WALL STREET TODAY.
 The disturbance in speculative sentiment due to the decision against the Standard Oil Company caused a feverish and irregular movement in prices on the stock market opening. Vigorous support and measures induced good advances in a few stocks, but the majority of issues were lower under free offerings. Losses ran in American Cotton Oil and Allied Chemicals, Pfd to 1/2, Amalgamated Copper and American Telephone Pfd, Missouri Pacific, M. & St. J., Union Pacific, Western Union, Interurban Met, Pfd and Pressed Steel Car, and Southern Pacific. Atchafalpa, Pennsylvania and C. O. large fractions. American Smelting was lifted 1/4, "consolidated Gas 1, and Reading and Anacostia large fractions. Amalgamated Copper rallied a point immediately after the opening, but the general movement continued very weak.

MONTREAL STOCKS.

Montreal, Nov. 22.—(Special)—Prices of stocks were heavy today. Dominion Steel was off to 67 1/2, after opening at 68 1/2. High levels much more conservatism is desirable than is necessary under other circumstances. But speculative interests are not heavily influenced by considerations such as these and a higher market is confidently expected when the money measure is removed.

NEW YORK FINANCIAL BUREAU.

New York, Nov. 22.—Any heaviness in the market today (because of the developments of Saturday) should be regarded as presenting excellent buying opportunities in the low priced stocks. Some irregularity and movement would not be surprising, but we expect to see good support and later recoveries. Those who have holdings higher than the closing of Saturday ought to average. The dominant news development over Sunday is of course the Standard Oil case and its resolution order by the lower U. S. courts.

GEOLOGICAL MAP OF ROSSLAND MINING CAMP

Geological map of Rossland Mining Camp, B. C., scale of 1:200,000. Published by the Geological Survey, Department of Mines, Ottawa, 1909.

A geological map of the Rossland Mining Camp, to a scale of 1:200,000 (No. 1094) has just been published by the Geological Survey, Ottawa. It differs from the geological map of Rossland town and environs (No. 1022) in that it shows the geological structure of the entire area, and is a valuable addition to the geological literature of the province.

A special feature is that the approximate position is marked by separate colors, and the geological structure is shown in a clear and concise manner. The map is an admirable example of draughtsmanship, and the engraving is of the highest quality. It is a valuable addition to the geological literature of the province, and is well worth the attention of all those interested in the geology of the Rossland Mining Camp.

The map is available for purchase at the Geological Survey, Ottawa, at a price of \$1.00 per copy. It is also available for purchase at the various bookstores in the province.

DOG SAVES FAMILY FROM THE FLAMES

Brantford, Ont., Nov. 21.—Fire originated in a peculiar way in the cellar of Edward Curran, Murray street. While the family were asleep flames broke out in a chicken incubator which had not been in use for two years. The cause is supposed to have been combustion in the inner works of the outfit.

The blaze spread rapidly in the cellar and into the house. The dog, which was in the cellar, barked and licked her face. She aroused her house, which rushed through the open door, and summoned the firemen.

The actual damage was confined to the cellar, amounting to \$100.

A LAWYER IN MANY ROLES.
 A Maritime barrister has established a singular record by figuring as prisoner, magistrate and advocate within the space of five hours. He opened this eventful session by taking place in the dock of the Port de France police court to meet a charge of assault, and having succeeded in proving considerable provocation, was set with a slight fine. While the next case was being heard one of the magistrates was seized with indisposition. The only available substitute was the barrister, who thereupon took his seat on the bench, and helped to try several cases. In the course of the afternoon the temporary magistrate resumed his functions in time to plead for a defendant who had been committed to prison several days previously.—London Chronicle.

VICTORY BAD ENOUGH

In a corridor of one of the University of Texas buildings, there is a large replica of "The Winged Victory." A waggishly inclined student observed the headless, armless, footless statue, and wrote under it: "God pity Defeat!"

