## DOUBLE HEADER AT MIDDLETON

### Bridgetown Wins Morning Game. Middleton Afternoon Match. Large Crowds Present

About four hundred baseball fans from this town journeyed to Middleton last Saturday and witnessed our boys administer the first defeat of the season to Middleton's famous nine. Two games were played, the first at eleven o'clock and the second at five-thirty.

The first game was one of the best ever played in the Valley and was witnessed by one of the largest crowds of the season. The batteries were announced as follows: Bridgetown—Malcolm and Austin. Middleton—Dodge and Appleby.

No score was made up to the end of the fourth inning, but in the beginning of the fifth Bridgetown started a batting rally and succeeded in getting two men to the home plate. In the sixth Middleton tied the score and excitement at this period was at fever heat. Dodge began to weaken and in the seventh he was hit pretty freely and our boys scored no less than four runs. Malcolm practically won his own game in this inning, when he made one of the longest hits of the season, getting three bases and bringing in Donaghy and Marshall. Middleton succeeded in getting one man home in the ninth, making the score six—three in Bridgetown's favor.

Malcolm pitched one of his best games this year and was well supported, and his batting during the day was a surprise to even his strongest supporters. Both the infield and outfield played excellent ball and were on their toes all the time. Practically no errors occurred on either side.

Middleton used two pitchers in the morning game, Dodge and Vaughn Reagh. Dodge pitched seven innings, and was relieved at the beginning of the eighth when Vaughn Reagh went into the box. Both pitchers received good support but the onslaught of Bridgetown's players proved too much for them.

Malcolm had nine strikeouts to his credit, and Dodge five, Reagh two. Seven hits were secured off Malcolm, nine off Dodge. Dodge walked four men and Malcolm none.

One regrettable feature of the morning game was when the Manager of the defeated team had H. T. McKenzie ordered off the grounds for trying to settle an argument regarding a decision handed down by the base umpire. The Manager offered to apologize after the game, but this did not please Harry McKenzie's many friends who demanded an apology through the public press. The manager was not even in uniform and his action was unsportsmanlike and regretted by the executive of Middleton's team.

Davidson, from Berwick, umpired the game to the entire satisfaction of both teams, and Max Young, Bridgetown, as base umpire.

The second game was not as interesting as the first, as the result became a forgone conclusion, or nearly so, before the fourth inning was reached. In the third, the Middleton boys got a line on Goodhew and got three hits in succession with one man down and scored two runs. In the fourth inning the situation went from bad to worse as Middleton had eight men up to bat, six hits were made off Goodhew and four runs scored. Middleton's remaining run was scored in the eighth. The local boys gave good support but Goodhew was found very freely in the second, fourth and seventh innings.

Davidson, of Berwick, and Burrell, of Kentville, handled the game to the satisfaction of all.

## CAPTURED ON FORGERY CHARGE

### Colored Gentleman of Many Aliases Arrested at Lequille Charged With Victimizing Small Dealers in Halifax

A colored gentleman, Nathan Mitchell, alias Hamilton Jack, Clark and Hill was apprehended at Lequille at the home of Angus Mitchell and taken back to Halifax by Chief Detective Kennedy and Detective Reyno to answer to charges of wholesale forgery. Mitchell, while in Halifax, is said to have passed some five or six cheques ranging in amounts from \$100 down to \$15, carrying with him an alphabet of stamping machine making cheques "Canada Steamship Co.", "Board of Pensions, Canada", etc. The method was crude but he got away with it over a number of small dealers.

After some days Mitchell disappeared and a search at the residence of his wife's family as the Guysboro road failed to disclose any trace of the missing one. He was heard of in Bridgewater and pursued by the arm of the law across the Mountain. Doubling on his tracks by using a short cut road, he evaded his pursuers, but was heard of later at Sheffield Mills, Kings County. From there he went to Middleton thence to Bridgetown, doubling back to Middleton again. On Wednesday night he came back to a house in the vicinity of Bridgetown and remained there some hours, taking the night train to Annapolis and going out to Lequille. Descriptions had been sent to police all over the Province so he not gradually closing in on him, the final act coming when Detectives Kennedy and Reyno accompanied by Sheriff Edwards and constable Miller effected his capture as stated above. This was about 12:30 Thursday morning. The prisoner was brought to Bridgetown. Chief Bishop was aroused and opened the jail portals for the reception of the prisoner. Some nine hours later he enjoyed a motor drive back to Halifax.

