BRITISHERS WILL ARRIVE LATE IN WEEK

Sixty-Five Business Men To Reach Quebec Friday or Saturday

OFFICIAL WELCOME

Sydney Will Show Them Steel Plant and Coal Areas, and Halifax Has a Programme Prepared, Including Auto Trip and Inspection of Harbor

(Canadian Press)

Montreal, June 4—With two months of Canadian hospitality before them, the party of sixty-five British business men, now on their way to Canada, have a strenuous visit in view. When they arrive at Quebec, on Friday or Saturday next, they will be officially welcomed on behalf of the Canadian government by a communication from Hon. G. E. Foster, who, owing to his having had to leave for England, will not be able to be present.

The visitors will be given a welcome by Mayor Drouin and the Quebec Board of Trade and will afterwards pay their respects to Sir Lomer Gouin, the prime minister, and will also probably be received by the Duke of Connaught and the lieutenant governor. Luncheon at the historic government house will be given at the Hotel de Ville.

The party will then take a special I. C. R. train at Lévis, and will make a tour of the maritime provinces. At Sydney they will be shown through the steel plant and to visit the coal areas.

The New Glasgow people are also anxious to have the delegates visit the plant of the Nova Scotia Steel & Coal Co. In Halifax the party will be officially welcomed by the mayors of Halifax and Dartmouth, with the presidents of the boards of trade and taken by auto, to inspect the industrial establishments, after which luncheon will be given at the Northwest Arm. There will be an inspection of the harbor.

In St. John, Moncton, Fredericton, and other places the visitors will be given official receptions and entertainment, also in the west.

Mr. Pottinger is accompanied by Mrs. Pottinger, two children and Miss Fisher of Chatham.

OFF TO BEN LOMOND

All those who took part in the performance of Men and Women at the Opera House last week will be the guests of the Irish Literary and Benevolent Society at a supper and dance at the Ben Lomond House tonight. It was to be taken place last week but was postponed on account of the weather. The bookboards will leave the King Square this evening at six o'clock.

A SIGN OF PROSPERITY

Among the evidences of the tremendous increase in real estate operations in St. John is the fact that the staff in the registry office have not been able, even by the most strenuous efforts, to keep pace with the growing volume of work, and are now almost two months behind. This is not an unusual situation where things are booming, as is shown by conditions in Vancouver, where the registry office is a full year behind in its work.

NO SIGN OF HIM

There were no new developments today in connection with the visit of the burglar to C. E. Everett's store in King street Sunday afternoon. The boots which the burglar was supposed to have left in the building have not been found. Chief Clark has not received any word from outside places in response to his telegrams sent yesterday to the police to be on the lookout for the burglar.

DEATH IN FAIRVILLE

The many friends of Miss Kathleen Malloy will regret to hear of her death, which occurred at her home in Fairville this morning. Miss Malloy was ill about six months. She was in the nineteenth year of her age. She is survived by her parents, five sisters and one brother. The funeral will take place on Thursday morning at half-past seven o'clock, to St. Rose's church.

STIRRING MANIFESTO BY LIBERAL LEADER

Mr. Copp Submits to People a Constructive Policy For New Brunswick

Sound, Business Proposals for Government and Marked Advancement of Province—Fleming Record of Broken Promises and Impaired Provincial Credit Exposed in Searching Article

TO THE PEOPLE OF NEW BRUNSWICK

The dissolution of the fifth Legislative Assembly places upon the electors the duty and privilege of selecting representatives for the government and administration of the affairs of the province. It calls also for a survey by the people of the provincial financial standing, and an examination of the evidences of increase or progress as such may be found in the public credit, the growth of population and the development of resources and production. So also should there be a review by the people of the official acts and record of the government in the light of those express promises upon which it was placed in office and entrusted with the administration of public affairs.

A. R. COPP The Opposition Leader

FINANCIAL CONDITIONS

According to the returns brought down by the government, THERE HAS BEEN ADDED TO THE PUBLIC DEBT OF THE PROVINCE THE SUM OF \$1,057,960.17, AN INCREASE OF MORE THAN ONE MILLION DOLLARS IN ITS FOUR YEARS OF OFFICE.

In judging this alarming addition to the public debt, you first should consider the fact that when the former government resigned office, it had just succeeded in obtaining for the province of New Brunswick, an annual increase of \$130,000 upon the Dominion subsidy account. The first payment of this large permanent addition to the ordinary revenues of the province became due when the Hon. Fleming government assumed office. THIS DURING THESE FOUR YEARS OF POWER IT HAS RECEIVED ON YOUR ACCOUNT FROM THE DOMINION TREASURY \$620,000. MORE THAN ANY GOVERNMENT IN A CORRESPONDING PERIOD EVER HAD AT ITS DISPOSAL FOR THE ADMINISTRATION OF PUBLIC AFFAIRS—OVER HALF A MILLION DOLLARS MORE IN FIXED REVENUE THAN ANY PRECEDING GOVERNMENT IN NEW BRUNSWICK EVER HAD TO EXPEND. Yet, notwithstanding this enormous increase of fixed income and the increase derived by it through direct taxation, the Fleming government in dishonor of its faith so solemnly pledged to the people, appeals to them with this appalling increase of the public debt.

Electors of New Brunswick! You need no reminder of those pledges. They were openly proclaimed in every county and section of the province. You accepted the Hon. Fleming administration upon the faith of those declarations. To aid the government in the fulfillment of those pledges it has had the benefit in each and every year of one hundred and thirty thousand dollars more than any previous administration. But wholly faithless to its pledges and after a reckless expenditure of that half million dollars of increased subsidy, which fell into its hands for the public services of New Brunswick. No trace of it is found by improvement of the public roads and bridges of the province. What part of it has been devoted to the relief of agriculture, or to meeting the needs of education? The Fleming government must account to you not only for its violated pledges, but also for its failure to satisfactorily improve the provincial public services through the disbursements of the half million dollars of increased subsidy received by it from the Dominion and from which the province has received no tangible benefit.

THE IMPAIRMENT OF THE PROVINCIAL CREDIT.

During the past four years the credit of the province has been pledged to an alarming extent as security for the principal and interest of the bonds of the undertakings for which promoters in many instances have obtained the endorsement of the present government without submitting to the Legislature facts or data to substantiate the wisdom of their projects or the benefits, if any, to be conferred upon the people. As evidence of this, I direct your attention to the guarantee of the principal and interest bonds to the extent of \$130,000 to aid the building of a purely local railroad in York county from a point on the Canadian Pacific to a lumber mill owned by one of the present government's supporters in the last House of Assembly. NO INFORMATION WAS FURNISHED TO THE LEGISLATURE AS TO ANY PROSPECTIVE TRAFFIC EARNINGS WHICH WOULD BE SUFFICIENT TO PAY EVEN THE INTEREST UPON THESE BONDS AND THERE IS EVERY REASON TO BELIEVE THAT THE PROVINCE WILL BE CALLED UPON TO ASSUME THE FULL LIABILITY INCURRED BY THIS LARGE GUARANTEE.

LADY SYKES IS DEAD; CAREER REMARKABLE

Money Cases Against Her in Courts at Various Times—Was Authoress and Nurse

London, June 4—The death of Lady Sykes, wife of Sir Tatton Sykes, whom she married in 1874, when she was eighteen years old, is announced. Lady Sykes had a remarkable career. She was an authoress and editor of a newspaper, and was a hospital nurse in South Africa during the Boer war. She was formerly Miss Christina Bentinck, daughter of the late Right Hon. George Augustus Cavendish-Bentinck.

Lady Sykes, who was a relative of Duke of Portland, was charged on August, 1867, with obtaining, by false pretences, checks to the value of \$26,500. The prosecution was dropped when it was learned that Sir Tatton Sykes who had been separated from his wife for twenty years, had agreed to meet her debts in October of the same year. Lady Sykes was charged with forging her husband's name to bills for \$80,000 but charge was dismissed. Her husband was used on a note for \$79,700, purporting to be signed by her husband. The jury pronounced the signature a forgery. Friends came to the rescue, paid the money and the prosecution was stopped. Sir Tatton Sykes is now eighty-four years old.

ROOSEVELT-TAFT FIGHT GETS EVEN WARMER

Oyster Bay, June 4—Upon the selection of temporary chairman for the republican national convention may hang the political fortunes of ex-President Roosevelt. He declined last night to oppose with all his strength the seating of Senator Root, and issued a call to all his supporters to stand by him. Colonel Roosevelt's statement is so constructed as to make the issue a clear one. It is, he asserts, a question of himself and his opponents, and not of Roosevelt himself. It is, he asserts, a question of principles, not persons.

The principal officials of the department, whose advice was always sought before making contracts, the government is fortunate in having a staff of thoroughly experienced and reliable experts who have always been zealous in safeguarding the public interests.

The present minister of public works has taken the right course in renewing the contracts, because in every case they were let after opportunity for keen competition by public advertisement and at very reasonable prices, such as would only afford a fair margin of profit to the contractors.

Indeed, I may say, in reference to these works, as in reference to the Courtenay Bay developments, that the present government will make no mistake if it rigidly adheres to the plans of its predecessors.

