ITALIANS INFLECT TERRIBLE DEFEATS ON THE AUSTRIANS French Artillery Cuts German Railway Line From Metz, Near Puzieux ALLIES TO PROTEST AGAINST BULGARIAN MOBILIZATION IN MACEDONIA

RUSSIANS MAY GET AWAY FROM GERMANS

In Dangerous Position at Vilna, But Petrograd is Coonfident.

ENEMY GUNS ON DANUBE

Have Taken Up the Fight Against Serbian Artillery.

LONDON, Sept. 20, 9:45 p.m.—Of the many big battles fought on the eastern front during the past five months, few have been fraught with such importance for the opposing armies as that now in progress to the east and south of Vilna, where the German Field Marshal von Hindenburg is attempting to cut off the retreat and destroy the Russian army which defended that city.

The German official report issued today shows the "little light" on the progress of the operations, simply stating that "the attack against the enemy retreating from Vilna is proceeding."

Petrograd continues to express confidence in the ability of the Russians to extricate themselves from the net thrown around them. In the opinion of military writers they are in a dangerous position. It is quite likely, however, that they got their artillery away before the Germans moved across the railways, as the evacuation of Vilna was decided upon weeks ago.

Approaching Railway. Prince Leopold of Bavaria is also approaching the railway to the south-east of Lidia, having reached the district of Dworzec, which is immediately west of the road skirting the Pripiet marshes and running to Rovno. South of the Pripiet the Russians will control the situation and keep on harassing the Austro-German armies in Volhynia and Galicia.

Also presumably Germany has her hands full in driving the Russians back, she has found men and guns to go to her allies in the Balkans, Serbia, and the German official communication announces that Germany has taken up the fight against the Serbian army across the Danube, and claims to have silenced it.

Another Winter Campaign. The bombardment with heavy guns has become mutual in the west, both sides maintaining an almost continuous fire, while the British fleet is making matters lively for the Germans on the Belgian coast. There are no signs as yet of a general offensive, however, and another winter of operations may be looked for as assured.

Intense interest is taken in the Bulgarian situation, and the efforts of the opposition parties to induce the king and government to depart from the path of neutrality and join the entente powers. It is believed, however, that despite denials, the railway agreement with Turkey binds Bulgaria to maintain a benevolent neutrality towards Turkey and the German powers.

GENEROUS GIFT MADE TO MCGILL UNIVERSITY

Hundred and Fifty Thousand Dollars From Dr. Douglas of New York.

MONTREAL, Sept. 20.—Dr. James Douglas New York, who is spoken of as a probable successor to the late Sir Sandford Fleming as Chancellor of Queen's University, Kingston, Ont., has offered a gift of \$150,000 to McGill University, Montreal, towards the cost of the erection of a students' residence on the grounds, where the new campus was opened a few days ago. The board of governors of McGill held a special meeting today and accepted the proffered gift. Dr. Douglas is a member of the board.

STRATFORD PEOPLE ASK FOR DIRECT TAXATION

Want to Raise Fifty Thousand Dollars for Patriotic Fund.

STRATFORD, Ont., Sept. 20.—The Stratford Patriotic Association asked the city council tonight to contribute \$50,000 to the fund by means of direct taxation, in accordance with the decision of a recent public meeting. The request was viewed very favorably and was referred to the finance committee.

NO UNCENSORED LETTERS MUST LEAVE GERMANY

Two Sisters of Mercy Cast Into Prison for Violating Military Law.

PARIS, Sept. 20.—A despatch to the Havas News Agency from Geneva says: "Extraordinary precautions have been taken by the German military administration to prevent uncensored letters from leaving Germany. A sister superior of the Order of Sainte Christianita at Metz was searched on her departure for a trip to Switzerland. Various letters intended for mailing outside of Germany were found upon her, and she was sentenced to 15 days in prison. A sister who had written one of the letters was sentenced to a month's imprisonment."

FRESH TENSION IN BALKANS BY BULGAR ACTION

Mobilization of Troops in Macedonia Considered Fresh Affront to Allies.

WILL SEND JOINT NOTE Explanation of Move Will Be Demanded of Sofia Without Delay.

PARIS, Sept. 20, 6:30 p.m.—Despatches from Sofia, Bulgaria, announcing the mobilization there of troops made up of residents of Macedonia, have caused another complication to be introduced in the Balkan situation, which already was tense, thru the presentation by the entente allies of the joint note requiring Bulgaria to define her attitude.

The mobilization of Macedonians has caused surprise and indignation in official and diplomatic circles here, as it is declared that the whole purpose of the present negotiations between the allies and Bulgaria and Serbia is to determine whether Macedonia belongs to Bulgaria or Serbia.

That Bulgaria should mobilize Macedonians while the future of Macedonia was still at issue is declared in the highest Serbo-Greek quarters to be an affront to the allies and the Balkan states. One of the legations that is taking part in the negotiations outlined the situation today as follows:

Bulgaria demanded from Serbia the recession of Macedonia as an essential condition to Bulgaria's joining the other Balkan states and co-operating with the entente allies. The latter will send a joint note to Sofia.

LONDON, Sept. 20, (5:38 p.m.)—Viscount Bryce, formerly British Ambassador to the United States, has sent to the Associated Press a plea that America try to stop the slaughter of Armenians.

"The civilized world," he says in his plea, "especially America, ought to know what horrors have been passing in Asiatic Turkey during the last few months, for if anything can stop the destroying hand of the Turkish Government it will be an expression of the opinion of neutral nations, chiefly the judgment of humane America."

"Soon after war broke out between Turkey and the allies," continues the viscount, "the Turkish Government formed, and since has been carrying out with relentless cruelty a plan for extirpating Christianity by killing off Christians of the Armenian race. Accounts from different sources agree that over the whole of eastern and northern Asia-Minor and Armenia, the Christian population is being deliberately exterminated, the men of military age being killed and the younger women seized for Turkish harems, compelled to become Mohammedans, and kept with children in virtual slavery. The rest of the inhabitants, old women, men and children, have been driven under cover of Turkish soldiers into unhealthy parts of Asia Minor, some to the deserts between the Euphrates. Many die of starvation and disease, and all die sooner or later."

Ten Thousand Drowned. "In Trebizond" City, where the Armenian number over 10,000, orders came from Constantinople to seize all Armenians. Troops hunted them down to the shore, took them to sea, threw them overboard and dived in routes, and all die sooner or later."

Foreign Born Voters Small Percentage. Native Canadian Electors Form Seventy-Two Per Cent. of Lists.

OTTAWA, Ont., Sept. 20.—A special report of the census department on the foreign-born population in 1911 shows that out of a total of 1,982,512 qualified voters in Canada, 131,289 were of foreign birth. This is 6.62 per cent. and the British born were 75 per cent. In Alberta, the foreign born voters were 24.92 per cent. of the total number, but a large proportion were Americans. In Saskatchewan, 23 per cent. were foreign born, in Manitoba, 17 per cent., Ontario, 2.90 per cent., Quebec, 2.56 per cent.

FOE'S RAILWAY CUT BY FRENCH NEAR PUZIEUX

Bridge on Metz-Chateau Salins Line Destroyed by Artillery Fire.

STATION BOMBARDED Heavy Damage Done to German Fortifications at Many Points.

Special Cable to The Toronto World. PARIS, Sept. 20.—The sustained French artillery fire is reported to be doing great damage to the German trenches, bastions, redoubts and other descriptions of elaborate fortifications stretched across southern Belgium and northern France, according to the French war office, which in several reports was able to verify the results of the bombardment today. North of Arras the Germans have evidently brought up a fresh supply of guns and ammunition, for they were able to open up a bombardment of great vigor and they even directed the fire of some of their heavy guns against the suburbs of Arras.

Communications Cut. One effect of the French bombardment today was the cutting of the German communications between Metz and Chateau-Salins by destroying a small bridge between Puzieux and Delme.

The German station at Thiancourt was hit by French long range artillery, causing one train quickly to leave the station and another to come to a stop, it being hit by a number of projectiles. At Woerve, the Calonne trench sector, Agreement Forest, the

German Kultur and the Ten Commandments! The war doesn't look much better for the allies, and yet it is. Russia is still falling back before the Germans, the lines of the enemy in France and Belgium are still unbroken, the Dardanelles have still to be forced, England is seething over the situation, the great drive is yet to come. Nevertheless, Kitchener's army is growing in numbers and in capacity, more munitions than ever are being turned out, the British navy is in control of the seas, the big loan will be got in a day, there is no scarcity of food or work in the mother country, the dread of airships is pretty well over, and we are all getting more determined and closer up to the big—its there where the war is being fought. Germany keeps falling deeper into general discredit. Under no consideration can the long-planned aspirations of the Kaiser succeed.

