British Minister of War Goes to

Berlin, After Conference

With King and Sir

Edward Grey,

LONDON, Feb. 7 .- (Can. Press.)-

Lord Haldane, minister for war, left London suddenly for Berlin late to-day

provements, and no doubt some very interesting arguments will occur at the meeting, when these two factions come HALDANE TO

Mr. Harris sold this a few weeks ago to a Pellatt syndicate for about \$300,000. This

same syndicate bought the Talbot farm, ninety acres, to the west, and the Gates farm, of forty acres. (Newmarket race-track), to the south. They have also bought blocks on the east side of Woodbine-avenue. They also bought some north of St. Clair-avenue, including the McLean Howard farm. They must have 500 acres or more, and some of it cost over \$2500 an acre. They are beginning to lay it out.

But no sooner did Mr. William Harris begin to sell out to the Pellatt crowd than his sons and their associates started buying immediately to the north, and they have now secured over 500 acres north of St. Clair and east of the Don to the townline: Boyd farm, 70 acres; Smith farm, 90 acres; Grant farm, 100 acres; Coulson farm, 90 acres, other blocks that bring it up to 500 acres. The top price was nearly \$500 an acre; much of it brought

North again of this some months ago, John Harris and associates bought the Elliott farm, 200 acres, and subdivided it. The next farm (the Wilson, of 200 acres). William Harris bought, and it is believed that this has changed hands.

Are the whole 1500 acres which all join up going into one big deal, and what is looming up?

A Million From Paris A particularly interesting plece

going to be considerably more expenof news to local financiers yesterday was the rumor that a mil-lion dollars had been sent to a sive than the furriers' catalogues show it to-day. Now it is, that a small Toronto bank from Paris, France, muff and tie costs anywhere from to be loaned out. The rumor was crystallized into a fact by the seven hundred and fifty to one thousand dollars. There is another sable, admission of a prominent banker and broker, who said the rumor however; and it comes from the wilds was approximately correct. The same broker informed The World of Canada, the Hudson Bay sable, and that money was working easier in Toronto, and that money mar-ket conditions in all the leading financial centres were more in-clined to favor borrowers than for a long while. It is thought that the Paris funds will be con-fined to loans on securities, and some brokers predict that it will have a favorable influence on the price of stocks

ding the fact that we were most anxi

young man is hiram Abir and we gathered from him that he had a life acquaintanceship with Mr. Robertson and been with him on the works, and that Mr. Robertson imparted to him some time ago that inasmuch as Billy Maclean and this Hocken had, one in the council, and one in his newspaper, been supporting some deal which gave the whole of Ashbridge's Bay and the whole of the cast end of the settler to a grand-nephew of our old friend William Cawthra, Mr. Robertson had taken an oath to collect a menagerie of wild beasts to tear them to pieces like the gladiators were in ancient Rome, and also for all time to oppose in his paper anything that might ever be suggested by Hocken or Maclean. While we have not known this young man Hiram Abiff very long, still he scems to be rather bright, and putting what he says alongside of our own observations, we draw the, conclusion that there is a good deal of truth in it. The we would say this: that while it may be a satisfaction to Mr. Robertson and Mr. Jaffray to "sick" the wild animals on these two other journalists, it is rather hard that the residents of Little York should suffer in the way of getting another pump put in the town and two or three board sidewalks that are badly needed uptown: because as we size it up, it is the innocent people of Little York who are suffering rather than Hocken and Maclean who suggested the pump and the sidewalk. Mr. Maclean has always impressed us as a man of some grit and Mr. Hocken as a man of some force whenever there is a town meeting on. We therefore trust that Mr. Robertson take this from us : that if he puts his wild beasts on the two "yellow kids" as he calls them that he de not put them on the innocent and long suffering people of Little York. In the meantime we sit out here in our own

little sanctum watching the settlers driving their oxen over the Etobicoke Creek, far away from the fierce newspaper rivalries that prevail in Little York. We also trust our readers will notice the increased number of local items of news which our new reporter, Hiram Abiff, has been able to get in this week's paper. Hiram looks to us like a real find.

