MANY BOLSHEVİK SOCIETIES IN DOMINION; SIGNING OF TREATY NOT BEFORE JUNE 20TH; GERMANS LOST 198 SUBMARINES IN THE WAR

Allies Now Have Reply of Germans

The Reply, Mainly Counter Proposals, Will be Digested by the Council of Four Which Will Report Back Its Decision Quickly.

ALLIED ARMIES READY TO MOVE

In Case of a Declaration to Sign British, French and American Troops are Prepared to Follow Foch's Bidding.

New York, May 29.—The Associated Press tonight issues the following: The representatives of the Allied and Associated Powers at last have before them the answer of Germany to the terms of the peace treaty.

Under the procedure adopted by the Peace Congress the reply of the Germans to the various clauses of the treaty, consisting mainly of counter proposals seeking to lessen the severity of the Allied terms, the members of the Council of Four will digest the view of the enemy and report back their decision as quickly as possible. This decision to be final, and Germany then will be compelled either to sign, or reject the treaty.

In case of a declaration to sign, British, French and American troops are prepared to take such steps as Marshal Foch may deem necessary, while at sea the old blockade against Germany is ready to be tightened again. A plan of the Allies to have Switzerland, in the event of a refusal by Germany to sign, to enforce a more severe blockade against Germany, if necessary, is reported to have failed, Switzerland claiming this would infringe Swiss neutrality.

It had been believed possible that on Friday the terms of peace to Austria would be ready for submission by the Council of Four to the representatives of the smaller nations. This, however, has been found impracticable owing to the necessity to embody in the treaty the new agreement as regards the Italian claim in the Adriatic region. Nevertheless the envoys of the smaller nations will hear the document read Friday, and it is possible that the early week will witness the handing of the treaty to the Austrians at St. Germain.

HAS BUT LITTLE FAITH IN THE LEAGUE OF NATIONS SCHEME

Philadelphia Speaker Before Montreal Canadian Club Expresses Doubts About the League Being Able to Prevent Wars—Only by Friendship Among the Peoples Can Lasting Peace be Assured—Urge Americans and English to be Frank With One Another.

Montreal, May 29.—"Whether America accepts membership in the League of Nations or maintains her present position of independence, Great Britain and the United States will carry on in the work of reconstructing civilization," declared Hon. James M. Beck, of Philadelphia, in an address before the Canadian Club of Montreal at noon today.

GOOD FORTUNE WAS FAVORING THE AVIATORS

Captain Duhn of Danish Steamer Mary Tells His Story of the Rescue of Harry Hawker and Lieut. Grieve.

RESCUE IMPOSSIBLE ONE HOUR LATER

Boat Was Launched Under Most Trying Conditions—Aviators Nearly Exhausted When Taken Aboard Ship.

Horsenead, Denmark, May 29. (By The A. P.)—The Danish steamer Mary, which rescued Harry G. Hawker and Lieut. Commander Grieve in mid-Atlantic on May 19 when they were compelled to descend during their attempt to fly from Newfoundland to Ireland, arrived here early today. Captain Duhn and his mates told of the rescue of the aviator.

Second Mate Hoey had the watch with Seaman Schwartz at the helm when at six o'clock on the morning of May 19 they sighted the airplane which came down into the sea on the bow of the ship. Hoey and Schwartz immediately prepared to launch a boat, and with First Mate Schubert, Seaman Frew Johnson and Christian Larsen, the ship's carpenter, they set out for the airplane. The crew of the Mary had considerable difficulty in launching a boat, and Captain Duhn said he doubted whether it would have been possible to do so had the airplane appeared an hour later than it did. Hawker and Grieve were greatly exhausted after sea rescue, the captain said, so much so that they declined offered food in order to obtain needed sleep. Captain Duhn declared that the aviators' nerves were upset because the Mary had no wireless and they were unable to inform their relatives that they were safe. The captain said that Hawker also was somewhat disappointed because he was unable to salvage the airplane so that he might learn definitely the reason why he had failed.

"When I came on the bridge," Captain Duhn said, "the machine had already alighted on the water. The aviators had been seen to drop down they had dropped rockets, but we did not see them. The work of saving the aviators was pretty difficult, because it was blowing very hard. Hawker and Grieve were in water up to their waists, but their watertight suits kept them dry."

Asked whether the crew of the lifeboat was in serious danger in effecting the rescue, the captain replied: "I will not say serious danger, but as I said, it was a rather difficult task, but they succeeded in rescuing the aviators. All the aviators wanted to go to sleep. They told us that from the very start they realized everything was not quite in order but they had comforted themselves with the hope that later they would get the right effects from their motor. The defect, however, became more and more apparent and the speed of the motor steadily lessened."

"They were very pleasant fellows and we were the best of friends with them. When they had had their sleep out and got a good meal with a glass of 'schmaltz' they were alright."

BRITONS INDIGNANT OVER AMERICA TAKING ALL THE SEIZED GERMAN SHIPPING

(By Arthur Draper)
Special Cable to the N. Y. Tribune and St. John Standard.

London, May 28.—Trade and Exchange worry not only the backbone of Great Britain, but the government whose duty it is to get the country safely through this transitional period. Morton Frewen, a leading economist, predicts that when America's huge war expenditures in Europe cease next year, "exchange will settle down at or about \$4 to the pound."

Recent questions in Parliament regarding trade restrictions and the allocation of German tonnage to America are indicative of the temper of the members, but they have failed to disclose the widespread discontent and dissatisfaction. Ten thousand ex-soldiers parading through London streets and bearing banners reading "We want employment, not government jobs" came into contact with the police when they tried to march to Parliament. This demonstration was serious enough, but when the same day the Secretary of the Police Union for having been compelled to carry out the government orders, proof was furnished of the gravity of the whole industrial and social situation. Over

Labor Situation in Canada Calls For Efficacious Remedy

Otherwise the Dominion Will Find Himself With a Revolution to Contend With Was Testimony Before Industrial Commission Thursday.

Montreal, Que., May 29.—Fear that unless a quick remedy is applied to the labor situation, Canada will find herself with a revolution on her hands was expressed to the Industrial Commission at its session in the Chamber of Commerce today, the afternoon of Joseph Nankin, of the Canadian Employers' Association.

Mr. Nankin did not say when the revolution would come, but stated that he was afraid such an extremity would be resorted to sooner or later. He said that he did not know what conditions would be in the province of Quebec in four or five months. He recommended the appointment of a National Council composed of employers and employees all over Canada as a remedy for labor unrest.

SYDNEY STRIKE IS SETTLED

Sydney, N. S., May 29.—After being out twenty-five days, the striking journeymen plumbers returned to work here today. With a meeting with the employers yesterday, it was decided to accept sixty-five cents an hour and an eight hour day. The old rate was fifty-two cents an hour for a nine hour day. The demand was for seventy cents an hour and an eight hour day.

Germany Lost 198 Submarines During The World War

Berlin, Wednesday, May 29.—(French Wireless)—Germany lost 198 submarines during the war, according to statistics on this branch of the German naval service published in the Berlin Vostische Zeitung.

shipping against America's 341,512 gross tons, and argue that the German interned tonnage should be allocated on the basis of tonnage lost. From a creditor Great Britain has become a debtor nation to America during the war, her export trade shrinking gravely, while the imports reached colossal figures. However, optimistically the British try to view the future industrially and financially, when they turn to the sea and picture American shipping becoming predominant it produces a most gloomy impression.

Labor Unrest Bothers. Recent questions in Parliament regarding trade restrictions and the allocation of German tonnage to America are indicative of the temper of the members, but they have failed to disclose the widespread discontent and dissatisfaction. Ten thousand ex-soldiers parading through London streets and bearing banners reading "We want employment, not government jobs" came into contact with the police when they tried to march to Parliament. This demonstration was serious enough, but when the same day the Secretary of the Police Union for having been compelled to carry out the government orders, proof was furnished of the gravity of the whole industrial and social situation. Over

Situation In Mexico Alarming

Villa Forces Proclaim Gen'l Angelere Provisional President—Washington Views New Political Aspect Seriously.

Washington, May 29.—Villa forces proclaimed General Felipe Angeles Provisional President of Mexico, and Villa himself Secretary of War. The move, coming at the climax of military operations, is considered by the Carranza government so serious that it has asked the United States government for permission to move troops through Texas, New Mexico and Arizona. It is regarded here as reflecting a situation more serious in Mexico than any since the triumph of Carranza forces over Villa three years ago. Viewed in connection with the activities of the Peliciera forces in Southern Mexico, the situation is regarded as full of possibilities.

JUNE TWENTIETH THE DATE SET FOR WORLD PEACE

Peace Delegates Do Not See How Treaty Can be Signed Before That Time.

Paris, May 29.—(By The Associated Press)—June fifteenth, the earliest possible date on which the German treaty can be signed if no obstructions are encountered, but June 20 is the more probable date for its signature, according to a member of the peace delegation who discussed the situation with the correspondent today.

