SWEEPING BRITISH VICTORY IN FLANDERS

DRIVE East of Ypres, on Front of More Than Eight Miles, Achieves All Objectives, Including Positions Described By Field Marshal Haig as of "Great Importance" --- Thousands of Germans Taken Prisoner in "Completely Successful Offensive."

British Hold Crest of Famous Ridge Against Fierce Attacks LAURIER NOT TO RESIGN GUTHRIE IS IN CABINET FORMIDABLE DEFENCES FALL BEFORE HAIG'S SUDDEN BLOW

Announcement of Dissolution of Parliament Follows Swearing in of South Wellington M.P. as Solicitor-General--Sir George Foster Likely to Succeed Lougheed in Senate--Conference With Western Liberals Today.

OTTAWA, Oct. 4.—There was a crowd of newspapermen at the Central station this morning waiting for the Canadian Northern train from Toronto. Among the distinguished passengers who alighted were Lord Northcliffe, Sir William Mackenzie and Hon. Hugh Guthrie.

Hugh Guthrie, Liberal M.P. for South Wellington, who enters unionist ministry as solicitor-general.

Mr. Guthrie was non-committal about going into the cabinet, but his appearance, manner and careful toilet denoted that he had come to the capital on no common errand. He anxiously inquired about the reported resignation of Sir Wilfrid Laurier, and even after receiving a summons from the prime minister, delayed at the hotel for a final conference with Frank B. Carvell.

Parliament Dissolved. No such assurance apparently was given, and Mr. Guthrie hurried to the east block, where he was sworn in by His Excellency the Duke of Devonshire, as solicitor-general. He was not sworn in as a privy councillor, and has therefore, not obtained full cabinet rank.

This is practically the official record of the day. It is, however, settled beyond question that Sir George Parley will be appointed permanent high commissioner at London, and retire from parliament. His place as overseas minister of militia will be taken by Sir James Lougheed.

Laurier's Position. Respecting the rumored resignation of Sir Wilfrid Laurier, The World is assured by his private secretary, L. E. Glanville, that there is no truth in the report.

FOE'S TACTICS DESIGNED TO COVER BIG RETREAT?

Significance of Persistent Futile Attacks Along British Front Discussed at Washington--Evidence Accumulates That German Morale is Crumbling.

Washington, Oct. 4.—American army officers have been watching with intense interest the situation on the western front, which apparently is reaching a climax in the great drive launched today by the British.

From the many reports indicating the development of some important movement, coupled with the continual futile attacks of the Germans along the British front, some military observers here have become convinced that the Teutons were covering a great withdrawal of their line.

Officers who think the German advance has covered a withdrawal to shorter and stronger lines expect to see the strain on the enemy expect behind the German divisions thru their lines today will be found new positions, fully manned and strongly

HUN RAIDERS OPERATE IN SOUTHERN PACIFIC

Famous Pirate Craft is Stranded After Destroying Three American Schooners.

Washington, Oct. 4.—Operations of German raiders in the southern Pacific were revealed tonight in a despatch to the navy department from Tutuila, Samoa Islands, telling of the arrival there in an open boat of the master of the missing American schooner C. Slade, with a story of how the famous Sea Adler had stranded on Mohav Island after destroying three American schooners, and how the crew of the raider had set out on further depredations on other captured vessels.

REVOLTING ARABS JOIN BRITISH IN PALESTINE

Junction Effectuated is of Notable Importance, as Regards Syria's Occupation.

New York, Oct. 4.—Interesting military possibilities in Palestine are forecast in advices from Mecca, as reported in Arabic newspapers reaching New York, to the effect that the Arabs in Arabia, in revolt against the Turks, have effected a junction with the British army in southern Palestine.

The Arab revolt was making increased headway when the latest British official statement regarding it, issued on August 22, reported its progress. Already a considerable section of the Hedjaz railway, running parallel with the Red Sea coast northward from Medina, had fallen under Arab control.

WASHINGTON TIGHTENS RING AROUND GERMANY

Drastic Action of Exports Board Cuts Off Enemy From Outside World and Prevents Them From Getting Food Thru Neutrals.

Washington, Oct. 4.—A final move to prevent supplies from reaching Germany from the outside world was taken today by the American government in deciding to refuse coal to neutral ships carrying supplies from Southern America to the northern European neutral countries unless their cargoes are inspected in American ports.

DEATH OF GUYNEMER OFFICIALLY CONFIRMED

Aviator Was Buried With Military Honors in Poelcapelle Cemetery.

Paris, Oct. 4.—The death of Captain George Gynemer, the famous French aviator, has now been definitely confirmed. Information received by the Red Cross says Gynemer was shot through the head, north of Poelcapelle, on the Ypres front. He was identified by a photograph on his pilot's license found in his pocket.

BRITISH CRUISER SUNK NINETEEN LIVES LOST

Drake Carrying Nine Hundred Men is Torpedoed Off North Coast of Ireland, But Reaches Harbor, Foundering in Shallow Water

London, Oct. 4.—The British cruiser Drake has been torpedoed and sunk, according to an admiralty announcement tonight. The Drake was torpedoed Tuesday morning off the north coast of Ireland. She reached a harbor, but then sank in shallow water.

One officer and eighteen men were killed by the explosion. The remainder of the ship's company were saved. The Drake was a vessel of 14,100 tons. Her complement was 900 men. A sister ship of the Drake, the Good Hope, was sunk in the battle off Coronel, Chile, in 1914, with a loss of 387 men.

FORMER FRENCH MINISTER FACES SERIOUS CHARGES

Accusations Against M. Malvy Say He Plotted With Enemy to Deliver French Plan of Attack Ratified by War Council.

Paris, Oct. 4.—The chamber of deputies assembled today and decided to take up immediately discussion of the case of Bolo Pasha, arrested on the charge of having conducted German propaganda in France.

Further charges are being laid against M. Malvy, former minister of the interior, who resigned on account of press attacks against him in connection with exposures of German intrigues, said the president of the republic has received a letter from Leon Daudet, leader of the Royalist Association and editor of L'Action Francaise. This letter, reciting infamous calumnies against me, has been communicated to me. I cannot accept this letter in silence.

The case of Bolo Pasha and other espionage cases closely bound up with it continue to absorb the public attention as each new step in the investigation, which is being conducted with vigor and despatch, brings out new facts involving new persons.

Everywhere the British arms have done splendidly in the opening hours of the offensive, which is one of the most prodigious attempted along this front. The attack was launched at six o'clock under heavy clouds and mist. There had been a slight drizzle during the night which caused some anxiety to the British observers.

WASHINGTON TIGHTENS RING AROUND GERMANY

Drastic Action of Exports Board Cuts Off Enemy From Outside World and Prevents Them From Getting Food Thru Neutrals.

Washington, Oct. 4.—A final move to prevent supplies from reaching Germany from the outside world was taken today by the American government in deciding to refuse coal to neutral ships carrying supplies from Southern America to the northern European neutral countries unless their cargoes are inspected in American ports.

In a statement accompanying the announcement the exports board makes it clear that the present absolute embargo against the European neutrals is not necessarily permanent, and that a final decision as to a policy will not be made until information as to the neutrals' actual requirements is obtained.

The step was taken with the approval of all the allies, who will cooperate by enforcing similar regulations. It follows closely Great Britain's declaration of a complete embargo against the northern European

Positions Along Passchendaele-Gheluvelt Ridge of Crucial Importance to Germans are Carried in Irresistible Onslaught Following Intense Barrage--British Penetrate to Depth of Mile at Some Points--Prisoners Taken More Than Three Thousand.

LONDON, Oct. 4.—Thousands of prisoners have been taken by the British in the new drive which was begun this morning east of Ypres, in Flanders. All the objectives of the British were won, including positions characterized by Field Marshal Haig's report from headquarters tonight as "of great importance."

The text of the report from British headquarters in France tonight reads: "Our attack this morning was launched on a front of over eight miles, from south of Tower Hamlets to the Ypres-Staden railway, north of Langemarck, and has been completely successful. All our objectives have been gained; positions of great importance have been won, and over 3,000 German prisoners have already reached the collecting stations."

Tonight's Associated Press report from the British front in France and Belgium says: The trial of strength among the strongholds comprising the Germans' crucially important line of defences along the Passchendaele-Gheluvelt ridge was renewed again at dawn today when the British again surged forward over a wide front to the east and northeast of Ypres.

At some places the British had penetrated to a depth of a mile and had overrun the crest of the ridge, which the Germans had held so long. Hundreds of Germans were surrendering at an early hour.

On the northern wing the onrush of the British was accompanied with a short distance of Poelcapelle; they have got a footing on the famous Passchendaele ridge, which jutted out from Passchendaele to the west and they have crashed their way thru the blood-drenched Zonnebeke-Broodseinde ridge, which formed an integral part of the Passchendaele-Gheluvelt chain.

Fierce Counter-attacks. Between the Village of Broodseinde, on the north, and Noordenhoek, a mile to the south, at an early hour they were where so many Germans have recently given their lives to swell the toll claimed by the British artillery.

Charge Thru Mist. Everywhere the British arms have done splendidly in the opening hours of the offensive, which is one of the most prodigious attempted along this front. The attack was launched at six o'clock under heavy clouds and mist.

Advancing Foe Slaughtered. There was an unusual feature in the battle near Zonnebeke. Three German divisions had been ordered to retrace the line the British captured here last week. The attack was set for 6 o'clock. The Germans were caught in the British barrage as they were preparing to push forward, and lost ground before the British advance.

Succession of Thrusts. In their successive thrusts recently the British have either taken over portions of the ridge or pushed their way forward to the lower slopes as far north as Zonnebeke, which lies just under the crest. Above Zonnebeke the ridge takes a turn to the northeast, while the British line has gone well back to the northwest.

Scene of Desolation. In the days before the war the Passchendaele-Gheluvelt ridge was covered with prosperous farms and dotted here and there with picturesque bits of forest. Now it lies bare and desolate, its earth churned up by tens of thousands of great shells, which the British artillery has been hurling upon it for weeks.

