TO DIE IN SENATE

Ottawa Foreshadows End of Naval Bill BORDEN IS WILLING Report Says He Sees His Mistake and Will Not Coerce Followers in Upper House—Closure in Commons This Week

(Special To Times) Ottawa, Ont., May 5.—The government has decided that the closure shall be applied and the naval bill put through the house before the close of the week. It is probable that the notice of closure will be given on Friday and that the house will be required to sit under closure on Saturday to put the bill through.

It is understood that the government wants the naval measure killed in the senate and has dropped a hint to some of the Conservative senators that they are free to vote with the Liberal majority in the upper house against the bill. The government has decided that the principle of a contribution is a mistake and that, once embarked upon, the dominion could never get away from the principle and practice of periodic contributions to the dominions.

The government is therefore praying that the Liberal majority in the senate will repair the mistake the administration made in introducing the bill and at the same time will see that Sir Wilfrid is shoulders with responsibility for the proper thing in reverting to the principle of the senate's action. It is quite possible that the closure may not be found to work smoothly upon its first application and that the government will fail to get the naval bill out of the commons this week. That its departure will be marked with a grand finale is certain.

Hon. H. R. Emmerson this morning said that he thought the government had done the proper thing in reverting to the principle of a single head for the government system of railways. He said that he had opposed the commission management, when it was introduced by Hon. Mr. Graham and was satisfied that the thorough trial of the commission administration showed that it was not as good as the single general manager plan adhered to by railways all over the world. He expressed the hope that Mr. Cameron would prove to be the sort of man for the proposed head.

BUILDING INSPECTOR RESIGNS WITH THREE MONTHS SALARY ADVANCE Temporary Man at \$100 a Month, Then Expect For City Department

In accordance with Commissioner McCallan's policy of bringing the departments under his control up to the highest standard of efficiency, a change is to be made in the office of the building inspector. As the present inspector, Shanklin Thompson, is growing somewhat old for the active duties of the office he has been allowed to retire and, on the recommendation of Commissioner McCallan this morning, he was granted three months' salary in advance.

The commissioner was also authorized to employ a new inspector at a salary of \$100 a month. Mr. McCallan said, after the meeting, that the present appointment will be temporary as it is his intention to secure for the office, as soon as possible, a man with engineering qualifications who can pass on the technical features of construction and who will also have some knowledge of architecture.

NEW FREE PUBLIC LIBRARY BULLETIN Bulletin No. 1 of Volume 3, new series of the Free Public Library is just out and gives the catalogue list, and numbers of the books which have been added to the library during the last year. There are many relating to Canada, including a valuable collection of pamphlets formerly the property of the late Dr. A. A. Stockton.

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Sturges, part, director of meteorological service. Moderate to fresh southwest to south winds; fine and warmer today and on Tuesday.

BABY PRINCESS SHOWERED WITH GIFTS

This is the little Princess of Holland, who celebrated her fourth birthday on April 30. She was showered with gifts from rich and poor alike, for she is the idol of the Dutch people, whose queen she will probably be some day.

TWO DROWNED IN GREEN RIVER

Canoe Upset as New Brunswickers Were Crossing BODIES RECOVERED The Labor Situation in Fredericton—A Navvie in Trouble Over a Check Said to Have Been Raised

Fredericton, N. B., May 5.—News of a double drowning accident on Green River has been received here. The victims were Charles Cameron, aged forty, of Stanley, and Albert Abernethy, aged twenty three, of Durham Bridge.

They were working on Randolph & Becker's drive and lost their lives while making their way across the river in a canoe. The craft, it seems, was caught in a whirlpool and overturned. The bodies were recovered soon afterwards and will be brought home for burial.

Cameron was for some years employed by Henry Braithwaite, a veteran guide, and was well known along the Miramichi. He leaves his wife and two children. Abernethy was a single man.

Employees of R. C. Ratten & Co., woodworkers, have made a demand for a nine hour day and threaten to strike. The carpenter's strike is still unsettled.

An Austrian navvie named Tarry Vrick was arrested this morning on charges of attempting to pass a raised check on the Royal Bank. The check was drawn by Smith & Merrichers, railway contractors, and was for \$8.40. When presented it called for \$84. He has been remanded until to-morrow.

THE TRANSCONTINENTAL E. P. Goodwin, of Ottawa, who has been engaged in the inspection of the New Brunswick section of the Transcontinental Railway in preparation for its being taken over, arrived in St. John today from Quebec. He said that the work on the New Brunswick section was practically complete and that, in Quebec, there was only about eight more miles of track to be laid. The Quebec section should be finished early this fall and the road would then be ready for operation from Lewis to Moncton. Next year the car ferry service would be in operation between Lewis and Quebec and the road would take its place as a complete transcontinental line.

SERIOUS FIRE IN DAWSON Seattle, May 5.—A special to the Post from Dawson, Y. T., says the power house of the Dawson Electric Light & Power Company was burned to the ground on Saturday night with a loss of \$200,000. This stopped the operations of the big mining companies dependent upon it. Temporary electric light service was established yesterday.

VETERAN OF MANY BATTLES IS WOMAN

"Albert" Cashier Has Posed as Man For 60 Years NOW SENT TO ASYLUM Strange Life Story of Girl Who Came Out From Ireland Fought Through the Civil War

(Canadian Press) Quincy, Ills., May 5.—The commitment of Albert D. J. Cashier, sixty-nine, to the Jacksonville asylum for the insane, has revealed that the patient, a native of Ireland, a veteran of the United States civil war and for nearly a year living in the Soldiers' and Sailors' Home here, is in reality a woman. Her real name is unknown, her actual identity wholly lost in the passing of several decades, so she remained on the books entered in the masculine designation which she has successfully carried through for more than three score years.

Her history shows that she came to America as a stowaway during the first years of the civil war. To accomplish this she put on male attire. From that time she has never worn anything else until now that her true character is discovered she has been transferred from the men's to the women's pavilion and made to wear skirts. It is known that when a call for volunteers was made in 1862, she presented herself at a recruiting station at Bellefleur, Ill., and was duly accepted and enlisted as a member of Company G, 8th Illinois infantry under command of Dr. E. N. Bush. Bush died in battle two years later.

She saw real action. She participated in the bloody battles and skirmishes preceding the fall of Vicksburg, and was present when Grant's army triumphed there. In all "he" was record shows that he participated in forty battles and skirmishes. Veterans who recall "him" always spoke of Cashier as a dashing young Irish soldier as impetuous and fearless as the traditions of "his" race would imply. She never, however, suffered a wound.

Colonel J. O. Anderson admits that when the woman was admitted to the home he was aware of the sex, but says Miss Cashier was old and in want, and as there was no question of the war service that the woman had given to the country, he could see no reason for withholding from her the benefits of the home, so he agreed to keep the matter of her sex entirely in confidence.

MONCTON DOG OWNERS PROTEST AGAINST LAWS Moncton, May 5.—Twenty more citizens in the police court today were fined one dollar each for violating the city bye-law forbidding dogs to run at large. Enforcement of a law against dogs in the streets is causing dissatisfaction, and at the next meeting of the city council a delegation of dog owners will protest.

Frank Flannery and Daniel Sullivan will leave on Thursday for San Francisco to attend the world's convention of Brotherhood of Railway trainmen.

TWO SPECIAL TRAINS Two special trains of about eighteen cars each passed through the city yesterday on their way westward, carrying about twelve hundred immigrants.

TENSON RELIEVED; MONTENEGRINS GIVE WAY SUFFRAGETTES ON TRIAL IN LONDON

Prosecuting Attorney Says "General Drummond is a Violent and Unscrupulous Woman"—Ten Before the Magistrate

London, May 5.—Great interest was taken in the police court proceedings today against the suffragette leaders held on charges of conspiracy under the malicious damage to property act. Seven of the prisoners—General Mrs. Flora Drummond, Miss Harriet Rebecca Kerr, Miss Agnes Laker, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney—and a chemist named Clayton, had been held in custody since their last appearance and they were joined in the prisoners' enclosure today by Miss Laura Lennox and Sydney Drew, a printer, who had been released on bail.

Archibald Bodkin, prosecuting counsel for the treasury, in opening the case described the law of conspiracy and said the defendants had been constantly meeting together. He referred to "General" Drummond as "a violent and unscrupulous woman." He said Clayton, an analytical chemist, in whose possession were found documents describing a plan of campaign for burning down buildings in London, had put his brains at the disposal of the women for carrying out crimes and producing what their own paper described as "a reign of terror in London."

From the comfortable seclusion of Paris, Mr. Bodkin said, Miss Christabel Pankhurst had sent an article every week to the suffragette paper, either commending what had happened during the preceding week or inciting to further acts of militancy.

DIVORCE COURT OPEN TO PUBLIC

Highest Court of Appeals Decision Puts an End to Secret Proceedings in Great Britain

London, May 5.—An end was put today to the possibility of secret proceedings in divorce and other suits in the United Kingdom by a judgment delivered by the House of Lords, sitting as the highest court of appeal.

The divorce cases had adjudged a woman named Mrs. Scott as guilty of contempt of court in circulating among her friends the report of a case heard in chambers in which she had been accused of infidelity, but had been vindicated.

The lord chancellor's opinion, in which the other law lords concurred today, reversed the judgment for contempt of court which the court of appeal had sustained. The lord chancellor declared: "Every court of justice in the land is open to every subject of the king and it has no power to sit otherwise than with open doors."

IRISH TIMES REPORT TO THIS EFFECT

London, May 5.—In consequence of the continued refusal of the Duchess of Connaught, it is expected, says the Irish Times, that the Duke will ask permission to resign the governor-generalship of Canada. It is said that, even at the present rate of progress and the absence of any further reverses, it will take several months before Her Royal Highness is completely recovered and the duke has expressed a desire to be with the duchess during the period of convalescence.

An official bulletin states that the Duchess of Connaught had a fair night and that her general condition shows some improvement.

KILLED IN TRYING TO LEAVE THE HOSPITAL

Englishman in Toronto, Seeing Cure Impossible, Did Not Want to Be Burden on Staff

Toronto, Ont., May 5.—Desiring to impose himself no longer on the staff of the general hospital, believing his illness to be fatal, William G. Anthony, an Englishman forty-three years of age, made an attempt to leave the hospital in secret and fell with such violence from a rope by which he was descending from the hospital balcony that death resulted.

TARIFF FIGHT ABOUT OVER, SAYS UNDERWOOD

Washington, May 5.—The end of the tariff debate was in sight today as far as the house was concerned. With a few odds and ends of the sundries schedule left over the house stood ready to dispose of the free list, the administrative features and the income tax. "All the fight is about over now," said Mr. Underwood, Democratic leader.

THREE MORE BATTLESHIPS ORDERED FOR JAPAN

Tokyo, Japan, May 5.—The navy department has contracted for three battleships of 30,000 tons, each to be built in Japan. They will be sister ships to the Fusu, now building in the naval dockyards at Kure. Very little is supposed that her armor will consist of a moderately heavy belt extending over nearly her entire length and carried up to the main deck.

EVACUATION OF SCUTARI AGREED TO BY KING NICHOLAS

Future of Fortress Left With Great Powers to Determine—London Stock Market Makes Quick Response—Believed Today's Action Will Have Influence in Quieting Albania

(Canadian Press) Cetinje, Montenegro, May 5.—King Nicholas of Montenegro today decided to evacuate the fortress of Scutari in response to the demand of the European powers.

London, May 5.—Sir Edward Grey, British foreign minister, announced at today's meeting of the ambassadors, that Montenegro had unconditionally placed the question of the future of Scutari in the hands of the European powers. The decision reached by King Nicholas, at the very last moment, had the effect of immediately relieving the great tension in European politics and caused unbounded satisfaction to diplomats and the general public.

The stock exchange at once responded to this feeling, and it was generally hoped that this action of Montenegro would do away with all necessity for military incursions into Albania such as Austria and Italy were contemplating against Essad Pasha, the former Turkish commander of Scutari, David Pasha, with his refugee Turkish troops, and other independent leaders, on the plea of restoring order.

The example of Montenegro will, it is expected, have a salutary effect in causing other disturbing elements in the Balkan peninsula to bow to the will of Europe.

