FRANCE DENOUNCES FAVORED NATION TREATY CLAUSE
 Minister of Commerce Says Work Cannot Be Resumed on Old Lines.

Paris, Dec. 4.—M. Clementi, minister of commerce, speaking today in the chamber of commerce on the occasion of the inauguration of the new president of the chamber, Fernand de Ribes-Christie, declared that as a result of the war, which was a real economic revolution, work would not be resumed along the lines in force prior to the war because of the world problem of obtaining raw material, which would be solved in favor of France only with sacrifices by collective interests and the application of a new system.

Instead of liberty without restraint, the minister said it would be necessary to substitute organized or restricted liberty. He added that the situation showed the necessity of solving the vital question of increased production so that victorious France should not come out of the war economically conquered.

M. Clementi added that in order to allow France to compete in the economic battle, the government had denounced all commercial conventions, containing most favored nation clauses.

He said that among the teachings of the war there was one to which the government attached great importance: "Workmen and employers must substitute a plan of co-operation of the classes in the common interest."

FACTS BEAR OUT WORLD'S EXPOSURE

The World's exposure of the deplorable conditions at the Reception Hospital has been borne out in the following statements taken from the report of the medical officer of health, which will be presented today to the board of control. He says that he finds, upon investigation, that the building, which was formerly the Blomfield residence, is an old brick building erected over one hundred years ago, and goes on to state that there are from 45 to 55 patients in the building at times, exclusive of the staff of 12. On the top floor there are 12 rooms for the kitchen staff and nurses. There is no cross-ventilation in any of the rooms unless the doors are kept open. There is a skylight in the center of the hall which divides the room, but which rains water into the hallway. There is no fire escape or means of exit from the flat other than the staircase to the ground floor. On the second floor, where the males are quartered, there are 20 beds, 17 in the larger room and three in the smaller room. There is only one C.C. on this floor, and it is useless and in a disgusting, insanitary condition, the floor being saturated with filth. There are 24 patients on this flat and no fire escape.

GERMAN BOLSHIEVICS PREFER ANARCHY TO FOOD DELIVERY TO BRITISH HOUSE

22 Sinn Feiners Will Be Among Those Elected From Ireland.

Berlin, Dec. 4.—Dr. Karl Liebknecht and his followers of the Spartacus group of socialists are carrying on a vigorous campaign against Premier Lloyd George's offer of food to Germany. They say that the Spartacus group are of the opinion that the mortal enemy of the German revolution, namely, international capitalism represented by President Wilson, is to make the delivery of food conditional on the maintenance of order.

The Bolshevik organ, The Red Flag, says: "This is treachery against the revolution. Any attempt to send food to Germany must be opposed as a capitalistic effort to beat Bolshevism aims." The article demands the dismissal of officers and the choosing of soldiers of their own leaders. It also demands the immediate arming of the revolutionary workers and the disarming of other organizations.

GERMANS HAVE BEGUN RESTITUTION TO ALLIES

Paris, Dec. 4.—The Germans have begun restitution to the allies 300,000 francs gold, which came from the Russian treasury. The French have received a collection of art works by Quentin Delaure, a famous etcher, from St. Quentin, and paintings by Antoine Watteau, taken from the museum at Valenciennes.