The ballot indicated that 445,801 men were for a strike and 115,291 were against the strike. The conference of the coal owners

and miners was preceded by meetings of the representatives of the coal miners in Great Britain, extending over many days, at which a minimum wage scale for all underground workers was formulated according to the varying conditions of the districts, but providing that nowhere should the wage be less than five shillings (\$1.25) a day. These demands were discussed at a prolonged session to-day, with the result that the coal owners adopted a resolution declaring:

Pay for Work Done.

"The owners are prepared to consent to the proposition that each person in their employment should receive a fair day's wage for a day's work, but are convinced that payment in proportion meeting, is a quagmire. to the amount of work performed it Five Thousand Troops Ready. the only rule that can be successfully applied in the case of coal-getters.

X

By Women

8th annual meeting of the Local Council of Women yesterday, it was shown that the past year had been one of the most successful since the association was founded. During the year many of the things in which women of Toronto and Ontario are most interested were brought to a successful conculsion, and mention was made of the fact that more care would be given to the

which the local council had been ad-vocating for several years. In the absence of the president, who is out of the city, Miss Constance Boulton presided over the meeting. During the year more than 2000 letters had been sent out, according to the re-port of the corresponding secretary. Re-ports were presented by the various standing committees, and the good work accomplished by the council was emphasized, mention being made of the new filtration plant, the juvenile court, the exclusion of men from courts while women's cases were being tried, fixing the age limit at which children can at-tend moving picture shows. Reports were received from thirty af-filiated societies, nearly all of which emphasized the necessity for increased accommodation. The crying need for some adequate protection fo rthe feeble-minded was protection fo rthe feeble-minded was especially commented upon in the re-port of the Haven and Prison Gate Mission. Good work has been done, ac-cording to other reports, by the milk depots for babies, the Canadian House-hold Economics Association, the W.C. T.U., and the Women's Welcome Hostel.

Give Evidence in Steel Investigation.

Editor World: In your issue of last night by a deputy sergeant-at-arms of Monday, Rev. Dr. Rochester is quoted the House of Representatives with a as saying "The Alliance is the working-subpoena from the Stanley Steel Trust as saying "The Alliance is the working-man's best friend and works only in his interests." If this is so, will the Alli-ance kindly interest themselves in the deplorable condition of the hotel and restaurant employes (both male and fe-male) of this city as far as Sunday f work is concerned? The ordin-ary working day consists of from 10 to 12 hours. This is not continuous, however, but sometimes breaks into 18 hours of the 24. In some of the larger 2 witness in the enougiry, but he could as saying "The Alliance is the working-man's best friend and works only in his interests." If this is so, will the Alli-investigating Committee, returnable next Monday. Deputy Sergeant-at Arms White was despatchet with it to Jekyll Island, Georgia, where Mr. Hill was reported to be solouraing. Several days ago it was publicly re-ported that the Stanley Committee desired the attendance of Mr. Hill as hours of the 24. In some of the larger more? We do not know. But at all events England is ready to fight. What then keeps the peace, and what is it that they all know? Is it this: There is to be a great readjust-ment, a rearrangement of Africa. Portgual is about to sell out her large African possessions in a fair. in the enquiry, but he could stop order herein. Order made. what is it that they all know is it in the bound of lords decided an-this: There is to be a great readjust-courts, the house of lords decided an-other point of importance regarding the validity of mixed marriages. In 1746 an iarge African possessions in a few weeks. Fingland is willing that Germany be the buyer. Germany will set a better chance to expand and colonize in Africa, if she cannot get a (and women) the opportunity of making themselves better in the nobler part of the transportation facilities of the Steel Corporation.

The Toronto General Trusts Corporation

Report of the Proceedings of the Thirtieth Annual General Meeting.

The Thirtleth Annual Meeting of the Shareholders of the Toronto General Trusts Corporation was held in the Board Room of the Corporation's new Head Office Building, corner of Bay and Melinda streets, Toronto, on Wednesday, the 7th of February, 1911.