Cetinje, Montenegro, May 5.—The King of Montenegro, when he took possession of Scutari, on April 25, after a six months' siege, which cost the lives of thousands of Montenegrins and Turks, declared that he would hold the city until the last drop of Montenegrin blood had been spilled.

The future autonomous state of Albania, a crisis was brought about and the power immediately brought strong pressure to bear to force him and his troops to evacuate the place. In the meanwhile Austria sought to solve the Albanian problem by a decision and concentrated large bodies of troops in Bosnia, Herzegovina and Dalmatia, on April 25, after a six months' siege, which cost the lives of thousands of Montenegrins and Turks, declared that he would hold the city until the last drop of Montenegrin blood had been spilled.

All these demonstrations, however, seemed to affect the determination of the king. Some of the Montenegrin troops were withdrawn from Scutari in order to meet a possible Austrian advance. Then word came that Austria and Italy had entered into an agreement to solve the Albanian problem by a military expedition and it was known that an Austrian army was preparing to march toward Scutari.

The attitude of Russia under these circumstances was a matter of great concern to Europe and when she proposed the pressure being exercised on Montenegro, a sigh of relief went up as it had been thought she would resist any attempt by Austria to march her army southward.

It was suggested during the negotiations that the King of Montenegro was to receive territorial compensation in some other direction if he would give up Scutari and that His Majesty was preparing to accept this offer.

ROME, May 5.—Strenuous efforts were made at Cetinje to induce Montenegro to agree before the meeting of the ambassadors in London today to evacuate Scutari unconditionally. The argument was offered that this was the only way by which Austrian military intervention could be avoided.

While the same time the powers of the triple entente—Great Britain, France and Russia—particularly Russia, used their influence at Vienna to induce Austria to defer threatened coercion of Montenegro.

Meantime news from Southern Albania is of the gravest importance. Anarchy prevails, according to this information in many sections, and the soldiers of Essad Pasha and David Pasha are looting and slaying. They are said to have formed themselves into regular bands of brigands. The Albanian defenders of their homes, along with their women, have been ruthlessly cut down.

The Turkish government at Constantinople has officially disavowed Essad Pasha, it is known that special emissaries have been sent out by the Porte with the object of having Essad recognized as Emir of Albania. A majority of the Albanians are said to be urging Italian intervention for the re-establishment of order.

Italian preparations have been made for the despatch of a large expedition, if that should be necessary. General Nava, who participated in all the African campaigns and commanded a regiment at the battle of Adowa in 1896, has been designated as commander of the expedition. General Nava now is in command of the Bologna army corps.

London, May 5.—The Vienna correspondent of the Times says that Baron Conrad, chief of the Austrian staff, is reported to be bombarding General Pollo, chief of the Italian staff, with telegrams in favor of the occupation of Albania.

The late Austrian statesman, De Kallay, a competent judge of Albanian affairs, continues the correspondent, "assured me a decade ago that no European power could occupy Albania with less than 200,000 well trained troops, accustomed to mountain warfare, and denounced the folly of any statesman who should attempt it."

Semi-official Italian newspapers warmly repudiate the existence of any agreement with Austria for the partition of Albania into Austrian and Italian zones of influence. But in European capitals, this is regarded as the most likely outcome of any Austro-Italian expedition to pacify Albania.

London, May 5.—Montenegro has decided, according to diplomatic advice received here, to leave the future of Scutari in the hands of the powers. This step is taken to mean that the evacuation of the city will be carried out immediately. The matter will come up today at the meeting of the ambassadors in London.

SOME GOOD EFFECT ON MARKET Berlin, May 5.—No conditions were mentioned by Montenegro today when she informed the German foreign office that she had decided to place Scutari in the hands of the powers. On the other hand the foreign office says there is no evidence that any concrete steps in this direction have yet been made, and doubts is expressed by officials as to the veracity of the reports that Montenegro has already evacuated the city.

No date for the evacuation was given in the communication received from Cetinje, but there is reason to believe that the German minister in the Montenegrin capital received assurances from King Nicholas that the first step would be taken within twenty days.

The news received from the German minister at Cetinje and the strength of the Vienna market combined to confirm the belief of Berlin financial circles that a peaceful settlement was in sight, but the Bourse, although apparently somewhat higher, opened with great reserve, the speculative interests being slow to revive their optimism.

MUCH LIQUOR SEIZED IN CARLETON COUNTY Fine Brandy Was Marked "Viagra"—Woodstock Warehouse Like Wholesale Establishment

(Special To Times) Woodstock, N. B., May 5.—The most effective weapon used for the enforcement of the Scott Act in this county is the seizure of liquor. Officers have been busy working along in line and last week seized a big supply at the railway station. Several barrels, cases and kegs were in the lot. One keg marked "Viagra" was seized by an expert and pronounced the finest brandy worth \$6 a gallon.

The owner of the lot is not known, a diamond being the address. A recent decision of the supreme court makes the shipper liable to be fine for shipping into a Scott Act county unless properly labelled. The accumulation of seizures makes the warehouse in which the stuff is stored look like a wholesale liquor establishment.

GIVE NEW PRESIDENT A STORMY FIRST DAY Port Au Prince, May 5.—Michel Oreste, the new president of Haiti, elected yesterday, immediately displayed great energy in the suppression of disorder in the city and declares that he will maintain peace with a strong hand.

General Dely, governor of the city, who attacked the parliamentary building during the voting for the presidency yesterday, was repulsed together with his followers by the regular troops commanded by General Poitevien. General Dely fled and took refuge in the Cuban legation.

THE INTERCOLONIAL Montreal, May 5.—According to the Gazette's Ottawa correspondent, the change of management on the I. C. R. by F. P. Gutelius will replace the present board of management, affect the whole system of the government railways, the I. C. R. and the Prince Edward Island line, and is said to inaugurate a period of great expansion in the operation and extension of these lines.

The Gazette predicts that "some of the members of the retiring board, under the arrangement now being made, may remain in the service of the Intercolonial."

POPE GIVES HIS FIRST AUDIENCE SINCE ILLNESS Rome, May 5.—Pope Pius, for the first time since his illness, this morning gave an audience. The honor fell to Cardinal Domenico Ferrata, who recently returned from Malta, where he had presided over the Eucharistic Congress as papal legate.

The Pope expressed the deepest interest in all the details of the congress, inquiring minutely about those who had participated and saying that the success of this great religious gathering had given him the keenest consolation.

These Two Little Boys Can Have a Name Now

Here are the children of Floretta Whaley and Rev. Jere Knods Cook of Long Island, who eloped several years ago, causing nationwide comment. Up to the present Mrs. Cooke has refused her husband a divorce, but, on seeing these little boys the other day, she identified as her own the decree is granted. Cook and Miss Whaley will be legally married.

SALVATION ARMY TO BUILD WORKMEN'S HOTEL IN BANGOR

Just as soon as \$4,000 can be raised work will commence on a Bangor workmen's hotel, which is to be built by the Salvation Army there. Adj. A. E. Armstrong, who is at the head of the movement, said that more than \$6,000 is on hand, but \$10,000 is needed. The army owns the site for the building, a lot at French and York streets which has a value of \$10,000.

MANY LEARN ABOUT CANADA THROUGH HIM

A Chat With Leo Scheff, British Writer, Now in St. John

"When I compare the conditions of the working people of England and other European countries with the circumstances of the same class of people in this country, when I see the immigrant landing in Canada poor and depressed and find them, a few years later, earning better wages than they had ever dreamed of, comfortably housed, well fed and nicely clad, I find fresh inspiration for my work," said Leo Scheff, special commissioner for the Manchester Guardian and correspondent for several of the greatest British papers, in an interview with a Times reporter.

WOMEN'S COUNCIL

Matters of Interest and Importance at Montreal Meeting

Montreal, May 5-At the Saturday night session of the National Council of Women the matter of capital punishment was discussed, after a report had been read by Mrs. Leathe of Toronto, in which there had been reference to a "private hanging being a public execution in Montreal. This caused the meeting to reply by several Montreal ladies who thought it a reflection upon the council of that city.

DAILY HINTS FOR THE COOK

PIE CRUST FOR ONE PIE

One heaping cup of flour, pinch of salt, 1/4 teaspoon baking powder. Rub in 2 tablespoons heaping of lard. Use just as little water as possible to moisten and mold very little; less the better.

FASCINATING HAIR FOR WOMEN

Is Easy to Have, Natural Colored and Beautiful

So many women have grey or faded hair; neglect it until it becomes thin, dry and lifeless, begins to fall out and when they appear in public, realize that they really are. If your hair is in this condition get a bottle of Hay's Hair Health today. Do not wait until it is too late to start using it now. You'll be delighted at the results from even one or two applications. The grey hairs gradually disappear and your hair will become full of life and vitality. It's not a dye but a nice, clean preparation that quickly and effectively keeps your hair dark, glossy and natural colored and that all druggists guarantee satisfaction or refund your money. Always ask for Hay's Hair Health.

CHEERFUL NEWS

For Feeble Old People

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less efficiently than in youth, the circulation is poor, the blood thin and digestion weak. Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

SCHOOL FOR CLERGY AT WINDSOR

The school for the clergy being held this year at Windsor, N. S., in connection with the centenary of King's College, was opened on Friday evening with an address on Egypt by Rev. R. A. Armstrong of St. John. Saturday's programme included lectures by Canon Vroom on Liturgical Principles; by Canon Stacey of Moncton, on "Foundations"; by Seven Oxford Men; by Dr. Hunt, on The Revelations of St. John; by Dr. W. S. H. Morris, on the Incarnation, and by Bishop Worsell and Canon Gould on Missions.

Tired and Weak Nerves Exhausted

The feelings of fatigue and languor which overcome so many people at this season of the year tell of the exhausted condition of the nerves.

Dr. Chase's Nerve Food

When a weak man speaks to another on the street he nods up to him.

Molasses Cargo Well Handled

A correspondent writes to the Times: "The following will probably interest some of your readers, especially the merchants. The S. S. Briardene, Captain I. E. Faulkner, sailed about noon yesterday for the West Indies via Halifax and Bermuda, with a fair sized outward cargo. While there is considerable talk about the new West India service, the Briardene seems to be giving good satisfaction as a freight ship, as she invariably sails on time and carries a large cargo. She has just discharged a cargo of molasses which establishes a record, being the only big cargo discharged at St. John in the memory of the oldest people, without a single empty or leaky package. It consisted of 100 puncheons, 20 tierces and more than 400 barrels, more than 1,800 packages in all—and was handled so carefully by the stevedores that only one tierce and one barrel was lost in handling, which speaks well for the stevedores, making a loss of about seventy gallons from a gross amount of over 12,000 gallons. Surely the new service will not improve much on this, but we hope they will come up to it."

GIVEN UP FOR LOST

The owners of the schooner Ida M. Barn, which left Boston on March 2 for St. Andrews, and has not since been heard of, have received word that the insurance will be paid in a few days.

WESTMINSTER WILLS

At the session of the Westminister court probate court at Dorchester last week, letters of administration were granted in the estates of the late Clarence H. Chapman, who left an estate of \$38,500; of the late Lydia, widow of David Chapman whose estate was valued at \$2,000; and of James F. Leger, who left an estate of \$100,000.

While there is considerable talk about the new West India service, the Briardene seems to be giving good satisfaction as a freight ship, as she invariably sails on time and carries a large cargo. She has just discharged a cargo of molasses which establishes a record, being the only big cargo discharged at St. John in the memory of the oldest people, without a single empty or leaky package. It consisted of 100 puncheons, 20 tierces and more than 400 barrels, more than 1,800 packages in all—and was handled so carefully by the stevedores that only one tierce and one barrel was lost in handling, which speaks well for the stevedores, making a loss of about seventy gallons from a gross amount of over 12,000 gallons. Surely the new service will not improve much on this, but we hope they will come up to it."

GIVEN UP FOR LOST

The owners of the schooner Ida M. Barn, which left Boston on March 2 for St. Andrews, and has not since been heard of, have received word that the insurance will be paid in a few days.

WESTMINSTER WILLS

At the session of the Westminister court probate court at Dorchester last week, letters of administration were granted in the estates of the late Clarence H. Chapman, who left an estate of \$38,500; of the late Lydia, widow of David Chapman whose estate was valued at \$2,000; and of James F. Leger, who left an estate of \$100,000.

