### OUESTION .- What Ministers or Probationers have died during the year?

#### ANSWER. — Enos Langford.

#### MEMORIAL SERVICE.

Hymn 855 was sung, Revs. F. M Finn and John McDougall led the Conference in prayer.

Rev. John Semmens read the following obituary, prepared by direction of the Winnipeg District Meeting.

#### REV. ENOS LANGFORD.

In the year 1819, Isaac Langford, with his wife Elizabeth, emigrated from Queen's County, Ireland, and made a home in Western Canada, in the county of Middlesex near Biddulph. There on the 23rd day of December, in the year 1850, the subject of this sketch was born.

Although always a good boy and a moral youth he was not decidedly religious until he had attained the age of nineteen, when he attended a revival service in London township, and became deeply impressed with his need of salvation. Through the counsel and influence of his much-loved sister Louisa, he was led to lay hold of the promises, and through faith in Jesus Christ was soundly and savingly converted to God. He at once united with the Wesleyan Methodist Church and became a willing and an earnest worker. Having been gloriously saved himself, he became very desirous to see the salvation of others, and in 1875 divine providence opened his way to the ministry of the Church of his choice, an opening which accorded well with the bent and purpose of his own mind.

His first field of labor was Port Carling, where for the space of two years he ministered to the people with much acceptance. Subsequently he was stationed at Uffington and Gravenhurst, then at Morrison, and at all these points was most highly esteemed for his work's sake.

He was received on trial in the year 1877, and in the following year was ordained with a view to his being employed in special work.

On the 14th of May, 1879, he was united in marriage to Miss Sarah Jane Parkinson, of Kemptville, whose amiability and helpfulness were an inspiration to him as long as he lived. Together they went to Oxford House, in the far north, in the first year of their wedded life, and earnestly they worked for the Church and the Master in a locality whose ripened harvests had long awaited the reaper's sickle.

Brother Langford's work at Oxford House was isolated, difficult, full of hardships, toil and sacrifice. The people of his charge were nomadic, and at certain seasons of the year distant. In order to reach them he was compelled to make long trips into the interior of the country by dog-train and canoe voyage, involving a good deal of physical exertion, hard fare and exposure. Although at no time over rugged, yet amid all that came to him on stormswept lake or in snow-lined camps he was never known to murmur or complain. He could not be discouraged. His motto was, "Faithful unto death."

In order to reach the wandering Indians within possible call he constructed a printing press, procured type from England, and translating such tracts as "Come to Jesus," he printed off hundreds of copies, forwarding these by messengers in every direction to the fishermen of the valleys and the hunters of the hills. As these messages of peace and salvation were set up in the phonetic character invented by James Evans, all the Indians could read them, and there

is every reason to believe that much good was accomplished in this manner. Amongst those who dwelt in the darkness of paganism Langford's name became a fireside word from Oxford House to York Factory on the one side and Island Lake on the other. His visits were looked forward to with keenest delight, and his farewells were like the gloom that follows an eclipse.

After four years of faithful service at Oxford House he was removed to Norway House, where he won all hearts and did so much good that his removal to Beren's River a year later, occasioned a feeling of widespread regret.

At the latter place he came in contact with the Salteaux, a strange people to him, possessing a language very different from the smooth aquatic Cree, with which he had become familiar; yet with marvellous adaptation he commended himself to every man's conscience and made full proof of his ministry. He started singing classes, and won some hearts by the power of song. He described to them around glowing camp-fires the wonders of civilization, he stimulated their ambition, he encouraged industry, he developed their patriotism, he created a thirst for knowledge, he showed them their sins, he presented to them Jesus the Saviour. Small wonder that in describing him where his name is forgotten, they speak of him as "the man with the big heart whose eye beamed with kindliness."

With good judgment and marked ability he served the Church and the missionary cause at Beren's River for three years, at the expiration of which time he was permitted to return to Winnipeg with a view to attending college. Providence, however, seemed to have ruled otherwise. An emergency arose, and our brother was induced to take a city mission, embracing Fort Rouge, in the southern suburbs of the city, and McDougall mission, north of the C. P. R. tracks. This work so developed under his care that in two years it was divided into two independent Circuits, he taking the north portion.

About the first of the present year he suffered from an attack of the then prevalent la grippe, which left him in a much enfeebled condition. Typhoid fever set in, and proved too much for his failing strength, and after seven long weeks of patient suffering, joyful resignation, abiding hope and humble trust in Christ, he was called up higher on the morning of the 22nd of February, 1890. An interesting memorial service, conducted by the Rev. W. L. Rutledge, was held in Grace Church, and was largely attended by sympathizing friends. Interesting addresses were given by the Rev. Joseph Hogg, of the Presbyterian Church, and by the Rev. John Semmens, Wesley Church, the other clergymen of the city taking part in the service.

An earnest, humble soul was our late brother Langford. He was always cheerful, always hopeful. He loved everybody, and was loved by all who knew him. He was a diligent student and a faithful preacher. He was a devoted husband and a true friend. He was a sincere Methodist, yet lived in the most ordial relation with other denominations. He desired success, worked hard for it, and won it. He was a devout man, who feared God and wrought righteousness. He-loved God truly and served Him faithfully, and he was not, for fod had taken him.

The Rev. J. Semmens, seconded by Rev. James Woodsworth, moved the adoption of the Obituary, and a resolution expressing deep sympathy with our esteemed Sister Langford, in her deep trial and loss. Short addresses were given by Revs. J. Dyke, A. W. Ross, J. H. Ruttan, 0. German, Dr. McLean, and John Semmens; and S. R. Parsons and W. E. Flumerfelt. The Secretary was instructed to write to the widow, communicating our sincere desire for her temporal and spiritual good.

# REPORT OF STATISTICAL COMMITTEE.

Your Committee, having carefully collected and tabulated from the District returns the statistics of our work in the Conference during the past year, respectfully submit the following report :---

Membership, 9,895; increase 1,194.

