Baldwin Makes Effort To Stave Off Strike—Pitmen Prepare To Quit

Canadian Press LONDON, April 30—Sir Austen Chamberlain, Foreign Secretary, in an address before a convention of women this afternoon, said that the coal dispute had reached a very serious position, according to information coming to him. His statement coincides with reports coming from all quarters interested in the negotiations to prevent a coal tie-up beginning tomorrow.

The miners late today rejected a revised offer from the owners, rendering the situation blacker. The Cabinet considered the matter at a special meeting, and it was rumored the negotiations might be reopened.

King George returned to Buckingham Palace from Windsor. It is understood a Privy Council will be held following his arrival.

Premier Baldwin, with representatives of the mine owners and the miners, today continued his efforts to find some solution of the difficulty and to prevent the entire stoppage of the coal supply in the night.

A Joke's A Joke Until Character Is Trifled With

Boston Meddler Spreads False Rumors About Professor and Student

BOSTON, April 30—An eminent Boston University professor and an ordained theological student are the latest victims of a practical joker who so far has succeeded in keeping his identity a mystery.

His pranks were of a mild nature until he spread the news that one of the most esteemed teachers of the School of Religious Education, who has been a devoted husband for 30 years, had started proceedings to divorce his wife.

NOT content with the consternation he caused at the School of Religious Education, he wandered over to the Theological School, and a few hours later Russell R. Prewett, a young divine, learned from his fellow students that he was a married man. He was even more surprised when he was confronted with a clipping from an afternoon paper, stating that "Mrs. C. R. Prewett is studying with her husband at the School of Religious Education, who has been a devoted husband for 30 years, had started proceedings to divorce his wife."

PREWETT about a month ago announced his engagement to Miss Elizabeth Dodd of Wesley College. There was no secret about the engagement. He stated that the jokester evidently knew very little about his fiancée because he stated that she was a student at the School of Theology instead of at Wesley.

FIND AGAINST SMITH IN N. B. LUMBER PROBE

Charges of E. C. Atkinson Sustained by Accounts Committee

PROVINCE LOSES REVENUE CUT DOWN BY VIOLATION OF REGULATIONS, REPORT DECLARES

Special to The Times-Star. FREDERICTON, April 30—Charges made by E. C. Atkinson, member for Sunbury, that the River Valley Lumber Company, of which R. B. Smith, ex-M. L. A., is general manager, had received an 80 per cent. classification to cut lumber on Little River, Sunbury county, contrary to the regulations of the Lands and Mines, were sustained in the final report of the Public Accounts Committee of the Legislature made this morning by Hon. B. Frank Smith, chairman.

The report says: "We also find that 80 per cent. classification was received not upon the classes of lumber cut and upon which the province received stumpage, but upon the standing condition of the areas, a very large portion of which the River Valley Lumber Company did not cut and upon which the province received no stumpage rates."

CHARGES SUSTAINED Therefore the committee finds that the company's receiving the 80 per cent. classification upon this representation has been fully sustained.

"Your committee also find that the recommendations made from time to time by the Minister of Lands and Mines and that the charges that the chief scaler's hands were tied is fully borne out."

REVENUE LOST "The committee also finds that the lumber had been cut as represented when the classification was received by the River Valley Lumber Company and the regulations observed so far as the cutting of undressed and green lumber had been concerned that the province would have received a much larger amount of revenue therefrom. The committee finding was unanimous."

WARNS FOREIGNERS France Demands They Keep Out of May Day Political Demonstrations

British United Press. PARIS, April 30—The 2,000,000 foreign workers in France have been warned by the Minister of the Interior Durand to keep out of the May Day political demonstrations. The warning, a circular sent to all prefects, declares foreign workers must keep out of French politics and not take part in political battles on French soil.

The first warning is directed against communists, who have made rapid strides in organizing foreign workers. The second warning is against Italian Fascists.

British Seeks Meaning Of Russo-German Pact

LONDON, April 30—Great Britain is expected soon to ask the German Foreign Office for elucidation of the Russo-German neutrality treaty signed in Berlin last Saturday.

It was authoritatively stated that Britain declined the French proposal that signatories of the Locarno agreement should make a common inquiry. Lord D'Abernon, the British Ambassador, will act for the British government.

CATHOLIC UNIONS TO MEET

MONTREAL, April 30—The Federation of Catholic and National Unions of the province of Quebec will meet in annual convention in September in Sherbrooke. The probable date of the convention is from September 18 to 22. About 100 delegates are expected to attend.

PARIS, April 30—Former Crown Prince Carol of Rumania failed to appear at the Lyceé Michelet, a school in the outskirts of Paris yesterday, permitting Mircea to Matriculate under the name and title of a Prince of Hohenzollern. The case will be heard May 11.

Ice Starts To Move Out At Fredericton

Special to The Times-Star. FREDERICTON, April 30—The ice above the highway bridge here started to move between 12 and 1 o'clock, and, after running about 50 yards, stopped. It is possible that if the water rises behind it the ice will move out this afternoon or tonight.

AT INDIANTOWN. This afternoon's report at Indiantown from up river was that movement in the ice field in the upper stretches of Long Reach. The strong sun today, however, was causing quite a flood of melted snow on the river shores.

FRENCH GOVT. O. K'S DEBT AGREEMENT

Pact Signed in Washington Now Goes to Chamber For Debate

United Press. PARIS, April 30—The French Cabinet today approved the debt funding agreement signed yesterday in Washington by the American Debt Commission on behalf of the United States and French Ambassador Henri Berenger.

With the Cabinet's action the agreement to fund the debt, which has been a major international problem for seven years, will soon become subject of debate in the Chamber of Deputies. Premier Briand submitted to the Chamber the agreement signed today with the United States and Great Britain had been concluded three weeks ago.

The Franco-American debt funding agreement, signed yesterday, provides for payment by France of \$6,847,474,000 including interest in 62 instalments, the first being \$200,000,000 to be paid on May 1, 1927.

The principal was fixed at \$4,025,000,000 and interest, for the first five years, rising gradually thereafter from 1 to 3-1/2 per cent, the latter rate applying for the last 22 years, and making the average a little more than 1-3/8 per cent.

CASUALTY TOLL OF DISORDERS MORE THAN 1000

Stoppage of Food Supplies Threatens Calcutta

TRADE CRIPPLED

European Merchants Urge Stringent Means To End Reign of Terror

By BERNARD BEILBY. (Copyright, 1926, by United Press.) CALCUTTA, April 30—The principal city of the Indian Empire is today convulsed in ferment of terrorism arising from Hindu-Muslim rivalry, which has resulted in the most serious rioting of the history of the British occupation.

The disorders have already caused upwards of 1,000 casualties. Frontier markets have been imported to help restore order.

The twin spectres of disease and famine threaten Calcutta from the dingy alleys which choke the streets and from the stoppage of the food supply.

Many months must pass before Calcutta will have recovered from the economic setback involved.

WORST IN 30 YEARS "This is the most serious situation we have been up against during the thirty years I have been in this country," wrote Hugh Stephenson, chief secretary of the Bengal government, today, in reply to the suggestion of European merchants that more stringent means be adopted to end the reign of terror.

Although the city is momentarily quiet, the rioting sporadically engages in wholesale looting, murder and incendiarism. The disturbances have demonstrated that a peaceful, busy city within a few hours can be transformed into a seething, gory, and lawless scene.

Warehouses and shops and rail-termini are riddled with food-stuffs and profiteering thieves. Virtually all business is at a standstill.

Miners' Leaders In Coal Crisis

Public Accounts Board Passes Report On Inquiry

ONE-THIRD COST

Members Unanimous That Arrangement Is Just To All Concerned

FREDERICTON, N. B., April 30—That the province should reimburse the Lancaster Highway Board for a total of \$105,455.37 for road work in Fairville last summer was the recommendation contained in the annual report of the Public Accounts Committee as read this morning in final session by B. Frank Smith, chairman, and as adopted by the committee.

The investigation into this matter arose out of charges preferred by James Lewis, M. L. A., for Saint John, and in effect the committee finds that his charges were justified.

TEXT OF REPORT "The transaction was carried on very loosely from the standpoint of the province. We find that the then Minister of Public Works and ex-Premier wrote letters from time to time which were in evidence and also had private conversations with Mr. O'Brien, the chairman and other members of the Lancaster Highway Board, which the committee feels had much to do with the volume of expenditure made. Money was freely borrowed from the bank to finance this work by the said highway board, supported only by resolutions of the Municipal Council of the city and county of Saint John. Said resolutions were evidently based only on letters referred to and private conversations between the ex-Premier and the board or members thereof."

PAYMENTS SPECIFIED "After taking into consideration all the existing conditions, we believe the province should reimburse the highway board as follows: "Lancaster, Main street, Fairville, from railway crossing to Orange street, \$15,116.28; Main street, detour, \$925.10; Moore's Hill, \$15,485.29; Lancaster avenue to Avery line, \$14,633.81; road to hospital grounds, \$723.34; Suspension bridge road \$47,334.55; Dever street, detour, \$925.10; Green Head road, Church avenue \$8,829.29; total, \$105,455.37. This amount to about one third of the expenditure on this work."

In making the recommendation, the report said that the committee went carefully into the accounts submitted by G. C. Murdoch, the highway board's engineer and they believe the conclusion reached is fair and just to all concerned. The committee finding was unanimous.

SUPPLEMENTARIES PASS. FREDERICTON, N. B., April 30—The supplementary estimates, totalling \$83,100, passed the Provincial Legislature last night as they had been submitted, without change. The House, sitting in committee on supply, with Fred C. Squires, deputy speaker, presiding, passed the items with little or no discussion.

VENIOT OBJECTS TO LAST HOUR BILLS

Protests Pulp and Paper License Measure Should Have More Consideration

Canadian Press. FREDERICTON, N. B., April 30—Hon. C. D. Richards, Minister of Lands and Mines, introduced a bill providing the issue of pulp and paper licenses in the legislature today. He said that the bill provided authority for the issue of licenses for a period of 30 years, renewable each year and subject to extension for an additional period of twenty years.

Hon. Dr. Veniot entered a formal protest against the introduction of such an important measure within a few hours of prorogation without giving an opportunity of examining the provisions of the bill.

TUG WASSON LEAVES. The tug Wasson left last evening passing the steamer Grace Hankinson en route to Miramichi where she will undergo repairs following damage done here about three weeks ago by the cutter Lagan. Temporary repairs were carried out at low tide here in Market slip to enable the tug to be made seaworthy enough to stand the trip. Kerwin and Linton, owners of the tug, received a telegram this morning from Captain Lagan of the Wasson, announcing their safe arrival at the Nova Scotia port.

APRIL BUILDING. Twelve permits for new buildings and alterations to present buildings were issued during April by the Saint John Building Inspector, and 34 permits for repairs to buildings. The value of the new buildings and alterations was \$41,490, and the total value of permits to date this year is \$22,498. For April 1926 the value of new construction was \$410,530, and the total to the end of the last year was \$482,520. Among the permits issued this month was one for the new hall for St. David's church, \$28,000, and residence work for B. H. Bruce, M. Pleasant avenue, \$6,000.

PRESENTATION MADE. The members of the Bible Class of Exmouth street church held a delightful social evening at the residence of the church parlor on Thursday with about 30 members present. Games and music were enjoyed and delicious refreshments were served by the ladies' committee, composed of Mrs. George Drake, Mrs. John Magee, Mrs. Walter Daley and Mrs. L. J. Crockett. A pleasant incident was the presentation of a decorated birthday cake to the president of the class, Mrs. F. Andrews. Miss H. Steep also presented a gift from the members coupled with their best wishes for many more such social events. Mrs. Andrews feeling responded.

EMPLOYMENT REPORT. While the placements made by the local bureau of the Employment Service of Canada during April were considerably smaller than for the preceding month, being 113 men and 206 women, it was expected that employment conditions would improve in the near future owing to wood pulp operations. The present period, according to W. J. Ryan, manager of the local office, was an in-between one, the winter work having ceased and the summer activities not yet commenced. The painters, paper hangers and carpenters were being kept fairly busy. While there was at present no big work in sight for Saint John, commencement of the Grand Falls development would improve conditions here, Mr. Ryan said. Conditions in Canada for March showed general improvement to the extent of five or six per cent.

ACTING MAYOR FOLLOWS UP ON TAX COMPLAINT

Wires Resolution To Local Members—Com. Wigmore Says Matter Grave

Acting Mayor Frink said this morning that last night he had wired the resolution adopted yesterday by the council in connection with direct taxation proposals of the New Brunswick Government to the members representing the City and County of Saint John. In connection with this matter COMMISSIONER WIGMORE SAYS IT'S GRAVE.

In connection with this matter Commissioner Wigmore said this morning that the people of Saint John did not seem to realize the gravity of the situation. He pointed out that instead of being called on for \$45,000 it would be more likely to be around \$75,000, as there would have to be added at least \$30,000 to the warrant for cost of collecting and short collections. In addition to this he understood that the bill did not make any provision for tax exempt property, and that would mean a lot of Saint John, probably another \$10,000 if all this class of property was included in the provincial levy.

The commissioner said the total to be collected was about \$200,000, and he could not see why the City of Saint John, which received very little benefit from the services which were responsible for the provincial deficit should pay more than one-quarter of the total.

TO DONATE CUP FOR SCHOOL BOYS' MEET

Y's Men's Club Offers Trophy—Other Y's Also Have Meeting

At the weekly luncheon of the Y's Men's Club at noon today at the Y. M. C. A., it was decided that the club would offer a perpetual challenge cup for the school boy athletic meet, the school winning to hold it for one year. This cup will be contested for the first time at the meet on May 15 this year. Plans were made for a ladies' night on May 11 and two new members, John Howard and William Johnston, were welcomed at the meeting. The address was given by A. H. McMillan, of the Kelvinator Institute, who spoke on "Electric Refrigeration." W. R. Pearce was chairman and there was a good attendance.

OTHER Y'S MEN. The other Y's Men's Club of the Y. M. C. A. group held the closing weekly supper last night when President Edgar Peters occupied the chair. The speaker for the evening was Rev. A. L. Gardiner, formerly of Newfoundland, who gave an interesting report on a table for the annual meeting banquet. The Y's Club decided to supply the Ladies' Auxiliaries of the Y's for their efforts in serving the delicious meal. The other Y's Club decided to supply when all other divisions of "Y's" were similarly represented. The banquet affair will be held on the gymnasium floor.

BOYS WARNED. On the complaint of James Forester, three boys said to be creating a disturbance last evening at the corner of Gilbert's Lane and City Road, were warned by Policemen Bettie.

DOG IS SHOT. At the request of William Logue, 162 Rockland road, a dog owned by him was shot by Sergeant Rankin yesterday.

Makes Good Year As Freshman At McGill

Charles M. Hare, son of G. G. Hare, city engineer, who is in his freshman year at McGill in the engineering department, has made an enviable record in the examinations just completed. In physics he was first in his class and in English he was the only student to make a first class. He also made a first class in physics laboratory and laboratory methods, engineering problems, descriptive geometry and mechanical drawing, in the latter being second in the class. Mr. Hare is a graduate of the Saint John High school and of the Provincial Normal school.

