MURRAY G. MURRAY STILL HOLDS THE REINS OF POWER

Nova Scotia Liberals Safe for Another Five Years, But With Reduced Majority—Three Cabinet Ministers Defeated—Liberals Carry All Three Halifax Seats.

NO INDEPENDENTS IN THE NEW LEGISLATURE

HALIFAX, June 14.—The provincial general elections took place to-day and resulted in a victory for the government, who have carried twenty-seven of the thirty-eight seats in the province. Halifax elects three Liberals with a majority for the highest of 1056, and for the lowest of 705. The Labor candidate in Halifax polled a total of 274 votes, compared with 488 for the highest government candidate. Cape Breton elects two Conservatives, but that party confidently expected at least four.

A notable feature of the election is the defeat of three members of the government, Hon. C. Chisholm, commander of works and mines, who ran at the foot of the poll; Hon. B. F. Pearson in Colchester, and Hon. Dr. LeBlanc in Yarmouth. Premier Murray and his colleagues also have a big lead. The issues were chiefly local. The Liberals in this province will now have five years more to add to their 29 years of rule. The opposition in the last legislature numbered five. They will now have only three, and they have the advantage of having with them C. T. Tanner, the former opposition leader, who is elected in Pictou.

Results of Polling.
 The results of the polling to-day were as follows: two members being elected in each constituency, except in Halifax and Pictou, each of which elects three.

Inverness—McDonald and McLellan, Liberals, leading with six places to four from the Conservatives.
Victoria—Premier Murray and Buchanan, Liberals, large majority, with two places to hear from.
Guysboro—Ellis, Liberal, 139 majority; Terry, Liberal, 179 majority.
Richmond—Joyce and Bissett, Liberals, leading with good majority.
Cape Breton—Butts and Douglas, Conservatives, leading with small majorities.
Pictou—McGregor, Liberal, 553; Tanner, Conservative, 369; McKay, Liberal, 357; Bailie, Conservative, 350; Robertson, Conservative, 335; McKenna, Liberal, 330; Cosgrave, Labor, 317.
Chatham—MacLean, Liberal, 448; Carter, Liberal, 404; Giffroy, Conservative, 403; Smith, Conservative, 374.
Digby—Comeau, Liberal, 356; Wall, Liberal, 183; Marshall, Conservative, 619; Deveau, Conservative, 176.
Antigonish—Glorion, Conservative, 131; Trotter, Liberal, 128; McDougall, Conservative, 101; Hon. Chisholm, Liberal, 107.
Yarmouth—Armstrong, Liberal, 1631; Corning, Conservative, 1564; LeBlanc, Liberal, 1498; Drenthout, Conservative, 1167.
Hants—Parsons, Conservative, 2304; Reid, Liberal, 2061; Fielding, Conservative, 2025; Wilson, Liberal, 172.
Shelburne—Smith, Liberal, 1245; Mickerson, Liberal, 1202; Fisher, Conservative, 1120; Phillips, Conservative, 1110.
Chesapeake—Stanfield, Conservative, 2533; Kennedy, Conservative, 2524; Hill, Liberal, 2478; Pearson, Liberal, 2318.
Kings—Wickwire, Liberal, 2456; Corning, Liberal, 2044; Eaton, Reform, 1873; Parker, Conservative, 1603; Campbell, Reform, 1016.
Lunenburg—Maclean, Liberal, 2322; Macgregor, Conservative, 2311; Mader, Liberal, 2478; Sewickler, Conservative, 2303.
Queens—Hall, Conservative, 1083; Smith, Liberal, 1056; Kingston, Conservative, 835; Purney, Liberal, 822.
Amnapolis—Daniels, Liberal, 2961; Phinney, Conservative, 1942; Davidson, Conservative, 1621; Hall, Liberal, 1584.
Halifax—Faulkner, Liberal, 6234; Logan, Liberal, 6201; Finn, Liberal, 5883; Conservative, 5178; Reid, Conservative, 4815; O'Mullin, Conservative, 3914; Jay, Labor, 2503.

SUICIDE OF CHINESE BOY SHOWN BY EVIDENCE

Uncle, However, Could Assign No Reason for Dred—Neighbors Heard Cries of Horror.

Evidence given at the inquest into the death of Jong Dai Tak, which was continued by Coroner Dr. G. G. Rowe at the morgue last night, showed beyond all doubt that the unfortunate young lad committed suicide at 651 West Queen-street last Friday. The evidence of the uncle, Chong Yuen, given thru an interpreter, was clear and reasonable, and the several witnesses have yet to be called, the verdict looks certain. T. Louis Monahan, K.C., handled the case for the crown, and D. E. Wallace, with a private interpreter, acted for the uncle.

According to the uncle, the boy had been with him since Christmas, leaving his father in Vancouver. His father paid no board to the uncle. Jong Dai Tak was a Chinese boy, and was in fact, helping that Friday night about 9 o'clock, when he went up to bed. After that the uncle and his man, Ching Ping, worked until nearly 1 o'clock, when Ching Ping and went upstairs. Striking against the body in the dark, the man screamed and called "thieves" in Chinese, and ran downstairs for an ax. The two men went upstairs together and, striking a match, found the boy hanging by the rope, under which was a note.

"What did you do then?" asked Mr. Monahan.

"I said the unhappy little Chinaman, breaking in on the inter-
 preter, then they cut the body down and went after Chong Yuen, brother, living in Dovercourt-road.

"Then they knew the boy was dead, Yuen said the boy was quite clean, and he could go to the laundry, he said he gave him anything from 25c to \$2 a week, always on Monday.

"But I don't want for any clothes?" asked the crown.

"Yes," replied the uncle, "he wanted a summer coat, I said he would have one, but he didn't want to go to Victoria."

Then Monahan became very explicit. "What would you infer from the boy having hanged himself on this occasion?" he asked. The uncle, however, couldn't give any motive for the deed on this or any other occasion, except that Jong Dai Tak had been afraid of being sent back to Victoria.

"But I wouldn't have forced him to go," said the Chinaman.

James Waddington keeps a flour and feed store at 861 Queen. He was awakened by shouts and cries of foreigners shortly after 2 o'clock Saturday morning, and dressed and went out along the lane to Bathurst-street. He saw no sign of anyone, however, and heard no more noises.

Wallace, for the uncle, asked him if he thought the noises would have been caused by a struggle or by surprise.

"They seemed to be cries of horror," said Waddington.

