A Letter of Unusual Interest Describes this Remarkable Cure

You will learn by reading this letter how medical doctors knock proprietary medicines and try to keep people from using them and learning of their value.

This letter also shows how medicines of proven merit often cure the most complicated cases after doctors had given up hope. In this case two doctors said Mr. Hyndman could not get better, and, in fact, he daily grew weaker so long as he followed their treatment. This is a remarkable victory for Dr. Chase's Medicines and you will find the details of the case interesting.

Mr. T. Hyndman, Farmer, Rupert, Que., writes:—"I had been gradually failing in health for two years and tried many remedies, among others I used Dr. Chase's Kidney-Liver Pills and found them doing me good. Some neighbors told me the Doctors said they were dangerous so I quit their use and went to the doctor. Under his treatment I got so weak I was unable to raise my head from the pillow, and he told me that I had Anaemia of the blood and could never be better again, so I sent for another doctor and he told me the same. I could not take their medicine and was continually vomiting, so I gave them up and said 'kill or cure I will again try Dr. Chase's medicines.

I used altogether fourteen boxes of Dr. Chase's Nerve Food and six boxes Dr. Chase's Kidney-Liver Pills, and now I can work from six o'clock in the morning until seven at night and I don't poke at it either. At. / man that works a farm knows what kind of a job it is. I honestly believe that I owe my life to Dr. Chase's Nerve Food and Pills. and I praise them everywhere I go. Many of the people here use them to keep the system in good condition and prevent disease.'

Dr. Chase's Nerve Food has no rival as a means of enriching the blood and building up the system. 50c. a box, 6 for \$2.50, all dealers or Edmanson, Bates & Co., Limited, Toronto. Write for bookle

It is for men who open their eyes in the morning upon a world that looks blue and discouraging; for men who feel tired, despondent, and out of luck; who have lost the fighting spirit—those fellows who have almost concluded that nothing is worth fighting for—who have pains in the back and who don't get rest pains in the back and who don't get rest from their sleep, and who wish that they were as strong as they used to be. It is all a matter of nervous energy—that is what ambition comes from—and that is what you can get from Dr. McLaugh-lin's Electric Belt. It is an invigorator

It will make you strong. It will send the life blood dancing through your veins, you will feel the exhilarating spark warm your frame, the bright flash will come to your eye, and a firm grip to your hand, and you will be able to meet your fellow-man and feel what others are capable of doing is not impossible for you. What would you not sacrifice to feel as you did a few years ago; to have the same snap and physical strength you used to have? You know you are not the same man, and you know you would like to be.

Dr. McLaughlin's Electric Belt makes you noble; it causes the nerves to tingle with the joyous exhilaration of youth; it fills the heart with a feeling of gladness, makes everything look right and makes the nerves like bars of steel. It has cured Nervous Debility, weakness of every kind, whether in Nerves, Stomach, Heart, Liver or Kidneys, Rheumatism, pains in Back and Shoulders, Sciatica, Lumbago, Indigestion, Neuralgia, Constipation, Dyspepsia and all troubles where life can restore health. * * * There has been no difference of opinion regarding the need of taking some action to place the affairs of the Canaarisen over the extent to which the government of the country should go, and the nature and extent of the security it should demand for its financial outlay. The contention of the Liberals in parliament, and they are backed by Messrs. Bennett and Nickle in the Conservative of the security is that the Payder government is some form walking, when you try to wriggle your corns away from the leather of your shoes, when shoes pinch, and feel tight, when feet are swollen, sore, chafed —don't experiment—just use "TIZ." Get instant relief. "TIZ" puts peace in tired, aching, painful feet. Ah! how comfortable your shoes feel. Walk five miles, feet won't hurt you, won't swell after using "TIZ." The contention of the Liberals in parliament, and they are backed by Messrs. Bennett and Nickle in the Conservative ranks, is that the Borden government is giving too much to MacKenzie & Mann, and not making the country sufficiently safe in the matter of security. While the insurance companies may have reaped direct benefit from the alarmist reports circulated about Indiantown, and credited to the prophecy of a squaw, that a fire would take place oday, there is one man in North End who, probably more than any other, fails to appreciate the situation. And no wonder! It may be said right here that he's not an insurance agent—he's a fireman, and a good one at that. The squaw predicted the little flames would begin to shoot up any time after midnight. About 10.80 o'clock the fireman in question retired. At 11 he was sleeping soundly. At 1f.15 he'd forgotten that he'd ever been awake, and was rendering a nocturnal slumber solo, sheet music presumably, since it came from between the sheets, blissfully oblivious of the dire prophecy of the Indian dame. At 11.25 his sleep was still unruffled. At 11.32 O! Horrors! The telephone rang! Bing! Thoughts of fidelity to his firemen's pledge raged through his
