CANADIAN GOVERNMENT DIRECTLY RESPONSIBLE

For the Influx of Jap Immigrants Into British Columbia.

Canadian Government in 1905 Had a Chance to Limit Japanese Immigration and Deliberately Refused It.

MONTREAL, Feb. 7.—(Special)—The Star's London correspondent cables, J. W. Ellis, M. P., for Durham City, who has business associations in Canada, raised the question of Japanese immigration to Canada in the British house of commons today. He referred to Canada's convention with Japan, and wished to know whether before that convention went into effect the stipulations respecting immigration into Canada made in the Japanese treaty were pointed out to the Canadian government by the imperial government, and if so, he asked what Canada's answer was.

Mr. Winston Churchill replied as follows: "In 1905 when the Canadian government raised the question of their adherence to the treaty with Japan, the former secretary of state inquired whether they were prepared to adhere to the whole treaty without a reservation, or wished to adhere, subject to limitations respecting immigration and other matters to which stipulations were made when Queensland adhered to it. The answer was that they were prepared to adhere absolutely and without reserve."

Candidates in Restigouche

CAMPBELLTON, N. B., Feb. 7.—At Restigouche government convention yesterday Hon. C. H. Lablache and Wm. Campbellton were unanimously nominated as candidates in the evening Premier Robinson and the candidates spoke and were well received. At the convention in the afternoon resolutions were passed approving of the construction of the interprovincial line between New Brunswick and Quebec at Metepadi, endorsing the Robinson administration and its policy in connection with the construction of the interprovincial railway.

FRANCO WILL PROBABLY FLEE TO SWITZERLAND

Portugal's Premier Has Left Spain for Germany, With Switzerland As His Probable Destination—Says He Has Nothing To Regret.

MADRID, Feb. 7.—Ex-Premier Franco and the members of his party who left here last evening at eight o'clock on the "South Express" bought tickets only to the frontier. Where they are bound is not known. Some say Paris, where this train is due tonight, but others declare that the eventual destination of Senor Franco is Germany where he intends placing his son in a university. Franco is accompanied by his wife, son and Senor Noves, an intimate friend. The former premier displayed great nervousness at the railroad station. He arrived there accompanied by several policemen and entered by a side door.

King Carlos Died Poor

LISBON, Feb. 7.—King Carlos died a poor man. His entire fortune consisted of insurance policies held by the king of Portugal as securities for advances made. After these repayments have been made it is declared there will not remain more than \$30,000 to be divided between the heirs of the king.

Franco Asked Intervention

PARIS, Feb. 7.—The Gaulois today declares that immediately after the assassinations of the king and the crown prince of Portugal on Saturday, Premier Franco rushed to the ministry and sent a cipher telegram to the president of Spain. He announced a revolution in Portugal as imminent and unavoidable and said it would be bound to have a direct reaction in Spain. He asked the Spanish premier, if he would consent to intervene in Portugal in case the lives of the king and queen were threatened. On the receipt of this message Premier Maury immediately communicated with King Alfonso and summoned a cabinet meeting for 8 o'clock the next morning. The next day there was much activity in the military centres of Spain.

AN AWFUL EXPLOSION IN PORT HOOD COAL MINES

The Bodies of Ten Victims Have Already Been Taken Out—Miners Working As Rescue Party—No Damage Done To Mine—Cause of Disaster Unknown.

PORT HOOD, C. B., Feb. 7.—(Special)—An awful explosion took place in the Port Hood coal mines this morning.

Manager H. A. Morino who has just come up from the levels where the explosion took place reports that rescuers have succeeded in taking out the bodies of ten victims.

Their names are as follows: John Campbell, Duncan R. McDonald, Malcolm Beaton, Lachlan Gilles, Willie McKenzie, and Allan R. McDonald, miners, and four Bulgarian laborers.

The explosion was believed to be the result of fire damp but is now considered to be from some other cause.

No damage has taken place in the mine and the same conditions exist as before. An inquest will be held and full particulars brought out.

The miners all volunteered to work for the rescue of the imprisoned men who were quickly taken out.

Mine Manager McEllan is constantly on the spot and all the bodies will be on the surface within an hour.

The miners' committee of the P. W. A. will take full charge of the bodies of the men.

NEWS FROM FREDERICTON

The Supreme Court—Eighteen Inches of Snow in the Tobique Woods.

FREDERICTON, Feb. 7.—(Special)—The case of Purdy vs. Porter occupied the attention of the supreme court all morning and consequently the delivering of judgments had to be deferred until 2:30 o'clock. In Purdy vs. Porter the court considered.

MacDonald is still in the hospital and will be unable to play with the Capitals. Cain and Dennison will play with Maryville making the team a purely local one.

R. A. Estey who is home from the Tobique woods for a few days reports a foot and a half of snow in that section at present. He says men have finished chopping and are now hauling logs to the streams.