This evidence was corroborated by Rachel Coley, who heard foreigners "hollering, half crying and half shouting," and Josephine Hodgson and May Tryce. These young women lived in the hotel at the corner of Bathurst, next door to the laundry. John Tomenson and Mrs. Jennie Brook, residents over the store, on the other side of the Chinese shop, heard no noises. Tomenson said the boy had come into his store often, spending about 15 cents a day on candy. He always seemed well treated.

The inquest was adjourned till Friday, June 23, when several other witnesses will be called.

Ottawa Fire Does \$100,000 Damage

Started in Premises of Dominion Warehouse Company—Thousands of Bunches of Bananas Consumed.

OTTAWA, June 14.—Damage to the extent of about \$100,000 was wrought this morning by a fire which completely gutted the storerooms of the Dominion Warehouse Co., Nicholas-st. The fire started from some unknown cause and within a short time had swept clean thru the warehouses, which contained thousands of dollars' worth of furniture, which had been stored in addition to a large quantity of liquor, which had recently been imported under bond. The water pressure was poor, but the fire, on account of the inflammable contents of the storerooms, was very difficult to handle. The brigade confined the flames to the warehouse and the fruit exchange, managing to save the building of the Ottawa Cold Storage Co., which stood adjacent. The loss is partly covered by insurance.

WARNING AGAINST MIXED MARRIAGES

Presbyterian Assembly Denounces Ne Temere Decree—Votes on Church Union.

Political Intelligence

CLAIMED THE CONVENTION WAS CALLED IRREGULARLY

Rumpus in the Liberal Camp in Stormont—George I. Gogo Candidate for Dominion.

OTTAWA, June 14.—A strong pronouncement against the promulgation of the Ne Temere decree and a warning to the people of the church to abstain from mixed marriages till the situation is cleared up was passed by the Presbyterian General Assembly here to-night. The motion was carried unanimously by a standing vote.

The main resolutions as presented read, as outlined yesterday, with the adoption of the following clause:

"But so long as the Ne Temere decree is in force, and it is safe to say that the convention has been called in the name of the Roman Catholic Church, and so long as the Roman Catholic Church assumes the authority to interfere with and destroy the peace of those who contract mixed marriages, while deeply regretting the necessity of suffering any cloud to rest upon the social harmony that should exist among all Christians in this Dominion, the General Assembly is compelled, until the cause of this disharmony is removed by the Church of Rome, to warn all our people to abstain from entering into the marriage tie with those who give their allegiance to the Roman Catholic authority."

Rev. J. H. Edmondson, Kinross, was nominated by the home mission committee as secretary of home missions and the assembly approved. He will really be assisting to the new superintendent of missions, Rev. Dr. Grant. The provisional board of management of Queen's theology faculty as it will be after the legislation for separation was named as follows:

LAKEFRONT LAND TO EAST BOUGHT BY SYNDICATES

Eleven Hundred Acres Between City and Highland Creek Have Been Acquired.

TRouble at Montreal.

MONTREAL, June 14.—While it is not likely that the International Seamen's strike will greatly affect Montreal, it is not at all unlikely that trouble may arise between the local longshoremen's union and the principal shipping companies using this port.

During the past week the permanent board of conciliation appointed to settle all disputes between longshoremen and shipping have been deliberating in an endeavor to arrive at a settlement of the grievance, which if not settled will threaten the ordinary quiet and peaceful conditions of labor along the water front.

The main point complained of by the longshoremen is that the captains of the vessels entering the port never ask for sufficient workers, thus leaving in the longshoremen's ranks many more unemployed than are necessary.

The second complaint is that the shipping companies are ignoring the union by employing non-union hands to unload the vessels which visit Montreal.

It was announced to-day by Mr. Franco, president of the board, that no decision would be handed down until the members of the board had themselves investigated the longshoremen's complaints.

The longshoremen are confident that the permanent board will succeed in adjusting their differences and are content to await a decision for some time yet before taking extreme measures.

The next meeting of the board has been set for Saturday, when some definite announcement is certain to be made.

TOFONTO BOARD PLEDGED TO Development of North Country, Says R. S. Gourlay.

COBALT, June 14.—(Special.)—At a banquet in the evening at Halleybury of the associated boards of trade, R. S. Gourlay, speaking on behalf of the visitors, declared that the Toronto board was pledged to the development of the north country, that an active publicity campaign was about to be inaugurated and predicted provincial co-operation and harmony from the combined board of the Dominion.

There was a cry from northern speakers for increased railway facilities, more colonization roads and a more liberal investment of capital. Finance was found with loan companies sending money out of the province to the starvation of local development.

PANAMAS REDUCED.

The Dineen Company has made some very large reductions in the selling price of the stock of the Panama Canal. For instance, the \$15.00 stock is marked at \$8.00; the \$10.00 at \$5.00, and a special high quality block for \$10.00. There is also a wonderful good line at \$5.00. VEVUSIUS HAD NOTHING ON HANK'S UNDERPINNING

Iowa Agriculturalist's Celluloidal Substructure Rent the Peaceful Atmosphere of the Old Homestead Cornfield With the Noise of Horrid War.

BLANCHARD, Ia., June 14.—(Special.)

Men have nursed vipers in their bosom only to be stung by them, but the experience of Hank Nixon, a farmer who grows corn hereabouts, was stranger than that. Nixon has cherished a sleeping volcano in the shape of an artificial leg. For ten long years this leg has served with faithfulness and efficiency, but to-day it went crazy with the heat, which reached 100 degrees.

Nixon was plowing his cornfield. Along about 2 o'clock in the afternoon it began to get hotter and blazes and Hank turned the cultivator upon which he was riding, towards home. Just as he reached the edge of the field, Henry's old faithful celluloidal leg blew up. It scared the horses, raised a rowdy and landed Hank in a furrow, where all he could do was lay on his back and holler till the chore boy came from the barnyard and took the place of the leg till Henry made the old homestead, where he put in an order over the phone for a new non-explosive leg.

The vipers Henry figures it out as this. Something went wrong with the harness and he was off the seat for some time adjusting the difficulty. Meanwhile the sun was just naturally pouring down on that metal seat until when he again mounted it, it was hot enough to raise blisters. Anyway, Henry wasn't hurt, and says that as the leg served him faithfully and patiently for ten long years, it was entitled to a holiday and a blow out.

SEAMEN'S STRIKE WAS DECLARED LAST NIGHT

Little Enthusiasm Displayed, and Shipping Federation is Confident of Being Able to Fill Positions of Strikers—British, Belgian and Dutch Ports Affected.

