VOL. XXXVII.—No. 13,247

BRITISH MAKE ANOTHER SUCCESSFUL RAID NEAR SOUCHEZ Crown Prince Captures French Position in Champagne

BRITISH SMASH FOE POSITIONS NEAR SOUCHEZ

Another Big Raid Succeeds Without Casualties to Assaultants.

BIG FIGHTS IMPEND Military Observers Expect Renewal of Local Actions on Somme.

London, Feb. 16.—Marked increase in artillery activity on various portions of the Somme front in France is now reported by both the Germans and the British. The cold weather of the last ten days following the January thaw has again hardened the ground, and infantry movements are again possible on as large a scale as either side feels inclined to adopt.

That such movements will, however, succeed in numbers involved or in extension of objectives those initiated last week by the British on the Ancre Brook, north of the Somme, is scarcely to be expected. A major campaign toward the end of the winter is too likely to be made suddenly impracticable through a swift change in weather conditions.

The greater artillery activity on the Somme has become particularly violent between Serre (north of the Ancre) and the Somme. Farther to the eastward in the direction of the court, south of Bapaume, the artillery fire begun by the British was followed by a trench raid bearing successful results.

The official communication from British headquarters in France issued this evening reads: "We entered German positions south-east of Souchez during the night, and captured 11 prisoners. The whole of our party returned safely. An enemy party that reached our lines northeast of Amantieres early this morning suffered a number of casualties and was at once driven out.

"The enemy's artillery has shown great activity in the neighborhood of Salines during the night, and considerable activity by both sides near Morval.

"Yesterday one British aeroplane and three German aeroplanes, one of which fell on our side of the line, were brought down in aerial fights. Five other enemy machines were driven down damaged, while the ninth hostile aeroplane was brought down by our anti-aircraft guns. Four other British machines are missing."

Torpedoing Without Warning Costs Lives of Two Sailors

London, Feb. 16.—The British steamer Netherlee was torpedoed without warning last Saturday, and two members of her crew were killed. The remainder of the crew was landed today.

The Netherlee measured 2,444 tons and was last reported departing from Philadelphia, Jan. 21, for Dunkirk, France.

ZEPPELIN ADMITS HIS INVENTION A FAILURE

Recognizes With Sadness Efficiency of British Anti-Aircraft Measures. Special Cable to The Toronto World. Gen. von Zepplin admitted tonight by a representative of the Central News that Count von Zepplin recently admitted that the zeppelin raids on England are futile. At the time, the inventor of the great war balloons was the guest at the home of a prominent resident of this city, the remarks were made during the course of a dinner given in his honor.

The party had just returned from witnessing a flight of one of the newest German dirigibles over Lake Geneva, and the count sadly admitted that in the future the zeppelins would confine their operations to scouting purposes only.

He said, according to a reliable witness, that the English have discovered "an antidote" for air raiders, and that in the view of this new invention, his war balloons had lost their greatest usefulness.

FRANCE WILL VOTE ANOTHER LARGE SUM

Nine and One-Half Billion Francs for Three Months' Outlay.

EXPENDITURE GROWS Minister of Finance Asks Further Restriction of Imports.

Special Cable to The Toronto World. Paris, Feb. 16.—Minister of Finance Ribot today asked the French Chamber of Deputies to appropriate 9,574,000,000 francs, to cover the government expenditure for the second quarter of the present year. This was an average of 90,000,000 francs, over the amount of the appropriations for the first quarter.

The finance minister said that the greatest of the country's tasks was not to raise funds at home for the increasing expenses, but to reduce loans obtained abroad to pay for foreign purchases. He said that the forces of the nation's production must be better utilized and an end put to all importations that are not absolutely needed.

He said that receipts from direct taxes last year were 80,000,000 francs in excess of those of 1915, and that indirect taxes \$10,000,000 francs larger. The total receipts were 24 per cent. below those of a normal year.

MORE BRITISH SHIPS SUNK BY SUBMARINES

Five Steamers, Sailing Ship and Trawler Are Reported Victims.

London, Feb. 16.—The British steamers Hopemoor and Afton have been sunk, according to an announcement made by Lloyd's.

The steamer Hopemoor, of 3,740 tons, was last reported as passing Cape Henry on Jan. 26, bound from Baltimore for Hull. She was 847 feet long and was built in 1911. The Afton measured 1,156 tons, and was 242 feet long.

Earlier reports yesterday told of the sinking of three British steamers, a British sailing ship and a trawler.

GERMANS GAIN SOME GROUND IN CHAMPAGNE

Attack of Crown Prince's Troops Penetrates French Lines Half a Mile.

KAISER FELICITATES French Report No Infantry Fighting in Latest Communication.

Special Cable to The Toronto World. London, Feb. 16.—German activity in the Champagne resulted in an attack on the French line which the Germans gained a mile and a half stretch of trenches to a depth of half a mile.

A Berlin despatch says: "Troops of the German crown prince in an attack against the French positions south of Ripont, in the Champagne, yesterday, the war office announced today, on a front of about a mile and a half captured ground to a depth of half a mile. The Germans took 330 prisoners, including 21 officers.

The attack, which was preceded by intense artillery fire, was made mainly against the French positions at Maisons de Champagne farm and Hill 185, about one-third of a mile south of the farm. Four lines of French positions were stormed in the attack. The French made counter-attacks last night and this morning, but were repulsed with losses. The German losses are said to have been small.

Reports received here show that on none of the fronts has anything of importance occurred today. An official communication says Emperor William has telegraphed the German crown prince, congratulating him and his troops for their successful attack against the French in the Champagne, which he says maintained their reputation for smart execution.

No mention is made of the reported German attack on French positions in the Champagne in tonight's official communication, issued at Paris. According to the communication, the artillery action continues west of Les Maisons de Champagne without infantry action. The fire of the French heavy guns caused the explosion of an ammunition depot at Manre, north of Tahure.

The French war office communication issued today says: "At 11 o'clock last night in the region of Berry-au-Bac, in the Argonne, we carried out several surprise attacks on the enemy and brought back about 30 prisoners.

"To the west of Les Maisons de Champagne the artillery activity continues, but without infantry action. The fire of our heavy batteries caused an explosion of an ammunition depot at Manre, to the north of Tahure. In Lorraine, near Nomeny, a German reconnoitering party was surprised by our fire and scattered. The enemy left behind several dead.

"In the region of Louvemont, artillery fighting has been reported. In the Vosges, to the south of St. Marie Pass, an enemy long-range gun this morning fired several shells in the direction of Nancy. Belgian communication: "All along the Belgian front artillery activity is being maintained day and night."

AMERICAN STEAMER IS TO VENTURE OUT

Algonquin Expected to Leave New York Today or Tomorrow.

New York, Feb. 16.—The Associated Press tonight says: The American steamship Algonquin of the American Star Steamship Company, a vessel which recently changed her Canadian registry to that of the United States, will leave here Sunday or Monday for London. It was learned here today in shipping circles. The Algonquin will be commanded by Captain A. Norberg, a naturalized American citizen of Norwegian birth, and her principal officers, as well as several members of her crew, also will be Americans.

The movement of ships from Philadelphia to belligerent and neutral ports of Europe continued today. Ships that passed safely thru the submarine war zone and arrived at Philadelphia today included the British steamer Matne and Southport from London, Wyoote from Glasgow and Doonholm from Toulon, via Gibraltar.

"All Quiet in Cuba" is Report Santiago Harbor Not Mined

Special to The Toronto World. Washington, Feb. 16.—Cuba and its new troubles were added today to the anxieties now shouldered by the state department. The advice received here more or less reassuringly. The commander of the United States patrol reported that he had carefully surveyed the harbor of Santiago and found it free from mines.

The Cuban minister reported to the department that everything was quiet in the island and that no destruction of foreign property or lives had yet been committed.

CERTIFICATES FOR SCHOOL CHILDREN WHO ASSIST IN SAVING

Canadian Red Cross Society Toronto Conservation Department. This is to certify that has enlisted for service on the defence of the Empire, by assisting in the saving of waste material for the Red Cross during the Great War. Dated at Toronto, Canada, this day of 1917.

Photograph of the certificate which is being issued to every school boy and girl who helps the Red Cross, by saving waste paper, which is sold. Thousands of dollars thus are being raised.

EARLY MORNING FIRE DOWNTOWN

Two Top Floors of Temperance Street Building Are Gutted.

LOSS WILL BE HEAVY Art Metropole Loses Large Quantity of Artists' Supplies.

In a fire which broke out on the third floor at the rear of the building at 120 this morning the three top floors of the Art Metropole, 14 Temperance street, were gutted, and the first and second stories, occupied by the Hughes, Ower Company, were damaged by water. It is impossible to fully estimate the damage.

The fire was discovered by Policeman 13 as he was trying the doors while making his rounds. The blaze originated in the rear of the third floor and burned its way thru to the front of the building, taking a downward course. The policeman sent in an alarm, and the firemen quickly responded.

By the time they arrived, the third floor was a mass of flame. Sixteen lines of hose were got quickly into commission, thru the Imperial Trust Company's building on Richmond street, around the lane between Temperance and Richmond streets and from Adelaide and Bay streets. The high pressure system connected with two streams at the front of the building and two at the rear. The rear of the place was thick with smoke, which handicapped the firemen greatly.

The firemen had hard work to prevent the flames spreading to the Lumsden building and other buildings on the east.

The three top floors were used for the manufacture of artists' supplies and were filled with paints, chemicals and other inflammable substances, which readily fed the fire.

FOUR MILLION RAISED FOR PATRIOTIC FUND

Citizens of Montreal Contribute Much More Than Was Expected.

Montreal, Feb. 16.—Montreal set out Monday morning to raise \$2,500,000 for the patriotic and Red Cross funds, and tonight at the finish of the campaign it was announced that \$4,816,583 had been secured. This includes \$1,300,000 recommended by the board of control as the city's contribution, but the city council has not yet made the grant.

STEAMERS SUNK

Vessels yesterday reported sunk were: Longcar, steamer (British), 2777 tons. Kyunsti, steamer (British), 1000 tons (estimated). Percy Roy, sailing ship (British), 110 tons. Gravier (British). Greenland, steamer (British), 1753 tons. Hopemoor, steamer (British), 3740 tons. Afton, steamer (British), 1156 tons. Vessels sunk since Feb. 1 (trawlers not included), 106; total tonnage (estimated), 228,740.

CANADIAN AGENTS ARE GIVEN COLD SHOULDER

Provincial Representatives in London Not Included in Committee.

Canadian Associated Press Cable. London, Feb. 16.—Some surprise is expressed over the fact that the new governmental committee to examine conditions for setting ex-soldiers contains only one Canadian, namely, Bruce Walker, Winnipeg. The explanation apparently is that the Canadian Government not unreasonably imagined the committee would be a small, compact one. Events show, however, the committee consists of nearly thirty members, including the agent general of every Australian state. This brings into prominence once more the difference in status between Australian and Canadian agents. The Canadian agents general have no direct dealings with the colonial office, all communications passing thru the high commissioner. The provinces' representatives are calling their respects to their premiers tonight, drawing attention to this latest instance of cold shouldering. The matter might well come before the subject for action by the imperial council.

VICTORY LOAN IS BLOW TO ENEMY

"Bitter Pill for Germany to Swallow," Chamberlain's Comment.

HUGE TOTAL REACHED Amount Applied for is at Least Two Billion Pounds.

Special Cable to The Toronto World. London, Feb. 16.—Unofficial estimates of the total subscriptions to the new British loan of victory, the lists for which were closed this afternoon, place the amount applied for at between 2,200,000,000 and 2,500,000,000. The loan sweepstakes on the stock exchange closed after a week of great activity, and today's rush to subscribe might be termed overwhelming.

The Weekly Nation estimates that the collection of "new money" for the loan is approaching 1,000,000,000. Arthur Neville Chamberlain, director-general of national service, speaking at Bristol tonight, said that he ventured to predict that the result of the war loan would be a bitter pill for Germany to swallow.

MAJOR LASH ACCEPTS NEW POST IN FRANCE

He Will Be Under Col. Sims at Headquarters in France.

Canadian Associated Press Cable. London, Feb. 16.—Changes in the administration of the Canadian headquarters, which resulted amongst others in the abolition of the appointment of assistant judge advocate-general, leaves Col. Maurice Alexander free from the duties of this office. The C.A.P. understands Col. Alexander has been offered two other appointments here, but it is doubtful if he will accept either under present circumstances. His assistant, Major Lash, has taken an appointment under Col. Manly Sims, general representative at headquarters in France.

TO SUPERVISE GRAVES.

Canadian Associated Press Cable. London, Eng., Feb. 16.—W. L. Griffith, high commissioner's secretary, has been appointed with another Canadian military officer, on the sub-committee supervising grave plots of Dominion soldiers dying here. A plot for Canadian soldiers has been allocated in Brookwood Cemetery, Surrey.

