\$30,000,000 FAILURE OF H. B. CLAFIN CO.
New York, June 25—The biggest mercantile failure in the history of the United States was precipitated today when receivers were appointed for the H. B. Clafin Company of this city. The company, it is estimated, owes more than \$30,000,000, which, at the present time, it is unable to pay. Its assets are said to be \$44,000,000.
John Clafin, head of the concern, and its chief individual stockholder, is the owner of a chain of nearly thirty other dry-goods enterprises throughout the country which are involved in the failure. Receivers for several of these were named today, and similar action, it was announced, would be taken in the case of the rest. Their business will be continued under receivers' management until their financial affairs have been adjusted.
From three thousand to five thousand banks, in all parts of the United States, compose the bulk of the Clafin creditors. They hold notes aggregating the major part of the liabilities. These notes are said to have been by the various Clafin stores, endorsed by H. B. Clafin & Company, and the proceeds used, when discounted, in financing their needs.
Allan Liner Gramplan was reported 360 miles east of Cape Race yesterday morning at 9 o'clock and is due at Quebec Sunday at noon; Montreal Monday.

POLICY OF PARTY ORGANS DISGRACE TO CONSERVATIVES

This is the Remark of Editor Stewart in Chatham World Who Expresses Curiosity Regarding Contribution of \$10,000 from Woodstock Friend to Presbyterian Fund.

The Conservative Chatham World of which J. L. Stewart, M. L. A. for Northumberland, is editor, in Wednesday's issue again referred to the necessity for the resignation of Premier Fleming and his colleagues as the result of the revelation in the Dugal inquiry.
"Every honest Conservative must hang his head with shame as he reads in the organs of the party attempts to minimize the shameful acts that have been brought home to the leader of the provincial government and excuse them by referring to the bad conduct of former governments. The sale of lands at \$100 a square mile for the treasury and \$15 for a campaign fund was the most cynically corrupt act ever proved against a minister of the crown, and it cannot be mitigated by saying that the \$15 was got by 'coaxing' and not by threatening or bargaining. There is nothing left for Mr. Fleming to do but to get out, and make restitution to the treasury of what has been stolen from it. He ought to be thankful indeed to escape prosecution. His colleagues are crazy, unless they are equally guilty, to stay in office and share responsibility for the premier's acts. It is only a quibble, a play upon words, for Mr. Fleming to protest that he never extorted a dollar from any man. He or his man 'Ted' got the money, other people's money, and it doesn't matter whether it is called extortion, blackmail or a gift.
"And why should the Conservative party shoulder the disgrace by palliating the offences? Mr. Fleming, as he has himself declared, leads a coalition government, and so the disgrace is shared by both political parties."
A Friend, \$10,000.
In another spicy paragraph the World adds:
"A friend, Woodstock (N. B.), \$10,000," appears in the list of contributors to the fund for paying the expenses of Presbyterian clergymen and their wives to the General Assembly at Winnipeg. Was this conscience money, and was it paid out of a 'campaign fund'? It is said that there isn't a Presbyterian in Woodstock with \$10,000 of his own.

RECORD ATTENDANCE AT CAMP SUSSEX

Colonel W. M. Humphrey, camp commandant said today that this was the largest encampment ever held at Sussex. There were 3400 men under canvas and about 1,000 horses. He was greatly pleased with the deportment thus far and expressed his satisfaction at the successful way in which the routine of camp was progressing.
The authorities are keeping a careful watch to prevent importation of liquor. A barrel, shipped from St. John addressed to some men in the camp, attracted the suspicion of the officers and was opened by the Scott Act inspector. It was found to contain drinks of a solid quality and is being held for orders.

LIBERAL VICTORIES IN SASKATCHEWAN

Regina, June 25—In the provincial election in North Qu'Appelle, necessitated by the resignation of J. A. Macdonald, Conservative, polling today gave J. G. Gardiner, Liberal, a majority of 304 over W. E. Read, Conservative, a gain for the Scott government. In the last general election the Conservative majority was 44.
Liberal Victory in Saskatchewan.
Saskatoon, June 25—Complete returns from Rosthern by-election give W. B. Bashford, Liberal, a majority of 271. In the general election of 1912 the Liberal majority was 120.

