FIRST DETACHMENT OF GERMAN U-BOATS SURRENDER TODAY

Capt. Perseus Says German Fleet Never Expected to Beat the British

GERMAN NAVAL LEADERS KNEW FLEET WAS N.G.

Only Bluff and Lies Kept up Faith of Nation, Says Captain Perseus

TELLS HOME TRUTHS

By Courier Leased Wire London, Nov. 20.—(British wireless service).—Captain Perseus, the German naval critic, has chosen the moment when the finest vessels of the German navy are about to be surrendered to the Allies to publish in the Berlin Tageblatt a sensational article containing revelations regarding the German fleet. Captain Perseus says the hope that the German fleet would be able in a second Skagerrak battle to beat the English fleet rested upon the bluff and lies of the naval authorities.

In August, 1914, Germany had about one million tonnage in warships, the writer points out, while Great Britain had more than double that and thanks to the mistakes of von Tirpitz the German material was quite inferior to the British. In the Skagerrak battle, he declares, the German fleet was saved from destruction partly by good leadership and partly by favorable weather conditions. Had the weather been clear or Admiral von Scheer's leadership less able the destruction of the whole German navy would have resulted. The long range British guns would have completely smashed the lighter armed German ships. As it was the losses of the German fleet were enormous and on June 1, Captain Perseus says, every thing man that the Skagerrak battle must be the only general naval engagement of the war.

On all these points the writer, Admiral von Tirpitz was advised to construct only submarines, but he remained obstinate. On October 1, 1915, several members of the Reichstag made an earnest appeal to the army command—not to the naval staff—with the result that an order was issued terminating the construction of battleships in order that the material might be used for the making of U-boats. In the meantime no great a scarcity of material had arisen that it became necessary to disarm a number of the battleships.

In this manner, at the beginning of 1918, twenty-three battleships had been disarmed, as well as one newly built cruiser. At the beginning of this year Captain Perseus states, the German navy consisted only of dreadnaughts and the battleships of the Heiligoland, Kaiser and Margraf type and some few battle cruisers. All the ships which von Tirpitz had constructed from 1897 to 1906, at a cost of numerous millions, had been destroyed, and the U-boats that had been constructed had proved unable to fight against British warships.

Admiral von Capelle, during his period as head of the navy, says Captain Perseus, constructed very few submarines, working continually only on the construction of submarines of the large type, but in official quarters it was still stated that Germany possessed an enormous number of U-boats and that the losses were virtually nil. That was not true, the writer admits. In 1917, he states, 83 submarines were constructed, while 66 were destroyed. In April, 1917, Germany had 126 submarines and in October 146. In February, 1918, she had 136 and in June of the same year 114, according to Captain Perseus' figures.

Red Flag is Disappearing

From Berlin Streets as Well as Other Revolutionary Signs

Colors Now Are the Same as in the Former Revolution

By Courier Leased Wire Amsterdam, Nov. 19.—(By the Associated Press).—The red flag is gradually disappearing from the streets of Berlin, as are most other external indications of the revolution, according to a dispatch received here from the German capital. Black, red and gold, which are the colors of the German revolution of 1848 and insignias of classical German republicanism, have replaced them in large measure.

A governing cabinet of six Social Democrats has been established in the former chancelor's palace next to the foreign office where Friedrich Ebert, Socialist Premier, and Hugo Haase, secretary of foreign affairs, and their associates are over-run with callers.

CUPID HAS OUSTED MARS IN GERMANY

Marital Order Gives Way to Marital Zeal in Teuton Empire

ALL WANT TO MARRY

By Courier Leased Wire New York, Nov. 20.—Marital ardor has been supplanted by marital zeal in Germany. This is evidenced by the advertising columns of German newspapers received here. Matrimonial "ads" cover whole pages and are inserted by people of all ages and walks of life.

A peculiar feature of these ads is that many make appeals for husbands or wives for relatives. Parents, brothers and sisters and even friends of those who seek mates invite correspondence from those matrimonially inclined. War invalids, wealthy physicians, farmers and rich widows are among those who resort to publicity.

One advertiser says he is a widower who has property amounting to several million marks. He admits he is 53 years old, but says he "looks younger." A physician who has an annual income of 100,000 marks, seeks to arrange a meeting with a beautiful, stately woman, object matrimony.

Secrecy of tobacco in Germany is shown by the large number of advertisements offering to purchase cigars and cigars in any quantity offered. That the Germans are preparing to embark on large commercial campaigns in the East is inferred from advertisements asking for salesmen to find purchasers for German products in Poland and Roumania. Other announcements request manufacturers to submit samples of articles which are "suitable for eastern countries."

CURRIE'S CONGRATULATIONS

By Courier Leased Wire Calgary, Nov. 20.—J. H. Woods, chairman of the delegation of Canadian editors, who visited Great Britain this year, as the guests of the minister, has received the following cablegram from Lieutenant-General Sir Arthur Currie, commander of the Canadian Corps in France: "The Canadian corps warmly appreciate the congratulations of the Canadian newspaper delegation. Tell the people of Canada that the corps is more than proud of its efforts to satisfy those at home. In the last two years of strenuous fighting it has never lost a gun, has never failed to take an objective and has never been driven from an inch of ground once consolidated, while its casualties list among the rank and file bear the smallest percentage in proportion to its strength of all the British forces."

COUNTY'S VICTORY LOAN TOTAL REACHES SUM OF \$4,147,300

Returns are Still Incomplete, and Final Figures Will be Even Higher: Comparison of Subscriptions, Made by Each District This Year and in 1917

Brantford and Brant County's total for the Victory Loan is now \$4,147,300.00, with returns still incomplete, so that the figure will probably mount higher before the end of the week. Mr. Iden Champion, secretary of the county organization, this morning issued the following financial statement, giving the showing made by each district of the county, and a comparison with last year's figures:

Table with 5 columns: District, 1917 Results, 1917 Applications, 1918 Objective, 1918 Results, 1918 Appl's. Rows include City of Brantford, Township of Paris, etc.

THE ALLIES ADVANCE IN FLANDERS. A field kitchen and ammunition lorries advancing towards Rogers, during the recent drive of the British, Canadians and the French.

20 SUBMARINES SURRENDERED OFF HARWICH AT DAWN TODAY

First U-Boats to be Handled Over by Germany Surrendered to Rear Admiral Tyrwhitt This Morning—More are to be Given up Later

By Courier Leased Wire LONDON, Nov. 20.—Twenty German submarines were surrendered to Rear Admiral Reginald W. Tyrwhitt, thirty miles off Harwich this morning at run rise, according to a Press Association dispatch. These are the first u-boats to be turned over to the allies by Germany.

Admiral Tyrwhitt received the surrender of the German craft on board his flagship, a British cruiser.

The surrendered submarines will proceed to Harwich in charge of their own crews. The U-boats will then be boarded by British crews and interpreters, and proceed to Parkston quay, nearby. The Germans will leave the submarines there and board transports for their return to Germany.

Twenty additional submarines will be surrendered on Thursday, and twenty more on Friday.

The remainder of the U-boats to be handed over in accordance with the armistice terms will be given up later.

Metal Workers Strike Unless Mooney is Freed

Seattle, Nov. 20.—After a protracted session lasting until after midnight the Seattle Metal Trades Council, representing approximately 35,000 workers, early to-day voted to strike to bring about the release of Thomas J. Mooney and his co-defendants.

The resolution first fixed the date for the strike at December 1, but this was amended and the date left open to be decided on by national officers in order to make the strike a general one. Notices of the council's action here is to be forwarded to the American Federation of Labor and the Federation will be asked to recommend the strike to all affiliate organizations.

Victory Loan Canvassers Held Supper Last Night

WAR SAVINGS STAMPS TO BE INAUGURATED

The Government Will Sell Stamps up to Value of \$50,000,000

5 PER CENT. INTEREST

By Courier Leased Wire Ottawa, Nov. 20.—Announcement was made that the government will inaugurate a war savings stamp campaign. The first savings stamp has just been issued to His Excellency, the Governor-General.

The Government will become the repository of the nation's savings up to a total of \$50,000,000. Savings will be placed with the Government by means of the purchase of war savings stamps. The stamps are to be redeemable in January 1924. They are to be sold by the government at a price which works out to an interest of somewhat better than 4-2 per cent, compounded semi-annually of five per cent if computed at the end of the period.

Mr. Bunnell expressed pleasure at the excellent turn out. He believed that every canvasser was on hand. After three weeks of hard work, very hard work, it was right that they should enjoy some relaxation.

Mr. Bunnell next proposed the toast of "The King," wishing the pride which true Canadians felt today in their monarch, ruler of the greatest democracy the world had ever known.

Enemy Activities Have Not Ceased

She is Now at Work Trying to Destroy Unity of Allies

Warning Issued by a New Member of the House of Lords

By Courier Leased Wire London, Nov. 19.—Sir George Cape, who recently resigned from the position of Secretary of State for the Home Department in the Lloyd George Cabinet and was elevated to the Peerage in speaking in the House of Lords to-night said that although there was a pause in hostilities the enemy's activities have not ceased.

Germany has already begun to try to destroy the unity of the Allies and our unity at home, he said. "I believe there is a close alliance between Bolshevism and Germany. I have had evidence of this during the last week."

Regarding the press bureau, he saw no reason why it should be abolished. He said he saw only the other day press cables from Russia which were "both false and intended for propaganda purposes."

"We ought not to relinquish the weapons provided by the defense of the realm set for dealing with Bolshevism," he said. "A bill continuing the Alien Act of 1914 should be introduced in the next parliament enabling the government to impose restrictions upon the landing of enemy agents."

