to carry out the provisions of the act removing the pauper disqualification from old age pensioners, and concluded by promising that if the government obtained the requisite parliamentary majority, he would next year bring in a bill to provide for the payment of members of the house of commons.

Balfour's Criticism. Mr. Balfour, leader of the opposition, attacked the government program as announced by the premier. He described the government method of procedure as unprecedented and unconstitutional. "The ministry," he said, "had made up their minds that all chance of the lords making moderate and reasonable proposals for the settlement of the question at issue between the two houses must be avoided at all hazards, and so was rushing thru to a dissolution of parliament before it would be possible for the moderates on both sides to form a judgment."

Geo. Nicol Barnes, a Labor leader, voiced the revolt of the Laborites against the government, who, he declared, had failed to meet the demand for immediate legislation to reverse the Osborne judgment. The Laborites, he said, were altogether dissatisfied with the premier's suggestion for the payment of members of the lower house as a palliative for

PEACE AND UNITY NATIONALIST OBJECTIVE

Continued From Page 1. Salle and other travelers remaining as of old types, and the gentleman of the old regime was a good fighter who had learned to look on his conqueror as an equal.

Equal Rights for All. Confederation was founded on the principle that the world was to be no more conquered and conquerors, but that they would be equal, that French and English have the same rights. This was well understood in the written constitution which provided equal rights for language and race. The national movement in Quebec was purely economic as might be discovered from a small book by the editor of the Nationalist, "A French View of Canadian Nationalism." While the English in Quebec were receiving the most just and generous treatment, a minority ever received from a majority, the French-Canadian saw his privileges being curtailed in other provinces.

The Immigrant Danger. The population of Canada was now seven millions and foreigners were coming at a rate which made assimilation impossible. They were ever endangering the material prosperity by the addition of Slavics, Poles, Ruthenians, Galicians, Russian Jews, Hebrews, (Laughter). Drunkards, ex-convicts, hoodlums, loafers, thieves were sent to Canada to become our future citizens. He had been called a "Little Canadian," he said, in the house of commons for these ideas.

The French-Canadian language was not a petulant, but the language of France with all its sweetness and glory. It was superior to the French spoken by the average French people in France. Mr. Lavergne thought French by the editor of the Nationalist, "an absolute equality with English."

He also paid a tribute to the priest who had been the only consolation of French-Canadian in the virgin forest and to whom he owed everything from the light of heaven down to his education. "I may be boasting, but I think our laws are the best in Canada, for we have joined to the pure code of France the liberty of the English constitution," asserted the speaker.

The resources of Quebec were enormous, and they looked forward to a peaceful economic struggle with their English-speaking neighbors. "If the link that binds us to Great Britain is not purely sentimental I think it is all the stronger for a tie that was severed from the economic consideration."

Should Know Each Other. "I have come down to the most dangerous and most critical part of my address. I think it is best to come forward boldly and speak the same language before you than I spoke in my native province, and recently in Drummond and Arthabaska." (Applause.) He proceeded: "The way to know one another better is to listen to one another, and when we know one another, a great stride for unity will be made in this country."

"We think the best way to save the empire, to uphold the empire, is to work for our own country. We think the only way to maintain the integrity of the empire is to maintain the autonomy of its component parts. We think that this policy of imperial relation of taking part in every war, be it just or unjust, that Britain sees fit to undertake means a considerable change, and the people should be given an opportunity to express their opinions about it."

Only One Country. "We French-Canadians have no other country but the land of our love and the land of our hope," said Mr. Lavergne, speaking of the French connection. "Some think the French-Canadian is taking a mean attitude in refusing to pay 50 cents a year when the Briton has to pay \$3.50 a year. Mr. Balfour has declared that if Britain lost all their colonies she would have to support her navy just the same," was another point and counter point. "I am not one of those who say we

owe nothing to Great Britain. I think we owe something for the defence of our country, but the building up of our own country. (Applause.) "If we go to war this will occur. This is the position we have taken in Drummond and Arthabaska."

Was it fair or just, he asked, considering the compromise of 1867, in Manitoba or in the Northwest, in the French-Canadian schools, that French should be treated as a foreign language and the children be compelled to pay extra to learn one of the official languages of his country? French-Canadian had been loyal to their country; they loved no other; they had gladly shed their blood on many a battlefield. He would like to back to his native province with a message of good-will from Ontario.