Mitchell had been previously served a term in Dorchester was well acquainted around the Province and his ingratiating ways won him food and shelter for some time.

## WEDDING BELLS

A very pretty wedding took place on Wednesday, June 25th, at the home of Mr. Henry B. Lockhart, when his daughter, Florence Genevieve, was united in marriage to Bernard Guy Eisner, of Bridgetown, N.S. The ceremony was performed in the drawing room amid a profusion of potted plants and flowers.

The wedding march was played by Miss Doris McKennie, cousin of the bride. The bride's niece, little Mabel Ferguson, of Northport, dressed in pink organdie over silk, acted as flower girl. The bride and groom entered the room together. The single ring service was used, the Rev. Dr. J. H. Line, of Mount Allison Faculty, assisted by Rev. T. E. McLennan, of Leicester, officiated.

The bride looked very charming in a pretty dress of white canton crepe, carrying a bouquet of maiden hair ferns and roses, and wearing a wreath of orange blossoms.

Immediately following the ceremony an informal reception was held, after which Mrs. J. H. Line sang very sweetly, "Beloved 'Tis Morn".

The guests then repaired to the dining room, where a very recherche luncheon was served. While the register was being signed, the orchestra rendered several selections.

The bride's going away costume was of navy tricotine with hat to match. Amid a shower of confetti the happy couple motored to Oxford Junction, where they took the train for different points of interest in the Province. On their return they will reside in Upper Granville, Annapolis County.

The bride was the recipient of many useful and elaborate gifts, including, money, cut-glass, silver, etc., showing the high esteem in which she was held by her numerous friends. The groom's gift to the bride was a substantial cheque, to the flower girl a gold locket and chain, and to the organist, a brooch.

## IMPEROYALS PLAY HERE SATURDAY

### Fast Aggregation of Halifax Baseballists Play Local Team. A Fast Game is Expected

The Imperoyal baseball team play the local team here on Saturday afternoon at four o'clock, weather permitting, and a rattling good game is expected as the visitors have a fast and speedy aggregation. A game well worth seeing is promised and a good attendance from all interested in baseball is looked for. It has been the constant care of the local baseball management to see to it that the public in general gets a good run for its money at the various games played and there can be no doubt that excellent ball has been put up this season and outside teams brought in for games have all been high class exponents of the game.

The MONITOR understands that it is the intention of the baseball management to continue to give the public the best possible brand of ball that public patronage will permit. There is a good deal of expense involved in bringing in good outside teams for exhibition games and the matter must be regulated by attendance. So turn out on Saturday afternoon and give the best possible patronage and help to ensure a continuance of high class games during the season.

## ACCIDENT NARROWLY AVERTED

### Mrs. Phinney and Daughter Had a Narrow Escape When Their Car Goes Overbank

What might have been a very serious accident occurred at Paradise on Friday afternoon. Mrs. Harvey Phinney and her daughter Jessie, of Lawrenceville, were passing over Leonard's Bridge, when another car, going in the opposite direction, came suddenly around the bend of the road. Mrs. Phinney was driving the car. She turned out and the wheels sunk in the soft sand on the side of the road, at the top of the steep bank. It was impossible to turn the heavy car out of the sand before it came to the very edge. Mrs. Phinney stopped the engine and the car turned over the side and landed on its wheels below. The top was broken and windshield smashed, otherwise the car was not damaged.

Neither Mrs. Phinney nor her daughter were injured, although Jessie was badly shaken up.

This should serve as a warning to motorists of the danger to themselves and others, of not sounding the horn at turns in the road.

The authorities should realize the dangerous carelessness of no railings on either side of a bridge in a narrow road and steep banks on both sides.

## HOUSE AND OTHER BUILDINGS BELONGING TO SEAMORE RITCEY DESTROYED BY FIRE

The house and adjoining buildings of Mr. Seamore Ritcey were destroyed by fire early Thursday morning. The furniture from the rooms on the first floor was saved, but scarcely anything from the second floor.

It is supposed that the fire caught from a defective fuse, and must have burned for some time before anyone was wakened.

The roof of the house had been shingled the same week. The loss was about \$6,000. Insurance about half that amount. Mr. Ritcey was scorched severely about the face.

## CLOSING EXERCISES WESLEYAN UNIV.

### Graphic Account From Rev. Dr. Jost of Class of '62. Graduate 100 Years Old present

Mr. Editor:

In reply to your request for a few remarks with reference to the visit of Mrs. Jost and myself to the Closing Exercises of the Wesleyan University, Middletown, Conn., I am pleased to say we had a very pleasant, and indeed a memorable time, in every respect.