Complete Returns for Brant County Announced to Workers

OVER FOUR MILLION

High Praise Given Officials and Members of Loan Organization

SPLENDID SPEECHES

Unity, team-work and co-operation, the ideals which animated each and every worker during the Victory Loan campaign just past, with the result that Brantford and Brant County went over the top by a larger margin than the most sanguine could have anticipated—these were likewise the keynote of the sentiment which prevailed last night at the supper tendered by Mr. A. K. Bunnell, county chairman, to his loyal helpers.

The principal speakers of the evening were W. F. Cockshutt, M.P., who reviewed briefly the campaign problems, as he saw them, and the Rev. J. B. Fotheringham, who delivered an appeal for spiritual as well as material development of the nation.

Mr. Bunnell very capably filled the position of toastmaster. Mr. Bunnell expressed pleasure at the excellent turn out. He believed that every canvasser was on hand.

Mr. Bunnell next proposed the toast of "The King," wishing the pride which true Canadians felt today in their monarch, ruler of the greatest democracy the world had ever known.

Mr. Bunnell next proposed the toast of "The King," wishing the pride which true Canadians felt today in their monarch, ruler of the greatest democracy the world had ever known.

Mr. Bunnell voiced the thanks due to Mr. Champion, county secretary, next read the detailed statement of the amount collected in each district through the county, all but two of these having won honor flags. The figures he announced met with unanimous applause.

NORFOLK NEWS

STREETS ARE DARK AGAIN

Few Appeals Against the Voters' List

Since, Nov. 20.—Let it not be thought that the shopping public, the delivery wagon drivers and others who were about town Monday night and last night, and had to go home in the dark, were thus incensed, because the hydro was off, for it was not. Let not the blame be placed on the civic electrician Mr. Maith, for he is obeying orders. Blame the town council only on account of leniency in not insisting on a rebate on street lighting.

The Hydro Electric schedule calls for street lights at or about 3.30 each week. We got some of them on at six o'clock. They were all on after the moon arose.

The explanation is this: a few weeks ago some hydro users failed to cut off their meters as called for in their contracts with the result that a high peak load was used for a few minutes. This set the price over the whole month, and it cost the town some money, kept the profits down and postponed the day of lower rates.

No doubt the electrician was warned to delay the turning on of the lights till the load went down to safety mark.

We have been informed that the woolen mills has been the culprit for the past two nights. The pertinent question for the citizen is this: Whether has the town a right to street lights or the mills a right to power? Light from 5.30 to 7 o'clock just now is more valuable than for all the rest of the night, especially when the moon is shining. And for the past two nights the Commission has fallen down on one twentieth of a month's service. Still the bill will come in for full rate.

Mr. Walter C. McCall, secretary of the utilities commission interviewed by phone last night stated that the woolen mills contract required cutting off before the time for turning on the lights and that he understood that this was not last night till 5.45. He had discussed the matter with the mayor and had been apparently of late given a deal of trouble. He thought that if the whole system were cut out for three or four minutes before the time for turning on the street lights perhaps power users would stay off. It may come to this. It is a case when the public can get its rights, and we have a right to street lights only by going after them. There are other power users than the woolen mills.

Another Version.
Mayor Shier interviewed stated that owing to some particular work the Woolen Mill wanted a little grace for a couple of evenings. They happened to be dark evenings. Let us hope that no other plant asks for a slice out of the pedestrian and delivery wagon's candle for some time. Twenty such successive appeals would put our street lighting hors de combat. Is it that the naturally obliging disposition of his Worship has granted a privilege that would not have been requested had the character of the weather been known beforehand?

To Subscribers in Arrears

Paper Controller Orders Cutting Off of Unpaid Subscriptions!

Mr. R. A. Pringle, K. C., the Paper Controller of Canada, has issued an order, effective January 1, 1919, which says:

"2. Discontinue sending paper within three months after date of expiration of subscription, unless the subscription is renewed and paid for."

There are many other restrictions imposed, but this one is the most important. Therefore, between now and the end of the year The Courier's subscription list must be overhauled and put on a paid-in-advance basis, in order to comply with a governmental order.

Accounts have already been sent out to those in arrears, but subscribers do not need to wait for a "dun" to spur them to action. The date on the label affixed to the paper sent to mail subscribers tells the story. City subscribers can learn how their subscription stands by referring to their last receipt.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspaper until ordered stopped, and this practice frequently means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacture of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved, and proposes that only those who pay for their publications shall receive them.

Under these regulations The Courier will have no choice in the matter of dealing with subscriptions in arrears for over three months.

Send in your subscription at once! Do not delay, the collectors call regularly on city subscribers. Keep your account up-to-date.

SIMCOE AGENCY

The Brantford Courier
65 Peel Street.
An Excellent Local Advertising Medium
Telephone 590; Nights 356-1

The ladies who dropped into this office on Monday evening, to ask what sort of a pink colored paper they would like to have for their street lighting.

Will Do Things With Despatch.—Don't on remembering the merit of the navy, the local Chapter, I.O.D.E., have issued a general call for contributions to a Christmas shower for the men of the navy and merchant marine. 99 Colborne street north, the home of Mrs. J. Porter, is the place and Saturday afternoon, November 22nd, the date. All members of the order are especially called to co-operate with the general public.

Suggestions: Sox, blue scarfs, sweaters, cigars, tobacco, clay or briar pipes, white dotted blue handkerchiefs, games, dands, puzzles, chocolate bars, candy, toilet soap, pens and pencils, small books of short stories. A Christmas greeting card with each bag. Those who prefer to contribute cash will find the treasurer on the spot. All are asked to help give the navy a cheery Christmas. Light refreshments will be provided at the Foster home.

Same Thing Applies.—Objection has been taken to our observation yesterday regarding the omitting of the convention closing of the meeting of the Reform leaders held here on Monday. So far as the three cheers was concerned the same observation applies to the Victory loan meetings held on the county square on Saturday.

We have all our lives been accustomed to hearing "three cheers for the King" and no other fellows afterwards. No insinuation of disloyalty is intended against those who participated in either meeting. It was doubtless an oversight in either case or perhaps a conventionalism with which the writer has been unaccustomed.

Few Appeals.—Appeals against the voters' list will be heard by his Honor next week. There are no contentious ones to our knowledge. Those on the list are for the greater part due to new arrivals or removals, or substitutions owing to transfer of ownership or tenancy or such as are necessary for adjustments, where death has intervened. In the absence therefore of anything contentious, of a political nature, and with local option interest buried, the name of a member of the Council has been used as a formality for appealant.

There were no inquiries for town wood yesterday. The weather is mild. Citizens should consider that the rate of delivery is limited and that in view of this it is the part of prudence to order wood from some source at once.

They are down to business at the High School. Some students first learned of the mysterious visit paid the building through reading last night's Courier.

William Earl King, aged twelve years and four months, the bright young scion of Mr. and Mrs. Samuel L. King, was called away this morning at 2.30, after a severe illness of inflammatory rheumatism. Much sympathy will be felt for the bereaved parents and his two brothers.

MASCOTS.
Two small canaries, saved from the ruins of a farmhouse, captured by the British, are the youngest mascots on the western front. Behind this smoke barrage, near a stalling face, they seem to feel safe from the storm of battle.

DETECTIVE MURDERED IN TORONTO

Was Shot by Man Arrested for Theft of Furs—Later Recaptured

Toronto, Nov. 20.—While in the act of making an arrest in the office at the rear of William G. Cross' livery stable, 87 King street west, about 6.15 last evening, Acting Detective Frank Williams, aged 28, of 220 Dovercourt road, was twice shot through the heart by Frank McCullough, aged 26, of Brooklyn, N.Y. The murderer used a 32-calibre revolver. Williams' body was removed to the morgue, where an inquest will be opened to-morrow, and McCullough was placed under arrest by P. C. Holmes (218), Claremont Street Division, on a charge of murder.

According to the police, McCullough and a companion, for whom the police are now searching, were suspected of being implicated in certain local fur thefts. This suspicion was fostered by the fact that Detective Newton, of the headquarters of the force, a few days ago, discovered a couple of fur coats which answered the description of two such articles said to have been stolen recently. The complainant being in No. 3 Division, the case was accordingly handed over to Acting Detective Williams, and he set about his investigations. Just before 6 o'clock last evening information reached the police that two men answering the description of those wanted were endeavoring to secure a horse and buggy at Cross' livery stable. Williams was sent to the place. He met the two men in the office. To them he said: "You are under arrest."

McCullough shot through the heart of Williams' shoulder, and while attempting to adjust the handcuffs on the wrists of the two men, McCullough, seeking wildly for a way of escape, suddenly darted toward the rear of the building and the lane beyond. Williams instantly started in pursuit, with McCullough's companion and Cross, the liveryman, bringing up the rear. Seeing that capture was inevitable, McCullough, when he reached the door in the rear, pulled the gun from his pocket, and, holding it close to his side, pumped the five bullets it contained at the officer as he approached. Two of the bullets penetrated Williams' heart, and the other three went wild. Williams staggered forward a few steps, then dropped in a heap on the floor of the stable. The murderer darted away into the lane.

Down the dark alley McCullough and his companion raced, Cross in hot pursuit, and shouting at the top of his voice. Dabochung upon King street caught sight of P. C. Holmes passing on a bicycle. "Stop him!" he yelled, indicating the fleeing McCullough. The officer leaped from his wheel, and joined in the pursuit. But the murderer was too fleet for him. At the southwest corner of Bahurst and King streets a couple of newsboys were standing, and Holmes, in turn, called upon them to stop McCullough's back as he stumbled forward. Meanwhile, McCullough's companion had managed to escape in the confusion.

ANOTHER MILESTONE PASSED.—The war "milestone" is passed in many ways and very frequently to indicate the accomplishment or the completion of an important work. The completion of the Mount Tunnel is a milestone in the history of the Canadian Northern Railway. This tunnel was opened on October 21st, on which date the Canadian Northern Ry. established through train service between Toronto Union Station, Ottawa Central Station, and the Montreal Tunnel Terminal. 215 Lachine street, where two blocks from the Windsor Hotel, Windsor and Bonaventure stations. Rail, sleeping and parlor car tickets are obtainable at all Canadian Northern Ry. offices, or John S. Dowling & Co., Agents, Brantford.