Their only duty to themselves was to resist fusion. They wanted to be united, not to disappear. Surely, he thought, Canada could not ignore his policy of fusion? They wished to be loyal to confederation. There were some who preached that there should be only one race and one religion. But they could not ignore his policy. They had not asked to be conquered. They had been conquered. It was too late now to change. He was not afraid of duality. He remembered the words of Switzerland, where the people spoke three languages, and of Belgium, the most prosperous of countries, where they spoke two languages.

'The Store with a Smile is the Store Worth While' Oak Hall, Clothiers CORNER YONGE & ADELAIDE STREETS J. C. COOMBES, Manager.

Even if France attacked Canada they might rely upon them of Quebec as a tactical tri-color (applause). It was more than two centuries since they had stopped calling themselves Canadian, and they wished themselves English-Canadians, and all be Canadians once again. They were Americans, geographically, but not one man of them thought of annexation, just as not one of them thought of independence (applause).

Let All Be Canadians. The essence of peace, harmony and prosperity he found in the words of Sir John Macdonald, Feb. 17, 1890, when he insisted on the unity of rights and languages (applause).

In conclusion, he hoped that his English-speaking compatriots would help the French-Canadians to preserve their national existence. He desired to see the two great races working together for the good of the country, with a population, not too enormous, but strong and prosperous.

The committee of the whole rose after carrying a vote of thanks, moved by E. Bristol, seconded by A. S. Sibbald. At Osgoode Hall.

The reception given Mr. Lavergne on his arrival at Osgoode Hall, where the literary society was holding a mock parliament, must have been gratifying to him, altho it was probably largely a tribute to his coming as a guest irrespective of his political views.

It was about 10:30 p.m. when Mr. Lavergne entered. A debate on the navy bill was in progress, and the front benches of the opposition were hat-

ing their tinings. As soon as the Nationalist lieutenant was observed at the entrance of the hall, the debate came to an end. Both sides of the house, there being about 150 students present, rose solidly and vigorous handclapping accompanied Mr. Lavergne's progress to the platform, surrounded by officers of the society.

In introducing the speaker, the president, Lionel Davis, expressed satisfaction at the prospect of "an explanation of the ideals and aspirations of the people who live in Quebec."

Lots of Cheers. Mr. Lavergne received something like an ovation when he rose, cheers ringing thru the hall. Through his 29-minute address, which covered in part the ground of his earlier speech, an applause was frequent.

A resolution of thanks was moved by H. A. Newman, and seconded by E. C. Chevalier seconding. The latter, speaking as a French-Canadian, said that Mr. Lavergne represented the views of his race thruout Canada, and that the race extended to French-Canadianians who attended Osgoode Hall should be an example for the English majority all over the country to follow.

Mr. Lavergne was the centre of many groups afterwards, students eagerly pressing forward to shake his hand.

There is too much debating done in the house of parliament and not sufficient in the different constituencies. Liberals, you owe it to yourselves and your party that you should discuss these matters of public interest in your clubs and associations, and then present your views to the general executive, that you may thus give a part in the making of the policy you will later be asked to endorse."

PRESIDENT HAYS IN TOWN With Other Officials He's Been Inspecting the Road.

President Charles M. Hays and a party of Grand Trunk officials arrived here last night after having inspected the system between Toronto and Chicago and conferred with local superintendents thruout the middle and western divisions.

It is understood that one of the objects of the trip was to bring Mr. Hays into close touch with the situation as regards the striking back of the few strikers who are still without employment.

Those with Mr. Hays are E. H. Fitzhugh, first vice-president; W. G. Brownlee, general transportation manager; H. G. Kelsey, chief engineer; W. D. Robb, superintendent of motive power; J. Coleman, superintendent of the car department. They left Montreal a week ago and are returning this morning.

LEGISLATURE AND FEDERENKO. EDMONTON, Alta., Nov. 18.—(Special.)—A resolution, introduced by C. M. The hydro-electric department at the city hall has asked the board of control to buy a couple of autos for its use.

NAVY OFFICERS TAKING CENSUS H. H. Dewar Tells of Alleged Nationalist Trick in Quebec.

