

Now Boys, It's Your Turn for Overcoat Bargains

Every Overcoat, Reofer, Slip-on or Topper goes on sale at cost price this week in our boys' department. We start taking stock next Monday, and wish to clear out as many lines as possible before 10 o'clock Saturday night.

The prices will run about like this: Every coat of any style that has been selling at \$6.50 will go for \$4.50. Every \$7.50 coat for \$5.00. \$8.50 " \$5.75. \$10.00 " \$7.50. \$12.00 " \$8.00. \$15.00 " \$9.00.

Our best advice to every mother and father who reads this talk, is to buy your boys' coats for next winter now, because materials are going to be much higher then, while the coats we offer you today are from materials bought before the scarcity was felt, and the Prices are Right, and then some.

This is the time to make your dollar buy on both sides at

WAR SUMMARY Today's Events Reviewed

(Continued From Page 1). allies accomplish their object, for the purpose of seizing a strategic position is to force the opponents to fight or retreat. In such manner numerous Germans who are driven to fight are out of action.

Sir Charles Carmichael Monro in a supplementary report describes operations at the Dardanelles in the few hours before the British and French troops were embarked. The withdrawal was started none too soon, for a high wind arose and swept away some of the piers.

The Russian official report of yesterday has nothing further to record of the fighting in Bessarabia. The Russian army is reported to have had a heavy fall of snow and cold of twenty below zero have held up operations. At any rate the Russians won a big success on the Stripa front.

Having failed in their first invasion of Montenegro, the Austrians have brought up large reinforcements and are making vigorous and violent attacks on the Montenegrin army under clouds of asphyxiating gas. The Austrians are taking vigorous action against the mountain kingdom to remove a dangerous vantage point on their flanks.

The capture of Mount Lovcen by the Austrians removes a danger to the Austrian naval base of Cattaro. The Montenegrins had taken this height and they could have reduced this fortress to a mere island of rocks with heavy artillery, but the famine in large guns has been so great among the allies that the Italians have so far been unable to furnish them to the Montenegrins. To reduce this base the Italians and Montenegrins will be forced to restore Lovcen. The capture of this strong point was effected by the Cattaro garrison.

It is expected that the rift in the lute of the British coalition ministry will be repaired today at a conference between the Laborite leaders and Premier Asquith. It has been found that public opinion in England and Scotland strongly supports the government measure of compulsion, and the objectors to the step are bowing to the storm.

The statement given in parliament that the recruitable population of Ireland was around 562,000, of which under 100,000 have so far enlisted, confirms previous estimates that the total military material of a country, excluding the unfit, is around 10 per cent. of the population. By including boys, the Germans have increased this proportion slightly. The German census gives practically one-half of the males as unfit for military service.

John Redmond has won over the Nationalists to the support of compulsory service in the army for single men. Sir Edward Carson in supporting the measure in the house of commons said that the Dardanelles had been abandoned because the country had not enough men to carry thru the enterprise, which was "an admirably conceived undertaking."

Col. Blood, military expert of The Quarterly Review, has made an analysis of the operations at the Dardanelles, as described in the despatches of Sir Ian Hamilton, prior to the last one, and concludes, which he supports by evidence, is that the sole reason for failure was the sending of an inadequate force. Promising advances could not be pushed home owing to the insufficiency of reserves. Reinforcements were sent in dribbles and so they were of little use. The root of the trouble was insufficient pre-war preparation.

MAY SHIFT HOSPITAL

Stationary Institution May Be Moved From Cairo to Safer Place.

KINGSTON, Ont., Jan. 11.—A cablegram received this afternoon announced the death at the front of Lance-Corporal Edwin J. Thomas, 29, son of S. E. Thomas, and a member of the signaling corps of the 21st Battalion.

Pte. Albert H. Hughes, son of Robert Hughes, and a member of the 21st Battalion, was wounded in the right arm and chest.