MRS. LOUIS OWENS DIED THIS MORNING

Prominent Worker in North End Circles Was Formerly School Teacher

The death of Mrs. Josephine Owens, wife of Louis Owens, occurred early today at her residence, 88 Clarendon street, after a long illness. Mrs. Owens was a pupil at St. Vincent's high school, and was married to Mr. Owens, who was a teacher at St. Peter's school. She was born and lived all her life in the North End and was very active in charitable and social work there. She was an active member of the Hospital Auxiliary, had been for many years secretary of St. Elizabeth's Society and also was an industrious member of the Catholic Women's League, North End Branch. She was active in all church work and was very generous and kind hearted. Many friends will regret her death. The funeral will be held on Monday morning nine o'clock from her late residence to St. Peter's church.

PRIEST IS ARRESTED

Forty Catholics Jailed in Mexican Town For Protest Against Law

Canadian Press MEXICO CITY, April 30.—Special despatches from Zitacuaro say that the Roman Catholic priest there, Luis Cerda, has been arrested and his church closed. He is alleged to have refused to obey military orders to shut up the church for having rung the bell during a recent riot.

Two persons wounded in the rioting died later. Several others who were injured are in a serious condition. Despatches from Colima say that forty Roman Catholics were arrested there yesterday when they attempted to hold a demonstration against the enforcement of the religious laws.

Mrs. Hannah B. Clarke Is Dead At Capital

FREDERICTON, April 30.—Mrs. Hannah B. Clarke, widow of Henry B. Clarke, died at an early hour this morning at her home, 777 George street, after a day's illness. She was 88 years old and was the last member of the family of the late Andrew Ritchey of this city. A sister, Mrs. James Maxwell died some weeks ago. Two sons and one daughter survive, also a large number of grandchildren and great grandchildren. The sons are Harry M. Clarke and Edwin H. Clarke and the daughter is Miss Clara B. Clarke also of this city.

WILLIAM NOWLAN DEAD. The death of William Nowlan occurred yesterday in the Mater Misericordiae Home. He survived by one son, the Rev. Frank, of this city. The funeral will be held on Saturday morning at 8.45 o'clock from the home to the Cathedral for high mass of requiem.

LEFT CITY AGAIN.

A thirteen-year-old Moncton lad, named Cormier, missing from his home, and reported to have been seen in this city, is said to have jumped on a train and gone back in the direction of Moncton, according to police officials here.

GZOWSKI MEDAL IS WON BY A. G. TAPLEY

Award By Saint John Branch Engineering Institute For Best Paper of Year

One of the interesting items on the program at the annual meeting of the Saint John branch of the Engineering Institute of Canada, to be held next Wednesday evening in the Admiral Beatty Hotel, will be presentation of the Gzowski medal to A. G. Tapley, who was the author of the best paper at any of the branch meetings.

The committee decided that Mr. Tapley's paper on "Effects of Sea Water on Concrete" was the best for 1925 and awarded the medal to him for that year. The presentation on Wednesday evening will be made by W. H. Pearce, chairman of this branch. Dinner will be served at 7 o'clock and a business session will follow at which reports for the last year will be given, officers elected and committees named.

HAROLD LLOYD IS PACKING IMPERIAL

The Harold Lloyd feature, "For Heaven's Sake," now showing at the Imperial, attracted a large patronage yesterday and created the usual storm. The feature which Joyce Haisdon is the sweetheart. Undoubtedly more money has been spent in producing this Lloyd feature than any of his previous pictures, and some of the scenic and incidental novelties are in themselves very funny without the introduction of the players at all. The titles are a scream throughout. "For Heaven's Sake" will be shown four times daily up until tomorrow night closing time and today and Saturday the program will be augmented with another chapter of the wonderful mystery serial, "The Green Archer." Special admission sale for this engagement, but prices for school children Saturday afternoon, where there will be two shows as usual.

BRITON URGES FOSTERING OF EMPIRE TRADE

Sir J. Pennefather Tells British House of Needs

CITES MIGRATION

Would Have Imperial Conference Grapple With Overseas Settlement Problem

LONDON, April 30.—The slow increase in the population of the Dominions was deplored by Sir John Pennefather, Conservative, in the House of Commons yesterday, in speaking in support of a resolution moved by Robert Waddington, Conservative, urging the need of utilizing every opportunity for developing trade within the Empire.

The first step that should be taken in the matter of migration, Sir John continued, was to train the industrialized people of Great Britain in rural occupations. There were only two training centres, both of which were confined to unemployed juveniles, totaling 170. The country ought to be preparing emigrants to the number of at least 200,000, he declared.

Mr. Pennefather said that the results of migration were relatively small, when contrasted with the amount of money spent thereon. He said he trusted that the migration question would be exhaustively dealt with at the imperial conference in the autumn.

AMENDMENTS IN AUTO LICENSE BILL

Owner, Licensed Driver, or Chauffeur Permitted to Drive Cars in N. B.

FREDERICTON, N. B., April 30.—Any registered owner, holder of a driver's permit, licensed chauffeur or person accompanied by a registered chauffeur, may operate a motor vehicle in New Brunswick, according to the provisions of the bill to amend and consolidate the Motor Vehicle Law as finally amended by the legislature.

The bill was considered yesterday by the House when it was shown that there was some conflict between different sections of the bill relating to those who may operate a motor vehicle. In one section it was set forth that no one but a registered chauffeur should be allowed to drive an automobile while the chauffeur is present.

SAINT JOHN, N. B., APRIL 30, 1926.

A WORD FROM THE PACIFIC SIDE. Victoria speaks to Canada, and particularly to the Maritime Provinces, regarding the whole question of "Maritime Rights" - Victoria, the western outpost of Canada.

The Government in the supplementary estimates makes due provision for the speedy prosecution of the development in the Courtenay Bay area to provide the Canadian National Railways with separate modern and adequate terminals.

Into the mist my guardian prowls put forth, Behind the mist my virgin ramparts lie. The Warden of the Honor of the North, Sleepless and veiled am I!

Thoughts along this line are awakened by an editorial which the Victoria Colonist recently devoted to "The Claims of the Maritimes" in which it reviewed a leader published in the Halifax Herald, analyzing the whole Maritime situation in relation to the Dominion at large.

How wonderfully these last lines are charged with that spirit of Canadian unity, and of imperial unity, of which we are hearing so much in these days and to the perfection of which all good Canadians aspire!

This was taken up by many Maritime newspapers at the time, and the Telegraph-Journal and the Evening Times-Star both pointed out that no such technicality could be regarded as of real importance in connection with the issue before the Commission.

The Colonist, after summarizing the Herald's arguments, goes on to say: In illustrating opinion on the subject of Maritime rights the Saint John Telegraph-Journal says that at the recent sitting of the Railway Commission at Moncton one of the features was the appearance of representatives of the Toronto Board of Trade, the Hamilton Chamber of Commerce, the Montreal Board of Trade, the Quebec Harbor Commission and the City of Quebec, all of whom voiced expressions of sympathy with the plea of the Maritime Provinces, coupled with a request for relief from present conditions.

Our good friend the Colonist, which has done good service in giving friendly and even determined support to the principal Maritime contentions, is led somewhat into error in its reference to the Duncan Commission. It is quite true that the people of the Maritime Provinces, in regard to their position with respect to transportation justice, will not be influenced by the findings of the Duncan Commission; yet the Colonist is making a mistake in associating the rates question with the mandate given to the Duncan Commission, which is quite another matter.

LEGISLATURE DEFEATS VENIOT AMENDMENT BY MAJORITY OF 32

Export Right Given Only to International Paper Co., Ltd., Provided It Returns Like Quantity of Pulpwood to This Province

SESSION EXPECTED TO END TONIGHT

Dr. Baxter and Ex-Premier Speak Briefly; Fraser Companies Ltd., Grand Falls Development, and Motor Vehicles Measure Pass, While Highways Act is Taken Up

Staff Correspondent of the Times-Star
FREDERICTON, N. B., April 29.—Export of unmanufactured timber from New Brunswick by the International Paper Co., Ltd., provided a similar quantity of pulpwood is brought into this province from Maine by the company, was sanctioned in the bill that passed the house in committee this afternoon.

Authority was not given for such reciprocity, however, before Hon. Dr. P. J. Veniot, leader of the Opposition, had divided the committee along party lines. An amendment offered by him to delete the section was defeated by a vote of 32 to 10. A majority of 22. The bill relating to Fraser Companies, Ltd., also passed committee and all the bills relating to the Grand Falls development were then given third and final reading amid much government applause.

Adjournment late Friday night is in sight as a result of rapid progress with bills in committee today at three sessions, morning, afternoon and evening. The text of the section on which the division was taken is as follows: "If the company shall manufacture in New Brunswick any pulp or paper or any wood cut from any lands in the State of Maine, then the company from time to time by permission of the Lieutenant-Governor-in-Council, for time therein specified and subject to such conditions as he shall impose, export free from any extra charge for so doing in an unmanufactured state beyond the limits of Canada an equal quantity of wood suitable for the manufacture of pulp or paper which shall have been cut from the crown lands under lease to the company."

VENIOT OPPOSES POLICY. In presenting his amendment to delete the section entirely, Hon. Dr. Veniot declared that he believed the policy was opposed in principle to a policy that would permit to export of the raw lumber of the crown lands. In only one instance had this been allowed in recent years, and that was in the case of the lumber of the Grand Falls Development. The opposition chief asserted that he would go so far as to say that if the establishment of a mill in New Brunswick depended on the inclusion of such a clause, he would still oppose it. The crown lands, he declared, should be jealously safeguarded.

PREMIER REPLIES. Premier Baxter in reply said he was pleased to note the moderate and temperate manner in which his honorable friend had placed his party record in this matter. It was a matter of congratulation by the government and those associated with it for several months for the Grand Falls development, the members were to be divided on this one point only. Export of raw lumber, he pointed out, was going on today without any replacement of pulpwood that goes out of the province another cord comes in from the State of Maine, Premier Baxter said. Furthermore, power was vested in the Lieutenant-Governor-in-Council to withdraw this permission at any time. If his opposition friends were including a plank in their platform opposing such an exchange, he was perfectly willing to leave the question to the good sense of the people of New Brunswick.

MOTOR ACT PASSES. The motor vehicle act passed committee before the house rose at 6 o'clock and on resumption at 8 o'clock consideration of the new highways act was taken up. This contains 85 sections and the house sat until late in an effort to get through with most of the sections, substantial progress being made. An effort will be made to wind up business tomorrow with prorogation slated for late tomorrow night or Saturday.

OFFICIAL REPORT. FREDERICTON, April 29.—The House met at 11 a. m. Bills to amend the Canada act, respecting taxation of the N. B. Telephone Company, Limited, and amending the Succession Duties Act, were read a third time. Bills relating to highways and containing grants on the southwest Miramichi were read a second time. Hon. Mr. Tilley submitted the report of the opposition committee. Mr. Atkinson submitted the report of the Municipalities Committee. Hon. Mr. Baxter moved that the bills to incorporate the Saint John River Power Company, and the New Brunswick International Paper Company, be sent to the committee of the whole House.

THE HOUSE WENT INTO COMMITTEE TO consider the above-mentioned bills. The first mentioned bill, with its various schedules, was passed as amended. The committee resumed its sitting at 3 p. m., considered the bill to incorporate the New Brunswick International Paper Company which was passed section by section as amended.

NEW SECTION ADOPTED. The new section, No. 23, adopted, is as follows: "If the company shall manufacture in New Brunswick into pulp or paper, any wood cut from any lands in the State of Maine, then the company may from time to time by permission of the Lieutenant-Governor-in-Council, for the time therein specified and subject to such conditions as he shall impose, export free from any extra charge for so doing in unmanufactured state beyond the limits of Canada an equal quantity of wood suitable for the manufacture of pulp or paper which shall have been cut from the crown lands under lease to the company." This was debated by Mr. Veniot, who moved an amendment thereto. He said that the opposition wished to place itself on record as opposing the export of any wood cut from the crown lands of this province. This was a principle that had been adopted by a previous Conservative government and followed by the Liberal government when it succeeded it, except for a limited time, in the case of the Pejeacock Company when the lumber worm and horner killed a quantity of its growth and it was impossible for the company to clear it off in time without exporting.

PRIVILEGE ABUSED. The privilege which had been given in connection with the export of roased wood had also been much abused and the House could not be too careful about granting privileges which might prove harmful to the province. This section had not originally formed any part of the conditions upon which the development of Grand Falls and establishment of paper mills depended, as it had apparently been an afterthought, but he said, even if the condition, he would oppose and his party would oppose, giving any rights to export unmanufactured wood under any conditions. He would therefore move, seconded by Mr. Mitchell, that section 23 above mentioned, referring to the export of lumber cut from New Brunswick Crown lands, be deleted and sections of the bill be renumbered.

PREMIER SPEAKS. Hon. Mr. Baxter said he was pleased with the very temperate way in which his honorable friend had presented the views of his party. He thought the province was to be congratulated that as the result of the five months' negotiations which had been conducted in regard to the establishment of Grand Falls and the establishment of three large paper mills, that this was the first matter which had provoked any criticism. He thought it spoke well for those who had conducted the negotiations and prepared the legislation, that this was the only matter in dispute. The honorable gentleman had not been quite correct in stating that exports had not been permitted except in one case, for in the case of the Pejeacock Company under three different governments there had been permission to export wood, and in the

Border Mayor Bringing Self Into Court

WINDSOR, Ont., April 29.—Aroused when he saw billows of ebony-colored smoke being emitted from the smokestack at police headquarters yesterday, Mayor Frank J. Mitchell caused a summons to be issued against the Corporation Committee charging violation of the smoke by-law. The Mayor did not stop to look before he leaped, the police say, because he, as chairman of the police commission, will be required to answer the charge so hurriedly preferred by himself. Magistrate W. E. Gundy, another member of the commission, may try the case.

MOTOR VEHICLES LAW. The committee further considered an act to consolidate and amend the Motor Vehicle Law. Hon. Mr. Tilley asked for a reconsideration of the clause relating to the weight of vehicles to be equipped with pneumatic tires, and said he had a prospect from a Saint John who would be considerably affected by the bill. Hon. Mr. Stewart explained that the engineer of the department considered he had gone the limit when he placed the weight at 10,000 pounds. However, no change was to be made in reference to pneumatic tires until April or May, 1927. This would give time to wear out the old tires. The department felt it could not permit any heavier vehicles than 10,000 pounds to use hard tires.

CLAUSE AMENDED. The clause was amended so as not to apply to passenger cars and also excepting from the license fee regularly authorized dealer. In reference to the section under which motor vehicles could be operated on the public highways, Hon. Mr. Stewart explained that the owner could drive his car on his license and any other member of his family over 16 could get a permit on payment of \$1.00. The section was amended giving authority to operate a motor vehicle to a registered owner or holder of a permit or by a driver accompanied by a licensed chauffeur, and a licensed chauffeur.

BUS OPERATION. On no clause relating to the operation of buses or taxis, Mr. Veniot said he hoped the minister would be too generous in allowing buses to run on the different roads. It would be better if the minister could limit the main highways. The minister should clearly define the routes of the buses as they might do much harm of the main highways. The retroactive clause in the clause was amended to the effect that the license requiring vehicles to carry lights shall come into effect upon proclamation of the Lieutenant-Governor-in-Council.

MORE BILLS PASSED. The house resumed at 8 o'clock. The following bills were passed with amendment: An act respecting highways, an act further to provide for permanent bridges and works of a permanent character, and an act respecting the funding of a motor vehicle fund. These bills will be given a third reading tomorrow.

Samuel Pepps, famous diarist of the seventeenth century, used shorthand in making notes. After his death his diary was to be transcribed before it could be published.