AVIATION CIRCLES QUIET AT ST. JOHNS

St. John's, Nfld., May 29.—All is quiet now in aviation circles. The erection of the Handley-Page machine progresses favorably and will probably be ready for a trial flight at the end of next week. The Vickers-Vimy machine, now erecting at St. John's, will be ready about the same time, both hoping to fly with the next full moon, but it is doubtful if the Handley-Page will be ready owing to the slowness of the machine and the difficulties of putting the same together.

a million are drawing unemployment allowances from the government. Here is the government problem. It is placing restrictions upon the importation of certain goods in the hope of reducing Britain's indebtedness and protecting and encouraging British industry, but British consumers complain of the price. It puts a tariff on certain articles and immediately the consumer protests, America makes that retaliatory measure are likely, and the British producer sees the foreign market closing against him. The government's permanent policy, thus far, is a mystery, though there are indications that when it is announced next September it will be in the form of protection. Frankly, the British are worried by American and Japanese import restrictions, which please no one, and, in a measure, alarm. The British have never faced a similar situation, not even after Waterloo, for then there was no American and Japanese competition, which please no one, and, in a measure, alarm. Today, labor is so powerful that it is able to demand an increase in wages commensurate to the enhanced cost of living. Even now few realize how hard Britain has been hit by the war and are failing to appreciate that a country under modern war conditions can win but still be little better.

Newfoundland Now Looks For Aerial Mail and Passenger Line Expects Soon to be Connected up With Canada and the United States Through the Imperial Aircraft Company.

St. John's, Nfld., May 29.—Newfoundland, which has suddenly found itself the centre of world aviation, soon may be connected with Canada and the United States by aerial mail and passenger lines, it developed today, when the lower house of the colonial legislature ratified a concession granted the Imperial Aircraft Manufacturing Company of London.

According to a representative of the company, who recently arrived here, several lines will be first introduced between St. John's and Montreal. He said the distance would be covered in sixteen hours.

Various expeditions assembled here to attempt a trans-Atlantic flight today found their preparations halted because of the difficulty in obtaining workers to assist at their airframes. Newfoundlanders are co-operating in welcoming the steamer Corsican, returning from overseas with Newfoundland veterans, to give their attention to things material.

At present the keenest competition for first to "hop off" seems to exist between the Handley-Page and the Vimy-Vickers teams. The former is arranging to transfer to their quarters at Harbor Grace thirty truck loads of material which arrived on the steamer Sachsen. Although they found that, due to the recent dock strike at Liverpool, much of their material failed to arrive, they expect not to be seriously hampered.

PEACE TERMS TO AUSTRIA-HUNGARY NEXT MONDAY

Paris, May 29. (Havas).—The date for the presentation of the peace terms to the Austrian representatives will be determined at a meeting on Saturday of the powers which broke relations with Austria-Hungary. At present it seems to be probable that the decision will be to make the presentation on Monday next.

Canada Has Sixty-two Bolshevik Societies

Montreal, May 29.—That there are 62 secret Bolshevik societies in Canada, and that those in Montreal had membership of 16,000, was stated today by Mr. Eugene N. de Scheikling, Russian diplomat during a lecture given at the club St. Denis, under the auspices of the Alliance Francaise. Only three months ago, he said, a friend of Trotsky's had paid a visit of inspection to the Canadian societies.

CONTROL OF THE STRIKE LEADERS BEING CRUSHED

City Employees of Winnipeg Who Quit Through Sympathy Are in the Ranks of Applicants Seeking Municipal Jobs.

MANY EMPLOYEES FEAR INTIMIDATION

Persistent Report That Strike Forces Are Preparing to Make Known a New Plan of Compromise Settlement

Winnipeg, Man., May 29.—When the sympathy general strike of Winnipeg union workers entered into its third week at noon today there were several developments in progress which, to unprejudiced persons, indicated the control of a few leaders among the control of a few leaders among the sympathetic walk out. It was announced at the City Hall this afternoon that more than fifty city firemen have agreed to return to work, despite pressure to the contrary from the union leaders, and that the city employees will tomorrow sign a new agreement with the city in which they will agree not to participate in sympathetic strikes.

Executives of the Winnipeg Trades and Labor Council today were asked whether the union forces were willing to accept the mediation offer of a committee representing the Canadian Railway Brotherhoods. President James Winnings replied:

"If the Railway Brotherhoods are willing to mediate, I do not think the central strike committee will object."

Mayor Gray will not take any action on the mediation offer of the Brotherhoods. The mayor said that, so far as the city is officially concerned there is nothing to mediate. The citizens' committee, which are representing the industrial employees at the employers' request, had no announcement at this time.

The general strike situation seemed to be unchanged in Winnipeg this morning, although there was a persistent report that the strike forces were preparing to make public a new plan of compromise settlement. The same blazing summer weather which has existed for several days greeted members of the citizens' committee when they reported for clean-up duty on the garbage wagons today. The thermometer touched 99.

Winnipeg president of the Trades and Labor Council who was overcome by heat at a mass meeting last night was said to be in normal health today. Only meagre reports were received from other strike centres in Western Canada up to 10 a. m.

A small but spectacular fire broke out in a frame building in the residence section this morning. Volunteer firemen extended assistance. The city firemen joined the sympathetic walkout. Winnipeg fire protection has been furnished by business men, returned soldiers and other volunteers. Commercial telegraphers of Winnipeg who are on strike, will meet

FORMER EMPEROR SAYS NOTHING BUT KEEPS ON SAWING WOOD

Is Seen But Little About His Abode and Remains Silent on Request for a Statement of Opinion on the Peace Terms—Former Empress Appears to be More Affected Than Her Husband and Fears the Tribunal Will Get Him.

Amerongen, Wednesday, May 28. (By The A. P.)—Since the former German emperor has been acquainted with the peace terms he has become even more invisible to the outer world. The only possibility of catching a glimpse of his former majesty is when he comes to the drawbridge twice daily, going to and returning from his log sawing in the garden of the castle, and then he is only within sight for about four seconds.

Toronto Is Looking for Strike Now

A Conference of Employers and Employees With the Government Failed to Reach an Agreement at Ottawa Yesterday.

CONFERENCE SPLIT ON 44 HOUR WEEK

A Strike is Practically Certain—and it is Expected That Forty Thousand Workers Will Quit.

Ottawa, May 29.—A conference of employers and employees with the government today having failed to reach an agreement, a strike of forty thousand Toronto workers tomorrow seems certain. The conference with the government split upon the rock of the men's demand for a 44 hour week. The men asked for this concession upon the ground that it would distribute work more uniformly, thus preventing unemployment, and that it would bring about better working conditions. The employers rejected it on the ground that it would subject them to unfair competition from industries in countries where the forty-four hour week did not prevail.

The government, which pointed out that it had no power to legislate in respect to working hours, and the question was concerned with contracts and civil rights, which the B. N. A. Act confined to the provinces, suggested a board of arbitration to decide upon what should constitute a fair working week, the men to remain to their positions until the report was made.

The employers consented to this but the labor representatives declared that they had no authority to depart from their instructions, which were to accept no compromise of the sort or complete acceptance of their demands, but said that they would refer the proposal to the strike committee in Toronto. This they did by a long distance telephone, and the decision as to whether the men are to go on strike or remain at work now rests with the strike committee. The opinion of both employers and employees here was that a strike was practically certain. The men's representatives declared that at least fifty thousand men would lay down their tools. The employers insisted that the number would not exceed twenty thousand. Neutral opinion is that the number will be between thirty-five and forty thousand.

EMPRESS OF BRITAIN HAS BIG LIST

London, May 29. (C. A. P.)—The Empress of Britain settled on Wednesday for Quebec carried 123 officers, four nurses and 2,583 other ranks.

late today to discuss the walkout issue. Some of the operators have openly announced that they are in favor of returning to work.

FOR PUBLICATION IT IS VIRTUALLY IMPOSSIBLE TO GLEAN ANYTHING REGARDING THE FORMER EMPRESS'S LIFE OR PLANS, AS EVERYBODY IN THE CASTLE IS UNDER STRICT ORDERS TO MAINTAIN SILENCE

Apparently there is no excitement among the members of his suite over the terms, the only portion of which interests the imperial suite is the clause relating to himself. The former empress appears to be more affected than her husband, and has been extraordinary movements about the castle lately, the only visitor being Dr. Kraige, who came from Berlin in connection with the liquidation of the personal estates of the Hohenzollerns in Berlin.

CARLETON WINS THE SECOND GAME

Large Crowd Witnessed West Enders Trim St. Peter's in Six Innings Last Evening—Final Score Was 5 to 2.

A large crowd watched the second game of the St. John League series last night, when the Carleton nine handed out another defeat, this time to the formidable St. Peter's aggregation. The score of the game was 5 to 2.

Table with columns: Player, AB, R, H, PO, A, E. Rows include Clarke, Sterling, Ramsey, Garnett, Ginnemore, Joyce, Mosher, Ballila.

ST. PETER'S LEAGUE OFFICIAL OPENING. Nine Full Innings Were Played Last Evening—The Maples Won from the Shamrocks by Score of 9 to 7.

The official opening of the St. Peter's League took place last night on St. Peter's grounds, the Maples and Shamrocks being the contending teams. A good number of fans were present and enjoyed the game which went into the ninth inning, the Maples winning out by a score of 9 to 7.

Called Off Engagements. Cleveland, O., May 29.—Johnny Kilbane, featherweight champion, has called off all ring engagements owing to the death of his six-year-old daughter here today.

CROWD INTERFERED. One member of the police had several volunteer assistants were kept busy last night at the ball game in West End trying to keep back the spectators from crowding past the foul lines. They could not be everywhere, however, and so several good plays were spoiled by the interference of the crowd.

FARM IMPLEMENTS FOR RUMANIA

Steamer Tudor Prince Has Over Four Million Dollars' Worth Aboard.