GERMANS HAMPER WORK IN BELGIUM

Cancel Safe-Conducts Formerly Given to Relief Ships.

DELAYS FOODSTUFFS Action of Foe Causes Grave Expense—Americans Grave Control.

London, Feb. 16.—While restoring American control to the relief work in Belgium, the Germans are still hampering the work by restricting the movements of relief ships and their cargoes. They have cancelled the safe-conducts formerly given those vessels, reports received here say, and have absolutely prohibited the transport of vessels or merchandise between Great Britain and Holland.

The Germans permit vessels to approach and leave Rotterdam by the North Sea route, but this passage is so full of British and German mines that it is hazardous and almost impracticable.

The purchasing activities of the American relief work amounting to 100,000 tons of foodstuffs monthly, already has been suspended for a fortnight. Obstructions raised by the suspension means that more than 75,000 tons has been lost to the hungry people of Belgium, while the damage and other charges on German ships exceeds £50,000 and increases at the rate of £5000 daily.

PREMIER GEORGE WILL POSTPONE STATEMENT

Negotiations Regarding Import Restrictions Are Delayed Unexpectedly.

London, Feb. 16.—Premier Lloyd George will not make his anticipated announcement Monday regarding the further restriction of imports and the encouragement of agriculture, which was to have been delivered in view of the submarine emergency. An official statement issued tonight says that owing to the unexpected delay in the completion of necessary negotiations with the dominions and allied and neutral countries in connection with the restriction of imports, the statement which the premier purposed to make on Monday has been postponed until later in the week.

ANXIETY STILL FELT FOR AMERICAN CONSULS

Fear That Additional Party Is Being Held by German Government.

Special Cable to The Toronto World. Bern, Switzer., Feb. 16.—A report has been widely circulated that the expected arrival of an additional party of Americans from Germany, including American consuls, has been delayed. The consequence it is believed that they are being detained by the German Government.

SATURDAY NIGHT FURS.

Dinens's open until 10 o'clock tonight with a special showing of the features of the special sale fixed for the third week in February. Great reductions in all lines of furs, more particularly in Black and Natural Wolf, and Sets in every variety of fox. The reductions run as high as fifty per cent. or one-half the regular prices. All guaranteed stock made up for the regular trade. Dinens's, 140 Yonge street, corner Temperance.

UNITED STATES HAS TO ASSERT RIGHTS ON SEA

Wilson Recognizes Holding Back Ships is Virtual Surrender.

MUST ACT SPEEDILY Relations With Austria Not Broken, But Cannot Long Continue.

Washington, Feb. 16.—The ruthless German submarine warfare and its effects upon the United States were discussed late today by President Wilson and the cabinet. The meeting lasted only an hour, and afterwards it was said no new steps had been decided on.

Arming of American merchantmen and the economic effects of the partial tie-up of shipping out of American ports were the subjects of which the cabinet centred attention. Secretary McAdoo is compiling a list of vessels held in port, and Secretary Redfield is making a comprehensive analysis of the inroads submarines are making on shipping generally.

Face Vial Problem. Consideration is given by the government to all the different phases of the situation that have developed since the break in relations with Germany, including the detention of the Yarrowdale prisoners, the crisis with Austria, the plight of Americans in Turkey and Belgium relief. High officials think pain today, however, to emphasize that the great fundamental problem before the nation is the ill-ill submarine campaign itself. Against this campaign the United States has made the most vigorous protest possible short of war, but the administration officials feel that so long as it permits American ships to be held in port for fear of attack by submarines it effects acquiescing in the German policy. This state of affairs, it is admitted, cannot be permitted to continue indefinitely.

Break With Austria. State department officials, discussing the report from Paris that American had been warned from Washington to leave Austria, said no instructions to this effect had been sent to Ambassador Penfield at Vienna. They considered it probable that Ambassador Penfield might have taken such action on his own initiative.

Officials say they still hope that a break with Austria may be avoided, but admit that all recent indications are to the contrary.

Take Berlin's Word. Press despatches from Berlin announcing that the 72 American seamen brought in by the Yarrowdale had been released are not doubted, but it has been assumed from the first that Germany would not hold the men after rumors reaching them of the imprisonment of German sailors in the U. S. had been cleared up.

Another inquiry was sent the Spanish ambassador to ascertain the cause of delay in the departure of the American train from Munich which were guaranteed had reported would leave Prague this week with 56 consuls and their families and an unknown number of other persons.

An earlier despatch from the Spanish ambassador said Germany had promised to facilitate the consuls' departure as much as possible, as it is understood, however, that for military reasons the Germans insisted that the remaining Americans all go out in one trainload, and that there had been delay in concentrating them at Munich.

The falling off in the rate of daily destruction by submarines to a few thousand tons has made a great impression here, and given rise to speculation as to whether the return of submarine fleets to base or as the result of the activities of the British fleet is the cause.

SUPPLY OF NEWSPRINT PAPER NOW ASSURED

Dominion Government Announces Manufacturers Have Met Views.

By a Staff Reporter. Ottawa, Feb. 16.—"Effective means have been taken by the government to ensure the supply of newsprint paper to the newspapers of the Dominion of Canada," says an official statement issued today. "On the 14th inst. a council was passed leaving in the hands of the minister of customs absolute power to allow the export of paper, and also to fix quantity, price, at which paper is to be furnished to Canadian publishers."

"The paper manufacturers were here on Wednesday and had a conference with the minister. The majority of them are only too ready to meet the views of the government. It is understood that the manufacturers will so stipulated matters that it will not be necessary for the minister of customs to exercise the powers given to him under orders-in-council."

WAR SUMMARY THE DAY'S EVENTS REVIEWED

P LEASED with the first German success of the year on the western front, although only a minor one, the kaiser sent congratulations by telegraph to the crown prince and the army under him for the capturing of a French position in the Champagne. The German official communication says that on Thursday German troops captured ground to the depth of half a mile on a front of a mile and a half, taking 850 prisoners. For comparison, it may be noted that the British captured about as much territory the other day when they occupied Grandcourt on the Ancre. The total area taken by the Germans amounts to about one half a square mile, on their own claims. Since the Germans confined their attack to a small frontage and did not follow it up yesterday, they evidently merely planned a local onset for some obscure purpose, probably to test the strength of the French concentration. The fact that the kaiser could not resist the sending of congratulations in some breaths that the enemy is launching a big offensive. If given the opportunity he will launch it all right, but he will then assail a larger frontage than a mile and a half. The Champagne presents an admirable front for an early offensive, for the ground dries there earlier in the winter than at any other place on the western front.

As spring is approaching in Europe, bringing with it the period for heavy fighting, and as their winter's rest has given the Germans time for the formation of another mass of manoeuvre, rumor says, of fifty divisions, every German attack arouses apprehension in some breaths that the enemy is launching a big offensive. If given the opportunity he will launch it all right, but he will then assail a larger frontage than a mile and a half. The Champagne presents an admirable front for an early offensive, for the ground dries there earlier in the winter than at any other place on the western front.

The French official communication of last night says nothing about the German onset in the Champagne. It says that to the west of Maisons de Champagne the artillery activity continues without infantry action. The fire of their heavy batteries caused an explosion of an ammunition depot at Manre, to the north of Tahure. East of the Champagne, in the Argonne, the French carried out several surprise attacks in the region of

OPINIONS DIFFER ON NEW SUBWAY

Members of the City Council Consider Cost Would Be Heavy.

CROSSING DANGEROUS Say Some Method of Dealing With It Must Be Found.

Following the direction of the Ontario Railway Board that the street railway tracks must go along Guelph avenue to Pape avenue, as originally ordered, the suggestion offered that the city obtain an order for a subway under Pape avenue so that the tracks on Carlaw and Queen street could be abandoned, does not meet with much favor from the members of the city council. The principal objection to the subway is the cost which it is stated, would be too heavy to assume at the present time.

A SPECIAL APPOINTMENT.

We have been appointed by the celebrated firm of Pim's real Irish Poplin Neckwear Co., Dublin, Ireland, as their sole agents for Toronto.

The man who wears the beautiful blending of colors which Pim's ties are noted for. Special price \$1.25.

Large Audiences See Why The Northlands Lure Men

Large audiences again attended Massey Hall yesterday to witness the presentation of "The Lure of Alaska," by Dr. Leonard Sugden, and much praise was heard on all sides for the truly wonderful pictures which place before the people of southern Canada a new idea of the great northlands.

HERE IS LATEST REPORT ABOUT DEUTSCHLAND

Baltimore, Md., Feb. 16.—That the merchant submarine Deutschland has been captured and that he saw her in Plymouth harbor with 188 other German submarines was the statement made here today by William Palmer, second engineer of the American transport liner Mongolia. Palmer said that the British had captured 400 enemy submarines, and that 137 of them were in Plymouth, chained together and in the centre of a huge network of chains attached to buoys and wharves.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

BERRY-AU-BAC, taking thirty prisoners. In Lorraine their batteries surprised a reconnoitering party of Germans and scattered it, killing several. Then French communication thus indicates that nothing beyond the ordinary routine of trench warfare was proceeding in the west yesterday.

The British official communication of last night announces a raid on German positions southeast of Souchez. After carrying out its destructive mission the party returned without the loss of a man, escorting back eleven prisoners. A German raiding party reached the British lines north-east of Arras early in the morning, but when strongly attacked it rapidly retreated, leaving behind a number of casualties. The German artillery showed great activity in the region of Sailly, on the Somme, while both artilleries did a great deal of firing near Morval.

Heavy air fighting still marks the operations on the British front. The Germans have become more daring, for they are giving more frequent battle. The British destroyed three of the hostile machines in aerial fights; they drove down five others damaged, and their anti-aircraft guns brought down another, making nine German aeroplanes disposed of, while the British lost one machine in combat, and they have four others missing. The fact that the Germans are making more fights than usual probably signifies that they are striving to protect their own lines from British observation, and also to explore a little behind the British front.

Sufficient time has not yet elapsed to permit the totaling up of the subscription of the new British loan, but unofficial estimates place the amount subscribed at between ten and twelve and a half thousand million dollars. This answer of Britain to the German submarine decree robs it of half its intended value. In announcing their frightfulness at the fact to begin so early the Germans had evidently as one object the intimidation of investors from subscribing to the war loan. The scheme has failed.

CANADIAN CASUALTIES

INFANTRY.

Previously reported missing, believed killed, now killed in action—James Renne, Tyndall, Man.; Harry Stevens, Ed-Edwards, Eachon, McDonald, England. Wounded—Arlie Dauphinais, Starbuck, Man.; Harry Johnson, England. In action—Arthur Finchbeck, Edmonton. Seriously ill—James Baker, England.

Died—M. H. Mill, Wasaga, Sask. Officially reported prisoner of war. Wounded—14470, David Greig, 99 Doel avenue, Toronto.

Previously reported missing, now believed killed—A. A. Poor, Toronto.

Previously reported missing, now reported killed in action—17170, John Will-son, 50 Pendennis avenue, Toronto.

Wounded—18301, Com. G.M.S. J. H. Egan, 179 Albany avenue, Toronto; Frik Tavernier, England; G. W. Cook, Vic-toria.

PARTY GATHERING A GREAT SUCCESS

Large and Enthusiastic Crowd Attends Conservative Rally in Ward One.

COL. CURRIE SPEAKS

Foresees Long War and Cannot Support So-Called National Government.

That the Conservative party was nursing two delusions to its breast, one that the great European struggle was nearing its close and the other that there was no danger of a war-time election, which he regarded as almost a certainty, certainly within the next few months, was the somewhat startling statement of Col. J. A. Currie at one of the biggest Conservative gatherings ever held in Oudisheva's Hall, on Broadway avenue, last night. The hall was packed to capacity and scores were unable to gain admission. At midnight the proceedings were still under way.

PTE. LINDSAY DENYES (DINNIE)

Who was yesterday officially stated to be killed after having been missing since June last. He was the youngest son of Mr. and Mrs. John Denyes, 1061 Dundas street, Toronto.

MISSING MANY MONTHS NOW REPORTED KILLED

Pte. Lindsay Denyes Met Death at Zillebeke Ridge, Near Ypres.

Pte. Lindsay Denyes, 4th Canadian Mounted Rifles, who has been missing since June 2, 1916, is now officially reported killed on that date at Zillebeke ridge in the Ypres salient. He was 21 years of age, and the youngest son of Mr. and Mrs. John Denyes, 1061 Dundas street.

Previous to enlisting with the Governor-General's Bodyguard he was employed by the Bell Telephone Company. He left Toronto on February 16, 1915, and trained at Canterbury and Shorncliffe before proceeding to France on New Year's Day, 1916. He was accidentally wounded the following month thru falling on a bayonet, and was in hospital for two months, returning to the trenches about four weeks before the present campaign. His parents he is survived by three brothers, Harry and Otto of Toronto, and Charles, of Lewistown, Montana, U.S.A.

oria, Ont.; N. M. Campbell, Vancouver, B.C.

Killed in action—J. F. Johnson, Eng-land.