More Drastic Liquor Laws

Halifax, June 25—Voting on the repeal of the Scott Act in the counties of Hants, Kings, Cumberland and Pictou took place today and the act was voted out in all of the counties by majorities ranging from 2,000 to 8,000. As a result the Nova Scotia Temperance Act goes automatically into force in these counties.

HAD NO POWER OVER THE LIMBS

Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter. Mrs. Thos. Allan, R. F. D. 3, Sombra, Ont. writes: "Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food." Dr. Chase's Nerve Food, 50c a box, made with plain skirt and belted loose coat, has a white leather belt and collar. Bates & Co., Limited, Toronto.

KINGS COUNTY MAN CARRIES BULLET IN HIM

(Sussex Record.)

Patrick McShane of Pilsnarioo has the unique distinction of walking around with a rifle bullet somewhere in his stomach or thereabouts. On Tuesday evening last he and a companion were in the woods hunting cows when a porcupine ran across their path. They followed it and became separated in so doing. The young fellow with McShane had a 22 calibre rifle and getting a shot at the porcupine, he fired, putting a bullet clean through the animal and at the same time striking Patrick, who just came round the tree on which the porcupine was. The bullet entered just below the lower rib and still remains somewhere in his body. The wounded man drove to Sussex and had his injuries looked into by Doctor McAllister, who probed the wound as far as he dared do so, but failed to locate the bullet. The doctor advised him to go to some hospital and try to have the bullet located, but Patrick declined to have any surgical instruments used on him and departed for home; after also being advised by the doctor to see his clergyman, as he was in a precarious condition.

On Sunday afternoon McShane arrived to have the wound again dressed, and said that beyond being a little weak, presumably from loss of blood, he felt in no way any bad effects from the bullet which he was carrying in his interior. Further results will be watched with interest.

THE DOG LAW

St. John, N. B., June 26. Editor Times.—Sir—A short time ago, when the burglar scare was on, a lone woman, for protection sake, bought a dog, and paid the city for a license to keep him. Now I find that unless I keep him chained up to annoy the neighbors, or take him through the streets on a leash, which, earning my own living, I have not time to do, he is to be taken away. Why not use a little fairness. Either take no dog tax, and then gather all dogs in, or even if licensed dogs are found in parks or squares destroying public property destroy them. Otherwise I think in all justice they should be left to those who need them for protection. Yours, AN OWNER.

MR. CARVELL FINALLY GETS AGREEMENT BEFORE COURT

(Continued from page 1). eminent released the company from that obligation. This was the amount which apparently increased the loan to \$445,000.

Q.—There was \$25,000 paid to Mr. Teed objected and Mr. Carvell offered to withdraw the question but Mr. Teed continued his objections.

Mr. Markey offered to produce the agreement and allow it to go in evidence.

Mr. Carvell—I said I would get it in evidence.

Mr. Markey—As soon as we saw that it was material we were willing to produce it.

Mr. Teed and Mr. Mullin withdrew their objections and the agreement was accepted as evidence.

The agreement. The agreement was read by the witness. It was dated May 29, 1912, between the President Trust Company and A. R. Gould, Fred J. Lisman, H. E. McDowell, general freight agent of C. P. R., and Ross Thompson. It set forth that the borrowers were the sole holders of stock in the St. John & Quebec Railway Company, except one share held by J. W. Gould; that

Whereas the company is entitled to issue \$8,000,000 of debenture stock, guaranteed by the province of New Brunswick; that

Whereas \$4,000,000 had been sold and the proceeds would be deposited with the trust company; and

Whereas the borrowers propose to incorporate a construction company to carry on the work of construction and will therefore become entitled to the proceeds of the bonds to enable them to construct the railway, and

Whereas the borrowers desire to secure certain advances,

The trust company agrees to lend on May 1, \$500,000 on May 15, \$500,000; on June 1, \$500,000; on July 15, \$500,000; and \$800,000 on the deposit of the proceeds of the debenture stock.

