VALENTINO, MOTION PICTURE ACTOR, DEAD

FILM STAR SUCCEUMBS TO PLEURISY

Suffers Relapse During Night and Fails to Rally

NEW YORK, Aug. 23.—Rudolph Valentino, original "sheik" of the movies, died today, aged 31.

The screen star had been in the hospital for eight days, and although at first he was reported in critical condition, improvement had been shown during the latter part of last week, and it was thought that he had been safely on the road to his recovery.

Valentino came east several weeks ago to attend the Broadway premiere of his latest picture, and to bid farewell to his brother, who was returning to his home in Italy, after a visit.

He collapsed in his apartment here a week ago Sunday afternoon, and was rushed to the hospital, where an immediate operation was decided upon.

Local peritonitis set in shortly after the operation, and doctors announced that only his rugged constitution could save him from the most infectious becoming general, a condition which usually results in death.

Valentino rallied, and on last Wednesday was reported definitely out of danger, barring further complications.

The statement that he had developed pleurisy followed the terse report of a relapse.

Thousands of messages of sympathy from personal friends of the actor and "fan" admirers flooded the hospital throughout his illness.

During his illness, both Valentino's former wives, Jean Acker, screen actress, and Winifred Hudnut, (Natacha Rambova), a dancer, were especially solicitous as to his condition, and Pola Negri, film star, to whom he had been reported engaged, called frequently by telephone from Los Angeles.

Received Two Bullets From Pistol While Clipping Intended Victim

HALIFAX, N. S., Aug. 23.—Frank Regan, arrested Saturday night, charged with having held up Israel Gordon in his North End grocery store, and beating him with a clubbed revolver, was arraigned in the Police Court this morning on two charges, carrying a dangerous weapon and assault with intent to rob.

Regan was injured when the gun with which he is charged with clubbing Gordon, was discharged accidentally, sending two bullets into his arm. His bail was fixed this morning at \$5,000 and the man remanded to jail.

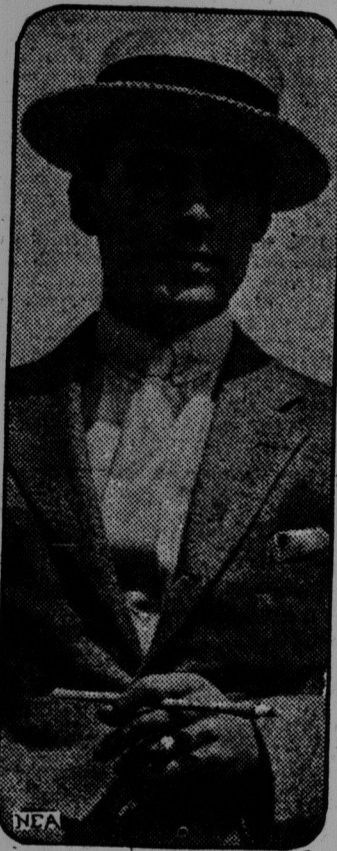

ATTACKED BY SHARK

"Man-Eater" Leaps at Harpooner Aboard Schooner; Misses Man

YARMOUTH, N. S., Aug. 23.—A huge man-eating shark leaped six feet out of the water and snatched at a harpooner on the "Pulpit" of a sword-fishing schooner near Tusket, but succeeded only in biting the platform on which the harpooner stood, and leaving a molar, which became embedded in the boarding and was torn from the shark's jaw.

GEN. CONDYLIS HEADS GREEK GOVERNMENT

Events Move Swiftly Following Arrest of Pangalos

ATHENS, Aug. 23.—Theodorus Pangalos has been overthrown in a bloodless coup d'etat and General Condylis has taken over the reins of government.

Moving as swiftly as did Pangalos when last year, he ousted Admiral Coundouriotis from the provisional presidency of Greece and set himself up at the head of the government, General Condylis had Pangalos arrested Sunday morning on the island of Epineuse, where he was on vacation, and placed on board the torpedo boat destroyer Pergamos to be brought to Athens. At the same time, all the ministers were taken into custody.

CONDYLLIS "TYRANNY"

General Condylis, once a corporal in the Greek army, and later minister of war, severely condemned the "Pangalos tyranny" in a speech here last night, and declared he would fight against all dictatorship. He promised full restoration of civic and political liberties.

General Condylis was warmly acclaimed by a large audience which demanded parliamentary elections. A message from Saloniki, states that demonstrations were held there last night in celebration of the overthrow of the Pangalos dictatorship.

BOAT TAKES FIRE IN MERIGOMISH BAY

NEW GLASGOW, N. S., Aug. 23.—A party of nine local people, including several women, had a thrilling experience on Merigomish Bay yesterday, when their boat burst into flames in the middle of the bay, and they were forced to take to a small tender trailing astern.

The tender would not hold all, and the men jumped into the water. Their cries for help were answered by men, who subscribed, after great difficulty, in getting all safely ashore. The motor boat was burned to the water's edge and was a total loss.

Peace Envoys From 23 Lands Scorn Conscientious Objectors

BOISSY LA RIVERIE, France, Aug. 23.—Although the International Democratic Congress for peace, has emphasized more than ever at this year's sittings, that it believes in peace, it has no use for conscientious objectors.

This stand was taken at the last meeting of the congress, yesterday, when a resolution was adopted that conscientious objectors in countries with compulsory military service, be forced to perform work "equally hard and disagreeable" for the same period, as those who serve in the army.

The delegates, numbering nearly 5,000 ended the congress in complete amity, despite the fact that they represented 23 nations with different ideals.

British Miners Wend Way to Pits Despite Threat of Vengeance

By HERBERT BAILEY British United Press.

LONDON, Aug. 23.—A. G. Cook's eloquence during the week-end has failed to stem the tide of returning miners, who apparently realize that it is better to work for something than to live on charity.

Meanwhile there is much speculation regarding Cook's reference to "somebody else" intervening in the dispute, which there has been little change in the miners' attitude.

City Newsboys Have High Time At Annual Feast

Between 400 and 500 Saint John newsboys had the time of their young lives at Lake Robertson on Saturday afternoon when they were guests of The Evening Times-Star and The Telegraph-Journal. The above photographs, taken specially for this paper, were secured with some difficulty on account of the activity of the lads, even when supper was in progress.

The top photograph shows an actor when the newsies lined up for their ice cream cones, while the lower picture shows the aftermath of the supper onslaught.

Story of the picnic is on page 7.

SKEPTICAL OF CALLES' LATEST MOVE, HOWEVER

Special Committee Studies Future Course of Episcopate

TURN OF EVENTS

Public Centres Hope on Possibility of Resumption of Services

ROME, Aug. 23.—Vatican officials are said to be pleased with the more conciliatory tone taken in relations between the church and state in Mexico, but are frankly skeptical of the Calles counter-proposal that the Episcopate submit to the Congress its requests for modification of the religious laws.

It is pointed out that precedents do not warrant hope of a conciliatory solution through legislative intervention. The belief is expressed that if Calles suggested such a move it was because he expected Congress to support his policy or because he expected Congress to support his policy or because of his hope that establishment of a truce might permit him to complete his work.

MEXICO CITY, Aug. 23.—A special committee, headed by Archbishop Mora y Del Rio and consisting of ten archbishops and bishops here from various parts of Mexico, is studying carefully the future course of the Roman Catholic episcopate in the present religious controversy with the government.

WATCHING DEVELOPMENTS

The committee is centering attention in the developments of the past few days, especially by the turn that the situation has taken as a result of the conference on Saturday night, between President Calles and Archbishop Leopoldo Ruiz Y Flores and Bishop Plas of Tabasco. It is understood that the committee has been sending detailed cables communications to the Vatican through Monsignor Maruana at Havana, the Papal Legate, who recently was expelled from Mexico. Any action by the Episcopate concerning the registration of priests, as required by the new religious regulation, and resumption of church services, is believed to depend on the Pope's reply.

SEEK AMENDMENT

Meanwhile the Episcopate plan to seek congressional amendment of the religious clauses of the constitution, as suggested by President Calles, continues unchanged. A considerable time may pass before Congress acts one way or the other upon the matter. Consequently the public is centering its hopes upon the possibility that the Episcopate will resume church services as a result of President Calles' assurance that the registration of priests is only for administrative purposes, and that the government does not purpose to interfere with religious dogmas.

BUYS TWO YEARLINGS

DEARVILLE, France, Aug. 23.—St. Mortimer Davis of Montreal, Quebec, bought two yearlings for 600,000 francs at the yearlings auctions, which concluded here yesterday. The total sales ran over 50,000,000 francs, breaking all records. The prices on the average were six times greater than pre-war prices.

The Weather

SYNOPSIS.—Pressure is high over the western provinces and northwest states, also off the Nova Scotia coast with a shallow low area centered off the South Atlantic coast, and another passing eastward with its centre near James Bay. Showers have occurred in Eastern Ontario and Western Quebec, while in other parts of the Dominion the weather has been fair.

Scattered Showers. FORECASTS: MARITIME.—Moderate southwest to south winds, fair Tuesday; moderate south and southwest winds, mostly cloudy, probably a few scattered showers.

Laborite in Cape Breton South Furnishes Only 3-Cornered Fight

Canadian Press
TORONTO, Aug. 23.—A Dominion-wide review of the list of candidates already in the field in the Dominion general election, number 482, gives some interesting glimpses of the situation.

Straight fights between Liberals and Conservatives are again the rule in the Maritime Provinces. Prince Edward Island's four members in the last house are again in the fray, two Liberals and two Conservatives, each having a straight fight on his hands.

Conservative and Liberal candidates are also battling in each of Nova Scotia's 14 seats, including 13 of the former members. In Conservatives and two Liberals. The addition of D. W. Morrison, Laborite in Cape Breton South, furnishes the only three-cornered contest so far indicated in the Maritimes.

CONSERVATIVES DEFIED RULES, SAYS MASSEY

Appointment of Hon. W. A. Black Attacked in Speech

Canadian Press
PICTON, Ont., Aug. 23.—"In the events between the 23rd of June and the 2nd of July last, the rules of the constitution and of parliament were so flouted and defied by our opponents in this election; we had before us such a humiliating exhibition of poor sportsmanship, that the Canadian voter will not establish in office a government that climbed into power in the manner of the present government," Hon. Vincent Massey declared at a Liberal gathering here Saturday night.