As The World has stated more than once, the times in which we lived were very prosaic, very commercial, just before the war, and there was little of real elevation in the spiritual or patriotic character of the people at large. But the war became so great and the questions so stupendous, that we suddenly found ourselves living in what are proving to be the greatest times the world has ever known, or if not the greatest, then only second to what happened in the history of Greece at the time of the Persian invasion. Perhaps no extract from any book will give a better idea of the greatness of Greece, and the leadership of Athens, and of the struggle for the cause of civilization than a few sentences from Copleston's sketch of Aeschylus, the Greek dramatist (B.C. 525-456). It throws a reflected light on the wonderful things that have happened in this war, which brackets here and there will help to elucidate: "The holding no high command, was selected, with two brothers, for the prize of pre-eminent bravery at Marathon, and his brother again won the highest honor in the world of Salamis. . . . To be distinguished for civilization, art and culture against (German) barbarism, wealth and numbers; freedom against despotism; Europe against Asia—no less a strife than that was decided that day. The Greeks (British) came to the encounter with the anxiety of men who were trying a new weapon against an enemy (Persia or Germany) of new powers. They were unused to the vast numbers and imposing equipment of the Persians (Germans) and the power of freedom and culture (not culture) had hardly yet been tried. . . . And when it ended in the utter rout of Darius and his hosts, the triumph was proportionate to that of Salamis. Greece was greater that day (Marathon) than any country has ever been since, and on that day Aeschylus was among the greatest of Greece. And ten years later, indeed, but even more splendid, when 'ships by thousands lay off Salamis, and the Athenians led the Greeks to fullest victory; . . . and on this proudest day that Athens ever saw the brother of Aeschylus, named as having borne himself the best, and the poet himself was, doubtless, not far behind. And a few years after the battle of Salamis, Aeschylus wrote the 'Persians,' a tragedy founded on that event, and representing the tragical end of Xerxes (the Kaiser) as brought on by his overweening confidence and pride."

GERMANY AT TURKEY'S REQUEST ARRESTS EX-CABINET MEMBERS

Enver Bey, Talaat Bey and Others of Young Turk Party Prominent in the Late Regime Are Held in Berlin.

GENEVA, Dec. 4.—The new Turkish Government is proceeding vigorously against the Young Turk party of Enver Pasha, according to information received here. The German Government, at the request of the Turkish Government, has arrested Enver Pasha, Talaat Pasha, Djemal Pasha, Nazim Bey and Churki Bey, prominent members of the former Turkish Government, who fled recently to Berlin.

MUST FACE CRIMINAL CHARGE TILL THEN KAISER SILENT

Amsterdam, Holland, Dec. 4.—"I am a private citizen, and while in Holland will not make any statement whatever for publication." This was the former German Emperor's message to the Associated Press correspondent when he called at Count von Benthin's estate again today.

RECONSTRUCTION POLICY BY LABOR AND CAPITAL

In Submitting Joint Memorial to Ottawa Government, They Unite for First Time in Canada's History.

Ottawa, Dec. 4.—Organized labor and manufacturing interests joined this afternoon in a joint memorial to the government. Tom Moore, president of the Dominion Trades Congress, was there to represent organized labor; G. M. Murray, general secretary of the Canadian Manufacturers' Association, represented the manufacturers; and C. W. MacLachlan, president of the joint committee of technical organizations.

Of outstanding importance is the fact that the document presented to the government this afternoon represents the result of the month-long, intensive effort ever made in Canada to bring capital and organized labor together in the interest of a better understanding. As a result of the conference of last week, Canadian capital and Canadian labor are probably closer together than ever before. The effect of this better feeling upon the future development of the country cannot be over-estimated.

FAMILY OF EX-CZAR SHOT ONE BY ONE

Tale of Murder Told by Valet of the Former Emperor.

London, Dec. 5.—A despatch to the Exchange Telegraph from Amsterdam says the Conservative newspapers publish a story given by the valet of the former Emperor of Russia, of the murder of the entire Romanoff family by the Bolsheviks. According to this account the family was confined to a single room of a convent at Ekaterinburg for weeks before the murder, under guard of Bolshevik soldiers who insulted them shamefully.

WILL AD REPUBLIC, BUT STICKS TO WILHELM

Amsterdam, Dec. 4.—Prince Henry of Prussia has addressed an announcement to all the members of the Reichstag at the present moment there is nothing in the reported statement that we intended doing so. For that matter, I might tell you that the union has not officially discussed the case, and we are hoping that the police will be able to arrange their difficulties so that they will not be forced to call a strike.

