IMPORTANT!

Respectable Representation to Health of
West Island, Hampshire, and other places
as per 17th Nov. 1889.

From the few of the frontiers of letters
we have received, from those who have
been to the health of the West Island, Hampshire,
and other places, we make a few extracts.
We hope that the thousands of Canadian men and women who
are suffering from nervous and wasting
diseases, will profit by these letters and
obtain statements of fact.

D. S. Davidson, of Montreal, suffered
for years with nervous dyspepsia, pain in
his back, and sleeplessness. He tried
doctors without relief, was losing his strength,
and had almost given up heart when he
commenced the use of Dr. Davidson's
Compound. "Now," he says, "I am a new
man. I sleep well and my food does not
hurt me."

Mr. J. C. Murray, 302 St. Charles-Borromeo
Street, Montreal, was weak and nervous,
had no appetite, and could not rest at night.
His nerves were soothed and strengthened
by Dr. Davidson's Compound, and he soon became
well and strong.

Annie Goulet, of River Beaudette,
P. Q., found the Compound a certain cure
for her weakness, and now feels as well as she
ever did.

A customer of Harrison Bros., druggist,
Hamilton, Ont., told them that he was
entirely cured of nervous weakness by the
use of two bottles of the Compound, and
after everything else had failed.

The little child of Mrs. G. E. Meredith,
75 D'Arcy St., Toronto, was cured of St. Vitus'
Dance by Dr. Davidson's Compound.

A Bolted Door

May keep out tramps and burglars, but
not Asthma, Bronchitis, Coughs, Croup,
and Croup. The best protection against
these uninvited intruders is Ayer's
Cherry Pectoral. With a bottle of this
famous preparation at hand, Throat
and Lung Troubles may be checked and
serious Disease averted.

Thomas G. Edwards, M. D., El Paso,
Texas, writes: "Of the many prepa-
rations before the public for the cure of
croup, coughs, bronchitis, and kindred
diseases, there are none within the
range of my experience and observation,
so reliable as Ayer's Cherry Pectoral."

John Meyer, Florence, W. Va., says: "I
have used all your medicines, and
nothing has done me so much good as
Ayer's Cherry Pectoral. It saved my
life some years ago."

M. B. Ryan, M. D., Chicopee Falls,
Mass., writes: "Ayer's Cherry Pectoral
has proved remarkably good in croup,
croup, and whooping cough, and
is invaluable as a family medicine."

ROBB'S STEEL FURNACE

Is the cheapest and best heating apparatus for country dwellings. Being covered with brick it does not damage roots in cellar, the heat being carried up steadily into rooms during the night even after the fuel has burned low. This furnace being made of PLATE STEEL is most durable, and being simple in construction does not permit of smoke or gas escaping, while it has a great advantage over more complicated furnaces, by the interior being kept free from soot. This is the reason why it will radiate as much heat after being used for some time as it will when first set up. There is great economy in fuel, and much labor saved in cutting the wood; in fact, it will burn wood that cannot be split or used in any other way.

We use only American Registers.

Sackville's New Building.

The Baptist Church.

The building committee of the Baptist church have been considering the tenders for the new edifice to be erected on their property on Lower Main St., and have awarded it to the Wood Manufacturing Co. Ltd. of Londonberry, whose tender was \$4,800. The dimensions are: front 14 feet, side 38 feet with a spire 100 feet high surmounting the southern corner of the front. On the opposite corner a small turret projects which nicely balances the architecture of the sides. The outside of the church is to be finished with clapboards and the roof and spire with shingles.

The basement provides for a Sabbath school room seating 250. A prayer meeting room, class room and facilities for conducting tea-meetings, etc.

The church proper will seat in all 410, allowing room for a choir of 20. The pews are to be of ash, finished with oil, and appropriate shades to be added for trimmings. A baptistry 7 1/2 feet long and 3 feet 8 in. wide will be placed beneath the pulpit. In every particular the plans and specifications provide for a very tastefully and prettily arranged church. Work will be commenced at once, and will be finished by Dec. 1st, 1890.

The Conservatory of Music.

The time for receiving tenders for the Conservatory of Music at Mt. Allison has been extended to 8th of March. The building is to be a frame, one, three stories, with a stone basement and will extend from the main building to York St., forming a counterpart to Lingley Hall. It will be 82 feet long by 36 feet wide and surrounded by a stone wall. On the first story is the entrance, ante-rooms, general convocation hall, and gymnasium; the two latter apartments being so arranged as to be converted into one by moving the sliding partition. This will give a room free from all seats 20 feet long. The building will be paneled and the sides protected by high wainscoting. The material used will be stained and varnished hard wood.

The upper two floors have twelve large rooms for classes and about 28 smaller rooms for music pupils. The floor will be on the same level as the main building and can be reached without going outside. An elevator for handling pianos will be put in. Hot water will be used for heating purposes.

Opening of St. Alban's Church, Fort Lawrence.

The new Episcopal church at Fort Lawrence was formally opened at 3 p. m. on Sunday last. The service was commenced by singing hymn 240 "Pleasant are Thy Courts Above" after which the Litany was said. The Rev. V. E. Harris of Amherst gave an interesting address in which he referred to the history of the church in that vicinity, the first service being held in 1744.

The Rev. C. F. Wiggins of Sackville, followed, speaking upon Baptism or the entrance into the church of God. He pointed out the instructional use of symbols in the architecture of the church and explained how each one illustrated an important truth.

The Rev. H. A. Harley, of Pictou, remarked upon the after duties of those admitted to church, their devotion, moral accessories and needed instruction.

The last address in the absence of Rev. J. R. Parkinson was delivered by Rev. H. Howe the clerical representative of Kings College, Windsor, who spoke of the duties of prayer and prayer, and associations that cluster around the altar. The building is a very pretty one and is finished in the interior in beech, ash, spruce and pine, with ornaments of imitation cherry and walnut. It cost about \$1,000. Service will be held each alternate Sabbath and on Thursday evening. All seats are free.

They are now making a pair of heavy truck wagons for Page & Anderson, of Matagui, B. C.

Sackville Temperance League.

The Annual Meeting—Aggressive Steps to be Taken.

The annual public temperance meeting under the auspices of the Sackville Temperance League was held in the vestry of the Methodist Church on Wednesday evening 19th inst. A large audience was present and the meeting was one of more than usual interest. The chair was occupied by Dr. Inch and music was furnished by the choir. After prayer by the Rev. Mr. Hall, the chairman briefly addressed the meeting referring to the advancement in the cause of temperance along the lines and expressed his firm conviction in its final triumph. He then introduced the Rev. Dr. Shaw of Toronto who delivered a very interesting and forcible address, a mere outline of which would not do justice. The Dr. proved himself to be thoroughly conversant with the whole subject, and in an interesting manner sketched its history in his own province; graphically described the attitude of the average politician to the temperance cause, and advised the temperance people to use their influence at the polls. He showed the rumrunner no favors and logically proved the traffic to be the cause of society. His convincing arguments, outbursts of eloquence and sallies of humor were loudly applauded. The Rev. Mr. Woodworth of Manitoba delivered a short address after which the Rev. Mr. Goodspeed of St. John was introduced. His address was pointed and convincing. He proved that the rum interest was opposed to the best interests of society and must finally be overthrown by the will of the Almighty as wrought out through the efforts of Christian people. His advice was "vote as you would wish to pray." After other brief addresses the meeting closed and the annual League meeting for the election of officers was held. The League is in a prosperous condition. The executive committee express their intention of doing some aggressive work during the year. Thompson on Truman Ave. is president and Mr. Chas. Lund secretary.