SPECIAL VALUES.—In highest quality Hudson Seal Coats, plain and trimmed, at W. L. Hughes, this week.

Y. M. Worker is Laid to Rest

Funeral of Gordon Ellis Took Place at Paris—Other Paris News

(From our own Correspondent)
Paris, Nov. 20.—The funeral took place here on Monday afternoon of Mr. Gordon Ellis, who passed away the previous Wednesday at Gravesend. The deceased young man was well known and highly esteemed here, having for several years been connected with Y. M. C. A. work in town. Later he went to Belleville, where he was taking advanced work along similar lines, when taken sick some time ago. He leaves a mother and sister, Mrs. Lock, at Moose Jaw, Sask., and one brother, Harry, of Calgary, to mourn his loss.

Most encouraging returns were reported at the annual meeting of the Paris Station Mission. This band of workers which has done magnificent work along Red Cross lines, has also raised by its own efforts during the last year \$500, with an expenditure of nearly \$500, while its membership is the largest since its organization.

Word was received in town of the death in Galt of a former Parisian in the person of Mr. Fred Bragg, a widow and four little children are left.

On Friday next the Paris branch of the Red Cross and Patriotic League will make a canvass of the town. This work must go on until our men are returned. The local branch requires funds to supply the demands of relief and we feel sure that a general response will be made to this last appeal.

Y.M.C.A.—\$12346
Possibly the largest number of appeals against property assessment in town were those against the Assessment Commission. They were heard in the Revision Court with the following decisions:

- Mrs. Margaret Wilson, \$2,400; \$400 off building.
- Methodist Church, \$4,200; \$400 off building.
- A. C. Cullum, \$1,200; \$200 off building.
- Mrs. C. Baird, \$8,400; \$1,200 off building, all other appeals confirmed.
- Mrs. M. Goldie, \$7,500; confirmed, \$7.60, with \$150 off.
- P. Buckley, Hilborn's store, \$1,225; \$500 off building.
- R. L. Murray, \$7,000; \$500 off land.
- Miss A. Tennant, \$1,750; confirmed.
- John Torrance, \$1,000; \$150 off each house.
- George E. Taylor, \$3,300; \$200 off building.
- George B. Taylor, \$2,150; \$100 off building, \$150 off land.
- Taylor and Wells, \$3,000; confirmed.
- Miss Ahrens, \$2,200; \$200 off building.
- John Anderson, \$1,200; confirmed.
- John Inkster, store, \$1,225; \$500 off building.
- Charles Lovett, \$1,500; confirmed, \$300, \$500 off building.
- Miss C. Brennan, \$1,100; confirmed.
- George C. Baker, \$3,050; \$200 off building.
- Mrs. C. Green, \$1,000; \$100 off building.

building.
Alabastine Company, \$13,080; confirmed.
Thos. Mack, \$635 on building and \$600 on lot on Queen street; confirmed.
P. T. Perrott, \$1,550; building on William street, confirmed.
Bertie Thorpe, \$325; \$500 off land.
Y.M.C.A., Bank of Montreal, \$3,790; confirmed.
Walter Rowe, \$1,450; \$100 off business.
Mrs. Acres, request for remission of taxes for 1918 not granted.
Dr. Lovett's business assessment for 1919 was struck off.
The Y.M.C.A. building, \$7,000; \$500 struck off the land.

Music and Drama

The music loving public of Brantford will be delighted with the announcement that the Brant Chapter of the I.O.D.E. have completed arrangements whereby a series of world famous artists are to appear in Brantford this coming season. The committee in charge have selected an excellent series, including Signor Lala, cellist to the Court of Spain; Madame Myrna Sharlow, prima donna of the Chicago Grand Opera Co.; Prof. Montarville Wood, electrical wizard, and former associate of Thomas Edison, who among his numerous demonstrations, shows how his inventions were used in combatting the submarine menace. The object of the Lyceum is not only to provide the very best in the line of clean and refined entertainment, but also to instruct and educate, and the Brant Chapter can be proud of a ready response on the part of our citizens in helping them make the series the success which it deserved.

AT THE GRAND.
Mr. Rhinns and Mr. Wise were very much pleased with the reception given to them by the people of Brantford. They have arranged to play a return engagement of General Post at the Grand Opera House at an early date. It is also announced that "Hearts of the World" will be in this city early next month at the request of so many people that they were unable to see it owing to the Spanish influenza.

Harry Lauder, the Scotch comedian will also appear here in the present season. He is being brought to this city by a guarantee.

Mr. Whitaker has arranged with the Toronto Lyceum Bureau to send to this city a concert party at least every month consisting of the finest producers than can be had in America and Canada.

THE WIFE

BY JANE PHELPS, AUTHOR OF "MARGARET GARRETT'S HUSBAND," AND OTHER NOTABLE STORIES.

CHAPTER LXIX
 Ruth Dines With Her Employer while Brian Stays Out Late.
 Ruth could scarcely repress the guilty feeling she had at accepting her employer's invitation. It came over her that she was doing exactly what she hated so to have Brian do—then excused herself on the ground of business.
 Had Brian been coming home as usual, she would not have gone. But Mr. Mandel had been so insistent that she dine with him, if she worked overtime, that it had been easier to consent than to refuse.
 "I will be careful not to tell him when Brian is out," she said to herself, as she smoothed her hair, preparatory to going to dinner. She had worked with Mr. Mandel until a little past seven, and was both tired and hungry.
 "She was thankful for the waiting taxi. It would rest her a bit."
 "You are very tired," Mr. Mandel said as she leaned back with an unconscious sigh.
 "Not so very," Ruth had answered, flushing to think she had allowed herself to let her employer know she was weary. He was so uniformly kind and thoughtful that she felt charmed.
 "You must eat a good dinner. Then I'll send you home in a cab. It was going to propose a theatre; but you are too tired."
 "Oh, I couldn't have gone," Ruth exclaimed, knowing she would have enjoyed a good play.
 "Why not?"
 "It wouldn't be right for me to do something so selfish when Brian's husband is working," she had not told her employer that her husband was going to school. Simply that he had to be out on business.
 "I wonder if"—Mandel stopped, then after a moment added: "If all wives are as considerate?"
 "Why of course they are. I feel

almost wicked to go to dinner with you, knowing he is probably taking a snack in some horrid place near his office."
 "You have a very tender conscience," he said.
 As he said it Arthur Mandel wondered how long it was wise to hide what he knew from Ruth. Wise for him, his hopes of winning her. She certainly knew nothing. Had he realized that already Ruth was terribly jealous of Mollie King, that she knew of some of Brian's visits, he would have hesitated no longer. But he supposed her entirely in the dark except perhaps that day when she saw them when they visited Washington Square on business.
 "I'll insist that Ruth drink a tiny glass of champagne."
 "It will do you good," he had said, when she objected, and so once more she did as he asked rather than discuss the matter further.
 When they finished he put Ruth into a taxi, bade her good-night, and added:
 "Don't hurry down in the morning. You need the rest."
 "Was ever employer so kind?" Ruth wondered as she leaned back in the corner of the cab. All through dinner he had chatted brightly, told her interesting stories and anecdotes of people, without taking her in the least to do her part to entertain him. She had been grateful. She did not feel like talking and it had been a relief to know it was not required of her. And somehow she knew that Arthur Mandel knew she did not want to talk; and so had saved her the necessity.
 Ruth was just the type of a woman who appreciated such delicacy of attention. She thought much of Mandel as he talked. She recalled him as the kindest, most thoughtful man she had ever known. Occasionally she wondered why he never

married, and was rather pleased that he had not, although she could have given no reason for the feeling. She went directly to bed when she arrived home, and fell asleep almost immediately. She had not intended to; she meant to wait for Brian and tell him of her nice dinner, and hear how he had got along with his typewriter. But she really had been very fatigued, and she had slumbered regardless of her intention to remain awake.
 She woke with a start, she must have fallen asleep. But Brian was not yet in so she could not have been sleeping long. He had said he would be home a little after nine if he had his lessons early, and it was only just past eight when she lay down.
 She looked at a tiny clock on her dressing table. It was after eleven. She had dozed nearly two hours. Where in the world was Brian? She went to the window to watch for him.
 Just as the clock struck twelve she saw him. Some impulse for which she could not account sent her scurrying back to bed, and she made her pretend to be asleep when Brian switched on the lights.

FOUR CHILDREN KILLED

By Courier Leased Wire
 Paris, Nov. 19.—An unfortunate incident occurred Monday in the Department of the North. While a party of children were passing through a field they came upon a box of British ammunition. When they attempted to open it there was a heavy explosion. Four were killed and a number injured.

Children Cry FOR FLETCHER'S CASTORIA

Easy to Make This Pine Cough Remedy

Thousands of families sweeten by its prompt results. Inexpensive.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several essential oils which have a remarkable effect in soothing and healing the membrane of the throat and chest. This is famous for this purpose.

The cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of pine (50 cents worth) in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children love it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be paroxysmal, with fits of formation of phlegm. The cause is the same—inflamed membrane—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world-over for its prompt effect.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pine" with directions, and don't accept anything else. Guaranteed to give relief. Satisfaction or money promptly refunded. The Finco Co., Toronto, Ont.

COMMISSIONER FOR ITALY

By Courier Leased Wire
 Rome, Nov. 19.—(Havas agency).—Count Carlo Sforza, former Italian minister to China, has arrived at Constantinople, having been appointed high commissioner for Italy in Turkey.

NO CHANGE

By Courier Leased Wire
 Washington, Nov. 19.—There has been no change in the Russian and Siberian situations from a military standpoint, Secretary Baker said today.