SCHOOL FOR CLERGY AT WINDSOR

The school for the clergy being held this year at Windsor, N. S., in connection with the centenary of King's College, was opened on Friday evening with an address on Egypt by Rev. R. A. Armstrong of St. John. Saturday's programme included lectures by Canon Vroom on Liturgical Principles; by Canon Stacey of Moncton, on "Foundations"; by Seven Oxford Men; by Dr. Hunt, on The Revelations of St. John; by Dr. W. S. H. Morris, on the Incarnation, and by Bishop Worsell and Canon Gould on Missions.

BICYCLES

BICYCLE SUNDRIES. BICYCLE MUNSON. At Cut Prices. 43 Spadina Avenue. Send for Cut Price Catalogue. TORONTO

Baking day is an easy day for the woman who uses a GLENWOOD RANGE

This cut shows one of our leaders, the celebrated Glenwood 'E' with hot closet, the range that 'makes cooking easy.' This range possesses many advantages over other makes, come and exchange thoroughly before making your selection. See the removable nickel, which is held on with the patent spring, the sectional top which prevents warping, the removable grates, the divided oven bottom, the Glenwood oscillating shelf beneath the oven door, the improved baking damper, the convenient clean out for the oven, the Glenwood oven heat indicator which tells the exact heat you require for anything you desire to cook; the Glenwood sheet fire is another exclusive feature, it saves at least 1-3 of your fuel. These are only a few of the many special features of the celebrated Glenwood line. These ranges are all guaranteed to give excellent satisfaction or your money cheerfully refunded.

Tired and Weak Nerves Exhausted

The feelings of fatigue and languor which overcome so many people at this season of the year tell of the exhausted condition of the nerves.

Dr. Chase's Nerve Food

When a weak man speaks to another on the street he nods up to him.

Molasses Cargo Well Handled

A correspondent writes to the Times: "The following will probably interest some of your readers, especially the merchants. The S. S. Briardene, Captain I. E. Faulkner, sailed about noon yesterday for the West Indies via Halifax and Bermuda, with a fair sized outward cargo. While there is considerable talk about the new West India service, the Briardene seems to be giving good satisfaction as a freight ship, as she invariably sails on time and carries a large cargo. She has just discharged a cargo of molasses which establishes a record, being the only big cargo discharged at St. John in the memory of the oldest people, without a single empty or leaky package. It consisted of 100 puncheons, 20 tierces and more than 400 barrels, more than 1,800 packages in all—and was handled so carefully by the stevedores that only one tierce and one barrel was lost in handling, which speaks well for the stevedores, making a loss of about seventy gallons from a gross amount of over 12,000 gallons. Surely the new service will not improve much on this, but we hope they will come up to it."

55 Sydney St., St. John, N. B. Phone 2390

PRESTON—At his late residence, 45 Sydney street, on the 4th inst., Edward A. Preston, M.D., aged 58 years.

Funeral on Tuesday the 6th inst. from Trinity church, service begins at three o'clock. Kindly omit flowers.

CURRIE—In Roxbury, Mass., on May 1, James A. Currie, aged 47 years.

IN MEMORIAM

WHEEL—In loving memory of Richard Ham Charles Wheel, who departed this life May 5, 1911.

RECENT DEATHS

Many friends in the city and elsewhere will regret to hear of the death of Dr. E. A. Preston, which took place early yesterday morning at his residence, 45 Sydney street. He had been ill since February but it was not until about four weeks ago that his illness became serious. Mrs. Preston and five children survive him. The children are Edward Austin, of Boston; Lewis, of Hardwick (Vt.); Mrs. Von Eggers, at home; Florence, at home; and Harold, at home. Four brothers, in the states, also survive him.

The late Dr. Preston was born at Providence (R. I.), on September 7, 1854. He was four years old when his parents removed to St. John, where he received the education of his early years, afterwards taking a course of study at an academy in Hartford (Conn.). His medical studies were pursued for several years with his father, and subsequently in Brooklyn (N. Y.), at Long Island College, where in 1878 he received his degree of Doctor of Medicine. After practicing for a year in that city, he came to St. John, where he has since resided.

He was a member of St. John's Lodge of Masons, No. 22, a member of New Brunswick Chapter, R. A. M., and a member of Union De Molay Preceptory, Knight Templar, was also District Deputy High Chief Ranger of the C. O. F., and Chief Ranger of the I. O. F. He was connected with several temperance organizations. He was also a member of the New Brunswick Medical Society and of the Homoeopathic Medical Society of Kings County, New York.

The late Dr. Preston was a son of Henry Campbell Preston, M. D., for many years a leading medical practitioner of St. John. The latter was a son of Zephaniah Preston, a prominent merchant of Hartford (Conn.) and vice-president of the Connecticut Mutual Life Insurance Company. The Preston family is of English origin, and has been prominent since early colonial times. Dr. H. C. Preston was prominent in Masonic circles and in the fraternity of Oddfellows. For a time he was associated with the North American Journal of Homoeopathy. He was one of the first physicians here to be appointed a member of the New Brunswick Medical Council of Physicians and Surgeons.

Rev. A. B. McDonald, of Cambridge, Queens county, died suddenly, yesterday morning at 11.15, while delivering a sermon at the Baptist church at the Narrows. He was spending the Sunday with his brother, Dr. McDonald, of the Narrows, and while preaching from the pulpit which he had formerly occupied for many years, was suddenly taken ill, passing away in a few minutes.

Mr. McDonald, who was in his 82nd year, had been in declining health for several years, having been troubled with heart weakness, but he was able to be about and continued to supply pulpits occasionally.

He was ordained to the ministry in 1858, and in his earlier period of service, was stationed for five years at Hampton, and for more than twenty years he ministered to the churches at the Narrows, Jerningham and Mill Cove, receiving large numbers into their membership, while at various intervals his labors extended to

COAL DROPS—BUT THAT'S IN OTTAWA

(Ottawa Citizen, May 2)

Coal took a drop of 20 cents a ton today, if bought for spot cash. This means that it can be bought from \$7.50 to \$8.25 according to the quality.

How long these prices will be in effect the dealers cannot say definitely, but they likely will next fall. The mine owners have reduced the price 50 cents a ton at the mines, so the local merchants have followed suit. Now is the time, they say, to buy coal to stock winter, so that they will be in a better position to supply the extra demand then.

For the last two or three years there has been a concerted rush for coal with the coming of the first cold snap and consequently the dealers have not been able to meet the demand as quickly as desired and an opportunity to stack up a reserve supply in case of emergency has been practically impossible. If householders buy coal now at the cheap prices and lay in a supply for next winter, it would mean a general benefit.

WORKING BOOTS.

Heavy working boots, made of honest material, outfit the ordinary kind. We manufacture the kind that wear. Steen Bros., 227 Union street.

NOTICE FROM LOCAL UNION 1413.

All bench carpenters and machine hands are asked to give St. John a wide berth, as there is a strike on in the factories here.

NOTICE TO CARPENTERS

We will hold another meeting for the West St. John carpenters on Monday evening, May 5, in Prentice Boys' Hall, Guilford street, Carleton, when I hope to see you all present.—A. W. Raymond, business agent.

INTERNATIONAL LONGSHOES—MEN'S ASSOCIATION LOCAL NO. 273.

The semi-annual meeting will be held Tuesday evening, May 6, at 8 o'clock, at the Hemmington Bridge Company's office and other important business; all members are requested to be present—by order of the president, 5125-6-7.

MEETING TONIGHT.

The members of Court Yabon are requested to meet at half past seven sharp tonight in Forrester's Hall, 13 Coburg street, to make arrangements for the funeral of our late member, Dr. E. A. Preston. J. E. Arthur, financial secretary.

Moore's mustard oil has a peculiar property not possessed by the imitations. Applied the entire length of the spine before retiring it soon induces sleep. Sufferers from sleeplessness say it is worth its weight in gold.

GOING WEST.

John O'Neill, B.S., late city engineer of Fredericton, has accepted a position with the Hemmington Bridge Company of Minneapolis, Minn., and will be connected with the field department of the company. Mr. O'Neill is a graduate of the University of New Brunswick, having received his degree in engineering in 1912. J. H. Tapley, of Winnipeg, leaves Fredericton today for Winnipeg via St. John, Boston and Chicago. E. A. Tapley and family are to accompany him and will reside in Winnipeg.

son, of Red Head, and the Misses Annie, Katherine and Ellen at home. The funeral will be held on Tuesday and burial will take place in Fernhill. A large number of friends will mourn their death.

In Moncton, on Saturday morning, Gertrude, youngest daughter of Mr. and Mrs. F. W. Welling, passed away. She leaves her father, mother and two sisters. The sisters are Mrs. J. Ernest Moore, and Jean, at home.

The death of Eliza Annie, wife of Zediel Garland, aged twenty-five years, occurred at Pettitville on May 1. She leaves her husband and one child, aged three weeks; also three sisters and two brothers. The sisters are—Mrs. Roy Wortman, Amherst; Mrs. Ira Russell, Windhorp, Mass.; and Mrs. Floyd Peterson, Jackson, Michigan. The brothers are: Herbert Casey of Greenfield, Mass.; and John Casey, Michigan.

BOY KING WITH MUCH NAME

This is Somdech Phra Paramend Maha Vajiravadh Monkut Klao, King of Siam—the youth with the preposterously long name is not only the ruler of Siam, but the actual possessor of its soil, of its people and of its revenues. The present King of Siam was educated in England.

CHILDREN'S THEATRE IN AMHERST

Another of John Bradford's Community Work Plans a Success

Amherst News.—The Children's Theatre is no longer an experiment. It is a complete success and Messrs. Bradford and Kelly are open to congratulation on the success which has attended their efforts in this direction. The news reported dropped into the Express for a few minutes this morning and found the main auditorium crowded to its utmost capacity with children who were following the pictures with keen interest. The pictures shown exhibited views in Japan, and Mr. "Bunny" went to Blarney Castle, Ireland, which by the way, was a fine scenic production with a strong touch of the comical.

Pairy story productions were also on view and the moral lesson which they were amplified by Mr. Bradford. Young lady readers were in attendance to look after the little ones, and Mrs. Collins, who has kindly consented to act as matron, was also very much in evidence. Certainly the little ones were enjoying themselves heartily this morning and the pictures shown were all of decided educational value.

We understand that from week to week improvements will be made in the character of the films shown, and that the Express will be an attractive centre for the children of the town on Saturday.

The Children's Theatre is only one of the many schemes which Mr. Bradford has evolved in the line of community work during his stay in town, and Mr. Kelly, manager of the Express, co-operated with him in every way to make it a success. The afternoon which the Express received this morning is evidence that the Children's Theatre is hereafter to be one of the attractions for our little folks on their Saturday holiday.

THE MT. ALLISON FUND

Amherst News.—President Borden of Mount Allison University, Sackville, was in town this morning and the News reporter engaged in a short conversation with him. Doctor Borden expressed himself very well satisfied with the manner in which Mount Allison University is progressing. He intimated to the News representative that forty thousand dollars had already been subscribed in St. John and that city was good for ten thousand more. Charlotte town would raise from twenty to thirty thousand dollars. Sussex and other towns throughout New Brunswick and Prince Edward Island were all going to lend a hand and he expected to raise twenty thousand dollars from the friends in Amherst.

LAKE STEAMERS COLLIDE

Sault Ste. Marie, Mich., May 3.—Steamers Turret Crow and William S. Mack, both with grain cargo, collided about eight o'clock on Saturday night abreast of Round Island in Upper St. Marie's River, the Mack had just been pulled off from shore by a tug, and rounded her trip down the river. "The weather was thick and hazy," said Captain Moucheshead of the Mack, "and we were coming along rather cautiously. I had just checked down when I saw something boom up astern. It was almost on top of us when I gave the signal for the engines ahead strong, but before we could get her speed up the crash came. The Crown struck us in the stern with her starboard side, carrying away our rudder and wheel, leaving us helpless. We will have to be towed to our unloading port."

The Turret Crow was hoisted about the accident to prevent her sinking. She was temporarily repaired and brought to Sault Ste. Marie, and more substantial repairs will be made. Several plates on her starboard side opposite the boilerheads were damaged and she is leaking.

The Mack also sustained damage to several plates aft, but is not leaking in her cargo hold.