#### FINANCIAL RETURNS.

Amounts raised during the year : Connexional Funds Circuit purposes Ministerial support	61,745 13
Total	
Value of church property : Churches	
Parsonages Parsonage furniture	7,746 00
Total	

The value of church property as reported in 1886, \$161,240.00; increase, \$99,420.00.

The total under the head of "Circuit purposes" includes the amounts raised by some of the Districts for Wesley College; but as there was nothing to indicate the amounts so included, your Committee was compelled to return these amounts as being raised for Circuit purposes. In this connection your Committee would recommend that proper forms be furnished the District Secretaries on which to make the returns of sums raised for Wesley College on the various Circuits and Missions.

The work of the Committee was greatly increased by the failure of many of the District Secretaries to properly fill in the schedules provided for the District returns. In the cases of three of the Districts these schedules were not filled in until after the Conference opened, while those from the one District were filled in by your Committee, who were forced to do the work which properly belonged to the District Secretary. We strongly recommend that the Chairmen and Secretaries of Districts be made responsible for this work, and that proper returns be made to the Statistical Committee the first day of Conference.

The membership returns were not correct in many instances; several Circuits and Missions on the Winnipeg District were not reported according to the returns made last year, and the same was found to be the case with some others throughout the Conference.

Your Committee request that the Minutes of Conference of the previous years be taken in every case as the basis on which to fill up the column headed "members last year."

Much of the want of harmony is, no doubt, due to the imperfections in the schedules furnished both to the Circuits and Districts The blank forms for use of this Committee did not reach us in time to be of any use. Your Committee asks this Conference to memorialize the General Conference, asking them to appoint a Committee to prepare an entirely new set of blank schedules and District books, which will be so formed as to secure a full yet simple report of the state of the work.

# REPORT OF WESLEY COLLEGE.

The Board of Directors of Wesley College in presenting this, its second annual report, is pleased to announce that this year's work has been in a high degree successful and satisfactory in every department. The Board, in common with many others who were informed as to the situation, felt that a very considerable burden was being assumed in attempting, at this juncture, to establish and maintain a college under the auspices, and at the expense of the Methodist Church. But it is encouraging to know that experience has justified the course pursued, and the generous support accorded has borne abundant testimony to the loyalty and liberality of our people.

It is gratifying to report that there has been a very marked improvement in the attendance. For 1888-89 there were but eight registered students, while for the past year the number was thirty-five. Of these,

At least sixty per cent. of the students in attendance have the Methodist ministry in view. The students in Arts were distributed in the various years as follows:

> Preliminary and Medical Entrance, 10. Previous year, 7. Junior, B.A., 3. Senior, B.A., 2.

The success attained by our students in the recent university examination is not less gratifying than the improved attendance. When it is remembered that this is only the second year of actual work, it is worthy of remark that a very large number relatively of our students succeeded in gaining a position among those who were the recipients of the highest university honors. These facts afford this Board good ground to congratulate itself and the friends of the College on its good fortune in the selection made in its staff of professors and lecturers. The Principal has shown himself most indefatigable in his efforts to carry this enterprise through to a suc-In addition to the very efficient services he has rendered cessful issue. in the lecture room, he has, in the interests of the College, travelled more than 10,000 miles and preached eighty-eight times during the past nine months. In the Department of Mathematics, Professor Cochrane has fully maintained the high reputation and standing as an educationist that he enjoyed before coming amongst us. As Professor of Natural Science and lecturer in German, Dr. Laird has shown himself in every way a credit to the great institutions of learning which he has been able to attend, and has secured for himself a position second to none in his department. The services rendered by the Rev. A. Stewart, B.D., as ecturer in Theology and Engligh have been so conspicuous and valuable that the Board deems it desirable that he should be allowed to devote his whole time to college work. Very efficient work has also been performed in classics by the classical tutor, T. J. McCrossan, B.A. E. Bourgeois, LLB., tutor in French, has displayed great zeal and efficiency in the discharge of his duties.

The lack of suitable accommodation has been a considerable drawback. The Board has, however, lately succeeded in making arrangements that will afford excellent facilities for the work of the College. A good building in a desirable locality, well beated, ventilated and fitted up, and which, may be regarded as in a sense permanent, has now been secured. With this improved accommodation it is believed that better work will be done, with better satisfaction to professors and students.

Already successful efforts have been made towards the equipment of a Science Laboratory. Under the able direction of Dr. Laird, it is hoped that this useful adjunct to the department will be speedily placed in an efficient position.

The nucleus of a library has been created. The generous contribution of some 600 volumes by the Rev. Dr. Young, as also of a number of valuable geological reports by Major Young, and of a number of important works of reference by Prof. Cochrane and others, which it is hoped will in the near future be supplemented by donations from other friends and

admirers of the College, will rapidly grow into a library worthy of the institution.

The donation to the Science Department by Mr. A. Bowerman of a cabinet of minerals, and the promise of valuable contributions by others, afford promise that this department will speedily increase in efficiency.

The intelligent enterprise of the students has taken definite form in establishment of a vigorous literary society, which has already demonstrated its usefulness, and which will doubtless realize the anticipations of those responsible for its organization.

As you are well aware, the University of Manitoba has lately formulated a scheme looking to the establishment of a teaching staff in connection therewith. By this it is proposed that the teaching of a limited portion of the higher Arts course, now altogether in the hands of the several Colleges, shall be assumed by the University. Your Board is of the opinion that such arrangement would be manifestly in the interests of higher education throughout the Province, as well as of Wesley College, relieving it of a certain portion of its annual expenditure, and thus enabling it to do better work in the other departments not to be assumed by the University, and still to retain all the efficiency and advantages of a Methodist Arts and Theological College.