LONDON, June 14.—The seamen's strike was formally declared to-night at London, Glasgow, Liverpool, Cardiff, Bristol, Southampton and other British ports, and also at Belgian and Dutch ports, but the chances of any real international strike being declared seem remote. So far as to-night's indications show, the confidence of the shipping federation is well placed, for at hardly any of these ports was enthusiasm displayed for the strike, and the ship-owners maintain an attitude of indifference, seemingly satisfied that they will have no trouble in filling the places of the strikers, who thus far can be counted by hundreds.

Ten Master, at Liverpool, Ben Tillet at Southampton are doing their utmost to galvanize the movement, but with small success. They demand chiefly a conciliation board and the establishment of a minimum wage, and complain bitterly of the wholesale employment of Asiatics by the shipowners.

There appears very small hope here that Germany, Norway or Denmark will come into the movement.

At a mass meeting in East London to-night attended by 2000 sailors and firemen, the signal for the strike was given. This consisted in the firing of three rockets and the unfurling of a banner inscribed: "The war is now declared."

C.P.R. Liner Delayed.

LIVERPOOL, June 14.—This was the first of the big British ports to feel the effect of the general strike order issued to the union seamen to enforce the ultimatum served on the shipping federation, some time ago. The service of the Teutonic and the C. P. R.'s Empress of Ireland, which both run to Quebec, abandoned their vessels to-day and the ships are now held up, unable to sail on schedule.

The crews of a number of tramp liners followed the example of the men on the big Atlantic liners. The men are very orderly, having been warned by their officers to keep away from the water front.

The officers of the union say that as fast as the big liners come in the men will quit work. All, however, will complete the trip for which they have signed, so that none of the steamers whose home port this is will be interfered with elsewhere.

HAMILTON HAPPENINGS

FIVE YEAR OLD BOY RUN OVER BY TRAIN

Was Too Absorbed in Play to Notice—His Recovery Doubtful—Aged Man's Suicide.

HAMILTON, June 14.—(Special.)—Edward Gauthier, a 5-year-old boy, living at 177 Young-street, was perhaps fatally hurt this evening by being run over by a T. H. & B. freight car at the corner of Ferguson-street and O'Reilly-street. One leg was severed and the bones in the foot of the other were so badly crushed that the member may be useless to the boy if he recovers, which is very doubtful. The boy was so weak from loss of blood that the necessary surgical operations could not be performed to-night. He was also badly cut and bruised about the body, and internal injuries are feared. Dr. T. H. Balfe is attending him. The boy was absorbed in play with other lads at the scene of the accident, and did not notice the approaching car.

After expressing the wish over the dead body of his wife to go with her, William H. Lockman, this morning, committed suicide by hanging himself at his home at 251 York-street, while the body of his wife lay in the house awaiting burial. Mrs. Lockman died last Monday and her death so affected Lockman's mind that his grief could not be controlled. Lockman and his wife were each 72 years old. Both were members of the Baptist Church. He was for many years a contractor in this city. Mrs. Lockman's funeral was to have been held to-day, but both bodies will now be buried at the same time.

May Be He's Running Yet.

Number three police station was converted into a temporary chicken run this morning, when Sgt. Cruickshank brought in 60 "birds" which he had captured from a supposed chicken thief. The man had tried to sell the fowls, and being suspected of stealing them was pursued by the officer. When cornered, after a mile and a half chase, on the mountain he abandoned his alleged booty and ran across the fields. He has not been captured yet.

The fire and police committee purpose to hold a private meeting next Monday night to allow the city firemen to unboos their complaints against the work they are required to do around the fire station. Some of the aldermen are opposed to a private hearing in the matter, claiming that such action encourages insubordination among the firemen.

Hugh McMartin, 250 Gibson-avenue, and William Neville, 161 Gibson-avenue, were seriously but not fatally injured by the fall of an elevator in which they were riding at the factory of the Imperial Cotton Company, on Sherman-avenue, where they are employed. The elevator fell about 20 feet, and the men were removed to the City Hospital.

ST. LEO'S ANNUAL PICNIC

Enjoyable Time Spent at Pine Beach Yesterday.

MIMICO, June 14.—(Special.)—St. Leo's Roman Catholic Church held their annual picnic and church games to-day at Pine Beach, near the asylum. The grounds were in ideal condition for such a picnic, and the sports, which were the principal features of the afternoon, were much enjoyed by some three hundred who were present. There were over a dozen events, which took place as follows: 100 yards dash, boys under 12—1, P. Herod; 2, Lawrence Faulkner; 3, P. Walters. 100 yards dash, boys under 14—1, J. Cummings; 2, W. CEREMONIAL IN HONOR OF LATE ARCHBISHOP

Memorial Window and Tablet Unveiled at St. Alban's Cathedral Before Synod Members.

The Anglican Synod of Toronto Diocese, in session at St. James' Parish House, yesterday adjourned to St. Alban's Cathedral, where Bishop Sweeney unveiled a stained glass window and a tablet in memory of the late Archbishop Sweattman.

The window was proposed by Frank Turner, who gave a subscription himself and procured others, and after the death, Charles Turner added a generous donation, which enabled the chapter to purchase the work.

In the picture, which was designed by E. M. Chadwick, K.C., and executed by N. W. Lyon (left) and Toronto, is a representation of the Saviour seated on a throne of supplication, surrounded in the outer robe of white and the inner robe of ruby, girt with a golden sash, bearing in the right hand a golden cruciform sceptre, and in the left hand the orb of sovereignty. The face is that of a young man realized body rather than an ordinary human terrestrial one.

At 4:30 the procession entered the church, preceded by the choir, and clergy, robed among whom were noticed Revs. P. B. de Lom, F.R.G.S., Haliburton; P. G. Plummer, St. Augustine's; Canon Macdonald, St. Andrew's; Canon Dixon, domestic chaplain; P. H. Hartley, Toronto; S. Swetnam, J. B. Fotheringham and H. R. Young, Uxbridge.

After the clergy were seated the bishop was conducted to the west entrance, where he was met by Ven. Archdeacon Warren, Ven. Archdeacon Ingles and Ven. Archdeacon Cady. The procession then marched to the west door, where the bishop read the following prayer: "In the faith of Jesus Christ we dedicate and unveil this window and tablet to the glory of God and in memory of His servant, Arthur, third bishop of this diocese, archbishop of this province and primate of all Canada, in the name of the Father and of the Son and of the Holy Ghost. Amen."

The cord was then pulled by E. M. Chadwick, K.C., which released the blinds, and the window and tablet showed out prominently as the sun shone thru the windows of the cathedral. The bishop then read the following prayer: "O Almighty Father, Lord of heaven and earth, the entrance of whose light we receive, we beseech thee, O God, to accept this offering at our hands, for the adornment of Thy house of prayer, and to consecrate these our gifts to Thy glory and the glory of Thy service, for Jesus Christ's sake. Amen."