The correspondent has been close to the German front in this zone. Everywhere it is the same. Hardly a yard of ground remains that is not pitted with huge craters surrounded by piles of earth. Little forest have

**HAMILTON TO ACT IN CASE OF ALIENS**

Foreigners Caught Insulting Women Will Be Interned, Says Mayor.

By a Staff Reporter. Hamilton, Oct. 4.—That he was in favor of conscripting foreigners as well as Canadians, was the statement made by Mayor Booker today.

"They make their living in Canada and the defence of the country is as important to them as it is to us," he said.

Discussing the many complaints that were being received by the press from women who had been insulted by foreigners, the mayor said: "Any alien caught insulting our women will be interned."

Chief Police Whitley, who has been out of the city for three weeks, stated upon his return today that protection would be afforded by the police.

"If the reports are true," said the chief, "the foreign element appear to have become restless. We will certainly keep our eyes open."

There is a possibility that a mass meeting will be held in the city to decide upon what action the officials should take in the future.

**WAR SUMMARY**

**THE DAY'S EVENTS REVIEWED**

As anticipated, the offensive of Field Marshal Haig has been renewed and all the objectives of the first day won and consolidated. As in the preceding attacks, the latest drive was timed to the minute and at the given signal by breaking day the men swarmed over the parapets and across the ground that had been torn by terrific shell fire for days previously.

All along the front of eight miles, from south of Tower Hamlets, where Prince Rupprecht vainly endeavored for days to break thru, to north of Langemarck, the men made notable gains and inflicted severe losses on the enemy while suffering comparatively slight losses themselves. A feature of the attack was the willingness with which large numbers of the enemy surrendered. They met the victorious Britishers with uplifted hands, glad to obtain safety from the maelstrom of shell, shrapnel and rifle fire.

Field Marshal Haig states in his report of the battle that the attack was delivered with the same splendid dash that has marked other parts of the offensive. Swiftly and determinedly the men moved to the positions assigned to them, despite violent counter attacks, and made a new wedge in the enemy's line to a depth of about a mile. As a result the main ridge of the heights running north and south to the east of Ypres, which affords a dominating point for launching attacks to the east in the hands of the British. And at several points the Ostend-Lille railway connecting with the submarine base at Zeebrugge at the mercy of Haig's artillery. Developments will show that the victory of yesterday was one of the most important and most valuable for the allies since the British offensive on the western front began and indications point to a complete rout of the enemy from Flanders in the near future.

More than 3000 prisoners were gathered in behind the lines when the official communication was sent to London, and large numbers were still pouring in with their captors. Especially bitter fighting occurred at the eastern end of the front, where the Germans endeavored to break through the British line to the south. The efforts of the Germans to stay the British here were fruitless, however, as likewise were their efforts further north in the region of Poelcapelle, where the British gained ground to a depth of about two-thirds of a mile.

London reports that the British cruiser Drake has been torpedoed by a German submarine, but was able to make an Irish port, where it sank in shallow water. The explosion killed one officer and eighteen men. On the Macedonian front the British army raided a number of military objectives and destroyed several camps. One of a group of enemy airplanes which endeavored to break the formation of the British squadron was shot down to earth.

There has been no let up by the French army in carrying out reprisals on the enemy, and yesterday another successful raid was made on a number of German towns. The City of Frankfurt was bombed for the second time in a week and much damage was done. Rastatt, a city of Baden, with 14,000 population, was also visited by the raiders, and many objectives were seen to be in flames. In addition the British and French army are keeping up their raids over German points of military advantage behind the fighting line and many tons of explosives are being used upon them.

The French official statement says that there has been no cessation in the extremely heavy artillery fighting between the French and the enemy on the banks of the Meuse. The army of the crown prince made another heavy infantry attack on the French positions north of Hill 344, but was again repulsed with heavy losses.

Petrograd despatches indicate that the enemy is preparing for an attempt to cross the Dvina River, and intense artillery fire proceeds near Jacobstadt, which lies midway between Riga and Dvinsk on the northern Russian front. To the south the enemy endeavored to fraternize with the Austrians, begging them to leave the trenches for tobacco and cigars. But the only answer of the Russians was a withering rifle fire.

On the slopes of the Monte San Gabriele, near Gorizia, the army under Gen. Cadorna has been forced to sustain heavy counter attacks from the Austrians on its positions. The attacks, however, resulted in complete failure for the enemy, who was repulsed by the terrific fire of the Italian artillery and rifles.

General Cadorna's Army Repels Attacks and Takes Prisoners.

Rome, Oct. 4.—Further violent attacks by the Austrians against the positions held by the Italians on the slopes of Monte San Gabriele, in the Gorizia sector, have been repulsed, according to the Italian official communication issued today. The text of the communication follows:

"From Tuesday evening to yesterday afternoon fighting continued on the western slope of Monte San Gabriele. Repeated enemy attacks, delivered with the support of numerous assaulting parties, were broken up by our fire. In a raid we captured four officers and twenty-two soldiers who were hidden in a cavern. In the Raccolgo sector a successful raid gained us twenty-seven additional prisoners. On the remainder of the front there have been the usual artillery duels.

**CANADIANS PROJECT FUMES INTO LENS**

Enemy's Trench Mortars Goaded Into Activity—Red Cross Work Invaluable.

Canadian Headquarters in France, via London, Oct. 4.—Gas in considerable volume was again projected into the trench this morning. The enemy retaliation took the form of trench mortar activity, but this was not long maintained. The artillery duel still continues and the Germans are making more use of their long range high velocity guns in the bombardment of the area behind the front.

Behind the German lines one of our enemy engaged in loading ammunition at a dump. The airman swooped down from a considerable height, firing as he came with both form and aft guns. The enemy took cover, but not before some casualties had been inflicted.

Similar encounters between the airman and the troops on the ground are more numerous than they formerly were.

The coming national Red Cross subscription campaign in Canada has aroused great interest here, where the benefits of the Red Cross work can be seen at close range during every spell of active fighting, and all the time in the casualty clearing stations and hospitals. Red Cross supplies are not intended to take the place of army medical issues, but to supplement them in such a way as to give the surgeons the best possible facilities for their work and the wounded a better chance of recovery.

## Buying Boys' Clothing at EATON'S Saves You Money and It's an Assurance of Satisfaction--in Service as Well as Appearance

### Holiday Displays on Saturday Offer Great Scope in the Selection of Clothing and Reveal Many New Arrivals in Both Suits and Overcoats

If he's a "happy-go-lucky" young fellow who romps and plays vigorously, giving little or no attention to the care of his clothes — tough, hard wearing garments are what he needs. Or if he's a youth of more mature years, who appreciates individuality and real style features, he'll demand stylish togs that emphasize smart swagger lines and give to the wearer a distinctive appearance that he may well be proud of.

In both cases you'll find in the huge EATON assortments something that should fill the bill to the height of your satisfaction.

THE SURPRISINGLY MODERATE PRICES AND THE WONDERFUL VARIETY SEND OUT A STRONG APPEAL TO MOTHERS WHO MAKE IT THEIR BUSINESS TO GET THE BEST THEY CAN FOR THEIR MONEY.

## These Big Specials for Saturday Warrants Your Very Special Attention

Boys' Suits \$3.95, Boys' Mackinaw  
Coats \$2.95, and Boys' Winter  
Ulsters \$5.60 and \$6.35

The Suits at \$3.95—it's nothing less than  
an achievement to be able to offer such Suits  
as these for so little as \$3.95. The mere men-  
tion should be sufficient for mothers to realize  
that here's their golden opportunity to save.  
The Suits are made of tweeds—tweeds that  
should stand much hard service—in medium or  
dark greys and dark browns of plain or faint  
mixed effects. Coats are single-breasted, Nor-  
folk models, have seven-down box pleats each  
side, back and front, sewn belt at waist and  
flap pockets. Bloomers are full cut, have  
straps and buckles at knees, and the suits are  
well lined throughout. Sizes 25 to 33. Re-  
markable value Saturday, suit ..... 3.95

500 Mackinaw Coats, Each  
\$2.95

The difference between \$2.95 and the usual  
price of these Mackinaws is not usual—in fact

this is one of the best values seen for some  
time. And Mackinaws are the boys' favorite  
winter garment—they're so comfortably cosy  
—long enough to be warm, but not cumber-  
some, and just right for winter sport—allows  
lots of action. These are made of a heavy  
thick fabric, in red and black, grey and black  
or brown and black overcheck plaid effects.  
They're double-breasted, have fancy pleats at  
back and belt at waist. Collars are in deep  
shawl style and may be worn open or buttoned  
close to neck. Sizes 25 to 34. Greatly re-  
duced Saturday, each ..... 2.95

And the Heavy Ulsters at  
\$5.60 and \$6.35

They are cut double-breasted style, with half  
belt at back, wind straps on sleeve and deep  
storm convertible collars that come well up  
over the ears. Good, heavy overcoating in  
dark mixed grey. Twill body linings through-  
out. Big value Saturday. Sizes 25 to 35.

HEALTH SYSTEM IS PROVING OUT WELL

Greater Efficiency and Economy Results From Amalgamation of Two Plans.

FIVE CITY DISTRICTS Scheme Outlined for Looking After Health of City Under New System.

Greater efficiency, the saving of money and an improved organization of both the school and outside medical services has resulted from the amalgamation of the school medical inspection with the work of the board of health...

The increase in work and increase in salaries cause an apparent increase in the expenditures. The figures of which are covered in Dr. White's report...

Apparent increase in work and increase in salaries cause an apparent increase in the expenditures. The figures of which are covered in Dr. White's report...

Doctors' salaries, 4 months, with board of education would have been \$8,088.00. Dentists' salaries, 4 months, with board of health, will be \$6,200.00.

Which under board of health from Sept. 1 to Dec. 31 will for four months show a saving of \$1,735.40. A still further decrease of \$9,941.78, accounts for above-mentioned increase.

However, notwithstanding the fact that on order of the council we had an increase of nurses' salaries to the extent of \$1,325.79 and reorganize at a cost of approximately \$2,500.00 if we had operated on a ten-month basis our expenditures would still have been under the amount asked for by the board.