So we must keep on taking what comes and taking it with whatever cheerfulness we can command. The war is getting better in Canada, business is getting larger migration of American farmers into the Canadian west in sight because of the great crops of this year, and sooner or later things will be on the upturn. We must be checked, but we can't be stopped.

We live in a sure patrie, and that is everything. Germany cannot know any star. Check off the ten commandments and see how the Kaiser has broken two of them, taken the name of the Lord in vain when he coupled himself up with God, and in honoring neither his father nor his mother, when he became his mad career. And Germany has directly and persistently broken four others, namely: To do no murder, and her record in this direction is the blackest in history; not to steal, and she robbed Belgium like a neighbor; not to covet anything of a neighbor, and she is in this way to take away the trade and the world leadership of Britain; to covet most of all the wealth of the empire.

German Kultur would seem to be based on the pretension that they were exempt from the code of Sinai!

GRAFT CHARGES MADE IN MONTREAL COURT. Manager of Oil and Asphalt Company Accused of Attempted Bribery.

MONTREAL, Sept. 20.—Gonzalve Desaulniers, E.C., counsel for Rodrigue Langlois, Montreal, appeared before Judge Martineau this morning and charged Edward Slade, manager of the Aztec Oil and Asphalt Company of Canada, with having offered \$50,000 shares of stock of this concern, par value \$1 each, to Controller Hebert; \$50,000 shares to Controller McDonald; 40,000 shares to Aldermen Menard and Mayeur, and \$50,000 to M. J. McLaughlin, G. L. Bourbonniere and A. Robitaille.

Mr. Desaulniers further alleged that he had been informed that recently Mayor Martin went to Atlantic City in an automobile belonging to the company which was driven by a chauffeur and the driver's wages were paid by the company.

Mayor Martin said this afternoon that he had rumors that he "was to get \$5000 in this deal," but he stated that Mederic Martin had never a cent from the Aztec Company, neither had the company been driven by a chauffeur on a trip to New York and Atlantic City a short time ago, he had hidden in the company's automobile in New York.

WHAT THE COUNCIL DID

Refused to appoint Col. J. G. Langton fire commissioner at \$4000 per year by a tie vote. Decided to present an address of welcome to Sir Robert Borden on Sept. 27.

OSHAWA IN FAVOR OF STEEL PLANT

Overwhelming Majority of Citizens Authorizes Location.

STAND BY AGREEMENT WILL ASK PARLIAMENT "Up to Company to Make Good," Declares Mayor Sinclair.

Special to The Toronto World. OSHAWA, Ont., Sept. 20.—By a majority of 755, the citizens of this town today decided in favor of the steel plant bylaw giving the company the right to locate here. The total votes cast were 916, of which 837 were in favor of the bylaw and 79 against. The council all voted with the majority and worked hard to secure the passage of the bylaw. The real issue which confronted the citizens was whether the company will live up to their undertaking, but the officials of the company have given their assurance that the agreement will be carried out.

Seen after the result was made known, Mayor Sinclair said: "It is now up to the Maxwell of the company to make good after this expression by the citizens. As soon as the company has invested \$350,000 in buildings we will hand over the deed of the 130 acre farm, but not till then. We have guaranteed mortgage bonds for the company to the extent of \$50,000 and the company must ask for that guarantee any time in 1916."

The steel company plan to spend \$2,000,000 on the plant and when it has been running for about five years expect to give employment to 1500 workers. The plant will be operated at the start with 250 men.

CANADIAN BOYS SECOND IN IMPERIAL CONTEST

Cadets From Dominion Win Eight Places in Senior Inter-Imperial Rifle Competition—Deal Team Takes Senior Challenge Shield.

LONDON, Sept. 20.—(Via Reuter's Ottawa Agency)—The inter-imperial rifle competitions for boys attracted 7500 competitors from all parts of the empire, teams from Canada and Australia having considerably increased. Altogether 503 teams entered for the imperial senior challenge shield, and 244 teams for the junior shield.

The Royal Marine Cadets of Deal, with a fine performance, won first prize in both the senior and junior competitions. Canada secured the honor of winning the second senior prize thru St. Luke's Boy Knights' Cadets of Brantford. Canadian teams also got 6th, 23rd, 24th, 25th, 37th, and 41st places in the senior competition.

IMPORTANT SUCCESS GAINED BY ITALIANS NEAR OSTERIA

Austrians Beaten and Repulsed After Furious Fighting and Many Prisoners Taken.

ROME, Sept. 20.—(Via Paris, Sept. 21, 12:05 a.m.)—The following official statement from general headquarters was issued today: "Further details of the combat on Sept. 18 near Osteria and Fiorentini emphasize the importance of the success obtained by us. The enemy had at first made a violent attack against the right wing of our positions, sending forward a strong column between Scoglio di Aspie and the fifth frontier post."

"Beaten and repulsed after four hours of furious fighting, the enemy next tried with another column, coming from Malga Cherle, to attack our left wing, but was also thrown back, leaving prisoners in our hands."

"Small engagements turning in our favor have been fought at Mount Lavasch in the valley of Zoone, on 'Tofana ridge' or 'upper Cordelese' and on Rauchkofel, at the head of the Rienz."

"In the Pleszo basin, the enemy, realizing that all efforts to force us out of the positions we had captured were in vain, threw inflammable shells on certain places around Casor, Dver and in Pleszo, which were almost destroyed by the result of the fire."

"Our artillery, from its position, caused a vast conflagration at Kortice, where troop movements were reported. On Carso the accurate shooting of our artillery has driven the Austrian troops out of the woods of Monte Corsich. The enemy were then pursued by well-placed sharpshooters. The wood was set afire."

LANGTON AGAIN TURNED DOWN BY TIE VOTE OF CITY COUNCIL

ROTTERDAM TACTICS, TRICKERY AND HOPSCOTCHING SOME OF THE PHRASES USED BY ALDERMEN AND CONTROLLERS DURING THE DISCUSSION WHICH ENDED IN VOTE OF 12 TO 12.

At a late hour last night the city council decided for the fifth time not to make Col. Langton head of the fire department, the vote being 12 to 12. Yesterday's meeting proved to be the most farcical of the year, the proceedings of other meetings at which Col. Langton's name has been discussed were repeated, and the net result is that the fire department is still without a commissioner, and the board of control will have to search in some other quarter for a nominee if the situation is to be settled this year.

As Langton's name had been before council on so many occasions, Ald. Singer thought to put a quietus on further discussion of the nominee by moving that the vote be taken, but Ald. Meredith would not let the opportunity to defend himself in connection with the charges go by, and declared himself of the opinion that the appointment should be allowed to stand over until after the investigation before Judge Denton, especially as he had subpoenaed Langton to appear. He deemed it his duty on the part of the board of control to bring on Langton's name before the investigation, especially as he would be one of those to appear. In referring to the fact that some of the aldermen were unable to present the alderman said: "If the board of control think that a minority of this council can frustrate the four-time vote of a majority of this council, it is up to the members present to see that this effort is defeated."

"Rotten Tactics." He characterized the Hodgson affidavit as an attempt to intimidate him to vote for Langton. In referring to Ald. Roden's part in the affidavit incident, he said: "No doubt the alderman thought I would worry about the rotten tactics; no doubt he thought I would resign and get away, and in that way kill one vote against the nominee of the board of control. It has been shown that Ald. Roden is the arch-lobbyist of this council. If there are enough here now to shove the name thru against the wishes of the majority of council, it doesn't seem to me to be the way to conduct the affairs of this city."

Following Ald. Meredith's remarks, Ald. Singer again tried to have the matter accelerated by urging that the vote be taken, and on a vote of 12 to 12 he decided not to adopt that portion of the report recommending that Langton be appointed.

The other business of the day was then gone on with, but the opposition to Langton were not to be denied, and when the time came to vote on the adoption of the board of control's report as amended, Ald. Meredith moved its adoption with the exception of the clause relating to the appointment of Col. Langton as fire commissioner. At this juncture Mayor Church questioned Ald. Spence's right to be in his seat whereupon his worship was informed that the alderman's resignation had been withdrawn, as had his application for the position of fire commissioner.

Trickery and Hopscotching. "Such trickery and hopscotching will only be tolerated for a limited time," declared Controller O'Neill, who made a fierce attack on the opposition against Col. Langton. "I never saw in the history of this council such a trick as the bringing back of an alderman, who had resigned, to vote against the nominee of the board of control, to come here at the eleventh hour and lend himself to the opposition on this question."