Speaking of the railway policies of the late Liberal and of the present Conservative governments, Mr. Massey contrasted the appointment of Hon. C. A. Dunning, as Minister of Railways, with that of Hon. W. A. Black, the present minister. "Mr. King gave the post to a man in the full vigor of an active career," he said. "Mr. Dunning has assigned this great responsibility to a minister who is nearly twice the age of his predecessor, and who far from undertaking a tremendous public responsibility, might be expected to be at present enjoying years of rest and retirement."

Mr. Dunning had come from the west, he continued, where the belief was especially strong that public services should be controlled by the people for the people's good. On the other hand, Mr. Black's natural interest was against public ownership. Mr. Massey declared that Mr. Black was a member of a firm of shipowners, Messrs. Pickford & Black, of Halifax, and continued:

CONFLICTING INTERESTS.

"Mr. Black controls a number of privately-owned ships, which operate in direct competition with the government-owned ships, the property of the Canadian people. It would be no more improper for the Minister of Finance of a bank as the Minister of Finance. The time has come when we must accept the principle that a minister of the Crown must be free from any private interests which can possibly be in conflict with that of the public."

PRICE CUTTING TO END ON AUGUST 28

Word of Druggist Agreement on Many Articles of Stock Comes to City

It is stated today that people who use patent medicines and toilet goods will have to pay more for them after next Saturday, because of an agreement against price cutting in many lines, reached between druggists of the Dominion and the wholesalers and manufacturers to stop the prevalent price cutting and bargain sales in many lines of articles carried in the drug stores of the day.

Next Saturday, August 28, is announced the date on which the agreement will take effect. With this agreement a statement that after that date any dealer who sells for less than the set price any article on the list covered by the agreement will have his supplies cut off. The information here given is from the Proprietary Articles Trade Association, Montreal. There are about 100 articles on the list.

TUSKET, NOVA SCOTIA MENACED BY FIRE

Forest Flames Sweeping Down on Village From Two Directions

YARMOUTH, N. S., Aug. 23.—The little village of Tusket, near here, was threatened with destruction at noon today, with a raging forest fire sweeping down upon it from two directions, fanned by a brisk wind. The only hope was that the fire would be stopped by the arrival of fire fighting apparatus from Yarmouth, with enough hose to draw water from the river, half a mile from the village.

With no rain for weeks, and all wells and water courses dry, the fire has been burning several days, and all efforts of fire fighters. Last night the kind shifted and flames were being rapidly driven against the village, where lack of water let the people hopeless.

NEWFOUNDLAND CAR DRAWS ATTENTION

Auto Here From Ancient Colony—Seldom in City From That Country

One of the very few cars bearing a Newfoundland license number which have ever appeared in this city, was seen this morning, when Miss Baird and Miss Sharp, of St. John's, Nfld., arrived in the city and registered at the Admiral Beatty Hotel.

The ladies were driving a small green Austin motor car which attracted a great deal of attention in the streets today because of the fact that the car was the first of its type to make its appearance here.

The vehicle is an English-made one, very small in structure, being not more than 10 feet long and low-strung. The wheels resemble motor-cycle wheels and have balloon tires, and the car is equipped with four brakes. It will seat four people.

Learn Boots From Newsboy

WILLIE McDONALD had a great time at Saturday's Telegraph-Times picnic. He was proud of his boots.

In he came Saturday morning with a pair of Francis & Vaughan \$2.95 boots. Had given them six months of the roughest wear boys' boots can get. Outside a heel lift and half soling they were good for another six months racing and tearing about asphalt streets. The uppers were perfect, so were the single piece quarters, box toes and insoles.

That's the boot advertised by Francis & Vaughan as the toughest wearing, neatest fitting boots you can get for the money. Solid box lip, double toes, sewn and nailed. Triple stitched uppers. We are entitled to repeat that no better value in school boots can be found for \$2.95. Other unbeatable values on fussy F. & V. construction at \$3.35, \$3.75, \$4.45 and \$5.50. 7 DIE, 4 HURT IN TRAIN CRASH

Cars Pile up in Heart of Illinois Town; Tramps Victims

WINANET, Ill., Aug. 22—Grinding down Buda Hill at a mile a minute, an east bound freight train of the Chicago, Burlington & Quincy piled up in the heart of the town this morning, killing seven persons and injuring four others.

A broken arch bar connecting the trucks of a car is believed to have caused the wreck. Eighteen cars carrying perishable freight were thrown from the tracks in front of the spot and overturned.

The men killed and injured were young tramps riding in one car. The four taken to hospital were said to be near death. None of the killed had been identified tonight and some were believed to be mangled beyond recognition.

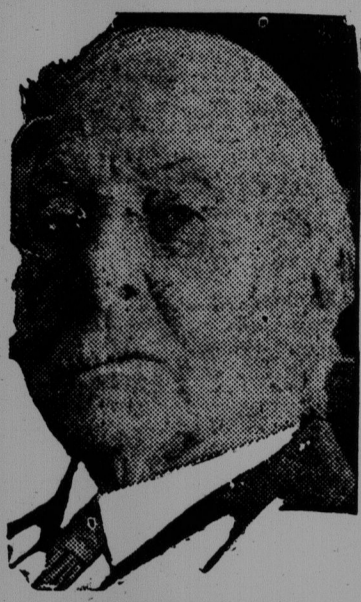

MUCH TRACK RIPPED UP. More than 12,200 feet of double track right of way was ripped up and hundreds of laborers were rushed to the scene to repair the damage.

The middle section of the train, which consisted largely of refrigerator cars, lapped from the rails as it passed the depot in the centre of the town and pitched over on the right of way. Many of the cars remained on the tracks when the air-brakes locked. The crew escaped injury.

LUDLOW ST. PICNIC KEENLY ENJOYED

Event at Grand Bay Saturday Proves Excellent—Attendance is Large

The Ludlow street Baptist picnic at Grand Bay on Saturday was one of the largest of the picnics held at that popular resort this season and was thoroughly successful. Arrangements had been well made and efficient committees had oversight of all the activities. Bountiful meals were served and races and sports were carried out.

One of the special features of the sports was the men's race in which the contestants included Commissioner R. W. Wigmore, J. Firth Brittain, R. J. Anderson, George Belyea, Harry Mander and Rev. W. A. Robbins. It was a 100 yard sprint, and some of the contestants found that distance as long as two miles. George Belyea romped in first, and Commissioner Wigmore received the consolation prize. There were nice prizes for all the sports and there were also games that were well patronized, and for which suitable prizes were awarded.

BANDITS HOLD UP STREET CAR; KILL 2

Armed Men Board Mexican Tram and Rob Terrorized Passengers

MEXICO CITY, Aug. 23—Two passengers were killed and three seriously and several slightly wounded, when bandits held up an electric street car running between Puebla and Cholula yesterday.

Five armed men boarded the car and forced the motorman to stop. Thereupon about 20 bandits began firing into the car and afterwards entered it and robbed the terrorized passengers. Some of the wounded are expected to die, among them the motorman, and Antonio Alegria, chief of police of Cholula. Federal troops are pursuing the bandits.

Spanish Reserve Is Third In Europe

Madrid, (United Press)—Spain, although enjoying a modest trade compared with the great Powers, nevertheless holds in the vaults of the Bank of Spain a hoard of gold surpassed, in Europe, only by the gold reserves of London and Paris.

Outside of Europe, Spain is displaced only by New York and Tokyo. The nation's gold reserve is today estimated at around \$505,000,000.

Before the war her gold reserve was \$305,000,000. She began drawing gold from the United States during the war until now she has become what the London money-market calls a "gold trap."

Rheumatic Pains Go Swollen Joints Vanish

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pains; reduced the swollen joints; thrown away canes and crutches, and from helpless beings became able to work and be of use to themselves and families.

They took Rheuma; the modern enemy of rheumatism and gout. Don't be skeptical about Rheuma. You will know in a few days after beginning the treatment that the dangerous poisons are leaving your system through the natural channels. Rheuma should please you in a day and make you hopeful of quick recovery in a week or money refunded.

Rheuma acts on the blood, stomach and liver, and must quickly bring long prayed for comfort to distressed sufferers or money back. Wassons two stores and druggists everywhere sell it with this guarantee.

GOLD STRIKE ON SOUTH S E A ISLAND

Mountainous Difficulties to be Overcome by Hardy Adventurers

SYDNEY, Aug. 23—Adventurers have found a new El Dorado in the South Seas.

According to authentic reports from Morobe (New Guinea), a rich gold strike has been made in wild mountainous country beyond Salima. Four centuries ago Alvaro de Saavedra and his hardy Spanish voyagers, sailing from the western coast of Mexico, coasted along the northern shores of New Guinea, and gave to the country the name Isla del Oro (Island of Gold). It is claimed now that for the first time the name is to justify itself.

Already shipments of gold from the new field have arrived at Sydney, and outgoing vessels are carrying increased passenger lists. But men experienced in the country say that the story of the

Salomon field will be the same as many others where nature has hidden her gold from men—a story of whitening bones and ill-rewarded effort. The field is situated in a district which has more than 200 inches of rainfall a year. Malaria, dysentery, and, worst of all, the dreaded black-water fever, play havoc with travelers who venture into its area. The natives are the fittest in the whole of New Guinea, and have not yet come under the spell of the white man's civilization.

Tools, stores, and even food, every ounce of it, have to be carried over a series of ranges of high mountains from the seaboard. The field lies but 15 miles from the nearest port, as the bird flies, but those 15 miles are converted into many more by the rough mountain nature of the country. It takes a fully laden native carrier—the only method of transport—seven or eight days to travel those few miles.

Such is the citadel in which the yellow god has fortified himself in this new El Dorado. Despite official warnings of the difficulties ahead, many Australian adventurers have already set out to woo fortune in this new world.

ELECTRICIAN KILLED NEW WATERFORD, N. S. Aug. 23—Alonzo Neering, collar electrician, died here on Saturday from injuries received when hit on the head by a falling rock when emerging from No. 19 pit. He was 27 years of age and is survived by a wife and two children.