The city council passed appropriations for medical inspection amounting to \$10,000, and the amount spent to August 31 was \$14,325.52. There was a deficit on the 31st of August of \$373.83. Following are the amounts estimated for the balance of the year:

Three doctors at \$100 per month for four months, \$1200. Five doctors at \$200 per month for four months, \$4000. Total, \$5200. Four dentists at \$95 per month for four months, \$1520. One dentist at \$125 per month for four months, \$500. Total, \$2520. Forty nurses at \$13.10 per week for 15 weeks, \$3,172.50.

AND HE DID.

Board of health to August 31 spent \$25,000.

Board of health to finish year now asks, \$35,357.38.

For a 12-months' period, 1917, the cost will be \$78,422.58.

AND HE DID.

How Plan Works Out. The new plan makes it the duty of nurses to handle re-admissions and enables the physicians to spend their entire mornings in making physical examinations and eliminates traveling expenses and time between the city hall and various parts of the city.

There are now four full-time and four part-time physicians engaged in the school work, compared with 18 under the old system, according to Dr. White.

Teachers in the separate schools are being instructed so as to observe abnormal conditions in the children and report them to the physicians for diagnosis.

The board of health adopted the report, which entails the on the appointments, which were on the council for approval, also such approval is not required under the Medical Health Act.

The appointments. Dr. M. B. White, D.P.H., as director of medical services at a salary of \$1500 per annum, an increase of \$225.

The following full-time physicians for work in the public schools in addition to their regular duties:

Dr. J. H. Chasels, \$2400 per annum, to take the place of Dr. J. T. Phair, with added duties.

Dr. W. A. McLaughlin, \$2400 per annum, for full-time service in the separate schools, in addition to a salary of \$2400 per year.

The following temporary appointments for part-time service in the public schools for ten months:

Dr. E. O. Smith, Dr. Margaret McAlpine and Dr. L. C. Cook.

The following part-time appointments for special work in the public schools and in the separate schools during the summer vacation months:

Dr. C. M. Hincks, special examiner for psychiatric conditions, at a salary of \$1500 per year.

Capt. Dr. F. J. Munn, school medical officer for morning duty, and Dr. L. C. Cook, for afternoon duty, are devoted to the supervision of special classes in the schools, at a salary of \$1500 per year.

All the above appointments are made with the understanding that the appointees shall provide a motor car to facilitate their work.

In order that Dr. White might be able to give more time to the work of the school, Dr. C. W. Black, his assistant, has been promoted to the position of assistant superintendent.

Miss Dyke is now director of public health nursing, and the activities of the public school nurses have been taken over by the general public health service.

Stewart James and Dr. W. W. Weir are appointed to take charge of the public school dental work, while Dr. H. H. Murphy will be in charge of the separate schools.

Would include Venereal Diseases. Dr. Hastings recommended to the board that application be made to the provincial board of health to have venereal diseases placed in the class of communicable diseases, so that any person so affected may be placed under quarantine. In addition to this any person suspected may be referred to a hospital for examination and if found diseased may be quarantined. In case the infectiousness of a case is disputed the board shall decide and there shall be no appeal from its decision.

Dr. Hastings said that this change could be accomplished by an order-in-council of the provincial government and would serve until followed up by legislation that is already under consideration. The recommendation was approved by the board.

CITY MAY SELL FOUR ACRES OF ASHBRIDGE'S

Council Will Be Asked to Approve of Sale by Toronto Harbor Commission.

Today the city council will be asked to approve the sale, by the Toronto harbor commissioners, to the Imperial Oil Company, of four acres of land in Ashbridge's marsh, southeast of Don river, at the rate of \$15,000 per acre, or \$95 per foot.

The harbor commission has, in addition, agreed to give the company a 21-year lease to 800 feet of dockage, with a depth of 68 feet, at the rate of \$1500 per year.

The company will bring in the dock to the docks to the storage tanks and the plants of the Consumers' Gas Co. and also to the present yards of the Imperial Oil Co. on the Esplanade.

The commissioners state that under no conditions will they recommend the sale of any property having direct dockage facilities or riparian rights.

WILL INVESTIGATE BUILDING SECTION

Department of Board of Education Will Be Inquired Into by Judge.

FUNDS PROVIDED Motion to Investigate Whole Board Lost by Small Majority.

Investigation into the management of the affairs of the building department of the board of education will be made by a judge of the supreme court who will be given authority to take evidence under oath. On motion of Trustees Boland and Dinesen at a meeting of the board of education will be notified that the funds necessary to conduct the investigation have been furnished, and that the board of education will be notified with the necessary powers.

Trustee Houston was of the opinion that other arrangements needed investigation also. The board, he said, had been charged with conducting an expensive and inefficient system of whether or not the system was costing too much, and whether or not the citizens were getting value for their money.

Dr. Noble stated that the board of education spent over \$100,000 annually which he considered to be wrongly spent. He stated that the province provincial institution at Mimico, and intimated that the principal's salary was paid by the city.

HIGH RENTS CAUSE BOOM IN BUILDING

Brick Demand for Homes That Cost Less Than Three Thousand Dollars Reported.

On account of the scarcity of homes in the city and the prevailing high rents, many permits are being issued at present by the city architect's office for the construction of houses. It is reported that there is a very brisk demand for homes that sell for less than \$3000.

The principal cause for more expensive structures issued yesterday were:

City Homes Limited, for one year and a half, two-story brick dwellings on the south side of Millbrook creek near Ingham avenue, to cost \$4000.

SCOTCH GIRL DISAPPEARS

Rose McIntyre Was Last Seen in Toronto During Exhibition and Cannot Be Found.

Miss Rose McIntyre, 19 years of age, formerly of Aberdeen, Scotland, who was last seen in Toronto during the Exhibition, has disappeared. On August 18 her mother, Mrs. Bella McIntyre, 191 Clifton road, Woodside, Aberdeen, received a cable: "Send on \$30; very ill; McIntyre." No address was given, and it was therefore impossible to send the money.

Mrs. McIntyre has written to an acquaintance in Toronto, but she can do nothing, as the girl has not been heard of for two months.

Any communications may be addressed to the city editor of The World.

NO CIVIL FISH STORE.

Toronto Has Good Stores and Interference Would Be Unfair.

While Mayor Church approved of the civic fish store that Mayor Stevenson has established in London, he does not propose to introduce one in Toronto.

Ased if he had considered one for Toronto, he said:

Elia Clark of Collingwood was arrested yesterday afternoon by Detective Croome on a warrant charging her with deserting a young child. When arrested the woman denied that she had left the child, and said she intended returning to her home this morning. She will be taken back to Collingwood for trial.

Coming Appointments

SIR GEORGE PERLEY, whose permanent appointment to position of high commissioner for Canada in England will be announced in a few days.

SIR JAMES LOUGHEED, government leader in the senate, who will be acting overseas minister of militia.

NEW REGULATION IN PUBLIC SCHOOLS

Department of Education Issues Instructions for Medical and Dental Inspection.

EXAMINE EVERY PUPIL Pupils to Go Before Doctor Once Every Six Months.

Special regulations for the medical and dental inspection of the children in the public schools of the city have been issued by the department of education. The regulations, which will be enforced by the board of health on the first day of the school year, are as follows:

A long list of grievances was handed on by the committee and was published in the press. It was headed: "To whom it may concern." They bear out the fact that the men who are doing this work, took the time the men were washing their hands and laid them off for two weeks with a loss of pay. Another matter which is attached is that the men who are doing this work, took the time the men were washing their hands and laid them off for two weeks with a loss of pay.

STRIKE SITUATION SHOWS NO CHANGE

Employees of Street Cleaning Department Stand by Original Resolutions.

MEN STATE CHARGES Formulate Complaints They Wish Taken Up Before Returning to Work.

The fourth day of the scavengers' strike finds the men determined to stick out for their original resolution, also there may be one here and there who is not so determined and is being urged to give up the strike and return to work. Mr. C. J. Mitchell stated that there was nothing new to give out, and that the situation was unchanged.

The following letter was received yesterday by C. J. Mitchell, from Commissioner Wilson, and is a counter-part of letters that have been received by all the men:

"This is to notify you that as an employee of the department of street cleaning, you are invited to resume your work immediately upon receipt of this letter and that failure to do so will be regarded as a desire on your part to sever your connection with the department."

"(Sgd.) G. E. Wilson."

It was stated that no notice has been taken of these letters. The men will not likely go out next Tuesday, which will give them time to complete the work they have in hand. These men include blockmakers, painters, bricklayers, masons, etc., from the various yards. At today's meeting of the city council, composed of the committee of the men, also Mr. Kennedy and C. J. Mitchell, will present the case for the men, who are on strike, and who are on strike.

Swear to Obey. A special meeting of the Foremen's Association of the street cleaning department was held last night in the old St. Andrew's hall, being presided over by the chairman, George Burt, when the whole 26 were present. A deputation of the men's committee was present, who laid out the case of the men, who are on strike, and who are on strike.

On Tuesday, September 18, about 11.30, I was in the western city yard repairing truck when John Lawrence, driving another similar truck, came driving past, followed by Commissioner Wilson. On passing Lawrence's truck, Mr. Wilson took off a little and threw it to the ground. He then came to my truck and seized the little flag, which was a sick stick into a hole in the windshield. He tore it out, breaking the stick and tearing the glass. I don't want any of this rubbish here. He then quicky left the yard.

The flag had been on my truck for over three months, and there had never been any objection taken to it. The flag was a sick stick into a hole in the windshield. He tore it out, breaking the stick and tearing the glass. I don't want any of this rubbish here. He then quicky left the yard.

Parents or guardians who receive a report that their children's teeth require dental attention are required to have the case attended to, and in event of failure to do so the medical officer of health shall take such action as may be authorized by the board of health.

50,000 Club Has Wonderful Success

Collected \$325,398.11 in Nine Months—Appeal to Those Who Have Failed to Pay.

At a special meeting of the Toronto and York Patriotic Fund Association, held on Monday afternoon of this week, the executive were told in their praise the organization has astonished everyone by its accomplishments, and is justly worthy of all the praise showered upon it. The success of the club is, of course, due to the co-operation of the citizens of Toronto. The executive wish to again thank all members and workers for their most loyal support.