At this point Alderman David Spence, who yesterday withdrew his resignation as an alderman, and also his application for the position as fire commissioner, interrupted with the remark: "We will look after you."

Controller O'Neill: "You can't look after me, or any of your clique or crew."

During this dialog, the mayor was heard to remark that the alderman had no legal right to vote.

Controller O'Neill continued: "It is too bad that I have to refer to this kind of thing to let the people of Toronto know what is going on." He called the attention of those opposed to Langton to the fact that they had brought on a name in all the time they had been opposing the board's nominee, with the exception of Property Commissioner Chisholm, a man handling millions of dollars' worth of city property, a man whose removal would upset a department more important than the one they were trying to reorganize.

Spence Called a Tool. "The opposition even went so far as to telegraph Ald. Robbins to come

# ALEXANDER LAIRD LEAVES BANK OF COMMERCE AND IS SUCCEEDED BY JOHN AIRD AS GEN. MANAGER

H. V. F. Jones, Manager at London, England, Comes to Head Office as Assistant General Manager—Mr. Laird an Authority on Commerce and Finance—Mr. Jones Has Had Most Successful Career.

Retiring General Manager

ALEXANDER LAIRD

Who has resigned his position as general manager of the Canadian Bank of Commerce.

The Canadian Bank of Commerce announces today the retirement from the service of Alexander Laird, general manager since 1907. For many years Mr. Laird's health has been impaired, his malady gradually increasing in severity until now it has necessitated his giving up active work and the devotion of his entire time to the rebuilding of his health. Mr. Laird will be succeeded as general manager by John Aird, assistant general manager since 1911, and Mr. Aird as assistant general manager by H. V. F. Jones, manager at London, England. Alexander Laird is a native of Ballinacorney, Aberdeenshire, Scotland, but came to Canada as a child and was educated at St. Andrew's, Ontario, and at Edinburgh, Scotland. His first banking experience was with the North of Scotland Bank, Aberdeen, Scotland, but in 1876 he entered the service of the Canadian Bank of Commerce. He served in Guelph, Brantford, Collingwood and Toronto, and for some years in Chicago, at which point the bank then had an agency. In 1886 he was appointed one of the agents in New York. He filled the position there with signal success and became widely known as an authority on foreign exchange and international banking. His knowledge of the former was accountable for his bank's premier position in handling matters of international finance in advance of other monetary institutions. He was appointed assistant general manager of the bank in January, 1903, and four years later was made general manager. Mr. Laird has long been regarded not only as a banker of the first rank, but as an authority on insurance and financial matters generally. He is a director of the National Trust Company, Limited, the Imperial Life Assurance Company, the British American Assurance Company, the Western Assurance Company and the Mississippi River Power Company; chairman of the bankers' section of the Toronto Board of Trade, a member of the New York Chamber of Commerce, a member of the St. Andrew's Society of New York, and a trustee of the Presbyterian Church in Canada.

A Native Canadian. He is a John Aird is a native Canadian of Scotch parentage, having been born at Longueuil, Quebec. He was educated at the Model School, Toronto, and he and an elder brother had, the unique distinction of being the head boys during the period when the late Dr. Carlyle was principal of the school. His initial business experience was as a railway man, but in 1878 he entered the Canadian Bank of Commerce as a clerk, subsequently becoming secretary and general manager. He rose rapidly in the bank's service, and soon was appointed to the inspectors' staff of the head office. From there he went to Seaford as manager, and returned to Toronto as assistant manager of the Toronto branch where he was associated with the late John C. Kemp. In 1890 he was made manager of the bank at Winnipeg, and in 1903, superintendent of central western branches with jurisdiction over all the bank's branches located in the district between the great lakes and the Rocky Mountains. It was during Mr. Laird's regime at Winnipeg that the business of the bank in the prairie provinces experienced such active development. When he arrived in Winnipeg, there were no other branches of the Canadian Bank of Commerce in that district; now there are 137. Mr. Laird's appointment as superintendent of central western branches was a popular one with westerners, as the Commerce was the first institution to appoint an executive officer for that district with power to act. His work in the west was of such outstanding character that he was brought to head office as assistant general manager in 1911, and now, with the retirement of Mr. Laird he succeeds to the general management.

As indicating the regard in which he is held by the staff, it is of interest to note that prior to his departure the district tendered him a presentation and a farewell banquet at Winnipeg. Over ninety officers of the bank were present at this function; some from points more than a thousand miles distant, and all came at their own expense.

Authority on Finance. Mr. Laird's views on all Canadian conditions of commerce and finance have long been regarded as authoritative, and very few men in eastern Canada have a more thorough grasp of western conditions than he.

Mr. Laird's younger days he was somewhat of an athlete, particularly in lacrosse circles. He was a contemporary in the lacrosse field with Sir Henry Pellett and the late Ross MacKenzie, and on many occasions defended the title for the championship of Canada against the famous "Shanocks" and the Montreal Athletic Club. Mr. Laird married in 1887 Eleanor Leitch, daughter of the late Sergeant Major Johnston of His Majesty's Royal Horse Artillery. He has three daughters and two sons. John, Jr., is a graduate in science of Queen's University, Kingston, and has received an appointment in the Royal Flying Corps of England. He was previously captain in the 48th Highlanders. Hugh, the second son, prior to the outbreak of the war, was a student at Toronto University. He, however, is now senior captain of the Eaton Battery, fighting for his country in France. Like his father, he is a good all-round athlete, and particularly brilliant in hockey, being a member of the Victoria Club, which last year won the championship from St. Michael's of Toronto. Mr. Laird is somewhat of a club man, being a member of the York Club, Toronto, the Toronto Club, the Manitoba Club, Winnipeg; the United Empire Club, London, England; St. George's Club, Sherbrooke; the Royal Canadian Yacht Club, Toronto; the Toronto Golf Club and the Lambton Golf Club.

Successful Career. H. V. F. Jones, who succeeds to the assistant general management of the Canadian Bank of Commerce, has been manager of the bank's branch at London, England, since 1908. He comes of U. E. Loyalist stock and was born in Toronto, where he took a prominent part in athletics. He entered the bank in 1887 as a junior clerk, and after serving at the head office and several of the Toronto branches, went to the New York agency as accountant in 1898. When the Canadian Bank of Commerce took over the Bank of British Columbia, in 1901, Mr. Jones was sent to London, England, to represent the former when the transfer took place. He has stayed there ever since, first as assistant manager and later as manager. His career in London has been most successful, and his standing with the banking fraternity is particularly high. An evidence of this is his appointment as member of the council of the Institute of Bankers, he being

### HORWOOD ON STAND KEEPS UNSHAKEN

Big Battle Between Witness and Defending Counsel at Winnipeg.

MAKES COOL REPLIES

Sharp Retorts Also Figured in Answers to E. F. B. Johnston.

WINNIPEG, Sept. 20.—"I'm afraid of you, because you twist my words so much," exclaimed V. W. Horwood, after one of many encounters with E. F. B. Johnston, chief counsel for the defence in Mr. Johnston's cross-examination this afternoon. "The trouble is to get anything to twist," was the lawyer's reply. The former provincial architect was in the hands of the defence for cross-examination the greater part of the day. It was the sixth day of the preliminary hearing of charges of conspiracy against Sir Rodmond Roblin, Hon. Dr. Montague, G. R. Coldwell and J. H. Howden and Mr. Horwood, is the first witness to be called. He will be on the stand in the hands of Mr. Johnston again tomorrow morning.

Still Self Possessed. The witness preserved his self-possession and refused to allow himself to be excited, despite the battery of questions which switched from point to point in rapid succession. The lawyer declared that witness was evad-

ing the questions and complained that he showed vindictiveness towards the accused. Mr. Horwood said that he was giving true information. "I may sell a lot more if you keep on," he told Mr. Johnston, adding, "Your questions lead me to certain conclusions." He parried the lawyer's questions skillfully. Mr. Johnston, he declared, when he was asked about payments to Kelly, the contractor, on the caissons, "I'm trying to tell the truth." "Don't assert your virtue too much; a man with your record," returned "Of course, I don't know anything about your record," was the reply of the witness.

Documents to Destroy. There was a good deal of discussion regarding certain documents which were marked "destroy" in Horwood's handwriting. These were letters, eight in number, taken from the public works department file, and from the file of E. Shankland, a Chicago engineer, and were received by Horwood, he said, in periods extending over a year. He said he had the minister's instructions to destroy them. He could recall no reason why the instructions were carried out, but this spring he found all the documents together in the attic of his house. "Why couldn't the minister destroy the documents himself?" asked Mr. Johnston. "I think he did, in some cases," was the reply.

