FREDERICTON AND VICINITY.

Record of Current Events About Town.

Heavily Fined for Selling Liquor to Indians.
The Prince William Railway—The Rain and the Drive.

Big Blueberry Trade.
During August 2,110 bushels of blueberries were shipped from Fredericton Junction to Boston per the N. B. R. The value of the berries per car was \$3,475.50.

Miscellaneous Comments.
Miserable Comforters is the subject of the story which the Rev. T. DeWitt Talbot will deliver at East Hampton, Long Island, to-morrow. The sermon will appear in tomorrow's Gleaner.

Fredericton Exports.
There was exported from Fredericton during the month of August, just closed, goods to the value of \$20,177, as compared with \$15,170 for the corresponding month of last year, being an increase of \$5,007.

The Rain and the Drive.
A fine quarter of Mr. Robert Connors drive is hung up a little below Grand Falls in a large log jam. The remainder of it, however, is on the way down, and running slowly along. Mr. Connors, who is in town today, believes that the heavy rain will break up the jam. Nearly all of Mr. Connors' drive is hung up at the Falls also.

The Prince William Railway.
A member of the St. John River Valley Railway Company informs The Gleaner that the necessary documents in connection with the construction of the road have been signed and returned from Ottawa to the company. This being the case there will be no excuse now for any delay in the building of the road, and it is to be hoped that the work will be pushed along with vigor.

Customs Revenue.
The customs revenue of Fredericton for the month of August just closed shows a decrease of \$250.50 as compared with the corresponding month of last year. Following is the comparative statement—

	Value.	Duty.
1897	\$55,177	\$429.55
1898	52,679	349.56
Difference, 1898, 1897	\$2,498	\$80

He Paid for His Beauty.
W. A. Lindsey, of St. Mary's, was before the police magistrate yesterday afternoon, charged with selling liquor to an Indian. Commissioner Farrell appeared for the prosecution, and Lindsey defended himself as best he could. Two witnesses were examined, and the evidence convinced the magistrate. He was fined \$100 and costs, which he paid soon afterwards.

Normal School Students.
Nearly all the applicants for admission into the Normal school have arrived in the city to undergo the entrance examination which opens in the school building on Monday. There are about 250 applicants in all. The majority of the passengers on all the trains today were students. They come from all directions. A large number come from the North and Western from the North Shore.

Transcript to Times.
At Father Michael's place at Soudon the other day, an election, in which J. T. Hawke, of the Acadia Transcript, and E. T. Stevens, of the Times, were the contestants, was one of the principal features. After about three hours voting, the result was announced as follows—

	J. T. Hawke.	E. T. Stevens.
Majority for Mr. Hawke.	263	197

Excursion and Picnic.
The Marguerite, the first of the Burton Lodge, L. O. G. T., are arranging for a grand excursion and picnic, to be held on Tuesday, 11th inst. The steamer Florence will have been chartered for the occasion and will convey the excursionists down the river to the beautiful grounds near the Ferry and Titus at Upper James, where the day will be spent. The boat will leave the city at 10 o'clock, calling at all the usual landings. The Fredericton Press has been engaged to furnish the music.

On a Fishing Cruise.
Messrs William Chestnut, Fletcher Tremblay and John Kelly have gone off on a fishing cruise. The three propose making, it is said, only been made once before. Benjamin Waugh enjoying the excursion, it is intended to go up the Tobique in their canoe to Moulton Lake, where they propose staying for a few days, and then returning to Fredericton by the Moulton River.

Here's Three Attached.
Here's three attached to the Times this morning, or more correctly a portion of it. Several of the employees were left behind, the manager having been away on a business trip. The paper was not delivered until this morning. The paper was not delivered until this morning. The paper was not delivered until this morning.

The Albert Maplet Comes to Once more with eight large and beautiful holiday number. Besides giving its usual big budget of local and general news, it contains much original matter, of very readable character. The Maplet is one of the best of the kind in the Maritime provinces, and is a welcome addition to the list of newspapers in the city.