"GIVE US THE UNION OR WE STRIKE TODAY"

A Barn de Luxe.
 The city council was recently asked to vote \$50,000 for a barn at the jail farm. The proposal was laughed out of court. Now a second request is soon to be trotted out for \$25,000, and it is expected it will meet the same fate. The barn would house 40 horses, some hay and oats and farm machinery.

CANTHRA MULOCK'S WILL TO BE FILED

Estate, Outside of Few Legacies, Goes to His Children.
NO DETAILS GIVEN
Widow's Name Not Mentioned, But She Has Marriage Settlement.

The press was handed last night by the representative of the executors of the will of the late Cawthra Mulock the following statement:

"The last will and testament of the late Cawthra Mulock, shortly to be filed for probate, was made on May 7, 1917, with a short confirmatory codicil dated Oct. 30, 1918. 'The executors are the Hon. F. H. Phippen, E. H. Lashinger and Malcolm Stobie. 'Subject to some dispositions of tokens of remembrance to E. H. Lashinger and Malcolm Stobie, former partners of the testator, and to Kenneth Ross, a friend, now overseas, and subject to a legacy of \$10,000 to Mrs. Kirkpatrick, sister of the testator, the entire estate is divided into five shares, one share to go to each of the three daughters of the testator, and two shares to go to the widow of the testator, with the usual gifts over. Provision is made for allowances in the discretion of the executors for the education and maintenance of the children during minority. The shares vest on marriage or, in the case of a daughter, on her attaining the age of 20, and the other half at the age of 30.'"

FIREMEN WILL NOT GO OUT ON STRIKE

They Sympathize With the Police, But Think They Owe Public a Duty.

W. Moody, the president of the Firemen's Union, stated last night that there was no truth in the rumor that the firemen intended to walk out in sympathy with the police, providing that such a step was taken by that body.

Mr. Moody said: "I do not think that we could do that, particularly since the public have been so considerate of us. Of course there is a possibility of things gaining a footing where it would be necessary for us to take some action at the present moment there is nothing in the reported statement that we intended doing so. For that matter, I might tell you that the union has not officially discussed the case, and we are hoping that the police will be able to arrange their difficulties so that they will not be forced to call a strike."

If You're Thinking of Giving Him Something Practical, Something From Which He'll Derive a Wealth of Comfort

Decide on a House Coat or a Dressing Gown

Choose such a gift with the thought in mind that the restful glow of the fireplace—the roomy, comfortable armchair—a “foot-resting” pair of slippers—the evening papers, or a good book—and a house coat or dressing gown, in which to wrap himself and settle down to rest and relax after the labors of the day, are the things that appeal to him as necessary to a quiet evening and “solid” comfort.

Choose from the extensive display of House Coats of Velours, Cheviot, Vicuna, Kersey, Velvet and Corduroy cloth. Priced from \$6.50 to \$25.00.

Lounging Robes of Blanket Cloth, Cheviot, Vicuna, Velours, Japanese Silks and Worsted brocaded materials. Priced from \$8.50 to \$35.00.

Lounging Robes of Cotton Blanket Cloths, in rich Oriental, floral and scroll patterns, with wide border around the cuffs and bottom of skirt, in color combinations of grey, green, brown and red; also at the same prices are robes of cotton and wool finished cheviots and vicunas, in plain shades of grey, brown, navy and heather mixture, with shawl collars, cuffs and pockets, faced with fancy striped and checked patterns, with braided and corded edges (some have belts of same materials, others have rope girdle and tassels). Sizes 36 to 44. \$8.50, \$10.00, \$12.50, \$13.50.

Robes of Velours, Cheviot, Vicuna and Worsted, Cotton and Wool finish mixtures. The worsted mixtures are priced from \$15.00 to \$27.50. The worsted-finished robes are in scroll design, the velours in floral and Oriental designs, the cheviots and vicunas in plain and fancy check patterns, with revers, cuffs and pockets trimmed with contrasting stripes and

checked patterns, some with black and white shepherd checks, also black and white, red and black, and brown and black overcheck patterns; pockets, shawl collars, and cuffs trimmed with braid and corded edges. Sizes 36 to 44. Price \$15.00, \$16.50, \$17.50, \$20.00, \$25.00, \$27.50.