GOVERNMENT FAIL TO FIND ONE FLAW

Borden Administration Renew All Dredging Contracts Let by Hon. Mr. Pugsley

Highest Possible Tribute to Care and Business Ability Shown by Late Minister of Department Receives Striking Endorsement

(Special to Times)

Ottawa, Ont., June 4—The administration of public works by Hon. William Pugsley has been endorsed and approved in a most striking fashion by the Borden government. When the Borden forces were in opposition, the contracts for dredging made by Hon. Mr. Pugsley were the chief objects of attack both in the public accounts committee and in the house itself. The Conservative opposition insisted that the contracts were improperly let and the contractors were not of a character to be trusted.

The first instructions given to A. B. Morine, as head of the public service commission, was to make a thorough investigation of all the contracts which the department had made during the last ten years and especially those where the work was still going on.

The investigation was most thoroughly made. The engines of the department, the departmental records and the contractors were thoroughly examined by the official investigators, and not a single irregularity was discovered in any case. The investigators were unable to report a single considerable case to the government.

As a result of the investigation the government has decided that it cannot do better than renew the contracts made by the Liberal minister, and allow the contractors to go on and finish their work. The contracts which have been renewed run into hundreds of thousands of dollars. Among them are the following:

Nov. Scotia—Big Lorraine, Atlantic Dredging Co.; Grand Stang, V. F. Bartram; Larry's River, Atlantic Dredging Co.; Lunenburg, W. J. Poupore Co.; Petit DeGras, W. J. Poupore.

Moncton, N. B., June 4—(Special)—Liberal meetings were held last evening in Irishtown, Leblancville and Point de Bute and stirring addresses were delivered. In Irishtown the speaker was Hon. F. J. Sweeney. He thanked the electors for the hearty support they had always given him and reviewed the record of the Fleming government. A vote of thanks was tendered the speaker.

It was intended that C. M. Leger should also address the meeting but owing to the bad roads it was found impossible for him to arrive in time. Mr. Leger addressed a successful meeting at Leblancville, speaking in both English and French. The roads in that section are said to be the worst in the history of Moncton parish. The condition of the highways under the Fleming administration was scored by Mr. Murray's Scotch Settlement and his remarks were vigorously applauded.

A roasting Liberal meeting was held in the public hall in Point de Bute when addresses were delivered by A. R. Copp, Councillors Fred Magee and I. N. Killam, three of the Liberal candidates. It was one of the most enthusiastic meetings ever held in that section of Westmorland. Ex-Councillor Charles H. Read was called from the audience and gave a short speech. Mr. Copp received an ovation and delivered a stirring speech. Some prominent Conservatives attended the meeting.

P. E. I. STUDENT IS WINNER OF HOLMES MEDAL AT MCGILL

It Means Highest Honor Which Member of Senior Class Can Capture

Montreal, June 4—F. H. MacKay, a student from Mount Stewart, P. E. I., has won the Holmes gold medal for the highest aggregate in all subjects forming the medical curriculum at McGill, the highest honor which a member of the senior class can obtain.

The east carried off the honors in the final year of the medical course at McGill. It is many years since the race between the students of the graduating class in medicine has been so close. In addition to the Holmes gold medal Mr. MacKay carried off several minor prizes and honors.

LID IS VERY EASY TO LIFT IN THIS CAMP

Government Prohibition of Liquor in Tented City Is a Farce

DRINK IS ALL AROUND

Officers at Niagara Have it And Soldiers Can Get it—Squads of Troops in Hilarious Mood—Parade Main Street Every Night

(Canadian Press)

Niagara, On the Lake, Ont., June 4—They do not sell liquor within the military camp since the lid was placed on canteens, but it can be obtained easily. An officer has all he wishes to consume right in his mess tent. The non-coms are equally well supplied and the privates, if they happen to stand in right with the sergeants or officers higher up, can have their thirst appeased with very little difficulty. But they cannot buy it. This is the only difference, since the new order was issued prohibiting the selling of liquor in camp. The order is generally considered a farce.

Just 100 yards from the historic canteen where forty soldiers are located, is a hotel which does a land office trade. Another hundred yards away is another saloon, and not far from this one, is another one. Down near the wharf, where the Niagara boat docks, are two more liquor emporiums.

A thorough investigation is necessary to ferret out facts regarding the general conduct of the soldiers with respect to liquor consumption. Any night after darkness, squads of troops in a hilarious mood are seen promenade up and down the main street of Niagara.

GRADUATE OF MOUNT ALLISON DEAD IN CHINA

Rev. Arthur Hockin, Engaged in Missionary Work, Succumbs to Fever

Shediac, June 4—Rev. Isaac Howie has received news of the death of his son-in-law, Rev. Arthur Hockin, Jr., Methodist missionary in China. Mr. Hockin, a Mt. Allison graduate of a few years ago, accompanied by his wife (formerly Miss Lily Howie, of this town), had been laboring in the province of Szechwan, West China, but was forced to leave his work in there owing to the revolution and had since made his headquarters in Shanghai. For the last few months he had been laboring in the famous district of China. He was stricken with typhus fever and passed away in Shanghai. Much sympathy is expressed for the bereaved wife and little daughter, and also for the parents, Rev. Arthur and Mrs. Hockin, of Canning, N. S.

THOUSAND CHINESE IN MONTREAL PARADE

Celebration Next Sunday in Honor of the New Republic

Montreal, June 4—There will be Chinese dressed as John Bull, Uncle Sam and George Washington, others to represent English, French and American men of war; and a score of English, French and American men of war, and a score of Chinese boys in scout uniforms, when on Sunday next, 1,000 Orientals parade in honor of the formation of a Chinese republic.

There will be four bands, two English and two Chinese and the parade will be headed by a Chinese on horseback, followed by the Union Jack and the flags of all nations, conspicuous amongst which, will be the new banner of the Chinese republic, while a large picture of Doctor Sun, the first president of the Chinese republic, will have a prominent part in the procession.

A Twenty Per Cent Investment

By RUTH CAMERON

DIAMONDS, people say, are a good investment instead of a luxury, because they are increasing in value. With this sentiment the diamond buyer who knows he is being unduly extravagant justifies himself.

Outside my study window a very beautiful white birch has been putting on its spring garments. Faint, frothy suggestions of green have been gradually developing into trailing voluminous vestures.

Two friends of mine are planning to own a house. They are going to borrow most of the money to build it, and naturally they are trying to do so economically as possible in their investment.

Not only are trees a splendid investment from the point of view of the pleasure they give, but also from the value they add to property.

Have you planted any trees this spring? If you haven't, surely you are going to. What if you do live in a rented house, will you not be game enough to risk a few dollars when the only chance you take is that you may give pleasure to someone else instead of yourself?

French Protestant Chaplain at the Dutch Court—Abdul Grows Fat—A Man of Many Battles

Queen Wilhelmina's action in appointing a French Protestant pastor, Rev. M. E. Lacheret, as French chaplain to her court, serves to recall the fact that until the present reign, French, and not Dutch, was the court language in the Netherlands.

Abdul Grows Fat. According to authentic reports from an eminent Berlin physician summoned by the Sultan to Salonica to examine into the condition of his elder brother and predecessor on the throne, Abdul Hamid, who was as thin as a reed before his deposition, has now become not merely fat, but extremely fat, owing to his sedentary habits and his rooted aversion to any form of physical exercise.

Sometimes he selects one of his body servants, by preference his chief valet, for the preliminary taste. Not long ago a mixture containing quinine was prescribed. A trial dose was daily administered to the second valet. New to the duty he, finding it very bitter, made a frightful face, whereat Abdul seized the bottle and dumped out the contents.

Sir Bryan Leighton, who has come into prominence these days, owing to his intention of a charitable contrivance for launching life-boats from the lofty decks of ocean liners, is the only Englishman title who had served under the American flag in recent years, having enlisted as a volunteer at the outbreak of the war.

When peace was restored, he sought further excitement in Mexico, hunting the wild sheep. These proved to be more formidable than either the Spaniards or the Boers, in his case, for he fell and smashed his knee-cap while stalking the shy and active American counterpart of the chamois. Being thus incapacitated, for a time at least, from active mountaineering, he went back home to his beautiful country place in Shropshire, known as Loton Park, which has been in his family for a couple of centuries, the entire estate comprising about 5,000 acres.

There was no defence to the wife's suit, and the custody of the four children of the marriage was given to her by the court. The evidence in the case went to show that the general married Kathleen Gonne for her money, more than for love, and grew more and more neglectful as the years passed, until it was impossible for her to continue enduring the life he made for her.

MISS LUCY TONGE. The Knoxville, Tenn., Journal and Tribune of May 10 says of a St. John young woman—Miss Lucy Tonge is the embodiment of grace, beauty and charm, and will hypnotize all of her auditors into loving her within a few minutes after she appears before the footlights.

What can be the cause of it? It seems to be due to the mode of life during the cold winter months. By living cooped up in overheated, ventilated rooms the lungs are deprived of the life-giving oxygen, the blood becomes loaded with impurities which are not eliminated from the system as they should be by the liver and kidneys.

as it seems worthy of recognition, employing for this purpose last year about 15,000 francs. Sir Bryan Leighton's friends are hoping that his invention will receive the honor of the prize, but it is a little early yet to make prophecies.