BODY FOUND IN RIVER NEAR FREDERICTON

Chas. J. Burpee of Sheffield Dead—Funeral of Albert Marshall

Fredericton, Nov. 21.—The mystery surrounding the disappearance of Edward Chas. laborer, some time ago, was cleared up this afternoon when his body was found floating in the river about a mile below Morrison's mill.

The body was found by an Indian who was canoeing at the time, and paddling ashore, he reported the matter to Dr. Crockett, who chanced to be passing.

At the doctor's suggestion he towed the body ashore and notified Coroner McEwan, who immediately drove to the scene of the discovery. The body was that of Chas. J. Burpee, a resident of Sundry county. He had been ill for some weeks and news of his death created no surprise in the neighborhood. Deceased conducted a general store at Sheffield for many years with considerable success and had a large circle of friends. He was for thirty years a member of the Sundry municipal council and had filled the office of warden in a satisfactory manner. Failing health compelled his retirement from municipal politics in October of this year. He was seventy-seven and survived by a widow and two brothers, David C. G. Gibson, and Thomas N. E. Simmons, of Gibson, and Mrs. Albert Ferguson, of Sheffield. Chas. J. A. and S. Dow Simmons, of this city, are nephews.

The funeral of the late Albert Marshall, who died from the effects of a fall at the cotton mill, where he was employed, took place at Marystown this afternoon. Public sympathy over the sad affair was expressed by a very large turn out of citizens. The funeral was under the auspices of the Methodist church, and a delegation from this city joined with their brethren at Marystown in paying a tribute of respect.

Rev. J. C. Berrie, assisted by Rev. Mr. Cann, and interment was made in the Methodist cemetery. The Rev. Dr. Torrie, the noted evangelist, will conduct a campaign here in May next.

MEN AWAY FROM HOME

Morris Green, a former resident of West St. John, who removed to Winnipeg about ten years ago with his family, where he was employed as trackmaster for the C. P. R., was accidentally killed there on Friday night last. Corey Green, a brother of the deceased, who lives in Carleton, received a telegram telling him of the death of his brother on Saturday last, but outside of this nothing more has been learned. Mr. Green, when he lived here, was a brakeman on the C. P. R. and ran between McAdam and St. Stephen. He was between forty-five and fifty years of age and leaves behind him a wife and family, three brothers—George and T. Corey, of West St. John, both conductors on the New Brunswick Southern railway, and Herbert, of Owen Sound (Ont.) He also leaves four sisters—Mrs. Thomas Anderson, Mrs. James McLaughlin and two unmarried sisters. He was a son of the late Thomas Green, a well known ship carpenter, of Carleton.

Isaac W. Ketchum, of the west side, received word of the sudden death of his brother, Charles, in Galveston, Texas. Mr. Ketchum was in his first year. He was a native of the west side, and left St. John when a boy and went to Texas. About ten years ago he was stricken with paralysis and had never fully recovered, and death was due to that cause. Mr. Ketchum is survived by a wife, one brother, Isaac W., and one sister, Miss Kate A. of Rainbow, N. Y.

The Ottawa correspondent of the Standard charges that the Canadian government failed to meet the views of the admiralty and complete the naval defence line of the empire. Then this writer says:—

THE GOLDEN GRAIN

Based on the calculation on a statement issued by the Northwest Grain Dealers, Association of Canada, a correspondent of the New York Journal of Commerce figures out the probability that the farmers, on account of the export trade in wheat alone, will gather in a total of \$85,000,000 for the season, of which amount they have already received more than half.

CARING FOR THE YOUNG

The remarks of Miss Marshall Saunders on the subject of summer and winter playgrounds, quoted in the Times on Thursday, should carry weight. It is perhaps commonplace to say the little ones must play winter as well as summer.