Halifax, May 29.—With four million dollars worth of farm implements for Rumania on board the steamer Tudor Prince is making her first call at Sydney in two years. After coaling the vessel will proceed to Rumania via Gibraltar.

C. N. R. GIVES OUT INTERESTING FACTS ON TRANSPORTATION

During Five Months Past They Have Handled 116,328 Soldiers, Covering an Aggregate of 269,606 Miles.

Montreal, May 29.—Mr. W. A. Kingsland, assistant general manager of the Canadian National Railway, gave out some enlightening figures today. Since the beginning of January up to today, about five clear months, there have been transported over these railways 116,328 soldiers, who among them covered an aggregate of 269,606 miles. The number of troops carried was highest in the present month, reaching a total of 39,057 men. January opened up with 12,000 men and in February there was a slight drop to 11,246. In March the number jumped to 31,162, then in April it fell again to 20,143, the reason being that certain ships were delayed, with the result that the beginning of January up to today, about five clear months, there have been transported over these railways 116,328 soldiers, who among them covered an aggregate of 269,606 miles.

AMERICAN NATIONS WILL REAP LEAGUE BENEFITS

President Wilson, at Dinner Given President-Elect Pessoa, of Brazil in Paris, Declares Idea is Outgrowth of Bonds Between North and South American Nations.

Paris, May 26.—(By The Associated Press)—Speaking at a dinner given Monday night by the Pan-American League...

President Wilson's Address. "The honor has been accorded me," President Wilson said, "of making the first speech tonight and I am very glad to avail myself of that privilege."

"I am particularly glad to have the opportunity of paying my respects to Mr. Pessoa. It is very delightful for me to know that his presidency is ahead of him. I wish him every happiness and every success with the greatest earnestness and yet I cannot, if I may judge by my own experience, expect for him a very great exaltation in the performance of the duties of his office because, after all, to be the head of an American state is a task of unrelenting responsibility."

American Ideals Are Now Justified. "I suppose no more delicate task is given any man than to interpret the feelings and the purposes of a great people. I know that if I may speak for myself, the chief anxiety I have had has been to be the true interpreter of a national spirit, expressing no private and peculiar views but trying to express the general spirit of a nation."

Steamer Carmania Arrived in Halifax

Ship With Many Returned Men Docked Yesterday—Names of Sixty Men for This District Received by Chas. Robinson.

The steamer Carmania arrived in Halifax yesterday with a large passenger list of returned soldiers. The names of the following for this district have been wired to Chas. Robinson, secretary N. B. Returned Soldiers' Commission:

The St. John Standard

Published by The Standard Limited 22 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager and Editor.

ST. JOHN, N. B., FRIDAY, MAY 30, 1919.

MR. FOSTER AND THE VETERANS.

The Telegraph pathetically appeals to the Standard to have a heart and not tell the Veterans anything about what the Veniot-Foster government has been doing during the years of war. It is too bad altogether that the members of this mal-administration should have their conduct exposed to the view of the men who have been overseas and that their record in respect to those men should be laid bare.

This paper endorsed the Union movement and has since consistently supported it. It is no sin to confess that for years the Standard strongly opposed the present Minister of Public Works. While admitting certain phases of his character and admitting his marked ability along some lines, this paper nevertheless felt that his political methods were not in the best interests of Canada, that his opinions were radically opposed to those policies by which our country has prospered, and that because of his bitter partisanship it was the duty of this paper to so oppose him.

RUSHING THINGS.

One of the beauties of Commission Government is that business is transacted right off the bat, without any unnecessary delay, that matters of general interest are dealt with always on the instant instead of going over them week after week and month after month, as was the case under the old system.

WHAT THEY SAY

Another Blow at Profranchise. New York Globe—Australia has named the profranchise cause of Ruviraucana. Thus taking the difficult spelling championship away from Poland.

comfort for the rest of his life. He is acclaimed on all sides as the greatest private soldier the American nation has produced, great not only in stature, but in accomplishments. For Alvin C. York, despite his conscientious objections, became a soldier in the United States army, and, when occasion arose, forgot his aversion to violence and remembering only the job on hand, killed all by his lonesome thirty-two Germans within the space of a very few minutes, captured ninety others unaided, rescued ten of his comrades from the clutches of the enemy and escorted the whole group back to his own lines.

Pte. York was one of a party of fourteen who, with a sergeant in command, were sent to dispose of a small group of Germans causing some annoyance to the American lines. Three of the party were put out of action during the attack, the remainder captured the offending Germans and were about to lead them into safer quarters when they found themselves surrounded by a large force of the enemy—that is all except York, who had managed to skip away when he saw trouble coming. But Pte. York had no intention of running from the scene of danger nor of seeking help so long as his own arms were able to perform their duty.

A BIT OF VERSE

CAMOUFLAGE. Ottawa Journal. O Powder, Powder everywhere Upon thy face, daisies' fate. No wonder we were short of them. Before the war we were quite trim. But now you never sing a hymn, For how can one pose as a saint And still use tons and tons of paint? Oh! that some little rustic belle Would saunter in our midst to dwell. I swear that we should never part If she disdained the subtle art.

A BIT OF FUN

A Delusion. "Women have no idea of applied science in practical life." How about chemical blonds?—Baltimore American. The Power of Suggestion. "I wish that garage man hadn't told me to leave the carburetor and just run alone." "Why?" "Until he mentioned it I had no idea there was such a device and now I find I can't resist the temptation to tamper with it."

Why Bolehevism.

New York Evening Sun—"The world sweep of proletarian rule" never got a start. The proletariat outside of Russia was too stiffed in sense, too canny, to be deceived by the words of Lenin; his acts in Russia damned Bolshevism, but he was too cunning to be caught by his own words. When Bolshevism had laid sweep and a free hand it wrought ruin to others as its own decay progressed. It turned its own horrible example for the enlightenment of all beholders. It distilled its own antidote as it passed from one phase to another. Its directors, deposed by the civilized and world as they tried to cash their gains and looked for escape from the punishment in store for them, in their mad flight have no other course open than to maintain their impudence to the end and pray that those who mete out justice to them shall be more humane than they have been to their victims.

Little Benny's Note Book

I wasn't allowed out after supper yesterday on account of me thinking I scared her back when I didn't, and I went up stairs, thinking, All right, I'll make her sorry, all right, I'll wait a thing for a week, and if I die I'll just wait to die, that's all. And I went up in my room, thinking, She'll be sorry, all right, I bet—I went even drink a drop of watter, and if anybody asks me what the matter is I'll just keep on getting thinner and thinner without answering. Which just then the fellows started to wimper for me outside, and I thought, She may think its funny now, maybe, but when I start to stop breathing from starvation maybe she'll think different.

A BIT OF VERSE

Prudent Girl. Jack—"Did you tell her that what you said was in strict confidence?" Ethel—"No; I didn't want her to think it was important enough to repeat."—Answers. Loaded. "Last night a dozen cars went by while I waited and I couldn't get on general demobilization, unless otherwise stated: Major Frank Wendell Tidmarsh, on assuming duty with the Board of Pension Commissioners, 4th April, 1919. HON. F. B. CARVELL.

Because The Standard has dared to suggest that Hon. F. B. Carvell has not devoted to the interests of New Brunswick the attention his province deserves, The Times, which has been stalling Union Government in the back for the past two years, attempts to censure this journal. From the day Union was first proposed the Laurier-Foster group have had their hatchets out and although not daring to openly oppose Union at the time of the 1917 campaign they gave it only unwilling support and have since that time taken every opportunity to adversely criticize that administration. The Standard was just as strongly opposed to Union as any paper in Canada, but came to realize that under the circumstances then existing that form of government was undoubtedly the best, and because of those circumstances

A SOFT-HEARTED MOUNTAINEER.

Alvin C. York, a red-headed elder in the Church of Jesus Christ and Christian Unity, in the mountains of Tennessee, was, only a few months ago, a conscientious objector. He believed in moral suasion, was a devoted supporter of the doctrine which involved sparing the rod, and turned sick to his very soul at the suggestion of violence. Today Alvin C. York, still with his red head, is the honored guest of the United States, is the object of an enterprise having as its object the presentation to him of a \$50,000 farm complete in every respect and money enough to maintain him in

Why Bolehevism.

New York Evening Sun—"The world sweep of proletarian rule" never got a start. The proletariat outside of Russia was too stiffed in sense, too canny, to be deceived by the words of Lenin; his acts in Russia damned Bolshevism, but he was too cunning to be caught by his own words. When Bolshevism had laid sweep and a free hand it wrought ruin to others as its own decay progressed. It turned its own horrible example for the enlightenment of all beholders. It distilled its own antidote as it passed from one phase to another. The Wasteful Housewife.

Ottawa Citizen—"The Minister of Labor is an acute economist, apparently. A few days ago he contributed the following original bit of information to the high cost of living problem. Speaking on this subject in the Senate he thus reported: "As long as the ladies of households can get the grocer before nine in the morning for a box of matches, for a little lettuce in the afternoon, and something else in the evening, necessitating three deliveries in one day, as long as the cost of necessities will be increased. No doubt the housewife, usually a careless and incompetent person who had no regard for basic conditions and who doesn't know much beyond attempting to stretch a pre-war salary over a post-bellum food list, is a fit and proper person for official criticism. Anyway, she can't talk back. But one is reminded in this connection of mahogany desks at some \$250 each, waste paper baskets at \$37 each, and other incidentals "ordered in a hurry, because the minister was going West." Lessons in economy by the administration to the individual consumer are almost too much for the attention of the long suffering Canadian public.