The financial posi ion of the College reflects the highest credit upon the liberality of the Methodist Church. A year ago there was a welldefined apprehension that the large sum asked for the year's expenditure would prove too great a strain upon the generosity of our people ; but it is with profound satisfaction that we find the year close without indebt. edness and with a sum in the hands of the Treasurer, which we have every reason to expect will be available, sufficient to meet all demands until the first of September next. This condition of affairs removes doubts that might otherwise be entertained for its successful future. It is scarcely necessary to remind the friends of the College that the same generous support that has been manifested in the past is still expected. Nay, that as the Methodist people increase in numerical and financial strength, benefactions to this institution will also be proportionately in-Heretofore Wesley College has unfortunately been denied creased. participation in the Funds of the Educational Society, while the assessments for the same upon our people have been regularly made. It is now expected and promised that our own College shall henceforth rank on these Funds. A certain sum which up to the present we have drawn from the Fund created by marriage license fees has now, however, been withdrawn by recent legislation.

With these considerations before the Board, and the increased expenditure entailed in the providing of other and improved premises and the adding of the Rev. A. Stewart to the staff, it is necessary to ask the Methodist people to contribute the same sum as last year, namely, \$6,500. In asking for this very considerable sum the Board relies on the enthusiastic zeal already displayed, in the noble generosity of our people, and in the increased ability of friends of the College for the realizing of the entire sum.

The Board desires to call the special attention of all who are interested in our College to the importance of employing every legitimate means to promote her interests in every way, and especially in securing as many students as possible.

N.B. —I find from Minutes of our Conferences that we raised for the General Conference Fund in 1887, \$211.21; 1888, \$336.65; 1889, \$364.98; 1890, \$381.00; total, \$1,294.84. The amount appropriated to us by the General Conference, 1886, was (see Journals), page 251, \$310 for four years, \$1,240, leaving us the sum of \$54.84 overpaid.

ALFRED ANDREWS, Secretary of Conference.

Virden, 9th July, 1890.

# SUPERANNUATION FUND.

# Treasurer's Annual Report and Statement for the Year ending July 31st, 1889.

I am happy to be able to report that the amount raised for the Fund on our Circuits during the past year has been greater than that of any preceding year; and that all expenses have been met, and all claimants paid in full.

I cannot, however, avoid expressing my continued regret that a few of our Circuits still fail to pay in full the amounts apportioned to them; thus placing a grievous burden on the ministers laboring on these fields, who pay the deficiency rather than allow the Funds to suffer. I hope the next General Conference will be able to provide some remedy for this acknowledged evil.

The assessable income (consisting of amounts raised for ministerial support and connexional collections) has been increased, enough, I trust, to enable the Fund to meet all claims, without increasing the percentage above former years. I therefore recommend that the percentage be the same as in former years—6 per cent. on assessable income.

The Capital account has been increased during the year, through subscriptions, legacies, and donations, \$6,352.59, and it now stands at \$174,648.26.

As adopted by Board.

#### REPORT OF SABBATH OBSERVANCE COMMITTEE.

Your Committee regard the question of Sabbath observance as one of those subjects requiring the best consideration of this Conference.

Ours is a new country, and our people are exposed to the temptations incident to pioneer life. And among these the temptation to disregard the fourth commandment is prevalent and strong.

We find among other forms of Sabbath desecration, the receiving and delivering mails on Sabbath, sale of religious literature, public driving, Sabbath visiting, and indulgence in business and worldly conversation before and after public service on the Lord's Day, which in our opinion has a very demoralizing influence, and ought to be discountenanced in every possible way. Besides we have a great trans-continental railway line running through our Conference territory, the traffic of which is not conducted in strict regard to the obligations of the law. Whilst we are gratified to observe an increasing respect shown both by the railway corporation and the people generally to the Christian conscience in this matter, we can see that much remains to be done ere the regulations and practice, of these meet fully the requirements of God's law. And that, as a Church we may do our share towards leading all concerned to that ideal, we respectfully urge:

1. That our ministers preach on this subject wherever and whenever necessity seems to call for their counsel, interpreting the law in the broad and liberal manner which our Saviour's example and teaching on the question requires.

2. That our ministers and members carefully abstain from giving countenance to any form of Sabbath desecration, manifesting a cheerful willingness to suffer loss and inconvenience rather than lend the influence of their example to unchristian practices. We should remember especially in this connection that we are required not to do good by evil means.

3. That as a Church we co-operate heartily in all efforts that may be made to obtain stricter laws and better enforcement of existing laws relating to this question.

S. O. IRVINE, Ch irman.

J. A. MUSSELL, B.A., Secretary.

# REPORT OF COMMITTEE ON TEMPERANCE.

Your Committee on temperance have had several memorials and petitions presented to them, all bearing more or less upon the desirability of having the traffic in intoxicating liquors as a beverage entirely suppressed by legislative enactment.

There was also presented to your Committee a circular from the General Assembly of the Presbyterian Church, and the Dominion Alliance, recommending this Conference to circulate petitions throughout its bounds, to be signed by members and adherents of the Church (male and female) who are not less than sixteen years of age.

The petitions to be based on the following preamble and resolution :-

Whereas, the traffic in intoxicating liquors is a recognized evil, producing a large proportion of the poverty, suffering, disorder and crime in our Dominion, and unnecessarily adding much to the taxes of our people; and whereas, we believe that a law enacted by the Dominion Parliament, prohibiting the importation, manufacture and sale of all intoxicating liquors, except for use in mechanical, medicinal and scientific purposes, and containing ample provisions for its strict enforcement by the proper authorities, will greatly diminish these and other evils, and largely increase the prosperity and promote the health, peace and morals of our country.

Be it therefore resolved,—That, in the opinion of the Manitoba and North-West Conference of the Methodist Church, it is now the duty of the Dominion Parliament to enact such a prohibitory law;

And further, in view of the fact that the Dominion Parliament in 1889 declared that it will give the country a prohibitory law when the people are ready for it.