Further agreed that the borrowers become personally liable and to furnish the security of the construction company and to deposit any second mortgage bonds with the company as security and also the paid up stock of the railway company and the borrowers promise that they will use their best endeavours to have the proceeds of the debentures deposited with the trust company; they also agreed to furnish the security of the construction company.

Before the payments were made on the contract for the construction of the warehouse foundation on the new pier. The railway company admitted liability, but argued that artificial loss of a leg is no longer a serious handicap.

Attorney William P. Hayes, for the plaintiff, called attention to the profession of baseball as one from which young Collins is barred and said that he could never follow in the footsteps of the Philadelphia Athletics.

SERIOUS ACCIDENT AND GALLANT ACT AT INDIANTOWN WHARF

At Indiantown this morning just as the D. J. Purdy was about to leave for up river William Gordon, fireman on the steamer was trying to remove a log which had floated near the paddle wheel.

He put his head and shoulders through a small opening from the side of the steamer into the paddle wheel box and tried to get the log away, while the engineer kept turning the wheel slowly.

The fireman called out to the engineer to go a little faster and as the big wheel increased its speed he put his head too far out and was caught by one of the blades and carried down by the wheel.

Guthrie J. McVicar rushed to the engine and shut off the power, then plunging in to the water and in a few moments brought to the surface the senseless form of Gordon. Dr. Case was on board and he rendered first aid. The man was hurried to the hospital. He is suffering from a fractured jaw and is severely bruised about the head and his condition is considered serious.

Mr. McVicar, being highly praised for his brave act.

He said he had bought the car the day before and said he might have been going faster than he should have, but he did not realize it at the time. He said he had blown his horn and asked for an adjournment until tomorrow to bring witnesses.

Linton said he did not blow the horn and was going at a high rate of speed. Lieut. Keefe asked if he had any other witnesses. "I saw the affair myself," replied the policeman.

"I suppose you must have said the magistrate," after listening to the sworn statement you made. I only asked you if there were any other witnesses. There were no others in court and the case was adjourned until tomorrow morning.

BOY GIVEN \$14,000 FOR LOSS OF LEG. Barred From Baseball, His Counsel's Argument.

Springfield, Mass., June 26.—A jury in the Superior Court has awarded a verdict of \$14,000 to Edward Collins in his suit against the Holyoke Street Railway Company. Collins, who is ten years old, lost his right leg as a result of a collision between trolley cars in June, 1912.

The railway company admitted liability, but argued that artificial loss of a leg is no longer a serious handicap.

Attorney William P. Hayes, for the plaintiff, called attention to the profession of baseball as one from which young Collins is barred and said that he could never follow in the footsteps of the Philadelphia Athletics.

WM. O'BRIEN ON HOME RULE MATTER

He Would Put Off Action Pending Holding of an All Party Convention

London, June 26.—William O'Brien, in a letter to the Morning Post, addresses an earnest warning to British politicians, Liberal or Unionist, who think they are in any compromise under the amending bill any hope of peace.

He says that the amending bill starts hopelessly on the wrong track. It kills home rule under the perils of the presence of enacting it. Even Pitt's act of Union left Ireland as a sacred entity around which to centre unquenchable hopes, and it remained for a home rule government to rend her by statute into two separate Irelands. He affirms that any compromise of which the bill is susceptible will be viewed by the Irish with detestation no less ineffaceable than that with which France thinks of Alsace or with which Englishmen would receive the proposal under German dreadnoughts to cede Kent and Sussex.

He says:—"A peace conference, though a desperate remedy, is the only escape from a still more desperate calamity. Let the House of Lords, instead of consummating the partition of Ireland through the bill, propose an all-party convention and adjourn the consideration of the home rule bill with the repeating bill for three months pending a report."

The Post editorially disagrees with the suggestion declaring that the Unionists cannot consider a compromise with a policy striking both directly and indirectly at the unity of the United Kingdom. There would be no settlement until the issues were submitted to be judgment of the people.

Probing Mysterious Loan of \$350,000 From Trust Co.