Historical Relics For The Museum
An Exhibition of Pupils' Work
 Many People Visited Art Club Rooms Yesterday—Sketches of Students Praised and Teachers Congratulated.

Natural History Society Yesterday Received an Interesting Addition in Two Paintings Presented by Ira E. Cornwall of Vancouver, B. C.

The heart of Curator William McIntosh of the Natural History Museum was made glad yesterday when the gift of historical relics of which he is the guardian, received a very valuable and interesting addition yesterday, when two original oil paintings by the great American ornithologist, John James Audubon, were presented to the museum by Ira E. Cornwall, formerly of this city but now of Victoria, B. C.

For many years these paintings have been in the possession of the Cornwall family and for many were kept in the vaults of the Royal Bank in this city. Recently Mr. Cornwall wrote offering on behalf of himself and his sister to donate them to the museum and needless to say the gift was most gratefully accepted.

No. 1, which is a painting of the yellow-throated Vireo, bears on the back the following statement:
 68 Orange street, St. John, N. B., October 11, 1897.

This picture is the original painting of J. J. Audubon, who died at Audubon Park, Washington Heights, N. Y., 1851. It was given to my mother, Jane E. B. Price, in my presents by Lucy B. Audubon, his wife, at 162nd street, New York City, on April 27, 1863.

(Signed) Mary D. T. Cornwall, A. B. Morgan, F. J. Winchester.

No. 2, a painting of the Black-brown Warbler, has the following:
 58 Orange street, St. John, N. B., October 11, 1897.

This picture is the original painting of J. J. Audubon, who died at Audubon Park, Washington Heights, N. Y., 1851. It was given to my sister, E. Price, in my presents by Lucy B. Audubon, his wife, at 162nd street, New York City, on April 27, 1863.

(Signed) Mary D. T. Cornwall, A. B. Morgan, F. J. Winchester.

John James Audubon, perhaps the greatest American ornithologist, was born in Louisiana in the year 1785. He was educated in Paris and studied drawing under David. His father established him on a plantation in Pennsylvania and in 1808 he married the daughter of a farmer, Miss Lucy Bakewell. His ardor for the study of natural history was indomitable. He was able to transfer the results of his labors to paper with a spry hand and his works have great value. His "Birds of America" was printed in most enthusiastic terms by Currier. He was of a retiring and deeply religious nature, handsome in form and feature and of a keen and clear sighted intelligence.

The lady who presented the paintings to the settlement today says I can talk more than any politician at election times.

"If I had got a chance I would have liked to have said to him: 'See here, young fellow, when you live in glass houses, you ought to pull down the blinds before you rob the safe and blame it on the neighbors. Strikes me when you talk about the Standard directors being patriotic on account of their potatoes, they might extend the scope of your remarks. Them fellows evidently didn't know much about graft; they lost money on that patriotic potato transaction. The fellows that own The Times, being experienced in that line, no doubt look upon them as bungling amateurs; hence your righteous wrath.'

"Young fellow, patriotism, like charity ought to begin at home. And some of the gentlemen who control The Times stayed at home and were not above showing some patriotic interest in their pockets. Here's a commission to investigate the lumber profiteers. And there are other patriotic pillars of The Times who were manufacturing millions and not in trouble because they were caught feecing their employees of wages they were entitled to under their contracts. Some guys think that because the censor put the lid on in war time the people don't know nothing.

"And then, if Commissioner Quinn thought there was some question about \$20,000, there's a bunch of people now thinking there is a much bigger mystery about the loan of one million which the government of Mr. Foster has just raised. What is it for? The Premier hasn't told anybody, and maybe he don't know. Mr. Venki might tell us, but he doesn't. And your editors don't tell us. They probably think it would be superfluous to the party to let us know what kind of a mess the finances of this province are in at the present time."

New Reporter Was Excited

Hiram Hornbeam Says Every Time the Young Scribe Opens His Mouth He Thinks He is Talking for the Whole Community.

"Last time I met the Times New Reporter he was excited about something," said Hiram Hornbeam, of Hornbeam Settlement.

"This young fellow raved about The Standard directors and patriotic potatoes and a lot of other things, and then put his ravings in the papers, as if I had been doing the talking. That is the settlement they say I can talk more than any politician at election times."

CHARGED WITH NON-SUPPORT

Arrested yesterday morning by Detective Sergeant Powers on the charge of non-support, John Carrol, who has been working in the city for a number of weeks, was taken to Amherst last night, where his wife and family live. An officer from Amherst arrived in the city to take the man in custody.

ALL TROOPS HOME BY AUGUST 1ST

A New Record for Returning Troops and Dependents Was Made by Militia Dept. This Month.

Ottawa, May 29.—The total number of troops and dependents moved from overseas to Canada during the month of May, according to practically complete figures available at the Militia Department, was 57,848. This movement constitutes a record.

Of the 57,848 brought across this month, 55,735 were troops and the remaining 2,215 dependents.

The department states that there are, approximately, 34,000 troops still to be brought over. This figure includes those now in hospital. If nothing unforeseen occurs, all Canadian soldiers should be in Canada by the middle of July.

British Gov't Owes United States Over Four Billions

London, May 29.—J. Austen Chamberlain, chancellor of the exchequer, announced in the House of Commons today that the present indebtedness of the British government to the American government is \$4,260,000,000 while the various American departments owe the British deposits roughly \$210,000,000.

The chancellor said that dollar securities, including Canadian securities, now held under the treasury deposit scheme, amount to just a little more than \$500,000,000 most of which has been placed as collateral for loans in America. In addition to the deposit Mr. Chamberlain added securities to the value of \$106,101,000 had been purchased by the treasury. Most of these were sold, however.

THE SWISS TAKE NEGATIVE STAND

Hold That Compliance With Allied Blockade Would be to Infringe Upon Swiss Neutrality.

Bulletin—Geneva, May 29. (By The A. P.)—The Swiss government has decided to reply negatively to the Allied note concerning the blockade of Germany if Germany refuses to sign the peace treaty. It is held that compliance would infringe upon Swiss neutrality.

CHARGED WITH NON-SUPPORT

Arrested yesterday morning by Detective Sergeant Powers on the charge of non-support, John Carrol, who has been working in the city for a number of weeks, was taken to Amherst last night, where his wife and family live. An officer from Amherst arrived in the city to take the man in custody.

PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

Sunday Closing

Commencing on June 1st and continuing until the end of September, the Drug Stores of the undersigned will not be opened on Sunday.

This action on our part, last summer, met with such approval on the part of our customers and clerks that we have decided to continue the plan.

Mr. Wilson and The "Mystery Ship"

Interesting Article from the Eastport Sentinel Regarding New Brunswick's Chief Inspector—"Mystery Ship" is a Sardine Boat from Maine Waters.

The "Mystery Ship" has been identified. She ain't from the County Seat, it seems. She is a Canadian. Mr. Wilson, the Chief Inspector of Enforcement in New Brunswick, will say so. He has said so already. He also said that he has visited one of the islands in Passamaquoddy Bay in connection with the sale of contraband liquor. The name of the island, wasn't specified in his remarks, and doubts have arisen as to whether it was Two Tree Islands, the White Horse, or just Clark's Ledge. Mr. Wilson further volunteered the information, which the censor kindly permitted to pass, that "he and his department are watching the vessel and will act if the men engaged in the illicit traffic can be caught in actual violation of the law."

He shows how alert Mr. Wilson is. He understood, he is on the job. He is watching the vessel—not out of his office window, of course, although she is a mystery ship, and mystery is associated with imagination, etc., etc., etc., and imaginary vessels can easily be watched from swivel chairs when the eyes of the watcher are comfortably closed and he is busy with pleasant dreams. But take no notice, he was not the men engaged can be caught in actual violation of the law. Now, since, Mr. Wilson is watching their every movement while they baffle down to the process of catching them, and we are led to suppose that Mr. Wilson has sternly forbidden his department sleuths to catch the purveyors of low water at all unless they can catch them red handed. Therefore, we may look for some chummy detective work on the part of Mr. Wilson whose ability as an identifier and catcher of blockade runners we have seen triumphantly demonstrated. Picture a one-man submarine stealing with deadly silence through the hither unplumbed waters off Quoddy, and

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the Juice of two lemons into a bottle, containing three ounces of orchard white, shake well and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

The grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

Unable To Tell It All She Says

Mrs. Schofield is Enthusiastic Over Benefits Received from Taking Tanlac.

"I just can't tell you all that Tanlac has done for me," said Mrs. Eliza Schofield, who resides at 942-111 Ave. Edmonton, in an interview recently. "I had been in a nervous, rundown condition for two years, she continued. My appetite was very poor, and any kind of solid food would give me indigestion and make me irritable, almost as soon as I had eaten it. I also had terrible headaches, and could not sleep at night, for rolling and tossing, on account of my condition. My nerves were all shattered and the least bit of noise would excite me, even the children playing around me was almost more than I could stand at times. Often I would get so dizzy and weak, I couldn't finish my housework until I had laid down and rested awhile. I had not only lost my energy and strength but I was losing in weight every day, when some of my friends who knew my condition, advised me to try Tanlac, telling me how much good it had done them. "I felt just about like trying anything at that time, as every other medicine I had taken, had failed to help me, and I got a bottle. About the time I had finished this first bottle, I noticed that I was always glad to see meal time come, and was feeling better in every way. I then began to feel more hopeful, and was taking several bottles of Tanlac, I feel better than I have felt in many years. I can now eat all the solid food I want and enjoy what I eat, without having indigestion or the least bit of trouble afterwards. What I eat now must nourish me in the right way, for I have not only gotten my strength and energy back but I have gained several pounds in weight. My nerves are good and steady, for no noise or excitement ever upsets them, and when I lie down at night, I sleep like a school girl. This is certainly something remarkable about Tanlac, for it got right after my troubles and toned up my whole system before I had realized it. I never have a headache or a dizzy spell anymore, and I can now do all my work around the house without stopping for a minute for all that old time feeling is gone, and I just like to tell folks about this great medicine, for I know that it will do them good, too."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.

