### T. R. track, and they were pleased with what they saw. They would not say when the regular running of trains

His Excellency Has Many Impor-for the purpose of inspecting the road tant Papers and Orders-in-with a view to working out the details. Council to Discuss.

Parliament to Meet First Week March-Ottawa to Enforce Curfew Law.

(From Our Own Correspondent.)

OTTAWA, Dec. 17.-The Governor-General is bringing back with him from the West many orders-in-council and papers which have been sent out for his approval and which he will discuss with

The Free Press says: "From what the intention of the government to summon parliament to meet at the earliest possible moment, which will probably be the first week in March. It is also next session with a new franchise bill, a civil service bill and a new superannuation bill, in accordance with the promises made. Steps will also be taken to provide the necessary legislation for carrying out the prohibition plediscite."

There was not a minister in town today.

The curiew law will take effect in

Ottawa on January 1.

The American consul reports that the volume of exports from this district during the year was quite up to the average.

### CUBAN INDEPENDENCE.

Washington, Dec. 17 .- A majority of ported intention of Mr. Olney to appear before the committee in record to appear before the committee in regard to the Week ending to-day, totalled \$1,816,805, Cuban question, but there is no doubt a net balance of \$318,219, as against that he told Senator Sherman, who saw him for a few moments to-day, that he would beglad to appear at the committee's meeting to throw all light possible on the subject. It is the expectation of all the subject. It is the expectation of all the subject. subject. It is the expectation of all the members of the committee that there will be reached at the meeting a resolu-tion declaring for Cuban independence, declaration of the nature proposed. Different senators have urged members of the foreign relations committee not to be hasty in the matter of acting on the Cuban resolutions, and suggested delay, but so far has not influenced the major-sion the following resolutions were unity of the members of the committee.

### ARMENIAN MASSACRES.

WASHINGTON, Dec. 17 .- The full extent of the Armenian massacres is indicated in a report to the state department by U.S. Consul Bergolise, at Erzeroum, Armenian children under twelve ly petitions congress to place lumber on the dutiable list; and be it further sacres of 1895 is, according to estimates 50.000. The question of what estimates 50,000. The question of what shall be done with these orphans is receiving the attention of the Christian The American board of commissioners is giving the matter serious thought. It has formulated no general plan of relief, although the question of creating orphanages, clothing fac-tories and industrial instituand industrial institu-is under consideration. German charitable societies are prepar-ing to establish industrial orphan asylums at Corpha, Ceasarea and elsewhere and the Kaiserswerth deaconesses of Germany have made provisions for receiving Armenian orphans at Smyrina and thirty have been sent there from here. # FOR THE FRASER RIVER THROUGHOUT THE LAND

the Minister of Mar-

Salmon Industry-Channel Improvements.

WESTMINSTER, Dec. 18.—The address Maxwell, a teacher of modern languages, Marine and Fisheries on the occasion of representations:

his advisers on his return. It is said many of these orders refer to dismissals.

Considerable uncertainty prevails in town regarding the meeting of parliations of parliations and the meeting of parliations of parliations. Mrs. Maxwell says he used insight, Mrs. Maxwell says he used insight on the Fraser river have occupied a large share of the board's attentions. superior quality, and ought to be a shocks lasting together fifteen seconds. source of considerable wealth to the The driver of a mail train observed country, but the restrictions imposed by thunder and lightning accompanying the department have prevented the development of this industry.

"The board does not propose to enter Ottawa will be completed by the middle of next summer. Construction has just ceased for the winter.

The Caladian Tachie of New Tachie of New Tachie of Next summer. Construction has just ceased for the winter.

The Caladian Tachie of New Ta missioners, for the purpose of obtaining reliable information and making intelligent suggestions respecting these mat-WINNIPEG, Dec. 17.—(Special)—Fred ters, and it now re-affirms its belief that perience has shown clearly that there are local conditions peculiar to our fisheries, and that a knowledge of these can be gained only by continuous critical observation on the ground. If competent men were appointed to gather information from every available source, and have it sifted by thorough local discussion and investigation, your department would be relieved from the confusion of any conflicting recommendations, and the way would be opened up for a better understanding of the measures required for the protection and development of

the fisheries of this country. The board desires to call tion to the importance of having the channel of the North Arm of the Fraser river more efficiently marked out. The channel is very much used by vessels or light draught and by tugs towing scows and booms. There were at least elever steamers plying there last summer. The of Dundee, against Mr. James A. White,

small vessels, and ought to be marked

not be discriminated against, and said by proper ouoys. they would do all they could to secure a "The board also recommends that a second light be placed at the entrance of the main channel of the Fraser river. The present lighthouse is about two miles from the ship channel, and it is of "Whereas, The placing of lumber on very little assistance to vessels attempting to enter the river at night. If a colored light were placed at or near Garry Bush, pilots would be able to take correct bearings by the two lights, and such a light would also be of great service to the fishermen who in large numbers, fish on the sand-heads during the night. With only one light, as at present situated, vessels are unable to enter the river at all after nightfall. board recommends also that some lights be provided for the coast north of Burrard inlet. There are at present no lights north of Point Atkinson, while the traffic of that region is rapidly in-

creasing on account of the fishing, lumbering and mining developments. "The board would be exceedingly glad f you could find it convenient to visit Fraser river during the summer season. when salmon fishing and canning are in

"It has been announced that the Board of International Commissioners has agreed upon a report to the govern-ments of Canada and the United States. Without presuming to anticipate this report, this Board begs to express the hope that your government will see that the interests of the fishing industry on the Fraser river are fully protected in any agreement that may be arrived at, so that our fisher-men may be placed on a footing as favorable, at least, as those who pursue the same industry on the American side, and that mutual regulations 'may be adopted for the protection of our salmon

supply.
"The board is glad to learn that additional hatcheries are to be erected in the province. By the aid of these and a more systematic and thorough effort to gain information respecting the primary or natural conditions attending the recuperative power of our salmon fisheries there is reason to look for increased and permanent prosperity for this important industry.

## WEYLER'S POSITION

Recalled-Spain Would Welcome a Settlement.

Fight With Maceo's Forces, Headed by the General Himself.

MADRID, Dec. 18.—If nothing decisive occurs in Cuba by the middle of January Premier Canovas most likely will recall Weyler and appoint in his place either Gen. Marin or Senor de Azcarraga, the minister of war, and then change his policy in Cuba with a view of coming to. an understanding with the United States government before the close of Cleveland's term of office.

The queen regent would welcome an honorable solution of the problem compatible with Spain's rights in Cuba in order to avert a conflict or even a misunderstanding with the United States. Therefore, Premiar Canovas may be spurred up to changing his policy, especially as he knows the Liberal party is willing to take office for that purpose if the queen bids it to do so.