Leaving home on Wednesday, the 14th ult., we reached Middletown about half past five o'clock Thursday afternoon, and soon found our way to a very comfortable home provided for us, on College Street, quite near to the University buildings. When I went, in 1882, to the Wesleyan as a student, the College plant consisted of only three buildings. At present there are fifteen or more fine buildings scattered over the College campus, all doing duty in various departments of College work. On three evenings of the week, all these buildings were illuminated by thousands of electric lights of all colors, attached to towers stretched among the magnificent trees and buildings, making a sight not soon to be forgotten.

Only five members of my class were present at one class meeting. So far as we could ascertain, there is only one other member of the class now living, Mr. S. P. Hatfield, whose headquarters are in the Army Building, New York. His army duties prevented him from joining us. Of the five referred to, three are preachers, Rev. Dr. Caldwell, of Chicago; Rev. Dr. Bennett, of Hilton, New York, and myself. John Narrowsay, a native of Pictou, a retired and pensioned teacher of the Ontario schools, and J. E. Andous of the Arlington Chemical Works, Yonkers, New York, make up the remaining two. I cannot speak too highly of the kindness and liberality of Mr. Andrews, who did so much to make our meeting a success. Mr. Andrews is well known as one of the most successful business men in the United States. He told us that was to electricity and the saving of waste products were to be the chief sources of wealth in the future. His success as a man of business has been along these lines.

I met several times Mr. Cornelius Cole, who, if he lives until September, will have reached the one hundredth mile stone of life. The University honored him with the degree of doctor of Liberal Arts. Mr. Cole was the principal speaker at the Alumni banquet. He confined his remarks chiefly to his relations, as a member of U. S. Congress, with President Lincoln, and his presence on the platform when Lincoln delivered his well known Gettysburg address. Mr. Cole remarked that when the President closed his speech, which was entirely extempore, there was no hand clapping on other sign of appreciation. It was not until the address, taken by reporters, was printed and read by the people, that the nation began to realize and appreciate its deep and fundamental importance.

Mr. Cole belongs to the College Class of 1847, and took the long journey from California in order to be present at this College closing. I had the pleasure of helping to initiate him into the membership of two College Societies.

## FIRST VESSEL SHIPMENT OF CEDER FROM HERE TO BOSTON

The tern schooner J. Scott Hankinson, a fine craft 212 tons net, commanded by Capt. Moore, arrived here on Thursday evening and has about completed the loading of a cargo of about fifteen hundred, fifty gallon casks of the high class cedar vinegar manufactured by M. W. Graves & Co. This is the first ships cargo of this class to be sent from here to the United States although previously carload lots have been shipped to Uncle Sam's Domain.

The schooner will leave probably on Thursday or Friday for Boston.

Don't forget the sale of food and ice cream at the Baptist parsonage Thursday, July 6th, at 6:30.

## REDUCTION IN FREIGHT RATES FORECASTED DR. L. J. LOVETT, M. P.

It is believed that the efforts of L. H. Martell, M.P., and Dr. L. J. Lovett, M.P., have been a strong factor in securing a reduction of 10 per cent in freight rates. This presumably applies to export rates on fruit to Europe.

Dr. Lovett states that the order has not yet been issued by the Railway Board but evidently expects it as well as further reductions in rates.

A WOMAN'S WORK IS NEVER DONE

It Seems So in Many Cases and Good Health is Always Necessary

Viscount, Saskatchewan.—"I took Lydia E. Pinkham's Vegetable Compound for weakness of the female organs. I had pains in the back and bearing-down pains in the abdomen and was in a general run-down condition. I could not sleep, rest or work and was quite unfit to do even slight household tasks. A friend told me about your Vegetable Compound and I in my turn truly recommend it, as my severe symptoms vanished and I am better in every way. I do my own work, look after my children and see to chickens, cow and my garden. I also recommend it for young girls who are weak and run down, as my 16-year-old daughter has taken it and is quite her own gay self again."—Mrs. FANN. WILBY, Viscount, Saskatchewan.

I Live On A Farm

Upper New Horton, N. B.—"I have taken Lydia E. Pinkham's medicine and they have done me a world of good. Since then I have been able to do my housework and I have a lot of work to do as I live on a farm. Seeing your advertisement in the papers was what made me think of writing to you. I hope this will help someone else."—Mrs. M. B. KERR, Upper New Horton, New Brunswick.