Be on time at Moosepark Park, June 3rd, 2 p.m., Daylight time.

PERSONALS Herbert West returned yesterday from the moon train for a visit to Ottawa.

Mrs. William Lennox, Special to The Standard. Moncton, May 29.—A coroner of this city today received word of the death of his sister, Mrs. William Lennox, who died last night at her home in Moncton of heart trouble.

Mrs. William Lennox, who was predeceased by her husband, is survived by one son, William, in Kansas City, and two daughters, Mrs. Mandie, wife of Sergeant Alfred Maudie, late of the Sixth Mounted Rifles, who was a prisoner in Germany, and Miss Jennie Lennox, nurse in New Hampshire.

Clear Your Scalp and Skin With Cuticura After shaving and before bathing touch dandruff or irritation, if any, with Cuticura Ointment. Wash all soap and Cuticura Soap and water, using plenty of Soap best applied with the hands. One Soap for all uses, shaving, shampooing, bathing. Finally dust shaven parts with Cuticura Talcum. The Soap, Ointment and Talcum sold everywhere.

TENDER GUMS — A WARNING Beware of gum tenderness that warns of Pyloritis. Four out of five people over forty have Pyloritis—many under forty also. Loosening teeth indicate Pyloritis. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments. Forhan's positively prevents Pyloritis, if used in time and used consistently. As it hardens the gums the teeth become firmer. Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and in good condition. If gum astringent has already set in, start using Forhan's and consult a dentist immediately for special treatment. Forhan's is sold by All Druggists, Grocers and Confectioners. FORHANS, LTD., 307 St. James St., Montreal.

FOR AND ABOUT WOMEN

History of The First Y. W. C. A.

Interesting Account of Founding of the Association in 1870—Sent to Present Organization by Former Resident of the City.

At a meeting of the Board of Directors of the Y. W. C. A. held recently a letter was read by the secretary from Mrs. George King of Ottawa, formerly Miss Eaton of St. John, N. B., telling of the formation of the first Young Women's Christian Association in this city. In her letter Mrs. King says that she felt the members of the present Y. W. C. A. would be interested in the history of this early association in 1870. Among her memories of the organization meeting was that each member brought her own chair, and the rooms where they met. The account was written by Mrs. Alexander Millar and is as follows: "It has been suggested that a brief account of the first Y. W. C. A. founded in St. John many years ago be given in the absence of any record of the event, and knowing that after the lapse of many years one's memory is apt to prove illusive, any information given must be fragmentary and incomplete. "Some time in the year 1870 a few young women met at the residence of Mrs. L. G. Bizard, Germain street, where an association was formed with Miss Agnes Bizard as president, Elizabeth Marshall, secretary and Jessie Eaton as treasurer. A room was rented in the house on the corner of Princess and Sydney streets, next to the residence of Dr. Thomas Walker, and meetings were held every Saturday. The work undertaken by the association consisted of visitations to the sick and poor, the holding of cottage prayer meetings, visiting the infirm, almsgiving and hospital, etc., for the distribution of tracts and religious literature and also of holding night schools for young girls. The association was greatly indebted to the kindness and generosity of Rev. Dr. Jas. Bennett, who with the hearty co-operation of the session of St. John's church, of which he was pastor, gave the use of the Sunday school for the holding of classes. The unwavering sympathy and encouragement of Dr. Bennett at all times and the generosity of the session of the church for as long as the association was in existence, were deeply appreciated. Membership increased for some time and then after a few years the ranks were thinned through removal from the city and other circumstances and very reluctantly the remaining members were compelled to abandon the work which had become of great interest. Money was needed to make the association a success and the churches and the general public did not give the encouragement that was essential. "Some of the members of the original Y. W. C. A. were Miss Letitia Bennett, Miss Minnie Bennett, Miss Elizabeth Kennedy, Miss Alice Beak, Mrs. James White, Miss Kate McAfee, Miss Marion Woods and Miss Rankine. "At the meeting the following officers were elected: President, Mrs. John A. McAvity; vice-president, Mrs. James F. Robert; recording secretary, Mrs. R. C. Critchank; corresponding secretary, Miss Beria MacLaren; treasurer, Mrs. T. H. Somerville; convenors of standing committees, Misses F. Robertson, James F. Robertson; membership, Mrs. F. E. Holman; travellers' aid, Mrs. R. A. Jamieson; rooming directory, Miss A. L. Brock; cafeteria, Mrs. James MacTavish; educational, Mrs. Alfred Morrissey.

CASES HEARD IN NORTHUMBERLAND CIRCUIT COURT

Special to The Standard. Newcastle, May 29.—In Northumberland Circuit Court today the case of Edward Dalton vs. Earle Ashford was finished. Each side won with costs. Dalton brought suit to recover payment of over seven hundred dollars claimed to be due him for an automobile, accessories and supplies. Defence was made on a counter claim of over twelve hundred dollars claimed for labor, etc. J. A. Craggan for Dalton, A. A. Davidson for Ashford. Kingston vs. Hyland, a replevin case, was commenced. Hon. Robt. Murray for the plaintiff, A. A. Davidson for defendant. Orders for direction in case of Morrissey vs. Holohan, an action for damages for trespassing and cutting lumber, were decided upon by Justice Barry. Court continues tomorrow.

Pharmaceutical Examination Notice is hereby given that the Board of Examiners of the New Brunswick Pharmaceutical Society will meet for the examination of the candidates for registration in the City of St. John on Tuesday and Wednesday, June 10th and 11th, at 9.30 a.m. Candidates must give notice to the Registrar, J. Bennett Mahony, at St. John, N. B., in writing, of their intention to present themselves for examination at least ten days before the days fixed for examination.

Such notice must be accompanied by the examination fee of \$5.00 and by certificate to the satisfaction of the council that the candidate possesses the qualifications required by the Fifth section of the Pharmacy Act. Candidates for re-examination required to pay the fee of \$1.00. DR. O. SPENGLER, Secretary.

LET'S TALK IT OVER

Are women curious or are men lazy? This a double-barrelled question which has exercised the minds of some of us for a long time. The occasions for wondering come very frequently. Is there a ball game being played, one in which well known teams are taking part, then an election, Provincial, city or dominion, is there a transatlantic flight being attempted, is there a prize fight being waged? Those to whom falls the duty of answering the telephone in a newspaper office have to reply to twelve women for every man who questions the result. The phone bells ring, sometimes both trunk lines at a time, the reporter answers courteously and a woman's voice asks: "How's the ball game going? Oh, the Red Sox won? That's good, Thanks." During the war the proportion of women asking for war news was very large indeed, but that was not at all difficult to understand. Many a mother, sister or friend felt that every inch of ground won meant that Henry, Robert or Pat was that much nearer the victorious ending of the war, and while no doubt many were patriotically thankful over gains and depressed with the news of reverses, it is mainly the personal note which influences women in general. In peace times it is harder to explain why more women than men ask for the news of the times unless it is due to the two questions first asked. For myself, I picture a typical home and reside, if in the winter time, the porch steps or veranda, if the days are summery. John with his pipe and magazine sitting comfortably back in his chair, friend wife somewhere by. Pretty soon comes the request, "Say, Mary just ring up the Standard, won't you and see how Hawker got along" and Mary goes for three reasons, one because John is looking so happy and contented where he is, and anyway she likes to walk on him (whisper that, it's supposed to be a secret among women) and thirdly, she admires the pluck of that aviator and thinks of his wife waiting so confidently for him. In war times the number of inquiries received was very large and it took almost the entire time of one person to answer the telephone. It is rather a pleasure to tell joyful news to those who are anxious for it and the fact that people care enough about the news of the world to telephone about it is a good sign of the times. Information is always cheerfully given. Perhaps somebody will solve the riddle for us. What do you think about it? MARGUERITE.

County W. C. T. U. Quarterly Session

Meeting Held in Fairville Methodist Church Yesterday — Reports Received and Interesting Addresses Given by Revs. Dunham, Bishop and Marshall.