Outline of Wet Ore Elevator Goodyear Equipped Cobalt Reduction Co., Ltd. Cobalt Goodyear #3600 Wet Ore Elevator Belting 73 Ft 14" X 71 Ply 3/8 X 1/16 Rubber Face

1100 Days vs. 600 Days

Mr. Bennett, mill superintendent for the Cobalt Reduction Company, had never felt very happy about this bucket elevator. It was a "belt hog." Carrying ore with a 5 to 1 dilution of slime and water, it used up an 8 ply belt in 600 days or less. 600 days was the best record. Then he decided to try the Goodyear Belt recommended by Mr. Dodge, Goodyear salesman. It is a seven ply belt. But up to June 11th, this year, when Mr. Bennett gave us his last report, it had seen 1100 days of service—24 hours a day, 7 days a week. It had elevated 412,500 tons of wet ore. And it was still running. It is such incidents as this—cutting belt costs

to less than half, insuring dependable, continuous service which are bringing industry more and more to Goodyear Belts. For the same principles of construction, the same quality of materials, the same skill in building go into every Goodyear Belt—conveyor or transmission, large or small, for factory, farm, mine or mill. Goodyear builds a belt or a hose or a packing or a valve specially to meet each problem of industry. The Goodyear man is prepared to give you expert advice in the choice of your industrial rubber goods. Get in touch with the Goodyear Industrial Goods dealer or with the nearest Goodyear Branch. THE INCOME TAX

There is increasing discussion of the possibility of abolishing the federal income tax, which, introduced of necessity as a war measure, still remains with us. That it should remain in, in one sense, natural enough, for we have by no means paid the expenses falling upon us by reason of the Great War.

Obviously, everybody would like to see the income tax abolished, but immediately when the question is raised it becomes necessary to ask how so great a sum could be raised otherwise. That we shall be able to get along with substantially less revenue for some years to come is necessarily doubtful, but because the income tax is regarded as too great a burden upon the individual and upon business its abolition is being widely discussed at this time.

In a recent issue of Toronto Saturday Night Captain W. C. C. Innes, Dominion Executive Director of Legislation for the Retail Trade Bureau of Canada, presented "the case against the income tax" at some length, and his arguments find strong editorial support from the Montreal Gazette and from various other sources. Captain Innes argues that, in a young and comparatively undeveloped country like our own, requiring capital for the development of its natural resources and population, a Dominion income tax is absolutely wrong in principle. He says that while other countries have long had such a tax, their cases are not like ours since they are fully developed and have generations of accumulated wealth behind them.

Eighteen months ago the Retail Trade Bureau of Canada made an investigation of the workings of the income tax, as a result of which the Bureau has been carrying on for twelve months past a vigorous educational campaign, holding public meetings in the principal cities and towns, and urging the taxpayers to unite in protesting against the abolition of this tax. It is held by those speaking for the Bureau that the tax has had the effect of "killing the spirit of enterprise and initiative in our people, preventing capital from embarking on new enterprises and to a large extent discouraging the inflow of foreign capital so necessary."

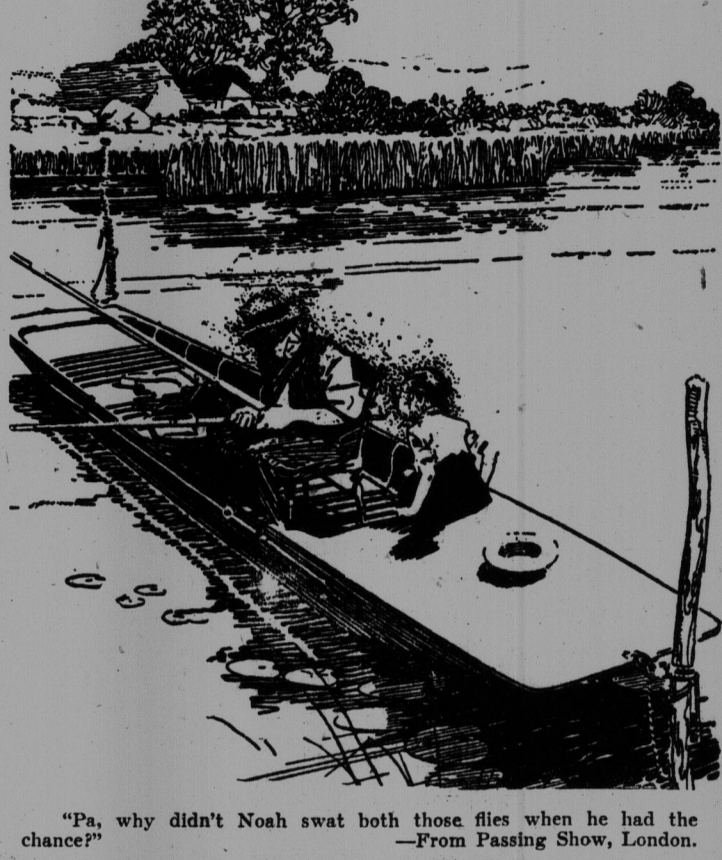

It is argued, also, that the tax is a check upon immigration. The Montreal Gazette asserts that neither capital nor people will come to Canada in anything like the necessary volume or numbers "while the bleeding process continues and fifty or sixty millions of dollars are diverted annually from productive uses. Experience has shown this to be the case and experience has also shown that in proportion as income taxation is reduced so does industry expand and prosperity increase."

To some extent the income tax is discussed on partisan political grounds. It is contended that the farmers, particularly those in the prairie district, pay little or no income tax and are naturally in favor of its continuance. That the total amount contributed by the farmers to the Dominion treasury through this tax is small is proved abundantly by the official figures, but that in itself is not conclusive.

If the farmers are escaping taxation through some improper device, then the Dominion authorities are at fault. If the farmers, on the other hand, are paying according to the established rules, that is to say in proportion to their earnings, the rest of the population has no complaint. Nevertheless, there is no doubt force in the statement that Canada is at a great disadvantage as compared with the United States in this matter, and that an income tax so heavy as ours is tending to increase the exodus, spreads discontent among the people and results in discouraging the inflow of both people and capital.

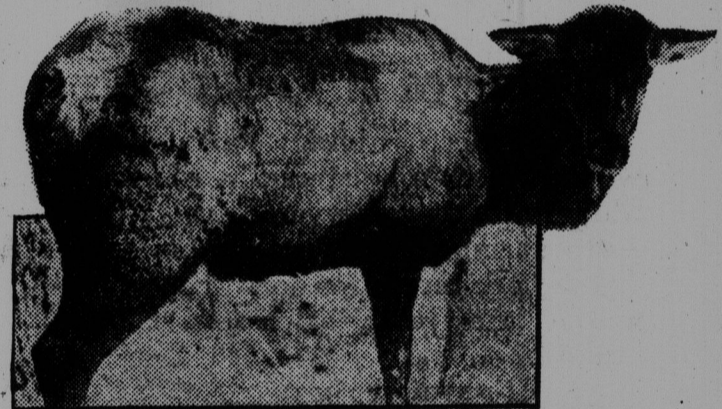

The proposal to introduce new forms of taxation as substitutes for the income tax is certain to be resisted. There remains the method adopted by the United States in cutting down its national expenditures through vigorous administrative action, thus lightening the most objectionable form of taxation upon the people. That is an example which must be followed at Ottawa if the income tax is to be abolished or even reduced to the level of that obtaining among our neighbors to the south.

The Question of the Day

Queer Quirks of Nature

GOVERNMENT IS CONSERVING THE ELK.

The largest old bull of the Yellowstone herd. By ARTHUR N. PACK. IN THE early days of settlement, the elk was a common animal over most of the woodland and prairie regions of the United States. Never as easy as the deer or moose, it fell an easy victim to the rifle of the frontiersman, and was soon exterminated from all but the wilder parts of our country.

It seems to have been particularly numerous in the Middle Rocky Mountain States. These ideal conditions existed in the combination of high mountains, with their half-open parks and glades affording rich summer pasturage, and the low and comparatively warm plains and valleys, where a light snowfall permitted winter grazing.

PROSPERED THERE. So it came about that in these states elk persisted in numbers after most parts of the country knew them no more, and in many cases they were hunted to extinction.

The Political Fray

Liberal THE ROBB BUDGET. (Halifax Chronicle).

At the beginning of the campaign, Mr. Meighen and his supporters evidently thought that they could distract public attention from the Budget by a flood of scandal talk, but they have failed. The Budget is immensely popular. Hence their present plan is to try to belittle it, to allege that it is "a thing of the past" while Mr. Meighen is making himself and his party ridiculous by denouncing the revision of the Robb Budget.

Conservative KING AND THE C. N. R. (Montreal Gazette).

Mr. King struck at the Canadian National Railways when, contrary to the spirit and purpose of the Railway Act of 1903, as well as in violation of all precedent, he incorporated the terms of the Crow's Nest Pass agreement into the rates structure of the Dominion.

NO "INFERNAL PLOT." (Charlottetown Guardian).

Now an effort is being made to give the impression that the Conservative party is tied up with the "interests" and that there is an infernal plot of some kind being hatched to throw the Canadian National Railways into the hands of a group of plutocrats.

POEMS I LOVE

"An Old Song Reversed," by R. H. Stoddard.

THIS song is little more than an epigram in rhyme, perhaps; but it is so well done, so neatly turned, that it has long appealed to me. Not everyone can write so skilfully an ancient meaning, giving it new life and fire.

"There are gains for all our losses." So I said when I was young, If I sang that song again, 'T would not be with that refrain, Which but suits an idle tongue.

Youth has gone, and hope gone with it, Gone the strong desire for fame, Laurels are not for the old, Take them, lad, Give Senex gold. What's an everlasting name?

"There are gains for all our losses?" Greave beside the wintry sea, When my child is and my heart, For they would not live apart, What has been your gain to me?

No, the words I sang were idle, And will ever so remain; Death, and Age, and vanished Youth All declare this bitter truth: There's a loss for every gain!

ANOTHER PRIZE. DETROIT—Richard Biederman, a twenty-year-old art student of this city, has carried off another English honor, after the fashion of Americans this year.