Previously reported missing, now not missing, returned to duty—Fred Dollar, C.E.F.

Died—Robert Watson, England.

We still stone our Magdalenes—but with diamonds.

The crusades' love generally has the smaller purse.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it enters the blood. Just as when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons through the entire system which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bladder, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, or pallid complexion, also those who wake up with a coated tongue, had taste, nasty breath, others who are bothered with headaches, bilious spells, and constipation should drink up with a phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as hot and hot water cleanses, purifies and hot water on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

THE LATE J. H. DODDS.

Who died yesterday at his residence, 71 First avenue, after a long illness. He was for many years a member of the Toronto Police Force.

LOCAL TROOPS IN NEW MANOEUVRES

Train Officers and N. C. O.'s in Judging Time and Distance.

SIXTY-FIVE VOLUNTEER

Sportsmen's Patriotic Association May Raise New Militia Unit.

Tactical exercises of a new form were participated in yesterday by the 4600 of Toronto's C.E.F. forces. The object of the manoeuvres was to give the officers and N.C.O.'s of the various units training in the judging of time and distance and in assuming responsibility of command. The troops were scattered over the district stretching from Yonge streets and St. Clair avenue to the Lake Shore road.

Each section, commanded by an experienced construction workman, was stationed at a separate point and had to join its platoon at a stated time. The N.C.O. had to choose his own route in reaching the rendezvous. On each platoon mobilizing, it marched off to join up with its company, the companies coming together in battalions, and finally the battalions into brigades. High Park was the concentration point. The final mobilization there was witnessed by Major-General Logie, Col. H. C. Bickford, and Lt.-Col. W. R. Lang. The units taking part were the Cyclists and 19th, 20th, 21st, 22nd, 23rd, and 24th Battalions.

Major Eaton Appointed. Major W. F. Eaton, of Hamilton, brother of Sir John C. Eaton, Toronto, has been appointed to the staff of Lt.-Col. Cecil G. Williams, assistant director of recruiting for the Dominion. Major Eaton is manager of the T. Eaton Company, Limited, factory in Hamilton. He was born in Toronto in 1876 and educated at Wellesley public school and Upper Canada College. He was a year ago, appointed commissioner of boy scouts for Grey, Ontario, Victoria Counties, Peterboro and the town of Markham. He presented a handsome athletic club building to the boy scouts of Oshawa.

The 25th Railway Construction Battalion which sent two drafts eastward a few days ago, has already recruited up to a strength of between six and seven hundred men. Fifteen men for the 25th have just been attested at Hamilton, Lt. J. R. Parrott, formerly of the 5th Engineers, has joined the 25th as a platoon commander. He is a graduate of Queen's University, and has had several years' experience in construction work.

Sixty-five volunteers for overseas service were examined yesterday, 21 being accepted. The 25th Railway Construction Battalion led with six attested recruits. Thirty-one men from Ontario points received final examination, 18 being for the C.A.S.C., seven for the 25th, and six for the Signallers.

The Sportsmen's Patriotic Association have sent word to Major-General Logie offering to raise a militia regiment for home defence. The offer may possibly result in the Ottawa authorities sanctioning the establishment of a new militia unit for Toronto.

Gunner J. A. Christlaw, 67th Battery, is transferring to the Royal Naval Air Service.

An order issued yesterday warns commanders that troops marching on the streets are to interfere with the traffic with the running of the street cars. Benjamin Scovell, nephew of the late Sir Henry Irving, entertained the men of Exhibition Camp with a splendid reading at the Y.M.C.A. concert, held at the camp last night, and it was very much appreciated.

The funeral of Pte. John Brown of the 19th Buffs Battalion, who died on Thursday, from pneumonia, took place with full military honors yesterday at Norway Cemetery. The service was conducted by Captain H. L. Nicholson, chaplain of the Buffs Battalion.

THREE TRAINS BLOWN UP

On Way to Mexico City. Special to The Toronto World. Galveston, Texas, Feb. 16.—According to a report received here tonight from an authentic source, three trains running from Vera Cruz to Mexico City were destroyed by dynamite on Feb. 5. The railroad, which runs from Vera Cruz to the capitol, is said to be closed to traffic, and great numbers of Americans are marooned in Vera Cruz as a result.

Fascinating New Victor Records for Your Machine

"Such a LAY Fellow," Alma Gluck, 10-inch record 1.25 This song is truly a song of happiness, it is that kind of happiness which finds expression in the last lines of the poem, which Alma Gluck sings so understandingly. "He's just too new from Heaven That's why your eyes get dim." "Nancy Lee," Clarence Whitehill, 10-inch record 1.25 England has produced quite a number of songs in which the sea plays its part. "Nancy Lee" has been for many years a popular song of this type, partly because of its robust, rolling melody, which is well adapted for bass singers, and partly because it praises Nancy Lee, the sailor's wife. "When You and I Were Young, Maggie," Evan Williams, 12-inch record 2.00 There is perhaps no beauty quite to compare with that of a love which has lasted through long years grave and gay, and this is the theme of the song which Evan Williams sings with such sympathy and insight. "Serenade"—Good Night, Beloved (Nevin), McKee Trio: "Then You'll Remember Me," and "I Dreamt I Dwelt," McKee Trio, 10-inch record90 —Fifth Floor.

A Deposit Account a Great Benefit in Shopping

Get Your Bicycle Ready Now for Spring Riding

The Eaton Repair Shop is Ready for the Usual Rush and the Sporting Goods Department is Completely Stocked With All the Necessary Accessories for Those Who do Their Own Repairing

THE Bicycle left all winter in a dusty section of the cellar will undoubtedly require cleaning and perhaps a certain amount of repairing before it will look neat and clean enough and be in perfect running order when the weather and roads are permissible for cycling. A bicycle should be overhauled and cleaned once a year, anyway, and what better time to have it done than the present? By having it attended to now by our experienced staff of repairers you get more personal attention than if you wait a few weeks later. And then again if you attend to repairs yourself it's wise to purchase the necessary accessories now, and choose your own time for fixing it up.

HERE AND THERE IN THE STORE

A watch should be thoroughly cleaned and adjusted every twelve to fifteen months to keep it in proper working order. In that time the oil will dry and harden on the pivots, even though there may be no dirt in it. This should be removed and fresh oil put on and pivots polished before fresh oil is added.

The watch repair dept., third floor, will be pleased to give you an estimate of the cost to overhaul or repair your watch before doing any work on it. Every watch repaired is guaranteed to give absolute satisfaction. —Watch Repair Dept., Third Floor.

A nutmeg grater that you do not have to hold the nutmeg in your fingers, and that prevents fingers from being scratched on metal, is available at 5, 10 and 15c counter, basement, for 10

It has been demonstrated that the game of golf can be taught efficiently indoors, also that the game of almost any golf player can be improved by indoor practice and instruction.

In the Eaton golf school, on the fifth floor, is a large driving court and putting green in charge of Mr. W. M. Freeman, professional at the Lambton Golf and Country Club. Dates and hours of lessons can be arranged with Mr. Freeman, at the rate of six lessons of half an hour duration each, for 3.00

Bring your snapshot films to our Camera Counter, Main Floor, and let us develop them at 5c per roll. Efficient workmanship and quick service assured.

When you enter the store from Yonge Street, you can get to second and third floors much quicker by using escalators just inside the doors.

Of Interest to Motorists

ALMOST every motorist is acquainted with the merits of the Dominion Tires. Although they are guaranteed 3500 miles for plain and chain, and 5000 miles for nobby, they all wear for a considerably longer period than their guarantee calls for. Note how very closely priced are the following:

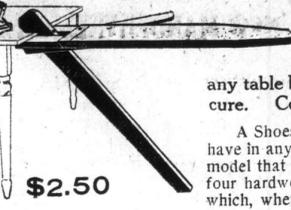

Table with columns: Size, Plain, Chain, Nobby, Grey Tube. Rows include sizes 30 x 3 1/2, 32 x 3 1/2, 31 x 4, 32 x 4, 33 x 4, 34 x 4, 35 x 4 1/2, 36 x 4 1/2, 37 x 5.

SOFT COAL SCARCE PRICES ARE HIGH

Situation Here Shows Little Improvement, With Stocks Further Depleted.

CIVIC DELIVERY HELPS

Commissioner Reports Delivery of Sixty-Eight Tons in Small Lots.

The soft coal situation is not improving, and manufacturers were scurrying around Toronto yesterday picking up what little there was obtainable at prices ranging from \$12 a ton and on up to \$11. Each day puts several more manufacturers at the mercy of the daily receipts, which are not at present adequate to meet the demands. J. E. Walsh of the traffic department of the Canadian Manufacturers' Association left last night for Ottawa, where he has an appointment with Sir Henry Drayton this morning. This action was taken following a meeting of the traffic committee held in Toronto yesterday regarding the soft coal situation. The hard coal requirement is being met by the civic delivery system, which commenced operation yesterday with out interfering with the regular garbage collection in any way. Citizens are finding great relief thru this method of delivery. Up to 2 p.m. yesterday the street commissioner reported the delivery of 68 tons of coal in small lots. President Falconer announced yes-

EXHIBITION EXPENSES ARE INQUIRED INTO

Board of Control Will Look Into a Number of Unusual Items.

When the expenditures of the exhibition board were laid before the board of control a week ago, Controller Foster asked for detailed information regarding some of the lump items of expenditure. Late yesterday afternoon, the report arrived, and in it the report were included some startling figures. Automobile hire totals \$1,001, \$447 of which is credited to the Provincial Motors, and \$500 to "A. Beck." Under the head of special entertaining, there is the dinner to General Logie and his staff last January which cost, according to the accounts, \$981. Refreshments for the directors after a "private view" of the exhibition art gallery, cost \$250, and seven pictures were purchased at a total cost of \$6,650. Two of them cost \$1,200 each. The silver service, presented to the retiring president, Jos. Oliver, cost the board \$475. Hector Charlesworth got \$35 for an art write-up. Ginger ale, for the directors' luncheons, cost \$94. There is a striking contrast in the costs of two addresses presented to Sir George Perley and the Duke of Devonshire. Sir George's address, according to the figures given, cost \$76, and that to the Duke of Devonshire, only \$40.

IDENTIFY DEAD MAN.

The man who dropped dead at Queen and River streets at noon yesterday was last night identified at the morgue by a neighbor's boy as Sidney Hayward, 14 DeGrassi street. He was 77 years of age, and had been afflicted with heart trouble for some time. D.E. who furnished wool for that purpose.

CITY HALL NOTES

Mayor Church says he intends taking up with the York County Council a proposition to put into cultivation all the vacant land around Toronto within a radius of 15 miles.

In line with the policy of the finance controller to abandon all works not considered absolutely necessary, the city council will on Monday have before them a report from civic officials and a recommendation from the board of control that the Terulay street extension be abandoned.

Red Cross Work Goes on In Spite of Coal Shortage

The University Hospital Supply Association has opened temporary quarters in the forestry and botany building, corner of Queen's Park and Grosvont street. Work may be returned and new work secured on Monday, Wednesday and Friday between 10 to 12 a.m. and 3 to 5 p.m. The silver service building has its own heating plant, the regular class work is going on as usual. It is therefore requested that the friends of the association do not make use of the telephone, as no connection will be arranged to the workroom.

WORK FOR RED CROSS.

The Queen street auxiliary for Red Cross work forwarded a cheque for \$100 to the Canadian Red Cross for hospital purposes. During the year the members have sent 7581 articles, 26 helpless jackets, 19 pyjama suits, 6 dozen towels and \$150 to the Red Cross. 835 Christmas parcels and 212 pairs of socks were knitted for Union Jack chapter, I.O. D.E. who furnished wool for that purpose.

MAJOR H. W. A. FOSTER IS AGAIN DECORATED

Gallant Toronto Officer Wins D. S.O.—Capt. J. A. Blackley Honored.

Major Harold W. A. Foster, who has already been given the military cross and an added bar for gallant action, is now further honored, being awarded the Distinguished Service Order. He is the first Toronto officer to receive these combined decorations for merit. He is a well-known Toronto barrister and a member of the law firm of Denison and Foster. While overseas he has been twice wounded and twice promoted. His home is at 100 Bedford road. The bar to his military cross was awarded because, "when in command of the front line he carried out his work with great courage and initiative and set a splendid example to his men." The military cross had been awarded to Capt. James A. Blackley, stepson of A. L. Maloney. He showed great courage and skill when observing under very heavy shell fire. Later he carried a wounded man over the open into safety. He enlisted with the 30th Battalion in 1915, and on going overseas was transferred to the British artillery.

GETS NO COMMISSION.

Suit to Recover Amount Claimed in Parties Decided for Defendant. Judgment for the defendant has been given by Judge Denton in the action of E. J. Griffiths, William and S. R. Tennant against G. E. Niebergall for \$750 alleged due as commission for negotiating the exchange of the defendant's lumber yard on Tennyson avenue for a farm at Clarkson. Niebergall stated that the offer made by the plaintiffs was incomplete, and that they were acting on behalf of the man who owned the farm.