Hartley Dewar, K.C., speaking before the Laurier Club last evening, said not much importance should be attached to the result of the Quebec by-election. He believed the Nationalist party to be remarkable as a gang of tricksters, and cited the following story he had heard in Ottawa recently from a Quebec Conservative who claimed to be well informed in the matter: "During the heat of the campaign eight men, wearing conspicuous brass badges on their coats, which bore the words 'Canadian navy officers, had heart and soul in forming the claim on the pretext that they were taking the census of the male population. When asked by the honest habitant the meaning of this peculiar census-taking they merely pointed to their badges and remarked that Canada must now know the strength of her youths."

Thus the excitable French-Canadian, fearing conscription, had voted heart and soul against any form of a Canadian navy, said Mr. Dewar, who in conclusion advocated a much wider discussion of political topics by the electors.

There is too much debating done in the house of parliament and not sufficient in the different constituencies. Liberals, you owe it to yourselves and your party that you should discuss these matters of public interest in your clubs and associations, and then present your views to the general executive, that you may thus give a part in the making of the policy you will later be asked to endorse."

ROOSEVELT IN WASHINGTON Five Thousand Hear Him Tell of African Ventures.

WASHINGTON, D.C., Nov. 18.—Theodore Roosevelt returned to the national capital today for the first time since his official departure from the White House in March, 1909. In the role of sportsman and scientist, he came to relate before the National Geographic Society to-night his adventures in the African jungles, where he was surrounded by a host of cabinet officers, supreme court justices and members of the diplomatic corps, crowded Convention Hall and gave him an enthusiastic welcome. "That every dog has his day, but the night belongs to the cats," which he made in jest before the National Press Club, where he was informally received this afternoon, he made no political reference.

A Great Sufferer From Indigestion Tells How She Was Cured.

Stomach trouble is a general name for all forms of indigestion, whether great pain after eating, belching of wind, heavy feeling in the stomach, or the sharp pains that often make you think you have heart trouble. There are two things noticeable in indigestion. One is that doctors always find indigestion a prominent symptom in a bloodless run-down state. The other, that sufferers usually find relief when a tonic is taken that restores the general health. Without a doubt stomach trouble is simply stomach weakness, and the cure is to make the stomach strong enough to digest food without trouble. Any other treatment, such as purgatives and cathartics, are controlled by the blood and nerves, the stomach that is too weak to digest food needs a tonic to give it no better. And in all cases there is no better tonic than Dr. Williams' Pink Pills. They actually make new, rich blood, tone the nerves and so strengthen the stomach and all the following functions: (1) I was unable to eat. (2) I was unable to sleep. (3) I was unable to work. MABEL WILBER As the Merry Widow, at the Royal Alexandra next week.

AT THE THEATRES

'The Merry Widow.' It is a pleasure to announce the forthcoming engagement of 'The Merry Widow' at the Royal Alexandra Theatre, next week, beginning Monday night, inasmuch as the production is stamped with the name of Henry W. Savage, a manager who, playgoers have learned by experience, never leads on an inferior production. The company which will be seen here next week is said to be superior to any organization that has presented Franz Lehár's delightful operetta in America. Among the cast are: Mabel Wilber, Charles Meakins, Ivy Scott, R. E. Graham, Fred, Freat, F. J. McGinnis, Harold Blake, F. P. McGirr, and Leon Brandt. The entire production, including costumes and scenic appointments, is entirely new. The opera is being produced by Mr. Savage and represents the latest thing in the art of the modistes of the French capital, which has for so many years been the standard of the world's fashion. The women's styles which is coming here will be two orchestras; the Savage Grand Orchestra under the able leadership of Brahms Vandenberg, and a smaller orchestra of 15 men, which is headed by the pianist with concert capabilities; the Hungarian troubadours who were brought from Budapest under the musical direction of Nicholas Boday. A feature of this engagement will be two popular-priced matinees on Wednesday and Saturday afternoons, at which the scale of prices will range from 25 cents to \$1.00. The usual night prices from 50 cents to \$1.50 will govern the ticket tariff at the evening performances.