Lieut. D. C. Dick of the 14th Battery, Cobourg, has been appointed adjutant of the 9th Artillery Brigade, C.E.F. The brigadier will not be appointed until the division is mobilized in England.

Mary Frances, a domestic, in a fit of anger, picked up a knife and threatened to stab another girl, but changed her mind and imbedded the knife in a wall. The police arrested her and she will be deported to Scotland as an undesirable.

Prof. J. L. Morrison, Queen's University, who was attached to a division stationed at Inverlochy, on the Clyde, Scotland, has been invalided for a couple of weeks with a poisoned arm. He will rejoin part of his regiment in the east as soon as he is well again.

Lieut.-Col. H. R. Duff, with Queen's stationary hospital at Cairo, Egypt, says that there is talk of moving the hospital. In view of the possibility of an attack on Egypt the hospital would be moved to a safer place.

Lieut.-Col. A. G. Irvine, 79, former warden at the penitentiary, is dead in Quebec City. He was born in Quebec and was commissioner of the Northwest Mounted Police from 1880 to 1886. He was also warden of the penitentiary at Stony Mountain from 1892 till 1914.

Hamilton Cassels, K.C., Toronto, chairman of Queen's University board of trustees, and G. Y. Chown, university registrar, presented to Dr. John Douglas, New York, the chancellor, plans of the proposed library which the doctor is presenting to Queen's. Chancellor Douglas, whose first gift was \$100,000, has increased it to \$150,000.

A letter from a private of the 21st Battalion to his parents in the city reads in part as follows: "Things are beginning to get a little more lively over here. On Sunday, Dec. 19, we had a little gas. Lieut. W. H. MacNee, Kingston, is in charge of our platoon, taking the place of the late Lieut. Wilgress of Brockville."

Another letter says that the 21st gave the Germans a little more than they bargained for. When the Hun left the trenches the artillery mowed them down.

MAJORITY FOR UNION IS SUBSTANTIAL ONE

Returns From All the Presbyterian Synods in the Dominion Reach Dr. Somerville.

Rev. Dr. Somerville, secretary of the general assembly committee on the church union has received returns from all the Presbyterian synods in the Dominion of the ballot on church union. The aggregate vote of communicants and adherents in favor of immediate organic union with the Methodists and Congregationalists was 127,824, and against it 88,824. The majority for union was 39,005. The minority vote exceeded the expectations of the opponents of union and rendered union impracticable.

Toronto and Kingston synod communicants were almost equally divided, giving 25,050 for and 21,592 against union. Montreal and Ottawa synod communicants voted 14,944 for and 11,295 against.

UNPATRIOTIC CONDUCT SUSPENDS LICENSE

Petersburg Hotelman Punished for Discourteous Conduct Toward Patriotic Speaker.

Charles Knapp, the Petersburg hotelkeeper who refused accommodation to Prof. Reithdorf, because he was in town lecturing against Germany, has had his license suspended for one month by the Ontario License Board, on the grounds of "unpatriotic conduct." According to the board's finding, Knapp was proven to have been discourteous and to be seriously pro-German.

Knapp since tendered a written apology to the professor for his conduct to him on the night in question.

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by simple home process made the following statement: "Any lady or gentleman can darken their gray hair or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To half pint of water add 1 oz. of bay rum, 1 small box of Oriskany Compound and 1-4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently, then every two weeks. This mixture restores color and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not run off. It will make a gray-haired person look 10 to 15 years younger."

REFUSED PERMISSION TO QUIT POLICE FORCE

Commissioners Think Dan Robinson Should Not Withdraw to Go Overseas.

TWO OTHERS ARE GOING

Eagleson and Davey Are Permitted to Resign to Join Active Service Battalion.

Dan Robinson, the well-known Toronto policeman, tendered his resignation at the inaugural meeting of the police commissioners, held yesterday afternoon, to go overseas, but the board refused to accept it. Chief Grasett stated that Robinson had only four more years to serve to entitle him to a pension, and as he is over the age limit, the board thought he had better remain on the force.