Your Committee, therefore, recommend that the Secretary of Conference be instructed to prepare petitions in accordance with the above, and that they be sent in sufficient numbers to each minister and preacher throughout the bounds of this Conference, whose duty it shall be to see that all the members and adherents of our Church shall be given an opportunity to sign the same in accordance with the circular alluded to.

2. That this Conference has learned with very great humiliation that some of the members of our Church have signed the applications which persons have made for the legal sale of liquors. And although the number of such persons so signing is, we believe, very small indeed, we would most solemnly urge on all our dear friends to have no part in the accursed traffic in intoxicating liquors, but to oppose as fully as possible, and on every occasion, every movement calculated to continue the sale of liquors.

3. We rejoice in the continuance in the field of temperance workers of that noble band of women known as the W. C. T. U., as well as other kindred organizations, and we trust that our ministers and people will aid, as far as in their power lies, all organizations whose principal desire is the entire abolition of the traffic in intoxicating liquors as beverages.

4. Your Committee recommend that our people should lay aside all party feelings on the great question of the abolition of the traffic in alcoholic liquors, and vote only for those persons for either parliamentary or civic honors who are known to be in thorough harmony with the Methodist Church on this all absorbing question; and where there are no such candi1890]

4. We view with deep regret the action of our Provincial Legislature at their last meeting in their retrograde enactments on the liquor traffic, making it easier for men to procure licenses and more difficult to take them from them when they have them ; and further, in granting the prayer of the liquor party in changing the voting on local option from an open vote to voting by ballot, as we believe many will vote for the rum traffic in the dark that would be ashamed to do so in the light. As a Conference we wish to record our strong condemnation of the action of our Legislature, and would suggest that if they cannot improve former legislation in this case, they should at least have left the law as it was. We would urge our people not to send men to make our laws who will perpetuate and protect this great moral evil. And we here reaffirm our purpose to use all legitimate means for the suppression of this evil, and for this end we are prepared to co-operate with sister Churches and temperance organizations for a prohibitory law for this Province and the Dominion.

6. Not only has the Legislative Assembly of the Province of Manitoba taken a retrograde position in reference to the liquor traffic, but your Committee regret to say, that the Canadian North-West, which by Dominion legislation enactment was supposed to be forever freed from the dire effects of alcohol, and because of which many a thankful prayer ascended to the Divine Father, and many a young man has been sent from a home in the mother-country in the belief that, as temptation to drink was, by the law granted the Territories, entirely removed from the pathway of their sons, they would be safe from the power of the destroyer, has through the use of the *permit* provisions of said law, thrown down the barriers which were supposed to be placed around the fairest portion of this great Dominion.

The "four per cent. beer" which has been introduced into the Territories, is already producing the legitimate effects of such drinks in stimulating the appetites of the users for something stronger, and unless stopped, it will not be long before a license law will be passed, thus opening the Territories to all the horrors arising out of the indulgence in the stronger alcoholics.

Your Committee, therefore, recommend that a memorial be sent to the General Conference, requesting that body to petition the Dominion Parliament to strengthen the prohibition provisions of the "North-West Territories Act," and the carrying out of the spirit of said enactment.

7. Your Committee, having learned that it is the intention of the temperance workers of the United States to call a world's temperance convention, to meet in the city of Chicago at the great fair which will be held there in the year 1892, recommend this Conference to memorialize the General Conference to appoint not less than ten of its members as representatives from the Methodist Church of the Dominion.

8. Your Committee recommend that in all our Sabbath-schools the temperance pledge be brought before the notice of the scholars, and that the names of those who, with the consent of their parents, are willing to subscribe their names to a pledge of total abstinence from all alcoholic liquors and tobacco in any form, and that an honor roll, having the said names written thereon, shall be framed and hung up in the school; and that so soon as the first honor roll shall have been filled, a second one shall be, in like manner, prepared, and so on in perpetuity.

In conclusion your Committee respectfully recommend that no alcoholic wines be used in the administration of the sacrament of the Lord's Supper, and that the General Conference be requested to embody this recommendation in the Discipline.

> JOHN MCLEAN, Chairman THOMAS NIXON, Secretary.

# REPORT OF CHURCH PROPERTY COMMITTEE.

Your Committee beg to report as follows :---

1. That whereas there appears to be a doubt as to the sufficiency of the legislation now existing in relation to transfer of real property of the Methodist Church in the North-West Territories, and legal gentlemen there resident are of opinion that new legislation is requisite;

Therefore it is recommended that this Conference memoralize the General Conference, asking for such action to be taken as will secure the necessary legislation in the premises.

2. That this Conference be requested to provide a supply of Blank Model Deeds for Province of Manitoba, and that the Conference Secretary be requested to procure the same.

3. That the communication received from J. N. Lake, Esq., of Toronto, in reference to Union Church Relief Fund, your Committee find that the communication does not require any action, and respectfully refer same back to Conference, recommending that Conference Secretary acknowledge receipt of same.

4. That permission be granted the Trustee Board of Deloraine Church to sell their church property at Deloraine, and apply the proceeds to the erection of a more suitable building for church purposes there.

W. D. PETTIGREW, Secretary.

## REPORT OF EVANEGLISTIC COMMITTEE.

Your Committee respectfully submit the following report :---

That evangelistic work is needed throughout this Conference, that spiritual tone may be given to the newly settled districts before popular and prevailing vices become a fascination among the people, thereby increasing tenfold the pastor's work.

To meet this want we recommend :---

1. That the Financial District Meetings deliberate earnestly upon their own, needs and plan to meet them by a consecutive arrangement of the fields for evangelistic work, to be done either by themselves or other approved agency.

2. That where Districts do not co-operate as such, that local arrangements be made for prosecuting the work by mutual assistance of the brethren.