\$15.00 Robes of Japanese Silk

Gowns specially suited for travellers because one can fold them into small space in a club bag. Japanese quilted gowns, of plain silk and worsted finish cotton, and wool repp, in brown, grey, blue and taupe shades. Price \$15.00.

GOVERNMENT LOAN MEETS ALL DEMANDS

Ontario's Share of Federal Housing Loan Sufficient for Municipalities.

As a result of the agreement of the Dominion Government to loan to the provinces of Canada the sum of \$25,000,000, with the object of assisting in the work of providing better housing conditions for the industrial population of the large centres, the Ontario Government is enabled to modify some of the restrictions and conditions attached to the offer of that government: to loan money to municipalities contained in the letter of the prime minister to Sir John Willison, chairman of the Ontario Housing Commission, dated July 17, 1918.

It is anticipated that Ontario's share of the \$25,000,000 will be sufficient to meet the demands of the municipalities in connection with the housing proposition for this province for the present. It will no longer be necessary to ask the municipalities to add anything to the money borrowed from the government.

The proposition is now being worked out in all 45 districts by the Ontario Government and legislation will be introduced at the next session to give effect to it. Such legislation will provide that any municipality may contract with the Ontario Government for the purchase of land being passed by the council. Should any council desire to take a plebiscite on the question at the ensuing municipal election, the same may be taken at once to provide for so doing.

SEVERE PENALTY FOR PRESCRIBING MEDICO

Dr. G. E. Elliott reappeared before Magistrate Denison in the police court yesterday, charged with a breach of the O.P.A. Act.

Another medical man charged under the O.P.A. Act was Dr. H. Strain, who stated that he had issued prescriptions freely during the influenza epidemic, believing it to be good for the incipient stages of the disease.

Richard Proctor, charged with stealing ladies' underwear from the Robert Simpson store, was sentenced to three months in jail.

"THE BETTER 'OLE'"

You Will Have to Hurry if You Want to Meet Old Bill.

Have you seen "The Better 'Ole'" yet? This is the question of the moment in Toronto at present.

It was Old Bill, Bert, Alf and their buddies who made the war news good reading for us. If you want to understand just why this war was won by Britain and the allies you will have to see the three representatives of their fighting men, in whom is typified the spirit of the whole British army.

In Bill, Bert and Alf we see the average British soldier, and it won't seem strange that in spite of terrible odds they were able to hold back the German hordes in August, 1918.

There is another reason why every theatre-goer should see this picture. It is entitled "The Better 'Ole'", production produced by George Pearson.

The film is simply animated cartooning—a clever paraphrase of the war news, here in its production, characteristic rough paths. The acting is good, and the film has been planned with uncommon intelligence.

But love is love, here is no suggestion of a fighting man, in whom is typified the spirit of the whole British army. For a more humble idea of the warrior was never put forward than that of the average British soldier.

For a more humble idea of the warrior was never put forward than that of the average British soldier. He would probably consider "The Better 'Ole'" blasphemous for a more humble idea of the warrior.

O.T.A. WORKING WELL; PATENT MEDICINE SAFE

"Shall we endorse the Hearst Government?" promises to be the chief divisive issue which will come before the Ontario prohibition convention.

A prominent member of the Ontario alliance general executive stated that the Ontario Act, but they reported that the act was working almost perfectly.

"Some of the members raised the question of the heavy sales of patent medicines containing a high percentage of alcohol, but the reports showed that the amendments made to the Patent Medicine Act by the Dominion Parliament had removed all danger from that score.