During a special three-month course at the Chelsea Polytechnic in London he showed such remarkable work in painting that he has been awarded a gold medal.

Richard Biederman is a student of the Royal Academy School in London, where he is expected to perfect his style and emerge as one of the really first-class painters of his generation.

Young Mr. Biederman is a product of the Chicago Art Institute. His work there, in fact, paved the way for his present success. There is universal congratulation coming to him from England as well as his native land; for art—as sports may sometimes be—is international.

GOT AWAY. RHINELANDER, Wis.—Muskie in a lake here have a new fish story which they are passing around. It seems that one Johnny Muskie was cruising his favorite lake here, angling for humans when suddenly he had a magnificent strike. He knew by the feel of things that he had a fight before him and, possibly, a great catch. He

settled to his work and before long had pulled Horace Cooper, of St. Louis, completely out of his boat and into the lake. It was simply a grand fight. The fish and his quarry worked up a tempest on the lake and, just as the muskie was about to win through, George Rodak, who was Cooper's guide, joined in the battle and pulled his client out of the water. The muskie made off with his pole, muttering unhappily. But he had a good story about "the one that got away."

AT LAST. PANAMA, Okla.—Back in December, 1899, Joseph L. Epps, of this town, performed an act of conspicuous gallantry during the Gilmore relief expedition at Vian.

He was the sole survivor of the party on the island of Luzon. Single handed he captured 21 insurgents. In 1920 Congress voted to honor him with the rarely given Congressional Medal.

They began to look for Epps. He was where to be found. For 24 years the war department kept up its search for this man, who presented him with the medal. It was only recently that Epps learned of his distinction and wrote the war department.

The medal has finally been given him.

LOUIS N. MORONES. A PROMINENT figure in the present Mexican government and a staunch supporter of President Calles, religious policies is Luis N. Morones, secretary of industry, commerce and labor, and the most powerful figure in the Mexican organized labor movement.

Morones, physically a Dempsy, started life as an electrical helper and is still on the sunny side of 40. He was with Carranza against Huerta, and, like Calles, stood with Obregon in the movement which sent Carranza to the grave by an assassin's hand and elevated Obregon to the Presidency.

It was as a labor leader that Morones first came into fame. Today it is said the organized labor movement of Mexico has a membership running into hundreds of thousands, the majority of whom, it is asserted, are standing behind the government in its struggle with the church.

Morones has been a member of Congress and was a warm personal friend of the late Senator Robert M. La Follette.

WORLD UNION OF CHRISTIAN CHURCHES SUBJECT OF CONFERENCE

50 LEADERS OF DENOMINATIONS NOW AT BERNE

To Draft Programme for Great Gathering in 1927

BERNE, Switzerland, Aug. 23.—Fifty religious leaders, representing nearly 100 Christian denominations in every section of the world, met here today to perfect plans for a world conference to smooth out interdenominational differences.

Today's gathering, known as the "Continuation Committee," expects to draft a program of topics to be discussed at the great World Conference on Faith and Order to be held in August, 1927, at Lausanne. Recommendations and suggestions from 87 nationwide autonomous churches have been submitted to the committee, whose chief duty will be to organize these views and prepare a program for the orderly procedure of the World Conference.

"The baneful consequences of present divisions among Christians are clear to all and the hopeful feature of the situation is that Christians everywhere are realizing this," said the Rev. William T. Manning, Episcopal Bishop of New York, a member of the committee, in discussing the aims of the movement.

It was made clear by spokesmen for the committee that there was no thought as yet of a formal or official union of Christian churches or that the program of closer co-operation was expected to obliterate denominational lines. The chief aim of the World Conference was said to be an endeavor to eliminate minor unnecessary differences among Christian churches and to strive for closer co-operation.

Five main topics of theology already studied by a sub-committee will be considered by the committee. These are "The Nature of God," "The Church's Ministry," "The Sacraments," "The Unity of Christianity and the Place of Different Churches Within It." The committee plans to organize these subjects into a program of discussion or recommendations representing the opinion of the representatives there assembled. This report will be submitted to all the Trinitarian churches of the world as suggestions and without any binding force upon the communions represented at the conference.

Among sub-topics under these five main subjects is the proposal to agree upon uniform marriage laws to be recognized and enforced by all churches. Churches which have already appointed commissions to co-operate with the World Conference movement include: The Anglican, Armenian, Baptist, Congregational, Czecho-Slovak, Disciples, Eastern Orthodox, Friends, German Evangelical, Lutheran, Moravian, Methodist, Old Catholic, Presbyterian, Reformed, South Indian United, Southern Brethren, and the United Church of Canada.

The churches represented are in the United States, Canada, the British Isles, Germany, Italy, Norway, Sweden, Denmark, Greece, Serbia, Hungary, Czechoslovakia, Estonia, Latvia, Rumania, Bulgaria, Cyprus, Egypt, Syria, Palestine, China, Japan, India, South Africa, Australia, and New Zealand.

SEVERAL INJURED IN CRASH OF AUTOS

Two Cars Try to Pass Parked One on Musquash Road

Severe cuts and bruises were sustained by several of the passengers when a three automobile collision took place yesterday afternoon about seven miles from the city on the Musquash road near Frenchman's Creek.

A Saint John car was parked by the side of the road in a narrow place and an American car was coming towards the city when Lloyd Kay, 198 Waterloo street, was driving out from the city in a car with his mother, his wife and children. The two cars going in opposite directions, attempted to pass where the local car was parked and there was a bad mixup.

Mr. Kay's wife was the most severely injured, receiving cuts about the face which bled profusely. His mother also was considerably bruised. In the American car there were two men and two women. One of the men escaped without injury while the other three occupants had bruises about the face and arms.

Shortly after the accident many automobiles gathered about the spot. One car, in which there were three nurses, arrived on the scene and the nurses gave first aid to the injured.

The accident caused a blockade in the traffic until the colliding cars were got out of the way. The American car was so badly damaged that it had to be hauled to a garage in Fairville for repairs.

Prentice Boys Honor Dead At Decoration Ceremonial

FREDERICTON, Aug. 22.—Decoration ceremonial was carried out today by the lodges of the Protestant Association of Prentice Boys in Fredericton and vicinity together with strong delegation from Saint John lodges. The assembled lodges with the York Regiment Band leading the procession, marched to the rural cemetery early this afternoon and after appropriate service in the centre of the cemetery decorated the graves of departed brothers and in some cases consoling those who fell in "Flanders Fields."

Deaths

Brunswick Ogden After an illness of several weeks, Brunswick Ogden, aged 78 years, passed away at his residence in Hampton on Saturday night. Mr. Ogden had been a life-long resident of Hampton and was held in very high regard. His passing will be sincerely mourned and much sympathy has been extended to the bereaved. He is survived by his wife and two daughters. The daughters are Mrs. Kathleen Wilcox and Mrs. Charles Bovard, both of Hampton.

Mrs. Catherine Gallagher Mrs. Catherine Gallagher, widow of William Gallagher, passed away at her residence, 67 Clarendon street, early this morning. The late Mrs. Gallagher was a lifelong resident of this city and leaves a wide circle of friends.

Rev. R. M. Bynon MONCTON, Aug. 22.—Rev. Robert M. Bynon, for many years a Baptist pastor in this district, passed away Saturday at midnight after a lengthy illness, during which he was confined to bed for seven weeks. He was a native of Prince Edward Island, being born there in 1861. He was ordained in 1884.

Rev. Gordon Robinson NEW GLASGOW, Aug. 22.—Rev. Gordon Robinson died here today at the age of 62 after an illness of several months. He had held pastorates in various Presbyterian churches throughout the province.

Found Unconscious; Dies in Hospital

A message received early yesterday at police headquarters was to the effect that a man had been found lying unconscious on the side of a road near Woodstock and when he regained consciousness he said that his name was Lewis Ray, that he had resided at Red Head, in Saint John, and he knew Robert and Alexander Crawford, two constables in Saint John. The case was handed over to Sergeant Detective Power, who made inquiries.

Despite the fact that the Crawford brothers could not place the man as an acquaintance, Alexander Crawford took a car and drove all over the vicinity of Red Head road and other parts yesterday but was unable to find any information of a man by the name of Ray residing there.

Last night Robert Crawford learned that the man had died in the Woodstock Hospital yesterday morning. He said that the unfortunate man had at one time worked with a Mr. Inman at Perth, N. B.

RETREAT FOR CATHEDRAL MEN BEING PLANNED

Conducted Early in October—First Westfield Mass Aug. 29

A retreat for laymen of the Cathedral parish, the first of its kind to be held in Saint John, will be conducted, probably early in October, it was announced from the Cathedral pulpit yesterday by His Lordship Bishop LeBlanc. It will be carried on at a country hotel near the city, within easy access, at the close of the summer season when the hotel may be had exclusively for this purpose. It will be begun on a Friday evening and will be closed on the following Monday morning. The location has not yet been announced.

Selecting a country place, His Lordship said, was necessary for the better carrying out of the retreat, which is termed "closed" because it is a withdrawal from the ordinary affairs of life and the time is given up to religious exercises. It will be conducted by a Jesuit priest and will include a series of lectures.

His Lordship said that 30 or 40 men was the number desired to participate, not more than 50—and that the names of those desiring to make the retreat would be received at the Palace. Similar retreats are held in other cities.

THE ALTAR FUND. It was also announced that the collection taken on the third Sunday of this month for the Cathedral new altar fund amounted to \$388.40 and that the total now was \$16,189.09.

Tuesday will be the feast of St. Bartholomew, and there will be beads and Benediction of the Blessed Sacrament in the Cathedral on Monday and Tuesday evenings.

Weddings

Carradus-Winnington-Ingram. TORONTO, Aug. 22.—The marriage of Miss Ethel Carradus, daughter of Mr. and Mrs. Carradus, of Toronto, and Miss Ethel Ingram, daughter of Mr. and Mrs. Ingram, of Toronto, was solemnized in the Church of the Redeemer here yesterday. The ceremony was conducted by the Bishop of London, who is a visitor in Ontario from England, in the name of the Church of England, and by Rev. R. A. Armstrong, rector of the parish, in the name of the province of Ontario.