REAL TROUBLE

It's little that I care For the burdens I must bear; It's not the little trials Here that fret. In my heart I'll keep a song, Though a friend may do me wrong. At poverty and debt, I can take my share of woe, Grieving ever as I go. And I'll fight off grim Depression and the blues, But I still insist that I Have a right to grovel and sigh, When I'm breaking in Another pair of shoes. I can stand the iron heel Of oppression and not squeal, Undaunted and misfortune I can greet, Though my money slips away I can smile and still be gay, And I never whine Or whinge at defeat. Old Man Trouble, I declare, With his daily grist of care Isn't going to leave me Broken and a wreck, But I have a right to growl, Raise a kick and loudly howl When a wronged and aged Collier round my neck.

OBITUARY

Patrick Blake

Charlottetown, P. E. I., Nov. 21.—(Special)—The death occurred Saturday night at the City Hospital of Patrick Blake, Sydney, Mr. Blake has been in poor health for some time and came here for treatment about a month ago. He was a prominent man in the political and business life of the province, having been elected to the P. E. Island legislature on several occasions and he was also a member of the city council at different times. He was born in 1846 in Charlottetown, educated in the public schools and was senior partner of Blake Bros., wholesale exporters of cattle to Great Britain. In 1892 he removed to Sydney and has conducted a similar business to that in Charlottetown. His widow, one son, Frank Blake, of Halifax, and two daughters, Mrs. E. R. Keefe, of Halifax, and Mrs. John Mahoney, of Regina, survive.

Miss Sarah Taylor

The death occurred at an early hour yesterday morning at the General Public Hospital, of Miss Sarah Taylor, of the Winter street school teaching staff. Some seven weeks ago Miss Taylor was severely burned in her home and has remained since in the hospital. Very many people will hear with deep regret of her death for she had been the teacher of this city for forty years, and had a wide circle of friends. She was sixty-eight years of age, and leaves a sister in Connecticut, and two nephews and two nieces in this city. The funeral will take place on Tuesday afternoon from St. John's church, leaving her late residence, 224 Sydney street, at 2:30 o'clock.

THE SUN AND NORTHCLIFFE

Editor Times:—The Sun, assuming that Lord Northcliffe's recent fling at the I. C. R. was due to the fact that he was charged \$290 for the haulage of his private car from Sydney to Montreal, claims that the management was lacking in wisdom because the titled owner of motor publications was not carried free. The I. C. R., according to the Sun, has made an unfriendly critic of Lord Northcliffe, whereas the C. P. R. with a "canny" eye to the value of his friendship, carried his car across the continent and back as a compliment to the great publisher. This, declares the Sun, is another instance of the "penny wise and pound foolish" policy of the I. C. R. management. Evidently what the I. C. R. needs most is a "canny" eye if the Sun is to be taken seriously. It might strike the average reader if Lord Northcliffe is a great and prominent man as the Sun pictures him, he is certainly not measuring up to the standard of the truly great, if he is charged for the haulage of a car when he thought it should have been free, he sought revenge in a petty, ill-timed attack on the government. The Sun is surely slandering his lordship. Yours,

RAILWAY.

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N. S., writes:

"For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It was the one ailment that caused so much trouble yet I list I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial. They have regulated my stomach, bowels, and I am cured of constipation. I claim they have no equal as a medicine. For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box.

Setting Three to One on Liberals at Lloyds—Keen Interest in the Situation

London, Nov. 21—The United Kingdom is more absorbed in politics now than for many years and the coming week will see the culmination of the fierce warfare which has been carried on over the budget. The House of Lords is expected to vote on Lord Lansdowne's resolution, calling for the rejection of the budget, on Thursday. Before then most of the big guns in the upper house will speak on the question. Lord Rosebery's effort for the Conservative cause and that of the Earl of Halsbury for the Liberals are awaited with the most interest.

The Liberal leaders declare that the issue is whether the hereditary chamber shall rule the country. The Conservatives argue that the House of Commons has no mandate from the people to introduce new forms of taxation and that the House of Lords is fulfilling its function as a balance on the commons by forcing resort to a referendum. Conservative gains are claimed as victories for protection.

The uncertainty of the country's financial policy is paralyzing the stock exchange and the possibility that the government will have to raise a large loan to meet current expenses makes the money market so uncertain for extensive private enterprises.