Owing to the illness of Rev. Ben H. Spence, general secretary of the Ontario Alliance, the December meeting of the committee has been cancelled, and the arrangements for the provincial prohibition convention deferred until early in the new year.

Garrick Players Present "A Pair of Spectacles"

Under the direction of R. E. F. Dalton, the Garrick Players presented "A Pair of Spectacles" at Foresters' Hall last night, the play being so well presented that it was deserving of a larger audience than greeted it.

Herbert Bright as Benjamin Goldfinch, had the dual character; first as the kindly-hearted gentleman who sees good in everyone, then who after changing his glasses loses faith in everyone about him. In both roles Mr. Bright was effective. The part of Uncle Gregory, brother of Goldfinch, who sees everything through dark spectacles, was presented by R. E. F. Dalton, whose imitation of north country dialect helped to make the character very real.

Others in the cast were Gerald Moore, W. Herbert Budd, Hugh Ewins, H. Williams, H. A. Addington, Crawford and the Misses Davey and Ida Shipides, all of whom were good support. An orchestra and a short address by Miss Wiseman, president of the Business Women's Club, under whose auspices the entertainment was held, rounded out the program.

The players gave their services and the proceeds will be the Red Cross. The performance will be repeated this evening.

TOO MUCH ANTHRACITE.

Toronto is said to have more than its share of hard coal for this season of the year, and supplies are being held up at the border by the United States Government authorities.

Some claim that the railways are really the cause of the restrictions on the import of coal into Canada. In some places these restrictions are so strict that the coal is being stockpiled in the city will not admit that there is more coal here now than should be, but state that a great deal of coal has been consigned to Toronto for re-shipment, and that the prohibitions are that the notice of re-shipment has not been forwarded to the proper authorities.

Rugby
DENTS 7 S.P.S. 2
DENTS CHAMPIONS HOLD MULOCK CUP

Defeat S.P.S., Seven to Two, in Final Interfaculty Game.

THE Royal College of Dental Surgeons are Mulock Cup Rugby champions for 1918. The future dentists won the interfaculty honors by defeating the School of Practical Science at Varsity Stadium yesterday, 7 to 2.

School showed lack of coaching, and it was mostly left to individual effort to make any ground. The winners handled themselves very well and showed that they had at least some semblance of team play. Several well-known stars were on the line-up of both teams.

Wendell Holmes, the former Argonaut star, was the pivot around which things worked. He has kicked in better style in former engagements, but pulled off some heady runs. Louis Hudson of hockey fame and Joe Teich were Holmes' partners on the back position. Lajole, former T. & B. A. A. scrumhalf, was the big ground gainer for Dents, from the Beaches, was Palmer, the bright light of the whole game. He retrieved many dental mistakes and gained much ground for the winners.

Schatz of Central Y. fame looked about the best for the losers. He was not given much support, and therefore, did not shine as well as his opponent, Benson. Excelsior kicker, who did the booting for school, and made a good first try and scored in the second half. Mauder did some grand plunging to the losers.

The first quarter was a tight argument and no score resulted. Dents had the wind, but failed to use it when in scoring position. Holmes kicked the ball 25 yards out. Considerable loose play was the order, with Dents receiving better than their opponents. Dents was the first to show, with a 20-yard run when he took a pass from Holmes. Dents bucked for yards. Pearman went thru a hole for twenty. Holmes dropped the ball 25 yards out. School lost for interference. When Holmes had a chance for a point, he tried to go thru, and Dents lost possession. McKeenie galloped 40 yards around the end. Holmes took Benson's punt and was fumbled in his tracks, and then kicked into touch.

FOOTBALL TEAM TO TRAVEL BY AIRPLANE

Boston, Dec. 4.—Members of the Montreal Aviators' Football team, which is to meet the Boston Coliseum eleven at Braves' Field on Saturday probably will come from Toronto by airplane, it was announced today. The effort is being made to obtain the sanction of the war department for the air trip.

at centre-field, S.P.S. failed to gain out on Holmes' kick. School lost for interference. Pearman made a pretty play on School's 15-yard line. Holmes spoiled it by kicking into touch. School was blocked ten yards from the line, and in possession. The quarter ended without a score.