At the Princess. Nat C. Goodwin, who is coming to the Princess Theatre on Monday for four nights, had a long quest for a comedy that would measure up to the standard of those plays in which he won his earlier successes, but he seems to have been largely successful in 'The Captain,' his three act farcical comedy. It is said as 'The Captain' that it is brimful of that whimsical humor to which Mr. Goodwin's talents are so well adapted and is one of the most successful plays which he has been identified in recent years. Evidently B. C. Hurst and Dazey have succeeded in infusing in the three acts a good number of complications and farcical situations which enable Mr. Goodwin to delight his audiences with his old style work. Klav and Erlanger, who have the direction of Mr. Goodwin's present tour, have staged the piece in a manner in which they can always be expected to do, and evidently from the names of the company submitted, they have surrounded Mr. Goodwin with an exceedingly capable one. In a burst of generosity Lorimer agrees to impersonate his friend Hast-

Cured Eczema and Dandruff

'I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a scaly form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear. I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this as a true testimonial which comes from a sufferer of thirty years standing. I will be happy to tell any one of my experience in order to assist those who may be suffering from the same disease.' (Signed) J. A. Crovino, General Commission Merchant, 59 Pearl St., New York.

At the Star. Four burlesques instead of two, an olio of real vaudeville, and a novelty playlet entitled 'The Golden Wedding,' presented by Teddy Simonis.

on next week's big vaudeville bill at the Majestic Theatre, with Oceania and Virginia Neal offering a novel musical act as the feature attraction. A set of entertainers whose act is pretentiously staged, open their entertainment by offering some high-class and popular selections on a variety of instruments, and then proceed to their masterpiece, a number in which they play no less than four national anthems simultaneously and effectively. The program embraces many other high-class specialties, including 'Stowley and Gay,' 'The Big Piper' and 'The Maid,' Susie Kellar, a musical comedy favorite; Bello and Belco, sensa-

comedians will be heard at the Royal Alexandra Theatre the week beginning Monday, November 23. The book and lyrics are by Harry B. Smith; the music is by Planquette, composer of 'The Chimes of Normandy.'

Emilio de Gogorza. Those who attended the recital given by Emma Eames at Massey Hall last March will recall the excellent singing of the assisting artist, Emilio de Gogorza. His magnificent voice told in every number, and the audience was delighted with his work. One of the local papers stated that he fully shared with Emma Eames in the glory of the evening. He was recalled again and again and no one tired listening to him. It is safe to state that those who heard him on his last appearance will be present at his coming recital at Massey Hall on Wednesday, November 23. Plan now open.

Marie C. Strong will present the first 'Twilight Musical' at the 'Woman's Art Rooms,' 471-473 St. George Street, on Wednesday afternoon at four o'clock. The following artists will appear: Miss Valborg Zoelner, pianist; Miss Madelon Thomson, soprano; Barnaby Nelson, tenor; and Miss Beatrice Turner, accompanist.

FRANKIE HEATH. With the Big Review Co., coming to the Star Dec. 12.

NOVEL BIRTHDAY CAKE. It is in the Window of Adams Furnishings Store.

The big Adams furniture store at the City Hall Square, is celebrating its 29th anniversary to-day. The windows have been made as attractive as the window-dressers' art could make them, and anyone who is interested in the home beautiful cannot help but stop and look at the many things displayed. In the corner window, amid tasteful surroundings, there is an artistically decorated giant birthday cake, of which visitors to the store are given a taste. Inside the store everything has had to give way to the two days' celebration that commenced yesterday. The art of the electrician has been brought into play and the store is brilliantly lighted by a myriad of electric lights of all colors, shades, shapes and sizes, and together with the beautiful illumination hundreds of magnificent painted paper cut flowers are scattered about the store among the various pieces of furniture. Obliging salesmen wait on every hand to answer questions and give attention to customers that they may require. The Adams store, which stands second to none amongst the home furnishing houses of the city, is to be congratulated on its magnificent decorations and display.

BETTER THAN SPANKING. Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 65, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her to-day if your children trouble you in this way. Don't blame the child, the treatment also cures adults and aged people troubled with urine difficulties by day or night.