FESTIVAL IN MUNICH

By Courier Leased Wire
 Paris, Nov. 19.—A great festival was held Monday night in Munich, celebrated the success of the revolution in Bavaria. All the members of the cabinet attended and all sections of Bavaria were represented. Count Eisher, the Bavarian premier, made a speech in which he said: "The past is dead. We to those daring to revive it."

CASTORIA

For Infants and Children
 In Use For Over 30 Years
 Always bears the Signature of *Dr. H. H. Fletcher*

FRANK A. VANDERLIP

Can the world pay? Food, raw materials, factory products are needed in great quantities by the war-torn nations. They look to America to be in a large part supply their insistent needs and demands. How will they pay? Banker Vanderlip says not on once in gold or goods, but in securities to be absorbed by investors on this continent.

Head Stuffed From Catarrh or a Cold

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more sniffing, sneezing, blowing, head-ache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

WILL FACILITATE RADIO MESSAGES

Marconi Engineer in U. S. Has Invention to Remove Static From Wireless

By Courier Leased Wire
 New York, Nov. 19.—An invention which has taken the static out of wireless messages, removing thereby the greatest obstacle to the clear transmission of radio messages, has been perfected by Roy A. Weagant, chief engineer of the Marconi Wireless Telegraph Company of America. It was announced last night.

According to Edward J. Nally, vice-president and general manager of the company, who made the announcement, the invention not only makes possible the sending of clear radio messages regardless of adverse atmospheric conditions, but also eliminates "interference," thereby making possible the operation of innumerable radio stations without "crossing" of messages.

The invention, Mr. Nally said, also does away with the necessity of constructing huge wireless towers.

Mr. Weagant, who is only 37, had been working on the problem of static for 15 years and took out his patent papers on his invention shortly before the United States entered the war. By agreement with the Marconi Company the Government has the invention secret disclosing it only to the Allied nations.

WESTPORT OFFICER IN R.A.M.C. WINS D.S.O.

Major A. J. Lockwood, M.D., Thrice Honored for Gallantry on Field

IN WAR FROM FIRST

By Courier Leased Wire
 Brockville, Ont., Nov. 19.—Word has been received that Major A. J. Lockwood, M.D., whose parents reside at Westport, Ontario, has been awarded the D.S.O. for gallantry under fire with the R.A.M.C.

When war broke out, Major Lockwood, who is a graduate of McGill University of the class of 1910, was studying in Germany with a classmate, Captain Hepburn. Making their way by the Hook of Holland to England, they immediately took out commissions in the Royal Army Medical Corps and within a very short time had reached France, where their services were much in demand to meet the casualties coming from the earlier British operations.

Major Lockwood at that time was a lieutenant and soon was promoted to the rank of captain. In 1918 he was decorated with the Military Cross for gallantry, while acting as an advance dressing station and still under fire, on the early morning of 1914. That year he was at his home in Westport on leave for a short time.

BRITISH LOSSES TOTAL WELL OVER THREE MILLION

Casualties on All the Battle Fronts During War Are 3,049,991

By Courier Leased Wire
 London, Nov. 19.—British casualties during the war, including all theatres of activities, total 3,049,991. It was announced in the House of Commons to-day by James Ian MacPherson, parliamentary secretary for the War Office. Of this number the officers killed, wounded or missing aggregated 142,524 and the men 2,907,467.

The total British wounded in the war was more than 2,000,000, the parliamentary secretary's figures showing the aggregate to be 2,932,122. The losses in missing, including prisoners, totalled 360,145.

The aggregate British losses in the Mesopotamian campaigns were nearly 100,000 according to Mr. MacPherson's figures. The total being 97,579. Of these the fatalities were 31,109, comprising 1,340 officers and 29,769 men.

The wounded totalled 51,115, comprising 2,423 officers and 48,692 men. The missing and prisoners totalled 15,355, comprising 666 officers and 14,789 men.

CHAOS IN AUSTRIA

Entire Political Situation Provisional—Archdukes Scattered

By Courier Leased Wire
 London, Nov. 19.—The entire political situation in Austria is provisional according to a Vienna despatch to The Daily Mail, dated November 14. The political conditions at present, it is added, depend largely on food conditions and any government able to supply food probably would be able to pass any measure it wished.

Otto Bauer, the new foreign secretary of the German-Austrian republic and the government's moving spirit, wishes to join the German federation and probably will carry this plan out if he can get food for the people.

The correspondent does not believe there is any danger of Bolshevism unless the food supply fails.

The rulers of the old Austrian state, the correspondent continues, have disappeared as have the generals who led the armies. Former Emperor Charles is still a prisoner at Eckartsau with his suite. The Austrian Archdukes are scattered about the country and nobody knows anything about them and nobody seems to care.

TORONTO CATTLE MARKET

By Courier Leased Wire
 Toronto, Nov. 20.—Live stock receipts to-day were fairly heavy, and an active trade resulted with cattle prices firmer, excepting in the poorer grades. Hogs and sheep classes were steady. Receipts:

974 cattle, 134 calves, 1,392 hogs and 896 sheep.

The prices ranged as follows:

Export cattle, choice, \$12.75 to \$14; medium, \$11.50 to \$12.75; export bulls, \$9 to \$10.50; butcher cattle, choice, \$9.75 to \$11; medium, \$9 to \$9.75; common, \$6 to \$7; butcher cows, choice, \$8 to \$10; medium, \$7 to \$8; canners, \$4.75 to \$5; bulls, \$8 to \$8.75; feeding steers, \$9 to \$10; stockers, choice, \$5.50 to \$9; stockers, light, \$5.50 to \$7; milkers, choice, \$9 to \$10; springers, choice, \$8 to \$10; sheep, ewes, \$10 to \$11; buck, \$7 to \$9; lambs, \$15 to \$15.25; hogs, fed and watered, \$18; hogs, f.o.b., \$17 to \$17.25; calves, \$16.50 to \$17.75.

HOSPITAL AND SCHOOL BURN

By Courier Leased Wire
 Campbellton, N.B., Nov. 19.—Hotel Dieu Hospital and the Sisters of Charity Convent School here were in flames today after a fire which broke out last night. No lives were lost. Thirty patients in the hospital were removed to the nearby church. The loss is placed at \$39,000, covered by insurance.

Make Your Own Shampoo

Recent researches in the part of hair specialists reveal that the many dandruff and itching scalp diseases are caused and rendered worse by the indiscriminate use of shampoos.

Chemical analysis proves that most liquid shampoos for cleansing contain in excess of 100 grains of alkali to the ounce. This is far into the pores of the scalp, and the roots of the hair, thus causing it to fall out.

The above, selected ingredients, if mixed in your own hand, form a portion of Yocco's hair care tonic. Dissolve each of the small quantities of each in water and put all into one glass. This is the best shampoo for the scalp, and it improves the natural color of the hair. It does not contain any harsh soap and will keep forever.

MILD WEATHER IN ARCHANGEL

By Courier Leased Wire
 Archangel, Monday, Nov. 11.—The first time in many years there is mild weather in the province of Archangel after the first of November. The Dvina River is still virtually ice free, permitting the operation of Bolshevik gunboats against the American and British positions.

VILLAGE IN FLAMES

Quebec, Nov. 19.—A village near here says that the village of St. Lawrence, on the St. Lawrence in the flames. A part of the village was submerged by the tidal wave last evening. No loss of life is reported.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Dr. H. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of infants and children—Experience against Experiment.

What is CASTORIA?
 Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Dr. H. H. Fletcher

In Use For Over 30 Years The Kind You Have Always Bought

Getting Back Three Million Dollars

THE PAPER CONTROLLER for Canada a few weeks ago added \$12 a ton to the price of news print paper—the kind used in printing the Courier. This addition, following closely upon several previous increases authorized by the Paper Controller, has meant to Canadian newspaper publishers a total increased publishing cost, in the matter of paper alone, in the past eighteen months, of three million dollars. This very considerable sum Canadian publishers must recover from their customers, their readers and advertisers.

In connection with the earlier increases the readers of many daily newspapers have been forced to pay \$1 or more per year for their newspapers, while the subscription price of very many weekly newspapers has been increased from 50 to 100 per cent. In many cases still further increases will be necessary.

But all the three million dollars increase in paper costs cannot be loaded on readers; some of this sum must come from the advertisers—this in the form of increased advertising rates. Advertising rates in Canada are, generally speaking, much lower per thousand in circulation than in the United States. Speaking on this point the editor of Marketing, a Canadian advertisers' newspaper published in Toronto, says in his last issue: "In meeting the Canadian publishers' calls for higher rates, advertising buyers should not fail to recognize that for years they have benefited by the publisher's undervaluation of his space, and should be the more willing on that account to recognize the present necessities." To all of which The Courier agrees.

SIR WILFRID AT LONDON
On the eve of his 77th birthday, he was born November 20th, 1841. Sir Wilfrid Laurier yesterday afternoon, in Hyman Hall, London, addressed some three hundred of his followers, men and women, representing the thirty-one federal constituencies west of Hamilton. It will thus be seen that in the matter of political activity during advanced years he is commencing to get in the Gladstone and Sir Charles Tupper class. In his introduction of the veteran, the chairman, Mayor Reid, exclaimed: "To him once more Canada turns for light and leadership." That certainly sounds almost ironical in view of the fact that the right hon. gentleman so signally failed in said light and leadership during the great crisis through which the empire has ever passed, that a majority of his own followers deemed it a patriotic duty to oppose him and his policies. During the course of his remarks, Sir Wilfrid maintained that he was right and the government radically wrong in the matter of compulsory military service, and he laid particular stress upon the claim that the promise to the farmers that their men folk should not be taken was broken. As to that, any man in poor and mischievous business when he seeks to make party capital out of a step which was rendered necessary by dire necessity and empire need.