O Almighty and Eternal God, whose divine majesty filleth heaven and earth, we beseech thee to accept this offering at our hands, for the adornment of Thy house of prayer, and to consecrate these our gifts to Thy glory and the glory of Thy service, for Jesus Christ's sake. Amen.

RAILWAY BOARD HERE NORTH TORONTO'S CASE

Big Crowd of Local Men Will Be on Hand—Mayor Says Annexation is Supreme Question.

NORTH TORONTO, June 14.—(Special.)—At a special meeting of the town council, held at 4 o'clock this afternoon, to discuss informally the proposed line of action before the Ontario Railway Board on Thursday afternoon, Solicitor Gibson, together with Mr. Helmuth, was present, and the whole situation was gone over. There was a discussion as to how best to serve to help the town if brought to the surface, but the mayor and council, as well as the solicitors, are hopeful that such a strong case will be made out that the Metropolitan Railway will fail to prove their contention.

The discussion of the street Park switch in the system renders certain concerted action on the part of the city towards looking the scheme, and it is becoming more and more evident every day that once the town wins its case some new scheme must be devised for handling the Young-street passenger and freight traffic.

In connection with the hearing of the case before the railway board, which takes place in the Manning Chambers at 2:30 on Thursday afternoon, Mayor Brown and his council will have a large representation of the townspeople present, and thereby show by their presence the well-grounded objections they are all known to entertain towards the proposed switch business. One difficulty obtains in the fact that the board's official rooms are so contracted as to give accommodation only to a fraction of those who will be likely to attend.

On Friday forenoon at 10 o'clock the board of control and aldermen of the city, or at least a number of them, will visit the town, and will be shown around by the members of the town and the local officials. It might be as well to mention that the board's official rooms are so contracted as to give accommodation only to a fraction of those who will be likely to attend.

Refreshed and invigorated after their trip to Niagara Falls, the guests of Warden Bull, the members of the York County Council got down to business in the morning. A large crowd attended, and after enjoying the excellent supper provided by the ladies of the church, listened to an entertaining program given by Bert Harvey, the Messrs. Squires, Edvarda and Martin, the St. Jude's choir and the Malvern Band. Rev. Mr. Durnford presided.

Wesley Gohn of concession 3 of Markham Township, near Dollar, is the latest victim of the mad dog incident, and is now in the city undergoing the Pasteur treatment. The dog that bit Gohn is supposed to be the same one which bit little Ross yesterday. Gohn is supposed to have bitten several other dogs, and possibly cattle. While the muzzling of the dog is being done, a dead letter in Markham Township and the city, from which latter place both of the dogs lately killed came.

BIRCH CLIFF. Emmanuel Presbyterians Hold Garden Party To-night. BIRCH CLIFF, June 14.—(Special.)—The garden party under the auspices of Emmanuel Presbyterian Church, East Toronto, will be held on the grounds of George H. Mitchell, near Birch Cliff, to-morrow, Thursday evening, June 15. Refreshments will be served from 5 to 10 o'clock, and the full band of the Royal Grenadiers will be present during the evening. Scarborough cars pass the grounds.

NEWMARKET. NEWMARKET, June 14.—(Special.)—The sporting edition of the Toronto Sunday World can be obtained at the store of Mr. McKay, Newmarket, every Saturday evening. Those who desire to procure a copy will do well to leave their order with Mr. McKay, so as to ensure delivery. As this week's circulation number will be in very great demand, it will be sold out early. Reeve William Keith is in attendance at the York County Council.

MARKHAM. MARKHAM, June 14.—(Special.)—An immense gathering of the Orange lodges of the County of York will foregather there in annual celebration. It is expected that this demonstration will be the largest ever held in the county. All the lodges comprising the district of York, North York, and North Ontario will join with East York and Markham in this celebration. The event will be held in the fair grounds, and ample accommodation will be provided for the immense crowds that are

NEWS OF WEST TORONTO. Good Progress Being Made on C. P. R. Station.

WEST TORONTO, June 14.—(Special.)—Work is progressing rapidly on the new C.P.R. station. Already the new foundations are completed, and the terra cotta and brick work is well advanced. It is, however, being built somewhat near Royce-avenue, which is practically the only thoroughfare from Dundas-street to the Carlton section of the town after Keele-street, and should a train of little more than ordinary length, going west, stop at the station, it would extend completely across this street, blocking traffic on one of West Toronto's busiest streets.

The Homewood Club of West Toronto, at their summer meeting of the officers and executive, decided to hold a series of picnics this summer, the first to be held on Monday, July 2, to Lambton Park.

After school had closed for the day in Humberdale Collegiate this afternoon, the students repaired to the assembly hall, where two presentations were made. The first was a silver shield donated by the "14" to the championship form baseball team—the fifth. The second was the Nelson shield, which was awarded to Sidney Tonkin for the school championship in athletics. Many of the staff were present and gave addresses.

DEFICIT OF \$12,000. The statement of the Wilkinson Plow Co., submitted at the meeting of the shareholders and creditors in the offices of G. T. Clarke, assignee, yesterday afternoon, proved somewhat of a disappointment. It was expected that there would be somewhat of an excess of assets on the estate, but instead there was a deficit of \$12,000. The liabilities are \$425,000, and the assets \$414,000. The liabilities to trade creditors amount to \$175,000.

The winding-up meeting of the West Lorne Wagon Co., a subsidiary firm, will take place on Tuesday next.

Scarboro Franchise. The franchise of the Scarborough Suburban railway will expire shortly and the board of control has ordered the city solicitor to report on the matter.

For your own benefit Eat Shredded Wheat for breakfast for the next ten days and note how different you feel during the day. Wheat is the most perfect food given to man—rich in every strengthening, muscle-building element, so essential for the healthy, robust body. SHREDDED WHEAT Biscuit is just the plain, wholesome whole wheat, steam-cooked, shredded and baked a crisp golden brown—a delight to eat and to serve. Its very crispness assists digestion—compels the necessary chewing and mixing with saliva. Shredded Wheat is better than mushy porridges because you have to chew it, thereby getting from it its rich muscle and bone-building nutriment. Two Shredded Wheat Biscuits with milk or cream make a complete nourishing breakfast, supplying all the strength needed for a half-day's work. Delicious with fruit for lunch. Your grocer sells them. The only cereal made in biscuit form. Made by Canadian Shredded Wheat Co., Ltd., Niagara Falls, Ont.

INTAKE PIPE MAY NOT BE REPAIRED THIS YEAR

Controllers Therefore Anxious to Rush Laying of Duplicate— Specifications Ready To-day.