Christmas Sailings. For the convenience of their many friends who book their passages every year, Messrs. A. F. Webster & Co., at the northeast corner King and Yonge streets, have decided to keep their office open Saturday night up to 9 o'clock. This arrangement will be of great convenience to those who are unable to get to the office earlier to complete the booking of their ocean tickets, changing money, etc. Tickets and information by all principal lines cheerfully given.

Could Not Rest at Night. Back Was So Weak.

Weak, lame and aching backs are the primary cause of kidney trouble. When the back aches or becomes weak it is a warning from the kidneys that everything is not right with them. Heed the warning: cure the weak, lame, aching back and dispose of any chances of further trouble. If you don't do this, serious complications are very apt to arise and the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease, the three most deadly forms of Kidney Trouble.

On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of the trouble and strengthen the kidneys, thereby strengthening the back. Mrs. John Pugh, Parkdale, Men., writes: 'I have used Doan's Kidney Pills and find nothing to beat them. I could not rest at night my back was so weak. I tried everything, but could not get anything to do me any good until I was told by a friend to use Doan's Kidney Pills. I tried them and I am not the same weak woman I was before. I am very thankful to have found so speedy a cure.' Doan's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by Dr. T. Milburn Co., Limited, Toronto, Ont. If ordering direct specify 'Doan's.'

TRYING TO RECONCILE
TOLSTOI AND THE CHURCH

Czar Wishes That Reformer Be
Given Orthodox Burial Even If
He Does Not Make Peace.

ST. PETERSBURG, Nov. 18.—Emperor Nicholas to-day had an audience with the procurator of the holy synod, M. Lukianoff, to whom he expressed the wish that Count Tolstoy be buried according to the orthodox rite, even if a reconciliation between the author and the church were not effected.

The holy synod has been discussing the question of reconciling the old doctrine of excommunication against Tolstoy. Premier Stolypin is urging the synod to lose no time in deciding the question one way or another. He points out the consequences of refusing Christ burial in some form.

The reputation of his error on Tolstoy's part, however, is absolutely necessary before the synod can go against the canon law regarding excommunication. It is believed that the Bishop of Tamboff has gone to Astanovo to ascertain the views on this point of Tolstoy's either from himself or his immediate friends.

The text of the telegram from the Metropolitan Antonius is as follows: "Since the very first moment of your rupture with the church I incessantly prayed, and I pray now that God may restore you to the church. Possibly He is soon to summon you to His Judgment seat. I implore you in your sickness now to reconcile yourself with the church and the orthodox Russian people. May God bless you."

Count Tcherkof, and other admirers are said to be sending a telegram to Tolstoy in his present condition. It was learned that Tolstoy's condition was practically unchanged this afternoon. Four physicians are making constant efforts to aid the heart, the weakness of which is the source of the chief danger. The fever has disappeared, and the inflammation of the lungs has made slight progress since yesterday.

The novelist remains conscious, and also extremely weak, is cheerful and confident of ultimate recovery.

COUNTIES BUY TOLL ROAD.

BROCKVILLE, Nov. 18.—(Special.)—The purchase of that portion of the Lowell Plank Road Company's road between here and Lynn was completed to-day, and the property is now owned by the counties to become a part of their good roads system.

It has been decided to abolish the two toll gates on Dec. 14.

Domestic Arrested.
Ada Fynn, 66 Westmoreland, was arrested on charges with theft of goods from Alfred Nichols, at whose house she worked as a domestic.

Ruby Sones, a domestic, living at 31 Beverley-st., went to work at 39 Gould st. Thursday. She left promptly with two rings, one the property of Fanny Rose, and one of David King.

Boy Hurt Playing Football.
Ernest Hunter, 17 First-ave., a boy, 15 years of age, was playing football in a lane off Wellesley, near Sackville-st., last night. He slipped while kicking the ball and fell, striking his head. He was rendered unconscious and was taken home in the police ambulance.

Last Night's Fires.
Five from an overheated stove in the dwelling of William Brass at 15 Edna-beth-street at 8.20 last night damaged the premises to the extent of \$130. Two tin sheds, in rear of 60 and 64 Parliament-street, occupied by J. A. Currie, 37 Delisle-street, were damaged to the extent of \$225 by fire of unknown origin at 6.55. The fire is covered by insurance in both cases.