Ontario laws would not allow the ceremony to be conducted by the Bishop unless a clergyman resident in Ontario acted with him.

Chapman-Cahill

SACKVILLE, Aug. 21.—The marriage of Miss Caroline Bliss, daughter of Mr. and Mrs. Charles W. Cahill, of Sackville, to Ray Farin Chapman, son of Rev. A. E. Chapman and Mrs. Chapman, of Oromocto, N. B., was solemnized here this evening in the United Church of Canada at 6:30 o'clock in the presence of a large number of guests and friends. The ceremony was performed by Rev. Dr. J. H. Phillip, pastor of the church, assisted by Rev. A. E. Chapman, father of the groom. As the bride entered the church with her father, the wedding march was played by Mrs. Bessie Woodworth, organist. The bride was attended by Mrs. Russell P. Cahill as matron of honor. The bridesmaids were Miss Irene Chapman, of Ste. Anne de Bellevue, sister of the groom, and Miss Lucie E. R. Smith, of Sackville, a friend of the bride. The groom was supported by W. M. Addison, of Montreal. The ushers were Richard M. Palmer and R. Dwight Milton, Moncton, and R. P. Cahill, of Sackville. After the ceremony the guests were entertained at the home of the bride's parents where supper was served. Later Mr. and Mrs. Chapman left on a motor trip to parts of Quebec and the United States. Returning they will make their home for this winter in Sackville, where the groom is on the staff of Mount Allison Academy. They were the recipients of many handsome gifts.

CHIEF VAUGHAN AWAY.

Gun Vibrations Caught By Camera

WASHINGTON, Aug. 23.—A vacuum tube and a highspeed camera are being utilized to measure the vibrations of a gun-muzzle during its discharge.

In experiments still continuing, it was found that a light coating of oil in the gun-barrel caused the gun to shoot high, and that other things being equal, muzzle vibrations increase as the powder charge was made lighter. It is hoped to evolve a formula for bullets and barrels which will cut inaccuracy to the minimum.

No Woman Has Yet Arrived or Shows Any Sign of Arriving at the Point of Grace Where She Can Behold Another Person Making a Pie Without Putting Her Finger in It," Observes Dorothy Dix of Her Sex.

EVERY now and then I am forcibly reminded of the fact that the millennium will have arrived when we learn to mind our own business.

DOROTHY DIX

And the queer part of it is that by some quirk of feminine logic this unwarranted meddling in other people's affairs is accounted a virtue.

A woman's definition of another woman who is a selfish creature is one who attends strictly to her own business and doesn't look in with some remedy of her own when the children near door have the croup.

THIS inability to tend to her own business and leave other people to run their affairs is at the root of the servant problem. We are always wondering why men can keep their employes when housewives can't keep theirs. It is because when a man hires a clerk he gives him freedom to do his work pretty much as he pleases so long as he gets satisfactory results, but a woman can't do that. She stands over her servants while they are at work with a continual "do this" and "do that" until she drives them crazy.

It is because there are too many cooks that so much good broth is spoiled, and if the mistress would attend to her affairs a little more in the house, and let her maids run theirs in the kitchen, she wouldn't have to get up so many mornings and get the breakfast because the servants had taken herself and her exasperated feelings to some other meddling housekeeper.

ONE of the saddest effects of our not attending to our own business is the perennial family row. We speak of it as lack of sympathy, of unkind conduct. We give this and that high-flown reason.

But the plain truth of the matter is that at the bottom of nearly every one of the family quarrels that are so pathetic and so cruel in their estrangements is some woman who wouldn't mind her own business.

A MAN marries, and the woman he brings into his family has been reared differently and has different ideas about cooking or politics or religion from the women of his own family. It might be thought that the world was big enough and wide enough for them all to find occupation and amusement without attempting to interfere with each other. But not so.

First thing anybody knows, his mother or sisters begin to try to regulate his wife's table or wardrobe, or manage her children for her. Or perhaps she starts out on a missionary campaign to try to educate her husband's people up to her blue-china standard. Anyway, trouble begins right there, and peace pecks its grip and departs on the lightning express for parts unknown. Every living woman has seen this thing happen over and over again, but no woman has learned anything from it.

Just think of giving up a brother's love, or being separated from him by a barrier more cruel than death, or having a son's door opened to you only on sufferance, and to know that you are the most unwelcome guest that ever crosses the threshold! Isn't it a pretty high price to pay for the doubtful privilege of trying to run another woman's business? And isn't it strange that women won't be warned and remember that "hands off" is the motto on every woman's door, and that one delves it at her peril?

OF COURSE, we shall have no more gossip when we learn to attend to our own business. We shall be occupied in paying our own bills, instead of wondering how other people can pay theirs. If Mr. Clubman is out of nights, we shan't spend the time in pitying his poor wife and speculating if her cooking or temper drove him to drink. We shall merely presume the clubman knew his own business, and, at any rate, it isn't any of our affair.

We shall be able to come and go as we please, without taking the neighborhood into our confidence, or offering explanation or apology, for so long as we interfere on nobody else's rights no one will trouble themselves about our movements. And what a peaceful, easy, restful time we shall have, if only we can learn to mind our own business and let other people's alone!

THIS UNUSUAL COAT IS OF TAFFETA LINED WITH KASHA

By MARIE BELMONT

Here is a very striking and unusual coat for dress wear. It is of black taffeta, and is lined with tan kasha. The kasha forms collar and cuffs and revers, and a touch of gold edges the kasha. The large pockets are interestingly stitched, as is the collar and hem. A large bow edged with deep fringe completes the coat. Of course this is a strictly dress garment and cannot be worn for sport or ordinary street wear. If worn with the proper accessories, a most charming effect will be achieved.

Menus for the Family

- Breakfast: Green Apple Sauce, Whole Wheat Toast, Coffee, Cereal, Milk Gravy. Dinner: Halved Cantaloupe, Southern Baked Ham, New Lima Beans in Butter, South American Tea Biscuits, Lemon Sponge Pie. Supper: Omelet with Ground Ham, Bread and Butter, Berries or Sliced Peaches, Cockles, Tea.

TODAY'S RECIPES

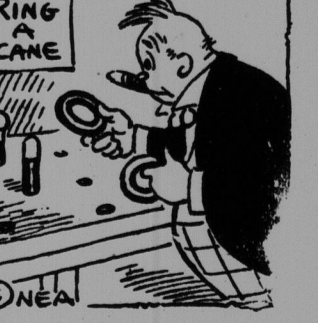

Southern Baked Ham—Ten or 12 pounds of ham of "the variety" that doesn't need soaking; brown sugar; flour. Wash and wipe the ham and put a coat of sugar on it. Make a paste of flour and water stiff enough to roll out. Wrap the ham in it, then place it in a pan in an oven registering 450 degrees F. After half an hour reduce the heat to each round. Take off the paste, pat with brown sugar on fat side and stick in whole cloves. Set in an oven registering 350 degrees F. to glace. It takes 6 cups of flour for a 12-lb. ham.

New Lima Beans in Butter—For each pint of shell beans add 2 tablespoons of butter, one-half teaspoon of salt and enough water barely to cover. Cook over medium heat until most of the water has evaporated. (It usually takes 20 minutes over medium heat.) South American Tea Biscuits—One cake of yeast; one-half cupful of milk; one egg and one-half cupful of lukewarm water; one tablespoonful of sugar; one and one-half cupfuls sifted bread flour; one scant teaspoonful of salt; two tablespoons of melted shortening. Dissolve yeast and sugar in lukewarm liquid, add shortening and one-half the flour. Beat well, then add salt and remaining flour or enough to make a firm dough. Knead thoroughly, roll out and with biscuit cutter. Place in oiled pans a little distance apart, and let rise about two hours or double in bulk. When light bake in quick oven (450 degrees F.) 10 minutes. (Two hours are required to make these.)

Lemon Sponge Pie—Two tablespoonfuls of lemon juice, one half teaspoonful of grated rind of lemon, four teaspoonfuls of flour, one tablespoonful of margarine, one cupful of sugar, two eggs, one cupful milk, pastry. Cream the margarine and sugar, add flour. Separate white and yolks and mix yolks with sugar and the margarine. Add the lemon juice and rind, then the milk. Fold in the whites of the eggs and bake in one crust. Start in an oven 450 degrees F., bake 10 minutes. Reduce heat to 325 degrees F. and bake until set, 30 minutes more.

BEHIND THE SCREEN

By DAN THOMAS HE USED to be an office boy at the beck and call of everyone in the office of the Douglas Fairbanks studio. Now when the business manager tells him to do something Tommy Clark says, "Aw go chase yourself. I'm playing with Doug this afternoon." And the business manager says nothing.

Tommy is unknown to the world at large. Yet he is one of the very important reasons that Douglas Fairbanks is able to perform so many "stunts" before the movie camera.

FASTER THAN TENNIS The favorite game on the Fairbanks lot is "doug," named after the famous actor. The game is similar to tennis but is about four times as fast. Fairbanks puts in two hours of strenuous play on the "doug" courts every day to keep in condition for his picture work.

Tommy Clark is one of the few men of the "doug" any competition. Chuck Lewis and Charlie Warrington are the only others. Lewis carries the title of Doug's official trainer. These three, coupled with the actor himself, make up the "doug" team of the Fairbanks studio. They claim the championship of won in a recent "doug" tournament.

Hollywood and so far have been able to defend their title against teams from practically all other studios.

TOMMY IS WISE Getting back to our principal, Tommy already has carved a niche for himself in motion picture circles, although he is still young—being only 20 years of age. He is known in Hollywood as one of the few who can score an occasional victory over Fairbanks. Tommy is too wise to extend himself to such an extent in many games, however.

In a recent "doug" tournament, for which three silver cups were offered as awards, Tommy won two of them. That's how good he is.

SEE-SAWING BROADWAY

IN THE "snappy Sixties" around which neighborhood now rises Manhattan's new apartment skyline, there stands a little church whose history is uniquely romantic. And just outside the church door there is a Rose of Sharon tree, transplanted from its exotic home soil to this shrubless earth that grows only stalks of steel. Sort of monument to a divine great. Sort of a time too far away for thought.

