AMERICA TO TEACH AVIATION

U. S. to Become Elementary Training Base for Allied Nations APPROVAL IS GIVEN War Department Ratifies the Program of the Defense Council TO EXERT U. S. FORCE Train Aviators and Build Machines in Addition to Other Work

By Courier Leased Wire. Washington, June 18.—Full approval has been given by the war department to the air supremacy program of the defense council's aircraft board and President Wilson has been asked to put the administration support behind the great project for which an appropriation of \$800,000,000 is sought.

Under the plan the United States would become immediately a great elementary training base for all the allies and enormous numbers of training machines would be turned over, while American plants are developing a serviceable battlecraft type. By next spring the board proposes to have enough machinery to literally drive the Germans from the air.

"The war department is behind the plans which every ounce of energy and enthusiasm will command," Secretary Baker said. "The program seems to be the most extensive way in which to exert America's force at once in telling fashion.

"We can train thousands of aviators and build thousands of machines without interfering at all with the plans for building up our armies and for supplying the allies with food and munitions. To train and equip our armies and send them abroad will take time, however, and in the meantime we can be devoting to this most important service vast quantities of productive machinery, and skilled labor, which otherwise could not be contributing to the nation's cause in full proportion to its capacity.

Reorganization of Political Edifice of all Spain Called For Throughout The Country; Spirit of Unrest Spreads--Uprising May be Outcome

By Courier Leased Wire Madrid, via Paris, June 18.—A movement for a radical rebuilding of the whole political edifice in Spain is gaining adherents everywhere. Discontent with existing methods has long been general among the more advanced liberals and reformers among the other parties of the left. Internal and external difficulties arising from the war have served to heighten and increase it and it has gained among the other parties. Even former Premier Moura, leader of the Conservatives, agrees that there is ground for dissatisfaction. Senor Romeo editor of the Correspondencia, de Espana, summed up the general grievance in a forcible article recently.

He wrote, "We ought to imitate the soldiers in refusing to be downtrodden a moment longer. The soldiers have shown us the only way possible—organization with the firm determination to carry our point regardless of sacrifice.

"The whole of Spain, with the exception of a thousand families who monopolize the sweets of office, is sick to death of the favoritism which condemns the country to external stagnation and is only waiting for the signal to rise like one man and do away with it forever. It seems the canker which is dulling, and will be fatal to her, unless we stop it."

The officers defense committees demand briefly that rewards should be proportionate to service and that promotion should be by merit, with due regard to the claims of seniority. Their action was on the whole well received by the public and brought about the downfall of the Prieto administration. The example is being followed all over the country. Defense committees of all sorts of provisions, and trades, as well as of government servants are springing up everywhere.

At Cordova a number of prominent men, including engineers, university professors, manufacturers, workmen, and priests have published a manifesto demanding a new political system totally different from that hitherto in existence, and urging the formation of defense committees similar to the officers' organizations, a solution of the grave problems arising while there is a growing movement in favor of the re-opening of parliament. Three Liberal deputies, Senors Barriobero, Basagoiti and Pacheco, have addressed a manifesto to the senators and deputies protesting against the closing of the Cortes under the present circumstances. It seems that the government wishes to allow for the agitation to die down before submitting a solution of the grave problems raised by the army officers and by the labor troubles. Premier Dato, in an interview yesterday said:

"The whole question is to know how to meet the aspirations of the country. The government is therefore taking note of all claims of grievances and justice will be done without delay. We shall be guided by the judgment of public opinion. We do not pretend that we live in an age of tranquility, but we think we can say we have brought about a relaxation of the strained situation which permits us to view the future with confidence."

Among the steps the government is taking, is a re-organization of the higher commands in the army which is being studied by the minister of war, General Primo Rivera. While Premier Dato enjoys general respect his confidence in the outlook is not altogether shared by political observers, who unanimously agree that the situation continues one of extraordinary difficulty.

AUSTRIAN OFFICIAL Vienna, June 17, via London, June 18.—The following official announcement was given out here today: "Eastern Theatre: Local patrol skirmishes occurred on the eastern border of Hungary. Russian raiding parties were repulsed near Brazzany. "Italian Theatre: In the region of Gorizia, Austro-Hungarian air squadrons threw bombs successfully on an Italian concentration point. Otherwise there was no developments. "Southeastern Theatre: The situation is unchanged.

RIBOT TO VENIZELOS French Premier Sends Message to Head of Provisional Government

By Courier Leased Wire. Paris, June 18.—Premier Ribot has sent the following message to Eleftheros Venizelos, ex-premier and head of the Provisional government at Saloniki. In confiding to France the mission to take their measures to facilitate the return by the Greek people to the unity they helped to found the protecting powers desired to show that the principles that inspired them a century ago, when the heroes of the war of independence shed their blood to assure Greece a place among the free nations, have remained unaltered through the vicissitudes of history.

"Who could better appreciate the concern with which the three protecting powers were animated and their firm resolution to assure destinies of Greece in the traditional path that led to its grandeur than the eminent leader, whose generous ardor and disinterested courage, no less than his political foresight, renewed the international life of the Greek people and realized most of their legitimate desires for expansion?"

"Nothing could better responded to the deepest sentiments of the French people than to be so intimately associated with the great national movement which will be pursued with the support of the protecting powers by those who in the difficult hours never doubted them and were able to prepare for the triumph of free institutions."

Teutons Sought to Employ Swiss Socialists as Cat-paw in Peace Overtures to Russia; Hun Plot in its Entirety Laid Bare to all the World

By Courier Leased Wire

Stockholm, Saturday, June 16.—Via London, June 18.—Additional details of the German peace offer to Russia are contained in the Social Demokraten's translation of the telegram said to have been addressed by A. Hoffman, a member of the Swiss Federal Council, to Robert Grimm, a Swiss Socialist, who has been in Russia for some time. (Grimm's expulsion from Russia has been ordered although he denied the report which reached the provisional government that the despatch had been handed to him by the Swiss Minister at Petrograd.) The newspaper's version of the telegram contains the following:

"I am convinced that Germany and her allies would immediately take up peace negotiations at the wish of Russia's allies. As to what concerns the German war aim you can read articles in the Norddeutsche allgemine Zeitung.

"Thereafter consultation with Chancellor von Bethmann-Hollweg, the declaration has been made regarding annexation to the effect that Germany does not desire any increase in her territory, of any economic or political expansion."

Grimm passed through Stockholm in the middle of May, as the Ostensible guard of some 259 Russian exiles, who were returning home. He spent much time here in conference with Germans, Austrians and Bulgarians, and endeavored to avoid publicity in regard to his efforts. The Associated Press correspondent who since has been endeavoring to learn more about Grimm's errand, found the agents of the central powers here eager to picture Grimm in the light of a bitter opponent of Germany, who could not be induced to have any dealings with that empire. Angelica Balabanoff, who with Grimm played a prominent part in the Kronstadt uprising was one of the members of the party which Grimm piloted through Stockholm.

HEAVY ATTACK LAUNCHED BY ENEMY FORCES

British This Morning Fell Back From Some Advanced Positions LOSSES BUT SLIGHT Haig's Men Adhere to Main Gains on Infantry Hill

By Courier Leased Wire. London, June 18.—The British have fallen back from some of their advanced posts in Northern France, according to an official statement issued by the war office this morning. New main positions are still held. The statement follows: "Early this morning the enemy delivered a strong local attack, under cover of a heavy fire upon the positions captured by us on the morning of June 14, east of Nancy le Fruch. After fighting our troops were compelled to fall back from certain advanced positions which had been established by us in front of our main new positions, which we still hold on Infantry Hill.

"There was considerable artillery fire on both sides during the night, north of the Scarpe. Hostile artillery activity continues in the neighborhood of Ypres.

FRENCH OFFICIAL Paris, June 18.—"Intermittent cannonading occurred at various points on the front last night," says today's official statement. "Our reconnaissance parties penetrated the enemy lines near Lelintrey, and south west of Senones, bringing back prisoners.

COAL MINES IN RUSSIA TAKEN OVER

State Coal Monopoly to be Established by Provisional Government

TO REGULATE SUPPLY National Control Will Prevent Speculation and Regulate Prices

SOCIALIST IS BARRED Expulsion of Robert Grimm, Swiss Pacifist, is Ratified

By Courier Leased Wire. Petrograd, via London, June 18.—The provisional government has resolved to establish a state coal monopoly from July 14. For the present, the monopoly will be confined to the Donetz basin, which, however, is by far the most important coal district, containing altogether 1,500 mines. The monopoly, it is pointed out, will supply more equably the home market, prevent speculation and establish prices, which will prevent undue profits and enable the mines to be run without loss under the present high wage conditions.

The Government will allot \$20,000,000 working capital to the exploitation of the monopoly. The profits will go to acquiring machinery and otherwise to increasing the technical efficiency of the mines."