WILLS PROBATED

The whole of the estate of the late Lieut.-Col. John Doull of the Royal Canadian Regiment, who died in Quebec City on July 1, 1916, valued at \$89,775.92, is bequeathed to his widow, Eva Rose Butler Doull, 42 Greystone road, Maiden, Mass. Of the estate \$11,400 is in shares of the Consolidated Mining and Smelting Company of Canada. Mrs. Annie Feeney and Miss Eva S. Kirkland share equally in the property of their mother, Mrs. Susan Kirkland, who died intestate on Jan. 8, leaving an estate valued at \$4000.

MUCH MONEY DONATED FOR SERBIAN RELIEF

At the annual meeting of the Canadian Serbian Relief, at which in the absence of the president, Mrs. D. A. Hamilton presided, it was shown that the fine work had been done throughout the past twelve months. The sum of \$27,883.22 had been subscribed, all of which with the exception of a very small sum for expenses had been transmitted. In addition about \$50,000 had been collected in outside places before the work of the committee had really begun. The officers who were re-elected by acclamation are as follows: Honorary president, R. A. Falconer; president, Major W. D. Sharp; vice-presidents, Mrs. L. A. Hamilton, Mrs. R. F. McWilliams, Winnipeg; Mrs. Pinkham, Calgary; Mrs. G. W. Brown, Regina; David McKee, Halifax; F. H. Betts, London; F. Barnard, Victoria; treasurer, A. H. Campbell; corresponding secretary, Miss N. Boulton; recording secretary, Mr. Lincoln Carlisle; committee, W. D. Gwynne, A. M. M. Kirkpatrick, V. A. Langton, James Leith Ross, Dyoce W. Saunders.

Men Eligible for Service Will Again Be Canvassed

Col. Henry Brock, director of national service for Toronto Military District, states that the various recruiting depots are to be furnished with the names of men eligible for military service as shown by the recent national service census. He expressed the opinion, too, that so far as Toronto district is concerned all the men suitable for C.I.F. service had already been approached several times, and on this account no great response is anticipated. In Quebec, however, he states the situation is different, because so far there had not been so much canvassing in that province as in Ontario.

CHARGED WITH PERJURY.

Thomas A. Potter, 47 Geneva avenue, was arrested last night by Detective Twigg on a charge of perjury. According to the police, Potter applied at the parliament buildings for a chauffeur's license and signed an affidavit in which he stated that he had never been convicted of a criminal offence. Detective office records showed otherwise.

BABY'S OWN TABLETS OF GREAT HELP

Mrs. Wm. Artlett, Ancaster, Ont., writes: "I have used Baby's Own Tablets for three years for my little girl and baby boy. I have found them of the greatest help during their teething period and always keep them in the house." The tablets aid teething babies because they regulate the stomach and bowels, thus preventing constipation, diarrhoea and vomiting. They promote healthful sleep and keep baby well and happy. They are sold by medicine dealers. The Dr. Williams' Medicine Company, Brockville, Ont.

SIX ARE KILLED SEVEN WOUNDED

Seventeen Toronto Names Are Mentioned in Latest Casualty List.

CAPT. JOHNSON DEAD

Was Well Known in Business and Military Circles.

Six more soldiers who went overseas with Toronto units have made the supreme sacrifice, seven have been wounded, two are wounded and missing, and two are reported as being ill.

Capt. Sidney Frederick Johnson, reported killed in action January 10, was well known in Toronto to Montreal business and military circles. He was born in Bombay in 1887, and was educated at Lindenthorpe, Broadstairs and Westminster. He was later in partnership with Capt. Sir William Wiseman in the firm of Hender's Trust, Limited, and was associated with many Canadian enterprises.

Pte. John Thomas Massam, son of Mr. and Mrs. James W. Massam, 22 Grand street, is reported killed. He went overseas with the 15th Post Battalion, and was serving in machine gun section. He was born in London, England, but had been in Canada for a number of years.

Pte. Arnold W. Rutherford, son of Mr. and Mrs. W. Rutherford, 134 Westmoreland avenue, has been killed in action. He was 19 years of age and went overseas with the 50th Battalion.

Pte. Frederick Driver, who enlisted with a Toronto battalion and went overseas with the first contingent, is reported killed in action. He had been missing for some months. His relatives live in England.

Pte. Geo. Richards, who is reported killed in action, went overseas with the 54th Battalion. His relatives all live in England.

Pte. E. A. McFarlane, who went overseas with a Toronto squadron of the C.M.R., is presumed dead. His kin live in England.

Pte. Reginald Wilson, whose mother resides at 839 Shaw street, and who was previously reported wounded, is now reported as wounded and missing. He is 19 years of age, and came to Toronto several years ago.

Lieut. R. T. Thompson, son of Mrs. Thompson, 42 Willock street, is reported as dangerously wounded. He is a native of Toronto, and enlisted with the 86th Battalion as a private.

Pte. Horace Dutton, whose home is at 104 McKay avenue, is previously reported missing and is now reported wounded and missing. He went overseas with the 55th Battalion.

Sergeant James Anderson, who enlisted with a Toronto battalion but was later with the Canadian Mounted Rifles and went overseas from Kingston, is listed as wounded in the left arm and abdomen and is dangerously ill.

Pte. J. P. Keane, formerly of 121 Sherbourne street, is reported wounded. He is 26 years old and unmarried. He went overseas with the 124th Battalion.

Pte. E. Bridgeman, who formerly worked in the office of Richard Baker & Co., Wellington street, is reported

"I FEEL LIKE A NEW BEING"

"Fruit-a-tives" Brought the Joy of Health After Two Years' Suffering.

MADAM LAPLANTE.

35 St. Rose st., Montreal, April 4. "For over two years I was sick and miserable. I suffered from constant headaches, and had palpitation of the heart so badly that I feared I would die. There seemed to be a lump in my stomach and the constipation was dreadful. I suffered from pain in the back and kidney disease.

"I was treated by a physician for a year and a half, and he did me no good at all. I tried 'Fruit-a-tives' as a last resort. After using three boxes I was greatly improved, and twelve boxes made me well. Now I can work all day and there are no headaches, no palpitation, no heart trouble, no constipation, no pain or kidney trouble, and I feel like a new being—and it was 'Fruit-a-tives' that gave me back my health."

Madam ARTHUR LAPLANTE, 50c a box, 6 for \$2.50, trial size, 25c. At all dealers of sense postpaid by Fruit-a-tives Limited, Ottawa.

wounded. He went overseas with the 189th Battalion in September, 1915. He was born in Suelph but had lived chiefly in Toronto.

American Wounded. Pte. Frank Stewart, who was at Exhibition Camp with the American Legion, is reported wounded. He is a Detroit, Mich., man, and after going to the front was drafted to a famous battalion of veterans.

Pte. A. Leo, who went overseas with the 92nd Highland Battalion from Toronto, is reported as wounded. He had been about six months in the trenches. His next of kin are living in England.

Lance-Corporal Ernest Fensom, formerly of 85 Gladhill avenue, is reported seriously ill at Eastbourne Hospital, suffering from cerebro-spinal meningitis. He enlisted with the 92nd Highlanders.

Pte. Robert Duff, formerly of 34 River street, is reported ill. He went overseas with the 81st Battalion. He had been in Canada about 11 years, and worked as a pole-man with the Toronto Electric Light Company.

JEWISH CHARITIES. Campaign Started to Bring About Federation of Institutions.

A campaign to bring about a federation of the Jewish charitable institutions in the city has been started in the Jewish circles. At the organization meeting, held in Zionist Hall, Beverley street, \$6,000 was contributed. It is the intention of the organization to raise \$20,000.

The following were elected to act as the board of trustees: Edmund Scheuer, chairman; A. Cohen, secretary; S. Brownstein, A. Drachman, C. Rainin, J. J. Allen, J. Allen, Leo Frankel, M. Gelber, J. S. Grant, Stein, E. Marks, Sigmund Samuel, S. Lorie, Dr. M. Pivnick, B. Stone, Louis Levinsky, D. Lavine, E. Pullan, J. Stringer and A. Bennett.

KEEP FLAG FLYING. I.O.D.E. Protests Against Suggestion of Trustee Edmunds.

In a statement to The World, Mrs. M. R. Goddard, president of the national executive of the Imperial Order of the Daughters of the Empire, enters a strong protest against the proposed economy in the flying of the national flag over schools and public buildings, as suggested in a motion put forward by Trustee Edmunds at a recent meeting of the board of education. The order views with alarm any attempt to limit the use or display of the Union Jack in schools or elsewhere.

In B. Harris. Milton—Pte. J. Leococ. Niagara Falls South—Wm. Mullin. Barrie—Jas. Hickey, Pte. N. Scivigny, Pte. E. Parsons. Orillia—Pte. C. Huffman, Pte. S. E. Pve, A. B. White. Port Rowan—Pte. F. C. Price.

CORNWALL HAPPY OVER ARRIVAL OF COAL

Three Carloads Relieves the Situation Till Another Cold Spell at Least.

Special to The Toronto World. Cornwall, Feb. 15.—A partial relief to the coal situation in Cornwall came today with the arrival of two cars for one dealer and one for another. The news spread like wildfire through the town, and occasioned much joy, as it was evidence that freight is on the move. One shipment came in by Grand Trunk and the other by New York Central, which shows that these roads have reached a working basis.

SUNLIGHT SOAP advertisement featuring an illustration of a hand holding a bar of soap and a box of Sunlight Soap. Text includes: 'The Seal has been set once and for all on the purity of SUNLIGHT SOAP.', 'SUNLIGHT SOAP is known by name throughout all the world, but not by name alone.', 'The \$5,000 Guarantee of Purity given with every bar of Sunlight Soap is something more than an advertisement.', 'The buyer who buys the choice Sunlight Soap materials --the soap boiler--the expert chemist--the girls who wrap and pack Sunlight Soap--all are mindful of the guarantee.', 'Lever Brothers, Limited Toronto, Canada'

You Cannot Hide Your Fat

Overfatness is the one misfortune you can not hide from yourself or from those around you. If too thin, your dressmaker or tailor can supply the deficiencies, but the overfat carry a burden they cannot conceal. There is one sure way to reduce your weight safely and quickly. The harmless Marmola Prescription, which changes the fatty tissues and fat-producing foods to solid flesh and energy, helps the general health and digestion, permits you to eat and live as you like, and leaves the skin clear and smooth. This famous prescription is now condensed into tablet form. Each tablet contains an exact dose of the same harmless ingredients that made the original prescription capable of reducing the overfat body at the rate of two, three, or four pounds a week without the slightest ill effects. Help out one tablet after each meal and at bedtime until the normal weight is reached and the body health completely restored. Ask your druggist for Marmola Prescription Tablets or send to the Marmola Co., 184 Woodward avenue, Detroit, Mich., and you will receive full case, enough to start you well on your way to slimness and happiness.

Proceeds of this stock are for war purposes only. A commission of one-quarter of one per cent will be allowed to recognized bond and stock brokers on allotments made in respect of applications for this stock which bear their stamp.

For application forms apply to the Deputy Minister of Finance, Ottawa.

DEPARTMENT OF FINANCE, OTTAWA OCTOBER 7th, 1916.

CAR CROWDING CASE GOES OVER FOR WEEK

In Police Court Defendants Urge Medical Health Department Has No Jurisdiction.

In the police court yesterday afternoon the case of the Toronto Railway Company versus the city, in regard to overcrowding, was resumed. M. K. Cowan, K.C., appearing for the defendants, argued that the Public Health Department has no jurisdiction in the case, as the charge was laid, was never intended to apply to a traveling public vehicle, but was aimed at the prevention of nuisance in the city. He argued that the medical health department, he declared, had no jurisdiction whatever over the street car system. This power was vested in the Ontario Railway Board. Concluding, he averred that if the word "premises," as contained in the act, was inserted for the purpose of covering private dwellings and public conveyances, then there was nothing to prevent the health department from summoning the railway and steamship companies for breaches of the act.

I. S. Fairly, for the city, explained that the medical health department gained its powers in this respect from the Public Health Act, which had the approval of the privy council. Mr. Fairly claimed that the health department had shown that the cars were overcrowded, and were thus a detriment to public health. The statement of Mr. Cowan that Dr. Hastings had approved the type of cars as used by the railway company, Mr. Fairly denied, claiming that Dr. Hastings, instead, had condemned them all. Magistrate Kingsford ordered the case to be laid over for a week.

