HOME SECRETARY WAXED WARM IN HOUSE

Names Not Suppressed in Connection With Piccadilly Raid.

WHITE SLAVE TRAFFIC Was Discovered and Resort Uncovered Was a Bad Place.

LONDON, Aug. 6.— So many questions have been asked lately in all quarters as to whether the names of the prominent men had been suppressed in connection with the sensational raid on Queen Gertrude's flat in Piccadilly a short time ago that the Home Secretary, Reginald McKenna got up on the floor of parliament yesterday and said there had been no influence brought to bear by the home secretary. McKenna got up on the floor of parliament yesterday and said there had been no influence brought to bear by the home secretary. McKenna got up on the floor of parliament yesterday and said there had been no influence brought to bear by the home secretary.

DEADLY LOCKJAW IN MOSQUITO BITE

Unfortunate Lad Scratched the Irritating Wound, Died in Five Days.

TORONTO, Aug. 6.— Suffering from an attack of that dread disease, tetanus, commonly called lockjaw, said to have been caused by scratching some mosquito bites on his legs, Dalton Woodside, aged fourteen, 305 Lansdowne avenue, died yesterday in the Western Hospital after an illness of a few days. The lad died just two years to a day after his father, who was formerly employed as a fireman at Orillia, Ont.

Boy Acted Strangely.

Shortly after he had come to Toronto the lad came home one night from his work acting in a very peculiar manner. His head hung between his shoulders and he answered his mother's questions as he had never done before. This continued for some days, and as he appeared to his mother to be very ill, Dr. Kerr of Lansdowne avenue was called in to attend him.

A UNIQUE PROPOSAL To Drive Militants Insane and Lock Them in Asylums.

LONDON, Aug. 6.— It is probable that the Suffragettes will storm the International Congress on Medicine when it opens to-day, as militant women say that their treatment by doctors while in English prisons should be exposed to the world.

KANE RELEASED BY WIRE TO-DAY

President Nelson Couldn't Stand Press Despatches and Let Sox Manager Out.

Further details of the fatality near Goderich last week were given to-day: On Thursday morning last, Thomas Hutton, a licensed chauffeur, was driving Miss Constance Heyd and some of her young lady friends to Goderich. When approaching the town the car overtook Mr. Thomas Reinhardt of Ashfield, who was driving a horse with him being the covered buggy, attached to a single covered buggy, children, two of them sitting with their backs to the dash. The horn was sounded several times before the buggy moved to the right to allow the car to pass. About 50 feet in front of Mr. Reinhardt's horse, was a man named Henry Barker, sitting in an open buggy. He is a resident of the neighborhood, has charge of the streets and bridges, persists in driving on the wrong side of the road, and refuses to move for any car.

A DASTARDLY PLOT Lives of Many Men Imperilled by Trick Which Was Played.

WHITBY, Aug. 6.—Stead M. Gamble, of Toronto, business agent and organizer of the Structural Ironworkers' Union, whom the police believe to be the man who imperilled the lives of a number of workmen by pouring sulphuric acid on a rope, was seen sitting on the coil by at least two men. It was also seen to shake his hands over the rope in a strange manner and to toss something that looked like a bottle over his shoulder. An empty whisky flask, which a qualified chemist swore contained traces of sulphuric acid in it, was found later on a spot corresponding to the place the object he threw dropped.

Wholesale Burglaries

MONTREAL, Aug. 6.-By the rounding up of a gang of young men, Alfred Gauthier, Charles Joly, Victor Dupreault and Alfred Lussier, and the discovery of loot to the value of \$20,000 in their homes, the police have solved the mystery of the wholesale burglaries which have been going on all summer in the homes of the wealthy citizens of town.

The loot includes silverware, jewelry and fur principally. A crowd of fashionable people gathered at the police headquarters to-day to identify and recover their goods. The accused men were arraigned in the police court this morning and Gauthier, Joly and Dupreault pleaded guilty and Lussier not guilty.

ACID BOTTLE IS FOUND NEAR ROPE

(Continued from Page 1) Labor Dispute Involved.

A strike which was unsuccessful and ended in the laying off of all union men working on the job of the trouble. Gamble was on the scene in the interests of the Structural Ironworkers' Union.

The prisoner is a small, thick-set individual with rugged features and reddish brown hair. He sat near his counsel throughout the trial, and appeared quite unconcerned.

Where did the prisoner and his partner go? asked Col. Farewell. They went right down the road past the compressor car to a point about 100 yards away, where there were a couple of boxes and a coil of rope.

He sat down on the coil of rope and remained there for about a minute. I could see his hands moving over the rope. He was doing something that looked like a bottle over his shoulder.

Were you suspicious of him? Made Him Suspicious. Yes, I had been told to keep my eye on him, and when I saw him down there I got out and walked towards him.

Gamble's Movements. In his evidence Black testified that McCuaig walked ahead, but Gamble sat on a coil of 1 1/2-inch new hemp rope. He saw Gamble moving his hands but was unable to detect what he was about.

Continuing the witness said he had no conversation with Gamble with Gamble. He had frequently seen delegates from the union around the work talking to the men. Mr. Cuddy tried to shake the witness' evidence that as Gamble was about three hundred feet from him it was not possible to tell what he threw from his hand, but Black was positive that it was the bottle.

Gamble Threw Something. Mr. Job Jordan corroborated Black's evidence as to the movements of Gamble and McCuaig. "Did you see him do anything?" asked Col. Farewell.

Spot Unsafe to Use. The damaged rope had been intended for a scaffolding support for the riveters, said Mr. Alex. Armstrong. The bridge was over 90 feet in height.

PARIS HORSE THIEF HAS POLICE BEATEN

Had Been in Blandford, But Disappeared Taking Precaution Against Capture

While a farm hand is driving around the country with a stolen horse and buggy, the county police are hunting him without any success. On July 30th information came from Paris that a black mare, four years old, 15 hands high and weighing 1,000 lbs., fine-boned, good driver valued at \$225, had been stolen there. On Sunday, August 3rd, it was discovered that the man suspected had been working for a few days with Mr. Lee, 2nd Con., Blandford, but on that morning he had left his place, taking his employer's buggy instead of his own, and was seen there on Sunday, August 3rd. He had also punctured a bicycle which was on the premises, and removed the nuts from his old buggy, to prevent pursuit.

The man wanted is about 17 or 18 years of age, 5 feet 3 inches in height, weighs 130 pounds, has light complexion; a Canadian; roughly dressed and stutters when excited.

The police are very anxious to get this man, but cannot find any trace of him. County Constable Kerr, first received the report of the operations, which started at Cayuga.

A Baseball Trade. CHICAGO, Aug. 5.—Pitcher Ed Reulbach, the last of the staff except Overall, who helped win pennants for the Chicago Nationals, was traded to-day by Manager Evers to Brooklyn by Pitcher Ed. Stack. GIRL IN HER TEENS IS TWICE WEDDED

Also Has Been Engaged to Twenty-five Men She Says.

LA GRANGE, Ga., Aug. 6.—Engaged to 25 men, felled in five o'clocks and twice married, is a record which Mrs. Gussie Mashburn, aged 17, declares qualifies her as an expert. As such she says a marriage is not legal if the bride answers "no" when the justice asks her if she "will love, cherish and obey."

Mrs. Mashburn admits she was married to C. W. Smith, aged 47, a farmer, Jan. 23 last, and that she has not been divorced. But she declares that the marriage was not legal because her grandfather forced her to marry Smith and because of her contrary answers.

The cause of Catarrh is a germ. It multiplies in the lining of the nose and throat, spreads to the bronchial tubes and finally reaches the lungs. Cough syrup can follow it to the lungs—it goes to the stomach—and fails to cure—Catarrhozone is inhaled. It goes everywhere—gets right after the germs—kills them—kills the soreness—stops discharge and hacking—cures every trace of Catarrh. You're absolutely certain of cure for Catarrh, throat irritation, colds or bronchitis, if you use Catarrhozone. 25c. and \$1.00 sizes sold everywhere.

HON. MR. COCHRANE AND THE INTERCOLONIAL RAILWAY.

Hon. Frank Cochrane, Minister of Railways and Canals is essentially a business man with practical ideas. He gets to his office early, works hard and never takes up the time of the house with long-winded speeches.

In connection with the Intercolonial railway, owned by the Government, he made up his mind that he would get that system on some kind of a paying basis, and so he raised the rates.

Since then there has been a storm of protest, and Conservative members from the maritime provinces claim that not one member of that party can win there again unless the old rates are restored.

Hon. Mr. Cochrane, it is announced is determined to stick to his view of the matter, and will resign office unless his ideas prevail.