RUSSIA AND TURKEY PLAYING DEEP GAME

Affairs in Armenia and on Russian-Persian Frontier Being Watched With Interest.

ST. PETERSBURG, Feb. 7.—The reports of a Turkish mobilization in Armenia and threatened movements of troops on the Russian-Persian frontier, are admitted by the general staff. It is not known yet whether this action on the part of Turkey is directed against Russia, and measures so far taken by this country are confined to certain precautionary dispositions of unity within the Caucasus.

Foreign diplomats here believe that Russia and Turkey are engaged in a game which neither is desirous of carrying to an extreme, although Turkey might be willing to go far, relying upon the supposed weakness of Russia because of her quarrel with Austria over the Macedonian question.

The prestige of the Foreign Minister has suffered severely on account of the defensive attitude that Russia has been compelled to assume in the matter. Austria's defection over Macedonia has ruined construction and the failure to establish staple order in Persia.

But the anticipated retirement of the minister is attributed here more to the interior situation than to international influences.

Sixty-nine persons have been reported at the police court for working for the steamship companies on the west side, not being ratemakers. Forty-six of the men are working for the C. P. R., seven for the Dominion and sixteen for the Allan line.

MONCTON NEWS

Crockett Will Not Be With the Victorians in Tonight's Game—"Palmist" Arrested.

MONCTON, N. B., Feb. 7.—(Special)—The game in St. John tonight by the loss of their captain and crack forward Joe Crockett, who is laid up with pneumonia. Crockett is the best shot on the forward line, and his loss will be seriously felt. The team will line up as follows: Goal, Wortman; point, Frank Brown; cover, McGrath, Rover, Norman; centre, Gregory; right wing, Tritts; left wing, Tont.

Madame Zelka, palm-phenologist, of Indianapolis, whose real name and home is Lottie Dykeman, of Rexton, was taken in charge by the police here yesterday along with Fred Robidoux, of Rexton, who was charged with stealing a watch while the palmist was arrested as being an accomplice. A Rexton hotel man was the complainant, but this morning he wired that he did not care to prosecute and the couple were allowed to go.

THE N. B. ALMANAC

The Times has received a copy of the New Brunswick almanac for 1908, published by the H. M. McAlpine Directory Co. The volume is teeming with useful information of interest to agriculturists, navigators and citizens in general. There are lists of dominion and provincial representatives and officials, county officials, medical doctors, barriesters, societies, clubs etc.

The volume is well printed and very neatly arranged and a copy of it should be in every business and home in the province.

OPPOSITION WILL SWEEP YORK COUNTY

Great Enthusiasm is Reported from All Sections.

FREDERICTON, N. B., Feb. 7.—(Special)—News continues to pour in that the opposition ticket will sweep the county of York in the coming election.

Never in the history of a campaign here have such encouraging reports been received.

In those districts where the opposition ticket has spoken so far, the enthusiasm has been unbounded, the halls being incessantly thronged to accommodate the audience.

Mr. Allen's appointment as provincial secretary has helped the government party none as far as can be learned, but, if any thing, has had the opposite effect. Every one seems to be on the so-called trick and resent the deception. It is opposition everywhere.

The school book scandal and the highway act are working sad havoc with the government and prominent men who formerly supported the administration are quite outspoken now in condemnation.

At the government convention held on Wednesday there was but one representative from Maryville. This is most significant. This town gave nearly 200 majority against Mr. Crockett and yet Mr. Crockett went out.

Today, if reports are to be relied upon, Maryville, this time, will swing into the opposition column with a large majority.

It is also expected that Fredericton which formerly gave the government some 200 majority will at this election go opposition. Just where the government party expects to get their support in this locality is puzzling many.

GOVERNMENT TICKET IN NORTHUMBERLAND

Names of the Men Who Will Probably Be Nominated This Afternoon.

CHATHAM, N. B., Feb. 7.—(Special)—Few delegates have arrived in town for the government convention this afternoon, but little public interest is taken in the event.

The ticket is generally conceded as not out and dried, though the government will not name the personnel. If John D. Buckley consents to run, it will be Robert Murray, W. C. Winslow, Mayor Miller, of Newcastle, and J. D. Buckley. Wm. Anderson is thought to be slated for the fourth place if Mr. Buckley does not run. Mr. Anderson is a down river man and his nomination would please that section.

EXILED FROM HAYTI

WASHINGTON, Feb. 7.—Word has reached the state department that the Haitian government had ordered the exile of four persons from the island, three citizens of Great Britain and one Cuban, who, it is understood have been charged with being implicated in the late revolutionary movement. Information at hand here is to the effect that four foreigners were seeking asylum in the American consulate, and the belief here is that these are the persons referred to in the despatch which has come to the state department.

WAS REALLY A LOVELY STORY

But Unfortunately the Star's Yarn About Patrick McLean and His Wife Was Totally Untrue.

The Star, under startling headlines, last evening told a story of how Patrick McLean, of Millville, was arrested as being a fugitive from justice. The story was so full of errors that it is hard to believe that it was really a lovely story.

