A Newcastle Enquiry.

To the Editor of the Miramichi Advance. SIR :- We observe in your last issue the statement by "Whacks" that the County School Inspector led on the Tooley Street midnight procession, on the 18th ult. Would "Whacks" be kind enough to inform the public, through the ADVANCE, whether it is C. A. Ramsay of Newcastle he refers to. If it is we think the County at large should know it so that his partizan proclivities and ludicrous method of displaying them should be known and read of all men. It is, certainly, a strange position for an Inspector of Schools, who should, above all others, eat neutral bread, especially in election times. Perhaps he thinks he can afford to insult those whom he believes to bet he weakest party, as his own particular man is now a top sawyer. Awaiting an answer, Yours. w. Yours.

FAREWELL SUPPER. - The departure of Mr. W. T. Carman, of this office, and Mr. Geo. W. Loggie, from Chatham, for San Francisco, was mentioned in our issue of last week. A number of their friends and associates, to give expression to the esteem in which the two gentlemen were held, had a farewell supper extemporized for the occasion. The matter was refer red to Mr. and Mrs. William Johnston at the Canada House, and on Thursday morn. ing between 2 and 3 o'clock, the guests and their friends sat down to an exce ly provided table. After supper Mr. Villiam Johnston was called to the chair, and Mr. Fred. Brown to the vice-chair. The toast of the evening was the departing guests, who were very highly spoken really affected by the farewell accorded to them. A variety of toasts i terspersed with music occupied the reder of the time in a pleasant manner, until the hour of departure arrived, when most of those present accompanied Messrs. Carman and Loggie to the Junction, and gave them a hearty farewell.

THE CHINESE FAMINE .- The Rev. Dr Fraser, for some years Missionary of the Presbyterian Church in Canada in the Island of Formosa, China, and who is now on a visit to Canada, preached on Sunday in St. Andrew's Church, Chatham, in the orning, and St. John's in the evening He took occasion to refer to the Chin Famine and express his gratification that so much (\$83.00) had been subscribed by Christian friends in Chatham and forward ed for the relief of the starving then The Famine has been one of unparalleled severity, the British Ambassador at Peking timating that not less than 5,000,000 people have died of actual starvation. Much has been done by Christian cour tries to relieve the distress in the famine districts. Over \$250,000 were contributed last year. Contributions have been forwarded free of expense by the generosity of banking houses in New York and London, having connections in China, and the personal oversight of missionaries there has, in all cases, been given to the distribution of these funds. An impression in favor of Christianity has thus been produced upon the minds of the Chines hich will never be effaced. It is gratify-, ing to know that a good harvest has been gathered this year, and, that though much suffering will still have to be endured

there is no longer the need there was of utside help. HEATING OF THE COLLEGE OF THE CHRIS

TIAN BROTHERS.-Mr. Frank Green, Steam Fitter and Plumber, of Montreal, arrived in Chatham on Saturday last for the purpose of fitting up the new College of the Christian Broth ality. Mr. Green, though originally from New York, has been established in Montreal some 15 years or more, during which time he has fitted up the Reformatory other institutions with heating apparatus on the hot water principle, which is now looked upon as the most satisfactory and