Efforts of Counsel Meet With Determined Opposition—Evidence of Repayment From Railway Construction Funds—Government Generous

Some astonishing financing was the feature of yesterday's evidence before the Royal Commission on the Dugal charges. It developed during the testimony of yesterday that no sooner had the proceeds of the bonds deposited with the Prudential Trust Company than a loan of \$350,000—which had been arranged for previously—was secured from the trust company by A. R. Gould, Ross Thompson, H. E. Macdonell and F. J. Liman. This was before serious construction work was under way. It was shown that \$207,000 of this as yet mysterious loan was subsequently repaid out of money given to the railway company on progress estimates. In other words, portions of the money provided by the province for construction work from time to time was apparently used to pay off a great part of this \$350,000 loan the purpose of which has not yet been made clear. The men who constituted the company, it was proved at every turn, put in no money of their own. They didn't have to. There was an easier way. Not only did they get this \$350,000 loan before doing any serious work on the railway, but they failed to put up out of their own pockets the \$30,000 paid by the province for surveys. The legislature specified that the railway builders—the Gould interests—should repay this to the province before any bonds were guaranteed or converted. They did not do so. They repaid it out of the bond money when they began to draw upon that. Also, the legislation provided that the bonds were to realize not less than 90 per cent. They were sold at about 95. The Gould interests were to pay the difference—some \$25,000—of their own resources. They didn't. In time they made a demand draft on the Prudential Trust for this \$25,000. They knew what they were doing evidently, for subsequently the Flemming government amended the legislation and by a retroactive clause it was made legal to sell the bonds (already sold) at 95. It was easy. The company was to meet the interest on the bonds in London out of its own funds. It did not do so but met the interest in one case at least out of the proceeds of the bonds on which the interest was payable. It was definitely announced at yesterday's hearing that no session of the commission would be held in Fredericton this week.

The afternoon session resumed with B. Hal Brown, of the Prudential Trust Company, Montreal, again on the stand. Mr. Carvell asked for the decision of the court regarding his last question and was told that it was allowed. Q.—What portion of the \$80,000 amount was used for the repayment of your loan to the railway company? A.—I cannot tell without the records and they have not arrived from Montreal. Q.—You have a reasonable hope that they will come? A.—Yes. Q.—What adjustment was made of the \$12,500 which you had received in partial repayment of the loan in the meantime? A.—I am not in a position to say. Q.—There is another amount of \$4,000 on October 15, shown as 2 1/2 per cent on \$160,000; was that paid on the loan of \$80,000 also? A.—I think so. Q.—When and which amounts were paid on this \$80,000 loan? A.—On October 15, 1912, \$4,000; Oct. 15, \$5,000; Dec. 16, \$4,428.86; Dec. 16, \$2,750; Jan. 17, 1913, \$2,750; Feb. 16, \$2,175; Feb. 26, \$2,175; March 17, \$2,175; and March 29, \$2,575; total \$26,428.86. March 29, a credit entry of \$10,800. Q.—These amounts were all taken from the payments authorized by the receiver-general? A.—It then became the railway's money. Proceeding with his examination, Mr. Carvell said that several amounts had been shown to have been paid out of funds to repay part of the \$350,000 loan. One item was \$8,700. Q.—These amounts were against calling it the same fund as he had paid the government funds to the railway company and if the railway made a payment to him it was another matter. Q.—Were they not the same monies? A.—I cannot say. Mr. Carvell—On March 17 I find \$10,800 as 10 per cent of \$108,000, applied to the repayment of the \$350,000 loan; how about this? Mr. Carvell (to witness)—I ask you again did not the amounts come out of the funds you deposited with the Royal Bank? A.—I am informed by my treasurer-secretary that the railway company drew their cheque for the amount which we deduct from the progress estimates under the agreement which you have there. Q.—Was not the money, the \$10,800, really the portion of the whole amount which you were ordered to pay by the order in council? A.—That is the source of the funds. Q.—That is all I wanted. Q.—The document dated April 29, 1912, by whom was it signed or purported to be signed? Was not the Prudential Trust Company, A. R. Gould, H. E. Macdonell and Ross Thompson? There is another document, which I would judge to be an amending document dated the next day signed by the Prudential Trust Company, A. R. Gould, H. E. Macdonell and Ross Thompson. Mr. Markey produced documents. Witness—it is an agreement for the loan. Mr. Teed objected. Mr. Carvell—Was any part of the loan made by reason of this agreement paid by the monies which you said had their source from the fund placed in your hands from the guarantee bonds? Mr. Teed objected but the question was allowed. A.—A portion of this loan which we made remains to be paid. Part has been repaid by the railway company, presumably out of their own funds. They may have had their sources in the work done for the province of New Brunswick. Mr. Carvell then sought to put questions to the witness as to the loan to which Mr. Teed objected and a long argument followed. Mr. Carvell said that he wanted to show that the money