AN INTERNAL BATH DAILY RECOMMENDED. A prominent physician made the remark recently that if people were half as particular in regard to internal cleanliness as they are about external appearance three quarters of our ordinary ailments would be eliminated. This medical man said people did not stop to think of the importance of keeping the system just as clean as one is careful to keep hands, face and body. The result is that the intestinal tract becomes clogged and waste matter should leave the body daily stays there for an indefinite period doing a harm few people realize. So many pills are traceable to these clogging poisons! An internal bath sounds novel, but it is much easier to take than any other kind! A spoonful of Sal Liphos before breakfast (or any other meal), dissolved in a glass of tepid water acts as a gentle cleanser of the bowels—provides a soothing internal bath that rids the body of dangerous toxic poisons and gives one that feeling of freshness, vigor and well-being. A further advantage of the internal bath lies in the fact that a healthy body ensures an alert and active mind which makes for greater efficiency and happiness in one's daily work.

HALIGONIAN FAST AT CANSO HARBOR. Captain and Two Men Who Are Knocked Overboard Escape Drowning.

HALIFAX, April 29.—Upon receipt of a message from Canso that the Halifax schooner Haligonian had gone ashore "on the midlegground" at the eastern end of Canso harbor, this morning, C. H. Harvey, local agent of the Marine and Fisheries Department, made arrangements for the Government steamer Arctux and a wrecking tug to go to the rescue of the stranded vessel. The Arctux, which was making for Halifax, was wireless to put about and proceed to Canso, while tomorrow the tug will start for the wreck. According to information from Canso

late today, the Haligonian, while running into the harbor to obtain more bait for her fishing operations, ran aground on Mackerel Shoal, near Glasgow Head. The impact caused the heavy mainboom to give and Captain Crouse and two members of his crew were knocked overboard. The skipper, who could not swim, grasped some tackle and hauled himself back on board, while the other two men were rescued. One named Risser received a dislocated ankle. The schooner struck began to pound so heavily in the high seas that the skipper abandoned her and he and the crew rowed into Canso harbor in the ship's dories. The steam trawler Offa attempted to haul the Haligonian off, but it was impossible to budge her. Th Haligonian was designed as a rival to the champion Bluenose.

SHERBROOKE BOY IS FOUND DROWNED

Body Discovered in Magog River by Father After Search.

SHERBROOKE, Que., April 29.—After a search of many hours, in which the older boys of the schools took part, the body of 7-year-old Arthur Withall, was found shortly before noon today in the Magog river by his father, John Withall. The lad, who was attending Cambridge School, failed to return home last night, after being dismissed from his classroom at 3 p. m. yesterday. Police and friends searched all night and this morning school boys from the High, Cambridge and Central schools were sent out to join in the hunt, which terminated in the finding of the boy's body in the river.

The Desperate Wife, Whose Tyrant Husband Rules Her Life—Why Can't the Middle-Aged Man, Young in Spirit, be Happily Married to a Young Girl?—Shall She Wait or Marry Her Doctor Fiance Now?

DEAR MISS DIX—My husband and I are always quarrelling, and his contention is that he is always right because he is a man. Now I shall let you decide whether he is right or not.

DOROTHY DIX

ANSWER:

Well, I should think you would feel that you could live mightily comfortably without that kind of a husband.

THE code of conduct that he has drawn up for you, and to which he expects you to subscribe, belongs to the Dark Ages, when wives were slaves, and husbands and wives are equal.

I should say that your husband was wrong in every single solitary particular. In the first place, the mere fact of his having been born a man didn't endow him with supernatural wisdom. Some of the biggest fools alive are sitting around in pants, and, generally speaking, women have just as much sense as men, and are quite as apt to be correct in their conclusions.

NO WOMAN is under any obligation to obey her husband. Even the Church has recognized that and has taken the "obey" out of the marriage ceremony. Husbands and wives should talk things over, and agree together on what is the best thing to do.

A woman who loves her husband will naturally want to do the thing he wants her to do, because she is reasonable, but a wife is under no obligation to obey her husband arbitrarily when he is to obey her.

PROBABLY every wife does make more sacrifices of her tastes and inclinations, and gives to her husband more personal service than he does to her. She takes more trouble to amuse him, and go with him to the places he wants to go to, and she nurses him with her own hands when he is sick, while he sends a nurse in to take care of her.

But this is a matter of convenience, because a man's business occupies his time, and because women like to pet and cuddle their husbands. However, wives do it of their grace, not because of being their duty.

As for your husband not wanting you to read or have any friends, that shows how unintelligent he is.

HE SHOULD know that the woman who never reads grows dull and stupid and narrow and prejudiced and nagging, and that the woman who has no human contacts, but who lives shut up within the walls of her own house, becomes morbid and fault-finding and an impossible person to live with. It is the reading women, and the women who go about and have a good time, who bring back freshness and good cheer to their own firesides.

As for your husband demanding that you turn over all of your money to him, that is a sure sign that you need to hang on to it with a death grip for a good husband wants his wife to have the sense of freedom that the possession of her own little bank account gives her.

DEAR MISS DIX—Do you think that a man who is only old in calendar years should be relegated to the fireside class and not permitted to marry a young girl? Don't you think that differences in calendar years is a bygone issue in these times of ours? Which makes the better husband, the older of the younger man, with everything else equal except age? H. H. W.

ANSWER:

In a way it is foolish to measure age by the number of birthdays one has celebrated. Age is largely a matter of temperament, and there are men and women who are born old, and others whose birthright is personal youth. We all know boys and girls who are absolutely senile, and octogenarians who are still rollicking lads and lassies.

But speaking by and large, the passing of the years brings certain changes to most of us; changes of the spirit as well as of the body. We may not be aware of these changes. We may delude ourselves into thinking that we have not altered, that we are just as strong as we were at 20, that we see things in the same light, that our appetites are as keen and our enjoyment of everything brings us the same thrills, but this is not true. Something intangible has happened to us. Somehow, somewhere, "our feet of the dances are weary, and the music has dropped from the song." The years have taken their toll of us.

THIS is why it is a dangerous thing for the middle-aged man to marry a very young girl. And the danger is one that increases with every year. For the man who is in his prime at 45 or 50 may not be such an unsuitable mate for the girl of 20, but what sort of husband will he be for her when she is in her prime and he has reached a state of doddering senility?

We cannot stop the relentless march of the black oxen who trample out the years, and they go with such terrible swiftness after one has passed the half-century mark!

If we could eliminate these awful calendar years, the older man would make a far better husband than the young man, because the man of 45 or 50 has acquired tact and wisdom and patience. He has learned about women from many women, and would know far better how to manage a wife and get along with her in peace and comfort than a boy could.

DEAR MISS DIX—I am a girl of 20, engaged to a young doctor who is in his first year as a practicing physician, and is working hard to make good. He wants to wait until he has established himself before we marry, but my opinion is that now is the time when he needs me most. Please advise me. BLOWN EYES.

ANSWER:

I think that you can help your sweetheart far more by waiting than you can by rushing him into matrimony before he can afford it. A young doctor starting out to build up a practice needs to be free of all entanglements, and to have nothing on his mind but his patients. And if you really love him, and want to be of assistance to him, leave him free. Don't burden him down with a family and debts.

And if you think you have it in you to inspire him, just remember that your ability to do that is not lessened by your not being married to him. On the contrary, it is strengthened, for marrying you will be the shining goal to which he will work forward.

The Doll Lady and Her Dolls From Abroad

ALL over America little girls are singing doll-babies to sleep with the old songs. But in the Far East and many parts of Europe, there are no doll-babies to sing to.

For the people of these countries are poor, and it is hard enough to get bread and butter—even without jam—to say nothing of dolls and toys for the children.

The children of the poorer classes are put to work when they are five or six years old, so that there would be no time for dolls, even if they had them. This is what Mrs. W. Kendall Evans of Pleasantville, N. Y., discovered when she set out on a four-months doll search that took her clear around the world. She has just returned on the S. S. Empress of Scotland, with a collection of the dolls of many lands.

LONG SEARCHES

Sometimes it took many days of searching to find a native doll, and in Java, Panama and Hawaii there were none at all.

In nearly every Asiatic and European town, however, there are American dolls galore, made for the tourists and for the lucky little girls of richer native families.

One of Mrs. Evans' dolls is a Ceylonese bride, which she bought in Colombo. The native children, though not understanding how to play with dolls themselves, have learned that American tourists will buy them, and so, from rage and scraps of tinzel and ribbon, they make these queer little dolls and stand along the roadways offering them for sale at about 35 cents.

The Ceylonese doll has a body of wire, and is too limp to sit or stand. Its funny black face is embroidered and its ears are two tiny loops of crocheted silk.

In Java there were no dolls at all. But there were puppet shows, like our Punch and Judy plays, and one of the queer wooden puppets in Mrs. Evans' collection. Its pointed nose and bulging eyes would look very strange beside the smiling pink and white dolls of America.

In China and Japan, one sees little native children carrying dolls on the streets, just as in America. The Japanese doll from Tokio and the two Chinese babies, the fat one from Hongkong, and the independent little miss with arms akimbo, from Shanghai, are more familiar to American children, for they have been sold in America ever since the first World's Fair was held.

NO NATIVE DOLLS

In Bombay, where the Parses women are very beautiful and wear lovely bright silks and beads, Mrs. Evans especially wanted a doll that would represent them. But there were no native dolls, although little bread-butter Parsi mannikins could be had at any shop.

Finally, she bought an English doll and had it dressed in Parsi costume, and the bodice is cut quite low at the back.

skirt drapery bordered in tinzel, which also forms a shawl for the head. The Bombay doll is the prettiest in the collection.

In Cairo, Mrs. Evans had to hunt long and tirelessly to find any doll at all. At last an eye-looking Arabian guide took her down a narrow dark street to a little harem where there was a little Parsi lady in Egyptian dress, with her black head veil, and her brass ornaments hanging from the forehead to hold the white veil up to the eyes.

As Mrs. Evans went on to Italy and France, she found dolls easy to get. Her little Italian miss in bright skirt and bodice with huge gold hoops in her ears, first saw the light of day in Naples.

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

THE TWINS IN THE BUTCHER SHOP

Nancy and Nick were so busy getting their share of the sausage machine (into which he had fainted when the three Gazoolumses jumped out of the window that they never noticed the things the little rascals had left behind.

It was Mister Tingaling who saw them first.

The minute they lifted the little fatty-man out of the sausage machine and stood him on his feet, he saw them.

"Oh look!" he cried, his eyes as round as his hat. "Look there! Whoop—see! Hurrah!"

"There on the floor lay the big pocket-book, the rent-book and the lead pencil as nice as you please.

Nancy was the first to run and open the pocketbook.

"It's empty!" she cried. "The Gazoolumses stole the money."

"Where's the butcher?" asked Nick looking around.

"Here," said a straggling voice up near the ceiling.

And as sure as I am writing on paper, there hung the real butcher on a hook like a piece of beef or pork.

"Oh, you poor thing!" cried Nancy. "Get the ladder, Nick."

Nick went to the cellar and got the ladder, and Nancy got a big sharp knife, and they got the butcher down.

But there wasn't enough left of his coat to make a patch-work quilt or a hooded rug.

"Won't you tell us your story?" asked Nick.

"Story!" shouted Mister Tingaling. "What is this anyway, a tea-party or rent-day, I'd like to know."

"Well, it's no tea-party, so it must be rent-day," said the poor butcher. "Is this your money? I took it from those had little—little what did you call them?" said the butcher. "That's what they chased me for. Then they stole my long apron and cap. I never saw such awful creatures as those Gazoolumses are."

"Gazoolumses?" corrected Nick.

"That's what I said—Gazoolumses," said the butcher.

"No—Gazoolumses," said Nick. "Didn't I say so? Sazoolumses," declared the butcher.

"No, that's not right either," said Nick. "It's Gazoolumses. That's what I said all along," said the butcher. "Ga-ga-ga-ga, what did you say their name was? Eh?"

"Oh, the idea!" said Nancy. "Let's be going."

"Yes, indeed, I should say so," cried Mister Tingaling. "All this Gazoolumsing when there's so much to be done! I want to thank you, my dear fellow, for your kindness in getting my money for me."

"There you go!" said the butcher, "calling me a dear fellow. Everybody thinks I am dear and I'm not. Beef and six shillings tuppence, and pork is two bits a pound. That's not dear."

"They left the butcher still talking about the price of meat."

"Now let's see," said Mister Tingaling. "Where are we? And where did we leave off?"

"We were at the old's house when we started to chase the Gazoolum—" began Nick.

"Don't say it," said poor Mister Tingaling, sticking his fingers in his ears.

What do you want in a soap?

Do you like a soap that smells good?... Clean, delicately perfumed. Do you like a soap that looks good?... With that soft green tinge of Eastern jacks. Do you like a soap that feels good?... With a rich creamy lather that streams off into the warm water in a string of suds and bubbles.

Far more—do you like a soap that cleanses but doesn't irritate—that leaves your face cool and white and faintly tingling—that reduces the size of your pores as you use it day by day—that freshens and clears your complexion?—A soap that is the basis of the world's most famous beauty treatment?

SEE-SAWING UP and DOWN BROADWAY

NO MINUTE show that travels the circuit offers a greater variety of colored entertainment than the sidewalk of Harlem on a Saturday or Sunday night.

So great has been the invasion of the "negro capital of America" by white slummers, that every dapper who could strut, caper, Charleston or sing blues began to appear on the curbstones near certain "summer cafes."

At certain corners of Fifth and Seventh avenues from 132nd street upward might be seen a veritable sea of quivering figures while dimes, quarters and bills of good denomination were tossed to the street.

"The police, I learn, are putting a stop to these street minstrels, and truly, it seems to me a shame. For there was spontaneously here not to be found in the casual and over-carefully prepared specialties of the cabarets.

AS IS customary when a "summer invasion" begins, the colorful places become scented by prosperity and never again is the atmosphere the same.

This with Greenwich Village. Streams of tourists and greater streams of New Yorkers looking for novelty caused this little colony of artists to become self-conscious. For the edification of visitors—they put on gay smocks and tams and began to look "arty" in public.

"Arty" eating places grew up and the tales of "queerness" went far and wide. How much of this queerness was manufactured for visitors, only the Village knows.

Today most of the intriguing, original color is gone. Catch penny cafes try to appear "queer" but succumbed only with strangers. The Village is in the high rent zone and "starving artists" are no longer there. The much advertised "garret" is certainly an exceptional place for starvation, since the average rental is from \$85 to \$200 a month.

AND thus, too, for Harlem. A few nights ago I visited a place that, four months ago, made no pretenses, put on no airs and was known among whites as a "joint." He that as it may it was entertaining.

"The 'good old days' were gone. Prosperity had resulted in large wall ornaments, trick lights, a dance floor carefully inclosed by brass rails, very deliberate entertainment, a general flavor of the artificial. It might have been any other night club. The others, I fear, will go the same way.

Some day I am going to "do something" about "slummers."

Black has been raised to a place of the greatest prominence in evening fashions. This point was one of the outstanding facts of the last French opening.

We see many lovely interpretations of the black frock for evening, both in soft chiffon with lace, and in fine black satin.

The tiered model above is a two-piece affair of shimmering black satin, devoid of trimming. The skirt is made in three circular tiers, and the bodice is cut quite low at the back.