Church of England Picnic.
About eight hundred persons attended the Church of England Sunday School picnic up the Newkirk on Thursday. The weather was delightful and all seemed to enjoy themselves immensely. In the afternoon the usual sports were carried on, and were participated in by many of the children. Some of the contests were very exciting and much enjoyed by the older ones. The base ball match, the result of which will be found in our sporting column, was perhaps the chief attraction of the day. The only unpleasant feature of the whole affair was the disagreeable conduct of one or two drunken roughs, who engaged in several fights, and were, with difficulty, put off the grounds.

Another Interesting Ceremony.
A quiet ceremony of St. John Thursday morning, at 4 o'clock, when Mr. Wm. Jeffrey, of St. Mary's, was married to Miss Helen Wallace, of that city. Only the immediate friends of the contracting parties were present. They included the groom's father, Rev. Mr. Jeffrey, and the bride's father, Rev. Mr. H. H. Fenwick, of Fredericton, and the friends and relatives of the bride, who were given away by her brother, Mr. W. B. Wallace. Rev. Canon De Tabor performed the ceremony, after which Mr. and Mrs. Jeffrey boarded the eastern train for P. E. Island. Upon their return, they will occupy the new residence in St. Mary's, erected last summer by Mr. Jeffrey.

FROM THE COUNTRY.

News from the Districts About Us.

As Reported by Our Active Correspondents.

Accidents, Personal Intelligence, and Things in General.

UPPER KESWICK.
Said this farm—A Temperance Picnic on the River.

UPPER KESWICK, Aug. 30. One of our popular neighbors, Mr. John Jones, has sold his farm to Mr. Hyde, who is a little way from Keswick, and has gone to Keswick to see the river. John was well liked and people improving on beds of sickness will miss his kind and genial company. His absence was greatly regretted by the sowing class.

A Temperance picnic will be held on the grounds of Mr. Hyde, at or near Keswick, on the 4th of September. The proceeds to go towards Union Lodge No. 234, I. O. T.

BLACKVILLE.
Big Blueberry Picnic—Personal Intelligence—On the River.

BLACKVILLE, Aug. 30. W. H. Tridley is buying lots of blueberries and shipping them to the Fredericton cannery. The station road has been partially tarred and is otherwise improved. A much needed culvert was also put in. A Craig is engaged painting the fence of the Fredericton church yard. This might have been done earlier in the summer as well as now.

Mrs. H. M. Balkan and Miss Marshall, of Chatham and New Brunswick respectively, arrived in Blackville on Monday. Mr. Edward Carroll, having sold his farm, stock, etc., to John Donald, left on Monday with his family for St. John, Minn.

Thus, Grady, Jr., no doubt believing that a certain bird in the hand was worth more than all others in the bush or elsewhere, quietly followed the party to the farm, and was seen by Mr. Carroll. The happy couple joined the others in the journey west. We wish them every success.

NEW MARLYND.
Big Weather for the Crop—Better Road—Wanted—Cannery for the House—Desires a New Child.

NEW MARLYND, Aug. 31. Good weather today for finishing hay and ripening the grain. Our crops, excepting early corn, are in good shape. The potatoes are in the ground and the potatoes are in the ground. The potatoes are in the ground and the potatoes are in the ground.

We would like the local government, with its numerous resources, to make some improvement on the Marlynd road, which lies within the city limits. It is true they have a fine class of supervisors, James Brown, Esq., but he cannot repair roads without money.

Mr. H. M. Balkan, one of our residents, has been confined to his house all summer with a lame leg. He has quite a large family, and his wife has been very sympathetic for him by cutting around his leg.

Death has entered one of our homes and taken the only child of Mr. and Mrs. Charles Wood. Rev. A. J. Mowatt preached the funeral sermon at the house, and was assisted by Mr. Mowatt. The funeral was held at the house, and was attended by a large number of people.