Should Be a Pension System

There is one thing which the Whitney government ought to inaugurate and that is a pension system for all its officials.

The method successfully followed in other cases, has been to deduct so much each year from the salaries paid—an amount so small that the levy is hardly noticed—and then at a certain period of life retirement takes place with a large enough sum per annum to guarantee comfort in old age.

The method in this province has hitherto been to grant some such sum as \$1,000 to those who from advanced age leave office, and then to be done with the matter.

The natural consequence is that there are many men in the employ of Ontario who have reached a time of life when they should be enjoying a well earned rest for the evening of their days, but who cannot afford to let go.

It is not desirable under existing circumstances to see them displaced, nor should they be, but it is most desirable that by an automatic and honorable process they should be enabled to say from sixty-five to seventy years of age, to pass into retirement.

THE RUSH FROM THE UNITED STATES TO CANADA

Mr. J. W. Ryckman, during the course of an article in "The Dominion," points out that John Sherman, American statesman and publicist, once said that when Canada attained a population of 8,000,000 the United States would find that it had a strong young nation for a neighbor on the north; not a mere colony dependent on Great Britain. That time is now at hand, and much of the growth which has hastened the day has been caused by immigration from the United States.

Perhaps it was a full realization of this prediction that prompted Speaker Champ Clark, in the House of Representatives at Washington recently, to make a fervid and eloquent appeal for legislation to stop American immigration into Canada. It was, no doubt, a consciousness of Canada's superior agricultural productiveness and vitality, luring as it is the best farmers of the world, that caused the purblind democratic leader in Congress to appeal to his colleagues for some measure of restraint to prevent the farmers of the Western States from transferring their homes and their energies to our Western provinces. He probably knows now, as all observing Americans must, that nothing short of a recalcitrant movement could stem the torrent which is transferring agricultural pre-eminence to Canada.

There is no reason to question Mr. Clark's cause for alarm, but that he is actually without the least remedy is obvious. Coming to Canada is a simple matter of business with the American farmer; he is abandoning land in the middle and Western States, the vitality of which has been vitiated by long years of crop-bearing, until the maximum yield is no longer profitable, and in place of these worn-out farms, on which he is taxed at a value of from \$100 to \$300 per acre, he is taking up virgin land in the Canadian

West, either under the homestead grants, or at a cost of \$5 to \$20 per acre, which produces the largest and most uniform crops in the world. The time has gone by for him to consider buying for his sons exhausted land, which can only be rehabilitated by tedious and expensive processes, at the enormous prices asked for American farms, in view of his opportunities here. Apart from the agreeable domestic side of life in this bounteous domain, his economic betterment figures out about this way: His land, which costs him less than a twentieth over in the States, produces from 30 to 50 per cent. more crops. In face of such a condition, Mr. Champ Clark, and those who share his perturbation, will have to make the most of their perplexities, for there is nothing more certain than that American farmers will continue to immigrate into Canada year by year in larger numbers. What Americans of Mr. Clark's frame of mind have most to fear is that a predicament may arise, sooner or later, in the States, to cause a stampede to these provinces.

ROWELL'S MISTAKE

The Mail-Enterprise, in referring editorially to the proposed submission of a Local Option by-law in this city, says:

The committee in Brantford has done no work, one reason being that the hot weather indisposes campaigners, but the apathy is reported as having an apparently deeper origin. What success the temperance forces have commanded in Ontario has been due to the local option legislation. Nearly 500 out of the 834 Ontario municipalities are without license through the working of local option. Entrenched in the Torres Vedras of the thirteenth clause, the temperance campaigners have been inspired by their success in winning so large a part of the province to attack the enemy at every vulnerable point. Their enthusiasm, and the solid progress of public opinion, have made their forays very successful. It is scarcely to be wondered at that these valiant and patient soldiers in the cause should feel any thing but encouraged when a self-constituted champion appears, using impossible tactics, and suffers one defeat after another, thereby discrediting the cause and splitting the forces that hitherto have worked together so well.

NOTES AND COMMENTS

Instead of hilarious Brantford baseball news still continues to be cellarious.

A French poetess, is charged with killing a man. As to some alleged poets and poetesses if that kind of thing happened to them—well there would be quite a difference in public feeling.

In Detroit after a fight the street railway company has offered to give seven tickets for twenty-five cents at all hours of the day and universal transfers. The city of Brantford if it owned the local system, as it should, could easily do that, and perhaps better.

The Dufferin Trip.

The trip at Hamilton on August 14th, to the Centennial celebration is being looked forward to by the members of the Dufferin Rifles. The regiment will leave at 8.30. Arriving at Hamilton the regiment will proceed to the Jockey Club. Dinner and tea will be served at the club. The "Made in Hamilton Exhibition" will be free to soldiers. In the afternoon the regiment will take part in the military review. The regiment will be conveyed by train direct from the club and will leave Hamilton at 10 o'clock. Friday night the regiment will hold a short parade and afterwards the band will give a concert on the lawn.

Letter Carriers Receive New Jackets.

The Postmaster's Department at Ottawa recently issued new navy blue cloth jackets of summer weight to the letter carriers, and naturally the boys are all smiles. "Just the thing we wanted" said a letter carrier this morning.

Action Is Entered

TORONTO, Aug. 6.—Miss Doris Reid, through her father, George P. Reid, a well known Toronto man, has entered an action at Osgoode Hall asking for a declaration that her marriage with Robert Aull at Cobourg a couple of weeks ago was null and void, and asking for its cancellation on alleged grounds of misrepresentation, fraud, duress and illegality. The marriage was the result of a brief courtship, and almost immediately afterwards the bride returned to her home in Toronto, while Aull is facing trial to-day in Cobourg on a charge of giving a worthless cheque.

Calgary's New Move.

CALGARY, Alb., Aug. 6.—Initiative referendum and recall will be operative in Calgary in a short time if legislation started in the city council last night prevails. The council make provision for the adoption of a charter amendment providing for the initiative on a petition of eight per cent. of vote, referendum on 10 per cent. and recall on 25 per cent.

Laid at Rest

Marjorie Minard.

The funeral of Marjorie, Viola, the infant daughter of Mr. and Mrs. Wm. Minard, 3 Gordon street, took place yesterday afternoon from the residence of the parents to Mt. Hope cemetery. Rev. A. I. Snyder officiated. The following floral tributes were received: Wreath, father and mother and little sister; sprays, Grandma and Grandpa Minard and Uncle Charlie; Aunt Allie and Aunt Muriel; Aunt Hattie and Uncle Harry, Detroit, Mich.; Aunt Clara, Uncle Gordon and Little Gordon, Detroit; Miss S. Gink, Mr. and Mrs. Blockner; Mr. and Mrs. E. McHugh; Mr. and Mrs. Thomas Batsou; Mr. and rs. D. Edwards; bouquet—Little Charlie Blockner; spray, Mr. and Mrs. W. H. Young.

The Late Joseph Hunter.

The funeral of the late Joseph Hunter took place yesterday afternoon from the residence of his sister, Mrs. Charlton, Cainsville, to the Presbyterian cemetery at St. George. Rev. D. T. McClintock officiated, assisted by Rev. C. R. Morrow. The pallbearers were the following members of the Cainsville Circle No. 91, of the Order of Canadian Home Circles. Messrs Foulger, Sumler, Harry Clapsaddle, Lewis Smith and John and S. R. Cole. The floral tributes were numerous and beautiful and testified to the esteem in which the deceased was held.

The Late Herbert Jennings

The funeral of the late Herbert Jennings took place yesterday afternoon from the residence of his sister Mrs. George Riley 167 Sheridan St., to Mt. Hope cemetery. Rev. J. B. Champion of Philadelphia and at present a visitor in the city, officiated.

Albert Killingray

All that was mortal of the late Albert Killingray, the young man who was drowned in the Grand River just below Wilkes' dam shortly before noon Sunday morning, was laid peacefully to rest yesterday afternoon in Mt. Hope cemetery. Rev. Richards conducted very impressive services at the residence of Mr. J. James, 124 Spring St. and at the grave. The pallbearers were the members of the Order of Owls. Many beautiful floral pieces were received.

To The Editor

ECHO PLACE MATTERS.