Crimean Veteran Dead.
CORBETT, Nov. 18.—(Special.)—Peter Mulvaney aged 82, died to-day in the House of Refuge. He was a Crimean veteran and fought with the 9th Regiment of Foot at Alma, Balaklava and Sebastopol, where he was badly wounded in the head and thigh. He received several medals and a pension of a shilling and three pence a day. He will be buried Monday with military honors from his own home.

You Can See
How it Heals
No Question or Doubt as to the
Healing Power of
Dr. Chase's Ointment

To people who have used internal treatment in an effort to cure eczema, it is almost beyond belief what benefit can be obtained by a few applications of this soothing, healing ointment.

It is seldom that the cause of eczema can be determined, but one thing is certain, the itching must be stopped and the sores healed up.

These results are secured by the use of Dr. A. W. Chase's Ointment. The itching is relieved almost instantly, and you will be surprised at the healing which will take place overnight.

A little patience and persistent treatment with Dr. Chase's Ointment will give you more practical and definite results than a whole lot of dosing with internal medicines. You can see how the ointment heals.

"Mr. Geo. Peterson, South Bay, Ont., writes: 'I wish to communicate to you the great benefit I received from using Dr. A. W. Chase's Ointment. For years I suffered with a great skin disease on my head, a sort of eczema. I tried four doctors, giving each a fair trial, but got no better. In fact, the disease spread to my left arm.'

"I saw Dr. Chase's Ointment advertised and began using it. Persistent use of this treatment has entirely cured me and I give you a statement of my case with pleasure, as I hope thereby to induce some other sufferer to try the same Dr. Chase's Ointment."

Because this ointment has made its world-wide reputation by curing the most severe and long-standing cases of eczema and piles is no reason why you should overlook its scores of uses in the relief of itching and irritation of the skin.

Dr. A. W. Chase's Ointment, 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

THE
CHRISTMAS
GLOBE

Fourteenth Year in Present Form.

The publication that set the pace for better printing in Canada.

"Altogether the number is the most artistic publication ever produced in Canada. Upon it has been lavished the highest skill of engravers, artists, lithographers and printers, and the result is a production of which every Canadian should be proud."

The Montreal Gazette said about the 1900 edition:

In addition to the book of fifty-two pages and stories, including eight full pages in color, three will be three separate supplementary plates.

Governor Simcoe—the sixth in the Christmas Globe series of historical pictures.

Christmas Eve—one of the most beautiful and expensive pictures that The Christmas Globe has published.

"In the Enemy's Country"—the first of an educational series of animal pictures. This one, a pair of lions, will find a place in many a den, as well as schoolroom.

Ask your newsdealer for full particulars and make sure that he orders a copy for you. Price fifty cents each, from your dealer, or sixty cents if mailed direct from The Globe Office.

CANADA'S
NATIONAL
ANNUAL

WOMEN DOCTORS IN INDIA
An Address on the Subject to Be Given Next Week.

There are in India one hundred and fifty million women who are dependent on women physicians for any skilled treatment in sickness, yet there is in all India only one medical school for women.

Those interested in the physical well-being of the women in India will be glad to hear of a medical school for women where the professional and hospital staff are all qualified medical women, and the patients are women and children. In the City of Ludhiana, in the Punjab district, in the northwest of India, is the only medical school for women only in all India. It was opened in 1894. It is recognized by the British Government as a school of medicine, its students being admitted to the examinations of the government schools on the same terms as the men.

Besides medical students of whom twenty-seven are now in residence, nurses, dispensers and midwives are received for training. Students come from all parts of India and eight different languages are spoken. Lectures are given in English, as that is the only language which all the students know.

The Toronto Auxiliary of the North India School of Medicine for women held its second annual meeting on Tuesday afternoon, Nov. 22, at 2 p.m. in the parlors of the Young Women's Christian Association, 115 Dundas-st. Dr. Mary Riggs Noble, for many years principal of the school, will give an account of the work. All women interested in woman's work for woman, are cordially invited.

LANDRY WANTS TO KNOW

All About the Militia Guard at the Eucharistic Parade.