The total cash collections for the first nine months of the year 1917 amounting to \$325,398.11. The total was apportioned as follows:

January ..... \$25,141.90  
February ..... 24,484.83  
March ..... 43,153.22  
April ..... 38,720.97  
May ..... 32,176.74  
June ..... 34,446.83  
July ..... 32,176.74  
August ..... 34,446.83  
September ..... 32,176.74

This is indeed a remarkable showing, when it is considered that this money is collected in monthly instalments of 50 cents and 10 from men and women, the majority of whom are wage-earners, and have not kept their payments up to date, and as these funds are used for the benefit of the soldiers' wives and children, it is absolutely imperative that all those who are able to do so, should contribute to this fund as early as possible, and all money to the 50,000 Club, 59 Yonge street.

note statement, or indeed to any statement whatever, the Liberal leader let it be understood that he had at the present time no intention whatever of resigning leadership of his party on the eve of an election campaign.

It was further stated by local Liberal politicians who talked with Sir Wilfrid this morning, that what Le "Newspaper" has since coming to Montreal last night, has served to strengthen his determination to stick to his guns.

At the prime minister's office this morning it was stated that two new ministers would be sworn in today, but one might be under consideration. Sir Robert Borden later said that one day was pretty good progress. It is generally supposed that the next new minister to be sworn in will be a representative of labor.

Conference Today. Tomorrow will be devoted to a conference with prominent western Liberals, some of whom may enter the cabinet. Hon. J. A. Aulick, at Ottawa and Premier Arthur Sifton of Alberta are already on the ground, and Attorney-General Hudson of Manitoba is said to be on his way.

Effort at Compromise. Sir Wilfrid Laurier has not resigned and probably has no intention of doing so. In spite of this threat to retire was directed against the extremists in Quebec. A strong effort is being made to arrive at a compromise on the conscription issue, which so far has been defeated by the radical wing in Quebec.

Later reports show that a seventh hostile machine was downed Tuesday, in addition to the six previously reported.

CARVELL OR GRAHAM?

Montreal, Oct. 4.—Political gossip here in connection with this city's visit to a few days has it that the Liberal chief has no present intention of retiring from the party leadership, and that when he does retire his successor will probably be Hon. Geo. P. Graham, not P. B. Carvell. Local Liberals seem confident that Sir Wilfrid will continue to lead the party, and that there are no hints among the Liberal ranks that Sir Wilfrid's interests working against this. It is referred to Sir Wilfrid's leadership for the purpose of having it definitely settled who is to be the chief lieutenant and in this connection, the names of Mr. Carvell and Hon. Mr. Graham are most prominently mentioned. Hon. Mr. Carvell is also referred to as a possible lieutenant to the chief.

Sir Wilfrid and Hon. Dr. Pugsley had a long conference here today.

BRITISH AIRMAN BOMB AIRDROME OF ENEMY

In Spite of Unfavorable Weather Conditions They Carry Out Successful Operations.

London, Oct. 4.—The following official communication was issued this evening in connection with the aviation branch of the army: "Low clouds and a high west wind Wednesday made aerial work almost impossible. In spite of these conditions a little artillery work was carried out and four of our machines attempted to bomb one of the enemy's airdromes. One of the machines reached and bombed its objective and two others succeeded in dropping their bombs on other targets behind the enemy's lines. Very few hostile aircraft were seen. One German airplane was driven down out of control. One of our machines is missing."

Later reports show that a seventh hostile machine was downed Tuesday, in addition to the six previously reported.

DEFENCES FALL BEFORE HAIG

(Continued from Page 1).

been wiped out and only pitifully shattered tree trunks mark their sites. Here and there a few bricks rear themselves bravely to show where a farmhouse or hamlet has stood. Zonnebke, where a few days past could be heard the steady purr of British and German machine guns, lies like a smudge on the landscape.

There are no large masses along this ridge. Paschendaele, which now is a mass of ruins, was merely a hamlet. South of it were little communities, such as Nieuwvelden, Bruidsoord, and Molenaarshoek. They have all disappeared in the deluge of breaking steel.

Elaborate Defences.

An infantry advance over territory of this description would be difficult, even if there was no enemy opposing. Shell holes, many of which are filled with water, form a serious obstacle to a rapid advance and any one of these excavations may be a post of German machine guns. The top of the whole zone had been prepared with such defences and the shattered forests were choked with rapid-firers. Concrete pill boxes and redoubts also had been scattered in profusion throughout the territory.

Mud is one of the greatest enemies which the British have to contend with. In much of this area streams like the Polygonbek have been bordered with veritable morasses, in which the troops have foundered, and knee-deep. Even a few hours' rain turns large sections into fields of liquid mud and pools which many concealed shell holes of great depth.

Artillery Massed.

The British artillery for this offensive has been among the greatest if not the very greatest, seen along the western front. Since last week's drive tremendous guns have been concentrated along the battle zone with clouds of smoke by day and turning the fighting lines into vivid streaks of volcanic fire by night.

The Germans have been giving much of their attention to Tower Hamlets and the section northward astride the Ypres-Menin road, and the British in turn, have been pouring a terrific stream of steel into the German positions. It is in this section that the Germans have been making such heavy counter-attacks since the recent British successes.

parently fearing to lose Ghelvelt ridge, which they value highly as an observation point. That the Germans suffered severely from the British bombardment is borne out by prisoners who stated that the ground was their first line and the foremost of their batteries was badly torn up. In last week's battle more Germans were killed in proportion to the numbers employed than before. In one small area alone a thousand bodies were counted and they represented only a fraction of the total. It is in this section that the deterioration noticed in the morale of the German troops. Recently the Germans have been forced to change many of their divisions along this front, since the last attack, mainly according to the report, because they could not trust them. It is also known that at least two divisions of troops have appeared from the Russian front.

The British troops entered today's conflict in the highest possible spirits and with the fullest confidence in the outcome.

WILL SUPERINTEND VOTE OF SOLDIERS OVERSEAS

Maj. W. P. Purney, War Veterans' Head, Appointed by the Government

By a Staff Reporter. Ottawa, Oct. 4.—Major Willard P. Purney, president of the Great War Veterans' Association of Canada, has been appointed clerk of the Military Voters' Act. Major Purney is a practising barrister at Liverpool, N.S. He went overseas with the 15th Battalion, was wounded and invalided home. He has both the military and legal qualifications for the position and will have immediately for London to arrange for taking the soldiers' votes. The different camps in England where Canadians are located will be divided and military officers secured to preside at the election.

Both the returns from France, after counting in Paris, and those from England to be counted in London, will be forwarded to Major Purney, who in turn will report them to the general returning officer in Ottawa. The results will be called and afterwards the ballot papers will be forwarded here.

SMUTS CONVINCED GERMANS BEATEN

Says War Situation Clearing Up, But Allies Must Not Relax Effort.

London, Oct. 4.—(Via Reuter's Ottawa agency)—Lieut.-Gen. Smuts, who commanded the South African forces in the successful campaign against the Germans, spoke today at a luncheon in Connaught Rooms, given by the presidents of the chambers of commerce of the United Kingdom. In the course of an important pronouncement he said that the people of this country and of the whole empire deserved to be taken into consideration by their political leaders. They had cheerfully shouldered immeasurable burdens, their spirit after three years of the greatest strain remained unconquerable, the magnitude of their performance increased with time and when the last blows of this war came to be struck against the enemy, he was sure that the hardest and heaviest would be those coming from this commonwealth of nations which was called, or miscalled, the British Empire.

PRAYERS FOR DEAD IN ENGLISH CHURCH

Proposal at Synod Meets Strong Opposition of Archdeacon Armitage.

RESIST TO THE LAST Declares He Will Carry Protest to Feet of King if Necessary.

Montreal, Oct. 4.—Should prayers for the dead be embodied in the revised Prayer Book of the Anglican Church? This question was debated long and earnestly this afternoon by the synod of the Ecclesiastical Province of Canada, the proposition being to take the prayers from the Scottish liturgy, and it was finally decided by a vote of 34 to 4 to memorialize the general synod for authorization to use such prayers. Archdeacon Paterson-Smith of this city introduced the matter in a resolution, which met with opposition from only a few of the clergymen present. One of these was Archdeacon Armitage, who said he did not believe in all prayers for the dead. "There are thousands of people," he said, "who will resist this idea to the uttermost, and I will resist it to the uttermost, and if necessary will carry it to the feet of the King himself." The venerable Dean Evans of this city supported the position taken by Archdeacon Armitage.

In speaking to his resolution Archdeacon Paterson-Smith referred to the great number of people who weep for their departed, and said the position had changed since the war started.

Supports Resolution. Bishop Farthing of Montreal spoke in favor of the proposal. "What we want," he said, "is that those who face the losses of those they love may have a prayer for those who have gone before."

The Bishop of Fredericton supported the resolution as a catholic one in harmony with the doctrines of the Church of England.

Bishop Williams of Quebec said he had frequently used these prayers, to the great comfort of relatives of those who had fallen in battle.

The Archbishop of Nova Scotia spoke briefly in favor of the motion. Said he: "If we are called to pray for those here on earth, and for things which God can at any time give us without prayer, I do not see any reason why that cannot be done by the living Christ to those who have departed."

All the bishops voted for the memorialization of the general synod on the question, both upper and lower houses meeting together at the time. The proposal to change the name of the synod was not favored, as it was deemed inadvisable to make a change at the present time.

The synod decided not to accept the form in which the Atlantic Church is printed in the next prayer book.

Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Oct. 4.—Many people never realize that the movement of every organ of the human body is dependent on the energy supplied by the nervous system. When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are affected. Appetite falls, digestion is poor, you do not get the good of what you eat, and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. S. Elise, 48 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and although he doctored for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twenty or thirty boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for the dizziness and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicine, and cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, is a treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, 100 St. George Street, Toronto. Do not be misled by cheap imitations. A substitute is printed in the next prayer book.

LABOR COUNCIL OBJECT TO SALE OF ABATTOIR

Deputation Will Wait Upon City Council to Protest Against Disposal of Plant to Private Company.