To the Editor of the Courier, Sir,—Will you kindly allow a little space in your valuable paper in a matter re the most feasible place to construct a proposed sidewalk on the east side of the Hamilton Road east from Stanley St. as far as the crossing of the B. and H. Railway. There seems to be a difference of opinion on that particular part fronting the Gress, Baird and Deagle properties. The general feeling is that the roadway should be wider on the curve fronting these properties. It has been suggested, to cut and remove practically all of the bank fronting those properties to a level with the roadway and build a retaining wall. I am informed the cutting of the street between the Baird and Deagle properties cost \$300.00. If I am wrongly informed perhaps the contractor or some one interested in the Gilbert Realty Company's property will put me right. I have also made inquiry as to the cost of a retaining wall and I am informed it is equal to the cost of the sidewalk, plus 25 per cent. For instance, a four foot wide curb per running foot at 12c per sq. ft. 48 cents. The cost of a retaining wall four feet high would cost 48c with 25 per cent added or 60 cents per running foot. This being the case, a retaining wall averaging, say six feet high (which I consider a low average) would cost almost twice as much as the cost of a four foot sidewalk. Combine the cost of retaining wall and removing bank means a heavy expense. Now according to the surveyors' layout, we can, by cutting away part of the base following the present curve in the road, have a roadway of Government standard width, wider than that recently completed by the city and adjoining some, and we can have a sidewalk at ordinary cost. If our Township or County can see their way clear to remove bank and build retaining wall, all well and good. I have no objections, but I do think it very reasonable for those rate-payers on the north side to be expected to pay the cost of something that will mean so much extra expense and for which would be for the welfare of the travelling public generally. Thanking you for so much valuable space taken. Signed, A. M. PATTERSON.

Firebug at Toronto

TORONTO, Aug. 6.—Every day seems to make it increasingly obvious that there is a firebug at work in Toronto. The fourth blaze in five weeks occurred early this morning in the stable of the Wilton avenue fire hall, and the brigade at that place have no doubt that all four were of incendiary origin. To-day was started while the brigade were busy on another alarm.

OVER THE WIRE

To-Day

The next lightweight match with a title of the ring at stake will be for the championship of the world. Willie Ritchie, the American champion, made this a certainty yesterday when he agreed to meet Freddie Welsh, champion of Great Britain and Australia, in Vancouver, B.C., for 20 rounds on Sept. 1. Welsh already has one decision over Ritchie.

JENKINS ALEXANDER STUART of Baltimore had a narrow escape from destruction yesterday morning while climbing Mont Blanc with two Swiss guides, one of whom was killed. Three other men were roped together, down a precipice. Mr. Stuart and Guide Gaudin managed to save themselves, but Guide Reider was killed.

L. BLUM, an American horseman, is being held at police headquarters in Mexico City on an information alleging that he is interested in a plot to assassinate President Huerta. The police say they received a report to the effect that a group of men were planning to subscribe \$200,000 to pay the assassin, and they allege that Mr. Blum was to be a subscriber to the fund. Two Mexicans also have been arrested on the same charge. Mr. Blum denies the allegation. The information gathered by the police thus far is inconclusive, and the release of Mr. Blum appears probable.

WORD has reached Canora, Sask., of the drowning of Tom Gibney, 15 and Pat Regan, 16, who went missing on May Lake last Sunday. The boat was an old one and leaked badly, and as the boys had no paddles and couldn't swim they sank with the boat.

DENSE fog in the Gulf of St. Lawrence has delayed the Virginian, the Allan Line carrying the team of Canadian bowlers who are returning from their British tour. The vessel is expected at Quebec to-morrow morning and at Montreal on Friday morning.

ACCORDING to the new Mines Act, which went into effect Aug. 1, the employment of women and girls and boys under 16, is prohibited in Alberta mines. For safety's sake the age of managers and pit bosses has been raised to 25 years and that of foremen to 23 years. Under the new order of things men will be paid twice a month instead of every 30 days as formerly.

WILLIAM THOBURN, a well-known Winnipeg barrister, and J. L. Waller were both injured, the former seriously, in an automobile smash yesterday at Selkirk. Waller was driving and turned to the road side to allow a team to pass it and overturned, Thoburn, being pinned underneath.

WHILE the Allan Line steamer Corsican was being pulled into the channel from her pier yesterday, at Montreal a man, probably a member of the crew, was seen to run down the dock, jump into the water and overtake the vessel. A rope ladder was thrown to him and he clambered on board.

DOCTORS AFRAID OF SUFFRAGETTES

Over 1000 in Convention at Albert Hall Behind Closed Doors.

[Canadian Press Despatch] LONDON, Aug. 6.—The International Medical Congress was opened by Prince Arthur of Connaught as the representative of King George in the presence of an audience of 10,000, composed of doctors and their families from every part of the world.

Prince Arthur of Connaught, together with Sir Edward Grey, secretary of state for foreign affairs, was seated on the platform with the president of the congress, Sir Thomas Barlow, president of the Royal College of Physicians, physician extraordinary to King George, and honorary L.L.D. of Harvard, Montreal and Toronto, welcomed the delegates. He spoke of the marvelous advancement made by medical science.

The credentials of every member of the audience were rigorously scrutinized before entry could be obtained to the Albert Hall. This measure of precaution was taken in order to keep out suffragettes, several of whom attempted to enter.

A large force of police guarded the building, while women-carrying billboards displaying the words: "what do the doctors think of woman torture?" paraded outside the hall.

Sad Affair

J. K. Fairbairn Killed His Wife Former Well Known Brantfordite

Many Brantford friends will sincerely sympathize with Mrs. J. K. Fairbairn, a former well known Brantford lady, in the terrible fatality which befell her husband yesterday. Mr. and Mrs. Fairbairn were well known here. Mrs. Fairbairn being a daughter of the Rev. John Alexander at one time a minister in Brantford. The details of the accident which befell Mr. Fairbairn are contained in the following despatch from Toronto:

"Mr. J. K. Fairbairn, a former well-known Toronto business man, met with a terrible death at Clarkson yesterday while driving in his buggy over a level G. T. R. crossing. He was struck by the mid-day express from Hamilton to Toronto. The tragedy occurred a few yards outside the station and in full view of a number of onlookers. Mr. Fairbairn was on the way to the post-office and had stopped at the crossing to allow a freight train to pass. Evidently deafened by the noise of the passing freight train he failed to notice the express, which was thundering down on him at terrific speed, and drove his buggy on to the track right in front of it.

"The late Mr. Fairbairn was born at Brockville, where his father was a well-known confectioner. He was well known throughout the province, and especially at Brampton."

RUTH ST. DENIS IS FOR TURKEY TROT

PITTSBURG, Aug. 6.—The tango and the turkey trot found a champion in Miss Ruth St. Denis, whose athletic dancing has been seen here and abroad.

"Let all America tango and turkey trot," she said. "It will do America good. I'd like to see everybody doing these dances. They are no more immoral than the dancers make them. They are sex dances, to be sure, but you can make a sex dance a simple dance if you try."

"The futurist artists say, while doing only work to create a sensation, will influence art to become more plastic and broader in vision. So the tango and turkey trot, after the craze has passed away, will influence dancers to feel more of the spirit of

Who Started The Tango?

LONDON, Aug. 6.—The American colony was tangled in a maze of speculation today trying to guess the identity of the American woman blamed by Pilsing Young in the Saturday Review for the introduction of the tango in London society. Explaining that the tango is so popular because tango in Latin means "I touch," the writer says:

"Where the shepherd leads, the sheep will follow." In the American lady in London who is the chief instigator of these revels is a shepherdess of no mean ability.

If a baboon could be trained to play ragtime, he would be the rage of London, and people would be asked to meet and sit at the table with him. This is not an exaggeration, but a simple fact."

Barton, Colborne street east, yesterday afternoon, between 40 and 50 ladies being present. The grounds were illuminated in the evening during which a short musical program was carried out.

In Good Shape. Ald. Siddaby, chairman of the Board of Works is to be congratulated on the much needed improvements which are being made to the roadway and boulevard on St. Paul's avenue in front of the Ontario School for the Blind and the Dufferin Bowling club. Both these grounds are beautifully kept up and the condition of the roadway and boulevard was not in keeping with the grounds.

Committee Meeting. The School Management committee of the Public School board met last evening in the City Treasurer's office. They will recommend the appointment of two new lady and one new male teachers to the staff. Another male teacher is also being sought for. A number of matters of detail were also discussed and arranged for. Dr. Ashton, who has returned from his trip to Europe, presided.

Cadet Shooting Team. The B.C.I. Cadets team for the O. R. A. and D. R. A. matches will not be quite as strong this year as on previous occasions owing to Cadets Genet, Burt and Bennett, three of the Cadets best shots not being able to go down, nevertheless a fairly good team will represent Brantford as the boys are practicing every day and good scores are reported. Sergt. Millard Neil is doing some excellent shooting and he is expected to bring back some worthy trophies. Sergt. Palmer and Pte. Foster, two others on the team are also pretty good marksmen.