So slight was the consideration for it that neighborhood kids hacked it with a hatchet and all but killed it. The church at the time, was too poor to spend in hiring a tree doctor, so they filled the hacked gap with tar and raised a torn limb. It grew together and flourished.

THE Church of Corpus Christi is the place and, if you come to New York, you'll find it on W. 63rd street. Father Rich will welcome you. For the church is his life work. It began in a dance hall, many years ago and moved from there into an old house. When a sewer was threatened to move into the neighborhood—this was all before prohibition—a number of residents sus-

pected a sum sufficient to start a little building on part of the site the better resort might have occupied. The church was built largely of timber from houses, torn down to make room for it. There wasn't quite enough for a whole church, and so it was little more than a basement with an altar rising above the parishioners.

THE roses, or ornamental screen, was made feasible when an American tourist, confronted with a stiff duty when he tried to bring it in from Italy, decided to give it up. The ordinary casement windows have been turned into imitations of stained glass through the efforts of a young artist, eager to help the church.

Instead of pews are ordinary straight backed chairs. Concrete was mixed by neighbors after working hours, with Father Rich assisting. Nowhere in this great city will be found a place of worship built so casually, or with such affection. A bit crude and rough, to be sure, but with sentiment in its every corner.

AND just outside is the Rose of Sharon tree, as incongruous in this city of commercial writers as the Egyptian monument that tells its story of another romantic civilization from its point of vantage at the side of the Metropolitan Museum.

THE RHYMING OPTIMIST

By Aline Michaels. Somebody sent me a note today, only a word of cheer; somebody's body was far away, somebody's thoughts were here! Strange, how it brightened the whole day long; sweet, how that cheery word written by somebody out in the throng, came like a homing bird! Only a line from a distant land, bridging the gulf between; dear as the clasp of a friendly hand, keeping fond memories fresh. Bringing me joy from the far away, glimpse of a friend most dear, touching to beauty the dull drab day, somebody's love came here! INSANE TRAMP'S SLAUGHTER ON C.N.R. PROPERTY
Unknown Man Killed by Shot From Crowd at Pelletier
MONCTON, Aug. 22—Word was received here today of the fatal shooting of an unidentified man at Pelletier station Saturday.
The report received by the Canadian National Railways investigation department here was that the victim was racing about the platform at the station. He was apparently insane and was acting violently, spectators say. The man climbed to the roof of the station and a crowd gathered. An unknown person in the crowd raised a rifle and shot the man down. He was killed instantly. His body was placed in one of the Canadian National Railway station buildings to await identification.
Further details gleaned here tonight are to the effect that the victim was a tramp and it was supposed from his actions prior to the time of the shooting that he had been endeavoring to get into the station building to get the money there. The man who shot him, it is claimed, did so accidentally, as he fired the gun with the intention to scare him to come down off the roof but the shot entered the tramp's body. Pelletier is a station some 68 miles north of Edmonton on the National Railway station buildings to await identification.
MOST of us are more mistaken in ourselves than we are in the other people when it comes to a show-down.

CHARLESTON? NEVER!
BEATTY SEES PROSPERITY ON INCREASE HERE
C. P. R. Head Declares Conditions in Canada Undeniably Improving
MONTREAL, Aug. 22—"Conditions in Canada are undeniably improving. This is principally due to agricultural prosperity and the development of the pulp and paper industry. Mining activity is also increasing, but industry has not shown a relative expansion," E. W. Beatty, president of the Canadian Pacific Railway Company, stated in an interview here today.
"In consequence of the satisfactory crops of the past three years and the almost assured good crop of this year, the conditions in western Canada are better than at any time since the war. Whether the east can keep pace with the west will depend upon the ability of its industries to secure a larger proportion of the home market, and also increase their exports," he added.
Asked with regard to conditions in Great Britain and the possibility of increased trade between the Dominion and the Motherland, Mr. Beatty said:
BRITISH COAL STRIKE
"Conditions in Great Britain are entirely abnormal due to the existing coal strike, the direct and indirect losses of which must of necessity have been enormous. Until this has been settled on a basis which will restore the economical stability of that very essential industry it would be, I think, somewhat hazardous to prophesy an improvement in British trade conditions. There exists in Great Britain the greatest confidence in the ability of the industries of the nation successfully to come through this trying and expansive period, but until a proper relation is established between the coal and the one hand and the services rendered for the money on the other hand, the situation must remain as it is."
TO AID IMMIGRATION
"There are many ways in which immigration can be further encouraged," Mr. Beatty said when discussing this subject.
The principal way is the provision in Great Britain of additional training farms for agriculturalists, these to be increased in number to enable a steady supply of many thousands of young Englishmen, who are physically fit, and who have been trained in the rudiments of agriculture. When conditions become a little more definitely settled industrially it is more than likely that the immigration of skilled artisans can likewise be encouraged, but definite policies in these respects will probably have to wait until the present decisions are over."
Commenting on the situation with regard to the Edmonton, Dunvegan and British Columbia Railway, the electrification of the mountain lines and the construction program in the west, Mr. Beatty said:
"There has been no change in the status of the E. D. and B. C. Railway. Central Canada Railways since the Alberta Government served notice upon the Canadian Pacific that the existing lease would terminate on Nov. 10. No subsequent proposals have been made by the company to the government."
ELECTRIFICATION OF LINES
"The electrification of the mountain lines, in respect of which extensive investigations have been made during the past few days, will depend somewhat upon the experiments now being made in the use of electric traction on railway motive power. The problem of the company is a relatively simple one in that some of the mountain lines will ultimately be necessary, and which involves the least initial outlay, and the largest saving in operating expense, is the one which will be eventually selected. The work will not, of course, in any event be prosecuted until traffic conditions warrant it."
The 1926 construction program in the west is proceeding satisfactorily, and when completed will add 165 miles to the company's lines, principally in Alberta and Saskatchewan. The program for subsequent years has, of course, not yet been determined."
O'CONNOR, AHERN ARRIVE AT HALIFAX
HALIFAX, Aug. 22—W. F. O'Connor, legal adviser for the Dominion government; R. P. Sparks, representative of the Mutual Protective Association, and P. Thomas Ahern, registrar of the court, arrived in Halifax tonight from Ottawa for the opening on Wednesday, next, of the customs probe to be held before Chief Justice Sir Francis Lemieux. The work will, of course, be eventually completed. Sir Francis and R. L. Calder, K.C., are expected tomorrow night.

MEIGHEN PROPOSES FAIR RATES IN EAST
Tells Lethbridge Meeting He Doesn't Plan to Raise Rail Charges
LETHBRIDGE, Alta., Aug. 22—"I do not propose," declared Premier Meighen here Saturday night, "to take any step to increase railway rates either east or west."
"I do not propose," he said further, "to take any step which will result in increasing the burdens on the west in any way. I am opposed to different treatment for different parts of the country. I believe that if Parliament should pass a law to fix rates all round, not fix rates for any special part of the country. That is what I contend for. It is not for the Maritimes now that they were discriminated against."
WONT RAISE RATES.
"If you lived there," Mr. Meighen said, "would you want Parliament to take action in regard to one part of the country and not do it for the Maritimes? You would want the same principle adopted everywhere, wouldn't you? But I don't propose to take any step to increase rates either east or west. I did propose to take steps to pay a portion of the rates assessed by the railway commission in favor of the east and west for the reason that those portions of our country are far distant from the thickly populated centres where certain parts of their products should be sold."
Mr. Meighen instanced coal, in this connection, as a product the transportation of which could be assisted.

Two Are Injured In Yarmouth Crash
YARMOUTH, Aug. 22—A collision between a motor cycle and an automobile took place at Sanford, about eight miles from Yarmouth, on Friday evening and as a result Osborne Churchill, of Short Beach, who was operating the motor cycle, is in Yarmouth Hospital with one thigh so badly lacerated that many stitches were required to close the wound, and Miss Grace Harris, who was with him in a side car, is at her home suffering from bruises and lacerations. The auto was in charge of Stanley Smith, Sandford.

Resuming Service To West Indies

THE steamship service for the West Indies trade by the Royal Mail Steam Packet Company from Saint John will be resumed on Wednesday of this week with the sailing of the steamer Chignecto, according to an announcement by William Thomson & Co., Ltd., local agents, on Saturday. This service was interrupted owing to difficulty with a government subsidy but commencing this week the steamers will go back on their former itinerary, including Bermuda, Barbados, Trinidad, Demarara, St. Vincent, Antigua, Montserrat, Dominica, St. Lucia, Grenada and St. Vincent.

IN WALL STREET

NEW YORK, Aug. 23.—A steady tone characterized opening prices in today's stock market. Rails appeared to be in better demand on the prospect of the publication of another series of favorable July earnings statements this week. Better demand on the part of the market for other issues improved fractionally. General Motors and United States Steel common opened unchanged at 29 1/2 and 151 respectively.

Comparative Anthracite Prices
IN FORCE AUGUST 1926

SAINT JOHN	MONTREAL	BOSTON	NEW YORK
\$15.00	\$16.50	\$16.00	\$14.75

Montreal, Boston and New York dealers recently notified their trade of an additional cost on and after September 1st.

Coal today in Saint John is selling \$1 per ton below Boston and only 25c. above New York, yet both these cities are much nearer the Anthracite mines and transportation charges are several dollars a ton less than to Saint John.

Established coal dealers in Saint John are earning very little better than a new dollar for an old one at these prices. During summer months when coal can be bought at fair prices and handled economically, dealers here are usually not busy because people fail to grasp the profitable opportunity of summer buying and summer delivery.

The coal burning season is less than sixty days off. Why not co-operate with your dealer and lay in your supply now at these prices and while he can deliver with proper economy, ease and care.

Select A Reliable Dealer, Believe What He Says, Stick To Him and In The Long Run You Will Profit.

NO MORE SUNDAY BALL THIS YEAR, SAYS MACK

POLICE ALLOW PHILADELPHIA GAME YESTERDAY

White Sox Manager Not Called on to Produce Injunction

NEW YORK, Aug. 23—Philadelphia has gained a new prominence in sports, with a heavyweight boxing bout added to its Sesqui-centennial celebration, and a baseball game played on Sunday without police interference.