At the regular meeting of the Trades and Labor Council last night in the Labor Temple a resolution was passed to send a deputation to the city council today to protest against the sale of the abattoir to the Harvis Company. It was also decided to send a petition to Ottawa asking that the government immediately dismiss Food Controller Hanna and appoint a prosecutor who will control prices and give a representation to the labor classes on its advisory committee.

It was resolved that the council shall lay before the Dominion Fuel Controller and Sir Henry Drayton, chairman of the Dominion Railway Board, the actual conditions now existing in Toronto in the coal situation, and to ask for a definite statement as to the prospect of getting coal shipments into the city.

Fred Bancroft, president of the report of the delegates who represented the council at the Trades and Labor Congress at Ottawa.

Prior to adjournment the wisdom of the action of the president of the Trades and Labor Council in offering the scavengers advice at their recent meeting was discussed. The discussion was based on reports in the papers.

BRITISH TRIUMPHS

IN NINE MONTHS

More Than Fifty-One Thousand Prisoners and Many Guns.

London, Oct. 4.—General Frederick B. Maurice, chief director of military operations at the war office, said today regarding the make-up of the Flanders army: "The troops which have been engaged in the fighting from July 31 to the present are composed as follows: British (English), 70 per cent; colonial, 10 per cent; French, 10 per cent. The casualties in the same period are distributed as follows: English, 76 per cent; colonial, 8; Scottish, 10; Irish, 6."

Summing up the work of the British army in the first nine months of the year Gen. Maurice said: "During that period we have taken on the western front 61,435 German prisoners and 232 field and heavy guns, while our losses have been 15,065 prisoners and no guns."

"In all theatres we have taken 72,153 prisoners and 470 guns, and have lost 15,850 prisoners and no guns."

With reference to aerial operations Gen. Maurice said: "The general impression has got abroad recently that we are a long way behind the Germans, but also behind the French and Italians. That is not true. During the recent air raids on London the Germans dropped 4 1/2 tons of explosives on the London area. In the same period British aviators dropped 215 tons of bombs on objectives behind the German lines. We have always led the enemy in the air, and are still leading."

"Our greatest air success was in the battle of the Somme, when we literally rained bombs on the Germans. We started bombing from airplanes. The Germans followed. We have always been and are now doing more than twice as much bombing from the airplanes as the enemy. The Germans copied our systems, but never reached our height of superiority."

## FAIR WEATHER FOR OPENER TEAMS READY FOR BELL

### Chicago Officials Have Routed the Scalpers and Few Available Tickets Soar in Price--Even Money is the Betting.

Chicago, Oct. 4.—With fair weather promised for the opening game of the world's series Saturday between the New York Nationals and the Chicago Americans, and the ticket scalpers apparently routed, the invaders were defeated in a practice game with the Chicago Nationals this afternoon, 5 to 5. The season being over, nobody paid any attention to the score, but many a batsman of no criterion of the interest felt in the big series. It is intense.

The recent announcements of those who, as brokers, working between the box office and the ultimate consumer, that they would have plenty of tickets for all ultra-profiteering prices, went in to eclipse during the day, but their prices soared. The brokers paid back thousands of dollars in deposits, and it was learned definitely that none of them had more than a dozen of the three-game tickets for sale. The price of box seats accordingly soared to \$75, and even the mere reserved seats, made of hardwood slats and worth at the factory, maybe \$5, were quoted for three at \$15, or two or three hours each, at \$35.

The paucity of scalper tickets was attributed to the energy which Owner Comiskey displayed in seeking to circumvent the practice. He held back distribution until this morning. He numbered the tickets and indicated the names of purchasers; he obtained the aid of the state's attorney and chief of police, and promised full publicity in the advertising columns of the newspapers wherever he found that a purchaser had transferred his ticket to a broker.

The lines at four ticket offices at the ball park began to form at 10 o'clock this morning, and the procession continued until all of the \$12,000 reserved seats had been given out.

In the matter of betting, the locals talked loudly of six to five on the Comiskey team, and New York adherents talked the same odds as to the men, but what actual betting could be located was at even money on the result. There were a few bets on the involving small sums, ranging from ten to one that neither club would take the straight, to two to one that Collins would outlast Herzog.

While the crowd was clamoring for tickets outside the White Sox park, the American League champions put in several hours of practice. The diamond was a bit soggy, due to recent heavy rains, and it was covered tonight so as to be in shape for the final practice tomorrow. "Kid" Gleason, the coach, was in charge of the practice. Later, Manager Rowland addressed the players in the clubhouse. There will be a meeting of the National Baseball Commission tomorrow, at which time ground rules and other playing conditions of the series will be explained to the four umpires, the scorers and Managers McGraw and Rowland. There also will be a meeting of the Baseball Writers Association of America in regard to details of the series.

### GIANTS LIMBER UP; CUBS IN CONTEST

Chicago, Oct. 4.—The New York Giants limbered their muscles today in preparation for their coming battles with the Chicago Americans for the world's championship. They were opposed by the Chicago Nationals, who won the game, 3 to 2. The loss was, however, did not exert themselves after a few innings and Chicago easily took the lead. Manager McGraw sent his regular lineup, with the exception of his battery men, into the game at the start. Burns, Herzog, Kauff, Zimmerman, Fletcher and Holke were given a rest after they had played a few innings. Herzog played at his regular bat. He showed much speed in scoring on one occasion when he slid under O'Farrell after a sacrifice fly to short center. The other regulars also benefited by the "work-out." Manager Mitchell started Vaughn and the champion hit his left-hand offerings hard. Zimmerman and Kauff touched him for a double each, while Fletcher was credited with a home run, when the ball rolled thru the fence. The New Yorkers, however, were unable to solve Carter's delivery. Demaree went the rout for New York. Bates, Perritt and Schupp warmed up with Karsten and McCarty before the Chicago. Scores: R.H.E. Chicago..... 3 0 4 0 0 1 1 2 3 15 2 0 New York..... 4 0 1 0 0 0 0 0 0 5 8 3 3

Atlantic, Iowa, Oct. 4.—Earl Caddock, of Anita, Iowa, claimant to the world's record for the national army today by the local draft exemption board. He did not ask exemption. Caddock failed to pass the medical examination when first examined by the board a month ago.

### CARDINALS WIN SECOND.

St. Louis, Oct. 4.—Doak held the St. Louis Cardinals to six hits in the second game of the fall series, 3 to 1. Davenport pitched well, but received poor support. Score: R.H.E. Cardinals..... 0 0 1 1 0 0 0 1 2 3 1 0 Americans..... 0 0 0 0 0 0 1 0 0 1 6 5

# BIGGER PLAYING FIELD AT COMISKEY PARK IN CHICAGO

### American League Grounds One of the Most Elaborate in the Major Leagues--Polo Grounds Seats More People

New York, Oct. 4.—A comparison of Comiskey Park, Chicago, and the Polo Grounds, New York, where the world series of 1917 will be played, shows that the White Sox and the Giants shows that these two baseball amphitheatres are among the most commodious in the country. The western park has the larger playing field, while the Polo Grounds will seat between two and three thousand more spectators. Under certain conditions, however, the Polo Grounds stands will go for home runs, while at Chicago these same hits should result in outs, providing the outfielders play deep enough.

Both parks possess features which will be turned to advantage by the home players, although the American League team will have the edge in this respect. The members of the New York Nationals have never played at Comiskey Park and are, therefore, unfamiliar with the peculiarities of the field. The White Sox, on the other hand, have played the New York Americans at the Polo Grounds for several years, and are as much at home there as any National League team which meets the Giants on the latter's home diamond in several series each season.

So far as the seating capacity is concerned, the Polo Grounds will accommodate about 5000 more spectators than Comiskey Park, but the total gate receipts will not differ to any great extent, owing to the fact that there will be a far greater sale of box seats in Chicago than in New York. The capacity in round figures and price of seats in each division of the stands are as follows: Comiskey Park—Box seats, \$10.00 at \$5.00 each; 24,000 seats at \$2.00; Polo Grounds—Box seats, \$15.00 at \$1.00 each; 14,000 unreserved grand seats at \$2 each; 8000 reserved grand seats at \$3 each; 1400 box seats at \$25 each; total, 37,000 seats for \$74,250.

White Sox Park in Chicago is one of the most elaborate baseball parks in the country. At the time it was built in 1910 it was declared to be a "baseball palace," and since that time several other baseball clubs have erected stands along the lines of Comiskey's creation.

The park is located at West Thirty-Fifth street and Shields avenue, and is reached from all parts of the city by elevated and surface lines and numerous boulevard. The playing field is laid out on a sloped and elevated site, and the field is 352 feet long and 260 feet wide, with a distance of 120 feet between the plate to the first row of boxes in the grand stand and the right field foul line from the plate to the bleachers being only 257 feet. The probability of long hits on the New York grounds being productive of home runs is, therefore, much greater than at the Chicago park, where a far-hit ball is not so likely to evade an outfielder's reach.

## RING DOWN CURTAIN ON LEAGUE GAMES

### Dodgers and Braves Split—Senators Down the Red Sox—Scores.

At Brooklyn (National)—The champion Brooklyn finished the 1917 season here yesterday in seventh place. They were defeated by Boston by winning the first game, 5 to 1, but lost the second, 4 to 3. Smith pitched in two seasons form in the opener, having the Braves shut out until the eighth, when Repp's single and Maraville's triple scored their only run. Five hits in the sixth innings gave Brooklyn three runs and the game.

Near outpitched Cadore in the second contest. Maraville and Powell divided equally eight of the eleven hits credited to Boston and drove in most of the runs. Wheat and Outshut batted well for Brooklyn in the two games. Scores:

First game: R.H.E. Brooklyn..... 0 0 0 0 0 0 1 0 5 14 1 Boston..... 0 0 0 0 0 0 1 1 3 0

Batteries—Scott and J. Meyers; S. Smith and Krueger.

Second game: R.H.E. Brooklyn..... 0 0 1 1 0 0 0 1 4 11 0 Boston..... 0 0 0 0 0 0 1 1 3 0

Batteries—Leht and Traggesser; Cadore and Krueger.