"There you go with your vindictiveness," commented the lawyer. Horwood's attention was drawn to six certificates providing for the paying of \$844,087 on caissons. He said the first three were honest certificates, of the fourth, he was doubtful, and of the last two he "had no doubt" that something had been added to them for a campaign fund. These payments were made on the basis of material used and excavation, but the total Mr. Johnston pointed out, agreed with the lump tender submitted by Kelly and located by Horwood. He said that the public accounts committee's investigation "I am getting tired of this man protesting on oath that he doesn't know this and doesn't know that, when it is quite manifest that he does know," exclaimed Mr. Johnston at one point, exasperated, apparently, when witness failed to answer questions to his satisfaction.

Witness quoted Kelly as telling him that "when you come back wrapped in bloody bandages, Alfie Andrews will make a martyr of you." His trip south for an operation was referred to and J. Andrews is now associated with the defence counsel.

### U.S. SECRET SERVICE MEN QUESTION ARCHIBALD

American Correspondent, Caught With Goods, Searched on Arrival in New York.

NEW YORK, Sept. 20.—James F. J. Archibald, the American correspondent, was intercepted by British authorities while carrying a message from Dr. Constantin Dumba, the Austro-Hungarian ambassador, to Vienna, arrived here today on the liner Rotterdam.

### DR. DUMBA WILL SAIL FOR AUSTRIA IN WEEK

Several secret service men boarded the Rotterdam, went to Archibald's stateroom and questioned him for some time. They were reported to have searched Archibald, his baggage and the stateroom, and to have taken away a case of the correspondent. Archibald denied this and would not admit having even talked to the secret service men.

## HAMILTON HOTELMEN ARE NOT UNANIMOUS

Ontario License Board Likely to Settle Soldiers' Drinking Privileges.

It is likely that the Ontario License Board, when its members return to Toronto, will take some official action in connection with the agreement of the Hamilton Hotel Keepers' Association to sell no liquor to soldiers. The agreement went into effect last night. It turns out that the decision was not unanimously reached, and there are several hotel men who refused to put their names to the agreement. The Hamilton military authorities are also said to not be in accord with the drastic action as they believe it was unnecessary. As the situation stands, about 90 per cent. of the hotels will refuse liquor to soldiers, while the other few will, if their action in refusing to sign means anything, supply liquor to any person. If all the soldiers who want liquor congregate in these few hotels it will in the opinion of the authorities, result in more drunkenness than has heretofore been the case.

### THREE FOUND GUILTY OF STEALING WHISKEY

Jury Strongly Recommended Mercy and Sentence Was Deferred.

William White, D. Phalen and R. C. MacPadden, all employees of the C. F. R., appeared before Judge Winchester yesterday on a charge of stealing three cases of whiskey from a sealed boxcar at Leaside station, on July 15. Constable Harper, in his evidence, stated that he watched the men take the liquor from the car early in the morning, while they were waiting for orders, but the men denied any knowledge of the theft. The jury returned a verdict of guilty, but with a strong recommendation for mercy. Sentence was deferred.

## COMPULSION MUST ASSIST PERSUASION

Conscription May Be Necessary to Save Empire, Says Sir G. Foster.

### MUST REALIZE DUTY

Thousands Packed Brockville Armories at Recruiting Meeting.

Special to The Toronto World. BROCKVILLE, Ont., Sept. 20.—One of the greatest public meetings in the history of Brockville was held tonight in the armories of the 41st Regiment, under the auspices of the Citizens' Patriotic League, for the purpose of stimulating recruiting. The big drill hall, which seats several thousand people, was packed to standing room only. The principal speakers were Sir George E. Foster, Hon. G. P. Graham, Prof. Mulloy and Col. Hemming, commandant of Barrieffield Camp. The strong appeals made by each to the men to join the colors were enthusiastically received. "To tell the plain truth," Mr. Graham said, "the allies are not on the eve of victory. The struggle looks like a long one, but I believe that when the full preparations are made in munitions and guns, a glorious victory for the allies over German militarism will result." He pointed out that if the central powers won, Canada would be under the worst form of conscription the world has ever known.

Conscription May Be Necessary. Sir George Foster also gave an admirable address in the course of which he emphasized that in this war the liberty of the entire world was at stake. He likened the outbreak of hostilities fourteen months ago to a grand spectacle in which Canadians were just now beginning to realize themselves as participants. The volunteer system throughout the British Empire, he said, was on trial and believing that the fullest liberty made the most responsive man, it remained to be seen whether or not the manhood of the nation would rise to the decision without conscription. He did not desire to discuss conscription, but if a free people will not save the empire it looked as if the day would come when conscription must assist persuasion.

## Can You Save 60c. per Week?

For a man between the ages of twenty-three and thirty, about 60c. a week will maintain an Imperial 20 Payment Life Policy for \$1,000.

If, after you have paid but one premium on such a policy you should die, this Company would pay \$1,000 to your wife or other beneficiary. That \$1,000 invested at 6% would yield your heirs an income of \$1.15 a week as long as they live, and still leave the principal intact.

Have you considered what a wonderfully safe investment this is? Think of the men who were worth thousands before the war who do not possess five hundred dollars in real money today. The bottom has fallen out of their real estate and stock holdings and if they were to die their affairs would be in a bad muddle.

One policyholder said recently "the only thing I possess that is worth one hundred cents on the dollar in my life insurance policy and, I regret today that I am not carrying five times as much."

Write for our booklet entitled "Penniless Old Men." You'll find it interesting.

# NEWS OF SPECIAL INTEREST TO WOMEN

## HIGH CROWNED HATS RULE NEW SEASON

Both Large and Small Shapes  
Are Favored in Latest  
Models.

## "FLOP" IS NOW WORN

Diminutive Toques Are Likely  
to Be Popular for Winter  
Wear.

Every possible style of beauty has undoubtedly received its full share of consideration this season, judging from the widely varied range of stunning chapeaux provided for the feminine world by Dame Fashion for the approaching season. These are hats of startlingly wide brim, and hats with no brim at all. There are hats of every conceivable shape, size and outline, and hats of a variety of materials and mode of trimming—but the 1915 winter hats, without one exception, will feature the high chic crown decreed by Parisian authorities.

For immediate wear nothing could be more universally becoming than the simple "flap" in velvet, or velvet and felt combined. At present these models are allowed to droop with no definite line about the face, being worn well down on a low collared head. No trimming is shown just now, although in a very short time worsted and cloth flowers sewn flat on crown or brim will rival metallic trimmings of various descriptions.

Another very popular type of hat is the velour or silk beaver hat, with severely cut brim, wide and definite in line. Handsome black corded ribbons are often the only trimming on these models, and when a less tailored effect is desired, is substituted by a slim, graceful feather mount.

Later in the season, when furs wrap the devotee to the tips of her ears, and reach way above her chin, tiny toques, almost ridiculous in their diminutiveness, will be featured in silks or all of fur to match the skins exploited on the wearer's costume. Small high crests, turbans, mounted with handsome birds' plumage, or paradise, will rival the broad-brimmed hat decked with ostrich for formal wear.

## CATHOLICS ADVISED NOT TO TAKE PART

Those Attending Technical School  
Will Ask to Be Excused From  
Religious Exercises.

All Roman Catholics in Toronto whose children are attending the technical school have been instructed by Archbishop McNeill to have them excused from taking part in the religious exercises which are held at opening time each morning.

The technical school opening services consist of Scriptural reading, recitation of the Lord's Prayer and the singing of an undenominational hymn. The Catholic congregations were notified by their priests on Sunday to send written protests to Dr. McKay, principal of the technical school.

Only 35 Roman Catholics attend the technical school out of a total of 1100 students.

Dr. McKay, the principal, said yesterday it was "nothing but a temper in a teapot." He was not, he declared, what the law demands with regard to Scriptural exercises in all high schools and in the province.

The technical school was a high school and so came under the jurisdiction of the law. In this regard, "further than that," in this regard, "there is a clause in the school regulations which says that if the parents of any pupil object to the religious exercises, they can have that pupil excused from attendance by writing me a personal note."

Invitations have been issued by the president and officers of the Canadian Society for the Protection of Birds, to an illustrated lecture on "The Wild Birds of Manitoba," to be given by Dr. H. M. Speechley, in the physics building of the university—next south of convocation hall—on Friday evening, Sept. 24, at 8:15 o'clock.