It was slow in the early stage of the second quarter. Holmes pulled off the first run and then kicked to the dead-line for the first point of the game. McKenzie cut across the field for 15 yards, retired, and Fotheringham got into the game. School bucked for yards and then kicked on the first down, and McKeenie was downed two yards out. Interference called, and Roberts went over on the first down. It was not called. There was no further scoring before half-time.

On the start of the third period Holmes kicked to the dead-line for a point. Hudson went thru the middle for 25 yards, and School failed to gain the necessary yardage for Dents, and when called upon usually gained. Pearman was exceptionally bright in this period. He was up on every kick, and helped out in every quarter. Quarter-time arrived with the score 7 to 2 for the Dents.

School held Dents scoreless in the final period. Five minutes before time Benson kicked to the dead-line for the last point of the game. Hudson ran but in nice fashion. The final score was 7 to 2 for the Dents. The teams: Dents: Holmes, Teich, Hudson; quarter: McKenzie; scrumhalf, Beck, Eckhart; backs: Kermax, Mauder, Irvin, mid: Johnson; full: Bennett; outsides, Greig.

Dents (7)—Flying wing, Staples; halves, Holmes, Teich, Hudson; quarter, Roberts; scrumhalf, Lajole, Johnson, McGowan; insides, Sims, Graham; midline, Norton, Ferguson; outsides, Pearman, McKeenie; full, Mauder, Irvin, Greig.

Referee—W. A. Hewitt. Writing of play—Lou Marsh.

WEST TORONTO CLUB TO CURL ON OWN ICE

The West Toronto Curling Club held their annual meeting last night when they decided to curl this winter at their old rink in West Toronto, which for the past two years has been used for the soldiers. The following officers were elected:

Honorary president—W. C. Irvin, President—J. W. Spears, Vice-president—R. B. Duthie, Secretary-treasurer—J. B. McCuaig, Captain—Rev. R. MacNab, Management committee—J. J. Patterson, T. J. Shepherd, J. P. Jackson, J. O. Wilson, F. J. Johnston, H. C. Dincock, T. J. Shepherd, R. G. Agnew.

A campaign is on for new members. It being the effort of West Toronto to make this the banner season of the curl. They have four sheets on the to-date board floor. West Toronto will curl in the Parkdale, District Cup and single rink. These sheets and the club will be elected at the next meeting.

Sprague Cleghorn is ASHATLANTAS EASY

Signed by Ottawa VICTORS IN FIRST

Following closely upon the announcement that Benoit, Darragh, Denny and the Boucher brothers had signed National League contracts and that Roman and Lowrey had accepted offers, the Ottawa Hockey Club announced yesterday that it had accepted the terms of Sprague Cleghorn, former Wanderer point player, who was out of the game last season, owing to injuries. The agreement is, of course, subject to the approval of the league, which was to have allowed the Wanderer players.

Armed watchmen are guarding the Jubilee Rink of Montreal, much wanted by hockey magnates for their coming season's games. At present Lucien Rippe, friendly to the N.H.L. faction, has control of the rink, and is holding an option he holds. Threats by the proposed hockey league to dispossess Rippe by legal election proceeded because they claim to have rented the place have not materialized yet.

President Frank Calder of the National League, completed a deal for the Ottawa Senators yesterday, whereby the Ottawa Hockey Club acquired the services of Gunner Skene, Roman's right wing, and the Ottawa Hockey Club acquired the services of Gunner Skene, Roman's right wing, and the Ottawa Hockey Club acquired the services of Gunner Skene, Roman's right wing.

ASHATLANTAS EASY

Defeat Aura Lee, Nine to Three, in Junior Fixture.