The ex-Premier did not himself enunciate any future lines of policy, but said that this matter would be left to a national Liberal convention to be called later. During the proceedings, the name of Hon. N. W. Rowell was greeted with hoots and groans. Was that because he put the interests of state above those of party? Just what the future of the former Liberal party as such will be, only time of course can develop. In the natural order of things, Sir Wilfrid cannot for very much longer be the active head, although during his remarks of yesterday, he announced that he was of "the Celtic Race," and did not like to quit. Meanwhile the general impression is that Hon. Mr. Fielding is making a bid for the leadership when the time shall come. It was noticeable that in a recent speech he took the ground that the Union government at Ottawa, of Liberals with Conservatives, was only for the duration of the war, and that the time was approaching when the members of the former government must be arraigned for their misconduct and misdeeds. How far he can inculcate this idea among his other associates remains to be seen, but the indications point to a lively session when the house does re-assemble.

GREAT BRITAIN'S SACRIFICE
The total British casualties in the war, and the term very properly includes India and the Overseas Dominions, have been officially placed at 3,049,991 in killed, wounded and missing, with 638,665 in the first named class. The record applies to all fronts and what a list they make—Mesopotamia and Egypt, France, Italy, Belgium, East Africa, Saloniki, the Dardanelles, Palestine and so on. In every direction the men of the Union Jack were prominently and effectively busy right from the start, in addition to that other enormous job which might well have taxed the entire energies of any one power—the bottling up of the German navy, and the keeping of the seven seas free for commerce and the transportation of troops, munitions and food.

And let the fact never be forgotten that this tremendous sacrifice was not evoked because of personal attack, or for self aggrandizement, but for the reason that John Bull refused to regard a solemn agreement with Belgium as "a scrap of paper" and right from the start of the war correctly sensed the course of Germany as a menace to the liberty and the freedom of the entire world. The tremendous struggle which he and his sons put up was as much for the interests and the safeguarding of the entire universe as for the British family and the entire globe is his debtor as much as in that previous period when his courage, his bull dog tenacity, and his financial resources brought about the downfall of the great Napoleon.

Looked at from every angle, the British lion and his cubs constitute the greatest aggregation that ever has been, or is likely ever will be—a circle of republics the world around, who run their own affairs in their own way, but

who present only the one undivided front and purpose when any common danger threatens.

A RIGHTEOUS DEMAND
There is a growing storm of protest in the columns of British papers with regard to the allowing of the ex-kaiser to remain in Holland and so there should be. The feeling is not confined to Great Britain alone, for it exists in all civilized lands everywhere. For that monster in human form to be allowed to quietly rest just across the border from the scene of his devalued hopes and ambitions is worse than an outrage. He and his advisers took fiendish care to see that all the horrors of war should be visited upon other countries while the fatherland remained free as far as any conflict on home-soil was concerned, and now forsooth, he is coolly remaining within calling distance in the hope that some new turn of the wheel will bring about his return once more. In short, it is not at all clear that he has yet actually abdicated, and in any event, no one could for a moment trust any obligation into which he might enter in this regard.

This thing should not be. Millions of devastated homes and grief-stricken widows and fatherless children cry out against it, together with the terrible fate of innocent girls and women and the tortures of enslaved non-combatants and prisoners of war. The whole feeling of the civilized world unites in demand for meet retribution and for restrictive measures and surveillance which shall render impotent for all time the upas tendencies of himself and the whole Hohenzollern outfit.

NOTES AND COMMENTS.
It was very considerate of the Huns to save those ships in Kiel harbor for the pleasure of handing them over in good shape. The German fleet has come out all right, simply because it managed to stay in.

Former Premier Asquith says the British election is a blunder and yet most people had an idea that he was aching for a chance to get back.

Your Problems Solved?
By Rev. T. S. Linscott, D.D.
(All rights reserved.)
Dr. Linscott in this column will help you solve your heart problems, religious, marital, social, financial and every other anxious care that perplexes you. If a personal answer is required, enclose a five cent stamp. No names will be published; if you prefer, sign your initials only, or use a pseudonym.

Always Dissatisfied—"A Gentle Beggar" complains that no matter how much money he makes neither he nor his wife gets satisfaction out of life. You are trying to pump water from a dry well. You cannot get satisfaction out of money; it never did, and never will satisfy any person. The more money you make the more you will be dissatisfied. The well is deep from which you can get a constant supply of living water, but there is such a well and there is an instrument which will bring up the precious liquid, the elixir of life. Read the story John 4:10.
"Attending Church"—An Onlooker asks, "Why is it that the majority do not attend church?" I have answered this question before, but will do so again in other words. "Birds of a feather flock together" is an old proverb and perhaps a full answer to your question. Men and women who are living wrong lives do not care to go where their wrongdoing will be exposed to their consciousness. They have no desire to worship the God whose laws they are breaking. As soon as these prodigals come to themselves they will return to their Father's house.

Wanted—The city of Toronto is looking for a man to erect a building for the city. The building is to be erected on the corner of King and Queen Streets. The building is to be a four-story building. The building is to be a brick building. The building is to be a modern building. The building is to be a fireproof building. The building is to be a safe building. The building is to be a strong building. The building is to be a durable building. The building is to be a beautiful building. The building is to be a useful building. The building is to be a profitable building. The building is to be a successful building. The building is to be a happy building. The building is to be a healthy building. The building is to be a comfortable building. The building is to be a convenient building. The building is to be a cheap building. The building is to be a quick building. The building is to be a simple building. The building is to be a plain building. The building is to be a modest building. The building is to be a humble building. The building is to be a lowly building. The building is to be a mean building. The building is to be a miserable building. The building is to be a wretched building. The building is to be a filthy building. The building is to be a stinking building. The building is to be a disgusting building. The building is to be a repulsive building. The building is to be a loathsome building. The building is to be a detestable building. The building is to be a hateful building. The building is to be a detestable building. The building is to be a hateful building.

ACKNOWLEDGMENT
The City of Toronto is looking for a man to erect a building for the city. The building is to be erected on the corner of King and Queen Streets. The building is to be a four-story building. The building is to be a brick building. The building is to be a modern building. The building is to be a fireproof building. The building is to be a safe building. The building is to be a strong building. The building is to be a durable building. The building is to be a beautiful building. The building is to be a useful building. The building is to be a profitable building. The building is to be a successful building. The building is to be a happy building. The building is to be a healthy building. The building is to be a comfortable building. The building is to be a convenient building. The building is to be a cheap building. The building is to be a quick building. The building is to be a simple building. The building is to be a plain building. The building is to be a modest building. The building is to be a humble building. The building is to be a lowly building. The building is to be a mean building. The building is to be a miserable building. The building is to be a wretched building. The building is to be a filthy building. The building is to be a stinking building. The building is to be a disgusting building. The building is to be a repulsive building. The building is to be a loathsome building. The building is to be a detestable building. The building is to be a hateful building. The building is to be a detestable building. The building is to be a hateful building.

Ogilvie, Lochead & Co.

Local News

CHEQUES RECEIVED.

The local Postoffice authorities are extremely busy this week with a lot of assigned pay cheques which compose the separation allowances.

PREMIUM PAID.

The city's renewal premium on the public liability insurance policy with the London and Lancashire Guarantee and Accident Company, was paid last week.

BUILDING PERMIT.

A building permit was issued in the city engineer's office yesterday to L. A. Cole, 64 Pearl street, for the erection of an iron garage to cost \$400.

ACKNOWLEDGMENT.

The Courier is in receipt of \$2.00 this morning for the Belgian Fund. The subscription was made simply by "A Friend," but will be none the less welcome to those stricken people.

SERIOUSLY WOUNDED.

Mrs. S. Davison, Echo Place, has received a wire informing her of the serious wounding of her nephew, Pte. Raymond R. Tear. His injuries were sustained on November 12th.

WANT TESTIMONIAL.

The Asplawh Canadian Co. of Guelph has written the city clerk, asking for a testimonial as to the merits of the potato digger which the city purchased from the company for use on its Harley farm.

WOUNDED.

Official word was received in the city yesterday by Mr. Arthur Smith of 5 Dundas street, announcing that his son, Pte. Fred Smith, has been admitted to a hospital suffering from concussion, which he received during a heavy shell fire. Previous to enlistment, he was a student at the Collegiate and had been wounded before this, having gone overseas with the 16th Battalion.

TRIANGLE CLUB.

The inaugural meeting of the Triangle Club of the Y.W.C.A., which is composed largely of the girls employed at the Barber-Ellis Co., was held yesterday in the Y club rooms. The following officers were elected for the coming term: President, Miss I. Good; secretary-treasurer, Miss M. Clifton; reporter, Miss Pearl Kent; convener of the Membership Committee, Miss R. Piper; convener of the Social Committee, Miss Edith Dawes.

FOR SECOND TIME.

Mrs. Elizabeth L. Underwood, 121 William street, received word this morning that her son, Corporal Horace Underwood, Artillery, had been admitted to the General Hospital at Etaples, November 5th, suffering from gunshot wounds in face and legs. He enlisted here in 1914 and was wounded once before on August 23rd, 1917. He was a clerk in the Grand Trunk freight office when he donned the khaki. He is 22 years of age.

POLICE COURT.

In the Police Court to-day Judge Saggese was remanded for one week on the charge of conversion of a "buggy," the property of Ras Gloube.

LIGHTING AT FAULT.

T. J. Gillingswater, 309 Marlboro street, has written to the city clerk, complaining that since the latter part of October there has been no light on Marlboro street, between Rawdon and Stanley streets. He asks that improved service be given.

FOR RETURNED MEN.

George MacDonald, secretary of the Soldiers' Aid Commission, has received word from Ottawa that preference will be given to returned soldiers or sailors in filling the position of assistant caretaker and cleaner at the local Postoffice.

ST. LUKE'S MISSION.

As a continuation of Monday's service at St. Luke's Church yesterday, four well attended services were held. Rev. Canon Daw spoke at all of them in a continuation of his series of addresses on the "Prodigal Son." The services will be continued throughout the week.