It is an open secret in political, military and diplomatic circles here that promptly and signally crushes the insurrection in Havana and Pinar del Rio provinces and puts a stop to the abuses, corruption and extravagant waste in the commissariat and army contracts to which the government has called his attention sharply. He has been warned also that he must satisfy those planters who ask to be permitted to resume work on sugar and tobacco plantations, and to avoid giving grounds by his severity for such claims for damages, as not only America, but England, France and Germany are pressing. Gen. Weyler seems to be aware that he is losing favor in says: "It is proposed to send a representative to the Sound from Juneau and establish a bureau of information per-Spanish parties in Cuba are not so disconduct as are the press and people at

### A DISAPPOINTMENT.

It does not look well to see a man's tic advocate of British Columbia railway friends, especially if he is a politician, Pacific railway scheme would never have good deal which he did not perform or story is told by the Mail and Empire in

It was announced with a great flourish ne would give his first session's indemnity to the widow of his predecessor, Mr. Clark. Rev. D. A. McLean. of Kemble, now says on Mrs. Clark's authority that the \$1,000 has not come to hand. Possibly Mr. Paterson made no such promise. Some zealous friend may have given it in his name, just as Mr. Hardy promised public works. In political matters Mr. Paterson is—well, he is a politician; but if he had proof Kemble, now says on Mrs. Clark's ent time a large number of Uitlanders. political matters Mr. Paterson is—well, Does the Government of either the Prov- he is a politician; but if he had proince or the Dominion treat them badly? mised to give \$1,000 to any body he would

### CIVIC IMPROVEMENT.

A movement has been set on foot in San Francisco for effecting city improveland? We have heard no complaints. San Francisco for effecting city improvements, The citizens have become weary on the contrary, the American miners in the Kootenay country feel quite at matters, so they have decided to put home in British Columbia. In fact, their own shoulders to the wheel. This some among them do not hesitate to is what the Chronicle of that city says

of British Columbia.

The mining laws of the Province, they say, are good, and the other of the say, are good, and the other say.

To be street improxement which has come letter dated in October at La Campanai, being done there this winter.

To the west of Boundary creek are the province of Santa Clara, Cuba, was say, are good, and the other sanathy to contend with as well as office Capacilla of the Capacilla o respected and enforced as it is in Ross-The street-improvement club is now land and the other Kootenay towns. The street-improvement club is nearly as pervasive as the political club Whatever growling there is in Kootenay in a lively campaign. We have such orcomes from British subjects, and not ganizations on Polk, Larkin, Fillmore, unless he has a grievance to complain of. time it may be expected that they will We have yet to hear the first complaint take up other plans of betterment, including street paving, cleaning and sew-

ering. One of the great benefits expected of and British subjects it would act as a Supervisors and the Street Department such aid and comfort as may be found in the range.

A numb

country. From all that we can learn the now in existence or yet to be formed best feeling exists between the miners of get their lighting problems solved, they all nationalities in the Kootenay councident, by joining issues, work a radical try. There is, in fact, very little to rewhich the maximum of expense is commind them that they are of different na- bined with the minimum of result in street management. It will be a great service to San Francisco to have the keep eye of organizations fixed upon every dollar's worth of street or sewer work that is performed. Then there will be some honest results.

The new movement of the taxpayers appointed." Both Mr. Davies and Mr. word "trocha." The Stars and Stripes Inspire general government, in order by these means to stop the continual rise in the Neither Respect Nor Fear Abroad.

League of America, which has just been tries in competition with our farmers

"The closing years of the nineteenth similar societies have given most worthy and efficient service in admonishing the dominating tendency of the commercial spirit and rekindling the sentiment of patriotism, not only among the people of this republic, but of the entire American continent.

But the membership of these organizations being restricted to people of particular classes, must of necessity be limited. The evidence of the present decrease ited. The exigencies of the present demand the strenuous and unselfish exertions of a society as broad as the continent, and with its doors wide open to all patriotic Americans without respect to race, nationality or religion. A brief reference to recent events and present conditions give emphatic indersement to this demand.

"Of recent events mention need not be made of the incident of the New Orleans massacre, with the tax on American diplomacy to avoid a conflict with Italy; the outrages committed by England on Nicaragua, in the Corinto affair, which aroused the indignation and called forth the protests of the American people; and the war clouds which less that I should be imprisoned for the than a year ago rose so threateningly

government shall extend to that opshall stop, and Cuba be left free to cultivate the arts of peace and develop her resources, under a government of her who is and creation and creation and creation and creation and creation and develop her resources, under a government of her whose debts are wrongfully claimed from the compact of the fine inflicted on M. Baihaut, whose debts are wrongfully claimed from the compact of the compa own choice and creation.

"Of present conditions the Cuban question is daily assuming more threatening aspects. The cause of her patriotic citizens, struggling through carnage and or perish to the last man battling heroically to earn for themselves and their prosterity the liberty our example quite prepared to take her part in the put to the committee the Cameron mo-

"The attitude of the British government urnsness another of the present conditions which Americans cannot contemplate with indifference. She has established six powerful naval stations in threatening proximity to our Eastern ceast. She has built others at Vancous the Nigarar river. These fortifications could not have been designed for defense a standing menace to this against any European power. They are a standing menace to this republic, and no agreement for the establishment of a permanent court of on the condition that all her maritime fortifications south of Halifax and those along the southern border of Canada first be dismantled and destroyed.

"Another condition that appeals with irresistible force to American patseek the protection of the British consul, with machinery at once. who, to assure their safety, hoisted the The showing in the Ju Union Jack above the American mission, tinues to be a wonderful sight. The the Stars and Stripes inspiring neither respect nor fear. Only the unceasing exertions of Sir Phillip Currie, the Britshipping ore it will be widened out and

without loss of honor, will be the policy of the league, but it will insist that means of securing peace is to be found in the most ample provisions for the defence of our coasts, both by sea and land, in a liberal policy toward the army and navy, in such an adjustment of tariff as will furnish ample revenue to meet all the expenses tic industry by protecting our markets against ruinous competition from a broad. While the policy of the league will be pacific and conservative, its influence will be exerted to complete the Nicaraguan canal with American capital, and retain it under American control; to extend the boundaries of the republic to embrace adjacent territory, the Hawaiian islands, and the islands proximate to our coast, whenever the people of those countries shall voluntarily seek incorporation with the Union: to restore our merchant marine to more than its ancient prestige, and to make the flag of the republic respected in every quarter of the globe."

### BIMETALLISM.

I present to your acclamation great Canada's High Commissioner, Sir Donald Smith, who has borne a foremost part in binding with the rails of Sheffield the stormy billows of the Atlantic with the boundless tracks of the far Pacific. Over the iron way are coming to our millions, as to our contemporarily afflicted brothers of the Douglas street.

A. G. HILLIGER, of Glenford road, Lake Hill estate, brought to town yesterday a parsnip that is "some pumpkins" metaphorically, tipping the scales at nine pounds and solid throughout. The root will be placed on exhibition in the windows of Hall & Co.'s drug store, Douglas street.

Seehors Council. No.

Seen or heard of since.