THERE IS DANGER IN WATERY BLOOD

If Not Corrected, Serious Results May Follow

In no trouble is delay or neglect more dangerous than anaemia, a poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized.

But taken in time there is a tonic medicine which increases the number of red blood corpuscles thus enabling the blood to carry the life-giving oxygen to all the tissues of the body. Dr. Williams' Pink Pills have had much success in the treatment of this stubborn trouble because of this wonderful property.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. Take as an example the case of Miss Mary D. Kelly, Charlottetown, P.E.I., who says:—"My blood was thin and watery, and my system very much run down. I could not do any work or walk upstairs without resting. I suffered greatly from headaches, my appetite was poor and I was also troubled with indigestion. I began taking Dr. Williams' Pink Pills in a short time the results showed I only used six boxes but am now feeling stronger and better than I have done for several years. From my personal experience I can strongly recommend Dr. Williams' Pink Pills.

QUESTIONS AND ANSWERS ON FORESTRY

(By Canadian Forestry Association)

Q. Has the forest fire menace been as serious this year as last.

A. Fully as serious up to June 5th, the date of writing. More than sixty fires were burning in Quebec at one time just a few days ago. The chief causes were trappers, smokers and fishermen. Camp fires have already got in much deadly work. An unextinguished camp fire is about the worst menace to the forests of Canada that has yet been found.

Q. Much is being published in the papers advocating an embargo on shipments of unmanufactured pulp wood by Canadian farmers to United States mills. What is the real meaning of this?

A. The advocates of the embargo claim that one million cords of raw wood shipped out of Canada, (chiefly Quebec) each year are keeping alive a number of United States mills which otherwise would transfer their industries and their payroll to Canada. They claim that this drains on Canada's forests, with relatively little profit to the country is weakening the support of our present and potential pulp, paper and lumber industries and that in the national interest it should be stopped.

Q. Will the reductions in the Dominion Air Board appropriations this year cut off the aerial forest patrols which they started two years ago?

A. We understand that there will be fully as much flying work in forest fire detection and photographic survey this year as last. The Ontario Government has arranged to carry on considerable aerial work on its own behalf through a commercial seaplane company. The work of the Air Board was invaluable to the development of forestry work throughout Canada and now with reduced appropriations commercial companies are taking up contracts with governments and pulp and paper corporations.

Q. I have undertaken to organize a Memorial Tree Planting campaign on behalf of our chapter of the Daughters of the Empire. How can I find out what trees to plant, and how to care for them?

A. The Canadian Forestry Association, Ottawa, has undertaken to supply free instruction to all organizations willing to plant memorial trees for Canada's soldiers.

### THE NOVA SCOTIA WESTERN BAPTIST ASSOCIATION

The fifteenth annual meeting of the Western Baptist Association of Nova Scotia convened with the Baptist Church at Bridgewater in their new church home June 15th-18th.

The first session was held on Thursday evening and took the nature of an ordination service, when four newly elected deacons of the entering church were publicly set apart to their office. The sermon, based on 1st Timothy 3:13, was preached by Rev. R. F. Allen. The charge to the candidates was delivered by Rev. A. H. Whitman and the charge to the church was given by Rev. W. G. Heisler. The ordination prayer was offered by Rev. C. F. Wilson.

The following morning the new officers were appointed for the ensuing year. They were all elected by acclamation. The offices are filled as follows:—

Moderator—Rev. D. E. Hatt.  
Vice-Moderator—Rev. A. H. Whitman.  
Secretary—Rev. F. H. Eaton.  
Asst. Secy.—Rev. W. G. Heisler.  
Treasurer—Deacon R. Newcombe.

The courtesies of the Association were extended to all visitors. The Rev. E. S. Mason, of the Home Mission Board, Principal W. L. Archibald, of Acadia, and Miss Archibald, returned missionary, were among the distinguished visitors welcomed and invited to seats in the Association.

The digest of letters prepared by Rev. F. H. Eaton from the letters sent by the individual churches, showed the state of the Denomination in these Western Counties. In the three counties, Annapolis, Digby and Lunenburg, which comprise this Association there are fifty-five churches which are grouped in thirty-three pastorate. Up to May 31st five of these pastorates were vacant, but some have since been filled by student pastors. The addition in membership for the year was 486-357 by baptism, 8 by experience and 120 by letter. There were 373 losses by death and removal, which leaves a net gain of 113. The present church membership for the Association stands at 8998. The church letters show of more serious and earnest work being done for the young people through Sunday Schools and Young People's Societies. The general impression gained is that much substantial work has been accomplished during the year.