A cheque, amounting to the handsome sum of \$807.75, has been forwarded to the Red Cross, the result of different entertainments, and church collection, at Norway Point, Lake of St. Clair. The officers of the committee were: President, Mrs. Lester Weaver, Hespeler; secretary, Mrs. Donald Macdonald, Toronto; treasurer, Miss Annie Burns, Toronto.

The United Empire Loyalists will be in charge of the raising of funds in front of the city hall today. The speakers will be Bishop de Pencker of New Westminster, Lt.-Col. George T. Denison, Canon Macneil, and R. Ross, Col. MacQueen, Col. Belcher. The band of the 48th Highlanders will play from 11 to 1 o'clock.

The Municipal Chapter of Toronto, I.O.O.F., forwarded this week to Mr. Colmar, secretary of the War Contingent Association, London, England, to be sent to the Canadian soldiers at the front in France: Ten thousand five hundred cigarettes, 320 packages of tobacco, 1512 bars of chocolate and 360 packages of gum.

### MR. AND MRS. GLOSTER MARRIED FIFTY YEARS

Anniversary Celebrated, of Wedding Which Took Place Half Century Ago in Toronto.

At their house, 1101 East Gerrard street, Mr. and Mrs. M. J. Gloster celebrated their golden wedding. They were married Sept. 18, 1865, at St. Michael's Cathedral by Bishop Farnham, and 12 children have been born to them. Six of them are married and living in Toronto, namely, T. J. Gloster, B. J. Gloster, M. J. Gloster, F. Jennings, Mrs. W. Brooks, Mrs. J. Halley, and Mrs. Gloster. Both hale and hearty. At the celebration about 40 relatives attended. Among the guests were Rev. Father Finnegan, assistant pastor of St. Joseph's Church, and the family physician, Dr. P. J. Brown and wife. The happy couple were the recipients of many presents, and also an illuminated address from their children.

### PATRIOTIC INDIANS HELPING RED CROSS

Farmers Gave Wheat and Famous Band Held Concerts and Others Went to War.

The excellent patriotic work of the Pile Indians at Balcarres, Sask., continues. The Canadian Pacific, through W. R. Baker, the secretary of the company, has received another encouraging report. It was in October last year that 23 of the patriotic folk, each farmer giving a certain number of bushels of grain, which, when sold, amounted to the above sum. During the winter that followed, the now famous Indian Brass Band gave concerts, thereby raising another \$212, which went to the Belgian relief fund, and since March last, the Red Cross branch of this colony has raised \$500 and endowed a bed in Cliveden Hospital.

The young Indian women have done a great deal of knitting and sewing. The branch has a membership of 86, while there are only 100 souls, 38 men, 26 women and 42 children in the colony. The patriotism of these Indians does not stop here. Two young men went to the front with the second contingent, and six more are going with the next. The Pile Indians lay claim to having the oldest Red Cross Society member in the British Empire in the person of Pointed Cap. This celebrated character says that he is the ripe old age of 107, and Nov. 12 next will attain his 108th year. He is now an "associate member" of the Red Cross, and proudly wears on his heart the little red cross emblem of the society. It is quite possible that an addition to the six latest recruits for the front, older members of the colony, will go as one man, who is the father of nine children, has expressed his intention of so doing, and his wife says, "I will not stop him."

Despite the fact that a hailstorm last month destroyed all the crops in the colony, the Pile Indians are not demoralized, and have made arrangements to continue their work during the coming winter months to the boys across the sea, thus showing a patriotism worthy of a king.

### IN OUR FUR SHOWROOMS AND WILL HAVE ON VIEW ELABORATE DISPLAYS OF THE SEASON'S NEW STYLES IN FAIRWEATHERS FURS

TO INCLUDE ORIGINAL IMPORTED FUR GARMENTS, WITH WHICH WILL ALSO BE SHOWN MOST REPRESENTATIVE COLLECTIONS OF FURS AND FUR-LINED GARMENTS—FUR SETS—AND FUR PIECES—THE PRODUCT OF OUR OWN WORK-ROOMS

With the world of fashion all "Topsy Turvey," the having of even the usual number of imported model garments for display this season, at first glance looked like an impossible condition to meet, but with our unusual importing facilities we have more than matched conditions, and have secured perhaps the richest, most varied, novel, and exclusive display that we have ever collected.

From our own workrooms we show a wealth of assortments—fashions beyond numbering—plain garments in the more staple styles—trimmed garments in original designs—and novelty fashions showing unique treatments in trimmings and fur combinations. Fur sets and fur pieces in all the wanted and popular furs, from the simplest little Mink Cravat to the Royal Ermine or costly Russian Sable Sets.

### LADIES' APPAREL

Besides furs we will show grand collections of fashions as they are for the season in ladies' apparel, reflecting the ideals of world-famous fashioners in a galaxy of styles that is the smartest, most novel, and most practical—Suits, Costumes, Gowns, Dresses, Coats, Wraps, Millinery, Blouses, Neckwear, Gloves, and Hosiery.

WINNIPEG, Sept. 20.—All who have followed the case against the ex-ministers are looking forward to spectacular sessions during the next two days, when E. F. B. Johnston, of Toronto, will undertake the cross-examination of Victor Horwood, the most important witness for the crown, upon whose evidence depends to a large extent, the success of the prosecution. There can be no doubt that Mr. Johnston will handle him without gloves. According to the arrangement entered into Horwood will be examined in detail only by this one lawyer, but other lawyers for the defence may be at liberty to ask questions which they think he has omitted. There are nine lawyers for the defence.

PARIS, Sept. 20.—"We do not want a premature, but a complete and lasting peace," said John Hodge, a member of the British Parliament, in an address last night at a meeting of French Socialists. "We do not want conquests, but the liberation of all oppressed peoples. "We are anxious to beat Germany," declared Mr. Hodge, "by voluntary service, but if the government says we have had the last man by the voluntary system and must now have conscription, then I say we'll have it." The meeting was the first of a series organized to explain to the French workers what England is doing in the war.

J. F. Wittson, government inspector of roads for Northern Ontario, arrived in Toronto yesterday and said that the season's road improvement work, involving an expenditure of about \$450,000, is almost completed. Mr. Wittson said that they have been favored with splendid weather up till last week, when the rains interfered with grading. Like every person else who knows the clay belt in the north, Mr. Wittson is loud in his praises of its possibilities for crop raising. At Ground Hog River, he says, root, grain and garden crops are grown to perfection. There was only one slight frost during the fall, which did not hurt the growth.

Special to The Toronto World. BERLIN, Ont., Sept. 20.—Private advices received here from London, England, tell of the heroism displayed in a recent battle by Private Ed. Waackert, who left Berlin with the first contingent a year ago. The report says that the young man, unarmed, and der shell fire, carried to a trench, and safely fired, wounded men, and while getting there himself, was hit by a shell. Col. Becher, his commander, made a note of the heroism, but the gallant officer fell at the same battle. An effort is being made by his old country friends to have the young man rewarded.

Germans Twice to Thrice  
Muscovite Strength With

LONDON, Sept. 20.—The Times today publishes the following despatch from a correspondent with the Russian forces, sent on Saturday from Dvinsk: "I spent three days on this front where a terrific battle is raging almost unceasingly. When attacks die away at one place, they begin instantly at another. The nearest front is only 12 miles from Dvinsk, whose deserted streets resound with the detonations of heavy gun fire. "The Russians are holding the Dvinsk front in an excellent line of trenches, three deep, and despite constant fierce attacks supported by concentrations of heavy artillery, they have held the enemy off thus far. Many times the first line has been taken by the enemy, then retaken by our counter-attacks. The Germans are twice or three times our strength and have enormous superiority in guns as always, but hitherto they have gained no decisive advantage, each of their attempts being paid for with heavy loss of life. "Morale Unimpaired. "I find the morale of the Russians unimpaired. They are fighting in the same stubborn, determined manner, while the situation as regards the supply of ammunition and rifles is markedly improved, and the fate of Dvinsk and the whole line along the Dvina River is undecided. "The capture of the city will be effected only by heavy sacrifices. In the meantime, the town has been evacuated in the same orderly manner as at Warsaw, and if the Russians ultimately leave the Germans will occupy the same empty shell as in their former victories. "The nature of the country here is ideal for defense and undoubtedly the Germans are paying two to one in losses. It is not apparent why the Germans attach so much importance to this sector; but if they are willing to pay the price they possibly can take it. "A large proportion of the population of Dvinsk has fled."

### "Without Prejudice"

It was agreed at the city council yesterday to support the board of control's recommendation to appeal to the privy council against the order of the Ontario Railway Board, giving the Street Railway Company power to operate on the 1400 feet of Yonge street between the present stop south of the C. P. R. tracks and Barnham avenue. Mayor Church reviewed the legal side of the case at some length and gave sufficient reasons for the board's recommendation. The aldermen were practically unanimous, but many of them wished to see the people of North Toronto relieved of the inconvenience of walking over the interval between the Metropolitan tracks and the street railway.