LAST night at 10:30 an individual givening his name as J. Meier reported to the police that he had been held up on Broad street, near the corner of Fort, and that a watch and \$16 in coin had been taken from him. At midnight the same man was arrested for having, figvan of public duty. I present to your couver College.' acclamation great Canada's High Comby east and north by south—waves the banner of freedom, the cross of St. with the name of the Hon. Sir Donald

Smith. (Cheers). Sir Donald Smith was warmly received on rising to respond. He said: Mr. Master Cutler, your Excellency, my lords, ladies and gentlemen—I think I ought not to omit the ladies—I am always proud to have my name associated with the Colonies, with one of which I have been so intimately connected for many years. I am especially so on this occasion, and in the presence of an assembly such as I see before me—an assembly of statesmen, of merchants, of manufacturers, of the cutlers of Sheffield manufacturers, of the cutlers of Sheffield manufacturers, of the cutlers of Sheffield and their friends. It is not the first time I have heard of Sheffield. Long, long ago, fifty, aye sixty and more, years ago, I became acquainted with Sheffield, and in what way? By a pocket knife. Thousands had come to know Sheffield in the same way, not, only throughout the kingdom, but I may say throughout the world. And on finding myself in possession of that part of the wares of Sheffield I felt proud, because seeing the name engraved on it "Sheffield," I felt and believed that no better knife could be found anywhere. (Cheers and laughter.) We have hears from the right hon. gentleman who sits on the right of the Master Cutler (Mr. Balfour) that a great deal has been said about foreign mauufactur- cess, on which a shaft has been sunk 30 ers. Much has been said about Germany feet. At the present time there are 1,000 and other countries which send their tons of ore on the dump, estimated by wares into the United Kingdom and into the management at \$40,000. A. W. every colony of the British Empire, and we see there on those articles "made in agents in Victoria for the sale of a block Hon. Mr. Blair and Party Reach Germany." But I do believe that the of 35,000 treasury shares. acute, keen-edged intellect and manual education of the cutlers of Sheffield will enable them to hold their own against the whold world now as in the past. (Cheers.) The subject of the toast I have the honor of responding to is one of great proportions. It means an area, with figures to any extent, but I think you will bear with me when I say that while the area of the United Kingdom is 121,562 miles, that of the Empire is 10,000,000 square miles; and that of the self-governing Colonies from 7,000,000 to 8,000,000 Colonies from 7,000,000 to 8,000,000 to 8,000,000 F. Gladdey auditors. On Tuesday last pride of the Island lodge, Sons of Enga very large area. I will not weary you ple; Chaplain, Sis. Nute: 1st Guide square miles with a population somewhat under 12,000,000. The imports of the Colonies are equal to about £140, 000,000, the exports to £127,000,000, the exports to £127,000,000, Madds V.P.; J. Hick, W.P.P.; T. Madds V.P.; J. Lang chap. C. Form making a total of £267,000,000. Of that their trade with foreign countries is £70,000,000, while with Great Britain it is £120,000,000, and Canada has of that £23,600,000 imports and £24,200,000 ex

CATCHES OF SEALERS.

The proceedings of the Behring Sea Claims Commission yesterday were somewhat monotonous, the time being taken up in recording the catches of various Of the Christmas Closing Exercises schooners with a view to showing the takes of successive years.

Captain W. E. Baker, who as master brought the schooner Viva to Victoria from Nova Scotia in 1887 and had sealed the next three years with her, put his Behring sea catch in 1889 as 2,180 skins. The last day he hunted in Behring sea that year was August 21; the vessel carried a crew of 23. In 1890 his catch in Behring sea was 2,015.

The object of the British side in giving the evidence as to these catches, Hon.

busy and profitable one among the boys of the Central, 136 of whom out of total registered attendance of 384 have Questioned next as to the Pathfinder

Necessity of a Railway to the Coast Impressed on Hon. Mr. Blain

The Minister Made to Understand That It Is a Pressing Necessity.

There was a large gathering of business men at the Board of Trade rooms yesterday at the presentation to Hon. Mr. Blair, minister of railways and in alluding to the references to railway communication with Kootenay that the minister no doubt had the necessity of railway communication impressed upon him by his late delays on railroads on the United States side.

The address, which had appended to

it the address presented to Hon. Mr. Tarte, read as follows:

You will find appended to this address a memorandum of requirements which was presented to the Hon. J. Israel Tarte and he Hon. L. H. Davies during their late visits, which covers the most pressing needs

coming under the heads of different de-We desire to avail ourselves of the opportunity now afforded us to place before you as minister of railways and canals some important matters affecting this province at the present time.

Your visit has no doubt already enabled you to form an opinion, which we cannot but conclude will be favorable, of the vast mineral resources of the Kootenay district.
This board has learned with pleasure that such assistance will more than likely e granted to the Crow's Nest Pass railway during the coming session of parliament that will ensure its early construction. The great benefit this will be to the Dominion is unquestioned, and we would impress upon you most strongly the fact that in the opinion of this board assistance of the Dominion towards the construction of a direct line to Kootenay from this coast simultaneously with the Crow's Nest railway is of vital importance.

has hitherto been supplied from our cities, but it can now be clearly seen that the large houses of Spokane, by importing the same kind of goods direct by sailing vessel to the Sound ports and thence to their city in bond and delivering from bonded warehouses direct to Kootenay points, a serious competition has been established through the advantages Spokane has in supplying orders in a very much shorter time than

This is only one illustration of how the coast cities are handicapped, and the diffi-culty can only be surmounted by a direct line of railway which would bring not only the Kootenay country in close touch with the coast cities, but also the equally rich mineral as well as agricultural country through which the line would pess.

Such a line would also be the means of bringing about the erection of smelters at the Coast the advantages of which would be very great, owing to the splendid oppor-tunity of selecting not only from the different Kootenay points, but also from points on the Coast, the classes of ore necessary for fluxing and thereby ensuring successful smelting at the lowest possible cost.

ish Pacific, that would open up through cultural tracts in the Dominion as well as portion of British Columbia lying hundreds of miles to the north of the Canadian Pacific railway and which is now only partly reached by wasan road.

I them the railway to the Coast in whole or in part, the great coal lands should not be locked up in monopolistic railway and which is now only partly listic hands. He would say the reached by wagon road.

The confidence capitalists are now show-The connence capitalists are now snowing in the immense mineral wealth of this district cannot be better illustrated than by the large quantity of hydraulic and mining machinery that is now being forwarded by the wagon road and the prosecution of extensive mining undertakings and the exceedingly heavy cost of working and the exceedingly heavy cost of working mines in this part of the country. If it is possible for mines to be worked at a profit after importing machinery on which as high as five and six cents per pound freight has to be paid in addition to the railway charges, it can be clearly seen what immense advantages would be derived by having this part of the country reached by

The feasibility of this northern route has The feasibility of this northern route has been clearly demonstrated by surveys made years ago by the Dominion government as well as by later investigations by the provincial government and which all go to prove that this road can be constructed and prove that this road can be constructed and ladden as well as the men, they had the energy and had the resources, which would produce a wealth to which the wealth of the Indies would not compare. Above all

market will be opened up which would not be, as is the case with the lower part of the province that is so situated as to supplied with foreign produce. It would also give a splendid market for goods of home production.