The quarterly meeting of the County W. C. T. U. was held in Fairville Methodist Church under the auspices of the Fairville union yesterday. County President, Mrs. N. D. Christie, in the chair. Mrs. Mary Seymour, evangelistic superintendent, conducted the devotional service after singing the hymn "Work for the Night is Coming." Rev. Mr. Bishop, pastor of the Fairville Baptist church, led in prayer, and Mrs. Seymour read the scripture lesson from the 10th chapter St. Matthew's Gospel, and taking the 14th verse as a text, urged a close organization of the women in a close helpful part of the service to a close. The business session was then opened by the president. Roll called. Minutes of previous meeting read and approved. Mrs. Bishop then favored the convention with a solo "This is My Task." The secretary then read a paper from the Provincial President, Mrs. L. Hetherington, on the first organization of the Women's Christian Temperance Union, Rev. Mr. Dunham, of the Fairville Episcopal Church, was called upon to address the meeting. Mr. Dunham gave a helpful message to the convention, taking as his example the outstanding characters of the holy women of the Bible, urged the women to be faithful and sincere, and to press forward to the highest possible standard. Rev. Mr. Bishop was then called to the platform and speaking along the lines of assurance, referred to the great need of an educational campaign. The convention also had the pleasure of listening to an address from Rev. Mr. Marshall, president of New Brunswick Alliance. A letter was read from the Dominion W. C. T. U. in reference to the new department of "Travellers' Aid." A letter was also read from the Oddfellows Society, asking for the support of the W. C. T. U. at the Fair to be held by them in the interest of the Home for Aged Men, and the P. C. H. Action was taken upon both these communications. It was brought before the meeting that the Provincial Union would like to meet in St. John. Mrs. J. Scott, president of North End Union, moved that the County Union invite the Provincial Union to convene in St. John, seconded by Mrs. Hipwell. Reports were then read. St. John, St. John North, Carleton and Fairville Union all reports showed a progressive work being done. This concluded the business session and Rev. Mr. Marshall pronounced the benediction, after which tea was served by the ladies of the Fairville Union and a pleasant social hour was spent by all.

NEW PHASE TO HALIFAX STRIKE

With the End of the Month When Rent and Supply Bills Must be Paid the Situation May Change.

Halifax, May 29.—The strike of the building trades in Halifax may enter on a new phase at the end of the month. Bills then, will be due for rent and supplies and many men may decide to resume work in order to meet their obligations. The Carpenters' Union, which demanded 75 cents an hour and whose men were offered 60 cents, have notified members that they may return at 65 cents. This some of them will do, but the employers exchange refuses to pay more than 60 cents, and, as an organization, they are standing pat. Probably half the carpenters in the city when the strike began have left and are working on farms or in other employment. The burden is therefore falling on the married men in Halifax who cannot leave the city. It is they who are suffering and what the outcome will be remains to be seen.

ONE-PIECE BATHING SUIT. Marion Davies is offering a \$1,000 prize for the best and cheapest design which may be submitted to her for an aviator's costume. The Moving Picture World says that, "Considering the front news of the day, we suggest a one-piece bathing suit."

Mr. and Mrs. William Beateay announce the engagement of their daughter, Agnes L. to Edward M. Slater, the marriage to take place in June.

NEW REBELLION IN IRELAND HINTED

Tis Said Government is Prepared to Take Drastic Action—U. S. Emissaries Blamed for Impending Trouble.

London, May 29.—An impending new rebellion in Ireland, with hints of some imminent drastic action by the government, has been the subject of prominent paragraphs and articles in certain of the London newspapers during the last few days. The Daily Mail, which printed a conspicuous article on Wednesday, predicting that the rebellion would be more serious than the last, owing to the encouragement given to the Sinn Fein republican movement by Messrs. Walsh, Dunne and Ryan, the American delegates, carries today a report that Walter Hume Long is to replace James Ian McPherson as chief secretary.

some imminent drastic action by the government, has been the subject of prominent paragraphs and articles in certain of the London newspapers during the last few days. The Daily Mail, which printed a conspicuous article on Wednesday, predicting that the rebellion would be more serious than the last, owing to the encouragement given to the Sinn Fein republican movement by Messrs. Walsh, Dunne and Ryan, the American delegates, carries today a report that Walter Hume Long is to replace James Ian McPherson as chief secretary.

NEW TERMINALS AT HALIFAX WILL BERTH 27 BIG LINERS

The Federal Government's Extensive Programme of Construction is to Give Halifax, When Work is Completed, the Most Modern up to the Minute Facilities for Handling the Ocean Traffic—The Big Outlay Already Made is Justified in the Large Increase of Inward Traffic.

Halifax, May 29.—When completed the Federal Government's plans for the new ocean terminals at Halifax will provide berthing accommodation for 27 large liners. The landing quay which is 2,000 feet long, and one pier which is 1,250 feet long, and 360 feet wide have been constructed, and the programme calls for four more piers of the same dimensions, with 300 feet basins between. Owing to the war construction work was discontinued. The ocean terminals will eventually occupy one mile and a half of the water front at the southern end of the city, and within twenty minutes steaming of the Atlantic. The basins will have a depth alongside the piers of 45 feet at low water ordinary spring tides.

The bulk end landing quay runs nearly parallel to the harbor line, and the southern end forms a side of the basin on the northern side of No. 3 pier, and in addition to landing berths gives a berth over 1,200 feet in length. On this quay a granite building, 300 feet long, will be erected, and used for immigration purposes. Near this building there will be a Union Passenger Station, a granite structure of very fine architectural design, and a concourse and train sheds for ten passenger tracks, with plenty of room for further extensions. Owing to the contour of the land the main floor of this station will be on the same level as the landing dock of a large Atlantic liner. The cost of the building will be \$2,000,000, and the appointments will be in keeping with the national character of the enterprise, and the idea of creating a stately vestibule, worthy of the commanding greatness of the country. Baggage and express will be handled under the main concourse. Each of the piers will have four sheds, with tracks on either side and eight interior tracks. A huge grain elevator with adequate conveyor system will also be built.

The whole ocean terminal scheme is connected with the national railway system by a cutting which traverses the western section of the city nearly

SHEDIAC HERO WITH SPLENDID WAR RECORD

Pte. Williams, One of the Originals, Welcomed Home After Four Years of Service

Shediac, May 28.—Pte. Napoleon Williams, No. 817290 of the 26th Battalion, returned to his home town on Saturday last and is being heartily welcomed by his many friends. He enlisted in the fall of 1915 when he was only seventeen years of age in Lieut. Col. Powler's battalion, the 104th, and was subsequently transferred to the 140th, at that time under the command of Lieut. Col. Beer. In 1916 he went to England where he remained only two weeks. He was then sent across to France with a draft for the famous 26th Battalion, to which he became attached, and with which he remained until the end of the war, serving thirty-two months in the trenches and taking part in the battles of Vimy, Hill 70, Passchendaele, Arras, Cambrai, etc. When the armistice was signed he was near Mons with the unit. During all that time he was never seriously wounded, receiving but two slight wounds in the leg; but his wounds were so slight that he did not have to go to the hospital. He returned on the Olympic with the 26th Battalion and received his discharge about ten days ago. During his absence Private Williams had the great misfortune to lose both his father and mother, who were carried away by the influenza epidemic in the fall of 1918. The sympathy of the entire community is extended to Private Williams, who now resides with his sister, Mrs. Alderick Gallant, of Shediac, N. B.

for the accommodation of immigrants. When completed this pier represented an expenditure of \$1,250,000.

The big outlay already made by the Federal Government, and the further expenditures contemplated, upon the development of Halifax harbor has in the eyes of Halifaxians been justified by the greatness of the growth of the business of the port, whose inward traffic has increased from \$26,979,816 in 1912, to \$142,402,212 in 1918, and by the greatness of their hopes for the future—the expectation that all the great liners of the next generation will call at Halifax to receive and discharge passengers and mails, even though they may continue to use New York for freight.

Monster Field Sports Moosepath Park, June 3rd.

VERSATILE VERA PERFORMS ANOTHER BOLD STUNT

Escapes Toronto Jail Where She Was Awaiting Sentence for Aiding Condemned Murderer to Escape.

Toronto, May 29.—Vera Lavelle, who was awaiting sentence on a conviction of assisting Frank McCollough, condemned murderer to escape from jail, today herself escaped from the same institution and has so far not been recaptured. With another woman prisoner named Masten, she was hanging out a washing in the jail yard when in some way a ladder was placed for them and they climbed over. The Masten woman was retaken shortly afterwards and the police are on the trail of Miss Lavelle. McCollough, who was recaptured a few weeks ago, is to be hanged on June 13.

STEAMER TROJA BEEN REFLOATED

Special to The Standard.
Flags Cove, N. B., May 29.—Steamer Troja, stranded for the past two months on Old Proprietor Ledges, was today refloated and safely brought to harbor at Whitehead, Grand Manan. Mr. Henry Black, who has been at the steamer for the last two months, is returning to St. John tomorrow, along with Captain Nilson, who is representing the owners of the vessel.

AUTOISTS WARNED TO KEEP OFF THE BROAD ROAD

The Work of Reconstructing the Roadway Makes it Advisable to Refrain from Travelling Over it for a Time.

Special to The Standard.
Fredericton, May 29.—Hon. P. J. Veniot, Minister of Public Works, today issued a warning to motorists that it would be advisable not to use the Broad Road route between Fredericton and St. John, because of the durable road building operations which are in progress in Suburban County. The minister, accompanied by Chief Engineer Hill, went from here to St. John yesterday with Lorne Merrithew, of Smith and Merrithew, re the latter's car made an inspection of the roads. Two crews are at work on the Broad Road, rebuilding fourteen miles of that road, which was the cause of all previous trouble on that short route from Fredericton to St. John. Five miles were built last year and are now said by the minister to be in excellent condition, while five more miles of the worst part will be finished this season. The work is said to be costing more than would be expected because of the scarcity of gravel.

Some special work was ordered by the minister yesterday between Peterborough and Westford in Queens county.

Capl. H. Ralph Gunter, who arrived in Halifax this morning on the Regina, went overseas in 1915 with the Canadian Army Service Corps, in which he held a commission before the war and was for some time with the 5th

FIRE DESTROYS CLUB PROPERTY

Grandstand and Club House of National Lacrosse Assn., Montreal, Wiped Out.