There were present :-- Hon. Featherston Osler, K.C., John Hoskin. K.C., LL.D., John L. Blakie, Hon. J. J. Foy, K.C., M.P.P., Sir John M. Gibson, K.C., Thomas Long, Sir Aemilius Irving, K.C., D. R. Wilkie, Hon. Robert Jaffray, Samuel Nordheimer, Sir Wn. Mortimer Clark; K.C. Wallace Nesbitt, K.C., Alexander Nairn, John Paton, Emmerson Coatsworth E. T. Malone, K.C., James Davey, Victor Ross, G. A. Stinson, A. R. Boswell, K.C., W. D. Matthews, F. W. Harcourt, K.C., H. S. Osler, K.C., J. W Langmuir, J. B. Holden, C. S. MacInnes, K.C., W. R. Couch, Frank W Maclean, Fred C. Jarvis, Frederick Wyld, J. Bruce Macdonald, G. G. S. Lindsey, J G. Scott, K.C., C. W. MacLean, R. J. Maclennan, J. Harry Paterson, Joseph A. Thompson, P. Freyseng, George Bell, K.C., J. F. Ed. gar, Edward Galley, James Hedley, Wm. Ince, G. H. Wood, A. L. Malone, D. A. Dunlap, A. D. Langmuir, W. G. Watson, E. E. Argles, T. J. Maguire, W. N. Lonsdale, C. E. Robin, H. M. Forbes, F. R. Dymond, H. C. Hewetson, J. A. H. Burt, Fred. L. Jarvis, James Lang, George Porter.

The President, the Hon. Featherston Osler, took the chair, and Mr A. D. Langmuir, the Assistant Manager, acted as Secretary to the meet ing.

The financial statements, showing the operations of the Corporation for the year ended 31st December, 1911, were submitted and commented upon by the Managing Director, Mr. .. W. Langmuir.

The report to the Shareholders was then read. as follows:

THIRTIETH ANNUAL REPORT OF THE DIRECTORS OF THE TO-RONTO GENERAL TRUSTS CORPORATION, BEING FOR THE YEAR ENDED 31st DECEMBER, 1911.

To the Shareholders :

Your Board of Directors have pleasure in submitting the Thirtieth Annual Report of the Corporation, together with the statement of Assets and Liabilities, the Profit and Loss Account and other statements showing the operations of the Corporation for the year 1911.

Executorships	\$2,470,785.27
Administrations	1,050,954.69
Trusteeships	654,682.89
Guardianships	31.152.83
General Agencies	1,252,855.28
Investment Agencies	459,482.70
Guaranteed Investments	900,641.11
Lunatic Estates	5,517.82 +
Committeeships	16,907.56
Miscellaneous	252,498.50

Total \$7,095,478.65

In addition to the foregoing the Corporation became Trustee for bond issues to the amount of \$5,920,000, as well as having been appointed to act as Registrar and Transfer Agent, and in other capacities.

The residuum of assets in the hands of the Corporation at the close the year amounted to \$45,065,232.49, as compared with \$41;601,297.63 the preceding year.

The net profits, after payment of the entire cost of management at the Head Office and its Branches, and after making ample provision for losses amounts to \$198,892.42. This amount, together with the balance at credit of Profit and Loss at the end of the preceding year, namely, \$52,844.95 enabled your Directors to bring down for distribution the sum of \$251,237.37 Out of this amount four quarterly dividends at the rate of eight per cent per annum were paid, amounting to \$80,000; \$100,000 was carried to Reserve (thus increasing that amount to \$700,000), and \$71,237.37 was brought forward to the credit of Profit and Loss orward to the credit of Profit and Loss.

The Corporation's new building is very nearly completed, and all the space beyond what is required for the Corporation's own use (with the

preme Court of Judicature for Ontario, and Trusts, Estates and Agencies in the Corporation's hands, and we have checked same with the mortgage and debenture ledgers and registers. The bankers' balances, after deducting out standing cheques, agree with the books of the Corporation.

ave also examined the reports of the auditors of the Winnip ranches, and find that they agree with the head office books.

R. F. SPENCE, F.C.A., "Can.," } Auditors.

Toronto, January 29th, 1912.