EXPRESS APPROVAL.

A. J. Kite, corresponding secretary of the Trades and Labor Council, has forwarded to the City Council a copy of the resolution passed by the Trades Council expressing appreciation of the splendid volunteer efforts in this city during the influenza epidemic.

HIT BY CAR.

Rev. C. F. Logan of the Colborne Street Methodist Church had his auto hit by a street car this morning when in front of Eber's store. He was trying to avoid a collision with a bicyclist at the time and stated that he signalled the motor man. The machine was quite badly damaged but was able to proceed on its own power.

FORMER BRANTFORD BOY.

The marriage took place recently at St. George's Church, Hanover Square, London, England, of Ethel Lillian, eldest daughter of Mr. and Mrs. A. J. Williams, and niece of General Walter Klay, Rothfield road, London, to Lieut. D'Arcy Orde Hubbell, Headquarters, O.M.F.C., second son of Mr. and Mrs. Lawrence Hubbell, Toronto. Mr. and Mrs. Hubbell and family resided in Brantford for some years when he occupied the position of accountant at the local branch of the Bank of Commerce.

HOUSING PROBLEM.

Acute as the housing situation in Brantford is at the present time, it is likely to become worse soon, according to A. G. Ludlow, head of the assessment department. "We could fill five hundred houses within a month," said Mr. Ludlow to the Courier, "if the prices were at all reasonable. During the war many soldiers' wives have doubled up and lived two or even more together, and with the return of the Canadian soldiers and their wives who are now overseas, the demand for houses will be increased. Some forty dwellings will be ready for occupation in Lansdowne Park by winter, but these will be taken by expert mechanics and other workers who are bringing their families from outside points to Brantford.

Miss Frederick R. Redditt left on Tuesday for Goderich where she will spend the winter.

Marshal Petain Occupies Metz

Historical Event Sonamated Yesterday Afternoon—French Hold Fortress

By Courier Leased Wire

Metz, Tuesday, Nov. 19.—(By the Associated Press.)—The historic event accomplished at 4 o'clock this afternoon when Marshal Petain, commander-in-chief of the French armies, made his entry into Metz, the great stronghold of Lorraine and the pivot of Germany's effort to crush France, may be said more than any other happening to consecrate the victory of the Allies in this war. The occasion, in which the French commander-in-chief for the first time as a marshal of France, also gave rise to one of the most picturesque demonstrations ever carried out by the people of Lorraine.

From early in the morning all the roads leading to Metz were crowded with Lorrainers on their way to the city to raise their voices there for Marshal Petain and for France. The people, however, were not to any longer other than the German for years, began many days ago brushing up their knowledge of French in preparation for this occasion and although the majority of the population undoubtedly had a perfect acquaintance with no other tongue than the German, little of that language was heard in the streets today.

Other things German had disappeared overnight, including the statues of the German rulers, which had been hauled down by the citizens. William I. had toppled over from the horns of his equestrian monument while Frederick III, who for many long years had pointed a menacing finger at France from the pedestal upon which he stood, had come down with a rope around his neck. Former Emperor William II, who was still left to figure grotesquely as a statue on the facade of the cathedral. His hands had been chained during the night and into them had been put a band with the inscription: "Sic transit gloria mundi."

How Entry was Effected.—When Marshal Petain entered the city yesterday he stood before the statue of Marshal Ney and reviewed his troops. The municipality and local societies welcomed the Marshal at the city hall, and the viceroyal greeted him at the Cathedral where the Bourse was being held. A prefecture has been established by French commissioners.

General Mangin has issued a proclamation greeting the people of the city. His proclamation reads: "The regime of oppression and vexation ended with the German defeat. The republican army brings liberty and justice. France opens widely her arms to all her re-found children."

PREMIERS MET AT OTTAWA YESTERDAY

Conference Between Dominion Government Ministers and Provincial Heads

Ottawa, Nov. 19.—From the standpoint of attendance, the conference between members of the Dominion Government and Provincial premiers and ministers which opened here this morning, is the largest on record. All the provincial premiers are in attendance, and in addition, each province is represented from one to three additional ministers.

The subjects to be discussed by the conference will cover a wide range and will include soldier's land settlement, the development of waste lands, the transfer to the western provinces of their natural resources, demobilization of Canada's military forces after peace, the repatriation of overseas soldiers, increased production and cornate subjects.

The provincial ministers were welcomed to the capital by Premier Thomas White acting premier, who in a brief speech, referred to the importance of the matters to be considered and expressed the conviction that important results would attend the deliberations of the conference.

The business of the conference was taken immediately on the conclusion of Sir Thomas White's remarks by Hon. J. E. Campbell, minister of public works, presiding.

It is probable that all the federal ministers expressed in the capital will be in attendance at various times. Those present when the deliberations opened this morning, included Sir Thomas White, Hon. F. B. Cornwall, Hon. J. A. Calder, Hon. Arthur Meighen, Sir James Lougheed and Major-General Newburn.

W. F. O'Connor, K.C., and G. Osborne, parliamentary counsel, are representing the Dominion Government at the conference in a legal sense and Mr. Lancelot K. C. is in attendance on behalf of the Province of Quebec.

BRANTFORDITE DIED SUDDENLY

Mr. John Duncan Found Dead in West Brantford Field Yesterday

HEALTH HAD BEEN BAD

Mr. John Duncan, 4 Glickson St., died suddenly, and from causes not definitely known, yesterday afternoon, while he was walking along the L. E. & N. tracks in West Brantford. When his body was found, life had been extinct for several hours. The unfortunate man apparently had been walking along the tracks when he was suddenly overcome, and had fallen over the embankment into a sod field beneath, where he was found about 5 o'clock.

Mr. Duncan had been in ill health for some time, and was not feeling well when he left his home yesterday morning. He came up town to his restaurant known as Duncan's Rest, on King street, and remained there until the early afternoon, when he took his departure, presumably to go for a walk. Nothing more was seen of him until an alarm was turned in to the police station about 5 o'clock, to the effect that a man had been found dead in a field beside the L. E. & N. tracks, just east of Grand street. Sergt. Donnelly, together with Chief Lewis and Fireman Ribbey of the fire department, hurried to the scene with the life boat truck, and there found Duncan lying face downward, cold in death.

The body was removed to Reid & Brown's undertaking rooms, and was viewed by Coroner Dr. Plesetto, who decided that an inquest would not be necessary, as death had obviously been due to natural causes. The late Mr. Duncan was some 50 odd years of age, and had lived all his life in Brantford, having been born in the East ward. With his brother, James Duncan, he kept the old City Hotel, on the corner of Market and Dalhousie streets, for years. His brother also died very suddenly after a curling match some years ago. Mr. Duncan had been proprietor of Duncan's Rest, since September, 1915. He is survived by a widow and one sister. In politics he was a staunch Conservative.

MUSIC AND DRAMA

ENDORSE LYCEUM COURSE.

The programs for the Lyceum Course, under the auspices of the Brantford Chapter of I. O. O. F., have been submitted to Judge Hardy, Mr. R. H. Reville, and Mr. W. G. Raymond, who are fully satisfied the course is on its merits well worthy of public patronage and have given permission to use their names as endorsing the entertainments.

SPECIAL VALUES.

In highest quality Hudson Seal Coats, plain and trimmed, at W. L. Hughes this week.

SEND CARDS WITH BOXES

LAI D AT REST

In sending Christmas boxes to members of the church and congregation, Brantford, Brant Avenue Church is enclosing a card with the following verses, which was written by the late Russell Sweet, who died of influenza: "Our letters are few and our cards seldom seen, And our boxes and parcels right far in between. We haven't done all that we should, we confess, For there's times we should write and there's mails that we miss. But we haven't forgotten, and, Soldier, know this—We're always thinking of you—Over There—A wishing and hoping for you."

OBITUARY

S. STEADMAN.

Owen Sound, Ont. A telegram received here today of the death in Brantford, of Stewart Steadman, who for some time was a member of the Sun staff. It is understood that he passed away as a result of an attack of the prevailing malarial fever. The news was a great shock to his friends here, who were unaware that he was ill. Mr. Steadman was a native of Scotland, having come to this country about 3 years ago. He came here from Peterborough in the spring of 1914, remaining with the Sun until Oct. 1916, when he went to Brantford to accept a position with the Brantford Courier. During his residence in Owen Sound Mr. Steadman and his estimable wife made many friends who will

NOTICE

Increase in Subscription Rates Commencing Dec. 1, 1918

The subscription rates of the Brantford Daily Courier and the Brantford Daily Expositor, commencing December 1st, 1918, will be as follows:

Delivered in Brantford and Vicinity, 45c. per month
By the year, Paid in Advance, \$5.00 per annum
By Mail, " " " " 4.00 per annum
Single Copies, 2c.

After publication of this notice, payments in advance on subscriptions will only be accepted to December 1st at the old rate, after that at the new rate.

This advance in subscription rates has been made necessary by the tremendous increase in the cost of white paper, the price of which has recently been fixed by the Paper Controller at Ottawa. By this one item alone thousands of dollars are added to our annual cost of production, and in addition, labor, presses, stereotype supplies, type and all other items of expense have enormously advanced in price during the last few years.

Even at the new rates the Brantford papers are only now charging prices which have been in force for some time back on almost all the other daily newspapers published in this section of the Dominion. In many cities the subscription rates are very much higher.

STEAMER ARRIVES.
By Courier Leased Wire
New York, Nov. 19.—(Arrived)—Steamer Orduna, from Liverpool, with passengers, mails and cargo.

FIRST SOCIAL NIGHT AT Y.M.C.

Business Section Held Enjoyable Evening—Fine Sports Program

The business section had possession of the Y. M. C. A. building last evening when the social night for that division was held—thus completing the first round of a very successful series which began early in the present year.

None were more enjoyable than that of last evening, the routunda being the centre of life throughout the whole evening.