This line could clearly be styled the Great Imperial Colonization Railway as Great Imperial Colonization Railway, as looking at it from an Imperial standpoint,

it has no equal, being situated as it is many been made to the Dominion been made to the Dominion government for a charter for this line and we hope that it will receive favorable consideration at our hands, and that, when the proper

tance of the undertaking.

Allow us to again remind you that British Columbia is a young and undeveloped province and whose natural resources are such as we believe are not equalled by any other province in the Dominion. To make these natural resources productive and to settle the lands with a happy and contented people it will require assistance from the Dominion which may temporarily add to the national indebtedness, but from which we are satisfied the best returns can be had.

D. R. KER, President, F. ELWORTHY. Secreta ELWORTHY, Secretary.

Victoria, B.C., Dec. 18, 1896. Hon. Mr. Blair in replying to the ad-

tice. He was the more particularly the end of Vancouver island. There was struck with this necessity when he was on this island as fine coal as there was was not the best season of the try and see it for themselves. That was for visiting that country the very best way to get these Eastern had no choice in the mat- men out here, for otherwise many of ter, for if he had not come now he them not being men of means would be

would have had to postpone his visit to unable to come. (Applause.) next summer. He noticed that the adnext summer. He noticed that the adbe far from the realization of the personal their hopes. They must convince the Eastern public as well and until this province has filled up with population the strong end of the Doming that he and a number of other gening that he are a number of other gening that he ar inion will be in the East, and the East therefore must be convinced before large undertakings can be brought to a conclusion. For himself, he would seek meeting adjourned.

with what in him lay to reach a just and reasonable conclusion on the subject but he could make no promises. had not even said in Kootenay that the We call your attention to the lact that a large supply of English goods is carried by the Coast wholesalers, which class of trade the coast wholesalers, which class of trade what would be done. He believed, how-We call vour attention to the fact that a government would construct the Crow's built, and he believed it was a necessity (applause), for he believed that it would reach a part of the province that could not be reached in any other manner. That was what convinced him that the road must be built in time. He had been convinced on his visit to Kootenay that by far the larger part of the territory would produce what is commonly known as low grade ore, and which, to create the results hoped for, must necessarily be treated at the

lowest possible cost and with trans-portation furnished at a mini-mum of cost. He had no prejudice against any of the great railway companies, but he did not think that the true interests and welfare of the country could allow any corporation-no matter how great-to have control of all transportation interests. (Applause.) He portation interests. (Applause.) He would, therefore, impose on the railways some supreme control that should regulate their tariff rates. Cheen fuel must be considered in the control of This board would also draw your attention to the great opportunity which is afforded your government of taking into serious consideration the assisting of a line to the north, generally known as the Britton Position that should regulate their tariff rates. Cheap fuel must be guaranteed, too, and they could not no agreement was arrived at be counsel, the matter was dropped. Witness continuing continuing the position of the posi up in the hands of a railway corporation.
Therefore the question arose in his mind

> the Pacific coast was ambitious, but he Rush brought them away about the end would remind them again that at present the political power of the country is in the East, and though the East was he believed that 1,000 more would have kindly disposed towards the West, the East must be propitiated. He was glad to meet the people of British Columbia, because he found them people of a class of talent, energy and braininess that

made a short and witty address in resaw British Columbia it was like Moses session. viewing the promised land, and the time would not be far distant when British. Columbia would have a million of people up, and if they could show Eastern Can-ada that their proposed railways were for the benefit of not one section only,

bian. Hon. E. G. Prior, M.P., in moving a vote of thanks, said that the Minister For the British Columbia Board of Trade, now that he was here could hear from every man that British Columbia was set on having a railway to Kootenav from the coast. The Minister had seen for himself that our resources were of

in Kootenay, for until he saw it for him- in the world and as good minerals as self he had no idea of the extent of its there were on the mainland, and what mineral wealth, So great was this coun- was particularly wanted was the extenry, in a mineral sense, that he almost sion of the E. & N. road. THE CLAIMS COMMISSION.

The sitting of the Behring Sea Claims Commission yesterday morning opened with the cross-examination of Captain outer wharf. The Cairnsmore is the tenth William Cox by Hon. Mr. Dickinson for salmon vessel to load at a British Columthe United States. In reply to a question as to why the Sapphire did not go into Behring sea in 1888, the witness stated that the captain was afraid to enter for four of seigure. The next year, and her cargo makes the entire amount now affoat 539,136 cases, which if valued at \$5 per case, gives a value for the salmon shipped by the vessel left the sea early because the Indians wanted to come home. When the Indians got a notion in their heads money did not weigh against it in their opinion, and probably the fact of there being a sick man aboard was their being the sick man aboard was their being a sick man aboard was a sick man aboard was a sick man aboard was a sick man aboar the Indians got a notion in their heads

Yokohama close to the shipyard where the Ada and Diana were built. Witness was being asked as to the cost of the Diana, when Hon. Mr. Dickinson objected to this kind of testimony, which, he said, was only hearsay. A long discussion arose as to the admissibility of such evidence, the British side

should be on the other. Finally, though no agreement was arrived at between Witness, continuing, said he had come to Victoria in 1887 on the Ada and that whether the government took upon on June 16, 1887, the Ada left Victoria not be locked up in monopo-listic hands. He would say the same, too, as regarded timber lands. to Ounalaska and afterwards to Sitka. At He had received no mandate from his Sitka, the captain was allowed to go ashore colleagues to enquire into the British but the witness and the crew were order-Pacific railway, and it would be well not ed to stay aboard, and were kept there to encumber the present and more for four or five days. They were then prominent enterprises by taking up a liberated and told they might go, but great variety of subjects. He was glad had no money to leave. Finally the of September. There were 1,876 skins on board the schooner when seized, and

> been taken before the season was over had the vessel not been seized. Captain Clarence Cox and Captain O'Leary were on the stand during the afternoon giving evidence principally as to seal catches, and the distribution of the seal in Behring sea, along the same lines as other witnesses for the British Just before adjournment Hon. Mr. Blair and Col. Domville, M.P., visit-

prove that this road can be constructed and maintained at a very much lower cost than the Canadian Pacific railway.

Large tracts of grazing and agricultural lands will be made accessible for settlement and with the development of mines a large market will be opened up which would not place any limit to the prosperity of this province. In closing the minister pro-Colonel Domville, M.P., who had accompanied the minister to the meeting made a short and witty addless in recommodation for the commission. Bishop Perrin and the Minister of Education Deliver Interesting Addresses.

