HEM KUROPATKIN, FORCING A FIGHT

Battle Has Been Raging About Haicheng For Several Days With Success For the Little Fellows.

London, Aug. 1.—A telegram received from Haicheng says the Japanese attacked the Russian southern army on Friday morning. The Japanese infantry pushed from the south along the railway in the face of a heavy artillery fire. The Japanese continued to advance until 11 o'clock, when at least they were checked. Later in the day the fighting was vigorously renewed.

FIGHTING FOR TWO DAYS.

London, Aug. 1.—The correspondent of The Daily Mail at Newchwang, in a despatch dated July 31, says that there has been heavy fighting for two days in the marshes south of Haicheng, during the Russian retreat from Tatsienkiao of 6000 Russians forming the rear guard, and that the peril of this force increases daily.

RUSSIAN WARSHIPS FOR EAST.

Copenhagen, July 31.—Two Russian cruisers and two torpedo boats have traversed the great belt going northwards.

The Great Belt is a wide channel connecting the Baltic and the North seas. It separates Funen, the second largest of the Danish Islands, from Zealand, the largest of the Danish islands.

Adespatch to the London Daily Mail from its Copenhagen correspondent, April 12 last, said that the visit of King Edward to the Danish capital had resulted in the beginning of negotiations for a new treaty between Great Britain, Denmark and Russia, replacing the conventions with Denmark, concluded by the late Emperor Alexander III. It was understood that the proposed arrangements would secure the neutrality of Denmark in the event of an Anglo-Russian conflict, or at least that the Great Belt would be declared neutral in the event of such conflict.

BACK TO THE NORTH.

Frankfurt, Germany, July 31.—The Tokyo correspondent of the Zeitung says that the Vladivostok squadron has returned to Vladivostok.

NO DETAILS RECEIVED.

Vladivostok, July 31.—No details have been received here of the sinking of the British steamer Knight. Commander by the Vladivostok squadron, except the statement to the effect that a portion of the crew and passengers and the ship's papers are held for production as evidence in court to justify the claim that the ship was a legal prize and therefore subject to confiscation.

NO FEAR OF SEIZURE.

Astoria, Ore., July 31.—The Hamburg-American steamer Argonia, four-laden, which has been detained here for two days on account of fear of seizure by the Russian Vladivostok squadron, has received orders to proceed to Yokohama and Hongkong. She will leave immediately.

THERE IS A MAN.

London, July 31.—Rudyard Kipling, who is known as a strong admirer of Joseph Chamberlain and an earnest supporter of his political views, and who believes that his tariff proposals will contribute largely to weld the empire, has written a striking poem, which will appear here to-morrow, and which is sure to cause much interest and discussion in political circles as well as in the literary world. It is entitled "The Man," and is of five stanzas, each ending with the italicized refrain, "Once on a time there was a man." The final stanza is an enthusiastic suggestion that even in these days there is a man who is capable of great things. Following are the first and last stanzas of the poem:

Oh ye who have the written clue To all save all unwritten things, And half a league behind, pursue The accomplished fact with flouts and flings, Look! to your knee your baby brings— The oldest tale since earth began— The answer to your wrappings: "ONCE ON A TIME THERE WAS A MAN."

A bolt is fallen from the blue. A wakened realm full of circle swings Where "Dathan's dreamer dreams of vast and far borne harvestings, And unto him an empire clings. That grips the empire of his valour, My lords, how think you of these things?"

"ONCE IN OUR TIME—IS THERE A MAN?"

*See Genesis, Chap. xxviii, v. 5 and 17. B. 3. And Joseph dreamed a dream and he told it his brethren; and they hated him yet the more. 17. And the man said, they are departed hence, for I heard them say, we will slay thee. 18. And when thou shalt see them, say unto them, Behold I have dreamed a dream.

TRAIN HELD UP.