"Dan" showed keen disappointment when the resignations of Policemen Eagleson (544) and Davey (243) were handed in to go overseas and accepted. He is 46 years of age and has 21 years' service to his credit. The resignation of Policeman Massey, who recently underwent a serious operation, was also accepted.

The censor's report for the month of December was presented and found satisfactory. The commissioners were unanimous in the opinion that all objectionable features had been removed from plays shown here by the censor.

The purchase of 20 Smith and Wesson revolvers, to be used by inspectors and higher officers, was authorized by the board.

Mayor Church was elected chairman of the board, succeeding Judge Winchester.

The board placed itself on record as gratified at the honor paid by the King to Col. Grasett, who was given the order of C. M. G.

SIR GEORGE REID SENT TO BRITISH PARLIAMENT

Ex-Australian High Commissioner Returned for St. George's, Hanover Square.

LONDON, Jan. 11.—Sir George Reid, retired Australian high commissioner, was today returned unopposed as member of parliament for Saint George's, Hanover Square.

Sir George, born in Scotland in 1845, was elected to the New South Wales Legislature in 1880, became member of the federal parliament in 1901 and led the opposition and became premier. He has been premier of New South Wales, carried the federal movement to a successful issue. In 1910 he became commissioner, retiring not long ago.

KUT-EL-AMARA'S RELIEF IS NOT YET ACHIEVED

Expedition Has Reached Sheik Saad, About Twenty Miles Distant.

CAVALRY FINDS TURKS

Enemy Located Six Miles to Eastward of Kut-el-Amara.

LONDON, Jan. 11, 4 p.m.—The British force in Mesopotamia, under Gen. Aylmer, proceeding up the Tigris to the relief of Kut-el-Amara, is still halted at Sheik Saad, some 20 miles from Kut-el-Amara, according to the latest advices received by the government, but the halt is due to weather conditions and the necessity of removing the wounded by river.

This announcement was made in the house of commons this afternoon by J. Auston Chamberlain, secretary for India.

British cavalry forces have located the Turks six miles to the eastward of Kut-el-Amara, Mr. Chamberlain added. This is the position from which the Turks were originally driven by Gen. Townshend in the battle of Kut-el-Amara.

Turks Falling Back.—The foregoing announcement indicates that the Turks have fallen back about 16 miles on the southern bank of the Tigris, before the advance of the British forces under Gen. Campbell.

About 60,000 Turks are believed to be opposing the advance of the relief column up the Tigris valley, and further difficulties have been placed in the way of the British by torrential mid-winter rains, which have flooded the Tigris River.

After leaving Iman-Alligabi the relief column was split into two parts by forces under Gen. Campbell crossing to the southern side of the river.

For some time the British have been moving troops into the Persian Gulf zone, until now it is estimated that there are about 250,000 men in that theatre of operations.

MANITOBA EDUCATION WILL BE COMPULSORY

Children Between Seven and Fourteen Subject to Authority of Act.

WINNIPEG, Jan. 11.—Under the terms of the compulsory education bill, which the minister of education will introduce into the legislature, the duty of officials to be appointed by the school boards, will be to enforce the provisions of the act. They must all, with certain exceptions, attend the public schools of the province or of the county, or in some or in private schools equal to that given in the public schools.

EDMONTON, Jan. 11.—The condition of G. Mackay shows marked improvement after his severe illness, and he is expected to be about shortly.

Regulation or Prohibition?

This message is addressed in particular to those (1) to whom it is an open question whether or not Prohibition is better than Regulation; (2) who confess to having given the whole question little serious thought; (3) who are awedly opposed to total prohibition, and unpersuaded that total prohibition has been a success.

The total prohibition of the liquor traffic is far better than its regulation. Regulation has failed under trial. Total prohibition, on the other hand, has succeeded. Regulation is much the same as permitting children to play with matches with a "be careful" sign in front of them—foolishly dangerous and fatal. Prohibition is the only safe and sane way of dealing with the evil of the liquor traffic with its long train of woes, crimes and calamities.