It is true that they lost their way for a time in the storm, but instead of staying out on the ice all night, as the Star states, they made their way back to Millville before half past eleven, and went to Captain White's house. Mrs. White prepared a hot supper for them and made them comfortable until morning.

It has also been learned that in one or two cases rents have been advanced from twenty-five to forty dollars from last year's figures.

A recent issue of the Halifax Mail contains an item over the name of W. McDonald who makes the following statement:—

"Halifax (unfortunately for its future) is earning the reputation of being a very expensive city in which to live, move and have our suffering. We know that this phase of the question has been fully looked into by manufacturers intending to start operations here and because of the high cost of living here we have been passed by on several occasions. People engaged in work requiring the services of skilled mechanics know full well that if living charges are higher here than elsewhere they must pay wages in proportion or have their men taken from them by

FATAL FIRE TODAY IN A NEW YORK TENEMENT

One Woman Dead and Several People Injured. Victim Fell From High Fire Escape to Ground and Died in Few Minutes—Many Overcome by Smoke.

GUELPH, Ont., Feb. 7.—(Special)—There are eleven engines and two snow ploughs in the snow blockade on the Guelph and Goderich branch of the Canadian Pacific Railway and they with a gang of relief men are tied up. It may be some weeks before the men at Walton and other stations get out as it is understood the C. P. R. has given it up for a bad job.

CLINTON, Ont., Feb. 7.—(Special)—Storm conditions here are the worst for many years. It is impossible to get a mile out of town in any direction and many streets in the corporation are impassable. As no trains have been in or out for three days produce such as butter and eggs are very scarce. There are many snowbound travellers here, unable to get away.

In addition to the plays which he has been presenting in America, Mr. Warfield, his manager announces, will be seen in Shylock. It has long been Mr. Warfield's ambition to appear in Shakespearian roles.

FRUIT INSPECTOR GANDY THE PRINCIPAL WITNESS

TRENTON, Ont., Feb. 7.—(Special)—Before Magistrate O'Rourke yesterday the case of improper marking of apples, brought by Inspector Baker of the fruit division, Ottawa, against G. Alger and F. A. Ferguson, came up. The principal witness in the case was Inspector Gandy of St. John, N. B. Alger, one of the defendants, was not present and the crown does not expect to reach him. Ferguson was convicted and announced his intention to go to jail rather than pay the fine and the heavy costs necessary in bringing testimony from New Brunswick.

O. Isaiash S. Dimock

WINDSOR, N. S., Feb. 7.—(Special)—O. Isaiash S. Dimock, one of Windsor's aged and most respected citizens passed away at his residence Salsbrook, at the ripe old age of 93 years. He is survived by six sons, Henry W., of Hartville; James E., of Halifax; Fred C. and Arthur in Seattle; Constantine in Japan; and Stuart at home. Mr. Dimock was married three times, his last wife, who predeceased him two years ago, being Jane Marshall, of Annapolis county. He was born in Newport, Hants county, but he came to Windsor forty years ago and settled on Salsbrook farm, where he since lived.

NO GENERAL ADVANCE IN THE RENTS IS EXPECTED THIS YEAR

Some House Owners Have Jumped Their Figures Considerably But the Increase Will Not be General.

If present indications are to be relied upon no general advance in the rental of dwellings need be looked for this year, although it is stated by some that a few landlords are raising their rent on their present tenants or those who might on the first of May occupy their houses.

Representative real estate men who were approached on the subject seem to be of the opinion that there is little likelihood of an advance in rents this year, even considering the fact that the demand is heavier and there is less offering than last season.

One real estate man told the Times that he would not be at all surprised at two per cent advance in the taxation on real estate, but even this would hardly affect the present figures for rent. The grumble just referred to stated also, that he had looked at a number of houses in the city and on enquiry as to the rent was surprised at the exalted figures demanded by the landlords.

It has also been learned that in one or two cases rents have been advanced from twenty-five to forty dollars from last year's figures.

A recent issue of the Halifax Mail contains an item over the name of W. McDonald who makes the following statement:—

"Halifax (unfortunately for its future) is earning the reputation of being a very expensive city in which to live, move and have our suffering. THE TIMES NEW REPORTER

AN EXCITING THEME. MONCTON, Feb. 7.—(Special)—A commission will be appointed at once to settle the question as to which has been the greatest government convention yet held. There is a dispute between Moncton, Hampton, Fredericton, Campbellton, Gagetown and several other places. Each had the greatest convention ever held in its locality, and the enthusiasm made great rents in the atmosphere. There is reason to believe that the recent remarkable changes in the weather have been due to the explosive force generated by the sudden escape of the pent-up feelings of the people at these conventions. There is also reason to believe that the commotion will continue with unabated force until March 3rd. It beats all how the community is worked up. Hurroo!