El Paso, Texas, July 31.—A Rock Island passenger train, which left El Paso yesterday, was held up near Pecos, N. M., and robbed. The passengers were lined up at their valises taken from them, after which the express and mail cars were uncoupled from the train and run about two miles in the track and there dynamited and robbed.

JAPS SURROUND PORT ARTHUR.

Chetoo, July 31.—A Japanese merchant has received word from a Chinese whom he trusts to the effect that the Japanese have occupied every position surrounding the besieged fortress of Port Arthur, with the exception of Golden Hill. The Chinese stated that both sides suffered tremendous losses in the operations necessary to bring about this state of affairs. The members of the Russian Intelligence Bureau here, while denying the report that Port Arthur has been captured, are inclined to believe that the reports are true to the extent that the Japanese have made great progress about the operations against the besieged fortress. The party of Russian refugees expected here to-day have not as yet arrived.

MUST FIGHT OR GO NORTH

KUROPATKIN IN A CORNER

Three Japanese Armies Completely Envelop the Russians, Who Concentrate at Haicheng, Where They Are Being Herd Pressed—Situation at Front Critical.

St. Petersburg, Aug. 1.—(3.35 a.m.)—While public attention has been distracted from the events of the war during the past week, first, because of the fear of international complications, and second, because of the appointment of Minister of the Interior Von Plehve, the situation at the front is regarded as critical. The enveloping movements of three Japanese armies of Generals Kuropatkin, Nodzu and Oku around General Kuropatkin's position appears to be almost complete, and the extended line of the Japanese seems to be the only drawback to concerted action. IT IS REALIZED HERE THAT THE RUSSIAN GENERAL MUST NOW EITHER FIGHT OR WITHDRAW THE WHOLE ARMY NORTHWARD. He is being closely pressed at Haicheng. At that place, Gen. Kuropatkin's northern column makes it extremely dangerous to remain there, because,

while holding the position to give battle against the Japanese, whose advance is notoriously slow and careful, Gen. Kuropatkin must push thru and cut his railway communications to Liaoyang. While nothing is definitely known, there are some unofficial indications that matters are rapidly maturing for either a battle or retreat. For instance, the refusal to accept further press telegrams at Haicheng is shown by the fact that one of the correspondents of the Associated Press had to ride thru to Mukden to find an account of the Tatsienkiao fight. This might be construed either that preparations are making for a retirement or that the wires are very crowded incident to a concentration at Haicheng or Liaoyang.

A few days are expected to determine whether or not Kuropatkin has elected to pursue. The indications are that the Baltic squadron is on the way to the front. The Emperor had arranged to inspect the squadron, but his plan was given up, owing to the assassination of Minister Von Plehve.

GERMANY MAKES A DEMAND

VENEZUELA A SLOW PAYER

Surprise Expressed at Washington at the Latest Phase of the Situation.

Willemstad, Island of Curacao, July 31.—It is reported that Herr Feldheim, the German minister at Caracas, has delivered an ultimatum demanding the immediate payment by the Venezuelan government of the interest on the amount of the award to be paid to Germany as stipulated in the protocol signed by Herbert W. Bowen, representing Venezuela, in February, 1902. If this demand is not complied with, the report says, the minister will leave Caracas Aug. 4.

SURPRISE AT WASHINGTON.

Washington, July 31.—Not a little surprise is evinced here over the news from Willemstad, as the general impression has been that President Castro was meeting the demands of the protocols signed by Mr. Bowen, Germany, Italy and Great Britain, according to the decision of The Hague Tribunal, were to have preferential treatment in the payment of their claims against Venezuela, after which the non-blocking powers were to be paid.

All the payments were to be made out of 30 per cent. of the customs receipts of the ports of La Guayana and Porto Cabello. Some reports which have reached here have intimated that a full 30 per cent. of the receipts at the two ports named were not being set aside for the payments of the claims as provided. This may have a bearing on the action which is said to have been taken by the German minister.