paid and repaid was part of the \$75,000 loan.

Mr. Fowler—What business is it of the commission what the company did with the money that was theirs? They had the right to throw it into the ocean if they liked.

The chairman—is that so? Didn't they make the claim that they were not receiving enough money to pay their bills?

Mr. Carvell (to witness)—The trust deed was drawn on May 14 and on the 23rd the first advance on the loan, is that correct?

Witness—Apparently. Q.—And that advance was \$75,000? Mr. Teed objected.

In the course of a long argument on the admissibility of the evidence Mr. Carvell said it was admitted that the amounts necessary to reduce the loan from \$350,000 to \$145,000 had been provided out of the funds.

Com. Fleber—in view of the notoriety that the construction of the Valley railway has attained I thought they would desire to make their position as clear as possible and that it would be desirable from their standpoint that they give as full evidence as possible.

Mr. Carvell—I have shown that \$207,000 was to pay private individuals. Mr. Markey—The amounts were advanced month after month at \$80,000.

Mr. Carvell—So far as we know it was made to private persons outside. We know that Mr. Gould and Ross Thompson were officials of the railway company. I do not know if Mr. Gould was an official of the construction company; I have no record of it. I have subpoenaed Mr. Gould's son who is an official of the company and that I learned from the newspapers. (To the witness)—Does the document which I hold in my hand, headed the Quebec & St. John Construction Company, contain any of the items of the payment of this loan, the source of which you said was from the fund from the guarantee bonds?

Mr. Teed objected but the question was allowed. Witness—Yes.

Mr. Carvell—Then I offer this in evidence showing the account of the transaction.

Mr. Fowler objected that it would be a reversal of a former ruling. The chairman said that the commission would consider the admissibility of the document and at 4.50 o'clock the inquiry was adjourned until today at 10 a. m.

OUTLOOK FOR BETTER RAILWAY BUSINESS

Everybody in the railway or railway supply business has been as blue as indigo for many months regarding the business situation. The Railway Age Gazette, from which we quote, says it has been as blue anybody else, but it is of the opinion that the time has arrived when reason suggests that optimism should supplant pessimism in these two great lines of industry. A combination of conditions is developing, which, if nothing happens to interfere with its development, will make inevitable a great

improvement in the situation of both the railway companies and the railway supply companies. The conditions referred to are not "psychological," but of the most substantial character. Among them are the following: 1.—The government crop report for June, which the country are bound to benefit by the most favorable that has been the decision rendered by the Supreme Court of the United States on June 8 in the Shreveport case. In this decision the court held that where state rates are fixed by any state authority as to work a discrimination against interstate commerce, the Interstate Commerce Commission may remove the discrimination even by increasing the state rates. The prospect of a large increase in railway traffic, of an improvement in the rate situation, and of the harmonizing of state and interstate regulation under the control of the Interstate Commerce Commission, can hardly fail to have an early and beneficial effect on the railway and the railway supply business.

McGraw Fortunate.

Manager McGraw has been fortunate this season in that all his regular pitchers have been going right. In fact, all season long—and the Giants have played a third of their games—the "Little Napoleon" of baseball has used only five pitchers—or at least only five names show in the list of hitters having won or lost games. He has had Mathewson, Marquardt, Teeau, Demaree and Fromme for the work and while Wiltse and a rocky or two have been tried in spots, none has figured as having won or lost a game for the team.

Christy Mathewson, whom some one has said is going back, has been the Giants' winning pitcher, and he also stands at the top of the National League list with ten wins and only three defeats. Matty started off with a loss, but free then has taken ten of his twelve games pitched. In some games he has been hit hard and then won, but this always has been more or less with a "Big Six."