The hockey season was officially opened last night when Aura Lee and Ashatlantas met in a junior fixture at the Arena. The team from Ashatlantas Bay had no trouble in winning the first heat by a score of 9 to 2. This climaxes Aura Lee from the S. P. A. Christmas tree fund tourney, and Ashatlantas are now ready to meet the next junior club.

Four of last year's champion De La Salle team were the next of strength to the winners, and combined in the style that won the title last season. Aura Lee have the makings of a first-class outfit, but were away off on the team play last night.

In Eddie Rodden, Bill Marsden has unearthed a good boy. This is the youngster who subbed for the goal position with De La Salle last year, and this was his first appearance as a forward in Toronto. Rodden played just junior hockey in the north country. He is willing worker and a pretty stick-handler. As soon as Aura gets the team play last season Rodden will be mighty useful.

Connor was Hogarth's side partner on the losers' defence, and needs considerable polish. He was slow on the offensive, but he was a pretty good defensive player, and had a habit of turning the wrong way on the defence. He is big and willing, and will learn. He got going, Rutherford did well while he was on the ice. Smith in goal handled the puck in the usual manner. He was nervous.

At the other end Cain and Spring were exceptionally good at rushing, and has a good speed that a year ago. McKeenie was very good well and went in much closer than the Aura Lee forward line. Dents was a bit of a trouble maker, he is a pretty stick-and-roller and a useful mark.

There were considerable errors on the part of the winners. Davis worked himself like a veteran in the net. Lee's two in the opening period, and a margin of the game. Aura Lee put in those who were in actual service with hockey for the first twenty minutes, and then the puck was back into hockey.

THE COLISEUM CO.

Toronto, Dec. 3, 1918.

STILL GUNNING FOR MARSDEN'S AMENDMENT

London, Dec. 4.—Several western Ontario clubs have noted the effect made by their criticism of Mr. Marsden's proposal to substitute amendment to the Ontario Hockey Association rules, and insist still that it favors Toronto clubs. Pressing to his opinion, Mr. Marsden is vainly trying to win over the smaller city and team teams that will Toronto teams condition prevails in the smaller town in Queen City dailies disclosing the number of players practicing with the various clubs? If he does he is mistaken. It is a foregone conclusion that the only way that the Kitchener Allan Cup team will be sorely pressed and even beaten this winter is by the common accident, since the champions, thru high-class players with which to defend the cup. And does it not strike the hockey enthusiast that Kitchener is not ranked as a small town, either?

Five-Point Jump BY CANADA BREAD

Maple Leaf Milling Advances Three Points—Trading Well Distributed.

Sharp advances by Canada Bread and Maple Leaf Milling were yesterday on the Toronto Exchange. Dealings broadened out to a marked degree throughout the list, no fewer than 26 stocks figuring in the sales column. In only five issues, however, did transactions run into three figures, odd lot buying being unusually well distributed.

Canada Bread did not get into action until the afternoon session, when it opened up at 24, and advance of 5 1-4 points over the level of the previous day was followed by a sharp decline to 22 1-4. The advance was not sustained, however, did transactions run into three figures, odd lot buying being unusually well distributed.

NEW YORK STOCKS SUBDUED BY UNCERTAINTY

Market Lapses Into Dulness After a Moderately Active Opening.

New York, Dec. 4.—Trading in stocks today was characterized by uncertainty at every period of the session, the market falling into a condition of inertia after the moderately active first hour.

There was little discussion of the main points in the president's message to congress, and yesterday's intonations on an early reduction of the margin rate from 20 to 25 per cent. found no reflection in the money market, the rate for call loans holding at 8 per cent. Rate of discount was not touched at all.

There was a move toward the ordinary erratic, Mexican Petroleum yielding most of its two-point advance, while the common and preferred shares of California Petroleum retained the better part of their gains. Studensaker was the striking exception to the strength of motors and subsidiaries, losing almost two points at the outset, but rallying in the final hour. Copper and tobacco were firm, but equipment and leather forfeited one to two points. Sales amounted to 425,000 shares.