According to Connie Mack, there will be no more Sunday baseball this season, because of schedule difficulties, but that of yesterday, when his team defeated the Chicago White Sox, 3 to 2, was a success, except for a drizzle which fell throughout. Mack was armed with an injunction.

Cleveland's Indians, heading for New York, for an "official" series with the Yankees, were held long enough at the Natsio to play the Senators twice.

PITTSBURGH MENAGED. St. Louis edged back almost into a tie with Pittsburgh for the National League lead, by winning its eighth straight behind Jess Haines' excellent marksmanship. The Pricheless Giants were the victims 4 to 2, and Travis Jackson, who has succeeded Frankie as captain, contributed a brace of errors to the defeat.

Cincinnati using Donohue, Lucas and May and League took a double header from Boston 4 to 3 and 7 to 6. The victors put the Reds one full game behind the leaders.

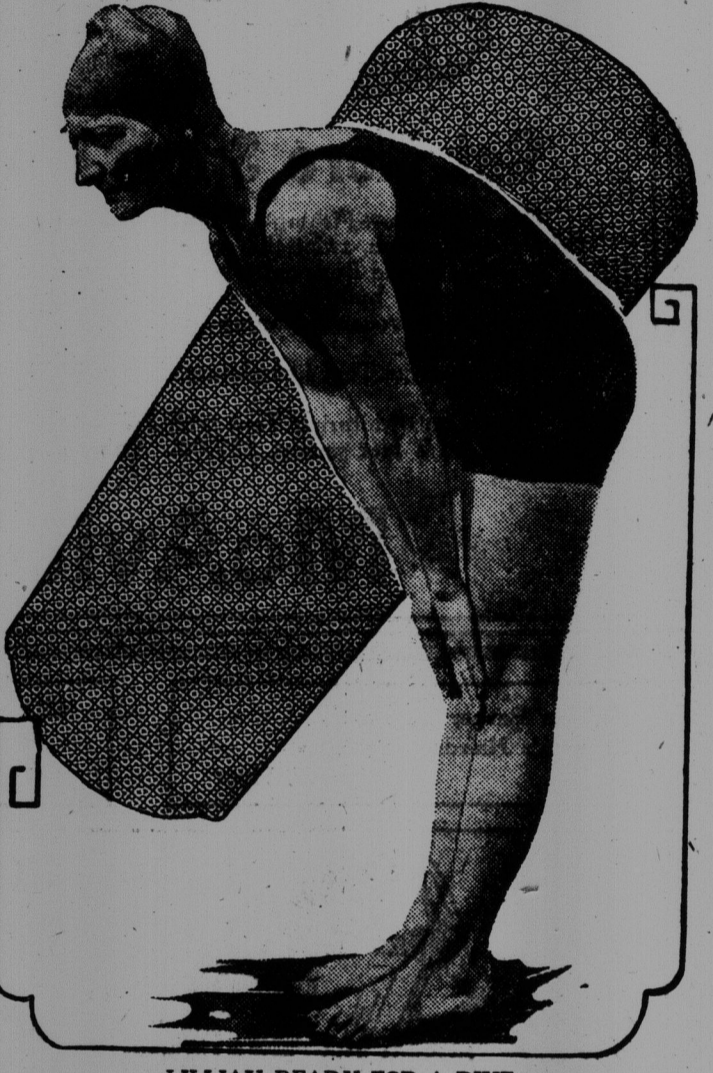

RECORD BASEBALL. Chicago's Cubs and Guy Bush accomplished some record baseball. The team turned in 23 assists in beating Brooklyn 3 to 0, and Bush pitched in his twenty-first successive scoreless inning. Bush has allowed only nine hits in his last 27 frames.

The Toronto Maple Leafs performed before their home fans today, after a successful road trip, which gave them a firm hold on the leadership of the International League. Jersey City will be their opposition. Baltimore and Newark, in successive scoreless games, have gone on the road, the former to Rochester, and the latter to Buffalo. Baltimore dropped a double header to Syracuse Sunday 6 to 0, and 6 to 2, while Reading took a double header from Rochester 2 to 1, and 6 to 3. Rain prevented other games.

HITTERS STOPPED. Major League pitchers all but spiked the effectiveness of long distance hitters last week, with a resulting meagre tally of four home runs recorded in the American League, and eleven in the National.

Not one of the six leading fence busters of the junior circuit added to his season's ticket. Babe Ruth's bludgeon was silent after scoring four of the round trip blows the week before.

How To Swim

LILLIAN READY FOR A DIVE

DIVING comes after swimming, but no swimmer should neglect diving. There is always a thrill about a well executed dive, even if it be of the simplest description, and ability to slip into the water without splashing is well worth the effort to learn. The first thing to learn about diving is that it is just as easy to go in

head first as feet first and that no more water is going to slip into the nose or ears than if one jumped in feet first or came a bellyflopper. Therefore, I advise that every diver concentrate upon slipping gracefully into the water without a splash before he even attempts the more difficult dives. (Copyright, 1926, NEA Service, Inc.)

BROOCH MISSING IN HALL - MILLS CASE

Part of Evidence Gone—If Found, May Prove to be of Importance

SOMERVILLE, N. J., Aug. 23—The outstanding development in yesterday's Hall-Mills investigation, was the discovery by prosecutor Simpson, that a gold brooch found near the scene of the murder in 1922 and turned over to Detective Fred A. David, had disappeared.

News of the brooch came to the prosecutor through a letter from a New Brunswick woman, who told him that

it had been found by Edward Tierce, proprietor of a hotel just outside of New Brunswick, N. J. Senator Simpson motored out to his place and Tierce told him of the gold brooch of peculiar design found on the Phillips Farm, about 100 feet from where the bodies were found. Tierce said he found the brooch Sunday morning, September 17, 1922, which was the morning after the bodies had been discovered and removed.

The brooch is now missing along with other evidence in the case. It was described, however, as of peculiar design with a gold cross in the center. The description of the brooch as furnished by Tierce, fits an emblem which used to be worn years ago in England, by members of a women's episcopalian guild. Detectives are searching for the brooch on the theory that if found, it might prove an important bit of evidence.

SPECIAL EVENTS IN CHURCHES OF CITY ON SUNDAY

Chinese Visitor Heard—Reference to Sackville Meetings—At Tabernacle

A Chinese preacher's appeal for missionary work in his own country was heard in two of the city churches yesterday when M. D. Djang, honors scholar of Toronto University, who is now taking theological studies at Knox College at the University, gave a clear, concise and illuminating account of the changes which have taken place in China in the last fifty years.

Mr. Djang spoke in St. David's church in the morning before the united congregation of St. David's, Centenary and Queen Square churches. In the evening he was the preacher in German Street Baptist church for the uniting congregations of that church and St. Andrew's church. His theme was "The Challenge of China."

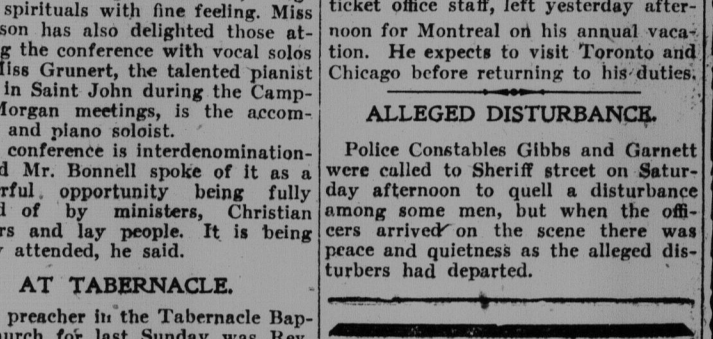

Mr. Djang is a graduate of the Christian University at Shanghai, China, which is maintained by the different Protestant missionary bodies in China in co-operation, and after completing his studies at Knox College he will return to Shanghai to become a member of the faculty of that college, working under the banner of the United Church of Canada.

THROUGHOUT the present week Dr. Djang will be visiting various congregations in this district to speak in the interests of Chinese missionary endeavor. Tonight he will be in St. Martin's and tomorrow night he will address a meeting in Lorneville. On Wednesday night he speaks at the mid-week prayer meeting in the Carleton United church.

SACKVILLE GATHERING. The outstanding personalities of the speakers and leaders at the religious conference, now being held in Sackville, were described in a sermon delivered yesterday morning by Rev. J. S. Bonnell, preaching for the united congregations of St. Andrew's Kirk and the German Street Baptist church.

"Why Girls Go Back Home"

With PATSY RUTH MILLER, CLIVE BROOK

If you were a country girl who journeyed to the big city to reach the heights of Broadway, and you finally achieved that distinction—became the toast of the town, the most beautiful and most popular star of all—would you be influenced to go back to the simple life of the town in which you were born? Or is it only the girls who are failures that return with nothing but disillusion? You'll know what it is that makes for success on Broadway, and what it is that takes girls back to the home town, after you have witnessed this lavish, scintillating production of Broadway life and love.

Criticizes Dress Of Western Women

TOKIO, Aug. 23—Rigid control of women's costume, particularly in summer-time, is advocated editorially by the Tokyo "Yamato" which declares: "Western women go half-naked even on the streets, on board steamers and in railway cars, provoking the sex instinct, but the police authorities do not feel disposed to control them. As control is an absolute necessity, discrimination is unreasonable and illogical. It should be rigid in all cases." The paper deprecates imitation of western fashions by Japanese women, who are rapidly abandoning the kimono in all the large cities.

JOE McNAMARA HAS NEW TALE OF JOHNNY MILES

Recounts Veteran Tom Kanaly's Experience With Marathon Winner

A new story of Johnny Miles, long distance runner, and his sensational victory in the Boston Marathon is brought to Saint John by Joseph McNamara of Boston, who has been closely and prominently identified with athletics for many years and was formerly physical director of the Saint John Y. M. C. I. Here's the way "Joe" told it while on a visit to this city, where he is spending a few days renewing friendships.

"I was talking over the race with Tom Kanaly, who was the other champion of Boston. Miles called on him at the club house and announced himself as a contestant in the Marathon. As I said, he was unknown and his approach did not greatly impress the director of the contest. However, that he was from Nova Scotia, Mr. Kanaly asked him how he rated with Victor McAuley, Miles' rival in the race. "Well, youngster," Kanaly said, "you'll find that there's a great difference between a 10 mile race and one for the Marathon grind of over 26 miles."