A PREMONITION. Mayor Sears read this morning that there had been a snowfall of ten feet in Montreal. "I wish I were me!" said the mayor. "I wish Mr. Pugsley would come."

JAMESEY'S TEARS. When Mr. Jamesey Jones read this morning that a Liberal had presided at Hazen's meeting at Fredericton Junction last night he lost all appetite for the rest of his breakfast. Jamesey had been assured that Col. McLean had fixed Sunday all right with Christmas card maple leaf calendars, and to read in cold type that the Times had contained a

redoubt was too, too much. Jamesey wept.

A PRECAUTION. CHATHAM, Feb. 7.—(Special)—A great reception is being prepared here for Premier Robinson. By special arrangement with the Moncton Transcript the Tories are to be labelled. This is to avoid confusion. On this understanding the Transcript will recognize the convention.

When ex-Speaker Burchill was asked this morning what he thought of the government he replied:—"I think we will have some more of them."

(Continued.) "Close them to me," he repeated. "They are necessary to me, and I must keep them. I am doing no more than is my right." "You shall see," he exclaimed very eagerly. With that he gave the rest of the papers to the man who went through them carefully. "I am inclined to believe your story, but your conduct is in some ways very suspicious. Will you return me those papers?" "No, I have shown them that is enough." Then the man drew his attention to a paper. "Ah! What do you say your name is?" "Robert Garrett, an Englishman." "Then who is Robert Anstruther?" "In a moment my heart fell. I knew what was coming." "I don't understand you." "Here is a letter of credit for a large sum of money, the name on it is Robert Anstruther. Explain your possession of it."

that, and with a scowl I unfolded it and showed him. "I don't mean there. I mean on the outside, where the name and address are both written." "I am going to be baited no longer," I rattled back sharply, and was putting the papers away again when he snatched them from me. A glance was enough to prove the inconsistency of my statement; and he reported this to his chief, who put my papers away and rose. "We shall take you all four to the police office at Schirmlad," he decided. "I had not the least intention of letting him do anything of the kind; but my unwillingness was as smoke to fire compared with that of the woman and her husband. She broke out into a violent tirade swearing she was innocent and would not go. "Resist at your peril," cried the chief in a loud ringing tone; and he and his man drew their revolvers. There was a moment of dead silence. My eyes were on the chief, and I saw a shadow of perplexity cloud his face. I read it to mean that he had his doubts how to get us all four away if we resisted. It was a queer turn of the wheel that Volna and I should have to make common cause with the wretches who had tempted our lives. I did not wish them to escape; but our own escape was much more to us than their capture at that moment; and like the chief I was thinking intently what to do. Glancing round the room his eye fell on the two ropes. "Hand me those cords," he said to me, curiously. "I am no police agent," I shot back. "I call on you to help me." "You forget; you have arrested me. You must do your own work." The old hag's eyes were on us as she drank in every word; and she nudged her husband and whispered to him. "Don't you mean to charge them with attempting your lives?" asked the chief. "You have arrested me," I returned, shortly. "The those two together," he said, turning to his assistant. To get the cords the man had either to pass the woman or drive her before him to the end of the room. He tried the latter course and pushed her violently. She fell to the ground, and letting out a yell shrill enough to wake a cataleptic, clasped his legs, and pulled him down; and in a moment, as the volume of pungent suffocating smoke filled the place. Volna, quick-witted as ever, wrenched the door open, and I staggered out after her into the night, dragging the chief with me.

R. K. Y. C. LECTURE A GREAT SUCCESS

While a biting wind sent the snow whirling and drifting through the streets, making any ordinary form of travel last evening the reverse of pleasant, a large and fashionable audience in the Opera House was being spirited away in ease and comfort under the magic guidance of Rev. Dr. Lindsay Parker to extend glimpses of cities and scenery in the old world. Bright Days Abroad was the appropriate title chosen by the lecturer and the popular chaplain of the R. K. Y. C. was never heard to better advantage. There was no suspicion of the guide book in his entertaining description of places in England and on the continent which he had visited, and his witty stories and humorous anecdotes were as keenly appreciated as on the many previous occasions when he has delighted a St. John audience. The lecture was given under the auspices of the R. K. Y. C., Commodore Thomson taking the chair, and it is needless to say the yachmen turn out in full force for the occasion. After a brief introduction from the chairman Dr. Parker quickly had his audience abed and the White Star liner Cedric and bound for Liverpool. Once more on "terra cotta" a special train speedily conveyed the travellers to London. The first of the tour came to an end. In the interval Sydney Beckley sang "Off to Philadelphia," with fine effect and was encored by Dr. Arnold Fox was the accompanist. On returning, Parker and his entourage became the centre of interest. Many of the churches and buildings, such as Notre Dame, the Madeleine and the Hotel des Invalides were seen and the Champs Elysees and the Bois de Boulogne had many features that proved attractive. Versailles with its many historic memories was the last place visited and Dr. Parker made merry over the variety of opinions which book books expressed concerning the place made famous by Louis XIV. One writer, as he termed it, turned double somersaults of delight while another, and no less a person than the late Grant Allen, described the place as vulgar, cheap and offensive to the artistic taste. Dr. Parker's humorous stories throughout the lecture were keenly appreciated by his audience. They would lose much in the retelling and but one must suffice. After speaking of the massive tombs in Paris Dr. Parker convulsed his audience with a story of a wealthy salmon keeper in New York who left directions that a granite monument of gigantic proportions should be placed over his remains bearing the brief but expressive legend: "It's on me." The pictures throughout the entertainment were particularly clear, the specially prepared white screen which is now used in the Opera House showing them to great advantage. At the close of the lecture Commodore Thomson called for a yachmen's ovation for Dr. Parker, which was given with tremendous vigor, the men in the audience clapping and the ladies waving handkerchiefs.