Ex-Policeman J. H. Dodds Dies Was Popular Member of Force

The death of ex-Policeman John H. Dodds occurred at his residence, 71 First avenue, last night after a lingering illness. He was forty-nine years of age, and was superannuated about a year ago because of ill-health. He was born in the township of Holderness, County of Northumberland, and came to Toronto 27 years ago. He received recognition for his work on the force, which was held on Monday last, and had figured in several important arrests in this city. He is survived by his widow and three children, the late Mrs. Dr. E. J. Dodds of Pembroke, James J. Dodds of Ottawa, M. J. Dodds, police constable at the parliament buildings, and a sister, Margaret, who still resides at the old homestead in Holderness Township. He was a member of the Knights of Columbus and the Catholic Order of Foresters, who will assist in the funeral, which will be held on Monday morning from St. Ann's Church to Mount Hope Cemetery.

AFTERNOON DANCING A POPULAR PASTIME

Hotel St. Charles Provides Dainty Afternoon Tea and Dancing

That after-theatre dancing has proved to be a popular feature in Toronto is evidenced by the host of patrons who attend the matinee tea dances at the Hotel St. Charles every Saturday from 4.30 to 6 p.m. A dainty afternoon tea is served, while special music is provided by the Hotel St. Charles orchestra under the leadership of Nelson Hatch. Prompt service, food of the highest quality, tastefully prepared, and a dance floor that is unequalled in the city are the factors that have made the St. Charles so popular. As a la carte dinner is served from 6 to 8.30 p.m., while an afternoon supper with cabaret features, served from 10.30, has been particularly well patronized. Table reservations may be made by calling A. 690.

ST. THOMAS' SOLDIER HONORED

Special to The Toronto World. St. Thomas, Ont., Feb. 15.—Capt. A. E. Sutton, a former St. Thomas boy, has been awarded the military cross for gallantry at Beaumont-Hamel, while with the R.A.M.C. The young soldier is a son of Wesley Sutton, and received his early education in the St. Thomas public schools and a collegiate institute, later graduating from Toronto University in 1909.

Had Nervous Indigestion and Lost 40 Pounds

Doctors Did Not Seem to Understand the Case, But Dr. Chase's Nerve Food Effected Cure.

Brockville, Ont., Feb. 16.—When the nerves become exhausted the digestive system soon weakens and fails to properly take care of the food. The flow of gastric juices is stopped and the undigested food ferments, causing all sorts of trouble. The natural result is a weak and watery condition of the blood, which still further exhausts the nervous system and so the patient goes from bad to worse until he gets something that will go directly to increase the nerve force in the body. The writer of this letter found that Dr. Chase's Nerve Food exactly suited his case and was successful in restoring vigor and strength to the system. If you will put this great food cure to the test you will soon know why so many people are enthusiastically recommending it to their friends.

HOLD HOTEL LIABLE FOR GUEST'S PROPERTY

King Edward Must Pay for Clothes Stolen From Lavatory.

According to a ruling of Judge Winchester the King Edward Hotel is liable for the belongings of its guests. In the action of Marguerite C. Holmes, who sued the hotel for \$225.50, claimed as the value of a fur coat and a pair of gloves lost or stolen from the hotel premises, she awarded her \$151.50. On November 27 last she entered the hotel and had tea in the Alexandria room. Afterwards she hung her coat in the lavatory and placed her gloves on the wash basin, but when she returned they were gone. The defence of the defendants was that a room with a competent attendant at the entrance was provided for checking coats, etc., and that the plaintiff was negligent in not taking advantage of the facility. They also claimed that if held liable it should only be to the extent of \$40, the limit provided by the Hotelkeepers Act. They stated that the plaintiff was not a guest of the hotel, but only a casual patron of the tea room. The judge held that she was a guest of the hotel and was entitled to all the privileges of the hotel and the supervision of all her belongings. He ruled that the defendants could not claim protection of the Hotelkeepers Act with regard to the limitation of liability, because they had not posted the warning announcement which the law called upon them to provide.

SOLDIERS SEE FILMS AND VOTE THEM GOOD

Returned Men From Hospitals See Courtesie Pictures Are the Best Ever.

It takes the men in khaki to appreciate war pictures. The returned men can detect a fake almost before it is thrown on the screen, and it is the war veteran, too, who knows best the value of every foot of film. The pictures of the Canadians in action which are drawing such tremendous audiences at the Regent Theatre this week, and which are being shown in the wash basin, but when she returned they were gone. The defence of the defendants was that a room with a competent attendant at the entrance was provided for checking coats, etc., and that the plaintiff was negligent in not taking advantage of the facility. They also claimed that if held liable it should only be to the extent of \$40, the limit provided by the Hotelkeepers Act. They stated that the plaintiff was not a guest of the hotel, but only a casual patron of the tea room. The judge held that she was a guest of the hotel and was entitled to all the privileges of the hotel and the supervision of all her belongings. He ruled that the defendants could not claim protection of the Hotelkeepers Act with regard to the limitation of liability, because they had not posted the warning announcement which the law called upon them to provide.

SHOULD ENFORCE MILITIA ACT

Veterans of 1866 Believe Days of Voluntary System are Past.

Had Nervous Indigestion and Lost 40 Pounds

Doctors Did Not Seem to Understand the Case, But Dr. Chase's Nerve Food Effected Cure.

Brockville, Ont., Feb. 16.—When the nerves become exhausted the digestive system soon weakens and fails to properly take care of the food. The flow of gastric juices is stopped and the undigested food ferments, causing all sorts of trouble. The natural result is a weak and watery condition of the blood, which still further exhausts the nervous system and so the patient goes from bad to worse until he gets something that will go directly to increase the nerve force in the body. Former United States Senator Mason Takes Nuxated Iron

Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System

to obtain renewed strength, power and endurance after the hardest fought political campaign of his life in which he was elected Congressman-at-large from the State of Illinois.

SENATOR MASON NOW SAYS Nuxated Iron should be made known to every nervous, run down, anaemic man, woman and child.

Opinion of Doctor Howard James, late of United States Public Health Service who has prescribed and thoroughly tested Nuxated Iron in his own private practice.

WHAT SENATOR MASON SAYS: "I have often said I would never recommend medicine of any kind, I believe that is the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now sixty-five years of age, and I feel that a remedy which will build up strength and increase the power of endurance of a man of my age should be known to every nervous, run-down, anaemic man, woman and child.

Former United States Senator Wm. E. Mason, recently elected member of the U. S. Congress from Illinois.

From the Congressional Directory, published by the United States Government: "Wm. E. Mason, Senator from Illinois, was elected to the 51st Congress in 1887, to the 52d Congress in 1891, to the 53d Congress in 1893, to the 54th Congress in 1895, to the 55th Congress in 1897, to the 56th Congress in 1899, to the 57th Congress in 1901, to the 58th Congress in 1903, to the 59th Congress in 1905, to the 60th Congress in 1907, to the 61st Congress in 1909, to the 62nd Congress in 1911, to the 63rd Congress in 1913, to the 64th Congress in 1915, to the 65th Congress in 1917, to the 66th Congress in 1919, to the 67th Congress in 1921, to the 68th Congress in 1923, to the 69th Congress in 1925, to the 70th Congress in 1927, to the 71st Congress in 1929, to the 72nd Congress in 1931, to the 73rd Congress in 1933, to the 74th Congress in 1935, to the 75th Congress in 1937, to the 76th Congress in 1939, to the 77th Congress in 1941, to the 78th Congress in 1943, to the 79th Congress in 1945, to the 80th Congress in 1947, to the 81st Congress in 1949, to the 82nd Congress in 1951, to the 83rd Congress in 1953, to the 84th Congress in 1955, to the 85th Congress in 1957, to the 86th Congress in 1959, to the 87th Congress in 1961, to the 88th Congress in 1963, to the 89th Congress in 1965, to the 90th Congress in 1967, to the 91st Congress in 1969, to the 92nd Congress in 1971, to the 93rd Congress in 1973, to the 94th Congress in 1975, to the 95th Congress in 1977, to the 96th Congress in 1979, to the 97th Congress in 1981, to the 98th Congress in 1983, to the 99th Congress in 1985, to the 100th Congress in 1987, to the 101st Congress in 1989, to the 102nd Congress in 1991, to the 103rd Congress in 1993, to the 104th Congress in 1995, to the 105th Congress in 1997, to the 106th Congress in 1999, to the 107th Congress in 2001, to the 108th Congress in 2003, to the 109th Congress in 2005, to the 110th Congress in 2007, to the 111th Congress in 2009, to the 112th Congress in 2011, to the 113th Congress in 2013, to the 114th Congress in 2015, to the 115th Congress in 2017, to the 116th Congress in 2019, to the 117th Congress in 2021, to the 118th Congress in 2023, to the 119th Congress in 2025, to the 120th Congress in 2027, to the 121st Congress in 2029, to the 122nd Congress in 2031, to the 123rd Congress in 2033, to the 124th Congress in 2035, to the 125th Congress in 2037, to the 126th Congress in 2039, to the 127th Congress in 2041, to the 128th Congress in 2043, to the 129th Congress in 2045, to the 130th Congress in 2047, to the 131st Congress in 2049, to the 132nd Congress in 2051, to the 133rd Congress in 2053, to the 134th Congress in 2055, to the 135th Congress in 2057, to the 136th Congress in 2059, to the 137th Congress in 2061, to the 138th Congress in 2063, to the 139th Congress in 2065, to the 140th Congress in 2067, to the 141st Congress in 2069, to the 142nd Congress in 2071, to the 143rd Congress in 2073, to the 144th Congress in 2075, to the 145th Congress in 2077, to the 146th Congress in 2079, to the 147th Congress in 2081, to the 148th Congress in 2083, to the 149th Congress in 2085, to the 150th Congress in 2087, to the 151st Congress in 2089, to the 152nd Congress in 2091, to the 153rd Congress in 2093, to the 154th Congress in 2095, to the 155th Congress in 2097, to the 156th Congress in 2099, to the 157th Congress in 2101, to the 158th Congress in 2103, to the 159th Congress in 2105, to the 160th Congress in 2107, to the 161st Congress in 2109, to the 162nd Congress in 2111, to the 163rd Congress in 2113, to the 164th Congress in 2115, to the 165th Congress in 2117, to the 166th Congress in 2119, to the 167th Congress in 2121, to the 168th Congress in 2123, to the 169th Congress in 2125, to the 170th Congress in 2127, to the 171st Congress in 2129, to the 172nd Congress in 2131, to the 173rd Congress in 2133, to the 174th Congress in 2135, to the 175th Congress in 2137, to the 176th Congress in 2139, to the 177th Congress in 2141, to the 178th Congress in 2143, to the 179th SATURDAY MORNING, FEB. 17.

Woman's Suffrage and "P. R."

There appears to be a better prospect for the passage of a woman's suffrage bill at this session of the legislature than at any time since the opening of the war. The statement of Premier Hearst was most encouraging and as there is comparatively little else to do the government will signalize the fiftieth year of confederation by passing a liberal suffrage bill as any of our sister provinces enjoy.

One more thing will then remain to be done to place our election methods on a just and equitable basis, and in order not, in practice, to disfranchise about half of the voters that have been enfranchised at each election.

There has been no hesitation about grappling with the pressing problems of electoral reform in Great Britain, and the conference that has been held shows a much broader and more progressive spirit than could be expected from a government of Conservative millionaires in Ontario, and more advanced even than might have been anticipated from even the progressive politicians of England. But the year, which has been so little realized here, has effected great changes, a revolution practically, in England.

The recommendations provide for a redistribution of constituencies; for representation for the newer universities; (when will Toronto or Queen's Universities have members?); all elections are to be on the same day instead of spread over some weeks for the convenience of plural voters; and lastly, and of chief interest to Canada, proportional representation is recommended for urban constituencies.

The last is the vital reform needed in our Canadian politics. It is the only fair way of gaining an expression of the will of the people. No votes are wasted, no interest is unheeded, no ballot is thrown away. It is to be adopted for the whole of Ireland as the only means of securing for the minorities in any district a say in their own affairs. No reform would do so much to purify and strengthen our politics here, or give the intelligence of the voters a chance against their own stupidity. Parties and partisans rely now upon such stupidity, but with the proportional representation method of voting the sober second thought of the voter would have to be reckoned with, and it would have its effect in bringing out more candidates, and therefore exciting the interest of the electorate. At the same time the party with a clear majority has nothing to fear. The majority rules when the vote is polled. But it does much to straighten out the tangles into which minorities tie themselves up, and it enables every man to vote for a candidate he respects.

Flocking All by Itself

Many United States papers, among them The New York Tribune, are urging the Washington Government to join the entente. Whatever good feeling exists between Great Britain and the United States on account of language and blood affinity, there is equal good feeling between the two sister republics of the east and the west, both on account of their political party and on account also of the Lafayette episodes of the revolutionary period. Between Russia and the United States cordial relations have always existed, which the purchase of Alaska helped to confirm, but which have often been marred by those who knew little of the democratic proclivities of the Russian people.

There is actually more sympathy of a natural kind between the United States and the entente allies than the United States could muster for Germany. The apparent enthusiasm for Germany was largely made in Germany. There are no doubt violent pro-Germans in the United States, and the danger of their influence and possible activity is not to be ignored. But they will usually be found to base their activity on the expectation of material gain rather than from any lofty or humanitarian motive. The United States nation as such is largely and, we think, preponderantly in sympathy with the entente allies.