3. That we recommend four-day meetings as profitable circuit gatherings, inasmuch as the whole field is in presentation before the pastor, for counsel, encouragement, and aggressive work. 1890]

#### REPORT OF SABBATH SCHOOL COMMITTEE.

Your Committee have great pleasure in being able to present a very encouraging report in connection with this important part of the Church's work. The tabulated statement shows a very gratifying increase along almost all the lines of work. The number of conversions is not as large as last year, and although we look upon this matter as the great result to be attained in connection with efforts put forth in this department of the Lord's vineyard, yet we feel it is due to say that owing to the visits of several evangelists to the country within the previous Conference year, there was an exceptionally large ingathering of the young people of the schools into the Church, thus affecting to some extent the returns for the last year.

Your Committee would suggest and strongly urge that all schools within the Conference limits do everything possible to nurture and care for the boys and girls under sixteen years of age, and if possible, gather them into Church classes. They would also emphasize the necessity of getting the children and young people pledged to a life of total abstinence, the teaching of the cathecism in the schools, and the holding of teachers' meetings for the study of the lesson.

We are pleased to see a marked decrease in the number of Sundayschool papers, other than those published by the Methodist Book Room, taken by the different schools and trust, now that our own Church papers are so thoroughly excellent and deserving of support, there will be still greater loyalty displayed in this matter.

It is a matter for regret that, owing to imperfect returns from some of the Districts—arising partly from want of proper schedules—we are not able to make a thoroughly complete and satisfactory report, especially of the moneys raised for different purposes by the schools.

We have pleasure in drawing attention to the appended statistical list, from which we note particularly the following —

Number	of schools	156	Increase	36	
"	Teachers and officers	1,162	"	296	
"	Scholars		"	2,173	
"	Meeting in class	1,430	"	117	
"	Learning catechism	674	"	81	
"	Pledged to total abstinence		**	576	
"	Of schools holding teachers' meet-				
	ings for study of lesson	30	"	14	
"	Of conversions	252	Decrease	e 217	

The amount of money raised by the schools for all purposes was \$5,423.83.

Your Committee recommend that S. R. Parsons be the Secretary-Treasurer for the ensuing year.

> A. GORDON, Chairman. S. R. PARSONS. Secretary.

#### NORTH-WEST METHODIST CONFERENCE.

# REPORT OF REV. W. H. WITHROW, D.D., EDITOR OF SUN-DAY-SCHOOL PERIODICALS AND SECRETARY OF THE BOARD.

# To the President and Members of the Manitoba Conference :--

DEAR FATHERS AND BRETHREN,-I beg respectfully to submit for your information the following report of the Sunday-school operations of our Church and of the Sunday school periodicals under my charge. The Sunday-school statistics are those of 1889, the latest obtainable. The statistics of the periodicals are brought down to June 1, 1890.

The number of schools reported in June, 1889, was 2,922, an increase of 247 on those reported at the General Conference of 1886. The number of teachers and officers was 27,238, an increase of 2,992 on those of 1886; a total increase in six years, June, 1883, of 4,804 officers and teachers, or The number of scholars in 1889 was 218,321, an over twenty per cent. increase of 27,136 on those of 1886; a total increase of scholars in six years of 43,269, or nearly twenty-five per cent. The number of scholars meeti g in class in 1889 was 36,166, an increase in six years of 14,636, or over sixt -six per cent. The amount raised in the schools for mission purposes in 1889 was \$27,851, an increase of \$7,261, or over thirty-four per cent. in three years.

The amount raised for Sunday-school purposes in 1889 was \$114,527, against \$77,692 in 1886; an increase of \$36,805 in three years, or nearly fifty per cent.

The gross income of the Sunday-school papers and Methodist Magazine has reached over \$49,000 a year. The net profit has increased from \$8,969 for the quadrennium ending 1886, to \$22,092 for the last quadrennium; an increase of \$13,122, or nearly 150 per cent.

The circulation of the Sunday-school periodicals has increased from a total of 104,000 in 1882, to 194,000 in 1886, and to 316,450 in 1890. In that time they have increased from three to eight in number. The more important ones have more than doubled in size, and they have all been greatly improved in quality and reduced in price.

The growth of the Sunday-school Aid and Extension Fund, by which hundreds of schools have been brought into existence, and many more in destitute neighborhoods greatly helped, has been no less romarkable. During the first quadrennium of this Fund, ending in 1878, its income was \$2,155; during the second quadrennium, ending in 1882, the income was \$3,331; during the third quadrennium, ending in 1886, the income was \$7,718; and during the last three years the income has been \$10,337. The labor of the administration of this Fund has, of course, increased at a similar ratio, the correspondence amounting to from 1,200 to 1,500 communications a year, and absorbing a large amount of the Secretary's time. It is, of course, understood that the administration of this Fund is an entirely gratuitous service.

I beg to refer, in conclusion, to the new social and religious movement known as the Epworth League. In six months from its introduction into Canada, 120 leagues have been formed. This, comparing our respective numbers, is as favorable a result as the formation of 2,500 leagues in a year in the United States. From the leagues already formed in both

countries comes the most encouraging testimony as to their happy effect in promoting the spiritual life and enlisting the energy of our young people in practical work, as well as in aiding their intellectual culture on distinctly religious lines. This movement, it is believed, possesses vast possibilities of good, and will do much to solve the problem of the relation of our young people to popular amusements, and popular reading, leading them in both respects to the fulfilment of a nobler and higher ideal. Many of the District Meetings have strongly endorsed the League and recommended it to the sympathy and co-operation of both the pastors and people of our churches. I beg to enclose the address to the District Meet. ings of the General Superintendent and of the Secretary of the League. and venture to respectfully suggest to the Conference the propriety of taking such action on the subject as will promote the organization of our young people into distinctly religious leagues for culture and service, and for their adoption, like our Sunday-schools, as a prominent part of our church life and church work.