A Resident Committee Formed to Conduct Local Examinations for Cambridge.

both successful and enjoyable. Between ered by the pupils to a large gathering of 200 and 300 people were present, including parents and friends. The promotion list 200 and 300 people were present, including His Honor the Lieutenant-Governor, the Lord Bishop of Columbia and Miss Perrin, Sir Henry Crease and family, Mrs. Croft, Mr. and Mrs, Vernon, Dr. and Mrs. Hanington, Mrs. Sillitoe, Miss Pooley, Mr. and Mrs. Gillespie, Mr. and Mrs. Aspland, Rev. W. D. Barber, Ven. Archdeacon Scriven, Capt. Clive Phillips-Wolley, the Misses Foster and Cornwall, Mr. Lobb and family, the Misses Drake, Mr. and Mrs. Helmcken and many others directly or in-directly interested in the progress of the school. The entertainment began with with musical drill under the management of acting Garrison Sergeant-Major Porter, R.M.A., and the results of his training were gratifying both to the parents of the pupils and to himself. Mr. C. Lowenburg very kindly and ably presided at the piano during the drill, after which a picked squad of boys went through the single stick exercise very creditably

In his remarks he dwelt upon the fact that Victoria was to be congratulated upon having a Church of England boys' school which provided religious instruction. He deplored the idea that it was possible to give a really good education without religious instruction, and referred to the fact that in proportion as nations separated themselves from religion so they began to decline in prosperity. He was glad to know that the Bishop and clergy of the neighboring diocese of New Westminster were as keenly interested in the success of the Collegiate as he was himself. He then announced the result of the scholarship examinations which was: The school scholarship to J. B. ing a Church of England boys' school which which was: The school scholarship to J. B. Hanington; the entrance or Bishop's scholarship to C. Wilmot. Both of these young gentlemen he wished a successful school career. In conclusion, he introduced Colonel Baker, who would, he said words we them with the foundation of the said words. he said, speak on the question of the formation of a local committee to conduct the Cambridge local examinations; upon which the Minister of Education was Abbott.

Maud Owens.

Chart Class—Olive Sewell, and Harold might and the next morning pleaded guilty in the city police court to having especially qualified to speak as a Master of Arts, of Trinity college, Cambridge. Colonel Baker said that the idea of hav-

pass this examination, and so be on a par with boys and girls in England, and able, as it were, to measure their strength against those of their own age in the old country. He thought that Mr. Laing, of the Collegiate school, deserved great credit for having introduced the idea, and he hoped to see the educational establishments throughout British Columbia welcome and adopt it.
After this followed recitations, J. B. Han-

ington gave, in Latin, "Cicero's Denunciation of Catiline"; S. M. Johnson gave, in French, "Esther's Appeal to Ahasuernn French, "Esther's Appeal to Anaster-us"; E. L. Dewdney gave "Wolsey's Fare-well"; C. H. Aspland contributed "Sir Galahad"; and A. Vernen, "The Dream of Eugene Aram." Of these the Latin vent of the holidays was marked with speech was the most loudly applauded, perhaps because in revived in the memories of most the recollections of their own and vocal music. A summary of results and vocal music. A summary of results and vocal music. is of most the recollections of their own school days, and some remembered quotation, omne ignotum pro magnifico. There was then an interval for refreshments which were provided on a lavish ments which were provided on a l There was then an interval for refreshments, which were provided on a lavish scale, and the entertainment concluded with a presentation of Mrs. Jarley's waxworks ably described by Miss Aspland, and efficiently handled by Mr. Phillips, of Ethiopia. Among these works of art all of which were creditable, E. L. Dewdney as Nero, S. M. Johnson as an Indian Chief, J. B. Hanington as the Ancient Mariner, and L. Spencer as Henry VIII, was especially noticeable. Messrs. Sharp and Laing of the Collegiate school must have been gratified by the members and appreciation of their guests, and by the manifest interest taken in the success of the school.

IN THE DISTRICT SCHOOLS.

Closing Exercises of Special Interest at Esquimalt, Oak Bay, Tolmie and Goldstream.

Great interest was evidenced by the many friends and parents of the children of the Esquimalt school in the closing exercises of the term, which were held yesterday afternoon. Neither time nor trouble had afternoon. Neither time nor trouble had been spared by teacher and pupils in decorating the room, which presented quite a neat and tasty appearance. Mr. Campbell was congratulated by the trustees and visiting the marked improvement in all tors on the marked improvement in all branches of the school work during the past term; and the removal by death of Mr. John Doran was alluded to by several of the speakers in feeling terms, general regret being expressed at his absence from he closing exercises at the school which in the past he had so delighted to attend. During the afternoon the pupils of the school, under the leadership of Mr. H. school, under the leadership of Mr. H. Middleton, gave the following pleasing pro-

gramme in excellent style: Address of welcome.....Violet Goodwin

Second Primer—Isabelle MacDonald, and McPlows \$4 and \$6 costs.

Francis Driver. First Primer—Rhoda Hancock, and he had met a highwayman on Thursday

Arts, of Triuity college, Cambridge.

Colonel Baker said that the idea of having a centre for the Cambridge local examination rested upon the fact that this examination was very widely acquired—first, as excusing a student from matriculation at the university; and secondly, as entrance examinations in law, and medicine. It seemed to him an admirable plan that candidates here should be able to pass this examination, and so be on a par with boys and girls in England, and able, as it were, to measure their strength against ings terminated with the singing of "God Save the Queen."

THE COLLEGIATE INSTITUTE.

The end of the Christmas term came yesterday to the pupils of the Victoria Collegiate Institute, when after oral examinations in the class rooms in the early morning, the entire school asvent of the holidays was marked with appropriate announcements as to term strong, A. Malins and C. J. Fagan.

Victoria Collegiate Institute.

FIRST DIVISION. Powell, Arthur Netherby, Frederick Herd, Annie Cathcart and Reginald Hayward. Miss Christina Anderson and Masters Ceeil Berkeley and Wilham Redfern, from sick-ness, and Miss Alice Doran, from domestic affliction, were unable to complete the amination.

ANOTHER WIN FOR THE REGIMENT. The Regiment added another victory to their list yesterday, when they defeated the Y.M.C.A. football team by two goals and two tries (sixteen points) to two goals (ten points). The game throughout was fast and exciting.

> ASSOCIATION FOOTBALL. Y.M.C.A. V. R.M.A.

In the words of the Barracks men i was a case of bombarding the Y.M.C.A.'s goal during the greater portion of the game played on their grounds yesterday hausted by the sending to the Home of afternoon. Spasmodically a hard at-nine tons of coal. The same friends of tack would be made on the Barracks de-Spasmodically a hard atfence, but it was repulsed generally with overwhelming strength, the goalkeeper, Shaw, being almost impregnable in his territory. In the absence of Gadsby Irvine played back for the Barracks. The game throughout was full of animaponents' one.

supported the bride and Mr. William the Montreal Chess Club, as a line i Donaldson, a brother of the groom, as-sisted him in the capacity of best man. the East and the West may be compared. Mr. St. John was in the third class, receiving pawn and two moves from the best players of Montreal; the Victoria firstrate, Mr. Chapman, concedes a rook, and Major Williams concedes the Eastern player a knight. The occasion to admirably entertain the wedding party. Mr. and Mrs. Robert Donaldson will make their home on The odds given Major Williams, although The odds given Major Williams, although inferior in force, managed to concentrate a vastly superior array of heavy popular skipper of the Northern Pacific pieces upon the vital points of his oppon-steamship Victoria, sailed from Glasgow ents, and effective checkmate before his adversary's superior force was developed. In the second game Mr. St. John played some strong chess, and with a piece to the good looked like winning; his opponent detected a flaw in a sacrificing combination, however, and forced a draw. Mr. Chapman is winning all his games, conceding odds varying from pawn and move to queen. The following is a full score to date:

W. C. Chapman T. Laurie.
B. J. Perry.
Capt. Mitchell Capt. Clarke Gonnason..... M. St. John P. T. Johnston . H. Johnston.... F. Fullager.....