At Boston (American)—Boston and Washington closed the American League season here yesterday, with the victors winning, 5 to 4. Shaw needed yesterday's game to round out fifteen victories for the year. The game was poorly played, with both sides hitting freely. Cooney's fielding was a feature. R.H.E. Washington..... 0 2 3 0 0 0 0 0 5 14 1 Boston..... 0 1 2 0 0 0 3 1 1 3 2

Batteries—Shaw and Alenmith; Penneck and Mayer.

## MATTY'S REDS TAKE FIRST OF THE SERIES

Cincinnati, Oct. 4.—Cincinnati won the first game of the Ohio series from Cleveland here today by a score of 11 to 7. The victors of the lot in the sixth and seventh innings, but in the sixth the latter went to pieces. Cooney succeeded in hitting Bagby, but in the sixth the latter went to pieces. ## WORLD'S SERIES AT THE STAR

No need of the Toronto baseball fans going to Chicago to see the world's series games, as the games starting Saturday at Chicago will be shown on the Toronto Theatre, where every play will be reproduced exactly as Chicago the moment the play is made, as there is direct wire from the grand stand in Chicago to the Star Theatre. The show starts at 8:15 and the baseball game, which starts at 8:30, will be shown in the interval. We would advise right to the minute to reserve their seats early as this will be the only board showing the game in Toronto.

## PIM'S IRISH POPLIN NECKWEAR TODAY AT SCORES.

It is not an unusual thing these days to have a gentleman say, "Let me see the Pim's neckwear." Regular \$1.50 lines for \$1.25. R. Score & Son, Limited, tailors and haberdashers, 77 King street west.

## CAPITALS WILL ENTER INTERMEDIATE SERIES

Efforts to induce the Royal Flying Corps to place a team in the O.K. intermediate series have failed, but the series will not be dropped. Failure with the Flying Corps men only stirred the officers of the union to work the harder. This resulted in the Capitals agreeing to make a second team in Toronto. This will be good news for Rugby fans. The blue and white popular, and a great deal of surprise was occasioned when, after making the announcement that they would come in, they failed to send a representative to the semi-annual meeting of the O.K. F.

Tommy Armstrong will look after the north end club. He announces that he has already lined up a strong team, but will give out no names. Practice will be started once, and notice of same will be given later. Tommy is a hustler, and is also very popular, and should have no difficulty in placing a good team on the field. The Capitals are quite willing to play for patriotic purposes, and to turn any receipts they may have over to some worthy cause.

## HOW TO PLAY GOLF

By Charles (Chick) Evans Jr.

**Bunkers**

The object of bunkers, in addition to giving "sportiness" to a course, is to penalize poor play. Therefore, I suppose, whenever you are bunkered, you can blame about fifty per cent. of the disaster on your lack of skill and the rest on the bad luck. Of course, no matter how skillful a player is, he is sure to get into these difficulties frequently, and the best of his ability is to get out with a minimum of loss. If there is any place on the course where a player must have control of his temper, it is when he finds his ball surcidentally smiting at him from a bunker. The inexperienced player, or the one who has not yet acquired the so-called golf temperament, gives vent to his exasperation, and savagely tries to rescue a bad situation by unwisely attempting to get distance and get out of the bunker at one shot. It is seldom, indeed, that a player is justified in this attempt. The usual result is that he only lands his ball in a worse position than it was before. This only makes him more determined than ever to get distance on the next shot, with similar results.

The golfer who is able to realize that, having landed in a bunker, he had best accept the inevitable and regard a stroke as practically lost, really has a tremendous advantage. He is able to approach his ball in a frame of mind that will enable him to recognize the difficulties of his next shot, and plan to play not for the purpose of getting distance, but merely to get out of the bunker; and a few yards the other side, so he can take his next shot under normal conditions. Distance from a bunker is absolutely no object to self-controlled and wise players. This attitude toward a bunker shot is insurance against any more waste strokes and is the best of golf strategy. Grand recoveries from bunkers are equally miracles. A player should reflect that a shot lost in a bunker can best be recovered by a good approach or by sinking a long putt.

Assuming your ball lies clear in the sand close up to the bunker, your best chance is a heavy niblick. Your stance must largely be adapted to the circumstances. The closer your ball lies to the bunker, naturally the more under your ball you should get. You should hit the sand about two inches back of the ball, and take plenty of it. There is no such thing as a follow thru in playing a niblick.

Six varieties of seaweed are used by the Japanese in the manufacture of vegetable isinglass.

ACTIVITY IN RUGBY IN THE FOREST CITY

London, Oct. 4.—Activity in Rugby will be restricted here in the O.R.F.U. intermediate series to possibly one team this autumn, and the other will come from military quarters. However, there will be plenty of training for the players among the soldiers stationed here, as a four-team league is in the making. It is proposed to play the first game of the league of soldiers to play games at Carling Heights. Officers in going over the situation recently are of the opinion that the material among the soldiers, while not the intermediate O.R.F.U. calibre, may be developed so that by the end of the season a team could be picked to play in the O.R.F.U. providing such a team could secure a bye and whenever the winners of the Toronto and Hamilton group are declared, a play-off with the local team be in order. The O.R.F.U. intermediate O.R.F.U. series with the Western University of London, Ontario Agricultural College of Guelph, and St. Jerome's College of Kitchener, does not meet with much favour here since the Western at present is not in a position to take any step regarding football. If Western plays any football it will be confined to the interscholastic variety. A meeting has been called by Capt. MacGillivray to organize a khaki rugby league, on Wednesday, October 10. The units that will be represented with teams are the 88th Battery, Depot Battalion, Army medical Corps and one team from other units combined. St. Thomas and London Collegiate meet here on Friday in the first Junior O.R.F.U. game of the season.

Patriotic Day Golf Program at Lambton

A patriotic day is being held by the Lambton Golf Club on Saturday next, October 6. The events are all open, not only to members, but to the members of all other golf clubs, both in the city and outside. This event was originally scheduled for Sept. 22 but was postponed until the present date owing to the very sudden death of the club president, Mr. Harry Burris just a few days before it was to have taken place. The proceeds of the day are to be devoted to the purchase of athletic equipment for Canadian conscript soldiers in England, for which there is a very great need. As all prizes have been donated it means that every dollar received will be devoted to this very good cause. The program of events, as originally arranged, will be carried out, with the exception that it has been decided to permit tournaments, including mixed foursomes to be played at any time in the afternoon after 3 o'clock. The original entries and reservations will be held good unless advice to the contrary is received by C. H. Wilson, chairman patriotic day committee. The requirements for the conscript soldiers are much greater than anticipated, so that a considerably larger amount than \$3000 will be required. This will be raised if the members all work to this end. A great many have already sent in subscriptions and entries, and it will be appreciated if those who have not done so will forward same to the secretary at an earliest convenience.

CITY PLAYGROUNDS TENNIS

The City Playgrounds Tennis League had nine teams entered and played their very successful season. The final standing was: Eastern Section. Won. Lost. East Riverdale 4 0. Leaside 4 0. Morse 4 0. Centre Section. Won. Lost. St. Andrew's 4 0. Oiler 4 0. Elizabeth 4 0. Western Section. Won. Lost. Carlton Park 4 0. McChimick 4 0. Oiler 4 0. St. Andrew's defeated Carlton Park, 2 to 1. St. Andrew's defeated East Riverdale, 2 to 1.

**Conducted by Mrs. Edmund Phillips**

The marriage will take place on the 17th inst. of Margaret Eaton, youngest daughter of Mr. and Mrs. C. E. Burton, to Major William Bishop, son of Mr. and Mrs. W. A. Bishop, Owen Sound.

Col. Leveson left yesterday for Rochester, where he had been called to a consultation with General O'Ryan, United States Army.

General Sir Sam Hughes was at the King Edward last night, en route from Lindsay to Ottawa.

Mr. Edmund Bristol, M.P., has situated invitations to a dinner at the Albany Club on Tuesday evening at 6.30 o'clock.

Thru the courtesy of the president and committee of the Canadian Medical Institute the Aero Club of Canada will give a luncheon to Major A. W. Bishop, V.C., D.S.O., and Bar M.C., Royal Flying Corps at the institute on Saturday, Oct. 13.

General Logie and General Ryerson returned from Niagara-on-the-Lake last night.

Mrs. E. P. B. Johnston, president of the children's prevention of the I.O.D.E. invited the members of the national executive who are in town to pay a visit to the children yesterday afternoon, which they did with pleasure to themselves, and greeted the little ones with the appearance of the little ones. An inspection of the beautiful home was made, the perfect order and system being most commented on by the out-of-town women, among whom were Mrs. Williams, St. Catharines; Mrs. Arthur Sladen, Ottawa; Mrs. Mills, Kitchener; Madam T. Chas. Casgrain, Ottawa; Miss Nanno Hughes, Ottawa; Mrs. Noronnes and Miss Noronnes, Victoria, B.C. Others present included Mrs. A. C. Goodier, president I.O.D.E., Mrs. H. S. Wilson, regent of the Municipal Chapter; Mrs. W. R. Riddell, Mrs. John Bruce, Miss Elizabeth Dixon, Mrs. T. J. Clark, Mrs. Dunlap, Mrs. Willis, Miss O'Brien, Mrs. Ralph Smith, Vancouver; Mrs. George White, Trenton; Mrs. Sanford, Kingston; Mrs. McNaughton, Montreal. Tea was served in the board room before the guests returned to town. There are 46 children in the home at present.

Mrs. Lorne Somerville gave a very jolly little tea yesterday afternoon in honor of Mrs. Fredrick B. White, Toronto, who looked very handsome in brown, the top of the skirt and the corsage being of a soft biscuit shade of beige, trimmed with pale blue and white, a beautiful silver fox skin and a tall black and white hat completed her in white tulle, with a tiny black pattern on it. The drawing-room was decorated with golden flowers which accorded with the gold brocade furnishings of the room. The tea table of polished mahogany, was arranged with a large centre piece of white lace embroidery and a silver basket of crimson asters. Mrs. Kenneth MacLaren and Mrs. F. C. Lee poured the tea and coffee, assisted by Mrs. Somerville's pretty young daughter, who wore a white frock. The two or three dozen people invited showed their appreciation of a real party by staying quite late and enjoying themselves thoroughly.