Worth Doing

Anyone having chairs, rockers or hammocks which they do not need, would greatly oblige by sending the same to the new sanatorium where they would be gladly accepted.

Not Known Yet. The Ontario Department of Education is not in a position to state when the results of the junior and senior matriculation examinations will be announced.

Petitions for Hydro Electric. Petitions for Hydro Electric have been received by the Township council from Parkdale, Bellview, Echo Place, Grand View, and petitions from the rural sections are being sent in. The petitions will be checked and sent to the Toronto commission in order to secure an estimate of the cost.

Young Men Remanded. The magistrate disposed of court this morning in quick time. Adjudgments were strongly in evidence. The only case of any importance being that of Henderson and Betts for not giving satisfactory accounts of themselves and for theft. This case was adjourned for one week. One drunk was allowed to go and a charge against George Baldwin for not working was dismissed.

Alliance Officer Spence. The Toronto Star has the following: Not only has President T. L. Wood of the Brantford Local Option Committee, denied that the local movement has been abandoned in that city, but the Dominion Alliance people here point out that there is ample time in which to prepare the petition for submission to the city council. The allegation that, according to certain members of the Brantford executive, "Mr. N. W. Rowell's intrusion into the temperance arena" had been a setback to the temperance cause in Brantford, has elicited this reply from an Alliance officer: "If the temperance cause is injured by politics or politicians, it will be because of the actions of unfriendly politicians, not because of the actions of friendly politicians."

Mourn the Loss. Mr. and Mrs. John C. Hope, 155 1-2 Terrace Hill street, mourn the loss of their infant son, John Campbell, aged nine months whose death occurred on Monday. The funeral took place this afternoon to Mt. Hope cemetery. Much sympathy is extended to Mr. and Mrs. David John Schofield, 103 West Mill street in the loss of their two months' old son, Gilbert Wilson, whose death occurred yesterday. The funeral took place this morning from the residence of the parents to Mt. Hope cemetery.

Natural Gas Nearing Woodstock. The Southern Ontario Gas Company has been granted permission by the County Council to pipe their line through Oxford along certain roads from London to Brantford. Already the line has been laid to within a short distance of Woodstock, the passing of the by-law having been taken for granted. It is expected that natural gas will be distributed to Woodstock consumers within the next two months.

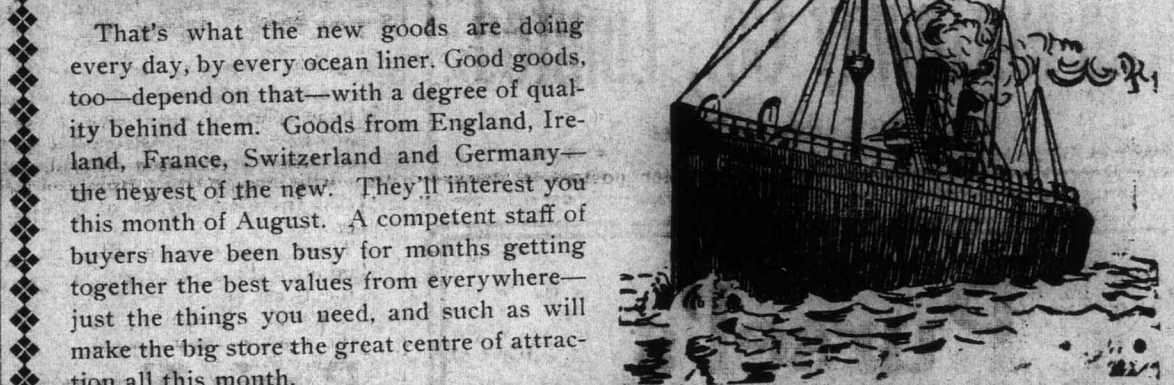

Prize Winners. Inspector Smith of the Provincial Government, who recently made a tour of inspection of the Indian Reserve for the purpose of awarding prizes to the sample of grain grown by the Indians has made his report and the following is a list of those who in the judgment of Mr. Smith, are entitled to prizes: A. Russell, Chaney Karlow, Jas. McNaughton, H. Miller, E. Styries, Herb Garlow, Wm. Smith, Jr.

Waistcoats, real man's size, are being built into women's fall suits and heavy gold chains are to be draped across them.

Nuptial Notes

A fashionable wedding, in which many Brantfordites will be interested, took place at St. John's Church, Port Hope, on Wednesday of last week, when one of Port Hope's most popular and esteemed young ladies, Muriel Gladys Reid, daughter of Mrs. E. J. Baird, Sherbourne street, was married to Robert Bernard Jennings, son of Mr. and Mrs. R. C. Jennings, West Toronto, and grandson of the late John Jennings, D.D., of Toronto. The Rev. Mr. Elliott conducted the ceremony. The church was decorated with ferns, yellow daisies and white flowers. The wedding march was played by Miss Wrenshall. The bride was beautifully gowned in white duchesse satin with a bolero of white brocaded satin trimmed with duchesse applique; she also wore a wreath of orange blossoms and a beautiful net veil bordered with the same lace as her wedding gown—a family heirloom and carried a shower of lily of the valley, orchids and maiden hair fern. Her only ornament was the groom's gift, a bar pin studded with pearls and sapphires. Miss Ophelia Conroy, of Ottawa, as bridesmaid, was gowned in white with a rose flowered chiffon bayadere sash, a short rose brocaded crepe-de-chene and a picture hat with flowered chiffon facing and soft tan crown with a large single rose on the brim, and carried mauve sweet peas. The maid of honor, Miss May Jennings, sister of the groom, was similarly attired, but in mauve coloring and carried rose sweet peas. Mr. H. G. Stutt supported the groom and Mr. John Jennings, brother of the groom, and Fred Taylor, both of the groom, acted as ushers. The bride's mother wore a gown of grey brocaded crepe-de-chene and white lace, with a mauve hat, and carried mauve sweet peas. Mrs. Jennings, mother of the groom, wore King's blue satin with an over dress of black spanish lace and hat to match, and carried rose sweet peas. The groom's gift to the bride was a straw hat trimmed with a soft drape of moire silk. Upon their return they will take up their residence in Smith's Falls. Among the out of town guests were Dr. and Mrs. Morton and son, Barrie; Mr. and Mrs. George Watt, Master Leslie and Miss Margaret Watt of Brantford; Mr. and Mrs. John Jennings, Miss Jean and Major Douglas Jennings of Port Hope; Mrs. Roxie, and Miss Roxie, Toronto, and Miss Beryl Richardson, London.

(As Miss Reid, the bride was very popular when she visited here last winter, and Mr. Jennings has also many friends in Brantford.)

Open Shop

Buck Stove Co. and Union Moulders Have No Differences Now.

The long standing grievance between the Buck Stove Company and the Union Moulders has been settled and the shop has been declared an open one. This decision was arrived at a meeting of the Iron Moulders Union, No. 29, held in the Labor Temple on Monday night last. President O'Keefe of Cincinnati and Business Agent Lucas of Hamilton addressed the meeting and after a lengthy discussion it was finally decided to lift the ban the moulders union had placed upon the Buck Stove Works and declare the place an open shop. The Hartley Foundry Union moulders will not be permitted to work in these two places. The Moulders Union declared a strike at the Buck moulding shop four years ago last April and since then the relations between the Buck Company and the union moulders have not been harmonious. The public in general will be pleased to hear

FIFTY DOLLARS REWARD FOR NAMES

Heirs-at-Law of Robert J. Power are Being Sought Here.

A notice is posted in the Court House to the effect that \$50 will be paid for a list of the names and addresses of the heirs-at-law or next of kin of Robert J. Power, who, when a boy is supposed to have lived with an uncle somewhere in Canada. He came to New York state many years ago, accumulated a fortune estimated by some as large as \$50,000, and died Dec. 12, 1912, aged 75 years. Practically nothing is known concerning his early history. Mr. Power once stated that he had a brother who also left home when a boy and went to California. Members of Power family are asked to look up family history. All communications are to be addressed to Edwin W. Stevens, Attorney, 206 Broadway, New York City.

Golf Notes

RED SOX IN MISERABLE BALL GAME AT OTTAWA

Yesterday's Game Nothing More Than a Comedy Farce - Umpire Davis Failed to Appear and Players Took Turns at Arbitrating - Over Thousand Fans Disappointed.

OTTAWA, Aug. 6.—The Brantford game at Lansdowne yesterday afternoon was a comedy on baseball. Umpire Davis failed to turn up and two players pulled the indicator. The work of the Brantford team was so suspiciously bad that the Ottawas have asked President Fitzgerald, and will probably ask permission to cancel the remaining game of the series, which is scheduled for to-day. Not since the entry of Ottawa into the Canadian League has there been such a disgraceful exhibition. Nearly a thousand people were in attendance, but the majority left early in the forenoon.