This was followed by a Devotional session, in the course of which Rev. D. E. Hatt gave a very inspiring address on "The Real Vine", John 15. Mr. Hatt is an able expositor of Scripture, and his well developed gift of expression held the attention of the audience throughout the address.

The new pastors settled within the bounds of the Association are Revs. C. W. Robbins, now of Bridgetown; P. M. Hamilton, of Hillsburn; M. B. Whitman, of Margareville; R. F. Allen, of Nictaux; E. G. Dakin, of Chester, and Licentiate J. McGormann, of Mahone Bay. They were cordially welcomed into the Association.

Rev. W. Idison, late of Mahone Bay, submitted the report on Social Service. This dealt with temperance and diverse questions, and the work of the Public Health Board and the Maritime Home for Girls. The last named institution which exists for the reclamation and training of delinquent girls is particularly doing a very fine and successful work. The next sessional devotional service was conducted by the Moderator, who spoke from John 15:1-8. Reports from the various districts were given as follows: Rev. D. A. McQuarrie for Lunenburg; Rev. J. T. Copeland for Digby, and Dr. M. W. Brown for Annapolis.

Report on missions was read by Rev. D. E. Hatt. This covered a large field, dealing with Home Missions, Grand Ligne, Western Canada, India and Bolivia. It revealed an increased activity along these different lines of missionary endeavors. The section dealing with Home Mission was very feelingly spoken of by Revs. G. W. Brooks, E. S. Mason, C. P. Wilson.

The evening session was opened by Rev. Dr. W. F. Hutchins of Middleton. Rev. D. H. McQuarrie reported for our Educational Institutions at Wolfville. At the college there had been an enrolment of 307, a slight decrease over last year, due to the fact that many of the returned men had completed their courses the year previous. The graduating class was the largest in the history of Acadia, 56 having received degree. The Committee on Education expressed appreciation of the high quality of President Cutten's work, whose resignation is in the hands of the Governors. The attend-

ance at the Ladies-Seminary was 389 while at the Acadia Collegiate and Business Academy the number of students was 200, being exceeded only twice in the history of the Academy. The spiritual life had been good. Revs. M. L. Orchard and Dr. A. Johnson had held special services in the three institutions, and as a result 43 were baptized into the Wolfville Church while many more joined other Churches. The report was followed by an address by Dr. W. L. Archibald of Acadia. Briefly reviewing the history of Acadia, he discussed the relation between the Institution and Home and Foreign Missions. The special advantages offered by Acadia are as follows:

- 1.—Christian Ideals.
- 2.—Expert supervision of teachers.
- 3.—Trained specialists in university class rooms.
- 4.—Unexcelled advantage in athletics offered by the Memorial Gymnasium and swimming pool under the guidance of a qualified physical director.
- 5.—Health supervision by a university physician who devotes his entire time to the health of the students.

Regarding the proposed college amalgamation he explained the project in general outline and stated that a full report on the proposal received from the Carnegie Foundation had been given out in a short time. The Board of Governors of Acadia had appointed a committee to discuss the report with similar committees from other colleges. The committee will report to the Maritime United Baptist Convention which meets at Wolfville on August 27th. To the convention belongs the sole right to accept or reject the amalgamation scheme for Acadia.

The members of the audience were asked to give this matter their best thought in view of the near approach of the Convention at Wolfville. Supt. E. S. Mason in behalf of the Home Mission Board addressed the meeting on "The Man in our Home Mission Work". Taking as his ideal the "Great Home Missionary Jesus Christ", he went on to speak of the high type of manhood that is found in the rural pastorates of the Maritime Provinces. These Home Missionaries, like their Master, are characterized by loyalty to a great cause, humility, faithfulness and heroism. He concluded with an appeal to a consecration of selfishness to the work of the Home Missions.

The Saturday morning session was opened by Lic. J. McGormann with prayer. The reports on Systematic Benevolence and Denominational funds was read by Rev. G. C. Durkee. A budget was recommended for the individual church and also the duplex system of giving. The Denominational Fund was canvassed, and spoken to by Rev. M. W. Brown, G. W. Brooks and others.

Rev. R. S. Gregg gave the report on Denominational Literature. A wider and more thorough reading of the Scripture was recommended especially by the New Testament since this is the rule of faith and practice for Baptists. The desirability of having one Baptist paper for all Canada uniting the three great conventions was considered.