Many April 30 people are clever at mathematics. Probably not imaginative, pinning your faith to "pegging away" methods. Of the domestic type—a home-lover if the home is a congenial one. Most April 30 people marry rather young—some of them too young. THE EVENING TIMES-STAR, SAINT JOHN, N. B. FRIDAY, APRIL 30, 1926

Three-Day Convention Here Of Diocesan Branch of W. A. Outstanding Event, Is Claim

Yesterday's Closing Session Was Fitting Climax to Deliberations—Money Voted For Chinese Work in Saint John—Officers Are Named—Other Business

THE closing sessions of the 23rd annual meeting of the Fredericton diocesan branch of the W. A. in St. John's parish hall yesterday were a fitting climax to a convention which had been outstanding in the history of the diocese.

Mrs. James F. Robertson was re-elected as president and Mrs. H. D. Paterson was chosen as Little Helpers' secretary-treasurer, succeeding Mrs. J. Lee Day, whose retirement was greatly regretted.

DIOCESAN FUND Diocesan fund of \$184 was voted as follows: Doaktown, \$60; New Zion church, Chipman and Canning, a Quebec heater, \$35; Cambridge, \$30; Lake Edward, \$32; Blackville and Derby communion set, \$75; Mrs. Woodman for Chinese work, \$25.

A collection amounting to \$31 was given to the Inter-Provincial Home for Women at Coverdale. Life members' fees of \$228 were voted in the following proportions: Diocesan needs—Parsonage improvements, \$128; communion vessels for diocesan missions, \$29.

Canadian needs—Furnishing vicarage shack, diocese of Qu'Appelle, \$119; two camp outfits for students diocese of Keewatin, \$39. Overseas needs—Upkeep of knitting industries, Kangra, \$60; circle room in Japan, \$52.

The E. C. D. fund amounting to \$178 was voted in the following proportions: Diocesan needs—Parsonage improvements, \$115; permanent furnishings, \$47. Canadian needs—Evinrude engine for Hole River Mission, diocese of Keewatin, \$75; McKay Memorial church, \$8; Little Pines, diocese of Saskatchewan, \$76.

Overseas needs—Christian literature for Japan. LITTLE HELPERS' REPORT The Little Helpers' report given by Mrs. J. Lee Day showed two new branches formed during the year at Upland and Zealand Station. Mrs. Day pointed out that the earnest work of the secretary in some branches had made the Little Helpers' membership grow to four times its size in five years.

The Little Helpers' offerings of the year amounted to \$473.97, an increase of \$48.51. Of the total \$223.04 was allocated to the general fund. The Little Helpers' offering of \$240 was voted in the following proportions: Diocesan needs—Prayer, hymn books

and Sunday school supplies, \$101; Sunday school books for a diocesan mission, \$52. Canadian needs—Sunday school for post, diocese Saskatchewan, \$104; pair of horses for mission in diocese of Catalonia, \$43.

Overseas needs—Christmas gifts for children in Kangra. AFTERNOON SESSION Mrs. W. D. Forster, reporting for the committee on the Inter-Provincial Home for Women at Coverdale, said as a member of the diocesan social service committee visiting the goal she had realized the great need of the Home. It was felt that the Anglican women would not lag behind those of other denominations in contributing to the fund for furnishing the Home. The sum of \$800 was asked from the Anglican women and the committee's recommendation that each W. A. branch send in to the diocesan treasurer before June 29 any contribution it could send.

Mrs. James F. Robertson, reporting for the forward movement committee, said the active campaign for greater support and membership carried on throughout the Dominion which in this diocese had resulted in the enrollment of nearly 800 new members. VOTE OF THANKS A hearty vote of thanks was extended to Miss May Harrison for her assistance in the distribution of literature to the branches.

Mrs. Gilbert Ferrabee, Dominion president, said she had never realized until her present visit the strength of the Fredericton diocesan branch. She paid a tribute to the diocesan officers, especially the president, Mrs. Robertson. The subject of her address was "The Challenge of Missions and the W. A. response."

The challenge, she said, was to have a vision of the field and uplift Christ throughout the world, to have faith, to render service, to give and to love. Rev. A. L. Fleming, rector of St. John's church, addressing Mrs. Ferrabee, said she had brought honor and splendid inspiration that would long

endure. He said it was the centennial year of St. John's church, and on behalf of the congregation and corporation he asked her acceptance of the centenary memorial volume, "A Book of Remembrance."

PLEASING EVENT A lovely bouquet of flowers was presented to Mrs. Thomas Walker, St. Luke's church, and she spoke feelingly of her appreciation and her kindly remembrances of St. Luke's. The election of officers resulted as follows: Honorary president, Mrs. Richardson; honorary vice-president, Mrs. Walker; president, Mrs. James F. Robertson; 1st vice-president, Mrs. Cortlandt Robinson; 2nd vice-president, Mrs. C. Gordon Lawrence; 3rd vice-president, Mrs. W. P. Dunham; corresponding secretary, Miss Clara Schofield; recording secretary, Mrs. Rowland Frith; treasurer, Mrs. G. C. P. McIntyre; treasurer E. C. D. fund, Mrs. J. Roy Campbell; Dorcas secretary, Mrs. John Hay; convener of literature, Miss Portia MacKenzie; secretary-treasurer "Living Message," Miss Muriel Fairweather; Girls' secretary, Miss Louise Peters; junior secretary-treasurer, Mrs. G. W. J. Scott; secretary-treasurer Little Helpers, Mrs. R. D. Paterson; Editor of "Living Message," Miss Sadleir; secretary-treasurer Pickett Memorial fund, Miss E. H. Seville; organizing secretary, Mrs. W. D. Forster; secretary Prayer Partners, Miss Sadleir.

Mrs. Robertson in thanking the members for her election as president, hoped she would be able to fill the office faithfully. Mrs. Robertson said the late Mrs. George F. Smith had said: "I put the very best of myself into the W. A." and that was the only way to be a W. A. member. Votes of thanks were tendered all who had helped to make the meeting so successful.

His Lordship Bishop Richardson in the closing address of the meeting was assured by the delegates that they had received something worth while in the sessions, and he pointed out that what was given away was kept. He looked upon the W. A. as the hand of workers in the diocese second only to the clergy.

Blacklock-Folkins. The home of Mr. and Mrs. George W. Folkins, 49 Elm street, was the scene of a pretty wedding on Wednesday evening, April 28, when their daughter, Luella Roberts, became the bride of Frederick F. Blacklock. Rev. H. A. Goodwin performed the ceremony in the presence of immediate friends and relatives who were given in marriage by her father, wore a becoming gown of blonde georgette, wore coral and carried a bouquet of Ophelia roses. After the ceremony a dainty buffet luncheon was served. Gifts were received, coupled with the good wishes of a wide circle of friends. Mr. and Mrs. Blacklock will reside in the city.

C. P. R. WORK. The work of replacing ties on the C. P. R. has been commenced in some sections, but is progressing slowly, owing to frost still being in the ground. It was learned today at the local headquarters of the road.

VISITING MOVIE MAN B. F. Lyon, Canadian district manager of Warner Bros. picture producers, who is touring the province, arrived on today's Boston Express. He was met by the local manager, Wolf Cohen. Mr. Lyon is temporarily located here as manager for the United Artists' Corporation.

ALUMNAE DINNER DELIGHTFUL EVENT Former Sacred Heart Convent Pupils Enjoy Excellent Program at Royal The Sacred Heart Alumnae first quarterly meeting for 1926 was held last evening in the Royal Hotel, where a large number of the members attended the Alumnae dinner and afterwards held a business session followed by a pleasing program. Miss Travers, president, was in the chair.

Miss Eva Hall, assistant convener of the sewing circle, reported that 77 garments had been made during Lent and distributed. Thanks were extended to the Knights of Columbus for use of their rooms for sewing meetings and to Miss Marion Hogan, the efficient convener of the sewing committee, whose absence was much regretted.

Plans were made for holding a small bridge for the benefit of the society's funds some time about the middle of May. Several of the town members were welcomed at the meeting, including Mrs. Bogue, of St. Stephen, Miss Joan Connors, of Knapton, and Miss Norman L. McGloan, of Boston, who is to become a permanent resident in Saint John. Requests were received from several members who were out of town and unable to attend and others absent through illness.

A violin and piano selection by the Misses Neil and Josephine Lynch was much enjoyed. Miss Frances Travers gave a very interesting address on the Russian Cathedral and other churches in New York, and spoke of the history of the early Greek church, making interesting comparisons between the ritual of the western and eastern churches.

The secretary, Miss Amelia Foley, who has recently returned from Porto Rico, gave an interesting account of that centre as an ideal tourist resort. The meeting closed with the singing of the National Anthem.

CONCERT ENJOYED Johnston Lodge, L. O. B. A., Presents Excellent Program in Orange Hall A very successful concert under the auspices of Johnston Lodge, L. O. B. A., was held in the Orange Hall, Central street, last evening, and the hall was filled to capacity. A very satisfactory success was realized for the lodge funds. Mrs. Charles Stevens, the worthy mistress, presided.

The program was as follows: Piano selection, Miss Colpitta; vocal solo, "The Catch," by the Misses Parice and Gibbs; "Auld Lang Syne," Miss Lillian Thomas and Miss Lillian Mowford; Scotch dance, Miss Sara Sabean; vocal duet with ukulele accompaniment, Master H. Cunningham and Master Roy Sparks; reading, Miss Hannah Marshall; tableau, "The Rock of Ages," by Little Roberts Jones, with Miss Ruth Stevens as vocal soloist. God Save the King.

ALUMNAE DINNER DELIGHTFUL EVENT

Former Sacred Heart Convent Pupils Enjoy Excellent Program at Royal

The Sacred Heart Alumnae first quarterly meeting for 1926 was held last evening in the Royal Hotel, where a large number of the members attended the Alumnae dinner and afterwards held a business session followed by a pleasing program. Miss Travers, president, was in the chair.

Miss Eva Hall, assistant convener of the sewing circle, reported that 77 garments had been made during Lent and distributed. Thanks were extended to the Knights of Columbus for use of their rooms for sewing meetings and to Miss Marion Hogan, the efficient convener of the sewing committee, whose absence was much regretted.

Plans were made for holding a small bridge for the benefit of the society's funds some time about the middle of May. Several of the town members were welcomed at the meeting, including Mrs. Bogue, of St. Stephen, Miss Joan Connors, of Knapton, and Miss Norman L. McGloan, of Boston, who is to become a permanent resident in Saint John. Requests were received from several members who were out of town and unable to attend and others absent through illness.

A violin and piano selection by the Misses Neil and Josephine Lynch was much enjoyed. Miss Frances Travers gave a very interesting address on the Russian Cathedral and other churches in New York, and spoke of the history of the early Greek church, making interesting comparisons between the ritual of the western and eastern churches.

The secretary, Miss Amelia Foley, who has recently returned from Porto Rico, gave an interesting account of that centre as an ideal tourist resort. The meeting closed with the singing of the National Anthem.

PUGWASH I. O. O. F. HONORS V. C. CALKIN

Members of Crystal Wave Lodge Present Address to Noble Grand

PUGWASH, April 29—Crystal Wave Lodge held a very interesting session Tuesday evening.

After routine business had been dispensed with the second degree was conferred on two candidates. Two applications for membership were received. Following the degree work W. F. Sutherland read an address to Bro. Calkin, noble grand of the lodge, who is leaving shortly for New Glasgow. A number of the brethren spoke, expressing their high regard for Bro. Calkin, their appreciation of his faithfulness in the lodge and their regret at his leaving.

Dr. Calkin was deeply moved by the expressions of good will and expressed his appreciation of all kindness shown him during his residence in Pugwash. The lodge then enjoyed a literary and musical program. Mr. Robert Corry was heard in readings and solos which were heartily enjoyed. The male quartette, Messrs, Merrill, Don Dennis, Robert Corrick and Arthur Dennis, sang several selections and led in the singing of a number of choruses. Delightful refreshments were served and the meeting closed with the singing of "Auld Lang Syne" and three hearty cheers for Dr. Calkin.

2 MEMBERS OF CIVIL SERVICE BODY RESIGN

**Jamieson and Larochelle Quit
As Result of Customs
Inquiry**

**DUFF SAID TO OWN
WHISKEY SCHOONERS**

**Committee Fails To Name
Boivin and Bennett
Voices Protest**

OTTAWA, April 29.—Revelations before the parliamentary committee investigating the administration of the Customs Department have resulted in the resignation of two members of the Civil Service Commission. Clarence Jamieson and M. G. Larochelle submitted their resignations to Premier Mackenzie King tonight. The resignations are contained in two brief letters. Mr. Jamieson states that in the discharge of his official duties he was not in any way influenced by occurrences referred to before the parliamentary committee.

"I have scrupulously accomplished my duty for nearly 18 years and my conscience is absolutely clear," Mr. Larochelle states in his very brief letter of resignation.

OTTAWA, April 29.—Having regard to the evidence given before this committee showing that they displayed gross disregard for the discipline which they should have been the first to maintain such are the words of an amending motion submitted this afternoon to the special committee investigating the customs administration in regard to the cases of Messrs. Larochelle and Jamieson of the Civil Service Commission. The evidence to which the committee's resolution refers is that the two commissioners received gauger's liquor for R. P. Clerk, inspector of customs and excise, at the port of Montreal. The motion came in the form of an amendment by D. M. Kennedy, of Peace River, to a previous motion by Hon. R. B. Bennett, Conservative, of West Calgary.

BOIVIN MENTIONED

Mr. Bennett had moved: "That this special committee appointed to investigate the administration of the Department of Customs and Excise reports to the House of Commons as follows: 'Several witnesses who have appeared and been examined under oath have given testimony reflecting upon the action of Hon. George H. Boivin, Minister of Customs and Excise, in connection with certain legal proceedings against one Moses Aziz, of Carleton Place, for breach of the Customs Act of Canada, and of Clarence Jamieson and M. G. Larochelle, commissioners of the civil service. Your committee having regard to the practice of Parliament and the provisions of the Civil Service Act, respectfully report the relevant evidence and proceedings in this above matters to the House of Commons for such consideration and action as may seem meet in the premises.'

BOIVIN'S NAME CUT OUT

Liberals objected to the coupling of the name of the Minister of Customs with that of the two civil service commissioners, and Mr. Kennedy then moved the amendment which cut out the reference to Mr. Boivin. Mr. Bennett objected that the amendment was out of order. Chairman Mercier ruled that it was in order, and the motion, as amended, was carried. Mr. Bennett gave notice that he would appeal to the House of Commons against the ruling of the chair.

CAPT. ZINCK QUESTIONED

A. J. Doucet questioned Captain Zinck closely in regard to a number of schooners, supposed to be run-runners, some of which, the witness said, belonged to William Duff, deputy speaker of the House of Commons and member for Lunenburg county. Captain Zinck proved a reluctant witness and C. W. Bell threatened to appeal to the chairman to declare the witness in contempt of the committee. This occurred after Mr. Doucet had questioned Captain Zinck in regard to his evidence at a trial in Lunenburg in connection with the seizure of a vessel called the "Miss B." Mr. Doucet said that he was informed that Captain Zinck had sworn that he made regular returns to Ottawa of the surplus money collected for watches stationed on liquor vessels in Lunenburg harbor. The witness admitted that he might have said this.

REPLY INSISTED ON.