The Voice of the People

THE foremost nations of the world—those which have advanced farthest in civilization and human progress—are working in the direction of total prohibition.

In the United States and Canada, at the polls, the people have spoken on the question of the prohibition of liquor—and have made whole communities—States, Provinces and counties—"dry" by law.

The Record in United States

Prohibition is now effective in 18 States—Maine, Kansas, Tennessee, Mississippi, Arizona, North Carolina, West Virginia, Georgia, North Dakota, Alabama, Oklahoma, Iowa, Colorado, Oregon, Washington, Idaho, Arkansas and South Carolina. Besides these, Virginia passes under prohibition on Nov. 1st, 1916. There are no fewer than ten other States in which more than 50 per cent. of the population is under prohibition, and twelve more in which 25 per cent. is under prohibition. The map of the United States looks pretty "white."

During this year six States—Vermont, Michigan, South Dakota, Nebraska, Montana and California—will put the question of onsting the liquor traffic before the voters. Florida will also probably ballot on prohibition. Most of the Southern States are now in the no-drink class. Now for the record

In Our Own Ontario

The figures which follow prove that prohibition is a success. They prove that local option makes good and stays.

According to the Ontario Temperance Law a repeal contest is possible every three years in any municipality where prohibition is in force, provided there are a sufficient number of electors who desire to vote on the question.

In 1911 there were 134 municipalities under prohibition in which repeal contests could have been held. But in only three of these were there contests. Prohibition was sustained in all three.

In 1912 there were 178 prohibition municipalities in which repeal contests could have been held. But there were only 15 contests, and all sustained prohibition.

In 1913 there were 240 possible repeal contests, but only were 23 held. Only one of the 23 failed to sustain prohibition.

In 1914 there were 240 repeal contests possible, but there were 15 held. All sustained prohibition.

In 1915 there were only 9 repeal contests out of a possible 252. All 9 sustained prohibition.

In 1916 there were only 4 repeal contests out of a possible 281. Prohibition was sustained in all 4.

During the six years 1911-12-13-14-15-16 there were 68 repeal contests, and prohibition was sustained in every contest but one. 67 to 1 is conclusive evidence that the People who live in DRY municipalities consider prohibition a success.

Moreover, in the DRY municipalities, for the five years 1910-11-12-13-14, there were only 794 convictions for illicit sale or keeping of "blind pigs," whereas in WET municipalities there were 2,352 convictions. The fact that there were nearly three times as many convictions for keeping "blind pigs" under License as there were under Local Option refutes the statement often heard that "blind pigs" flourish in DRY municipalities. It is positive proof that Prohibition is better than Regulation.

Regulation a Failure

If any proof were needed that Regulation has been a failure, the remarks of Mr. W. S. Dingman, Vice-Chairman of the Provincial License Commission, when the commission met at Hamilton, furnish that proof.

Mr. Dingman spoke straight from the shoulder and right to the point. The Hamilton Herald reports him as follows:—

"Violations of the law in the past," he said, "have brought the trade into trouble. You are aware of the trend of public sentiment—you have just had an illustration of this. There is evidence that the trade has been its own menace."

The Commissioner referred to Section 70 as having been frequently violated, persons having been supplied with liquor while under the influence of drink. He defined a man as being drunk when he behaves differently from what he does in a normal condition, and alluded

to the definition of drunkenness in the West—that a man was not drunk until his money was gone.

"I am afraid," added Mr. Dingman, "that has been the interpretation put upon that clause by licensees." He proceeded to speak upon other points, and passed on to the question of serving soldiers with liquor, mentioning a case where between 50 and 60 bottles—principally whiskey—had been found in the lavatories and other parts of an armory, proving that illegal sales had been made.

Regulation has failed to prevent drunkenness and lawlessness. It must give way to Prohibition. In fact, it has given way to Prohibition in 555 Ontario municipalities. But there are still 292 wet. We want to make every "black" municipality "white," and by the help of the good people of Ontario we hope to accomplish that end.