In moving the adoption of the Report, the President, the Hon. Mr. Featherston Osler, K.C., said in part:---

I shall not comment at any length on the report, but shall ask the Managing Director, Mr. J. W. Langmuir, whose remarks are looked for-ward to from year to year with much interest by the Shareholders, to ad-dress you. There are, however, two matters to which I might refer very briefly. In the first place, I am convinced that this Corporation is cap-able of rendering a larger service to the farming community throughout the Province, who have during the last few years acquired considerable wealth, but owing to the lack of proper tacilities for investment have large sums of money earning not more than two and a half to three per cent, which if invested through the Corporation's Guarantee Investment System would produce a guaranteed net return of four and a half per cent, per annum.

annum. The other matter to which I wich to refer is the work of the Inspec-tion Committee, the report of which will be read by the Hon. Mr. J. J. Foy. K.C. Chairman of the Committee. This report should be of interest to everybody concerned, showing as it does how full and complete is the work done by the Committee in the examination of the loans negotiated or new business assumed by the Corporation, and in ascertaining that the authority of the Board has been received in every instance for the acceptance of such new loans and work, etc. In closing I need only add that I am quite sure that the financial results of the operations of the Corporation for the year will be alike satisfactory to both shareholders and clients of the Corporation. I have much pleasure in calling on the Managing Director to address you.

The Managing Director, Mr. J. W. Langmuir, said :-

The managing Director, Mr. J. W. Langmuir, said :--Thirty years ago this week the Toronto General Trusts Corporation was organized, when, at a meeting of the Shareholders, nineteen Directors were appointed. Of these nineteen gentlemen ten are dead, four have resigned, and five only of the charter Directors remain and are with us to-day--namely, the Attorney-General, Hon. J. J. Foy, K.C.; Sir Aemilius Irvins, K.C., Senator Robert Jaffray, J. W. Langmuir and J. G. Scott, K.C. We commenced operations in a small office on Wellington street, with a staff comprised of the Manager and one clerk, who performed the duties of stenographer as well as bookkeeper. To-day our staff at the Head Office and its three Branches numbers seventy-two. The gradual growth of the Comparation pacestisted the purchase and

Office and its three Branches numbers seventy-two. The gradual growth of the Corporation necessitated the purchase and removal to our quarters on the corner of Yonge and Colborne streets (farmi-erly occupied by the Caradian Bank of Commerce), where we have been for twenty-one years, and to-day we meet for the first time—although the building is not quite finished—in our splendid new quarters. I'say "splen-did," for I think when the building is completed it will be acknowledged to be one of the handsomest structures in Toronto, both in respect to ex-terior and interior construction. So much for our past history.

terior and interior construction. So much for our past history. Coming now to the operations of the year just closed, I am sure that the Shareholders and clients of the Corporation will find satisfaction in the Thirtieth Annual Report presented to you to-day. The volume of business, as shown by the statement of Assets and Liabilities, in the hands of the Corporation, has reached the sum of \$45,086,659.99. This is an increase over the residuum in the hands of the Corporation as at the 31st of Decem-ber, 1910, of no less a sum than \$3,485,362.36. The Corporation during the year assumed new business to the extrem of \$1,095,478.65, as shown by the Directors' Report, so that the increase in the volume of assets in the hands of the Corporation over the amount under its control as at the 31st December, 1910, corporation over the amount under its control as at the 31st in the base states approximately 50 per cent of the entire amount of new business taken over during the year. This is a feature of our busi-ness which I think is a matter for congratulation, indicating as it does an increasing degree of permanency in connection with the work assumed by the Corporation ; in other works, it makes apparent the growing dis-position on the part of individuals to provide, either by Will or by Trust Deed, that the Corporation shall invest the proceeds of their Estates and pay the revenue to wife or children, rather than distribute forthwith among the beneficiaries the corpus of such Estates. The net profits for the year, as shown by the Profit and Loss Statement.