At the residence of the bride's parents, Amherst, on April 30, by Rev. Wm. M. Field, assisted by Rev. S. Young and Rev. D. J. Morrison, Clifford Jukes, of Stanley, and Eliza, daughter of Robert Green, of Plaster Rock, were married.

The Best Quality at a Reasonable Price

QUEER LONDON TRADES

The London post office directory of 1912, just issued, shows that some queer trades are followed there as a means of livelihood. For instance, there are several "monstrous" makers. Mrs. Eaton, the heading is letted Mrs. Mary Ann Eaton of Homerton, probably the most picturesque personality among those engaged in unique occupations.

Mrs. Ann as she is familiarly known, is eighty-six years old. Her husband, who was the founder of the monstrous business, died two years ago. She does not make the traps herself. This is done by the workmen she employs. Mrs. Eaton does the brain work, but is beginning to feel the strain of the work she is carrying on.

"It is too exacting for me," she said in other days, and I shall have to give it up."

The monstrous from Homerton are sent to all parts of Europe, the customers being chiefly owners of warehouses.

Another trade in which the youth of all nations have a deep personal interest is that of birch rod maker. One man has a large building in Holborn where are executed orders for thousands of birch rods, guaranteed to give entire satisfaction to the school masters during the year. The rods are sent to all quarters of the globe.

Another curious industry is that of widow's cap making, but this seems to be declining. A forewoman in a London establishment said that mourning was not observed so much today as in the past. The making of caps for widows thrived in the days of Queen Victoria, who set the fashion by nearly always appearing in one.

Another business worthy of mention is that of beetle destroyer. Lewis Phillips, the manager of a concern which recently destroyed 1,000,000 black beetles in one week, said that the firm sent its men to all parts of the world to wage war on the insects.—Columbus Dispatch.

MORNING NEWS OVER THE WIRES

One of the first acts of Sir Cecil Spring Rice, newly appointed British ambassador at Washington, has been to enter a protest in behalf of Great Britain against the provision of the Democratic tariff bill extending a preferential differential of five per cent on goods imported in American bottoms. He has called the attention of the state department to the fact that this provision is in violation of the existing treaty of trade and commerce between America and Great Britain. The clause will be omitted from the bill.

Sir Wilfrid Laurier will deliver an address in Toronto tonight.

Great Britain on Saturday took formal recognition of President Huerta's government in Mexico.

Charles Watt, charged with the murder of his sister's illegitimate child in Amherst, N. S., was committed for trial on Saturday before Stipendiary MacKenzie.

Montreal, May 4.—W. B. Chapman, a broker, well known for many years in the city's financial district, succumbed on Monday on Saturday by firing a bullet into his brain.

I am instructed to sell at No. 13 King Square, at Ottawa Hotel.

The Evening Times and Star

ST. JOHN, N. B., MAY 5, 1913. The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE HOUSING PROBLEM

In reply to an inquiry from the Times concerning cottages for people of small income, erected at comparatively low cost, Mr. John N. Ihlder, field secretary of the National Housing Association of the United States writes: "I have recently been in Grand Rapids, Michigan, where I find that a commercial builder is erecting very good one-family detached cottages at from \$1,200 to \$1,400, lots 2000 to 3000. This expense could, of course, be reduced by building the cottages in groups or semi-detached."

There is a housing famine in the city of Moose Jaw, Saskatchewan, and the situation is so serious that a committee of business men has been appointed to consider the whole question. A correspondent writes: "The plan at present regarded with special favor would enable even working-men to build their own houses with the aid of credit accommodation from the city and from the lumber companies. The plan also contemplates the sale by the city of lots on easy terms and on a non-transferable basis with a view to keeping them out of the hands of speculators."

There is also a housing famine in Medicine Hat, and a letter from that city says: "The city council sought authority from the legislative assembly to erect houses, if the need should arise, to the extent of \$100,000 per year. This authority was granted, and so far as known, the idea is unique among municipalities in Canada. The city council of Medicine Hat, however, has no desire to build houses, and building business except as a last resort. Should it be necessary, the council will submit a by-law to the electors for that purpose, and when the houses are built they will be rented to tenants—not sold and allowed to get into the hands of speculators—at a low figure, enough to provide cost of upkeep and sinking fund."

THE NEED OF THE PORT

The difficulties connected with providing the needed additional facilities at West St. John for next winter's traffic make it advisable to send a delegation to Ottawa in order that the whole matter may be placed clearly before the government. This could not be done nearly so well and certainly not as expeditiously by correspondence, since there would be many questions to ask and answer—before the whole situation would be made clear to those who have not personally witnessed the congestion of the last season, or obtained on the spot a full knowledge of the various proposals which have been considered by the citizens' committee. The grain conveyors must be constructed at berth No. 5 and 6. If there is any doubt, and there is grave doubt, whether the Conolly wharf can be completed in readiness for next winter's business, then some alternative plan must be provided. One suggestion is the straightening of the extension of berth No. 6. In connection with the whole matter there is said to be some doubt about getting enough timber to do the work. The whole situation is best with difficulty, and the best way out of it is for a delegation to go to Ottawa and place the matter very clearly before the government. Since ninety per cent of the traffic in winter is through business, the whole country is interested in seeing that ample facilities are provided; and if the conditions which have developed call for a large expenditure at this port, it is in the interest of the whole country that it should be done without hesitation and without delay.

WOMEN'S COUNCIL

In two important respects the sentiment of the National Council of Women has undergone a notable change during the last few years. When the question of children's playgrounds was first brought to the attention of the Council, comparatively little interest was shown, and for several years little was done. Gradually, however, local councils here and there began to agitate for supervised playgrounds, the council in St. John being one of the most active. At last week's session of the National Council in Montreal a good deal of attention was given to the subject of playgrounds, and the council also placed itself on record in favor of opening all school buildings as social centres. Not only so, but recommendation was adopted that the various local councils investigate the problems of childhood, with a view to securing the establishment of a federal bureau of child welfare under expert direction. The action taken by the National Council means that in every centre in Canada where a local council exists its influence will be behind all movements for the production of the welfare of children. The council is also strongly in favor of medical inspection in schools, and has declared itself in favor of having this work provided for by the governments of the provinces. The council also favors the establishment of night schools and better salaries for teachers. In thus taking advanced ground in all matters relating to the more healthy development of child life, the Women's Council will be most important factor in solving problems which are receiving far too little attention in all Canadian cities. The National Council has also experienced a change of sentiment with regard to woman suffrage. Not many years ago this question found little favor at meetings of the National Council, but last week a resolution favoring the franchise for women on equal terms with men was adopted. This action will strengthen the hands of the equal suffrage societies throughout the country, and if militant tactics are avoided it will unquestionably hasten the time when women will be given the right to vote. The National Council of Women has become a force in Canadian life that must be reckoned with, and there is great need of the influence which such an organization can exert in many directions for the public good.

MAINE AND THE TARIFF

Those who are interested in the lumber industry and the potato industry in the state of Maine are opposed to the tariff revision proposed by the Democrats, on the ground that it will injure their interests. Mr. Gurnsey, one of the representatives of the state in congress, in a recent speech dwelt upon the great value of the pulp and paper industry of Maine, and declared that the proposed tariff revision would be very injurious. In the course of his speech he said: "Great paper mills are on the eve of construction along the St. John river in New Brunswick. Pass this bill unamended and you will insure the delivery of the great wood products from more than four million acres of Maine forests to paper companies along the St. John in New Brunswick for manufacturing into a finished product to the upbuilding and growth of the Dominion of Canada, not alone for the present but for all time. Pass this bill unamended and you will prevent the development of this great raw material producing territory within the United States and prevent the development of its vast undeveloped water powers equivalent to 200,000 horse-power now running to waste."

Mr. Gurnsey also referred to the fact that the potato growers of Aroostook county received much higher prices last year than those of the Canadian provinces and in this connection said: "Add to the foreign competition the competition of Canada with her lower priced lands, lower paid labor and cheap water transportation from the maritime provinces to Boston and New York markets and it will be seen that the Maine potato grower will, under the provisions of the pending bill, suffer from severe shrinkage in his last investment, the loss of market for his product. All considered, the present 25 cents duty is none too much to properly equalize conditions with the potato producer, foreign or Canadian."

It will be observed that Mr. Gurnsey is not one of those who think that the maritime provinces would have suffered if reciprocity had been adopted. On the contrary he objects to the competition which would have taken place under reciprocity, and yet there were politicians in the province who had the hardihood to say that reciprocity would be bad for the New Brunswick farmer. We are told that the naval bill will come up again at Ottawa about the middle of the week, and that it will be forced through by closure if necessary. If that course is pursued it will be the duty of the senate to throw out the bill.

BIRTHDAYS OF NOTABILITIES

SUNDAY, MAY FOUR.
Sir Louis Davies, judge of the Supreme Court of Canada since 1901, was born sixty-eight years ago today in Prince Edward Island. He has enjoyed a distinguished career, having been successively premier of his province and minister of marine and fisheries in the dominion government.

The Hon. Gordon Hunter, chief justice of British Columbia, is fifty years of age to day. He was born at Beamsville, Ont., and went to British Columbia in 1892, where his rise has been rapid.

The Hon. C. E. B. De Boucherville, veteran French-Canadian statesman, is ninety-one years of age today. He was born at Boucherville and, as a youth, studied medicine. Since 1867 he has been a legislative councillor of Quebec and twice for short periods was premier of the province.

MONDAY, MAY FIVE.

Adam B. Crosby, a prominent citizen of Halifax, was born in Belfast, Ireland, on May 5, 1839. Coming to Halifax, he went into the ship-brokerage business. He has held office of alderman and mayor and has been returned both to the local legislature and to the dominion house.

Frederick Dane, member of the Temiskaming & Northern Ontario Railway Commission of Ontario, was born on this date in Belfast in 1881. He was for many years in the export business in Toronto.

The Hon. J. N. Kirckoff, was born in Cork county, Ireland, on May 5, 1868, and came to Canada in 1884. He practiced law at Port Hope. He went west in 1884, and took a prominent part in political affairs. He was called to the senate in 1902.

Lighter vein besides.
Socrates had dropped in on Plato, and it was about mid-time.
"I suppose," said Plato, "Xantippe is rather—"

"Yes," hastily interrupted the old philosopher, "and she's deaning house—besides!"

Prevailing diseases.
Ma's health is in an awful way.
We none of us dare leave her;
The doctor told us yesterday
That she had Suffrage Fever.

Pa's eyes are just no good at all,
He has conjunctivitis;
He's read and read since early fall
About this Suffragette.

Tom's chucked his job for fair, I think;
"Great paper mills are on the eve of construction along the St. John river in New Brunswick. Pass this bill unamended and you will insure the delivery of the great wood products from more than four million acres of Maine forests to paper companies along the St. John in New Brunswick for manufacturing into a finished product to the upbuilding and growth of the Dominion of Canada, not alone for the present but for all time. Pass this bill unamended and you will prevent the development of this great raw material producing territory within the United States and prevent the development of its vast undeveloped water powers equivalent to 200,000 horse-power now running to waste."

But sister's in the worstest way,
Her brains are just afloatin'.
She's on the rampage every day
For some place to do votin'.

Now For Your Summer Home

After the 1st of May moving we get inquiries about second hand stoves for the summer cottages. How expensive is that old stove that you buy that some one has thrown out? It won't give you the pleasure you look for when you go to the country. It will smoke, it won't bake right, and in general it is an inconvenience to your pleasure. We have this Hummer, a four-hole cook stove that won't take up much room and is a guaranteed baker at \$12.75. Then we have them at \$17.00 and \$20.00, and if you are looking for a stove it will pay you to look over our line. We also have Oil Stoves of all kinds.

AN ORANGEMAN'S VIEWS

In the Orange Sentinel of April 10 James Bryan of Gillingerton, Ontario, writes as follows:
"Editor Sentinel—Your paper reaches me through a friend and I beg to state that in my opinion it would have a much wider circulation both among members of our order and among Protestants generally if you did not take such a one-sided stand in politics. I do not understand why you can ask members of our order to support the Borden-Rogers-Pelleier-Nantel-Bloodin combination. The three latter represent the church party in the province of Quebec. In my humble opinion our order was duped in the last dominion election. Many Orangemen in Canada will refuse to support said combination in the next fight."
"So far as Sir Wilfrid Laurier goes, I believe he has always tried to be fair to all classes and creeds."