Complete and speedy victory can be won if the people of Ontario rouse themselves and work with the Citizens' Committee of One Hundred.

Executive Head of Movement

The Citizens' Committee of One Hundred is the executive head of this big new prohibition movement. It represents the whole Province, numbering men of both political parties—men who welcome this chance to work for prohibition, now that it has been removed from the sphere of party politics.

The Committee is preparing for a thorough canvass, with a view of presenting a petition to the Provincial Government, with the object of securing legislation that will make every black municipality white, or of giving the people the opportunity of voting for a DRY Ontario.

Concerning the details of the canvass particulars will be published shortly. Watch for further newspaper announcements.

It costs money to organize and advertise. If you think the object good and approve our method, one way to express approval is by a financial gift. Make checks payable to Frank Kent, Treasurer, and send to Room 1404, C.P.R. Buildings, Toronto.

CONVENTION MEMBERS WELCOMED BY MAYOR

Delegates of Bricklayers' Masons' and Plasterers' International Union in Session.

Between 300 and 400 members of the Bricklayers', Masons' and Plasterers' International Union of America, who are attending the 45th convention of the organization, being held in this city, were yesterday given a warm welcome by Mayor Church on behalf of the city council. In addressing the gathering at the Labor Tem-

ple, his worship declared that the American people stood for the same principles of democracy, and that as a result of having kept their "scraps

of paper." Canada had a territory 4000 miles wide and not an armed force along the whole border. Although he felt that at heart the nation was on the side of the allies for the cause of truth, righteousness and humanity. He thought that Toronto should be proud of what the labor men had done during the present war, and referred to the fact that the street railway men had sent 400 of their comrades to the front. The relations between capital and labor in Canada were happy, and he hoped for a continuance of the conditions.

The afternoon was taken up with a sight seeing trip around the city in automobiles, all the points of interest being visited.

This evening the convention will banquet in Columbus Hall, and other entertainment has been provided for the balance of the week, the business sessions of the executive being set for the week of Jan. 15.

WILLIAM GABLAN DISMISSED.

The charge against William Gablan of keeping a common betting house was dismissed. Gablan stated that the racing information seized by the police referred to a system of betting given him by a man at the Woodbine, which he was trying to work out. Magistrate Denison denounced the whole system of betting as "dishonest and disreputable." He had nothing but contempt for people who tried to get other people's money without earning it legitimately.

DEPORT ELLIS FISCHER.

Ellis Fischer was ordered to be deported in the cells by Magistrate Denison on the ground of being an undesirable.

WEDNESDAY MORNING, JAN. 12

Watch the New Aldermen

After fifteen months' effort to reorganize the fire department and to follow the recommendations of a judge after an enquiry, the citizens are now informed that it would be a mistake to reorganize the department...

The Young Man's Price

There is not the slightest reason to doubt Lord Kitchener's original forecast that the war will last three years. Nor is there the slightest reason to doubt his modifications of that statement...

No Shock at Scrubbing

Mrs. Huestis' idea that women might sweep the streets with less labor and pain than they now endure in scrubbing floors will not appeal to people who never have done either the one thing or the other.

A Great Change

Count Bernstorff, German ambassador, is up on top again at Washington. He has convinced the United States Government that Germany will apologize for the Lusitania, pay indemnity and undertake not to do it again.

Unbounded Obtuseness

Probably no nation ever before made such a baldly impudent request as that of Austria to the British Government that special pains be taken to protect Austrian subjects coming from India from the attacks of submarines.

So much of a musical centre has Toronto become that it may be numbered with some of the greatest of the musical cities on earth.

What About Canadian Nickel?

In the speech of Mr. Runciman, president of the board of trade, in the house of commons on Monday, he said: "The board of trade is looking ahead of our dominions; we must see that control of the metals of the empire passes entirely from German hands; we must keep control of the world's coin; we must secure control of the supply of oil."