Exit Grimm Petrograd, Saturday, June 16, via London, June 18.—The first act of the pan-Russian congress of all councils of Workmen's and Soldiers' delegates upon which depends the immediate destiny of Russia in regard to both international and domestic questions, was to ratify the expulsion by the provisional government of the Swiss Socialist, Robert Grimm, who is reported to have been the medium through which the Germans attempted to arrange a separate peace with Russia. Grimm's case was taken up when the Congress assembled this evening immediately after the delegates had elected as their President, N. Tshelidze, President of the Petrograd council of Workmen's and Soldiers' delegates.

Grimm's expulsion was approved by the passage, with a vote of 640 to 121, of a resolution endorsing the action of M. Tseretli, and M. Skobelev, Socialist members of the Cabinet, who investigated the activities of the Swiss Socialist and brought about the order for his expulsion.

The congress expressed the view that the action of the ministers corresponded perfectly with the interests of the Russian revolution and the Socialist Internationale. It welcomed the decision of the ministers to publish the full details regarding the Grimm affair.

Russian Official Petrograd, June 17, via London, June 18.—The official statement issued by the war office to-day says: "In the region of Lyslets, southwest of Stanislav, our troops forcing their way through the enemy's wire penetrated behind his advanced posts and dispersed the occupants. Our aviators bombed several important points behind the enemy's lines.

"There were fusillades on the Western Rumanian and Caucasian fronts." Cereals Requisitioned Petrograd, via London, June 18.—With the approval of the Finnish diet and the provisional government the Finnish Senate has ordered the requisition of all cereals.

REBELS RELEASED. By Courier Leased Wire. London, June 18.—Large crowds gathered in Dublin this morning to welcome the released prisoners, all of whom with the exception of Countess Markievicz, arrived at 6 o'clock. Men with banners escorted the former prisoners to their homes. There was much singing of Irish songs and a great deal of cheering, but there were no signs of disorder.

TO SPARE ADLER
 London, June 18.—A despatch to the Exchange Telegraph from Copenhagen quotes the Social Democrats, as declaring that the Austrian court of justice has requested the supreme court to commute the death sentence of Dr. Friedrich Adler, the assassin of Count Karl Stuerghk, the Austrian premier, to a term of imprisonment and that there is no doubt the plea will be granted. The despatch adds that the Russian Socialists have appealed to the Socialists of the Central powers to prevent the execution of Dr. Adler.

Remains of Miss Thelma Jacobsen Laid to Rest on Saturday

 Chancellor McCrimmon Preached at Baptist Church

Simcoe, June 18.—(From our own Correspondent) The funeral of Thelma Honeyman Jacobsen, daughter of Mr. and Mrs. R. A. Jacobson, and sister of Mrs. Webber Pratt, was held from the family residence on College Avenue, to Oakwood Cemetery on Saturday at three o'clock and was attended by many relatives and acquaintances. Rev. A. B. Farney officiated in the absence of the pastor of St. Pauls.

Though Thelma was an invalid and confined to her home and for the greater part to her couch, the young girl, not yet seventeen years old, had made many warm friends.

In Calgary, the former family home, Miss Thelma was the organizer of the city corps of girl guides and was their captain when but fourteen years old.

The family moved to Sherbrooke, Quebec a year and half ago, and Thelma was placed in St. Agatha Sanitarium for the eradication of threatening disease. Treatment successful against one ill left the system a prey to another and the bright young life flickered out after a years confinement to bed, with the exception of the days during which the trip to Simcoe was made when the excitement of the occasion made the spirit master of the flesh. In all her illness the brilliant, buoyant disposition asserted itself and no word of complaint marred the even tenor till the cheerful patient passed into her last slumber.

Simcoe Pulpits at a Premium With Chancellor McCrimmon, of McMaster University and Rev. Jesse Gibson and Rev. W. E. Hassard, of the Bible Society in town for Sunday, pulpits were at a premium yesterday.

In the morning Rev. Gibson addressed the Anglicans at Trinity Church and Rev. Hassard the Methodists at St. James. In the afternoon the Baptist Church and the Salvation Army were visited. In the evening Rev. Hassard went over to Trinity and Rev. Gibson to St. Pauls.

Rev. Hassard spoke of the work of producing the Bible in many languages and Rev. Gibson specialized on the part the Bible, as presented on the society, has played in connection with the life of the men in the army.

As Simcoe's churches have arranged for a single annual canvass of the town by one representative, and this during the autumn season, no collections or subscriptions were solicited yesterday.

There was an overflow house at the Baptist Church last night to hear Dr. A. L. McCrimmon, Chancellor of McMaster University. The Baptists are numerically the strongest denomination in the county and it was not surprising that an unusually large number of passengers alighted from the 5.37 train last evening and dispersed to the churches. Possibly the greater number going to hear the distinguished educationalist. As stated on Saturday Chancellor McCrimmon will deliver a public lecture this evening at St. James Methodist Church. No admission fee. No collection.

Dr. A. L. McCrimmon, made an eloquent plea for Christian education in general and McMaster in particular. Dr. McCrimmon is one of Canada's foremost educationalists. His address was marked by breadth and power. The conviction was expressed that as soon as the war is over Canada will enter upon a critical period of reconstruction wherein more than ever before personality and leadership will be needed. In the evolution of the race and the growth of the Kingdom of God some values will come to be set above material matters. In the present period of financial stress there is a temptation to withhold from Christian Colleges the money needed for their proper support. Because of lack of pupils (hundreds have gone to the war) and of consequent lack of tuition fees more money is needed than ever. A retrenchment would be suicidal. The heart of the whole problem of leadership lies with the Universities and schools. Christian leaders are a nation's supreme need. More education in knowledge of science, history and art is not culture, and as Germany in bloody characters is showing the world today, barbarism and science can go hand in hand. The universities must be kept fully manned and in full teaching vigor.

CHECKMATE INTRIGUE
 Hour of Reconciliation Has Arrived, Says High Commissioner

Athens, June 18.—Z. M. Journart, High Commissioner, representing France, Great Britain and Russia, who recently brought about the abdication of King Constantine, has published the following proclamation, addressed to the Hellenes:—

"France, Great Britain and Russia desired the independence, greatness and prosperity of Greece. They intend to defend the brave little land they have liberated against the united efforts of the Turks, Bulgarians and Germans. They are here to checkmate the manoeuvres of hereditary enemies of the Kingdom. They will put an end to the repeated violations of the constitution, of treaties, and the deplorable intrigues which led up to the massacre of soldiers of the allies."

"Yesterday Berlin was in command of Athens, and was gradually leading the people under the yoke of the Bulgarians and Germans. We resolved to re-establish the constitutional rights and unity of Greece. The protecting powers, therefore, demanded the abdication of the King. They have no intention of tampering with the constitutional prerogatives; they have other aims, namely, to assure the regular and constitutional progress of the country, to which the late King George of glorious memory had always been scrupulously faithful, but which King Constantine had ceased to respect."

Great Hour Arrived
 "Hellenes! the hour of reconciliation has arrived. Your destinies are closely associated with those of the protecting powers; your ideals are the same as theirs, your hopes are identical. We appeal to your good sense and patriotism. To-day the blockade is raised. Any reprisal against Greeks, to whatever party they belong, will be pitilessly repressed. No breach of the peace will be tolerated. Liberty, the liberty and prosperity of everyone will be safeguarded. This is a new era of peace and labor which is opening before you. Know that, respectful of the national sovereignty, the protecting powers have no intention of forcing upon the Greek people general mobilization."

"Long live Greece, united and free!"
 Constantine Leaves Greece
 Former King Constantine, who abdicated the Greek throne last Tuesday, has now left Greece territory.
 Both the Government and the High Commissioner representing the Allies are taking every measure to avoid disorder. The authorities at Piraeus have posted notices in the streets summoning all those who possess arms to deliver them to the authorities by to-morrow.
 More allied troops were landed at Piraeus to-day.
 The food situation is improving. A steamer is discharging a cargo of 4,000 tons of wheat at Piraeus, and other wheat cargoes are expected to arrive within 24 hours.
 Allied Troops Advance
 Paris, June 18.—An official report last night says:
 "The advance in Thessaly continues without incident. French cavalry has reached Pharsala and Domokos, about sixty kilometres south of Larissa, and British contingents have occupied Demirli."
 Last night's statement read:
 "Our cavalry has occupied Kalabaka, Trikala, Karditsa, Sophrades and Demirli. Our infantry has occupied Volo (Volo occupied by cavalry several days ago). The advance south continues without difficulty. The populace at Larissa has enthusiastically adhered to the Venizelos Government."

Little News From Madrid Filters Through to Outside World

Rome, June 18.—The Papal Nuncio at Madrid has reported to the Pope that Spain's entry into the war on the side of the allies is now very likely. Even King Alfonso is convinced that it cannot be averted much longer.
 It is stated that Spain's intervention will afford the best proof that the war is nearing its end, with the defeat of the Central powers, whose internal condition nobody knows better than the King of Spain.