IN ST. PETER'S

The formal opening of the May devotions in St. Peter's church took place last evening. The congregation filled the church to the doors. The services consisted of the recitation of the rosary, vespers and solemn benediction, with Rev. Charles McOrmick, C. SS. R., celebrant, assisted by Rev. E. J. Holland, C. SS. R., and Rev. F. J. O'Regan, C. SS. R. There was also a lengthy and impressive proce-

MORNING LOCALS

William P. McFarlane, who was arrested some time ago on suspicion of setting a number of fires, was taken to the Provincial Hospital, Lancaster, on Saturday, on an order from the police magistrate. On Saturday afternoon a horse attached to a carriage bolted while traveling down Burpee Avenue and collided with a telegraph pole and the front of Mr. Wade's drug store in Wall street. The occupants, Mrs. Charles Lawton, of Richey street, and her daughter, Mrs. D. H. Ellison, of Summer street, were thrown out. Both were badly bruised and shaken, and Mrs. Lawton fractured her arm.
Fire in a barn used by Thomas Brown in the rear of 289 Main street last evening caused damage to the extent of \$100, covered by insurance.
Dr. Wilkes, Mrs. Wilkes, Miss Dorothy Nason and Dr. McNeil reached St. John at seven o'clock last evening coming in Dr. Wilkes' automobile from St. Stephen, which place they left at eleven o'clock a.m.

MUSICAL MILITARY EVENT AT OPERA HOUSE TONIGHT

The Artillery Band concert at the Opera House tonight will be an event of much interest. The programme includes the work of some of the best composers. The vocal portion will be supplied by Miss Bienda Thompson and a ladies' quartet composed of Misses Stammers, Brown, Blanch and McLean. The concert is under the auspices of Lieut.-Colonel B. R. Armstrong and officers of the regiment.

GEORGE SCOTT SPEAKER AT THE EVERY DAY CLUB

George Scott at the Every Day Club last evening pointed out to the boys that there were several things they could do much easier than men. For one thing they could learn more quickly. Many a man who let his boyhood pass without gaining knowledge and some day set out to learn found it far more difficult than it would have been to the boy. It was easier also for the boy to tell the truth and cultivate the habit of truthfulness. Mr. Scott said it was a singular fact that while men might naturally be expected to shape their lives as to get the most real satisfaction out of life, yet they loaded themselves with habits which as they grew older they felt must be persisted in, though in the process they were starving their higher nature and failing to make the most of their lives. The speaker referred to the fact that the boys of the club would this week begin their baseball season and expressed the hope that they would in the fall be the better for their summer play and ready to enter upon another pleasant winter in the club rooms.

LONDON PAPER BUYS 480 ACRES IN ALBERTA

Demonstration Farm As Model Place To Train Settlers

Reynold's Newspaper, of London, which advocates the emigration of crowded London to Western Canada, has purchased 480 acres of land near Castor, and will demonstrate the possibilities of farming in Alberta.

The deal for the land was consummated in Calgary by Mrs. Hamar Jackson, a London writer, representing the newspaper, and the land department of the C. P. R.

Mrs. Jackson has taken over the property at Castor. She expects to go to Edmonton to consult with Hon. Dunning Marshall, minister of agriculture, and later, with the experts in the employ of the department of natural resources of the C. P. R. as to the best methods of development.

Mrs. Jackson is enthusiastic over her newspaper experiments.

"London, as you know, has a population of 7,000,000," she said, in an interview. "At least, 1,000,000 of these are not wanted, and are anxious indeed to better their conditions. But they do not know how to go about it, and it is the mission of my paper to put before them details of this country, where they can make a decent living, and are not under the necessity of living from hand to mouth."

"Everyone knows that the working classes of Great Britain are the most thrifless classes in the world. That is not their fault, but the fault of the conditions which govern their lives from which it is difficult for them to escape. Living from day to day, as these people do, they have no money to pay their passage to Canada, and it would seem advisable for the government of Canada, which wants population badly, to do something in the way of assisting intending immigrants to Canada."

"Now the Australian government has very lately adopted the most energetic measures to induce immigration to the commonwealth. For \$15, it will carry its immigrants to Australia, while it costs two or three times that amount to bring immigrants to Canada, which is so much nearer."

"Lately the Australian government has bought ground and is erecting handsome buildings in the very business heart of London at the cost of several million dollars, how much I would be afraid to say."

"If Canada desires the immigrants it should make some arrangement whereby those who cannot afford the expensive trip would be assisted to come out here. An economist recently placed the value of a new immigrant to a country at \$200, and Canada, therefore, adds to her capital account with every new arrival the sum of \$1800."

"In a recent article in Reynold's, the advantages of Canada were outlined and free passages offered to the paper's readers. In reply to that one article 2,000 letters were received, and 600 taken under consideration, showing in some little way the desire of old country people to emigrate to this country."

Mrs. Hamar Jackson showed some of the articles from her pen in various publications, all of which indicated careful thought in describing the conditions in different parts of Canada.

The latest creation in women's hats now being shown by a Los Angeles millinery establishment has two pheasant tail feathers which are both nearly fifty inches long.

DAVID A. DALEY MEETS DEATH AT PETTINGILL WHARF

David A. Daley, foreman for H. S. Gregory & Sons, Alvedore, was killed on Saturday night at Pettingill wharf. The cause was a fall from a beam while Mr. Daley was superintending the removal of one of the heavy cargo stages to the wharf it swung around and crushed his head against the warehouse. Death was almost instantaneous. His brother Fredrick and his son Hollis were working with him and were among the first to reach him.

Mr. Daley, who was 54 years old, is survived by his parents, in Los Angeles, his wife and ten children.

The children are: Walter S., William R. and Sydney L., of Montreal; Allan A., of Kirkland (Wash.); Hollis C., David S., Kenneth E., Alice M., Marguerite W. and Annie M., at home.

Rev. E. E. Daley, Halifax, Fredrick and Thomas, of this city, are brothers-in-law. Mrs. Robert Munro, of New York, was sister.

NEAL CURE

FOR THE DRINK HABIT

THE NEAL TREATMENT

Is The Latest Improved, Most Up-to-Date and By Far The Best Treatment For The Drink Habit In The World To-Day

It Is a Physician's Treatment!

The Neal has no equal. It is pre-eminent. In point of time, only three days, it appeals to every drinker. No hypodermic injections. It takes away all craving, desire and appetite for liquor, causing the former drinker to lead a sober life thereafter. Dr. J. F. Landry, a noted Canadian physician, says of the Neal—

"It simply has no equal, and therefore should not be compared to any other known medication." To gain admission to the St. John, N. B. Neal Institute you will have to arrange with Mr. Hopburn, the manager, for a room in advance. Write, wire or phone 1083, for free booklet, sent sealed. Everything confidential.

LOCAL NEWS

DEATH OF MRS. SCOVIL
Member of Family Noted in History of Kingston
The death of Mrs. Frances Scovil, widow of Rev. William Eliza Scovil, has removed one of the most respected and best known residents of Rothesay and marks the passing of one of a family which has been intimately connected with the welfare of the Church of England in Kingston parish from the days of the Loyalists.

HELPING THE NEW COMERS

London, Ont., May 5.—A welfare league has been formed here as an auxiliary to the Charitable Organization Society. It will furnish credit for necessities for immigrants who arrive almost daily in the city. The plan is to furnish to the new comers orders for credit for food and necessities of life on credit against future earnings.

LABOR MATTERS

The strike situation is about unchanged. The textile workers, including the licensed tugboat men, dredge workers and engineers, met on the west side yesterday afternoon and decided to continue their strike. Organizer Jones addressed the meeting.

TELEPHONE SUBSCRIBERS

PLEASE ADD TO YOUR DIRECTORY
Main 2429-1—Bennett, Harry F., Res. 187 Duke.
Main 1575-1—Boven, P. A., Res. 141 Princess; number changed from Main 238-1 to Main 1575-1.

FOR SALE

FOR SALE—The steam ferry boat "Doubtless" for one or two, on Main street, near Douglas Avenue; bath, electric lighting and telephone. For particulars, phone 1728-1. 4-11.

MONTEON BUSINESS MEN

WILL DO WORK ON ROADS
Moncton Commercial Club is planning big things for the roads leading into the city. It has been arranged that all the members of the club and all citizens who care to join them shall meet on early morning during the present month—the sooner the better—and make a clean up of all the bad places between Moncton and Shediac. For this purpose, picks and shovels are already being procured and citizens who own autos will be asked to furnish them with tires.

BASEBALL IN WOODSTOCK

As a result of good interest taken in the matter by representative citizens, Woodstock is to have baseball during the coming season. It is a true saying that baseball will advertise a town that has a good name as nothing else will. The feeling was expressed at a meeting held in the Southville office on Friday night, that the Woodstock Baseball Association was formed with S. L. Lyonn, president; J. P. Maloney, secretary-treasurer; and J. H. Lyonn, manager.

CONDENSED DESPATCHES

Tokio, May 5.—A Japanese aviator named Takeda, who recently returned from America, was killed at Osaka yesterday. He had just landed his plane when it was struck by lightning.

DR. TOWNSEND TO LECTURE AGAIN

Moncton, May 5.—Dr. Townsend, superintendent of the Jordan Memorial Sanitarium at River Glade, will deliver an illustrated lecture in the First Baptist church tomorrow night under the auspices of the Christian Brotherhood. Some time ago he lectured in St. Bernard's Hall on the "Great White Plague" and the lecture proved so popular that Doctor Townsend's services as a lecturer have again been sought. Students from the high schools and other schools in the city will attend and it is expected that Mayor George will preside.

CONSTITIATION Can Be Cured.

You cannot expect to be well if you allow your bowels to become clogged. What is necessary is to have a free motion of them every day, and to keep them in this condition all the time if you wish to be strong and healthy. If you don't keep them open the system will become clogged up with poisonous matter, and produce constipation, headache, dyspepsia, bad blood, etc.

DR. SCHOLL'S CORN PLASTER

DR. SCHOLL'S CORN PLASTER
will remove any corn, no matter how old, how thick or how low, without the use of a knife or any other instrument. It is a package at all Drugstores.

TORONTO PURCHASERS OF WESTMORLAND HEIGHTS

Westmorland Heights has been purchased from Armstrong & Bruce by a Toronto syndicate and it is understood that it is their intention to place it on the market in building lots at an early date. This is the old Jardine property opposite the One Mile House on the Marsh road.

A NEAR RIOT IN LONDON

London, May 5.—Wild scenes of disorder occurred today in a demonstration in Trafalgar Square under the auspices of the Free Speech Defense Committee. The police tried to prevent speeches from the Nelson Column, and only the intervention of James Keir Hardie, socialist and independent member of the House of Commons, who was chairman of the meeting, prevented a serious riot.

YOUNG MOTHER STEALS FOR SAKE OF HER BABY

Truth in Pathetic Tale in Boston Court is Rewarded by Leniency

Boston, May 5.—A pitiful and truthful story told by pretty Mrs. Elizabeth M. Corrie, seventeen years old of Haverhill, secured sympathy and leniency for her when she was called in the second session of the Municipal Court before Judge Cohen.

The young woman, who is an Italian, was arrested by Inspector Abbott, chief of the department store force, who charged her with the larceny of articles valued at \$25 from a department store.

When her name was called in court she stood up, and the long list of articles in the complaint was read to her. When asked if she was guilty or not guilty, she said: "Yes, sir, I stole all those things, but I am very sorry I did it, and hope I will not be sent away to the jail."

There was a conference, in which Inspector Abbott, the attorney for the department store and a probation officer figured. Judge Cohen requested an officer to open the dock door and bring the defendant over to him.

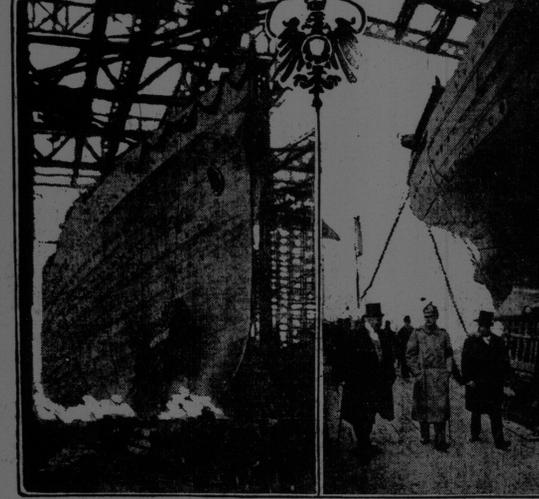

"Yes, sir, I'm guilty. I did steal all those things, but please sir, don't send me away," spoke up the young wife before the judge had time to ask her a single question. The defendant told Judge Cohen that she was not eighteen yet, that her husband had been out of work a long time, that a baby of two weeks was at home, and that it was only Monday that her husband secured employment in New York at his trade.