Heavy selling of Liberty issues, chiefly the fourth 4's, at the new minimum price of 97 3/8, was the striking feature of the market. Other domestic stocks, including speculative rails, were moderately lower, but international hold firm. Total sales (par value) aggregated 412,275,000.

United States bonds were unchanged on call.

APPOINTED TO C.N.R. AUDIT DEPARTMENT

The following appointments were announced today in connection with the audit department of the Canadian Northern Railway System, the first in each case to be at Toronto.

BIG HEADWAY BY MERCHANTS' BANK

Deposits, Loans and Quick and Total Assets Show Expansion in Year.

The statement just issued by the Merchants' Bank covers twelve months ended Oct. 31, 1918. The returns in comparison with the figures for the corresponding period of 1917, show that remarkable progress has been made in all departments of the bank's activities. Gains have been made in current loans, in savings deposits, quick, convertible assets and total assets, the whole indicating an extremely healthy condition.

The gain in current loans of \$18,000,000 brings the present figures to over \$86,000,000, and indicates in the clearest possible manner the large expansion of the bank's business in catering to the business needs of the nation. The liquid assets now amount to over \$72,000,000, a gain of nearly \$17,000,000 in the period under review, which is a further evidence of conservative banking, as it illustrates the bank's policy of keeping an increasingly large proportion of its resources in a quickly convertible form.

Perhaps one of the most satisfactory gains made was that in connection with savings deposits, the amount being from \$69,900,000 to \$105,600,000, an increase of 50 per cent., and is a striking tribute to the confidence placed by the public in the "Merchant's Bank." Total assets now amount to \$116,900,000, as compared with \$130,500,000 a year ago. Altogether the showing is a most creditable one, and the management have every reason to be congratulated on the records they have made.

Progressive Idea

An investment that combines a substantial dividend yield and important speculative possibilities is rare. Yet this is what you are looking for.

An investment of about \$838.75 in 25 shares of Nipissing, 300 shares of Lake Shore and 500 shares of Davidson Gold Mines will yield you an annual income of over 8 per cent., and at the same time offers great speculative possibilities. Nipissing is a seasoned mine with a long future as a dividend payer. Lake Shore is a new dividend payer, which will undoubtedly yield more than the present 10 per cent. rate. The Davidson does not pay dividends yet, but is a rich property and a new producer, thus giving it advantages as a speculative investment. Your investment works out as follows:

Shares.	Prices.	Yield P.C.	
NIPISSING	25	\$818.75	17
LAKE SHORE	300	270.00	10
DAVIDSON	500	350.00	
Total	825	\$838.75	8.05

If the idea appeals to you wire us your order for the triple investment "ad the market." You would do well to act at once in an advancing market.

DEMAND IS INSISTENT FOR MONTREAL POWER

Reports of Deal With Montreal Tramways Cause Sharp Advance.

Montreal, Dec. 4.—Heavy buying of Montreal Power was the chief factor in the most active market here in two months, or since the second Victory Loan flotation, when the stock's speculative activity in stock exchange dealings. Upward of 700 shares of Power were traded in, and the price advanced from 49 1/2 to 52 1/2. This advance was due to the fact that the Montreal Tramways and Power would be taken over by Montreal Power, making favorable progress.

The strength of a leader like Power was a strong influence on the rest of the market and the general tone was optimistic. The most prominent feature included the car stocks, with gains of 3 1/2 for the common at 31 1/2 and 2 for the preferred at 37. Asbestos common 3 1/2 higher at 40, a new record price. Canada Forgings, which held most of a 2 point recovery to 200, and Textile, which closed 1/2 higher at par, after selling at 100 1/2.

Local business for the day, as compared with the corresponding day a year ago, shows a 1918, 12,752; 1917, 682; 1916, 287; 1915, 25. Bonds—1918, 867,900; 1917, 8500.