Matty's record of wins is Boston 1, Brooklyn 1, Chicago 1, Cincinnati 2, Pittsburgh 2, Philadelphia 2 and St. Louis 1.

Fairville Team To Take Place of the Cubs

Jack Driscoll Steps Into the Breach—An Interesting Game in the League Series Last Evening

The game of baseball in the Fairville League between the Royals and Athletics last evening proved a most interesting contest and while the score at the finish stood 7-3 in favor of the Royals, each time a hit was made it meant hard work and every score was fairly won. The game went nine innings the first and only time in three years the croquet ball in Fairville.

The feature play of the game was without doubt Perry holding down third with the Royals. Dick surely was on hand for everything that went his way, his eight chances being well accepted.

Two double plays, Duke to Maher, were well executed, and showed the Athletics getting into form in combination work. Perry to Gillis also executed in good style a double play on behalf of the Royals.

The pick-ups and well judged throwing of both short stops, Gillis and Duke, deserved more than passing mention. These are perhaps the youngest players in the league and they certainly look good.

As to the batteries Quigg and N. G. (Royals), and Huns and Duke (Athletics), handled the sphere to the entire satisfaction of the fans. Charlie certain made several nice stops and his pitching was consistent. In the last of the eighth inning John O'Keefe (Royals), and Huns and Duke (Athletics) collided with Doc Fleming and had to retire, his place being taken by Leo Comeau.

The crowd might have been larger considering the really fine exhibition but owing to the rumor of the Cubs' withdrawal, the fans were not sure a game would be played.

Tonight the reorganized Cubs under the guardianship of Jack Driscoll will clash with the Royals and some surprises are expected.

After the game a meeting of the base ball executive supported by a score of interested fans, was held to discuss the withdrawal of the Cubs from the league. President George O'Reilly presided. It was announced that definite word had been received that the Mifford team had disbanded and the question was asked what was to be done. Here the energetic and efficient secretary, Jack Driscoll, in order to keep the game going, stepped into the breach with an offer to place a nine in the field under the name of the Cubs and assuming their standing. At present they are in the cellar. The boys recognize that it takes a real sport to go against such odds as the Cubs have to face, and not to be outdone when fair play was the order of the day. Captains Pink of the Athletics, and Hanlon of the Royals, generously agreed to relinquish a game each which was their due because of the Cubs not showing up to play as scheduled. And now his all eyes on the new born Cubs whose mysterious lineup will appear tonight to make their initial bow.

At Thursday, July 2, is to be the public opening of the playgrounds it was decided to postpone the game for that evening and give all hands an opportunity to join in the festivities at the school field. After this postponed games will be played on Wednesdays without fail and the public will not be disappointed again in the matter.

Some changes were made in the personnel of the teams with the sanction of the meeting, but his practice will soon have to stop in fairness to all concerned.

Those Five Escapes.

John Sime writes to the Times, in reference to the alleged neglect in putting fire escapes on the Grand Union Hotel, to say that he does not regard himself as responsible for the delay. He says that after waiting many weeks to hear from Inspector Kenny, he communicated with that official who came and said he wished to have James Lewis with him. Mr. Lewis came and Mr. Sime says he showed them over the house and that Mr. Kenny told Mr. Lewis that he left it all in his hands. Mr. Lewis made certain suggestions and Mr. Sime asked him to tender for what he thought ought to be done. The tender Mr. Sime says was from fifty to seventy-five per cent higher than it should have been, and he also contends that Mr. Lewis should not be both contractor and inspector in the same case. He says he has no intention of evading the law, but on the other hand does not propose to submit to what he regards as an injustice.

WHY MANAGERS ARE PREMATURELY BALD

(By Fullerton.)

Frank Chance was telling of the trials of a manager and to illustrate he told a yarn.

"I had a pitcher once," he remarked. "He was a good pitcher—but he would not keep in condition. One day he lost a game and that night I learned he had been out almost all the preceding night. You can imagine my feelings. I tore into him and was telling him a few things about himself, and threatening him with punishment.