Ottawa got to Gero in the first inning and scored eight runs, on singles, doubles, a three-bagger by Dolan and home run by Bullock. Coose succeeded Gero, and he, too, was hit hard. Kane had the Red Sox stopped from beginning to end. The Ottawas had eight hits off Gero and 12 off Coose, while Kane distributed eight widely scattered hits.

The Ottawa worked their hardest and evidently tried to give the people a show for their money, but the Red Sox had many slip-ups. Kane dropped an easy fly, allowing two runs to cross the plate, and the only Brantford men to show any ginger were Powell, Nelson and Slemm. Rogers and Crowder did sensational fielding stunts. Renfer and Lamond started to umpire the game, but after Gero had been battered out of the box he became an umpire and Lamond went behind the bat to catch for Coose. The work of all three player umpires was poor. The score:

LONDON BEATEN BY HAMILTON

Peterboro Defeated Berlin and St. Thomas Won at Guelph. LONDON, Ont., Aug. 5.—Hamilton took one from London yesterday by a 7 to 5 count, every member of the visiting squad being able to fatten his batting record at the expense of Sterling. Crowley was likewise touched up, but three had bobbles by two of London's stars helped the Kolts to victory. Linneborn slammed out a home run, while Dunlop and Stewart each notched doubles, but they were not sufficient to give the battle to the home folks. The score by innings: Hamilton.....00003013-7 London.....11000003-5

PETERBORO BEAT BERLIN Sterling in Good Form and Only Allowed Two Hits. BERLIN, Ont., Aug. 5.—Berlin got but three runners to bases in the entire nine innings of yesterday's meeting with Peterboro, and the White Caps romped away with a 5 to 1 victory. It was a case of too much Sterling. That finger was dishing up a baffling assortment, and only two local hitters found him for safe drives. He issued but one pass and received air-tight support. Berlin's lone run was scored when Sweeney doubled, advanced on an out at first, and tallied on a wild pitch. Bobby Auld held the Petes to one bingle up to the sixth. After that the visitors got to his offerings in bunches. Trout and Swartz doing some timely stick work. Midge Craven, recently released by St. Thomas, will be in the outfield for the locals to-day. The score by innings: Berlin.....00001000-1 Peterboro.....00002030-5

ST. THOMAS DOWNED GUELPH Chaput Struck Out Ten of the Visiting Team. GUELPH, Aug. 6.—In a pitchers' battle between "Wild Bill" Baker and Del Chaput yesterday, the Saints won from the Leafs by 4 to 3. The game was in doubt until the last one was retired. Both twirlers were in good form, Chaput striking out ten of the St. Thomas batters. Baker was air-tight, 13 Leaf batters being left on bases. Kustus, the Saints' centre-fielder, got into an argument with Umpire Halligan, and was fined and ordered out of the grounds. Score by innings: St. Thomas.....001100002-4 Guelph.....001000002-3

TORONTO LOSES TO BALTIMORE

The Leafs Went Down to Defeat in 11 Innings by 2-1.

BALTIMORE, Md., Aug. 6.—Toronto began its last series of the year in this city against the Orioles yesterday, and after a heart-breaking struggle of 11 innings went down before the Birds by a count of 2 to 1. Sufficient baseball to last a week was corked for the delectation of the largest crowd that has attended a multi-week game here this season. The score by innings: Baltimore.....0010000001-2 Toronto.....00000000100-1

WON IN THE THIRTEENTH Sketers Defeated Montreal by the Score of Six to Five. JERSEY CITY, Aug. 6.—Jersey City inaugurated a campaign at home with a victory over Montreal in a 13-innings' battle yesterday. The score was 6 to 5. The Sketers showed up strong at the bat, and with the exception of Eschen's work at short, were formidable in the field. With Montreal two runs ahead in the seventh, and Shaw on third, Perry tied the game up for Jersey City with a home run. The score by innings: Montreal.....002012000000-5 Jersey City.....201002000001-6

PROVIDENCE BEAT HUSTLERS Uhlman to Race at Goshen. GOSHEN, N.Y., Aug. 6.—Uhlman (1:58) owned by C. K. G. Billings of New York, champion trotter of the world, will appear at Goshen during race week, August 19 to 21, in an attempt to beat his world's record of 2:02 3/4 over the historic half mile track. It will be his only appearance in the east this season.

Brooklyn Get Reulbach. CHICAGO, Aug. 6.—Pitcher Ed Reulbach, the last of the staff except Overall, who helped win pennants for the Chicago Nationals was traded by Manager Evers to Brooklyn for Pitcher Ed Stack, Mike Mitchell, the outfielder upon whom waivers had been asked by the Chicago Nationals, has been claimed by Pittsburgh.

NEWARK BEAT BISONS NEWARK, N.J., Aug. 6.—Newark and Buffalo counted for a dozen hits apiece in yesterday's session, but the Indians' bingles came in bunches and so produced more runs, the locals winning by 7 to 4. Aitchison, who is soon to go to Brooklyn, led the victors. Score by innings: Newark.....11021200-7 Buffalo.....10000300-4

NEW YORK BEATEN. The Tigers Drove Keating From the Mound in the First Innings. NEW YORK, Aug. 6.—Playing rings around the Yankees at the Polo grounds yesterday, the Tigers won by 10 to 5. Chance selected Keating to do the pitching at the outset, but the big fellow showed that he was in poor form, the Tigers' batting him freely and rolling up four runs in the first innings. Keating was taken out in the second after he had issued a pass, but Bauman hit Schulz for a clean home run, sending Bush in ahead of him. Caldwell officiated in the box thereafter. Score: New York.....4220000-10 13 1 Detroit.....02001200-5 8 5

Bowling at Peterboro. PETERBORO, Aug. 6.—The games in the consolation play of tourney of Ontario Bowling Association yesterday were keenly contested, the finals were reached by Pull of Ottawa, and McMillan, Port Hope, the win going to the latter by the score of 19 to 8.

Bowling

Two rinks of the Heathers visited Sydenham Bowling green last night and played a most enjoyable match with the Terrace Hill club. Skip Vanstone made a great finish. He and Skip Gowman had a merry struggle all evening. On the last end, the Heather man was four down and Sydenham stood two shots, with Vanstone one bowl to play. He made a fine running shot and carried the jack. When the smoke cleared away it was found that the Heather skip had made and a fraction of Monday's ball game. The Pirates jolted him from the start yesterday, and his winning streak was shattered. Five to one was the score by which the Smoky citizens heaped defeat on the Giants yesterday. Marquard's sequence of victories being nine games long. Score by innings: New York.....000000001-1 Philadelphia.....10400000x-5

CHICAGO BEAT BROOKLYN Cubs Took Third Game of the Series by 13 to 2. CHICAGO, Aug. 5.—Nothing could stop the sluging Cubs yesterday and they took the third game of the series from the Dodgers by a score of 13 to 2, piling up sixteen hits. The Dodgers bunched their runs in the fourth, getting two across when Cutchaw, who was given a life on Critshaw's error, scored on Wheat's home run against the right field score board. Score by innings: Brooklyn.....000200000-2 Chicago.....46030000x-13

ST. LOUIS AGAIN LOSES ST. LOUIS, Aug. 6.—The Phillies again took the Cardinals into camp yesterday afternoon, taking the third game in a row from the locals. The final score was 1 to 0. All the way through it was a pitchers' battle between Sallee and Alexander, with the visitors holding the edge as regards number of hits permitted. Score by innings: St. Louis.....00000000-0 Philadelphia.....010000000-1

CINCINNATI, Aug. 6.—Mordecai Brown was stronger than both Purdue and Strand and held the visitors to five hits. Cincinnati taking its third straight victory from Boston by the score of 5 to 1. Jimmy Sheekard rapped out a two-bagger and triple in three times up, Tinker featured the eighth by stealing third and home. Score by innings: Boston.....01000000-1 Cincinnati.....20010000x-5

Big Meet

Hamilton Athletes Will be Active During Centennial Week.

On Saturday, Aug. 16th, at 2.30, in the H.A.A. grounds, will start one of the finest athletic meets ever held in Canada.

Then Hammes Kohleman, the greatest middle distance runner in the world, on scratch in the three mile handicap.

Jack Tressider of Toronto, one of the speediest boys from 220 to 660 in the country.

Leo. Phillips of Toronto, another great man at 440 or 880.

M. S. Wright of Boston, holder of the world's pole vaulting record, 13 feet 4 1/2 in.

Ed. Archibald, of Toronto, holder of many Canadian and English records in pole vaulting.