WHIST.

THE RETURN MATCH, Teams of fourteen players a side of the James Bay Athletic and Conservative clubs will engage in their return match of whist at the Athletic club rooms tomorrow evening. Players are requested to be on hand at the appointed time, as play will commence promptly. The ames Bay team is: H. D. Helmcken, James Bay team 18: H. D. Heimcken, A. J. Dallain, A. C. Anderson, C. L. Wark, J. H. Austin, C. E. Bailey, W. J. Scott, J. K. Macrae, R. W. Clarke, F. A. Gowen, J. M. Miller, F. C. Holden, V. D. Aden and A. H. Finlaison.

Members of the James Bay club are also requested to notice that the usual weekly whist tournament will this week take place on Wednesday evening, instead of on Thursday.

GOLF.

vite any lady player, who is not a member, to take part in the event. Members and their partners desiring to enter will kindly send in their joint names to the secretary not later than the 23rd inst.the entrance fee is fifty cent for the gentlemen only.

An invitation has been sent from the Tacoma Golf Club to the members of the Victoria club to take part in a tournament they have arranged for New Year's day on their links at Tacoma. The secretary will be pleased to receive the names of those likely to go as soon as possible, so that they may be for forwarded to Tacoma.

THE "WINNIFRED" SEIZURE.

At yesterday's session of the Behring Sea the Navy was played yesterday at Cale-donis park and resulted in a win for was mate of the Teresa in 1889 on the Behbefore noon and could not be persuaded to

another try to the score of the city team. No goal was scored, and shortly after 'no side'' was called, the play being then at the Navy's end of the field. Dr. Marriott, of H.M.S. Wild Swan, acted as referee.

The Navy will have their chance for revenge at the return match to be played next Seturday at the Content of the growing the witness if he knew anything of the provisions, Hon. Mr. Dickinson objected that this would not be evidence in rebuttal, but that it was evidence that should have been put in before the case in chief had closed. It was only the other day that Mr. Munsie in his examination had stated that he could not find this witness. In reply to this, and to show that Mr. Munsie had spoken in good faith, an unopened letter was produced by the British side that had been sent to witness on November 15, asking him to appear on behalf of Mr. Munsie. This letter, however, had have reached Mungar, but was returned.

Seventy-five to a Hundred Dollars Per Ton not find this witness.

or Mr. Munsie. This letter, however, had never reached Munger, but was returned through the dead letter office.

After a long contention between counsel, Mr. Justice King, for the commissioners, ruled on the ground that the evidence was being given simply in rebuttal of the statement by Cotsford that there had been a rumor as to shortage of provisions, the question asked this witness had gone far enough. If however, the British side had substantial grounds for asking that the witness be allowed to give evidence, because they had not been able to secure him before, that was a different matter.

Hon. Mr. Peters, however, said the British side did not desire to press the last named argument, simply wishing to use the witness for rebuttal.

The commissioners and the British side did not desire to press the last named argument, simply wishing to use the witness for rebuttal. never reached Munger, but was returned

the witness for rebuttal The commission adjourned at one o'clock till Monday morning.

The Highest Water Known of In Years Is Looked for This Week.

Seals Reported Plentiful Off the Golden Gate-The "Cairnsmore" Clears.

The Port Townsend correspondent of the Post-Intelligencer is authority for the statement that the tide of Wednesday and Thursday next will be the highest recorded in many years, and considerable apprehension is manifested in certain circles regarding damages to property. At Port Townsend the rise will be eleven feet and seven inches above the mean low water mark; at Seattle it will be four feet higher; Tacoma, five feet; and Olympia, nine feet ten inches higher. These calculations are based on ordinary tides, but the extraordinary tides on the shortest days in the year will probably increase these estimates a few inches. Should a gale from the west or southwest prevail off the coast of Washington, a large embankment of water would be forced up the strait Albert Hard Hancold Anacock and John Gillespie.

VANCOUVER.

VANCOUVER, Dec. 18.—Thanks to the tide undamaged and came up river, reprompt response of the whole fire britands to the alarm turned in from the B.

Considerable freight is being received prompt response of the whole fire brigade to the alarm turned in from the B. C. Cooperage yesterday afternoon, four fer. The market to-day will be well streams of water being played on the dry kiln within a very short time after the discovery of the fire, the destroying the discovery of the fire discovery of the discovery of the fire discovery of the discovery of t element was subdued before much damage was done. Had the flames extended to the mill itself, the damage would have been infinitely greater. What damage was done cannot yet be estimated, but it is well covered by the \$3,500 insurance carried on the dry kiln. Much credit is due the fire brigade for their prompt action, and they in return express their thanks to Mrs. Broderick, of Spice's mill, for very welcome refreshment provided them during and after their labors.

Two masked men held up Captain Morrison, of the False Creek coal yards, yesterday afternoon about 5 o'clock. Mr. Morrison had been collecting an account down Yale Town and was proceeding along Hamilton street, when he was held up and lost the \$6.50 he had just collected. The footpads will probably be disappointed when they learn Mr. Morrison had a much larger sum of money upon his person, which they overlooked. The two men can be identified by their victim, and it is hoped they will now soon be run to earth. A gymnasium school and athletic club

a boxing and athletic entertainment being given as an opening ceremony.

Mrs. S. R. Robinson, of Dunsmuir street, died vesterday morning. The deceased lady has been a resident of the city for the past two years, having re-moved here from New Westminster. The newly appointed accountant of the city branch of the Bank of British Columbia, Mr. H. G. Playfair, arrived

CUBAN RECOGNITION.

Not Much Excitement in London Caused by Difficulties Anticipated.

London, Dec. 19.—In spite of the flam-United States senate in agreeing to report Senator Cameron's report providing for the recognition of the republic of Cu- miles below the Landing. ba, has not caused any excitement in London. Most of the politicians are out of town, and the bankers and brokers were unmoved. There was a fall on the stock exchange in American and Span-Company, operating at Waneta, is down ish securities in sympathy with the downward movement reported from Wall

recovery.
The manager of the Bank of Spain in England, said he did not expect any great fluctuations as a result of the "regrettable action of the senate commitee." He added that the rate of exchange so far had not changed and remains firm, "steadied largely by the recent success of the Spanish loans." Continuing, he said: "Of course, there has been excitement in Madrid, but some action of the senate has been considered inevitable and yesterday's action was largely discounted. will no doubt increase the feelings which Spain will manifest during the next few days. But I do not look for any marked change in the financial situation. Mr. Howard Potter, of Brown, Ship-

ley & Co., does not consider any change in the financial situation to be imminent, and other bankers and brokers who were interviewed on the subject express the same opinion.