Two years later he was engaged in the South African war, fighting for his own country, as an officer of the Imperial Light Horse commanded by Colonel Chisholme.

When peace was restored, he sought further excitement in Mexico, hunting the wild sheep. These proved to be more formidable than either the Spaniards or the Boers, in his case, for he fell and smashed his knee-cap while stalking the shy and active American counterpart of the chamois.

MR. COPP'S MANIFESTO

Every elector in the province of New Brunswick will be interested in the manifesto of Mr. A. B. Copp as leader of the Opposition. From the quality of this document, and what it presents as the policy to be pursued by Mr. Copp and his colleagues, if the government of the province should be entrusted to their hands, the people will judge both the leader and those by whom he is supported. It is not too much to say that in this manifesto Mr. Copp has not only presented the facts concerning the state of provincial affairs, and the acts of the present government, but he has presented a platform which promises more for the upbuilding of the province than any presented by any leader for many years.

It will be observed that at the outset the manifesto deals with the financial condition of the province, whose debt has been increased by more than \$1,000,000 in four years, despite the fact that in these four years the government received \$230,000 more in Dominion subsidy than any previous government had received, and that there had also been an increase in revenue from direct taxation imposed by this government. Mr. Copp very properly asks if there is to be found in the state of the public services of the province any evidence of the expenditure of this great amount of money, and the answer is an emphatic negative.

But while the debt has been increased the public credit has been impaired by the manner in which this government has pledged that credit as security for bond issues, of which that of \$130,000 for Mr. Pinder's railway is a striking example; while in connection with the guarantee of bonds for the Gibson-Minto railway the interests of the province are sacrificed for the benefit of the Canadian Pacific Railway. In this connection Mr. Copp points out also that the Central Railway, which is well worth \$1,200,000 is practically handed over by this government to the Canadian Pacific, when it should have been retained and under Intercolonial operation return a certain revenue to the province.

Mr. Copp deals clearly with the question of the St. John Valley Railway, from the time the government proposed to guarantee bonds to the amount of \$25,000 per mile for a trolley line down to the latest move, which is to refuse to construct the Grand Falls section along with the others, and in the bond issue to provide only for a line from St. John to a point some forty miles this side of Grand Falls. Mr. Copp pledges himself, if returned to power, to force the construction of the railway to Grand Falls, and thereby ensure through connection and Intercolonial operation.

Coming to the question of agriculture, which is the great basic industry, Mr. Copp defends the farmers from charges of sloth or neglect, made against them by the government leaders and press, and declares that they are bearing unequal burdens, which discourage agriculture in the province. He would employ the public credit to encourage the farmers to increase production, and to induce their sons to remain on the soil. He would go further and aid in the establishment of a cheap rural telephone service, provide better roads, and better country schools, and reform the system of school taxation so that wideness lands adjacent to poor school districts would be compelled to bear their share of the cost of education.

Moreover, Mr. Copp would place a practical farmer at the head of the agricultural department, and see to it that money granted for the development of agriculture would not be wasted in paying the salaries of unnecessary officials.

Dealing with the roads, Mr. Copp declares that the government shamelessly broke faith with the people when it passed the present highway act, which permits political partisans to secure for themselves money which should be spent on the roads. If returned to power he undertakes to move the roads entirely out of politics, and place them directly in the hands of the people; he would see to it that the money expended brought results in every district.

The paragraph in which Mr. Copp refers to the crown lands is one of the most important in his whole manifesto. Crown land leases will expire within the next six years. The people of the province do not know either the extent or the value of this great asset. One of the things promised by the Hazen government, but never carried out, was a survey and valuation of the crown lands. Mr. Copp would have this done, and would also conserve the public domain by engaging scientific foresters.

The famous audit act of the Hazen government is very properly passed over by Mr. Copp with the simple remark, the truth of which is known to all, that the mounted safeguards of this act are a mere farce.

Briefly to sum up the policy which will be pursued by Mr. Copp, if he should be the next premier, he will inaugurate a system of state aid to farmers, associate a practical farmer with the administration of the department of agriculture; abolish unnecessary officials and save the salaries; aid in establishing a cheap rural telephone service throughout the province; place the expenditure of the road monies directly in the hands of the people; tax granted wilderness lands adjoining school districts for school purposes; apply the tender and contract system to public works; provide a fair wage clause in government contracts and apply the same rule to days' work; keep the ordinary expenditures within the ordinary revenues; re-survey and value the crown lands, and employ scientific foresters; promote the settlement of crown lands adapted to agriculture, amend the mining laws, protect the fishermen from monopoly, and promote the development of water powers under government control to provide the people with cheap heat, light and power.

There are several especially important planks in this platform, which will commend it to the people of the whole province. State aid to farmers, cheap rural telephones, taking the roads out of politics, surveying the crown lands and pursuing a right policy with regard to water powers in themselves make up a programme which, if carried out, would be of enormous benefit to the province, accelerating its growth, developing its resources and enlarging its industries.

Mr. Copp invites the most careful study of his platform, confident that those who study it will agree that the time has come for the government of this province to take up these great questions along the lines indicated. It should be much easier with this platform in hand for the candidates of the Liberal party to convince the electors that the defeat of the Fleming government would be in the public interest, and the return of Mr. Copp and the Liberal party to power would mean the beginning of a new and brighter era for the province of New Brunswick.

MR. FLEMING AND THE ROADS

The whole province is laughing today at Premier Fleming, the apostle of good roads, who could not attend the convention at Gagetown because of the bad roads. The automobile which it was intended would carry him from Welsford to Gagetown broke a spring on the awful roads between St. John and Welsford, and no man, knowing the state of the roads between Welsford and Gagetown would undertake to cover the distance and return with horse and carriage in the time specified by Mr. Fleming. Hence the premier did not get an opportunity to tell the Gagetown convention about his great highway policy, but came on to St. John and told the Standard to assure the St. John people that the new bridge at the falls would be built, although as yet the forms of tender had not yet been issued.

The next time Mr. Fleming undertakes to visit a place where it is necessary to trust to the condition of the roads, he will no doubt give himself a longer time allowance. Being a gentleman with a fine sense of humor, as shown by his manifesto, he will in the meantime observe that the joke is on Fleming.

Mr. Robert Connelly will not annihilate any Liberals. He represents an American lumber concern that has considerable profitable business with the Fleming government.

In their thrilling appeal to the electors of Salmon River last evening Messrs. Baxter and Carson do not appear to have revealed the present whereabouts of Mr. Various Persons.

Of the Liberal ticket in St. John the Frederick Gleason says:—"And after all, the opposition in St. John were only able to put up a make-shift ticket." The Moncton Times, which has not yet swallowed its own party's candidate in Moncton city says of the St. John city and county Liberal candidates:—"Taking both tickets, the party has not put up such a weak combination for years. Many old time Liberals are supporting the government candidates, and their election is practically beyond doubt." It is with stories of this kind the tory press outside of St. John hopes to influence the electors.

The Tories in Queens and Charlotte have been boasting that they would have no opposition. To their great consternation they awoke this morning to learn that enthusiastic Liberal conventions had been held in those counties and strong tickets nominated. If there was anything the Queens county Tories did not want, it was the presence of such men as Messrs. Carpenter and King in the field against them. The Liberal ticket in Charlotte county is also composed of strong men, who command public confidence, and who will keep their opponents very busy throughout the campaign. The Liberal outlook all over the province is improving every day.

It is not stated that the Lewisville man who has raised a three-legged calf has been a close student of the Fleming-Landry agricultural policy, but his herd never produced a three-legged calf while the old government were in power. It is fair to assume that the credit belongs to the new agricultural policy of which Hon. Dr. Landry is so very proud. This is economy. This is saving one leg in four, and illustrates the importance of having a gentleman skilled in science and anatomy at the head of the department. The three-legged calf, it is announced, will be a feature of the Old Home Week celebration. What returned wanderer, beholding this result of an enlightened agricultural policy in his native province, could ever think of going away again?

J. M. BARRIE IS BRINGING UP LONDON WAIFS

Part of Royalties From Peter Pan Starts Six Youngsters In Life

SEES THEM ONCE A MONTH

New Stories of the Famous Author—Andrew Lang Denies His is Worst Handwriting in England—Funny "Proofs" That Shakespeare Was Bacon

(Times Special Correspondence.)

LONDON, May 22.—J. M. Barrie, who celebrated his 52nd birthday last week, is one of those rare people who really do "do good by stealth and blush to find it fame," and he will not thank the writer for publishing the following details, which were told me by a mutual friend, the other day, regarding a little charitable enterprise of his—one of many, no doubt, if the truth were known—which never be-

J. M. BARRIE.

fore has been written about. No apology for doing so need be made, however, for it is a thing that the thousands of Barrie-lovers all the world over will like to hear of.

All the details cannot be given—Mr. Barrie's friend did not know them—but the essential thing is this, that, unknown to all but one or two people, Mr. Barrie is bearing all the expenses of bringing up half a dozen boys—youngsters minus both father and mother, who would have stood a poor chance of ever being anybody in particular if their cases had not happened to come under Mr. Barrie's notice.