## I remain, Dear Brethren,

Yours fraternally,

W. H. WITHROW.

# REPORT OF MEMORIAL COMMITTEE.

Your Committee would recommend .---

1. That the General Conference be requested to direct the Superintendents of Circuits to keep a separate column on the roll of members, in order to show the number of members on their respective charges who have removed from the Circuit during the year, stating, if possible, the place to which each member has removed.

Re memorial from the Morden District, viz., That the lay members of this District Meeting desire to memorialize the Annual Conference on the question of Quarterly Official Boards extending invitations to ministers. We believe this matter is assuming serious proportions, and is calculated to supersede the work of the Stationing Committee, and eventually to destroy the unanimity and good feeling which has heretofore characterized the work of Methodism in this Conference.

The prevailing custom of inviting ministers from the Eastern Conference is, we believe, an injustice to those of our ministerial brethren of this Conference, who have borne the burden and heat of the day; and we trust that such steps may be taken to memorialize the General Conference, so that legislation may be enacted which will put a stop to this grievance. We recommend that this memorial be sent up to the General Conference.

That the memorials from the Birtle and Crystal City Districts, with respect to the constitution of the Annual District Meeting, have been considered, and your Committee recommend as follows : That our Annual Conference memorialize the General Conference to amend clause 158 of the Discipline, so as to read as follows : The Annual District Meeting shall consist of all superannuated and supernumerary ministers on the District, and also of all ministers, probationers and local preachers ap pointed by the Stationing Committee or Conference authority to the charge of the various Circuits, Missions and Stations within the bounds

of the District, and also of one lay delegate for each such minister, probationer or local preacher in the active work, from each Circuit, Mission or Station in the District who shall have been elected by ballot by the Quarterly Official Board.

Memorial from the Rev. C. Teeter, and others: That this Conference memorialize the General Conference to so change those parts of our Discipline affecting the matter, so that Annual Conferences will have authority to appoint any of their ministerial brethren to evangelistic work without depriving the brethren so appointed of the rights and privileges which belong to those engaged in the regular work of the ministry.

That, with respect to the memorial from the Deloraine, Birtle and Winnipeg Districts, relative to the establishment and maintenance of a Church paper for this Conference, and within its bounds; your Committee find upon investigation that while such a paper is much needed and very desirable, the necessary cost of establishing and maintaining such a paper being about \$6,000, renders it unadvisable that this Conference should undertake the enterprise proposed in the present condition of our resources, but that in view of the great need of such a paper and the undoubted benefit to be derived therefrom, and of the long-felt want of a branch of the Methodist Book Room at the city of Winnipeg, your Committee recommends that this Conference memorialize the General Conference in urgent terms for the opening of such a branch of the Book Room at Winnipeg, and the establishment and publication of a Church paper for this Conference in connection therewith.

All of which is respectfully submitted.

JAMES A. MCCLUNG, Chairman. GEORGE BEYNON, Secretary.

#### REPORT OF COMMITTEE ON STATE OF THE WORK.

Your Committee on the State of the Work beg leave to report as follows :---

The past year has been marked by trials and by triumphs.

The winter was one of unusual severity, involving more or less hardship in travel. Difficulties were experienced in maintaining regular services in those localities which are not easy of access when the snow is deep.

It was feared that the scarcity of money would prevent the indulgence of that generosity which is so generally characteristic of our people in this country, and that advances along this line would not equal the progress of other years.

The returns from the various Districts have happily dissipated this fear, amply justifying the claims for abounding liberality for the members and adherents of our Church. The amount raised for all purposes being \$111,535.67, an increase of nearly \$20,000 over the figures of last year.

The Church, generally, has been blessed with gracious revivals of religion; the membership roll showing an increase of 1,194.

We have suffered because of the lack of a sufficient number of laborers. Some fields for this reason have been left without ministerial supply, while a number of others have received only irregular service.

The want of adequate material support has seriously interfered, in many cases, with the successful prosecution of evangelistic and other forms of progressive Christian work. It is extremely desirable, in the interests of the work, and in those of the missionaries and their families, that such measures be adopted by the ensuing General Conference as shall result in the adoption of a more liberal financial policy in regard to Domestic Missions.

Last September the Indian Missions in Alberta and Saskatchewan were visited by the Chairman of the Saskatchewan District and the Superintendent of Missions. The brethren on these lonely fields of toil are not without many tokens of the Divine favor in the work to which they have devoted their lives. Good congregations, well attended classes and prayer meetings attest the appreciation in which these means of grace are held by the Stony and Cree Indians. The power of God has been manifest in the conversion of souls and in the abundance of consolations which have been vouchsafed in seasons of trouble and in hours of death. It is a matter of surprise and regret that, so far as we can learn, but little progress has been made toward establishing industrial institutions for the benefit of the Indians under the care of the Methodist Church in Manitoba and the North-West Territories.

The latest Governmental returns show that the Episcopalian Church, with forty-tight schools in Manitoba and in the Territories, received from 1882 to 1889, \$186,761; Roman Catholics, with twenty-nine schools, \$257,600; Presbyterians, with ten schools, \$56,439; while the Methodists, with thirteen schools, have received in the same length of time only \$21,541.

How is this? For fifty years the Methodist Church has maintained Missions among the Indian tribes of this country at a cost of hundreds of thousands of dollars. Untold hardships have been endured by our missionaries and their families, and many lives laid down in the service.

The length of time in the field, the amount and excellent character of the work accomplished (a service invaluable to the State as well as to the Indian), are sufficient reasons for the Methodist Church to expect a fair share of recognition by the Government in the disbursement of public funds for educational purposes.

The general outlook of our cause is exceedingly encouraging with an increasing population, a growing band of consecrated workers, both clerical and lay, and with a deepening devotion to the doctrines and discipline of our Church, we may, with the crowning blessing of God, confidently anticipate a glorious future.

> JAMES WOODSWORTH, Chairman. THOMAS NIXON, Secretary.