TEUTONS PENNED
Triangle and Slowly
Forced Back

London, June 17.—The British on the Belgian frontier now have the Prussians penned in between the River Lys, which forms the boundary, and the Ypres-Comines Canal. This, with the British line from Hollebeke to the frontier as the hypotenuse, makes an irregular triangle pointing east. The two sides, along the Lys and the canal, are each about five miles long, and this portion of the British line has a length of seven miles, constantly narrowing and encircling the Prussians.

Military men who know how difficult it is to move large bodies of troops with all their impediments when there is the slightest body of water to cross will appreciate what an obstacle the Lys and the canal form to the retirement of the Prussians or to their reinforcement by fresh troops should they try to make a stand. Apparently they have determined to retire at least beyond the canal. Berlin hints at a partial withdrawal in its official despatches and the fact that the heaviest of the enemy's guns no longer drop shells on the British line is corroborative of this supposition.

British forces east of the Messines Ridge, according to today's reports, are engaging the Prussians at both the north and south angles of the triangle they occupy, which has an area of eight or ten square miles. They are astride the Ypres-Comines Canal from Klein Zillebeke to Hollebeke on the north and are working east from Gapaard, on the St. Elloi-Lille road. Already they have pushed north-east and are directly north of Warneton.

Warneton Menaced

The Prussians still occupy Warneton and a narrow strip of the Arras-Menthin railway, which follows the bend of the Lys. A good highway runs between the railway and the river. This strip is not much more than a mile wide, and is completely dominated by British artillery. Above Warneton the British line runs straight north for about nine miles to near St. Julien, north-east of Ypres, which is battered town has at last been relieved of further damage from Prussian shells.

Pushing east from St. Yves the British have reached the highway running south-east from Messines and are astride the Douve, a small brook that flows into the Lys at Warneton. It is here that Berlin admits a retirement and the occupation of the town is hourly expected. This section is the southernmost edge of West Flanders, and the country is perfectly flat all the way to the canal. There is only one small village in the region, Houthem, on the canal, about midway between Hollebeke and the Lys. There are no woods or hills to afford cover and the ground, usually marshy, is comparatively dry, so that the British are able to keep close at the heels of the retreating Prussians. How many prisoners they can take depends, of course, on their superior speed and the rapidity with which they can close the net around the Prussians in the Lys canal triangle. But about 8,000 prisoners have been reported from headquarters, which means at least 32,000 killed and an equal number of casualties. Thus the Kaiser's armies have been reduced by about 70,000 men since the drive began on June 7.

It is unlikely that the Prussians will make a serious stand on the Ypres-Comines Canal. It has the advantage of a railroad paralleling it on the further side, but on the other hand, the British are beyond the canal at Klein Zillebeke and can out flank the Prussians from the north. A retreat five miles further is likely, to Nonin, which is in excellent railway communication in several directions with Ghent, Brussels and other Prussian supply bases in Belgium, and consequently is much more easy to hold.

SEALED TENDERS addressed to the undersigned, and enclosed in a cover for Supplying Coal for the Dominion Buildings, will be received at this office until 4:00 P. M. on Tuesday, July 3, 1917, for the supply of coal for the Public Buildings throughout the Dominion.

The combined specification and form of tender can be obtained on application at this office and from the clerks of the different Dominion Buildings.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 per cent) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the contract. If the tender is not accepted the cheque will be returned.

By order,
R. C. DESROCHERS, Secretary
Department of Public Works,
Ottawa, June 9, 1917.

Newspapers will not be paid for this advertisement if the tender is without authority from the Department.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

The sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter-section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each year.

In certain districts a homesteader may secure an additional quarter-section on pre-emption. Price \$500 per acre. Duties—reside six months in each year, or three for \$10, at \$500 per acre. Must cultivate 50 acres extra. May obtain pre-emption patent as homesteader. Must reside on certain conditions.

A settler after obtaining pre-emption, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$500 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$3000.

Holders of entries may count time of employment as farm labourers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honourably discharged, receive one day priority in applying for entry at local Agency Office (but not Sub-Agency). Discharge papers must be presented to Agent.

ORDINATION IN LONDON

Rev. J. H. Whalen, Trinity Church, City, Becomes a Priest

London, Ont., June 17.—Ordination was conducted at St. Paul's Cathedral to-day by Rt. Rev. Bishop Williams of the Diocese of Huron, there being four candidates for the Anglican priesthood and one for the deaconate. Those ordained as priests were Rev. J. H. N. Mills, Stratford; Rev. Richard Lee, Windsor; Rev. Roy J. Kain, Thangerville, and Rev. J. H. Whalen, Brantford. Mr. John Anderson was ordained as deacon. The ceremony was performed in the presence of a large congregation, among whom were many friends from outside the city. Rev. C. W. Foreman, assistant Rector of the Cathedral, sang the Litany, and Rev. Canon Tucker, Rector of St. Paul's Cathedral, conducted the ante-communion service. The candidates for ordination were presented to the Bishop by Rev. Archdeacon Young, and the sermon was preached by Rev. Canon Gunne. A special musical programme was given by the choir, conducted by Organist Kilmaster.

LINGERING WEAKNESS FOLLOWING DISEASE

Banished by the Wonderful Tonic Powers of Dr. Williams' Pink Pills.

How often victims of disease such as typhoid, fever, or contagious troubles are left weak, ailing and despondent after the disease itself has disappeared. They do not pick up strength as they ought; remain listless, tired and discouraged. The reason for this is that the blood has been impoverished by the ravage of the disease through which the victim has passed. Strength will not return until the blood has been enriched. The blood can be purified and enriched by no other medicine as quickly and as surely as by Dr. Williams' Pink Pills—to enrich the blood and strengthen the nerves in the whole mission of these pills. Thousands have found them beneficial in bringing strength and energy after disease had left them weak and run down. Miss Hannah Hamilton, Everett, Ont., says: "After an attack of la grippe I was so run down and anemic that I could scarcely walk. I had no color, no appetite, and constant headache. The medicine I was taking was doing me no good. For a couple of months I had almost lost hope of getting better. I was asked to try Dr. Williams' Pink Pills, and it was not long until I could feel that they were helping me, and after taking them for a couple of months I was completely cured. I now never fail to recommend these pills to anyone needing a blood builder."

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

BILLY SUNDAY SAYS FAREWELL TO OLD NEW YORK

Farewell Sermon Preached by Evangelist in Metropolitan Last Night

WONDERFUL RESULTS
Most Remarkable Religious Demonstration Ever Seen in City

By Courier Leased Wire.
New York, June 18.—The Rev. Wm. Sunday, preached his farewell sermon in New York last night and will start for his home in Winona Lake to-day where the evangelist will take a few days' rest before going to the Pacific Coast.

The free will offering up to last night totalled \$110,000. Checks received to-day will considerably increase this amount. All of this money will go to war charities, the Red Cross, and the Y. M. C. A.

Mr. Sunday preached to more than 70,000 persons in the three services yesterday in the tabernacle. The total number of trail-hitters at the three services was 7,228. This is believed to be more than double the number that have hit the trail in any one day in any other city in which Mr. Sunday has conducted campaigns. The grand total of converts for the entire ten weeks was 98,264.

When Mr. Sunday had delivered his last word last evening, most of the 25,000 persons in the tabernacle began to sing, led by the choir. After Mr. Sunday had grasped the hand of the last of trail-hitters, bowed and stepped back from the platform, he throng jumped upon benches, cheered, applauded, waved hats, and handkerchiefs, and a mighty chorus of voices took up the shout, "Good Bye, Billie," "God Bless You." Many women and men were seen to weep.

Probably the scene was most accurately described by one of the members and supporters of the campaign here who said: "It is the most remarkable religious demonstration ever seen in New York."

Throughout the evening services, extra details of police were kept busy regulating the throng of 20,000 persons, who were unable to get in the tabernacle, when the doors were closed shortly after 7 o'clock.

THE SITUATION.

The war news all round contains a much more encouraging aspect from the standpoint of the Allies.

Russia is apparently commencing to see her true course with much clearer vision. At a secret session the members of the Duma passed a resolution in favor of an immediate offensive and the Workmen and Soldiers have spurned the idea of any separate peace. In response to an address by Mr. Eilhu Root, heading the U. S. Mission in which that gentleman said that he and his associates represented a republic anxious only to help in the struggle for freedom and Democracy, the Russian Foreign Minister replied, "We shall fight together to secure liberty." All these things tend to show that the Muscovites are at last awakening to their co-operative duty. German hopes of an all round disruption in that land following the recent revolution, have manifestly been balked and it does not now seem too much to hope that their forces will once more become an active agency sooner than at one time seemed likely.

Brother-in-law Constantine is now out of Greece and his going does not appear to be regretted by the populace. The release of food shipments by the Allies has at once eased the position of affairs in that respect and the joint note issued by the Allies assuring the populace of defence against the Central Powers, and of no other intent save the upbuilding and solidifying of the nation, should serve to still further steady matters.