If there is to be any bellicosity it is scarcely conceivable that the United States would carry on a war against Germany on its own account, and yet this is what is seriously contemplated by some Americans. One of the late Mr. Sothern's best points in "Lord Dunsyre" was his reference to the proverb, birds of a feather flock together. "Of course they do," he observed in his vacuous way. "What damn bird would be such a fool as to go in a corner and flock all by itself?" If the United States goes to war and attempts to flock all by itself, with its own rules and regulations of warfare,

TRYING TO PUT IT OVER JACK

It will find some difficulty in getting into the scrimmage. The reserved seats are all occupied—unless, indeed, Washington might like to take another shy at Gallipoli. It is just possible that the dread of some quixotic notion, seizing Uncle Sam may account for a certain reluctance some of the entente European powers appear to entertain about encouraging the United States to fight. We hope the fighting may be over before a United States army would be ready to take the field in Europe, but should a division or two of the gallant boys to the south of us get into the trenches the rest of the twenty-five millions would never have a chance to do anything—at least in the newspapers.

The United States is rendering valuable assistance at present in the manufacture of munitions—if they can be shipped. If the German lines are not forced in this year's campaign, there will be plenty of time to get new armies overseas for next year. And this, we think, appears to be the view that Ottawa takes of the military situation, as well as Washington.

For United States Students

A practical measure for promoting interest in municipal affairs has been devised by the National Municipal League, with headquarters in Philadelphia. It is the offering of prizes to undergraduates and to graduates for essays on municipal subjects. For the undergraduates the prize is \$100, and the subject this year is "Tendencies in Municipal Budget Making." Last year's thirteen essays were sent in and Miss Bernice Brown, Radcliffe College, Cambridge, Mass., won the prize with an essay on "Efficient Bill Regulation."

The postgraduate student's prize, known as the Morton Delmon Hull prize, is \$250, and the essays may not exceed 20,000 words, and the subject chosen by the competitor must be submitted to the secretary of the league at least thirty days before the close of the competition.

It is one of the advantages of a matured and wealthy community that such stimuli are given to young men by those who arise in such communities, who are able to give effect to the ideas that occur to them.

It is a mark of civilization, in fact, that encouragement of this kind is held out to all who take an interest in public affairs. It does not always take this particular form, but there is much more of this and kindred activities than in Canada. Politics in all its forms tends in democratic nations to fall into the hands of the shrewd and cunning rather than the wise and benevolent. Any assistance that outsiders can render in the circumstances should be gratefully acknowledged. As everybody—nearly—in Canada desires to be on the inside side extrinsic aid is uncertain.

WILL SEND DRAFT AS SOON AS SECURED

Lt.-Col. Dinnick's Battalion Will Recruit Two Hundred and Fifty Men.

With the attractions of speedy training and a short stay in Canada to hold out to prospective recruits, Lieut.-Col. W. S. Dinnick announces the 10th Regiment will raise a draft of 250 men. Col. Dinnick will have to assist him those men, officers of the regiment most closely associated with him in the advertising and organizing of the recent patriotic fund and Red Cross campaign. Lieut.-Col. W. S. Dinnick yesterday from the standpoint of the man who enlists to fight, the draft is ideal. It does away with the long, monotonous wait while 1,200 men are slowly mattered for a battery. We have Ottawa's word that just as soon as the 250 men are secured they will be promptly sent to England in the next 10th Regiment to offer its services in the raising and training of a company draft. Most of the draft's officers are qualified and trained in ranks higher than they will hold. The training will be of efficient and snappy sort.

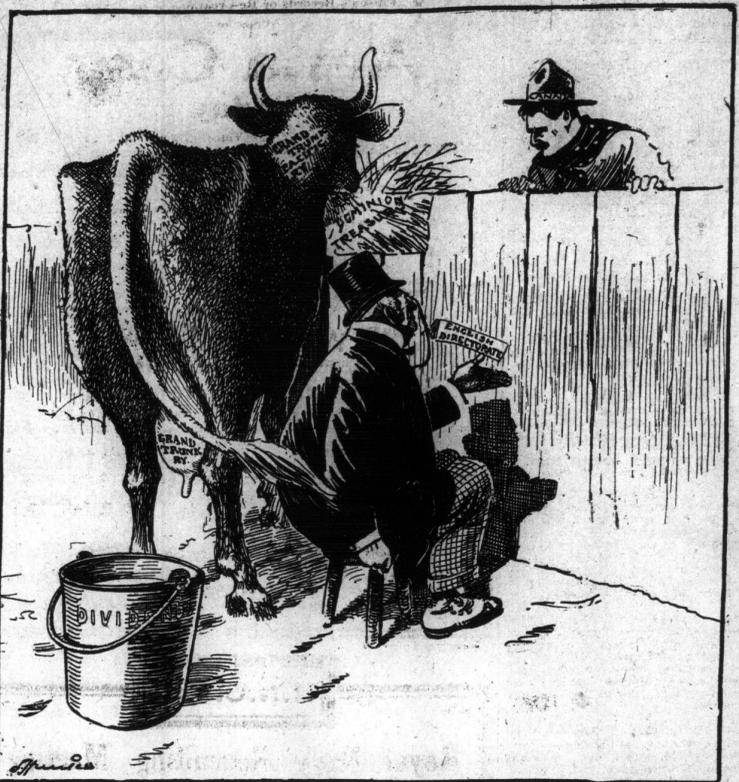

Bar Association Will Hold Quiet Session This Year

The annual meeting of the Ontario Bar Association will be held in Osage Convocation Hall on Friday, Feb. 23. The association have decided not to hold a banquet, which in former years was a feature of the session. The meeting will only occupy one day, instead of two days, as was the case in previous years. J. A. McAndrew will present the report on law reform. The report on legislation will be read by W. S. Ormsby, Col. W. N. Ponton, K.C., will deliver an address on legal history. W. M. Field, K.C., will report on legal ethics and W. F. Kerr on criminal law.

TRENTON OLD BOYS.

Two hundred members of the Trenton Old Boys' Association held a successful At Home, in St. George's Hall, last evening.

MR. DIRECTORATE: Buy an interest in her, my dear sir. You take the head and I'll take the udder.

Mail and Empire observes, gets every day worse instead of better.

THE TORONTO PRESS STRICKEN DUMB ON PUBLIC OWNERSHIP OF RAILWAYS

Some public men and prominent newspapers, who for years have been singing loudly the praises of government ownership, are now found hiding in the cyclone cellar when the opportunity has come for nationalizing the Grand Trunk and clearing up the whole situation. They want public-owned arsenals and public-owned power plants, but they are suddenly stricken dumb when they are asked to express an opinion upon public-owned railways. Yet now is certainly the opportunity to take occasion by the hand. The people of this province are suffering from lack of coal; the transportation system between many parts of Ontario and the Niagara frontier has broken down; everywhere the people are demanding government control.

But the public men and newspapers above referred to are silently thwarting the wishes of the people. The mayor of a great city throws into the waste basket a resolution passed by representative citizens calling for railway nationalization. An able newspaper man finds the rollers put under him between night and day as he has in the past declared himself the friend of public ownership.

The Toronto Globe was, until lately, a great friend of public ownership. It still advocates public ownership in the matter of electric power, and gives great prominence to Sir Adam Beck's bold and aggressive program. It falls to see, however, that what the hydro-electric has done for power, nationalizing the railways would do for transportation!

Mr. Stewart Lyon, who committed the Globe to the policy of railway nationalization, has gone into exile. The policy he advocated is no longer the policy of the Globe newspaper. It has not a word to say about nationalizing the old Grand Trunk. It is apparently quite ready to stand in with the deal to have the Grand Trunk Pacific unloaded on the Dominion Government at an additional cost of seventy million dollars to the people of Canada.

This cryptic deliverance falls from the editorial pen of the Toronto Mail and Empire, a paper which, like The Montreal Gazette, has always been frankly hostile to public ownership.

If the Grand Trunk and Canadian Pacific Railway officials cannot overcome the traffic difficulties holding up coal from Buffalo, in what way would government control of the Toronto-Niagara Falls line achieve it? The remedy is in more motive power and more crews, and the railway company.

WINGED WHEEL WATCH CASES. GLADSTONE SAID Decision by majority is as much as a precedent. The great majority of Canadians was and is recommended "Winged Wheel" Watch Cases. For over 30 years the recognized standard of quality in the world. THE AMERICAN WATCH CASE CO. LIMITED. The largest makers of Watch Cases in the British Empire.

dominant octopus. In the meantime the situation of all the railways of the country and their conversion into one efficient all services organization managed by the best men obtainable—regardless of politics or pull of any kind.

The time is especially opportune for the nationalization of the Grand Trunk and Grand Trunk Pacific on fair terms. This point has been well covered in your articles, but I may say that while the people of Canada want to be fair the terms of the taking over must be on strictly business lines. If the G.T.P. enterprise had been profitable the owners would have benefited, since it is now they must accept the results instead of squealing to the government to relieve them. The people have borne enough already for the profit of individuals.

The G.T.P. has failed most miserably at this crisis. Is it likely to improve in the future? He must be an extraordinary optimist who expects it. And all Canada is sick and tired of legislation in aid of privately owned railways, that is to say, in aid of the bank accounts of the private owners.

G. R. Campbell. ALBANY CLUB MEETING. Editor World: In your Sunday edition of the 11th inst. you refer to a "Mysterious Conference" being held in the Albany Club on Saturday afternoon by the Hon. J. D. Reid, minister of customs, and others. May I ask you to contradict this, as the meeting (which was a conference) was held in my office, as secretary, by Dr. Reid, the president of the club and certain directors, and was purely a director's meeting with the affairs of the club. Mr. Cawthra Mulock, who you state was at the "conference," is not a director or member of the Albany Club and was not present at the meeting or conference to which you refer.

There is no foundation whatever for the contents of your article and I will be glad if you will insert this denial with a proper explanation. Your truly, Star Dick Luder, secy. Albany Club. Toronto, Feb. 15.

NORTHERN LIFE HAS A SPLENDID RECORD

Insurance in Force Shows Notable Increase—To Extend Organization. Healthy growth is shown in the report of the Northern Life Assurance Company of Canada for the year ended Dec. 31 last. The company, which has its head office at London, Ont., has made most gratifying strides during the past five years. A comparison with the figures for the year ended Dec. 31, 1911, demonstrates. In that time the policy reserves have virtually doubled while the amount paid to policy-holders last year is triple the sum recorded for 1911. Assets have risen from \$1,622,102 to \$2,823,784, an increase of \$1,201,682, and income to a corresponding extent. As evidence of the public confidence in the company, the insurance in force has increased more than \$3,225,000 in the five-year period. The surplus is steadily being augmented and now amounts to \$101,514. Extension of the organization is expected to produce even more satisfactory results during the present year.

THE 204TH (BEAVERS) DAY AT HIPPODROME

Clever Speakers and Talented Artists at Sunday Recruiting Meetings.

Two big recruiting meetings will be held Sunday afternoon and evening at Shea's Hippodrome, under the direction of the sportsmen's Patriotic Association. The following speakers have kindly volunteered their services: Hon. W. D. McPherson, M.P.; E. J. Hoarn, K.C.; ex-Controller J. O. McCarthy; Lieut.-Col. W. H. H. P. P.; Capt. (Joe) Lawson, Sergeant, W. J. Geddes. The artists: Mildred Manley, Miss B. Ransbury, Lieut. Eibert, R. Durand, Bandmaster Ayling, Beavers Quartet, brass band of 204th Battalion.

Case Against City Fails Boy Struck in Playground

Yesterday Judge Morson dismissed without costs the action of William Sum against the city for \$50 for injuries sustained by his six-year-old son Gordon, who was struck by a swing at the Earlscourt playground in July last, and \$10 for doctor's bill. Sum alleged that the boy had been hit while on the sidewalk, but the boy pointed out on a photograph that he had stepped off the walk and was in the playground when struck.

GOES TO FRANCE.

Special to The Toronto World. Galt, Ont., Feb. 16.—Major A. J. Windell, formerly senior major of 11th Battalion, and who was transferred to 34th Battalion in England, has gone to France, according to word just received.

MORE ABOUT THE H. C. OF L.

With all commodities soaring in price, it behooves the buyer to look for full value in every article. WHEN BUYING MATCHES SPECIFY EDDY'S. Their quality is beyond question, but besides this every box is a generously filled box. Look out for short-count matches; there are many on the market. Avoid imposition by always, everywhere, asking for EDDY'S.

MANY ANXIOUS TO AID LITTLE BLIND GIRL

Generous Donations Continue to Pour in for Marguerite Clarke. Contributions to the Marguerite Clarke fund continue to come in and we are hopeful of reaching the two thousand dollar mark, which we have set as something that would be really of value as a foundation for the permanent comfort and happiness of the little blind girl. As we explained yesterday, it is the intention to give her every opportunity, educationally and otherwise, the very sad nature of the accident which deprived her of her sight making her case very exceptional.