There is a good deal of obscurity about the facts of the case, and if the Street Railway Company, in the past, had kept good faith with the city, there probably would not have been the suspicion which that policy has engendered to block the possibility of negotiation at the present juncture. Controller Spence suggested that the company had no real desire to operate a service over the stretch of Yonge street, and that the whole proceedings were of the nature of a bluff to get the council "in wrong" with the citizens. Such a suggestion would have been impossible had the company not afforded ground for it by previous actions. The company, as Ald. Cameron reminded the council, had shown no desire to serve the citizens at other points in the extremities of the city, and there was something sinister about the anxiety to do on Yonge street what the company had refused to do in half a dozen other places.

The private sale of the "rights" of the Metropolitan Company to the Street Railway Company appears to be the "joker" in the situation. No one is quite sure what might come out of this sale of non-existent rights when the lawyers should have accomplished their deadly work. Aldermen who deal in the stock market and operate in wheat futures and other things that do not exist, may be doubtful about the ability of the company to conjure up a franchise out of a sale of non-existent street rights. So many fortunes are made out of nothing, there is no telling what the wizards of the Street Railway Company are capable of doing.

Were it not for these doubts and fears, it appears to the ordinary man that if the city and the street railway both really desired to convene the citizens, they ought to be able to get together in spirit of private sales, disputable rights, legal decisions, Ontario Railway Board orders, privy council appeals, and any other machinery that might be set in motion. If they are not anxious to serve the citizens, nothing can be done. If they are, the city might lay the tracks, get the street paved, permit the C. P. R. to get on with its improvements, all without prejudice, and the Street Railway Company might agree to run its cars over the tracks laid by the city, also without prejudice, and the practical thing would be accomplished.

Unfortunately the man who has to walk 1400 feet, the woman who has to carry a baby that distance, citizens generally who have to plow thru mud and rain from one car to the other and climb the hill to go north, do not care whose fault it is. They want the service. The city should make it clear whose fault it is that they do not get it.

### A War Time Election

South Africa is in the throes of a war-time election, and has developed an unusually interesting and complicated situation. At this distance it would naturally be supposed that after Gen. Botha's remarkably skilful and successful campaign in the German southwest, he and his government might have been had the electoral battle been reduced to a straight contest between the ministerial and the opposition parties. But the position in the Union is peculiar, because not two only but four parties are in the field. General Botha's present premier, leads the South African party, composed mainly of Boers, who believe in the wedding of the Boer and British into one South African nation. This is known in the campaign as the

"one stream" policy, and it has the support of a section of the British electorate. Its strongest opponents are the Nationalists, who uphold the "two stream" policy, which proposes that Boer and Briton shall continue on parallel or approximately parallel lines, maintaining their racial differences.

Third of the South African parties is the Unionist who inherit the old British view of the relationship between the two European peoples included in the Union. As was to be expected, they warmly supported General Botha in his loyal attitude towards the empire, and in his decision to carry out the request of the imperial government to remove the German menace from South Africa. But unfortunately they do not see eye to eye with the general's hope policies, and have therefore been disinclined to combine their electoral following with his. However, are entertained that a working arrangement will be made by which seats will not be lost to his opponents. Lastly, there is the Labor Party, largely British in its composition, but resenting deeply the Botha government's labor policy, and particularly his summary ending of the general strike some years ago, and his deportation of its leaders. In these circumstances various results of the election are at least conceivable. But it is to be hoped General Botha will be sustained and allowed further opportunity to develop his policy of welding Boer and Briton into a real union, independent and self-governing while loyal to a free empire.

### Another Winter in the Trenches

Germany's war lord is said to have assured his hitherto credulous subjects that the war will end in October. This is possible, but scarcely probable, unless he recognizes that if victory does not then rest upon his arms he himself must throw up the sponge. But it is more likely that, as has been reported, the German general staff has already started preparations for another winter in the trenches of France and Belgium, and perhaps of Russia, should the invading forces reach desirable positions and dig themselves in as they did last year on the western front. No change of purpose is thought of among the allies, who are determined as ever to drive the German armies from the conquered territories, to require reparation for the wrongs done to Belgium, France and Russia and to destroy Prussian militarism.

If another winter must be spent in the trenches conditions will not be so bad as they were in that of last year. But precautions and comforts of all kinds will again have to be provided, and voluntary contributions must supplement the work of the government if our soldiers are to pass thru the ordeal unscathed in health. The British organizations have this necessity before them, and have begun appeals for money and gifts in kind. Even if conditions will be bettered by better knowledge of what must be faced and endured by many more men, they should be looked after, and this is true of the Canadian equally with the British field armies. The call has again come, and it appeals peculiarly to women, for it makes them all munition workers in a war for freedom and for international rights.

### Put Snap in Recruiting

If we have more recruiting meetings they ought to be better handled. So many fortunes are made out of nothing, there is no telling what the wizards of the Street Railway Company are capable of doing. Were it not for these doubts and fears, it appears to the ordinary man that if the city and the street railway both really desired to convene the citizens, they ought to be able to get together in spirit of private sales, disputable rights, legal decisions, Ontario Railway Board orders, privy council appeals, and any other machinery that might be set in motion. If they are not anxious to serve the citizens, nothing can be done. If they are, the city might lay the tracks, get the street paved, permit the C. P. R. to get on with its improvements, all without prejudice, and the Street Railway Company might agree to run its cars over the tracks laid by the city, also without prejudice, and the practical thing would be accomplished.

### Judge Refused Appeal in Gambling Case.

In the sessions yesterday, Judge Winchester dismissed the appeal made by T. Herbert Lennox, against the conviction and sentence of 90 days' imprisonment imposed by Magistrate Kingsford on Robert White and Alvin Cochrane on June 24, for keeping a common betting house, at 84 Queen street east.

### Recruiting Rally.

A big recruiting rally will be held tonight on the Yonge and Dundas square, north of the C.P.R. tracks. Hon. Geo. F. Graham and a number of very noted speakers will address the meeting.

## A BALLADE OF CLOWNING

Alternate victories and defeats,  
The face of earth forever marred,  
The widows in a thousand streets,  
And twenty million men on guard,  
The reel of gas, the jagged shard,  
The narrow trench, the wicked wire!  
—Compassion for the Motley Bard  
—Clowning, with the world on fire!  
Fair Liberty her life entrusts,  
She fears the wolf, the ravening pard,  
What crumpled shapes the morning greets  
There, in the meadow, daisy-dotted,  
They died. Their lovely limbs were scarred  
By bloody Force, obscene desire!

—Compassion for a Motley Bard  
—Clowning with the world on fire!  
Where are our lives' entrancing sweets,  
Love's odorous frankincense and nard?  
Red wrath and all unwholesome heats  
Dwell in our spirits, evil starred.  
A hundred die to gain a yard  
And hawks destroy our babes for hire!  
—Compassion for a Motley Bard  
—Clowning with the world on fire!  
L'ENVOI.  
Prince, ever you suspect the Guard  
Paraded yond at your desire,  
Be gracious to a Motley Bard  
—Clowning with the world on fire!

## A MASQUE

These three before the Judgment Seat,  
A Priest, a Soldier and a Clown.  
THE SOLDIER.  
I fought Thy fight,  
My sword's red reek,  
Was as rare incense at Thy Shrine  
Of Vandals that defiled Thy name;  
Few were left standing in the line.  
THE PRIEST.  
I spoke Thy Word,  
And men enthralled,  
Fell penitent at Thy dear feet;  
I won sinner from his sin,  
I sought the tares and made them wheat.  
THE CLOWN.  
I could not preach,  
I could not fight,  
My work was small thru all my years,  
Thy Children lay in agony;  
I made them smile amid their tears.  
THE VOICE.  
All three have served,  
And service done,  
The well of peace shall slake the thirst,  
The Kingdom lies behind the Throne;  
Enter!—But let the Clown be First.

## THE FACTS OF THE WHEAT SITUATION

The problems presented by our enormous wheat crop, the restricted market in which we may dispose of it, and the difficulty we are likely to experience in getting it to that market overseas, are beginning to engage the attention of the press and public all over the Dominion. The Winnipeg Free Press and The Toronto Globe are giving the questions involved a good deal of attention. The Free Press, in a three-column, front-page editorial, declares that the problem of the hour is how to get ample ocean tonnage for the western wheat at reasonable rates.