On the western front the Hun would appear to be in a more or less undecided frame of mind as to what to do next. The Allies continue to make gains, small in their nature but cumulative in the general result, and the "Hindenburg line" as a "thus far shall thou come and no further" proposition has been demonstrated an absolute myth. At one point on the Belgian front the foe is penned in a narrow triangle and withdrawing under circumstances of great difficulty. Fighting on this front will still last for a long time, and today's report over the Courier leased wire says that the British have withdrawn from some minor positions but no one can doubt as to who has the upper hand.

Of two air raiders who visited the Old Land on Sunday, one was brought down in flames. Fifty per cent is certainly pretty good work.

Capt Bathurst, parliamentary secretary of the British Food Control Board, issues the warning that the submarine warfare has again become intensified and that the need for food production and conservation is still urgent.

Report comes from Spain that as the outcome of troubles there a solution may be found in joining the Allies. That would certainly be a wise step as far as the interests of King Alfonso are concerned.

At a great mass meeting in a London Theatre on Sunday reprisals were urged for the killing of women, children and non-combatants in connection with Hun air raids.

The Italians report another advance of not a very large nature but satisfactory.

THE PRESENT PRIME NEED.

The paramount and most needed step for Canada at this period of the war crisis is to see that men are available to back up the brave boys now at the front and to make good their losses. Under the voluntary plan, now exhausted as an efficient agency, there are very few troops left to supply the wastage. In fact only enough for a few weeks more. It was under these circumstances that Premier Borden introduced his selective conscription bill and everyone who gives the matter a moment's serious thought, must realize that in this manner he took exactly the right course.

The proposed amendment of Hon. Geo. Graham is cunningly devised, but no such piece of party manoeuvring should be allowed to obscure, or block the main issue. One thing at a time is just as good a rule for nations as it is for individuals. More men is the present and the urgent necessity and one which must be attended to without delay.

The further levying upon wealth and other things must assuredly follow and will no doubt be met in the

same spirit as that which should properly characterize the present man levy.

Anybody who attempts to thwart or delay that essential step is as surely playing into the hands of the enemy as the most active supporter of the devilish kultur propaganda.

INTIMIDATORS SHOULD BE BROUGHT TO BOOK.

The statement comes from Ottawa that although a sprinkling of French-Canadian members, personally realize that the selective conscription bill is a necessity at this time, they dare not vote for the measure because of intimidation not only of political oblivion, but also of bodily harm. In this respect it is asserted that they have been deluged with letters of the most approved "Black Hand" variety, and if so the authors should certainly be traced down and adequately punished.

Certain public men and certain Liberal papers are continually prating of the need of "gentle" treatment for the loud mouthed treason mongers in Quebec. This idea that they are to have all the license they want, while the rest of us are to keep quiet for fear of causing offense, is becoming decidedly nauseating. Why should the loyal supporters of the British flag in this Dominion be advised to suppress themselves and their feelings, with reference to the course of a disloyal element?

Over in the States they had plenty of loud-mouthed pro-Germans before Uncle Sam took of his coat to enter the struggle, on behalf of human liberty. Where are they now? They and their vaporings have utterly disappeared so far as any open talking is concerned. The secret service with reference to that breed is so complete that they have been effectively taught to keep their mouths shut or stand immediate and drastic consequences.

The Quebec agitators, like Bourassa and the rest, need the same dose instead of the smooth touch and the palliative pleading.

NOTES AND COMMENTS

In place of veto, the ex-Czar of Russia is to have the vote. What a difference a re-arrangement of the same letters can make to be sure.

The Kaiser talks in an airy way of putting Constantine back on his throne, apparently forgetful of the fact that he is himself scheduled for another kind spelled thrown.

Who would have thought a few months back that the Hun would have become so coy as to retreat before Britannia's advances.

William Hohenzollern is still shaking the mallet fist. He seems to forget that it has been posted for general world delivery.

June still seems to think that it has a personal obligation with regard to the line, "Long to reign over us."

Uncle Sam's \$2,000,000,000 Liberty loan was, at last accounts, some eight hundred millions ahead, and still going strong.

Hamilton Herald (Independent): "The appointment of two good Labor men—W. A. Best, of the Order of Locomotive Firemen, and Controller Aney, of Montreal—as members of the national commission to control grain production is a satisfactory indication that the Borden government realizes the expediency of giving Labor interests special representation on national boards."

To Conscript Aliens First

By Courier Leased Wire. Montreal, June 18.—The insertion of an amendment in the Borden conscription bill whereby, before any Canadians are conscripted, the subjects of the allied Nations living in Canada be first forced to go to war, or if that is impossible, they be sent to their own countries is recommended in a resolution passed yesterday by the Mount Royal section of the Federation of Labor Clubs of Montreal. The resolution is based, according to the section's president, Gordon Martel, who announced at a mass meeting, on Peel Street, that it had been passed, on the belief that there were in Canada fifty thousand Belgians, who had not taken up arms to defend their outraged country, 1,800 Frenchmen, thousands of Italians, and Rumanians, in all totalling over one hundred thousand men of military age. Mr. Martel also demanded home rule for Ireland so that the Irish brought to Canada at five dollars a head could go to war. Otto Thibault, another speaker, said he heard a cry of revolution, but considered it strange because those crying had no rifles or cartridges. He advised if the law passed and the men had to don khaki, that they turn their rifles against those who sent them to war.

BRANTFORD DOCTORS

Asked as to Services at the Front or in Canada. Brantford doctors, presumably in common with those throughout the Dominion, have received a letter from Dr. Ryerson, A. D. M. S., of Medical District No. 2, in which they are asked to answer three questions in effect as follows: 1. Are you prepared to give your full time to go to the front? 2. Are you prepared to give your full time for services in Canada? 3. Are you prepared to give one year for services in Canada? Countess Markovitz led a band of revolutionists which attempted to capture Dublin. She was sentenced to death but the sentence was commuted to penal servitude for life.

CRISIS IS PAST

London, June 18.—A despatch to the Times, from Madrid, says: "The crisis is past. The crux between the government and the army has been removed by the premier granting contrary officers the right to form committees of defence. The revolutionary movement which seemed imminent a week ago has thus been averted. The situation, however, has in no wise been cleared. The ex-given a dangerous stimulus to the elements of disorder."

CATHOLICS FOR PEACE

By Courier Leased Wire. Bern, via Paris, June 18.—The "Zürcher Nachrichten," a Swiss Catholic newspaper, which is in close touch with Matthias Erzberger, leader of the clerical party in the German Reichstag, prints the following despatch from Berlin: "The German delegates to the Stockholm Socialist conference, have suffered many disillusion. They have been obliged to recognize that their foreign comrades are in no way convinced of Germany's innocence, as regards the war. They have been obliged to defend themselves almost as if they were accused persons. The Stockholm conference proves that force still has the last word, whatever progress pacifism is making. It is now for the vast organization of the Catholic Church to take itself to work for peace."

ON THE FARM. The farmer gladly toils all day, producing things we need, and in the fall he'll thresh his hay, and sell his nutmeg seed. The farmer's hogs are fine as silk, and they're acquiring lard; his cows are all producing milk and butter by the yard. The farmer's hens are laying shells, with golden yolks inside, the farmer's steers are wearing bells, each with its glossy hide. The farmer asks a decent price for products of the earth; he doesn't think to charge us twice as much as farmer go, for things he has to sell, are ground.

And though the land with plenty teems, there's famine all around; by speculators they are worth. If we could to the land their schemes our weary souls

LOCAL NEWS ITEMS

IN FRANCE. Word has been received that Lt. Col. Cutcliffe and Major Newman of the 125th are in France on a short stay there.

WEDDED. The marriage took place on Saturday evening at the First Baptist parsonage of Mr. Cyril Williams and Miss Mary Emma Keighley, both of this city.

WITH C. M. R. A former Brantford boy, Fred Garvin, was in the city last week renewing acquaintances. He is now in the uniform of the Canadian Mounted Rifles, having returned from Sarnia to enlist with that body.

COUNTY COURT. The Hamel v. Foulds case received a hearing in the county court this morning, commencing at 11 o'clock. The dispute is the outgrowth of an automobile accident. Brewster and Street, on Saturday afternoon he refused himself by pounding his fists against the large plate glass panel in the door, until it had been broken, and completed the work by using his foot. Then carefully selecting a few of the large pieces, and taking an equally careful aim, he punctured a lighted cigarette and nonchalantly strolled up Dalhousie street in the full view of a large crowd of spectators who had witnessed the achievement.

FIRST BAPTIST CHURCH. Seldom, if ever, in the history of the church, did a larger audience greet the preacher at a morning service than the audience that greeted Captain Tom F. Best yesterday morning. Many wives and mothers of soldiers across the sea were present, anxious to hear the message from the trenches that the speaker brought them. "I have come to Canada to bring you message of comfort," was the first words of the address, and in a masterly way he reviewed the situation in France, and if his words did not comfort those who have given of their best, then there is no comfort to be found for them anywhere.