"If you did, your statement was false," asked Mr. Bell, referring to contradictory evidence given by Captain Zinck this morning. The witness did not reply and the question was repeated with emphasis. Mr. Bell insisted on a reply, and finally the witness admitted that if he had made the remark, it was false. S. E. Mack, collector of customs at Lunenburg, told the committee that he was surprised when he learned that Captain Zinck had not made returns of the money collected by him to

Weddings

Lanyon-Keller.

A wedding of much interest was solemnized yesterday afternoon at the home of Mr. and Mrs. Alexander Grant, 80 Dorchester street, when Miss Margaret Keller became the bride of William Lanyon. Rev. Dr. S. S. Poole, of Germain street Baptist church, officiated. The bride was prettily attired in a gown of pale blue canton crepe and was attended by Miss Bertha Lanyon, who wore dove grey crepe de chine. Mrs. Alexander Grant was matron of honor. Alexander Grant acted as groomsmen.

The happy couple received many beautiful gifts, testifying to their popularity. Mr. and Mrs. Lanyon will reside in the city.

Driscoll-Parker.

A wedding took place last evening at the residence of Mr. and Mrs. Ernest W. Driscoll, 16 Fort Dufferin, West Saint John, when their daughter, Annie, was united in marriage to Albert E. Parker, also of West Saint John. The ceremony, which was performed by the Rev. W. A. Robbins, was witnessed by immediate friends and relatives. Mr. and Mrs. Parker will reside at 5 Summer street, West Saint John.

FRANCE SETTLES WAR DEBT WITH U.S.

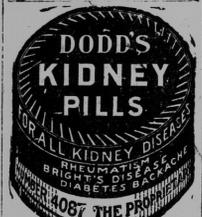

**\$6,847,674,000 OFFER

**Present Value of Payment
Agreed to Placed at
Half Obligation**

WASHINGTON, April 29.—Agreement for a settlement of the \$4,025,000,000 French war debt was reached late today by the United States debt commission and Ambassador Berenger. France's latest offer of a total payment of \$6,847,674,000 over a period of 62 years was received by the commission early in the afternoon after an hour's consideration it was laid before President Coolidge, who gave his approval. The offer exceeded by more than \$600,000,000 the best proposal of the unsuccessful Callaux mission of last summer and its acceptance ended more than eight months of almost constant bargaining between representatives of the two countries. The settlement concluded negotiations with the second largest war debtor of the United States. The present value of the total payment on a 4 1/2 per cent basis, the amount of interest charged on most of the loans made by the United States government to obtain the money for France is \$2,008,122,624, or about 29 per cent of the debt funded as compared with the Italian settlement of 25 per cent.

Doctor Given Damages For Loss of Horse

DALHOUSIE, April 29.—In the case before the Restigouche circuit, Doctor J. A. Roy vs. Emile Cantin, both of Campbellton, the jury's verdict was in favor of the plaintiff for two hundred and fifty dollars and costs. The claim of Roy was for a horse killed in collision with an automobile driven by Cantin. Michael and Catherine Uffian vs. Joseph Thomas, of Jacques River for damages for the jury rendered a verdict today in favor of the plaintiffs. The last case on the docket is before the court and will be concluded on Friday. It is Adolphe LeBlanc vs. P. Q. Lumber Co., a claim for logs cut.

WASSONS BUSINESS MARKED BY NOTABLE ADVANCE IN 11 YEARS

**Proprietors and One Clerk At Start; Now 22 On
Staff and Two Stores—Service and Good
Advertising Do It**

THAT Saint John offers opportunities for enterprising and energetic business men is evidenced by the 11 years of growth and success of Wassons Limited, whose name, through consistent advertising and good service to the public, has become a household word, not only in Saint John, but throughout the entire province of New Brunswick.

It was only eleven years ago that the Wasson business comprised a small store in Main street, operated by J. H. Wasson, C. R. Wasson and one clerk. Today it requires the services of no fewer than 22 persons to carry on this expanding enterprise, comprising two large and well stocked stores, divided into many departments. This week marks the opening of a new store, specially rebuilt throughout the interior to meet the requirements of a modern drug store, the business of Wassons Limited having outgrown the smaller Main street store.

LARGEST IN EAST CANADA

C. R. Wasson, the president of the company, states that there is now the largest retail drug store business in eastern Canada, covering by far the greatest amount of floor space and employing the largest number of assistants. This speaks well for Saint John as a business centre.

The members of the Wasson staff are: Main street—Carl A. Robbins, manager; Misses Flossie McAvity, Ivy

Bowen, Nancy Small, Elizabeth Taylor and William Connell.

Sydney street—Miss Vera Starkey, assistant manager; Miss Madeline McNeil, accountant; Miss A. S. Solows, chiropodist; Murray Jackson, drug clerk; Miss Mary Darrah and Miss Helen Cosman, toilet goods department; Miss Jessie Crawford, candy department; Clarence Ring, Harry McMillan, Miss Marion McCaskill and Walter Archibald, stock department; Kenneth C. Grass, soda fountain; Philip Martin, barber shop; C. R. Wasson, president, and J. H. Wasson, vice-president.

DIPLOMA AT 17.

C. R. Wasson, the president of the company, holds a record for early qualification as a druggist in New Brunswick, having received his diploma at the early age of 17 years, and entered business on his own account at the age of 21. J. H. Wasson, vice-president and senior member of the company, has been in the wholesale and retail drug

business for nearly 30 years, commencing his career with the old house of T. B. Barker & Sons, who formerly were in business in King street, on the site now occupied by the gentlemen's furnishing department of Manchester, Robertson, Allison, Ltd. The Barker company was later absorbed by the National Drug Company. Mr. Wasson senior still takes an active part in the business.

OTHERS OF STAFF

Carl A. Robbins, manager of the new Main street store, is a fully registered druggist in New Brunswick, and a graduate of Dalhousie Pharmacy College, and also has passed the board of examiners at Washington, D. C., which qualifies him as a pharmacist anywhere in America.

ADVERTISING AND SERVICE

The wonderful expansion of Wassons Limited during a period of only 11 years shows very forcibly what advertising, backed by good service, will do in Saint John. It was in 1922 that Wassons Limited last opened up a new store in Sydney street—a year when many merchants were considering economy and anything but expansion. Wassons expanded and advertised. Proving that hard times can be overcome by enterprise.

C. P. R. PREPARES FOR PASSENGER TRAFFIC

MADAM JUNCTION, April 29.—Two of the largest C. P. R. locomotives on the eastern division have been sent to the Angus shops in Montreal to be reworked as 6,100 type. They will be used when the heavy passenger traffic begins between Saint John and Madam. They were former 5,000 class and were used as freight engines.

DALHOUSIE EXPECTS NEW FERRY SERVICE

DALHOUSIE, April 29.—Since last Saturday navigation has been open here and boats have been crossing

from Quebec points to Dalhousie. It is expected that a regular steam ferry service will be established soon between Dalhousie and Maguasha Stomer and Carleton P. Q. Each place here and boats have been crossing

Import Line of Holiday Goods Is Now Ready!
The largest and by far the finest display we have ever shown—with more new goods, more novelties!

We believe we have gathered this year the finest exhibition of Dolls, Toys, Fancy Goods and holiday lines that will be shown in Canada, without an exception! But it must be seen to be appreciated.

Our travelers cannot possibly carry one-quarter of the line shown in our big display, covering over 1,000 feet of shelving. We cannot attempt to give any adequate idea of the variety or attractiveness—more than "generalities!"

The Doll Exhibit consists of Mama Dolls, Cuddly Dolls, Baby Dolls, Crying Dolls, Dressed Dolls, Dancing Dolls, Novelty Dolls, French Dolls, English Dolls, German Dolls, Canadian Dolls. Over 500—All different!

The Toy Exhibit covers over 5,000 items gathered from all parts of the world. We have added this year a large display of Fine Toys, also Dolls' Carriages, Tricycles, Coasters, etc.

The Tree Decorations Exhibit—Over 400 styles of Glass Ornaments, Tinsel, Electric Lights Outfits, Fancy Candles, Fancy Icicles, and many new ideas!

The Fancy Goods Exhibit includes very many entirely new things at popular prices for gifts—Fancy Handkerchiefs, New Umbrellas, Fancy China, etc. We have not room to particularize further, more than to say there is shown about everything that can be thought of!

Now! We want the trade of the Maritime Provinces! And we feel with such an exhibition, we should hold it all down here! There is no advantage in going to Montreal or Toronto. Come to Truro! We give a very cordial invitation to all merchants in the province, and can assure them it is worth their while to take a day and come over. We will be pleased to share in the expenses incurred. Our terms are most liberal and we guarantee the prices to be as low, or lower than is possible to buy them elsewhere. Be loyal! And keep all the trade possible in the province.

WORK OF DOMINION PAPERS IS PRAISED AT TORONTO DINNER

Beatty, C. P. President, and Fortier, Factory Men's Chief, Speak

STABILITY URGED IN CANADIAN TARIFF

Protection From Flood of U. S. Periodicals Entering Country Called For

TORONTO, April 29.—Mr. Fortier in his speech, given in part below, after approving efforts to obtain lower freight rates to tidewater said: "The Maritime Provinces need more consideration from the rest of Canada. Let us consider what further special forms of protection or assistance they need and co-operate with them in order that they get them. I speak with less hesitancy on this question because I believe that practically all Canadians agree that some measure of protection for the various forms of production is absolutely necessary."

TORONTO, April 29.—Tribute to the patriotic and public-spirited work of Canadian newspapers was paid at the annual dinner tonight of the Canadian Daily News Association by E. W. Beatty, K. C., president of the C. P. R., and J. H. Fortier, president of the Canadian Manufacturers' Association and also publisher of the Quebec City L'Evenement. The president of the association, George E. Scrogie, of the Toronto Mail and Empire, presided.

Canadian newspapers, said Mr. Fortier, were ever ready to get behind all worthy efforts and were diligent in educating the public to the social duty of union between all classes, races and

creeds. Mr. Fortier's chief message was an appeal for protection for Canadian enterprise, not so much in the interest of private corporations as in the interests of Canadian workmen, Canadian homes and Canadian investors and also of Canadian and British ideals, which "tradition and sound journalism have developed in this beloved country of ours."

BEATTY IMPRESSED

Mr. Beatty said he had for years been much impressed by the humanitarian instincts of the Canadian Progressives in their efforts to secure a tariff issue Mr. Beatty said: "Stability of tariff is what this country needs more than anything else. There are parties in many lines of manufacture waiting to invest money in this country and who will not come in until they know what our tariff is going to be for at least a reasonable length of time."

RAILWAY PROFITS

Dealing with railway problems and emphasizing the claim that the Canadian railways were operating on a narrow margin of profit, Mr. Beatty declared that the C. P. R.'s actual earnings in 1925 was \$27 per cent on the \$940,000,000 of cash invested in the property, its securities outstanding amounting to about \$200,000,000 less than that figure. He pointed out that the Interstate Commerce Commission of the United States had determined that a railway company was entitled to 5% per cent on the valuation of its property.

CANADA'S PROBLEMS

Mr. Fortier considered that Canada's chief problems at present were: A great debt in proportion to our population; the railways; keeping Canadians in their own country; attracting a desirable class of immigrants; and developing all forms of production.

These problems, said Mr. Fortier, could be solved. Dealing with protection, the speaker recalled that Canadian publishers of magazines and periodicals had been trying for years to secure protection from foreign competition. This business reached beyond the pockets of Canadian publishers. Imported periodicals carried 4,400,000,000 pages of advertising for United States products and this meant competition for Canadian manufacturers.

THE GIRL SCOUTS

And the Campfire Girls are two national organizations working side by side in the cause of healthy, happy, intelligent womanhood. They are training the minds of eager girls for greater service, and their bodies to be healthy and strong. Wise mothers of these girls in their early teens urge them frankly to depend upon Lydia E. Pinkham's Vegetable Compound when they are assailed by woman's pains or ailments, as for three generations it has proved to be the most dependable medicine for women.

CABINET DEFEATED IN HOUSE OF LORDS

Minor Reverse Received by Government on Motion of Buckmaster

LONDON, April 29.—The government suffered a minor reverse in the House of Lords last night on a motion presented by Lord Buckmaster requesting the withdrawal of the present instructions under which welfare centres are forbidden to dispense information regarding the best means for limiting the size of families.

Lord Buckmaster argued that information acquired by the rich ought not to be withheld from the poor. He declared the limitation of the size of families was prompted by the desire to give children a better start in life.

Lord Salisbury, Lord Privy Seal, speaking for the government, declined to accept the motion. He justified the policy of the welfare centres in not giving advice on birth control unless considerations of health required it.

The motion, nevertheless, was carried by 57 against 44 votes.

3 HELD, 'ARSENAL' SEIZED IN CHICAGO

CHICAGO, Ill., April 29.—Police raiders seeking "Starface" Capone, in connection with the "beer war," arrested his brother, Ralph, the latter's wife and Charles Fichtel in Ralph's apartment today. They seized a quantity of arms and ammunition, a catalogue listing a machine gun, and a book of instructions for operating such a gun.

The discovery of the catalogue and the instruction book were considered important by the police. Seven revolvers, two pistols and four shotguns also were found.

BIG LOSS AVERTED IN FIRE AT SYDNEY

Woodworking Plant Escapes With Comparatively Slight Damage

SYDNEY, N. S., April 29.—Calm weather, the efficacy of a brick party wall which kept the flames from spreading to the main building and well directed efforts on the part of the fire department prevented what under less favorable weather conditions might have proved a most disastrous fire which broke out in the paint shop of Chappell Woodworking plant about 11 o'clock tonight.

The exact cause of the blaze has not been determined, but it is believed to be a case of spontaneous combustion. M. R. Chappell stated, after the fire had been brought under control, that the damage would not affect the working of the plant to any great extent, although some of the dried lumber in stock was badly soaked by water. No estimate of the damage is available tonight.

Deaths

William Coffey
William Coffey died at his home in West Old Town on Tuesday, age 73 years. He is survived by two daughters, one son and two grandchildren. The daughters are Mrs. Bertha Andrews, of Charlmon, Mass., and Miss Agnes Coffey, of Springfield, Mass.; the son is Robert Coffey, of Chicago.

Mr. Grace Brown
NEWCASTLE, April 29.—The many friends will regret to hear of the death of Mrs. Grace Brown, which occurred at the residence of Mrs. John Matchett, Newcastle, at 4:30 p. m. Thursday, April 29, after an illness of one week. Deceased was 79 years of age and was formerly Miss Grace Mountain, of Blackville, N. B. She is survived by two sons, William and Percy, of Newcastle, and three daughters, Mrs. Ida Johnson, West Brantford, Mass.; Mrs. George Curran, Brooklyn, N. Y.; and Mrs. W. Fairman, Framingham, Mass., and one sister, Mrs. Gliddon, Fredericton. The funeral will be held on Saturday at 3 p. m. to St. James cemetery.

C. R. Howie
FREDERICTON, N.B., April 29.—Charles R. Howie, a well-known resident of Fredericton, died this afternoon after a long illness. He was 67 years of age, and is survived by a widow and family. For many years the deceased was a foreman for the Harrit Boot and Shoe Company. He

was stricken by an incurable spinal illness which made it necessary for him to be placed in a plaster cast for several months.

George F. McBeath
The many friends of George F. McBeath, of Brown's Flats, N. B., were shocked to hear of his sudden death, which occurred April 27. Deceased had been ill with the "flu" only a few days, when pneumonia set in and hastened his death.