NOT PERTURBED.

"The Nova Scotia lad's answer, quietly made, was to live in Kanaly's memory. "Well," said Miles, "I suppose you'd be surprised if I was to win that race? His entry was accepted and he was given little further thought, for there were Stevens and the other seasoned Marathoners commanding the line-light because of their records and well recognized ability at the long distance. It was regarded as a sure thing that one of these seasoned veterans would be first in the grueling road performance."

"And so things stood for Johnny Miles when the day came and the field started off for the trying contest of speed and endurance—he was not even considered a factor, other than being one of the 'also rans.'"

GIVEN SURPRISE.

"Kanaly told me that he followed the course of the runners in an automobile as they measured off mile after mile of the long way, the going becoming harder and harder as the effort was taking the resources of his ability to trail along with the veterans. He did more as they neared the finish. Attention was enlarged to keen interest in the stranger, when, running well within his powers, he overtook the men picked to win, left them behind and finished winner in record time. No one was more surprised than the veteran Kanaly himself and he was the more especially when he recalled his talk with the youngster at the time he submitted his entry and the fact that he had so little impressed him as a possibility in the contest."

URGES BEST HANDLING.

Mr. McNamara spoke highly of Miles' performance and his running ability and urged that he be the best of training and handling if he were to live up to the great record he made in Boston. He also spoke well of the running of George Sprague and John and said that, properly handled, he, too, had great possibilities.

Mr. McNamara, who in private life is an official of the Superior Court in Boston, is to be home on Wednesday. On Monday, Sept. 6, he is to conduct a series of Labor Day sports at Russell Field, North Cambridge, under auspices of the Irish National Foresters.

Mr. McNamara also will conduct a track meet, on Sept. 12, on the Walkerville field at Brookton.

ST. JAMES' SCOUTS PASS TESTS AT CAMP

Eleven Boys Make Grade—Caton's Island Outing is Much Enjoyed

The eleven Scouts of St. James' troop who attended the annual camp held this year on Caton's Island, on the Saint John River, successfully passed 65 tests during their two weeks under canvas and returned to the city on the motorship D. J. Purdy on Saturday, a brown and happy band. They enjoyed the ideal site, excellent bathing and good weather.

Scoutmaster K. W. Stagg was in charge, and during the last week W. E. Hoy, district secretary, lent assistance in conducting the various tests. Four of the boys passed their second-class tests and four started their first-class work. Three recruits passed the tests and were received as Scouts. The first aid tests for second-class work were passed by four of the boys.

HAD GOOD HEALTH.

Camp routine was heartily enjoyed, and the boys had an excellent bill of health and no accidents. At the council fire, Craig Laidlaw won his entertainer's badge by providing entertainment for his fellow-campers for 20 minutes.

When the campers were waiting on the wharf at Brown's Flats on Saturday from noon until 9 o'clock they provided an entertainment for the people there, and it was greatly appreciated and applauded. On the boat traveling citywards the Scouts again put on a show for the passengers and made the time pass very quickly. They staged a Scout council fire program very effectively.

SEE THE FALLS

At high tide the water of the Bay and force its way through the gorge of the Falls, creating a "Fall" of water.

At low tide the water in the Bay becomes so much lower than that of the river, that the fall of water is reversed and flows down river into the Bay.

At half tide, when the level in the Bay and river are about equal, the Falls disappear entirely, and the water at the Falls becomes smooth as the surface of a lake.

It is only at these times that the wonder of the world it should be seen at all three stages.

FOUND INJURED

William Cochran was found lying in Bond's Alley, off Paradise row on Saturday afternoon by Policeman Killen. He had been considerably injured and was taken to the General Public Hospital for treatment, later going to the St. John's Hospital. He was advised to call at police headquarters and make a charge against those responsible for injuring him, but had not done so up to noon.

AUTO STOLEN AND BURNED

A Reo automobile, owned by S. C. Duppel, was stolen from his garage in Fairville on Sunday morning and later was found, almost completely destroyed by fire, near Prince of Wales. The wreck was located in a ditch by an American tourist who had been driving in the area. The car was taken to the Fairville fire station and the owner was notified.

COURT DISMISSES CASE

Four men charged with drunkenness appeared before Magistrate Henderson in court here this morning. Three pleaded guilty and were fined \$80 or two months in jail. The fourth, who pleaded not guilty, his testimony was given by J. J. Meryfield who made the arrest. As the latter is a provincial constable and not a member of the city police force, it was stated he had no power to make the arrest. The magistrate said that the constable had tried to make a person matter out of the case and dismissed the charge. Three others, out on deposit, failed to appear and the deposits were forfeited.

CANUCKS' PANTRY SALE

A very successful pantry sale, given under the auspices of the Young Canucks of Fairville, of which Cecil Henderson is captain, and Kenneth Cougle treasurer, was held in the Rexall building on Saturday afternoon. The proceeds amounted to \$80 and will be used to buy equipment, to enable the team to compete with the Imperials for the intermediate championship. The residents of Fairville assisted the boys by donating home cooking. The 15 members of the Canucks were present and were assisted by Mrs. S. T. Cougle, Miss Evelyn Stars and Miss Gladys Scott. The team was organized in the spring and has become popular with the fans.

As Hiram Sees It

THE SETTLEMENT— I wished I had a big kodak yesterday. Then three town fellows that built the raft out o' poles got a big stone for an anchor, an' boxes o' provisions set on—an' anchored in about twelve feet o' water to fish for perch an' rock bass. They held their pants rolled up an' no socks on—an' old boots an' the wust clothes they could find. When a steamer come along—makin' fer the wharf or leavin' it—she was made the raft pitch about an' they held all they could do to stay on. Well, sir, they sot there most o' the mornin'—an' most o' the afternoon. They got a nice lot o' fish—an' they cleaned and et 'em, too. One feller said if pan fish like them could be landed in Noo York as folks as they came from the Everfraks, he'd be crazy about 'em, but folks here don't think they're worth ketchin'.

Then three fells got sunburnt—an' soaked—but they're out agin today fer more fish. 'An' they wouldn't trade that old raft fer a limmy—no, sir.

SUM IS VOTED FOR VOCATIONAL SCHOOL WORK

Council Complies With Request From School Board for \$2,646

Only one item of business was considered at the weekly committee meeting of the Vocational Committee held this morning. A letter was read from the Board of School Trustees stating that the Vocational Committee had presented a report notifying them that a sum of \$2,646.00 was required by the committee for current expenses, and asking for payment of this amount to meet its expenditures.

On motion of Commissioner Bullock it was decided to pay the amount subject to the approval of the City Controller.

The committee then proceeded with further consideration of the proposed building by-law, submitted by Commissioner Harding.

In the absence of Mayor White, Commissioner J. H. Frink, deputy mayor, presided.

CARLETON COUNTY LANDS ARE VIEWED

Investigation Into The Immigration Possibilities In This Section is Made

John McWhirter, of London, England, manager of the Hudson's Bay Company Overseas Settlement, Ltd., and representative of the Cunard Steamship Co., Ltd., Liverpool, who has spent several days in the Maritime Provinces investigating the immigration possibilities of this section of Canada, left here yesterday for Montreal and will proceed from there to Winnipeg.

Last week, Mr. McWhirter, accompanied by L. B. Bedford, of Montreal, son of R. W. Bedford, president of the Robert Bedford Co., Ltd.; G. Wetmore Herritt, of Saint John, New Brunswick manager of the Great West Life Assurance Company, and R. E. Wright, of Saint John, provincial manager of the Canada Permanent Mortgage Corporation, paid a visit to the farming district in the vicinity of Woodstock, with a view to getting information regarding possibilities there.

POLE IS REPLACED

Broken by Auto Driven by Lady on Gondola Point Road

A crew of the workmen of the New Brunswick Electric Power Commission on Saturday replaced a large hydro pole on the road between Fair Vale and Gondola Point, which was broken in two when hit by an automobile, driven by Mrs. C. T. Murphy on Friday morning. Mrs. Murphy escaped serious injury only on account of the fact that the car she was driving was equipped with a heavy bumper.

The lady had driven her husband to Fair Vale station to catch the train and was returning to her summer home about 8:15, when the car was jerked off the road, crossed a shallow ditch and struck the pole, snapping it about halfway up. The break was a jagged one, however, and the two portions remained in position. The post carried a small distributing transformer, which was put out of business temporarily by the shock, cutting off the current from a small group of houses. It was not badly damaged, however.

The windshield of the car was shattered and Mrs. Murphy received a few small scratches, but otherwise she was unharmed. The car was not badly damaged.

Funerals

Miss Sadie McGondel

The funeral of Miss Sadie McGondel took place this morning from her parents' residence, 81 Hillyard street, to St. Peter's church, where requiem high mass was celebrated by Rev. Austin McGuire, C. S. R., with Rev. Father Hill, C. S. R., as deacon, and Rev. Leonard McGuire, C. S. R., sub-deacon. Interment was made in the New Catholic cemetery. Many spiritual and floral offerings attested to the esteem in which the deceased was held.

William A. Jack Died This Morning

The death occurred early Monday morning in the General Public Hospital of William Arthur Jack, son of the late William Jack, Advocate General, following an illness of only a few days duration.

The late Mr. Jack was a commissioner of the Saint John Horticultural Association, a trustee of the Mission Church and a member of St. George's Society.

Of a very public spirited and genial disposition, he will be very much missed by a wide circle of friends. He is survived by three sisters, Mrs. Thomas Walker, Mrs. Rudolph McKenzie and Miss Helen Ramsay Jack.

ON TOUR OF MARITIMES

Dr. F. Lorne Wheaton, of New Haven, Conn., and a party of friends arrived in the city on Sunday on a tour of the Maritime Provinces. While in Saint John they are visiting Dr. Wheaton's uncle, Herman G. Wheaton, and Mrs. Wheaton, 207 King street.

The party made a fast trip from New Haven, having left that city at 1 o'clock on Sunday morning and arrived here Sunday evening at 7 o'clock.