The beneficiaries the corpus of such Estates. The net profits for the year, as shown by the Profit and Loss Statement, are \$198,392.42, or an increase over last year of \$20,318.41, which, together with the balance brought forward' from 1910, makes a total balance for disposition' of \$251,237.34. Out of this amount your Directors have paid the four quarterly dividends of two per cent., or eight per cent. for the year, amounting to \$80,000; transferred to Reserve \$100,000, and carried forward to the credit of Profit and Loss account the sum of \$71,237.37. The Corporation's Reserve has therefore reached the sum of \$700,000, which, with the balance brought forward to the credit of Profit and Loss, gives us a total Capital and Surplus of \$1.771,237.37.

gives us a total Capital and Surplus of \$1.771.237.37. One of the outstanding features of the Profit and Loss Statement is the small percentage the net profits bear to the volume of business controlled by the Corporation. And I may say that the result cannot be attributed to excessive cost of management, as in this respect, notwithstanding the com-piex character of a very large percentage of the assets and work of the Corporation, necessitating the employment of a skilled staff, the ratio of expenses to the volume of business in hand for the last year will very favor-ably compare with the returns of any other financial institution. These deductions should, I think, dispel from the minds of certain persons—and I understand there are some—the idea that the profits made by Trust Com-tanics through the administration of Estates, are more or less excessive; at the same time these figures should be instructive to persons who contem-tlate the appointment of the Corporation as their Executor or Trustee, or in intment of the Corporation as their Executor or Trustee, or in

will be able to see for themselves that the building is now almost completed. At a subsequent meeting of the Board of Directors Hon. Featherston Osler, K.C., was re-elected President, and W. H. Beatty and Hon, J. J. Foy, K.C., Vice-Presidents.
 The Inspection Committee was re-elected—namely, Hon. J. J. Foy (Chair-man), Sir Aeintilus Irving, K.C., and Frederick Wyld. The following members were elected to the Advisory Boards of Ot-tawa and Winnipe; —

OTTAWA-W. D. Hogg, K.C. (Chairman), Sir Henry N. Bate, George Burn, Capt. J. L. Murphy and Hiram Robinson WINNIPEG-Hon. Sir D. H. McMillan, K.C.M.G. (Chairman), Hon. D. C. Cameron, W. H. Cross, A. L. Crossin and H. H. Smith.

WITH W. H. HOYLE NEW SPEAKER

THIRTEENTH LEGISLATURE OPENS

Speech From the Throne States That Manifestations of Steadily Increasing Enterprise and Desirable Activities of the People Are To Be Seen Everywhere and Are Subjects of Congratulation.

The legislative machinery of the province is once again in motion. Yesterday afternoon, with the customary formalities, the 13th parliament of Ontario was opened by His Honor Sir John Morison Gibson, lieutenant-governor of the province. The mild blizzard which blew most of the day prevented a very large crowd of sightseers from congregating around the entrance, where a guard of honor from the 48th Highlanders was stationed to receive the gubernatorial party. In spite of the weather drawbacks, however, several hundred people had assembled, as the booming of cannon announced the arri-val of the King's representative.

We, the undersigned, beg to report that we have made a full examination
of the books, accounts and vouchers of The Toronto General Trugts Corpora-
tion to the first December, 1911, and find same to be correct and properly act forth in the above statements of Front and Loss and Assets and Lia-
bilities. We have examined, and find in order, all the mortgages, debentures.
bonds and scrip of the Corporation, as well as those negotiated for the Su-

standing the comparatively small profits derived from such a e of business, the result will, I think, be entirely satisfactory cholders, especially when it is remembered that during the end, indeed, for the past two years, a considerable amount of our been locked up in the construction of our new Head Office us withdrawing for the time being, a considerable sum from productive investment.

of to the Assets and Liabilities Statement, I should like to point the increase in mortgage investments—namely, \$2,029,703.30— Corporation for its Trust and Guarantee Accounts during the der that the beneficiaries of estates may obtain the best pos-return consistent with security, the Corporation exercises due procuring first mortgages on improved real estate, as on such we can obtain better returns than from any other class of se-which Trustees are authorized to invest. In this connection 1 at the Corporation in its mortgage investments confines itself ortgages that come within the terms of the Trustee Investment loes not admit of advancing more than 50 per cent. of the value ty offered and loaning only on first mortgages on improved real

h the demand for loans on farm properties in the Province of greatly fallen off during the past five years, it is satisfactory to holce city loans on centrally located properties have largely in-t the close of the year we have of our own negotiation (exclud-ed mortgages taken over with estates) mortgages to the extent 14.83 in Ontaric: in Manitoba, Saskatchewan and Alberta \$4.a total of \$17,642,161.64.