The late Mr. McBeath was born at Cheyne Settlement, Kings Co., and was the youngest son of Charles and Wealthy A. McBeath and was 44 years of age. He is survived by his widow, formerly Miss Annie Hines, of Greenwich, N. B., three sons, Kenneth G. M. Harold and Ralph A., all at home, also two brothers and four sisters, Samuel, Saint John; Charles, Public Landing; Mrs. Geo. T. Cameron, Mrs. Charles Clarke, and Miss Jennie, Brown's Flats; and Mrs. Titus Parker, Public Landing.

The funeral was held from his late residence yesterday afternoon, interment at Brown's Flats Methodist cemetery. Much sympathy is extended to the bereaved in their great loss.

Allen McLellan
JACKSONVILLE, April 29.—Allen McLellan died at his home in Oakville on Tuesday night of last week, aged 71 years. He had been in failing health for over a year. He leaves to mourn a wife, one daughter, Mrs. Earle E. Pyche, of Andover, and one son, Chester, at home; six brothers, three of whom are deceased. The funeral was held on Thursday afternoon, conducted by Rev. Mason Linton, of Lindsay.

DEATH OF CHILD
JACKSONVILLE, April 29.—Friends of Mr. and Mrs. Guy Long Jackson, town, will sympathize with them in the loss of their infant son, Malcolm, aged 12 months, who died on Sunday.

"FRUIT-A-LIVES" OVERCOME STOMACH AND LIVER TROUBLE

MRS. ALBERT LAFLEUR
"For three years I suffered with biliousness, liver and stomach trouble and I had severe pains and a choking feeling at times. Since taking 'Fruit-a-lives' I have been completely relieved of these troubles. I can faithfully recommend 'Fruit-a-lives' to any one suffering from liver and stomach trouble, as I was.—Mrs. Albert Lafleur, Labelle, (Co. Labelle), Que. 'Fruit-a-lives' are so wonderfully helpful in Liver and Stomach trouble because they are purely a natural remedy—made from intensified juices of fresh oranges, apples, prunes and figs, combined with tonics. 'Fruit-a-lives' sweeten the stomach, regulate the liver, bowels and kidneys, and purify the digestive juices so that indigestion and Constipation are quickly corrected. 2¢ and 5¢. at all druggists."

Sleeplessness

Comes from Constipation
Loss of sleep—a waning appetite—low spirits—these are only a few of the symptoms of constipation.
They warn that poisons from the waste matter are being absorbed by the blood and carried to all parts of your body. Your vitality is lowered until you become a prey to serious disease.
Constipation is dangerous for anybody. Nujol is safe for everybody. It does not affect the stomach, and is not absorbed by the body. Medical authorities approve Nujol because it is so safe, so gentle and so natural in its action.
Nujol makes up for a deficiency of natural lubricant in the intestines. It softens the waste matter and thus permits thorough and regular bowel movements without gripping.
Nujol can be taken for any length of time without ill effects. Unlike laxatives, it does not form a habit, and can be discontinued at any time.
Ask your druggist for Nujol.

Chancellor Gisborne and Rev. D. M. Rose Heard at Gathering Here

Much help and inspiration were received from the addresses given by Chancellor Gisborne, of the Ottawa diocese, and Rev. D. M. Rose, organizing secretary of the Anglican Laymen's National Committee, before a meeting of laymen of Saint John held last evening in the Church of England Institute.

The speakers spoke particularly of personal religion, pointing out what the laymen might do in a practical way to help in parish work, in mission work and in the work of the church at large.

Mr. Rose spoke specially of giving as being an essential part of religion as prayer is. Chancellor Gisborne pointed out what good work could be accom-

U. S. MILK MEASURE AFFECTS DOMINION

WASHINGTON, April 29—Senator Lenroot, of Wisconsin, introduced in the Senate today a bill which is aimed at the imports of milk and cream from Canada into the United States.

The purpose of the bill, he explained, is to impose the same regulations on imported milk and cream, with respect to sanitation, and otherwise, as is required in the case of milk and cream produced and marketed on the United States side of the border.

ANGLICAN LAYMEN HEAR ADDRESSES

Ontario Visitors to City Set Forth Aims and Objects of Movement

Forty-five candidates were confirmed by His Lordship Bishop Richardson in St. George's church last evening. They were presented by the rector, Rev. John Lisworth, and 23 were males and 22 females.

Proceeding the confirmation service the Bishop gave an eloquent exhortation to the candidates in a sermon on "Confirmation." He said confirmation was scriptural, apostolic, historic and catholic. In closing he urged the candidates to endure to the end, to be true

to God and to their obligations and to pray for the Holy Spirit.

The full surpliced choir, including the ten boys recently joined, led in the singing and Miss Maria Brattley was the organist. The church was filled to capacity, the annex being thrown open to accommodate the large congregation. The offering was for the divinity scholarship fund.

A raffle was drawn and was won by the first vice-president, Mrs. I. Corber. Arrangements were made for a concert to be held for the benefit of the tuberculosis hospital in Palestine.

ACIDS IN STOMACH CAUSE INDIGESTION

Creates Gas, Sourness and Pain How To Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices.

The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try having made all digestive aids and having got from any drugist a few ounces of Purified Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain.

Purified Magnesia (in powder or tablet form—never liquid or milk is harmless to the stomach, is expensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

MILLION WILL BE AT CHURCH FETE IN CHICAGO

Eucharistic Congress To Draw Pilgrims From Many Lands

CHICAGO, April 30.—What started back in 1873 simply as the pious ambition of a very devout French woman named Marie Tamisier will on June 29-30 evolve itself here into one of the greatest religious spectacles ever witnessed in the United States.

On the days mentioned the twenty-eighth International Eucharistic Congress will convene in Chicago, and a million followers of the Roman Catholic church are expected to attend. Great numbers of the Catholic hierarchy are coming from across seas.

More than 25 cardinals, scores of bishops and archbishops, representatives from all the Catholic religious orders, nuns, monks and some 5,000 secular priests will be on hand. Pope Pius XI will be represented by a personal legate, Cardinal Bonzano.

IMPRESSIVE PAGEANTS

The occasion will be marked by beautiful and impressive pageants, miles-long processions and an open-air celebration of pontifical high mass in the huge amphitheatre at Chicago's lake front, with a chorus of 50,000 children's voices to sing the Te Deum and chant in reply to the beautiful Latin mass songs.

The only other Eucharistic Congress ever held on the North American continent was at Montreal in 1910. More than 750,000 attended.

The Chicago congress will be under personal supervision of George Cardinal Mundelein, who, as archbishop of the city, is sponsor for the event. The Rt. Rev. Thomas Heenan, Bishop of Nauru, is president of the permanent committee, and the Rt. Rev. E. P. Hoban, auxiliary bishop of Chicago, is president of the executive staff with Monsignor C. J. Quillie acting as general secretary.

Every preparation has been made to house the vast crowds who will attend. Private homes will be thrown open to the visitors and steamships will anchor off the Municipal piers to

Scene of 1926 Eucharistic Congress

Grounds of the Catholic seminary at Mundelein, Ill. Thousands of worshippers will join in processions about the little lake, and the international Eucharist convention will be conducted with the seminary as headquarters.

OPEN-AIR MASS

Perhaps the most striking feature of the entire celebration will come on the concluding day of the festivities in the suburban town of Mundelein, Ill.

THIRTY DROWNED

Twenty Others Rescued as Bridge Collapses Near Leningrad, Russia

MOSCOW, April 30.—Thirty persons were drowned when a bridge over the Okhja River, about 10 miles from Leningrad broke, plunging about 80 pedestrians into the swift current. Soldiers rushed to the scene and rescued 20 of them. Most of the victims were peasant women bound from the city carrying milk and other provisions.

British Ambassador To U. S. In Ottawa

OTTAWA, April 30.—Sir Esme Howard, British ambassador to the United States at Washington, arrived here last night accompanied by Major General C. E. C. Graham Charlton, of the Royal Artillery, military attaché to the British Embassy. Sir Esme will be in Ottawa until tomorrow afternoon. Tonight His Excellency will be entertained at dinner at Laurier House, by the Premier, and on Saturday night the visitors will be guests at a government dinner in their honor.

OTTAWA, April 29.—A tariff of 10 or 15 cents a pound on American magazines coming to Canada was proposed in the House of Commons today during further discussion of the budget. The proposal was made by H. C. Hocken, Conservative, of Toronto West Centre, who declared that the tremendous importation of magazines made it impossible for Canadian magazines to live.

Over 25,000,000 pounds of advertising were being brought into the Dominion annually through the medium of United States publications. Mr. Hocken caused some amusement with the remark that the youth of Canada was becoming more familiar with the name of President Coolidge than with that of Premier King.

In further debate, J. L. Brown, Progressive, Lisgar, said he believed that the public of Manitoba as a whole approved the cut in the automobile duties. Speeches were made also by J. F. Pouliot, Liberal of Temiscouata, Franklin Smoak, Conservative of Brant, and E. A. Lapierre, Liberal of Nipissing.

NO DECISION.

At a meeting of the Sunday school superintendents of the city, held last evening in Centenary church, following the meeting of the County Religious Education Council, no definite decision could be arrived at in the matter of having a uniform hour for the Sunday schools to assemble in the summer months. The advisability and the feasibility of having a uniform hour were discussed. The majority favored having the school assemble immediately after the morning church service but others held that 2:30 was the most desirable and suitable time.

WHERE AN ICY BATH WON OVER SKILL

Once a year members of the American Canoe Association travel the waters of the Ramapo River from Suffern, N. Y., to Mountain View, N. J., a distance of 30 miles. Many are the rapids that must be shot. This team made a chilly failure.

WORLD'S TAXI BILL RECORD

NEW YORK, April 30.—Never kick again on what the taxi meter reads, for it might be much worse. In fact, Heron Atkins MacNeil, well-known sculptor, has just achieved a world's record taxi bill—\$1,100, with extras beside. His son, Clyde, chartered a car, March 20, in Miami, Fla., on the 24-hour basis. Instead of returning, he drove to his home here. Today MacNeil, senior, settled in court for \$1,100, plus freightage of the car to Florida. The bill ran up to April 19.

POTATO OFFERINGS LIGHT AT CARIBOU

CARIBOU, Me., April 29.—Although there was some interest shown in the Aroostook potato market today there was little or no demand from market points and the price now holding at \$7 a barrel at shipping points did not interest anyone having any stock to sell, and offerings were very light. Shipments out of the county hold at \$10 to \$12 a ton, and are expected to rise to \$12 to \$14 a ton by the end of the season.

DEATH OF CHILD

JACKSONVILLE April 29.—Friends of Mr. and Mrs. Guy Long Jackson, town, will sympathize with them in the loss of their infant son, Malcolm, aged 12 months, who died on Sunday, after a short illness with pneumonia. The funeral was held Tuesday afternoon from their residence, conducted by Rev. Perley Quigg, of Jacksonville. Interment being made in the United Baptist cemetery.

OLD HOME WEEK TO BE CELEBRATED AT NEWCASTLE IN JULY

Big Two-Day Program Arranged by Executive in Charge

EXTENSIVE LIST OF SPORTS PREPARED

Ice Starts Moving on Miramichi River; Lumber Drivers Get Ready

NEWCASTLE, April 29.—The old home week celebration, which is to be held here during the week beginning June 28, will have a gala two days' program on July 1 and 2. The executive in charge of the celebration is receiving every co-operation from the local citizens and those of the surrounding districts and the event promises to surpass any previous effort.

On July 1 the program will open with the big Polynesian parade, a fireman's competition between visiting firemen, track and field sports, baseball games, band concerts, dancing and fireworks display.

INFORMATION BUREAU

A bureau will be opened up where information regarding housing accommodations, parking space, etc., will be given out.

It is expected that the celebration will bring many visitors to the Miramichi and the Newcastle citizens are making every preparation to make their visit an enjoyable one.

HEAVY CARGOES ON LINERS FOR ORIENT

Trade Improvements With Japan and China Shown in Recent Sailings

VANCOUVER, April 29.—That the recent improvement in Oriental trade is no way imaginary, is proved by the heavy cargoes carried by the last few liners sailing for Japan and China from the port of Vancouver. In fact the recent partial recovery in the volume of business being done with China is viewed by local merchants as a sure sign that the country is coming back to normal. This improvement is noted especially in the Canadian Pacific line. Empress of Russia now loading here.

Moncton Talking of Semi-Pro Ball Team

Special to The Times-Star
MONCTON, April 30.—Moncton baseball promoters and baseball fans are eagerly discussing the formation of a semi-professional team to play in a proposed league between Yarmouth, Saint John, Fredericton and this city. It is said if a semi-professional team is not formed an amateur one likely will be organized.

BAKERSFIELD, Cal., April 29.—Lightning set fire to a 500,000 barrel oil tank at the West Kern River field storage farm of the Standard Oil Company late today. About 10,000,000 barrels of oil are stored on the farm.

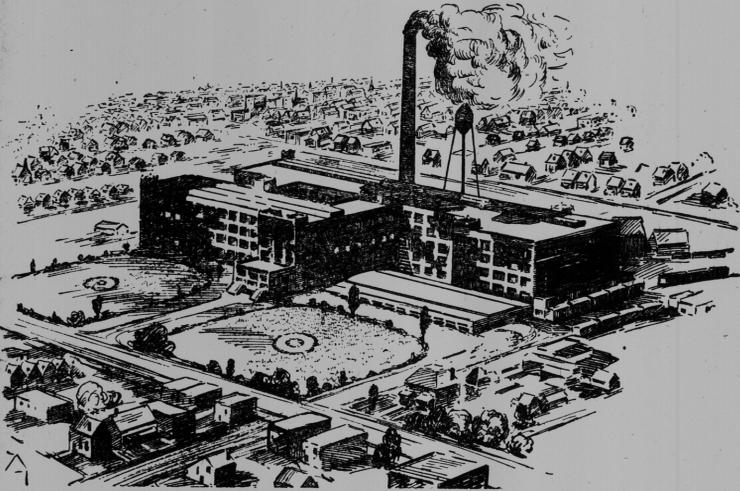

ROYAL MAIL STEAMER

The Royal Mail Steam Packet line Ohio is scheduled to leave Southampton on Saturday via Cherbourg and will call at Halifax to land passengers on her way to New York.

The R. M. S. P. steamer Teviot is expected to sail from Bermuda today for this port with general cargo from the West Indies.

A Whole City Building Goodyear Tires

THE men who build Goodyear Tires in Canada, with their families, would form a thriving city. A city equal in size to Charlottetown, P.E.I., Lachine, Que., Galt, Ont., St. Boniface, Man., or New Westminster, B.C. And a city devoted entirely to building Goodyear Tires.

It is one of the largest and busiest industrial communities in Canada. And it is big and busy solely because of the demand for Goodyear Tires—a demand based on years of leadership in quality, value and sales.

The kind of Goodyear Tires which have built world-wide leadership are available for you from your nearest Goodyear Selected Dealer.

Flo-glaze Paint!

"The Finish that Endures"

How Value, Service and Proper Protection Are Obtained

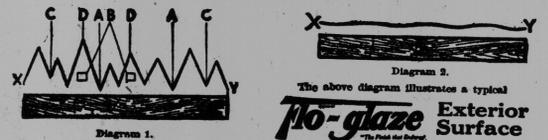

YOU MUST HAVE—A solid, unbroken paint film over the surface of your property that adheres solidly, and will remain unbroken for at least four years.