At the board of control meeting yesterday Acting Mayor Spence urged an early start on the duplicate intake pipe.

"Excavation work should be commenced immediately," contended the controller. "The pipe will be ready for delivery in a week. Where's the use of rushing a company to the bonus of \$11,000 if it's done by the end of the year?"

"Well, the only thing that could be done is to scrape off the earth on the location level with the water. If you dig the whole trench you have to make it about seventeen feet deep and one hundred and twenty feet across the top and block everything in the meantime," said the city engineer.

"It will be a waste of money," said the city engineer. "I am willing to waste a little money in order to get good water for the people," said Controller Ward.

"Well, you'd gain nothing," said Mr. Rust. "The work that's going to be done is the dredging out of the new intake bed and the driving of the piles."

"In spite of it, I do not just understand why preliminary excavation work would not result in a saving of time," said the acting mayor.

"Then a vote was taken and Controller Ward's motion was lost on a tie. The board of control complained that specifications for the work had been unduly delayed.

"They're altogether too slow on these specifications," said the acting mayor. "We might as well understand each other," retorted the city engineer.

THREE HUNDRED STRIKERS HAVE RETURNED TO WORK

Majority of Car Workers More Determined Than Ever to Stand Out.

MONTREAL, June 14.—With about a thousand of their striking comrades lining the street railway tracks and the Grand Trunk Railway embankment at Dominion, and urging them to remain with them, some 300 employees of the Canadian Car and Foundry Co. Ltd., returned to their desks this morning.

Despite this break in the ranks of the two thousand men affected by the strike, the majority seemed more determined than ever to have their demand for two cents an hour over the present scale paid.

A big meeting was held by the strikers this morning. "All the speakers urged the men to hold together and fight for what they claimed was a just principle, all strongly advocated the pacific measure of warning the men that any disorder would weaken their case and that repressive measures would be adopted without hesitation."

That fear is keeping many of the men away was evidenced by communications received by the company this morning, of which one is the following, addressed to Mr. D. E. Studdy, superintendent of the Dominion plant.

"I am willing to come in to work, I am not in the strike, I don't believe in it, but I am a marked man. If I come in I shall get my head knocked off. Shall keep away until things are more settled."

When the 200 men came to work this morning they were received with jeers from their comrades, but the company had an adequate force to see that none of the strikers were molested. Some stones were thrown, which broke windows in one of the shops, but there was no serious disorder.

Officials of the company stated that the strike would not be a difficult one to handle, as thousands of carbuilders are idle on this continent and strikers would be imported if necessary.

IT WILL BE A BIG DAY. Saturday, June 17, will usher in a number of very important sporting events in this Canada of ours.

TORONTO HARBOR COMMISSION Not Likely to Be Fully Appointed Until Some Time in August.

CHANGES VERY SMALL FOR YONGE-ST. WIDENING

Board of Control and City Council Fairly Evenly Divided on the Question.

Revised? Not likely for many a moon. "Well, be as easy as to change the street again," said Controller Ward yesterday on sizing up the situation on the scheme for expropriating the C.P.R. property at Yonge and King streets.

In fact there seems very little likelihood of the project ever getting as far as the council again. The chances are very slim as far as the board of control is concerned. Controller's Church and Ward claim that it was only by a fluke that the recommendation for expropriation was adopted at all.

At the meeting of the board of control the board considered the question of the widening of the street. The two controllers opposed the scheme and only consented to the passing of the resolution on a matter of information," to quote Controller Ward. Controller Church, it will be remembered, got so thoroughly "worked" because of an expropriation recommendation that he accused Acting Mayor Spence of "a breach of faith."

Hocken's Position. At the meeting of the board of control Hocken voted in favor of the adoption of this clause of the report during the afternoon session, but in the evening he went over to the other side, and voted for having the whole thing referred back.

At the same time he stated that he took this step because of the strong opposition of council to the scheme and that had he foreseen it he would not have voted for sending the clause on for consideration. The controller does not seem to suffer from extreme views on the expropriation question. He looks for an expression of public opinion before taking any action himself.

It seems very likely, therefore, that at best, the board of control will evenly divide on the question. Controller's Spence and Hocken opposing Controller's Church and Ward, who have no faith in the scheme. No recommendation can go up from the board.

Chances Small. Taking the alternative of submitting the matter to council over the heads of the controllers, and the chances for the adoption of the scheme are even less promising than they were at last meeting of council. To authorize an expropriation would require a two-thirds majority of council. Considering the fact that the most kindly treatment will be given to the expropriation scheme by the aldermen.

Acting Mayor Spence still seems to be optimistic. He claims to believe that some aldermen will give their support to the matter over to look time to think the matter over. Looks like drugging a man to get time to think the matter over.

How to Destroy the Dandruff Germ BY A SPECIALIST. That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give you with the prescription which an eminent scientist states he has found after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases been known to have rubbed into the scalp with the fingertips. If you wish it performed, add half a teaspoonful of T-Kalium perfume, which unites perfectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.

THURSDAY MORNING, JUNE 15, 1911

IMPERIAL FOREIGN AFFAIRS.

In its editorial on autonomy in defence The Globe remarked that "The British Government makes the ground that the forty-four million people in the United Kingdom must have the dominant voice in settling matters that involve peace or war, while the overseas governments see no reason for throwing overboard the well established principle of local autonomy in defence." The natural inference from the wording of this sentence is that the British Government harbors designs against the principle of local autonomy in defence and is attempting to get the overseas governments to throw it overboard. Against that view The World protested, and The Globe in attempting a reply evades the point and branches off into a disquisition on Sir Joseph Ward's proposal to create an imperial parliament of defence. The New Zealand premier is quite entitled to formulate his views on that important subject, and Mr. Asquith's dissent was couched in terms which showed that the British Government was as decided as any of the dominions in its support of the principle of local autonomy.

Under existing circumstances the imperial government must be responsible for "the conduct of foreign policy, the conclusion of treaties, the maintenance of peace, or the declaration of war." Hitherto the dominion governments have not been made cognizant of the course pursued by the imperial government except in cases directly affecting them. This year a new departure has been made, and the responsible ministers of the dominions have been taken into the confidence of the imperial government on the matter of the empire's general foreign policy. Sir Wilfrid Laurier alone among the premiers objected to the dominions being consulted in foreign affairs on the ground that approval of the policy would involve participation in war should that ensue. The Dominion premier. The World holds spoke without warrant even from his own party, certainly not from the great majority of English-speaking Liberals in Canada. Since that unfortunate occurrence the Liberal organs have been engaged in diverting public attention from it by just such insinuations as that of The Globe upon which we commented.