Montreal, May 29.—The grand stand and club house of the National Lacrosse Association here was destroyed by fire this afternoon. The grand stand which was of frame was capable of seating 6,000. The destruction of the construction. The destruction of the National grandstand makes the third big fire to sporting premises here within a few weeks, the other places to go being the Jubilee rink and Sohmer Park. The arena was destroyed by fire a year ago.

"Mc" NOT PROPERTY OF CENTRAL EUROPE

Montreal, May 29.—A protest against the taking of British names by foreigners was made at this morning's session of the I. O. D. E. convention at the Ritz Carlton Hotel by Mrs. Daniels. This speaker claimed that the name McPherson, for instance, should continue to denote Scottish ancestry and should not be assumed at will by immigrants from Central Europe.

Polarine

FRICITION REDUCING MOTOR OIL

"Makes a good car better"

From Field Direct to User

The best crude oil and careful refining makes Imperial Polarine, a perfect lubricant, and Imperial Distribution makes it easy to get, from Halifax to Vancouver, in any village, town, city or at any point in the country any time.

Imperial Polarine kills friction and saves power. It keeps engaging parts separated and frictionless with a protective oil film that severe pressure can't rub away or high engine heat break down. Establishes a piston-to-cylinder seal, that keeps the explosive gases in the combustion chamber—power at full strength. Consumes with hardly a trace of carbon.

Three grades—Imperial Polarine, Imperial Polarine Heavy and Imperial Polarine A—for different types of engines, service conditions and fuel.

Imperial Polarine is supplied in one-half, one and four-gallon sealed cans, twelve and a half gallon kegs, half-barrels and barrels.

Ask the Imperial Oil Man what grade is best suited to your engine.

For sale by good dealers everywhere.

Where desirable, Imperial Polarine and other Imperial oils are delivered direct to the user—the last link in Imperial distribution and service.

DEMONSTRATION OF KLIM

When cooking or baking mix Klim dry with flour, sugar and other dry ingredients. More convenient, no waste, economical, pure and fresh.

Whipped into water becomes a fresh separated milk. Delicious to drink. Has the natural flavor unchanged.

Use Klim either dry (direct from the tin) or in liquid form with tea, coffee or cocoa.

COME to our store any day this week and learn about Klim and how it can cut your milk costs. See for yourself how convenient it is. Taste and prove its genuineness by its natural unchanged flavor.

Come! You'll acquire a new idea of milk, and learn how to get milk food at lowest cost.

The uses of Klim will be demonstrated here

LATE SHIPPING INTELLIGENCE

PORT OF ST. JOHN.
May 30, 1919.
Arrived Thursday.

Am. str. Pigeon, 78, Hackett, Del-
fast, Me.
Coastwise—Str. Empress, 612, Mac-
Donald, Digby; Connors Bros., 64,
Warnock, Chatham Harbor; G. K. King,
81, Golding, St. Martins.

Am. str. Pigeon, 78, Hackett, Del-
fast, Me.
Five-Master Coming.

The five-masted schooner Jane
Palmer is now undergoing repairs at
New York and will sail for this port
to load goods for overseas.

Floating the Troja.
The work of floating the stranded
coal steamer Troja off Grand Manan
Island, is being undertaken by the
tugs Hercules and the Sarnia, which
put out from Halifax two days ago.
The cargo of coal can be salvaged and
the steamer has suffered no damage
from the stranding.

CHANGE OF TIME ON C. N. R. LINES

New Schedules Effective on
June 1st—Ocean Limited
Express Except Sunday—
Effective June 1st Summer
Time Schedules Will be in-
augurated.

Effective June 1st the summer
changes of time will go into effect in
the lines of the Canadian National
Railways. The Ocean Limited will
become the through daily train and
the Maritime Express will run on
week days only.

The train schedules will be prac-
tically the same as those in effect last
summer. There is no change in the
departure of the morning train No. 13
which leaves at 7:10 a.m. No. 14 ex-
press will leave daily at 12:50 noon
instead of 2:00 p.m. and connect at
Moncton with No. 200 Ocean Limited
for Halifax and with the P. E. Island
steamer at Cape Tormentine. There
are no changes in the departure of

other trains. No. 20 will leave at 6:10
a.m. as usual and No. 10 at 11:45 p.m.
The arrival time of trains will be
pretty much the same as at present.
No. 18 Express will arrive at 12:15
noon and No. 13 will arrive daily at
5:30 p.m., as usual.

Connections for Prince Edward Is-
land will be made by taking No. 18
morning train leaving at 7:10 a.m. or
by No. 14 train leaving at 12:50 noon.
Connections for New Glasgow and
Sydney can also be made by taking
No. 14 or No. 10 night express.
Suburban trains 337 and 338 will be
put on between St. John and Hampton
on June 25th.

OBITUARY

Mrs. James Gorman.
The death took place yesterday
morning of Ellen, wife of James Gor-
man, a well-known resident of Lower
Cove. She leaves, besides her own
husband, one son, Louis, a returned sol-
dier, now in the Customs House.

Miss Alice M. Killacky.
Many friends in this city will regret
to hear of the death of Miss Alice Mar-
garet, eldest daughter of Mr. and Mrs.
Thomas H. Killacky, of New York.
Miss Killacky, who had frequently
visited her aunt, Mrs. Edward J.
Doherty, of this city, was a very tal-
ented young lady and enjoyed an en-
viable reputation in New York musi-
cal circles. Besides her parents, she
leaves one sister and one brother in
New York.

Arthur C. F. Sorrell.
While waiting for the suburban
train to the city, yesterday morning,
Arthur C. F. Sorrell was taken sud-
denly ill at Lingley Station, Westfield,
and expired a short time after. Mr.
Sorrell, who was sixty-three years of
age, had been staying with his family
at Woodman's Point, and was appar-
ently in good health when he left for
the train this morning. He leaves, be-
sides his wife, three sons and one
daughter, Harold and Bishop, of the
West; Walter, overseas, and Miss
Marion, at home. The funeral will
take place on Friday afternoon, at 3
o'clock, from the residence of Mrs.
Hannah Holly, 151 Douglas avenue.

Thomas William Robinson.
Mr. and Mrs. Gilbert M. Robinson, of
21 Sydney street, have the deep sym-
pathy of a host of friends in the death
of their youngest son, Thomas Wil-
liam, which occurred yesterday.

JUDGMENT RESERVED.
The case of The King vs. James M.
Campbell was before His Honor Judge
Armstrong yesterday in the County
Court. The prisoner was charged with
breaking and entering the premises of
Frank Adams, West Side, and stealing
a number of watches. The case was
tried under the Speedy Trials Act. C.
H. Ferguson for the crown, and J. A.
Parry for the defence. Judgment was
reserved. Court adjourned until
Monday morning at 10:30.

**For Sale—Property at Sus-
sex, consisting of lot of land,
modern house and barn, nice
grounds and trees. Situated
on Church Ave., one of the
most desirable residential
streets. For further particu-
lars apply to Ethel A. Davis,
Box 232, Sussex, N. B.**

Boilers

AROUND THE CITY

WARM—THUNDER

MAKING GOOD CATCHES. Some of the drift net fishermen have been making good catches of gasperus recently.

INSPECTION YESTERDAY. The Army Dental Corps and the Dispersal Area were inspected yesterday morning by Brigadier General Macdonell and staff.

MEETING POSTPONED. The annual meeting of the Home for Aged Females scheduled for yesterday was postponed until this afternoon.

WERE AT MONCTON MEETING. Mr. Patchell and Mr. Duffy, representing the St. John G. W. V. A., have been in Moncton attending meeting of the provincial command.

WILL BE IN MONCTON. The Commission on Industrial Relations were expected in St. John on June 2nd, but the mayor of Moncton has received a wire saying the commission will be in that city on that date.

SITUATION UNCHANGED. The strike situation among the employees of the public works department on the stone crushers is unchanged. The men at No. 2 are at work pending a reply to their request for an increase of twenty-five cents per day and the men of No. 1 are still out.

CONCERT REPEATED. A large audience was much delighted with the repeat performance of the concert given in St. Philip's A. M. E. church last night, the attendance even exceeding that of last Thursday. At the close of the recital dainty refreshments were served by Mesdames Frank McAleer, R. H. McIvor and Misses Hester Bree and A. A. Richardson.

ANNUAL INSPECTION. Under the rules being carried out by the G. O. C. M. D. 7 in the present annual inspection all men not needed absolutely in the service will be given their discharge. Questionnaires are given the men which give the correct date regarding his occupation and his value to the service. It is expected that demobilization will be hastened through this process.

PRESENTATION TO MRS. A. McMULLIN

Director of "Pinafore" Production Given Thermos Pitcher, Tray and Glasses Last Night by Cast and Chorus.

One event which was not on the programme, and which the audience were not permitted to witness, took place last evening between acts one and two of the performance of "Pinafore" when Mrs. A. McMullin, the very efficient director of the production, was called to the front and presented with a beautiful thermos pitcher, tray and glasses, from the cast and chorus, who took this way of expressing publicly their appreciation of the labors of that lady, to whose genius in training and directing the production so much of the success which has attended it is due. On the pitcher is the following inscription: "Presented to Mrs. A. McMullin by the Pinafore Company, May 28-31, 1919. Mrs. McMullin was taken entirely by surprise, but she thanked the donor for the gift, which she assured them would always be treasured by her as a reminder of the happy days spent together in getting ready for and producing the opera.