After the judge asked her a few questions and advised her in a fatherly manner, the young woman said: "I know, sir, I should not have stolen, but I did, and I truly did have to steal. I have no clothes. I needed a dress badly, and my baby must have clothing, and I had no money to buy anything, so what could I do?"

When the store detectives and attorney said the young woman came to Boston to steal, the defendant said: "Oh, sir, I came here to steal, but I'm very sorry, and will never do it again." The story told by the police is that the young woman's first theft was a suit case. After she got that, she went to a counter and stole a coat for herself, valued at \$7.50.

Then she went to another counter and stole a skirt worth \$8. She put these in the suit case, and then went to the counter and stole a pair of shoes worth \$1.50. She then went to another counter and stole a pair of infant's shoes, worth \$1. She placed these in the suit case, and in the act of leaving the store when she stopped and stole the last article, a bunch of sweet peas, worth \$1.50, in the center.

WORLD'S SUPER-GREAT LINER LAUNCHED IN GERMANY

The "Vaterland" leaving the ways at Hamburg, Germany. On the right are Emperor William and Prince Rupprecht on the way to perform the christening ceremonies. The "Vaterland" is the world's largest passenger steamer; 800 feet long, 100 foot beam, speed 22 1/2 knots—and will have life boats to accommodate 6,000 people.

MARITIME LUMBER DIRECTORS AND FUTURE POLICY

Company Which "Cannot be Successfully Operated by English Board" Has Valuable Assets Which Have Grown Considerably

(Cor. Montreal Financial Times.) Halifax, May 1.—The statement in the last issue of The Financial Times, emanating from London, to the effect that the directors of the Canada Trust Corporation, of which the Maritime Lumber Company is the chief asset, frankly admitted to the shareholders that the Canadian lumber business could not be managed from London, and that they were negotiating with three different groups in Canada to buy the concern, is strictly correct.

The properties of the Maritime Lumber Company are situated in this province and embrace a total acreage of 314,424 acres, with a total estimated yield of 600,000,000 feet of lumber, including hardwood. This is one of Nova Scotia's most important and valuable lumber properties. It is estimated that 80 per cent. is fireproof.

Increased in Value During the last two or three years this property has been very little worked and consequently has increased in value. It contains six mills, three of them in working order, viz.—Lawrencetown, Sherbrooke and Musquodouit. The acreage is divided as follows:

Table with 2 columns: Location and Acreage. Includes Sherbrooke (70,000), Lawrencetown (39,000), Musquodouit (38,000), and others.

Three years ago, the Bank of Nova Scotia, being interested, secured the services of A. Charet, an expert, to make a valuation of the property. He placed the figures as follows: Lawrencetown—\$34,000; Mill, plant, land—\$23,000; Sherbrooke—\$183,750; Lands—\$140,000; Musquodouit—\$200,000; Timber, land, mill, dock, eteamboat—\$187,000; Lawrencetown—\$184,000.

This gives the property total a conservative valuation of about one million of dollars. The English directors of the company came to Halifax last winter and went carefully over the company's position. Their opinion was that the business cannot be successfully conducted from the other side of the water in no doubt a correct one.

YARMOUTH INDUSTRY HAS GROWN GREATLY

The Cosmos Cotton Company's Large Addition Completed and Partially Equipped

(Yarmouth Light.) The large addition to the Cosmos Cotton Co., which was begun a year ago, is now completed and partially equipped and is without doubt one of the largest and best equipped of the kind in Canada.

The new part is connected with the old mill on the north, and extends 313 feet with a depth of 75 feet. It is three stories high, built of brick with concrete foundations, hard pine timbers and floors of white maple. Work began in June last, since which time a small army of mechanics has been steadily employed.

A large cotton warehouse has been built on the eastern side of Water street opposite the mill, 160 feet by 60 feet, with a storage capacity of 3,000 bales of cotton, which at the present time is almost full. Storage room is also provided for finished goods. In a separate room of this building is a machine for picking the cotton to the mill, 160 feet by 60 feet, with a capacity of 5,000 pounds, by which bales of cotton are quickly transferred from one part of the building to another.

Large entrances are also provided on the eastern side of the building near the railway track for convenience in receiving and shipping cotton, etc. Interesting feature of the equipment for fire protection. This building is the first of its kind in the neighborhood of 80,000 pounds of cotton duck per week, the first week's output was about 5,000 pounds. The machinery is the very latest pattern, practically all of the preparatory machinery being of British manufacture; of special interest being two heavy looms, one of which weaves a strip of heavy duck 2 1/2 inches wide, and the other 1 1/2 in. wide.

Commencement of work has been finished in the new building and is occupied by the management in a few days. The growth of this industry has been phenomenal. Started in 1883 in a small way by Yarmouth capitalists, as the Yarmouth Duck & Yarn Company, in 1890 it outgrew the quarters and the Milton Woodworking Company building to the south was purchased. This was filled with machinery and operated until 1907, when on account of pressure of business it was found necessary to enlarge again. At this time a large addition was made to the original mill and the machinery was taken from the woodworking building and operated in the mill proper. The engines here are renewed at this time and it was thought there was plenty of room for many years to come. In a short time however, it was found necessary to again enlarge, and the present plant which embodies the latest and best ideas in this class of industry, is the result. In 1902 the company was re-organized and American capital interested, the name being changed to the Cosmos Cotton Company.

At a reunion of an old milled club of twenty years ago, held in Hopedale, N. Y., most of the former members brought their husbands and children along.

GOVERNMENT LOANS OF \$685,000,000 READY TO LAUNCH

Foreign Governments Contemplate Aggregate of Borrowing of Astonishing Volume—How Will Canada Fare?

(Financial Times, Montreal) It may be of interest to Canadian municipalities to know that the foreign government loans in contemplation make the astounding total of \$685,000,000. Of this, it is estimated, that France will borrow \$200,000,000, in addition to its railway loans. Turkey needs \$120,000,000 and China \$220,000,000.

It is also estimated that the German war tax will take \$200,000,000 from the German contributors. Against this is the accumulated savings withheld from investment during the past six months of uncertainties, and the money hoarded in Europe variously estimated at \$300,000,000 to \$400,000,000.

It is evident, therefore, that apart from the millions of dollars required by railways, industries and municipalities the world over, there will be a big drain on the money available for investment, and it is quite possible that the European money markets will be swamped by public flotations and that with so much demand for funds the rate of interest will have to be unusually high to attract the investor.

List of Requirements We give below a list of contemplated government loans so far as they are now known: France, \$200,000,000; Turkey, \$120,000,000; China, \$220,000,000; Serbia, \$80,000,000; Morocco, \$60,000,000; Brazil, \$50,000,000; Switzerland, \$60,000,000; Montenegro, \$60,000,000; State of Bahia, \$50,000,000.

Total, \$685,000,000. The question is, how will Canada fare with this overwhelming amount of gilt-edge security for sale? A BUSY SUMMER. Things in Campbellville will be humming this week when practically all the shingle and long lumber mills will be in full operation. There will be much more lumber to go out in these mills this summer than last, owing to the Richards mills, also the Shives Athol mill, having a large quantity of logs left over from last year's operations. This enables these mills to start sawing earlier than usual. With the mills in operation and a large number of men employed at the building of the new bridge, Newcastle will experience a busy summer.

NORTH SYDNEY BUSINESS SECTION IS FIRE SWEEP

Loss of Quarter Million is Estimated and Percy Sayce, Nickel Manager, Burned to Death

North Sydney, May 4.—The entire business block of North Sydney bounded at one end by the Marine railway and at the other by Archibald avenue was destroyed by fire at an early hour this morning. Every principal business in the town is gone except the large department store of Voight Bros., and the buildings of the Royal and Nova Scotia banks.

The loss is estimated at a quarter of a million dollars. One life was lost, that of Percy Sayce, who managed the Nickel Theatre. He was turned to death in the Vendome Hotel, where he was a boarder. He was a native of Birmingham, England.

The blaze started in the rear of a fruit store in the Salter block, corner of Archibald street and Commercial, and that the adjoining buildings were all ablaze before the alarm was sounded. A high wind was blowing from the northeast and the flames soon were gaining great headway.

It was soon evident that the local fire brigade was practically a disorganized force, the chief being away, and the deputy chief sick at home and the rank and file absolutely unable to cope, in any definite manner, with so serious a proposition. C. Q. D. messages were sent to Sydney Mines, and Sydney. Three buildings had been totally destroyed by the time the Sydney firemen appeared upon the scene.

The individual losses follow: The Salter block, \$12,000, insured. D. A. Smith, ship broker, Lewis Magistrate, and several family tenants, loss not reported. McMillan & McCallum, block building, \$600, insured \$500.

McCallum, druggist stock, \$60,000, well covered, loss mainly account books containing \$2,000 of accounts. Opp Book Store, \$1,000, insured \$2,000. McKenzie & MacMillan, barretiers, part of extensive library. C. & W. Hackett, ship brokers, suffer big loss in complete destruction of some of most valuable shipping records kept on file in Nova Scotia.

Kirk & Whitman, brick block, general dry goods, building, \$10,000, stock, \$12,000; both well covered. Collins Building, three-story wooden building. R. A. Hey, fruit confectionery and ice cream parlors, \$8,000, insured \$4,000. Scott Bros, bakers, \$12,000, insured \$7,000. C. W. Lovett & Co., books and stationery, \$5,000, insured \$3,000. G. A. Maloney, boot and shoes, best part of stock removed.

IN THE CATHEDRAL

Rev. A. W. Meakin last evening gave his last address on Church History to the men of the Holy Name Society in the cathedral. He had not completed the course, but before the day of the next meeting comes around he will be in charge of St. Andrew's parish. Last evening he part of Queen Elizabeth's reign and then briefly referred to the society's monthly meeting during the last seven years, and to his review of the history of the church.

Taken in connection with the many dates which attach themselves to the priesthood, he said, it had been at times onerous work but always a pleasant task, and the large attendance and kindly attention always had been encouraging. He would look back on those meetings with extreme pleasure. At the nine o'clock mass His Lordship Bishop LeBlanc referred to the ecclesiastical changes announced some days ago, and spoke highly of Rev. Dr. Meakin.

After the meeting of the Holy Name Society last evening a committee was appointed to collect subscriptions for a purse to be presented to Rev. Dr. Meakin. James Barry was elected chairman, T. M. Burns secretary and Timothy Collins treasurer. Rev. Father Howland celebrated the eleven o'clock mass yesterday.

The Bank of England has been under military protection every night since 1791.

BRONCHIAL COUGHS

result from inflammation of the delicate bronchial tubes which clog with mucus—pneumonia easily follows.

SCOTT'S EMULSION works wonders in overcoming acute bronchitis; it stops the cough, checks the inflammation, and its curative, strengthening food-value distributes energy and power throughout the body.

Insist on SCOTT'S for Bronchitis. Scott & Bowne, Toronto, Ontario, 12-10

The GIN Distilled at Mother Nature's Breast

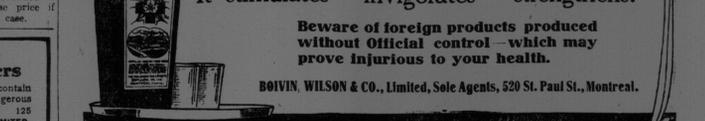

The Canadian Gin produced from the finest selected Western Grains and choicest medicinal Juniper berries imported from Holland.

RED CROSS

FINEST CANADIAN GENEVA Distilled under Government Control.

Perfect—rich in quality, absolute in purity; has a pleasing flavor, is properly aged and healthful. It stimulates—invigorates—strengthens.

Beware of foreign products produced without Official control—which may prove injurious to your health. BOIVIN, WILSON & CO., Limited, Sole Agents, 520 St. Paul St., Montreal.