At the same time provision also was made that if Venezuela failed to keep the terms of the protocol the Belgium government was to take charge of the customs at the ports named and administer them until the claims of the powers were settled along the lines agreed on. This the officers here think, should remove the necessity for any arbitrary action by any of the powers signatory to the protocol.

STORM CAUSED 2 UPSETS

STRATHCONA'S LIVELY RUN

Wind and Rain Played Havoc With the Sailors on Bay and Lake.

The squall which sprang up about half-past three yesterday afternoon brought with it very real and pressing danger to a number of sailing craft, on the bay. While the outbreak of the storm did not occur without certain preliminary indications, little time was given in which shelter could be sought, and as a result many craft with their occupants, including several cases ladies, were caught in the teeth of a sort of modified tornado, sweeping the bay from south-south-east. The drenching downpour which followed closely at its heels made the situation in the highest degree unpleasant. When the unfortunate debarked their boats, to quote a bystander, like "drowned rats."

The skilful manner in which one A. C. Y. C. member, who, with two ladies, had been cruising in a small dinghy, bore his craft safely to the landing was considerable of a topic among those who saw the dashing run for shelter across the bay. The storm was at its height, and there was more than a spot of danger in the situation, the presence of the ladies on board causing the watchers ashore to keep an anxious eye on the dinghy. Had the boat been in the hands of one less expert an upset would almost certainly have occurred. As it was the craft was brought in in grand style.

One upset did take place a short distance out from the Toronto Canoe Club landing, a dinghy careening clear over and throwing two young men into the water. Their mishap was seen and prompt action taken, the club dinghy being at once manned and a rescue effected. The young men did not give their names.

The most serious affair was the one occurring about half a mile out in the lake opposite Stanley Barracks. A 20 foot dinghy containing three men heeled over thru the violence of the wind, and those aboard were thrown into the water. Luckily for them the plight was observed from the shore. Privates Flecher and Warburd of the R.C.M.P. put out in a rowboat and despite the manner in which they were carried, which they carried out in the rescue. Runins alongside the overturned dinghy they picked up its late occupants, and returned to shore. The craft was towed in. The rescued men dried out at the barracks. Their names are not known.

The yacht Strathcona, with Captain McCrae in charge, had an exciting run home on Sunday morning, after six or seven on board included ladies. Rough weather was experienced, a strong wind driving the yacht thru the broken water at a terrific clip. At times so much did she heel over that she was submerged to the cabin level. Mrs. Macdonald, the skipper's wife, who had been on board for three hours, the Strathcona entering the bay during the height of the storm, was very much shaken up. The R.C.Y.C. landing at the island.

FIREMEN CUT BY GLASS.

Firemen Abe Cochrane of Hose 1 and Jim Dixon of Aerial 2 are off duty owing to severe cuts sustained by falling glass at the Warwick Bros. & Rutter fire on Friday afternoon. Cochrane is in hospital and Dixon had to be put under chloroform when being doctored. Dixon has his right arm badly lacerated.

No Romance This.

Chatham, July 31.—Joseph Smith of Ridgeway was sentenced to-day to six months in the Central Prison on a charge of stealing \$50 from Mrs. Brandon. Smith was an artistic thief. His wife died last February, and since then Mrs. Brandon has been in mourning. She had \$50, Smith is 40. Smith, when he found she had \$50 in the bank, proposed matrimony. He suggested that she withdraw the money and that they go to Detroit for the ceremony. At the hotel he handed back the purses to the woman and said she had better keep it while he went out to get a license. The remainder of the day he spent in coming back, so she looked in the purse. There was just \$5 there. Mrs. Brandon took the hint and went home. Later, Smith was discovered in London, arrested and brought here for trial. He has two small children.

Preparing to Continue Fight.