estments in Government and Municipal securities amount at the year to \$4.079,087.55, bearing an average rate of 4.42 per cent ss of the Ontario city and farm mortgages will be best realized a that 97 per cent. of the interest which matured on or before the year has been paid. Owing; however, to the disappointing its extending over a considerable area of western Canada, the ments have not been quite so satisfactory, although over 75 the interest that had matured on or before the 31st December, pect of loans in the Northwest Provinces has been paid.

spect of loans in the Northwest Provinces has been paid. In a of mortgages on real estate leads me to refer to a matter that an attracting much thought and attention—namely, speculation citive real estate. A number of Presidents and General Man-anks have recently sounded abroad notes of warning, which I red are most opportune. This form of speculation has, with the bansion of the country, assumed serious proportions, particularly on with some of the western cities and towns, and especially the tes along the great railway systems through the Prairie Provinces a Columbia. In many of these towns property is being sub-ta sold as building lots that will certainly not, if indeed ever, the market for building purposes for a great many years. While of the West, it is also true of the city of Toronto suburban Farms from one to five miles from the sity limits that were varion a few years ago, having a value of not more than \$300 have been recently sold at fabulous prices, and are now offered lie in building lots on a foot f ontage tars. It is quite true to is increasing its population in the neistborhcod of thrip theu, nnum, making it necessary to provide several thousand homes o is increasing its population in the heighborhood of thirly thou, nnum, making it necessary to provide several thousand homes at the same time it must be remembered that between these bedivisions and the city there is still an enormous amount of va-o be built upon. While it is important that Banks should give alnst this form of speculation, it is perhaps even more incumbent Companies to endeavor as far as possible to maintain true land is o large a percentage of their investments are confined to mort-coll estate.

the Consecution to day. The vexations delays thith seem to attach to ry occupation to-day. The vexations delays thith seem to attach to Il large building contracts in Toronto has caused not only discomfort, but onsiderable less of rents to the Corporation. The Shareholders, however,

RAND OPERA ENGAGEMENT. Huberty and Cargue, will also be in th In evidence of the great interest that Rose Stahl. being taken in the Montreal Opera

THURSDAY MORNING

AT

THE THEATRES

In evidence of the great interest that is being taken in the Montreal Opera company's engagement, it may be said that from 9 o'clock yesterday morning until 5, tickets were sold as fast as they, could be handed out, both at the Royal Alexandra Theatre and the Bell piano warerooms. The repertoire for the first week of the season, which commences on Mon-tay evening next, will embrace several schopls of music. The opening bill will be Puecimis tragic opera, "La Tosca," which has had one previous perform-ance in Toronto. The title role will be sung by the great dramatic soprano. Esther Ferrabini, and she will be sup-ported by Columbini, the noted temer, who will make his first appearance in roronto. Th Tuesday the ever popular "Faust" Seats now selling.

"The Light Eternal."