THE KIDNEYS ARE TO BLAME WHEN A WOMAN'S BACK IS NOT STRONG.

Women are coming to understand that weak, lame and aching backs from which they suffer are due to wrong action of the kidneys. The kidneys are overtaxed—given more work than they can possibly do—when they cry out in protest through the pain in the back.

When the back aches and pains it is almost impossible to do her housework, for every move and turn means pain. On the first sign of backache Doan's Kidney Pills should be taken so as to avoid all this suffering. Mrs. Harvey W. Brownell, Northport, N.S., writes: "I now take pleasure in writing you, stating the benefit I received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad at times I could not sweep my own floor. While looking for a cure, I saw Doan's Kidney Pills, so I thought I would try a box or two. I did so and found great relief. After using five boxes I was completely cured, and I am very thankful to have found so speedy a cure."

Price, 50 cents a box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The F. Milburn Co., Limited, Toronto, Ont. When ordering direct, specify "Doan's."

INVESTIGATING MATTER OF FREE PRINT PAPER FROM B. C. CROWN LANDS

Edmonton, May 5.—Thirty-five members of the Mackenzie clan, whose forbears migrated to Maryland with Lord Baltimore, 200 years ago, have come to engage in mixed farming in Central Alberta. Eighty families of the same clan will follow.

Norman Mackenzie, leader of the advance contingent, said that the clan was attracted to Oklahoma territory twenty-five years ago and was successful in farming operations until five years ago, when the crops began to fail as the result of drought and grasshoppers. The men in the party now in Edmonton are typical Highlanders, tall, heavy and agile. They speak the Gaelic language perfectly, but with an accent which makes it somewhat difficult for their countrymen to understand at first hearing.

Arthur Minson of Hyde Park, Vt., has made 345 gallons of maple syrup from 900 trees.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses Are Taken. Sleep disturbing bladder weakness, back ache, rheumatism, and the many other ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, relieves all such disorders because it removes the cause of the trouble. It soaks right into the kidneys, through the walls and linings, cleans out the little filtering glands and cells, and gives the kidneys new strength.

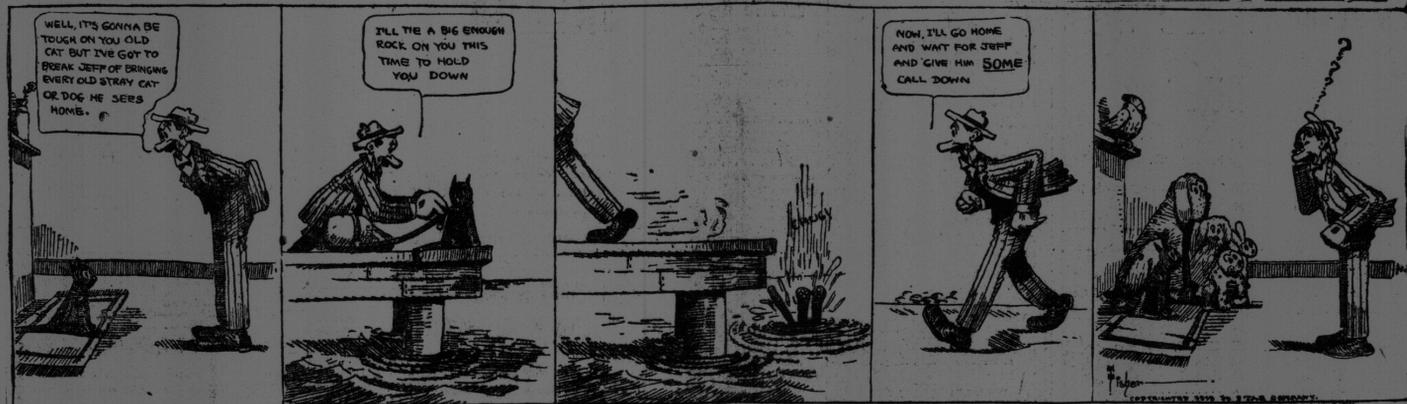

Whenever you feel a headache coming on take NA-DRU-CO Headache Wafers

They stop headaches promptly and surely. Do not contain opium, morphine, phenacetin, acetanilid or other dangerous drugs. 25c. a box at your Druggist's. NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED.

SPORT NEWS OF A DAY; HOME AND ABROAD

THE RIFLE

City Rifle Club. The St. John City Rifle Club held its first spoon match at the local rifle range on Saturday afternoon. The weather conditions were somewhat difficult and handicapped to a considerable extent the work of the marksmen, but some good scores were made for the first shoot. The winner of the spoon in Class A was Rev. J. J. Pinkerton, with a score of 97 points out of a possible 100; second, Major McRobbie, score 88; Class B, the winner of the spoon was Major W. C. Magee, 89 points; second, Staff Sergeant Alfred Bentley. The club will hold weekly spoon matches from now on at the local rifle range.

FOOTBALL

Local Match. A benefit game of football for Humphrey Jones, who is in hospital, was played on Saturday afternoon on the Marathon grounds between the St. John team and the Caledonians. The former team won 4 to 0. There was a large attendance. His Worship Mayor Frink put the ball in play. The game was a good exhibition.

CRICKET

St. John Team Wins. The St. John cricket team defeated the West Indian Club on the Barrack Green Saturday in an interesting game. The score was 143 to 12.

E TURF

In Fredericton. The Fredericton Park Association of officers is likely to undergo a change. Stranger things have happened, so reports go, than for President Hugh O'Neill to resignable presidency and become the secretary of the association, the position being usually that of manager. Trainer William Shearon is expected to arrive here from Woodstock the first of next week and will establish his public training stable at the Trotting Park. He will have a large and apparently a very strong racing stable. President O'Neill announced today that it had been decided to hold races here on June 1 and 2 and that the program would be made up of two races and a matinee event each day. The classes will be 230, 222, 217 and 214 all mixed events.

THE RING

Of St. John. Joe Egan, who has developed into a clever boxer will meet Mickey Devine in Lawrence. The winner of the bout will be matched to box Steve Kennedy. The final bout will be between Eddie McDonald of St. John and Terry O'Rourke. News of the Boxers. One Round Davis and Soldier Kearns has been matched to box in Suffolk on June 2. Manager Al Lippe of New York is to sail for Australia on June 3 with Al Kaufman, Frank Longfroy and Jeff Smith. George Brown and Lee Hosok are billed for a bout in New York next Wednesday night. The Gunboat Smith and Jess Willard bout has been postponed by Promoter Coff of San Francisco till May 16.

BASEBALL

In Bangor. A meeting of men interested in seeing Bangor represented in the Maine and New Brunswick baseball league was held at the Chamber of Commerce rooms, on Thursday evening and was attended by a good number of enthusiasts who listened with interest to the plans as explained by Frank Leonard, who will manage the St. John team and who has been devoting the last fortnight to assisting Bangor to make a start. All were interested in the statement of Mr. Leonard that all teams must have a backing of not less than \$1,000, for such is the rule adopted in order that there shall be every probability that all will continue throughout the season. Usually in other years Bangor has been bothered by other teams dropping by the wayside but at present the other cities that will be in the league have strong associations already formed while Bangor is yet in the process of evolving an association. However, everything should be moving soon now. Mr. Leonard reported on Thursday evening that he had pledged between \$50 and \$600 of the required \$1,000. Some of the gentlemen present at the meeting thought that Mr. Leonard should be assisted in the work of disposing of stock and it is probable that a local committee will take hold of the matter. The money will be turned over to the treasurer of the association, who will be elected by the stockholders. Players Well Known. Host of last year's Fredericton team, in its first New England League game for Brockton against Worcester, made three hits, one a two-bagger, scored twice and

took twelve felding chances without an error.

For Lynn against Lawrence on Thursday Joe Neptune made two hits, seven assists and no error. Frank Harrington was called in as a pinch hitter in the ninth and got around the circuit with one of the runs that tied the game.

First baseman Gansel helped the new Portland, Me. team to win from Gray's club in Lowell, 12 to 4. Gansel had two hits and a clean sacrifice and assisted in a double play.

Larry Conley is doing some pitching for the Boston College team, and held the Middlebury, Vt., team to a single run in the three innings he was in the box on Thursday. The Boston Globe says he had wonderful cross fire outshoot. He had hit and a stolen base, two put outs and one assist. Bob Criley was not in the hit column but fished perfectly with two put outs and two assists.

Operation on Jake Stahl.

Boston, May 5.—Manager "Jake" Stahl of the world's champions Red Sox team will be operated upon in Boston today for a bone growth in his foot, which has kept him out of the game at first base. Stahl will be unable to go with the team this week on the first western trip and Captain Wagner will direct the men on the field.

Stovall Suspended

Chicago, May 5.—President Johnson of the American League last night announced the indefinite suspension of Manager Geo. Stovall of the St. Louis club for his clash with Umpire Ferguson in St. Louis during Saturday's game with Cleveland.

Exhibition Game.

In an exhibition game at Baltimore yesterday the New York Giants defeated the Brooklyn Internationals, 7 to 0. Batters—Crandall, Shupp, Wilson and Hartley; pitchers—Crandall and Shupp.

National League—Saturday.

At Brooklyn—Brooklyn 4, Boston 1. Batters—Rucker and Miller; Gervais and Whaling. At Philadelphia—Philadelphia 7, New York 2. Batters—Chalmers, Killier and Doon; Mathewson and Myers.

At Pittsburgh—St. Louis 6, Pittsburgh 2. Batters—Steele, Harmon and McLean; O'Toole, Robinson and Simon.

At Chicago—St. Louis 10, Chicago 8. Batters—Perritt, Salles, Willis, Cathers, Konechey and McLean; Ritchie, Humphris and Archer.

At Cincinnati—Pittsburgh 1, Cincinnati 0. Batters—Adams and Kelly; Fromme and Clark.

American League—Saturday.

At Boston—Washington 2, Boston 1. Batters—Johnson and Ament; Bedient and Cady, Nunnemaker.

At Detroit—Chicago 6, Detroit 4. Batters—Berry, Russell and Schack; Hall, House, Stange and McKee.

At New York—Philadelphia 8, New York 6. Batters—Hosok, Dash and Thomas; Schuis, Keating, Klepfer and Sweeney.

At St. Louis—Cleveland 11, St. Louis 8. Batters—Baskette, W. Mitchell and Carsh; Hamilton, Adams, Allison, Stone and Agnew.

American League—Sunday.

At Chicago—Detroit 2, Chicago 1. Batters—Dubuc and Stange; White, Lange and Easterly.

At Cleveland—St. Louis 4, Cleveland 3. Batters—Baumgartner, Agnew, Alexander and McAllister; W. Mitchell, Stone, Land and Carish.

International League—Saturday.

At Baltimore—Doubleday 1, Baltimore 0. First game—Baltimore 8, Toronto 4. Batters—

McGraw's Review of the Big Leagues By JOHN J. MCGRAW Manager of the Champion Giants

In discussing the American League, I am going to begin at the bottom, or what is the bottom now, and work up. Frank Chance came to New York this spring and the necessary to make a ball team. His pitching staff, in particular, has disappointed him. Two youngsters have done all the good work so far this spring. They are Schultz and Keating. Two men on whom he depended much have fallen down. One of these will be traded when the right time comes.

Chance has got away to a bad start. He will admit that himself. He did to the other night, as a matter of fact, when the New York American League club was playing Boston in New York and the Giants were appearing across the bridge, so we will be operated upon in Boston today for a bone growth in his foot, which has kept him out of the game at first base. Stahl will be unable to go with the team this week on the first western trip and Captain Wagner will direct the men on the field.

What changes he mentioned it is not for me to announce. Some players on the club have been in town at the same time. But the manager of the Yankees has not sprung any alibi. He has made no excuse for the showing of his club. He is sitting silent and planning.

"There are going to be some changes in the team," he said.

Many writers are the same way. I have had experience with such men myself. Then there is another veteran on the team with whom Chance is dissatisfied. I do not even want to mention the position he plays for fear that many readers would guess his name, and it is not for me to act as the mouthpiece of Chance before he makes his own plans public.

This player is scheduled to have the scalp placed under him, too, as soon as an advantageous opportunity crops up to make a good trade. The Giants sized up this player when we met the Yankees in a post season series in 1910.

When the Giants were in Boston recently, Stallings got to talking about Chance and his hopes of doing anything with his ball club this season.