CHAPTER XI. Father Ambrose.

The pendulum of luck had swung over again to our side and I lost no time in taking advantage of it. I pushed the man away from me at random, and changed to send him staggering up against the two police horses which were tied up close to the door. They were already snorting with fear at the fire, and they now began to plunge and kick and rear until they had dragged themselves free and dashed off into the darkness. Now was this all the luck. "Come," I cried to Volna. We ran to the shed and found our own animals standing ready saddled outside. "They were going to bolt on our horses," I said, as I put her in the saddle and then mounted. "Which is the way?" "Any way. We're in luck; let us trust to it." I answered; and guided by the light of the fire which was now consuming the whole house we pushed along at random as quickly as we could. Fortune was with us still. We gained the road, and in a few minutes we were rattling back at a brisk pace along the road we had travelled so laboriously in the storm some hours before. "I had given everything up," said Volna, when we were breathing the horses and were able to talk. "I had the papers in my hand ready to throw them into the blaze." "I am glad you didn't. We'll get them through yet; but just how to do it is the question. We were escaped by sheer luck and that old hag's devilment in firing the house; but they've got the passports, all

EXPOSED!

The Times is in a position to expose the untruthfulness of Attorney General McKewen's statements concerning the price of school books.

Instead of being cheaper, the price of school readers in New Brunswick is higher than in Nova Scotia, and in Nova Scotia they get an additional book for the money.

The aggregate cost of eight readers in Nova Scotia is \$1.65. In New Brunswick the aggregate cost of seven readers is \$2.15.

Here is the statement—

Table with 3 columns: N. S., N. B., and price. Lists costs for various readers in Nova Scotia and New Brunswick.

The Nova Scotia quotations have been received from Halifax, Digby and Windsor. New Brunswick people are paying fifty cents more for seven books than eight books cost in Nova Scotia.

SOME QUESTIONS

What special gifts as statedmen do Hon. Messrs. Robinson, Allen, McKeown, Sweeney, Lablouis, Farnes, and Jones possess that the people should grow enthusiastic in their praise?

THE SUN AND MR. MORRISSEY

The Sun this morning attempts to break the force of Mr. Morrissey's arraignment of the government on its crown lands policy by professing to believe that in his calculations Mr. Morrissey adds to the lumber cut on crown lands all that is cut on private lands, and would have the people believe that the total represents the cut on crown lands alone.

lumber counties. He is in touch with the business and with the operators. He is in a position to know that more lumber is exported from crown lands than the government takes account of for revenue purposes.

Why dishonest officials? Why a winking by officials at evasion of the law? Are there not enough honest men to be got to fill the official positions? The truth is that the affairs of the crown lands department have not been administered in a manner to render justice to all lumbermen and a fair return in revenue to the provincial treasury.

NO BOGUS ENQUIRY Mr. Hazen very properly pointed out at Fredericton Junction last evening that an examination of provincial accounts by experts should cover the transactions of a series of years and include a detailed statement of Central Railway accounts, as well as a statement of the expenditure since the close of the fiscal year of monies that should have been accounted for before that time.

The proper course for the people to pursue is to defeat the government and elect Mr. Hazen and his colleagues to get at all the accounts and all the information pertaining thereto, for a full exposure of the financial methods that have prevailed for more than twenty years. It is time for a change.

THE "REAL" FACTS

Those wonderful newspapers, the Telegraph and Times, have discovered that the Dominion Iron and Steel Co. have acquired an interest in the Lepreau iron mines. The story in full detail was published in the Sun about a week ago.

In the death of Judge Trueman the citizenry lost a man of an estimable and cultured character, who took a deep interest in many matters pertaining to the general welfare of the community.

The prejudice against Asiatics in the Transvaal is even more pronounced than in British Columbia. A Johannesburg cable of Feb. 4 says:—"A movement was inaugurated here, today, at a largely attended meeting, to boycott Asiatic traders and all employers of Asiatics."

The statement of Mr. Winston Churchill in the British Commons fixes upon the Laurier government beyond all question the full responsibility for the influx of Japanese into British Columbia.