FIFTEEN MEMBERS WERE INITIATED

Meeting of Teamsters, Chauffeurs, Stabblers and Helpers' Union Held Last Night—Reports Received.

Fifteen members were initiated at the meeting of the Teamsters, Chauffeurs, Stabblers and Helpers' Union, which was held in the Union Hall last night.

Delegates reported on the success of the visit to the committee regarding the new drinking fountain at the foot of King street. Addresses were delivered by President Mice of the Civic Employees' Union, Robert Marshall of the same organization, and P. C. Sharkey, of the Trades and Labor Council.

Reports regarding the increased wage scale are to the effect that most of the employers are in hearty accord with the movement. The meeting was largely attended. Robert Winchester presiding.

BORN.

WARD—On May 23rd, 1919, at 7 Golding street to Mr. and Mrs. Geo. H. Ward—a son.

DIED.

SORELL—Suddenly, at Westfield, N. B., on May 23, 1919, Arthur C. P. Sorell, aged 62 years, leaving his wife, three sons, and one daughter. Funeral on Friday, May 30, from the residence of Mrs. Hannah Holly, 151 Douglas avenue. Service at three o'clock.

ROBINSON—In this city on 29th inst. Thomas William, youngest son of Gilbert M. and Sylvia A. Robinson, aged 5 years.

Funeral from his late residence 21 Sweeney street, Saturday, at 2:30 o'clock. Daylight time.

HANINGTON—At the residence of her daughter, Mrs. E. C. Wetmore, on May 28th, 1919, Frances P. A., beloved wife of Thos. B. Hanington, and daughter of the late Thom. M. and Susan Tilley, of Gaspoint. Funeral from St. John's (Stone) church, Friday, 2:30.

THE RELATIVE IMPORTANCE OF HOME AND FOREIGN MARKETS

Kings County Farmer Gives Interesting View of the Situation—Canadian Grain Growers Have Little to Hope for from American Market—Some Important Statistics Regarding the Different Articles.

The New Brunswick Farmers' Association, having at its last meeting in Fredericton adopted a resolution favoring reciprocity with the United States without any discussion, a well-known farmer of Kings County has been making some inquiries into the relative importance of the home and foreign markets, and when in the city yesterday he gave The Standard an interesting view of the situation. He said that while it was difficult to get definite information about the market possibilities in the United States such as he had been able to obtain did not indicate that even the grain-growers of Canada had much to hope for from the American market at the present time. President Gary, of the U. S. Steel Corporation, who generally knows what he was talking about, has announced that the United States this year will have the greatest grain crop in history. On top of this, the U. S. Department of Agriculture estimates that the farmers of the United States had on their hands on March 31st, of this year, the following percentages of the crops raised last year: Wheat, 14.1 per cent; Corn, 34.2 per cent; Oats, 38.2 per cent; Barley, 31.0 per cent. Although the value of the foodstuffs exported from Canada jumped from \$187,000,000 in the fiscal year 1914-1915 to the huge total of \$710,000,000 in 1917-1918, it does not follow that the relative importance of the home market has been affected to an extent that justifies the demand of some western farmers that the national policy which has built up the home market in our towns and cities should be boldly thrown overboard, without even taking the trouble to apply the test of progression to the free trade principle. The year of big exports corresponded with the time when an artificial stimulus of the efforts of the

Table with 3 columns: Commodity, Consumed in Canada, Exported. Rows include Beef, Pork, Poultry and eggs, Wool, Butter, etc.

These figures, which are taken from returns made by the Canadian Trade Commission, throw an interesting light of the trading problem as it affects the farmers of this country. They show that the Canadian farmer sells to the Canadian consumers nearly five times as much as he did to consumers in other countries. Even the grain-growers, who attach little importance to the Canadian market, sold here more than twice as much of their product in this country as they did in other markets.

With The Local Labor Unions

Movement to Form Water-front Federation of All Unions Connected With Harbor and Railway Terminals—Also Building Trades Council.

Symptomatic of the unrest in St. John is a movement to form a Water-front Federation of all the unions connected with the harbor and railway terminals, along the lines of similar organizations in Great Britain. This will include the men employed on tugboats and river craft, as well as the big Longshoremen's union. The idea is to take common action for mutual benefit, and to give the waterfront workers a prominent position in the trade union movement. There is also a movement to form a Building Trades Council composed of delegates from the various unions in the trade who will meet regularly and deal with matters affecting the building trades as a whole. The object is to provide for concerted action in matters affecting the conditions of employment, and to avoid the chances of one union continuing at a job while others may be locked out or on strike. Having recently turned down a proposition to form one big union, the unions men here are nevertheless forming ever wider combinations among themselves, as the belief grows that certain powerful corporations are trying to persuade employers throughout Canada to make an attempt to smash trade unions.

INTERESTING TALK AND DEMONSTRATION

Members of Engineering Institute Witnessed and Heard Something Out of the Ordinary in Frank P. Vaughan's Laboratory Last Night.

The St. John branch of Engineering Institute of Canada met last evening at the home of Frank P. Vaughan, C. C. Kirby in the chair. After routine business which included the report of the employment committee, who reported they had been able to place several men in engineering employment, Mr. Vaughan gave an interesting talk and demonstration in his laboratory of the wonderful effects that can be obtained by the use of high potential, high frequency electrical currents.

Mr. Vaughan, who is the pioneer in this district in wireless telephony and telegraphy experiments, has built a very complete set of electrical experimental apparatus, the equivalent of which it would be hard to find in Canada. The ordinary 110 volt 150 frequency current is built up by his machines to a maximum of over half a million volts, and over one million frequency. With such current the electrical discharge, in the form of sparks, was obtained up to five feet in length. Through variations in the choice coils, condenser, etc., the various lengths of sparks produced gave a miniature lightning effect. The dissipation of energy in some of these experiments was at the rate of 800 kilowatts, or 1,200 horsepower. Sparks up to the eight inches in length were taken from the machine by one person and passed by him to another, consuming from 250,000 to 300,000 volts, and up to three-quarters of an ampere, a momentary display

Stmr. War Moncton Takes Maiden Dip

Large Ship Was Successfully Launched from the Grant & Horne Yards Yesterday—Was Christened by Mrs. Stanley E. Elkin.

The large steamer War Moncton was launched from the Grant & Horne yards yesterday morning at 11:45 o'clock, amidst the cheers of a large gathering of citizens and the blowing of nearby factory whistles and tugboat whistles. The launching was a success, and the new ship was christened by Mrs. Stanley E. Elkin.

Although anchors were out to check the ship as she left the ways, her stern stuck in the mud, and it was ten minutes before the tugs Neptune, Alice R. and G. D. Hunter could move her. The new ship, gaily bedecked with flags, was then towed to No. 6 berth, West St. John, where she will receive her engines and be otherwise completed.

The War Moncton is for the Imperial Munitions Board. She is a sister ship of the War Fundy, now in the merchant marine, that was launched in August of last year. The keel of the War Moncton was laid in August, 1918, and since that time a crew of 160 men have been engaged on the vessel. The length of the War Moncton between perpendiculars is 250 feet; her breadth 43 feet, 6 inches, and her depth 25 feet. She has a draught of 22 feet, and a dead weight carrying capacity of nearly 5,000 tons. The engines of the War Moncton have already been installed; they are oil consuming and are about 1,000 horse-power. She will carry a crew of about thirty-four. The cabins and finishings of the steamer will be completed at West St. John.

SOUTH END LEAGUE ANNUAL MEETING

Officers Elected Last Evening and Considerable Discussion on Possibility of Amalgamating All City Improvement Leagues.

The annual meeting of the South End Improvement League was held in the King Edward School building, and the reports submitted of the year's activities were of a most encouraging nature. The treasurer reported a balance on hand of about sixty dollars, and other reports showed that much work had been done on the playground. Considerable discussion took place on the possibility of amalgamating all the Improvement Leagues in the city and their working together, and this will be brought before the other leagues. The matter of upkeep of the various playgrounds was discussed and the opinion expressed that the city should look after this expense. Light khaki and red were chosen as the colors for the league.

CONCERT GIVEN BY CULLUM LODGE

The concert given by Cullum Lodge No. 36, L. O. B. A., proved very successful and a tidy sum will be added to the fund for the new Protestant Orphanage as a result of the entertainment. Worshipful Mistress Mrs. Amy Silliphant presided.

NEW NORTH END BUSINESS.

A long needed want will be met by the opening in the North End of an electrical supply store. The new store will be located at the corner of Hill and Main streets, and A. P. Sandlers is to be the manager.

THREE HUNDRED WHITE REPP AND TWILLED SPORT SKIRTS

PRICED FOR A GREAT RUSH CLEARANCE

One Dollar, could you pay for buying a skirt made with that sum, or could you buy sufficient good material for an outing skirt with it? The question will be best answered by an early arrival today, for you'll realize how quickly 300 skirts will be sold at such a price. It's the result of exceptional buying and factory co-operation. The skirts are made of splendidly durable white repp or twill, entered or plain waist line, fastening down the front or on the side. One style has two shirred pockets, the other style two plain pockets, which are decided essentials in a sport skirt, all sizes. Procure your summer's supply at once, at less than mill price. Regular value \$1.50, \$1.75, \$1.98. Clearance price, \$1.00. Dykeman's, Third Floor.

Electric Home Needs for the Bride of June. Includes image of a teapot and text about electric cooking appliances.