Perhaps, however, it would be more accurate to say that Peter Pan, the boy who would not grow up himself, is bringing these boys up. For every time the fairy play about him is performed—it ran into February 1887 being revived for the eighth time at the Duke of York's Theatre last Christmas and Fanny Chase is now playing it in the provinces—its author's young proteges benefit, Mr. Barrie's share of the royalties from "Peter Pan" should be devoted to them, and once Mr. Barrie has arranged for them, and once every month they have dinner at his house at Leinster Corner, in Hyde Park road, which he occupied for so long. It overlooked Kensington Gardens, where Peter Pan was born and where Frampton's statue of the "Boy Who Wouldn't Grow Up" now stands. Mr. Barrie, as you may know, is the only private person who has a key to the gardens. Perhaps, like Rudyard Kipling, at Rottingdean, he found the attentions of eight-seconds' theatre at all events he has Leinster Corner, and now lives at Burnham Beeches, close to Stoke Poges, where Gray wrote his "Elegy."

New Stories of Barrie
Meanwhile, here are two new and rather amusing stories about Mr. Barrie which were told me yesterday by Charles Fox, who, as one of Charles Frohman's chief representatives over here, frequently sees the author of "What Every Woman Knows." Fox, when asked for further details about Mr. Barrie's "Peter Pan" proteges, proved as communicative as the proverbial oyster, remarking that Mr. Barrie's dislike of publicity being given to his private acts was so great that his name is never even allowed to appear in subscription lists, though few really deserving causes appeal to him in vain.

Fox says that at the time when "Little Mary" was in rehearsal at Wyndham's Theatre, he (Fox) was called on by a London newspaper man who declared that he was determined to interview Mr. Barrie. "I know that he is rehearsing at Wyndham's," he said, "and I want you to introduce me. I'll attend to the interviewing." Of course Fox could not do as he was asked, but he told the reporter that Mr. Barrie was at Wyndham's, and as Fox was not very busy that afternoon, he strolled round, too, as he says, to see the fun. Meanwhile, it seems, the newspaper man had arrived and been told at the stage door that Mr. Barrie was not in the theatre.

As Fox drew near to the play-house, whom should he meet but Mr. Barrie, short of stature, careless of attire, and pipe in mouth, as usual, slouching unconcernedly along in the opposite direction. Mr. Barrie nodded to Fox, and the latter went on to the theatre, in a doorway next to which he found his newspaper man, who had not credited the stage-door man's denial and was engaged in mounting guard. "Well," said Fox, "did you get anything out of Barrie?"

"He hasn't come out yet," said the scribe, "but I know he's in there, and I'm waiting for him."

"Are you sure he has a left?" said Fox. "Dead sure," said the newspaper man, "there's only one person left the building since I've been here—and he was a scene-shifter."

When "Peter Pan" was produced in Paris, Mr. Barrie went across there and tried to supervise things, and half the English colony in the gay city was keen to meet him.

"I'll rely on you," said Mr. Barrie to Fox, "to keep me from being worried," so Fox fought off all the admiring throng. On the morning after they had arrived, he and Mr. Barrie went out for a walk in the Bois de Boulogne and as they strolled along Fox suddenly was greeted by an English-looking man, whom he remembered

Billiousness is Bad Enough
in itself with its headaches, sour stomach, unpleasant breath and nervous depression—but nervousness brings a bad train of worse ills if it is not soon corrected. But if you will clear your system of poisonous bile you will be rid of present troubles and be secure against others which may be worse.

BEECHAM'S PILLS
act quickly and surely—they regulate the bowels, stimulate the liver and kidneys—tone the stomach. Then your blood will be purer and richer and your nerves won't bother you. The whole world over Beecham's Pills are known as a most efficient family remedy, harmless but sure in action. For all disorders of the digestive organs they are regarded as the **Best Preventive and Corrective**

SONS OF TEMPERANCE; THE GRAND DIVISION

Rexton, N. B., June 3.—The annual session of the Sons of Temperance of the Grand Division opened in Rexton division hall here this evening with a good attendance. The following officers were present: Rev. R. H. Stavert, G. W. P. J. Falconer, G. W. A.; Rev. W. R. Robinson, G. S. S. M. Ferguson, G. T. Rev. C. Fleming, G. C.; Fred G. Moore, grand conductor. The officers absent were Past Grand W. P. Bennett and G. T. Rev. H. H. Stuart. Other delegates present were: S. B. Bustin, Edward McCarty, George Jardine, Joseph Stark, W. J. Breit, C. W. Wilson and Col. A. J. Armstrong. There were also quite a number of representatives present from Gent division.

Committees were present as follows: Credentials—Rev. W. R. Robinson, Col. Armstrong, Brother C. M. Clark; State of the Order—Col. Armstrong, S. B. Bustin, George Jardine, Rev. Mr. Robinson, Brother Stark, adult and finance—Edward McCarty, Brother Bustin and Brother Black; enrollment—Brothers Stewart, Keith and Kennedy; programme—Rev. Mr. Fleming, Mr. Bustin, Mr. Scott and Mrs. Jardine and Mrs. Ferguson.

The following candidates were initiated in the Grand Division: F. H. Rowe, George Keith, Robert Stewart, H. M. Stewart, Robert Kennedy, Mrs. H. M. Ferguson.

The report of Grand Treasurer Ferguson was read and showed a balance on hand of \$274.15.

The report of Miss Kirby, G. P., was

read and was encouraging. The progress of the order in the province last year has been exceedingly gratifying, there being a gain of thirteen divisions over last year with an increase of 419 members, making a total membership of 2,610, the largest in many years.

An excellent report from the committee on law enforcement was read by the secretary, Rev. W. R. Robinson. The report contained a list of the good work that had been done among the unfortunate in St. John.

At the meeting of the grand division a meeting of the propagation committee was held and the grand lecturer, Dr. C. Fleming, Rev. R. H. Stavert, presented his report which showed excellent work had been done during the last six months, especially in the North Shore counties.

The reports of the Rev. Mr. Stavert, G. P., and Grand Secretary Robinson will be up on the agenda before the grand division tomorrow. Two sessions of the grand division will be held tomorrow and the following day with a mass meeting in the public hall tomorrow night.

Dr. Morse's Indian Root Pills

are made according to a formula in use nearly a century ago among the Indians of the Northwest. They are the only pills that have been found to be effective in the treatment of the various ailments of the bowels, stomach, liver, and kidneys. They are a household remedy for all ailments of the bowels, stomach, liver, and kidneys. They are a household remedy for all ailments of the bowels, stomach, liver, and kidneys.

LIBERAL MEETING IN ST. MARTINS ON NEXT THURSDAY NIGHT

Judging from the street talk of the last two or three days, the outstanding reports, the Liberal ticket of the St. John city and county will win a splendid victory on June 20. The strength of the ticket when compared to that chosen at the inharmonious meeting of the Conservatives is frequently remarked upon, and it is known that the Conservative party is making frantic efforts to save its men.

The county men, Messrs. Bentley and Anderson, are considered to be highly representative of the very best interests of the constituency. Mr. Bentley's record in the legislature is proving a tower of strength to him in this campaign, and at Mr. Anderson's is a practical farmer who enjoys the confidence and esteem of all who know him.

On Thursday evening Hon. Dr. Pugsley, the county candidates and others are to address a meeting in the Masonic hall, St. Martins.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and give the system a general run-down, entering it through the mucous surfaces. Such articles should never be used except on prescription from a reliable physician. The danger they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by Dr. J. C. Cheney, Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. It is taken internally and made in Toledo, Ohio, by Dr. J. C. Cheney & Co. Testimonials freely by druggists. Price per bottle, 50c. Hall's Family Pills for Constipation.

LONDON TIMES AND COURTESY BAY

A full page dealing with the development work to be carried on in Courtesly Bay by Norton Griffiths & Co., Ltd. is included in a 48-page imperial supplement in the London Times of May 25. A full description of the projected works, with illustrations, is given. An official of the company, in an interview, says that the time found to come when Canada will build her own ships and there will be more than one English company anxious to erect a ship-building plant at St. John's if they do not do so themselves.

The Times says that 300 men will be engaged in the preliminary work this summer and that when the work is fully under way 2,000 will be employed.

Doubtful If National Transcontinental Between Superior Junction and Cochrane Will Be Completed in Time—Railway Men in Ottawa Trying to Rush Vital Link

(Special to Times)

Ottawa, June 4.—Owing to the large amount of work still to be done by the contractors, the National Transcontinental line between Superior Junction and Cochrane, the necessary steps in process of construction, it is now doubtful if this section of the line, giving the Grand Trunk connection with the National Canada will be completed in time to help in relieving the current congestion of western export wheat and other goods.

President Chamberlain and Vice-President Wainwright of the Grand Trunk system, were in Ottawa yesterday confer-

ring with the manager and chairman of the National Transcontinental, relative to the possibility of having this last vital link in the new line ready for operation when the grain begins to move.

If it were not for the Grand Trunk could handle millions of bushels more of western wheat next autumn by bringing grain through from Winnipeg to its own Georgian Bay and lake ports, but at present although all possible speed will be made well construction, it looks as though the road will not be in shape to handle the traffic offering and the company will have to rely largely on the St. Lawrence Superior Junction to Port Arthur, but the storage capacity at Point Arthur and Port William will not be anything like large enough to avoid an early congestion if present western crop prospects are realized.