The government party in St. John are much worried over the continued absence of Dr. Pugsley. They look to him for the sign by which they hope to conquer, but he makes no sign.

Successes in Carleton Co. Woodstock, Feb. 6.—Messrs. Flemming, Smith, Munro and Hartley will address an opposition meeting in Glassville tonight.

It is said that Aberdeen parish is good for an opposition majority of 100 this time, instead of thirty-five years ago.

An opposition majority is also looked for in Kent in record of a minority of forty-five re-elected against them in the last election.

TO BE MARRIED. "We—we want you to marry us," said the blushing young man, looking at a young woman with downcast eyes and smiling face, who stood a step behind him. "Come in," said the minister, and he endeavored to ease their embarrassment for a moment; but he soon decided that it was useless to try. "Will you be married with a ring?" he inquired. The young man turned a helpless gaze on his companion and then looked at the minister. "If you've got one to spare and it can come out of \$2 I guess she'd like it," he said at last.—Youth's Companion.

SOME THOUGHTS FOR ST. JOHN PEOPLE No. 15.

In this, for the present, closing paper of the series which have appeared in the Times with more or less regularity, for some weeks past, under the caption "Some thoughts for St. John people," one may be permitted to believe that the intense hope that some practical good, some helpful public benefit may result to our city and our citizens.

There is no doubt, there cannot be any doubt, that the City of Saint John and its harbor is most advantageously situated in relation to the Dominion of Canada as an entirety. The founders of the city never imagined it would attain even its present importance; the wisest among them could not imagine its growth and development and its value, in its relation to that portion of the continent of America which lies between the northern boundary of the United States and the Arctic circle. Such growth is quite beyond the most extravagant dreams of the founders and the early settlers.

That it is not now as large as it might have been after all these intervening years, is not their fault, but is directly due and attributable to causes gravely pointed out, chief among which is the almost unnatural apathy and absence of true public spirit which has characterized the lives and methods of their descendants for some generations. This has been almost a reproach, and in many instances has reached that condition commonly known as "utter indifference," which completely nullifies any sort of impulsion without word or act of protest. Of course as there must be an exception to every rule, there are some among our people who possess the opposite qualities to those referred to; men who are observant, who have true patriotism and whose special desire is that their city shall take the position that is rightfully hers, and who are disposed to resist to the utmost any infringement or denial of such rights, no matter whence the opposition or attack emanates. Unfortunately these men are the minority.

Another hope is that the C. P. R., its owners and managers, if they happen to have seen these articles, may do some thinking on their own account, and, becoming now fully and entirely satisfied of the existence of the good feeling of our citizens towards them and towards road, and realizing the expenditures, aye, and the sacrifices, St. John has made on their behalf, as well as to further their own interests, may be inspired and impelled to reciprocal action and furnish tangible proof of the result.

THE PROVINCIAL ELECTIONS

Splendid Rallies in Kings

Sussex, Feb. 6.—The opposition candidates are meeting with a hearty reception wherever they appear. The first gun of the campaign was fired at Southfield on Tuesday night, and there was a rousing meeting held.

The number of Liberals who are supporting the opposition in this election is growing to an extent that means defeat for the government forces in this county.

At Millstream, on Wednesday night another good meeting was addressed by Messrs. Murray and Sprout. They got a great reception and Studholm will make a strong pronouncement for good roads and cheap school books on election day.

The Liberal forces are working for Dr. McAllister and dropping his colleagues, Messrs. Scovill and Wetmore. Their names are never mentioned and the claim that McAllister will win is all that is being urged by their canvassers.

Would Not Meet Opposition. Moncton, Feb. 6.—(Special)—There is much discussion in Kent county over the refusal of Hon. Mr. LaBilios and the government candidates to meet Col. Sheridan and his associates on the opposition ticket.

The opposition candidates are meeting with a hearty reception wherever they go, and they display speaking ability of a high order. No doubt they would have some advantage over their opponents in debate, but it is felt that the candidates have little confidence in their cause or were unwilling to take the risk of defending the government's record when the opposition representatives were present to expose their contentions.

PROMINENT LIBERAL IN THE CHAIR AT MR. HAZE'S MEETING IN FREDERICTON JUNCTION

Campaign in Sunbury Opened With Enthusiastic Meeting Last Evening—Life-long Liberal Condemns the Government.

Fredericton Junction, N. B., Feb. 6.—The opposition campaign in Sunbury was opened this evening with an enthusiastic meeting at Fredericton Junction, where, in spite of a heavy snow storm, the hall was crowded with enthusiastic electors.

In opening the meeting Mr. Mesereau said it was somewhat of a surprise to himself and no doubt a surprise to many in the hall that he should preside at an opposition meeting, but he like many other former government supporters, had come to the conclusion that it was time for a change of administration at Fredericton.

He told of coming to the county nine years ago when although he was a native of the county, he was almost a stranger to many electors and the splendid support he and Mr. Glazier had then received.