Linseed Oil, in combination with a properly balanced pigment formula, is the mainstay of such a film for exterior paints. It is used to give paint flowing properties, to insure uniform distribution of pigment on the surface, to form a firmly adherent and coherent film, and to produce the necessary lustre.

Value, service and proper protection are, therefore, greatly dependent on the quality of linseed oil used. In buying raw linseed oil for Flo-glaze Paint we specify a standard of quality higher than the regular commercial product commonly used in paint making. And every tank car is tested and must conform to our standard.

This oil is then subjected to a special scientific mechanical treatment we have developed and control, which gives to its flowing properties a self-levelling quality that entirely eliminates brush marks; distribution of pigments is perfectly uniform; greater covering density and hiding power are produced; the film is denser and enamel-like in its appearance, giving greater lustre and life. But, above all, we have been enabled to produce 25% greater covering capacity than paints made with ordinary commercial raw linseed oil.

These Diagrams, Magnified Several Diameters, Show How Flo-glaze Gives 25% Greater Value, Service and Protection.

This diagram illustrates the faults of brush marks in lead and oil paint and other mixed paints. Points A are weak spots in the film. Points B indicate an excess of paint producing brush marks; distribution of pigments is uneven and surface cracking. Dips and depressions collect dirt and dust. Light is clearly reflected, giving a glossy enamel finish on both interior and exterior surfaces. Less Flo-glaze is used to cover a given area, giving better wear-resisting protection to the surface. It gives greater annual service value per thousand square feet, and covers 25% greater than any other form of paint.

Scientific and Practical Experience are also essential in producing value, service and proper protection. The raw materials used by paint manufacturers are available to any one who sets himself about to obtain them; even paint formulae of many varieties are available. But the preliminary inspection and treatment of these raw materials, modern facilities for thorough grinding, methods of compounding to avoid harmful chemical action, obtaining balanced proportions for long life and wear are factors that only an experienced organization can undertake in a scientific and practical manner. These problems have engaged the entire attention of our Color, Varnish and Dry Pigment laboratories for over twelve years, in controlling and improving the manufacture of Flo-glaze Paints, Enamels and Varnish Stains. The immediate success of our FLO-GLAZE THIRTY MINUTE LACQUER-ENAMELS is a result of our experienced research in these laboratories.

KENT CO. LEADS IN EGG RECORDS; W' MORLAND, 2ND

Both These Counties Also
Stand High in Quality
Produced

GRADES ARE HIGHER
THAN DURING 1925

Gloucester Has Most Mem-
bers in the New Brun-
swick Exchange

IN the report of the New Brun-
swick Poultry Exchange for the
months of January, February and
March of this year, Kent county is
shown to be well to the fore as re-
gards shipments of eggs. The ship-

ments to the exchange from Kent
county, totalling 8,123 dozen, are
greater than the totals of any two
other counties combined. West-
morland county comes second with
approximately 5,000 dozen. In the
matter of quality, these two coun-
ties also stand high. Kent county
had 69 per cent of its eggs grading
as extra, and Westmorland, 61 per
cent. Both of these averages show
an improvement over 1925, indi-
cating that the poultrymen are tak-
ing better care of their eggs.

The other counties of New Brun-
swick shipping eggs to the exchange in
any quantity rank in importance as
follows: Gloucester, York, Kings, Al-
bert, Carleton and Victoria, with a
small quantity coming also from Sun-
bury, Charlotte and Queens. Last year
Carleton county stood fifth in volume.
So far this year, Carleton ranks only
seventh with Kings and Albert ahead.

GLoucester CO. ENTERPRIS-
ING
Gloucester county boasts the most
members in the exchange, and has the
second largest number of egg circles.
Reports from Gloucester indicate that
big strides are being made in the poultry
business; new hen houses are being
built, high-grade breeding stock in
demand, and more chickens will be
raised this year than last. It may not
be long until Gloucester county leads
New Brunswick in shipments of eggs.

N. S. SHIPS TO N. B. EXCHANGE

An increasing number of poultry-
men in Nova Scotia are now shipping
eggs to the exchange at Saint John.
Nova Scotia has more specialized poultry-
men than New Brunswick. There
are some very large poultry farms
which have anywhere from 200 to 5,000
or more laying hens. These poultry-
men are rearing more and more the
value of co-operative marketing. Some
who are conveniently located for ship-
ping to Saint John are taking advan-
tage of the marketing facilities offered
by the New Brunswick Poultry Ex-
change. Others who are not able to
sell co-operatively are advocating the
establishment in Nova Scotia, of a co-
operative organization similar to the one
in New Brunswick.

50 EGG CIRCLES IN N. B.

There are now 50 or more egg circles
organized in New Brunswick. Some of
them are shipping only a few eggs, but
others are doing a big business, and
all show signs of growth and expan-
sion.

The circles of St. Louis, St. Ignace
and St. Charles in Kent county are
doing exceptionally well. Benoit Rich-
ard, manager of the St. Louis and St.
Ignace circles handles more eggs than
any other circle manager in New Brun-
swick. B. P. Robichaud, of the St.

CIVIL WAR STILL RAVAGES CHINA

Civil war still grinds China! At the top is a picture taken after the recent battle at Sinyanchow, in Honan province. It shows a field battery of the anti-Red forces. Below is a photo taken in the grounds of the Temple of Heaven at Peking, showing the great hordes of war prisoners that are incarcerated there. The imprisonment of these men in Peking is a source of constant worry to officials, as citizens bitterly resent their presence.

Charles circle, also handles a large num-
ber of eggs, of exceptionally good qual-
ity.

In Westmorland county LeBaron
Allen, of Bayfield, is one of the heav-
iest shippers, with Gordon McLeod,
George Dine and R. Boustane also
shipping a lot of eggs.

In Nova Scotia, the egg circles at
Digby and Middleton, the former man-

aged by J. D. Casswell, and the latter
by J. N. C. Desborough, are doing good
work and shipping eggs of very high
average quality.

Nova Scotia and New Brunswick are
both deficient in poultry production as
compared to consumption. Both prov-
inces are, however, paying increased
attention to this important industry,
which has been proved to be one of the

most profitable side lines on the farm,
and one which offers a comfortable liv-
ing to those who wish to make a spec-
ialty of it.

Zealand with a full cargo of auto-

PREMIER ASKS PAIR TO SUSPEND SELVES

WANTS LAROCHELLE
AND JAMESON OUT

Two Civil Service Chiefs
Will Consider King's
Suggestion

OTTAWA, April 29—Premier King
has suggested to Messrs. Jameson and
Laroche, of the civil service com-
mission the advisability of their "ask-
ing to be relieved of the duties of their
office," pending the report of the cus-
toms investigating committee of the
house.

The two commissioners have replied
that the prime minister's suggestion
will be given careful consideration.
"Premier King announced his attitude
in a statement. The premier in the
statements points out that members of
the civil service commission have been
placed by act of parliament beyond
the control of the government. As the
law stands, assuming it to be desired,
except by a resolution of both houses
of parliament, neither the suspension
nor the retirement of any member of
the civil service can be effected.

Mr. Laroche called on Hon. Ernest
Lapointe, Minister of Justice, to dis-
cuss his status in view of the revela-
tions made.
Col. Laroche's resignation from the
Civil Service Commission was discus-
sed with that of Commissioner
Clarence Jameson.
"No decision was arrived at," said
Col. Laroche. "It is all in abey-
ance."
"I am an unfortunate man," he ad-
ded. "The newspapers have ruined me."

The steamer Sear finished discharg-
ing coal at the Consumers wharf on
Wednesday and sailed yesterday morn-
ing for Campbellton via Louisbourg to
load a cargo of lumber for the United
Kingdom.

Lodge rooms and the good ship "Marl-
borough" sailed with Captain H. E.
Thompson and a full complement of
officers aboard. The voyage was much
enjoyed. Three landlubbers were in-
flated and took the oath to become
mariners. A sing song led by the
boatwain and organist was indulged
in and much appreciated and at "Eight
Bells" refreshments were served under
the direction of the purser and stew-
ards, and consisted of cheese sand-
wiches and soft drinks. The ship
dockered at midnight when the singing
of the National Anthem brought a
jolly cruise to anchor.

PRICES MOVE UPWARD IN WALL ST. EXCHANGE
News of Funding of French Debt Leads to Bullish Sentiment

Canadian Press
MONTREAL, April 29.—Stock prices revealed a firm tendency at the opening of the local stock exchange this morning. Trading was fairly active with only a few changes in prices to note. The steamship issues were the most prominent, both being strong. The preferred stock of the Canadian Pacific Railway sold up 1/4 points at 69 1/2, and the common was also up a half at 18. The market was firm at 9 1/2, as was Laurier's at 85, Alcot at 17 1/2, Bromont at 27 and Asbestos at 49. Howard Smith was the weak spot at 44, being off one point.

NEW YORK, April 29.—Stock prices resumed their upward movement at the opening of today's market. Bullish sentiment was created by the announcement that an agreement had been reached for the funding of the French debt to the United States, although both the French and Belgian currencies sank to new record low levels in the foreign exchange market on selling originating in foreign capitals. General Electric opened two points higher and U. S. Steel common showed an initial gain of one point.

MISSING 130 DAYS, MAKES PORT

Missing at sea for 130 days, the prey of alternate storms and calms, the four-masted schooner Irene finally made its way to San Pedro, Calif., Wash., Dec. 14, for Miami, Fla., with a load of lumber, but was driven far off its course. There were rations for only about one more day when it finally reached the harbor. But the crew's first cry was, "Give us a smoke." Upper picture shows the schooner in San Pedro harbor; below are Captain and Mrs. Allen E. Riccardi and Irene, the mascot.

The steamer Veendam with 20 cabin and 194 third class passengers for Canada is due at Halifax today from Rotterdam, en route to New York.

The C. P. S. Minnedosa is due at Quebec this afternoon from Antwerp, Southampton and Queenstown, with mails, passengers and general cargo.

N. B. Camp Summer School At Chipman Between Aug. 2 and 12

Religious Education Council Has Important Session; Officers Are Elected

Announcements of several important forthcoming events in which the Saint John City and County Religious Education Council might have a part were made at the annual meeting of the council, held last evening in Centenary church, by Rev. W. C. Machum, Maritime boys' work secretary. Among these events was the holding of a New Brunswick camp summer school at Chipman from Aug. 2 to 12 to take the place of the summer school of methods held at Sackville and to serve the New Brunswick district.

Another event was the institute for leadership which will be held in Saint John next winter one night each week for 10 weeks. The institute will be open to all Sunday school workers and will deal with all types of Sunday school work both general and special. Mr. Machum also touched upon another project which might be established in this district, a daily vacation Bible school.

The daily vacation schools gave definite religious instruction for boys and girls throughout the vacation period. Mr. Machum also spoke of the boys' camp at Chipman which will be conducted from July 12 to 23 and be held in Saint John to send a large representation to this camp. He spoke also of the Maritime Sunday school convention which, it is probable, will be held in Saint John in the fall of 1927 and which will be the first Maritime convention in six years.

C. G. I. T. REPORT.
F. N. Myles, president, was in the chair. The report of the C. G. I. T. work was given by Miss Helen B. Smalley and showed that branch to be in a very flourishing condition with much effective work accomplished. The children's work board report was given by A. M. Morris and showed a very active season. The boys' work board report, given by F. N. Myles, showed that definite efforts were being made to advance this branch of the work with considerable success.

Rev. W. C. Machum gave the first address of the evening and in opening referred to the recent international religious education convention at Birmingham, Ala., which he described as a decided forward step along the inter-denominational line in religious education work. The theme of the convention had been "Building Together" and two things had been especially stressed. First of these was the appreciation of the need of religious education and the

Radio Plans Are Advanced At Meeting of Saint John Club

An amalgamation of the New Brunswick Radio Club and the Saint John Radio Club was effected at a meeting of the latter body in the Moore Hall last evening, with J. Fraser Gregory in the chair. A letter received from the Marine and Fisheries Department at Ottawa announced that the department would place a permanent inspector here so soon as the personnel permitted.

The resignation of H. A. Peters, as secretary; J. C. Henderson, as secretary; and A. E. Megarity as a member of the executive, were regretfully received. These members will still continue active in the organization, however. It was decided that Dr. A. E. Macaulay be offered the presidency, an election to be held in the event of his declining. Charles F. Logan was selected as acting secretary of the club.

A proposal by a local firm that they join in establishing a broadcasting station here was not agreed to as it was felt the amalgamation of the two clubs would care for this. It was reported that another city firm was considering starting a broadcasting station.

Morning Stock Letter
NEW YORK, April 29.—Stocks reacted sharply in the late trading yesterday after some sensational advances. There was no indication that setback was anything more than the result of profit-taking induced by the somewhat higher call money rate and the fact that good profits did exist. It is difficult to give an opinion on the immediate course of the market, as there are so many conflicting forces, but our guess is that the rally will continue further. The advance of the last several weeks in stock market prices has had one very beneficial effect. It has driven the speculators from the market and business situation.

Now that confidence has been restored to a large extent, the Street can look at conditions in a more careful way and find, in some cases, prices are true, rather doubtful condition, but in most lines a good turnover at prices which, while comparatively low, are still high enough to give the well established companies very good profits. We do not think the market will enter on another big decline from this level at this time. The Westland will sail this afternoon for the United Kingdom with a cargo of refined sugar.

The schooner M. J. Taylor sailed this morning from Boston to load for River Plate ports. She will sail about next Tuesday.

The schooner Lucille Evelyn sailed this morning for New York with a cargo of refined sugar.

The schooner Lincoln sailed this morning for New York after undergoing repairs here following her mishap several weeks ago in the bay in a storm. She is carrying lath.

The schooner Victoria Chimes will sail this afternoon for Point Wolfe to load lumber for Boston or a Sound port. The schooner Quaco Quaco will sail tomorrow for Bas River to load lumber for New York.

The schooner Burpee L. Tucker sailed on April 27 from Liverpool, N. S., for New York with lath.

The Lunenburg four-masted schooner Arthur H. Zwicker has sailed from Jacksonville for Boston. She has been down south all winter carrying hard pine.

Miss Ethel Ross Chases Boy Thieves and Recovers Stolen Article

Two lads about 16 years of age took a large empty basket which was on display outside the store of Benny Sharpe in Wall street about 8.30 on Wednesday evening. On hearing of the matter Miss Ethel Ross, who was looking after the store in the absence of the proprietor, gave chase.

The boys started to run towards Paradise row, and Miss Ross borrowed a bicycle from a boy standing nearby and followed them and overtook them just as they vanished into a doorway. She followed and they hurried the basket at her head and made their escape. The young lady was satisfied with recovering the stolen property and did not follow the culprits further.

It will be recalled that Miss Ross was aroused in her home nearby last year when burglars broke into this shop and she hurriedly dressed, bodily rushed to the store and attacked them single handed, putting them to flight.

TWO MONCTON BOYS MISSING; THIRD RETURNS

Cormier Lad, Aged 13, Reported Seen in Saint John

YOUNG ALLEN BACK FROM TRURO JOURNEY

Youth, Released From Police Cells Yesterday, Disappears Last Night

Special to The Times-Star. MONCTON, April 30.—The lad, Allen, who left his home last Monday on his trip and who was stopped at Truro by the police, was brought back yesterday and is now at home with his mother, a lad of 18, who accompanied him, eluded the authorities at Truro, and according to Allen, jumped a train coming west.

That he was successful in passing through Moncton, is borne out by information that he was seen in Saint John, in company with two other boys. Yesterday the police there were notified to be on the lookout for him, but so far had not been able to locate him. His father is very much worried over his escape.