#### NORTH-WEST METHODIST CONFERENCE.

Your Committee are informed by the Commissioner of Indian Affairs, who has personally submitted the proposition to the Manitoba and North-West Conference assembled, and to your Committee, that the Indian Department of the Dominion Government has now at its disposal the sum of \$6,000, which may become presently available if accepted at once for the erection and equipment of Indian industrial buildings in connection with the present Indian Institution near Morley, which appropriation will not be available for such purposes after this month. Your Committee deem it most desirable that the said sum shall be secured and applied to said proposed purposes. It will be necessary for certain persons to enter into bonds to the amount of \$12,000 in order to guarantee the proper expenditure of said sum of \$6,000 according to the reasonable directions and orders which the said Commissioner at any time may give to them in connection with the construction and equipment of such buildings.

Your Committee have reason to believe that such guarantee will also embrace the procuring of a title to the lands on which said proposed buildings are to be erected, to the satisfaction of the said Indian Department. Your Committee are not informed as to the legal title of the lands referred to, but have no doubt that such lands are the property of Missionary Society of the Methodist Church or within the control of the Methodist Church, and are of opinion that no difficulty should be encountered in having such title placed in a perfectly satisfactory position to all parties concerned.

Your Committee, therefore, recommend that the Rev. James Woodsworth, Superintendent of Missions in Manitoba and the North-West Conference of the Methodist Church, and the Rev. John McDougall, Chairman of the Saskatchewan Indian District, be authorized as representatives of this Conference to accept the said grant of \$6,000, and to make such arrangements as may be necessary to effectuate the same, and that the said Woodsworth and McDougall be authorized in the name of this Conference to do all that may be deemed necessary and proper to fully carry out all that may be involed in connection with such matter ; and further, that said Woodsworth and McDougall be requested to place themselves in immediate communication with the Missionary Secretary, advising him in regard to said matter.

> J. W. SPARLING, Chairman. A. M. PETERSON, Secretary.

# MISCELLANEOUS RESOLUTIONS.

#### RE DISTRICT MEETING REPRESENTATION.

Rev. F. A. August moved, Rev. T. Beynon seconded,

That whereas, in Mission Conferences many fields are practically under the charge of Local Preachers travelling under the Chairman by permission of Conference; and whereas, the provision of Art. 158, Chap. II., Discipline, are inadequate to give such fields just representation in the District Meeting. We respectfully recommend that the Annual Conference memorialize the General Conference respecting a revision of the said clause, to read as follows, viz.: The Annual District Meeting shall consist of all ministers, probationers for the ministry and local preachers travelling under the Chairman, on the various Circuits, Missions and Stations within its bounds, and one layman for each minister, probationer, or local preacher in the active work, from each Circuit or Mission in the District, who shall have been elected by ballot by the Quarterly Official Board.

The following memorial from Regina District was adopted by the Conference :---

Resolved,—That, in the opinion of this District Meeting it would greatly promote the success of our work to extend the ministerial term; there fore we would urge the Annual Conference to memorialize the General Conference to extend the pastoral term to five years.

# RE REPRESENTATION ON CENTRAL BOARD OF MISSIONS.

The following memorial from the Regina District was adopted by the Conference, viz.:-

Whereas, the members of the Regina District, feeling that we have not a full representation on the Central Board of Missions, have respectfully requested the Conference to memorialize the General Conference to allow the Manitoba and North-West Conference the right to elect a representative to that Board; the Superintendent of Missions being *ex-officio* a member of said Board.

#### RE BLANK DEEDS.

Rev. H. Kenner moved, Rev. O. H. Dingman seconded, That the Conference be requested to procure, in blank form, a supply of Provincial Model Deeds for the Province of Manitoba.

#### **RE PUBLIC SCHOOLS.**

That this Conference desires to record its unqualified endorsation of the act of the Manitoba Legislature in establishing a national school system that recognizes no creed, denomination or nationality, thereby promoting the unification and cementing of all classes, and at the same time creating a sure and certain safeguard for the educatio and liberties of her citizens. And we also desire to express and record our approbation of the passages of Scripture recommended by the Advisory Board.

#### RE NORTH-WEST TERRITORIES.

This Conference has learned with very great satisfaction that it is proposed to adopt English as the official language of the North-West Territories, and also to establish a national school system for said territories, and express the ardent hope that such proposals may be adopted by legislation on the part of the Legislative Assembly of said Territories. And we further urge upon the members of our Church the importance of making use of every legitimate means to procure the passage of such legislation at the earliest possible date.

#### RE SUPERINTENDENT OF MISSIONS.

Moved by Rev. W. Bridgman, seconded by S. R. Parsons, and

Resolved,—That this Conference desires to place upon record its unqualified appreciation of the services rendered by Rev. James Woodsworth, Superintendent of Missions for Manitoba and the North-West Co ference, and we take this opportunity of memorializing the General Conference not only to continue the office, but respectfully request that the Rev. James Woodsworth be reappointed to the position.

# RESOLUTION RE LATE REV. N. BROWN.

That whereas fourteen years ago, as the result of a trial held at Winnipeg, the late Rev. Nelson Brown was expelled from the ministry, and whereas it is believed there has been recently obtained evidence which goes to show that he would not have been expelled had this evidence been before the court that tried him; and whereas, in the opinion of this Conference it is not clear to us that we have jurisdiction in the case, and therefore we cannot entertain a request which comes to us from the Portage la Prairie District, which seeks to initiate proceedings to have a new investigation; therefore, this Conference would respectfully request the General Conference to take such steps as in their judgment may be necessary to enable us to consider the value of the evidence now available, so as to reach the best result in the matter, and if necessary, accord justice, if it has not been done to the brother departed.