Sir Edmund Optimistic

The annual review of Sir Edmund Walker, president of the Canadian Bank of Commerce, is awaited with more than ordinary interest because of the broad business scope of the review and its general analysis of the Dominion financially.

PUBLISHERS' ACTION IS TERMED SUSPICIOUS

W. O. McIndoo's Appeal Against Mussion Book Company is Dismissed.

The divisional appellate court yesterday dismissed the appeal of W. O. McIndoo against the decision of Justice Maestri, who dismissed McIndoo's action against the Mussion Book Co., Ltd.

The conviction against Mrs. Besala Gourlie, postmistress of Woburn, has been quashed by Justice Middleton.

A LIFELINE OF SICKNESS

Worn Out, Thin and Miserable Until She Took "Fruit-a-tives."

PALMERSTON, June 20, 1914. "Stomach Trouble and Distressing Headaches nearly drove me wild. Some time ago I got a box of 'Fruit-a-tives,' your famous fruit medicine, and they completely relieved me. Today I am feeling fine, and a physician meeting me on the street, asked me the reason for my improved appearance. I said, 'I am taking Fruit-a-tives.' He said, 'If Fruit-a-tives make you look so well, go ahead and take them. They are doing more for you than I can.'"

WAR HITS MONTREAL OUT OF GRAND CIRCUIT

Stewards Meet at Cleveland and Allot Dates for Harness Meets.

CLEVELAND, O., Jan. 11.—On account of the war Montreal has dropped out of the Grand Circuit. It was learned today at the annual meeting of the circuit stewards here. The two weeks usually allotted Montreal, split up between Cleveland and Columbus by the schedule committee. It was announced that war conditions made it inadvisable to hold a meeting in the Canadian city.

According to the schedule adopted today, the circuit season will be opened with the meeting in Cleveland July 17, and will close at Atlanta, Oct. 15. The National Fair and Exposition Co. of New York was awarded the week of Aug. 23 tentatively, the stipulation being made that before the season opens assurance be given that the company will have leased a track, in case the company fails in this case J. Tranter, eastern racing enthusiast, has agreed to stage the meeting either at Foughkeepsie, Reading or Dover.

After much discussion the recommendation of the rules committee that three best selling horses be made mandatory through the circuit was not adopted. The plan to provide a \$5000 trotting stake for horses which had not won \$2000 gross was approved, but the recommendation for a \$3000 stake for pacers under similar conditions was rejected. The circuit stewards also rescinded the resolution adopted last year urging the American Trotting and Harness Association to alter the win race rule.

The following schedule was adopted: West of July 17, Cleveland; July 24, Detroit; July 31, Kalamazoo; Aug. 7, Grand Rapids; Aug. 14, Columbus; Aug. 21, Cleveland; Aug. 28, National Fair and Exposition Co. (New York); Sept. 4, Hartwood; Sept. 11, New York State Fair (Syracuse); Sept. 18 and 25, Columbus; Oct. 2, 9, Lexington; Oct. 16, Atlanta.

TURF GOSSIP

J. W. Hedrick, who raced a mediocre lot of selling pistons, both over the mile and half-mile tracks of Canada, is in wrong with the stewards of the Canadian Jockey Club. Hedrick is noted for running horses up in selling races and other tactics injurious to racing. Hedrick advertised that he had disposed of his fifteen horses to a company known as the Maryland Sables, a company known as the "get-rich-quick" nature were circulated, and finally reached the ears of the stewards, who reached Hedrick that unless he can give a satisfactory reply as to the running of

FREE-FOR-ALL FURNISHED FIVE WORLD RECORDS

Yedno Won Final Heat After Dropping Sixth to Grand Opera.

Yedno won the unfinished free-for-all at Huron Park yesterday morning after Grand Opera had landed the defeat. The horse came from behind to win a close finish. Yedno won the seventh all the way. The time was fast, that for the third, fourth, fifth and sixth he led the field, constituting world records over the ice for mile or half-mile tracks. The summary:

WAR HITS MONTREAL OUT OF GRAND CIRCUIT

Stewards Meet at Cleveland and Allot Dates for Harness Meets.