Toronto. On Tuesday the ever popular "Faust" will be revived, with a splend'd cast of singers, all of whom will be heard in Toronic for the first time. The Mar-garet will be the lovely soprano, Bea-singer La Palme, with Darial as Faust, and the greatest French Mepristo, y Albert Huberty, in the part of the field. On Wednesday, the ever popular "La "The Light Eternal." In "The Light Eternal." the stirring spectacular drama of early Rome, which comes to the Grand next week, Martin V. Merle, the author, has hit upon a happy blend of unhappy love and re-ligious persecution resultant in one of those rare dramas, or almost melo-diamas, that appeal alike to every class and condition of peeple. Avowed the-atre-goors revel in its intense drama, while churchmen find much to commend in its religious fervor. When Wilson On Wednesday the ever popular "La n its religious ferver. When Wilso Barrett wrote "The Sign of the Cross Barrett wrote "The Sign of the Cross" he paved the way for other dramatists, in whom lurked a desire to portras-early Christian martyrdoms, and fol-lowers he has had in plenty, tho it has remained for the author of "The Light Eternal" to outdo Barrett at his best. This play combines intense human in-terest with the beautiful and subtle sentiment of the Christian religion: the best thoughts of a brilliant playwright with the dever conceptions of a master producer; the players have caught the spirit of, the theme, and every person in the east harks back to the strife of paganism and the glories of a new faith disastrous to those upon whom he oper-ates. The comedy is filled to the brim with amusing incidents, full of sun-shine and sparkle, and is voted to be the wittlest and brightest burlesque on the road. In the cast harks back to the strife of paganism and the glories of a new faith with a sincerity and conviction that en-guils the audience. In the intricate meshes of the play. Added to the evi-dent sincerity and unquestioned dra-matic worth there is in "The Light Eiternal" a glitter and splendor of pro-duction possible only in presentations of that period.

Elternal" a glitter and splendor of production possible only in presentations of that period.
"The Lady Buccaneers."
At the Star Theatre for one week, starting with matinee Monday, "The Lady Buccaneers."
At the Star Theatre for one week, starting with matinee Monday, "The Jady Buccaneers." will be the attraction. Three high-class comedians. Dick Maddox, Claude Kelley and John C. Hanson, will be seen in an original
Willerd Vale and the musical comedy has been written by Dog Roth. The lyrics are by Willard Vale and the music by Leo Edwards. The general costuming of the numbers are "The March of the starting and there is no doubt built is the most handsomely-gowned show playing the burlesque Fouses: Among the numbers are "The March of the attention, and there is no doubt built is the most handsomely-gowned show playing the burlesque Fouses: Among the numbers are "The March of the attention, and there is no doubt built is the most handsomely-gowned show playing the burlesque Fouses: Among the numbers are "The March of the attention, and there is no doubt built is the most handsomely a fing on Me."

at the Grand next week,

Dr. Cook will tell his story to a To-romto audience at Massey Hall on Mon-day night. This will be the first time Dr. Cook has spoken on British soil, and already a great deal of interest is being manifested in his lecture. A full description of his journey will be given. The educational value of Dr. Cook's lecture cannot be estimated. The limelight views which he shows are from actual photographs taken of Arctic scenes.

ROSE STAHL

Arctic scenes. The sale of tickets is already very large, and a good audience is assured. Seats may be reserved at Massey Hall or the Bell Piano box office, Yongedescended upon the automobile show street.

American Smelters Dividend.

American Smelters Dividend. NEW YORK, Feb. 7.—The American Smelting and Refining Co. to-day declar-ed dividends of 1 1-16 per cent. on the preferred stock and 2.3 of one per cent. on the common stock for the last two months of 1911. These dividends are de-clared for that period instead of the usual three months dividends in order to bring the distributions into conformity with the calendar year. The next divi-dend distribution will be for the first quarter of 1912. e to see the demonstration of the fam-

minister. The tariff, he declared, was not a stereotyped thing. It should change with changed conditions, but such change should only come on the basis of accurate information. This would be gathered by the commission from the reports and statistical information of other countries, by investigations and by hearing those who desire to be heard. Confidential information gathered from business men would not be disclos. ed, as credits might be injured minister. The proposed bill allowed the board to-report their own monclusions, the trape should report facts, and only facts. A better method would be the addi-trate and commerce and customs of statistical experts. The proposed bill allowed the board to-report their own monclusions, A better method would be the addi-trate and commerce and customs of statistical experts. The proposed coard might fall in conclusion, he moved the six-months' hoist, seconded by F. F. Pardee (West Lambton). the Canadian government. the Canadian government. It is understood that the Cartwright interests hold very little stock at the present time, and this is taken to indicate that they will make no deterdicate that they will make no deter-mined effort to continue in control of the management. About fourteen months ago their holdings amounted to about 300,009 shares, but this has been liquidated. Mr. Wheeler, a di-rector and personal friend of the presi-dent, has sold 10,000 shares, reducing his holdings to 2000. Ely Cartwright, a brother and a former director, has about 500 shares in his name, and the secretary and attorney, Mr. Faskin, 600 shares. The holdings of the presi-dent, Burr E. Cartwright, are also thought to have been considerably re-duced. Confidential information gathered from business men would not be disclos-ed, as credits might be injured. The U. S. tariff board had derived a great deal of information in this way. Stand for Adequate Protection.