A leading member of the Spanish colony and a gentleman holding a high official position said: "The Spanish colony in London is too few in number to be of much importance. But our leading merchants in the cork and wine trades are greatly grieved at the attitude taken by the American business houses in regard to Cuba, and they still more egret that Americans believe the story that Antonio Maceo was assassinated. He was a brave man, as was shown by his facing the enemy, when a chance shot happily aimed by a soldier killed

In official Spanish circles in London it is not believed that any difficulty will ensue. The Spanish government, it is claimed, is acting with every prudence manship. The effect of the senate committee's action in Spain will not be known for a few days, owing to the interruption in the lines on account of severe weather and the government censorship of telegrams. Although the censorship is not rigorous at present, still a ealous eye is kept on dispatches emanating from Madrid and elsewhere.

The Evening News, referring to the Cuban situation this afternoon, says: There is little doubt as to what will be the answer when as strong a nation as

In Bartholemew, local manager for the Combination Mining and Milling Co., has returned from Spokane. He states that the company intend to thoroughly develop the property in the Providence camp this winter, carrying the present 35-foot shaft down for 250 feet, cross-cutting and drifting at respective forms and says: "If America recognition was regarded as a skilled navigator. He had only made a few voyages from the had only made a few voyages from the present monarchy will be decided next year, as it is hard to see how Spain can avoid responding to the recognition by declaring war." After was in his sixty-second year and leaves a widow and several children, towards feet, cross-cutting and drifting at respective forms. feet, cross-cutting and drifting at respectively 100 and 200 feet. Later on a force methods" in Cuba, the Sun says:

| Montreal whom is extended the sincere sympathy cable to the and Lady T 'Affairs show that America must henceforth be seriously counted on in the settlement of international questions, whenever the interests or sentiments of its people are affected.

The St. James Gazette urges Spain to remain calm and throw the odium of aggression on the other side, adding: "If she keeps quiet the United States will be in an awkward dilemma, having either to allow the recognition to remain an empty demonstration or take an offensive action, and Americans will think twice before assuming the responsibility of such hopeless anarchy as the so-called Cuban republic.'

THE OKANAGAN COUNTRY.

(From the Vernon News).

An association composed of business men and miners of Greenwood and the surrounding towns has been formed, which will assume the functions of a board of trade for that district.

A movement is on foot to start a cooperative pork packing establishment in town. Information is now being collected as to the best manner of proced ure, and we have reason to hope that the scheme will soon assume a tangible shape. We will have more to say on

this subject in a later issue.
While Messrs. R. Wilson and W. Tingley were returning last week from a point down the west side of Okanagan lake to their home at Six Mile creek, their boat capsized, throwing both men into the lake. Mr. Wilson succeeded in swimming ashore, while Mr. Tingley clung to the overturned boat till it drift ed to land. Both men, five minutes after getting on shore, resembled huge icicles, their clothes being frozen solid

in that time. What might have been a fatal accident happened last Wednesday at the Ruby gold mine, situated near the Morning Glory mine. It appears one of the men placed three sticks of dynamite on some hot stones, to take the

There was placed on our desk this encouraging assay, and the promoters of the Bon Diable Co. have every reason to feel very well satisfied with the pros-

pects of their property.

The Camp Hewitt Mining and Development Company have made a start ine Peary, the oldest woman in New on the properties, and about eight men about the average.

The Trades and Labor Council met Creek Co.'s property, near Waneta. A last night and decided to ask intending last night n

menced on the Lake View and Gladstone claims, two gangs working day and night. These claims both carry gold, silver and copper, and good re-sults are confidently anticipated by the promoters. The company has also acquired ten other claims at Camp Hewitt, ing placards announcing it, the action of and as other claim-holders intend to do the foreign relations committee of the some development work this winter, the camp will likely be pretty lively for the next few months. Camp Hewitt is sit-

CAUSED GREAT SENSATION.

Madrid, Dec. 19.—The decision of the United States senate committee on foreign relations to report Senator Camerstreet, but it was shortly followed by a on's resolution for the recognition of the republic of Cuba caused a great sensation here. The papers enlarge upon the significance of the joint, compared with the concurrent resolution, and reproach the government and especially the Spanish minister at Washington for having been over-confident. The ministers here decline to talk on the subject and it is expected a cabinet meeting will be held to-day to discuss the situation. Said a prominent politician: "The

talk of the papers of Madrid and New York cannot be accepted as representing the government's feeling. For instance, the statement that Senor Canovas has been sounding the European powers re garding the support they might send to spain in case of war with the United states is absolutely untrue. Naturally spain has the sympathy of several o the powers, as the question of United States interference in Cuba may to-morrow become a question of similar interference in Martinique, San Thomas and Jamaica. But Senor Canovas has not taken a step to seek support for Spain. He has never believed that the matter would become a uestion of war, and he and the Duke o Cetuan (minister of foreign affairs), have been acting with unceasing prudence avoiding every possible thing that migh lead to serious complications. Seno Canovas has unbounded confidence in J. S. Minister Taylor, and he has belief in the official professions of the friendship of the United States. Mr. Taylor and the Duke of Tetuan are warn friends. Fortunately the Cortes does not assemble before April, so the situation is shorn of possible embarrassments to the government from the fervidness of Spanish patriotism. The situation is not alarming, and I do not believe that the wild talk.

YESTERDAY morning Captain J. S. Bennett, formerly of Digby, Nova Scotia, succumbed to the ravages which for more han a year a cancer in the throat and of his devoted wife. The agonies which that the Canadian miller was paying the Northwest farmers a substantial advance tude, and the inability to take nourishment had worn him down and the take the consumer. Mr. Meighen said that the Canadian miller was paying the Northwest farmers a substantial advance over the prices paid in the United States, while the consumer and the consumers. was regarded as a skilled navigator. He vinced it would not be worth ten cents on the dollar if the duties were lowered. Pacific coast, but for several years was engaged at this port in the dities was done. ances. The funeral will take place tomorrow afternoon, at 2 o'clock, from the family residence. Richmond avenue.

# MINING COMPANIES.

British Columbia Far and Away Ahead of the Rest of the Dominion.

uated on Okanagan lake, about forty Civil Service Hours Lengthened-Seizures of Imported Prison

Made Articles.

(From Our Own Correspondent.)

OTTAWA, Dec. 19 .- A careful compilation of the capital accredited to all the chartered gold mining companies in Canada gives a total of over \$290,000,000. British Columbia heads the list in the number and wealth of its gold mining companies, while Ontario with its scarcely less extensive deposits of free milling ore in the Rainy River district, comes second. By provinces the figures stand: British Columbia, \$256,312,075; Ontario, \$32,094,900; New Brunswick, \$1,030,000; Manitoba, \$50,000.

The report is again in circulation that the civil service hours are about to be lengthened. It is also said that the ministers contemplate issuing an order prohibiting civil servants from being candidates for municipal offices. At the Customs department it is

learned that there has been many seizures of prison made articles from the United States during the past three months. The Governor-General and Lady

berdeen returned to Ottawa last night for the season, after a three months stay in British Columbia. The exports for November are well up to the average.