The cheque for \$25.00 was enclosed in the following letter from the Standard Stock and Mining Exchange, Toronto: Dear Sirs:—I have pleasure in enclosing cheque for twenty-five dollars for the above worthy fund. This is a subscription taken up on the floor of the exchange this morning among a few of the members. Hoping that you will obtain the amount aimed at. Yours very truly, J. J. Kingmill, Assistant Secretary. Amount already acknowledged \$1751.75. Contributions received yesterday: L. Goldman 5.00 Margaret Graham 3.00 Norman and Seth 1.00 Leo Chard, Lambton Mills 2.00 Standard Stock and Mining Exchange 25.00

Special to The Toronto World. Galt, Ont., Feb. 16.—Major A. J. Windell, formerly senior major of 11th Battalion, and who was transferred to 34th Battalion in England, has gone to France, according to word just received.

A KING ASSASSINATED

HIS SON CARRIED OFF

The Exciting Story of Alania's Throne

Disappearance of Alania's Boy King Recalls Tower of London Tragedy

Reported That Young Philip Was Carried to America by Captain Barreto to Escape Simon's Influence.

Alania, Dec. 2nd.—On the assumption that the youthful heir to the throne is dead, Simon, it is reported is about to assume the crown.

DOUBLE TRAGEDY PLACES SIMON ON ALANIA'S THRONE

The story of the assassination of the King of Alania and the kidnapping of the heir apparent is a motion picture and a story that marvelously depicts the actual history of an international affair. It involves the lives of kings, and princes and queens and courtiers, and they do not seem to be the stage kind, but the kind you read about in Berlin, and London and Spain and Italy

In fact it is an actual tale of what occurred in a country prior to the great war, with fictitious names and places.

Imagine the possibilities of the idea. A prince of noble blood, heir to the throne of a country, is carried away to the United States. He lives on a ranch like a

young American cowboy, falls in love with a girl, discovers her to be of royal blood (never dreams of his own rights)—is carried around the world in a series of adventures, thrilling in their intensity, and finally learns that he is a King, but a King of WHAT—in the land of WHERE—

SEE IT IN THE MOTION PICTURE THEATRES ON MONDAY

AND FOLLOW IT IN YOUR FAVORITE THEATRE THEREAFTER

The SECRET KINGDOM

A beautiful Greater Vitagraph Serial by

Louis Joseph Vance and Basil Dickey

You will admit the possibilities of the idea. But you will do more than that when you see the picture and read the story. You will say that the authors have cornered every dramatic episode and thrilling adventure of which the idea was capable. The history of Serbia, Montenegro and all the little monarchies have been tapped

The girl in the story was the daughter of Simon, the usurper. Captain Barreto was the loyal courier of the boy's father, who later becomes Captain Barr in America. The drama is admirable. The Greater Vitagraph has done its greatest picture.

DOROTHY KELLY

The Authors

LOUIS JOSEPH VANCE is the prince of romantic fiction. He has the imagination of Robert Louis Stevenson and the charm of George Barr McCutcheon. He knows how to tell a story that seems real, that you can't get away from. He has lived among these little Kings, and he tells you of their curious histories.

BASIL DICKEY knows the methods of translating a great story into pictures. He is responsible for the scenario and for co-operation in the casting.

This sentence marks only great pictures!

Story to Appear in **The Toronto Sunday World**

Jule and Jay J. Allen Present

The Canadian Army in Action and the Advance of the Tanks

The Official Moving Pictures of the Battle of Courcellette

The Most Critical Moment in the Attack, September 15

With magnificent musical accompaniment the great Canadian battle picture, "The Canadian Victory at Courcellette and the Advance of the Tanks," will be presented by Jule and Jay J. Allen at the Regent Theatre, under the auspices of The Toronto World, all day today continuously from 10 a.m. until 11 p.m. Do not fail to see it, as it will form memories of this war in the minds of thousands of people throughout Canada. Sons of Canada are pictured on this momentous film, and as an historic record it will be preserved for future generations.

Canadians "Going Over the Top"

"You talk about moving pictures," writes Pte. I. M. Dwan in a letter published in a Toronto newspaper. "Why, they have men in the line taking pictures as the boys go over the top—turning the handle with shells dropping all around. It takes a lot of nerve. I might be able to see our boys going over in Toronto when I get back. I would like to see the picture of our boys (the 48th Highlanders) going over the parapet in one of the greatest advances the Canadians ever made. You might be able to see it in Toronto, as they don't take long to get them finished."

Filmed by Motion Picture Camera

These are the pictures showing in Toronto today at the Regent Theatre. These are the pictures which show the tanks, acting in conjunction with the Canadian army. They are the first moving pictures of the Canadian army in action; first moving pictures ever taken of the tanks.

COMMISSION COST FIFTY THOUSAND

Hon. G. H. Ferguson Answers H. H. Dewart's Questions on Nickel in Legislature.

BOWMAN AND CURRIE
Defends Honor of Ancestry—Casts Back Slanders on Loyalty.

The nickel commission, which commenced to sit on Sept. 9, 1915, has held 95 formal sittings, 53 of them in Toronto. It cost, until Feb. 1, 1917, a total of \$48,499.75, of which traveling expenses amounted to \$14,804.—for the chairman, G. T. Halliway, \$5,064; for T. W. Gibson, \$2,559; for Prof. W. G. Miller, \$5,892; and for McGregor Young, \$1,890. The chairman's salary had amounted to \$25,500. Other expenses totalled to \$2,295. The commission has held investigations in England, France, Norway, Cuba, New Caledonia and elsewhere.

These figures were tabled in answer to a question from H. H. Dewart, by Hon. G. Howard Ferguson, in the house yesterday.

In answer to Chas. Bowman, Hon. T. W. McCreery stated that the provincial war tax brought in \$1,997,146 in 1915, and \$1,912,319 in 1916.

Chas. Bowman (West Bruce) rose to a matter of privilege to refute the charges of pro-Germanism made against him in the West Simcoe election by Col. Currie. He would not take the trouble to do so, said he, were it not for the countenance given them by the premier and Hon. I. B. Lucas. He was willing to leave his record for patriotism to the Conservatives of West Bruce. When the history of the war came to be written, his record would not suffer in comparison with that of Col. Currie, said he. He then went into the history of his ancestors, the Pennsylvania Dutch.

It was amazing, said he, that any one should have the nerve and hardihood to impugn the honesty of a descendant of a race who had suffered so much for freedom and religious liberty. The most abhorrent thing to them was militarism. He hurled back the charges in Col. Currie's teeth.

PICKED BEAR'S NOSE AWARDED DECORATION

Lieut. McMillan Fought Single-Handed in Arctic—Now in France.

Lieut. James G. McMillan, the provincial mine inspector, who has just been awarded the military cross for bravery on the French front, after a year of service, had training in coolness under danger before he enlisted. One of his adventures, while on a government expedition in the Arctic, was a single-handed fight with a polar bear.

Then he was acting as geologist, and got separated from the rest of the party. He met, was pursued and finally cornered by a bear. He was armed only with a geologist's pick and an aneroid, which he used after the manner of a sling in the stand-up fight which followed.

McMillan struck out at the bear with his pick, and caught him on the nose. Unfortunately the pick glanced off, and flew out of his hand. The blow discouraged the bear, however, and he declined to continue the argument, going off with a sore head, leaving McMillan unscathed and defiant.

Lieut. McMillan went to the front with the tunnelling company raised among the miners of northern Ontario.

PHILADELPHIA IS SAFE.

New York, Feb. 16.—A message today from the steamer Philadelphia saying "all well," sent to the American Line's Liverpool office, was received here late today by cable.

Flattering to the Original

But Imitations Only Disappoint
There are many imitations of this great treatment for coughs, colds, croup, bronchitis and whooping cough. They usually have some sale on the merits of the original, but it should be remembered that they are like it in name only.

This is a facsimile of the package bearing portrait and signature of A. W. Chase, M.D.

NEW EXPERIMENT FARM FOR NORTH

New Liskeard Donates Seventy Acres on Outskirts of That City.

PRACTICAL TRAINING
Aim to Give Youths Education to Tackle Agricultural Problems of North.

Final negotiations for the new demonstration farm for northern Ontario at New Liskeard have been completed, and work will be started in the spring, according to a government announcement yesterday. It will include an agricultural high school, where students will be given practical training in the agricultural problems of the north country. The town of New Liskeard donated seventy of the hundred acres secured on the outskirts of that town.

The farm buildings will be of the latest construction, and a herd of purebred live stock will be placed there to encourage the live stock industry in that part of the country.

Next year a live stock and seed-judging pavilion will be erected. It will be used in the winter for agricultural short courses, and for a gymnasium and social centre.

W. G. Nixon, B.S.A., will be placed in charge. In connection with the farm demonstration fields of clover will be planted at Matheson, Hearst and Cochrane.

W. R. Leslie has been appointed to take charge of the plant seedling station at Fort William, to run in connection with the jail farm there, the prisoners doing the work. Varieties of hardy fruits and vegetables from all over the world will be secured and crossed with native plants and shrubs to get the results best suited to the rigors of the country. When sufficient material has been collected it will be distributed thru district representatives.

SUIT WAS DISMISSED.

The suit of G. M. Edwards against P. Y. L. Speirs of Detroit for \$328 alleged due as wages and commission and for negotiating the sale of two houses owned by Speirs has been dismissed by Judge Denton. Defendant declared that he owed Edwards no wages, and that he had nothing to do with the sale of the houses.

CYANIDE SUPPLY ENDANGERED MINES

Threatened Shortage Would Have Stopped Industry—Action Prompt.

Danger that the gold and silver mines of this country would be forced to close down for the lack of cyanide has been avoided, according to a cable-

gram just received from Richard Reid, Ontario agent in London.

Since the outbreak of war the Cassel Company of Glasgow has been supplying the cyanide for these mines throughout the empire. Formerly it came mostly from Germany. Owing to the scarcity of labor, and the lack of raw material, this company notified their Canadian customers late in 1916 that they might be unable to continue their supply. This would have meant practically the closing of the gold and sil-

ver mines in Northern Ontario and elsewhere throughout the country. Active efforts were made to avoid this, and the minister of lands, forests and mines is now in receipt of a cable to the effect that the company has undertaken to keep up its supply of cyanide for Canadian mines.

FEW STUDY GERMAN.

By a report presented to the board of education, 27 pupils attending the

Jarvis street night school are studying German. Twice as many are talking English, 53 French and 25 Latin. Jarvis has 128 night school students. Harbord Collegiate night school classes have 137 on the roll but only an average attendance of 50 per night. No German is being taught there, but 35 pupils are studying French and 44 English.

Swans and women are closely allied; they both have long necks, long bills and plenty of feathers.

Ask the Grandmother.

When the children come in with colds that threaten to run into coughs and endanger their health. Ask her when the family feels all run down, when food does not taste good and they have that general tired feeling. Ask her what to do when stomachs are out of order and digestion is weak, when appetite is irregular and circulation is poor.

She Will Say "PERUNA"

That's because she has learned from experience. For forty-four years Peruna has been a ready-to-take help for the prevention and relief of coughs and colds, and the clearing up of all catarrhal conditions, whether manifested in the grip, in faulty digestion, or in a general debilitated condition. It has been the reliable family medicine in hundreds of homes, and is today more popular than ever, just because where it is best known its virtues are most appreciated.

Old Folks Recommend Peruna

They have seen its results. For them it is a strengthening tonic, a stomachic and a quick relief for many ills. Remember, catarrh isn't confined to the head and throat only. It attacks any mucous membrane, and all the parts of the internal organs that are exposed to the air are lined with this membrane. Hence whatever passes into the circulation of the blood must go through a mucous membrane. If the membrane is well, the blood is enriched. If the membrane is congested—that is, catarrhal—everything that passes through it, whether food or air, is affected by catarrh. Peruna is the catarrh remedy of thousands, and to them it means safety.

Digestion and Breathing are the Portals of Health

Keep them well, and you are well. Take care of inflammation in time. It is acute catarrh. Don't let it become chronic. Keep the system toned up well. Take Peruna at the slightest symptoms of grip, cold or coughs and you will ward off severe illness and keep your bodily strength at the highest point.

Let the Wisdom of Years Prevail

Thousands have offered testimonials of the remarkable healing power of Peruna. These are real experiences that are being repeated every day in the year. Profit by them yourself.

The Peruna Company, Columbus, Ohio
Peruna may be obtained in tablet form for convenience.

POTATOES FIRMER RECEIPTS LIGHT

Outlook is for Still Higher Prices on This Market Next Week.

ONIONS VERY SCARCE

Market Practically Bare of Offerings and Prices Are Advancing.

New Brunswick Delaware potatoes were quite firm at \$2.25 to \$2.35 per bag yesterday, and a quotation was given at \$2.50 for today, most of the wholesale expecting the price to be generally \$2.50 Monday.