The railway officials declare that, despite everything they can do, there is bound to be a bad wheat blockade in the west this year. The moral of the turning down of reciprocity is likely to be rubbed in throughout the prairie province harder than ever.

THE GIRL WITH BEAUTIFUL HAIR Uses Newbro's Herculide

There is one sure and certain way for every woman to have beautiful hair, and that is to give it intelligent care, which includes the use of Newbro's Herculide. This remarkable preparation kills absolutely the dandruff germ, eradicates dandruff and prevents the hair from falling. The prophylactic action of Herculide keeps the hair free from disease, and with the scalp sweet and clean a natural hair grows and remains healthy.

Herculide hair scintillates with health and vigor, light and luster, produced only by the well-tuned scalp and hair dressing Newbro's Herculide.

All first-class barbers and hair dressers use Newbro's Herculide.

A sample and booklet will be sent to any address upon receipt of 10c. by the Herculide Co., Dept. K, Detroit, Mich.

Newbro's Herculide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

PREMIER FLEMMING GETS TASTE OF ROADS OF WHICH HE BOASTS

Breakdown as he Makes Efforts to Dodge the Ruts on Way to Convention

If the fate which attended Hon. J. N. Flemming yesterday is a sample of what he is to expect and if the Tory machine is not in better working order than the machine on which he depended for transportation or the road he travelled yesterday, the outlook for the provincial government is distinctly gloomy. The leader of the late administration could not but feel that his experiences were omen that promised ill for the rest of his campaign.

Mr. Flemming was due to speak at the Tory convention in Eggleston yesterday afternoon and proceeded to Welford where he was to meet him in his automobile and convey him to the place of meeting. Unfortunately the Conservative hoodoo had attacked Mr. Smith's car and put it out of commission before he left St. John. He secured another and started out but evidently the bad luck "jinx" was traveling with him and car No. 2 broke down before he reached Welford. Were the wonderful roads responsible? As Mr. Flemming could not get another car in the neighborhood and as he could not get to Eggleston in time by driving he came to St. John.

On arriving he endeavored to reassure

himself by handing out an interview in which he said that the prospects of his party in the coming election are bright.

LOW VITALITY IN THE SPRING

Vigor comes from good, red blood. Almost everybody's blood is thin and watery in the spring. Hence the tired, languid feeling, loss of energy and ambition, and general weakness of bodily organs.

You can feel yourself getting straight and vigor when Dr. Chase's Nerve Food is used. The blood is made rich and pure, the appetite is sharpened, digestion improves, and every organ in the body feels the benefits of the rich, red, self-cleansing blood.

Mr. W. J. Venner, clerk, 20 Brown street, Halifax, writes: "This spring I felt that I needed a tonic. My health was very much run down and my system generally in a weakened condition. Soon after beginning the use of Dr. Chase's Nerve Food I could see that it was doing me good, as I felt very much better. The medicine gradually toned up my system, cured me of headaches from which I used to suffer, and I now take pleasure in recommending it as a grand nerve and general tonic."

OPPOSITION LEADER SUBMITS A SOUND, BUSINESS POLICY FOR GOOD GOVERNMENT AND PROSPERITY

(Continued from page 1.)

Can you justify the government's guarantee of bonds for \$15,000 per mile, or in all \$465,000, for the railway extension from Minto to Fredericton on the agreement by the Canadian Pacific to use Queens-Bunbury coal simply for a period of ten years, at the end of which time the province will be at the mercy of that corporation? Surely you will agree with me that the government ought to have stipulated for the use of the coal during a much longer period, or for a fixed rental sufficient to pay interest upon the bonds. But the foregoing facts of the government, reckless and unprofitable as they are, fade into insignificance as compared to its agreement to hand over to the Canadian Pacific, practically as a free gift the entire line of RAILWAY EXTENDING FROM NORTON TO MINTO, A DISTANCE OF SIXTY MILES, WITH THE BRANCHES TO THE VARIOUS COAL MINES. Under the management of the Commission appointed by the previous government this line was earning a small surplus. Its traffic was steadily increasing and with the completion and operation of the Grand Trunk Pacific it would have proved a paying line. THIS PROPERTY IS WELL WORTH \$1,200,000. YET THE GOVERNMENT HAS AGREED TO HAND IT OVER TO THE CANADIAN PACIFIC RAILWAY COMPANY, not at a fixed rental or for a percentage of the gross earnings, but for fifty per cent of the net earnings. IT IS NO WONDER THAT THE PREMIER IN HIS MANIFESTO MAKES NO REFERENCE TO THESE TERMS on which the government has agreed to hand over this valuable asset of the province to the powerful corporation, into whose lap the administration is pouring its gifts with lavish hand. This wholly unnecessary and unjustifiable sacrifice of provincial property at a time when the Federal House of Commons has unanimously decided that the Dominion government should retain the branch line connecting with the Intercolonial on just and equitable terms and operate them as parts of the system of government railways. This line touched the Intercolonial and would have been a valuable feeder of that system and, if the provincial government had so desired, no doubt it could be taken over on terms yielding to the people of the province a New Brunswick, for all time, forty or fifty thousand dollars per year for the various public services. Further than this the operation of the Central Railway by the Intercolonial would not only give a more satisfactory service to the people, but cheaper local freight rates than under any private corporation.

since has entered into an agreement with Mr. Gould's company ostensibly to build a line from St. John to Grand Falls. But recent events have shown and recurring disclosures daily confirm the belief of the people that the same sinister influences are still at work and dictate, the government's course. Electors of New Brunswick, unless you grapple with this influence and destroy its hold upon the government of our province, there is every reason to believe that Mr. Gould and the Canadian Pacific Railway will succeed in their designs and that the St. John Valley Railway WILL TERMINATE AT A POINT ON THE MAINE BORDER PORTY MILES BELOW GRAND FALLS. IN THAT EVENT THE DOMINION GOVERNMENT WILL BE UNDER NO OBLIGATION TO OPERATE SUCH A LINE, and the railway then will fall into the maw of the Canadian Pacific, and the province of New Brunswick will become responsible for the enormous liability for its construction. WHY SHOULD WE BE BURDENED WITH THE PUBLIC DEBT ALREADY BURDENED, AND COMPROMISE THE SAFETY OF POSTERITY?

IF THE GOVERNMENT INTENDS TO BUILD THE ROAD TO GRAND FALLS AND TAKE THE SECURITY OF INTERCOLONIAL OPERATION, WHY THIS SHUFFLING, THIS SUPERFICIAL AND VAGUE?

SHALL WE EMBARK UPON OUR GREATEST PUBLIC EXPENDITURE SINCE CONFEDERATION WITHOUT THE ENTIRE CONTRACT SPREAD UPON THE TABLE? I APPEAL TO THE PEOPLE TO SAVE THEMSELVES AND THE FUTURE OF THEIR PROVINCE FROM THE DANGER WHICH GONFERNS THEM.

IF, AS A RESULT OF THIS ELECTION, I AM CALLED UPON TO FORM A GOVERNMENT, I WILL FORCE THE CONSTRUCTION OF THE ST. JOHN VALLEY RAILWAY TO GRAND FALLS, AND THEREBY SECURE ITS OPERATION AS A PART OF THE INTERCOLONIAL RAILWAY SYSTEM under the legislation enacted by the Liberal government at Ottawa, pursuant to which forty per cent of the gross earnings WILL BE PAID OVER TO THE PROVINCE OF NEW BRUNSWICK TO PROVIDE FOR INTEREST UPON THE BONDS, and thereby prevent such a large amount for interest being deducted from the provincial revenue available for expenditure upon the roads and bridges and other public services.

AGRICULTURE.

The basic resource of New Brunswick is agriculture. The PROSPERITY of the province rests finally upon PRODUCTION FROM THE SOIL. No government can be successful which neglects this fundamental industry. No policy can promote real prosperity to our people, which does not extend generous and practical encouragement to our farmers.

The exodus from the land and the depopulation of our rural districts continue unabated. While, on the other hand, the consumers of natural products complain against the shortage of supply and the high retail price of farm commodities. THIS LIMITED PRODUCTION ARISES NOT BY SLOTH OR NEGLIGENCE OF THE FARMERS OF NEW BRUNSWICK AS PUBLICLY CHARGED BY THE GOVERNMENT LEADERS AND RE-ECHOED in the government press of the province, but among other reasons by those unequal burdens borne by our agriculturists, which stifle production and so discourage our native farmers as to drive them from the province or their labor to other fields of industry.

TO KEEP OUR NATIVE BORN IN NEW BRUNSWICK! This is the momentous problem confronting our people. All other issues are of secondary importance.

I would gladly welcome all desirable immigrants into our province for permanent settlement. But shall we use the public monies of New Brunswick to assist strangers to fill the places of our own sons and daughters who have migrated through lack of adequate opportunity? Or, shall we employ the public credit to encourage our own farmers to increase the production of their farms and to induce their sons to remain on the soil? Until justice is done our native farmers, no work for the regeneration of agriculture can be productive of practical results.