Bill Halpenny, Montreal, present Canadian champion pole vaulter.

H. Bar Wise, Boston, one of the greatest high jumpers in the United States, good for 6 ft. or better.

Homer Baker of New York, winner of the half mile American championship.

D. S. Caldwell and T. J. Halpin, Boston Olympic men, two great men at 440 yards.

Melvin Shepard of New York, who, like Christy Mathewson, keeps on forever.

F. P. O'Hara and D. B. Young, Boston, who will endeavor to win the sprints from Jim Rosenberger of New York, Hinds, Sadler, Moriarty and Gardner of Canada.

Surely with such a list something wonderful will be doing all the time.

Pitted No Hit Game PITTSFIELD, Mass., Aug. 6.—Smith, who took his injured arm out of splints yesterday, pitched a no hit, no run game against Waterbury, winning 4 to 0.

When I get through with a uniform said he, "there's not much left of it. Still if Dr. Holland, the Carnegie museum or any other body or place wants what remains, I'll sell for \$15 and I'll be making money at that."

PITTSBURG CITIZEN WHO DOESN'T KNOW WAGNER

Claims He is Dr. J. Holland, Director of Carnegie Museum.

Help! Hellup! There's a citizen at Pittsburgh—a prominent citizen at that—who does not know Honus Wagner of Carnegie, Pa.

"Wagner? Wagner? Is he really as you allege, a baseball player?" This was Dr. William J. Holland's reply to a question propounded by David Davis of the Pittsburg Dispatch.

When Dr Holland was approached on the matter he was surprised. "I don't know Wagner," he said, "and we are not conducting a hero fund at the museum. No doubt this Mr. Wagner is quite a wonder in his chosen line of endeavor, and I suppose it is my misfortune never to have made his acquaintance."

"But, Doctor," protested the writer, "did you receive an offer from Wagner—did you receive any old kind of an offer?"

"Man alive!" came the crushing reply, "haven't I just told you that I never heard him speak, that I never received a letter from him, that I was never called on the phone by him—and that I never have given the subject of his old uniforms any consideration at all. Next thing I know they'll be making an old-clothes man out of me."

Dr. Holland was positive that there was no chance of Honus' discarded raiment finding repose within the classic confines of the big building erected at Mr. Carnegie's expense.

"The whole thing is arrant nonsense," he said, "I don't know who is responsible for the circulation of the 'story.' (I believe you newspaper chaps call it that); but I do know that the entire yarn has been made out of whole cloth."

Poor old Honus doesn't know where he is since the circulation of this uniform-museum story. Vowing that he never has made any tender of his worn-out scenery, he said yesterday that he guessed "somebody was trying to kid him."

"When I get through with a uniform said he, "there's not much left of it. Still if Dr. Holland, the Carnegie museum or any other body or place wants what remains, I'll sell for \$15 and I'll be making money at that."

HOW'S THIS? We offer One Hundred Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

HAVING ATTENTION NOT NECESSARILY MEANS POPULARITY

To be really popular means also a great deal more than merely having attention. A girl who is not liked by other girls finds her success an ephemeral one.

There is a popular supposition that a beautiful girl is disliked by others less favored, but it is in most cases a fallacy.

Girl are quite as susceptible to the beauty of another—they like her—as are the men.

The girl who is generally popular with boys is the spontaneous, affable, hail fellow sort—the girl who meets half way the topics in which a boy is interested; who is ready to laugh at a joke and take one on herself good naturedly; who is a good sport and to whom, as a comedian once said, "Life is to laugh."

But the girl with whom the men are most apt to fall in love is the one of charming manners, of quick sympathy, and of tact.

She is not inevitably the beauty of the belle, but she has the "something" indescribable that quietly and insidiously wins hearts.

Some time ago there was a popular girl of this type exactly—she was young married a prince. She was not pretty and she had no money at all.

The secret of her success was really a friendly expression, a bright, winning smile. If she passed someone she knew she bowed as though the person she was bowing to were the one out of all the world that she was most glad to see.

Naturally everyone who knew her liked her, and consequently when she had been "out" three years not only was she popular alike with men and women, boys and girls, but she had probably more offers of marriage than any girl in town, and while she was becoming an actual belle her more beautiful and less agreeable contemporaries were on the wane.

ATHLETICS LOSE TO CLEVELAND

Mackmen Could Not Get a Runner Around the Bases.

PHILADELPHIA, Aug. 6.—Cleveland yesterday's game from the locals by the score of 5 to 0. Blanding pitched a steady game from the start.

Twice did the Athletics have the bases filled, but couldn't get a runner home. Plank was retired after the first inning, Honck pitched the second, but was taken out of the game to make room for pinch hitter Dan Murphy.

Penock then pitched to Olson and Jackson, while Brown was warming up. Penock walked Olson and fanned Jackson. Brown started pitching to Lajoie, who bounded the ball into the left field bleachers for a home run, scoring Olson ahead of him.

THINKS NEW BOER NOT DUTCH ENOUGH

Remarkable War by Post is Fought in South Africa.

CAPE TOWN, Aug.—A new and a strange war is being fought in South Africa.

It is a war in which Boer is opposed to Boer. And it is waged with pen and ink—by post. It is an epistolary struggle for the moment, a campaign by correspondence. What the great mass of the Dutch dread more than anything else is that it should develop into an open conflict at the polls, for that way lies the return of the British section to power.

One day there is a skirmish between opponents in some Dutch journal in the backveld. The next the leaders indulge in a long-distance duel with heavy guns—by letter. Everywhere letters. The weapons of the generals are almost unknown to English politics. They are long letters, portentous letters, letters filling six, seven, or eight columns in the newspapers, letters impossible save in a land where to-morrow is also a day. They are full of personal details, quaint expostulations and appeals, and special arguments addressed to a primitive people.

The deluge of written words would interest very few people outside South Africa. Yet the letters are important. They will find a place in history. For good or ill, they are influencing the future of the Union of South Africa and its relations with the rest of the British Empire. They show that there is in South Africa a New Boer, unwilling to follow in the footsteps of the Old Boer, who made possible the tragedy of Krugerism.

APOSTLE OF CONCILIATION

General Botha is the New Boer. He is the apostle of racial conciliation. Ever since the war he has stood for the new faith. He preached conciliation as a candidate for the first Transvaal Parliament. He practised it as Premier of the Transvaal. He does the same to-day as Prime Minister of the Union. Between General Botha and Sir Starbuck Jameson there stood but the slightest differences.

General Hertzog, on the other hand, has appealed always to the Old Boer. He raised a bitter language controversy in the Free State. His attitude has always given the public the impression that he is anti-British. He may vow that he is not—then all one can say is that he has been most fortunate in choosing words in which to express his ideas. And since General Botha turned General Hertzog out of the Union cabinet because he became an impossible member of a ministry pledged to conciliation, the very virtue which attracts Britishers

HOW THIS WOMAN FOUND HEALTH

Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.

Utica, Ohio.—"I suffered everything from a female weakness after baby came. I had numb spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give my Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicines and they did me no good."—Mrs. MARY EARLEWINE, R.F.D. No. 3, Utica, Ohio.

Another Case. Nebo, Ill.—"I was bothered for ten years with female troubles and the doctors did not help me. I was so weak and nervous that I could not do my work and every month I had to spend a few days in bed. I read so many letters about Lydia E. Pinkham's Vegetable Compound curing female troubles that I got a bottle of it. It did me more good than anything else I ever took and now it has cured me. I feel better than I have for years and tell everybody what the Compound has done for me. I believe I would not be living to-day but for that."—Mrs. HEITZE GREENSTREET, Nebo, Illinois.

to General Botha's side has been systematically denounced as a vice. General Hertzog has brought about a split in the South African party, which is roughly the Dutch party. Daily he and his followers attack their chief. He has ranged Boer against Boer. And if one summarizes the mass of correspondence launched by the Hertzog faction against General Botha he will find that the Premier is charged with being too conciliatory—too British—too Imperial—too regardful of Downing street—too prone to keep one eye upon London.

NOT DUTCH ENOUGH ... The plain truth is that the Old Boer regards the New Boer as not sufficient Dutch. The difference may be put in this way: General Hertzog places the Boer first; General Botha aims at uniting English and Dutch in one South African nation. General Hertzog prefers a nation in two watertight compartments, and is mainly concerned in strengthening the Dutch compartment.

IS BACK AT WORK IN THE WOODS

John McElroy's Heart Disease Cured By Dodd's Kidney Pills. He Was Ill For a Year and Off Work All Summer But Found a Quick and Complete Cure.