Chicago, July 31.—Both the packers and the strikers spent Sunday in strengthening any weak spots that could be found in their defenses preparatory to another week of effort to bring their opponents to terms. All the strikers were organized during the forenoon in order to get rid of the live stock remaining from last week. The remainder of the day was spent by the employers in installing 1000 new men in the strikers' places and arranging small details.

Fearful of Lynching.

Savannah, Ga., July 31.—Emit Cotton and Paul Reid, negroes, suspected of the murder and burning of the Hodges family near Statesboro, were brought here to-day for safe-keeping. Evidence has developed that tends to show a still more heinous crime was committed upon the persons of Mrs. Hodges and her 8-year-old daughter Kittie before they were killed.

WHEN THE BEAR DANCED.

O.C.P. NEEDS MORE ROOM

WOULD LIKE A PARK SITE

University Authorities, However, Decline to Part With the Land Required.

The semi-annual meeting of the council of the Ontario College of Pharmacy will commence this afternoon and continue thruout the week. There is nothing of a special nature programmed, altho one question of great interest to the college will probably come up for earnest discussion. For some time now the present building on Gerrard-street has been found too small to accommodate the number of students desiring to take the course. Efforts have been made to induce the University of Toronto authorities to apportion a space in the park property to permit of the erection of a new building.

The college authorities, it is understood, are ready to erect a structure that would cost \$100,000. Altho the college is in affiliation with the university, and many of the students take a university course to obtain a degree, the university so far has declined to accede to the request. One of the 44 precincts into which the city is divided for police purposes, there are strikes in 27 precincts. In order to furnish this protection to life and property at centres of strike disturbance, it is necessary to withdraw a number of patrolmen from their beats in each precinct. The property of the ordinary householder thus is left unprotected. In many of the outlying wards there are streets where policemen have not been seen in months.

A report to Chief O'Neill shows that robberies have increased in these sections of the city, which it has been impossible properly to guard, so long as such a large proportion of the force is required to prevent daily disorder among workmen.

ANOTHER BRITISH BY-ELECTION.

London, July 31.—Joseph Chamberlain's prestige has sustained another damaging blow from the Conservative election, when a Liberal free-trader was returned for the first time. Ovestrey lies within the electoral zone known as the Birmingham sphere of influence, and is the seat best to be won by the Liberals within that sphere. The Unionist candidate was Chamberlain's protectionist. Chamberlain wrote him a strong letter of recommendation.

DR. TELFORD UNDER ARREST

CORONER'S JURY CHARGED

And the Police Are Looking for A. G. McHarg of Vancouver.

Vancouver, B. C., July 31.—A coroner's jury after two days' session, has brought in a verdict charging Dr. Robert Telford, one of the proprietors of the Burrard Sanitarium in this city, with causing the death of Miss Harrie Bowell, daughter of Collector of Customs Bowell, by performing an illegal operation. Dr. Telford has been placed under arrest.

WARRANT FOR MCHARG.

Victoria, B. C., July 31.—A. G. McHarg of Vancouver, who is wanted by the police on a charge of criminal complicity in the death of the late Miss Bowell of Vancouver, daughter of Collector of Customs Bowell, and granddaughter of Sir Mackenzie Bowell of Ottawa, in the Burrard Sanitarium, Vancouver, was in Victoria Friday night and is now believed to have escaped to the south. McHarg is charged with having taken a prominent part in the procurement of the operation, which, it is alleged, resulted in the death of Miss Bowell, whose body has been exhumed by order of the authorities. The police are searching the city for McHarg. A Vancouverian, in announcing the death of Miss Bowell, said: "The news of the death of Miss Harrie Bowell came as a great shock to the many friends of the family. Early this morning, after a brief illness, she passed away surrounded by her sorrowing relations. Born in Winnipeg in 1883, she came to Vancouver when her father, John M. Bowell, was appointed collector of customs at this port in July, 1887, and was educated here. Clever and bright, she was greatly beloved by all who knew her."

PREMIER BALFOUR SAFE.

No Probability of General Election in England This Year.