Mr. Hatt followed with a word of tribute to our Denominational paper "A Maritime Baptist" and its efficient editor, the Rev. R. Osgood Morse. The Moderator at this point gave the third of his devotional addressing basing his remarks on Psalm 91, verse 1. Dr. M. W. Brown gave the reports on obituaries. He was thankful to report that there had been no break in the rank of the ministry caused by death, but deplored the fact that many prominent lay members had been called from among us. They, however, had entered into a higher realm of service. Special mention was made of the wife of one of our veteran ministers, Rev. J. Bleakney, who departed his life at the age of 85 years. It was a continual grief to Bro. Bleakney that through sickness and pecuniary difficulties he and his wife were obliged to live apart for the last few years. The climax was reached when Mrs. Bleakney died before her husband could reach her. The reverend gentleman continues to live with his son, Mr. Chas. Bleakney, of Pleasantville.

In the afternoon the delegation broke off into two separate camps, the ladies to hold a missionary meeting presided over by Mrs. C. S. McLearn and at which Miss Archibald, returned missionary spoke, and the male delegates to hold a meeting of the Permanent Ordaining Council. They united forces, however, at four o'clock when the whole delegation of 20 ministers, 206 lay members and 13 visitors were treated to a trip down the beautiful LaHave River. This was a thorough diversion to the business sessions of the Association, and a splendid opportunity to form and renew acquaintances. The water was calm so that no feeling of uneasiness marred for anyone the pleasure of the excursion.

The delegates on their return had barely time to get their supper before the evening service which was opened with devotions by Revs. R. S. Gregg and F. C. Burgett. Rev. E. G. Dakin addressed the meeting on "The Baptist Position and the Special Needs of our Time". This was a masterly discourse and went to show that the great need of the church was Evange-

lism; of the Denomination, Evangelism; and of the World, the Evangelism of the Gospel of Christ to the Industrial and Social Orders of the world. Rev. C. W. Robbins followed with an address on "Baptists and Church Union". The speaker was convinced that when Christ prayed "That all men might be one" he was praying not for an organic church union, but for a spiritual union that they might be bound by the law of love. In the last ten days we have seen much promise along the line of church union, and instances were cited where two and sometimes three local churches had united and the union proved successful. The trend of the world is not towards war but peace, not disruption but union. It would be in the interest of economy and efficiency if some of our smaller churches united. But the vital question is whether the Baptist denomination shall become a part of this organization. This is a different matter. The reformation was a break from organic union, and a union now might be the cause of another reformation. Two things make union impracticable. 1. The diversity of mind. Our minds are so constituted that they must ever seek for diversity. We always see diversity in religion and politics.

2. The two great principles for which Baptists stand (a) The evangelical principle of the individual access of the soul through faith to God; (b) Equality, independence, democracy. The fact remains, however, that we must have more Christian unity if we are to usher in the Kingdom of God. We need prayer, courtesy and sympathy if we are to understand other denominations and work with them in the extension of the Kingdom of God.

At 9:30 on Sunday morning Rev. F. F. McWilliam conducted a prayer and praise service which was largely attended. About ten o'clock it began to rain but this did not prevent the large auditorium from being filled for the regular preaching service. Thru the absence of the Moderator, the Vice Moderator, Rev. A. H. Whitman, presided. Rev. M. B. Whitman read the Scripture and Rev. E. O. Steeves offered prayer. A solo was sung by Miss Balmoc of Lunenburg.

Rev. G. Whitfield Brookes was the preacher of the Association sermon. He took his text from 1st Corinthians 3: 9: "For we are laborers together with God". The preacher in introducing his subject, gave a series of practical illustrations to prove that men and women in so far as they minister to the intellectual, physical and aesthetic needs are fellow laborers with God. That is the privilege of the supreme dignity and highest opportunity of every man's life. Nothing finer, diviner than the ministry to other souls.

There are three complementary aspects of this truth: 1. Co-operation between God and God-like men is the first essential in the work of the Gospel. In the work of creation God is alone, but in the work of redemption which is the masterpiece of God, he is dependent upon human agency. All the amazing potentialities of redemption are in Christ, but he is dependent upon man for its distribution.

## Is Yours A Marconi?

Marconi is the outstanding name in the wireless world and is now making the pioneer move in Radio in Canada. Their large factories and extensive laboratories are now working to capacity turning out the wonderful Marconi Radio Receiving Sets and accessories. For some years they have gradually been securing more and more exclusive patents along the radio line until to-day they have something over two hundred Canadian patents which makes Marconi Radio products distinct and most advanced.