He told of the extravagance of his expenditure and the dishonesty of charging up private accounts to the public treasury. He showed conclusively the stand the opposition had taken in opposing the highway legislation and everything the government was doing in the province.

He told of the iniquitous railway legislation of the government and before concluding challenged the premier to have an honest and thorough examination of the public accounts for the last fifteen years placed before the people.

Referring to the changes in the government's personnel, he said Messrs. Tweedie and Pugsley both got out while the walking was good and Mr. Barnes had been able enough to escape the crash; now there was scarcely any government left.

On account of the lateness of the hour he would, he said, spare the audience a number of matters he should have liked to bring before them.

With ringing cheers for the candidates there closed one of the most enthusiastic meetings ever held in Sunbury county.

JUDGE TRUEMAN DIED EARLY THIS MORNING

His Death Was Unexpected—Took Weak Turn at 6 O'clock Last Evening and Was Very Ill at 11.30—Sketch of His Career.

Hon. Arthur I. Trueman, judge of probates of St. John city and county, and one of the best known lawyers of this city, died in his residence, 112 Hazen street, at 1 o'clock Friday morning, aged fifty-eight years.

He had been sick for a long time but it was not anticipated that his illness would have a sudden termination in death. About a year ago Judge Trueman went abroad for the benefit of his health and after an extended trip through Europe he returned apparently greatly benefited.

Hon. Arthur I. Trueman, M. A., D. C. L., K. C., was born on July 19, 1850, at Point de Bute, Westmorland county. He was a son of Joseph and Janet A. (Scott) Trueman.

He was educated in the common schools and at Amherst Academy in Amherst (N. S.). From 1868 to 1872 he attended Dalhousie College, and the university in Halifax, graduating B. A. with honors. The degree of M. A. was conferred on him by the same college in 1878.

He told of the extravagance of his expenditure and the dishonesty of charging up private accounts to the public treasury. He showed conclusively the stand the opposition had taken in opposing the highway legislation and everything the government was doing in the province.

He told of the iniquitous railway legislation of the government and before concluding challenged the premier to have an honest and thorough examination of the public accounts for the last fifteen years placed before the people.

Referring to the changes in the government's personnel, he said Messrs. Tweedie and Pugsley both got out while the walking was good and Mr. Barnes had been able enough to escape the crash; now there was scarcely any government left.

On account of the lateness of the hour he would, he said, spare the audience a number of matters he should have liked to bring before them.

With ringing cheers for the candidates there closed one of the most enthusiastic meetings ever held in Sunbury county.

He was admitted to the bar in 1878, and was called to the bar in 1880. He was admitted as attorney for a partner in the firm, the style of which was changed to Pugsley, Crawford, Pugsley & Trueman.

He was appointed judge of probates for the city and county of St. John in December 1884. In 1889 he was created a Q. C. by the province. In 1890 he received the degree of B. C. L. from the University of New Brunswick, and D. C. L. in 1895, from the same institution.

He was appointed chairman of the board of school trustees in St. John in 1896, and remained chairman until death. He was also one of the governors of Dalhousie college, and university.

For some years Judge Trueman held a commission as captain in the 62nd Fusiliers. He was a member of St. Stephen's church and was elected an elder in the congregation in 1887, besides which he was for years chairman of the board of trustees of the church.

In the general elections in 1892 he was a candidate for St. John city and county in support of the provincial government, but was defeated.

The late Hon. Mr. Trueman was very prominent in Masonic circles. He was grand master of New Brunswick for a term and held most of the principal offices in the order and was commander of the New Brunswick Sovereign Consistory, thirty-second degree, and a member of the grand

**YESTERDAY IN PARLIAMENT**  
**Dr. Roche Deals With Mr. Sifton's Part in the Timber Limit Scandals and Effectively Takes the Ex-Minister of the Interior to Task for Dodging the Questions at Issue.**

Ottawa, Feb. 6 - The timber limit discussion was resumed in the house today. In opening, Mr. Sifton referred to the record of the Conservative party on the timber question. After continued discussion in parliament up to 1899 the Conservative government were found to provide regulations for the sale of timber. When he took office he let the system go on the same as the Conservatives had let it, without any change. All the time he was in office there were no complaints made. If the time was wrong they were to blame. He did not fix the time and the officers who were in charge under the same way as it was done under the Conservative.

Mr. Sifton went on to say that there was no speculative value in timber. Timber in British Columbia was a drug in the market. The finest standing timber in British Columbia could be had for twelve cents a thousand feet, and Mr. Sifton said that the price limits of the west were worth from 82 to 85 a thousand feet. There were no speculative values in timber limits. That was a good fact.

When Mr. Ames was in Winnipeg he showed the fact that the future supply of lumber for Winnipeg had come from the Cedar Lake and Moose Lake. As a matter of fact 100 miles from Winnipeg, in Rainy River, there was a mill cutting at the rate of 75,000,000 feet a year, and this would last for thirty years, while all the timber on the limits mentioned by Mr. Ames would not last for two years.