Another lad, adjudged insane a few days ago, after pleading guilty to a charge of breaking and entering, and who remained in the cells pending his removal to Saint John, was released yesterday and allowed to return home, as he had shown signs of being more normal.

Early this morning his father appeared at the police station and enquired of the officer on duty if he had seen the boy or had heard anything of him. Upon being answered in the negative, he stated that the boy had disappeared from home at eight o'clock last night and had not returned since. He was very much worried and asked the police to try and locate him.

Mr. Arsenault, who is a C. N. R. employee, was in the habit of bringing eatables to his boy at the police station each morning between six and seven o'clock. He was not expected this morning, but appeared at the usual time to tell of his missing boy.

MONCTON TO HAVE CHAUTAUQUA JULY 6

Guarantors Meet and Elect Officers; Plans For Program Told

Special to The Times-Star. MONCTON, April 30.—A meeting of the Guarantors of Chautauqua, held last night in the Y. M. C. A., was well attended. It was decided to have Chautauqua here on July 6-11.

R. E. McKinnis, Chautauqua representative from Swanton, addressed the meeting, outlining the program. A special attraction for this year's program is John Drinkwater's play, "Abraham Lincoln".

The following officers were elected to look after the interest of Chautauqua for the coming year: President, E. W. Givan; secretary, H. G. Pope; treasurer, E. A. Cummings; advertising committee, P. D. Ayer, S. E. Calhoun and J. H. King; ticket committee, W. K. C. Parlee; grounds committee, Dr. G. J. Oulton; hospitality committee, Capt. J. E. Masters.

Miss Jessie Rippey was elected chairman of Junior Chautauqua.

FOUR BROTHERS IN SAME PRISON

Four brothers, serving terms in the penitentiary here, furnish criminologists with an interesting study. The brothers, members of the Underhill family, of Neesho, Newton county, Missouri, are serving terms ranging from attempted robbery to murder. A stepson of their father is also an inmate of the same prison.

The fourth brother, George Underhill, 22 years old, was sent in recently to serve five years for burglary and larceny from Newton county, after his brother, Earl, had testified against him. Charles E. Underhill, now 21, has been in prison since Nov. 11, 1925, serving a life sentence for murder.

Wilbur Underhill, 21, is serving his second term. His first term was two years from Newton county for attempted robbery. He was released in December, 1921, but was returned Feb. 3, 1922, to serve five years for first degree robbery.

OLDEST BROTHER IN

The oldest brother, Earl, 36, was received here last December to serve two years for burglary and larceny from Newton county. He was given credit for his jail time in Neesho, which will make his sentence start June 2, 1927.

Earl, who incurred the enmity of his family and brothers because he testified against George, was taken to Neesho recently for the trial. Earl said he left home when he was 15 years old and spent most of his time in the west as a carpenter. He returned to Missouri at intervals on visits to his family and his wife's family. He said he arrived in Neesho May 22, 1925, for a visit with his mother. The following day his youngest brother, George, asked him to use his automobile in hauling some stolen tires from a garage in Neesho. Earl, who said he had never been in trouble before, realized that he did wrong in using his automobile to haul the stolen property.

TESTIMONY CONTINUED

In the party stealing the tires was Morris Baine, 21, stepson of a sister of the Underhill brothers.

After remaining in jail five months, Earl told the officers the complete story of the robbery and pleaded guilty to the burglary and larceny charges. His money later resulted in George getting a five-year sentence and Baine seven years.

EASTERN LINE HAS RESUMED DAILY RUN

The Eastern Steamship Lines' daily service between Boston and New York via Cape Cod Canal was resumed last Monday from Boston on Tuesday, April 27, from New York.

The time of sailing from each terminal will be 5 p. m. Daylight Saving Time, arriving at the opposite port 8 a. m. the following morning.

The steamers to be used in this service will be the same as those that gained such favor last season and the year before, when they were first commissioned, they are the Boston and the New York, both of-burning turbine driven vessels of the latest type, especially built for this service.

They will follow the inside route by way of Cape Cod Canal and Long Island Sound. Each of the new boats is 402 feet long and 6,100 tons gross register. There are sleeping accommodations for 900 passengers; and a freight capacity of 90,000 cubic feet.

3 HELD 'ARSENAL SEIZED IN CHICAGO'

CHICAGO, Ill., April 29.—Police raiders seizing "Scarface" Capone in connection with the "beer war," arrested his brother, Ralph, the latter's wife and Charles Fishitt in Ralph's apartment today. They seized a quantity of arms and ammunition, a catalogue listing a machine gun and a book of instructions for operating such a gun.

The discovery of the catalogue and the instruction book were considered important by the police. Seven revolvers, two pistols and four shotguns also were found.

BATHURST BOARD OF TRADE HEARS PLANS OF TOURIST ASSN.

W. E. Anderson, Secretary, Gives Address on Proposals of New Body

BATHURST, April 29.—Plans of the newly organized New Brunswick Tourist Association for swelling the number of visitors to the province during the summer months were discussed by the secretary, W. E. Anderson, of Saint John, in the course of an address before the Board of Trade here.

The speaker pointed out that the executive of the association had its headquarters at Saint John and would consist of the managing committee and the chairman of each of the branches from the different parts of the province. Mr. Anderson explained that a grant of \$7,500 had been presented by the New Brunswick government, conditional upon the association raising a like amount. The money would be expended in publicity in booklets featuring automobile routes, mileage, hotel accommodation and camp sites. All information necessary for motorists, said Mr. Anderson, would be issued and widely distributed, especially in the New England States and Florida. It was also proposed that the different centres would issue small pamphlets featuring their particular points of interest to the tourists.

Mr. Anderson said it was estimated that the average motor party of four people left \$20 per day during their travels. The local organization was left to a committee of the Board of Trade and it is believed the matter will be taken up vigorously.

Bathurst is regarded as one of the beauty spots of the province, he said, with many lovely drives along the shore of the Bay of Chaleur and it is clear that our lovely cool summer climate and facilities for salt water bathing, fishing, hunting and all outdoor sports will be attractions which will induce those seeking rest and enjoyment to find their way to Bathurst.

It was stated that the Bathurst quota towards the amount to be raised by the association in order to enable the association to obtain the \$7,500 pledged by the New Brunswick government would be \$500.

BULLET INTO HOME

Moncton Police Seek Person Who Fired Shot Toward L. Stratton's House

MONCTON, April 30.—A bullet, which struck some unknown person, crashed through a window of Lew Stratton's residence, 1522 Main street, at about 1:30 o'clock last evening. By good fortune no one was killed or wounded. The police were immediately notified and tried to locate some boys who were on the marsh in the direction from which the bullet came, at the time the shot was fired, but these had disappeared when the police arrived. Efforts will be made today to discover the party responsible, and action taken to prevent the dangerous practice by boys of discharging firearms within the city limits.

The Norwegian steamer Daga, Captain Telford, arrived at Halifax on Wednesday from New York with a large shipment of coal and 65 tons of Cunard's south coal. The steamer may go to Sheet Harbor to load pulp on discharging.

After discharging a cargo of coal here the tern schooner Quaco Queen will proceed to Bass River to load lumber for a bound port or New York.

The steamer Hesione sailed from Boston Wednesday night for this port to load general cargo for River Plate.

JUDGE FORBES IS HONORED BY BIBLE SOCIETY

Address Presented On Retirement After 20 Years As President

LUNCHEON GUEST IN ST. ANDREW'S HALL

Men Prominent In Christian Work Assemble To Join In Tribute

J. G. Forbes, who for 20 years was president of the New Brunswick Bible Society, was the guest of honor at a luncheon today at 1 o'clock in St. Andrew's church hall, at which he was made recipient of an illuminated address. The function was attended by members of the society, as well as members of the society in the city.

On the occasion of your retirement from the office of president of the New Brunswick Auxiliaries of the Canadian Bible Society after 20 years of faithful service, the board wishes to record their highest appreciation of your worth and work.

Following a succession of presidents, chosen from among the leading citizens of the province, your distinguished position as jurist and citizen has greatly helped to maintain the high prestige and popularity of our society. Under your leadership our society has enjoyed continuous and enlarging prosperity. The importance of the work has been greatly magnified in the minds of the people, and it has become a strong and effective link in the chain of auxiliaries of the parent society.

At a meeting of the Executive of the N. B. Bible Society, held in the Bible House, 117 Germain street, at 10:30 o'clock this morning, the president, Judge Henderson, in the chair.

At the request of the president, Rev. H. R. Boyer, former secretary of the society, presented the request of the late William Crawford, \$7,000. On motion of Judge Forbes, the request was gratefully received and will form part of a general trust fund, the income from which will be used for the payment of salaries of Bible workers and others engaged in the distribution of the scriptures in New Brunswick.

The arrangements for proper investment of the funds in a trust company were left to the finance committee and the president.

Rev. J. M. Murchison, general secretary, brought up the question of advertising the work of the Bible Society. This subject was left to a committee with power to act, having authority to spend up to \$200.

The president named a committee to prepare a suitable resolution respecting the death of Rev. J. J. Cook, of Fairville, an active and valued member of the executive.

The general secretary said that Rev. A. W. Bamfield, of Lagos, Nigeria, West Africa, will be in the province for four days in October, and on motion it was resolved to have the fixing of dates and arrangements for his meetings with the president and secretary.

ALL ADJUSTED. In contrast to many police court cases we heard this morning, Burton Worden, a youth of 20, pleaded guilty to assaulting a small boy. He explained that he had acted on the spur of the moment and regretted his actions, which had been caused, as he thought, by the lad calling him names. The magistrate warned him that he should not take the law in his own hands, and, with the consent of the boy's father, the matter was dropped, the father and Worden shaking hands in court. That is not the usual ending of police court cases.

Receives Address

Titled English visitors will arrive in Canada on the first two Canadian Pacific ships to sail to Montreal this year. These are the Minnedosa, from Antwerp, Southampton, Cherbourg and Cobh, and the Montcalm, from Liverpool, Greenock and Belfast, both due on May 1.

On the Minnedosa are the Dowager Countess Clarendon of London, and Mrs. Curzon-Hore, of Christchurch, N. Z., on the Montcalm, Sir Edward and Lady Anson, Sir Edward a son of the late Rear-Admiral Algernon Horatio Anson; Lady Nanton; Lady Kathleen Villiers; and Sir William and Lady Glyn-Jones, all of London. Sir William Glyn-Jones is an outstanding scientist, secretary of the Pharmaceutical Society of Great Britain, and was a visitor to this country some months ago.

Mr. and Mrs. F. Ayscough of St. Andrews, N. B., are passengers on the Montcalm.

The Canadian Pacific liners Montcalm and Montrose will sail from Quebec this week-end, for Belfast and Glasgow and Liverpool respectively. The Montcalm has an unusually large list of passengers for the first of the C. P. eastbound sailings for the summer season. Increased travel from the Far East has been apparent on the last few Pacific sailings of the company, and is resulting in a growth of the number of trans-Pacific travelers who are passing through en route to Europe.

Rockwell Kent, noted American artist, author and traveler, is a passenger, accompanied by his wife. Also among the passengers are Mrs. A. S. Gunn and Miss Gertrude Gunn of Moncton.

Local News

DIED IN PORTLAND. Friends of Charles A. Ureahart will regret to hear the news of his death which occurred in a hospital in Portland, Me. He leaves his wife and one daughter, three sisters and four brothers.

HOME AFTER VISIT. Mrs. William Davidson, who has been spending some time with her son, James M. Davidson, in Winnipeg, and with her daughter, Mrs. Sherman Green in Buffalo, has returned to her home in Manawagonish road, and is being warmly welcomed by her many friends.

GOING TO MICHIGAN. Mrs. John A. Andrews left last evening for Pontiac, Michigan, to join her husband. They were married by Rev. H. Mahon on March 15, 1926.

Mrs. Andrews was formerly Miss Edith Wheaton, daughter of Mr. and Mrs. Chas. Wheaton, 68 Metcalf street. Mr. Andrews is a son of Mrs. Amanda Andrews, of 71 Metcalf street.

KNIGHTS OF COLUMBUS. At a meeting of Saint John Council, No. 937, Knights of Columbus, last evening the second degree was conferred on a large class of candidates. The committee for the drawing of two automobiles, to take place on May 10, was announced. It will be W. H. Golding, M. E. Agar, M. L. A., and Dr. E. W. Lunney; James L. Segrus, grand knight, presided at the meeting.

IN HONOR OF BIRTHDAY. A happy party of girl friends gathered at the apartments of Miss Vera Starkey and Miss Atlanta Solow, 64 Elliott row, last evening, in honor of the birthday of Miss Jennie Starkey. Cards were enjoyed and dainty refreshments served. The gifts of honor received included a handsome club bag and a pearl tone boudoir lamp.

OLD COUNTRY CLUB. The Old Country Club of St. David's church met last evening with good attendance, and enjoyed a pleasing program, following a business session. Games were played and nice refreshments served under direction of Mrs. James Porter. Auld Lang Syne, as usual, was sung.

The hostess was assisted in serving refreshments by Mrs. F. Lodge and Mrs. A. Brown.

DOMINION AUXILIARY. The Auxiliary of Dominion Lodge, No. 18, L. O. E. A., was entertained last evening at the home of Mrs. T. H. Geldart, Harding street, Fairville. There was a large attendance of members. Mrs. James Brown, presided. Plans were made to hold a bridge party in the near future.

CLIFTON SPRINGS, N. Y. A dinner in the middle of the day the proceedings of which is when we or to her it—the chaplain he got up and said they were gonna be afternoon tea from four to six in the lounge, or solarium, or sun parlors— whichever you like to call 'em—on the sixth floor—an it was all invited—an it was on the house—and no charge at all. I didn't go up—fer the fellows down stairs had a few things to do to me—an then I had to rest—but a woman told me it was fine. They had the tea all right—an they had good music—an a good time was had by all—as Birdie McWhat says about the tea meetin' in The Settlement. That's just another thing to show that they treat folks nice. They had a feller singin' solos up there the other night—an everybody lined in a sing-song—an when you heard the Long, Long Trail, an' Jist a Song at Twilight, an' Old Black Joe, an' more like them— you'd think you was at a time in the settin' rooms aint over-crowded. They haint ast me to sing yit—an mebbe it's jist as well.

AGAIN BEREAVED. Mr. and Mrs. Frederick Thomas Lose Only Child—Grandparents Here

Sad news came today to Mr. and Mrs. Frederick Thomas, 29 St. Patrick street, in a telegram announcing the death of their grandchild, John Frederick Thomas, an infant nearly seven months old, in New York, only child of Mr. and Mrs. Frederick J. Thomas, who live at 302 West 123rd street, New York. The father is assistant manager of one of the hotels in the U. S. metropolis. Bronchial pneumonia was the cause of the child's death. Sorrow over their loss is the greater to the parents because in March, 1925, they lost another son, Donald Edward, who was instantly killed by an automobile in Hartford, Conn., where they were living at the time. Mr. Thomas is a former Saint John man, and his wife is an American lady, and his visited Saint John during the world skating meet, and Mrs. Thomas made many friends while here.

EMPRESS OVERHAULING. J. M. Woodman, superintendent of the New Brunswick district of the Canadian Pacific Railway, left this morning on the steamer Empress to cross the Bay and return this evening. His trip was in connection with the annual repairs to be made to the vessel, which is expected to be taken off the route soon for overhauling.