London, July 31.—Without doubt capitalists and business men are relieved by the knowledge that, unforeseen accidents being excluded, there is no probability of a general election or a change in government this year.

The government here is strong, capable and experienced in its conduct of foreign affairs in a critical period, when there is war in the far east, with neutral commerce in jeopardy, and the mastery of the Pacific, the integrity of China and the vindication of the open-door principle are momentous issues in the world's politics. Changes in the direction of diplomatic policies, therefore, are not opportune.

For this reason the free-food theorists are not likely to have full sway when the Liberals move to vote centred in the world's politics. All save a baker's dozen will walk out of the house without voting, and plunge themselves on being opportunists. The ministry will be safe until next spring's elections and free to wind up the session in the middle of August.

DROWNED IN GATEWAY.

Ottawa, July 31.—Pat Murtagh, 23 years of age, son of a farmer in Hull Township, was drowned in the Grand near River at Ironides to-night. He was in swimming with a brother and Charles Jones, Wellington, Ontario, when he took a crank and sank. His companions threw a plank to him, but he was unable to catch it.

The Dinesen Company's palatial fur showrooms are open all the year round, and it may not strike the casual visitor or even the citizens of Toronto, but it is a fact that this is the very best time of the year in which to purchase fur garments of every description, because the skins used will be freshly arrived, the new fashions are all in, and in order to stimulate trade the Dinesen Company are making extensive reductions.

Issue was raised, namely, the right and necessity of self-assertion on the part of the government. In the Tarde case especially the official party view was that the tariff was not so much in itself a constitutional usage, which the minister was alleged to have violated by talking too freely. In the Dundonald case the discussion has veered from one point to another, the parties raising such questions as the supremacy of the civil over the military power, political interference with the militia, the instruction of Lord Dundonald's speech at Montreal, the nature of the recommendations made in the suppressed report, and general military policy. Are our defences sufficient, what are the dangers against which we should provide, are the people of the United States to be regarded as hostile? These are some of the questions that have been asked, and there have been charges of jingling on one side and of indifference to the national safety on the other.

Coroner Clendenan of Toronto Junction Will Hold an Inquest To-Night.

Toronto Junction, July 31.—While walking across the vacant lot between Dundas-street and Victoria-street, which adjoins the C.P.R. property about 1 o'clock to-day, a man found the body of a small child lying in a cluster of weeds. The remains were those of a new born female child and were wrapped in an old apron. Dr. Clendenan was called, and he had the body removed to Cumming & Co.'s undertaking rooms. The body had evidently been left there on Saturday night.

The Temiskaming Railway Commission held a session on Saturday at which a proposition was made on behalf of the reorganized Lake Superior Company of Sault Ste. Marie to supply the steel rails for the remaining portion of the Temiskaming Railway to be constructed to the junction with the line of the Grand Trunk Pacific. J. K. Drummond, who appeared on behalf of the Soo Company and assured the commissioners that the company was able to supply the required material.

President Drummond, Urged Matter Before Commissioners, Who Reserved Decision.

Robert Jeffrey, chairman of the commission, declined to state what were the terms of the offer or what amount the company was prepared to supply on the ground that it would be giving away the property of the Soo Company. He stated, however, that the proposition was under consideration, and the commissioners would make known its decision at a later date.

It is understood that the Soo Company is prepared to begin operations in the fall and that the Soo Company has been sufficient contracts are received to justify it. There would be, however, 2,000 tons of material required for the road to be constructed, although this cannot be definitely stated until the contract is made. It is determined that the Soo Company secured a contract for supplying rails for the Temiskaming road, but was unable to deliver the goods. It is said that this is the chief point on which the commissioners now desire definite assurances.

VESEPER BEAT ARGONAUTS

CLOSE OF M. A. A. REGATTA

Smith and Obernesser Did Not Start in Sculling Events—Greer Won Singles.