BENTON, Carlton Co., N. B. Aug. 4.—(Special) After being laid up for an entire summer and feeling sure that he was to be another victim of heart disease, Mr. John McElroy, a well-known young man of this place is a well man again. Dodd's Kidney Pills cured him.

"I went to a doctor, who said I had palpitation," said Mr. McElroy to a reporter. "But his medicine did not seem to reach the spot. I suffered for over a year and all last summer I was not able to do a day's work. My sleep was broken and unrefreshing. I felt heavy and sleepy after meals, and I was always tired and nervous. I perspired freely with the least exertion. Reading what Dodd's Kidney Pills had done for others, I made up my mind to try them. Before I had finished the first box I felt different, and by the time the second was half gone I was working in the woods and doing good work."

Clogged kidneys mean clogged circulation. Clogged circulation means means heart trouble. Dodd's Kidney Pills make good circulation and cure heart trouble.

WOMEN'S BANK GETTING SUPPORT

Whole Staff is Composed of Women Clerks—A Long Felt Want.

LONDON, Aug. 6.—The possibilities of work in a bank as a career for women have been demonstrated by Farrow's Bank for women, which was inaugurated a couple of years ago, and which, after being managed entirely by women, has proved so successful that it has been extended to a new and enlarged premises in the city.

"Our success is largely due to the hearty support we have received from women," said Mrs. Kate Reilly, the manageress. "The eagerness with which women of all classes and from all parts of the empire took up the idea of an institution devoted entirely to their needs was in itself a proof that Farrow's novel departure was fulfilling a long-felt want."

"Our bank gives women the privilege of consulting one of their own sex over their business affairs. The business transacted here is exactly the same as that transacted by any other joint stock bank, and the fact that all our staff consists of women is good evidence that one sex is not more gifted than the other in accuracy and a head for figuring."

GENO. GOULDING'S RECORD LOWERED IN ENGLAND.

Cummings Walked a Mile in the New World's Record Time of 6.3.

MANCHESTER, Eng., Aug. 6.—At a professional athletic meeting here yesterday Donaldson of Australia broke the world's champion sprinter G. Cummings' record made by half a yard in 29.3-4 seconds. Hutchinson's time was 30 seconds and has stood since 1884. G. Cummings did the mile walk in 6 minutes and 25 seconds, which beats the amateur record of 6 minutes 25.45 seconds, made at Toronto, June 4, 1910, by Geo. Goulding, and equals the professional record of Perkins, England, made in 1874.

Forty Thousand Men Required

Farm Laborers' Excursions — This Year's Wheat Crop will be the Largest.

The wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan and Alberta, thus requiring the farm laborers of the East, to recruit and assist in harvesting the world's greatest bread basket.

The Governments of the respective provinces state that forty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route.

"Going Trip West," \$10.00 to Winnipeg, plus half-cent per mile from Winnipeg up to Macleod, Calgary or Edmonton.

"Return Trip East," \$18.00 to Winnipeg, plus half-cent per mile from all points east of Macleod, Calgary or Edmonton to Winnipeg.

Going Dates.—August 18th.—From all stations Kingston to Renfrew inclusive and east thereof in Ontario. August 20th.—From Toronto and West on Grand Trunk Main Line to Sarnia inclusive and south thereof.

August 25.—From Toronto and North Western Ontario, north of but not including Grand Trunk Line Toronto to Sarnia and east of Toronto to Kingston, Sharnot Lake and Renfrew, including these points.

September 3rd.—From Toronto and all stations in Ontario East of but not including Grand Trunk Line Toronto to North Bay.

MARRIAGE IS BUT A WICKED GAMBLE

Divorce by Mutual Consent Necessary, Says Magistrate

LONDON, Aug.—The reform of the divorce law was discussed at a meeting of the Actresses' Franchise League. Mr. Plowden, the well-known Metropolitan magistrate, described the present system as a disgrace to civilization.

Miss Gertrude Kingston, who presided, after mentioning that she was a widow, expressed disapproval of easy divorce, because when a person first discovered deception, the first outburst of disappointment and affection might result in a too hasty action. If a woman obtained a divorce in May she might realize her mistake in July, and think that it would have been best to have forgiven instead of bestowing upon a husband that care too attention that a good wife desired to bestow.

Mrs. Ben. Webster expressed the view that divorce was the only remedy for a miserable marriage, and deplored the fact that people so often applied to an unhappy marriage a well-known expression, "She has got her head and must lie on it." In any other partnership there could be a dissolution, but many held that a distressed woman should allow her happiness to be ruined, and not remake a bed made when she was too young to know herself and realize what marriage entailed.

LOAD OF MISERY

Mr. Plowden said legislation to extend the grounds for divorce was bound to come. He had authority to say that a bill had been drafted to carry into action the proposals of the majority report of the commission.

No feverish agitation was required, no mammoth demonstrations in Hyde Park, not even the destruction of a single window pane. What was required were a few penetrating lines in a short Act of Parliament, and there would be lifted an immense load of misery from thousands and thousands of homes which were at present rent asunder by conjugal strife.

Referring to his police court experience of separations, he said he was his sympathy with the poor man caused him to take an interest in the divorce question.

"I live amongst the poor," he added, "and I don't believe a more patient and more long suffering class are to be found than in the slums and alleys of London."

WICKED GAMBLE

In many cases, he continued, separations led women to the gutter or worse through no fault of their own. What was wanted was not medicine, but a surgical operation. When a woman discovered she had married a drunkard who terrorized her, or a partner became a lunatic, some people held that she should be bound to him, "because the sanctity of the tie forbade divorce." Others said: "Whom God hath joined—" But he was not going to confound God with a curate. (Laughter and cheers.) He would rather say, "Whom God has joined—" Besides holding that divorce should be granted by mutual consent, he would like to see no marriage legal unless it was performed before the registrar.

Without divorce, marriage—at the best an experiment—was reduced to a wicked gamble, for it punished the innocent. That a couple whose confident hope of a happy union was replaced by a decision after marriage that they were not suited, could not break the fetters which they had innocently forged was a cruel barbarism and a positive disgrace to civilization.

The new Sunday Society Closing Law, as it has come to be known—the tacit agreement of the distinguished Newport hostesses to have no dancing on Sunday—is being observed with martyrdom, but with small margins.

WILL OPERATE CARS IN DETROIT

On Lines Where Franchise is Expired—So Say Officials.

DETROIT, Mich., Aug. 6.—Officials of the Detroit United Railway to-day announced their determination to operate street cars on Thursday on lines where their franchise has expired. It was also admitted that the officials expect that the Detroit City Council will to-night pass a resolution declaring three cents to be the official rate, commencing Thursday.

It was said, will demand the present five cent fare. The possibility of a compromise was considered to-day to be extremely remote. The Street Railway Company agreed to grant a rate of eight tickets for a quarter on all of the lines in question, provided the city renew the franchise on all lines.

"It is not necessary to give franchise to obtain the lower fare," was one of the statements said to have been made by Mayor Marx.

To-night's meeting is not expected to be lengthy. The passage of the three cent rates will be quickly followed, it is expected, by the adoption of a resolution authorizing the city treasurer to seize street cars and other property of the company as compensation for alleged unpaid taxes. Several of the city officials in a statement have said that they will formally tender the reduced rate to street car conductors on Thursday morning, providing the rate is passed to-night.

HOBOS' ASSOCIATION WANTS BETTER CARS

Railroads Lagging Behind in the Matter, They Declare.

CINCINNATI, Aug. 6.—That freight cars have fallen behind in the onward march of progress, was the declaration made at the opening day's session of the itinerant workers' Association's annual convention in this city to-day. The hobos declare they will request the Interstate Commerce Commission to have the railroads make improvements in the freight cars along lines established by the Pullman company and the companies operating the latest type of ocean liners. The hobos declare that their travels could be made much easier would the railway companies furnish the freight cars, whereas in this great day of progress, when every known comfort is being devised for the populace, the steel rods underneath the cars are as hard as ever.

BLIND PIGGER CAUGHT BY PROVINCIAL POLICE

Trying to Stop Importation of Whiskey Into Montreal River District.

COBALT, Aug. 6.—Inspector Rowell, the new head of the northern branch of the Provincial Police Department, accompanied by Provincial Constable J. Lefebvre and Constable Sharpe, succeeded Monday night in landing a blind-pigger in the Montreal River district, and another alleged one is under arrest. For two years the police and plain clothes men have been trying in vain to stop the importation of whiskey into this district and Silver Centre in South Lorrain. Several complaints were filed by the mines in the district, but the police and spotters were baffled. The party started out Monday afternoon and went down Lake Timiskaming and up the Montreal River to the Gillies power house, and then after dusk they stole into Lorain and arrested Robert May and Arthur Valland. They seized a quantity of whiskey. May was convicted and sentenced to four months' imprisonment. Valland will be tried to-day. Change Tunnel

FRUIT GROWERS NEW ORGANIZATION

Plans Made to Put Brant Co. in Forefront of Fruit Producing Sections.