I PROMISE A SQUARE DEAL TO THE RURAL SECTIONS. If called to power, I will take immediate steps to remove those unnecessary hardships, which work so much loss and inconvenience to the rural citizens of New Brunswick; I will AID in the ESTABLISHMENT OF CHEAP

RURAL TELEPHONE SERVICE: WILL PROVIDE BETTER COUNTRY ROADS; BETTER COUNTRY SCHOOLS AND REFORM THE SYSTEM OF SCHOOL TAXATION, so that the RURAL RATEPAYER no longer shall be obliged to pay excessive taxes for the support of the meanest school facilities, while the timber lands of the school district yield little or no taxation for public purposes.

The appropriations of the Flemming government under the head of agriculture have been largely wasted from year to year in the salaries of many unnecessary officials, whose services are of little benefit to agriculture. Hundreds of dollars of the agricultural grants likewise are wasted from year to year by payments to partisan newspapers under the barefaced pretence of publicity in the interests of agriculture.

No practical results can be accomplished in the department of agriculture without the association of a practical farmer acquainted with the real conditions and needs of agriculture. We propose to associate such a man with the direction of this department and to bring it into close and profitable relations with the farmers of the province.

THE VALLEY RAILWAY.

The government seems to bestow upon itself great credit respecting the St. John Valley Railway. But before it ever attained power that project, fostered by its predecessors and the former Federal government, had reached a stage where no success was assured and the construction of the railway certain of commencement at an early day. As leader of the provincial opposition, I have every sympathy with the natural aspirations of the people in the St. John Valley counties for this long needed addition to our provincial system of railway transportation. But the printed acts and the formal resolves of the recent Legislature, at the instance of the present government, set forth a record of one of the most reckless propositions ever negotiated or attempted in our provincial history, and which would have burdened the province with an enormous liability for the construction of a system of transportation altogether inadequate to meet the pressing needs of the communities affected. I ask only for the sober judgment of the people of this province. What are the facts?

In reckless disregard of the provincial credit, THE PRESENT GOVERNMENT PROPOSED TO GUARANTEE TO THE AMOUNT OF \$25,000 PER MILE THE BONDS OF A SECOND CLASS TROLLEY RAILWAY! To run from a point on the border of the State of Maine, where it would connect with an electric railway line owned by a company, if which Mr. A. B. Gould is the leading spirit, and which is operated by the Canadian Pacific Railway to a point on the line of the latter company. NO PROVISION OR SECURITY WAS MADE FOR THE PAYMENT OF INTEREST OR PRINCIPAL OF THE BONDS! Such a proposition, if the government had been allowed its way, would have involved the province of New Brunswick in bankruptcy. Filled in this manner contrary to the determined action of the former Minister of Public Works and his colleagues from New Brunswick, the present provincial government gave way. It

THE ROADS.

FOUR YEARS AGO no promise of Hasen and Flemming evoked more general support than their pledge to improve and maintain our roads with less money. TODAY, from all over the province, is heard the indignant complaint of our people, who in common judgment pronounce their roads to be a worse condition than before.

In no matter has the government so shamelessly betrayed faith with the people as in the passage of the present Highway Act. Under the color and pretence of vesting the administration of the roads in the county councils of the province, it enacted a measure, which in design and effect bestows this great public service as COMMON BOOTY AND REWARD TO A POLITICAL MACHINE BY WHICH THE ROAD MONIES NOW SWELLED ALMOST DOUBLE THROUGH INCREASE OF TAXATION ARE MANIPULATED AND WASTED TO SERVE THE SORDID ENDS OF PARTY FAVORITISM.

I state unreservedly that until the administration of our roads is removed entirely from the baneful influence of party politics, no road act or policy can be of honest and effective value. THIS GREAT PUBLIC SERVICE long neglected and abused, yet so essential to the happiness and prosperity of our people and the reputation of our province MUST BE PLACED DIRECTLY IN THE HANDS OF THE PEOPLE, THEMSELVES. In every school district there are men of ample ability and integrity to undertake the construction and maintenance of our roads and highways. SUCH A SYSTEM OF LOCAL GOVERNMENT AND DIRECT RESPONSIBILITY WOULD BE THE GUARANTEE OF HONEST AND EFFICIENT ADMINISTRATION of the road monies, which now are little better than wasted from year to year.

THE CROWN LANDS.

The past four years have witnessed more waste on the Crown lands of New Brunswick than during any period of their history. The reduction in the size of the logs permitted to be cut, if continued, inevitably means the early disappearance of this great asset, which people of today hold in trust for their posterity. There is a widespread DEMAND for information and publicity concerning this chief source of provincial revenue. The expiration of the Crown land leases within the next six years renders it imperative that the fullest information shall be ready and in hand; otherwise how can new leases be granted upon terms fair alike to the people and the lumbering interests of the province? No work of conservation or reforestation or any intelligent policy can be laid down respecting the public domain until a survey of these Crown lands has been made and an accurate appraisal returned of the extent, resource and value of the same. The neglect to make such a survey is another of the broken promises of the Flemming government. THERE SHOULD BE NO LONGER ANY MYSTERY OR DOUBT CONCERNING THIS GREATEST ASSET OF OUR PROVINCE.

After three years of trial the Audit Act stands revealed an impotent measure and its vaunted safeguards demonstrated to be a farce. Like the Highway Act of the government, it was proclaimed with loud assurances of reform; but it was drawn and equipped with those provisions which have rendered it the convenient cloak and instrument of partisan design.

The foregoing are some of the reasons upon which the government should be condemned. Many others might be stated, which will be laid in detail before the electors during this campaign. If called upon to form a government, I will exert my best efforts to save the province from the disastrous effects of the pernicious legislation and agreements enacted and entered into by the administration. Every effort will be directed to giving the province a business-like, prudent and progressive government.

THE PLATFORM.

The new administration will inaugurate a POLICY FOR THE RELIEF AND BETTERMENT OF AGRICULTURE; By introducing legislation with a view to assisting provincial farmers, who lack the necessary capital to bring their lands up to a satisfactory productivity, such assistance to be by financial aid under proper safeguards, by long term loans upon the provincial credit, at a low rate of interest and easy terms of repayment, thereby increasing development and production and encouraging our farmers and their sons to remain in the province.

By associating a practical farmer with the administration of the Department of Agriculture—

By abolishing unnecessary offices in the Department of Agriculture so that the appropriations therefor may serve their purpose and no longer be largely wasted in salaries and traveling expenses of useless officials—

By aiding the establishment of cheap rural telephone services throughout the province—

By removing the administration of the roads absolutely from politics, and place the expenditure of the road monies directly in the hands of the people, thereby abolishing the waste of the monies passing through expensive and unnecessary officials—

We will provide for the taxing for school purposes of granted forest lands lying in school districts (which now escape taxation), thereby improving the schools of remote and depopulated sections, and relieving from the present excessive rates the farmers who remain upon the land in these districts—

We will, except in cases of imperative urgency, put up all public works to tender and award the contract therefor to the lowest bidder—

We will provide in all government contracts, conditions to secure the payment of such wages as generally are accepted as current in each trade for competent workmen in the district where the work is carried out; this to apply also to work undertaken by the government which is done by necessary day's work—

We will keep ordinary expenditures of the province within the ordinary revenues—

We will undertake a re-survey and valuation of the Crown lands of the province and to provide for the conservation of our forest revenue under the direction of scientific foresters—

We will promote and encourage the colonization and settlement of the Crown lands, which are adapted to agriculture—

We will amend the mining laws of the province in the interests of bonafide development and to prevent the holding of mineral areas by speculators.

We will not permit any legislation or departmental regulation to interfere with the customary privileges of the fishermen respecting the oysters, clam and quahaug beds along our shores, or support the creation of any monopoly in such oyster, clam or quahaug fisheries to the injury of the small fishermen—

We will introduce legislation to set aside certain streams, lakes and rivers, wherein the residents of this province, upon the payment of a nominal license fee and subject to proper regulations, may have the right to fish—

We will give careful attention to the development of the various water powers of the province under government control with a view to transmitting and supplying electricity at actual cost to manufacturers, farmers and others who might, with advantage, use this modern source of heat and power—

We will no longer permit the granting of these valuable water powers and franchises to companies for the purpose of private speculation to be held for gain against bonafide manufacturing interests seeking cheap power—

Upon this platform and my criticism of the administration, I confidently appeal for your support.

I am, yours faithfully,
A. B. COPE

SPORT NEWS OF A DAY; HOME AND ABROAD

Houlton Won Again. The Marathons were again defeated by the Houlton team in their game on the Marston grounds yesterday afternoon, 8 to 6. It was a better exhibition than the morning, and was much enjoyed by the large number of fans present. Barry started to pitch for the team but, in the sixth inning, was replaced by Wood. The Houlton club had Anderson on the mound and he pitched a good game. Fryer, the Marston's new second sacker, played right field. Both teams played fairly good ball, although there was an occasional balloon ascension. The Marathons will go to Woodstock on Thursday.

Local Games. The Fredericton baseball team defeated the Woodstock team by a score of 2 to 1 in Fredericton yesterday afternoon. Bates pitched for the winners and Bellevue for Woodstock. Several new men played with the Woodstock team, including Bellevue, Corcoran, Cooney and Duff. In Moncton yesterday afternoon the M. A. A. team defeated the St. Joseph's College team, 6 to 2. Angoin and LeBlanc were the battery for the college and Croasman and McDonald for Moncton. In the City League game the St. Bernard's and the C. A. played a tie, 3 to 2, seven innings.