WOUNDED. Word received in the city on Saturday announced that Sgt. Albert Lewis Bourne of the Canadian Mounted Rifles, was admitted on June 7 last to the general hospital at Calais, suffering from gunshot wounds in the right arm and back. The telegram announcing the casualty was addressed to Horace Gilbert Bourne at Cainsville, but of the latter no trace can be found, he having since left the vicinity.

A MYSTERY. Between nine and ten o'clock on Saturday evening a young man entered the millinery department of a Colborne Street drygoods store, where two young ladies were working. He acted very queerly, and when questioned as to his purpose, made no reply. The girls became alarmed, and going downstairs made known the presence of the man. A search was instituted, but without result. The stairway and elevator were carefully watched and the means of departure of the man, and the purpose of his actions are as yet a mystery.

COUNTY COUNCIL. The county council meets tomorrow for the most important session of the year, when the tax rate will be struck for 1917 and the equalization of different municipalities of the county will be determined. It is not thought likely that the reply of the department of highways of the Provincial Government containing the decision on the report of City Engineer T. Henry Jones, as regards the suburban roads shall have been received in time for discussion at this session.

SILENT POLICEMEN. Chief Sleemin addressed a letter to Mayor Bowby and the members of the city council, drawing attention to the traffic signs that were purchased by the Board of Trade and were placed by the police department on the corners of streets in the city where the traffic is heavy. He points out the fact that a fair trial has been given to these silent policemen, and that they have given satisfaction, and both pedestrians and drivers of automobiles and other vehicles. He requests that permission be given him to purchase twelve more similar signs, that they may be placed in use before the Semi-Centennial celebration here on July 1st and 2nd.

AUTO THEFTS. An automobile theft of two years' standing, which for that period of time has puzzled the local authorities, may be cleared up as the result of a discovery made on Saturday afternoon by the police, when parts identified as belonging to an automobile stolen from Mr. A. Buck, Dufferin avenue, in 1915, were discovered in the taxi of Mr. V. Mastin of this city. A further search through the latter's home revealed a large number of other spare automobile parts, many of which, as articles covered in his garage. The discovery has culminated in the arrest of Mr. V. Mastin by Detective Chapman and Serjt. Wallace, and the case will be heard in the police court tomorrow morning.

FINANCIAL STATEMENT. The Bureau of Applied Economics, Washington, U.S.A., has written City Clerk H. F. Leonard requesting that a copy of the financial statement of the city for the year ending December 31st, 1916, be forwarded to them.

NEW MOVIE HOUSE. The Grand Opera House opened this afternoon at popular prices as a new home in the city for screen pictures. There is an attractive lot of features and the latest type of machine has been installed, constituting a guarantee of flickerless pictures.

SOLDIER RETURNING. No further particulars were received by the local representatives of the Soldiers' Aid Commission regarding the time of the arrival of Private A. Saunders who was expected to return sometime during the day yesterday, and therefore no reception was tendered to him as he arrived.

MACCABEES. The Brantford Macabees and their friends made a fraternal visit to the Hamilton Lodge last Thursday evening by a special car. The Hamilton boys entertained in a royal fashion an excellent program being presented with the following Brantford ladies participating: Mrs. Stuart, Miss Smith and Miss McLarson. The Macabee drill corps of Brantford gave an exhibition of fancy drill which was well received. Cards and dancing were indulged in and addresses delivered by provincial officers. Altogether a most enjoyable time was spent by all who made the trip.

POLICE COURT. "You cannot monkey with the Public Health Act" declared Magistrate Livingston this morning in warning to Simon L. Read, a farmer, who had allowed the carcass of a cow to remain on his farm from March until last week. The charge of a breach of the act referred to was preferred by County Constable Taylor. The defendant stated that he had burned the carcass, and that only the frame remained. He was fined for the offence, amounting to \$10.00 and received a warning against a recurrence of the offense. Albert Plows paid \$2 for riding his bicycle on the sidewalk. Anthony Horvath, charged with being intoxicated, and with having liquor in an authorized place. The case was adjourned for one week. Arthur Hillary, who was also charged with being drunk, was remanded until tomorrow. Charlie Rowie, who some time ago ran down the silent policeman on the corner of George and Dalhousie streets, promised to pay the damages incurred through an accident. Mrs. Nellie Herod contributed \$5 and costs for driving an automobile without a license number.

COLBORNE CHURCH MEMORIAL SERVICE. Third Tablet of Honor Roll of Members Overseas Was Unveiled. CAPT. BEST SPEAKER. Returned Soldiers of the City Attended in a Body.

Impressive and solemn but pervaded throughout with a spirit of encouragement and hope was the memorial service which was held in the Colborne Street Methodist Church last night, during which an exceedingly interesting and entertaining address was given to over one hundred returned soldiers who occupied the central portion of the church, and to one of the largest congregations ever assembled in the edifice. The third tablet containing the names of twenty-six men whose names did not appear on the first two panels which were unveiled a year ago next Sunday by Lt.-Col. M. A. Colquhoun, was held in his visit to his home on furlough from the front, was unveiled.

A congregation of large numbers assembled to honor those who have headed the charge of the cause of the Empire, and before the service had commenced every available seat in the church was occupied by those who were unable to gain entrance. The purpose of the gathering was outlined by the Rev. W. E. Baker, who made reference to those who had gone and had upheld the honor of the church on the battlefields of Europe. The pastor read the twenty-six names on the third tablet which is headed by the name of Lt.-Col. M. A. Colquhoun and followed by: Donald McKellar, Geo. Taylor, Edward Howell, Richard Darch, Leo Butler, John Patterson, Lloyd Verity, E. A. Houting, Frank Sanderson, A. Seaman, T. Jones, Wm. Ness, A. Barkham, Harry P. Charlton, Geo. L. Atkins, Alton Hall, Edward Keaves, Samuel White, Robert A. Atkins, Wray Blundell, Elmer M. Pickles, Frank Wardlaw, Edwin D. Noble, Morris Berford, Walter Lymburn.

The special mention of Miss Elmer M. Pickles, a member of the church, who enlisted in the Imperial Army in England and went overseas as a private in the ranks. "Tommy." His description of the two years of the war, with inadequate equipment, insufficient supplies, and outnumbered by a foe of overwhelming numbers. On the Ypres salient a superior position had been occupied by the Tontons, who were entrenched on heights overlooking the British positions, and from whence they could see far behind the British lines. On many days our men were ordered to retreat to the front line artillery, guns with only three shells and with a maximum supply ammunition of seven shells per day each. The speaker inquired why it was that the German line did not come over when the opportunities were so inviting and the opposition at its weakest? Capt. Best urged upon all to take an intimate interest in the patriotic fund, the Red Cross and the Y.M.C.A. A statement followed of the work that was being accomplished by these organizations, especially the latter. He told of the welcome that awaited the men as they returned from the front line trenches and as he described the life at the front with its joys, its sorrows and its tensesness, the eyes of the veterans, many of whom were their uniforms, glistened with remembrance of the descriptions of the familiar scenes.

Capt. Best capably defended the honor of the men in khaki. He soundly condemned the criticisms that were sometimes made of their moral character, and stated that the moral tone

of the army would compare quite favorably with that of civilian life. Such criticism he characterized as "contemptible in the spirit and source from which it springs." Special music was rendered by the choir for the occasion, assisted by Mr. G. N. Crooker, the anthems "Nation's Prayer" and "Land of Hope and Glory" being rendered. An appropriate solo "The Chariots of the Lord" was also contributed by Mr. Edwin McKinley.

Laid at Rest. Infant McIntosh. The remains of Jackie, infant son of Mr. and Mrs. W. A. McIntosh, were laid to rest Friday afternoon the funeral taking place from the home of his grandfather, John Lake, 27 Colborne street, to Mt. Hope cemetery, and grave being conducted by the Rev. G. A. Woodside of Zion church. The floral tributes received included the following: Wreath, Daddy and Mamma; sprays, Grandpa, Grandpa and Grandpa; Grandpa and Grandpa; Uncle Tom and Aunt Mary Lake, Uncle Henry, Aunt Jennie and Grace Lake, Uncle Jack, Aunt Jennie, and Carrie, Cain, Mabel and Jean of Toronto; Mr. and Mrs. Robt. Confined chiefly to the district around the Ypres salient, and he emphasized the great disadvantages under which our men had fought during the first two years of the war, with inadequate equipment, insufficient supplies, and outnumbered by a foe of overwhelming numbers. Special music was rendered by the choir for the occasion, assisted by Mr. G. N. Crooker, the anthems "Nation's Prayer" and "Land of Hope and Glory" being rendered. An appropriate solo "The Chariots of the Lord" was also contributed by Mr. Edwin McKinley.