OTTAWA, Nov. 18.—The expected discussion in parliament upon the Eucharistic Congress, and especially the participation therein of the militia, will probably take place first in the senate, and then in the house. A resolution raised by Senator Landry, probably the most ultra-montane of any leader in the conservative party, and he will demand the production of all decisions rendered by the militia council and of all correspondence concerning the same in August and September, on the occasion of the visit in Quebec of Montreal of his eminence Cardinal Vautour.

Bad Fire at Flesherton.
FLESHERTON, Nov. 18.—Flesherton was visited by a conflagration this morning which did about \$13,500 damage, and wiped out one of the main business blocks in the place. The chief losses were: W. Buskin, block, including grocery, postoffice, insurance, and commission merchant offices, loss \$120,000; insurance \$2000; John Sproule, boarding house and barn, loss \$120,000; insurance \$2000; O. W. Phillips, barn and damage to household goods, \$8000; fully insured, R. J. Sproule, personal effects, \$500; no insurance. Thomas Fisher, barber shop, loss \$120,000; insurance \$2000; board of health, damage to household goods, \$500; insurance \$250; W. M. Trimble, postoffice fittings, \$150; M. Scully and Company, office fixtures, \$50. The fire was discovered at 2 a.m.

Municipal Bridges.
At the Engineers' Club R. E. W. Hargrave, of the faculty of applied science gave a lecture on "Municipal Bridges of Europe." He showed some 60 views of bridges he had visited in London, Paris, Switzerland, Germany and Holland, and contrasted them with those of America, as to artistic and historical effect. The use of the arch type was dwelt on, and the fact that London has better bridges than Paris because of better regulated traffic.

\$100,000 CASH FOR HIS VOTE
'Twas Offered State Senator by a "Little Black Man."

NEW YORK, Nov. 18.—A "little black man" made an unexpected appearance before the legislative graft investigation committee to-day. According to State Senator Eugene Travis, he offered him \$100,000 in cash for his vote against the anti-race track gambling bills when those measures were pending before the state legislature. Similar offers, according to Travis, were made to Senator Fuller, a Democrat of Brooklyn, and to Senators Carpenter of Westchester and Gates of Madison, Republicans.

This was the second specific allegation of an attempt at bribery developed at the investigation since the existing of a \$500,000 "shush fund" was alleged. Travis could not name the man who made the offer. He did describe him as a "small, dark-complexioned individual with a dark mustache," but could not identify him further. The individual, Travis said, had been about the capital in Albany for a couple of years, and had talked to him a number of times, but he had never learned who he was.

That the "little black man" was qualified to promise money and that his promises would be paid, was vouchsafed "over the telephone" by former State Senator Gardner, who was sworn to by Travis. Gardner is now under indictment for bribery in having offered Senator Otis J. Foelker money to vote against the bill.

BODY IN TRUNK EIGHT YEARS

And Surgeons Say That Indications Are of Murder.

NEW YORK, Nov. 18.—An autopsy to-day established the male sex of a body found in a trunk in a West 54th-st. tenement late last night. The left lung showed evidence of a hemorrhage, which probably resulted from asphyxiation.

Dr. Lehane and Prof. McAllister both declare that the body was placed in the trunk while the victim was still alive, but undoubtedly unconscious.

Altho the corpse, it is believed, had been in the trunk eight years, the murderer's precaution in placing it in a hermetically sealed case of zinc and plaster of paris resulted in its preservation so as to make the determination of sex comparatively easy.

The Australian Cabinet is considering a direct Canadian service, independent of New Zealand.

Prices Make Substantia Gains in New York Market

Wall Street is Trying Hard To Build Up Public Interest

National Operators Repeat Tactics of Bidding Up Prices at the Close—Better Tone to Toronto Market.

World Office, Friday Evening, Nov. 18.—A complete reversal of form took place in the stock market to-day, the local buying as to the outside points. The market here is at present in a speculative mood, and the quantity and trading has been increased by the situation accorded to-day, and the market has been relieved of the market of the day, which was termed "fictitious" by the market.

New York Stocks

NEW YORK, Nov. 18.—There was a heavy shrinkage to-day in the proportion of the dealings in United States Steel and Union Pacific to the aggregate volume of the market. These stocks, together with Reading, furnished the medium for concentrated speculative operations, which had become so conspicuous as to induce criticism and arouse suspicion. The discussion under official investigation to-day of the fact of this enquiry was supported by the initiative of the brokers concerned to explain the subsidence of the particular activities under review.