The Crescents defeated the Stars 12 to 4 in a game to Paddington's Field last night. Coates pitched for the winners and Ross for the losers.

Wolstag and McFarland. The breach between Wolstag and McFarland is widening and in New York opinion was expressed that they would never meet because of the difference in weight. Wolstag insists upon 133 pounds at six o'clock and McFarland has decided that he will not do that weight limit at any time. He is willing to make 133 pounds four hours before ring time and will not budge an inch. Wolstag's manager has notified Manager Gibson of the Garden A. It is evident that Wolstag, if he expects to secure matches in New York city, will have to lower his terms.

LEGISLATION OUT OF TITANIC DISASTER

Ocean Safety Act of 1912 is Submitted in United States Senate

Washington, June 4.—An all-inclusive bill to be denominated the ocean safety act of 1912, designed to cover all the navigation lessons drawn from the Titanic disaster, was introduced yesterday by Senator Nelson, of Minnesota, chairman of the commerce committee which, through a subcommittee, investigated the disaster. The bill includes stringent regulations for better wireless equipment, continuous operation, on ocean and great lakes vessels carrying fifty or more passengers, just as provided in a bill which passed the house yesterday and almost identical with a bill already passed by the senate. This wireless section vests control of the apparatus in the master of the vessel and, to avoid the wireless communication being shut off by failure of the engine, requires a powerful auxiliary power supply that can communicate 100 miles at all times. The Nelson bill would recognize foreign steamship laws whenever they are as effective as American laws and would equip every craft leaving an American port with sufficient lifeboats to accommodate every body aboard; together with other safety equipment, and would create a commission of five to investigate merchant marine construction here and abroad. It would require rigid port examination, boat drill, define qualification of seamen, penalize failure to assist any person in distress at sea, and make criminally liable any master, manager or steamship director or principal resident agent of a foreign steamship for sending from an American port a vessel so unseaworthy as to endanger life.

KNOCK-OUT BEATEN BY DENTIST

New York, June 4.—Leach Cross defeated K. O. Brown in a ten round bout with which Madison Square Garden was reopened last night as a boxing institution. Cross weighed in at 133.14 at the ring-side and Brown was two pounds lighter. Brown had the better of the first two rounds, the third was even, Cross took the next six and Brown finished strong with slightly the better of the last round. Brown played to the body with lefts, using his right occasionally to the head, while Cross jabbed with his left and used right uppercuts. Cross scored two knock-downs, one in the fifth with left to the face and a right swing to the jaw, and again in the seventh, but each time Brown was up instantly fighting back hard, and a tag test round ended remarkably with clever in-fighting.

STRIKE AND RIOTS FOLLOW THE ELECTIONS

Breslau, June 4.—An industrial strike was inaugurated yesterday in Charlottenburg in protest against the government victory at the polls. Several thousand miners and glass workers are out. Liege, Belgium, June 4.—Serious disorders occurred here last evening. The worst clash took place in front of the socialist club where a meeting had just concluded. The gendarmes were forced to use their arms and three persons were killed and fifteen wounded. At the city hall street cars were derailed and windows smashed.

MORNING NEWS OVER THE WIRES

Rev. J. R. McKay, of Tabernacle, has accepted a call to Middleville, Ont. He has been pastor of the Presbyterian church at the former place for some time. The Christ Church Cathedral Chapter has purchased as a residence for Bishop Richardson, the property at the corner of Church and George streets, in Fredericton, at a cost of between \$7,000 and \$8,000. The provincial government has agreed to purchase, at a price slightly in excess of \$10,000, a residence for the bishop at his residence, at the corner of King and John streets. The government is using the building for department offices. Mr. and Mrs. R. G. Frewelling of Hampton observed the twenty-fifth anniversary of their wedding on Saturday. Friends who gathered were numerous. The bride was Miss Emma Phillips, of Cole's Island. The bride looked charming in a suit of blue with hat to match. The ceremony was performed by Rev. W. Camp, of Leinster street Baptist church. The happy pair will reside in St. John. The wedding of Miss Gertrude Raymond, eldest daughter of Mr. and Mrs. W. P. Jones to Carl Wetmore of St. John, of the engineering staff of the C. P. R. took place yesterday morning in St. Luke's church, Woodstock. The bride was attended by Miss Alice Boyer and Charles J. Jones was the groomsmen. The ceremony was performed by Rev. A. S. Hanzl. After the wedding breakfast Mr. and Mrs. Wetmore left by private car for Presque Isle and will make their return trip by canoe.

NEW GOLD DISTRICT A DISAPPOINTMENT

Cobalt, June 3.—Halleybury and Cobalt prospectors who joined the gold rush into the Whiskey River district north of Massey, have returned home disappointed with what they found. In fact some of those who left here went only as far as Massey Station, there meeting those who had preceded them out. It is said that Jack Wilson of Dome fame, has staked all that looks good in the district. Wilson and his associates have a number of claims and some good surface showings. The country is a granite and quartzite formation with schistose intrusions and is said to be difficult to prospect. Practically no staking was done by the Temiskaming men.

WEDDINGS

A wedding took place last evening at 72 St. James street, when Jesse C. Wyman, of Freeport (N. S.), was united in marriage to Miss Emma Phillips, of Cole's Island. The bride looked charming in a suit of blue with hat to match. The ceremony was performed by Rev. W. Camp, of Leinster street Baptist church. The happy pair will reside in St. John. The wedding of Miss Gertrude Raymond, eldest daughter of Mr. and Mrs. W. P. Jones to Carl Wetmore of St. John, of the engineering staff of the C. P. After the wedding breakfast Mr. and Mrs. Wetmore left by private car for Presque Isle and will make their return trip by canoe.

WAS TERRIBLY NERVOUS. WOULD START AT THE LEAST NOISE.

Wherever there are people who are troubled with damaged nerves they will find that Milburn's Heart and Nerve Pills will restore the equilibrium of these damaged centres, and bring back the shattered nervous system to a perfect condition. Miss Emma Read, Lady, Ont., writes: "I have great pleasure in writing to tell you about the great benefit I have received by using your Milburn's Heart and Nerve Pills. About a year ago I was very badly run down and could hardly do my work. I tried different medicines but none of them did me any good. I was terribly nervous, and would start at the least noise, and even start in my sleep, which made me very weak. I used two boxes of your pills and I am now well and strong as usual." Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25. For sale at all dealers, or will be mailed direct on receipt of price by The J. Milburn Co., Limited, Toronto, Ont.

STOLEN WATCHES IN STUMP OF A TREE

Pearls in Holes Bored in Bottom Edge of a Door. Halleybury, Ont., June 4.—Douglas Thomson, former hotel manager in Cobalt, and later a fur trader and prospector, has revealed to the police the hiding-place of jewelry stolen from the Curtis-Deffeo Company, Ltd. on May 17th. Thomson, although apparently an amateur, showed an expert knowledge in his work. He was brought to Halleybury by Inspector Boyd, of Toronto, and was arranged and remanded. After his arrival here Thomson took the police to the west part of the town and showed them eight watches hidden under a tree stump. At his home in Main street he took off a door and showed where he had bored holes for more than three hours the firemen found the place where three pearl necklaces, pearl rings, a seventeen diamond bracelet, and other jewelry.

MOVING PICTURES IN DEPTHS OF VESUVIUS

Naples, June 4.—Professor Mellera, assistant director of the observatory on Mount Vesuvius, has made another descent to the bottom of the crater, accompanied by a cinematograph operator, who photographed the emission of vapors and other phenomena.

SPECTACULAR FIRE UNDER BROOKLYN BRIDGE

New York, June 4.—A seven story building almost under the Brooklyn Bridge, aflame from basement to roof, last night, provided one of the most picturesque fire spectacles which New York has seen in many years. The building was occupied by Lewis Bros., ink manufacturers. The explosion of great quantities of chemicals sent windows and doors and bricks flying across the street, causing a small panic among the patients in the Volunteer Hospital less than two blocks distant. Hundreds of police reserves were called to clear Brooklyn Bridge of traffic and for more than three hours the firemen fought the blaze from the bridge and street. A dozen firemen were hurt by falling glass. The loss is upwards of \$100,000.

SEVENTY YEARS IN RAILROAD WORK

Death of Man Who Had Record of Service in United States. Spokane, Wash., June 4.—Moses Brinkerhoff, eighty-seven years of age, died at his home here May 26 after a sickness of three weeks. He was the oldest railroad man in the United States in point of service and one of the first passenger conductors on the Northern Pacific railway at St. Paul. He began his career as a brakeman on the New York Central in 1842 and was afterward employed on the Lake Shore & Mississippi system. As a conductor on the Panama railroad in 1856 he saved a train of bullion from brigands and natives. His service was recognized by the company and the passengers. He was transferred to the Northern Pacific railway soon after the rails were extended to the Dakotas and when he became incapacitated by defective hearing, thirty years ago, he was pensioned, but continued to act as coal agent at Fargo, N. D., from which city he moved to Spokane twenty-three years ago, passing the latter years of his life as a collector in the freight department.