JUDGEMENT IN I.C.R.

Men's Case Given No Undue Interference of Political Organizations in Dismissals on Retention

Ottawa, Nov. 21—The board of conciliation named to inquire into the dispute between the Intercolonial railway house employees at Halifax and other points and the board of management has given its judgment. Sir George Garneau, Quebec, was chairman; J. M. Gilmour represented the railway, and A. A. Mosher, Halifax, the men. The board sat at Halifax and, at the request of Mr. Butler, at Montreal, where representatives of the men were present.

To a charge that senior men had been dismissed, though of equal ability with junior men retaining the honor, it found that in some instances the junior men were retained because of special qualifications, or on the comparative records of the men for conduct and ability. Nevertheless, in the case of Joseph Gibson, dismissed, and Alexander Murphy, retained, the report says "a careful comparison of the records, and the evidence, establishes that Gibson was the senior man and does not disclose any reason to suppose that he was less able or efficient than Murphy."

To the charges of "unjust discrimination" in the matter of dismissals, the board reports it could not establish to its satisfaction unfair discrimination. The report states, however, that the number of men who were retained or dismissed could not be clearly established by the investigation and the board does not disclose any reason to suppose that he was less able or efficient than Murphy.

The board could not find undue interference on the part of political organizations or committees in the selection of the men for dismissal, or retention. No evidence was found of discrimination against men for having been active members of the Brotherhood of Railway Employees.

The conciliation board recognizes the claim of the management that the officials of the company must be the judges of the qualification of the men to be retained or dismissed, and that complaints can be carried through the channel of responsible officials to the general superintendent or the board of management. This, while fair in theory, in practice involves the man in great expense and the board recommends that the management allow such grievances to be presented by representatives of unions.

CERTAINLY ENDS STOMACH MISERY

Heartburn, Gas and Indigestion Vanish and you Feel Fine in Five Minutes.

You can eat anything for stomach cravens without fear of indigestion or dyspepsia, or that sour, flatulent, or sour on your stomach if you take a little Diaprepin occasionally. Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Distress, a feeling of fullness after eating, Nausea, Indigestion (like a lump of sand in stomach), Bloating, Heartburn, Water brash, Pain in the stomach and intestines or other symptoms.

Headaches from the stomach are almost unknown where this effective remedy is used. Diaprepin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach. Get a large 50-cent case of Papa's Diaprepin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

NOTES OF SPECIAL

INTEREST FROM OTTAWA

St. John and Brunswick in the Estimates—The Tilley Memorial

Ottawa, Nov. 19—The appearance of the estimates on the table of the house is always one of the most interesting events of the session. Yesterday, exactly a week after the assembling of parliament, the minister of finance handed down the small blue book containing the proposed items of expenditure for the next year. The grand total is about sixteen million more than last year, which was, however, of the periods of economy so necessary after a dull season in the provinces. Today Canada is more prosperous than ever, her income will about reach the hundred million mark and the allowances for public works and services are consequently of a very generous nature.

A glance at the blue book will show that St. John has not received the assistance the appropriations asked for. The expenditure again of nearly half a million and the charging of it to capital account shows the interest the Liberal government is taking in St. John as one of the national ports of Canada. Last year a like amount or less was expended for the same purpose and thus in two terms the parliament of Canada has supplemented the estimates of the previous year.

The New Brunswick members are well pleased with the estimates in so far as they affect their constituencies. They say the most pressing needs of their people have been looked after very truly, but in years the Liberal party has been in power, and beyond the problem of transportation there is really nothing very serious ahead of them. In the way of public buildings Dr. McAlister, of Kings-Albert, and Mr. Michaud, of Victoria-Madawaska, are much pleased at the prospect of new public buildings at Hillsboro and Grand Falls. It has been noted before that Fairbairn, in the city of St. John, is a good deal of work apart from the large sum for harbor improvements.