Mrs. and Mrs. Wellington Francis, accompanied by Mr. Tom Wood, Edmonton, were at the McDonald en route to the coast on Saturday. Mrs. McWhinney has returned from Ottawa where she was visiting Mrs. W. M. Goodwin.

Mrs. H. C. McLeod, who was at the Selby, has left for New York, where she will spend the winter.

Mr. and Mrs. Frederick B. Robins are leaving for New York on Wednesday. They will be absent for a week, and on their return, Mrs. Robins will receive at Stratbroyn.

Mrs. McAgly has taken rooms at the Selby for the winter.

## PLAYS, PICTURES AND MUSIC

"Birth," "The Best."

Nothing stronger than the unsolicited testimonial of Mr. J. Ross Robertson, chairman of the Board of trustees of the hospital for sick children, could be quoted by the producers and exhibitors of "Birth," the great motion picture at Massey Hall this week. He says: "I feel that this is the best and most scientific production of anything of this nature known to me. This film should be seen and studied, not only by the mothers of this city, but by every young woman."

Albert Brown at the Grand.

A love story of the olden time, well acted and beautifully staged, is what Albert Brown promises local playgoers when "The Love of a King" is presented at the Grand Theatre. The play is from the pen of Paul Kester, the brilliant romantic dramatist, whose earlier piece, "When Knighthood Was in Fashion," is still a pleasant memory for many. The leading role, that of George, Prince of Wales (afterwards George III.), gives Mr. Brown an opportunity to show every phase of his manifold art, and one that any ambitious actor would covet.

The Star.

The evolution of burlesque—that is from the more debased form of entertainment presented to the public—has been traced in the present high-class production with their costly scenery and wardrobe and high-castled artists, can be traced in more ways than one to the Baker & Kahn Amusement Company, who own "The Tempters," the attraction playing at the Star Theatre all next week with daily matinees.

At the Gaiety.

"Old New York" is the title of the two-act book written by Frank Finney, which will be presented all next week at the Gaiety Theatre by Charles H. Waldron's "Bostonian Burlesques." It is good for a laugh a second.

At the Strand.

"Some Boy," the brilliant and breezy William Fox comedy, which is forming the headliner at the Strand Theatre for the latter half of this week, is certainly drawing the big crowds. And it is deservedly drawing them, for the comedy is one of the brightest and best that has been seen on the stage in a very long while.

"The Fall of the Romanoffs."

Fifty million dollars would not buy the publicity which has been secured by the photo production "The Fall of the Romanoffs," by the correspondence recently discovered between the ex-emperor and a German kaiser. This picture, which exposes the innermost actions of these two characters and those of the court, is a historical story of the most interesting type. The picture comes to the Grand Opera House for the week commencing October 15.

Maxine Elliott at Regent.

Next week's photoplay of the Regent will be a complete change from the one that is drawing large audiences this week. "The Sacker," now showing, is a spectacular piece which calls for the best in one's patriotic make-up. Too much emphasis cannot be placed upon the excellence of the play in which Miss Elliott will star next week. As the wife of the victim of unscrupulous financiers and big business interests of Wall street, she fights for his freedom, and her home is the placing of the crook behind the bars.

## DISAPPOINTMENT OVER CHRISTMAS STOCKINGS

Not Much Over Half the Number Which Was Sent Last Year is Now in Sight.

Activities at the local Red Cross headquarters are still directed to the getting out of Christmas stockings to send overseas. A shipment leaves this afternoon, but disappointment was in the air yesterday because that 7000 pairs of last year were not duplicated. Last evening only 3750 had been received, and yet it was felt that this year, more than any other, the boys at the front will be lonely and will miss the little Christmas cheer from overseas if such be wanting.

"The stockings that have come in are particularly fine," said Mrs. Hicks, "but then we are so many behind what we had last year. The call has been mostly to different individuals who only give us one each, or the price of one it would help. A gentleman came in and gave us \$25, and with this we bought twenty stockings. It was such a help."

There is still time to do some good work today for the present shipment. A second will go next week on the same day. The call this time is a month earlier than it was last year, because some of the gifts were too late for distribution on Christmas Day.

A TRULY PATRIOTIC RECORD.

One of the biggest patriotic songs hits since the war started is the song "We're from Canada," by the well-known Toronto composer, Miss Irene Jumble. This splendid song can now be had, sung by Alan Turner, on Water Record 1786, sold by Ye Old-Fire of Heintzman & Co., Ltd., Heintzman Hall, 193-197 Yonge street. The other side of the record holds another fine song, "Strike for the Grand Old Flag."

## STOMACH MEDICINES ARE DANGEROUS

DOCTORS NOW ADVISE MAGNESIA

Just how dangerous it is to indiscriminately dose the stomach with drugs and medicines is often not realized until too late. It seems so simple to swallow a dose of some special mixture or take tablets of soda, pepsin, bismuth, etc., after meals, and the folly of this drug-taking is not apparent until, perhaps, years afterward, when it is found that gastric ulcers have almost eaten their way thru the stomach walls. Regrets are then unavailing. It is in the early stages when indigestion, dyspepsia, heartburn, flatulence, etc., indicate excessive acidity of the stomach and fermentation of food contents that precaution should be taken. Drugs and medicines are unuseful and often dangerous—they have little or no influence upon the harmful acid, and that is why doctors are discarding them and advising sufferers from indigestion and stomach trouble to get rid of the dangerous acid and keep the food contents bland and sweet by taking a little pure bismuth-magnesia instead. Bismuth-magnesia is an absolutely pure antacid which can be readily absorbed and is practically tasteless and a teaspoonful taken in a little warm or cold water after meals will usually be found quite sufficient to instantly neutralize the excessive acidity of the stomach and prevent all possibility of the food fermenting.

**BREAD DELIVERY COSTS HEAVILY**

W. F. O'Connor, K.C., Reports on Factors of Interest to Consumers.

Ottawa, Oct. 4.—W. F. O'Connor, K.C., acting commissioner re cost of living in Canada, has issued an interim report to the minister of labor giving him some figures on the cost of production of bread in Canada. Mr. O'Connor has been conducting an investigation during the past six months into the milling industry of Canada, on which he will make an extensive report to the minister of labor shortly.

The table showing the present cost of production of bread in the principal cities of Canada reveals that cost of bread per pound is highest in Vancouver and New Westminster, B.C. viz. 7.88 cents per pound. In Montreal the cost is 7.68 cents; in Halifax, 7.63 cents; in Winnipeg, 6.85 cents; Toronto, 6.80 cents; and in Ottawa, 6.44 cents.

Mr. O'Connor in his report notes that an increase in the retail price of bread has occurred during the months of August and September in nearly all the largest cities of Canada. He says: "The reason is obvious. Except in the case of St. John and Winnipeg, the cost to the bakers of the flour used in the month of August was higher than that used in the month of July, despite the drop in the price of flour and the drop in the price of wheat. The reason for this is that the bakers were using contract flour ordered in many cases last fall. The supplies of this contract flour are now practically all exhausted. Toronto, Ottawa, London and Vancouver purchased flour for current use at the current price in August. With the fixed price of wheat will come without doubt a fairly uniform price of flour, which the previous calculation will show to be about \$11.40 in Ontario and Quebec for first patent flour. In the event of the fixing of the price of flour some supervision should be exercised to insure that a standard quality be maintained.

Cost of Delivery. The discrepancy of cost of delivery is apparent. This is particularly striking for Montreal and Vancouver, where the delivery charge exceeds by nearly half a cent the average of the 10 Canadian cities reported.

It is estimated that cost of delivering bakers' bread per day is \$5000 in Montreal, \$3000 in Toronto, \$1000 in Winnipeg, \$1200 in Vancouver, and \$500 in Ottawa.

Winnipeg and Calgary are particularly fortunate in having had large supplies of flour purchased by their bakers at a low cost. The public have received the benefit of this.

The investigation into the milling industry, of which that into bread costs is a subsidiary effort, has covered a period of about six months. It has involved an examination into grain production, grain prices and the production, costs and profits of all the milling companies. The forthcoming report will show the capitalization and gross profits of such companies, as well as their operations (speculative and otherwise) in grain, showing their profits so derived as distinguished from those made upon the production of flour. So far as possible it will distinguish between export and home business. All the companies have made full and frank disclosure, the results of which are almost ready to be shown in tabulated form.

**Brewster is Off to Ottawa To Confer on Coalition**

Victoria, Oct. 4.—Premier Brewster has been invited by Sir Robert Borden to join a coalition government. He left here last night for Ottawa, where he will confer with the prime minister. Mr. Brewster will go directly to the federal capital with as little delay as possible where he will discuss the question of his entering a national cabinet with Sir Robert Borden and western Liberal leaders already in Ottawa.

**WEST IS PROSPEROUS, SAYS C.N.R. CHIEF**

Sir William Mackenzie Found Crops in Splendid Condition and Business Better.

Ottawa, Oct. 4.—Sir William Mackenzie, who arrived at the capital from the west this morning, said that business conditions throughout the west, more particularly in British Columbia, are steadily improving. "The crop was exceeding expectations and an average of one million bushels of wheat were being delivered to the Canadian Northern alone."

**FITNESS DEMAND CAUSES SURPRISE**

Many Canadians at Home Did Not Realize How Important Perfect Condition Looms at the Front.

Ottawa, Oct. 4.—The operation of the Military Service Act, as it has been explained in the press by the Military Service Council, has aroused considerable interest throughout the country. Many people, according to reports reaching the importance assumed by physical fitness in the making up of armies for active service.

At a matter of fact, physical condition is all important in the case of a soldier. A high official of the Militia Department. "You will rarely find a veteran soldier who is not possessed of an extremely strong constitution. For the onerous duties of fighting in the trenches, men must be in perfect condition and that is why a certain percentage only of many thousands of reserves is available at any time for immediate reinforcement. Men who are not in category 'A', when the call comes cannot be taken.

To many men, indeed, it is one of the attractions of military life that rugged health is demanded of those who would go to the front—where the vast majority of soldiers in training are always eager to go.