BRITISH CITIZENSHIP.

Unky in diversity was the note of the discussion on British nationality at Tuesday's session of the imperial conference. No attempt was made to justify the present anomalous situation which withdraws from an alien who becomes a citizen of a British subject whenever he leaves his shores. But it was found impossible to agree upon a uniform system since the motherland found it necessary to maintain the five years' qualifying period, and the dominions apparently were not inclined to abandon their less exacting regulation. The agreement ultimately reached will meet the difficulty without interference with local requirements. Every alien who fulfils the five years' requirement wherever, within the empire, he may be located, can claim the status of British citizenship.

RECKON ON ANNEXATION.

In a short time the Ontario Railway Board will have the annexation of North Toronto to the city before it. We respectfully submit that all other problems connected with North Toronto should be considered in the light of that fact. This more especially applies to the proposals concerning the Metropolitan Railway, which are now under discussion. The railway board was constituted to deal with just such situations, and it would be entirely unjust to settle any such proposals without regard to the city, or indeed as if the city did not exist. The difference of a few weeks or months in changing the boundary makes no real difference to the broad question of the unity of interests of the citizens, who are temporarily divided by a line which it has been decided to erase. Whatever the board does should be in conformity with that consideration and all that it involves.

PURSUING THE SABBATH-BREAKERS.

"We love music, but our duty is clear, as police, to enforce the law," is the sentiment made by the staff inspector who has summoned certain band performers for giving concerts on Sunday. Staff Inspector Kennedy has been diligent in his duty, even at the risk of

It Appears This Week

The Coronation Number of The Toronto Sunday World will appear this week. The features that go to make this issue the greatest that has yet come from the press, is the front-page picture in the Art Section, containing a half-tone full figure of His Majesty George V., in his coronation robes; this is a magnificent picture. On another page is a similar portrait of Her Majesty Queen Mary, also in her coronation robes. Both pictures are surrounded by the Imperial Arms, with a border decoration of the Imperial crown, the Orb and the Staff of State. No finer picture will appear anywhere. These pictures are from the most recent portraits of their Imperial Majesties, and form a fitting souvenir of this important event. Together with these magnificent pictures is a half-page group view, taken on the day of Their Majesties' wedding, and includes a number of the royal princesses. Another picture, and a very fine one, is the youthful Prince of Wales, and heir to the throne of Great Britain. There is also a group view of the four youngest children of the royal pair.

The immense throng that witnessed the Eaton Athletic Meet at Hamlin's Point last Saturday, will be seen reproduced in this week's Art Section. The Sunday World's two pages of pictures depict the various events and contestants in the numerous stages of the games. To those who were unable to attend the big meeting, these pictures will present a panorama almost equal to the actual event. The athletes are depicted in all stages of the game, vaulting, jumping, running, etc. Other pictures in the Coronation Number are a group of boys scouts at Scarborough Beach, events of the Parkdale Canoe Club regatta, the Stafford Bible Class and the Cook Bible Class of the West End Y.M.C.A., an immense group view of the mechanical department of the Dunlop Rubber Co., and a group of island visitors. There also appears a magnificent picture of the Derby crowd at Epsom at the recent meet there, inset in this group are pictures of J. B. Joel, owner of Sunstar, the Derby winner; A. de Rothschild, L. Neumann and Leopold de Rothschild, all big horse owners in England.

All the regular features will be continued, including the latest in millinery by Lucille, foremost creator of fashions in the world. Ladies desirous of being in the forefront should see these millinery creations, as they are pictured and described by this great artist. Madame Lina Cavalieri, who writes so learnedly and interestingly how to preserve woman's natural gifts, has in this week's issue pictured and described many hints for summer needs.

Even the kiddies have not been deserted in the Coronation Number. The popular Comic Section is a riot of color, with Happy Hooligan making a great hit as a lion tamer, etc. in the circus. The Katzenjammer Kids are to the fore and again save the ship from the pirate crew.

In purchasing your week-end reading do not omit to order a copy of the big Coronation Number of The Sunday World, consisting of five sections, three in four colors. For sale everywhere at five cents per copy.

doing violence to his aesthetic emotions. We commend him for his zeal, and sympathize with him in his musical dilemma.

But we regret that he is not still more zealous. Just as in the prosecutions for selling pernicious literature your objection was to the leniency he displayed in allowing the worst books, which everybody reads, to escape, and inflicted punishment for a few doubtful books only read by a few, so we think he is inconsistent in singling out one or two hand-players for following their usual occupation, when he allows so many church organists to do free, altho they also follow their usual occupation on Sundays; "the same not being works of charity or necessity." Is it the law or the staff inspector that thus makes fish of one and flesh of another?

DANFORTH-AVENUE REAL ESTATE.

Hon. S. H. Blake is not satisfied with getting his church in wrong in matters spiritual, but he is busy handing out bad advice in matters temporal. His suggestion that Toronto real estate property will fall off in value, and that the Anglican Synod should sell its property north of Danforth-ave. now, is the advice of those who had their fingers burned in the boom of 1889. Mr. Blake lived a good deal in the past. His last quoted theological authority was dated about 1810. The bishop and clergy and most of the laity are a little ahead of that date. If Mr. Blake had property on Danforth-avenue we do not believe he would be in a hurry to get rid of it. At any rate he would have no difficulty in finding purchasers. If the church is willing to wait, it will have an endowment out of the Danforth property equal to what could be derived from property a similar distance west of Yonge-street. And it will not have to wait long.

Nova Scotia, Halifax and Pictou elect three members each. The other constituencies pick two.

H. C. Frick has paid \$400,000 for the picture of a girl. Any of us could get a real live girl if we had half that money.

Controller Hooken talks of opening Wilton-avenue bridge on July 12. He ought to ride thru the Don on a white horse instead of over it.

Time is money is Engineer Rust's very substantial argument for buying another motor-car. The controllers, however, have that sort of money to burn.

Bibles are being placed in the rooms of the Hamilton hotels. Guests will no longer be driven to read the Hamilton papers.

Hon. Sam Blake has been studying the bakery merger and thinks that as the bakers can do with fewer bread carts, so the church can do with more buildings instead of fourteen from which to dispense the bread of life.

LIQUOR ADULTERATION

MAY BE RESULT OF TAX

Such is Rev. B. H. Spence's Opinion—Profits of Rural Bars Surprising.

The only way by which the liquor dealers of Ontario can get the better of the government's five per cent. tax duty on receipts is adulteration, according to Rev. B. H. Spence of the Dominion Alliance.

So prosperous are the saloon-keepers of Toronto that nearly 75 per cent. of them will come under the act, said Mr. Spence.