Laid at Rest. Infant McIntosh. The remains of Jackie, infant son of Mr. and Mrs. W. A. McIntosh, were laid to rest Friday afternoon the funeral taking place from the home of his grandfather, John Lake, 27 Colborne street, to Mt. Hope cemetery, and grave being conducted by the Rev. G. A. Woodside of Zion church. The floral tributes received included the following: Wreath, Daddy and Mamma; sprays, Grandpa, Grandpa and Grandpa; Grandpa and Grandpa; Uncle Tom and Aunt Mary Lake, Uncle Henry, Aunt Jennie and Grace Lake, Uncle Jack, Aunt Jennie, and Carrie, Cain, Mabel and Jean of Toronto; Mr. and Mrs. Robt. Confined chiefly to the district around the Ypres salient, and he emphasized the great disadvantages under which our men had fought during the first two years of the war, with inadequate equipment, insufficient supplies, and outnumbered by a foe of overwhelming numbers. On the Ypres salient a superior position had been occupied by the Tontons, who were entrenched on heights overlooking the British positions, and from whence they could see far behind the British lines. On many days our men were ordered to retreat to the front line artillery, guns with only three shells and with a maximum supply ammunition of seven shells per day each. The speaker inquired why it was that the German line did not come over when the opportunities were so inviting and the opposition at its weakest? Capt. Best urged upon all to take an intimate interest in the patriotic fund, the Red Cross and the Y.M.C.A. A statement followed of the work that was being accomplished by these organizations, especially the latter. He told of the welcome that awaited the men as they returned from the front line trenches and as he described the life at the front with its joys, its sorrows and its tensesness, the eyes of the veterans, many of whom were their uniforms, glistened with remembrance of the descriptions of the familiar scenes.

Capt. Best capably defended the honor of the men in khaki. He soundly condemned the criticisms that were sometimes made of their moral character, and stated that the moral tone

of the army would compare quite favorably with that of civilian life. Such criticism he characterized as "contemptible in the spirit and source from which it springs." IN MEMORIAM.
By Courier Leased Wire.
Montreal, June 18.—Attended by a Roman Catholic Archbishop, a Methodist Minister, Salvation Army men, Christian Brothers, and Protestant teachers, as well as the representatives of the Dominion and Quebec governments and the city, a Requiem Mass was conducted in St. Patrick's Church this morning in memory of Major William Redmond, the Irish Nationalist member of parliament, who fell at the battle of Mesines Ridge, while fighting with the Irish brigade. The Dominion representative was Hon. C. J. Doherty, Minister of Justice, while Hon. Narcisse Pérodeau, was present for the Quebec government. The mass was celebrated by Rev. Gerald McShane, Archbishop Bruchesi, occupying the throne during the ceremony.

WHY WOMEN FEEL UNFIT

Nature's best handiwork never was intended to be handicapped by illness as so many women are. Nature's intention never was that women should be less capable, as women, than men are as men. Yet how frequently young girls, business women, housewives and mothers complain of feeling unfit. What makes the growing girl so languid, the business girl so often depressed, the housewife and mother so often overwhelmed with worries and cares. What gives rise to the headaches, the backaches and weakness that unfit women for life's joys and duties? The answer is in bloodlessness. Girls grow into unfit women if they lack the help of new blood during their teens. Business girls become bloodless from too much indoor occupation, hasty meals and lack of exercise. Housewives overtax their blood by overwork, over-anxiety, nursing, neglecting the need of sufficient sleep, regular meals and fresh air relaxation. Hence the blood becomes watery and impure.
But women who keep their blood rich and red never need feel illness. Wholesome food, sufficient rest, out-of-door relaxation and Dr. Williams' Pink Pills will keep every woman's blood rich and pure, and every man's health right. These pills alone have proved a priceless boon to weak anemic women, because of the new rich red blood which every dose helps to make. Every girl and every woman should occasionally take Dr. Williams' Pink Pills to keep her blood rich and pure, and every weak and ailing girl and woman should take them without delay.
You can obtain these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

IMMEDIATE OFFENSIVE FOR RUSSIA JUDGED BY DUMA

Decision of "More War" Electrifies Russian People; Root Mission Joyously Greeted and Tendered Stirring Reception

Petrograd, June 18.—The Duma in secret session has passed a resolution for an immediate offensive by the Russian troops. The resolution declared a separate peace with Germany would be ignoble treason toward Russia's allies for which future generations never would pardon the Russia of the present day.

"The Duma therefore considers," the resolution adds, "that the safety of Russia and the maintenance of the liberties which have been obtained lie in an immediate offensive in close cooperation with Russia's allies."
"The Russian people consider war inevitable and will continue it. The Russians have no imperialistic wishes. We know that you have none. We shall fight together to secure liberty, freedom and happiness for all the world. I am happy to say that I do not see any moral idea or factor between America and Russia to divide us. The two peoples—Russia fighting tyranny and America standing as the oldest democracy—hand in hand will show the way to happiness to nations great and small."

These ringing words, expressing the attitude of the Russian Government toward America and the American Mission, headed by Elihu Root, were voted Saturday night by Mr. Tereschenko, Minister of Foreign Affairs, responding for the Council of Ministers to Mr. Root's address of sympathy and good-will on the part of the American Government.
The American Ambassador, David R. Francis, presented the Root mission had come to Russia to discover how America can better co-operate with it ally in forwarding the fight against the common enemy. The presentation was very informal, only a few Russian officials and the members of the American Embassy attended.
Mr. Kerensky, the youthful Minister of War, just back from the front, wore the khaki blouse of a common soldier.

The Ministers listened with rapt attention to Mr. Root's address, which was a powerful utterance, both in substance and manner.

Rises From Sick-bed.
Mr. Tereschenko rose from a sick-bed to attend the presentation, and responded without notes, expressing his joy in welcoming the Commission from America. He said Russia's revolution was based on the wonderful words uttered by America in 1776. He read part of the Declaration of Independence and explained "Russia holds with the United States that all men are created free and equal."

Mr. Tereschenko sketched the history of the Russian revolution briefly, saying that the Russians, after centuries, threw off all the old order just as the wind blows autumn leaves from the forest. Russia now faces two problems, said the Minister, the necessity of creating a strong democratic force within its boundaries and the fighting of an external foe. Then he declared for war, and expressed confidence in the power of Russia to meet the situation.

Mission Comes From a Republic.
"Mr. President and members of the Council of Ministers," said Mr. Root, "the mission for which I have the honor to speak is charged by the Government and people of the United States of America with a message to the Government and people of Russia. The mission comes from a democratic republic. Its members are commissioned and instructed by a President who holds his high office of Chief Executive of more than one hundred million free people by virtue of popular election, in which more than eighteen million votes were freely cast and fairly counted pursuant to law by universal, equal, direct and secret suffrage."
"For one hundred and forty years our people have been struggling with the problems of self-government. With many shortcomings, many mistakes, many imperfections, we still have maintained order and respect for law, individual freedom and national independence. Under the security of our own laws we have grown in strength and prosperity. But we value our freedom more than wealth. We love liberty, and we cherish above all our possessions the ideal for which our fathers fought and suffered and sacrificed that America might be free."
"We believe in the competence of the power of democracy, and in our heart of hearts abide faith in the coming of a better world, in which the humble and oppressed of all lands may be lifted up by freedom to a heritage of justice and equal opportunity."
"The news of Russia's new-found freedom brought to America universal satisfaction and joy. From all the land sympathy and hope went out to the new sister in the circle of democracies. And the mission is sent to express that feeling."
"The American democracy sends to the democracy of Russia a greeting of sympathy, friendship, brotherhood, Godspeed. Distant America knows little of the special conditions of Russian life which must give force to the Government and laws which you are about to create. As we have developed our institutions to serve the needs of our national character and life, so we assume, you will develop your institutions to serve the needs of the Russian character and life. "As we look across the sea we dis-

RECRUITING RALLY HELD LAST NIGHT

Meeting in Interests of C. M. R. and Railway Unit in Brant Theatre

An eleventh hour appeal, perhaps the last of its kind to be made in this city, for recruits under the voluntary system of enlistment, was delivered at the Brant Theatre last evening in the form of a recruiting meeting staged under the auspices of the Canadian Mounted Rifles and the 21st Railway Construction draft, the claims of which units were presented respectively by Capt. Pugsley, chaplain of the C.M.R., and Lieut. Gregory, in charge of the local recruiting depot of the railways.
The attendance at the meeting was not of unusually large proportions, although the returned soldiers of the city arrived in a body during the evening.

Captain Jenkins, chairman of the meeting, admitting that the recruiting speeches to-day were obsolete, pointed out that the exact time for the enforcement of the selective draft system had not arrived, and an opportunity was still afforded eligible to enroll voluntarily in Canada's great army.
"The triumph of German arms will mean the death of liberty in Russia. No enemy is at the gates of America, but America has come to realize that the triumph of German arms means the death of liberty in the world; that we who love liberty and would keep it must fight for it, and fight for it now when the free democracies of the world may be strong in union, and not delay until they may be beaten down separately in succession."