#### COMMITTEE ON CONFERENCE SERVICES.

Moved by J. J. Leach, seconded by J. W. Bell, B.D., That the President and Secretary of Conference, with the Chairman of Portage la Prairie District, and Revs. Daniel and Dr. Franklin, be a 5N-W

committee for the plan of Conference services for next Conference, and that the committee be requested to confer with the pastors of other churches respecting the plan of pulpit supply.

# RE MINISTERS LEAVING THEIR WORK.

That whereas, a number of brethren have left their work irregularly, we as a Conference express our strong disapproval of such action, regarding it as a breach of contract, and believing that thereby our work in this new country has often been seriously jeopardized.

#### RE COLLEGE FEDERATION.

# Rev. H. Kenner moved, Rev. F. M. Finn seconded,

That whereas, by the last General Conference the Methodist Church decided to adopt the plan of College Federation, as the best policy to promote the educational interests of the Church, and whereas the said Conference did make arrangements for the successful carrying out of this policy, and whereas there has been a persistent and determined opposition to the adopted and declared policy of the Church, we as a Conference hereby express. our earnest condemnation of such gross disloyalty, and express the hope that the question of Federation, should it be reopened at the approaching General Conference, may be adopted by a largely increased majority.

## RE DISTRICT SCHEDULES.

# Rev. A. Stewart B.D., moved, Rev. Thos. Argue seconded,

That when District books containing the connexional schedules are put before the Statistical Committee of this Conference in an incomplete or incorrect condition, they shall be returned to the District Officers to be put in proper shape.

# FILLING UP SCHEDULES.

Resolved,—That whereas, there is a difference of opinion as to the proper method of filling in the different schedules, thereby giving the Statistical Committee a very great amount of unnecessary work, it is, therefore, resolved that the Conference Secretary prepare instructions as to the proper mode of filling in forms of the different schedules, and send such instructions to the Chairmen of Districts, as a guide for them in filling up said schedules, and thereby secure uniformity in the reports to Conference, so as to lessen and simplify the work of the Statistical Committee and secure correct returns.

# SPECIAL ORDINATION, BRO. J. W. DICKENSON.

By direction of the last Conference, Bro. J. W. Dickenson, of Red Deer Mission, was, on the 15th day of last September, ordained at Red Deer to the work of the Christian ministry by Revs. Leonard Gaetz, John Me Dougall and James Woodsworth, the commission appointed thereto.

# PRESIDENT'S RULING.

The President was requested to rule in the case of Bro. John Linton, who had travelled under a Chairman two years, as to whether more than one year could be allowed him on his probation; whereupon the President said he was compelled by the Discipline, as he understood it, that

# PASTORAL ADDRESS.

BELOVED BRETHREN,—It is again our great privilege to address you at the beginning of another Conference year, and it is a cause of devout thankfulness that the Divine promise of success has been experienced in each department of our work.

#### MEMBERSHIP.

The membership of the Conference this year presents the gratifying increase of 1,194, making a total of 9,895 members. But while the list of members rolls up to the verge of 10,000, let us ever bear in mind that the secret of power is not in mere numbers, but in each individual partaking of the Master's spirit and manifesting the love and self-sacrifice of the Master's life

#### GONE TO REST.

Last year we had to record the death of one of our ministers, and a similar duty presents itself this year in the death of the esteemed and devout Langford, who, dying in the midst of arduous toil, has entered upon the rest and reward of the faithful.

#### MINISTERIAL SUPPLY.

It is a matter of thankfulness that, notwithstanding the vast extent of territory covered by the Conference, and the rapid formation of Circuits and Missions, yet, through the goodness of God, we have been able in most cases to supply the various fields with efficient men.

## SUNDAY-SCHOOLS.

The work of God in connection with our Sunday-schools deserves special mention. There has been the gratifying increase of 36 schools, 296 teachers and 2,173 scholars; raising our Sunday-school force to 156 schools, 1,162 teachers, and 8,906 scholars.

It is very desirable that our people should ever keep in mind the close relation which exists between the school and the Church. The youthful mind, being in its most impressionable period, should be taught the great value of prayer, consecration and earnest work for God.

#### EPWORTH LEAGUE.

We warmly commend the establishing of a branch of the Epworth League in connection with every congregation where at all practicable. The constitution of the League is of such a character that it may easily be adapted to the varying circumstances of our Churches. We believe it offers great advantages in securing the interest and co-operation of our young people in the different departments of our work. The progra ing. #### NORTH-WEST METHODIST CONFERENCE.

#### TEMPERANCE.

The cause of temperance is closely related to the work of the Church. It is more than ever necessary that we stand to the position taken by the Methodist Church from the beginning of its history on this question, viz., the complete abolition of the traffic in intoxicating drinks. We further express the hope that the position of our people, as well as that of all other Christians on this subject, may be such that no retrograde legislation will be possible by any of our Governments. The Conference devoted considerable time to the earnest and serious consideration of the duty of the individual members of our Church to the liquor traffic, and unanimously express with confidence the hope that no member or officer of the Church will sign any application for licenses; and it solemnly urges all our friends to have no part in the accursed traffic; but to oppose it on every occasion and thereby keep up the teaching and record of the Methodist Church, whose one aim on this question is the speedy and total abolition of the traffic in intoxicating drinks.

#### WESLEY COLLEGE.

The progress of Wesley College during the year has been most gratifying. The number of students has largely increased. The results of the University examinations have already demonstrated the efficient character of the instruction imparted. The College is so closely related to the welfare of Methodism in this country, that it should be loyally supported by every Circuit and Mission in the Conference.

#### SPIRITUAL LIFE.

The means of grace provided in connection with the Methodist Church are of such a nature as to be sufficient to meet the wants of the people; and we kindly urge a faithful attendance at our class and prayer-meetings, as well as the more public services. And we would ever have our people bear in mind that "The secret of the Lord is with them that fear Him." Let us all, with renewed consecration, devote ourselves to the furtherance of God's cause, and He who controls and guides this great work will lead us on to greater victories.