"If you do that, Frank," he said, "I'll quit the team and join the navy."

"Join the navy?" I yelled. "If I thought I could get you on a boat I'd buy your ticket anywhere. I'll buy you

ST. JOHN READY TO HELP SALEM

Mayor Frink Wires Sympathy and Offer of Assistance to Stricken People

The news of the great fire in Salem, Mass., was heard with regret by the people of St. John this morning, as there are friends of local people in that city.

The following is a copy of a telegram that was sent out from City Hall this morning:

To the Mayor of Salem, Mass.: St. John extends sympathy to your people in distress, and stands ready to lend a hand. Please wire me most acceptable offering.

JAMES H. FRINK, Mayor. At the time of the great fire in St. John, on June 20, 1877, Salem was among the first to lend assistance, sending \$700 to be added to the fund of the Relief and Aid Society for distribution among the sufferers.

EXPECT 2,000 IN LINE AT ORANGE PARADE IN SUSSEX ON JULY 13

St. John Members Included In Those to Take Part in the Big Celebration

If the weather is fine on Monday, July 13, the people of Sussex will see probably the largest turnout of Orangemen ever held there, says the Record, as members of that order in six counties have centered on the town to hold the celebration of the Battle of the Boyne.

Big delegations will be there from St. John and from Westmorland, and from 800 to 1,000 are expected from York county, Queens and Albert will both be well represented and Kings County will turn out in force.

The procession will be a lengthy one, as there will be more than 2,000 men in line and six or eight bands. In the parade will be the "Prentice Boys" of St. John, who will be there to celebrate the Relief of Londonderry of July 30, 1690, and very likely the Sons of England of St. John and Moncton, as both have been invited and have signified their intention of going. The military camp grounds will be the headquarters for the day. Platforms will be provided for dancing and other arrangements completed to make the day's outing on the grounds pleasant. Addresses of welcome to the visiting brethren will be made from the platform by His Worship Mayor McKay and County Master Rev. A. W. Currie and among the other speakers will be W. B. Wallace, K. C., grand master of New Brunswick, Past Grand Master A. D. Thomas, Past County Master Fred W. Spraul, Past Grand Master Rev. B. H. Thomas and Rev. F. P. Demmon.

BOURASSA GIVES HIS VIEWS AND OTHERS MAKE COMMENT

London, June 26—The Liberal Colonial Club tendered a luncheon yesterday to Henri Bourassa in the House of Commons.

Sir George Paish, editor of the Statist, moved a vote of thanks to the speaker. He said that the links between the dominions and the motherland must be purely voluntary, and if the former found them unsatisfactory, no one would try to prevent them separating from the empire.

MR. CARVELL FINALLY GETS AGREEMENT BEFORE COURT

(Continued from page 7).

The trust company and added to the proceeds of the sale of the bonds to form a common fund with the proceeds of the bonds, the borrowers agreeing to repay the \$200,000 with interest at six per cent, all the advances were to be repaid, from time to time as the work went on, out of funds received by the construction company, and in any event the company promised to repay the whole amount in two years.

On 20 April, 1912, a supplementary agreement was made between the trust company and the same borrowers, under the order of A. R. Gould and his receipt to be sufficient to cover the payments to the construction company such sums from time to time as might be necessary to repay the principal and interest in two years.

Mr. Carvell—This, to my mind, cleared the air a great deal. You said that the loan was made to the railway company, with the other guarantors. The meaning is that the loan was made under this agreement?

Q—In pursuance of this agreement you advanced, from time to time, the \$200,000 and the \$60,000?

A—Yes. It turned out that more than \$400,000 of bonds were sold and the extra amount was more than \$60,000.

Q—But you got this back?

A—Yes. It was first taken from this loan, however?

Q—A payment of \$6,000 or any other sum on account of the loan would not be regarded as a payment on the \$400,000 loan unless specially earmarked?

A—No. Q—After the \$85,000 was released by the amended statute it can be dismissed with the trust company?

A—Yes. Mr. Carvell—I do not know that the witness needs my advice, but I would suggest that you get an order-in-council for that \$85,000.

Q—You made the payments according to the agreement?