"Many people are of the opinion," said an official about the parliament buildings, "that the government am up the monthly receipts and then figure out the day's average. Yes, but a receipt is kept of every individual's receipts and the hotel-keeper has to produce his tax percentage for that day no matter if he doesn't take in another dollar for a week."

Investigation has shown that hotels in out-of-the-way places do a surprisingly big business. "I've been amazed to know what some of these way-back taverns pull over the bar in a day," was the way it was expressed to The World. "On fair days and market days the receipts mount up to \$100,000."

Check on falsification. The possibility of a hotel-keeper falsifying his day's receipts in order to keep them below \$50 in the city, and in the country, has been thought of. It can be done.

But the government has a partial check and nobody knows when it will develop into a checkmate—on liquor sales as specified in the amount of liquor purchased at any time or on the amount of stock on hand at any time or on the amount of stock on hand at any time or on the amount of stock on hand at any time.

WILL EXTEND HOSPITAL.

BROCKVILLE, June 14.—(Special).—The Ontario Government has commenced at the eastern hospital for the insane the erection of a building for the accommodation and treatment of those who may desire consultation for mental trouble, and for the better treatment of mild and incipient cases. A surgical ward will also be provided, for including two wings of 25 feet each. The new building will be 200 feet long and 75 feet thru the centre. The wings will be two storeys and three storeys in the centre.

Bargains in Player-Pianos.

More and more the player piano grows in popularity. Heintzman & Co., Ltd., 185-187 Yonge-street, have on hand a few player-pianos, used for demonstrating purposes, that have been out in good condition and are really as good as new, but will be sold at a large reduction from the first price.

The mortgage shall be given executor on new house to be purchased, and to be spoken to again. Costs out of estate.

Trial.

Before Clute, J. Leslie v. Pere Marquette Ry. Co.—W. J. Hanna, K.C., and R. V. Le Sueur (Sarnia) for plaintiff. R. J. Towers (Sarnia) for defendant. Plaintiffs, owners of a farm in Moore, except that part conveyed to Erie and Huron Ry. Co., the predecessors of defendant, alleged that by an agreement between George Leslie and the Erie & Huron Railway Company he conveyed to the company a strip of land running across plaintiffs' lands as a right of way, and the railway company agreed to build and construct and maintain and repair for the owner of the farm an underground crossing.

Judgment: Such underground crossing was constructed, and used for upwards of 20 years, but in year 1906 the defendant company, without leave from the plaintiffs, filled in the said crossing and deprived plaintiffs of its use. The plaintiffs ask specific performance of the agreement, and also compensation that they are entitled to a level crossing, and both counsel agreed that I should assess the damages by reason of the breach of the agreement, and changing from an under-pass to a level crossing. Finding, as I do, that the agreement for the under-pass was a binding agreement, and that the defendant is entitled to a mandatory order directing defendants to provide and maintain the same, and to an injunction from interfering with same when so made and for damages for loss of profits from 1906, which I fix at \$200. But as the plaintiffs are willing to accept a sum by way of compensation in lieu of the under-pass, I assess the damages for depreciation at \$500. Defendants are given one month to elect to pay these damages and maintain a satisfactory level crossing in lieu of the

EXTENSION NOT POSSIBLE

Car Lines for Waterfront Unlikely, Say Civic Officials. Last week the board of control on motion of Controller Church, asked the city solicitor and city engineer to report on the advisability of having application made to the Ontario Railway Board to compel the Toronto Street Railway Company to extend its tracks down Yonge, Bay and York-sts. to the waterfront and boats. In their report these officials say that until the construction of the viaduct, they do not think that there is the slightest chance of having the street car lines so extended. Further, they express the opinion that the Dominion Railway Board would never allow the crossing of the railway tracks on the level. It is, therefore, extremely improbable that anything will be done in this regard until the viaduct is built.

Spart in New York Stocks Carries Prices Steadily Upwards—Toronto Market Shows Signs of Irregularity.

World Office.
Wednesday Evening, June 14.
Nothing exciting occurred on the Toronto stock market to-day, most of the transactions being at about unchanged prices.
The supply of stock, whether actual or the result of short selling, was sufficient for the demand, and this held quotations in check. Rio and Sao Paulo were again the active issues. The buying in Sao Paulo was sufficiently good to advance the price to full point and a half. The shares sold up from 182 to 182½, establishing an other new high record.
Rio was not so fortunate, this stock falling to cross 114 although the dealings were well in excess of those in Sao Paulo.
Any other active interest in the market was given to Maple Leaf. These shares were fractionally easier, and the sales were made by those having profits.
A good deal of speculative attention was given to Hollinger in the United States department. The former Porcupine made another high record, sales being made on outside exchanges at 116, but the price was scarcely reached on this market.
Twin City was heavy of small liquidation. The statement recently given out by one of the directors stating that the operating costs had materially increased was suggested as a reason for the selling. In the investment securities there was very little change. Consumers' Gas was decidedly firm, transactions going thru at 192.
Speculative interest is not widespread, but the support to prices is responsible at the closing quotations.

On slight recessions we suggest that daily traders do not overlook buying opportunities in the good falls.—Financial Bulletin.

STEEL ORDERS INCREASE.
NEW YORK, June 14.—The Journal of Commerce is authority for the statement that steel rail orders for the first five months of 1911 aggregated 1,200,254 tons, against 821,000 tons during the same period a year ago.

RECEIVER ASKED FOR.
NEW YORK, June 14.—A creditors' petition filed in the United States Circuit Court this afternoon declared Company United Wireless Telegraph Company to be insolvent and asks for the appointment of federal receivers to take charge of it.
At the same time the company filed an answer in which it admits the truth of the allegations made by the creditors and joins in the plea for the appointment of receivers.

London Market Cheerful.
LONDON, June 14.—Money plentiful and discounts firmer. The stock market was more cheerful, with gilt edge securities and consols better under fair support. Home rails were steadier, although the shipping troubles checked operations. Foreigners ruled firmer, and copper shares showed continued strength.
American securities opened steady and ruled rather irregular. A better tone, however, developed later in the session under support of United States Steel shares, and the closing was steady.

THE DOMINION BANK

Notice is hereby given that a dividend of three per cent. has been declared upon the Capital Stock of this institution for the quarter ending 30th June, 1911, being at the rate of twelve per cent. per annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Monday, the 3rd day of July, 1911, to shareholders of record of 20th June, 1911.
By Order of the Board.
C. A. BOGERT,
General Manager.
Toronto, 10th May, 1911.

PROSPECTS ARE BRIGHT.