"There is one pitcher on the club," said Stallings, "who is rated very highly. But the team has to carry him. When his club is down near the bottom, his name is down near the bottom of the list of pitchers."

Jim Johnstone Was a Star Pitcher Before He Became an Umpire

By TOM ANDREWS

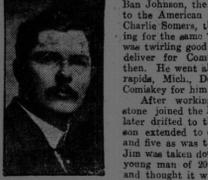

Jim Johnstone, who left the National League umpire staff because he could not work in harmony with President Tom Lynch, and who has been making such a hit in the American association this season, became a hander of the indicator by chance.

Back in 1884 when Charlie Comiskey had the St. Paul Club in the old Western league, which later developed into the American League, Jim Johnstone, then a pitcher, was twirling good games those days for the pitchers had to deliver for Comiskey, as he carried only a small staff then. He went along nicely, but later was shifted to Grand rapid, Mich., Detroit, then having made a dicker with Comiskey for him.

After working for the Deacon for quite a time, Johnstone joined the Newark team of the Eastern league and later drifted to the Pacific coast, where the playing season extended to eight months instead of four and a half and five as was the case those days. While on the coast Jim was taken down with malaria and from a strapping young man of 200 pounds he was reduced to 160 pounds and thought it was all over. It was a hard fight, but the warm climate finally began to benefit him and he gained slowly. He was too weak to get into the game and pitch, but one day it was suggested that he might help himself by umpiring.

Jim thought over the matter and wondered how he would fare against some of the rough ones if he made a poor decision, but finally he decided to take a chance and he did. He umpired a game for two teams and got through so well that he gained courage. With his daily exercise came back his strength and it was not long before he was back to his old form. His umpiring has been a success. He received offers from managers to get back into the harness again as pitcher, but after thinking the matter over he determined to stick to the indicator. He soon had an offer from the big league and remained there for several years, the break coming with President Lynch last fall.

"It might have been my luck to become a \$10,000 pitcher," said Jim while talking shop one night, "but I guess I am just as well off as one of the umpire brigade, for I will last longer this way."

Jim Johnstone

Our Great Fire Sale Continues

LOCAL NEWS

FOURTY HOURS.
The devotion of the Forty Hours will be begun in the Church of the Assumption, Carleton, on next Friday morning.

APPOINTMENT.
John W. Murphy, of 57 Peters street, has been appointed temporary cashier for the division of St. John. His duties will commence tomorrow morning.

AT THE HOSPITAL.
It was reported at the General Public Hospital today that the condition of Thomas Graham, who was injured at Sand Point last week, remains about the same. He is very weak.

THEIR LITTLE ONE DEAD.
The sympathy of the friends of Mr. and Mrs. William Duggan will be extended to them in the death of their eight-month-old son, Arthur E., which occurred on Saturday at his parents' residence, Fairville.

HAD FOR THE TROUT.
Frederick Mail:—Residents of the Nashwaak are complaining that saw-mills in the vicinity of Stanley are dumping sawdust in the Nashwaak River in violation of the law and want the practice discontinued.

WILL LEAVE THIS WEEK.
H. V. McEld, janitor for the I. C. R., will leave this week for San Francisco to attend a conference of the Brotherhood of Railway Trainmen as a delegate from the local union. Delegates will be present from all parts of the United States and Canada.

BURIED ON SUNDAY.
The funeral of Charles H. Jackson, Jr., took place yesterday afternoon from his father's residence, Dorchester street. Rev. R. P. McKim and Rev. William Lawson conducted the services and interment was in Fernhill. Members of the Knights of Pythias attended the funeral in a body.

DENOMINATION DAY.
Denomination day was observed in German street Baptist church yesterday, when the work of the Baptist church at home and abroad was reviewed. Rev. Dr. W. E. McIntyre and Rev. F. S. Porter spoke on missions, in the morning, and Dr. Simson Spidle of Acadia College, spoke in the evening on educational work.

DOG LICENSES.
Dog licenses expired with the first of this month, but, so far, of the 1,500 dog owners in the city only thirty odd have turned up at City Hall to secure their renewals. The dog tags this year are square with rounded corners. The license fees for the present are \$1.00 and double these amounts after July 1.

POLICE COURT.
In the police court this morning before Magistrate Ritchie, four men, charged with drunkenness, were remanded and a woman, arrested on Saturday for begging in Brunsell street, was sent to the Home of the Good Shepherd for the weekend period. A deposit of \$8 was forfeited by a man who was arrested for drunkenness.

THIRD ANNIVERSARY.
An enjoyable surprise was given by about sixty of their friends to Mr. and Mrs. Leo Kennedy in their living room on Friday evening when they called upon them to congratulate them upon the third anniversary of their wedding. During the evening on behalf of those present, John W. Gibbons presented to them a handsome parlor chair, for which the recipients expressed their thanks. A delightful time was spent in music and dancing.

CITY HALL PAY DAY.
The official semi-monthly payroll disbursed at City Hall today was made up as follows:
Official \$1,503.38
Ferry 790.00
Sundry Dept. 872.91
Police 1,436.66
Fire and Salvage Corps 1,239.69
Malflet 142.48
Total \$6,017.62

CARLETON WEDDING.
A very pretty wedding took place on May 1, when Rev. Geo. Ross united in marriage Miss Emma F. Campbell and Geo. B. Campbell, both of Carleton. Miss Gertrude Williams was bridesmaid and Carol Bonnell was best man. The bride was dressed in gray silk and carried a bouquet of carnations. Mr. and Mrs. Campbell will reside in Montreal. The groom's present to the bride was a check, to the bridesmaid a pin, and to the groomsmen an amber cigar holder and cigar case.

AWAY TO BOSTON.
The steamer Governor Cobb took a large number of passengers for Boston on Saturday night. Among those who stood on her deck as she left the wharf were E. M. Sipprell, Frank White and Mrs. White, Mrs. Charles Dummer, who was called to Boston by the illness of her sister, George F. Day, Harry Ervin, of the Standard; James Coulon, of the Telegraph staff, and many others, including some going to witness the boxing championships. A young colored man and his bride were the objects of much interest as they waved their farewells to friends on the wharf. An unusually large number of people were at the pier when the steamer sailed.

LAYING RAILS NOW ON KANE'S CORNER LINE.
Excellent progress is being made on the Kane's Corner extension of the street railway, and the company have started laying the rails from the outer end of the line. It has been found necessary to do considerable rock cutting at the head of the hill near Egbert street in order to bring the top of the rails on a level with the road, as the rock runs very close to the surface at this point and the ties and rails together are fifteen inches high. The excavation between Kane's corner and Egbert street is now nearly completed.

COMMISSIONER'S PLANS FOR HAYMARKET SQUARE.
The claims of Haymarket Square are not to be overlooked this summer and the commissioner of public works is planning some improvements to add to the attractiveness of this spot. The fountain, which was broken last year by a runaway team, will be rebuilt and repaired and the grass plots will be put in order and the flower beds attended to. The growing importance of the centre of the city and the increased traffic in that section of the city would seem to justify some efforts to present as good an appearance as possible at this approach to the city.

TWO-OF THE HARRINGTON BOYS TO THE PITCHING STAFF OF MARATHONS

Announcement of Other Good Men For The St. John Line-up in N. B. and Maine League

The Marathon team is assuming more definite form as the opening of the season draws near, and when the practice begins in a few days near Boston a strong line-up will be presented, and by the time the team reaches this city for the beginning of the N. B. and Maine League games baseball with gilt edge trimmings should be the order of production. That is the outlook today. Word received from Bangor is to the effect that that city has "warmed up" to use an expression of the diamond, and will have a snappy aggregation in uniform while this fact has been a reality for some time as regards Frederickton and Calais-St. Stephen.

The local team will have several new men in the line-up and the pitching staff should be particularly strong. Two of the latest recruits to the Marathon club bear the significant name of Harrington. They are Joe and G. brothers of Frank. Two other pitchers have also been signed recently, one being Harry Wallace of Calais, N. J., and the other Deidrich, a big six-footer from Philadelphia, both of whom, from the descriptions given of their work in other seasons, should be well able to give a worthy account of themselves.

Percy Thakern, who last season was with the Fall River club, will be on the job as catcher, having been signed the latter part of last week, and another addition is J. Gillespie, of Manhattan college, who will hold down second base and vicinity. In this connection it might be said that two old favorites with local fans, McGovern and Pinkerton, may possibly be with the team again this season; although the first named two will be on hand for the opening games. The suspension has not yet been raised on Pinkerton, and definite arrangements for the transfer of "Mac" have not been made, but both of them are anxious to get back with the home team. It is thought that Tarbell will also be on the pitching staff, and when the team is rounded into shape, it is expected to be quite a formidable aggregation.

NEW SUPERINTENDENT OF THE YORK MILL

Walter Drake, Designer of Canada Mill, Coming to St. John

Corwall, Ont., May 5.—(Canadian Press)—Walter Drake, designer in the Canada mill of the Canadian Cottons, Ltd., for the last nine years, has been appointed superintendent of the Corwall and York mills at St. John, N. B.

Mr. Drake will take charge of the York cotton mill and will fill the position of W. H. Buckley, who left to take a position in the United States. Since his going W. Armstrong has been superintending the work. Both the Corwall and the York mills, Mr. Drake comes here well recommended.

THE BARBERS, WAGES AND PRICE OF A SHAVE

The local union of journeymen barbers met yesterday afternoon in their new quarters, Oddfellows Hall, and the question of the union and responsibility for the advanced price of shaving was discussed. There has been some comment recently in regard to the raising the price of a shave in some instances the cause of the increase has been attributed to the formation of the local union of journeymen, and their demand for increased wages.

Speaking to a Times reporter this morning the secretary of the union said that, although it was the intention of the union to ask for an increase of pay for their men, no new schedule of wages had yet been presented to the employers and would not be presented until after the middle of June. It was the intention of the barbers then, he said, to strike if their bosses were not willing to accede to their demands.

ACCEPTS CALL TO REV. DR. GATES' CHURCH

Baltimore, Md., May 5.—Rev. Dr. O. C. S. Wallace, formerly of Nova Scotia, who has been pastor of the first Baptist church here for the last four years, announced yesterday that he had accepted a call to the Westmount Baptist church in Montreal.

Rev. Dr. Wallace was chancellor of McMaster University, Toronto, from 1895 to 1907.

OUR READING IS IMPROVING

Toronto, May 5.—"Canada buys more books, per head, than any other English speaking country," said John Lane, a London publisher, who was here on Saturday. "I felt that when here three years ago, but I am more than ever convinced of it now," he added, "and the encouraging part of it is that so many serious books are bought."

THE STEAMERS

Pickford & Black liner Briardene sailed yesterday afternoon for the West Indies via Halifax with a cargo of lumber and general freight.

The Mirross liner steamer Kanawha will get away tonight at midnight for London via Halifax with general cargo. The Mount Temple, the last of C. P. R. steamers from this port for this season, sailed on Saturday for London and Antwerp with a record cargo of grain, lumber and general freight.

Steamer Oruro, of the Pickford & Black line, sailed from Bermuda last night for this port with a large cargo of general West India freight.

The steamer Benin will sail this evening for South African ports with a full cargo of general freight.

TAILORS ARE BUSY IN OUR MEN'S TAILOR SHOP

But not too busy to make you the best suit of clothes you ever wore for \$25, \$28 or \$30 from your own choice of a fine lot of this season's woollens.

Said a man whose measure we took one day last week. "I want to be sure you won't send it to a factory to be made." Our people told him he need have no fear, because this is a real Custom Tailoring Shop and not a place for taking a man's measure (physically and otherwise) also his money, with factory in the back-ground ready to make his suit.

Here custom-made means made by tailors. Our showing of Spring woollens—fancy weaves and black and blue surges—is very fine and our prices are the lowest for which they can be made up in the same excellent way.

MEN'S BUSINESS SUITS TO MEASURE	\$18.00 to \$35.00
MEN'S EVENING DRESS SUITS TO MEASURE	30.00 to 35.00
MEN'S FROCK SUITS TO MEASURE	25.00 to 35.00
MEN'S TROUSERS TO MEASURE	5.00 to 9.00

KING STREET COR. GERMAIN **GREATER OAK HALL**
SCOVIL BROS., LIMITED St. John, N. B.