A—Yes. Q—The first advance was not made until May 29?

A—Yes. Q—You made a centry here on that date but I do not know it personally.

Q—The loan is now reduced to \$143,602.07?

A—Yes. Q—The items showing payments of two and a half per cent on progress estimates were credited on this account?

A—We had two arrangements, one of that we should get ten per cent to apply on the \$200,000 loan and also two and a half per cent on the \$60,000 loan.

Q—When the \$65,000 was released it reduced the indebtedness on the \$200,000 loan?

A—Yes. Q—Was it not credited to this loan?

A—It might be put that way; it was placed to their credit. Q—But the \$85,000 was made to four private individuals?

A—It was made according to the agreement. Q—How was the \$19,000 first credited to the \$65,000 loan afterwards treated?

A—It was credited to the indebtedness on this agreement. Q—Was the whole \$207,000 which you have received out of the proceeds of progress estimates applied to the reduction of the \$200,000 loan?

A—To the reduction of their indebtedness. Q—You said yesterday that you had made certain payments on account of the National Securities Co.?

A—Yes. Q—About \$22,000? A—That was the last amount referred to. The railway company furnished a bond to the government guaranteeing the payment of the interest on the bonds during construction. They instructed us to deduct four per cent from each progress estimate and place it to the credit of the National Securities Co. When the interest on the bonds fell due we applied to that purpose the interest on the money in our hands and the deductions just mentioned formed a fund from which the additional money required for the interest was secured.

Governors For Home For Delinquent Girls Appointed

TWO ARE ST. JOHN MEN

Rev. H. E. Thomas and Rev. Gordon Dickie on the Board, Which was Constituted Yesterday at Truro—The Plans

The board of governors for the Maritime Home for Delinquent Girls was formed yesterday and held its first meeting in Toronto. Up to this time the affairs of the new institution were in the hands of a committee of arrangement, but the management has now passed into the control of the board of governors, made up of seven Presbyterians, seven Methodists, three Baptists and three Episcopalians.

In the absence of the chairman, His Honor Lieut.-Governor J. D. McGeorge of Nova Scotia, presided. It was reported that already something more than \$20,000 had been subscribed towards the building that is already on the land at Truro and arrangements are being made with regard to having the home opened on September 1. The building committee, of which ex-Mayor Ernest Truro is chairman, is getting along well with the plans, but it is not expected that a start will be made on the structure until next year.

While in Truro, the board took the opportunity of visiting the site of the home and those who had not been there before expressed their delight with the location.

Dr. T. Albert Moore, of Toronto, general secretary of the temperance and moral reform department of the Methodist Church, and Rev. J. G. Shearer, of Toronto, general secretary of the social service department of the Presbyterian church, were at the meeting and took particular part in the discussion of the matters considered.

In the case of the Royal Trust Co. vs. the Canadian Sales Company, Ltd., an application of the receiver to deliver to the applicants certain machinery on the premises of the defendants, alleged to be the property of the Canadian Sales Company, was granted by Mr. Justice White. M. G. Teed, K.C., was for the applicants, and F. R. Taylor for the defendants and receiver.

FAIRVILLE NEWS

Yesterday afternoon on the city side of the bridge the boom attached to a heavy derrick broke and the end struck a horse owned by Fred McCormick, one of a team standing in the roadway. The animal was killed instantly. It is said that an inexperienced man attempted to work the derrick in the lifting and dropped the boom too quickly, and that it struck the colt's neck and broke, the horse falling with great force on the neck.

Owing to a typographical error the word fine was misprinted five in the article last evening dealing with the Fairville playground. It is the intention to have the playground open every fine day, when the flag will be raised. In wet or disagreeable weather the grounds will be closed.

SEEN IN TIME

One of the large lights of heavy corrugated glass in the roof of the train shed here had become cracked and one part of it was hanging by the top over the walk between No. 2 and 3 tracks. A heated encounter between two sparrows was being watched by people in the train shed and one of the employees happened to notice the hanging glass. A man was sent up immediately to remove it. This was just at the time of the arrival of the maritime express and a slight passing gust of wind might have dislodged it with serious results.