**ITALIAN DESTROYER HAS BRUSH WITH ENEMY**

Austrian Cruisers Forced to Withdraw to Cattaro in the Adriatic.

Washington, Oct. 4.—One Austrian officer was killed, the ship commander was seriously wounded and the Imperial flag was shot off an Austrian warship during an engagement in the Adriatic yesterday with the Italian destroyer Aquila. According to official cables received today the damaged cruiser, which sustained severe shell damage, was able to withdraw into Cattaro, accompanied by two sister cruisers. An Italian torpedo flotilla and other units of the Italian fleet pursued the retreating Austrian ships. The Aquila, battered by shell fire and with her naphtha tank ablaze, made an Italian port.

**ON STRUMA FRONT.**

London, Oct. 4.—An official statement says: "On the Struma (Macedonia) front our cavalry patrols drove enemy detachments out of Jenimas, south of Sceres, and destroyed an artillery observation post."

**CAPT. BURNHAM WEDS.**

Ottawa, Oct. 4.—It is announced that Captain H. Burnham, Conservator member for Peterboro, was married last Saturday to Christine, only daughter of James Gledhill of Bradford, Ontario. The member for Peterboro sprang the event as a surprise to his friends at the capital. Rev. J. M. Gorman officiated.

**AVOID BARBARISM IN AIR REPRISALS**

Gen. Smuts Says Innocent Will Be Spared as Far as Possible.

London, Oct. 4.—"Allow me to emphasize two points which I hope will be borne in mind when it is ultimately found that my words are not without but serious and far-reaching in their import," said Gen. Smuts today, after he had told the presidents of the chambers of commerce that Britain will make reprisals for the air attacks on London.

"Firstly, we did not begin this business of bombing industrial and populated districts. The enemy began the practice. Just as he began the use of poison gas and other contraventions of international law. And we have been most reluctantly forced to follow suit after a long delay which severely tried the patience of the British people."

Avoid Ruthlessness. "Secondly, I look upon these developments of the arts of war as utterly bad and immoral, and while I do not fear them if, as in the present case, they are forced on us yet I should infinitely prefer that both sides should desert such cruel practices. We shall do our best to avoid German atrocities, and in our air offensive against military and industrial centres of the enemy, we shall use every endeavor to spare, as far as is humanly possible, the innocent and defenceless who in the past enjoyed the protection of international law."

**OTTAWA AND RAILWAYS AID LIVE STOCK BREEDING**

Agree on Co-operative Plan to Prevent Depletion and Ensure Feeding of Herds.

Ottawa, Oct. 4.—Hon. Martin Burrell, minister of agriculture, in a statement issued to the Canadian press today, tonight outlines a co-operative plan reached between the railway and Canadian railways. The aim of the scheme is to prevent depletion of Canadian breeding stock and to ensure the feeding of live stock in Canada, and secure the country's breeding stock to the farms. It comprises a redistribution policy, which will provide for the moving of live stock from areas where feed is light to areas where feed is plentiful.

**MACEDONIAN BASE RAIDED BY BRITISH FLYING MEN**

Attack on Extensive Scale, Enemy's Camps Being Bombed and Hostile Aeroplanes Destroyed.

London, Oct. 4.—An official statement on the Macedonian operations reads: "Our aeroplanes made a most successful raid on an extensive scale, bombing the enemy's camps and dumps on the German-occupied Flanina. Hostile troops were scattered by machine gunfire, and one of several enemy aeroplanes which attacked our formation was brought down. All our machines returned safely."

**HINDENBURG APPEALS TO PEOPLE FOR UNITY**

Amsterdam, Oct. 4.—Field Marshal von Hindenburg has made a general reply to the congratulations sent to him on his 76th birthday, which is published in the German press. It is in the form of an appeal to the German people to "remain united and not trouble about what may happen after the war has been won. He carries discord into our ranks and strengthens the hopes of our enemies."

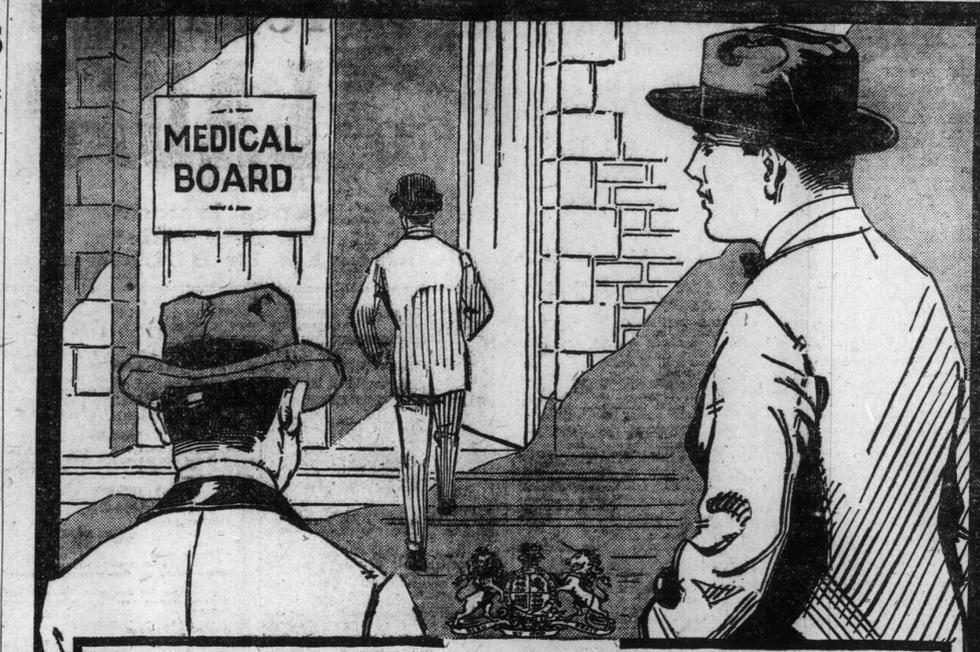

**HOST OF AEROPLANES UNDER CONSTRUCTION**

Washington, Oct. 4.—Twenty thousand airplanes for America's fighting forces in France, authorized in the \$60,000,000 aviation bill passed by congress last July, actually are under construction.

The necessary motors also are being manufactured. Secretary of War Baker announced today, and the whole aircraft program has been coordinated that when planes and motors are completed, trained aviators, as well as most the guns and all other equipment, will be waiting for them.

**MANY MEN EXAMINED.**

Bellefonte, Ont., Oct. 4.—Major MacColl, Capt. W. J. Gibson and R. Tennant, the medical committee of this city, appointed under the Military Service Act, have up to today examined 178 men eligible for conscription in the first draft. Of this number the greater percentage are in class A.

**Medical Boards are Ready!**

Medical Boards are now ready to examine all men who apply as to their physical fitness for military service. These boards are established throughout this district.

Upon examination, the medical board will classify each applicant according to his fitness; into Category A if he is fit for service in overseas fighting units; Category B if fit for service overseas in Army Medical Corps, Forestry Battalions, etc; Category C if fit for service in Canada only, etc.

Only men whose medical examination places them in Category A will be included amongst those required to join the colours in the first instance; the man placed in any other category will remain at home until men in the category to which he has been assigned are called to the colours. The men placed in Category A may still apply for exemption on any ground.

Men between the ages of 20 to 34 inclusive, who were unmarried or widowers without children on July 6th, 1917, are strongly advised to report before a Medical Board at once. This is the quickest and surest way for them to find out their status under the Act.

Parents and employers are also urged to have those in whose cases they are specially interested visit a Medical Board and undergo examination. The methods of examination are simple and will result in no discomfort or inconvenience.

Now is the time for employers to obtain facts of the greatest value to them in making their calculations. The Medical Boards will determine how many of their employees will be left at home for physical reasons and how many will be selected for service unless an application for exemption be made with success.

Issued by The Military Service Council.

has been established by the allies in the morale of their armies. They regard that condition as forecasting complete victory, although none are willing to venture a prediction as to when the German collapse may come.

To Shatter Morale. There have been indications that the allied commanders have been intent upon forcing their way forward in the morale of the German soldier as much as upon forcing their way forward in recent battles. The lavish expenditure of artillery ammunition in which they have engaged steadily for months may have been designed largely to shake the nerves of the men among whom the shells were falling day and night. The results of today's drive, some officers believe, may prove clearly that the demonstrated preponderance of allied artillery, shown over and over again to the men of both armies, has served not only to hearten the men of the British and French armies and instill into them absolute confidence in the final outcome of the war, but has equally served to depress and render doubtful the rank and file of the Germans.

General Weakness on Local Exchange Assisted by Further Wall St. Bear Pressure.

The process of liquidation is proceeding methodically on the Toronto stock market and was undoubtedly assisted again yesterday by further weakness on Wall street.

At the Schumacher mine in Porcupine there are now 16 drills at work and the company is producing gold at a new record.

Received over Heron & Company's private wire. Liquidation broke out again in New York today and local stocks were therefore heavy.

London, Oct. 4.—The stock market was steady today, but business was narrow and confined principally to the miscellaneuous section.

Ontario Wheat. The board of directors for Canada gave an announcement: The board has decided to enter wheat shell in storage.

Bar Silver Resumed Downward Trend—Transactions Restricted.

Proceedings at the Standard Stock Exchange yesterday were not of a particularly encouraging nature for the bull side of the market.

The annual meeting of stockholders of the Lake Superior Corporation was held on Wednesday in Camden, N.J.

Another development of the week which had a directly detrimental effect on the Cobalt stocks was the threat of suits against those companies which employ the oil flotation process in their plants.

London, Oct. 4.—The stock market was steady today, but business was narrow and confined principally to the miscellaneuous section.

NO EXPLANATION OF STOCK DEPRESSION

War Shares and Industrials Display Increased Weakness in Face of Development.

New York, Oct. 4.—On a pronounced occasion of offerings, liquidation of stocks assumed wider proportions today, taking in shares of all descriptions.

There was again no news to explain the more acute depression. Some of the day's activities were distinctly hopeful, notably the review of the federal reserve board, which emphasized the improved business conditions of the country.