Stand for Adequate Protection. "The government," said Mr. White, if "has not modified in any way its policy of reasonable and adequate protection to the industries of this country. "We can't get too much information. We can't get too much data. "It is with the object of obtaining in-formation that will aid the govern-ment in producing a tariff that will be fair to the farmer, the artisan, and above all, the consumer that this bill has been brought down by the govern-ment." The annual meeting is called for Sat-

HANDS ON TARIFF Guthrie's Objection, Hugh Guthrie (S. Wellington) thought the obtaining of information and facts was all right, but disagreed with the proposed method of seeking it. The form of the bill, he declared, was ob-jectionable, and, if persisted in, would be disastrous to the great body of the citizens of Canada. It was a radical departure in parlia-mentary and constitutional practice

Continued From Page 1. fully prepared to suppose such a poi-

The government had made no mise to the C. M. A. and had been

akin to the railway commission. This, the minister of finance thought, uto-plan and impracticable. There was no question in the realm of political science about which men differed more carnestly or widely than that of the 200 tariff. The tariff. The declared, "cannot be taken out of politics. It is, and proba-bly always will be, the chief topic of political discussion." **Precedent of 1893.** In 1892, he said, a committee of min-isters of Sir John Thompson's gov-the to base tariff legislation. Again (60) in 1897 three cabinet ministers had done the same. The same practice in the base is the same practice in the the sheep to introduce a bill for the magnitude of the minister of finance in advantage the same practice in the sheep to introduce a bill for the magnitude of the minister of finance in the the same practice in the the sheep to introduce a bill for the magnitude of the minister of finance in tarial bibment of a partmanent tariff.

600 in 1897 three cabinet ministers in 500 done the same. The same practice in 100 tone & preceded the tariff. done the same. The same practice in had been to introduce a bill for the stabilishment of a permanent tariff.

Premier Replies. Premier Replies. Right Hon. R. L. Borden began by reproaching Mr. Guthrie for the gloomy tone of his speech, and ecalled the fact that he had voted time after time to force reciprocity thru without an appeal to the people, the that was not a measure for merely gathering infor-mation, but was calculated to affect for all time the destiny, not only of this country, but of the whole empire. "The purport of the present bill," de-chared the premier, "was that informa-tion should not be gathered, as in the past, in a desultory, but in a scientific and systematic manner." "Mr. Guthrie," he added, "was not distinguished for accuracy. Three on four years ago the establishment of a tariff board had been advocated by a prominent man before, the Toronto Board of Trade, and it had been spoken of on many other occasions. He him-0 Ē

LAN

platform on the tariff there would of on many other occasions. He him-self had debated that question on at least forty or fifty platforms, both in the east and in the west, and he had found the people fully prepared to sup-port the poiley of the Conservative party in this regard.

thucheed by precedent and local consider-ations. The proposed commission was an arti-ficial expedient to escape ministerial re-sponsibility. He urged that the desir.d information would be more effectually secured by the appointment of civil ser-vice aids rather than by means of a com-mission.

clizens of Canada.
clizens of Canada.</l

To Cut United States Tariffs.

To Cut United States Tariffs. The premier then recalled, in answer to the talk about the bill as an inven-tion of Yankee high protectionists, that the object of the President of the United States in introducing the Ameri-can bill was to cut down high pro-tection. He also remembered that Sir Wilfrid Laurier at the last imperial conference had speken in favor of an imperial trade commission for the gathering of information. As to he clause about combines, the bill did not take away any existing powers of the courts; it merely estab-lished a new tribunal. Mr. Guthrie's support of the sugges-

Mr. Guthrie's support of the sugges-ion of W. F. Maclean for the federal nforcement of federal law, Mr. Borden hought the one sercible thing in his peech.