At present ocean freight rates are almost prohibitive, vessel-owners charging thirty cents a bushel for wheat and sixty cents a bushel for steers. Steers, however, find a ready market in Canada and the United States; it is the wheat that we must export, and export overseas.

The Free Press says that there were great rejoicings throughout the country when Sir Robert Borden announced that some arrangement had been made with the admiralty for the ocean tonnage we needed; but, as day follows day, with no more definite announcement, the people are now clamoring to know just what the arrangement is. They are not much comforted by Mr. Cochrane's statement that there will be vessels at Montreal for whatever wheat offers up to Oct. 1. Only a handful of wheat will get to tide-water this month. None has arrived yet from the head of the lakes, and it is a fair surmise that not over ten million bushels will be received during the next ten days.

The wheat was reaped and is being threshed this year later than usual. Last year the crop was a light one, but it got to market earlier. By the third week in September nearly seventeen million bushels had been inspected at Winnipeg, as against some seven million bushels up to Sept. 15 of this year. The Free Press, therefore, seems to be justified in saying that:

Any arrangement of ships which does not carry past the first of October means virtually that the western crop is concerned, no arrangement whatever has been made.

The Free Press says that the phenomenal drop in the price of Canadian wheat cannot be altogether accounted for by the big crop in the United States. It points out that the American farmer is getting higher prices all along the line, and that the export is so great that the Canadian farmer is actually paying ten cents duty in order to sell in the American market. It declares the low prices received by the farmer in the Canadian west are largely due to the tremendous cost of transportation from the place of production to the ultimate market at Liverpool. The farmer just pay from nine to eleven cents, according to locality, to get his wheat to Port Arthur. It costs six cents more to get it from Port Arthur to Montreal, and it costs about thirty-two cents to get it from Montreal to England, including freight and insurance. Then there is something like four cents or five cents in loss in exchange, which somebody has to pay. The Free Press is unable to see why the government did not make whatever arrangement could be made for transporting the crop long ago, so that the grain-grower would not now be confronted with uncertainty and threatened with something like a panic.

The Toronto Globe thinks the Canadian grain-grower is being sacrificed to governmental restriction, which keeps him out of every market but one. It notes that the embargo upon wheat exported to the United States, the modified to some extent, is effective to discourage trade. Then, too, the Canadian farmer faces a ten-cent duty against him at the American frontier. But that duty is a countervailing duty, which falls to the ground as soon as we admit United States wheat free duty to Canada. The Globe also printed yesterday in its market page a despatch from Chicago showing an active demand for cash wheat, and the high premium paid for hard wheat. So great is the demand that some Canadian wheat has been marketed, notwithstanding

### SUE SIR DONALD MANN

Alfred Barron and Wife Declare They Were Run Down by Magnate's Car.

The second division court, consisting of Chief Justice Falconbridge (presiding), Justices Latchford, Kelly and Hiddel, opened the appellate division at Osgoode Hall yesterday. Their lordships were occupied throughout the day hearing the case of Gosfield North v. Anderson Township. The litigation arose thru the refusal of Gosfield North to pay a portion of the cost of a nine-mile drainage system levied on it by the township. The case will conclude today.

An order was made yesterday by Mr. Justice Middleton appointing the Canadian Trust Company administrator of the estate of the late Philip Green in lieu of Lucy Green, who has been found incapable of managing her own affairs. Her infant children benefit. Thomas J. Galligan presented his certificate to Mr. Justice Middleton and was sworn in as solicitor for the supreme court.

At a meeting of the judges of the high court held yesterday, Chief Justice Falconbridge presiding, it was ordered that a sitting for the trial of civil and criminal actions be held at Gore Bay on Wednesday, Oct. 13. Mr. Justice Latchford will preside.

An action has been entered by Alfred Barron and his wife against Sir Donald Mann claiming \$200 damages. The plaintiffs allege that the knight's motor car ran them down while they were on a motorcycle on Bedford road. Sir Donald Mann of Toronto has entered action against Alfred Dow to recover alimony.

The list for the second appellate court today is: Gosfield North v. Anderson Township, Guilmette v. Hoite and seven others, Fletcher v. Chalfoux, Lloyd v. Arthur, Weinacht v. Nisbet, Port Credit Brick Co. v. Marsh. Judgment will be given today in the case of the Canadian Standard and Brick Co. v. Orr Bros.

## SAYS AMERICANS HELP BY STAYING NEUTRAL

When asked about the attitude of United States people toward the war, E. Jackson of Cape Vincent, N.Y., who is at the Walker House, replied that his father was a native of Lancashire, his mother a Glasgow woman, and that he was born in New York. Continuing, he said: "Some Canadians, presumably, think that the Americans ought to be in this war. Well, President Wilson and his government are steering the course that appeals to them, and no doubt, if it must have occurred to you that we are helping you more by being out of the actual fight than we could possibly aid you if we were in the conflict shoulder to shoulder."

Therefore depressed because it has practically only one outlet, the British market, we sacrifice all markets other than the British market, then the imperial government should give our wheat a compensating preference, either by purchasing the crop outright at a fair price or by carrying it overseas so quickly and cheaply as to give the Canadian grain-grower a decided preference over his American competitor in the British market.

If the farmer has to hold his wheat, then conditions should be made as tolerable for him as possible, and Finance Minister White is moving in the right direction when he urges the banks to extend credit generously and promise that the government will rediscunt grain bills thru an issue of national currency. If he follows this line with courage and persistence he may save the situation. Certainly he's doing more than anyone else.

But the more we study the enormous production of wheat in so many countries, the less are we inclined to see any great increase in the price of that grain. And that is all the more reason why the wheat-grower should give every consideration to the fact that any nation she considers, The Bache Review (Wall Street) thinks that Canada ought to be considered first by England in buying wheat. So do we.

The foregoing views to some extent coincide with and support the position of The World heretofore stated. They cover the case from some angles, but we do not think they touch every point. Let us therefore briefly summarize the views we have already stated in these columns:

1. The United States and Canada between them have for export about 600,000,000 bushels. This is probably more than is required by the wheat-importing countries of Europe for the coming year, and the surplus will have wheat offered to them from Argentina, India, Australia, and later on from Russia.
2. The United States and Canada are therefore equally anxious to sell to Europe this time, but while the United States is able to sell to any nation she pleases, Canada can only sell to an all country or under certain rigid restrictions to Holland and Greece.
3. Whatever wheat Canada sells abroad will be sold to the British Government, to British millers, or to the French Government, which has made the wheat business a government monopoly. If Italy buys it will buy thru the imperial government. We are therefore anxious to see a preference in the British and French markets over the U.S. exporters, but it begins to look as if the U.S. exporters might get the inside track on us as a result of the loan negotiations now going on in New York.
4. The Canadian wheat will be arriving in some volume at tide water by Oct. 1, and we have no assurance that there will be any vessels there to carry it. Indeed, it is quite possible that we will be in some extent dependent upon American tonnage on the lakes and upon vessels leaving American seaports.
5. In the U.S. wheat is from 5 to 10 cents higher than it is in Canada, but we cannot ship and sell to the United States unless and until:

(a) The Dominion Government removes the restrictions and embargo upon the export of wheat to that country.

(b) Canada removes the duty against U.S. wheat and thereby automatically removes the present American duty against Canadian wheat.

(c) The price of Canadian wheat is

look up Bulgaria's claims and presented them to Serbia in joint notes. Serbia, after mature consideration, decided to refuse the claims and conceded virtually nine-tenths of the territory in Macedonia demanded by Bulgaria. The only portion of Macedonia not conceded was a small section which was considered essential to Serbia's military defenses, but these concessions of nine-tenths of Macedonia were made in order that Bulgaria give something in return, namely, her cooperation with the Balkan states and the allies.

The allies, therefore, handed Bulgaria a joint note last week, reciting Serbia's concessions of nine-tenths of Macedonia and asking Bulgaria what she proposed doing as a result of the concession of the Highlands.

Now, however, the diplomatic outline continued, before giving an answer, Bulgaria assumed that she was master of Macedonia and begins the mobilization of Macedonian residents that she assumes control of Macedonia before stating what she is willing to do for the allies in return for such control.

This, the diplomatic authority pointed out, gives the situation a new phase, which may call for another note from the allies in addition to the one already given. The mobilization of the Macedonian population at the moment when the allies are negotiating terms by which Bulgaria may secure the recession of Macedonia.

It is understood that the allies joint note of last week was accompanied by a verbal request to M. Radoloff, the Bulgarian premier, for a reply "at the earliest possible date."