St. Louis, Mo., July 30.—Frank B. Greer of the East Boston A. A. C., who so decisively defeated Constance S. Titus in the championship single-sculls last year, today successfully defended his title of national champion against Titus and the best single-sculler of the United States on Greer Cove Lake.

There was also great interest in the final race for senior eight-oared shells. The Vesper crew of Philadelphia defeated the Argonauts of Toronto, Ont., by about 3 lengths. No contest for the regatta was held, as the weather was so bad that the regatta was abandoned.

The final heat of the intermediate single-sculls finished at 10:15. The race was between Sheppard and Lloyd for the place, but that between James A. Ten Eyck, Jr., of the Vesper, and the Argonauts Club and E. J. Hess of St. Louis for third place was equally exciting and aroused even greater enthusiasm.

Final heat, intermediate single-sculls—Lloyd, 1; Sheppard, 2; Ernest J. Hess, Centenary Boat Club, St. Louis, 3. Time 10:15. Ten Eyck's race on the run for the trophy was a close one. He was distanced by Sheppard and Lloyd, the former finishing with a terrific spurt. Hess of the Argonauts just did manage to beat the Vesper.

Intermediate double-sculls—Ravenwood Boat Club, 1; John Hoban bow, Joseph McLaughlin stroke, Independent Rowing Club (William McKeown bow and William Garrett stroke); 2; St. Louis Rowing Club (Louis Joseph bow and Joseph Dilke stroke); 3. Time 10:45.5.

Intriguing four-oared shells—South Side Boat Club, Quincy, Ill. (George Zimmerman bow, Charles Homer, George Dueschler, Charles W. Flanagan, George Mound City Rowing Club, St. Louis (Fred Allan, Michael Rege, Charles Charles Rowing Club, St. Louis (Ernest Reel bow, P. Pechonck, Willie Rege, A. Tebanu stroke); 3. Time 9:47.5.

Final heat, intermediate single-sculls—Dable Vesper, 1; First Bohemian Boat Club, New York, 2; First Toronto Rowing Club, New York, 3. Time 10:08.15. Century International four-oared shells—St. Louis Rowing Club, St. Louis (Arthur M. Beckwell bow, August C. Erker, George Dietz, Albert F. Nasse stroke); 1; Western Rowing Club, St. Louis (G. Voer bow, Fritz F. Hehn, F. Dummett stroke); 2. Time not given.

Senior double-sculls—Atlanta Boat Club, New York City (E. Maloney bow, W. W. Varley stroke); 1; Ravenwood Boat Club, Long Island (John Hoban bow, James McLaughlin stroke); 2; Independent Rowing Club, New Orleans (John Wols bow, Joseph Havens stroke); 3. Time 10:15.5.

Championship senior single-sculls—Frank B. Greer, East Boston A. A. C.; 1; James B. Tyrone, Polytechnic Rowing Club, New York; 2; Constance S. Titus, Atlanta Boat Club, New York; 3. Time 10:08.15. Senior eight-oared shells—Vesper Boat Club, Philadelphia (Fred Greer bow, M. E. Greer stroke); 1; Argonauts, Toronto (John O. Trotter stroke); 2; Argonauts, Toronto (John O. Trotter stroke); 3. Time 10:08.15.

Our St. Louis correspondent was asked for the story of the regatta. He says that Smith and Walter Obernesser of the Toronto Rowing Club, in reply to a note that Toronto had no starters in scull events.

TECHUMSHEA BEATEN BY 8 TO 1

Hard Game Saturday at the Island, The Waghone Kept Men Well in Check.

Wednesday at St. Catharines the home team defeated the Tecumseh by a score of 8-1. Saturday at the Island the Tecumseh squared matters by taking the St. Catharines to camp to the tune of 8-1. Such are the uncertainties of Canada's national games. Saturday's game was by no means an ideal one, being too one-sided to be even interesting.