The friends of Sir Leonard Tilley will be glad that the Liberal government has seen fit to recognize the worth of an old and respected opponent by a grant of \$4,000 to assist in the erection of a monument to preserve his memory. When one glances around the public squares of Montreal, Ottawa, and other cities, it is a regrettable fact that there is not a statue of any public man of New Brunswick in any part of the province. Such men as Fisher, Mitchell, Wilnot, Allen, Tilley, Blair, deserve such recognition at the hands of their fellow provincials, who will be glad that a step is being taken to rectify this.

Birthday Greetings for Canada's Premier—I. C. R. Superannuation After Ten Years

Ottawa, Nov. 21—The prime minister observed his sixty-eighth birthday on Saturday by sitting at the council board at a meeting of the government from 11 o'clock in the morning until in the evening. Hundreds of telegrams of congratulation poured in upon him from friends and admirers all over the world. The most conspicuous of his birthday messages was a personal cablegram of congratulations from King Edward.

NO SIGN OF HERBERT W. READ IS FOUND

Montreal, Nov. 21—H. C. Read, of Sackville, is in Montreal hunting for his man, Herbert W. Read, who has disappeared from Montreal in a mysterious way.

Read came to Montreal on business on October 28. He concluded his business within less than a week and on Wednesday morning, Nov. 3, left H. E. Bates, with whom he had been staying while in Montreal, with the intention of boarding the Maritime express to return to Bathurst. That morning he had gone down to the Quebec bridge commission and left him to board the train. Bates had offered to accompany him to the station but Read replied not to trouble himself, for he had his things checked and his ticket bought and would board the train immediately. From that time until now absolutely nothing has been heard of the missing man.

Mr. Allison Graduate Missing From Montreal Since Nov. 3

Read is an arts graduate of Mount Allison and received a B. Sc. degree from McGill in 1908. Relatives of the young man are very apprehensive as to his whereabouts but Chief Detective Carpenter is satisfied that the young man will turn up before long. Read, he believes, is working in some mining or lumbering district.

SPECIAL TIME IN SEVERAL CITY CHURCHES SUNDAY

Anniversaries at St. Luke's, Victoria Street and Ludlow Street—Salvation Army

The opening services in connection with the 14th anniversary celebration of the parish of Portland were held in St. Luke's church yesterday. Their Lordships Bishop Richardson of Fredericton and Bishop Worrell of Nova Scotia preached sermons of an historical nature, the one in the forenoon and the other in the afternoon, to very large congregations. There was a celebration of Holy Communion at 8 a. m. At the 11 o'clock service the preacher was Bishop Richardson, who spoke of the history of the Church of England in Canada and the progress it had made since its first establishment. His lordship pointed out some of the weaknesses of the church which had hindered it from overtaking the work which it might have been expected to accomplish. He also drew lessons from these things for use in the present day.

During the service a memorial tablet was unveiled. A children's service was held at 3 o'clock when addresses were given by both the bishops, and His Lordship Bishop Worrell the preacher in the evening. The sermon was along the same lines as Bishop Richardson and was listened to with marked attention. There was special music at all the services. A men's luncheon will be held today, at which their Lordships Bishop Richardson and Worrell will be present. Henry Hilyard will act as chairman.

After the morning sermon a tablet to the memory of Rev. Thomas Wood, the pioneer English clergyman in the parish was unveiled by His Lordship. The tablet bears the following inscription: To the Glory of God and in memory of the Reverend Thomas Wood, who on Sunday, July 2nd, 1769, held the inaugural services of this parish on a plot of ground near to where afterwards the first church of the parish was built. "Go ye into all the world and preach the Gospel."

This evening a men's luncheon will be held in the school house, at which their Lordships, the Bishops of Fredericton and Nova Scotia will deliver appropriate addresses. Henry Hilyard, senior warden of the church will preside. The present officers, church wardens and vestrymen of St. Luke's church are: Rev. J. E. Purdie, Chairman; Wardens—H. Hilyard and D. H. Nason; Vestrymen—J. K. Scammell, M. D. Brown, H. G. Harrison, T. A. Graham, W. A. Steiper, R. S. Orchard, W. B. Wallace, W. A. Sault, James Gault, A. B. Farmer, R. P. Hamm, W. F. Cronk, Vestry Clerk—L. W. Mowry.