Onions are very scarce; in fact, there are none being offered here at the present time. The last of the yellow variety sold at \$7.50 per bag containing about 35 pounds, and the shipment of Spanish variety is expected in soon. It will be very high-priced, as further shipments are very uncertain owing to the Spanish Government prohibiting exports to go to any but neutral countries.

Old carrots also are on the upward trend, yesterday's price being \$1.55 to \$2 per bag, the new ones selling at \$1 per dozen.

California cauliflower came in again yesterday, and advanced 25c per case; the last received, selling at \$4.25 per crate.

Prices on oranges again advanced, most of the offerings being quite firm at \$2.25 to \$2.50 per case, a few going at \$2.75 per case.

McWilliam & Everist had two cars of mixed vegetables, beets selling at \$2 per bushel, and one containing 100 bushels of beets at \$1.75 to \$2 per bag; a car of New Brunswick Delaware potatoes, selling at \$2.25 to \$2.35 per bushel, and one containing 100 bushels of house radishes, selling at 40c per bushel; parsley, \$1 per dozen; mushrooms, 75c per dozen.

H. Peters had a car of extra fancy quality Sunkist navel oranges, selling at \$2.50 per bushel.

White & Co. had a car of California cauliflower, selling at \$4.25 per case; a car of navel oranges, selling at \$2.25 to \$2.50 per case.

Jas. Bamford & Sons had a car of New Brunswick Delaware potatoes, selling at \$2.25 per bag; a shipment of house radishes, selling at \$1.75 to \$2 per bushel; a car of New Brunswick Delaware potatoes, selling at \$2.25 per bushel.

Chas. S. Simpson had a car of extra fancy navel oranges, selling at \$2.25 to \$2.50 per bushel, and one containing 100 bushels of beets, at \$1.75 to \$2 per bushel; new beets, at \$1.25 per dozen bunches; spinach, at \$3.50 per dozen bunches; new carrots, \$1 per dozen bunches.

Samuel Hisey had a car of New Brunswick Delaware potatoes, selling at \$2.25 per bushel.

Wholesale Fruits.

Apples—No. 1's, \$6 to \$7.50 per bushel; No. 2's, \$5 to \$6 per bushel; No. 3's, \$4 to \$5 per bushel; Washington Roma, \$2.25 to \$2.50 per bushel; Washington Roma Beauty and Spitzbergen, \$2.25 to \$2.50 per bushel.

Bananas—\$2 to \$2.50 per bushel.

Cranberries—Late-keeping, \$3.50 to \$4 per bushel; early, \$2.50 to \$3 per bushel.

Dates—11c to 12c per lb. Pared dates, 16c per lb.

Grapefruit—Florida, \$4 to \$4.50 per bushel; Porto Rico, \$3.25 to \$3.75 per bushel; Cuban, \$3 to \$4 per bushel.

Oranges—Magma, from \$7.50 to \$8 per bushel; Lemons—Messina, \$2.25 to \$3.50 per bushel.

Oranges—Navel, \$3 to \$3.75 per bushel; Florida, \$3.50 to \$4 per bushel; King or Queen, \$2.25 to \$3 per bushel.

Pineapples—Porto Rico, \$5 to \$5.50 per bushel; Cuban, \$4.25 to \$4.50 per bushel.

Rhubarb—Hothouse, \$1 to \$1.15 per dozen bunches.

Strawberries—50c to 60c per box.

Tangerines—Florida, \$2 per case.

Tomatoes—Florida, \$2 per bushel; No. 2's, 20c to 22c per lb.; Florida, \$5.50 to \$6 per six-basket crate.

Artichokes—French, \$2.25 per dozen.

Beets—\$2 to \$2.25 per bushel; new, \$1.25 per dozen bunches.

Beans—Dried, white, \$6 per bushel.

Lima, 9c and 10c per lb.; new, green, 11c to 12c per lb.

Cabbage—Very scarce, \$5 to \$8 per bushel; new, \$4 per bushel.

Sweet potatoes—\$2.25 per bushel.

Peppercorns—\$2.25 per bushel.

Straw loose, per ton, \$10.00 to \$12.00.

Straw, cut, per ton, \$16.00 to \$17.00.

ST. LAWRENCE MARKET.

There were twenty-two loads of hay brought in yesterday, the top price being \$14 per ton.

Hay, No. 1, per ton, \$13.00 to \$14.00.

Hay, No. 2, per ton, \$12.00 to \$13.00.

Straw loose, per ton, \$10.00 to \$12.00.

Straw, cut, per ton, \$16.00 to \$17.00.

Seed Prices.

The following are the seed prices wholesalers are paying at country points:

Alaska, No. 1, bushel, \$10.00 to \$10.50.

Alaska, No. 2, bushel, 8.50 to 9.50.

Alaska, No. 3, bushel, 7.00 to 8.00.

Alaska, rejected, 4.25 to 5.00.

Timothy, common, 6.00 to 6.50.

Red clover, No. 1, bushel, 1.50 to 2.00.

Red clover, No. 2, bushel, 9.75 to 10.00.

Red clover, No. 3, bushel, 8.00 to 8.50.

Daig, new, per doz., \$0.80 to \$0.70.

Bulk going at, 0.60 to 0.55.

Butter, separator, 0.45 to 0.50.

Butter, common, cwt., 2.00 to 1.90.

Butter, new-laid, in cartons, 0.55 to 0.50.

Eggs, new-laid, per dozen, 0.53 to 0.54.

Eggs, cold storage, selected, 0.45 to 0.40.

Eggs, fresh, per dozen, 0.40 to 0.35.

Cheese, June, cwt., 0.25 to 0.20.

Cheese, common, cwt., 2.00 to 1.90.

Honey, 60 lbs., per lb., 0.12 to 0.10.

Honey, glass jars, dozen, 1.00 to 2.00.

Fresh Meats, Wholesale.

Beef, hindquarters, cwt., \$17.00 to \$19.00.

Beef, forequarters, cwt., 14.00 to 15.00.

Beef, medium, cwt., 12.50 to 13.50.

Beef, brisket, cwt., 11.00 to 12.00.

Mutton, cwt., 11.00 to 12.00.

Lamb, spring, lb., 0.21 to 0.22.

MARKET FOR WHEAT CLOSES WEAKER

Sharp Rally Follows Drop, Then Prices Recede Again.

FEAR WINTER DAMAGE

Railway Situation Does Not Promise Much Relief to Trade.

Special to The Toronto World.

Chicago, Feb. 16.—In view of the strength yesterday, the action of the wheat market today was disappointing to some extent, but it was followed by a sharp rally after a drop. There was plenty of pressure from the same sources that have been on the selling side for many weeks, and it was depressing. The temporary improvement was due to covering on the part of the bulls, but it would reveal serious damage to the winter plant in parts of the belt. An analysis of the railway situation by the grain trade here, although the action taken to improve conditions in the north-west, at this time in the east.

The Modern Miller said that in Kansas crop conditions were unchanged. The weather is mild, but no moisture has come for some time, and the crop in the west and Missouri is good snowfall during the week.

Exports of wheat and flour from the United States for the week were 4,117,225 bushels, against 7,430,993 bushels a year ago for the same week. There were 230,416,769 bushels, compared with 275,234,468 bushels in the preceding season.

Minneapolis reports the arrival of 100 cars of Canadian wheat in a body-frost-damaged condition, valued at \$1,000,000. It also reported that 500,000 to 1,000,000 bushels of Canadian wheat had been damaged by frost that market during the past few days.

WINNIPEG GRAIN MARKET.

Winnipeg, Feb. 16.—Wheat closed 1 1/2c down, oats unchanged to 1/2c higher. Barley closed unchanged. Flax closed 1/2c higher for May. The broken wheat in the west is in short supply. The number of points, will make for smaller movement. Cash grains were steady.

Wheat—No. 1, 175c; No. 2, 173c; No. 3, 171c; No. 4, 169c; No. 5, 167c; No. 6, 165c; No. 7, 163c; No. 8, 161c; No. 9, 159c; No. 10, 157c; No. 11, 155c; No. 12, 153c.

Oats—No. 1, 59c; No. 2, 57c; No. 3, 55c; No. 4, 53c; No. 5, 51c; No. 6, 49c; No. 7, 47c; No. 8, 45c; No. 9, 43c; No. 10, 41c; No. 11, 39c; No. 12, 37c.

Barley—No. 1, 175c; No. 2, 173c; No. 3, 171c; No. 4, 169c; No. 5, 167c; No. 6, 165c; No. 7, 163c; No. 8, 161c; No. 9, 159c; No. 10, 157c; No. 11, 155c; No. 12, 153c.

Flax—No. 1, 175c; No. 2, 173c; No. 3, 171c; No. 4, 169c; No. 5, 167c; No. 6, 165c; No. 7, 163c; No. 8, 161c; No. 9, 159c; No. 10, 157c; No. 11, 155c; No. 12, 153c.

Hollinger's Decline Loses its Effect

The decline in Hollinger has made a little disturbance on the mining exchanges the past week and caused selling in other stocks in sympathy. The drop in Hollinger, however, has not come altogether unexpected, as it is believed that the present liquidation of the company, considering the labor difficulties in Porcupine and the time it will take the company to get its full plant in working order. With the plant practically doubled Hollinger will be able to easily provide the dividends, and until this is effected a reduction can well be withstood by shareholders. Those who are now selling out their holdings will likely be buyers at much higher prices when the inevitable change in labor conditions takes place. Hollinger weakness had its influence on McIntyre, Newray and Boston Creek holders, but when the liquidation ran dry in these yesterday the market made a sudden turn and became as strong as it was previously weak. McIntyre is considered as in a position to increase its dividend, if desirable, while Newray and Boston Creek are working towards dividends, and the market in these will be governed by the developments and prospects of what such payments may be.

STRONG RALLY BY MINE STOCKS

Davidson Made New High Record-Hollinger Suffered Further Drop in Price.
The feature of yesterday's mining market was the strong rallying tendency which was the dominant feature in the afternoon session after the afternoon session after liquidation had taken place earlier.

VIPOND MERGER NOW COMPLETED

R. E. Kemerer in his market letter says: The merger between the North Thompson and the Vipond is now entirely completed and the official circular has been issued to shareholders. The details of the amalgamation are just as forecasted: 225,000 shares are to be issued to the Vipond Company, bringing the total issue up to 1,125,000 shares which is equal to the share capital of the North Thompson; shareholders of the North Thompson will receive a share for share in the stock of the new company which will be known as the Porcupine V. N. T. Gold Mines Limited, making a total issue outstanding of 2,250,000 shares of the V. N. T. and leaving for treasury purposes 750,000 shares, the total authorized capital being, therefore, 3,000,000 shares of a par value of \$1.00 each. The exchange will be made as soon after February as is possible.

PRICE OF SILVER

London, Feb. 16.-Bar silver, 38 1/2.
New York, Feb. 16.-Bar silver, 75 1/2.

we predict great stock market activity

in the shares of Mid-Continent Consolidated Oil and Utilities, actively traded on the New York Curb market. Present selling price yields an income better than \$4. We have an interesting special circular proving why the price of this stock must advance and its earnings increase. It is yours for the asking, if you specify Circular G 10

226 South La Salle Street, Chicago, Ill. Long Distance Phone, Harrison 4222

With the price of silver higher than it has been in a quarter of a century, Cobalt earnings must necessarily show big increases.

Dividends NOTICE OF DIVIDEND.

Notice is hereby given that the Board of Directors of this company at a meeting held on the 5th day of February, 1917, declared the regular quarterly dividend of three (3) per cent per annum, payable on the first day of April, 1917, to stockholders of record at the close of business on the 10th of March, 1917. The transfer books of the company will not be closed.

NOTICE OF INTENTION TO APPLY FOR SURRENDER OF CHARTER.

PURSUANT to the provisions of the Ontario Companies Act, the undersigned hereby gives public notice that it will on or after the 5th day of March, 1917, make application to His Honor the Lieutenant-Governor of the Province of Ontario in Council for the acceptance of the surrender of its charter.

MARKET AHEAD OF MACKAY NEWS

Price of Shares Advances Preparatory to the Dividend Announcement.

The announcement in the annual statement of the Mackay Company that a larger distribution might be expected on the common stock was reflected to a slight extent in yesterday's price for the shares.

SOMETHING MAY HAPPEN.

Heron and Co. had the following at the closing: Montreal, Feb. 16.-There was practically nothing doing again today, and trading almost came to a standstill.

TAKING ADVANTAGE OF YOUR OPPORTUNITIES

In our market letter on Wednesday we said: "It is expected that news of more than usual importance will be received from the DAVIDSON within the next week."

DID YOU TAKE THIS ADVANCE INFORMATION? IF NOT, WHY?

The possibilities at the DAVIDSON have been considerably increased as a result of the new discovery. If you are not a shareholder, you should become one without delay.