The checking through was sharp, and there seemed to be a strong inclination among the players to square old scores. Refer to Waghone had them well in hand at all stages of the game, however, and penalized the players of both teams with the utmost impartiality.

The visitors started their gait at the sound of the whistle and began to make things interesting. They scored the first and their only goal after about 8 minutes' play. During which they had decidedly the better of the game. At the start of the next game they were also the aggressors, but Waghone put an end to the struggle, scoring the next game in 8 minutes.

Henry did the trick again in 1-1/2 minutes and then the Athletics went up in the air and were never dangerous. The second quarter was a repetition of the first. The Indians played rings around the boys from the Garden City, and when the whistle blew the score stood 6 to 1. Donaldson and Henry each notching up two games.

The home team took things easy in the third and fourth quarters and the game began to lag. Kirkwood did the remainder of the scoring, taking one from a scrimmage in the third, and made a clean shot in the fourth.

Tecumseh (8)—Goal, James; point, Henry; cover, George; defence, Henry, Rountree, Lambie, centre, Kirkwood; home, Querrie, Menary, Swayne; outside, Donaldson; inside, Henry, captain, Gillespie. St. Catharines (1)—Goal, Brown; point, Kerwin; cover, Cameron; defence, Elliott, Downey, Harris; centre, Cameron; home, Cornett, Park, Lowe; outside, Richardson; inside, Hagin; captain, John Cameron.

There was considerable roughing it throughout the game, and Wag put in the busiest afternoon of the season. The match hardly started before Scott connected with Henry's eye, and he had to retire for the remainder of the game, Murray going off to even up. Querrie was on the fence twice in the first quarter, and Harris and Cameron were each given a rest.

In the second quarter, Henry and Cameron were penalized. Donaldson headed off D. Cameron in the goal post in the third period, and the Cornwall man got a bad gash on the head, which required several stitches. Downey cut Henry's eye, and Bert put the St. Catharines veteran on the grass with a straight blow, but both were sent to decorate the fence, and they were followed by Elliott who, in Wag's opinion, had landed with unnecessary severity on Swayne. Rowntree and Lowe mixed it up in the last quarter, and were given time to smooth their ruffled feelings.

St. Kitts, Hagin 8.00 Tecumseh, Henry 7.30 3 Tecumseh, Henry 1.25 4 Tecumseh, Donaldson 0.15 5 Tecumseh, Henry 7.30 6 Tecumseh, Donaldson 1.00 7 Tecumseh, Henry 9.30 8 Tecumseh, Kirkwood 18.30 9 Tecumseh, Fred Waghone, Umpires—John Dawson, Forgyth, Timms—H. O'Loughlin, A. Steel, W. A. Turner.

Sudbury won. Sudbury, July 30.—In the junior C.L.A. game played here yesterday the local boys easily won from Stragoo Falls. The score, 18 to 2, indicates the play. Sudbury started the scoring early in the first quarter, and soon the large crowd of spectators knew there was nothing to be had from Stragoo Falls. The boys were several times, and worked over time trying to score, but they had a poor lot of net smiles.

For the visitors, Trotter and Dave Britton did the bulk of the work, and with aid of assistance would have made things interesting for the Sudbury defence. For the locals, Dorsett, in goal, was a right one. Maxwell, who took a place on the team for the first time, showed that he could put up the finished article in lacrosse and with Baird and Hall made the strongest and fastest defence field Sudbury has ever had. Their defence was no particular feat on the home. All did good work. The game was fast and free from roughness. The referee was only called on a few times in the early part of the game. The teams lined up: Sudbury: Dorsett, Sinclair, Hall, Baird, Barber, Maxwell, Cooke, Porter, Veir, Latimer, Trotter and Fenelon. Stragoo Falls: Bunting, Ailsworth, Baller, Woodhouse, Britton, Thomas, Britton, Trotter, Britton, Kinkup, Thompson, Young, Umpires—Kinley and Fowler. Referee—Gordon Macdonald.