"So, America sends another message to Russia—that we are going to fight, and have already begun to fight, for your freedom equally with our own, and we ask you to fight for Canada as well as for America. We would make your cause ours and our cause yours, and with a common purpose and mutual helpfulness of a firm alliance, make sure of victory over our common foe."
"You will recognize your own sentiments and purposes in the words of President Wilson to the American Congress, when on the second of April last he advised a declaration of war against Germany."

"That partnership of honor in the great struggle for human freedom the oldest of the great democracies now seeks in fraternal union with the youngest. Practical and specific methods and the possibilities of our allied co-operation are the members of the mission would be glad to discuss with the members of the Government of Russia."

A special American supplement of The Moscow Vremya made its appearance yesterday apparently out of compliment to the American Commission. The cover represented an American soldier with a medalion of Washington as an inset.

Workmen Oppose Peace.
A striking proclamation placing the Council of Workmen and Soldiers' delegates on record as irrevocably opposed to a separate peace was adopted Saturday by the Council.

The proclamation was prompted by Austrian efforts to lure Russia into a separate peace, and exhorts Russians "to rally around the banner of revolution and increase the energy of the military who fight for the defence of freedom."

The proclamation cites the receipt of a wireless telegram from Prince Leopold (Prince Leopold of Bavaria) to the Russian front, in which the Austrian army on the Russian front) asserting that the governments of the Central Powers are ready to conclude peace with Russia, and asking Russia to accept the offer of a separate peace. The reply of the council is a declaration of its attitude, and Minister of War Kerensky has caused it to be sent to all troops on land and sea. The message has been circulated throughout the country.

"Prince Leopold says he offers a peace which need not necessitate a break with the allies. He says that because he knows an offer of separate peace with Germany will be rejected by our troops," reads the proclamation.

The proclamation declares that Russia will follow its own way to a general peace in spite of provocative efforts and says:

"Russia has undertaken to unite the democracies of all fighting countries in the struggle against world autocracy, but her plan will never be realized if Germany imperialism is able to utilize Russia's longing for peace to disunite her from her allies and ruin her army."
"The Revolutionary Democracy of Russia is seeking a route to peace through an appeal by the Government created by democratic Russia to the governments of the allies and by means of an international conference of Socialists."

"Let the army, by its energy and courage, give power to the voice of democracy."
"The announcement last week that the cabinet had decided to suggest a conference of the Allies for examination of the terms of the London agreement by the publication of the note sent to the other governments in question. The note suggests a conference as to the war aims, a consideration of the London agreement, and that none of the signatory powers shall conclude a separate peace."

LOCAL CRICKETERS WON AT HAMILTON

Brantford Club Defeated St. George's by 32 Runs on Saturday

BRILLIANT PLAYING
The Brantford Cricket Club sent an eleven to Hamilton on Saturday last and succeeded in defeating the St. George's of that city by a margin of 32 runs. This is a highly creditable result and the players are naturally pleased as it is a good many years since Brantford Cricketers have pulled off a victory against the St. George's Club on their own grounds. Too much praise cannot be given to the batting of Sergeant Winyard who was largely responsible for the winning of the match, he making 31 runs in H. Walker coming out the first ball. The scores are as follows:

Pay Your Debt To Your Defenders

Turn Your Luxuries Into Comforts For Those Who Have Sacrificed Most.

"Self-sacrifice, self-denial and service lie at the basis of the highest personal and national development."
Sir Thomas White, Minister of Finance.

Is it nothing to you that men from all round you have sacrificed home and salary, safety and life, to defend your home as well as their own?
Is it nothing to you that their wives and families trembly scan each casualty list, and pale at the step of the postman or telegraph messenger?
Can you see others giving their dearest, without feeling that you must do something yourself? Do you wonder what to do?

You can at least save—and lend your savings to the nation. Canada needs every dollar her loyal sons and daughters can spare, to meet the growing expenses of the struggle.

Every dollar you invest in Canadian War Savings Certificates helps the nation to deal generously with those who are defending you.

Certificates in denominations of \$25, \$50 and \$100, repayable in three years, may be purchased at any Bank or Money Order Post Office at \$21.50, \$43 and \$86 respectively. This means over 5% interest—making them a profitable as well as a patriotic investment.

Hugh Jennings, who is a past master at handing out sarcasm, was asked recently about the Detroit team and what its chances were.

"Am I surprised by the position Detroit holds in the race? My answer to that is that Detroit does not wish to corner all the good things in life. We claim that Detroit is the best city in the world in which to live.

"It may be as you say, that we are not using the right kind of bats. There may be something in that. I understand that George Sleser of the Browns has invented a new bat that seemed to work well.

"Yes, we are battling the Athletics for position once more. It reminds me of the seasons of 1909 and 1910 when the Tigers and Athletics had such strenuous fights for the pennant. Now, after seven years of varied fortune, we again are contenders.

baseball team on paper. Some day they may demonstrate that they are strong on the diamond as well.

"All that ails our pitchers is that they lack control and effectiveness. Their appetites are splendid. As for our batters, they seem to know how to play their hands as well as ever. They are shy only in hitting. I can not understand why our infielders miss so many chances. They all had new gloves this spring—just as good gloves as were bought for any other team in the league. Somehow or other, though, the ball always seems to bound badly for my fellows.

"It may be as you say, that we are not using the right kind of bats. There may be something in that. I understand that George Sleser of the Browns has invented a new bat that seemed to work well. I guess I will wire for some of them. I heard it finally was thrown out for being illegal, but perhaps we might get by for a few days. Judging from the lack of eyesight displayed by some of the players, it might be two weeks before they would catch on.

KEETON TEAM SHUT OUT 12-0 BY STEEL CO. ON SATURDAY

Brilliant Pitching Feat Achieved by Harwood, Who Allowed Opponents But One Hit—Cubs Beat Cordage

Two more good games were staged at Agricultural Park on Saturday afternoon before a large crowd, the Dominion Steel Products and the Holmeade Cubs coming out victorious over their opponents, the Motor Truck and Cordage Company teams respectively. The playing of all the teams was considerably better than on the previous Saturday, the practices which have been held in the meantime no doubt accounting for the improvement. The competing teams now look much stronger, and the weaker clubs have bolstered up their rotters, especially the Holmeade Cubs, who had three or four new players in uniform on Saturday.

The First Game commenced at a quarter to three with the Holmeade Cubs and the Cordage as the contending clubs. Although the game dragged at times, it was a fair exhibition, and presented some interesting features. The work of Walters in the box for the Cubs was effective, especially in the pinches, and especially in the 7th inning when a strong rally was made and two of their three runs were secured by the Cordage. The first two men at bat in this inning went to first on errors by McKinnon and Simmons, and the next man secured a hit, and the first two men had crossed the plate before the side was retired. Although only seven innings were played, an hour and three quarters were consumed by the first game.

The Second Game. In their first conflict of the season the two munition teams did not provide the close contest that had been expected. Prior to the game supporters of both teams were equal in confidence of a victory for their favorites, but the shell makers from the Dominion Steel Products company whitewashed, rained and overpowered their opponents by twelve to nothing score. Although the result was completely one-sided, the game was much better than would be expected from a survey of the runs' column, and in several places real brilliant baseball was witnessed. The work throughout of Harwood was undoubtedly the best feature of the game, while Doyle demonstrated his right to rank as one of the best infielders of the league by hitting safely four times in five chances, and accepting three put outs and one assist without an error. No runs were scored in the first inning, although the first three men at bat for the D. S. P. reached first base safely. The lead off man walked, and Doyle and Orents bunted safely, filling the bases. The next three men, however, were unable to connect one whiffing the air and the other two grounding out. A peculiar situation occurred in the seventh inning when with the bases full, Venning drove the ball to right field where it became lost in the long grass and before it could be recovered the three men had scored and Venning was comfortably resting on third. A brisk and snappy double play was made by the Motor Trucks in the sixth inning, in which Henry, Jeffries and Armstrong figured.

LEAFS LOST TWO TO NEWARK BEARS

Toronto Swamped in Double Header Played on Sunday

BEATEN ON SATURDAY

Newark, N.J., June 18.—LARRY LaJole's Leafs was swamped by the Newark Bears yesterday, Newark winning both games by overwhelming scores. Toronto was whitewashed in the first game, 7 to 0, while in the second contest Newark rolled up 15 runs, the Leafs being able to gather only two. Both Dan Tipple, who worked the first game, and Harry Thompson were hit savagely by the Bears. Newark gathering 14 hits in the curtain raiser and 19 in the late game.

There is no way in the world to alibi the defeat of the Leafs, as it was not their day, and they were simply outclassed. Tom Needham has the Bears going better than at any time this season, and it is no disgrace to go down to defeat to them. Sam Ross and George Pennington divided the hurling for the Bears, and both were invincible. The Leafs were able to gather but six hits in the first game of Ross' delivery, and in the closing contest Pennington held them to five safeties. The scores: First game—R. H. E. Toronto . . . 00000000—0 6 3 Newark . . . 30110011—7 12 1 Batteries: Tipple and Lalonge; Ross and Egan.