FIRELIGHTS AT LOCAL THEATRES

BIRTH OF NATION BEYOND PROMISES

Wonderful Impression Made Upon Those Who Witness Production.

NO CAUSE FOR SHAME

Negro Race Has Risen to Great Heights as Illustrated in Film.

"The Birth of a Nation" is one of the few productions that are not only fully up to promise, but are really far beyond the expectations of the jaded visitor to moving picture shows. Yesterday's audiences at the Alexandra showed that it was not only the advance notices but the faithful reports of previous visitors which had stirred up such intense interest.

The Spirit, Long Shot, Won Feature On Second Day at Woodbine Park

Pan Zareta in Fine Form Came Within Fraction of Track Record in Westminster Handicap—Three Finish Noses Apart in Closing Event—Big Crowd at the Races.

Fine weather favored the Ontario Jockey Club for the second day of the autumn meeting at Woodbine Park. Attendance was above expectations.

The only outsider to win was in the feature race, when The Spirit beat Southern Maid for the Rothchild Cup. The Davies mare, after a long and hard race, won by a neck.

Typoon, Copper King and Pan Zareta were the winning favorites. Orperth, New Haven and Buzz Around the bush were the second choices.

YORKSHIRE AEL OUT FOR EIGHTEEN RUNS

Old Country Easily Won C. & M. Game for Leadership of Western Division.

Yorkshire C.C. and the Old Country C. played before a good crowd of spectators at Trinity College grounds on Saturday. Old Country won by 78 to 18. The game was to decide which would lead the western division of the Church and Mercantile League. The Old Country batted first on a wicket that favored the bowlers. Smith and Barford opened for the O.C. against the bowlers of the Yorkshire. Barford was run out with eight runs on the score sheet, with five of them to his credit. The next batsman in, was clean bowled with a beautiful ball by Priestley. The score remained the same. Two runs to the Yorkshire bowled Calmery. At the other end, Joy bowled Smith without any further ado. The Yorkshire batsmen were in a sympathetic mood at this stage of the game. Some of them went so far as to be sympathetic towards the poor Old Country, as they called them. The Yorkshire batsmen were in a sympathetic mood at this stage of the game. The Beverage that Benefits Not simply a thirst quencher, but merely a stimulant, but just the purest, most health infusing spirit that has ever been produced.

Excellent as a "pick-me-up" tonic and most beneficial in its effect on the liver, kidneys and other organs. Vastly superior to ordinary gin.

Obtainable at all Hotels and Retail Stores. Distributors: R. F. Jones & Co., 23 Front St. East, Toronto. Australia consumed 3,000,000 bottles last year.

CHOICE ANIMALS CONTINUE SCARCE

Market Opened Fairly Active With Only Canners and Cutters.

Trade in Stockers and Feeders Was No Better Than Formerly.

The receipts of live stock at the Union Stock Yards for Monday's sale totaled 225 cars, including 100,000 lbs. of calves, 600 hogs, 2021 sheep and lambs and 2016 horses for the allied armies.

Butchers' cattle: The quality of butchered cattle yesterday did not come up to the standard of the week ago. There were really choice animals on the market. The market opened fairly active, with only canners and cutters and bologna bulls going to the scales in the first hour. After that the butchers' class started to move with more or less rapidity. The entire market, but for odds and ends, was fairly sold out in the early afternoon. Prices held about steady with Thursday's prices. Hunch-bulls, few in number, sold better. Choice butcher cows sold up to \$6.75 for a few. There showed no improvement over last week. If the rumors were established that the embargo at Liverpool and Buffalo ports or entry was lifted, it would inject a stimulus into the market, as more outlets are needed. The bulk of the shipments on Monday were not up to required quality. Milk and springers: Buying in these classes was the same as last week, active and persistent, with not enough to satisfy the demand. Choice light lambs were in demand and brought better prices than last week. Choice heavy lambs were limited in number and sold at 10 1/2 to 11. This quality called in firm, but the market was only steady. Hogs: Last week's prices were quoted again yesterday. The shipment was light. Choice feeders, 200 to 300 lbs. at \$6.50; good to \$6.75; medium at \$6.25; light steers and heifers at \$6.25 to \$6.50; good cows at \$6.75 to \$6.25; medium cows at \$6.25 to \$5.75; cull cows at \$4.50 to \$4.25; butchers' and cutters at \$4.50 to \$4.25; bulls at \$4.50 to \$4.25.

BATONS BEAT OLIVET

Batons defeated Olivet at Centre Island on Saturday by 18 runs. Both sides were short, with only eight men each. Olivet winning the toss, took the field, and Dr. Bloom and Robinson, who were sent in to bat. Captain Chalmers gave a good display of hitting, obtaining 17 in good style and remaining not out at the finish when the score was 43. T. Green and H. Green were responsible for the wicket ball for Olivet. Ainsley was in wonderful form with the ball for Batons, obtaining 25. H. Green, Olivet batsman, was out with 25. This player was put out by a brilliant catch by Dean on the boundary.

WEAKER FEELING DEVELOPS ALL ROUND AT WEST END MARKET

MONTEAL, Sept. 20.—At the Montreal market, Sept. 20, the market was weaker feeling developed this morning, prices declining five per cent. for all grades with the exception of choice stock. Sales of bulls were made at \$4.10 to \$4.40, and of cows at \$3.25 to \$3.50 per cwt. The trade in butchers' stock was quieter than of late, owing to the fact that the large buyers had ample supplies on hand. A few loads of choice steers changed hands at \$7.75, and good steers at \$7.25, and the latter at \$7.50 per cwt.

A feature of the market was the stronger undertone of the market for lambs, prices scoring an advance of 25¢ to \$4.40, and Quebec at \$7 to \$7.25 per cwt.

There was no change in the condition of the market for sheep, as supplies were ample to fill all requirements. Round lots of ewes sold at \$5.25 to \$5.50 per cwt. Calves active and prices firm. Choice, milk-fed stock, up to 90, and grass-fed, 4 1/2 to 5 1/2 per hundred.

Hogs easier, at 10c to 15c per cwt. reduction. Packers bought fresh or selected lots at \$9.55 to \$9.75, and rough and poorer stock at \$9.25 to \$9.50, cows, \$7 to \$7.50, and stags, \$4.00 to \$4.25 per cwt., weighed off cars.

FELL DOWN SHAFT AND HAD SKULL FRACTURED

Special to The Toronto World. BELLEVILLE, Ont., Sept. 20.—Saturday, a young foreigner named Mike Munnick, aged about 20 years, was brought to Belleville Hospital from Madoc suffering with a fractured skull. He was working in a mine at Madoc and fell into the shaft. His companions, not knowing he was there, emptied their barrows at the opening of the shaft, allowing rocks to fall upon him. He has not yet regained consciousness, and he is in a precarious condition.

WHEAT BRISK AT MONTREAL

MONTREAL, Sept. 20.—There is a strong demand for Manitoba spring wheat for nearby shipment, and as the price being bid for such as 2s to 3s per quarter higher than for future shipment, exporters are accepting of all the orders they can, but the trade for future shipment is dull. There is also a good enquiry for oats and barley, but the price is not so high as for wheat.

The local trade in coarse grains continues to be active, but the higher prices of the export business in spring wheat continue to be a factor in the market. The export business in spring wheat continues to be a factor in the market. The export business in spring wheat continues to be a factor in the market.

Demand for eggs is good and the market is firm. Exports for the week, 1225 cases, making a total for the season of 93,304.

INVESTMENT STOCK MARKET LIFTED ON SUCCESS OF LOAN

Deals at New York on Larger and More Comprehensive Basis.

EXCHANGE AGAIN ROSE

Metal and American Smelting Advanced With Mexican Improvement.

NEW YORK, Sept. 20.—Deals in stocks today were on a larger and more comprehensive basis than at any recent time.

Higher quotations for the most part were yielded none of their recent prominence.

External conditions, so far as they were upon affairs across the water, exerted little influence in either direction.

Domestic news included western advance in wheat, and improvement in the traffic situation, due mainly to heavier receipts from New York buyers.

The bond market was firm, without special feature. Total sales, par value, \$1,000,000.

Chicago Wheat Prices Also Raised by Balkan Situation.

BIDS CLOSED HIGHER

Strength Developed Near End of Yesterday's Session of Pit.

CHICAGO, Sept. 20.—Rumors that the success of the Anglo-French loan had been secured gave a lift today to the wheat market here, and so, too, did reports of an alliance between Bulgaria and Turkey.

Strength in wheat did not develop much until near the end of the session.

Weather put a little firmness into the market, but the effect was soon dissipated.

Large amount of foreign demand for domestic grain, especially wheat, was reported.