CLEVELAND, O., Jan. 11.—On account of the war Montreal has dropped out of the Grand Circuit. It was learned today at the annual meeting of the circuit stewards here. The two weeks usually allotted Montreal, split up between Cleveland and Columbus by the schedule committee. It was announced that war conditions made it inadvisable to hold a meeting in the Canadian city.

According to the schedule adopted today, the circuit season will be opened with the meeting in Cleveland July 17, and will close at Atlanta, Oct. 15. The National Fair and Exposition Co. of New York was awarded the week of Aug. 23 tentatively, the stipulation being made that before the season opens assurance be given that the company will have leased a track, in case the company fails in this case J. Tranter, eastern racing enthusiast, has agreed to stage the meeting either at Foughkeepsie, Reading or Dover.

After much discussion the recommendation of the rules committee that three best selling horses be made mandatory through the circuit was not adopted. The plan to provide a \$5000 trotting stake for horses which had not won \$2000 gross was approved, but the recommendation for a \$3000 stake for pacers under similar conditions was rejected. The circuit stewards also rescinded the resolution adopted last year urging the American Trotting and Harness Association to alter the win race rule.

The following schedule was adopted: West of July 17, Cleveland; July 24, Detroit; July 31, Kalamazoo; Aug. 7, Grand Rapids; Aug. 14, Columbus; Aug. 21, Cleveland; Aug. 28, National Fair and Exposition Co. (New York); Sept. 4, Hartwood; Sept. 11, New York State Fair (Syracuse); Sept. 18 and 25, Columbus; Oct. 2, 9, Lexington; Oct. 16, Atlanta.

that stable the entries of those horses will be refused in future.

It will be remembered that last year "Bad Jack" (Cincinnati) Ryan, entered the game on the "get-rich-quick" policy, but the stewards of the Canadian Racing Associations were not long in getting a line on him, and ruled him out. The Jockey Clubs are to a great extent responsible for allowing such people on the course, and those on the level who are connected with racing suffer by having to mix with undesirables.

F. W. Gerhardt, for many years the popular clerk of the scales at Woodbine Park, is renewing acquaintances this week. He is the proprietor of the splendid variety show at the Star Theatre.

Jack McCormack has succeeded R. C. Benson as trainer for the Idle Hour stable, owned by James Butler. McCormack handled several of the horses owned by J. W. Schorr, that raced on the American turf, is one of the best of the Canadian circuit two seasons ago. The Butler stable is High Noon, Pebbles and Lost Coin are well-known performers in the Butler string.

All the light-horse breeders' societies in England will hold their spring shows as usual this year. Under the auspices of the Equestrian Improvement Society, there will be an exhibition of thoroughbred and hunters at the Royal Agricultural Hall on Feb. 29 and March 1. The show of the National Pony Society will follow on March 2, and then will come the annual London Hackney Show, on March 3 and 4.

The first notable American horse show of 1916 will be held in Denver next week with Miss Louisa Long, Mrs. Julius S. Walsh, John L. Bushnell, Adolphus Busch III, and Valentine Crane among the prominent exhibitors. One of the features of the show will be a class for five-gaited saddle horses, in which the prize is \$1000.

Miss Louisa Long's Waldorf-Astoria Cup (winner, Realization, has been officially identified as the Canadian-bred hackney Modiste, by Warwick Model, son of Garrison, Duke of Connaught, bred by H. F. Jackson, Breslau, Ont., and sold to Miss Long by Thomas A. Crow of this city.

Charlie Barrett, the Parkhill horseman, who always turns around the ice rink with a good eye, has sold his crack trotter, Maggie Bond (2.17 1/4), to George Hance of Toronto, for \$2000, and the mare will race at Ottawa, Breslau, and Montreal under the new ownership. Maggie Bond started four times at Toronto, winning the quartet of races, taking into camp a smart field each time.