The guests were received by the committee composed of Messrs J. A. Powell, H. Gibbons, E. T. Reed and their wives, also Mr. J. E. Hess and Misses Hess and Hursell.

In the gymnasium, the exciting event was the basket ball match between the married and single men, the benedicts winning a great victory over the other fellows. Physical Director Mosley, of course, directed the gym activities in his usual good fashion.

Refreshments were served in the rotunda, following a community song which was without doubt, the best ever held, so heartily did all join in the choruses, as directed by Socy D. F. Thompson, and assisted in the lead by a strong male choir.

Mr. Powell gave a short address welcoming the visitors and was followed by President J. M. Young, who urged all to co-operate in making the greatest possible use of this citizens building—the Y. M. C. A.

The pleasant evening was brought to a close with God Save the King.

Victory Loan Canvassers

(Continued from Page One.)

facilities available, it would not be advisable to return all Canada's men at once. They must be gradually assimilated back into civil life. Canadian troops should also form part of the army of occupation to garrison the evacuated German territory. If there were to be a triumphant march through Berlin, as there should be, every arm of the Canadian army should be represented.

"We want to show the Huns that they are beaten men," declared the speaker, "and we can only do that by planting the allied foot firmly on German soil, in order to make the Germans realize a little of the indignities they had inflicted on other nations, and would have inflicted on the Allies, had they been able."

Canada had great problems to face, but she would come through safely if everyone kept their heads. The Victory Loan would serve to keep the wheels of commerce turning until conditions became settled once more. It would be expended on works of reconstruction and necessary work which had been laid over for the duration of the war.

The high cost of living was likely to continue for a time. Eggs had sold for \$1.00 a dozen in Toronto last Saturday, the first Saturday since the war. Europe was shorter of food to-day than ever before in her history; she needed every pound of food that could be spared, in order to save millions from starvation. If food were to be high, wages should remain proportionally so. Canada did not wish for industrial disturbances at such a time as the present, and the speaker expressed hope that the industrial peace so long prevalent in Brantford might be maintained.

In conclusion, Mr. Cockshutt reminded his hearers that Canada had a great cause for thanksgiving despite her losses of men and money. He voiced an eloquent expression of sympathy to the families of those who had given their lives on the altar of sacrifice. Rev. J. B. Fotheringham.

Was next called upon by Mr. Bunnell, Mr. Fotheringham reviewed the growth of the Victory Loan in Canada during the past four years. They had been four years of revelation of great potentialities of the Dominion. We had calculated a part of Canada's strength in raising the sum of \$1,200,000, of which Paris had contributed \$45,000. He called on Mr. Cook to tell how he had done it.

Mr. Cook disclaimed all connection with the raising of the sum referred to, Canada's response in the past four years to war loans had been successful in raising over \$2,000,000. He called on Mr. Warren to reply to the toast of "The Ladies."

Mr. Warren, Brantford county organizer, was next in line for praise and congratulations. Mr. Bunnell voicing high appreciation of his services. He called on Mr. Warren to reply to the toast of "The Ladies."

Mr. Warren reviewed briefly the work of preliminary organization for the campaign. The influence had proven a great handicap, and the first week of the drive had been a failure, but the workers had put their shoulders to the wheel with redoubled vigour and a result had exceeded the objective. Brantford county declared the highest per capita objective of any county in the province. He had high praise for Mr. Bunnell's work in the campaign, and also for the help rendered by the publicity committee with which he had been closely connected. He also commended the work of the canvassers, and with a wish for Brantford's continued prosperity.

Mr. Warren stated that additional subscriptions to the amount of \$4000 had been received from Brantford townships. Mr. Champion came back with the announcement that an additional \$22,000 had been raised in the city.

Mr. C. Cook proposed a vote of thanks to Mr. A. K. Peggall, for the credit for the county's success in the campaign. These sentiments were reiterated by Messrs Robinson, Fotheringham, who seconded the vote. W. F. Cockshutt, who had taken the chair for this purpose, expressed his belief that Mr. Bunnell must be attached to the Victory Loan in an order of precedence.

"Surely a motion was not necessary in order to give me the honor and support," said Mr. Bunnell in reply. He had always been confident that the city would attain its full objective in this, in every respect of effort. He expressed his pride in the result, and thanked his fellow workers for their whole-hearted support.

The National Anthem was then sung.

PROF. J. C. McLENNAN, P.R.S. Whose services were requisitioned by the British Admiralty to fight the German subs.

and for his young lady assistants.

The speaker added a word of appreciation of the unity which had animated the people of Canada and the British empire during the war. During the past three weeks all classes had been pulled together without dissension, and for an objective which at the outset had seemed impossible. If they continue to act in such a spirit of co-operation, in the future they could overcome any and every obstacle.

In closing, Mr. Watts paid a tribute to Mr. Bunnell, as treasurer of the City of Brantford, referring to the unity which had always existed between himself and Mr. Bunnell in their negotiations on behalf of county and city.

Flags Presented
The honor flags were then presented by W. F. Cockshutt, who congratulated the townships concerned on their success in raising over \$2,000,000. He expressed the hope that the flags might fly in many a breeze.

Mr. E. A. Burris accepted the flag on behalf of Brantford township, and A. J. McCann for Brantford township, both replying briefly, expressing their appreciation of the results attained in their respective municipalities.

Prize for Mr. Cook
Mr. Bunnell gave credit to Mr. C. Cook who had been in charge of the Dominion preferred list, and had been successful in raising the sum of \$1,200,000, of which Paris had contributed \$45,000. He called on Mr. Cook to tell how he had done it.

Mr. Cook disclaimed all connection with the raising of the sum referred to, Canada's response in the past four years to war loans had been successful in raising over \$2,000,000. He called on Mr. Warren to reply to the toast of "The Ladies."

Wilson Travels in Kaiser's Suite
President of U. S. to Cross Ocean in Converted German Liner
New York, Nov. 19.—President Wilson will cross the Atlantic on the United States transport Agamemnon, formerly the North German Lloyd liner Kaiser Wilhelm 11, according to information received here by The Evening World to-day from a reliable source.

This ship is faster than the Leveton, formerly the Hamburg-American liner Vaterland, and her passenger accommodations are better.

The Imperial suite of the Agamemnon, once occupied by the Kaiser on a cruise, will be used by President Wilson and Mrs. Wilson. It is said.

The work of getting the Agamemnon ready has already begun. The Evening World is informed, the Kaiser Wilhelm 11 was a sister ship of the Kronprinzessin Cecilie, now the Mount Vernon, holder of the German transatlantic record.

Both these vessels before the war could maintain an average speed of 22 knots and it is said that under American engineers and crews their speed has increased considerably.

Soldiers Shun!
Since 1915 Fifth Bros. have given every soldier 20 per cent. discount off his first civilian suit. This policy is being continued, and every soldier should, in justice to his pocketbook, come to the Quality Tailors, 120 Dalhousie street, who have always given 20 per cent. discount to any man who has been in khaki, on buying his first civilian suit or overcoat. You will save \$5 to \$12 on every order.

INDOOR BOWLING.

Owing to the Watrous Victory Loan parade Monday evening the game with the Ramblers was postponed until Tuesday evening of next week. To-night the champion Beavers will play the Dominion Steel Products team, the runners-up last season. Great rivalry exists between these two teams and good scores are expected. Friday night the Brants will bowl against the Motor Trucks. Arrangements for the champion Toronto tenpin bowlers to visit Brantford Thursday evening are being made. This team took two out of three from Brantford last season here, but they will have to travel faster this season to do the same. The Dominion Steel Products Factory League, composed of four teams, will soon get under way.

GLASS OF SALTS IF YOUR KIDNEYS HURT

East less meat if you feel Backache or have Bladder trouble. Meat forms uric acid which accumulates and overtaxes the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's uric acid waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

MITCHELL LEADS PRESIDENT.

By Courier Leased Wire

Chicago, Nov. 19.—Fred Mitchell, manager of the Chicago Club of the National League, will be elected president of the club to succeed Charles Weegman. It was authoritatively announced today. The change will be made within two weeks.

Mr. Weegman will, however, retain his financial interest in the club. Weegman was one of the backers of the Federal League and became president of the Chicago Nationals when the club was absorbed by him and associates.

Mitchell, who was formerly with the Toronto club, came to Chicago two years ago from Boston, where he was scout, coach and utility man to George Stallings, manager of the Boston Nationals.

TIDAL WAVE DID DAMAGE IN QUEBEC

Swept up St. Lawrence and Wrecked Villages and Ships

By Courier Leased Wire

Quebec, Nov. 19.—The tidal wave which swept up the River St. Lawrence last night did damage to villages and towns between Quebec and Three Rivers. It was caused by the heavy storm of Sunday and Monday. In Quebec the cellars and even the first stories of lower town houses were flooded. Along the line of the Quebec railway, between the city and Ste Anne De Beaupre, parts of the roadbed were washed out and traffic will be suspended for at least two days.

A number of summer houses were carried away at Roschate, several being moved 50 feet.

Caught in the terrific windstorm that raged in the Gulf last night, two vessels are in a precarious position. An unknown schooner was swept ashore at Fox River, Gaspe, and is a total wreck, her crew swimming ashore, while the steam barge Tremblay last night was sending out flash signals which read:

"Help. Need immediate assistance."

Two men were blown off a trestle into a river on the Quebec and Lake St. John railway, but were able to swim ashore.

Part of the wharves at St. Laurent and St. Jean Island of Orleans have been swept into the river. Two sections of wharves drifted past this city today. The large wharf at St. Michael, Beloeche, was mostly destroyed. Three freight cars standing on a wharf in the Canadian Pacific yards here were blown into the St. Charles river and part of the scenic railway collapsed. During the night sixteen fire alarms were rung in here. No serious blaze occurred.

Village Nearly Destroyed

Three Rivers, Que., Nov. 19.—Threatened at the same time with destruction, both by a conflagration and a tidal wave, the small town of Batiscan was nearly destroyed today.