### A Marconi Broadcasting Station

A Marconi broadcasting station is being erected in Halifax. From this station we shall give musical concerts of all kinds, lectures, sermons on Sunday, etc. The latest news will be sent out several times daily. Results of sporting events, stock market reports, weather reports, etc., will be sent out at stated periods daily. All matters of interest or good amusement will be available from this Halifax Marconi Broadcasting station to anyone in Nova Scotia if they own a Marconi Radio Receiving Set. In fact, our broadcasting will be heard many miles beyond the confines of this Province. This means that the owners of Marconi Receiving Sets will not only hear the programme given in many American cities, but will also get the Halifax programmes as well. It is all very wonderful.

### Present Stock Situation

For many months it will be impossible for the Marconi factories to catch up with the tremendous demand. Until the time arrives when surplus stock will be available all orders must be booked in advance. This means that for a long time to come it will only be possible to secure Marconi Radio equipment by placing your order with your dealer, which order will be filled from each shipment of stock received by us according to dates orders are received. At the most the present situation indicates that this will only mean a delay of from two to four weeks after order is received before it is filled. We have arranged for this Province to get a particularly generous share of the Marconi output at all times, which will place us in a better position than possibly any other Province in Canada in respect to filling orders.

Place your order early and avoid disappointing delays. We are now appointing representatives to cover Western Nova Scotia. All inquiries receive prompt attention. Address all correspondence to Wolfville, N. S.

**THE OLD SWIMMIN' HOLE**  
(By James Whitcomb Riley.)

This is the full text of the poem on which the picture is based.

Oh! the old swimmin'-hole! Where the crick so still and deep  
Looked like a baby-river that was laying half asleep,  
And the gurgle of the water round the drift jest below  
Sounded like the laugh of something we can't see!  
Before we could remember anything but the eyes  
Of the angels lookin' out as we left Paradise;  
But the merry days of Youth is beyond our control,  
And it's hard to part forever with the old swimmin'-hole.

Oh! the old swimmin'-hole! In the happy days of yore,  
When I ust to lean above it on the old sickamore,  
Oh! it showed me a face in its warm sunny tide  
That gazed back at me so gay and glorified,  
It made me love myself, as I leaped to caress  
My shadder smilin' up at me with sick tenderness.  
But them days is past and gone, and old Time's tuck his toll  
From the old man come back to the old swimmin'-hole!

Oh! the old swimmin'-hole! In the long, lazy days  
When the hum-drum of school made so many run-a-ways,  
How pleasant was the journey down the old dusty lane,  
Where the tracks of our bare feet was all printed so plane  
You could tell by the dent of the heel and the sole  
They was lots o' fun on hands at the old swimmin'-hole.  
But the old joys is past! Let your tears in sorrow roll  
Like the rain that ust to dapple up the old swimmin'-hole.

There the bullrushes growed, and the cattails so tall,  
And the sunshine and shadder fell over it all,  
And it mottled the water with amber and gold  
Til the glad ripples rocked in the ripples that rolled.  
And the snake-feeder's four gauzy wings fluttered by  
Like the ghost of a daisy dropped out of the sky,  
Or a wounded apple-blossom in the breeze's control,  
As it cut across some orchard to'rds the old swimmin'-hole.

Oh! the old swimmin'-hole! When I last saw the place,  
The scene was all changed, like the change in my face;  
The bridge of the railroad now crosses the spot  
Where the old divin'-log lays sunk and fergot.  
And I stray down the banks where the trees ust to be—  
But never again will their shade shelter me!  
And I wish in my sorrow I could strip to the soul,  
And dive off in my grave like the old swimmin'-hole.

**CORRESPONDENCE**

Editor of Monitor:  
In Clarence East we have nearly three miles of macadam road which is ideal. In sight of the Rock Crusher there are thousands of yards of good stones for crushing. Now instead of crushing rocks and continuing this road work, the mill remains idle, and gravel is being hauled by teams about six miles, making two trips a day.  
Now Mr. Editor, is this common sense? Have we no one at the head of affairs that will see that the Crusher be set at work again and our macadamized road be continued and join the part completed in Clarence West?

FRIENDS TELL HER SHE HOW WELL NOW LOOKS

"What Tanlac Did For My Wife is Nothing Less Than Astonishing" Declares Halifax Citizen.