Second game—R. H. E. Toronto . . . 00010001—2 5 2 Newark . . . 0021516x—15 19 3 Batteries: Thompson and Kelly; Pennington and Egan.

Last Saturday Newark, N.J., June 18.—Ruthless in using the Leafs as a means of maintaining themselves at the top of the heap, Tom Needham's Bears took Saturday's game from them in the ninth, by the score of 3 to 2. In the first inning Toronto secured a run, but Newark tied it up in the second and then took the lead in the 4th with another. During the next four innings they tried hard to break in to the run column without success, but Schultz put in as a pinch hitter, in the ninth for Kelly, singled to centre and scored on Jacobson's triple. This tied the score and it looked as if the Leafs might have another chance in the extra innings, but Russell doubled and Getz singled and Bunny Hearns lost his game. The score: R. H. E. Toronto . . . 10000001—2 9 1 Newark . . . 10100001—3 8 0 Batteries: Hearns and Lalonge; and Kelly, McGraw and Egan. Umpires, Carpenter and Blackburne.

"TWO MEN AND A WOMAN"

"For the East and West is West and never the twain shall meet."

Kipling's epigrammatic tenet is easily off-set in "Two Men and a Woman," the forthcoming Ivan production which will be the feature at the Grand Opera House the first three days of this week when a remarkably staunch cast of players, including James Morrison, Rubye De Roemer, Guy Coombs, Christine Mayo, John Reinhard and Helen Arnold will be seen in what, from all reports, is another typical Ivan creation.

There is Nipponese atmosphere in "Two Men and a Woman." There is the vampirish type of woman, referred to as the female of the species. There is the wayward boy who demands of his mentor, that he sacrifice his heart's feelings for his boy. There is the tense situation where the vampire woman discovers the guardian's nobleness, the boy's selfishness and the woman's real love—then the untangling.

"Two Men and a Woman" is in five dramatic acts and is the product of Ivan Film Productions, Inc. which is a guarantee of a splendid photoplay.

Joseph F. Lee, special representative of the Serial Producing Company, producers of Metro's \$1,000,000 serial, "The Great Secret," starring Francis X. Bushman and Beverly Bayne, has just compiled a

report for Joseph W. Engel, treasurer of the Metro Pictures Corporation, in which he gives figures on the number of people who are following the serial.

His report shows that almost half a million people in Greater New York alone view each chapter of "The Great Secret" upon its showing. Six million screen patrons throughout the United States see each chapter. The figures were apposed to facts, and stretched himself at full length, lit a cigarette and shouted at the director to "quit talking shop in recess."

BENNETT'S BOLDNESS

Richard Bennett, the star in "Philip Holden—Waster," also in the later Star-Mutual production, "And the Law Says," displayed unbelief in the sacredness of the cap and gown, when he mounted the bench he had occupied a few minutes before, passing sentence of death on his own son, stretched himself at full length, lit a cigarette and shouted at the director to "quit talking shop in recess."

Director Dowlan was trying to inculcate a lesson of which Bennett had told him several of his minor performers stood vastly in need, to the effect that they acted too much. "That's all right," retorted Dowlan: "how do you expect me to get your ideas across if you don't want me to talk business in the lunch hour? You talk all the rest of the time."

"Hm," grunted Bennett, "here we have the demon professional jealousy, rearing its demonic head in the calm clear atmosphere of the cinema. I thought I'd left that sort of thing when I tackled the motion picture game." "Where's the consistency jewel you've been boning me about?" demanded Dowlan. "Here you are supposed to be a stern, hard-headed judge all swelled up with dignity and pride of office, but what do you do? Why, you demoralize the whole staff, sprawling around on the altar of justice, putting a filthy pill and talking sedition to

the extra help. Say! What you need is a stabilizer." "And you're it," roared Bennett. "The way I look just now is exactly how I feel toward the dignities of legal procedure. This is the first time in my life I've ever had a chance to smoke my lunch on a judge's throne and pillow my head on the book of fate, to-wit, the statutes. So go as far as you like, Bill, I'm content."

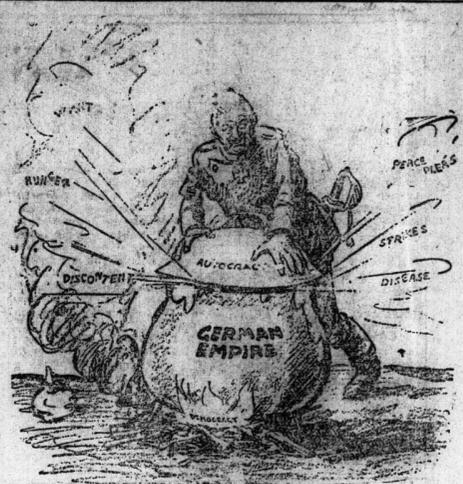

CANADIAN SOLDIER'S LETTER

Says Dr. Cassell's Tablets Have Kept Him Fit Through Two Years

Sapper A. Hartley, of the A Company, Canadian Engineers, whose home address is 306, Adelaide street, London, Ontario, is one of many who have written in praise of Dr. Cassell's Tablets. He says: "As a constant user of Dr. Cassell's Tablets, I would like to add my testimony to their value. I used them when I was in the South African War, and, finding the benefit of them there, have taken them since whenever I felt rundown. I always recommend them, for I know that they do all that is claimed for them. In my opinion they are the best tonic anyone can take for loss of appetite, poorness of the blood, or general weakness of the system."

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: Harold F. Ritchie & Co., Ltd., 10 McCaul St., Toronto.

Dr. Cassell's Tablets are the surest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anaemia, Nervous Abnormalities, Nerve Paralysis, Palpitation, and Weakness in children. Specially valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout Canada. Prices: One tube, 50 cents; six tubes for the price of five. Beware of imitations said to contain hypophosphites. The composition of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same. Sole Proprietors: Dr. Cassell's Co., Ltd., Manchester, Eng.

ZEP BROUGHT DOWN IN SUNDAY RAID

Enemy Aircraft Winged by Land Gun and Finished By Plane

EAST COAST RAIDED

Thousands Witnessed Destruction of the Aerial Pirate

London, June 18.—Two persons were killed and sixteen injured in an air raid by two Zeppelins over the east and south-east coast of England, early Sunday morning. One Zeppelin was brought down in flames, all of her crew perishing.

Thousands Witnessed Fight.

A despatch from an east coast town says that thousands of persons witnessed the destruction of the Zeppelin. The attack by anti-aircraft guns on the dirigible lasted fully half an hour, and "people issued from their houses half-dressed to watch the event. When the black object, drifting across the sky from the southeast was seen to burst in flames the spectators cheered tumultuously. Pedestrians and cyclists dashed off in the direction of the fallen airship, but owing to the unexpectedly long distance few succeeded in locating the Zeppelin, which fell a few miles from the coast. It had been winged by a land gun, and was then finished by an aeroplane, which the Zeppelin fought to the last with her guns. The dirigible dropped in a field of corn, far from any habitation, and was completely destroyed. All of the crew were killed and their bodies badly charred. Some of the men appeared to have jumped from the doomed airship. Doctors hurried to the spot, but their services were needless.

Then Came the End

The British airman who attacked the Zeppelin descended nearby unhurt. According to the story of a spectator who witnessed the affair, searchlights enabled him to follow the movements of the Zeppelin, and the attacking airman. The Zeppelin twisted and turned in an attempt to escape or beat the aeroplane off, and the machine-gun fire of the dirigible was completely destroyed. All of the other airman came upon the scene, and the Zeppelin continued to zig-zag in an endeavor to head out to sea. But the first airman held to his spot, and within a few minutes the end came.

The Official Report

The following official report of the raid was given out here yesterday: "Early this morning a raid was carried out by two enemy airships. One airship crossed the Kentish coast at about 2 a.m. and dropped six bombs on a coast town. According to the latest police reports two persons were killed, sixteen were injured and a large number of houses were damaged. "The second raider attacked the east coast town of West Anglia at about 2.30 a.m. She was heavily shelled by guns of the anti-aircraft defence and driven off. It is probable she was damaged by gunfire. Shortly afterwards this raider, after dropping a number of bombs in open places, was engaged and brought down in flames by a pilot of the Royal Flying Corps. The airship was destroyed. There was no casualties or damages in West Anglia."

Its Back Broken

A South-east Coast town, England, June 18.—This town suffered most from this morning's visit of German air raiders. Two Zeppelins appeared over it shortly after 2 o'clock. Their presence was made known through the hum of their engines and shortly afterwards by the dropping of bombs, which exploded in various parts of the town, bringing a majority of the population into the streets in their night clothes. Aerial torpedoes were dropped but the raiders also employed high explosive and incendiary bombs, which caused a number of fires. A number of houses were reduced to ruins. It was only a few moments after