Delegates to the synod—W. B. Wallace and J. K. Scammell; substitutes, A. M. Rowan and J. Brayley. Superintendents of the school—A. B. Farmer and H. U. Miller. Supt. of St. Clement's, James Hughson.

Victoria Street Church

A platform service was conducted in the Victoria street Baptist church yesterday afternoon at 4 o'clock in connection with the anniversary services being held by the congregation. Addresses were delivered by Rev. D. Hutchinson, Rev. N. McLaughlin, Rev. Mr. Beattie and Rev. J. J. McCaskill. Prof. Titus gave a solo and the Victoria street Baptist church orchestra rendered several selections.

The morning and evening services were conducted by Rev. Dr. Joseph McLeod, the newly appointed editor of the Maritime Baptist. He took for his text at the morning service, Christ and the Church, and in the evening Wayside Ministry. Tonight at 8 o'clock the roll call of the congregation will take place. Rev. A. B. Coloe will lecture, taking for his text the Challenge of the Church. Mrs. R. T. Warden will sing and the orchestra will be in attendance.

Tomorrow night the annual reunion of the congregation will be held in the ves-

try of the church. An excellent musical and literary programme has been prepared and an enjoyable evening is expected.

Ludlow Street Church

Special services were held in Ludlow street Baptist church yesterday morning to observe the first anniversary of Rev. W. R. Robinson's pastorate of the church. At the morning service a sermon of interest to children was preached by the pastor. A rally day service was held in the afternoon and a fine programme was carried out. At its conclusion Mrs. Robinson received a bouquet of fifty-two carnations, from the members of the Sunday school class. Last night Mr. Robinson delivered a forceful sermon on Christian Social Life, in which he scored dancing, card playing and theatre going, saying that too much of this was being done nowadays. "What History Owe to Scotland and the Scottish People" was the subject of an eloquent sermon by Rev. David Laing in St. Andrew's church last night. He spoke of the characteristics of the Scotch and of the striking examples in history of his bravery, truthfulness and honesty. All the Methodist Sunday schools of the city were represented at the young people's conference yesterday in Centenary church. Geo. A. Henderson presided and the speakers were Rev. F. J. Farrell and J. N. Harvey. Today the meetings will be continued in Portland Methodist church. At 7:30 o'clock this evening a meeting will be held at which Rev. Mr. Farewell will preside. Rev. Dr. Flinders, Rev. J. J. McCaskill, Ald. R. T. Hayes, C. M. Langley, S. A. Storrell and F. R. Murray will speak. In St. Stephen's church last night Rev. Gordon Dickie was listened to with attention while he delivered a sermon of interest to men, entitled "Young Men, Their Homes and Religion." A large congregation was in attendance. Rev. J. J. McCaskill preached an interesting sermon in St. Matthew's church last night, taking as his subject, "Was Jesus a Socialist?" He brought out the arguments used in favor of and against this and weighed each thoroughly. Rev. Prof. Kierstead of the University of New Brunswick, occupied the pulpit of German street Baptist church at both services yesterday. In the morning he took for his subject The Relation of Religion to Morality, and in the evening he spoke on the inspiration. Both sermons were listened to with interest by large congregations.