"My wife suffered for ten years from stomach trouble but Tanlac has completely restored her health," said John Bonzang, 33 John St., Halifax, N.S. Mr. and Mrs. Bonzang have lived in Halifax thirty-five years and are widely known and highly respected.

"Mrs. Bonzang's main trouble was indigestion," he continued. "Her appetite was very poor and she could retain but very little she ate. What she did retain caused gas on her stomach so bad she could hardly breathe. Nearly every day she had dull headaches, was very nervous and would roll and toss for hours at night, getting hardly any sleep. In spite of constantly taking medicine she lost weight and kept getting worse.

"What Tanlac has done for her is astonishing. Her appetite is splendid, she has gained in weight and does her housework easily. Her friends are always speaking of how well she looks. We are both deeply grateful to Tanlac." Tanlac is sold by all good druggists.

OVERWEIGHT BREAD Butter-Nut Bread From Robinson's Kitchens. In England it is customary for the vendor, when a loaf of bread is asked for, to weigh out the bread and then make up the deficiency in the loaf by giving the customer a slice off a second loaf. No need of this in the case of Butter-Nut, every loaf of which is made overweight to offset the result of evaporation. Thus you are assured of a full pound and a half loaf when you ask for.

Bridgetown was visited by some mysterious seismic disturbances on Sunday afternoon in which chairs and other house furniture rocked for a few moments. A mysterious feature is the fact that there are well authenticated reports of these agitations from some citizens while others apparently did not notice them. Slight earthquakes were reported all over the Maritime Provinces.

The T. B. Clinics held last week at Digby and at Bridgetown were most successful. That at Digby was conducted by Dr. Miller, Supt. of the N. S. Sanatorium, and there were twenty patients from all over the county examined. Some of these are being recommended for admission to the Provincial Sanatorium, while others are of the "follow up class", where a little well directed attention to modes of living will of itself provide the remedy. Dr. Byrne, of the Sanatorium staff, held a clinic in Bridgetown, where a few patients presented themselves and were satisfactorily dealt with.

The two of our enterprising young business men, Messrs. Ernest Dargie and John Longmire who recently bought out the business so successfully conducted for the past twenty odd years by Mr. J. I. Foster are meeting with an excellent measure of success. Mr. Dargie was with Mr. C. L. Piggott for seven years and with Mr. B. N. Messinger for five years, getting a thorough grasp of the needs and demands of the grocery trade. Mr. Longmire, though not previously in this line of mercantile operations, possesses keen business perception. Both young men enjoy a high degree of popularity in the town and surrounding country and are rapidly gaining a good and gratifying patronage.

**TWO FIRES ON SUNDAY MORNING**

Barn of Elias Ramey Destroyed by House Damaged and Wm. Howse Threatened

The barn, with all its contents, was destroyed by a fire which broke out on Sunday morning in the residence in close proximity to the barn. The fire, which was caused by a gas stove, destroyed by fire, water and the loss would run up to a thousand dollars, Mr. Ramey while the insurance carried \$7,500.

Mr. Ramey put his horse stables as usual early in the morning and returned from his place about midnight and everything was evidently all right at that time.

About 4.30 in the morning awakened by the noise of tramping around the house getting up was surprised to find just at the rear burst flames fanned by a South West breeze carried sparks of roof of the house and the barn of the building had also caught. He hastily aroused his wife, children, two of whom as wife and himself, slept in the back rooms. The others were got them out, and none too soon. He rushed into the stable, out the other horse and two was then impossible to save in the way of implements, attention was devoted to saving the house.

The fire department promptly but the flames were spreading rapidly. The barn was destroyed, but the house was not destroyed, but some before furniture destroyed, as stated above. Had the wind been a few more to the South there is that the house would have more sooner and very possible a terrible tragedy ensued where the number of the children were.

The cause of the fire is at unknown. Mr. and Mrs. Ramey family have the sympathy of the community in their heavy loss.

After the firemen had the Mr. Ramey's house completely control a second alarm was he time from the store of Wm. Here the fire started in soot dust banking in the rear of it and burned up into a heat which however was concrete is thought by some that spared the first fire were carried and setting the second. Mr. Howse not entertain any insurance on the property. He had no insurance on the property and his escape from serious was a narrow one. It is thought some person must have intended Ramey's barn during the night carelessly thrown a match or ette but around when it finally the blaze. Another fire took a short time ago under similar circumstances and the carpenter's suggest the wis keeping barns locked at night.