There was a considerable demand from a short interest, left uncovered as a result of yesterday's bear operations. The supply of stocks proved scanty and the demand, light as it was, proved effective in advancing prices. The average of the day's call loan rates fell below 2 per cent. for the first time since the November settlement began to affect the market. Some large dividend disbursements made on the 16th, have had an influence in the week's money market. There was a further decline to-day in the private discount rate in London and discussion reported by cable of a possible coming reduction in the Bank of England rate.

NOTHING is more characteristic of the natural gentleman than his easy transition into evening clothes. He doesn't "wonder if his dress suit will look at him," he doesn't fume about shirts or neckties; HE KNOWS that everything is in readiness, and that he can dress in five minutes.

Is not this a desirable state of affairs? Just glance over the accompanying items and see what a small investment it would take to make you thus ready for anything at a moment's notice.

Men's Suits and Coats for Evening Wear

You may pay more for evening clothes, but you won't get any better material or any better workmanship, and probably not so good a fit as we can give you in evening clothes that are ready for service.

Men's Extra Quality English Vicuna Full Dress Suits, soft smooth-finished material, with slightly unfinished surface; cut in the latest style, beautifully moulded to the figure with long silk-faced lapels; lined with fine twill mohair lining; excellently tailored and perfect fitting; sizes 36 to 44. Price \$22.00.

Men's Evening Wear Slip-on Overcoats, made from an imported West of England fancy dress worsted, in a rich black shade; cut single-breasted style, long and roomy, with hand-padded shoulders and lapels; lined throughout with fine twill mohair and with black satin sleeve lining; sizes 35 to 44. Price \$18.00.

MEN'S MUFLERS FOR FINER WEAR.

Fine Silk, Silk and Wool, or All-Wool Mufflers, for evening and street wear; the new fringed end mufflers in various widths and lengths, smart fancy knit effects, in solid colors of pearl greys, creams, sky or black, black and white mixtures, etc.; very fine light weight silks, heavy knit silks, silk and wool, or all wool; an immense range at \$1.00, \$1.50, \$2.00, \$2.50, \$3.00 and \$3.50 each.

TWO PRICES ON MEN'S SILK HATS.

Men's Silk Hats, newest American make, light in weight and cosy fitting, flat or curling brims. Special price, \$3.50.

Men's Silk Hats, Christy's famous English make, fine quality and specially well trimmed, new fall and winter shapes. Special at \$5.00.

MEN'S HOUSE COATS AND BATH ROBES.

Men's English Cheviot House Coats or Smoking Jackets, in rich plain brown or grey shades, with fancy check backs, made single-breasted style with long roll collar and fancy cuffs made from reversible side of cloth, trimmed with fancy silk cord on edge, pockets and cuffs; sizes 36 to 44. Price \$5.00.

Men's Fine Quality Imported Kersey Cloth House Coats; a soft smooth-finished material, in handsome brown, fawn, grey, navy blue and green shades, with fancy club check backs, collar and cuffs made from reversible side of cloth, trimmed with fancy silk cord, fastened down the front with black silk frog fasteners; sizes 36 to 44. Price \$7.50.

Men's Austrian Blanket Bath Robes, in red, brown and grey grounds, with fancy stripe and scroll patterns; cut long and roomy, with neat circular collar and girdle for waist; sizes 36 to 44. Price \$4.50.

Men's Bath Robes, made from fine quality all-wool Austrian blankets, in a large assortment of colors, including dark grey, blue, brown, fawn and red shades, with neat figure and large scroll patterns; a very handsome and warm, comfortable robe, made long and roomy; fastened with girdle at waist; sizes 36 to 44. Price \$6.75.

SHIRTS FOR EVENING DRESS.

Regulation size bosom; coat style; cuffs attached or detached; all sizes, \$1.00 and \$1.25; white pique, same style, \$1.50.

WHITE DRESS CAMBRIC BOWS.

Small, medium and large, square or pointed ends, 5c, 3 for 25c, 2 for 25c, and 25c each.

BEST QUALITY LINEN COLLARS.

In dress shapes; well cut, well laundered qualities; all sizes, 3 for 50c.