A number of Guelph and Toronto men are seeking incorporation as the Ontario and Kootenay Mining Co. Capt. Sinclair, secretary to the Govrnor-General, leaves for Scotland next week. He has decided to contest Forfarshire in the Liberal interest.

### TARIFF ON BREADSTUFFS.

MONTREAL, Dec. 19 .- At the tariff commission here, D. Robertson, flour merchant, protested against the present protective tariff on breadstuffs of 75 cents American people will go further than a bushel on wheat and 75 cents a barrel on flour. The tariff of which he complained protected only three milling

firms. Robert Meighen, president of the Lake of the Woods Milling Company, in a forcible address, combatted Mr. Robertson's ideas. He denied that the flour tongue has been making upon his con-stitution. Indeed, the wonder is that he millers were importers, and were enrichsurvived so long, although he rcceived ing themselves at the expense of the farthe most loving and untiring attentions mer and consumers. Mr. Meighen said ment had worn him down until he had while the consumer got his flour as become little more than a skeleton. His cheap if not cheaper than the American was indeed a patient waiting for the end consumer. The effect of taking off the which came to him in a sleep. The duties would be that United States Captain was a native of Nova Scotia and trusts would put Canada at once upon was for many years in command of big vessels in the East and West Indian and adian industry. There were thirty-five South American trade. He was a man million dollars of capital invested in the Canadian industry, and he was conwas regarded as a shilled nonintent.

### COMMERCIAL TRAVELLERS.

MONTREAL, Dec. 19. - (Special) - A and Lady Tupper have signified their intention of sailing from Liverpool on

January 7 on their return to Canada. The annual meeting of the Dominion Commercial Travellers Association was held this evening. The annual report shows that the income for the year was \$34,886, of which \$4,642 was paid for working expenses, and \$21,746 for benefits, leaving a surplus for the year of \$8,497 or a total surplus of \$149,595.

CORNWALL ELECTION. CORNWALL, Dec. 19 .- (Special)-The bye-election here to-day resulted in the election of Snetsinger, Liberal, by a good majority. The constituency returned Bergin, Conservative, at last election, when there was also a Patron candidate in the field. To-day the Patron vote went largely with the Liberals, electing Snetsinger. Latest figures give him about 480 majority, with two places to

hear from. Another Dismissal.

OTTAWA, Dec. 18.—Mr. J. B. Laberge, assistant postmaster at Quebec, has been dismissed by Hon. Mr. Mulock, postmaster-general, as the result of an investigation. He was held responsible for pushing through the post Tory campaign iterature at the last election and holding back "L'Electeur" and other Liberal publications. Mr. J. B. Coanitte, of the postoffice inspector's office, has been appointed in his place.

Montreal Post Office.

OTTAWA, Dec. 18.—Regarding the recent investigation at the Montreal post office, it has been an open secret that a number of Orders-in-Council dealing with dismissals are tied up with His Excellency. They were sent West when the Governor-General was in British Columbia, and an understanding will be arrived at when Lord Aberdeen meets the Premier. It is stated that the dismissals are of small officers, but the natter is raising much interest at the Capital.

CONNEAUT, Dec. 16.—An Italian smuggler of jewelry named Dominico Quaranto has been arrested here. He had just alighted from a train from Cleveand, and was about to take boat for Point Dover, Ont., when captured by the police. Quaranto is one of a trio of smugglers who arrived at New York on the steamer Olive from Naples in November. They had sold their jewelry and Quaranto was about to return to Naples for another supply. His two accomolices have been arrested.

FRANK COLLEY and Harry W. Welsh, two of the three candidates writing the recent preliminary examination in this city for the civil service of Canada, have passed successfully. The names of the fortunate candidates for qualification will not be known for two or three weeks

THE UNITED STATES SENATE.

Six of the Republican Senators have refused to enter the caucus of their in the opinions which they already hold, a coaling station must be in the party. They are, of course, silver Senators, and it is said that a seventh, who was absent, will join them. The defection of the six Senators will reduce the number of Republican Senators who can be depended upon to carry out the policy of their party from forty-three to thirty-seven. This will give the command of the Senate to the party opposed to the Administration.

In the first place it will make the passage of the Dingley bill an impossibility even if the Advisory Committee of the Caucus should advocate it. Without the support of at least eight sound money Democrats they would have no chance cate retained on the side of free trade. lution reaffirming our historic policy, will assure the independence of the Haof success. And it would be expecting The Toronto Mail and Empire of the waiian Government and leave the probtoo much of Democratic disinterestedness to hope that so considerable a number of Demogratic senators would unite missioner Fielding:

States will have to try to get along under the Wilson tariff for some time sciously be exhibits a strong preposession against protective duties, and benew Legislatures of the States, on which the duty of selecting senators will devolve, have made their choice the personnel of the Senate will be considerably altered, and also its political ada. tiators. There was no one present Commission—and it is evident that the ture, owing to the transition state of from to speak for them great majority of those who do attend them municipal development in a new Prove

We have not heard that they were in- that the tariff inquiry is a sham and ments to the act, as unforeseen exigencies vited to send a representative, and had that it is folly for protectionists to ex- arise, to deal with certain matters in refused to have anything to do with the pect anything like justice from the Com- separate acts, instead of as an entire statmatter. They did not allow their case mission or the Government which it ute consolidation. For this purpose, as to go by default, for the very simple represents. He should assume the vir- stated, a special committee of the House reason that they had never been vouch- tue of impartiality though he has it not. or commission was appointed, of which Mr. Kitchen was made chairman. For the work of the Legislature in this respect, whether faulty or otherwise, the Government, as already intimated, was

As a matter of fact, however, there are no grounds of complaint as alleged, the gravamen of which is thus stated in the makes special provision for the constitucare of city municipalities hereafter incorporated; but no provision is made for non, which have been incorporated for some time."

The hysteria exhibited by the Kamloops Sentinel, and to some extent shared in by the Times, arose out of a misunderstanding, or an inability to properly read the Act. Sections 1, 3 and 14 of the Municipal Clauses were considered without reference to sections 6 and 7 There is no foundation for the fear of disfranchisement of Kamloops, Kaslo and Vernon, which were incorporated under the Act of 1892.

By sections 6 and 7 of the Municipal Clauses Act, the maintenance of existing corporations and the continuance of their corporate rights, powers and liabilities as vested in them by their letters patent are more carefully provided for. These letters patent, in every instance, define the constitution of the Municipal Council and fix membership, power being given by section 15 of the Municipal Clauses Act to increase the number by a unanimous resolution of the Council. The Municipal Elections Act applies as well to existing as to municipalities hereafter to be incorporated, and not the slightest doubt or difficulty can exist in electing the Councils of 1897 in the municipalities to which reference has been made.

Complaint is also made in regard to the disqualification of non-residents who were formerly permitted to vote in respect of real estate holdings. There elections, to some degree of inconvenience. On the other hand, it may be depended upon to reveal a somewhat surprising state of affairs in regard to the number of non-resident electors, and cipalities. As one of the most important factors in the success of the older corporations.