CHINATOWN GANGS IN A REVOLVER FIGHT OVER FICKLE QUEEN

One Man Probably Fatally Wounded in Fusillade of Shots. New York, June 4.—Rival gangs of Chinatown rowdies fought a revolver battle on Sunday night to gain possession of Wanda Murphy, queen of one gang, who had deserted her followers. Forty or more shots were fired before the reserves could reach the street. The gangs melted away before the police arrived. Jack Selig, leader of the gang, whom Wanda deserted, was shot in the head and probably will die. Selig led his gang to a Chinatown saloon in quest of the missing "queen." There he encountered "Louis the Lump," and his followers, and they fought it out until the police arrived and arrested the leaders. Asia is a land of superlatives. It is the oldest country in the world so far as the history of man can be traced. It is the largest continent in the world. It has the four highest mountain peaks. The longest single line of railroad crosses this continent. And in that country is the world's largest inland sea.

PEARLS IN HOLES BORED IN BOTTOM EDGE OF A DOOR

Halleybury, Ont., June 4.—Douglas Thomson, former hotel manager in Cobalt, and later a fur trader and prospector, has revealed to the police the hiding-place of jewelry stolen from the Curtis-Deffeo Company, Ltd. on May 17th. Thomson, although apparently an amateur, showed an expert knowledge in his work. He was brought to Halleybury by Inspector Boyd, of Toronto, and was arranged and remanded. After his arrival here Thomson took the police to the west part of the town and showed them eight watches hidden under a tree stump. At his home in Main street he took off a door and showed where he had bored holes for more than three hours the firemen found the place where three pearl necklaces, pearl rings, a seventeen diamond bracelet, and other jewelry.

LOCAL NEWS

SUGAR DOWN.

All grades of sugar declined ten cents this morning on the local market. This is the third drop in prices within the last two weeks. The market is reported very unsteady and indications are that the price may be still lower.

PRESBYTERIAL MEETING.

The annual meeting of the Women's Presbytery in connection with the mission work of the Presbyterian church will open in Shediac tonight. Among the St. John delegates are Mrs. James Rose and Mrs. L. A. McLean, of Calvin church, who left for Shediac at noon today.

CALLED TO CAMPBELLTON.

Sedney Record—It is learned that Rev. J. H. Jenner, of North Sydney, has received a call to the pastorate of the Baptist church of Campbellton, N. B., but has not yet decided to accept the offer. Rev. Mr. Jenner has just returned from Campbellton, where he presided in the Baptist church on Sunday last.

BURIED TODAY.

The funeral of John Blagden was held this afternoon from his late home at Blagden to Mount Hope cemetery, Kings county. He died at his home on Sunday after only a short illness. One sister, Miss Mary Ann, survives. Mr. Blagden had many friends here as well as in Kings county, who heard of his death with regret.

FINE STONE BUILDING.

The plans for the new building for the Bank of British North America on the Wilcox site on the corner of Market Square and Dock street will provide for a building of the most modern construction. The details have not been altogether settled, but the suggested plans call for a substantial structure of stone, about five stories in height. Passenger elevators will be installed, and the upper floors will be fitted in an attractive manner for offices, for which there is a great demand in St. John at present.

METHODIST MEETING.

The first session of the annual conference of the St. John Methodist district was opened this afternoon in Centenary church parlors, with about twenty clergymen in attendance. The session was devoted to a discussion on church work and spiritual matters. Rev. Dr. Flanders presided. Tomorrow morning the first general session will be held, and there will be present representatives from the various churches. At this meeting the matters to be dealt with relate chiefly to the financial side of church life. The conference will end tomorrow night.

LILY LAKE RACES.

A citizen, who would be glad to see the people of St. John make greater use of their opportunities for outdoor pleasure, asks why boat and canoe racing on Lily Lake cannot be revived. He makes the very valuable suggestion that a series of races on the lake would be a great feature of the celebration in connection with the dedication of Rockwood playground, when Their Royal Highnesses, the Duke and Duchess of Cornwall, are here in August. It would give pleasure to an immense crowd of people, and do much to popularize the park.

POLICE REPORTS.

Louis Donovan has been reported by the police for throwing stones in Moore street, and also for breaking windows in William Clark's house in Rockland Road. Myer Budovitch has been reported for obstructing the sidewalk in Pond street with junk and rubbish.

James W. Hann, Ludlow street; C. W. Goodwin, Winslow street; Michael Donovan, Rodney street; G. F. Morris, Winslow street; Theodore Stackhouse, Ludlow street; Timothy Donovan, Queen street; and J. M. Galbraith, King street, have all been reported by Sergeant Finley for conducting a meat business without a license.

WINTER COMING AS MARATHONS' MANAGER

Further Strengthening of The St. John Team—Other Diamond News

Arrangements were practically completed today by the management of the Marathon Baseball Club to have George Winter, who pitched last year for the Marathons, and who at present pitches with the Toronto Club, in the International League, come here some time during the next two weeks and take charge of the Marathon team, acting in the capacity of playing manager. Winter pitched several good games for the Toronto team this season and will materially strengthen the Greeks. Besides being a good twirler he is a good shortstop, and in fact can play good ball in any position.

Joe Tarbell and his brother were expected to arrive at St. John on Monday report next week. The Greeks have now on their roster four pitchers and three catchers.

The game in the Commercial League tonight will be between the McClary McGee and the Royal Bank of Canada team. It will be played on the Barrack Green. Donovan will pitch for the McClary team and Campbell for the bankers. Henderson will umpire.

The Alerts and Nationals are scheduled to play in the East End League tonight on the Erin street grounds.

The next game to be played here in the N. B. & Maine League will be on Friday when the Woodstock team will try conclusions with the locals. Those teams will also play on Saturday.

MICHAEL L. BARRETT AND MISS OWENS WED

Interesting Matrimonial Event in the Cathedral This Morning

There was a matrimonial event of much popular interest this morning at half past nine o'clock in the Cathedral of the Immaculate Conception when John A. Owens gave his daughter, Miss M. Regina, in marriage to Michael L. Barrett, of East St. John. The ceremony was solemnized by Rev. A. W. Meshan in the presence of friends and relatives. A brother of the groom, Daniel J. Barrett, acted as best man, while the bride's sister, Miss Josie M. Owens, assisted as bridesmaid. Her two little cousins, Evelyn and Philip Bowes, also took part in the ceremony.

The bride was nicely attired in a costume of white marquisette trimmed with white satin. She wore a black picture hat and carried a bouquet of bridal roses. Her sister, as bridesmaid, was prettily gowned in pink marquisette with pink satin trimmings, and wore a black hat with pink roses as trimmings. She carried a bouquet of pink roses.

After the wedding the bridal party and guests drove to the home of the bride's parents, 98 Coburg street, where a dainty luncheon was served and later Mr. and Mrs. Barrett left for a honeymoon trip through the eastern provinces. On their return they will make their home at East St. John. They were tenderly remembered by a large circle of friends and received valuable souvenirs in a varied assortment of silvers, china, cut-glass and other presents.

The bride has been a popular employee with the Mary Military Company and her associates there, showed their esteem by presenting to her a handsome cut-glass set. The groom received a substantial check from his father. Both Mr. and Mrs. Barrett are popular with a large number of friends whose best wishes they merit and enjoy.

THREE BIG LIBERAL MEETINGS IN KINGS COUNTY THIS WEEK

The Liberals of Kings county are carrying on a spirited campaign and have arranged several good meetings for this week.

Tonight in Havelock, Hon. H. R. Emerson is to speak, along with the three Kings county candidates. In Norton on Friday night, Hon. Frank J. Sweeney and the candidates will give addresses, and on Saturday night, in Hampton, Hon. William Pugsley and the candidates will speak at a big rally.

NEW MANAGER OF BRITISH BANK HERE

A. C. Skelton, who will succeed A. P. Hazen as manager of the St. John office of the Bank of British North America, arrived in the city today. He has been manager of the branch in West Toronto and comes to St. John with an enviable record. Mr. Skelton's family will remain in Toronto for a couple of months longer.

Mr. Hazen will remain in St. John for two or three weeks to assist the new manager in becoming acquainted with local conditions before leaving to assume his position of greater responsibility in Montreal.

TODAY'S POLICE COURT

In the police court this morning two prisoners charged with drunkenness were dealt with. One was fined \$4 and the other was remanded. William Powell, arrested on charge of wandering about in Carleton on Sunday night, was brought into court and further remanded. The young man has been declared of unsound mind. He acted strangely in the court this morning. He will be examined again, and will be either sent to the hospital or back to his home in Newfoundland.

It was between three and four o'clock that he was arrested and he had just been aboard one of the schooners lying in a slip on the West Side. He would not go ashore for the captain, so the police were called and he was arrested. He is about twenty-one years of age.

The case of Wellington Bacon charged with not supporting his wife, was to have been resumed this morning, but was further adjourned until Friday morning at ten o'clock.

Moncton Case Adjourned
Moncton, N. B., June 4—(Special)—A case against Christopher Hozeman at the instance of his daughter, was resumed in the police court this morning and the case was further adjourned until Thursday morning at eleven o'clock.