World Office
Wednesday Evening, June 14.
Bullish operations continue in the Toronto market, but the movements are not general. Prices in general are exceedingly firm, but to effect sharp upward savings, such as that in Sao Paulo to-day, requires the assistance of inside interests. The feeling among traders is decidedly hopeful, but an orderly advance is all that is expected. In cases it is believed that prices are being held back for the purpose of accumulation. The market is not hampered for loan accommodation, and prospects are certainly bright.

Montreal Market Has Heavy Undertone

Prices Held Up Only With Difficulty in the Eastern Exchange.
MONTREAL, June 14.—Trading on the local stock exchange to-day was comparatively quiet and the general tone of the market was heavy. An exception was furnished by Richelieu, which was the most active issue in the day's trading, and which showed strength following the latest announcement in connection with the big navigation consolidation. Opening at 117½, it advanced under active buying to 118½, with the last sale at 118 and 117½ bid at the close. Prices of a number of other issues showed a tendency to sag off. Canadian Pacific eased off at 239½. Soo after selling at 137½, recovered to 138½. Lake of the Woods weakened in connection with the big navigation consolidation. Opening at 117½, it advanced under active buying to 118½, with the last sale at 118 and 117½ bid at the close. Prices of a number of other issues showed a tendency to sag off. Canadian Pacific eased off at 239½. Soo after selling at 137½, recovered to 138½. Lake of the Woods weakened in connection with the big navigation consolidation. ON WALL-STREET.

Erickson Perkins & Co. had the following: U. S. Steel was the feature of to-day's market. It advanced by easy stages, reaching the highest in the last half hour. In connection with this rumors were current of a better outlook for steel products. Some of the eastern railroads, including N. Y. Central and B. & O., also showed strength, and various specialties scored advances. The Grangers continued uncertain, for the obvious reasons, and perhaps as a result of distribution of long holdings. The bull clique has good control of the market and can put prices higher, barring crop damage of a serious character. We would not follow stocks up, but are inclined to advise profit-taking on the bulges. Wait for weak spots before buying.
Charles Head & Co. to R. R. Bonnard: The stock market to-day has been firm, with especial strength in steel, on short covering, which disclosed no large floating supply of this Morgan specialty. So far as actual developments go, there is nothing up on which to base the sport, the bears have undoubtedly overdone the selling in professional circles, the cutting of prices by the independents with good harvests, there is no reason why the country should not see new heights of prosperity and Wall-street will anticipate the revival trade. Speculation appears to be turning to the lower priced issues that cost less to carry, which may explain the activity in Rock Island and like stocks. We would, however, stick to the better class of dividend payers for the pull, since developments go well on the investment and carry themselves.
Rio Earnings.

Decrease.
Washington—Exports from the United States for month of May reached new high record for that month, amounting to \$153,261,278 against \$121,653,850 in month of May of 1910.
Western Union earnings for quarter ending June 30 net profit \$1,815,000, decrease \$33,000. For the year, net \$5,737,868, decrease \$37,000. Western Union declared usual quarterly dividend at 4 1/2 per cent. on its stock, payable July 15.
The Illinois Steel Company reports contracts for rail orders closed during last week for 15,610 tons. The Carnegie Steel Company closed for 740 tons, and the Tenn. Coal and Iron Co. for 5 tons. The Illinois Co. orders include several already reported as placed by Western roads. A large tonnage is under negotiation.
Joseph says: The short interest in Steels and Coppers is still very large. The most interesting feature in the steel trade so far as the more active purchasing of heavy section rails by the railroads. Better buy Steels on every recession. Keep long of Beet Sugar.

STEEL TRADE OUTLOOK

Appears Some Better
Turn in the Tide Thought to Have Been Reached at Last.
The Iron Age, the official organ of the United States steel trade, comments as follows on the situation: The steel market presents a more cheerful aspect. The feeling in Pittsburgh is that the worst is over and that from this time improvement is to be expected. The recent reduction in prices appears to have made good. The volume of new business of steel manufacturers has quite considerably increased in the past ten days and the books of the various companies show larger bookings in the past week than those of the previous week. The pig-iron trade is better, also, prices are a trifle lower, particularly in southern Iron. The rail situation shows decided improvement. Definite securities are in hand for quantities ranging from 10,000 to 50,000 tons from large railroad systems.

FORGET IS PRESIDENT OF NAVIGATION GER

Directors of New Liverpool-Duluth Navigation Company Announced.
Mr. W. Grant Morden of Montreal, who with his group of Canadian and English capitalists, put thru the successful consolidation of the Richelieu Navigation and the Inland Navigation companies, announces that the board of directors of the consolidated company had now been elected as follows: Rt. Hon. Lord Furness of Grantley, Eng. honorary president; Rodolph Forget, M.P. president; Mr. William Caverhill, Col. Sir Henry M. Pellatt, Edmund Bristol, K.C., M.P., William Hanson, James Playfair, C. O. Paragard, H. M. Molson, C. A. Barnard, K.C., A. Haig Sims, R. J. Binning, W. Grant Morden. Owing to the interest that has been taken in England in this consolidation, arrangements are now being made to have the securities of the company listed on the London Stock Exchange.
BIG CHINESE LOAN.
WASHINGTON, June 14.—The Chinese minister to-day signed the prospectus of the \$30,000,000 Hukuang Railway loan, as a preliminary to the simultaneous issue of bonds in New York, London, Paris and Berlin on Thursday. As the contract provides for the construction of branches of the main line and extensions on similar terms, the amount of the loan will ultimately reach much larger figures.
The total amount of the first issue will be limited to \$20,000,000 of five per cent. bonds, which will be issued at par, since other Chinese bonds are selling abroad at 101.

LILOYD'S BANK TO HAVE BRANCHES IN CANADA

London Reports Directors of Big English Institution Are Seeking Power to Expand.
A London cable says that Lloyd's Bank is securing powers to alter its constitution in order to permit it to open branches and auxiliary institutions in Canada. The directors being urged to avoid the heavy British income tax upon Canadian profits by making the Canadian institutions independent in a legal sense and in Lloyd's Bank, possibly by acquiring interests already operating in Canada.

LILOYD'S BANK TO HAVE BRANCHES IN CANADA

Confidence in the bull position was unsettled to-day by reported increased cloudiness over southwest, and a break during the morning session, with liquidation of speculative lines. Official reports gave no confirmation of the bearish private reports which encouraged bull interests to re-enter the market, checking the decline. The course of prices continues to hinge upon south-western weather conditions. Good rains would precipitate another break, but the buying in volume is looked for from 12:30 down. On the other hand, a continuance of the drought through the week would bring about new high levels.