Mr. Sifton then went on to explain that he had accomplished in the way of tree planting, a policy which he inaugurated under that policy 600,000 trees had been planted and yet when he was doing this he was abused by the conservatives for doing so. He concluded by a demand for the present government to be replaced by the government of the day.

Dr. Roche complained that Mr. Sifton had not dealt with the resolution before the house, but that he was in defence of the real charges that were made. While the minister of the interior said that he had presented a policy which he inaugurated under that policy 600,000 trees had been planted and yet when he was doing this he was abused by the conservatives for doing so.

Dr. Roche then said that the many pledges of the government in regard to lumber were still unfulfilled. There was a statement of the minister of the interior, and notwithstanding that a special committee looked into the matter last year, nothing was done. Mr. Roche said that he was doing a certain party, but that was not the case. It was going to be a repetition of the same thing with the telephone.

AT THE NICKEL

The Nickel's new programme for today and Saturday is one that will be a strong magnet attracting all eyes to young and old and well mixed throughout. Its most striking feature will be the artillery and cavalry maneuvering of the Australian army.

Extreme patriots who think their own nation the only one wonderfully proficient in war-like preparedness will be amazed at the degree of efficiency shown by these fighters of Emperor Joseph. A most delicious comedy of the Fluffy Kuffles is to be presented in the Parisian playette The Pretty Typist, a bewitching maiden who upset a large business house. The camera is made to do some ludicrous work in Will He Catch Them, the farce of a runaway wife, and The Charmed Sword is a return to those gorgeously timed pictures of the days of the cavaliers. Altogether a more entertaining lot of pictures has not been shown, and only last week two of these views were Kinetograph attractions in Keith's, Boston. Last evening Mr. Beckley maintained his strong hold on the public in a scouffal ballet, The Girl Who, while Miss Ella was heard to sing in Good-Bye Sweetheart, Good-Bye. Mr. Soly's The Blacksmith went big also. The milder weather has brought back the crowds as of yore.

COUNTRY MARKET

The country market will be fairly well supplied for tomorrow's trade. Beef is not so plentiful as last week, poultry especially good turkeys are reported scarce. Owing to the stormy weather and heavy roads, farmers have been unable to get into town for the past few days, but some country produce is expected today.

Prices are the same as last week with the exception of honey eggs which are quoted from 39 to 35 cents per dozen, as compared with 35 to 40 cents last week. Canned eggs which brought 30 cents per dozen last week are now selling at from 25 to 28 cents.

Prices are expected to take a decided drop in many lines.

EVERY DAY CLUB

Porter, Colwell and Keirwood decided that the affirmative presented the strongest array of argument. The club singing class meets this evening at seven o'clock.

MONEY WAITING FOR WM. RYAN'S RELATIVES

Sailor Who Died in San Francisco Believed to Belong to St. John.

Mayor Sears has received a letter from Walter R. Hearn, British Consul at San Francisco, asking for information about the relatives of one William Ryan, a seaman on the German ship, Magdalena, who it is believed belongs in this city.

If there are any relatives here they are asked to communicate with the assistant secretary, Finance department, Board of Trade, London, England, to whom the wages and other documents concerning his death have been sent.

The following letter from the German consul at San Francisco was enclosed in Mr. Hearn's letter.

Kaiserlich Deutsches Konsulat, San Francisco, Jan. 25, '08. Hon. Walter Hearn, British Consul General, San Francisco.

Dear Sir and colleague.—On the 15th of this month I received at the U. S. marine hospital of this city a sailor of the German ship "Magdalena," William Ryan, a native of St. John, N. B. He signed the muster roll at New Castle-on-Tyne on July 23, 1907, stating that he was born in January, 1850. My efforts to obtain more definite items in regard to this person especially his relatives, have failed, no letters or anything that could further disclose his origin have been found.

Apparently he was unable to write as he signed the muster roll by making three entered names.

Enclosed please find certificate of death, also statement of wages to the amount of \$100.00 for which I herewith hand you a check.

The deceased did not leave anything of value and was buried in his only suit of clothes. I have the honor to be, Sir, Yours most respectfully, (Signed) BOFP, Imperial German Consul.

THE SEMBRICH CONCERT

Socially Important As Well As Musical.

A climax of interest in the Sembrich concert will be the opening of the seat sale next Friday morning for subscribers only. Those who have not signed the list at Landry's and secured the right to secure seats on that date should do so immediately. Important as is the Sembrich event musically, it is equally so socially. Among the many theatre parties arranged to come to St. John from outside points is that of Governor Tweedie, who is bringing probably the largest number. The hour arranged for the seat sale Friday morning is nine o'clock, and all subscribers who are on the list up to Wednesday evening will receive notification from the management through the mail, so there will be no likelihood of overlooking the matter.