The tide started rising during the night and at 10 o'clock this morning a large tract of the Montreal-Quebec provincial highway was washed out. Telegraph and telephone poles are scattered about a stretch of many acres, and a number of houses are surrounded by waters.

Flames broke out in the post office and quickly spread to adjoining houses, a number of which were burned to the ground. Firemen sent from here saved the village after a hard fight. At noon today a huge landslide occurred, bringing with it into the river part of the Montreal highway.

Widespread Damage

Halifax, N. S., Nov. 19.—Widespread shipping damage, due to the severe storm that swept over this section last week, was reported today upon the restoration of wireless communication with points along the coast.

In addition to the steamship Caspasia, which was abandoned and set on fire by her crew after drifting helplessly in the storm of Cape Race Sunday, the steamer Lake Manitoba and two schooners met with mishaps. The Lake Manitoba of 9,674 gross tons, was being towed in here today by a government cruiser. The schooner Daisy Vaughan was driven ashore by the storm near Fort Hood and was a total wreck, and the schooner Richard Linthum was badly damaged when she struck on Bunkers Island. The Linthum was towed back to Yarmouth looking.

Last reports from the Caspasia were that the hull was still afloat, but a mass of flames. After firing the ship so that she would not be a menace to navigation, all hands on board were taken by the British steamer Belphophon. The Caspasia sailed from this port for St. Johns, Nfld., late Thursday with a full cargo, much of which originated in New York and Boston.

Early Sunday morning radio operators here picked up a call reading: "Caspasia in sinking condition; send assistance." A second message a short time later said the steamer "was sinking fast." The marine and fisheries department sent several rescue vessels. Other steamers which nicked up the S.O.S. also hurried to the scene. Later wireless reports told of the abandoning of the Caspasia.

The Lake Manitoba, formerly owned by the C. P. R., was bound from the Great Lakes to this port, and was off Sable Island Sunday when she sent out her call for assistance. A cruiser and another steamer answered her call and reported that they were towing her, but were making only about four miles an hour.

Don't think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.

Prohibition to be Validated

Restrictions on Liquor Traffic May be Lessened, However

By Courier Leased Wire

Ottawa, Nov. 19.—Validating legislation will be submitted next session, it is expected, in regard to prohibition. The order-in-council on which Dominion action was taken found its authority in the war measures act. The order itself remains in force during war time and for a period of twelve months afterwards. The war measures act, however, expired on proclamation of peace in The Canada Gazette.

The question how far the order-in-council is valid after the war measures act has ceased to exist is now being the justice department. The same point has arisen in Great Britain in regard to orders-in-council passed there under authority of the defence of the realm act—"Dora," as it is more commonly called. A special committee which had the question under consideration decided that war would cease to exist on the exchange of formal peace ratifications and that the order-in-council passed under the defence of the realm act would not be valid after expiry of the act itself, unless validated by parliament. It is probable that the justice department will reach a similar conclusion in respect to orders-in-council passed under the war measures act.

While the Government has not yet taken the matter up, the suggestion is made of some lessening of prohibition restrictions when validating legislation is introduced.

The same situation will arise in regard to other orders-in-council passed under the war measures act which cover a period beyond the conclusion of peace.

BELLA COOLA LEADS CANADA

Bella Coola, a little village of 213 adults, mostly of Norse origin, far to the north in British Columbia, has registered the biggest surprise of the Victory Loan campaign. Not satisfied with an honor flag, it is already in a position to demand seven ten crowns to adorn it, and as the 1,244 square inches available, a crown space will not contain the well-won crown, each being 8x10 inches in area, a special honor flag will have to be made for Bella Coola.

SCROFULA AND ALL HUMORS GIVE WAY

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors, which produce eczema, boils, pimples and other eruptions, can be most successfully treated with Hood's Sarsaparilla.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, herbs and barks, which are gathered especially for it.

Hood's Sarsaparilla has stood the test of forty years.

Get a bottle today—now—from your nearest drug store. Always keep it on hand.

THAT SON-IN-LAW OF PA'S

(By Wellington.)

THIS IS SERGEANT BIFFLUM FAWTHY—JUST BACK FROM FRAYNCE ON SICK LEAVE—HE'S GOING TO SPEND A WEEK WITH US.

FINE BUSINESS, MUCH OBLIGED TO MEET YA, MY BOY.

GOOD IDEA!

I COULD EAT A LITTLE SNACK.

AW-H-H!

SUFFERIN CATS, AN HIM ON SICK LEAVE! HOOVER'S RIGHT—WITH 5 MILLION WELL ONES IN FRANCE, US FOLKS AT HOME'LL JUST HAVE T' CONSERVE!

THE BABY KILLER AND HIS GRANDCHILD

This close-up of Grand Admiral Von Tirpitz shows the man who gave the pirate flag to the German navy, and who to the last, opposed the demands of German democracy. His grandchild, judging from the look in his eyes, a haughty, cruel look for an infant, seems to have inherited the spirit of the admiral.

BRITISH DELEGATES NOT YET SELECTED

Lloyd George, Balfour, and Bonar Law Will be Among the Peace Envoys

By Courier Leased Wire

London, Nov. 19.—Plans for the approaching peace conference are discussed prominently by some of the morning newspapers and, according to The Daily Express, arrangements are nearing completion.

The Express, which is generally well informed on political matters, adds that the British delegates have not yet been selected finally, but probably will include Premier Lloyd George, A. Bonar Law, chancellor of the exchequer; A. J. Balfour, the foreign secretary; Earl Reading; a Labor representative, and a representative of the Dominions.

President Wilson's promised visit to Paris attracts general attention. There is some speculation whether he will take an active share throughout the conference or will leave American interests in the hands of Secretary of State Lansing and Col House.

Wilson's Presence Essential.

New York, Nov. 19.—The presence of President Wilson in Europe is "absolutely essential," declared Sir Charles Ross, inventor of the Canadian service rifle, on his arrival here today on the British steamship Orduna. "It would be a disaster if he were not present," he added, "do not fully understand such other, but desire to reach a basis of mutual understanding."

The Orduna carried a number of home-bound Australian soldiers who were among "first thirty thousand" in Australia to volunteer. Of these 30,000 volunteers only 7,000 were left alive, they said.

The Orduna is one of the few passenger steamers which have run continuously throughout the war, although several times attacked by U-boats.

WINNIEG GOES TO STRIKE

By Courier Leased Wire

Winnipeg, Nov. 19.—The executive of the Proletarian Union held a consultation last night at which it was decided to forward a request that the police commissioner receive a delegation from the executive of the union Wednesday afternoon at three o'clock so that the questions at issue could be discussed. Should the commissioner decline to meet the representatives of the union, the belief is unanimous in labor circles that the strike will become an accomplished fact, and that it will start on Thursday morning.

NEW ROUTE TO WESTERN

On your next trip to Western Canada why not travel over a new route, using two famous trains on your journey and traversing some of the most interesting territory in the Dominion? The National Limited of the Grand Trunk will carry you from Montreal to Toronto, where another famous train, The National, starts on its west-bound flight to Winnipeg. The National is a through train which leaves Toronto at 8.35 P. M. on Tuesday, Thursday and Saturday. The rails of the Grand Trunk are used to North Bay, which is reached early on the morning following the departure from Toronto. A delightful tour is made through the lake-land beauties of the Temiskaming and Northern Ontario in Cochrane, calling at Cobalt, with its wonderful mining activity. From Cochrane to Winnipeg your journey lies over the Canadian Government Railway with splendid opportunities of inspecting the fertile regions of New Ontario, including the famed clay belt, where tens of thousands of settlers will make their homes in the future. The three railways have combined to make the passenger service over this new route of the highest possible standard. The greatest travel comfort is assured, while there is no added expense for railroad fare as compared with any other route. For further particulars apply to any G. T. R. Agent, or C. E. Horning, D.P.A., Toronto.

SPANISH INFLUENZA STRIKES ITS VICTIM WITHOUT WARNING

Pneumonia Often Results, Making Precaution Doubly Necessary

Much of the difficulty experienced by health authorities in checking the spread of the Spanish Influenza lies in the fact that it strikes its victims without warning. Although authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated, it is possible to perfect the powers of resistance of the human system so that it can throw off almost any contagious disease known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the Influenza epidemic. If you find yourself weak or losing flesh or if you are in a generally run-down condition, you are really in great danger if you should come in Germ contact.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensatory, Encyclopaedia Britannica and leading text books used in the schools of medicine, the principle ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in its nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of Influenza, Grippe or Bronchial troubles.

Tanlac is sold in Brantford by Robertson Drug Store, in Paris by Apps Ltd., in Middleport by A. Voemans, in Middleport by William Peddie, in Onondaga by Nell Mc Phadden.

Rippling Rhymes

If Kaiser Wilhelm came to me, and asked for terms of peace I'd say, "With you I do agree—this damned old war should cease. But when it comes to making terms, the blue prints that you ask, my rusty brain can't sort 'em out, and balks before the task. I'd like to hear from many lands, from France, and Belgium, too, from children who have lost their hands, through others opening by you. I'd like to hear from British towns, where sleeping babes were killed; and from the traveler who strowns, unpurged, his rifle shells. Also, alas, the dead can't speak, from out their martyr graves; and neither can the sick and weak you drove away as slaves. I can't hear you that brave nurse who fell, at your breast; but, Captain Parry's dining car, make peace bunk soon a job. Before I make a plan with you to shave the battle blade, I'd like to hear a word or two from Albert Hubbard's shade. I'd like to have you walk with me, and see the wreck of France, before we seek the ankersmen, and give away the lance. I'd have you read the daily list of brothers and of sons who die because of you, I wish you and your grand Husa. I fear if we make peace to-day, I'd soon know I had sinned; for you'd start out again to slay, when you'd regained your wind."