Salvation Army

Lieut. Col. Gaskin, chief secretary of the Salvation Army in Canada, arrived in the city on the noon train Saturday. On Saturday night, before a large audience, in the Brindley street barracks, he delivered his famous lecture, "Queer Pastors They are Caught." Yesterday he conducted three services in the Charlotte street citadel and was ably assisted by Brigadier and Mrs. Abby, the newly installed divisional commanders here. At the morning service Col. Gaskin took for his text: "Adorn the Doctrine." In the afternoon at 2:30 he delivered an instructive lecture on "Leaves from My Diary." At the evening service the subject of his text was: "God, as the Revealer of Secrets Out of Daniel." The citadel was packed to the doors at all the services. The farewell service of Lieut. Colonel and Mrs. Turner, who for three years have had charge of the operations of the Salvation Army in the Maritime Provinces, takes place this evening in the S. A. citadel on Charlotte street. This service will be one of unusual interest, and will be conducted by Colonel Mapp, chief secretary for the Dominion of Canada. His worship the mayor and several other prominent citizens will be present, also Lieut. Colonel Gaskin, of Toronto; Brigadier Morehen, of Halifax, and Brigadier and Mrs. Abby, the newly installed divisional commanders for the New Brunswick division. During their stay in the Maritime Provinces, Lieut. Colonel and Mrs. Turner have made many friends, who are sorry to learn of their departure. No doubt the citadel will be well filled on this occasion. The service commences at 8 o'clock. When in doubt, ask for PATENT RUBBER HEELS; the best in the world. Ask your dealer. CORONER MAKES

INQUIRY INTO MISS TAYLOR'S DEATH

Story of Lamp in House on Night of Fire is Being Investigated

It is learned today that Coroner Berryman is making inquiries into the circumstances attending the death of Miss Sarah Taylor, school teacher, who passed away in the hospital yesterday, having been a patient there for some weeks suffering from injuries sustained in a fire at her home. The reason for the coroner's looking into the matter is a story to the effect that a relative of Miss Taylor, a woman, had been thinking on the night when the fire broke out; that it was sought to prevent her from leaving the house, and that she picked up a lighted lamp and threw it at those in the room, and in that way the fire, from which Miss Taylor's fatal injuries were received, was started. The relative spoken of is now said to be in the States.

The coroner, when asked about the matter said that it was his duty to investigate all such cases reported to him. He did not know yet whether there was any truth in the story or not, but he would endeavor to find out. At the present time, from information he had received, he thought that the woman referred to as now being in the United States, was intoxicated on the night of the fire, but that she did not throw the lamp at anybody, simply staggering against a table, and knocking the lamp from its resting place.

The death of Miss Sarah Taylor, of the Winter street school teaching staff, occurred at an early hour yesterday in the General Public Hospital. Some weeks ago Miss Taylor was severely burned in her home and had remained since in the hospital. Very many people will hear with deep regret of her death, for she had been on the teaching staff in this city for forty years, and had a wide circle of friends. She was sixty-eight years of age, and leaves a sister in Connecticut, and two nephews and two nieces in this city. The funeral will take place on Tuesday afternoon from St. James' church, leaving her late residence, 234 Sydney street, at 2:30 o'clock.

One Minute Talk on New Fall Styles

Discourse No. 1

C. B. PIDGEON, Cor. Main and Bridge Sts.

The conservative man who prefers styles of the neater class will certainly see his share of pleasing things in the new fall offerings. Suits of dark silk mixed worsteds; black suits and blue suits of serge worsteds or unfinished fabrics are all the rage for fall. Oxford grey in rich dark shades, is more popular than ever in suits, overcoats and rain-coats. Fancies are bright, but entirely distinct from the loud freakish stuff. Suits, Overcoats and raincoats of the better sort are offered here at lower prices than at any other store in St. John.

Our Derbies at \$2.00 are Classy Hats

They're made especially for us by one of the best hat makers, and they have all the quality, style and wearability of the hats generally made to sell at \$2.50 and \$3.00. In fact, comparison of these derbies with those on sale elsewhere in Saint John at \$3.00 has proved our hats to be the equal if not the superior. We have them in all the correct fall shapes and in dimensions to suit all heads. No man ever got more value for his money than he can get in these derbies at \$2.00.

In addition to this special derby we carry in stock the well known "Stetson" derby at \$4.00—other stores ask \$5.00 for the same hat and we are also sole agent or the "Hawes" \$3.00 hats.