A movement of more than passing interest has lately been consummated within the County of Brant. It is one that should prove of great interest to the fruit growers of this county. For some time past the apple interests have been divided among three associations, these have now amalgamated under one name and charter, namely, The Brant Fruit Growers Association, with head office at Burford, Ont. The directors for 1913 being as follows: Messrs Col. J. Z. Frazer, W. H. Metcalf, F. M. Lewis and W. J. Dickie of Burford, C. W. Gurney and Horace Henderson of Paris, Delbert Wilson and Norman Edmondson, Brantford, and J. W. Clarke of Cainsville. From these the following officers were elected, namely: President, Col. J. Z. Frazer; 1st vice-president, Delbert Wilson; 2nd vice-president, F. M. Lewis; secretary-treasurer, W. J. Dickie.

The interests of the association will be taken care of by a managing committee of three, viz: For Burford division, Col. J. Z. Frazer; for Paris division, C. W. Gurney; for Brantford division, J. W. Clarke.

In uniting the various fruit growing interests of the county under one organization, it is the intention of bringing Brant county to the front as a fruit growing section, and to this end the co-operation of every wide awake farmer is invited.

Apples will receive the first attention of the association this year, there are many neglected orchards in the county that could easily be made a profit producing part of the farm. This association intends to teach the farmer how to take care of his orchard and then market the fruit for him. All qualified members of the three associations will be received into full membership this year, and any one who has sprayed and taken care of his orchard this year may be received into membership upon a proper inspection of his orchard and the payment of the fee of one dollar. This should be done at once by applying to the member of the managing committee residing within the applicant's neighborhood.

In order to compete with Western fruit, it is necessary for Ontario growers to adopt advanced methods of handling and packing their fruit. It is the intention of the management to adopt new methods and put their fruit on the market in the best possible shape. For this year three or four central packing houses are being engaged, and as far as possible the apples will be brought to the packing houses and there put up by expert packers, in this way, and no other, uniformity in packing and grading will be obtained.

This is the day of co-operation, and it will be advisable to get in at the beginning.

Onondaga Council

ONONDAGA, Aug. 6.—The council met on Aug. 4th, in accordance with schedule, all the members present, the Reeve in the chair. The minutes of the last meeting read and approved.

Communications read and placed on file were from the Engineering News, New York; Brent & Noxon, Toronto, Municipal World, in regard to Municipal Act, and one from the Ontario Municipal Association.

The following accounts were received and passed, the Reeve issuing his order for the same: The Canadian Ingot Co., for 13 ingot iron culverts, \$149.50; Brantford Courier for printing voters' lists notice and voters lists, \$37.80; George Charlton, sixty loads gravel for beat No. 3, \$9; Anthony Sidle, one day team and two men, \$7; N. McPhedran, in account with Mrs. Howell, \$8.63; Miss B. Westbrook, in account with Mrs. Howell, \$2.80; J. Book, in account with Mrs. Howell, \$1.70; Mrs. Davis, in account with Mrs. Howell, \$1.05; R. Cranston, building railing on Fairchild's Creek bridge next to river, \$7.75; A. W. VanSickle, for tile \$8.25 and 500 lbs. reinforcing iron \$6.00; House of Refuge, \$21.50.

A by-law No. 242, was passed for levying rates. The county rate had to be increased on half mill, but the township rate remains at 7.1-2 mills. The school rates vary very little from last year.

The council adjourned to meet at Thompson's bridge on Tuesday, Aug. 12th at 6.30 p.m. for the purpose of letting contract for filling in approaches to the said bridge.

Cochrane May Resign

OTTAWA, Aug. 6.—It was stated in official circles here to-day that there is no foundation for the rumor that Hon. Frank Cochrane, Minister of Railways, would resign as a result of friction between his department and the labor department over the I.C.R. difficulty. The minister is out of the city.

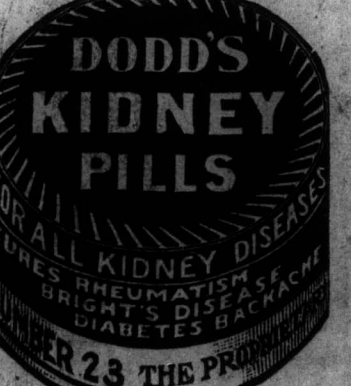

The Governments of the respective Provinces state that many thousands men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends upon securing labor promptly. The Canadian Pacific, on which company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from the points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route. Dates, rates and conditions will be announced in a few days.

BUMPER WHEAT CROP

Thousands of Men Required in Western Canada.—This Year's Harvest Promises to be the Largest in the History of Canada.

According to present indications the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborers of the East to assist in harvesting the world's greatest bread basket.

National Vacuum Sweeper

"IT MAKES CHILD'S PLAY OF HOUSEWORK"

The Housekeeper's Aide-de-Camp

In the line of Vacuum Process Sweepers for carpets and rugs, it has remained for the Daily Courier to introduce a machine that, for ease of operation, efficiency, durability, and low price asked, easily surpasses any other device of the kind that is on the market.

This practical and always ready for service little machine runs exactly the same as does a carpet sweeper, but it cleans by air, and according to the correct principle of the vacuum process. It is sold direct to consumers at the cost of production in connection with a twelve months' subscription to the Brantford Daily Courier, and is guaranteed to do all that is claimed for it by the manufacturer.

The Trade Reports are always pleased to publish honorable mentions of truly worthy inventions, devices or products of any kind, and this without solicitation from the manufacturers, as by following such a policy we have made our paper a most valuable medium of reliable information to its readers. Buyers and consumers in all lines find our reports a material aid to them when they are in the market for this or that article or product, and we have taken a pardonable pride in saying in this connection that we have yet to hear of any person or persons who have been deceived or misled by any endorsement or recommendation published in these columns. In the present instance the National Vacuum Co. can assure anyone that wishes to get a machine as above referred to, and one that can be depended upon absolutely—a perfect aide-de-camp to the housekeeper.

Prof Rodrigues, United States Expert Consulting Engineer, After Thoroughly Examining Our Machine Says:

"It is the first hand-power cleaner that I have examined that pleases me. The principal is mechanically correct; the construction is based on exact scientific principles. It not only removes all dirt and dust, but, on account of the excessive air displacement and continuous suction, removes the dirt and filth from under as well as from the top of the carpet with less effort than any other vacuum cleaner I have ever examined. In fact, it is the most complete dirt eater I have ever seen. The material used and the construction are both so nearly perfect that it is practically indestructible. If you will think for a minute, you will realize that a number of diseases are caused by germs and microbes in the filth brought into the house by dogs, cats, rats, flies, and the filth off your feet. Among the diseases that can be mentioned are diphtheria, typhoid fever, smallpox, scarlet fever, measles, whooping cough, grippe, spinal meningitis, pneumonia, erysipelas, cholera, yellow fever, malarial fever, tuberculosis, tonsillitis, cholera infantum, and a number of others. Were it possible to show you by means of the magnifying glass the filth and germs that are lodged in your carpets and rugs, you should be so frightened that you would immediately order a vacuum cleaner or abandon your carpets and rugs. Do not trifle with the health of your family!"

Dr. Kellog, President of the Battle Creek Sanitarium in One of His Lectures, Stated:

"Excessive loss of life of infants, aged from three months to four years, is caused mainly by the mother permitting the child to play on a carpeted floor, filled with street dirt, which contains millions of microbes that are brought in on the feet and ground into the carpet. It is criminal to let a child play on a carpet unless it has been 'vacuum' cleaned."

J. M. Werzke, A.M., M.D., the world's recognized authority on bacteriology, in a recent lecture, said:

"If all carpets and rugs were kept thoroughly cleaned, and all windows and doors thoroughly screened, our mortality from infectious diseases would be reduced 90 per cent; in fact, all Municipalities should enact laws to compel each household to adopt and use a vacuum cleaner."

If you have no vacuum cleaner, in justice to your family's health, have a demonstrator call to-day. It will cost you nothing, and you will have a sanitary home. It is a health saver, labor saver, and money saver. It can be used every day, and does not wear the nap off the carpet, like ordinary sweeping; nothing to get out of order, runs quietly, a child can run it, and will last for years.

The construction of the National Vacuum Sweeper is without a fault. It is built on the correct principle—built for hard service—built to clean carpets and rugs better than any other that is meant to clean.
